

Interaction Sequence  $\mathcal{S}_u$  of user  $u$ :  $v_{u,1}, v_{u,2}, v_{u,3}, v_{u,4}, \dots, v_{u,t}$

Diagram illustrating the interaction sequence  $\mathcal{S}_u$  of user  $u$ . The sequence is partitioned into windows: WINDOW 1 (covering  $v_{u,1}$  to  $v_{u,4}$ ), WINDOW 2 (covering  $v_{u,3}$  to  $v_{u,4}$ ), and WINDOW  $k$  (covering  $v_{u,t}$ ). A STRIDE is indicated between  $v_{u,2}$  and  $v_{u,3}$ .
