

(a) Fine-grained Text Conversion

## Prompt

Please generate an explanation of why a video is funny, given visual descriptions and dialogue (or monologue), and an audio description for the video. Explain as if you were watching the video. Visual descriptions and utterances will be given in chronological order.

### Visual descriptions and utterances (chronologically):

(Speech, Panting, Dog)

Scene:

Speaker 1: "Hey Luke, sit. Luke, dandelion. AHHHH!"

A white dog with blue eyes being fed some kind of flower.

Scene:

Speaker 1: "Luke, look what you did to the dandelion."

A person feeds a flower to a white husky.

...

Scene:

The husky dog eats a flower with his paw.

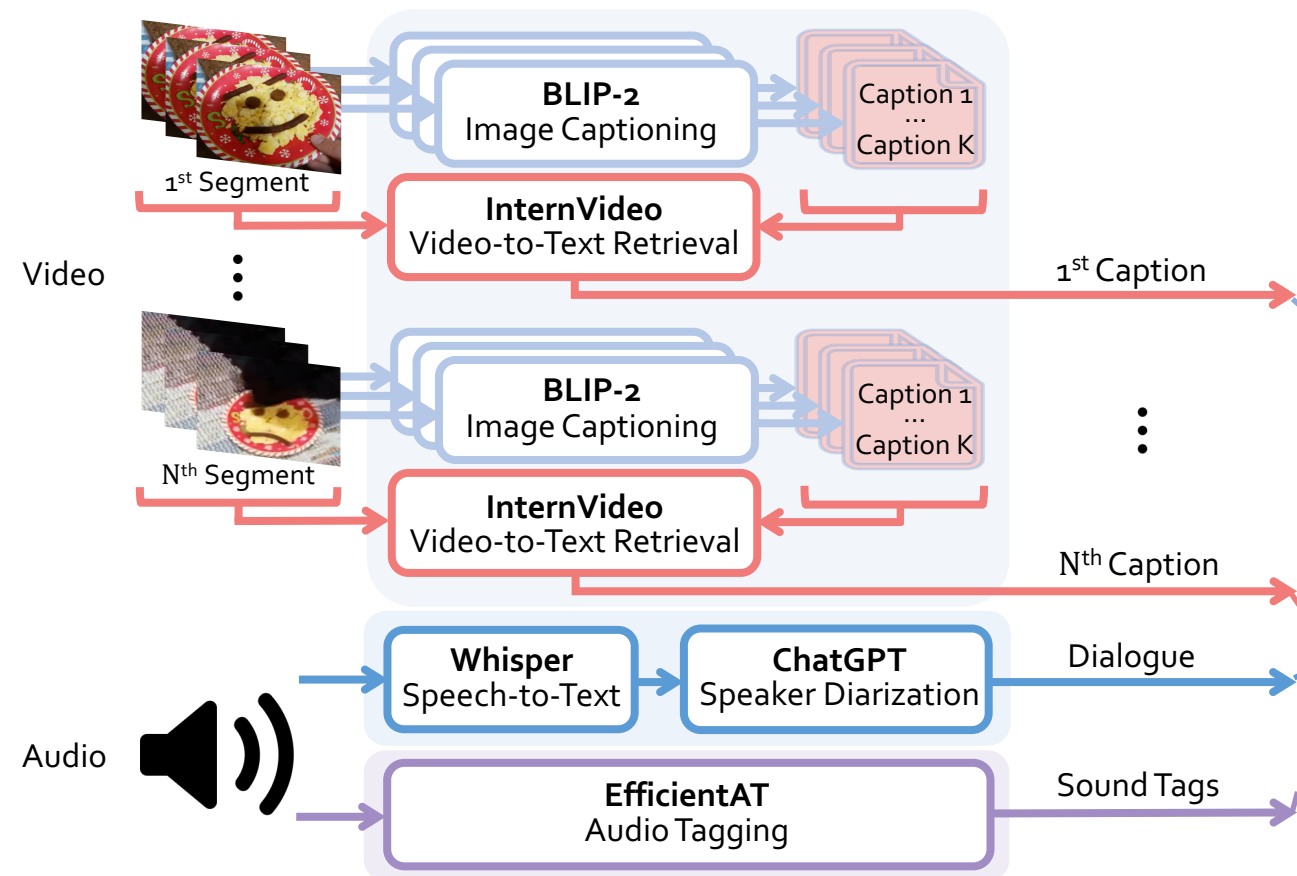

Scene:

Speaker 1: "AYE! MY DANDELION!"

A person holding out his thumb to a husky.

### Prompt

Please generate an explanation of why a video is funny, given visual descriptions and dialogue (or monologue), and an audio description for the video. Explain as if you were watching the video. Visual descriptions and utterances will be given in chronological order.

### Visual descriptions and utterances (chronologically):

(Speech, Laughter)

Scene:

Speaker 1: "Oh my gosh, Danny is drooling."

A plate has scrambled eggs, sausage and a smiley face.

Scene:

A black dog sniffs a plate on the floor.

Scene:

Speaker 1: "There you go, buddy!"

A black cat is eating from a paper plate that has a sad face.

Scene:

Speaker 1: "Oh, it's a sad face now because he's getting eaten."

A black dog sniffing a plate of food that has a sad face painted on it.
