Reasoning For Each Sample

: I see a *bird* in a photo. *How to* distinguish its specific species?

: Well. Could you describe this photo and its *wing color, head pattern, ..., primary color*?

: Certainly. The *bird* is perched on a tree branch amidst the falling snow. Its *wings are grey*, and it boasts *a black and red pattern on its head*. Notably, its *dominant color is red*.

: Perfect. Even though I can't see it, but based on your *description*, I think the bird you see would be a *Pyrrhuloxia, Cardinal, or Summer Tanager*.
