

Training

```
(exists ?x ?y (and  
  (purple ?x) (yellow ?y)  
  (left-of ?y ?x) (in-target ?x)  
))
```

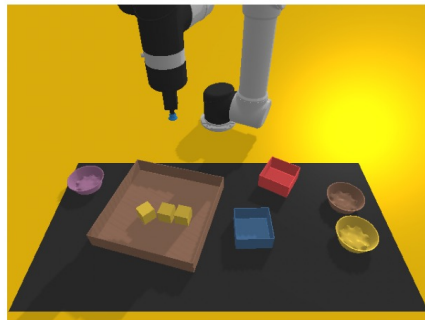

Place a yellow block left of a purple block in the target box.

Generalization (Unseen Goals and More Objects)

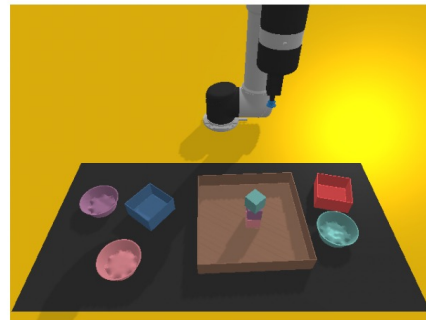

```
(exists ?x ?y ?z (and  
  (yellow ?x) (cyan ?y) (red ?z)  
))
```

Paint a yellow, a cyan, and a red block (no need to put in the target box).

```
(forall ?x (and  
  (yellow ?x) (in-target ?x)  
))
```

Paint all blocks yellow and put them in the target box.

```
(exists ?x ?y ?z (and  
  (pink ?x) (purple ?y) (cyan ?z)  
  (in-target ?x)(on ?y ?x) (on ?z ?y)  
))
```

Paint a pink, a purple, and a cyan block, and stack them in the target box.
