**Memorandum of Understanding
for
the Global Biodiversity Information Facility**

*Approved by the GBIF Governing Board at the annual Board Meeting (GB17)
in Suwon, Republic of Korea, October 2010*

MEMORANDUM OF UNDERSTANDING FOR THE GLOBAL BIODIVERSITY INFORMATION FACILITY

The signatories to this non-binding Memorandum of Understanding (MOU), being countries, economies, inter-governmental or international organisations, other organisations with an international scope, or entities designated by them, have decided that a co-ordinated international scientific effort is needed to enable users throughout the world to openly share and put to use vast quantities of global biodiversity data, thereby advancing scientific research in many disciplines, promoting technological and sustainable development, facilitating the conservation of biodiversity and the equitable sharing of its benefits, and enhancing the quality of life of members of society. The importance of making biodiversity data openly available to all countries and individuals is underscored by various international agreements.

Recognising this need, the delegates to the Meeting of the OECD Committee for Scientific and Technological Policy at Ministerial Level in Paris on 22-23 June 1999 endorsed the recommendation that a Global Biodiversity Information Facility (hereinafter referred to as "GBIF") be established, with open-ended participation.

Noting that GBIF was established in March 2001, and that the first and second MOU for GBIF had each a duration of five years (2001-2006/2007-2011), the signatories to this Memorandum of Understanding hereby express their intention either to continue their existing Participation in GBIF or to become new Participants in GBIF as a mechanism of technical and scientific international co-operation.

Paragraph 1

DEFINITIONS

1. Biodiversity Data

In the context of this MOU, biodiversity data refers to scientific data, primarily about biological species and about specimens or observations of individual organisms.

2. Participant

A country, economy, inter-governmental or international organisation, other organisation with an international scope, or an entity designated by them that has signed this MOU and has expressed its intention to implement the contents thereof. A Participant may designate an entity to take part in the operations of GBIF and to act for the Participant in such matters as the Participant chooses to delegate to it.

3. Participant Biodiversity Information Facility (BIF or Node)

A mechanism by which a Participant coordinates and supports its GBIF networked data-sharing activities.

The Participant BIF has the overall objective of promoting, coordinating and facilitating the mobilisation and use of biodiversity data among all the relevant stakeholders within the Participant's domain, primarily to help address the Participant's biodiversity information needs and priorities.

The Participant BIF should be the main mechanism by which the GBIF Participant coordinates with, contributes to and benefits from the central services, infrastructure, and capacity provided by GBIF as a globally decentralised initiative.

A Participant BIF includes both physical infrastructure and human resources.

Typically a Participant BIF encourages and supports the activities of the Participant's data publishers to both contribute and use GBIF-served data, provides information technology (IT) infrastructure and expertise for GBIF-related activities, and functions as an information gateway among Participants, other stakeholders, and the GBIF Secretariat.

Paragraph 2
UNDERSTANDINGS

1. GBIF is an open-ended international co-ordinating body set up with the overall aim of furthering technical and scientific efforts to develop and maintain a global information facility for sharing of digital biodiversity data.
2. The Participants' involvement in this MOU is subject to the goodwill and effective contribution to GBIF activities and operations, either financially or through any of the activities described in Paragraph 3.3, and is subject to the laws and regulations applicable to the individual Participants.
3. Nothing in this MOU should be read to contradict the principles of the Convention on Biological Diversity and other relevant Conventions.
4. This MOU continues the goals and intents of the previous GBIF MOUs in order to sustain the benefits of GBIF and allow its continued existence and development. The Governing Board may decide on suitable arrangements to facilitate the continued involvement and transition of the Participants from the latest MOU (2007-2011) to this one.
5. This document is not legally binding and has no effect as a legal or political precedent.
6. Basic Financial Contributions to GBIF whenever mentioned in this MOU are voluntary contributions decided by each Voting Participant.

Paragraph 3 OBJECTIVES

1. Purpose

The purpose of GBIF is to promote, co-ordinate, design, enable and implement the compilation, linking, standardisation, digitisation and global dissemination and use of the world's biodiversity data, within an appropriate framework for property rights and due attribution. GBIF works in close co-operation with established programmes and organisations that compile maintain and use biological information resources. The Participants, working through GBIF, establish and support a distributed information system that enables users to access and utilise considerable quantities of existing and new biodiversity data.

2. Goals of GBIF

It is the intention of the Participants that GBIF:

- (a) be shared and distributed, while encouraging co-operation and coherence;
- (b) be global in scale, though implemented nationally and regionally;
- (c) be accessible by individuals anywhere in the world, offering potential benefits to all, while being funded primarily by those that have the greatest financial capabilities;
- (d) promote standards and software tools designed to facilitate their adaptation into multiple languages, character sets and computer encodings;
- (e) serve to disseminate technological capacity by drawing on and making widely available scientific and technical information; and
- (f) make biodiversity data universally available, while fully acknowledging the contribution made by those gathering and publishing these data.

3. Involvement of the Participants

Each Participant signing this MOU should seek to:

- (a) participate actively in the formulation and implementation of the GBIF Strategic Plan and the Work Programme, both cooperatively in the Governing Board and through development of national policies as appropriate;
- (b) share biodiversity data through GBIF under a common set of technical standards and within an intellectual property rights framework (such as that described in Paragraph 8);
- (c) form a Participant Biodiversity Information Facility (with a Node or network of Nodes), to organise and/or provide access to -biodiversity data and metadata, standards, software tools or other services to enhance the GBIF network. If an 'Other Associate Participants' as defined in 4.2 b(v) - cannot share data and establish a BIF, the Participant may in its petition to become a GBIF Participant outline in what way it intends to be relevant and actively contribute to the achievements of GBIF's overall purpose and some of the goals of GBIF (See 3.1 and 3.2);
- (d) secure its national intellectual, technological and data mobilisation investments as a Participant in GBIF;
- (e) as appropriate, make other investments in biodiversity information infrastructure in support of the GBIF mission and national, regional and

international needs, as well as help to co-ordinate and harmonise the biodiversity informatics programmes of the Participants, and

- (f) as appropriate, contribute to training and capacity development for promoting global access to biodiversity data, including implementing specific programs to enhance the biodiversity informatics capacity and technical skills base of developing countries.

4. Co-operation and Co-ordination

The Participants intend to encourage co-operation amongst themselves in the implementation of GBIF and in the development of joint work programmes in areas of mutual interest with the Secretariat of the Convention on Biological Diversity and other appropriate bodies and initiatives to avoid duplication and to benefit from existing resources and expertise.

Paragraph 4 THE GOVERNING BOARD

1. Role and Purpose

The Governing Board is the means by which the Participants make collective decisions on all matters relating to GBIF, which both the Participants and the Secretariat then carry out coordinated or facilitated by the Secretariat.

2. Composition

The Governing Board consists of one representative from each Participant.

There are two modes of participation:

(a) Voting Participants

Voting Participants are those Participant countries that have decided to make a financial contribution as outlined in Paragraph 9 and the GBIF Financial Regulations and have made a financial arrangement as described in Paragraph 10.2.

(b) Associate Participants

There are two categories of Associate Participants

- (i) Associate Participant Countries: those Participant countries that have not yet decided to make a financial contribution as outlined in Paragraph 9 and the GBIF Financial Regulations.
- (ii) Associate Participant Countries are eligible and encouraged to become Voting Participants as soon as possible.
- (iii) The category of an Associate Participant Country is a temporary category of up to five years duration from the date when the Associate Participant Country signs the MOU. (For extension of the period see iv). During this period the Associate Participant Country may decide to become either a Voting Participant in accordance with Paragraph 4.2 a; or an Observer in accordance with Paragraph 4.4 or may withdraw from GBIF.
- (iv) Associate Participant Countries may apply to the Executive Committee for an extension of time as an Associate Participant Country if plans for moving to Voting Participant status cannot be accomplished within five years after signing the MOU.
- (v) Other Associate Participants: Intergovernmental organisations, international organisations, other organisations with an international scope and economies are categorised as Other Associate Participants and are not eligible to become Voting Participants. This-category is not limited in time.

Associate Participants are encouraged to take part in the deliberations of the Governing Board, but may not vote.

3. Additional Participants

The Secretariat of the Convention on Biological Diversity is invited to designate a non-voting representative to the Governing Board.

4. Observers

Countries or organisations or other international bodies that have not signed the MOU, but are interested in sharing biodiversity data and follow the activities of GBIF, may be recognized by the GBIF Governing Board as observers as well as former Associate Participant Countries deciding to be observers. (See 4.2.b(iii))

5. Voting

- (a) The Governing Board works by consensus where mandated in this MOU. Such consensus means consensus of Voting Participants present.
- (b) In all other decisions, the Governing Board should strive to work by consensus whenever possible. If consensus is not reached after reasonable attempts have been made, then decisions will be made by super-majority, unless the Governing Board has decided in its Rules of Procedure to decide by simple majority.
- (c) A super-majority vote is the affirmative vote of a two-thirds majority of the Participants present and voting.
- (d) A simple majority vote is the affirmative vote of more than one-half of the Participants present and voting.
- (e) In all cases in which this MOU expressly provides that the Governing Board act by means of a consensus decision or a vote of the Participants present and voting, “present” can mean face-to-face, by telephone, Internet, video conference, or other practical means determined in advance by the Governing Board.

8. Intellectual Property Rights to Biodiversity Tools

GBIF may claim appropriate Intellectual Property Rights available within applicable national jurisdictions over any tools, such as search engines or other software products that are developed by GBIF while carrying out the GBIF Work Programme.

Paragraph 9

FINANCE

1. Basic Financial Contributions

- (a) Basic Financial Contributions are the annual contribution to GBIF from Voting Participants calculated according to approved Guidelines for calculating Basic Financial Contributions (See 4.6(g)). A Table of suggested Basic Financial Contributions for Voting Participants should be calculated and presented by the GBIF Executive Committee for approval by the Governing Board on a multi-year basis. This Table should indicate the suggested contributions in actual figures for each Voting Participant for each of the years in a multi-year period calculated on the basis of an approved multi-year Budget Plan for GBIF.
- (b) The Governing Board may decide by consensus to change - based upon the Guidelines for calculating Basic Financial Contributions (See 4.6(g)) - the approved Table of suggested Basic Financial Contribution during the multi-year period.
- (c) The annual contributions are to be transferred to the GBIF Secretariat in accordance with the financial arrangements described in Paragraph 10.2 to be held by the GBIF Secretariat in a Central Fund and used as stipulated in the Budget approved by Governing Board.
- (d) The Governing Board is to approve by consensus a new Table of suggested Basic Financial Contributions for Voting Participants for a next multi-year period well in advance of the expiration of the current approved Table of Basic Financial Contributions.

2. Supplementary Financial Contributions

Paragraph 10
ASSOCIATION AND DISASSOCIATION OF PARTICIPANTS

1. Association of Participants

Association with GBIF is open to any country, economy, inter-governmental, international organisation or organisation with an international scope or to an entity designated by them as described in Paragraph 1.2. Such association becomes effective upon signature of this MOU.

2. Participant Status

- (a) A country that has signed the MOU becomes a Voting Participant on the Governing Board by deciding to make a Basic Financial Contribution and making the financial arrangement negotiated with the GBIF Secretariat, as described in Paragraph 6.4(c). This arrangement sets out the Voting Participant's financial contribution calculated on the basis of the approved Guidelines for calculating Basic Financial Contributions (See 4.6(g)) and the period for which the arrangement is valid.
- (b) In order to retain voting rights a Voting Participant is requested to make its financial contribution each year within the first three months of the GBIF financial year, unless the Executive Committee has approved a later payment arrangement for the financial year.

The voting rights of a Voting Participant that is more than one financial year behind paying its basic financial contribution in accordance with the financial arrangement will be suspended until it has made all outstanding financial contributions.

3. Disassociation of Participants

- (a) Any Participant may disassociate itself from this MOU by advising the Governing Board in writing of its intention to do so and of the effective date of disassociation.
- (b) In the event of disassociation of a Voting Participant, the Governing Board may decide by consensus to adjust the Work Programme and the Budget to take account of such disassociation or, again by consensus, may decide to adjust the contributions of Participants to the Budget in accordance with the approved Guidelines for calculating Basic Financial Contribution (See 4.6(g)).

Paragraph 11

OTHER MATTERS AND SIGNATURE PAGE

1. Duration

GBIF is intended to be an open-ended long-term cooperative endeavour in order to sustain the benefits of access to biodiversity data.

2. Discontinuation

The Voting Participants, acting by consensus, may discontinue this MOU at any time. In a situation where discontinuation has been so decided the GBIF Secretariat, acting in accordance with the laws of the jurisdiction in which it is located will arrange for the liquidation of the assets of GBIF; property held by the GBIF Secretariat for the benefit of the Participants is to be regarded, for this purpose, as assets of GBIF. In the event of such liquidation, the GBIF Secretariat, so far as practicable, will distribute any assets of GBIF or the proceeds there from, in proportion to the Basic Financial Contributions which the Participants have made from the beginning of the operation of GBIF.

3. Modifications

Excepting paragraph 2 (5), this MOU may be modified at any time by the Governing Board through a consensus vote of all the representatives of all the Voting Participants.
