

## Bug-introducing change

Modification:

```
+ @Override
+ public FileChecksum getFileChecksum(final Path f)
+     throws AccessControlException, FileNotFoundException,
+     IOException {
+     InodeTree.ResolveResult<FileSystem> res =
+     fsState.resolve(getUriPath(f), true);
+     return res.targetFileSystem.getFileChecksum(f);
+ }
```

Message:

*"HADOOP-7257 Client side mount tables"*

Trace back mechanism  
(e.g., git blame)

## Bug fixing change

Modification:

```
InodeTree.ResolveResult<AbstractFileSystem> res
= fsState.resolve(getUriPath(f), true);
- return res.targetFileSystem.getFileChecksum(f);
+ return res.targetFileSystem
    .getFileChecksum(res.remainingPath);
}
```
