**Abstract.** Abstract text goes here. Abstract text goes here. Abstract text goes here. Abstract text goes here. Abstract text goes here. Abstract text goes here. Abstract text goes here. Abstract text goes here. Abstract text goes here.

**Keywords.** keyword1—keyword2—keyword3.

## 1. Introduction

Section text here (Clark & Caswell 1976; Zwicky 1957).

### 1.1 Subsection heading

Subsection text here.

1.1.1 Subsubsection heading. Subsubsection text goes here (Radhakrishnan *et al.* 1980).

## 2. A new section

Some more text here.

Dickey *et al.* (1978) used the following equation

$$E = mc^2 \quad (1)$$

**Table 1.** Table fitting in a single column.

one	two	three	four	five	six
1	2	3	4	5	6
aaa	bbbb	ccccc	dddd	eeeee	fffff

Sample table footnote

## 3. Conclusion

Conclusion here.

## Appendix A. An appendix section

Text goes here (Radhakrishnan 1980).

$$x = a + b + c \quad (A1)$$

## Appendix B. Another appendix section

Text goes here.

$$y^2 = ax + b + c \quad (B1)$$

## Acknowledgements

Acknowledgements here.
