### Correction

We have found an error after the publication of this work [1]. The error is present in the following sentence: "We have that  $q = 1$  is the Shannon's Entropy (extensive entropy),  $q < 1$  is the sub-extensive entropy and  $q > 1$  is the super-extensive entropy".

Where it says "sub-extensive", should be changed to "super-extensive" and where it says "super-extensive", should be changed to "sub-extensive".

The corrected sentence: We have that  $q = 1$  is the Shannon's Entropy (extensive entropy),  $q < 1$  is the super-extensive entropy and  $q > 1$  is the sub-extensive entropy.

We regret any inconvenience that this inaccuracy in the text might have caused.
