I. Interview Codebook	1
II. Survey Questions	4

I. Interview Codebook

<u>Parent Codes</u>	<u>Explanation</u>	<u>Child Codes</u>	<u>Explanation</u>
Positive experiences	Types of positive experiences interviewees mentioned that were caused by their IoT devices.	Play	Playfulness and entertainment leading to bonding
		Convenience	Convenience and improving quality of life
		Special pop	Helpful for people with disabilities or special needs
		Connected	Staying connected with family and friends
		Financial	Saving money together (household members)
		Security	Enabling safety and security
		Health	Staying fit together
		Improving relationships	Improving relationships with family and friends
		None	No positive experience that is being explicitly mentioned
		Not clear	Not clear
Benefits to relationship		Play	Playfulness and entertainment leading to bonding

		Convenience	Convenience and improving quality of life
		Special pop	Helpful for people with disabilities or special needs
		Connected	Staying connected with family and friends
		Time	Enabled spending time together (includes conversation, bonding, etc.)
		Health	Staying fit together
		Financial	Saving money together
		Enhanced awareness	Increasing the household's awareness of others' needs
		None	No benefit to the relationship that is being explicitly mentioned
		Not clear	Not clear
Conflicts & concerns	Types of conflict or concerns participants had that were caused by their IoT devices	Non-technology related	Tensions caused by IoT devices that are unrelated to the technology itself
		Necessity	Lack of need, interest or perceived benefit in technology or IoT devices
		Privacy	Privacy and comfort related concerns (e.g., surveillance, data use, data sharing, discomfort caused by shared privacy settings)
		F2F	Negative effects for face-to-face communication
		Functionality	Functionality and technical challenges of setting up IoT devices
		Access control	Conflicts and discussions around who can access the device or the app accompanying the IoT device
		Network	Discussions around bandwidth sharing
		Misbehavior	Misbehavior caused by using IoT devices
Conflict mediation	Approaches interviewees have used or suggested to mitigate the conflicts or concerns that were	Involved	Having discussions with household members who are involved in the conflict
		Not involved	Having discussion with household members who are not involved in the conflict

	caused by their IoT devices	Technical	Applying technical solutions
		None-use	Stop using the IoT devices because of the conflict or concern
Involvement	Parties who are involved in the conflicts or benefits of IoT devices	Self	The participant is involved in the conflicts caused by the device or benefits from the IoT devices
		Children	Children are involved in the conflicts caused by the device or benefit from the IoT devices
		Other residents	Household members other than children or the participant themselves are involved in the conflicts caused by the device or benefit from the IoT devices
		External entities	Non-household entities (e.g. companies, governments) that were involved in or the focus of interpersonal conflicts
		Visitors	Visitors are involved in the conflicts caused by the device or benefit from the IoT devices
Time of benefit/conflict	The stage in which the benefits or the conflicts occur	Purchase time	Benefits or conflicts are experienced when purchasing IoT devices
		Installation time	Benefits or conflicts are experienced when installing IoT devices
		Use	Benefits or conflicts are experienced when using IoT devices

Table S.1. Codebook for participants' responses to interview questions. By performing open coding we identified 6 parent codes (e.g., benefits to relationship) which then resulted in 40 child codes (e.g., enhanced awareness).

II. Survey Questions

Home Context

Q1. For each of these popular Internet-connected products, please select whether you currently own it. (Check all that apply)

- Smart TV (e.g. Samsung, LG, JVC)
- Activity tracker excluding smart watches (e.g. Fitbit, Xiaomi Mi Band, Microsoft band)
- Smart Thermostat (e.g. Nest, Hive, tadoi)
- Connected lights (e.g. Phillips Hue, LIFX, Elgato Avea, Belkin WeMo)
- Games console (e.g. PS4, Xbox one)
- Home assistants/smart hub (e.g. Amazon echo, CastleHub, Google Home)
- Smart watch (e.g. Apple watch, Samsung gear, Moto 360, Asus ZenWatch)
- Video streaming product (e.g. AppleTV, chromecast)
- Smart plugs (e.g. Belkin WeMo Insight Switch, Ankuoo NEO PRO Wi-Fi Smart Switch)
- Smart doorlock and/or doorbell (e.g. August Smartlock, Danalock, Ring smart doorbell)
- Smart security camera (e.g. Nest Cam, Netatmo, Netgear Arlo)
- Baby camera/monitor (e.g. Withings Smart Baby Monitor, Motorola Baby Monitor Camera)
- Smart water sprinkler/irrigation controllers (e.g. Aifro WaterEco, BlueSpray, Rachio Smart Sprinkler Controller)
- Smart health monitors excluding smart watches (e.g. scales, blood pressure monitors)
- Grocery ordering device (e.g. Amazon dash buttons, Hiku, GeniCan)
- Smart smoke monitors and alarms (e.g. Kepler, Birdi)
- Smart kitchen appliances (e.g. Fridge, oven, kettle, scales, vacuum cleaner)
- Smart bluetooth trackers excluding smart watches (e.g. keyrings to identify lost keys such as Tile, Chipolo, Lapa 2)
- None/Rather not say

Q2. Including you, how many people live in your household?

- 1 (I live alone)
- 2
- 3
- 4
- 5
- 6+

Q3. How are the other people in your household related to you? (Check all that apply)

- Spouse
- Partner

- Biological, adopted, step, or foster child
- Biological, adopted, step, or foster grandchild
- Son-in-law or daughter-in-law
- Parent
- Parent-in-law
- Grandparent
- Grandparent-in-law
- Other relative
- Housemate or roommate
- Other non-relative

Q4. Does anyone in your household have special needs?

- Yes
- No
- Prefer not to disclose

Interpersonal Conflict

Q5. Have Internet-connected products caused any disagreements (major or minor) between people in your household?

- Yes
- No

If "No" to Q5:

Q6. If you have had any other negative experiences with Internet-connected products, please describe them here.

If "Yes" to Q5:

Q7. Describe how Internet-connected products have caused disagreements (major or minor) in your household. Please provide as much detail as you can.

Q8. What Internet-connected product(s) have caused disagreements in your household?
(Choose all that apply)

- Smart TV (e.g. Samsung, LG, JVC)
- Activity tracker excluding smart watches (e.g. Fitbit, Xiaomi Mi Band, Microsoft band)
- Smart Thermostat (e.g. Nest, Hive, tadoi)
- Connected lights (e.g. Phillips Hue, LIFX, Elgato Aavea, Belkin WeMo)
- Games console (e.g. PS4, Xbox one)
- Home assistants/smart hub (e.g. Amazon echo, CastleHub, Google Home)
- Smart watch (e.g. Apple watch, Samsung gear, Moto 360, Asus ZenWatch)
- Video streaming product (e.g. AppleTV, chromecast)
- Smart plugs (e.g. Belkin WeMo Insight Switch, Ankuoo NEO PRO Wi-Fi Smart Switch)
- Smart doorlock and/or doorbell (e.g. August Smartlock, Danalock, Ring smart doorbell)
- Smart security camera (e.g. Nest Cam, Netatmo, Netgear Arlo)
- Baby camera/monitor (e.g. Withings Smart Baby Monitor, Motorola Baby Monitor Camera)
- Smart water sprinkler/irrigation controllers (e.g. Aifro WaterEco, BlueSpray, Rachio Smart Sprinkler Controller)
- Smart health monitors excluding smart watches (e.g. scales, blood pressure monitors)
- Grocery ordering device (e.g. Amazon dash buttons, Hiku, GeniCan)
- Smart smoke monitors and alarms (e.g. Kepler, Birdi)
- Smart kitchen appliances (e.g. Fridge, oven, kettle, scales, vacuum cleaner)
- Smart bluetooth trackers excluding smart watches (e.g. keyrings to identify lost keys such as Tile, Chipolo, Lapa 2)
- None/Rather not say

Q9. Who in your household has disagreed about Internet-connected products? (Check all that apply)

- Visitor
- Spouse
- Partner
- Biological, adopted, step, or foster child
- Biological, adopted, step, or foster grandchild
- Son-in-law or daughter-in-law
- Parent
- Parent-in-law
- Grandparent
- Grandparent-in-law
- Other relative
- Housemate or roommate
- Other non-relative

Q10. Are disagreements about Internet-connected products in your household ongoing or resolved?

- Ongoing
- Resolved
- Both

If “Ongoing” or “Both” to Q10:

Q11. Have you taken any of the following steps to resolve disagreements about Internet-connected products? (Check all that apply)

- Discuss appropriate use of the products
- Change the settings of the products
- Agree not to use some features of the products
- Get rid of the products
- Other steps (please describe) _____
- No steps taken to resolve the disagreements

If “Resolved” to Q10:

Q12. Did you take any of the following steps to resolve disagreements about Internet-connected products? (Check all that apply)

- Discuss appropriate use of the products
- Change the settings of the products
- Agree not to use some features of the products
- Get rid of the products
- Other steps (please describe) _____
- No steps taken to resolve the disagreements

Interpersonal Benefit

Q13. Have Internet-connected products improved your relationships with others in your household?

- Yes
- No

If “No” to Q13:

Q14. If you have had any other positive experiences with Internet-connected products, please describe them here.

If “Yes” to Q13:

Q15. Please describe how Internet-connected products have improved your relationships with others in your household. Please provide as much detail as you can.

Q16. What Internet-connected product(s) have improved your relationships? (Choose all that apply)

- Smart TV (e.g. Samsung, LG, JVC)
- Activity tracker excluding smart watches (e.g. Fitbit, Xiaomi Mi Band, Microsoft band)
- Smart Thermostat (e.g. Nest, Hive, tadoi)
- Connected lights (e.g. Phillips Hue, LIFX, Elgato Avea, Belkin WeMo)
- Games console (e.g. PS4, Xbox one)
- Home assistants/smart hub (e.g. Amazon echo, CastleHub, Google Home)
- Smart watch (e.g. Apple watch, Samsung gear, Moto 360, Asus ZenWatch)
- Video streaming product (e.g. AppleTV, chromecast)
- Smart plugs (e.g. Belkin WeMo Insight Switch, Ankuoo NEO PRO Wi-Fi Smart Switch)
- Smart doorlock and/or doorbell (e.g. August Smartlock, Danalock, Ring smart doorbell)
- Smart security camera (e.g. Nest Cam, Netatmo, Netgear Arlo)
- Baby camera/monitor (e.g. Withings Smart Baby Monitor, Motorola Baby Monitor Camera)
- Smart water sprinkler/irrigation controllers (e.g. Aifro WaterEco, BlueSpray, Rachio Smart Sprinkler Controller)
- Smart health monitors excluding smart watches (e.g. scales, blood pressure monitors)
- Grocery ordering device (e.g. Amazon dash buttons, Hiku, GeniCan)
- Smart smoke monitors and alarms (e.g. Kepler, Birdi)
- Smart kitchen appliances (e.g. Fridge, oven, kettle, scales, vacuum cleaner)
- Smart bluetooth trackers excluding smart watches (e.g. keyrings to identify lost keys such as Tile, Chipolo, Lapa 2)
- None/Rather not say

Q17. With whom have Internet-connected products improved your relationships? (Check all that apply)

- Visitor
- Spouse

- Partner
- Biological, adopted, step, or foster child
- Biological, adopted, step, or foster grandchild
- Son-in-law or daughter-in-law
- Parent
- Parent-in-law
- Grandparent
- Grandparent-in-law
- Other relative
- Housemate or roommate
- Other non-relative

Q18. Were the relationship improvements caused by Internet-connected products ongoing or one-time?

- Ongoing
- One-time
- Both

Likert-Scale IoT Questions

Q19. How much do you agree with the following statements about Internet-connected products?

	Strongly agree	Somewh at agree	Neither agree nor disagree	Somewhat disagree	Strongly disagree
Internet-connected products have improved my relationships with others in my household	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Internet-connected products have inspired playful behavior in my household	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Internet-connected products have simplified my everyday tasks	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Internet-connected products have made it easier for me to interact with others in my household	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Internet-connected products have **helped someone in my household with special needs**

Q20. How much do you agree with the following statements about Internet-connected products?

	Strongly agree	Somewhat agree	Neither agree nor disagree	Somewhat disagree	Strongly disagree
Internet-connected products have caused disagreements between people in my household	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Internet-connected products have contributed to tensions in my household unrelated to the technology itself	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Internet-connected products have caused tension in my household because they are difficult to configure	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Internet-connected products have caused tension in my household because they do not work as expected	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Internet-connected products in my household have caused new parenting challenges	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Internet-connected products have decreased face-to-face interaction between people in my household	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q21. How much do you agree with the following statements about Internet-connected products?

	Strongly agree	Somewhat agree	Neither agree nor disagree	Somewhat disagree	Strongly disagree
I have disagreed with others in my household about whether we should have Internet-connected products in our home	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I have disagreed with others in my household about who should have access to accounts on Internet-connected products	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I have disagreed with others in my household about who should have control of Internet-connected products	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I am less interested in Internet-connected products than others in my household	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Visitors have expressed their concerns about the Internet-connected products in my household	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q22. How much do you agree with the following statements about Internet-connected products?

	Strongly agree	Somewhat agree	Neither agree nor disagree	Somewhat disagree	Strongly disagree
I have disagreed with others in my household about the privacy risks of Internet-connected products	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I believe that Internet-connected products could allow people in my household to monitor each others' behavior	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

I have disagreed with others
in my household about
**using Internet-connected
products to monitor each
others' behavior**

I have used
Internet-connected products
to **monitor someone else's
behavior** in my household

Select "**Somewhat
disagree**" as an attention
check

Someone else in my
household has used
Internet-connected products
to **monitor my behavior**

Demographics

Q23. Who purchased the Internet-connected products in your household?

- I purchased the products
- Someone else purchased the products
- Purchasing the products was a joint decision

Q24. Who set up the Internet-connected products in your household?

- I set up the products
- Someone else set up the products
- Setting up the products was a joint effort

Q25. What is your age?

- 18-24 years old
- 25-34 years old
- 35-44 years old
- 45-54 years old
- 55-64 years old
- 65-74 years old
- 75 years or older
- Prefer not to disclose

Q26. What is your gender?

- Female
- Male
- Non-binary / third gender
- Prefer to self-describe _____
- Prefer not to disclose

Q27. What is the highest degree you have earned?

- No high school degree
- High school degree
- Associates degree
- College degree
- Professional degree (masters/PhD/medical/law)
- Prefer not to answer

Q28. What is your current employment status?

- Full-time employment
- Part-time employment
- Unemployed
- Self-employed
- Home-maker
- Student
- Retired
- Prefer not to answer

Q29. What is your annual household income?

- Less than \$20,000
- \$20,000 to \$34,999
- \$35,000 to \$49,999
- \$50,000 to \$74,999
- \$75,000 to \$99,999
- Over \$100,000
- Prefer not to answer

Q30. Do you have a degree in computer science or related fields?

- Yes
- No
- Prefer not to answer

Q31. How comfortable are you with technology?

- Very comfortable

- Somewhat comfortable
- Neither comfortable nor uncomfortable
- Somewhat uncomfortable
- Very uncomfortable

Q32. Do you speak a language other than English at home?

- Yes
- No
- Prefer not to answer

Other

Q33. Is there anything else you would like to add about how Internet-connected products have affected your household relationships? (Optional)
