2. Statement of Purpose. An essential part of your application, the Statement of Purpose is used to determine the appropriateness of your educational and professional goals and serves as an example of your ability to express yourself in writing.
3. Undergraduate major in physics or related fields. Applicants may be admitted with specific program-defined course deficiencies provided that the deficiencies amount to no more than two courses.

The GRE is not required for admission. The student is expected to satisfy deficiency requirements within three enrolled semesters. The deficiencies are monitored by the Graduate School and the individual graduate program unit. No course credits earned in making up deficiencies may be counted as program credits required for the degree.

## Credits and Courses

### Option 1: Thesis Option

Minimum degree requirement is 30 graduate credits, 18 of which must normally be in physics and 12 of which may be in related fields. Of the 18 credits earned in the Department, at least 6 must be in physics courses numbered above 700, with the remainder in courses at least above 500; research, seminar, and independent study credits do not satisfy the 700 requirement. Six credits are earned through the thesis.

Code	Title	Credits
Physics Courses		12
At least 6 numbered above 700 *		
Remainder at least above 500		
Physics or Related Fields		12
PHYSICS 890	Master's Thesis **	6
<b>Total Credits</b>		<b>30</b>

\* Not including research, seminar, and independent study

\*\* Only 6 credits of PHYSICS 890 may be counted toward the 30-credit requirement, though a student may enroll in the course more than once and may take more than 6 credits.

### Option 2: Non-Thesis Option

Minimum degree requirement is 30 graduate credits, 18 of which must normally be in physics and 12 of which may be in related fields. Of the 18 credits earned in the Department, at least 6 must be in physics courses numbered above 700, with the remainder in courses at least above 500; research, seminar, and independent study credits do not satisfy the 700 requirement.

Code	Title	Credits
Physics courses		18
At least 6 numbered above 700 *		
Remaining 12 at least above 500		
Related Fields		12
<b>Total Credits</b>		<b>30</b>

\* Not including research, seminar, and independent study

## Comprehensive Examination

The student must pass a thesis defense, pass a comprehensive oral examination, or complete and present an acceptable capstone project. The non-thesis master's comprehensive oral examination should evaluate the student's achievements in graduate courses and fulfillment of the

goals of the student's program of study. In particular, students should be familiar with the materials in the "core" courses:

Code	Title	Credits
PHYSICS 515	Statistical Mechanics	3
PHYSICS 531	Principles of Quantum Mechanics I	3
PHYSICS 532	Principles of Quantum Mechanics II	3
PHYSICS 711	Theoretical Physics-Dynamics	3
PHYSICS 722	Advanced Classical Theoretical Physics	3

## Additional Requirements

### Major Professor as Advisor

The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. The newly admitted student is assigned to a temporary advisor.

Students in the master's program who are planning to terminate their physics studies with a master's degree should plan and prepare a program of study with the Department Master's Program Advisor.

### Option 1: Thesis Option

#### Thesis

A student choosing the thesis option must enroll in PHYSICS 890. A maximum of 6 credits of thesis may be counted toward the degree requirements.

#### Comprehensive Examination

The student must pass a comprehensive oral examination, in part a defense of the thesis.

#### Time Limit

The student must complete all degree requirements within five years of initial enrollment.

### Option 2: Non-Thesis Option

#### Thesis

Not required.

#### Examination or Project

Each student who does not elect the thesis option must satisfy one of the following capstone requirements:

1. Pass an oral comprehensive examination.
2. Present a satisfactory oral and written report on a comprehensive project done under the supervision of a faculty advisor.

Students electing the project should register for 1 to 3 credits of PHYSICS 891 and must complete this course with a B or better grade in order for the project to meet the capstone requirement.

#### Time Limit

The student must complete all degree requirements within five years of initial enrollment.

## Accelerated Program Option

This program is offered as part of an accelerated graduate program. For more information, see Accelerated Graduate Degrees (p. 37).

## Physics, PhD

The Physics Department exhibits exceptional strength in several areas. We invite applications from able students interested in experimental and theoretical condensed matter physics; in structural biophysics and protein dynamics and function; and in cosmology, relativistic astrophysics, and gravitational-wave/multimessenger astronomy. The primary goal of our graduate education is the training of creative research scientists.

Our research in gravitational physics is in several areas: In gravitational-wave astronomy, we play a leading role in LIGO, extracting signals of gravitational-waves from the coalescence of binary neutron stars and black holes, as well as searching for electromagnetic counterparts, and in the use of pulsars to measure gravitation waves from supermassive black holes. In relativistic astrophysics we have established limits on the spin and mass of rotating neutron stars, and develop computational techniques to model merging stars. Astronomy efforts include studying early galaxy formation and evolution, and the phenomenology of neutron stars and white dwarfs.

Experimental and theoretical work in condensed matter physics is focused on quantum materials, including quantum transport phenomena, superconductivity, magnetism, and novel states of matter.

Experimental work in biophysics includes advanced optical and electrical methods for probing protein-protein interactions and protein complex structure and dynamics in vivo. Other efforts are in structural biophysics, static and time-resolved macromolecular crystallography, and XFEL-based femtosecond crystallography. Molecular biophysics studies include protein mechano-chemistry and single-molecule force spectroscopy.

Theoretical and computational work in biophysics includes advanced algorithms for signal extraction in the presence of extreme noise and timing uncertainty (XFEL and cryo-electron microscopy data) for protein crystallography, biostructure, dynamics, and function.

## Graduate Minor in Physics

A doctoral student in another department wishing to minor in Physics must choose a minor professor from among the Physics Graduate Faculty. The student and the minor professor plan a program of study consisting of 9 to 12 graduate credits in Physics and complete a Graduate Minor Program Plan for the Physics Department files.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Applicant must meet Graduate School requirements plus departmental requirements as given for admission to the master's program. A master's degree is not a prerequisite for this PhD program.

## Reapplication

A student who receives the master's degree must formally reapply for admission to the Graduate School before continuing studies toward the PhD.

## Credits and Courses

Minimum degree requirement is 54 graduate credits beyond the bachelor's degree, at least 27 of which must be earned in residence at UWM. The student plans an individual program of studies in consultation with the major professor.

Code	Title	Credits
<b>Physics core courses</b>		
PHYSICS 501G	Special Topics: Mathematical Models of Physical Problems I	3
PHYSICS 515G	Statistical Mechanics	3
PHYSICS 531G	Principles of Quantum Mechanics I	3
PHYSICS 532G	Principles of Quantum Mechanics II	3
PHYSICS 711	Theoretical Physics-Dynamics	3
PHYSICS 722	Advanced Classical Theoretical Physics	3
Additional credits in Physics courses numbered 700-999 *		6
Other courses and PHYSICS 990		30
<b>Total Credits</b>		<b>54</b>

\* Not including courses PHYSICS 711, PHYSICS 720, or PHYSICS 990. PHYSICS 651 is included. Independent studies, such as PHYSICS 999, requires approval by the Physics Graduate Academic Committee.

A student may elect to complete one of the following minor programs: a minor of 9 to 12 credits in a single department; a minor of 12 credits in two or more departments. Traditional fields for the minor are mathematics, other natural sciences, computer sciences and engineering. In planning a minor in a single department, the student is advised by the minor professor; in planning a minor in two or more departments, the student is advised by the major professor. The program of study is to be chosen with the major professor and the departmental academic graduate committee.

## Additional Requirements

### Residence

The student must meet minimum Graduate School residence requirements.

### Written Placement Test

At the beginning of the first semester of the doctoral program the student must take a written placement test. The test is designed to assess a student's physics problem solving capabilities assuming a knowledge of physics equivalent to an advanced undergraduate student at a premier institution. The results of the test will be used in advising the student to take either graduate core courses at the 500G/700-level directly or to take the 400G level courses corresponding to those before proceeding to the core courses.

### Doctoral Preliminary Examination

The student must pass an oral examination to qualify for formal admission to candidacy for the degree. The oral preliminary examination seeks to determine the student's preparation for independent research. This examination must be taken before the fifth semester of enrollment

into the physics doctoral program and passed within five semesters of enrollment into the physics doctoral program.

### Doctoral Proposal Hearing

The student must prepare a written proposal and pass an oral examination on the proposal to qualify for formal admission to candidacy for the degree. This oral examination seeks to determine the student’s preparation for independent research and the suitability of the proposed dissertation program. This examination must be passed within four years of enrollment into the physics doctoral program.

### Dissertation

The candidate must present a dissertation reporting the results of an original and independent research investigation representing substantive creative contribution.

### Dissertation Defense

The candidate must, as the final step toward the degree, pass an oral examination in defense of the dissertation.

### Time Limit

All degree requirements must be completed within ten years from the date of initial enrollment in the doctoral program.

## Political Science

The Department of Political Science offers a comprehensive curriculum designed to provide a thorough understanding of politics while providing a foundation for careers in government, law, education, business, and other fields. In addition to courses on political ideas, behavior, and institutions at the local, state, national, and international levels, the department offers opportunities for students to participate in research projects, internship programs, scholarship competitions, study abroad, a political science honor society (<http://uwm.edu/political-science/undergraduate/pi-sigma-alpha/>), and a program in law studies.

The curriculum is divided into four areas of study:

### American Politics

American politics involves the study of U.S. political institutions at the national level (e.g., Congress, Presidency, Judiciary), state and local government and politics, political parties, interest groups, policy making, elections and voting behavior, public opinion, public law and the judicial process, constitutional interpretation, and the field of public administration.

### Comparative Politics

Comparative politics studies political systems of nations outside the United States, including those in Western and Eastern Europe, Latin America, Asia, the Middle East, Africa, and Russia.

### International Relations

International relations focuses on American foreign policy, international organizations (e.g., the United Nations), international economics, war and peace, and international law.

### Political Theory

Political theorizing means questioning the assumptions underlying both politics and political science. Courses in political theory are designed to help students understand political experiences as they are interpreted by those who are engaged in politics and also by those who study it. Political theory therefore includes the history of political ideas, the writings of major theorists, and theories of history and the social sciences.

Ronald E. Weber	Professor Emeritus	PhD			✓

## Political Science, BA

Political science is the study of governments, political processes, public policies and political behavior by groups or individuals and is an ideal major for students with a passion for current events.

At UWM, students take coursework from four broad areas of political science in order to obtain a well-rounded education in the field: American politics, international relations, comparative politics, and political theory. Along with exploring these substantive areas, students strengthen their research, writing, and critical thinking skills. With this background, students leave UWM ready to enter graduate school or the world of work in government, international organizations, campaigns, business, consulting, nonprofits, and many other industries. This broad major is available entirely online, or students can mix-and-match and take a some online and some traditional classes.

Many students find that a degree in Political Science aligns well with their interest in law and their plans to attend law school after college. We offer a large number of courses in constitutional law and legal practice in society, and students can focus their electives around these as part of the Law Studies option within the Political Science major. Students planning for law school also often participate in our law sports programs such as intercollegiate moot court and intercollegiate mock trial.

Internships are encouraged for all majors, and opportunities can be found locally as well in in Washington DC.

Since 1966, students from all UW System campuses and other universities have participated in the United Nations Summer Seminar (<http://uwm.edu/political-science/undergraduate/u-n-summer-seminar/>). This five-week, six-credit program is partially held at United Nations Headquarters in Manhattan. The four weeks in New York include special access to U.N. facilities and intensive interaction with over 40 experts representing governments and international organizations.

## Course of Study – Bachelor of Arts Degree

Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

### University General Education Requirements (GER)

Code	Title	Credits
<b>Oral and Written Communication</b>		
<i>Part A</i>		
Achieve a grade of C or better in the following course:		
ENGLISH 102	College Writing and Research (or equivalent)	
<i>Part B</i>		
Course designated as OWC-B; may be completed through a major-specific course requirement		
<b>Quantitative Literacy</b>		
<i>Part A</i>		
Earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course, or achieve a placement code of at least 30 on the mathematics placement test (or other appropriate test, as determined by the Mathematical Sciences Department)		
MATH 102	Mathematical Literacy for College Students II	

MATH 103	Contemporary Applications of Mathematics
MATH 105	Introduction to College Algebra
MATH 108	Algebraic Literacy II
MATH 111	Introduction to Logic - Critical Reasoning <sup>1</sup>
or PHILOS 111	Introduction to Logic - Critical Reasoning
MATH 116	College Algebra
Or equivalent course	

**Part B**

Course designated as QL-B; may be completed through a major-specific course requirement

**Arts**

Select 3 credits 3

**Humanities**

Select 6 credits 6

**Social Sciences**

Select 6 credits 6

**Natural Sciences**

Select 6 credits (at least two courses including one lab) 6

**UWM Foreign Language Requirement**

Complete Foreign Language Requirement through:

Two years (high school) of a single foreign language

Two semesters (college) of a single foreign language

Or equivalent

**UWM Cultural Diversity Requirement**

One course from the Arts, Humanities, or Social Sciences must also satisfy UWM's Cultural Diversity requirement

<sup>1</sup> Math 111 and Philosophy 111 are jointly offered and count as repeats of one another. Students cannot receive credit for both courses.

**College of Letters & Science Requirements**

**I. English Composition Requirement**

Students must satisfy the English Composition Requirement with one of the following options:

- 1) Completing ENGLISH 102 with a grade of C or higher; or
- 2) by placing beyond ENGLISH 102 on the English Placement Test (EPT) (or other assessment as determined by the English Department); or
- 3) transferring a course of at least 2.5 equivalent credits from another institution that is equivalent to English 102, or a UWM higher-level expository writing course, with a grade of C or higher.

**Note:** This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.

**II. Mathematics and Formal Reasoning**

To satisfy the Mathematics and Formal Reasoning Requirement, students must satisfy the following two requirements:

1. Achieve a placement code of at least 30 on the mathematics placement test (or other appropriate test, as determined by the

Mathematical Sciences Department) or earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course:

Code	Title	Credits
MATH 102	Mathematical Literacy for College Students II	3
MATH 103	Contemporary Applications of Mathematics	3
MATH 105	Introduction to College Algebra	3
MATH 108	Algebraic Literacy II	3
MATH 111	Introduction to Logic - Critical Reasoning <sup>1</sup>	3
or PHILOS 111	Introduction to Logic - Critical Reasoning	
MATH 116	College Algebra	3
MATH 175	Mathematical Explorations for Elementary Teachers I	3

<sup>1</sup> Math 111 and Philosophy 111 are jointly offered and count as repeats of one another. Students cannot receive credit for both courses.

**Note:** This requirement is the same as the University General Education Requirement for Quantitative Literacy Part A, listed above.

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 211, or Letters and Science statistics courses:

Code	Title	Credits
Complete one of the following:		
3 or more credits in any 200-level or above Math course		
AFRIC 220	Introduction to Statistics in African and African Diaspora Studies	
ANTHRO 568	Introduction to Anthropological Statistics	
BIO SCI 465	Biostatistics	
ECON 210	Economic Statistics	
GEOG 247	Quantitative Analysis in Geography	
HIST 595	The Quantitative Analysis of Historical Data	
MTHSTAT 215	Elementary Statistical Analysis	
PHILOS 211	Elementary Logic	
POL SCI 390	Political Data Analysis	
POL SCI 392	Survey Research	
PSYCH 210	Psychological Statistics	
SOCIOL 261	Introduction to Statistical Thinking in Sociology	

**Note:** This requirement is **NOT** the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BA, students must take one of the L&S approved courses. **Not all of the courses listed here will satisfy the QL-B requirement.**

**III. Foreign Language Requirement**

Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this

requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

Code	Title	Credits
Completed in one of the following ways:		0-18
	Successful completion of the 4th semester of college work or equivalent in one language other than English (including American Sign Language)	
	Successful completion of the 3rd semester of college work or equivalent in one language other than English (including American Sign Language) PLUS the 2nd semester of college work or equivalent in another language other than English (including American Sign Language)	

#### IV. International Requirement

See Approved Courses for the L&S International Requirement (<https://catalog.uwm.edu/letters-science/approved-courses-international-requirement/>) for course options.

Code	Title	Credits
Completed in one of the following ways:		9
	Complete 3 courses (min. 9 cr) in a single foreign language (not including literature-in-translation or American Sign Language) at the 3rd semester level and above	
	Complete 3 non-language courses (min. 9 credits) with an international content chosen from at least 2 curricular areas.	
	Complete 9 credits in combination of the two options above.	

#### V. Breadth Requirement

Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD/+) designation, L&S students must complete the Breadth requirement.

Code	Title	Credits
<b>Arts</b>		
	Select 3 credits	3
<b>Humanities</b>		
	Complete 12 credits of L&S courses with Humanities Breadth designation; no more than 6 credits from a single subject area. *	12
<b>Social Sciences</b>		
	Complete 12 credits of L&S Courses with Social Science Breadth designation; no more than 6 credits from a single curricular area. *	12
<b>Natural Sciences</b>		
	Complete 12 credits of L&S Courses with Natural Sciences Breadth designation, including at least one laboratory or field course; no more than 6 credits from a single curricular area. *	12
<b>Cultural Diversity</b>		
	Complete 3 credits in a course with Cultural Diversity (CD) designation. **	3

\* Students should check their course selections carefully with the list of approved L&S Breadth Courses (<https://catalog.uwm.edu/letters-science/breadth-requirement-course-list/>). Students are advised to select at least 6 credits worth of courses in each of the Humanities,

Social Science, and Natural Sciences areas that can satisfy both the campus-wide General Education Requirements and the L&S Breadth requirement.

\*\* Students are advised to select a course that satisfies the Cultural Diversity requirement as well as a Humanities or Social Science breadth/GER requirement.

#### VI. The Major

The College of Letters and Science requires that students attain at least a 2.0 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.0 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

#### Research Requirement

Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (<https://catalog.uwm.edu/letters-science/approved-courses-research-requirement/>).

#### VII. The Minor

The College of Letters and Science requires that students attain at least a 2.0 GPA in all credits in the minor attempted at UWM. In addition, students must attain a 2.0 GPA on all minor credits attempted, including any transfer work.

### Political Science Major Requirements

Majors must attain a 2.0 GPA in all political science courses, including any transfer work, and a 2.0 GPA in political science courses taken at UWM. Majors are required to complete a minimum of 30 credits in political science, of which at least 15 must be in upper-division courses (numbered 300 or above) taken in residence at UWM. The following courses must be included among those taken for major credit:

Code	Title	Credits
<b>Introductory Requirement</b>		
POL SCI 104	Introduction to American Government and Politics	3
Select one of the following:		3
POL SCI 103	Introduction to Political Science	
POL SCI 106	Politics of the World's Nations	
POL SCI 175	Introduction to International Relations	
<b>Methods Requirement</b>		
Select one of the following:		3
POL SCI 203	Introduction to Political Science Research	
POL SCI 390	Political Data Analysis	
POL SCI 392	Survey Research	
<b>Requirements: Areas of Political Science</b>		
Select at least one course beyond the 100 level in each of the following four areas of political science:		12
<i>American Politics</i>		
POL SCI 105	State Politics	
POL SCI 150	Multicultural America: Minority Voting Rights and Representation	

POL SCI 201	Introduction to Public Service	POL SCI 341	Politics and Markets in Pacific-Rim Countries:
POL SCI 210	American Public Policy	POL SCI 345	Korean Politics and Foreign Policy <sup>2</sup>
POL SCI 213	Urban Government and Politics	POL SCI 355	The Politics of Economic Inequality
POL SCI 215	Ethnicity, Religion and Race in American Politics	POL SCI 368	Gender and Politics in Developing Nations
POL SCI 216	Environmental Politics	POL SCI 371	Nationalism and Ethnic Conflict
POL SCI 243	Public Administration	POL SCI 372	Poverty and Politics:
POL SCI 250	Law and Society	POL SCI 374	Health, Wealth, and Democracy
POL SCI 387	Topics in American Politics:	POL SCI 377	Elections in the Modern World
POL SCI 388	Latino Politics	<i>International Politics</i>	
POL SCI 398	Cyberpolitics <sup>1</sup>	POL SCI 175	Introduction to International Relations
POL SCI 405	State Government:	POL SCI 314	Chinese Politics and Foreign Policy <sup>2</sup>
POL SCI 408	The American Presidency	POL SCI 316	International Law
POL SCI 410	Law Through Popular Culture	POL SCI 330	The Politics of International Economic Relations
POL SCI 411	Constitutional Law: Government Powers and Federalism	POL SCI 337	International Organization and the United Nations
POL SCI 412	Constitutional Law: Civil Rights and Liberties	POL SCI 338	Seminar in International Relations:
POL SCI 415	The Politics of Race, Ethnicity and Immigration	POL SCI 339	European Integration
POL SCI 416	Judicial Politics	POL SCI 340	Politics of Nuclear Weapons
POL SCI 417	The Supreme Court	POL SCI 343	Asian International Relations
POL SCI 419	Constitutional Interpretation	POL SCI 345	Korean Politics and Foreign Policy <sup>2</sup>
POL SCI 421	Party Politics in America	POL SCI 346	U.S.-Latin American Relations
POL SCI 425	Women in Politics	POL SCI 359	Problems of American Foreign Policy
POL SCI 426	Congressional Politics	POL SCI 365	Theories and Methods in International Politics
POL SCI 444	Politics and the Bureaucracy	POL SCI 370	International Conflict
POL SCI 450	Urban Political Problems	POL SCI 379	Morality, Conflict and War
POL SCI 452	Administrative Law	POL SCI 391	Current Crises and Events in International Relations
POL SCI 464	Sex, Gender, and the Law	POL SCI 423	Conduct of American Foreign Affairs
POL SCI 467	Elections and Voting Behavior	<i>Political Theory</i>	
POL SCI 471	Problems in Law Studies:	POL SCI 110	Sex and Power
POL SCI 473	Public Opinion	POL SCI 255	Great Issues of Politics
POL SCI 475	Political Psychology	POL SCI 281	Classics of Political Theory
<i>Comparative Politics</i>		POL SCI 361	History of International Political Thought
POL SCI 106	Politics of the World's Nations	POL SCI 381	The Development of Western Political Thought
POL SCI 300	Western European Politics	POL SCI 382	Modern Political Thought
POL SCI 301	British Politics	POL SCI 383	Environmental Political Theory
POL SCI 302	Politics of Eastern Europe	POL SCI 384	The Philosophy of Law
POL SCI 310	Russian and Post-Soviet Politics	POL SCI 385	American Political Thought
POL SCI 312	The Politics of Authoritarian Regimes	POL SCI 386	Contemporary Political Theory
POL SCI 314	Chinese Politics and Foreign Policy <sup>2</sup>	POL SCI 389	Politics and Philosophy:
POL SCI 320	Politics of Developing Countries	<b>Research Experience</b>	<b>3</b>
POL SCI 321	Politics of Revolution in Developing Nations	Select one from the list below. <sup>3</sup>	
POL SCI 325	Latin American Politics	POL SCI 312	The Politics of Authoritarian Regimes
POL SCI 326	Brazilian Politics and Society	POL SCI 314	Chinese Politics and Foreign Policy
POL SCI 328	The Arab-Israeli Conflict	POL SCI 325	Latin American Politics
POL SCI 329	African Politics	POL SCI 326	Brazilian Politics and Society
POL SCI 333	Seminar in Comparative Politics:	POL SCI 338	Seminar in International Relations:
POL SCI 334	German Politics and the New Europe		
POL SCI 335	Comparative Political Systems		

POL SCI 345	Korean Politics and Foreign Policy
POL SCI 346	U.S.-Latin American Relations
POL SCI 361	History of International Political Thought
POL SCI 368	Gender and Politics in Developing Nations
POL SCI 370	International Conflict
POL SCI 408	The American Presidency
POL SCI 415	The Politics of Race, Ethnicity and Immigration
POL SCI 416	Judicial Politics
POL SCI 417	The Supreme Court
POL SCI 425	Women in Politics
POL SCI 426	Congressional Politics
POL SCI 464	Sex, Gender, and the Law
POL SCI 467	Elections and Voting Behavior

**Electives**

Select 6 credits from any of the above. 6

**Total Credits** 30

<sup>1</sup> Depending on instructor, may satisfy American Politics or International Relations area requirement, but not both.

<sup>2</sup> May be used to satisfy Comparative Politics or International Politics but not both.

<sup>3</sup> Satisfies the L&S requirement for a research experience in the major; should be taken in the last year of study.

**Course of Study: Law Studies Option**

Students may emphasize the study of law within the major by completing, in conjunction with or in addition to all of the requirements outlined above, the courses listed below as part of the 30 credits required for the major. Some of the courses below also satisfy the requirement of 3 credits above the 100 level in each area of Political Science.

**Law Studies Requirements**

<sup>4</sup> Satisfies the American politics requirement.

<sup>5</sup> Satisfies the international politics requirement.

<sup>6</sup> Satisfies the political theory requirement.

**Letters & Science Advising**

During your time at UWM, you may have multiple members of your success team, including advisors, peer mentors, and success coaches. Letters and Science students typically work with at least two different types of advisors as they pursue their degrees: professional College Advisors and Faculty Advisors. L&S College Advisors advise across your entire degree program while departmental Faculty Advisors focus on the major.

**College Advisors** are located in Holton Hall and serve as your primary advisor. They are your point person for your questions about navigating college and completing your degree. College Advisors will:

- assist you in defining your academic and life goals;
- help you create an educational plan that is consistent with those goals;
- assist you in understanding curriculum, major and degree requirements for graduation, as well as university policies and procedures;
- provide you with information about campus and community resources and refer you to those resources as appropriate; and
- monitor your progress toward graduation and completion of requirements.

**Faculty Advisors** mentor students in the major and assist them in maximizing their development in the program. You will begin working with a Faculty Advisor when you declare your major. Faculty Advisors are an important partner and will:

- help you understand major requirements and course offerings in the department;
- explain opportunities for internships and undergraduate research and guide you in obtaining those experiences; and
- serve as an excellent resource as you consider potential graduate programs and career paths in your field.

Students are encouraged to meet with both their College Advisor and Faculty Advisor at least once each semester. Appointments are available in-person, by phone or by video.

Currently enrolled students should use the Navigate360 website (<https://uwm.navigate.eab.com/>) to make an appointment with your assigned advisor or call (414) 229-4654 if you do not currently have an assigned Letters & Science advisor. Prospective students who haven't enrolled in classes yet should call (414) 229-7711 or email [let-sci@uwm.edu](mailto:let-sci@uwm.edu).

**Honors and High Honors in the Major**

Departmental honors are awarded upon graduation to students who achieve a 3.500 GPA overall in all UWM courses attempted, in their political science major courses, and in upper-division political science courses. Students meeting these GPA requirements will be slated automatically for graduating with honors in the major.

Students who meet the GPA requirement and wish to be considered for departmental high honors should request that the faculty member supervising their substantial research paper nominate them for high honors. The supervising faculty member will decide if the student should be recommended to the high honors committee, which is composed of

three political science faculty members. The committee will determine if the quality of the nominee's paper is sufficient to earn the high honors designation and, if so, will bestow the high honors accordingly. Note that a student interested in receiving high honors must contact a Political Science faculty member to be considered; high honors are not bestowed automatically.

Questions about honors designations can be directed to any of the Political Science faculty advisors.

## College of Letters and Science Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Political Science, MA

The Department of Political Science offers graduate programs of study in political science with concentrations in five fields: American politics; comparative politics; international relations; political theory; and public administration and public policy.

The master's program is designed to provide students with a basic grounding in the scope and methodology of the discipline, while at the same time allowing maximum flexibility in developing a program of study that will meet students' career objectives. It is recommended that students preparing themselves for PhD work emphasize empirical theory, quantitative skills and strategies and techniques of conducting research. Students may select coursework to help them prepare for such career fields as governmental service, public and private education, community service, and private industry. In developing an appropriate and coherent program of study, each graduate student works closely with the major professor and committee of advisors.

The Department accommodates the master's student who attends part time by scheduling sufficient graduate-level courses in the late afternoons and evenings to enable the student to earn a master's degree through part-time attendance.

In the PhD program the departmental emphasis is on conceptual and quantitative work. The Department requires that the student be broadly trained and accordingly encourages each student to take advantage

of offerings in related disciplines to strengthen expertise in political change. The graduate of the program is qualified for a career in university teaching, in government service or in the private sector where the analytical skills and knowledge of the social scientist are required. Graduate degrees are conferred on the basis of a level of achievement which is acquired by independent reading and research as well as by taking courses. They are never conferred solely on the basis of prescribed courses and residency requirements.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus these departmental requirements to be considered for admission to the program:

1. Undergraduate major or substantial work in the field of political science.
2. Undergraduate grade point average of at least 3.0 (4.0 scale).
3. Three letters of recommendation from persons familiar with applicant's scholastic ability and achievements.
4. Personal statement of research interests and how UWM's Political Science Department will help you meet your career and educational goals.

Submission of GRE scores (official or unofficial) is encouraged, but not required.

## Credits and Courses

Minimum degree requirement is 30 graduate credits, all of which must be taken at the 700 level or above.

Code	Title	Credits
Core Courses on scope and method of political inquiry		
POL SCI 700	Scope and Methods of Political Science	3
POL SCI 701	Techniques of Political Science Research	3
POL SCI 702	Advanced Techniques of Political Science Research	3
Other POL SCI courses		15
Up to 6 credits in related field		6
<b>Total Credits</b>		<b>30</b>

A student must enroll for at least 3 credit hours of POL SCI 990 for final preparation of the Master's Paper.

## Additional Requirements

### Major Professor as Advisor

The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. The incoming student is advised by the Director of Graduate Studies; as the

student develops specialized interests within the discipline, the student selects a major professor from within that area of specialization.

## Master's Paper

A formal thesis is not required. However, each student shall prepare and defend orally a paper that demonstrates conceptual ability and research competence in some recognized area (sub-field) of political science. It is expected that the master's paper will be prepared in a scholarly fashion, normally conforming to the format characteristic of journal articles published in the chosen area of study. A statement setting forth additional guidelines and criteria of evaluation will be made available.

For full-time students it is expected that the master's paper will be defended prior to the completion of four semesters (two years) of graduate work. Consequently, the Department encourages students to choose paper topics for graduate seminars that may serve as the basis for the master's paper. Postponement of the oral defense of the master's paper beyond four semesters requires the approval of the Graduate Committee.

## Comprehensive Examination

An oral defense of the master's paper is required. Master's papers will be defended before a three-person committee composed of one of the student's advisors and two other faculty members selected by the chair of the Department in consultation with the student and the advisor.

The committee will be selected at least one full semester prior to anticipated submission of the master's paper. The student must obtain committee approval of the research topic and methodology immediately following the selection of the committee.

## Time Limit

The student must complete all degree requirements within five years of initial enrollment.

## Political Science, Minor

Political science is the study of governments, political processes, public policies and political behavior by groups or individuals and is an ideal major for students with a passion for current events.

At UWM, students take coursework from four broad areas of political science in order to obtain a well-rounded education in the field: American politics, international relations, comparative politics, and political theory. Along with exploring these substantive areas, students strengthen their research, writing, and critical thinking skills. With this background, students leave UWM ready to enter graduate school or the world of work in government, international organizations, campaigns, business, consulting, nonprofits, and many other industries. This broad the minor is available entirely online, or students can mix-and-match and take a some online and some traditional classes.

Many students find that a degree in Political Science aligns well with their interest in law and their plans to attend law school after college. Students planning for law school also often participate in our law sports programs such as intercollegiate moot court and intercollegiate mock trial.

## Requirements

Minors are required to complete a minimum of 18 credits in political science, of which at least 9 must be in upper-division courses (numbered 300 or above) taken at UWM. Minors must complete courses in at least two of the following four areas: American politics, comparative politics,

international politics, and political theory. Students must attain a 2.0 GPA in all political science courses, including any transfer work, and a 2.0 GPA in all political science courses taken at UWM.

<sup>1</sup> Depending on instructor, may satisfy American Politics or International Relations area requirement, but not both.

<sup>2</sup> May be used to satisfy Comparative Politics or International Politics but not both.

## Letters & Science Minor Advising

Advising for the minor takes place within the department by a faculty member or staff member. Follow the steps using the "Declare a Minor" button on the department's website which may include instructions on how to select a faculty advisor if there is more than one to choose from.

Students who already have an L&S college advisor because their degree plan is in L&S can discuss the minor with them as well since they will be familiar with any minor in L&S. Students who are working on a degree from a UWM college other than the College of Letters & Science will not need an L&S college advisor for just a minor and one will not be assigned. These students should work with the faculty or staff advisor they receive as part of the minor declaration process or contact the department directly for assistance.

Applicants who have not started classes at UWM yet who wish to declare a minor should wait until they are registered for their first UWM classes and then can declare the minor using the "Declare a Minor" button on the program's website. If you have questions about the minor before then, contact let-sci@uwm.edu.

## Political Science, PhD

The Department of Political Science offers graduate programs of study in political science with concentrations in five fields: American politics; comparative politics; international relations; political theory; and public administration and public policy.

The master's program is designed to provide students with a basic grounding in the scope and methodology of the discipline, while at the same time allowing maximum flexibility in developing a program of study that will meet students' career objectives. It is recommended that students preparing themselves for PhD work emphasize empirical theory, quantitative skills and strategies and techniques of conducting research. Students may select coursework to help them prepare for such career fields as governmental service, public and private education, community service, and private industry. In developing an appropriate and coherent program of study, each graduate student works closely with the major professor and committee of advisors.

The Department accommodates the master's student who attends part time by scheduling sufficient graduate-level courses in the late afternoons and evenings to enable the student to earn a master's degree through part-time attendance.

In the PhD program the departmental emphasis is on conceptual and quantitative work. The Department requires that the student be broadly trained and accordingly encourages each student to take advantage of offerings in related disciplines to strengthen expertise in political change. The graduate of the program is qualified for a career in university teaching, in government service or in the private sector where the analytical skills and knowledge of the social scientist are required. Graduate degrees are conferred on the basis of a level of achievement which is acquired by independent reading and research as well as by taking courses. They are never conferred solely on the basis of prescribed courses and residency requirements.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus these departmental requirements to be considered for admission to the program:

1. Evidence of a high standard of achievement in bachelors or previous graduate work.
2. Three letters of recommendation from people familiar with the applicant's scholastic ability and achievements.
3. Personal statement of research interests and how UWM's Political Science Department will help you meet your career and educational goals.
4. Writing sample.

Submission of GRE scores is encouraged (official or unofficial), but not required.

## Credits and Courses

Minimum degree requirement is 54 graduate credits beyond the bachelor's degree, 27 of which must be earned in residence at UWM at the doctoral level.

### Distribution Requirement

To ensure broad exposure to the discipline, students must take a minimum of three courses outside of their prelim fields, at least two of which must be in a single field. Courses used to satisfy this requirement must be taken from the departmental offerings in the four substantive fields described below. Courses that bridge two or more fields of study cannot be used to satisfy this requirement if one of those fields falls within a student's prelim areas.

All courses taken to satisfy the distribution requirement must be political science courses numbered 700 or above.

## Core Research Requirements

Attainment of the PhD denotes a high level of competence in research skills relevant to the discipline of political science. Thus, all students must complete the core departmental research seminars. Since skills learned in these courses are important elements in dealing successfully with subject matter presented in other seminars, students should enroll in these seminars immediately upon entering the graduate program.

Code	Title	Credits
<b>Research Methodology</b>		<b>12</b>
POL SCI 700	Scope and Methods of Political Science	
POL SCI 701	Techniques of Political Science Research	
POL SCI 702	Advanced Techniques of Political Science Research	
POL SCI 935	Seminar in Advanced Political Science Methodology <sup>1</sup>	
<b>Courses in two prelim fields</b>		<b>32</b>
<b>Distribution Requirement</b>		<b>9</b>
Minimum three courses outside prelim fields (At least two in a single field)		
POL SCI 990	Research and Thesis	1-3
<b>Total Credits</b>		<b>54-56</b>

<sup>1</sup> Students using a course from outside the Department of Political Science to satisfy this requirement may enroll on a "Credit/No Credit" basis, where the grade of "Credit" demonstrates satisfactory completion of the requirement. Upon successful petition to the departmental Graduate Committee, a student may gain exemption from this requirement, based on coursework completed in the five years prior to entering the graduate program. Students who receive this exemption must still complete at least 27 credits in residence. Credits earned to meet the research requirement may count toward the 54 credits of work required for the PhD if they carry graduate credit and are taken for a grade.

In some cases, competence in foreign language skills is necessary for significant disciplinary research. Students may fulfill the research requirements beyond the above seminars through demonstration of a reading knowledge of one foreign language. Competence is established through examination, by an appropriate UWM language department. The student must perform at a level equivalent to six semesters of college-level work in the language.

## Additional Requirements

### Major Professor as Advisor

The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. The incoming student is advised by the Director of Graduate Studies; as that student develops specialized interests within the discipline, the student selects a major professor from within that area of specialization.

### Areas of Concentration

In consultation with the major professor students plan a program of studies through which a high level of competence is gained in two substantive fields (hereafter referred to as "major" or "prelim" fields). The department offers four fields of study:

- American Politics
- Comparative Politics
- International Relations
- Political Theory

Competence in these fields is demonstrated by a written and oral preliminary examination. In addition to the fields listed above, students may petition the graduate committee to be examined in an alternative field. This must be a coherent field that is not covered by one of the existing prelim areas.

## Evaluation of Student Progress

The Department annually evaluates the progress of each student, in order to identify areas of strength and weakness as an aid to the student and the student's major professor in planning the program of study. This evaluation is also used to determine whether or not the student should be encouraged to pursue further graduate work.

## Residence

The student must meet minimum Graduate School residence requirements.

## Doctoral Preliminary Examination

The student must pass a doctoral written and oral preliminary examination covering both of their fields of study. The preliminary exam is taken during the semester following the completion of coursework.

## Dissertation

The candidate, working under the supervision of the major professor and the candidate's dissertation committee, must write an acceptable dissertation. A dissertation prospectus must be written during the last semester of coursework and will be defended at the end of the following semester as part of the preliminary examination. Guidelines for preparation of the dissertation are available from the Graduate School.

## Dissertation Defense

The candidate must, as a final step toward the degree, pass an oral examination in defense of the dissertation. The candidate who does not successfully defend a thesis within five years of admission to candidacy may be required to take another comprehensive preliminary examination and be readmitted to candidacy.

## Time Limit

All degree requirements must be completed within ten years from the date of initial enrollment in the doctoral program.

## Pre-Professional Programs

Pre-Professional Programs refers to any program that prepares students for professional graduate school such as a medical school, law school, or dental school.

Specialized advisors are available for each of the programs listed on the Programs tab (p. 1245) of this page. These advisors help students with course planning and other advice related to the elements needed to be a successful applicant to these competitive graduate programs. Depending on the graduate program, students will need to dedicate time and effort during college to obtain the necessary hands-on experience through volunteer work, internships, or part-time jobs. Early planning is essential for anyone who is considering a graduate professional school, and it is

advised that students meet with the pre-professional advisor beginning in freshman year.

## Programs

- Other Pre-Professional Health Study (p. 1245)
- Pre-Anesthesiologist Assistant (p. 1245)
- Pre-Chiropractic (p. 1246)
- Pre-Dentistry (p. 1247)
- Pre-Law (p. 1248)
- Pre-Medicine (p. 1248)
- Pre-Optometry (p. 1249)
- Pre-Pathologist Assistant (p. 1250)
- Pre-Pharmacy (p. 1251)
- Pre-Physician Assistant (p. 1252)
- Pre-Podiatry (p. 1253)
- Pre-Veterinary Medicine (p. 1254)

## Other Pre-Professional Health Study

Students interested in chiropractic medicine, optometry, physician assistant, and podiatry careers can fulfill the admission requirements of these professional programs in the College of Letters and Science. Information concerning these requirements and the admission tests for the professional schools is available in the Student Academic Services office. Call (414) 229-4654 to schedule an appointment with the appropriate advisor.

## Pre-Anesthesiologist Assistant

An anesthesiologist assistant holds a similar role to physician assistants who aide doctors. Anesthesiologist assistants specifically help anesthesiologists during pre-op, surgery, and post-op. Common job duties include taking health histories from patients, performing physical exams, diagnostic testing, catheterization, administering and monitoring anesthesia, post-op monitoring, life support, documentation, and reporting.

To become an anesthesiologist assistant, students must complete a four-year bachelor's degree with a rigorous science and math curriculum that is very similar to a pre-med path. After college, students must be admitted to an anesthesiologist assistant master's program which takes an additional two years to complete. The master's program includes advanced course work in physiology, pharmacology, anatomy and biochemistry and how that knowledge is applied when working with the cardiovascular, respiratory, renal, nervous and neuromuscular systems of the human body. In addition, clinical training is provided within the master's program that includes training and practice in patient care.

Admission to these graduate programs is very competitive. There are only 12 accredited programs in the U.S. and most schools bring in fewer than 20 students per year. Typically students will have earned a 3.6 GPA or higher while in college, and will have scored above the 70th percentile on the standardized test for graduate school. Some anesthesiologist assistant schools require the MCAT exam, while others require the GRE, either of which is usually taken the latter half of junior year.

In addition to strong academic credentials, most anesthesiology assistant programs will require students to have completed a number of hours of job shadowing. Other related healthcare experience through volunteer work, part-time jobs, or research internships can also enhance a

student's application to anesthesiologist assistant school. Students who declare an intention to take a pre-anesthesiologist assistant track will be assigned an advisor who specializes in advising pre-health students and can assist with finding these types of opportunities.

Anesthesiologist assistant schools do not require any specific major but do expect that students will have taken the necessary preparatory math and science coursework needed to succeed in their program. This includes multiple courses in chemistry, organic chemistry, and biochemistry; multiple classes in biological sciences including genetics and anatomy; math, generally through the first semester of calculus; and statistics. Some physics is also required. Because of the heavy emphasis on biology and chemistry, many students choose to major in biology, chemistry, or biochemistry, but that is not a requirement. As long as a student takes the required preparatory coursework, he/she can major in any subject area.

Because science coursework is very sequential and must be taken in a specific order, students interested in pre-anesthesiologist assistant should express their intentions early so that the advisor can help the student with course selection. Taking the right courses beginning in freshman year is vital to staying on track and avoiding a delay in graduation.

## Requirements

Entrance to an anesthesiologist assistant program is very competitive – there are only 12 programs in the United States. Students are advised to work closely with the advisor for the pre-anesthesiologist assistant program to ensure they are able to present the strongest possible application packet with exceptional grades, standardized test scores, and experiential learning.

Nearly all anesthesiologist assistant schools require that applicants take the Medical College Admission Test (MCAT). Students normally should arrange to take this test at the end of their junior year. The advisor can provide information regarding the administration of this test.

Minimal coursework preparation while in college would include:

- One year of English
- Math through one semester of calculus
- Two to two and one-half years of chemistry, including inorganic, organic, and biochemistry
- Two years of biology, including anatomy and physiology
- One year of physics

Effective 2015, the MCAT added a social/behavioral science component and additional chemistry. To be well prepared for the MCAT, students are advised to complete PSYCH 101, SOCIOL 101, and PH 101 (as well as other courses selected in consultation with the pre-anesthesiologist assistant advisor) and CHEM 501. Other classes, such as Communication, are more frequently being strongly recommended by various graduate healthcare programs.

Code	Title	Credits
<i>Recommended Science Courses</i>		
BIO SCI 150	Foundations of Biological Sciences I	4
BIO SCI 152	Foundations of Biological Sciences II	4
BIO SCI 202	Anatomy and Physiology I	4
BIO SCI 203	Anatomy and Physiology II	4
BIO SCI 315	Cell Biology	3

BIO SCI 325	Genetics	4
BIO SCI 383	General Microbiology	4
CHEM 102	General Chemistry	5
CHEM 104	General Chemistry and Qualitative Analysis	5
CHEM 343	Organic Chemistry	3
CHEM 344	Organic Chemistry Laboratory	2
CHEM 345	Organic Chemistry	3
CHEM 501	Introduction to Biochemistry	3
PHYSICS 120	General Physics I (Non-Calculus Treatment)	4
PHYSICS 121	General Physics Laboratory I (Non-Calculus Treatment)	1
PHYSICS 122	General Physics II (Non-Calculus Treatment)	4
PHYSICS 123	General Physics Laboratory II (Non-Calculus Treatment)	1

Although the courses listed above are mandatory for admission to almost all anesthesiologist assistant schools, the rest of the program can be whatever the student wishes. Students are not required to major in biology, chemistry, or biochemistry in order to gain admission to anesthesiologist assistant school, though many choose to do so.

## Pre-Chiropractic

The U.S. Bureau of Labor Statistics projects an above average increase in employment opportunities for chiropractors. As alternative medicine becomes more acceptable and the population ages, it is expected that the profession will grow by 10 percent from 2020 to 2032. Students can expect to spend three-and-a-half years in chiropractic school after the completion of four years of college.

Chiropractors diagnose and treat patients with health problems related to the body's muscular, nervous, and skeletal system, particularly the spine. They view their patients as an integrated being and do not use drugs or surgery. The chiropractic theory states that there are many factors that affect our health, including heredity, type of exercise, environmental surroundings, dietary habits and rest.

Common tasks for a chiropractor include patient examination, analysis of posture and spine position, spinal and joint adjustments, application of heat and ice treatments, and patient lifestyle counseling. Some chiropractors use acupuncture, massage therapy, and ultrasound if they have received such training.

Pre-Chiropractic is not a major, and students must still choose a major. Since most of the pre-requisites necessary for application to Chiropractic school are in the sciences, many students choose a science major, though it is not required. Our specialized pre-chiropractic advisor works with students to ensure they understand all of the milestones that must be met in college in order to be a competitive applicant to Chiropractic school. A significant number of volunteer or work hours is often a requirement for application to Chiropractic school so it is important to work with this advisor beginning in freshman year in order to plan all needed activities into your college career.

UWM partners closely with three chiropractic colleges: Palmer College of Chiropractic in Davenport, Iowa; Cleveland Chiropractic College in Overland Park, Kansas; and Northwestern Health Sciences University in Bloomington, Minnesota. UWM students who meet certain academic

standards may qualify for guaranteed admission at these institutions. Students are encouraged to work closely with the pre-chiropractic advisor in order to plan early for this transition and to understand the specific requirements of these schools. There are no chiropractic graduate programs in the State of Wisconsin.

A suggested timeline is also available from the advisor to help you plan preparatory activities throughout your four years in college.

## Requirements

Entrance to a chiropractic program is very competitive. Although specific admission requirements may vary among programs, the following minimum standards generally apply:

- 90 completed undergraduate credits
- Overall GPA of 3.00 or higher
- 30+ credits at the 300+ level
- 24 credits in the natural sciences, half with lab work

Other common course requirements include (but are not limited to) the following: anatomy and physiology, cell biology, biochemistry, math statistics, nutrition, kinesiology, genetics, psychology, microbiology, immunology, and toxicology. Due to the variance in admission requirements, it is strongly recommended that students consult with the pre-chiropractic advisor every semester.

Recommended coursework includes:

Code	Title	Credits
One year (two semesters) general biology with lab:		8
BIO SCI 150 & BIO SCI 152	Foundations of Biological Sciences I and Foundations of Biological Sciences II	
One year (two semesters) general chemistry with lab:		10
CHEM 102 & CHEM 104	General Chemistry and General Chemistry and Qualitative Analysis	
One year (two semesters) organic chemistry with lab:		8
CHEM 343	Organic Chemistry	
CHEM 344	Organic Chemistry Laboratory	
CHEM 345	Organic Chemistry	
One year (two semesters) physics with lab:		10
Option 1:		
PHYSICS 120 & PHYSICS 121	General Physics I (Non-Calculus Treatment) and General Physics Laboratory I (Non-Calculus Treatment)	
PHYSICS 122 & PHYSICS 123	General Physics II (Non-Calculus Treatment) and General Physics Laboratory II (Non-Calculus Treatment)	
Option 2:		
PHYSICS 209 & PHYSICS 214	Physics I (Calculus Treatment) and Lab Physics I (Calculus Treatment)	
PHYSICS 210 & PHYSICS 215	Physics II (Calculus Treatment) and Lab Physics II (Calculus Treatment)	

Other common course requirements include (but are not limited to) the following: anatomy and physiology, cell biology, biochemistry, math

statistics, nutrition, kinesiology, genetics, psychology, microbiology, immunology, and toxicology.

Due to the variance in admission requirements, it is strongly recommended that students consult with the pre-chiropractic advisor every semester.

## Pre-Dentistry

The U.S. Bureau of Labor Statistics projects faster than average growth in dentistry, particularly as more links are identified between oral health and overall health. Students can expect to spend four years in dental school after the completion of four years of college.

If you are considering dental school, UWM will provide you with a solid foundation to help you reach your goal. There are 72 dental schools in the United States, only one of which is in Wisconsin at Marquette University. The application process is competitive so it is important that pre-dental students begin careful planning of their academic career during the freshman year. Requirements vary among dental schools, making early planning in consultation with a pre-dental advisor vital.

Dental schools require a minimum of 90 completed college credits. It is possible, though highly rare, to enter dental school without earning a bachelor's degree. The vast majority of students complete their bachelor's degree before proceeding to dental school.

It is recommended that students obtain some hand-on exposure to the dental profession prior to dental school, either through volunteer or internship opportunities, or paid work at a dental practice or community dental clinic.

Pre-Dental is not a major, and students must still choose a major. Since most of the pre-requisites necessary for application to dental school are in the sciences, many students choose a science major, though it is not required. Our specialized pre-dental advisor works with students to ensure they understand all of the milestones that must be met in college in order to be a competitive applicant to dental school. A significant number of volunteer or work hours is often a requirement for application to dental school so it is important to work with this advisor beginning in freshman year in order to plan all needed activities into your college career.

A suggested timeline is also available from the advisor to help you plan preparatory activities throughout your four years in college.

## Requirements

Most schools of dentistry require a minimum of three years of undergraduate work, however, it is becoming less common for students to leave college without finishing their bachelor's degree.

The 90 credits required for admission to most schools of dentistry include the following courses:

- 1 year of English;
- 2-2.5 years of chemistry, including inorganic chemistry, organic chemistry, and biochemistry;
- 1 year of biology (more is advised); and
- 1 year of physics.

Most dental schools require mathematics at least through pre-calculus. All science courses must include laboratory work. In addition, students

are advised to take elective credits to ensure a broad liberal arts education.

Students must achieve satisfactory scores on the Dental Admission Test (DAT) to be a competitive applicant for dental school. The Pre-Dental Advisor can provide information regarding the administration of this test.

## Science Courses That Satisfy Dental School Admission Requirements

Code	Title	Credits
<b>Biological Sciences</b>		
BIO SCI 150	Foundations of Biological Sciences I	4
BIO SCI 152	Foundations of Biological Sciences II	4
Select one of the following:		3-4
BIO SCI 315	Cell Biology	
BIO SCI 325	Genetics	
BIO SCI 383	General Microbiology	
<b>Chemistry</b>		
CHEM 102	General Chemistry	5
CHEM 104	General Chemistry and Qualitative Analysis	5
CHEM 343	Organic Chemistry	3
CHEM 344	Organic Chemistry Laboratory	2
CHEM 345	Organic Chemistry	3
CHEM 501	Introduction to Biochemistry	3
<b>Physics</b>		
Select one of the following options:		10
Option 1:		
PHYSICS 120 & PHYSICS 121	General Physics I (Non-Calculus Treatment) and General Physics Laboratory I (Non-Calculus Treatment)	
PHYSICS 122 & PHYSICS 123	General Physics II (Non-Calculus Treatment) and General Physics Laboratory II (Non-Calculus Treatment)	
Option 2:		
PHYSICS 209 & PHYSICS 214	Physics I (Calculus Treatment) and Lab Physics I (Calculus Treatment)

Option 3:		
PHYSICS 219	Physics I: Calculus-Based, Studio Format	
PHYSICS 220	Physics II: Calculus-Based, Studio Format	
<b>Total Credits</b>		<b>42-43</b>

## Pre-Law

Pre-law studies and a law degree are flexible programs. While many individuals take a traditional path and become practicing attorneys, many others use their legal training to work in business or other professions. To become a licensed attorney, three years of law school is required beyond college leading to the Juris Doctor (JD) degree.

Preparation for law school is a continuous process. It involves planning an undergraduate program that develops the skills necessary for the successful study of law; learning about the law profession and career options; and participating in activities (extracurricular, volunteer, internships, related employment) that enhance and build on classroom learning.

Skills deemed most essential by law schools are written and verbal communication abilities, an organized and logical thought process, analytical reasoning, research, and strong habits of thoroughness, tenacity, and intellectual curiosity.

Students are advised to choose a major that features the qualities that law schools are seeking. Common majors for students interested in going on to law school are political science, philosophy, history, and English, but a student from any major can go on to law school.

Two factors play primary roles in determining admission to law schools:

- academic performance as measured by the grade point average, and
- score on the LSAT

The quality and rigor of the undergraduate program also will be considered.

There is no specific major or set of courses required of pre-law students.

Students are advised to choose a major that features the qualities that law schools are seeking. Common majors for students interested in going on to law school are political science, philosophy, history, and English, but a student from any major can go on to law school.

## Pre-Medicine

The U.S. Bureau of Labor Statistics projects shortages across health care professions, including physicians. Some specialties, including primary care, will face severe shortages in the next five to twenty years. To practice medicine, further education and training are required, ranging from 4 to 8 years of additional schooling and training after college.

If you are considering medical school after college, UWM will provide you with an excellent foundation to help you reach your goal. Admission to medical school is a highly competitive process, and students must demonstrate very strong academic performance as well as provide evidence that they have engaged in health-related work experiences to meet the rigorous admission standards of medical school. UWM graduates have consistently been admitted to medical schools at a rate equal to or greater than the national average; many UWM Pre-Medical students have gone on to attend top-ranked medical schools and fulfilling careers in different medical specialties.

Medical schools do not require any specific major. What they do expect, however, is that students will have taken the necessary preparatory science classes to prepare for the demands of medical school. Because of the number of biology and chemistry classes that need to be taken, most students choose to major in biology, chemistry, biochemistry, or neuroscience, but this is not a requirement. As long as a student takes the required coursework, they can major in any subject area.

Many individuals feel a calling to the medical profession after they have graduated and been working in another profession. Individuals in this situation who did not major in a science field while in college or who have low grades in previous science education will maximize their opportunity

to become an admissible medical school candidate by re-taking science courses or by returning to school for a full major in a related science.

A significant number of volunteer or work hours is also often a requirement for application to medical school so it is important to work with the Pre-Medical advisor beginning in freshman year or upon entry to the certificate program in order to plan all needed activities into your college career.

## Requirements

The application process for medical school is highly competitive. Students are advised to work closely with the pre-med advisor to ensure they are able to present the strongest possible application packet for medical school with exceptional grades, standardized test scores, and experiential learning.

Nearly all medical schools require that applicants take the Medical College Admission Test (MCAT). Pre-Medical students normally should arrange to take this test at the end of their junior year. The Pre-Medical advisor can provide information regarding the administration of this test.

Most medical schools consider the following as minimal preparation for admission:

- One year of English;
- mathematics at least through pre-calculus;
- Two to two-and-a-half years of chemistry, including inorganic chemistry, organic chemistry, and biochemistry;
- One year of biology (more is advised); and
- One year of physics.

For most medical schools, science courses must include laboratory work.

Effective 2015, the MCAT added a social/behavioral science component and additional chemistry. To be well prepared for the MCAT, students are advised to complete PSYCH 101, SOCIOL 101, and PH 101 (as well as other courses selected in consultation with the premed advisor) and CHEM 501. Other classes, such as Communication, are more frequently being strongly recommended or required by various medical schools.

Some medical schools specify additional courses as part of the minimal preparation for admission. Calculus frequently is required or recommended. Therefore, Pre-Medical students should ascertain the specific requirements of the schools to which they intend to apply and plan their undergraduate programs accordingly. A list of all medical college admission requirements is located in the College advising office.

## Science Courses that Satisfy Medical School Admission Requirements

Code	Title	Credits
BIO SCI 150	Foundations of Biological Sciences I	4
BIO SCI 152	Foundations of Biological Sciences II	4
One advanced course in Biological Sciences with lab		4-5
CHEM 102	General Chemistry	5
CHEM 104	General Chemistry and Qualitative Analysis	5
CHEM 343	Organic Chemistry	3
CHEM 344	Organic Chemistry Laboratory	2
CHEM 345	Organic Chemistry	3

CHEM 501	Introduction to Biochemistry (required at UW-Madison Medical School)	3
Math (required at the Medical College of Wisconsin)		4
Select one of the following options:		10
Option 1:		
PHYSICS 120 & PHYSICS 121	General Physics I (Non-Calculus Treatment) and General Physics Laboratory I (Non-Calculus Treatment)	
PHYSICS 122 & PHYSICS 123	General Physics II (Non-Calculus Treatment) and General Physics Laboratory II (Non-Calculus Treatment)	
Option 2:		
PHYSICS 209 & PHYSICS 214	Physics I (Calculus Treatment) and Lab Physics I (Calculus Treatment)	
PHYSICS 210 & PHYSICS 215	Physics II (Calculus Treatment) and Lab Physics II (Calculus Treatment)	
Option 3:		
PHYSICS 219	Physics I: Calculus-Based, Studio Format	
PHYSICS 220	Physics II: Calculus-Based, Studio Format	
Statistics: Any statistics course (required at UW-Madison Medical School)		3
<b>Total Credits</b>		<b>50-51</b>

Although the courses listed above are mandatory for admission to almost all American medical schools, the rest of the program can be whatever the student wishes. Students are not required to major in biology, chemistry, or biochemistry in order to gain admission to medical school, though many choose to do so.

## Pre-Optometry

Employment of optometrists is expected to grow over the next decade as the population ages, but it is still a small and competitive profession. Optometry school requires four years of additional schooling after college.

Undergraduate preparation for the study of optometry requires a strong foundation in science and mathematics. UWM offers all of the prerequisites needed to apply to one of the 24 accredited optometry programs in the United States. There are no optometry programs in Wisconsin; the closest one is in Chicago. Although it is possible to enter an optometry program after completing the necessary science and math courses but before earning the bachelor's degree, it is a highly-rare situation. The majority of students accepted into optometry programs have completed their bachelor's degree.

Pre-Optometry is not a major, and students must still choose a major. Since most of the pre-requisites necessary for application to optometry school are in the sciences, many students choose a science major such as biology, though it is not required. Our specialized pre-optometry advisor works with students to ensure they understand all of the milestones that must be met in college in order to be a competitive applicant to optometry school. A significant number of volunteer or work hours is often a requirement for application to optometry school so it is

important to work with this advisor beginning in freshman year in order to plan all needed activities into your college career.

## Requirements

Entrance to an optometry program is very competitive. Applicants must take the Optometry Admission Test (OAT). The OAT is a standardized examination designed to measure general academic ability and comprehension of scientific information. At least one year of college education, which should include courses in biology, general chemistry, organic chemistry, and physics, is required prior to taking the OAT. Most students, however, elect to complete two or more years of college prior to taking the exam in order to be better prepared.

Due to the variance in admission requirements, it is recommended that students consult with the Pre-Optometry Advisor every semester.

Although specific admission requirements may vary among programs, recommended coursework includes:

Code	Title	Credits
BIO SCI 150 & BIO SCI 152	Foundations of Biological Sciences I and Foundations of Biological Sciences II	8
BIO SCI 202 & BIO SCI 203	Anatomy and Physiology I and Anatomy and Physiology II	8
Select a Microbiology course		
Select a Biochemistry course		
CHEM 102 & CHEM 104	General Chemistry and General Chemistry and Qualitative Analysis	10
CHEM 343	Organic Chemistry	3
CHEM 344	Organic Chemistry Laboratory	2
CHEM 345	Organic Chemistry	3
Select one of the following options:		10
Option 1:		
PHYSICS 120 & PHYSICS 121	General Physics I (Non-Calculus Treatment) and General Physics Laboratory I (Non- Calculus Treatment)	
PHYSICS 122 & PHYSICS 123	General Physics II (Non-Calculus Treatment) and General Physics Laboratory II (Non- Calculus Treatment)	
Option 2:		
PHYSICS 209 & PHYSICS 214	Physics I (Calculus Treatment) and Lab Physics I (Calculus Treatment)	
PHYSICS 210 & PHYSICS 215	Physics II (Calculus Treatment) and Lab Physics II (Calculus Treatment)	
Select a Calculus course		
Select a Statistics course		
PSYCH 101	Introduction to Psychology	3
<b>Total Credits</b>		<b>47</b>

Other common course requirements include, but are not limited to and may vary by program: anatomy and physiology, cell biology, molecular biology, and immunology.

## Pre-Pathologist Assistant

Pathologists' assistant is a small but growing career track for students interested in the medical field, specifically pathology. Similar to how a physician assistant helps doctors, pathologists' assistants help pathologists with the tasks of their job. Duties may include gross examination and description of surgical specimens, assistance with intraoperative consultations, autopsies, laboratory management, data compilation and reporting, research, and inventory and lab maintenance according to industry standards. A pathologists' assistant can be found working in community and university hospitals, private laboratories, medical schools, morgues, and medical examiner offices.

The pathway to becoming a pathologists' assistant includes a four-year undergraduate (bachelor's) degree, followed by a two-year graduate program (master's) that includes both classroom education in medicine and pathology as well as clinical training. Admission to these graduate programs is very competitive, and there are only 13 pathologists' assistant master's programs in the U.S. There is one master's program in Wisconsin at Carroll University in Waukesha.

Typically students will have earned a 3.6 GPA or higher while in college, and will have scored above the 70th percentile on the standardized test for graduate school. Some pathologists' assistant schools require the MCAT exam, while others require the GRE, either of which is usually taken the latter half of junior year.

In addition to strong academic credentials, pathologists' assistant programs will be looking to see whether you have accumulated significant experience related to pathology while in college as part of their admissions process. This can include internships, lab work, related research projects, job shadowing, or part-time jobs. Students who declare an intention to take a pre-pathologists' assistant track will be assigned an advisor who specializes in advising pre-health students and can assist with finding these types of opportunities.

Pathologists' assistant schools do not require any specific major but do expect that students will have taken the necessary preparatory math and science coursework needed to succeed in their program. This includes multiple courses in chemistry, organic chemistry, and biochemistry; multiple classes in biological sciences including genetics and anatomy; math, generally through the first semester of calculus; and statistics. For this reason, many students choose to major in biology, chemistry, or biochemistry, but that is not a requirement. As long as a student takes the required preparatory coursework, they can major in any subject area.

Because science coursework is very sequential and must be taken in a specific order, students interested in pre-pathologists' assistant should express their intentions early so that the advisor can help the student with course selection. Taking the right courses beginning in freshman year is vital to staying on track and avoiding a delay in graduation.

## Requirements

Entrance to a pathologists' assistant program is very competitive – there are only 13 programs in the United States. Students are advised to work closely with the advisor for the program to ensure they are able to present the strongest possible application packet with exceptional grades, standardized test scores, and experiential learning.

Pathologists' assistant schools require that applicants take the Medical College Admission Test (MCAT) or the Graduate Record Exam (GRE). Students normally should arrange to take this test at the end

of their junior year. The advisor can provide information regarding the administration of one of these tests.

Minimal coursework preparation while in college would include:

- One year of English
- Math through precalculus and statistics
- Two to two and one-half years of chemistry, including inorganic, organic, and biochemistry
- Two and one-half years of biology, including anatomy and physiology and microbiology

Code	Title	Credits
<i>Recommended Science Courses</i>		
BIO SCI 150	Foundations of Biological Sciences I	4
BIO SCI 152	Foundations of Biological Sciences II	4
BIO SCI 202	Anatomy and Physiology I	4
BIO SCI 203	Anatomy and Physiology II	4
An additional upper level lab course in Biological Sciences		3-4
CHEM 102	General Chemistry	5
CHEM 104	General Chemistry and Qualitative Analysis	5
CHEM 343	Organic Chemistry	3
CHEM 344	Organic Chemistry Laboratory	2
CHEM 345	Organic Chemistry	3
CHEM 501	Introduction to Biochemistry	3

The courses listed above are mandatory for admission to almost all pathologists' assistant schools. Some of these graduate programs require that students major in a science while in college; others leave open the possibility of majoring in something else as long as the necessary science coursework is taken.

## Pre-Pharmacy

Following very rapid growth between 2010 and 2020, job openings for pharmacists are expected to increase by around 3% from 2021 through 2031, on par with other occupations. Entry level salaries average around \$125,000 depending on the area of the country and the type of setting (e.g. chain pharmacy, hospital, clinic, research facility, etc.).

The path to becoming a pharmacist begins with undergraduate study of biology and chemistry. Many students will complete a full bachelor of science degree typically in biology, chemistry or biochemistry and then move on to the Doctor of Pharmacy degree (PharmD), the professional graduate degree needed to enter the profession. Some students will be accepted to a PharmD program early prior to finishing college and will proceed to that program before finishing the bachelor's degree. Students should talk with their advisor about the pros and cons of different timelines and discuss which option is best for their own situation.

The PharmD portion of the program is four years so it takes between 6 and 9 years total of schooling to become a pharmacist. Entrance to pharmacy school is competitive - grades in science and math classes during college are an important factor and some pharmacy schools require a standardized admissions test (PCAT) with strong scores. Experience during college also matters. Strong applicants will have worked, volunteered, or interned in a pharmaceutical setting during college.

UWM offers all of the prerequisite coursework necessary for students to apply to professional pharmacy schools, the "pre-pharmacy" part of student's education. But UWM does not have a PharmD program and students will have to attend another university for that portion of their education.

We also have dual admission and early admission partnerships with four Pharm.D. schools: Midwestern University College of Pharmacy, University of Wisconsin-Madison, Concordia University Wisconsin, and the Medical College of Wisconsin.

1. The Midwestern University program offers two options. Track 1 offers dual admission to UWM's pre-pharmacy program and Midwestern University's Pharm.D. program while still a high school senior. In this program, a student would complete two years of science coursework at UWM before completing three and a half years at Midwestern. Application occurs during senior year in high school. Track 2 offers early admission to UWM freshmen on a pre-pharmacy track. Students have up to three years total (counting the freshman year at UWM) to complete the pre-pharmacy coursework at UWM which is followed by three years at Midwestern. Application occurs immediately at the end of freshman year at UWM. Read more about the dual acceptance program with Midwestern University (<https://www.midwestern.edu/academics/degrees-programs/doctor-pharmacy-program/college-pharmacy-downers-grove/dual-acceptance-program-il/>).
2. The University of Wisconsin-Madison's Early Assurance program is available to high school seniors and at all UW campuses that offer the bachelor's degree including UWM. College freshmen at UWM must apply no later than the end of their first semester of freshman year. Students who are accepted to the program can transition to Madison's pharmacy program as soon as all prerequisites are completed whether the bachelor's degree is completed or not. More information about the program, including the application steps, is available at PharmD Early Assurance (EA) Program – School of Pharmacy ([wisc.edu](http://wisc.edu)) ([https://pharmacy.wisc.edu/academics/pharmd/early-assurance/?utm\\_campaign=Early%20Assurance%20-%20Fall%202024&utm\\_medium=email&\\_hsmi=262411440&hsenc=p2ANqtz-wk3g76XkGAYBkx5ed9FbAdsB4o1YTV34BWfcC7i6-JO-ht7ZOQppAV4ex\\_Zbw2Lh3lxoeSm6il6OJyMw1EKf9nyYg&utm\\_content=262395](https://pharmacy.wisc.edu/academics/pharmd/early-assurance/?utm_campaign=Early%20Assurance%20-%20Fall%202024&utm_medium=email&_hsmi=262411440&hsenc=p2ANqtz-wk3g76XkGAYBkx5ed9FbAdsB4o1YTV34BWfcC7i6-JO-ht7ZOQppAV4ex_Zbw2Lh3lxoeSm6il6OJyMw1EKf9nyYg&utm_content=262395)).
3. The 3+4 Accelerated Program with Concordia University allows students who meet the program's requirements to spend three years at UWM and four years at Concordia in their PharmD program and still earn a bachelor's degree. Some Concordia credits will transfer back to UWM and count towards a bachelor's degree in biology from biology. Speak with the pre-pharmacy advisor during the first semester of freshman year to review the specific academic milestones that must be met to join the program.
4. The Early Assurance Direct Admission program with the Medical College of Wisconsin accepts applications from UWM freshmen and sophomores. The deadline to apply is the end of January of a student's sophomore year. Students accepted to the program must complete three years (90 credits) at UWM with a minimum 3.0 cumulative GPA and then will enter the PharmD program at the Medical College of Wisconsin (MCW). Some MCW credits will transfer back to UWM to count for a bachelor's degree in biology, microbiology, or biochemistry. Interested students should speak with the pre-pharmacy advisor during their freshman year to review the specific academic milestones that must be met and to determine which undergraduate major is best for them.

All students who indicate an interest in pre-pharmacy on their application for admission will be assigned to a pre-pharmacy advisor. We recommend students begin meeting with this advisor as soon as freshman year in order to plan all needed activities into your college career.

## Requirements

Entrance to pharmacy school is very competitive and requires strong grades and satisfactory scores on the Pharmacy College Admission Test (PCAT). Due to the variance in admission requirements, it is very important that students consult with the pre-pharmacy advisor every semester.

Although specific admission requirements may vary among schools, below are some common course requirements among many pharmacy schools:

Code	Title	Credits
BIO SCI 150 & BIO SCI 152	Foundations of Biological Sciences I and Foundations of Biological Sciences II	8
CHEM 102 & CHEM 104	General Chemistry and General Chemistry and Qualitative Analysis	10
CHEM 343	Organic Chemistry	3
CHEM 344	Organic Chemistry Laboratory	2
CHEM 345	Organic Chemistry	3
Select one of the following sequences:		5
PHYSICS 120 & PHYSICS 121	General Physics I (Non-Calculus Treatment) and General Physics Laboratory I (Non-Calculus Treatment)	
PHYSICS 209 & PHYSICS 214	Physics I (Calculus Treatment) and Lab Physics I (Calculus Treatment)	
Select one of the following:		4-5
MATH 231	Calculus and Analytic Geometry I	
MATH 221	Honors Calculus I	
MATH 211	Survey in Calculus and Analytic Geometry I <sup>1</sup>	

Other common course requirements include (but are not limited to) the following:

Code	Title	Credits
ENGLISH 101 & ENGLISH 102	Introduction to College Writing and College Writing and Research	6
BIO SCI 202 & BIO SCI 203	Anatomy and Physiology I and Anatomy and Physiology II	8
BIO SCI 101 or BIO SCI 383	General Survey of Microbiology <sup>2</sup> or General Microbiology	4
CHEM 501	Introduction to Biochemistry	3
MTHSTAT 215 or BIO SCI 465	Elementary Statistical Analysis or Biostatistics	3
Coursework in social sciences:		
ECON 103 or ECON 104	Principles of Microeconomics or Principles of Macroeconomics	3
PSYCH 101	Introduction to Psychology	3

Additional coursework in the social sciences

Coursework in humanities (e.g., history, philosophy)

Coursework in communication:

COMMUN 101	Introduction to Interpersonal Communication	3
COMMUN 103	Public Speaking	3

Coursework designated as satisfying the cultural diversity requirement

<sup>1</sup> Not every pharmacy school will accept MATH 211.

<sup>2</sup> Or both BIO SCI 101 and BIO SCI 383 for 8 credits.

## Pre-Physician Assistant

Physician assistants work under the supervision of a physician or surgeon to provide direct patient care. They may perform exams, order diagnostic tests, prescribe medication, make diagnoses, provide treatments and assist with surgery. Like physicians, depending on the specialty, evening, weekend, and on-call hours may be a job expectation.

The job outlook for physician assistants is extremely favorable with expected growth in the profession of 27 percent from 2022 through 2032. The shortage of all types of healthcare professionals and the aging population will create more opportunities for physician assistants.

UWM offers all of the prerequisite coursework necessary for application to physician assistant (PA) programs throughout the country. The coursework is very similar to a pre-med program with coursework in sciences and math. Since this coursework is very sequential and each class builds upon a previous class, students should plan their schedules beginning in freshman year to ensure they can complete all of the requirements in a timely manner.

The graduate level schooling to become a PA (master's degree) takes two to three years after completion of four years of college (bachelor's degree).

Pre-PA is not a major at UWM, and students must still choose a major. Since most of the prerequisites necessary for application to physician assistant programs are in the sciences, many students choose a science major, though it is not required. The most common college majors for students planning a career as a physician assistant are biology, biochemistry, chemistry, or neuroscience. Our specialized pre-PA advisor works with students to ensure they understand all of the milestones that must be met in college in order to be a competitive applicant to a physician assistant program.

Many individuals feel a calling to a healthcare profession after they have graduated and been working in another profession. Individuals in this situation who did not major in a science field while in college or who have low grades in previous science education will maximize their opportunity to become an admissible PA school candidate by re-taking science courses or by returning to school for a full major in a related science.

A significant number of volunteer or healthcare-related work hours is also often a requirement for application to PA school so it is important to work with the Pre-PA advisor beginning in freshman year or upon entry to the certificate program in order to plan all needed activities into your college career.

## Requirements

Requirements for admission to PA programs vary widely. However, many PA programs consider the following as minimal preparation for admission:

- One year of English;
- Mathematics through pre-calculus and statistics;
- Two to three years of chemistry, including general, organic chemistry, and biochemistry; and
- Several biology courses (see below).

Physics is rarely required.

Many PA schools specify additional courses as part of the minimal preparation for admission. Therefore, pre-PA students should ascertain the specific requirements of the schools to which they intend to apply and plan their undergraduate programs accordingly.

### Courses That Typically Satisfy PA School Admission Requirements

Code	Title	Credits
BIO SCI 150	Foundations of Biological Sciences I	4
BIO SCI 152	Foundations of Biological Sciences II	4
BIO SCI 202	Anatomy and Physiology I <sup>1</sup>	4
BIO SCI 203	Anatomy and Physiology II <sup>1</sup>	4
BIO SCI 101 or BIO SCI 383	General Survey of Microbiology General Microbiology	4
CHEM 102	General Chemistry	5
CHEM 104	General Chemistry and Qualitative Analysis	5
CHEM 343	Organic Chemistry	3
CHEM 344	Organic Chemistry Laboratory	2
CHEM 345	Organic Chemistry	3
CHEM 501	Introduction to Biochemistry	3
PSYCH 101	Introduction to Psychology	3
HS 222	Language of Medicine <sup>2</sup>	3
Math – one semester of pre-calculus or calculus		4
Statistics – any statistics course		3

<sup>1</sup> Some PA schools may have a three- to five-year expiration date on anatomy and physiology coursework. Please consult with the pre-PA advisor and PA schools of choice regarding your individual circumstances.

<sup>2</sup> Some PA schools may have a five-year expiration date on medical terminology coursework. Please consult with the pre-PA advisor and PA schools of choice regarding your individual circumstances.

Although the courses listed above are often required for admission to almost all PA schools, the rest of the program can be whatever the student wishes. Students are not required to major in Biological Sciences or Chemistry in order to gain admission to PA school.

## Pre-Podiatry

Podiatry is a smaller specialty field within healthcare. The profession is expected to grow at an average rate over the next ten years.

Podiatrists, also known as doctors of podiatric medicine, diagnose and treat disorders, diseases, and injuries of the foot and lower leg to keep this part of the body working properly. Podiatrists may prescribe drugs, order physical therapy, set fractures and perform surgery as a routine part of their practice. Most podiatrists are in general practice; some specialize in surgery, orthopedics, primary care or public health. Podiatry school takes approximately four years of additional study and training after four years of college. At the end, students earn the Doctor of Podiatric Medicine (DPM) degree.

There are only ten accredited schools of podiatry in the United States, and it is very competitive to get accepted for one of the very few open seats. Students should work with the Pre-Podiatry advisor starting in freshman year to ensure that they are completing the right milestones to make themselves an attractive applicant to podiatry school. It is important to understand which classes podiatry schools expect students to take during college and what types of work experience podiatry schools expect students to have before leaving college.

Pre-Podiatry is not a major, and students must still choose a major. Since most of the prerequisites necessary for application to podiatry school are in the sciences, many students choose a science major, though it is not required. Biology or biochemistry are popular choices as a major to prepare for podiatry school. Our Pre-Podiatry advisor works with students to ensure they understand all of the milestones that must be met at UWM in order to be a competitive applicant to podiatry school.

## Requirements

UWM offers a special admission track to the Rosalind Franklin University of Medicine and Science Dr. William M. Scholl College of Podiatric Medicine (<https://www.rosalindfranklin.edu/academics/dr-william-m-scholl-college-of-podiatric-medicine/>). Students who successfully complete admission requirements are offered early review and preferential admission to the Doctor of Podiatric Medicine (DPM) program. In some instances, students may enter the DPM program after only three years of undergraduate study and transfer their first year of the DPM program back to UWM to complete their Bachelor's degree. Students who elect to follow a more traditional four-year plan are still given preferential admissions status.

In addition to the suggested coursework below, it is recommended that students take a few additional upper-level social/behavioral science courses.

### Suggested Classes

Code	Title	Credits
BIO SCI 150 & BIO SCI 152	Foundations of Biological Sciences I and Foundations of Biological Sciences II	8
CHEM 102 & CHEM 104	General Chemistry and General Chemistry and Qualitative Analysis	10
CHEM 343	Organic Chemistry	3
CHEM 344	Organic Chemistry Laboratory	2
CHEM 345	Organic Chemistry	3
PHYSICS 120 & PHYSICS 121	General Physics I (Non-Calculus Treatment) and General Physics Laboratory I (Non-Calculus Treatment)	5

PHYSICS 122 & PHYSICS 123	General Physics II (Non-Calculus Treatment) and General Physics Laboratory II (Non-Calculus Treatment)	5
ENGLISH 101	Introduction to College Writing	3
ENGLISH 102	College Writing and Research	3
COMMUN 103	Public Speaking	3
PSYCH 101	Introduction to Psychology	3
<b>Total Credits</b>		<b>48</b>

## Pre-Veterinary Medicine

Employment of veterinarians is expected to grow 20 percent from 2022 to 2032, much faster than the average for all occupations, according to the U.S. Bureau of Labor Statistics. Job opportunities will exist across all types of industries: government, farm animal care, research, agriculture, wildlife management, and small animal care. Veterinary education and training takes four to eight years after the completion of four years of college.

UWM offers all of the prerequisite coursework necessary for competitive application to schools of veterinary medicine. There are only 32 veterinary schools in the United States. The application process is extremely competitive so it is important that students interested in this career path begin careful planning of their academic career during the freshman year. Requirements vary significantly from one veterinary school to another, making early planning in consultation with a Pre-Veterinarian advisor all the more vital.

Pre-Veterinary Medicine is not a major at UWM, and students must still choose a major. Since most of the prerequisites necessary for application to veterinary school are in the sciences, many students choose biology, biochemistry, or chemistry as their major. Our Pre-Veterinary advisor works with students to ensure they understand all of the milestones that must be met in college in order to be a competitive applicant to veterinary school. A significant number of volunteer or work hours is often a requirement for application to veterinary school so it is important to work with this advisor beginning in freshman year in order to plan all needed activities into your college career. Many students will work or volunteer part-time at a vet clinic, humane society, rescue organization or in another animal care setting to obtain the hands-on experience necessary to be a competitive applicant to veterinary school.

## Requirements

The vast majority of students admitted to American schools of veterinary medicine hold a bachelor's degree. An especially well-prepared student occasionally is admitted at the end of the junior year, but pre-veterinary students should plan to complete the full bachelor's degree.

All American schools of veterinary medicine require that applicants take the Graduate Record Examination (GRE). Pre-veterinary students normally should arrange to take this test at the end of their junior year. The Pre-Veterinary advisor can provide information regarding the administration of this test.

Some schools of veterinary medicine specify additional courses as part of the minimal preparation for admission. Calculus frequently is required or recommended. Therefore, pre-veterinary students should ascertain the specific requirements of the schools to which they intend to apply and plan their undergraduate programs accordingly.

## Required Coursework for Admission to Schools of Veterinary Medicine

Code	Title	Credits
BIO SCI 150	Foundations of Biological Sciences I	4
BIO SCI 152	Foundations of Biological Sciences II	4
BIO SCI 325	Genetics	4
CHEM 102	General Chemistry	5
CHEM 104	General Chemistry and Qualitative Analysis	5
CHEM 343	Organic Chemistry <sup>1</sup>	3
CHEM 344	Organic Chemistry Laboratory <sup>1</sup>	2
CHEM 345	Organic Chemistry <sup>1</sup>	3
CHEM 501	Introduction to Biochemistry	3
PHYSICS 120	General Physics I (Non-Calculus Treatment) <sup>2</sup>	4
PHYSICS 122	General Physics II (Non-Calculus Treatment) <sup>2</sup>	4
MTHSTAT 215	Elementary Statistical Analysis (or any Statistics course)	3
Select one of the following:		0-3
ENGLISH 101	Introduction to College Writing	
ENGLISH 102	College Writing and Research	
Or appropriate score on placement exam <sup>3</sup>		
<b>Total Credits</b>		<b>44-47</b>

<sup>1</sup> Some veterinary schools will accept CHEM 341/CHEM 342 instead of CHEM 343/CHEM 344/CHEM 345.

<sup>2</sup> Some veterinary schools may require a physics lab, e.g., PHYSICS 121 or PHYSICS 123.

<sup>3</sup> Even if a student tests out of English, some veterinary schools require an additional writing course.

Although the courses listed above are mandatory for admission to almost all American schools of veterinary medicine, the rest of the program can be whatever the student wishes. Students are not required to major in biology in order to gain admission to vet school, although many choose to do so because the major aligns with their interests.

## Psychology

Psychology is the science of behavior. Courses in psychology provide an understanding of the social and biological bases of behavior, proficiency in scientific methods and statistics, knowledge of the factors influencing behavior, insight into the applicability of psychological principles to everyday problems, and familiarity with many core areas of knowledge, including conditioning and learning, personality, social behavior, psychopathology and therapy, human development, health, stress and coping, gender, race and ethnicity, sensation and perception, language, memory, and individual differences.

## Neuroscience, BS (Department of Psychology)

Neuroscience is a multidisciplinary science dedicated to understanding how nervous systems are built and function at different scales, from molecules and cells to circuits and systems. Neuroscientists are involved in work to improve the human condition with new discoveries that could prevent or treat neurodevelopmental defects and disorders, psychiatric disorders, and neurodegenerative diseases.

The Neuroscience major is listed under both the Department of Biological Sciences and the Department of Psychology. The requirements are the same in both listings.

A neuroscience major is an excellent starting point for a career in human or animal medicine, psychology, medical research, pharmaceuticals, public health or science writing. Entry level jobs for students with a bachelor's degree include positions as assistants in hospitals and private healthcare clinics; as technicians in academic, governmental, or commercial research laboratories; in pharmaceutical sales and marketing; and in government agencies and nonprofits in roles related to grant writing, regulatory management, or technical assistance. Many of these occupational areas are projected to grow faster than average in the next decade. The average annual salary for a neuroscientist with a BS degree is \$66,975 (as of 2021). The major is also excellent preparation for students pursuing doctoral degrees in medicine, medical research, or professional counseling.

The courses for the major come primarily from the Department of Biological Sciences and the Department of Psychology. Students will learn about the structure and function of nervous systems, from the cellular level to the systems level; the connections between the brain and behavior; experimental design and research methods; and data analysis, interpretation, and use. Within the major students can take coursework in neuroscience subdisciplines such as cognitive, cellular and molecular, or computational neuroscience.

### Course of Study – Bachelor of Science Degree

Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses and 30 of those 36 credits in designated Advanced Natural Science courses (<https://catalog.uwm.edu/letters-science/approved-courses-advanced-natural-science/>). The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

### University General Education Requirements (GER)

Code	Title	Credits
<b>Oral and Written Communication</b>		
<i>Part A</i>		

Achieve a grade of C or better in the following course:

ENGLISH 102	College Writing and Research (or equivalent)
-------------	--

#### *Part B*

Course designated as OWC-B; may be completed through a major-specific course requirement

#### **Quantitative Literacy**

##### *Part A*

Earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course, or achieve a placement code of at least 30 on the mathematics placement test (or other appropriate test, as determined by the Mathematical Sciences Department)

MATH 102	Mathematical Literacy for College Students II
MATH 103	Contemporary Applications of Mathematics
MATH 105	Introduction to College Algebra
MATH 108	Algebraic Literacy II
MATH 111	Introduction to Logic - Critical Reasoning <sup>1</sup>
or PHILOS 111	Introduction to Logic - Critical Reasoning
MATH 116	College Algebra

Or equivalent course

##### *Part B*

Course designated as QL-B; may be completed through a major-specific course requirement

#### **Arts**

Select 3 credits 3

#### **Humanities**

Select 6 credits 6

#### **Social Sciences**

Select 6 credits 6

#### **Natural Sciences**

Select 6 credits (at least two courses including one lab) 6

#### **UWM Foreign Language Requirement**

Complete Foreign Language Requirement through:

Two years (high school) of a single foreign language

Two semesters (college) of a single foreign language

Or equivalent

#### **UWM Cultural Diversity Requirement**

One course from the Arts, Humanities, or Social Sciences must also satisfy UWM's Cultural Diversity requirement

<sup>1</sup> Math 111 and Philosophy 111 are jointly offered and count as repeats of one another. Students cannot receive credit for both courses.

## College of Letters & Science Requirements

### I. English Composition Requirement

Students must satisfy the English Composition Requirement with one of the following options:

1) Completing ENGLISH 102 with a grade of C or higher; or

2) placing beyond English 102 on the English Placement Test (EPT) (or other assessment as determined by the English Department); or

3) transferring a course of at least 2.5 equivalent credits from another institution that is equivalent to English 102, or a UWM higher-level expository writing course, with a grade of C or higher.

**Note:** This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.

## II. Mathematics and Formal Reasoning

To satisfy the Mathematics and Formal Reasoning Requirement, Bachelors of Sciences degree students must satisfy the following two requirements:

1. Complete one of the following courses or an equivalent course:

Code	Title	Credits
MATH 211	Survey in Calculus and Analytic Geometry I	4
MATH 213	Calculus with Life Sciences Applications	4
MATH 221	Honors Calculus I	5
MATH 231	Calculus and Analytic Geometry I	4

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 211, or Letters and Science statistics courses:

Code	Title	Credits
Complete one of the following:		
3 or more credits in any 200-level or above Math course		
AFRIC 220	Introduction to Statistics in African and African Diaspora Studies	
ANTHRO 568	Introduction to Anthropological Statistics	
BIO SCI 465	Biostatistics	
ECON 210	Economic Statistics	
GEOG 247	Quantitative Analysis in Geography	
HIST 595	The Quantitative Analysis of Historical Data	
MTHSTAT 215	Elementary Statistical Analysis	
PHILOS 211	Elementary Logic	
POL SCI 390	Political Data Analysis	
POL SCI 392	Survey Research	
PSYCH 210	Psychological Statistics	
SOCIOL 261	Introduction to Statistical Thinking in Sociology	

**Note:** This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BS, students must take one of the L&S approved courses. **Not all of the courses listed here will satisfy the QL-B requirement.**

## III. Foreign Language Requirement

Two courses (minimum of 6 credits) in a language (including American Sign Language) other than English at the 100 level or above are required.

Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

## IV. International Requirement

See Approved Courses for the L&S International Requirement (<https://catalog.uwm.edu/letters-science/approved-courses-international-requirement/>) for course options.

Code	Title	Credits
Completed in one of the following ways:		9
Complete 3 courses (min. 9 cr) in a single foreign language (not including literature-in-translation or American Sign Language) at the 3rd semester level and above.		
Complete 3 non-language courses (min. 9 credits) with an international content chosen from at least 2 curricular areas.		
Complete 9 credits in combination of the two options above.		

## V. Breadth Requirement

Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD/+) designation, L&S students must complete the Breadth requirement.

Code	Title	Credits
<b>Arts</b>		
Select 3 credits		3
<b>Humanities</b>		
Complete 12 credits of L&S courses with Humanities Breadth designation; no more than 6 credits from a single subject area. *		12
<b>Social Sciences</b>		
Complete 12 credits of L&S Courses with Social Science Breadth designation; no more than 6 credits from a single curricular area. *		12
<b>Natural Sciences</b>		
Complete 12 credits of L&S Courses with Natural Sciences Breadth designation, including laboratory or field courses from three different curricular areas. *		12
<b>Cultural Diversity</b>		
Complete 3 credits in a course with Cultural Diversity (CD) designation. **		3

\* Students should check their course selections carefully with the list of approved L&S Breadth Courses (<https://catalog.uwm.edu/letters-science/breadth-requirement-course-list/>). Students are advised to select at least 6 credits worth of courses in each of the Humanities, Social Science, and Natural Sciences areas that can satisfy both the campus-wide General Education Requirements and the L&S Breadth requirement.

\*\* Students are advised to select a course that satisfies the Cultural Diversity requirement as well as a Humanities or Social Science breadth/GER requirement.

## VI. The Major

The College requires that students attain at least a 2.0 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.0 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

### Research Requirement

Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (<https://catalog.uwm.edu/letters-science/approved-courses-research-requirement/>).

## VII. The Minor

The College requires that students attain at least a 2.0 GPA in all credits in the minor attempted at UWM. In addition, students must attain a 2.0 GPA on all minor credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation.

## Declaring the Major

To be accepted as a major in Neuroscience, students must have completed both PSYCH 101 and BIO SCI 150 with a C or better in each of those classes.

## Degree Requirements

The program requires at least 120 credits, which include University-wide General Education Requirements (p. 30), 24 credits of mandatory preparatory courses, 23-24 credits of required core courses, 11 credits of elective courses within the major, a research experience course at the end of the coursework, and additional elective courses to fulfill the overall credit requirement.

An overall GPA of 2.000 on all coursework attempted at UWM is required for this degree. In addition, students must achieve a 2.000 GPA on all coursework attempted, including transfer work. A minimum 2.000 GPA must be earned on all 300-level and above courses taken to satisfy the advanced requirements. Students satisfy the residency requirement for the degree at UWM by completing at least 15 credits in the upper-division (numbered 300 or above) courses in the major.

Code	Title	Credits
<b>Preparatory courses</b>		
<i>Chemistry</i>		
CHEM 102	General Chemistry	5
CHEM 104	General Chemistry and Qualitative Analysis	5
CHEM 343	Organic Chemistry	3
CHEM 345	Organic Chemistry	3
<i>Physics</i>		
PHYSICS 120	General Physics I (Non-Calculus Treatment)	4

or PHYSICS 209	Physics I (Calculus Treatment)	
PHYSICS 122	General Physics II (Non-Calculus Treatment)	4
or PHYSICS 210	Physics II (Calculus Treatment)	

**Total Credits** **24**

Code	Title	Credits
<b>Required courses</b>		
<i>Biological Sciences</i>		
BIO SCI 150	Foundations of Biological Sciences I	4
BIO SCI 152	Foundations of Biological Sciences II	4
BIO SCI 315	Cell Biology	3
BIO SCI 455	Cellular, Molecular and Developmental Neurobiology	3
<i>Psychology</i>		
PSYCH 101	Introduction to Psychology	3
PSYCH 254	Introduction to Neuroscience	3
<i>One of these courses in statistics:</i>		3-4
BIO SCI 465	Biostatistics	
MTHSTAT 215	Elementary Statistical Analysis	
PSYCH 210	Psychological Statistics	

**Total Credits** **23-24**

Code	Title	Credits
<b>Required research experience (select one of the options below)</b>		
NEURO 690	Undergraduate Research in Neuroscience	3
BIO SCI 672	Undergraduate Seminar in Cell and Molecular Biology	1
BIO SCI 697	Independent Study in Cell and Molecular Biology <sup>1</sup>	1-3
BIO SCI 699	Independent Study <sup>1</sup>	1-3
PSYCH 654	Advanced Behavioral Neuroscience	4
PSYCH 656	Psychophysiology	4

<sup>1</sup> These independent study courses may be counted toward the research requirement in the Neuroscience major only with approval of the student's Neuroscience faculty advisor.

Code	Title	Credits
<b>Elective courses (select courses to complete 11 credits from the options below)</b>		
BIO SCI 203	Anatomy and Physiology II	4
BIO SCI 290	Independent Study and Research:	1-3
BIO SCI 316	Laboratory in Genetics and Cell Biology	2
BIO SCI 325	Genetics	4
BIO SCI 356	Developmental Biology	3
BIO SCI 370	Mammalian Physiology	3
BIO SCI 469	Genomic Data Analysis	2
BIO SCI 490	Molecular Genetics	3
BIO SCI 539	Laboratory Techniques in Molecular Biology	4
BIO SCI 542	Biological Electron Microscopy	3

BIO SCI 543	Scanning Electron Microscopy Laboratory	2
BIO SCI 544	Transmission Electron Microscopy Laboratory	3
BIO SCI 564	Endocrinology	3
BIO SCI 565	Gene Regulation in Stem Cells and Regeneration	3
BIO SCI 566	Cell Biology of Human Disease	3
BIO SCI 572	Functional Genomics	3
BIO SCI 672	Undergraduate Seminar in Cell and Molecular Biology	1
BIO SCI 697	Independent Study in Cell and Molecular Biology	1-3
BMS 610	Pharmacology	3
CHEM 501	Introduction to Biochemistry	3
PSYCH 214	Introduction to Conditioning and Learning	3
PSYCH 290	Undergraduate Research: Lower Division	1-3
PSYCH 325	Research Methods in Psychology	4
PSYCH 433	Neuropsychology	3
PSYCH 454	Psychopharmacology and Addiction	3
PSYCH 503	Perception	3
PSYCH 510	Advanced Psychological Statistics	3
PSYCH 514		4
PSYCH 610	Experimental Design	3
PSYCH 611	Current Topics:	3
PSYCH 623	Perceptual Processes	4
PSYCH 627	Cognitive Neuroscience	3
PSYCH 645	Hormones and Behavior	3
PSYCH 654	Advanced Behavioral Neuroscience <sup>2</sup>	4
PSYCH 656	Psychophysiology <sup>2</sup>	4
PSYCH 657	Neurobiology of Learning and Memory	3
PSYCH 682	The Aging Brain	3
PSYCH 690	Undergraduate Research: Upper Division	1-3

<sup>2</sup> If not taken to satisfy research experience requirement.

## Letters & Science Advising

During your time at UWM, you may have multiple members of your success team, including advisors, peer mentors, and success coaches. Letters and Science students typically work with at least two different types of advisors as they pursue their degrees: professional College Advisors and Faculty Advisors. L&S College Advisors advise across your entire degree program while departmental Faculty Advisors focus on the major.

**College Advisors** are located in Holton Hall and serve as your primary advisor. They are your point person for your questions about navigating college and completing your degree. College Advisors will:

- assist you in defining your academic and life goals;
- help you create an educational plan that is consistent with those goals;

- assist you in understanding curriculum, major and degree requirements for graduation, as well as university policies and procedures;
- provide you with information about campus and community resources and refer you to those resources as appropriate; and
- monitor your progress toward graduation and completion of requirements.

**Faculty Advisors** mentor students in the major and assist them in maximizing their development in the program. You will begin working with a Faculty Advisor when you declare your major. Faculty Advisors are an important partner and will:

- help you understand major requirements and course offerings in the department;
- explain opportunities for internships and undergraduate research and guide you in obtaining those experiences; and
- serve as an excellent resource as you consider potential graduate programs and career paths in your field.

Students are encouraged to meet with both their College Advisor and Faculty Advisor at least once each semester. Appointments are available in-person, by phone or by video.

Currently enrolled students should use the Navigate360 website (<https://uwm.navigate.eab.com/>) to make an appointment with your assigned advisor or call (414) 229-4654 if you do not currently have an assigned Letters & Science advisor. Prospective students who haven't enrolled in classes yet should call (414) 229-7711 or email [let-sci@uwm.edu](mailto:let-sci@uwm.edu).

## College of Letters and Science Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Psychology, BA

Psychology is a science that provides critical insights into human behavior. Psychologists investigate how behavior is modified in the face

of psychiatric disorders or disease and how the brain gives rise to the rich tapestry of behaviors that govern our day-to-day experiences.

A psychology major gives you much career flexibility because of its emphasis on reasoning, problem solving, critical thinking, communication, research and writing. In addition to becoming a counselor or therapist, many students go into human resources, sales, marketing, business management, law, medicine, social work, real estate, social services, and more – all fields that require comprehensive knowledge of human behavior.

Many students go on to graduate school to pursue specialized training. This may lead to a career as a counselor, therapist, or research scientist. In most states, a master's degree is required to become a licensed practitioner. At UWM, our Psychology major can be tailored: the Bachelor of Arts route is ideal for students planning a career in human services while the Bachelor of Science route focuses on neuroscience and is well-suited for students looking to go into a graduate research program or medical school.

The version of the major that leads to a Bachelor of Arts can be completed entirely on-line if that is desired.

Psychology students at UWM have a distinct advantage – they can participate in research as undergraduates, sometimes even as soon as freshman year. In psychology labs, students work directly with faculty and graduate students on their current research projects, and sometimes contribute as co-authors to peer-reviewed presentations or publications. In addition, a number of psychology students complete Field Placements. The Field Placement is similar to an internship and permits students to step out of the traditional classroom setting and volunteer with a community organization that has a mission consistent with the psychology degree. In each case, our students acquire fundamental skills, have opportunities to explore and refine their interests, and establish meaningful connections that permit them to make informed decisions about their future pursuits.

## Psychology Major Requirements

The Department of Psychology offers a major in psychology leading to either the Bachelor of Arts or Bachelor of Science degree. Except for an advanced natural science credit requirement for the BS, the psychology requirements for the BS and BA degrees are the same; however, students should check the general requirements for the degree (e.g., general education requirements) carefully as they differ for the BA and BS. Students opting for the BS will need to complete at least 30 credits in approved advanced L&S natural science courses, at least 15 of which must be completed in Psychology.

## Course of Study – Bachelor of Arts Degree

Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they

entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

## University General Education Requirements (GER)

Code	Title	Credits
<b>Oral and Written Communication</b>		
<i>Part A</i>		
Achieve a grade of C or better in the following course:		
ENGLISH 102	College Writing and Research (or equivalent)	
<i>Part B</i>		
Course designated as OWC-B; may be completed through a major-specific course requirement		
<b>Quantitative Literacy</b>		
<i>Part A</i>		
Earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course, or achieve a placement code of at least 30 on the mathematics placement test (or other appropriate test, as determined by the Mathematical Sciences Department)		
MATH 102	Mathematical Literacy for College Students II	
MATH 103	Contemporary Applications of Mathematics	
MATH 105	Introduction to College Algebra	
MATH 108	Algebraic Literacy II	
MATH 111	Introduction to Logic - Critical Reasoning <sup>1</sup>	
or PHILOS 111	Introduction to Logic - Critical Reasoning	
MATH 116	College Algebra	
Or equivalent course		
<i>Part B</i>		
Course designated as QL-B; may be completed through a major-specific course requirement		
<b>Arts</b>		
Select 3 credits		3
<b>Humanities</b>		
Select 6 credits		6
<b>Social Sciences</b>		
Select 6 credits		6
<b>Natural Sciences</b>		
Select 6 credits (at least two courses including one lab)		6
<b>UWM Foreign Language Requirement</b>		
Complete Foreign Language Requirement through:		
Two years (high school) of a single foreign language		
Two semesters (college) of a single foreign language		
Or equivalent		
<b>UWM Cultural Diversity Requirement</b>		
One course from the Arts, Humanities, or Social Sciences must also satisfy UWM's Cultural Diversity requirement		

<sup>1</sup> Math 111 and Philosophy 111 are jointly offered and count as repeats of one another. Students cannot receive credit for both courses.

## College of Letters & Science Requirements

### I. English Composition Requirement

Students must satisfy the English Composition Requirement with one of the following options:

- 1) Completing ENGLISH 102 with a grade of C or higher; or
- 2) by placing beyond ENGLISH 102 on the English Placement Test (EPT) (or other assessment as determined by the English Department); or
- 3) transferring a course of at least 2.5 equivalent credits from another institution that is equivalent to English 102, or a UWM higher-level expository writing course, with a grade of C or higher.

**Note:** This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.

### II. Mathematics and Formal Reasoning

To satisfy the Mathematics and Formal Reasoning Requirement, students must satisfy the following two requirements:

1. Achieve a placement code of at least 30 on the mathematics placement test (or other appropriate test, as determined by the Mathematical Sciences Department) or earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course:

Code	Title	Credits
MATH 102	Mathematical Literacy for College Students II	3
MATH 103	Contemporary Applications of Mathematics	3
MATH 105	Introduction to College Algebra	3
MATH 108	Algebraic Literacy II	3
MATH 111	Introduction to Logic - Critical Reasoning <sup>1</sup>	3
or PHILOS 111	Introduction to Logic - Critical Reasoning	
MATH 116	College Algebra	3
MATH 175	Mathematical Explorations for Elementary Teachers I	3

<sup>1</sup> Math 111 and Philosophy 111 are jointly offered and count as repeats of one another. Students cannot receive credit for both courses.

**Note:** This requirement is the same as the University General Education Requirement for Quantitative Literacy Part A, listed above.

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 211, or Letters and Science statistics courses:

Code	Title	Credits
Complete one of the following:		
3 or more credits in any 200-level or above Math course		
AFRIC 220	Introduction to Statistics in African and African Diaspora Studies	
ANTHRO 568	Introduction to Anthropological Statistics	

BIO SCI 465	Biostatistics
ECON 210	Economic Statistics
GEOG 247	Quantitative Analysis in Geography
HIST 595	The Quantitative Analysis of Historical Data
MTHSTAT 215	Elementary Statistical Analysis
PHILOS 211	Elementary Logic
POL SCI 390	Political Data Analysis
POL SCI 392	Survey Research
PSYCH 210	Psychological Statistics
SOCIOL 261	Introduction to Statistical Thinking in Sociology

**Note:** This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BA, students must take one of the L&S approved courses. **Not all of the courses listed here will satisfy the QL-B requirement.**

### III. Foreign Language Requirement

Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

Code	Title	Credits
Completed in one of the following ways:		0-18
Successful completion of the 4th semester of college work or equivalent in one language other than English (including American Sign Language)		
Successful completion of the 3rd semester of college work or equivalent in one language other than English (including American Sign Language) PLUS the 2nd semester of college work or equivalent in another language other than English (including American Sign Language)		

### IV. International Requirement

See Approved Courses for the L&S International Requirement (<https://catalog.uwm.edu/letters-science/approved-courses-international-requirement/>) for course options.

Code	Title	Credits
Completed in one of the following ways:		9
Complete 3 courses (min. 9 cr) in a single foreign language (not including literature-in-translation or American Sign Language) at the 3rd semester level and above		
Complete 3 non-language courses (min. 9 credits) with an international content chosen from at least 2 curricular areas.		
Complete 9 credits in combination of the two options above.		

### V. Breadth Requirement

Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD/+) designation, L&S students must complete the Breadth requirement.

Code	Title	Credits
<b>Arts</b>		
Select 3 credits		3
<b>Humanities</b>		
Complete 12 credits of L&S courses with Humanities Breadth designation; no more than 6 credits from a single subject area. *		12
<b>Social Sciences</b>		
Complete 12 credits of L&S Courses with Social Science Breadth designation; no more than 6 credits from a single curricular area. *		12
<b>Natural Sciences</b>		
Complete 12 credits of L&S Courses with Natural Sciences Breadth designation, including at least one laboratory or field course; no more than 6 credits from a single curricular area. *		12
<b>Cultural Diversity</b>		
Complete 3 credits in a course with Cultural Diversity (CD) designation.**		3

\* Students should check their course selections carefully with the list of approved L&S Breadth Courses (<https://catalog.uwm.edu/letters-science/breadth-requirement-course-list/>). Students are advised to select at least 6 credits worth of courses in each of the Humanities, Social Science, and Natural Sciences areas that can satisfy both the campus-wide General Education Requirements and the L&S Breadth requirement.

\*\* Students are advised to select a course that satisfies the Cultural Diversity requirement as well as a Humanities or Social Science breadth/GER requirement.

## VI. The Major

The College of Letters and Science requires that students attain at least a 2.0 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.0 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

### Research Requirement

Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (<https://catalog.uwm.edu/letters-science/approved-courses-research-requirement/>).

## VII. The Minor

The College of Letters and Science requires that students attain at least a 2.0 GPA in all credits in the minor attempted at UWM. In addition, students must attain a 2.0 GPA on all minor credits attempted, including any transfer work.

## Declaring the Major

To be accepted as a major in psychology, students must have completed PSYCH 101 and 15 university credits.

## Psychology Major Requirements

The College of Letters and Science requires that students attain at least a 2.0 GPA on all credits in the major attempted at UWM. In addition,

students must attain a 2.0 GPA on all major credits attempted, including any transfer work. The undergraduate major consists of at least 32 credits in psychology, at least 15 of them at the advanced level (300 or above) taken in residence at UWM, including the following core courses:

Code	Title	Credits
<b>Core Courses</b>		
PSYCH 101	Introduction to Psychology	3
Select one of the following:		3-4
PSYCH 210	Psychological Statistics	
Or other statistics course as approved by department		
PSYCH 254	Introduction to Neuroscience	3
PSYCH 325	Research Methods in Psychology	4
Select one of the following:		3
PSYCH 205	Personality	
PSYCH 211	Current Topics in Psychology:	
PSYCH 214	Introduction to Conditioning and Learning	
PSYCH 230	Social Psychology: Psychological Perspectives	
PSYCH 260	Child Psychology	
<b>Upper-Level Courses</b>		
Select one of the following:		16-17
Select one advanced laboratory course and four Systems and Foundations courses (16 credits)		
Select two advanced laboratory courses and three Systems and Foundations courses (17 credits)		
<b>Total Credits</b>		<b>32-34</b>

## Research Experience

The College of Letters and Science requires that students complete a research experience in their major. The Department of Psychology has structured its advanced laboratory courses to satisfy that requirement. In these laboratory courses, students run multiple experiments, collect and analyze data quantitatively, and write up the results in a standard journal article format, integrating the results with a critical survey of relevant professional literature. The Systems and Foundations courses are non-laboratory, upper-level courses designed to provide in-depth knowledge on specific topics in psychology. Students are welcome to take additional Systems and Foundations courses as electives.

Code	Title	Credits
PSYCH 502	Applied Behavior Analysis	4
PSYCH 505	Cognitive Processes	4
PSYCH 514		4
PSYCH 623	Perceptual Processes	4
PSYCH 654	Advanced Behavioral Neuroscience	4
PSYCH 656	Psychophysiology	4
PSYCH 660	Experimental Child Psychology	4
PSYCH 677	Experimental Social Psychology	4

## Cross-Listed Courses

The following courses offered by other academic units may be used to fulfill requirements of the undergraduate major in psychology:

Code	Title	Credits
BIO SCI 455	Cellular, Molecular and Developmental Neurobiology	3
BUS ADM 442	Industrial Psychology	3

## Letters & Science Advising

During your time at UWM, you may have multiple members of your success team, including advisors, peer mentors, and success coaches. Letters and Science students typically work with at least two different types of advisors as they pursue their degrees: professional College Advisors and Faculty Advisors. L&S College Advisors advise across your entire degree program while departmental Faculty Advisors focus on the major.

**College Advisors** are located in Holton Hall and serve as your primary advisor. They are your point person for your questions about navigating college and completing your degree. College Advisors will:

- assist you in defining your academic and life goals;
- help you create an educational plan that is consistent with those goals;
- assist you in understanding curriculum, major and degree requirements for graduation, as well as university policies and procedures;
- provide you with information about campus and community resources and refer you to those resources as appropriate; and
- monitor your progress toward graduation and completion of requirements.

**Faculty Advisors** mentor students in the major and assist them in maximizing their development in the program. You will begin working with a Faculty Advisor when you declare your major. Faculty Advisors are an important partner and will:

- help you understand major requirements and course offerings in the department;
- explain opportunities for internships and undergraduate research and guide you in obtaining those experiences; and
- serve as an excellent resource as you consider potential graduate programs and career paths in your field.

Students are encouraged to meet with both their College Advisor and Faculty Advisor at least once each semester. Appointments are available in-person, by phone or by video.

Currently enrolled students should use the Navigate360 website (<https://uwm.navigate.eab.com/>) to make an appointment with your assigned advisor or call (414) 229-4654 if you do not currently have an assigned Letters & Science advisor. Prospective students who haven't enrolled in classes yet should call (414) 229-7711 or email [let-sci@uwm.edu](mailto:let-sci@uwm.edu).

## Honors in the Major

Psychology majors who meet the following criteria are awarded Honors in the Major:

1. A 3.000 cumulative GPA on all credits attempted;
2. A 3.500 GPA on all credits that count toward the major; and
3. A 3.500 GPA on all advanced credits that count toward the major.

## College of Letters and Science Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Psychology, BS

Psychology is a science that provides critical insights into human behavior. Psychologists investigate how behavior is modified in the face of psychiatric disorders or disease and how the brain gives rise to the rich tapestry of behaviors that govern our day-to-day experiences.

A psychology major gives you much career flexibility because of its emphasis on reasoning, problem solving, critical thinking, communication, research and writing. In addition to becoming a counselor or therapist, many students go into human resources, sales, marketing, business management, law, medicine, social work, real estate, social services, and more – all fields that require comprehensive knowledge of human behavior.

Many students go on to graduate school to pursue specialized training. This may lead to a career as a counselor, therapist, or research scientist. In most states, a master's degree is required to become a licensed practitioner. At UWM, our Psychology major can be tailored: the Bachelor of Arts route is ideal for students planning a career in human services while the Bachelor of Science route focuses on neuroscience and is well-suited for students looking to go into a graduate research program or medical school.

The version of the major that leads to a Bachelor of Arts can be completed entirely on-line if that is desired.

Psychology students at UWM have a distinct advantage – they can participate in research as undergraduates, sometimes even as soon as freshman year. In psychology labs, students work directly with faculty and graduate students on their current research projects, and sometimes contribute as co-authors to peer-reviewed presentations or publications. In addition, a number of psychology students complete Field Placements. The Field Placement is similar to an internship and permits students to step out of the traditional classroom setting and volunteer with a community organization that has a mission consistent with the psychology degree. In each case, our students acquire fundamental skills,

have opportunities to explore and refine their interests, and establish meaningful connections that permit them to make informed decisions about their future pursuits.

## Psychology Major Requirements

The Department of Psychology offers a major in psychology leading to either the Bachelor of Arts or Bachelor of Science degree. Except for an advanced natural science credit requirement for the BS, the psychology requirements for the BS and BA degrees are the same; however, students should check the general requirements for the degree (e.g., general education requirements) carefully as they differ for the BA and BS. Students opting for the BS will need to complete at least 30 credits in approved advanced L&S natural science courses, at least 15 of which must be completed in Psychology.

## Course of Study – Bachelor of Science Degree

Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses and 30 of those 36 credits in designated Advanced Natural Science courses (<https://catalog.uwm.edu/letters-science/approved-courses-advanced-natural-science/>). The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

## University General Education Requirements (GER)

Code	Title	Credits
<b>Oral and Written Communication</b>		
<i>Part A</i>		
Achieve a grade of C or better in the following course:		
ENGLISH 102	College Writing and Research (or equivalent)	
<i>Part B</i>		
Course designated as OWC-B; may be completed through a major-specific course requirement		
<b>Quantitative Literacy</b>		
<i>Part A</i>		
Earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course, or achieve a placement code of at least 30 on the mathematics placement test (or other appropriate test, as determined by the Mathematical Sciences Department)		
MATH 102	Mathematical Literacy for College Students II	
MATH 103	Contemporary Applications of Mathematics	
MATH 105	Introduction to College Algebra	
MATH 108	Algebraic Literacy II	

MATH 111	Introduction to Logic - Critical Reasoning <sup>1</sup>	
or PHILOS 111	Introduction to Logic - Critical Reasoning	
MATH 116	College Algebra	
Or equivalent course		
<i>Part B</i>		
Course designated as QL-B; may be completed through a major-specific course requirement		
<b>Arts</b>		
Select 3 credits		3
<b>Humanities</b>		
Select 6 credits		6
<b>Social Sciences</b>		
Select 6 credits		6
<b>Natural Sciences</b>		
Select 6 credits (at least two courses including one lab)		6
<b>UWM Foreign Language Requirement</b>		
Complete Foreign Language Requirement through:		
Two years (high school) of a single foreign language		
Two semesters (college) of a single foreign language		
Or equivalent		
<b>UWM Cultural Diversity Requirement</b>		
One course from the Arts, Humanities, or Social Sciences must also satisfy UWM's Cultural Diversity requirement		

<sup>1</sup> Math 111 and Philosophy 111 are jointly offered and count as repeats of one another. Students cannot receive credit for both courses.

## College of Letters & Science Requirements

### I. English Composition Requirement

Students must satisfy the English Composition Requirement with one of the following options:

- 1) Completing ENGLISH 102 with a grade of C or higher; or
- 2) placing beyond English 102 on the English Placement Test (EPT) (or other assessment as determined by the English Department); or
- 3) transferring a course of at least 2.5 equivalent credits from another institution that is equivalent to English 102, or a UWM higher-level expository writing course, with a grade of C or higher.

**Note:** This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.

### II. Mathematics and Formal Reasoning

To satisfy the Mathematics and Formal Reasoning Requirement, Bachelors of Sciences degree students must satisfy the following two requirements:

1. Complete one of the following courses or an equivalent course:

Code	Title	Credits
MATH 211	Survey in Calculus and Analytic Geometry I	4

MATH 213	Calculus with Life Sciences Applications	4
MATH 221	Honors Calculus I	5
MATH 231	Calculus and Analytic Geometry I	4

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 211, or Letters and Science statistics courses:

Code	Title	Credits
Complete one of the following:		
3 or more credits in any 200-level or above Math course		
AFRIC 220	Introduction to Statistics in African and African Diaspora Studies	
ANTHRO 568	Introduction to Anthropological Statistics	
BIO SCI 465	Biostatistics	
ECON 210	Economic Statistics	
GEOG 247	Quantitative Analysis in Geography	
HIST 595	The Quantitative Analysis of Historical Data	
MTHSTAT 215	Elementary Statistical Analysis	
PHILOS 211	Elementary Logic	
POL SCI 390	Political Data Analysis	
POL SCI 392	Survey Research	
PSYCH 210	Psychological Statistics	
SOCIOL 261	Introduction to Statistical Thinking in Sociology	

**Note:** This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BS, students must take one of the L&S approved courses. **Not all of the courses listed here will satisfy the QL-B requirement.**

### III. Foreign Language Requirement

Two courses (minimum of 6 credits) in a language (including American Sign Language) other than English at the 100 level or above are required.

Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

### IV. International Requirement

See Approved Courses for the L&S International Requirement (<https://catalog.uwm.edu/letters-science/approved-courses-international-requirement/>) for course options.

Code	Title	Credits
Completed in one of the following ways:		
9		
Complete 3 courses (min. 9 cr) in a single foreign language (not including literature-in-translation or American Sign Language) at the 3rd semester level and above.		

Complete 3 non-language courses (min. 9 credits) with an international content chosen from at least 2 curricular areas.

Complete 9 credits in combination of the two options above.

### V. Breadth Requirement

Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD/+) designation, L&S students must complete the Breadth requirement.

Code	Title	Credits
<b>Arts</b>		
Select 3 credits		3
<b>Humanities</b>		
Complete 12 credits of L&S courses with Humanities Breadth designation; no more than 6 credits from a single subject area. *		12
<b>Social Sciences</b>		
Complete 12 credits of L&S Courses with Social Science Breadth designation; no more than 6 credits from a single curricular area. *		12
<b>Natural Sciences</b>		
Complete 12 credits of L&S Courses with Natural Sciences Breadth designation, including laboratory or field courses from three different curricular areas. *		12
<b>Cultural Diversity</b>		
Complete 3 credits in a course with Cultural Diversity (CD) designation. **		3

\* Students should check their course selections carefully with the list of approved L&S Breadth Courses (<https://catalog.uwm.edu/letters-science/breadth-requirement-course-list/>). Students are advised to select at least 6 credits worth of courses in each of the Humanities, Social Science, and Natural Sciences areas that can satisfy both the campus-wide General Education Requirements and the L&S Breadth requirement.

\*\* Students are advised to select a course that satisfies the Cultural Diversity requirement as well as a Humanities or Social Science breadth/GER requirement.

### VI. The Major

The College requires that students attain at least a 2.0 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.0 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

### Research Requirement

Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (<https://catalog.uwm.edu/letters-science/approved-courses-research-requirement/>).

### VII. The Minor

The College requires that students attain at least a 2.0 GPA in all credits in the minor attempted at UWM. In addition, students must attain a

2.0 GPA on all minor credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation.

## Declaring the Major

To be accepted as a major in psychology, students must have completed PSYCH 101 and 15 university credits.

## Psychology Major Requirements

The College of Letters and Science requires that students attain at least a 2.0 GPA on all credits in the major attempted at UWM. In addition, students must attain a 2.0 GPA on all major credits attempted, including any transfer work. The undergraduate major consists of at least 32 credits in psychology, at least 15 of them at the advanced level (300 or above) taken in residence at UWM, including the following core courses:

Code	Title	Credits
<b>Core Courses</b>		
PSYCH 101	Introduction to Psychology	3
Select one of the following:		3-4
PSYCH 210	Psychological Statistics	
Or other statistics course as approved by department		
PSYCH 254	Introduction to Neuroscience	3
PSYCH 325	Research Methods in Psychology	4
Select one of the following:		3
PSYCH 205	Personality	
PSYCH 211	Current Topics in Psychology:	
PSYCH 214	Introduction to Conditioning and Learning	
PSYCH 230	Social Psychology: Psychological Perspectives	
PSYCH 260	Child Psychology	
<b>Upper-Level Courses</b>		
Select one of the following:		16-17
Select one advanced laboratory course and four Systems and Foundations courses (16 credits)		
Select two advanced laboratory courses and three Systems and Foundations courses (17 credits)		
<b>Total Credits</b>		<b>32-34</b>

## Research Experience

The College of Letters and Science requires that students complete a research experience in their major. The Department of Psychology has structured its advanced laboratory courses to satisfy that requirement. In these laboratory courses, students run multiple experiments, collect and analyze data quantitatively, and write up the results in a standard journal article format, integrating the results with a critical survey of relevant professional literature. The Systems and Foundations courses are non-laboratory, upper-level courses designed to provide in-depth knowledge on specific topics in psychology. Students are welcome to take additional Systems and Foundations courses as electives.

Code	Title	Credits
PSYCH 502	Applied Behavior Analysis	4
PSYCH 505	Cognitive Processes	4
PSYCH 514		4
PSYCH 623	Perceptual Processes	4

PSYCH 654	Advanced Behavioral Neuroscience	4
PSYCH 656	Psychophysiology	4
PSYCH 660	Experimental Child Psychology	4
PSYCH 677	Experimental Social Psychology	4

## Cross-Listed Courses

The following courses offered by other academic units may be used to fulfill requirements of the undergraduate major in psychology:

Code	Title	Credits
BIO SCI 455	Cellular, Molecular and Developmental Neurobiology	3
BUS ADM 442	Industrial Psychology	3

## Letters & Science Advising

During your time at UWM, you may have multiple members of your success team, including advisors, peer mentors, and success coaches. Letters and Science students typically work with at least two different types of advisors as they pursue their degrees: professional College Advisors and Faculty Advisors. L&S College Advisors advise across your entire degree program while departmental Faculty Advisors focus on the major.

**College Advisors** are located in Holton Hall and serve as your primary advisor. They are your point person for your questions about navigating college and completing your degree. College Advisors will:

- assist you in defining your academic and life goals;
- help you create an educational plan that is consistent with those goals;
- assist you in understanding curriculum, major and degree requirements for graduation, as well as university policies and procedures;
- provide you with information about campus and community resources and refer you to those resources as appropriate; and
- monitor your progress toward graduation and completion of requirements.

**Faculty Advisors** mentor students in the major and assist them in maximizing their development in the program. You will begin working with a Faculty Advisor when you declare your major. Faculty Advisors are an important partner and will:

- help you understand major requirements and course offerings in the department;
- explain opportunities for internships and undergraduate research and guide you in obtaining those experiences; and
- serve as an excellent resource as you consider potential graduate programs and career paths in your field.

Students are encouraged to meet with both their College Advisor and Faculty Advisor at least once each semester. Appointments are available in-person, by phone or by video.

Currently enrolled students should use the Navigate360 website (<https://uwm.navigate.eab.com/>) to make an appointment with your assigned advisor or call (414) 229-4654 if you do not currently have an assigned Letters & Science advisor. Prospective students who haven't enrolled in classes yet should call (414) 229-7711 or email [let-sci@uwm.edu](mailto:let-sci@uwm.edu).

## Honors in the Major

Psychology majors who meet the following criteria are awarded Honors in the Major:

1. A 3.000 cumulative GPA on all credits attempted;
2. A 3.500 GPA on all credits that count toward the major; and
3. A 3.500 GPA on all advanced credits that count toward the major.

## College of Letters and Science Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Psychology, Minor

Psychology is a science that provides critical insights into human behavior. Psychologists investigate how behavior is modified in the face of psychiatric disorders or disease and how the brain gives rise to the rich tapestry of behaviors that govern our day-to-day experiences.

The minor in Psychology can be completed entirely on-line if that is desired.

Psychology students at UWM have a distinct advantage – they can participate in research as undergraduates, sometimes even as soon as freshman year. In psychology labs, students work directly with faculty and graduate students on their current research projects, and sometimes contribute as co-authors to peer-reviewed presentations or publications.

## Declaring the Minor

To be accepted as a minor in psychology, students must have completed PSYCH 101.

## Requirements

The College of Letters and Science requires that students attain at least a 2.0 GPA on all credits in the minor attempted at UWM. In addition, students must attain a 2.0 GPA on all minor credits attempted, including any transfer work.

The undergraduate minor consists of 18 credits in psychology, at least 9 of them at the advanced level (300 or above) taken in residence at UWM, including the following core courses:

Code	Title	Credits
PSYCH 101	Introduction to Psychology	3
Select one of the following:		3
PSYCH 205	Personality	
PSYCH 210	Psychological Statistics	
PSYCH 211	Current Topics in Psychology:	
PSYCH 214	Introduction to Conditioning and Learning	
PSYCH 230	Social Psychology: Psychological Perspectives	
PSYCH 254	Introduction to Neuroscience	
PSYCH 260	Child Psychology	
Select any four additional psychology courses, at least three of which must be at the 300 level or above		12
<b>Total Credits</b>		<b>18</b>

Please note: If you are considering a potential major in Psychology, it is recommended highly that you take PSYCH 210 and PSYCH 325 as these are required for the major.

## Letters & Science Minor Advising

Advising for the minor takes place within the department by a faculty member or staff member. Follow the steps using the "Declare a Minor" button on the department's website which may include instructions on how to select a faculty advisor if there is more than one to choose from.

Students who already have an L&S college advisor because their degree plan is in L&S can discuss the minor with them as well since they will be familiar with any minor in L&S. Students who are working on a degree from a UWM college other than the College of Letters & Science will not need an L&S college advisor for just a minor and one will not be assigned. These students should work with the faculty or staff advisor they receive as part of the minor declaration process or contact the department directly for assistance.

Applicants who have not started classes at UWM yet who wish to declare a minor should wait until they are registered for their first UWM classes and then can declare the minor using the "Declare a Minor" button on the program's website. If you have questions about the minor before then, contact let-sci@uwm.edu.

## Psychology, MS

The Department of Psychology offers two graduate degrees: the PhD in Psychology and the MS in Psychology. Study is available in the following concentrations, which we refer to as programs.

## PhD in Psychology (includes earning the MS)

- Clinical Psychology program (accredited by the American Psychological Association)
- Health Psychology program
- Neuroscience program<sup>1</sup>

## MS in Psychology

- Terminal Health Psychology program.

<sup>1</sup> Please note that the Department of Biological Sciences and several other departments also offer opportunities for doctoral study in neuroscience.

All programs train students in the facts, methodologies, and theories of psychology, with special emphasis on developing research competence. The department has well-equipped laboratories and an on-campus training clinic. The city of Milwaukee provides additional opportunities for training at hospitals, social service agencies, and the Medical College of Wisconsin.

Note that all of the department's doctoral programs are actually combined MS/PhD programs, although students who already have a master's degree in psychology or neuroscience are also encouraged to apply. If admitted, they will not be required to earn the MS at UWM if their master's degree included an empirically based thesis.

Transfer from a PhD program to any another PhD program in our department requires reapplication.

Although it is possible for the academic portion of the doctoral program to be completed in four years, most students require five or more years. Doctoral students are expected to be enrolled full time and to earn their PhDs within seven years of initial enrollment, exclusive of the one-year internship required in the clinical program.

Students seeking only master's-level training may apply to the health psychology specialization. It is possible to complete requirements for the MS in two or three years of full-time study. Part-time study is allowable, as long as the MS is earned within seven years of enrolling.

The department refers students interested in Counseling Psychology or School Psychology to the Department of Educational Psychology.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Application must be made to the Graduate School.

Applicants are admitted only at the beginning of each academic year. Applications must be submitted by December 1. Important: It is essential to consult the department's website for important information, including the departmental admissions brochure (<http://uwm.edu/psychology/graduate/application/>).

An applicant must meet Graduate School (<http://uwm.edu/graduateschool/admission/>) requirements plus the following departmental requirements to be considered for admission to the program:

1. Completion of an undergraduate major in psychology (or neuroscience).

2. Receipt of positive recommendation by the Departmental Admissions Committee.

Admission is based on evaluation of an applicant's entire record. In evaluating each application, the Admissions Committee examines such factors as grades, research record (e.g., research apprenticeships, publications, presentations, and senior or honors theses), and letters of recommendation.

Students without an undergraduate major in psychology or neuroscience are welcome to apply, and will be evaluated on a case-by-case basis. If they are offered admission, they will be informed about any additional courses that would need to be taken at UWM (in addition to the required graduate coursework) to fill gaps in training.

As part of their doctoral requirements, PhD students must earn a master's degree in psychology that includes a thesis derived from empirical research; they do this by fulfilling the requirements of the "General Psychology Track" for the MS degree while enrolled simultaneously in the PhD program. An exception is that students who already have earned a master's degree based on an empirical thesis in psychology or neuroscience from another college or university are exempt from the requirement of earning the MS in our department.

## Credits and Courses

### General Psychology Track

Students in the general psychology track must be simultaneously enrolled in the doctoral program. The minimum requirement for the MS is 30 graduate credits of psychology, 24 of which must be earned in formal coursework (excluding practica) and 6 of which must be earned through an acceptable thesis.

### Thesis

The student, under the direction of an advisor, must develop an acceptable thesis based on empirical research. The student must pass an oral examination in defense of the thesis.

### Time Limit

The student must complete all degree requirements within three years of initial enrollment.

### Specialization in Health Psychology

Health psychology is concerned with the psychological variables that influence physical health and illness. The MS program in health psychology offers training in research and theories relevant to health promotion. The program of study consists of core health psychology coursework, research coursework, psychology breadth coursework, and an optional field placement. Current research topics include gender and health, cancer prevention and health education, reproductive health and STD prevention, patient advocacy and self-care behaviors, the effects of stress and mechanisms of coping with it, and child abuse prevention. Research is conducted in the laboratory as well as in clinical settings, and many members of the faculty have strong ties to the Milwaukee community.

### Course of Study

The course of study consists of at least 36 credits, distributed as follows:

Code	Title	Credits
<b>Core Health Psychology Courses (12 Credits)</b>		
PSYCH 955	Seminar in Social Psychology and Health	3

Select three of the following: 9

PSYCH 578	Psychology of Race, Ethnicity, and Health	
PSYCH 754	Proseminar in Neuroscience	
PSYCH 756	Psychophysiology	
PSYCH 711	Current Topics in Psychology: (health-related topic)	
PSYCH 833	Neuropsychology	
PSYCH 854	Behavioral Neuroscience	
PSYCH 930	Seminar in Social Psychology	

#### Research Coursework (15 credits)

PSYCH 510	Advanced Psychological Statistics (or an acceptable equivalent course)	3
PSYCH 610	Experimental Design (or an acceptable equivalent course)	3
PSYCH 790	Masters Research	6
PSYCH 890	Graduate Research (or an acceptable equivalent course, as determined by area faculty)	3

#### Breadth coursework (9 credits)

Select 9 credits in consultation with an advisor 9

**Total Credits 36**

The MS specialty in health psychology emphasizes the application of psychological theories to health-related issues. Although students are exposed to theories and applications in coursework, the field placement option offers a further opportunity to learn by doing. Students are encouraged to take at least 3 credits of PSYCH 812 in their area of interest.

## Additional Requirements

### Advising and the Major Professor

Graduate School and departmental regulations require students to have a major professor to direct their research activities. It is important for students to start their research early in their graduate studies. Admittees are assigned to a major professor they have chosen during the admissions process.

Before the end of the second semester, the student must form an advisory committee of three departmental faculty members, including the student's major professor. Students are free to change their major professor at any time. The Department also provides a Graduate Program Coordinator, who advises about courses and program requirements and who approves programs of study. The Graduate Program Coordinator is also available to help students who wish to change their major professors to find new ones.

### Thesis or Project

The student, under the direction of an advisor, has the option of developing either an acceptable thesis based on empirical research or an acceptable project (a review or theoretical paper). In either case, students must demonstrate their ability to formulate a research idea and pursue independent and original investigation. The student must pass an oral examination in defense of the thesis, but no oral examination is required for a project.

### Time Limit

The student must complete all requirements within seven years of initial enrollment.

## Psychology, PhD

The Department of Psychology offers two graduate degrees: the PhD in Psychology and the MS in Psychology. Study is available in the following concentrations, which we refer to as programs.

### PhD in Psychology (includes earning the MS)

- Clinical Psychology program (accredited by the American Psychological Association)
- Health Psychology program
- Neuroscience program<sup>1</sup>

### MS in Psychology

- Terminal Health Psychology program.

<sup>1</sup> Please note that the Department of Biological Sciences and several other departments also offer opportunities for doctoral study in neuroscience.

All programs train students in the facts, methodologies, and theories of psychology, with special emphasis on developing research competence. The department has well-equipped laboratories and an on-campus training clinic. The city of Milwaukee provides additional opportunities for training at hospitals, social service agencies, and the Medical College of Wisconsin.

Note that all of the department's doctoral programs are actually combined MS/PhD programs, although students who already have a master's degree in psychology or neuroscience are also encouraged to apply. If admitted, they will not be required to earn the MS at UWM if their master's degree included an empirically based thesis.

Transfer from a PhD program to any another PhD program in our department requires reapplication.

Although it is possible for the academic portion of the doctoral program to be completed in four years, most students require five or more years. Doctoral students are expected to be enrolled full time and to earn their PhDs within seven years of initial enrollment, exclusive of the one-year internship required in the clinical program.

Students seeking only master's-level training may apply to the health psychology specialization. It is possible to complete requirements for the MS in two or three years of full-time study. Part-time study is allowable, as long as the MS is earned within seven years of enrolling.

The department refers students interested in Counseling Psychology or School Psychology to the Department of Educational Psychology.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found

by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

## Admission

Application must be made to the Graduate School.

Applicants are admitted only at the beginning of each academic year. Applications must be submitted by December 1. Important: It is essential to consult the department's website for important information, including the departmental admissions brochure (<https://uwm.edu/psychology/graduate/application/>).

An applicant must meet Graduate School requirements and the following departmental requirements to be considered for admission to the program:

1. Completion of an undergraduate major in psychology (or neuroscience).
2. Receipt of a positive recommendation by the Departmental Admissions Committee.

Admission is based on evaluation of an applicant's entire record. In evaluating each application, the Admissions Committee examines such factors as grades, research record (e.g., research apprenticeships, publications, presentations, and senior or honors theses), and letters of recommendation.

Students without an undergraduate major in psychology or neuroscience are welcome to apply, and will be evaluated on a case-by-case basis. If they are offered admission, they will be informed about any additional courses that would need to be taken at UWM (in addition to the required graduate coursework) to fill gaps in training.

As part of their doctoral requirements, PhD students must earn a master's degree in psychology that includes a thesis derived from empirical research; they do this by fulfilling the requirements of the "General Psychology Track" for the MS degree while enrolled simultaneously in the PhD program. An exception is that students who already have earned a master's degree based on an empirical thesis in psychology or neuroscience from another college or university are exempt from the requirement of earning the MS in our department.

## Credits and Courses

The minimum degree requirement is 54 graduate credits beyond the bachelor's degree, at least 27 of which must be earned in residence at UWM.

### Departmental Doctoral Curriculum

Only courses numbered 700 or above and a few departmentally-designated undergraduate/graduate courses, including PSYCH 510 and PSYCH 610, may be counted in the doctoral curriculum, which is specified in the department's Doctoral Student Handbook (<http://uwm.edu/psychology/graduate/doctoral-student-handbook/>).

### Clinical Psychology Curriculum

The Clinical Psychology curriculum consists of a sequence of required clinical courses, including courses in professional ethics, issues, and research methods in clinical psychology; developmental psychopathology; foundations of psychotherapy; assessment (two semesters); and empirically-supported interventions. Other required courses include a two-course statistics sequence, history of psychology, multicultural issues in counseling or clinical psychology, and lifespan

developmental psychology. Also, Clinical Psychology students must fulfill American Psychological Association (APA) requirements by completing one course from each of the following areas: biological bases of behavior, cognitive/affective bases of behavior, and social bases of behavior.

In addition to classroom courses, students also must complete a sequence of practicum and community placement courses for intensive training in assessment, diagnosis, therapy, and professional practice and, later, a pre-doctoral, extramural, full-time (2,000 hours) internship. Students should consult the department's Doctoral Student Handbook (<http://uwm.edu/psychology/graduate/doctoral-student-handbook/>) for details.

Completion of a departmental minor is optional for clinical students (available areas: Cognition and Perception, Developmental Psychology, Health Psychology, Neuroscience, and Quantitative Methods).

The clinical program strongly adheres to the scientist-practitioner model of training. It is designed to train psychologists as generalists. However, our faculty members interests cluster in three primary areas including neuroscience/neuropsychology, cognitive/behavioral and behavioral therapies, and pediatric/health psychology. As a result, students often leave the clinical program with a focus in one or more of these areas. The clinical program is accredited by the American Psychological Association (APA).<sup>1</sup> The program has been accredited continually since 1980.

In addition, the clinical program is a member of the Academy of Psychological Clinical Science. Membership in the Academy is granted only after a thorough peer review process. Our membership in the Academy indicates our commitment to excellence in scientific training and to using clinical science as the foundation for designing, implementing, and evaluating assessment and intervention procedures.

<sup>1</sup> Office of Program Consultation and Accreditation 750 First Street, NE Washington, DC 20002-4242. Phone: 202-336-5979.

Code	Title	Credits

	Statistics	6
	History of Psychology	3
	Breadth Requirement	9
	Multicultural Issues	3
	Developmental Psychology	3
	Research Credits	12
<b>Total Credits</b>		<b>84</b>

### Health Psychology Curriculum

The Health Psychology curriculum consists of a core course in health psychology, two other courses in health psychology chosen in consultation with the major professor, a two-course statistics sequence, completion of two departmental minor areas of study (available areas: Cognition and Perception, Developmental Psychology, Neuroscience, Psychopathology, and Quantitative Methods) and one breadth course chosen in consultation with the major professor. Students should consult the department's Doctoral Student Handbook (<http://uwm.edu/psychology/graduate/doctoral-student-handbook/>) for details.

Health psychology, which is concerned with the psychological variables that influence physical health and illness, has become a dominant force in the health sciences. The program offers training in research and theories relevant to health promotion. Faculty members and

students work together on projects focused on gender and health, cancer prevention and health education, reproductive health and STD prevention, patient advocacy and self-care behaviors, the effects of stress and mechanisms of coping with it, and child abuse prevention. Research is conducted in the laboratory as well as in clinical settings, and many members of the faculty have strong ties to the Milwaukee community.

	Breadth Requirement	3
	Statistics	6
	Departmental Minors and Research Credits	36
	Minimum 18 Research Credits	
<b>Total Credits</b>		<b>54</b>

## Neuroscience Curriculum

The Neuroscience curriculum includes four core courses (behavioral neuroscience, cellular and molecular neuroscience, cognitive neuroscience, and proseminar in biological psychology). Other required courses include a statistics course, seminar in neuroscience (three semesters of official enrollment), and three electives, chosen in consultation with the major professor. Students should consult the department's Doctoral Student Handbook (<http://uwm.edu/psychology/graduate/doctoral-student-handbook/>) for details.

Neuroscience is devoted to the study of the nervous system. The curriculum is designed to provide students with the intellectual and technical skills necessary for a productive career in academics or industry. Students are part of the greater Milwaukee Area Neuroscience group, which includes faculty members and students from various departments at UWM, the Medical College of Wisconsin, and Marquette University. Students learn a wide range of techniques working with laboratory animals and human subjects. These include experimental design, behavioral testing and analysis, neurophysiology, aseptic surgical techniques, quantitative protein and mRNA assays, immunohistochemistry, eyetracking, and functional magnetic resonance imaging (fMRI). Current research topics include cellular and molecular mechanisms of learning and memory; mapping brain areas involved in memory and emotion in humans and rodents using fMRI; effects of exercise on cerebral blood flow; mechanisms of recovery from brain damage; visual attention; effects of aging on learning and memory; and the role of calcium and calcium-binding proteins in ischemic cell death.

Code	Title	Credits

	Additional Courses	33
	Minimum 21 credits in Research	
<b>Total Credits</b>		<b>54</b>

## Additional Requirements

### Advising and the Major Professor

Graduate School and departmental regulations require students to have a major professor to direct their research activities. Entering students are assigned to the major professor they have chosen during the admissions process. Students are free to change their major professor at any time. The Department provides a Graduate Program Coordinator, who advises about courses and program requirements and who approves programs

of study. The Graduate Program Coordinator also is available to help any student who wishes to change their major professor.

### Multicultural Requirement

Clinical students must complete a course in multicultural issues in clinical or counseling psychology.

### Developmental Psychology Requirement

Clinical students must complete a graduate-level lifespan developmental psychology course.

### Extrdepartmental Minors and Certificates (optional)

If they wish, and with the approval of their major professors, students may complete, in another department, a coherent program of at least 8 graduate credits (undergraduate/graduate courses taken for graduate credit apply). They may also, if they wish, complete one or more graduate certificate programs.

### Residence

The student must meet minimum Graduate School residence requirements. Please note the requirement of earning at least 27 graduate credits at UWM. For more information on residence, see the Graduate School Doctoral Requirements (<https://uwm.edu/graduateschool/students/academic-policies-and-procedures/doctoral-resources/doctoral-requirements/>) page.

### Doctoral Preliminary Examination

Students must pass a doctoral preliminary examination to qualify for formal admission to candidacy for the degree. The preliminary examination can be taken only after the master's degree has been earned and all relevant coursework has been completed satisfactorily. The format of the examination depends on the program. Specific guidelines for preliminary examinations can be found in the department's Doctoral Student Handbook (<http://uwm.edu/psychology/graduate/doctoral-student-handbook/>).

### Clinical Internship Requirement

With the approval of the department's Clinical Training Committee, clinical students are eligible to begin a required one-year, 2,000-hour internship after they have passed the preliminary examination and the doctoral dissertation proposal hearing.

### Clinical Coursework for Dissertators

Clinical students are permitted to take practicum courses PSYCH 811 and PSYCH 842 after achieving dissertator status. This is an exception to UW System policy regarding coursework loads for dissertators that is approved because of the nature of the clinical program.

### Dissertation Defense

The candidate must write a dissertation that demonstrates the ability to formulate a research topic and pursue independent and original investigation. A doctoral dissertation committee must have at least four members, at least three of whom must be tenure-track or tenured faculty in the UWM Department of Psychology who hold Graduate Faculty status. A maximum of two committee members can be individuals who have doctoral degrees but who do not have Graduate Faculty status at UWM.

### Final Oral Examination

The candidate must, as the final step toward the degree, pass an oral examination in defense of the dissertation.

## Time Limit

The student must complete all degree requirements within seven years of initial enrollment (four years if entering with a master's degree), excluding internship.

For additional information on the PhD, see the Graduate School Doctoral Requirements (<https://uwm.edu/graduateschool/students/academic-policies-and-procedures/doctoral-resources/doctoral-requirements/>) page.

## Public and Non-Profit Administration

The public and nonprofit administration unit (PNA) houses several graduate programs but also offers some courses at the undergraduate level. PNA oversees the following graduate programs:

- Master of Science in Nonprofit Management and Leadership
- Master of Public Administration
- Graduate Certificate in Nonprofit Management

PNA partners with the Urban Planning program within the College of the Arts & Architecture to offer a coordinated Master of Public

Administration/Master of Urban Planning program. Additionally, PNA partners with the Helen Bader School of Social Welfare within the College of Community Engagement & Professions to offer a joint Master of Science in Criminal Justice and a Master of Public Administration.

Undergraduate courses in public administration will provide a background for students interested in pursuing graduate degrees in the field and those who wish to enhance their studies in another program with an understanding of the administration of public and nonprofit programs.

# Nonprofit Management and Leadership, MS (College of Letters and Science, Department of Public and Nonprofit Administration)

The College of Letters & Science and the Lubar College of Business offer a Master of Science in Nonprofit Management and Leadership. The program is designed to provide students with the essential theoretical and practical knowledge and skills to manage and lead nonprofit sector organizations successfully.

Courses address the full range of skills needed to serve nonprofit organizations effectively, including financial management, resource development, governance, organizational leadership, and program planning and accountability. Both students and instructors in the program include experienced professionals representing a full spectrum of nonprofit organizations.

The Master of Science in Nonprofit Management and Leadership is one of only 12 programs worldwide to be recognized with accreditation from the Nonprofit Academic Centers Council (NACC). Per the accreditation review panel, UWM's program "...unambiguously meets 16 of the 16 major content subject areas through curriculum instruction..." and surpassed these requirements in 10 of those categories. Online options for program completion are available.

## Related Certificates

- Graduate Certificate in Nonprofit Management (p. 308)

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

Applications are considered on a rolling admissions basis, although we suggest that a completed portfolio be submitted at least 6-8 weeks prior to the beginning of the starting semester.

Applicants should keep in mind that applications for various University fellowships are typically due in January. If you are planning to apply for Financial Aid (<http://uwm.edu/onestop/contact/financial-aid/>), all application materials must be submitted by March 1 of each year.

### Admission

To be admitted to the MS in Nonprofit Management and Leadership degree program, an applicant must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>).

During the admissions process, students will be asked to show evidence of having satisfactorily completed undergraduate or higher level foundation coursework in the principles of accounting and economics. Those students who are unable to show such evidence may be admitted with these academic deficiencies but will then meet with their respective academic advisors to identify and obtain approval for what they must do to remove these deficiencies.

The student is expected to satisfy deficiency requirements within three enrolled semesters. The deficiencies are monitored by the Graduate School and the individual graduate program unit. No course credits earned in making up deficiencies may be counted as program credits required for the degree.

Applicants must submit the following for review by the Graduate School and the Nonprofit Management Program Faculty Committee:

1. Official transcripts from all colleges or universities previously attended.
2. Three letters of recommendation from persons familiar with the applicant's academic ability and/or professional achievements.
3. Scores from either the Graduate Record Examination (GRE) (<http://uwm.edu/graduateschool/admission/#gre>) or the Graduate Management Admission Test (GMAT) (<http://uwm.edu/graduateschool/admission/#gmat>).
4. For those students whose native language is not English, minimum TOEFL score (Test of English as a Foreign Language) of 550 PBT or 79 iBT or minimum IELTS score (International English Language Testing System) of 6.5.
5. Each student's academic preparation is evaluated at the time of application. A personal interview may be required.

## Credits and Courses

The MS in Nonprofit Management and Leadership degree requires satisfactory completion of 39 credits of graduate-level coursework including 33 credit-hours of required or "constrained choice" courses and 6 credit-hours of elective courses as follows:

Code	Title	Credits
<b>Required</b>		
<i>Introductory</i>		
BUSMGMT 718	Concepts and Practice of Nonprofit Management	3
<i>Core</i>		
BUS ADM 766	Marketing for Nonprofit Organizations	3
BUSMGMT 721	Fundraising and Development for Nonprofit Organizations	3

PUB ADM 769	Analyzing and Evaluating Public Policies and Programs	
SOCIOL 920	Sociology of Race and Ethnicity	
URB STD 901	Urban Social Structure	

**Total Credits** 39

<sup>1</sup> This course will serve as the integrative “capstone” requirement for the program and must be taken after completing all other required courses (or concurrently with the final required courses).

<sup>2</sup> This is a pre-approved but not exhaustive list: Students may request alternative courses offered in other departments at UWM. Please send an email to Program Advisor with a course description and/or syllabus, and stated reasons why the course being proposed is an appropriate fit for the student’s academic and career goals.

## Additional Requirements

### Major Professor as Advisor

The student must have a major professor to advise and supervise the student’s studies as specified in Graduate School regulations. A student who is not assigned to an advisor at the time of admission should immediately contact the Program Director.

### Thesis

Not Required

### Comprehensive Examination

Not Required

### Time Limit

The student must complete all degree requirements within seven years of initial enrollment.

## Nonprofit Management, Graduate Certificate (College of Letters and Science, Department of Public and Nonprofit Administration)

The Graduate Certificate in Nonprofit Management is a collaborative effort between the Lubar College of Business, the College of Letters & Science, and other campus units that have research and teaching interests in nonprofit management and leadership, nonprofit organizations, the nonprofit sector, and philanthropy. The certificate responds to the growing need for trained professionals to assume management and leadership positions in non-governmental, nonprofit sector organizations.

The multi-disciplinary Graduate Certificate in Nonprofit Management is designed to provide students with the knowledge and skills needed to pursue or advance careers within nonprofit sector organizations successfully. It is the first graduate-level program to be provided by any college or university in the State of Wisconsin that has been specifically designed for the leaders and managers of nonprofit organizations.

## Combining the Graduate Certificate with Another Graduate Degree

Students in degree programs across campus such as urban studies, public administration, business, social welfare, education, or the arts, have combined the Graduate Certificate in Nonprofit Management with their degree to further enhance their academic preparation for their particular career goals.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

Applications are considered on a rolling admissions basis, although we suggest that a completed portfolio be submitted at least 6-8 weeks prior to the beginning of the starting semester.

Applicants should keep in mind that applications for various University fellowships are typically due in January. If you are planning to apply for Financial Aid (<http://uwm.edu/onestop/contact/financial-aid/>), all application materials must be submitted by March 1 of each year.

### Admission

Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted in to a certificate program.

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).

- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

## Credits and Courses

Students wishing to earn a Graduate Certificate in Nonprofit Management must complete the required 15 graduate credit hours. No student may complete all 15 credits within a single school or college. The curriculum consists of the following five courses:

Code	Title	Credits
<b>Required</b>		
BUSMGMT 718	Concepts and Practice of Nonprofit Management	3
BUSMGMT 721	Fundraising and Development for Nonprofit Organizations	3
BUSMGMT 724	Accounting for Nonprofit Organizations	3
NONPROF 725	Governance of Nonprofit Organizations	3
<b>Electives</b>		
Select one of the following:		3
BUS ADM 766	Marketing for Nonprofit Organizations	
NONPROF 740	Executive Leadership of Nonprofit Organizations	
NONPROF 705	Professionals and Volunteers in Nonprofit Organizations	
NONPROF 795	Introduction to Nonprofit Revenue Streams and Portfolios	
<b>Total Credits</b>		<b>15</b>

## Additional Requirements

### Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

### Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

### Articulation with Degree Programs

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.

2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

### Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

## Gainful Employment Disclosure Information

- UWM Financial Aid Gainful Employment (<https://uwm.edu/onestop/finances/receiving-financial-aid/non-degree-students/#primary>)
- Gainful Employment Disclosure Information (<https://uwm.edu/gis-certificate/wp-content/uploads/sites/323/2019/06/gis-cert-gedt-2019.pdf>)

## Public Administration, MPA (College of Letters and Science, Department of Public and Nonprofit Administration)

The College of Letters and Science and the Lubar College of Business offer and present jointly the Master of Public Administration (MPA).

The program is designed to provide theoretical and practical preparation for careers in public and non-profit administration with three areas of concentration: municipal management, general public administration, and non-profit management.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

Applications are considered on a rolling admissions basis, although we suggest that a completed portfolio be submitted at least 6-8 weeks prior to the beginning of the starting semester.

Applicants should keep in mind that applications for various University fellowships are typically due in January. If you are planning to apply for Financial Aid (<http://uwm.edu/onestop/contact/financial-aid/>), all application materials must be submitted by March 1 of each year.

## Admission

An applicant must meet Graduate School requirements and hold a bachelor's degree from an accredited college or university to be considered for admission.

There are no fixed prerequisites in terms of prior academic training; but background in public administration, American governmental institutions, economics, statistics, and computer applications in social science is beneficial. Each student's academic preparation is evaluated at the time of application. A personal interview may be required.

Applicants may be admitted with specific program-defined course deficiencies provided that the deficiencies amount to no more than two courses.

The student is expected to satisfy deficiency requirements within three enrolled semesters. The deficiencies are monitored by the Graduate School and the individual graduate program unit. No course credits earned in making up deficiencies may be counted as program credits required for the degree.

The MPA program requirements to be considered for admission are:

1. An undergraduate grade point average of at least 3.0 (4.0 scale).
2. Three letters of recommendation from persons familiar with applicant's academic ability and achievement.
3. Submission of scores on the Graduate Record Examination (GRE) (<http://uwm.edu/graduateschool/admission/#gre>) or the Graduate Management Admission Test (GMAT) (<http://uwm.edu/graduateschool/admission/#gmat>).

Candidates seeking admission to the MPA/MUP program must apply to and be admitted to both programs. The requirements for admission to the MUP program are detailed in the Urban Planning section of this Catalog.

## Credits and Courses

The Master of Public Administration degree requires satisfactory completion of 39-42 credits of prescribed graduate study and appropriate coursework.

### Minimum Grade Requirements in the Core Courses

In order to demonstrate mastery of the critical Core Course material, MPA students must achieve a grade point average of 3.0 in the six Core Courses, and, regardless of average, students must earn a grade of B- or better in each Core Course. If a grade of C+ or lower is earned in any Core Course, that course must be repeated in an effort to earn the minimum grade of B-. If the student's grade point average in the six Core Courses is below 3.0, the student must repeat one or more Core Courses in which a grade of lower than B was earned in an effort to establish a grade point average of 3.0 in the Core. (For purposes of this requirement, the grade point average for the Core Courses will be calculated on the basis of only the highest grade earned; that is, the grade earned in the first attempt at a Core Course will not be averaged with the grade earned in the repeat.)

### Core Requirements

Students entering the MPA program will be placed, at the discretion of the MPA Director, in one of two tracks (A or B) within the core. The minimum degree requirement is 39 credits for Track A students and 42 credits for Track B students.

Code	Title	Credits
<b>Required Core</b>		
BUSMGMT 709	Predictive Analytics for Managers	3

BUS ADM 738	Human Resource Management	3
PUB ADM/URBPLAN 630	Budgeting and Finance in the Public Sector	3
PUB ADM 763	Scope and Dynamics of Public Administration	3
PUB ADM 769	Analyzing and Evaluating Public Policies and Programs	3
PUB ADM 921	Public Service Administrative Internship <sup>1</sup>	3
Select one of the following:		3
BUS ADM 443	Special Topics in Human Resources Management:	
BUSMGMT 706	Managing in a Dynamic Environment	
BUS ADM 731	Leadership in Diversity and Inclusion	
BUS ADM 737	Managerial Decisions and Negotiations	
<b>Tracks</b>		
Select Track A or B below		15-18
<b>Capstone</b>		
PUB ADM 959	Capstone Seminar in Public Administration <sup>2</sup>	3
<b>Total Credits</b>		<b>39-42</b>

<sup>1</sup> Waived for students with significant experience in the public or nonprofit sector; see Track A.

<sup>2</sup> Every student will be required to take the capstone seminar, PUB ADM 959. The course requirements will include the completion and written and oral presentation of a project on a topic selected with the assistance of the instructor. This course will also be devoted to coverage of special issues and problems of the public administration profession, including administrative ethics.

### Track A

Students with significant public or nonprofit sector work experience may, at the discretion of the MPA Director, have the Government/Nonprofit Administrative Internship course (PUB ADM 921) waived. Students seeking placement in this track will need to meet with the MPA Director to discuss this possibility and will be required to provide documentation of current public or nonprofit sector work experience.

### Track B

Students with no significant public or nonprofit sector work experience are required to enroll in and successfully complete PUB ADM 921. As part of the requirements for this course, Track B students are required to obtain, with the assistance of the MPA Director, one or more internships in either the public or nonprofit sector while enrolled in the MPA program.

Every student must select and complete the requirements for one of the following three concentrations:

### Municipal Management

Code	Title	Credits
<b>Required</b>		
Select two of the following:		6
PUB ADM 730	Budgeting for Public Sector Professionals	
PUB ADM 965	Municipal Management	
PUB ADM 750	Public Administration Risk and Analysis	
Select two of the following:		6

POL SCI/PUB ADM 914	
URBPLAN 651	Land Use Planning Practice
URBPLAN 684	Planning Local Economic Development
URBPLAN 701 & URBPLAN 702	Introduction to Land Use Planning and Introduction to Planning Law

<b>Electives</b>	
Select at least 6 elective credits <sup>1</sup>	6
<b>Total Credits</b>	<b>18</b>

<sup>1</sup> Selected by the student with the approval of the MPA Director that relate to the student’s substantive interests within the discipline of public administration.

Other courses may be substituted with the approval of the MPA Director.

**General Public Administration**

Code	Title	Credits
<b>Required</b>		
Select four of the following:		12
BUS ADM 441	Diversity in Organizations (if not used to satisfy seminar in organizational management requirement)	
PUB ADM 400	Ethics and Responsibility in Public Administration	
PUB ADM/POL SCI 452	Administrative Law	
PUB ADM 705		
PUB ADM 750	Public Administration Risk and Analysis	
POL SCI/PUB ADM 914		
PUB ADM 958	Seminar in Public Administration:	

<b>Electives</b>	
Select at least 6 elective credits <sup>1</sup>	6
<b>Total Credits</b>	<b>18</b>

<sup>1</sup> Selected by the student with the approval of the MPA Director that relate to the student’s substantive interests within the discipline of public administration.

**Nonprofit Organization and Management**

Code	Title	Credits
<b>Required</b>		
BUS ADM 766	Marketing for Nonprofit Organizations	3
BUS ADM 724	Business Combinations and Governmental Accounting	3
NONPROF 789	Theory and Role of Nonprofit Organizations	3
PUB ADM 958	Seminar in Public Administration:	3

<b>Electives</b>	
Select at least 6 elective credits <sup>1</sup>	6
<b>Total Credits</b>	<b>18</b>

<sup>1</sup> Selected by the student with the approval of the MPA Director that relate to the student’s substantive interests within the discipline of public administration.

## Additional Requirements

### Major Professor as Advisor

The student must have a major professor to advise and supervise the student’s studies as specified in Graduate School regulations. A student who is not assigned to an advisor at the time of admission should immediately contact the Program Director.

### Thesis

Not required.

### Time Limit

The student must complete all degree requirements within seven years of initial enrollment. Students in the MPA/MUP program are allowed up to seven years to complete all requirements for both degrees.

## Public Administration, MPA/Criminal Justice and Criminology, MS

Both departments collaboratively offer a program designed to provide students with theoretical and practical exposure to evolving professional practice in the field of criminal justice.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Students are admitted to both graduate programs separately and admission requirements are consistent with those specified by the UWM Graduate School, the MS in Criminal Justice & Criminology and the MPA program.

## Credits and Courses

Students accepted into this MS/MPA program complete the following courses:

### MS in Criminal Justice & Criminology

Code	Title	Credits
<b>Required</b>		
CRM JST 773	Criminological Perspectives	3
CRM JST 743	Proseminar: Administration of Criminal Justice Systems	3
CRM JST 756	Proseminar: Analysis of Criminal Justice Research	3

### Electives

Select 12 additional credits within the criminal justice & criminology program	12
--	----

Select 12 additional credits with the consent of the student's advisor	12
<b>Total Credits</b>	<b>33</b>

### Master of Public Administration

Students entering the MPA program will be placed, at the discretion of the MPA Director in one of two tracks (A or B) within the core. The minimum degree requirement is 39 credits for Track A and 42 for Track B.

#### Track A

Students with significant public or nonprofit sector work experience may, at the discretion of the MPA Director, have PUB ADM 921 waived. Students seeking placement in this track will need to meet with the MPA Director to discuss this possibility and will be required to provide documentation of current public or nonprofit sector work experience.

#### Track B

Students with no significant public or nonprofit sector work experience are required to enroll in and successfully complete PUB ADM 921. As part of the requirements for this course, Track B students are required to obtain, with the assistance of the MPA Director, one or more internships in either the public or nonprofit sector while enrolled in the MPA program.

Code	Title	Credits
<b>Required Core</b>

PUB ADM 958	Seminar in Public Administration:	
PUB ADM 965	Municipal Management	
<b>Concentration</b>		
Select 12 credits in CRM JST		12

<b>Internship</b>		
PUB ADM 921	Public Service Administrative Internship <sup>2</sup>	3
<b>Total Credits</b>		<b>42</b>

<sup>1</sup> Every student will be required to take the capstone seminar, PUB ADM 959. The course requirements will include the completion and written and oral presentation of a project on a topic selected with the assistance of the instructor. This course will also be devoted to coverage of special issues and problems of the public administration profession, including administrative ethics.

<sup>2</sup> An internship is mandatory for students with no public sector work experience.

#### Total Degree Credits for Master of Public Administration: 48-51 cr

The total credits for the coordinated program would typically be completed in both programs at the same time, rather than one program after the other. A student not completing the requirements for the coordinated degree program would need to complete all requirements for an individual program in order to receive a degree.

## Additional Requirements

### Time Limit

Students in the coordinated MS/MPA degree program must complete all degree requirements within seven years of the first enrollment semester as a degree student.

## Public Administration, MPA/Urban Planning, MUP

A coordinated degree program has been designed to allow students to obtain both the Master of Public Administration and the Master of Urban Planning degrees concurrently.

This program is intended to combine professional training in planning with applied administrative and managerial skills. The MPA/MUP requirements are described later in this section.

## Requirements

### Admission Requirements

#### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

## Credits and Courses

This program allows students to complete master's degrees in Public Administration and in Urban Planning concurrently. The coordinated degree requires 42-45 credits of required courses and completion of a concentration in Public Administration (18 credits). However, because some courses completed for the core requirements of the MUP also may count toward the MPA concentration, students may complete the dual degree with a minimum of 54-57 credits. The total number of credits

will depend on the student’s track and choice of concentration in public administration.

**Required Courses in Urban Planning (27 credits)**

Code	Title	Credits
URBPLAN 701	Introduction to Land Use Planning	1
URBPLAN 702	Introduction to Planning Law	2
URBPLAN 711	Planning Theories and Practice	3
URBPLAN 720	Urban Development Theory and Planning	3
URBPLAN 721	Applied Planning Methods	3
URBPLAN 740	Data Analysis Methods I	3
URBPLAN 810	Planning Policy Analysis	6
URBPLAN 811	Applied Planning Workshop	3
Select one of the following:		3
URBPLAN 751	Introduction to Urban Design and Physical Planning	
URBPLAN 791	Introduction to Urban Geographic Information Systems for Planning	
URBPLAN 857	Urban Design as Public Policy	
<b>Total Credits</b>		<b>27</b>

**Required Courses in Public Administration (18 credits)**

Code	Title	Credits
BUS ADM 738	Human Resource Management	3
URBPLAN 630	Budgeting and Finance in the Public Sector	3
POL SCI 763		3
PUB ADM 921	Public Service Administrative Internship <sup>1</sup>	3
or URBPLAN 991	Legislative/Administrative Agency Internship	
PUB ADM 959	Capstone Seminar in Public Administration	3
Select one seminar in organizational management and leadership from the following:		3
BUS ADM 731	Leadership in Diversity and Inclusion	
BUS ADM 732	Transforming Organizations	
BUS ADM 737	Managerial Decisions and Negotiations	
<b>Total Credits</b>		<b>18</b>

<sup>1</sup> The internship requirement will be waived for students with significant public sector work experience.

**Concentration Requirement (18 credits)**

Completion of all the requirements for one of the concentrations in Public Administration. A maximum of six credits of MUP core courses may be used as electives in the MPA concentrations.

# Quantitative Social Data Analysis, Undergraduate Certificate

The Certificate in Quantitative Social Data Analysis is designed to meet the growing need of employers for a workforce that is fluent in data-driven decision-making. Students in the certificate program are exposed to a breadth of data analysis topics, including research methods, Geographical Information System (GIS), multiple regression, and

advanced electives on a variety of quantitative topics in various social science fields, as well as software packages that are in common use in the business world. The program is interdisciplinary - it draws on courses from 9 social science-related departments (Africology, Anthropology, Communications, Criminal Justice, Economics, Geography, Psychology, Political Science, and Sociology) and is intended to complement students’ social science major with concrete quantitative skills in data analysis.

Students will take courses in statistics, regression, GIS, and research methods and will frequently be able to choose a course specific to their major. For example, a sociology major can choose "Research Methods in Sociology" to satisfy the research methods course requirement while a psychology student may choose "Research Methods in Psychology." These options allow students to focus their certificate training in their own field

## Eligibility

The certificate is open to current UWM undergraduates, UWM bachelor’s degree holders, or graduates of other accredited four-year colleges; to be admitted to the certificate program, students must have a current overall GPA of 3.0 at UWM or their bachelor’s degree institution. Students completing the certificate not in conjunction with a degree are not eligible for financial aid.

## Requirements

To obtain the certificate, the student must obtain a grade of at least C in any course used to satisfy the certificate requirements, and a cumulative GPA of 3.0 over all courses used for the certificate. Twelve of the 15-18 required credits must be earned in residence at UWM. 9 of the credits must be on the 300-level or above. Courses for the certificate may not be taken on a credit/no credit basis.

Students currently enrolled at UWM who have fulfilled some of the program’s requirements prior to the program’s approval may have their credits applied retroactively to the certificate program.

Students are required to take one course each from 5 areas:

1. Introductory statistics (3-4 credits);
2. Research methods (3-4 credits);
3. GIS (3 credits);
4. Multiple regression (3 credits); and
5. Electives (3-4 credits).

Code	Title	Credits
<b>Introductory Statistics</b>		<b>3-4</b>
Choose one:		
AFRIC 220	Introduction to Statistics in African and African Diaspora Studies	
ECON 210	Economic Statistics	
GEOG 247	Quantitative Analysis in Geography	
HIST 595	The Quantitative Analysis of Historical Data	
PSYCH 210	Psychological Statistics	
SOCIOL 261	Introduction to Statistical Thinking in Sociology	
<b>Research Methods</b>		<b>3-4</b>
Choose one:		

AFRIC 301	Research Methods in African & African Diaspora Studies

POL SCI 203	Introduction to Political Science Research	
PSYCH 325	Research Methods in Psychology	
SOCIOL 361	Research Methods in Sociology	
CRM JST 662	Methods of Social Welfare Research	
<b>GIS</b>		<b>3</b>
Choose one:		
ANTHRO 380	Anthropological Applications of GIS	
CRM JST 520	Analysis Oriented Technology: Spatial Data Analysis; Crime Mapping; ArcGIS	
GEOG 215	Introduction to Geographic Information Science	
<b>Multiple Regression</b>		<b>3</b>
Choose one:		
ANTHRO 568	Introduction to Anthropological Statistics	
ECON 310	Research Methods for Economics	
ECON 413	Statistics for Economists	
ECON 513	Introduction to Econometrics	
POL SCI 390	Political Data Analysis	
PSYCH 610	Experimental Design	
SOCIOL 461	Social Data Analysis Using Regression	
<b>Electives</b>		<b>3-4</b>
Choose one: <sup>1</sup>		
ECON 411	Economic Forecasting Methods	
GEOG 525	Geographic Information Science	
GEOG 547	Spatial Analysis	
POL SCI 392	Survey Research	
PSYCH 510	Advanced Psychological Statistics	
SOCIOL 352	Social Networks	
<b>Total Credits</b>		<b>15-18</b>

<sup>1</sup> Other courses not on this list but relevant to quantitative social data analysis may be accepted with the approval of the Certificate Program Coordinator. A student making such a request must submit syllabi from the courses involved to the coordinator.

## Awarding the Certificate

Students currently involved in baccalaureate studies who successfully complete the requirements of the program will be awarded the certificate at the time of graduation. Students who already have a bachelor's degree will receive the certificate upon completion of the program requirements.

## Religious Studies

The interdisciplinary major in religious studies draws on the resources of UWM faculty members with a teaching and research interest in religion. This program provides students with a broad humanistic background in religion and an opportunity to develop special concentrations in specific areas of interest. There is no sectarian program of instruction. Rather, faculty members bring to their teaching the special academic characteristics of their own scholarly disciplines, and majors in the

program draw upon a wide sample of those academic traditions. Thus, such subjects as the history and philosophy of religion and religion in art and literature are included in this program. Students choose from courses that consider religion in a wide array of cultural and historical contexts around the globe, including Buddhist, Christian, Classical Greek and Roman, Hindu, Islamic, Jewish, African, and American Indian religions.

Religious studies serves students seeking a broadly humanistic program, those who are pursuing a wide range of pre-professional education programs, those anticipating teaching careers at the secondary or higher educational level, and those who will undertake further study for the religious ministry.

## Programs

- Religious Studies, BA (p. 1280)
- Religious Studies, Minor (p. 1285)

## Religious Studies, BA

Religious studies is an interdisciplinary major that draws on courses from multiple departments to give students a broad understanding of the historical, cultural and philosophical principles of the world's religions, including Buddhism, Christianity, Classical Greek and Roman religions, Hinduism, Islam, Judaism, African and Native-American religions. These diverse belief systems are studied not just for their influence over past generations but also to better understand their role in modern issues.

Religious Studies is not just for students planning to go on to become a priest, rabbi or minister. The program provides excellent preparation for all careers that require critical thinking, logic, analysis and writing skills. Because of the breadth of the subject matter, students graduate with a global perspective, an appreciation for different viewpoints and substantive knowledge about ethics and core belief systems of the past and present.

UWM students in Religious Studies take courses in history, anthropology, philosophy, political science, classics, art history, literature, and more. Many students also complement their major with studies in the foreign language since many religions have traditions and foundations in another language.

Students will also find a very active student organization - the Religious Studies Student Organization. The group brings in speakers and engages with the local community on scholarly topics of interest.

## Double Major

It often is possible to complete a double major in Religious Studies and another subject. This is the case particularly when a student already has undertaken the major in the other field but has credits in religion courses as well. The student often can take courses that count for both Religious Studies and the other major. Interested students should consult with the Program Director.

## Course of Study – Bachelor of Arts Degree

Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete

University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

## University General Education Requirements (GER)

Code	Title	Credits
<b>Oral and Written Communication</b>		
<i>Part A</i>		
Achieve a grade of C or better in the following course:		
ENGLISH 102	College Writing and Research (or equivalent)	
<i>Part B</i>		
Course designated as OWC-B; may be completed through a major-specific course requirement		
<b>Quantitative Literacy</b>		
<i>Part A</i>		
Earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course, or achieve a placement code of at least 30 on the mathematics placement test (or other appropriate test, as determined by the Mathematical Sciences Department)		
MATH 102	Mathematical Literacy for College Students II	
MATH 103	Contemporary Applications of Mathematics	
MATH 105	Introduction to College Algebra	
MATH 108	Algebraic Literacy II	
MATH 111	Introduction to Logic - Critical Reasoning <sup>1</sup>	
or PHILOS 111	Introduction to Logic - Critical Reasoning	
MATH 116	College Algebra	
Or equivalent course		
<i>Part B</i>		
Course designated as QL-B; may be completed through a major-specific course requirement		
<b>Arts</b>		
Select 3 credits		3
<b>Humanities</b>		
Select 6 credits		6
<b>Social Sciences</b>		
Select 6 credits		6
<b>Natural Sciences</b>		
Select 6 credits (at least two courses including one lab)		6
<b>UWM Foreign Language Requirement</b>		
Complete Foreign Language Requirement through:		
Two years (high school) of a single foreign language		
Two semesters (college) of a single foreign language		
Or equivalent		
<b>UWM Cultural Diversity Requirement</b>		

One course from the Arts, Humanities, or Social Sciences must also satisfy UWM's Cultural Diversity requirement

<sup>1</sup> Math 111 and Philosophy 111 are jointly offered and count as repeats of one another. Students cannot receive credit for both courses.

## College of Letters & Science Requirements

### I. English Composition Requirement

Students must satisfy the English Composition Requirement with one of the following options:

- 1) Completing ENGLISH 102 with a grade of C or higher; or
- 2) by placing beyond ENGLISH 102 on the English Placement Test (EPT) (or other assessment as determined by the English Department); or
- 3) transferring a course of at least 2.5 equivalent credits from another institution that is equivalent to English 102, or a UWM higher-level expository writing course, with a grade of C or higher.

**Note:** This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.

### II. Mathematics and Formal Reasoning

To satisfy the Mathematics and Formal Reasoning Requirement, students must satisfy the following two requirements:

1. Achieve a placement code of at least 30 on the mathematics placement test (or other appropriate test, as determined by the Mathematical Sciences Department) or earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course:

Code	Title	Credits
MATH 102	Mathematical Literacy for College Students II	3
MATH 103	Contemporary Applications of Mathematics	3
MATH 105	Introduction to College Algebra	3
MATH 108	Algebraic Literacy II	3
MATH 111	Introduction to Logic - Critical Reasoning <sup>1</sup>	3
or PHILOS 111	Introduction to Logic - Critical Reasoning	
MATH 116	College Algebra	3
MATH 175	Mathematical Explorations for Elementary Teachers I	3

<sup>1</sup> Math 111 and Philosophy 111 are jointly offered and count as repeats of one another. Students cannot receive credit for both courses.

**Note:** This requirement is the same as the University General Education Requirement for Quantitative Literacy Part A, listed above.

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 211, or Letters and Science statistics courses:

Code	Title	Credits
Complete one of the following:		
3 or more credits in any 200-level or above Math course		
AFRIC 220	Introduction to Statistics in African and African Diaspora Studies	
ANTHRO 568	Introduction to Anthropological Statistics	
BIO SCI 465	Biostatistics	
ECON 210	Economic Statistics	
GEOG 247	Quantitative Analysis in Geography	
HIST 595	The Quantitative Analysis of Historical Data	
MTHSTAT 215	Elementary Statistical Analysis	
PHILOS 211	Elementary Logic	
POL SCI 390	Political Data Analysis	
POL SCI 392	Survey Research	
PSYCH 210	Psychological Statistics	
SOCIOL 261	Introduction to Statistical Thinking in Sociology	

**Note:** This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BA, students must take one of the L&S approved courses. **Not all of the courses listed here will satisfy the QL-B requirement.**

### III. Foreign Language Requirement

Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

Code	Title	Credits
Completed in one of the following ways:		
0-18		
Successful completion of the 4th semester of college work or equivalent in one language other than English (including American Sign Language)		
Successful completion of the 3rd semester of college work or equivalent in one language other than English (including American Sign Language) PLUS the 2nd semester of college work or equivalent in another language other than English (including American Sign Language)		

### IV. International Requirement

See Approved Courses for the L&S International Requirement (<https://catalog.uwm.edu/letters-science/approved-courses-international-requirement/>) for course options.

Code	Title	Credits
Completed in one of the following ways:		
9		
Complete 3 courses (min. 9 cr) in a single foreign language (not including literature-in-translation or American Sign Language) at the 3rd semester level and above		

Complete 3 non-language courses (min. 9 credits) with an international content chosen from at least 2 curricular areas.

Complete 9 credits in combination of the two options above.

### V. Breadth Requirement

Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD/+) designation, L&S students must complete the Breadth requirement.

Code	Title	Credits
<b>Arts</b>		
Select 3 credits		3
<b>Humanities</b>		
Complete 12 credits of L&S courses with Humanities Breadth designation; no more than 6 credits from a single subject area. *		12
<b>Social Sciences</b>		
Complete 12 credits of L&S Courses with Social Science Breadth designation; no more than 6 credits from a single curricular area. *		12
<b>Natural Sciences</b>		
Complete 12 credits of L&S Courses with Natural Sciences Breadth designation, including at least one laboratory or field course; no more than 6 credits from a single curricular area. *		12
<b>Cultural Diversity</b>		
Complete 3 credits in a course with Cultural Diversity (CD) designation. **		3

\* Students should check their course selections carefully with the list of approved L&S Breadth Courses (<https://catalog.uwm.edu/letters-science/breadth-requirement-course-list/>). Students are advised to select at least 6 credits worth of courses in each of the Humanities, Social Science, and Natural Sciences areas that can satisfy both the campus-wide General Education Requirements and the L&S Breadth requirement.

\*\* Students are advised to select a course that satisfies the Cultural Diversity requirement as well as a Humanities or Social Science breadth/GER requirement.

### VI. The Major

The College of Letters and Science requires that students attain at least a 2.0 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.0 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

### Research Requirement

Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (<https://catalog.uwm.edu/letters-science/approved-courses-research-requirement/>).

### VII. The Minor

The College of Letters and Science requires that students attain at least a 2.0 GPA in all credits in the minor attempted at UWM. In addition,

students must attain a 2.0 GPA on all minor credits attempted, including any transfer work.

## Religious Studies Major Requirements

The religious studies major requires completion of at least 33 credits, including at least 18 in upper-division courses (numbered 300 and above) of which at least 15 must be taken in residence at UWM. In satisfying these requirements, students must select courses from at least three different curricular areas. The College requires that students attain at least a 2.0 GPA on all major credits attempted at UWM. In addition, students must attain a 2.0 GPA on all major credits attempted, including any transfer work. The required 33 credits must be distributed as follows:

Code	Title	Credits
<b>Core</b>		
<i>Recommended</i>		
The following is recommended:		
RELIGST 101	Introduction to World Religions	
<i>Required Methods</i>		
Select one of the following:		3
RELIGST 395	Seminar in the Study of Religion: Theories of Religion (or equivalent)	
HIST 594	Methods and Theory in the Historical Study of Religion: (or equivalent)	
<i>Required Capstone Experience</i> <sup>1</sup>		
Select one of the following research options:		3
HIST 600	Seminar in History: (with research conducted on a religion-related topic)	
For students with additional major(s), upper-level research seminar in the additional major that focuses on a religion-related topic		
A 3-credit independent study on a religion-related topic		
Senior thesis in another program/department on a religion-related topic		
Research paper focused on a religion-related topic as approved by the director		
<b>Electives</b>		
Select 27 credits (see below)		27
<b>Total Credits</b>		<b>33</b>

<sup>1</sup> In all cases, the religious studies director must approve the topic to satisfy the research requirement. Majors are required to file the appropriate research/capstone approval form prior to completion of their research/capstone course.

### Electives

All majors are required to complete at least 27 additional credits beyond the core courses. Nine elective credits must be distributed among three different religious traditions. A religious tradition course must focus primarily (more than 50%) on one specific religion. Twelve of these 27 credits must be numbered 300 or above.

Relevant language courses above the second semester will be counted as electives toward the Religious Studies major with approval of the coordinator. Students can take up to 10 credit hours of foreign language beyond the second semester if the language chosen is related to their future goals or research interests. Again, the use of such language courses as electives requires approval of the coordinator.

### Optional Concentration

Religious Studies majors have the option of focusing their programs of studies on one or more religious traditions. To discuss this option, please contact Program Director David Divalerio at [divaleri@uwm.edu](mailto:divaleri@uwm.edu).

## Letters & Science Advising

During your time at UWM, you may have multiple members of your success team, including advisors, peer mentors, and success coaches. Letters and Science students typically work with at least two different types of advisors as they pursue their degrees: professional College Advisors and Faculty Advisors. L&S College Advisors advise across your entire degree program while departmental Faculty Advisors focus on the major.

**College Advisors** are located in Holton Hall and serve as your primary advisor. They are your point person for your questions about navigating college and completing your degree. College Advisors will:

- assist you in defining your academic and life goals;
- help you create an educational plan that is consistent with those goals;

- assist you in understanding curriculum, major and degree requirements for graduation, as well as university policies and procedures;
- provide you with information about campus and community resources and refer you to those resources as appropriate; and
- monitor your progress toward graduation and completion of requirements.

**Faculty Advisors** mentor students in the major and assist them in maximizing their development in the program. You will begin working with a Faculty Advisor when you declare your major. Faculty Advisors are an important partner and will:

- help you understand major requirements and course offerings in the department;
- explain opportunities for internships and undergraduate research and guide you in obtaining those experiences; and
- serve as an excellent resource as you consider potential graduate programs and career paths in your field.

Students are encouraged to meet with both their College Advisor and Faculty Advisor at least once each semester. Appointments are available in-person, by phone or by video.

Currently enrolled students should use the Navigate360 website (<https://uwm.navigate.eab.com/>) to make an appointment with your assigned advisor or call (414) 229-4654 if you do not currently have an assigned Letters & Science advisor. Prospective students who haven't enrolled in classes yet should call (414) 229-7711 or email [let-sci@uwm.edu](mailto:let-sci@uwm.edu).

## College of Letters and Science Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Religious Studies, Minor

Religious studies is an interdisciplinary major or minor that draws on courses from multiple departments to give students a broad understanding of the historical, cultural and philosophical principles of the world's religions, including Buddhism, Christianity, Classical Greek

and Roman religions, Hinduism, Islam, Judaism, African and Native-American religions. These diverse belief systems are studied not just for their influence over past generations but also to better understand their role in modern issues.

Religious Studies is not just for students planning to go on to become a priest, rabbi or minister. The program provides excellent preparation for all careers that require critical thinking, logic, analysis and writing skills. Because of the breadth of the subject matter, students graduate with a global perspective, an appreciation for different viewpoints and substantive knowledge about ethics and core belief systems of the past and present.

UWM students in Religious Studies take courses in history, anthropology, philosophy, political science, classics, art history, literature, and more. Many students also complement their major with studies in the foreign language since many religions have traditions and foundations in another language.

Students will also find a very active student organization - the Religious Studies Student Organization. The group brings in speakers and engages with the local community on scholarly topics of interest.

## Requirements

The minor requires 18 credits in approved Religious Studies courses, including at least 9 upper-division (numbered 300 and above) credits taken in residence at UWM. Students may take courses in the Religious Studies curricular area (RELIGST) as well as courses from the approved list below. Students must complete coursework from at least two different curricular areas.

In addition, the minor must include courses dealing with two different religious traditions. (RELIGST 101 may not be used in fulfilling this requirement.) The College requires that students earn at least a 2.0 GPA on all UWM courses attempted for the minor. A 2.0 GPA also is required on all minor credits attempted, including any transfer work.

To discuss the minor, please contact Program Director David Divalerio at [divaleri@uwm.edu](mailto:divaleri@uwm.edu).

program's website. If you have questions about the minor before then, contact let-sci@uwm.edu.

## Sociology

Sociology is the study of patterns of social relations and how those patterns shape what people do and think. From community and conflict, family and inequality, social change and religion, crime and conformity, class and race, gender and work, few fields offer students such breadth in the study of the social world we all inhabit.

For undergraduates we offer an exciting array of classes, where students can study everything from human sexuality to the sociology of culture, from issues related to aging to pressing questions of inequality and poverty. Students have great opportunities to work closely with our faculty and teaching staff; our wide range of courses offers undergraduates both breadth and depth in their study of sociology.

For graduate students we offer an excellent Master's and PhD programs. Our MA program has long provided outstanding training as preparation for PhD programs or for work in non-profit organizations, businesses, and government agencies. Our PhD program offers advanced training, in general sociological theory and cutting edge methodologies for the analysis of social data, with particular emphasis on expertise in the analysis of social inequalities and social institutions.

## Letters & Science Minor Advising

Advising for the minor takes place within the department by a faculty member or staff member. Follow the steps using the "Declare a Minor" button on the department's website which may include instructions on how to select a faculty advisor if there is more than one to choose from.

Students who already have an L&S college advisor because their degree plan is in L&S can discuss the minor with them as well since they will be familiar with any minor in L&S. Students who are working on a degree from a UWM college other than the College of Letters & Science will not need an L&S college advisor for just a minor and one will not be assigned. These students should work with the faculty or staff advisor they receive as part of the minor declaration process or contact the department directly for assistance.

Applicants who have not started classes at UWM yet who wish to declare a minor should wait until they are registered for their first UWM classes and then can declare the minor using the "Declare a Minor" button on the

## Programs

John M. Roberts Jr.	Professor & Director of Graduate Studies	PhD	Cornell University	✓
William Velez	Professor	PhD	Yale University	✓

## Sociology, BA

Everyone is part of multiple social groups. Your local community, your ethnic group, your religious organization, your workplace, your team, your family - these are all examples of groups to which you might belong. The Sociology major at UWM offers students a chance to better understand these groups and the people within them. Students explore the social causes and consequences of human behavior, including topics such as political movements, population shifts, housing patterns, racism, gender inequality, the legal system, the medical profession, crime, families, sexuality, workplace organization, food cultures, and more.

UWM students in Sociology can customize their major. Beyond the core courses that all majors take, students have many electives to choose from. They can take a broad array of courses or become more specialized by choosing electives focused around particular topics of interest. Our graduates are known for their strong knowledge of the field as well as exceptional technical skills that are highly desirable. Sociology is a social science and relies on data, statistics and research to form theories and draw conclusions. Students in UWM's Sociology program learn how to process, analyze and synthesize large volumes of information in a logical and consistent manner using the latest software tools, a skill that has gotten them noticed by employers from businesses and government agencies that rely on data to make informed decisions.

Sociology is also one of UWM's majors available entirely online for students that wish to earn their degree from a distance. All classes required for the major can be taken online, or students can mix-and-match and take some online and some traditional classes. Many sociology courses are cross-listed with other certificate programs and interdepartmental majors.

## Course of Study – Bachelor of Arts Degree

Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

## University General Education Requirements (GER)

Code	Title	Credits
<b>Oral and Written Communication</b>		
<i>Part A</i>		
Achieve a grade of C or better in the following course:		
ENGLISH 102	College Writing and Research (or equivalent)	

### Part B

Course designated as OWC-B; may be completed through a major-specific course requirement

### Quantitative Literacy

#### Part A

Earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course, or achieve a placement code of at least 30 on the mathematics placement test (or other appropriate test, as determined by the Mathematical Sciences Department)

MATH 102	Mathematical Literacy for College Students II
MATH 103	Contemporary Applications of Mathematics
MATH 105	Introduction to College Algebra
MATH 108	Algebraic Literacy II
MATH 111	Introduction to Logic - Critical Reasoning <sup>1</sup>
or PHILOS 111	Introduction to Logic - Critical Reasoning
MATH 116	College Algebra
Or equivalent course	

### Part B

Course designated as QL-B; may be completed through a major-specific course requirement

### Arts

Select 3 credits 3

### Humanities

Select 6 credits 6

### Social Sciences

Select 6 credits 6

### Natural Sciences

Select 6 credits (at least two courses including one lab) 6

### UWM Foreign Language Requirement

Complete Foreign Language Requirement through:

Two years (high school) of a single foreign language

Two semesters (college) of a single foreign language

Or equivalent

### UWM Cultural Diversity Requirement

One course from the Arts, Humanities, or Social Sciences must also satisfy UWM's Cultural Diversity requirement

<sup>1</sup> Math 111 and Philosophy 111 are jointly offered and count as repeats of one another. Students cannot receive credit for both courses.

## College of Letters & Science Requirements

### I. English Composition Requirement

Students must satisfy the English Composition Requirement with one of the following options:

1) Completing ENGLISH 102 with a grade of C or higher; or

2) by placing beyond ENGLISH 102 on the English Placement Test (EPT) (or other assessment as determined by the English Department); or

3) transferring a course of at least 2.5 equivalent credits from another institution that is equivalent to English 102, or a UWM higher-level expository writing course, with a grade of C or higher.

**Note:** This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.

## II. Mathematics and Formal Reasoning

To satisfy the Mathematics and Formal Reasoning Requirement, students must satisfy the following two requirements:

1. Achieve a placement code of at least 30 on the mathematics placement test (or other appropriate test, as determined by the Mathematical Sciences Department) or earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course:

Code	Title	Credits
MATH 102	Mathematical Literacy for College Students II	3
MATH 103	Contemporary Applications of Mathematics	3
MATH 105	Introduction to College Algebra	3
MATH 108	Algebraic Literacy II	3
MATH 111	Introduction to Logic - Critical Reasoning <sup>1</sup>	3
or PHILOS 111	Introduction to Logic - Critical Reasoning	
MATH 116	College Algebra	3
MATH 175	Mathematical Explorations for Elementary Teachers I	3

<sup>1</sup> Math 111 and Philosophy 111 are jointly offered and count as repeats of one another. Students cannot receive credit for both courses.

**Note:** This requirement is the same as the University General Education Requirement for Quantitative Literacy Part A, listed above.

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 211, or Letters and Science statistics courses:

Code	Title	Credits
Complete one of the following:		
3 or more credits in any 200-level or above Math course		
AFRIC 220	Introduction to Statistics in African and African Diaspora Studies	
ANTHRO 568	Introduction to Anthropological Statistics	
BIO SCI 465	Biostatistics	
ECON 210	Economic Statistics	
GEOG 247	Quantitative Analysis in Geography	
HIST 595	The Quantitative Analysis of Historical Data	
MTHSTAT 215	Elementary Statistical Analysis	

PHILOS 211	Elementary Logic
POL SCI 390	Political Data Analysis
POL SCI 392	Survey Research
PSYCH 210	Psychological Statistics
SOCIOL 261	Introduction to Statistical Thinking in Sociology

**Note:** This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BA, students must take one of the L&S approved courses. **Not all of the courses listed here will satisfy the QL-B requirement.**

## III. Foreign Language Requirement

Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

Code	Title	Credits
Completed in one of the following ways:		0-18
Successful completion of the 4th semester of college work or equivalent in one language other than English (including American Sign Language)		
Successful completion of the 3rd semester of college work or equivalent in one language other than English (including American Sign Language) PLUS the 2nd semester of college work or equivalent in another language other than English (including American Sign Language)		

## IV. International Requirement

See Approved Courses for the L&S International Requirement (<https://catalog.uwm.edu/letters-science/approved-courses-international-requirement/>) for course options.

Code	Title	Credits
Completed in one of the following ways:		9
Complete 3 courses (min. 9 cr) in a single foreign language (not including literature-in-translation or American Sign Language) at the 3rd semester level and above		
Complete 3 non-language courses (min. 9 credits) with an international content chosen from at least 2 curricular areas.		
Complete 9 credits in combination of the two options above.		

## V. Breadth Requirement

Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD/+) designation, L&S students must complete the Breadth requirement.

Code	Title	Credits
<b>Arts</b>		
Select 3 credits		3
<b>Humanities</b>		
Complete 12 credits of L&S courses with Humanities Breadth designation; no more than 6 credits from a single subject area. *		12

**Social Sciences**

Complete 12 credits of L&S Courses with Social Science Breadth designation; no more than 6 credits from a single curricular area. \* 12

**Natural Sciences**

Complete 12 credits of L&S Courses with Natural Sciences Breadth designation, including at least one laboratory or field course; no more than 6 credits from a single curricular area. \* 12

**Cultural Diversity**

Complete 3 credits in a course with Cultural Diversity (CD) designation. \*\* 3

\* Students should check their course selections carefully with the list of approved L&S Breadth Courses (<https://catalog.uwm.edu/letters-science/breadth-requirement-course-list/>). Students are advised to select at least 6 credits worth of courses in each of the Humanities, Social Science, and Natural Sciences areas that can satisfy both the campus-wide General Education Requirements and the L&S Breadth requirement.

\*\* Students are advised to select a course that satisfies the Cultural Diversity requirement as well as a Humanities or Social Science breadth/GER requirement.

**VI. The Major**

The College of Letters and Science requires that students attain at least a 2.0 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.0 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

**Research Requirement**

Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (<https://catalog.uwm.edu/letters-science/approved-courses-research-requirement/>).

**VII. The Minor**

The College of Letters and Science requires that students attain at least a 2.0 GPA in all credits in the minor attempted at UWM. In addition, students must attain a 2.0 GPA on all minor credits attempted, including any transfer work.

**Sociology Major Requirements**

Students must complete at least 15 upper-division (numbered 300 and above) credits in the major in residence at UWM. The College requires that students attain at least a 2.0 GPA on all credits in the major attempted at UWM. In addition, students must attain a 2.0 GPA on all major credits attempted, including any transfer work.

The major in sociology requires a minimum of 30 credits including the following:

Code	Title	Credits
<b>Required</b>		
SOCIOL 261	Introduction to Statistical Thinking in Sociology <sup>1,2</sup>	3

SOCIOL 361	Research Methods in Sociology (satisfies L&S research requirement)	3
SOCIOL 375	Social Theory	3

**Additional Requirements**

Select 21 additional credits 21

**Total Credits** 30

<sup>1</sup> PSYCH 210 shall be accepted as a substitute for SOCIOL 261 to fulfill the statistics requirement for students majoring in Sociology. With the approval of the undergraduate advisor, majors may substitute a different elementary statistics course from another discipline for the SOCIOL 261 requirement.

<sup>2</sup> SOCIOL 261 fulfills the College of Letters & Science "Mathematics and Formal Reasoning" requirement **AND** the UWM Quantitative Literacy - B (QL-B) requirement.

At least 15 credits must be in upper-division (300 level and above) sociology courses taken in residence at UWM.

Students in the Schools of Education and Social Welfare should consult their programs regarding social science requirements.

Sociology courses often are cross-listed with several certificate programs and interdepartmental majors.

**Declare Your Sociology Major with a Faculty Advisor**

Advising for the major takes place within the department by a faculty member. Click on "Declare Your Major (<https://uwm.edu/sociology/students/undergraduates/declare-your-major/>)" to fill out an application to join the program. Then, a faculty advisor will review your transcript and reach out to you to let you know exactly where you are in your progress toward the degree. If you are unable to complete the online request form or for any other questions, please email [sociology@uwm.edu](mailto:sociology@uwm.edu).

Applicants who have not started classes at UWM yet who wish to change their major should contact our admissions counselor at [let-sci@uwm.edu](mailto:let-sci@uwm.edu).

**Letters & Science Advising**

During your time at UWM, you may have multiple members of your success team, including advisors, peer mentors, and success coaches. Letters and Science students typically work with at least two different types of advisors as they pursue their degrees: professional College Advisors and Faculty Advisors. L&S College Advisors advise across your entire degree program while departmental Faculty Advisors focus on the major.

**College Advisors** are located in Holton Hall and serve as your primary advisor. They are your point person for your questions about navigating college and completing your degree. College Advisors will:

- assist you in defining your academic and life goals;
- help you create an educational plan that is consistent with those goals;
- assist you in understanding curriculum, major and degree requirements for graduation, as well as university policies and procedures;
- provide you with information about campus and community resources and refer you to those resources as appropriate; and

- monitor your progress toward graduation and completion of requirements.

**Faculty Advisors** mentor students in the major and assist them in maximizing their development in the program. You will begin working with a Faculty Advisor when you declare your major. Faculty Advisors are an important partner and will:

- help you understand major requirements and course offerings in the department;
- explain opportunities for internships and undergraduate research and guide you in obtaining those experiences; and
- serve as an excellent resource as you consider potential graduate programs and career paths in your field.

Students are encouraged to meet with both their College Advisor and Faculty Advisor at least once each semester. Appointments are available in-person, by phone or by video.

Currently enrolled students should use the Navigate360 website (<https://uwm.navigate.eab.com/>) to make an appointment with your assigned advisor or call (414) 229-4654 if you do not currently have an assigned Letters & Science advisor. Prospective students who haven't enrolled in classes yet should call (414) 229-7711 or email [let-sci@uwm.edu](mailto:let-sci@uwm.edu).

## Honors in the Major

Sociology majors who have maintained at least a 3.000 GPA overall, a 3.500 GPA in all courses attempted for the major, and a 3.500 in all advanced-level (numbered 300 and above) courses attempted for the major are awarded the distinction "Honors in the Major" when they graduate. An "Honors in the Major" notation will appear on the student's transcript.

## Sociology Honor Society & Awards

In addition, majors and minors who maintained at least a 3.300 GPA overall and a 3.000 GPA in courses taken for the major are invited to join Alpha Kappa Delta, the International Sociology Honor Society. Sociology faculty members annually select academically talented majors or minors for both the "Distinguished Scholar Award" as well as the "Joan W. Moore Service Scholar Award." Both awards are presented to an accomplished junior or senior in the major or minor each spring at the department's award ceremony.

## College of Letters and Science Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for

honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Sociology, MA

Our MA program prepares students to apply social research skills to a wide range of industries and jobs. MA students go on to a range of careers as data analysts, program managers, researchers, grant writers, and others across many different industries. Our diverse community of deeply engaged faculty provides students with rigorous research training as well as developing in-depth understanding of social systems, dynamics, and human behavior. The core MA course sequence provides a strong foundation in sociological theory, research, and analysis, while elective courses and faculty mentoring help develop students' expertise in more specific areas of sociological study.

Graduate students in the UWM Department of Sociology come from a wide variety of backgrounds. We welcome applications from prospective students with a Bachelor's degree in sociology, as well as those with degrees in other fields who have developed a passionate interest in sociology. Please visit the **Graduate School Future Master's Student** webpage to learn about graduate study at UWM and life in Milwaukee.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

New graduate students are admitted to the MA Program in Sociology only for the fall semester. Completed applications should be received by the department no later than January 10th of the year the applicant intends to start, but if space permits we continue to review applications received until mid-April.

All applicants must meet the UWM Graduate School's requirements for admission to the MA program in Sociology. In addition, applicants to the MA program must:

1. Provide three letters of recommendation from persons, preferably faculty, familiar with the applicant's scholastic achievement and potential.
2. Submit a sample of scholarly writing, a minimum of five pages in length.
3. Submit a reasons statement (statement of purpose) that explains your reasons for pursuing graduate study, describes your specific interests and background in the field, and lists any relevant skills, training, and academic awards or honors.

Submission of GRE (<http://uwm.edu/graduateschool/admission/#gre>) scores is optional. GRE scores often enhance an application, so applicants are welcome to submit scores for consideration in the review

of their application, but GRE scores are not required for an application to be reviewed.

### Financial Aid

The major source of financial assistance for graduate students in sociology is employment as a teaching assistant. Assistantships are awarded every academic year on a competitive basis and may be renewed for an additional year; they include a stipend, full tuition remission and eligibility for low-cost health insurance.

Graduate students also are eligible for fellowships awarded by the Graduate School on a competitive basis. Additional information on the types and availability of fellowships may be obtained directly from the Graduate School.

### Advising Procedures

Upon admission, the Director of Graduate Studies will serve as the student’s advisor. An initial advisor will be assigned in the student’s first semester in residence. The initial advisor assists students in planning their course programs, and in scheduling other degree requirements. When the MA student begins to formulate a topic for a thesis, a master’s paper, or MA examination, the student selects a member of the Sociology Graduate faculty as their committee chair. This person then becomes the student’s main curriculum advisor for the remainder of the time in the program.

## Credits and Courses

The MA in Sociology requires a minimum of 30 graduate credits.

Code	Title	Credits
<b>Required</b>		
SOCIOL 701	Professional Seminar	1
SOCIOL 715	Systematic Sociological Theory	3
SOCIOL 750	Research Methods in Sociology	3
SOCIOL 760	Advanced Statistical Methods in Sociology	3
Select a 900-level sociology seminar course		3
<b>Electives</b>		
Select 17 elective credits in consultation with advisor		17
<b>Total Credits</b>		<b>30</b>

Up to five credits of SOCIOL 790, may be taken by students who elect the thesis/paper capstone option.

With permission of the student’s advisor, up to six graduate credits may be taken outside the department in courses related to the individual’s plan of study. No more than six credits of undergraduate/graduate courses (excluding those previously taken as an undergraduate), taken at the graduate level, may be applied toward meeting degree requirements. No more than six credits in SOCIOL 799 may count toward the degree.

## Additional Requirements

### Good Standing

To retain good standing in the Department of Sociology, an enrolled graduate student must maintain a minimum 3.0 cumulative GPA and demonstrate progress toward completion of the course and/or thesis requirements each semester.

## Thesis, Master’s Paper, or the MA Examination Options

The student must write and defend an acceptable thesis, a master’s paper, or write an examination in fulfillment of the requirements for the Master of Arts degree in Sociology.

### Thesis or Master’s Paper

The thesis or master’s paper is intended to be a relatively limited research exercise, focused on a manageable topic. It does not necessarily have to involve original research. Acceptable thesis or master’s paper options include, but are not limited to, collection of data for hypothesis testing or exploratory research, secondary analysis of available data, theoretical critique, conceptual analysis and library research on a clearly defined problem. In general, students are encouraged to utilize existing data rather than collect new data unless they are confident that they have adequate resources (including time) to collect data sufficient for their purposes.

By the end of the third semester, students should complete a proposal for the MA thesis or paper. The proposal will reflect the formulation of a research problem and the development of a plan for its empirical investigation. Once a proposal is successfully defended, it constitutes an agreement between the student and the MA committee.

Students must prepare the thesis or master’s paper under the direction of their committee, receive approval that it meets professional standards, and defend it at an oral examination. The master’s paper is normally the length of a journal article (about 30 pp.). Students who choose to write a thesis should consult the Graduate School Thesis and Dissertation Formatting (<https://uwm.edu/graduateschool/thesis-dissertation-formatting/>) page. The thesis must be prepared according to these format requirements.

### MA Examination

The Master of Arts examination option is based on a bibliography developed by the student in consultation with their committee. The bibliography will represent both classical statements and recent debates in at least one area of sociological specialization. Students are encouraged to develop the bibliography by the end of the third semester of residence.

The examination itself will be a set of three questions developed by the MA committee, from which the student must choose two. The student will have two weeks to write a take-home examination. The advisor and two other faculty members will grade the examination. Within two weeks of the completion of the written examination, there will be an oral examination on the same material.

### Time Limit

The student must complete all degree requirements within five years of initial enrollment.

## Sociology, Minor

Everyone is part of multiple social groups. Your local community, your ethnic group, your religious organization, your workplace, your team, your family - these are all examples of groups to which you might belong. The Sociology minor pairs well with almost any other major since it provides insight into human behavior and group dynamics. Understanding the social causes and consequences of human behavior is beneficial in business, law, urban planning, the arts, nursing and healthcare, education, and more.

The minor in Sociology requires 18 credits in Sociology courses (6 courses), with 9 of those credits in courses numbered 300 or above taken in residence at UWM. The College requires that students attain at least a 2.0 GPA on all credits in the minor attempted at UWM. In addition, students must attain a 2.0 GPA on all transfer credits applied to the minor.

The Sociology minor is available entirely online for students that wish to earn their degree from a distance. All classes required for the minor can be taken online, or students can mix-and-match and take some online and some traditional classes.

## Requirements

Students must complete at least 9 upper-division (numbered 300 and above) credits in the minor in residence at UWM. The College requires that students attain at least a 2.0 GPA on all credits in the minor attempted at UWM. In addition, students must attain a 2.0 GPA on all minor credits attempted, including any transfer work.

The minor in Sociology requires 18 credits in Sociology courses (6 courses), with 9 of those credits in courses numbered 300 or above taken in residence at UWM.

## Declare Your Sociology Minor with a Faculty Advisor

Advising for the minor takes place within the department by a faculty member. Click on "Declare Your Minor (<https://uwm.edu/sociology/students/undergraduates/declare-your-minor/>)" to fill out an application to join the program. Then, a faculty advisor will review your transcript and reach out to you to let you know exactly where you are in your progress toward the minor.

## Letters & Science Minor Advising

Advising for the minor takes place within the department by a faculty member or staff member. Follow the steps using the "Declare a Minor" button on the department's website which may include instructions on how to select a faculty advisor if there is more than one to choose from.

Students who already have an L&S college advisor because their degree plan is in L&S can discuss the minor with them as well since they will be familiar with any minor in L&S. Students who are working on a degree from a UWM college other than the College of Letters & Science will not need an L&S college advisor for just a minor and one will not be assigned. These students should work with the faculty or staff advisor they receive as part of the minor declaration process or contact the department directly for assistance.

Applicants who have not started classes at UWM yet who wish to declare a minor should wait until they are registered for their first UWM classes and then can declare the minor using the "Declare a Minor" button on the program's website. If you have questions about the minor before then, contact [let-sci@uwm.edu](mailto:let-sci@uwm.edu).

## Sociology, PhD

The PhD is the highest degree conferred by the university and is distinguished by its emphasis on creative scholarship representing original research. Our PhD in sociology prepares students for research and teaching careers in colleges and universities, as well as research and policy positions in a wide variety of applied settings. Our doctoral

students develop expertise in social systems and dynamics and quantitative and qualitative research skills.

The core course sequence for PhD students provides a strong foundation in sociological theory, research, and analysis, while elective courses and faculty mentoring help develop students' expertise in their chosen areas of sociological interest. Doctoral students pursue specialization within one of two broad focal areas—Social Inequalities (including race/ethnicity, gender, sexuality, and class) and Social Institutions (including politics, education, family, crime, work, organizations, health, science, and culture.) The Department works with students to develop advanced skills in both research and teaching.

Graduate students in the UWM Department of Sociology come from a wide variety of backgrounds. We welcome applications from prospective students with a Master's degree in sociology, as well as those with degrees in other fields who have developed a passionate interest in sociology. We also permit BA holders to directly apply to our PhD program; if such an application seems more appropriate for the MA program, we will move it to the MA applicant pool without requiring the student to pay an additional application fee. Please visit the **Graduate School's Future Students** webpage to learn about graduate study at UWM and life in Milwaukee.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

New graduate students are admitted to the PhD Program in Sociology only for the fall semester. Completed applications should be received by the department no later than January 10th of the year the applicant intends to start, but if space permits we continue to review applications received until mid-April.

An applicant must meet the UWM Graduate School's requirements for admission to the PhD program in Sociology. In addition, applicants to the PhD program must:

1. Possess a master's degree in Sociology or be in the process of completing a master's degree at the time of application, with the expectation of completion of the degree prior to beginning the PhD program.
  - a. Students without a master's degree in sociology are eligible for admission to the PhD program if:
    - i. they have a bachelor's degree in sociology or a related field and they show exceptional preparation for graduate school or
    - ii. they have a master's degree in a closely related field.
  - b. In addition to the requirements for the PhD, all students must:
    - i. complete the required courses for the master's degree in sociology or comparable courses from other institutions and
    - ii. earn or transfer 24 credits in graduate-level work in sociology or a closely related field. If fewer than 24 credits are ruled acceptable for the doctoral program, the student will have to make up those credits.

2. Submit a copy of the applicant's MA thesis or paper, or, if an applicant did not complete a thesis, a scholarly writing sample of original sociological research.
3. Provide three letters of recommendation from persons, preferably faculty, familiar with the applicant's scholastic achievement and potential.
4. Submit a reasons statement (statement of purpose) that explains your reasons for pursuing graduate study, describes your specific interests and background in the field, and lists any relevant skills, training, and academic awards or honors.

Submission of GRE (<http://uwm.edu/graduateschool/admission/#gre>) scores is optional. GRE scores often enhance an application, so applicants are welcome to submit scores for consideration in the review of their application, but GRE scores are not required for an application to be reviewed.

### Financial Support

The major source of financial assistance for graduate students in sociology is employment as a teaching assistant. Assistantships are granted every academic year on a competitive basis and may be renewed for an additional three years and include a stipend, full tuition remission and eligibility for low-cost health insurance.

Graduate students also are eligible for fellowships awarded by the Graduate School on a competitive basis. Additional information on the types and availability of fellowships may be obtained directly from the Graduate School.

### Reapplication/Readmission

Students who receive the MA in Sociology from UWM must reapply to be considered for admission into the PhD program.

## Credits and Courses

The program will require 36 graduate credits of coursework at the post-master's level. We expect entering students to have completed the following courses or their equivalents in the process of earning a master's degree:

Code	Title	Credits
SOCIOL 715	Systematic Sociological Theory	3
SOCIOL 750	Research Methods in Sociology	3
SOCIOL 760	Advanced Statistical Methods in Sociology	3

Students who have not taken these courses prior to admission to the PhD program will be required to complete them in the first year of their pursuit of a doctoral degree. Credits earned in these courses will not count as part of the 36 credits required at the post-master's level.

At the PhD level, students must complete the following coursework:

Code	Title	Credits
<b>Core</b>		
SOCIOL 910	The Sociology of Inequality	3
SOCIOL 911	The Sociology of Institutions	3
SOCIOL 982	Advanced Quantitative Analysis	3
Select one additional elective course in social science methodology		3
<b>Specialization</b>		

Select three courses designated in one of the following specialty areas: 9

Social Inequalities	
Social Institutions	
<b>Electives</b>	
Select at least 9 elective credits	9
Select up to 6 dissertation credits	6
<b>Additional Requirement</b>	
Ph.D. students with Teaching Assistant positions must complete the following course (which is offered each spring):	0-2
SOCIOL 794	Proseminar: The Teaching of Undergraduates

**Total Credits 36-38**

Doctoral students may not accumulate more than 6 credits in U/G courses nor more than 6 credits of independent study without the approval of the Sociology Director of Graduate Studies. Of the 60 required credits, no more than 12 credits outside of Sociology may be counted toward the doctoral degree without the approval of the Sociology Director of Graduate Studies.

## Additional Requirements

### Major Professor or Advisor

Each new student will be assigned an initial advisor from among the department's faculty. By the second year in the program, students will be expected to select their own major advisor and, in consultation with this advisor, a committee for preliminary examinations and the dissertation. The major advisor for each student, assisted by the student's dissertation committee and the director of graduate studies, will take primary responsibility for guiding the student successfully through the program and into the labor market and career opportunities.

### Preliminary Examination

All doctoral students are required to complete preliminary examinations in two specialty areas after completing 27 credits at the post-master's level. The areas are selected by the doctoral candidate in consultation with the student's advisor and other members of the graduate faculty. Examination areas are limited to those subfields or subdisciplines that are within the student's area of specialization and widely recognized areas within sociology. The disciplinary subfields must be broader than, but related to, the focus of the student's dissertation and must be approved by the Department's Graduate Studies Committee. Examinations will consist of the student answering three or more questions from a list containing at least five, as determined by the student's committee. Candidates write their answers on one full day in September and March.

An empirical or substantive paper may be substituted for one preliminary examination. The empirical paper is read and evaluated by two members of the graduate faculty in sociology, in addition to the student's major professor. The length and quality of the paper should be similar to that of a journal article. Students should use the format for the journal to which they would like to submit the paper. The paper also may be in the style of a full length Annual Review of Sociology piece or similar article.

Students who do not pass an examination on the first attempt will be provided feedback on their performance and be allowed to take the exam a second time but must do so within 9 months of the administration of the first exam. Students who do not complete the examination

successfully upon the second attempt will not be allowed to continue in the program.

## Dissertation

The dissertation is a major piece of original research representing a substantial contribution to sociological scholarship. In order to become eligible for dissertation status the student must complete a successful oral defense of a dissertation proposal before the student's doctoral committee.

The dissertation itself, under the supervision of the major professor and in collaboration with a dissertation committee, must demonstrate the ability of the candidate to formulate a research topic and pursue independent and original research representing a substantial contribution to sociological scholarship. The practices necessary for completion of the dissertation will conform to the guidelines established by the UWM Graduate School. The dissertation committee shall be composed of the major professor and three additional graduate faculty members (at least two of whom must be from the UWM Department of Sociology graduate faculty). The dissertation committee is responsible for assessing the dissertation project, which involves approving the dissertation proposal, reviewing working drafts of research in progress, and, finally, evaluating the candidate's ability to defend decisions made during the course of research and the results of the research. After submission of a reading copy of the dissertation to the faculty dissertation committee, the candidate and the major professor will schedule a committee meeting for the purpose of undertaking an oral defense of the dissertation work by the candidate. At the conclusion of the candidate's oral remarks, the dissertation committee will vote on passing the candidate's dissertation work. A majority of the committee must vote to approve the dissertation and recommend granting of the Doctor of Philosophy degree.

## Time Limit

All components of the PhD program must be completed within 10 years of matriculation.

## Spanish and Portuguese

Through effective communicative instruction, we prepare students to read, speak, write, and understand Spanish and Portuguese. Our course offerings reflect and respond to the diversity of our students, who include: heritage speakers, non-traditional students, professionals in a variety of fields, as well as traditional students. We encourage students to participate in study abroad programs and second-language activities as a means of improving proficiency.

Faculty are actively engaged in advancing knowledge in their respective areas of expertise and striving to link, in the manner most beneficial for students, critical and scholarly work to classroom instruction and advising activities.

We assume a leadership role in disseminating Hispanic, U.S. Latino, and Luso-Brazilian culture, not only to the campus community but to the Milwaukee area and the state of Wisconsin as well.

## Business Spanish, Minor

In addition to the major and minor in Spanish, students can also complete a minor in Business Spanish, with a focus on the business and legal terminology and concepts that are relevant within the United States and the 21 countries in which Spanish is the official language. The minor in Business Spanish requires the completion of 18 credits, including two required courses in Business and Legal Spanish.

### Requirements

The minor in Business Spanish requires the completion of 18 credits as indicated below. At least 9 of the 300-level or above credits must be taken in residence at UWM. The College requires that students attain at least a 2.0 GPA on all credits in the minor attempted at UWM. In addition, students must attain a 2.0 GPA on all minor credits attempted, including any transfer work. Students are responsible for completing any prerequisite courses as well.

Code	Title	Credits
<b>Required</b>		
SPANISH 308	Advanced Writing and Reading	3
SPANISH 318 or SPANISH 319	Advanced Speaking and Listening Advanced Speaking and Listening for Heritage Speakers	3
SPANISH 332	Using Spanish in the Business World	3
SPANISH 342	Business and Legal Spanish	3
<b>Electives</b>		
Select from the following list of Business courses		6-8
BUS ADM 200	Business and Society	
BUS ADM 201	Introduction to Financial Accounting	
BUS ADM 230	Introduction to Information Technology Management	
BUS ADM 292	Introduction to Entrepreneurship and Small Business Formation	
BUS ADM 330	Organizations	
BUS ADM 360	Principles of Marketing	
BUS ADM 391	Business Law I	
BUS ADM 393	Business Ethics, Social Responsibility and Sustainability	
<b>Total Credits</b>		<b>18-20</b>

## Letters & Science Minor Advising

Advising for the minor takes place within the department by a faculty member or staff member. Follow the steps using the "Declare a Minor" button on the department's website which may include instructions on how to select a faculty advisor if there is more than one to choose from.

Students who already have an L&S college advisor because their degree plan is in L&S can discuss the minor with them as well since they will be familiar with any minor in L&S. Students who are working on a degree from a UWM college other than the College of Letters & Science will not need an L&S college advisor for just a minor and one will not be assigned. These students should work with the faculty or staff advisor they receive as part of the minor declaration process or contact the department directly for assistance.

Applicants who have not started classes at UWM yet who wish to declare a minor should wait until they are registered for their first UWM classes

and then can declare the minor using the "Declare a Minor" button on the program's website. If you have questions about the minor before then, contact [let-sci@uwm.edu](mailto:let-sci@uwm.edu).

## Portuguese, Minor

UW-Milwaukee is the only other university in Wisconsin besides UW-Madison that offers Portuguese on a regular basis. We offer an undergraduate minor in Portuguese.

Students are strongly encouraged to utilize our Center for International Education to take advantage of study abroad (<http://uwm.edu/cie/study-abroad/>) experiences available in Brazil and Portugal for a semester or year.

### Requirements

The undergraduate minor in Portuguese requires 18 credits of Portuguese taken in courses numbered PORTUGS 203 or above. Nine credits must be taken at the 300 level or above in residence at UWM. The College requires that students attain at least a 2.0 GPA on all credits in the minor attempted at UWM. In addition, students must attain a 2.0 GPA on all minor credits attempted, including any transfer work.

Students with no previous Portuguese language experience should enroll in PORTUGS 103. After consultation with the Portuguese coordinator, a student may enroll in a course higher than PORTUGS 103, if appropriate. Students placed into a course beyond the PORTUGS 103 level who complete their first course with a grade of at least B may receive retroactive credits, to a maximum of 14 credits, for the courses leading to the one into which they are placed. Courses that generate Credits for Demonstrated Equivalent Preparation (retroactive credits) are the following:

Code	Title	Credits
PORTUGS 104	Second-Semester Portuguese (4 retroactive credits)	
PORTUGS 203	Third-Semester Portuguese (8 retroactive credits)	
PORTUGS 204	Fourth-Semester Portuguese (11 retroactive credits)	
PORTUGS 310	Advanced Composition and Conversation (14 retroactive credits)	

## Letters & Science Minor Advising

Advising for the minor takes place within the department by a faculty member or staff member. Follow the steps using the "Declare a Minor" button on the department's website which may include instructions on how to select a faculty advisor if there is more than one to choose from.

Students who already have an L&S college advisor because their degree plan is in L&S can discuss the minor with them as well since they will be familiar with any minor in L&S. Students who are working on a degree from a UWM college other than the College of Letters & Science will not need an L&S college advisor for just a minor and one will not be assigned. These students should work with the faculty or staff advisor they receive as part of the minor declaration process or contact the department directly for assistance.

Applicants who have not started classes at UWM yet who wish to declare a minor should wait until they are registered for their first UWM classes and then can declare the minor using the "Declare a Minor" button on the

program's website. If you have questions about the minor before then, contact let-sci@uwm.edu.

## Spanish for Health Professionals, Undergraduate Certificate

The Spanish for Health Professionals (SHP) Certificate Program is designed to provide students with the language skills and cultural knowledge needed to help Spanish-speakers successfully negotiate the health care system. Graduates of the program leave not only with proficiency in medical Spanish, but also with an understanding of the Hispanic culture and how that culture may affect healthcare practices and the delivery of health services.

This certificate will enhance the credentials of individuals seeking a career in direct patient care such as doctor, nurse, physician assistant, nurse practitioner, or physical therapist, or anyone who works with Spanish-speakers in a healthcare setting such as insurance providers or healthcare navigators.

Hispanic and Latino groups are the largest minority group in the United States, and Spanish-speakers constitute the fastest-growing segment of the U.S. population. In Milwaukee alone, Spanish-speakers make up almost 20% percent of the population (2020 Census). As these populations grow, so does the need for healthcare workers who can communicate with and advocate for Spanish-speaking patients.

Students in the program gain expertise in the language of health care, in Spanish, including colloquial Spanish; an understanding of cultural differences that impact the delivery of health care services to Hispanic populations; and knowledge of the health care concerns of many different groups of Spanish-speakers.

Certificates are similar to minors in terms of credit requirements but draw on coursework from multiple fields of study rather than from a single department.

### Eligibility

The Spanish for Health Professionals Certificate is open to all students seeking a bachelor's degree from UWM, to students who previously received a bachelor's degree from UWM or any other accredited college or university, and to individuals who do not plan to pursue a college or university degree (non-degree students) but who have a strong interest in this topic. To be admitted as non-degree candidates, individuals must meet regular University admissions requirements. Students currently involved in baccalaureate studies who successfully complete the requirements of the program will be awarded the certificate at the time of graduation. Students who already have a bachelor's degree and non-degree students will receive the certificate upon completion of the program requirements.

### Requirements

The Certificate in Spanish for Health Professionals is for both students in health professions who are interested in working with Hispanic populations and students with some Spanish competency who wish to develop familiarity with the health-related vocabulary in Spanish.

To obtain the certificate, students must complete at least 18 credits in courses approved for the Spanish for Health Professionals certificate, with at least 12 credits taken in residence at UWM and a minimum of 9 of the credits in residence taken in L&S courses at the advanced

level (courses numbered 300 and above). A maximum of 6 credits in a combination of independent study, internship, and study abroad courses may count toward the certificate. Students must earn a 2.00 GPA in all certificate courses, including transfer work, and in the courses for the certificate taken at UWM. Courses for the certificate may not be taken on a credit/no credit basis. The certificate requirements are as follows:

Code	Title	Credits
<b>Required</b>		
SPANISH 308	Advanced Writing and Reading	3
SPANISH 318 or SPANISH 319	Advanced Speaking and Listening Advanced Speaking and Listening for Heritage Speakers	3
SPANISH 338	Spanish for Health Professionals	3
SPANISH 388	Health Issues in the Hispanic World	3
<b>Electives</b>		
Select 6 credits in health-focused electives listed below in any combination		6
<b>Total Credits</b>		<b>18</b>

### Health-focused Electives (by interest area)

Select at least 6 credits from courses below. Please note that most courses listed are 3-credit courses but a few are not.

#### Health Communication

Code	Title	Credits
COMMUN 381	Health Communication	3
COMMUN 481	Interpersonal Issues in Health Communication	3
COMMUN 581	Health Communication Interventions	3

#### Pharmaceuticals, Medicine, and Drugs

Code	Title	Credits
ANTHRO 443	Medicine and Pharmaceuticals in the Global Age	3
BMS 260	Introduction to Complementary and Integrative Health Approaches	3
HCA 212	Drugs Used and Abused	3
PSYCH 454	Psychopharmacology and Addiction	3

#### Health Care Delivery Policy

Code	Title	Credits
ECON 450	Health Economics	3
HCA 502	Healthcare Delivery Systems: National and International Perspectives	3
PH 408	Comparative Health Systems: A Social Determinants Approach	3
PHILOS 244	Ethical Issues in Health Care: (subtitle)	3

#### Health: A Social Science Perspective

Code	Title	Credits
ANTHRO 440	Medical Anthropology	3
COMSDIS 210	Survey of Communication Disorders (SS GER)	3
PSYCH 555	Health Psychology	3
SOCIOL 282	Sociology of Aging	3
SOCIOL 331	Sociology of Health Care	3

## Health: A Natural Science Perspective

Code	Title	Credits
BMS 232	Introduction to Nutrition (NS GER)	3
HS 101	Introduction to Health and Disease	2
PH 303	Climate Change, the Environment and Human Health (NS GER)	3

## Global Health

Code	Title	Credits
ANTHRO/GLOBAL 439	Culture and Global Health	3
NURS 101	Cultural Diversity in Health Care <sup>1</sup>	3

NURS 401	Global Patterns of Disease	3
NURS/GLOBAL 575	Global Health: Ethics and Human Rights	3
PH 142	Exploring Global Environmental Health	3

<sup>1</sup> Students who take NURS 380 cannot take NURS 101 for credit (NURS 380 is the Honors version of this course).

## Public Health

Code	Title	Credits
PH 101	Introduction to Public Health	3
PH 302	Health and Disease: Concepts and Contexts	3
PH 319	Introduction to Health Disparities	3
PH 327	Foundations for Action in Public Health	3
PH 427	Strategies for Action in Public Health	3
HCA 307	Epidemiology for the Health Sciences	3

Study abroad courses in Spanish-speaking countries or other courses relevant to Spanish for Health Professionals may be accepted with the approval of the Spanish Undergraduate Advisor, in consultation with advisors and/or faculty from other programs..

Credits earned at other institutions equivalent to courses in the certificate program may be accepted in partial fulfillment of the program requirements, subject to review by the Spanish Undergraduate Advisor.

## Spanish, BA

Spanish is spoken by nearly 550 million people worldwide and is an official language in 21 countries and a number of international organizations. Spanish is among the four most spoken languages in the world and has more native speakers than any language except Chinese. Fluency in Spanish opens countless career opportunities for students.

A Spanish major provides exceptional preparation for students interested in a career in business, international affairs, social services, government, health care, communication, translation, marketing, teaching or any profession that requires bilingual written or oral communication skills and cultural understanding. Whether you already have some Spanish communication skills or are starting at the beginning, you will develop both your language capabilities as well as your cultural competence as part of our major. Classes focus on not only language, but literature, linguistics, customs, values, and culture so that students leave UWM ready to speak, read, write and understand Spanish in business and social contexts. Students are strongly encouraged to utilize our Center for

International Education to take advantage of study abroad experiences available in Argentina, Chile, Ecuador, Mexico, Peru and Spain. Some students go short-term, such as a week or two, while others choose to stay abroad for a summer program, a semester or a year.

A Spanish minor and a Business Spanish minor are also available. The Spanish minor can be completed with most Spanish courses at the 300-level and above, while the curriculum for the Business Spanish minor is more structured, with required courses in Business and Legal Spanish. In addition, students who plan to pursue healthcare careers will find value in our Certificate in Spanish for Health Professionals (<http://uwm.edu/letters-science/programs/?discipline=Spanish+for+Health+Professionals>). The certificate is similar to a minor in terms of the number of credits required and can enhance a student's resume.

## Course of Study – Bachelor of Arts Degree

Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

## University General Education Requirements (GER)

Code	Title	Credits
<b>Oral and Written Communication</b>		

### Part A

Achieve a grade of C or better in the following course:

ENGLISH 102	College Writing and Research (or equivalent)
-------------	--

### Part B

Course designated as OWC-B; may be completed through a major-specific course requirement

### Quantitative Literacy

#### Part A

Earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course, or achieve a placement code of at least 30 on the mathematics placement test (or other appropriate test, as determined by the Mathematical Sciences Department)

MATH 102	Mathematical Literacy for College Students II
MATH 103	Contemporary Applications of Mathematics
MATH 105	Introduction to College Algebra
MATH 108	Algebraic Literacy II
MATH 111	Introduction to Logic - Critical Reasoning <sup>1</sup>
or PHILOS 111	Introduction to Logic - Critical Reasoning
MATH 116	College Algebra

Or equivalent course	
<i>Part B</i>	
Course designated as QL-B; may be completed through a major-specific course requirement	
<b>Arts</b>	
Select 3 credits	3
<b>Humanities</b>	
Select 6 credits	6
<b>Social Sciences</b>	
Select 6 credits	6
<b>Natural Sciences</b>	
Select 6 credits (at least two courses including one lab)	6
<b>UWM Foreign Language Requirement</b>	
Complete Foreign Language Requirement through:	
Two years (high school) of a single foreign language	
Two semesters (college) of a single foreign language	
Or equivalent	
<b>UWM Cultural Diversity Requirement</b>	
One course from the Arts, Humanities, or Social Sciences must also satisfy UWM's Cultural Diversity requirement	

<sup>1</sup> Math 111 and Philosophy 111 are jointly offered and count as repeats of one another. Students cannot receive credit for both courses.

## College of Letters & Science Requirements

### I. English Composition Requirement

Students must satisfy the English Composition Requirement with one of the following options:

- 1) Completing ENGLISH 102 with a grade of C or higher; or
- 2) by placing beyond ENGLISH 102 on the English Placement Test (EPT) (or other assessment as determined by the English Department); or
- 3) transferring a course of at least 2.5 equivalent credits from another institution that is equivalent to English 102, or a UWM higher-level expository writing course, with a grade of C or higher.

**Note:** This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.

### II. Mathematics and Formal Reasoning

To satisfy the Mathematics and Formal Reasoning Requirement, students must satisfy the following two requirements:

1. Achieve a placement code of at least 30 on the mathematics placement test (or other appropriate test, as determined by the Mathematical Sciences Department) or earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course:

Code	Title	Credits
MATH 102	Mathematical Literacy for College Students II	3
MATH 103	Contemporary Applications of Mathematics	3

MATH 105	Introduction to College Algebra	3
MATH 108	Algebraic Literacy II	3
MATH 111	Introduction to Logic - Critical Reasoning <sup>1</sup>	3
or PHILOS 111	Introduction to Logic - Critical Reasoning	
MATH 116	College Algebra	3
MATH 175	Mathematical Explorations for Elementary Teachers I	3

<sup>1</sup> Math 111 and Philosophy 111 are jointly offered and count as repeats of one another. Students cannot receive credit for both courses.

**Note:** This requirement is the same as the University General Education Requirement for Quantitative Literacy Part A, listed above.

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 211, or Letters and Science statistics courses:

Code	Title	Credits
Complete one of the following:		
3 or more credits in any 200-level or above Math course		
AFRIC 220	Introduction to Statistics in African and African Diaspora Studies	
ANTHRO 568	Introduction to Anthropological Statistics	
BIO SCI 465	Biostatistics	
ECON 210	Economic Statistics	
GEOG 247	Quantitative Analysis in Geography	
HIST 595	The Quantitative Analysis of Historical Data	
MTHSTAT 215	Elementary Statistical Analysis	
PHILOS 211	Elementary Logic	
POL SCI 390	Political Data Analysis	
POL SCI 392	Survey Research	
PSYCH 210	Psychological Statistics	
SOCIOL 261	Introduction to Statistical Thinking in Sociology	

**Note:** This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BA, students must take one of the L&S approved courses. **Not all of the courses listed here will satisfy the QL-B requirement.**

### III. Foreign Language Requirement

Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

Code	Title	Credits
Completed in one of the following ways:		
	Successful completion of the 4th semester of college work or equivalent in one language other than English (including American Sign Language)	0-18

Successful completion of the 3rd semester of college work or equivalent in one language other than English (including American Sign Language) PLUS the 2nd semester of college work or equivalent in another language other than English (including American Sign Language)

#### IV. International Requirement

See Approved Courses for the L&S International Requirement (<https://catalog.uwm.edu/letters-science/approved-courses-international-requirement/>) for course options.

Code	Title	Credits
Completed in one of the following ways:		9
Complete 3 courses (min. 9 cr) in a single foreign language (not including literature-in-translation or American Sign Language) at the 3rd semester level and above		
Complete 3 non-language courses (min. 9 credits) with an international content chosen from at least 2 curricular areas.		
Complete 9 credits in combination of the two options above.		

#### V. Breadth Requirement

Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD/+) designation, L&S students must complete the Breadth requirement.

Code	Title	Credits
<b>Arts</b>		
Select 3 credits		3
<b>Humanities</b>		
Complete 12 credits of L&S courses with Humanities Breadth designation; no more than 6 credits from a single subject area. *		12
<b>Social Sciences</b>		
Complete 12 credits of L&S Courses with Social Science Breadth designation; no more than 6 credits from a single curricular area. *		12
<b>Natural Sciences</b>		
Complete 12 credits of L&S Courses with Natural Sciences Breadth designation, including at least one laboratory or field course; no more than 6 credits from a single curricular area. *		12
<b>Cultural Diversity</b>		
Complete 3 credits in a course with Cultural Diversity (CD) designation. **		3

\* Students should check their course selections carefully with the list of approved L&S Breadth Courses (<https://catalog.uwm.edu/letters-science/breadth-requirement-course-list/>). Students are advised to select at least 6 credits worth of courses in each of the Humanities, Social Science, and Natural Sciences areas that can satisfy both the campus-wide General Education Requirements and the L&S Breadth requirement.

\*\* Students are advised to select a course that satisfies the Cultural Diversity requirement as well as a Humanities or Social Science breadth/GER requirement.

#### VI. The Major

The College of Letters and Science requires that students attain at least a 2.0 GPA in all credits in the major attempted at UWM. In addition,

students must attain a 2.0 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

#### Research Requirement

Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (<https://catalog.uwm.edu/letters-science/approved-courses-research-requirement/>).

#### VII. The Minor

The College of Letters and Science requires that students attain at least a 2.0 GPA in all credits in the minor attempted at UWM. In addition, students must attain a 2.0 GPA on all minor credits attempted, including any transfer work.

### Spanish Major Requirements

The major in Spanish requires 33 credits at the 300 level and above. At least 15 of these advanced credits must be taken in residence at UWM. PORTUGS 202 may be used to satisfy 3 credits of these 33 advanced credits.

The College requires that students attain at least a 2.0 GPA in all credits in the major attempted at UWM, as well as in any transfer work counting toward the major.

All majors are required to take an exit examination, which is offered on campus near the end of each semester. It is recommended strongly that they take this exam during their last semester in the Spanish program.

Code	Title	Credits
<b>Required</b>		
<b>Language</b>

<b>Total Credits</b>		<b>33</b>

<sup>1</sup> Students may always use a higher-level course to satisfy lower-level electives. For example, to satisfy the "three 300-level or above electives" requirement, a student may take one 300-level course and two 500-level courses.

<sup>2</sup> We encourage our Spanish majors to build on their proficiency in Spanish in order to develop their language skills in Portuguese, a language closely related to Spanish historically, geographically and linguistically. Because of this, PORTUGS 202 also counts towards the Spanish major, as a 300-level elective, and prepares students to continue their study of Portuguese if they are interested in completing a minor.

<sup>3</sup> Students must complete the L&S research experience in a 500-level course. All of these courses include a research component that serves to develop students' ability to do independent research in a specific field of interest. Both the oral presentation and the written research paper will be evaluated and rated in the areas of language acquisition/usage as well as research ability/synthesis. Students who complete a second 500-level course as one of their electives and fulfill other GPA requirements can apply for Honors in the major.

## Letters & Science Advising

During your time at UWM, you may have multiple members of your success team, including advisors, peer mentors, and success coaches. Letters and Science students typically work with at least two different types of advisors as they pursue their degrees: professional College Advisors and Faculty Advisors. L&S College Advisors advise across your

entire degree program while departmental Faculty Advisors focus on the major.

**College Advisors** are located in Holton Hall and serve as your primary advisor. They are your point person for your questions about navigating college and completing your degree. College Advisors will:

- assist you in defining your academic and life goals;
- help you create an educational plan that is consistent with those goals;
- assist you in understanding curriculum, major and degree requirements for graduation, as well as university policies and procedures;
- provide you with information about campus and community resources and refer you to those resources as appropriate; and
- monitor your progress toward graduation and completion of requirements.

**Faculty Advisors** mentor students in the major and assist them in maximizing their development in the program. You will begin working with a Faculty Advisor when you declare your major. Faculty Advisors are an important partner and will:

- help you understand major requirements and course offerings in the department;
- explain opportunities for internships and undergraduate research and guide you in obtaining those experiences; and
- serve as an excellent resource as you consider potential graduate programs and career paths in your field.

Students are encouraged to meet with both their College Advisor and Faculty Advisor at least once each semester. Appointments are available in-person, by phone or by video.

Currently enrolled students should use the Navigate360 website (<https://uwm.navigate.eab.com/>) to make an appointment with your assigned advisor or call (414) 229-4654 if you do not currently have an assigned Letters & Science advisor. Prospective students who haven't enrolled in classes yet should call (414) 229-7711 or email [let-sci@uwm.edu](mailto:let-sci@uwm.edu).

## Honors in the Major

Spanish majors who meet the following requirements may apply to the undergraduate advisor to graduate with Honors in the Major:

1. Maintain at least a 3.500 GPA in all advanced credits that count toward the major;
2. Maintain at least a 3.000 GPA in all graded courses attempted at UWM; and
3. Take at least two 500-level Spanish courses.

## College of Letters and Science Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Spanish, MA

The Department of Spanish and Portuguese offers a program of graduate study leading to a Master of Arts degree that focuses on the study of the Spanish cultures, language, linguistics, and literatures of the Hispanic world. Spanish MA graduates who subsequently wish to pursue the PhD are very advanced in the process of mastering the area in which they wish to specialize in their doctoral studies. Those who choose not to continue studying toward a PhD or a career in teaching will be able to pursue employment in other fields that require full proficiency in the Spanish language as well as mastery of Hispanic literature, culture, and linguistics.

The Department of Spanish and Portuguese has identified five learning outcomes for our MA majors in Spanish. These educational goals relate closely to the National Standards for Foreign Language Learning, as recommended by the American Council of Teachers of Foreign Languages.

Students will be able:

1. To communicate with an advanced or high-level of Spanish proficiency in all four skill areas including listening, reading, writing, and speaking.
2. To develop an advanced understanding and appreciation of Hispanic cultures and communities throughout the world, and analyze and draw cross-cultural differences which will be essential to future careers in a growing global environment.
3. To build a foundation of knowledge in the areas of Spanish and Spanish-American literature, culture, and linguistics, which will give students the breadth necessary for subsequent specialization in doctoral studies.
4. To develop and expand research and analytical skills within the area of Hispanic Studies, including literary analysis, cultural studies, and linguistic analysis.
5. To develop basic reading competencies in an additional romance language to prepare students for further research and provide broader career options.

The Department also participates, and works closely, with the Center for Latin American and Caribbean Studies.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found

by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet general admission requirements for the Graduate School, as established by the graduate faculty of the university, plus the following requirements to be considered for admission:

1. A bachelor's degree with a major in Spanish, foreign languages with an emphasis in Spanish, comparative literature, Hispanic linguistics, or translation; or with a combination of courses that will, in the opinion of the Department, allow the student to participate fully in the program.
2. A 3.0 grade point average in the last 60 credits of undergraduate coursework.
3. A narrative statement of intent, written in both Spanish and in English.
4. A Curriculum Vitae.
5. An academic writing sample in Spanish.
6. Three letters of recommendation from former professors or advisors.

Applicants who do not have the requisite 3.0 grade point average in the last 60 credits of the undergraduate degree may be considered for admission on probation. Students will be removed from probation at the end of their first semester of enrollment if they achieve at least a 3.0 grade point average.

## Credits and Courses

A content-based examination is mandatory for all incoming students. The results of this examination are used to develop the program of study. Students with insufficient preparation for graduate study in one or more areas may be admitted with specific, program-defined course deficiencies provided that the deficiencies amount to no more than two courses.

The student is expected to satisfy deficiency requirements within three enrolled semesters. The deficiencies are monitored by the Graduate School and the individual graduate program unit. No course credits earned in making up deficiencies may be counted as program credits required for the degree.

A minimum of 30 graduate credits beyond the baccalaureate degree is required for the MA in Spanish. All students must demonstrate reading competency in a second Romance language. In order to do so, they may take the departmental graduate reading exam or complete two semesters in another language. Courses taken to complete this requirement do not count toward the minimum credits required for the MA

Specific course requirements and credit distribution are as follows:

Code	Title	Credits
SPANISH 701	Historical Linguistics (or equivalent)	3
SPANISH 720	Approaches to Hispanic Literary Theory and Criticism (or equivalent)	3
Select 12 credits in Spanish or Spanish-American literature and culture courses at the 700 level or above		12
Select 6 credits in language and/or linguistics courses in Spanish		6
Select 6 credits of electives in Hispanic culture, language, linguistics, literature, thesis, or related courses		6
<b>Total Credits</b>		<b>30</b>

All teaching assistants are required to enroll in MALLT 700 or an equivalent course during their first year. This course counts toward the 6 credits of electives.

No 300-level courses will apply toward the degree, and a maximum of six (6) graduate credits in 400-level U/G courses may be used to fulfill degree requirements.

The MA degree in Spanish offers both non-thesis and thesis options.

## Additional Requirements

### Major Professor as Advisor

All students must have a major professor who serves as an advisor and supervises their course of study. The Director of the MA program acts as the initial advisor for all entering students. By the end of the second semester, students will be matched with an advisor based on their academic interest.

### Non-Thesis Option

Students pursuing the non-thesis option must complete a minimum of thirty (30) credits of acceptable graduate-level coursework (including the courses specifically required) and receive a passing grade on the final comprehensive examination.

### Thesis Option

Students pursuing the thesis option must complete a minimum of twenty four (24) credits of acceptable graduate-level coursework, successfully defend a thesis for which a maximum of six (6) credits is granted, and receive a passing grade on the final comprehensive examination.

Students in the thesis option should choose an area of specialization for the thesis as early as possible. After a thesis topic is chosen, students, with the approval of the major professor, select two additional members of the graduate faculty in the area of concentration to serve as the thesis committee. A member of the graduate faculty specializing in the student's area of concentration acts as the thesis director and chair of the committee. Students writing a linguistics-based thesis may use either the APA, LSA, or MLA style. All other theses must be written following the MLA style.

Upon the approval of the Departmental Graduate Studies Committee, a student may be allowed to write the Spanish MA thesis in Spanish; each request will be examined on an individual basis to ensure the highest quality of theses and the linguistic ability of each petitioner. Those approved to write the thesis in Spanish must also provide an abstract written in English.

### Comprehensive Final Examination

Students enrolled in the thesis and non-thesis options take the same MA comprehensive examination. Students are urged to take the examination no later than the fourth semester of graduate study. The examination may be repeated once.

### Time Limit

The student must complete all degree requirements within five years of initial enrollment.

## Spanish, Minor

Spanish is spoken by nearly 550 million people worldwide and is an official language in 21 countries and a number of international organizations. Spanish is among the four most spoken languages in the

world and has more native speakers than any language except Chinese. Fluency in Spanish opens countless career opportunities for students.

The Spanish minor provides exceptional preparation for students interested in a career in business, international affairs, social services, government, health care, communication, translation, marketing, teaching or any profession that requires bilingual written or oral communication skills and cultural understanding. Whether you already have some Spanish communication skills or are starting at the beginning, you will develop both your language capabilities as well as your cultural competence as part of our program. Classes focus on not only language, but literature, linguistics, customs, values, and culture so that students leave UWM ready to speak, read, write and understand Spanish in business and social contexts. Students are strongly encouraged to utilize our Center for International Education to take advantage of study abroad (<https://uwm.edu/cie/study-abroad/>) experiences available in Argentina, Chile, Ecuador, Mexico, Peru and Spain. Some students go short-term such as a week or two while others choose to stay abroad for a summer program, a semester or a year.

The Spanish minor can be completed with most Spanish courses at the 300-level and above. Students who plan to pursue healthcare careers will find value in our Certificate in Spanish for Health Professionals (p. 1298). The certificate is similar to a minor in terms of the number of credits required and can enhance a student's resume.

## Requirements

The minor in Spanish consists of 18 credits at the 300 level or above, at least 9 of these in residence at UWM. These credits may include a maximum of 3 credits selected from SPANISH 371 and PORTUGS 360. No literature-in-translation courses may count toward the minor.

The College requires that students attain at least a 2.0 GPA on all credits in the minor attempted at UWM. In addition, a 2.0 GPA on all minor credits attempted, including any transfer work, is required.

## Letters & Science Minor Advising

Advising for the minor takes place within the department by a faculty member or staff member. Follow the steps using the "Declare a Minor" button on the department's website which may include instructions on how to select a faculty advisor if there is more than one to choose from.

Students who already have an L&S college advisor because their degree plan is in L&S can discuss the minor with them as well since they will be familiar with any minor in L&S. Students who are working on a degree from a UWM college other than the College of Letters & Science will not need an L&S college advisor for just a minor and one will not be assigned. These students should work with the faculty or staff advisor they receive as part of the minor declaration process or contact the department directly for assistance.

Applicants who have not started classes at UWM yet who wish to declare a minor should wait until they are registered for their first UWM classes and then can declare the minor using the "Declare a Minor" button on the program's website. If you have questions about the minor before then, contact [let-sci@uwm.edu](mailto:let-sci@uwm.edu).

## Translation and Interpreting Studies

The Translation & Interpreting Studies programs are housed in an accredited, Tier 1 Research institution and offer professional translator and interpreter training in a dynamic environment. Students collaborate

with faculty and classmates from around the world to develop the skills they need to succeed in a thriving international market. Learn how to translate and/or interpret, and how to be a language professional through using leading industry computer-assisted translation tools and completing internships that often lead to employment. Our program can prepare you to:

- be an in-house translator
- be a freelancer
- be a translation company owner
- specialize in your area of interest

- pursue doctoral studies
- develop your professional skills without pursuing a degree
- Interpreting, Graduate Certificate (p. 1305)
- Translation and Interpreting Studies, MA (p. 1306)
- Translation and Interpreting Studies, MA/Business Administration, MBA (p. 1308)
- Translation and Interpreting Studies, MA/Library and Information Science, MLIS (p. 1309)
- Translation, Graduate Certificate (p. 1310)

## Faculty

Name	Rank	Degree	School	Graduate Faculty	Emeritus Faculty
Viktorija Bilić	Associate Professor	PhD	Heidelberg University	✓	
Anne O. Fisher	Senior Lecturer	PhD	University of Michigan		
Amy Olen	Assistant Professor	PhD	University of Texas	✓	
Kathryn Scholz	Senior Teaching Faculty	MA	University of Minnesota		
Lorena Terando	Professor	PhD and MT	State University of New York	✓	

## Interpreting, Graduate Certificate

The demand for interpreting services in the U.S. far exceeds the supply of qualified interpreters, and the federal government estimates that job opportunities for interpreters will increase significantly faster than the average rate of job growth through 2030. The Graduate Certificate in Interpreting offers online professional training to students in any of the offered language pair. The program is designed for those who have earned an undergraduate degree, have either significant industry experience or post-graduate degrees, and are interested in language-services careers focused on interpreting.

The Graduate Certificate program is recognized by the American Translators Association as an approved Translation & Interpreting Studies program. Alumni go on to work as freelance or in-house interpreters in a broad range of areas, including legal, medical, and community interpreting.

Please visit this page (<https://uwm.edu/translation-interpreting-studies/contact/request-for-information/>) to request more information.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Eligibility and Admission

Applicants to the Graduate Certificate program in Interpreting must hold a bachelor's degree with an overall grade point average (GPA) of 2.75. If the GPA is less than 2.75, the applicant must provide substantial evidence of ability to succeed in graduate-level work.

A degree in the applicant's foreign language or advanced study in that language is desirable but not required. To be eligible for admission, all applicants to the certificate program must submit a reason statement and pass a qualifying examination administered by the faculty of

Translation & Interpreting Studies (TIS) (<https://uwm.edu/translation-interpreting-studies/admissions/qualifying-exam/>).

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

## Credits and Courses

Students must complete 21 credits of required courses. The following six courses (18 credits) must be completed at the graduate level:

Code	Title	Credits
TRNSLTN 700	Consecutive Interpreting	3
TRNSLTN 710	Comparative Systems for Translation	3
TRNSLTN 711	Ethics in Translation and Interpreting	3
TRNSLTN 730	Internship in Translation/Interpreting	3
TRNSLTN 722	Simultaneous Interpreting	3
TRNSLTN 750	Community Interpreting and Translation	3
<b>Total Credits</b>		<b>18</b>

### Electives

In addition to the six required courses, students must complete one elective course (3 credits). In consultation with the certificate coordinator, students select their elective from among the following courses. Other

courses relevant to the student's plan of study may be used to fulfill the elective requirement with the consent of the coordinator.

Code	Title	Credits
TRNSLTN 530	Business and Professional Aspects of Translation	3
TRNSLTN 727	Project Management in Translation	3
TRNSLTN 728	Editing for Translation	3
<b>One of the following:</b>		
TRNSLTN 706	Introduction to Translation: French to English	3
TRNSLTN 708	Introduction to Translation: German to English	3
TRNSLTN 707	Introduction to Translation: Spanish to English	3
TRNSLTN 719	Introduction to Translation: Russian to English	3
TRNSLTN 704	Introduction to Translation: Arabic to English	3
ITALIAN 413	Introduction to Italian to English Translation	3
<b>One of the following:</b>		
TRNSLTN 716	Seminar in Advanced Translation: French to English	3
TRNSLTN 718	Seminar in Advanced German Translation	3
TRNSLTN 717	Seminar in Advanced Translation: Spanish to English	3
TRNSLTN 729	Seminar in Advanced Translation: Russian to English	3

## Additional Requirements

### Transfer Credit

Up to 12 credits of graduate certificate coursework in Interpreting may be transferred into an MA degree (Translation or Interpreting concentration) in the TIS Program.

Required courses completed as part of a student's undergraduate degree will not count toward the graduate certificate. In such cases, students consult with the certificate coordinator to select appropriate elective courses (in lieu of one or more required courses) to complete the 21 credits required to earn the graduate certificate.

### Grade Point Average Requirement

Students must earn at least an average GPA of 3.0 in courses completed at the graduate level as well as a 3.0 GPA on all credits completed for the certificate. In addition, students must earn a B or better in all courses completed for the certificate.

### Capstone Requirement

All certificate students will be required to pass a one-hour interpreting examination.

### Articulation with Degree Programs

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:

- Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
  3. A course may count toward no more than one certificate and one degree.
  4. Students may not earn a certificate subsequent to a concentration in the same area.

### Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

## Translation and Interpreting Studies, MA

UWM's Translation and Interpreting Studies program offers programs of study in Research or Professional Translation, in four language pairs (French, German, Russian, and Spanish to English), and/or in Interpreting. TIS offers two coordinated degree programs: a TIS/MLIS degree with the College of Community Engagement & Professions and its School of Information Studies and a TIS/MBA with the Lubar College of Business. TIS also offers coordinated 5-year bachelor's/master's programs: BA in French, German, Global Studies, or LACUSL with the MA in Translation & Interpreting Studies.

UWM graduates who earn the MA in Translation and Interpreting Studies in any of the above formats reflect sufficient preparation for gainful post-graduation employment or admission to a Doctor of Philosophy program at a peer or aspirational institutions, and they will:

1. Be knowledgeable about the linguistic, literary, and cultural productions of their source and target communities in the past and present; be able to situate them within a historical, cultural and discursive (interdisciplinary and/or cross-cultural) context; be familiar with several major tendencies in critical and theoretical analysis, and be able to apply them to the study of these texts.
2. Provide nuanced and sophisticated discussions (in writing and in conversation) of linguistic, literary, and cultural works in English, and when appropriate, in the target language of their field of study. This includes the ability to analyze and to incorporate critical/theoretical frameworks into their written and oral discussions of literary or cultural works.
3. Be able to perform professional skills tied to the translation and interpreting field (e.g., translate/interpret accurately in their area of specialization; create and maintain terminology database resources;

efficiently and accurately conduct research related to T&I; understand broad aspects of the T&I industry).

4. Conduct independent research in Translation and Interpreting Studies. This includes the ability to develop and delimit a research question, to conduct a systematic investigation of the question, and to present or evaluate research according to standard models of analysis and argumentation.
5. Be aware of career and post-graduate opportunities that their degree makes possible, which includes knowing how to search and apply for professional opportunities or advanced study related to the MA, and participating in professional activities such as colloquia, conferences, and meetings.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Along with the Graduate School admission requirements, all applicants meet the program admission requirements. Admission is based in part on a reason statement, a qualifying examination that consists of a 200-250-word translation from the source to the target language, and one 300-500-word essay in English.

Beyond the English proficiency required by the Graduate School, the following are required: a minimum TOEFL iBT score of 83; TOEFL CBT score of 220; or IELTS score of 6.5.

## Credits and Courses

No credits carrying a grade below B- may be counted toward meeting the Translation and Interpreting Studies degree requirement of 30 credits.

Students choose one of three tracks in the Translation and Interpreting, MA - Professional Translation Track, Research Translation Track, and an Interpreting Track.

### Professional Translation Track

The Professional track consists of 30 credits at the graduate level.

Code	Title	Credits
<b>Required Core Seminars</b>		
TRNSLTN 709	Seminar in Literary and Cultural Translation	3
TRNSLTN 820	Translation Theory	3
<b>Required Non-Language specific courses</b>		
TRNSLTN 710	Comparative Systems for Translation	3
TRNSLTN 726	Computer-Assisted Translation	3
TRNSLTN 730	Internship in Translation/Interpreting	3
<b>Required Language-specific courses (two courses in same language pair)</b>		
TRNSLTN 706 & TRNSLTN 716	Introduction to Translation: French to English and Seminar in Advanced Translation: French to English	6

TRNSLTN 708 & TRNSLTN 718	Introduction to Translation: German to English and Seminar in Advanced German Translation	
TRNSLTN 719 & TRNSLTN 729	Introduction to Translation: Russian to English and Seminar in Advanced Translation: Russian to English	
TRNSLTN 707 & TRNSLTN 717	Introduction to Translation: Spanish to English and Seminar in Advanced Translation: Spanish to English	
<b>Electives</b>		<b>9</b>
TRNSLTN 530	Business and Professional Aspects of Translation	
TRNSLTN 700	Consecutive Interpreting	
TRNSLTN 711	Ethics in Translation and Interpreting	
TRNSLTN 727	Project Management in Translation	
TRNSLTN 728	Editing for Translation	
ENGLISH 708	Advanced Professional Writing	
ENGLISH 709	Rhetoric, Writing, and Information Technology	
INFOST 511	Organization of Information	
INFOST 571	Information Access and Retrieval	
Or other approved elective		

**Total Credits** **30**

### Research Translation Track

The Research track consists of 30 credits at the graduate level.

Code	Title	Credits
<b>Required Core Seminars</b>		
TRNSLTN 709	Seminar in Literary and Cultural Translation	3
TRNSLTN 820	Translation Theory	3
<b>Required Non-Language specific courses</b>		
TRNSLTN 710	Comparative Systems for Translation	3
TRNSLTN 730	Internship in Translation/Interpreting	3
TRNSLTN 790	Thesis	3
An approved course in Critical Theory		3
<b>Required Language-specific courses (two courses in same language pair)</b>		<b>6</b>
TRNSLTN 706 & TRNSLTN 716	Introduction to Translation: French to English and Seminar in Advanced Translation: French to English	
TRNSLTN 708 & TRNSLTN 718	Introduction to Translation: German to English and Seminar in Advanced German Translation	
TRNSLTN 719 & TRNSLTN 729	Introduction to Translation: Russian to English and Seminar in Advanced Translation: Russian to English	

TRNSLTN 707 & TRNSLTN 717	Introduction to Translation: Spanish to English and Seminar in Advanced Translation: Spanish to English
------------------------------	---

<b>Electives</b>	<b>6</b>
------------------	----------

One Translation course in language other than the pair selected above

One course in the literature of your chosen language pair

One of the following Interpreting courses:

TRNSLTN 700	Consecutive Interpreting
TRNSLTN 722	Simultaneous Interpreting
TRNSLTN 750	Community Interpreting and Translation

One course in Translation or other Critical Theory, such as one of the following:

ENGLISH 741	Approaches to the Modern II
ENGLISH 812	Seminar in Theories of Composition and Rhetoric:
ENGLISH 877	Seminar in Film Studies:

Or other approved elective

<b>Total Credits</b>	<b>30</b>
----------------------	-----------

## Interpreting Track

The Interpreting track consists of 30 credits at the graduate level.

Code	Title	Credits
<b>Required Core Seminars</b>		
TRNSLTN 709	Seminar in Literary and Cultural Translation	3
TRNSLTN 820	Translation Theory	3
<b>Required Interpreting Courses</b>		
TRNSLTN 700	Consecutive Interpreting	3
TRNSLTN 711	Ethics in Translation and Interpreting	3
TRNSLTN 722	Simultaneous Interpreting	3
TRNSLTN 750	Community Interpreting and Translation	3
<b>Other required courses</b>		
TRNSLTN 710	Comparative Systems for Translation	3
TRNSLTN 730	Internship in Translation/Interpreting	3
<b>Electives</b>		
TRNSLTN 530	Business and Professional Aspects of Translation	6
TRNSLTN 727	Project Management in Translation	
TRNSLTN 728	Editing for Translation	
Translation course in a relevant language pair		
Approved course in your area of specialization		
<b>Total Credits</b>		<b>30</b>

## Additional Requirements

### Comprehensive Examinations

Candidates for graduation in all TIS tracks and concentrations must, under the direction of their major professor and the supervision of their exam committee comprised of relevant graduate faculty, complete and defend comprehensive examinations.

## Thesis

Students completing the Research track must also complete and defend a thesis. An acceptable thesis is defined as one that represents an original contribution to the field of Translation and Interpreting Studies, of sufficient caliber for publication in a peer-reviewed journal.

## Time Limit

Full-time students generally take two years to complete the program; part-time students within three to five years. The student must complete all degree requirements within five years of initial enrollment.

## Accelerated Program Option

This program is offered as part of an accelerated graduate program. For more information, see Accelerated Graduate Degrees (p. 37).

## Translation and Interpreting Studies, MA/Business Administration, MBA

The College of Letters and Science and Lubar College of Business collaboratively offer a program designed to provide students with theoretical and practical exposure to evolving language services industry theory and practices, and to provide high level management and administrative skills needed to work in business, industry, governmental, and nonprofit organizations.

## Requirements

### Admission Requirements

#### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

#### Admission

Students are admitted to both graduate programs separately, and admission requirements are consistent with those specified by the UWM Graduate School, the Translation and Interpreting Studies MA of the College of Letters and Science, and the MBA program of the Lubar College of Business.

## Credit and Courses

The total credits for the Coordinated Translation and Interpreting Studies/MBA program is 54. Students accepted into the Translation and Interpreting Studies/MBA program complete the following courses:

### Translation and Interpreting Studies

Code	Title	Credits
<b>Required Professional Translation Credits</b>		
TRNSLTN 709	Seminar in Literary and Cultural Translation (language-specific)	3
TRNSLTN 820	Translation Theory	3
<b>Required Non-Language specific courses</b>		
TRNSLTN 710	Comparative Systems for Translation	3
TRNSLTN 726	Computer-Assisted Translation	3
TRNSLTN 730	Internship in Translation/Interpreting	3

or BUSMGMT 729	MBA Internship	
<b>Required Language-specific courses (two courses in same language pair)</b>		<b>6</b>
TRNSLTN 706 & TRNSLTN 716	Introduction to Translation: French to English and Seminar in Advanced Translation: French to English	
TRNSLTN 707 & TRNSLTN 717	Introduction to Translation: Spanish to English and Seminar in Advanced Translation: Spanish to English	
TRNSLTN 708 & TRNSLTN 718	Introduction to Translation: German to English and Seminar in Advanced German Translation	
TRNSLTN 719 & TRNSLTN 729	Introduction to Translation: Russian to English and Seminar in Advanced Translation: Russian to English	
<b>Comprehensive Exam</b>		

**Total Credits** 21

### Master of Business Administration

Code	Title	Credits
BUSMGMT 704	Accounting Analysis and Control	3
BUSMGMT 705	Corporate Finance	3
BUSMGMT 706	Managing in a Dynamic Environment	3
BUSMGMT 707	Information Technology Management in International Businesses	3
BUSMGMT 708	Marketing Strategy: Concepts and Practice	3
BUSMGMT 709	Predictive Analytics for Managers	3
BUSMGMT 711	Global Supply Chain Strategies & Competitive Operations	3
BUSMGMT 712	Strategic Management (capstone)	3

**Electives** 9

Select 9 shared credits in consultation with faculty advisors from among all approved TRNSLTN or MBA elective courses

**Total Credits** 33

### Additional Requirements

The 54 credits for the coordinated program typically would be completed in both programs at the same time, rather than one program after the other. A student not completing the requirements for the coordinated degree program would need to complete all requirements for an individual program to receive a degree.

### Time Limit

Students in the coordinated degree program must complete all degree requirements within seven years of the first enrollment semester as a degree student.

## Translation and Interpreting Studies, MA/Library and Information Science, MLIS

In collaboration with several other academic units at UW-Milwaukee, SOIS offers students the opportunity to obtain two Master's degrees concurrently—one in Library and Information Science (MLIS) and one in a subject area.

### Degree Requirements

- The number of degree credits needed for each of the coordinated programs is usually 12 fewer than the sum of the two programs if they were not taken simultaneously. *All degree requirements of each component must be satisfied.*
- The MLIS portion of the coordinated degrees can be completed online.
- Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

### MLIS Component

The Master of Library and Information Science (MLIS) component of each of the coordinated programs includes 30 credits of SOIS courses. These include the MLIS core courses (12 credits). The remaining 18 MLIS credits are selected from the School's offerings in accordance with the student's goals in the coordinated degree program.

### Admission Requirements

#### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

#### Admission

An applicant must meet the UWM Graduate School requirements plus all admission requirements of both the School of Information Studies and the coordinated degree department. Please review the admission details of each program and contact an advisor with any questions.

### Credits and Courses

#### Translation and Interpreting Studies Courses

Code	Title	Credits
<b>Required Translation &amp; Interpreting Studies Courses</b>		
TRNSLTN 709	Seminar in Literary and Cultural Translation	3

The 18 MLIS credits are selected from the School's offerings in accordance with the student's goals in the coordinated degree program.		
<b>Total Credits</b>		<b>30</b>

## Translation, Graduate Certificate

The Graduate Certificate in Translation offers online-only professional training to students in French, German, Spanish, Arabic, Russian, and often other languages, who wish to pursue careers in the language-services industry broadly speaking, or in other fields requiring advanced professional use of a language other than English.

Being bilingual is not enough to be a successful translator. Professional translators must be experts in both source and target cultures, skilled readers of the source language and superb writers of the target language. In addition, they need expertise in an area of specialization and a solid grasp of the language-services industry.

Our Translation & Interpreting Studies programs are housed in an accredited, Tier 1 Research institution and offer professional translator and interpreter training in a dynamic environment. Students collaborate with faculty and classmates from around the world to develop the skills they need to succeed in a thriving international market. Learn how to translate and/or interpret, and how to be a language professional through using leading industry computer-assisted translation tools and completing internships that often lead to employment. Our program can prepare you to:

- be an in-house translator
- be a freelancer
- be a translation company owner
- specialize in your area of interest
- pursue doctoral studies
- develop your professional skills without pursuing a degree

Please visit this page (<https://uwm.edu/translation-interpreting-studies/contact/request-for-information/>) to request more information.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Eligibility and Admission

Applicants to the Certificate Program must hold a bachelor's degree with an overall GPA of 2.75 or must provide substantial evidence of ability to succeed in graduate-level work.

A degree in the foreign language of concentration, or advanced study in that area, is desirable. In addition, admission to the program is based in part on a qualifying examination administered by the Program. The two-hour exam consists of a short translation from the source to the target language (between 200 and 250 words, depending on the source language) and one 300 to 500 word essay in English.

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

## Credits and Courses

Students must complete 21 credits of required courses; all credits must be at the graduate level, including the following:

Code	Title	Credits
<b>Required</b>		
TRNSLTN 709	Seminar in Literary and Cultural Translation	3
TRNSLTN 726	Computer-Assisted Translation	3
TRNSLTN 730	Internship in Translation/Interpreting	3
<b>Language Concentration</b>		
Select 9 credits (see below)		9
<b>Electives</b>		

Select 3 credits (see below)	3
------------------------------	---

<b>Total Credits</b>	<b>21</b>
----------------------	-----------

### Language Concentration

Students must select a language concentration and complete the three courses (9 cr) listed below for that concentration.

#### French to English

Code	Title	Credits
TRNSLTN 706	Introduction to Translation: French to English	3
TRNSLTN 716	Seminar in Advanced Translation: French to English	3
TRNSLTN 710	Comparative Systems for Translation	3
<b>Total Credits</b>		<b>9</b>

#### German to English

Code	Title	Credits
TRNSLTN 708	Introduction to Translation: German to English	3
TRNSLTN 718	Seminar in Advanced German Translation	3
TRNSLTN 710	Comparative Systems for Translation	3
<b>Total Credits</b>		<b>9</b>

#### Spanish to English

Code	Title	Credits
TRNSLTN 707	Introduction to Translation: Spanish to English	3
TRNSLTN 710	Comparative Systems for Translation	3
TRNSLTN 717	Seminar in Advanced Translation: Spanish to English	3
<b>Total Credits</b>		<b>9</b>

#### English to Spanish

Code	Title	Credits
TRNSLTN 702		3
TRNSLTN 712		3
TRNSLTN 710	Comparative Systems for Translation	3
<b>Total Credits</b>		<b>9</b>

#### Arabic to English

Code	Title	Credits
TRNSLTN 704	Introduction to Translation: Arabic to English	3
TRNSLTN 714		3
TRNSLTN 710	Comparative Systems for Translation	3
<b>Total Credits</b>		<b>9</b>

#### Russian to English

Code	Title	Credits
TRNSLTN 719	Introduction to Translation: Russian to English	3
TRNSLTN 729	Seminar in Advanced Translation: Russian to English	3
TRNSLTN 710	Comparative Systems for Translation	3
<b>Total Credits</b>		<b>9</b>

### Electives

In consultation with the program coordinator, students must select 3 credits from among the following courses. Additional appropriate courses may be counted toward the certificate with the consent of the coordinator. All courses are online unless otherwise noted.

Code	Title	Credits
TRNSLTN 530	Business and Professional Aspects of Translation	3
TRNSLTN 727	Project Management in Translation	3
TRNSLTN 728	Editing for Translation	3
TRNSLTN 700	Consecutive Interpreting (all languages)	3
TRNSLTN 711	Ethics in Translation and Interpreting (all languages)	3
TRNSLTN 820	Translation Theory	3
MALLT 708	Proseminar in Linguistics (on site only)	3
ENGLISH 708	Advanced Professional Writing	3
ENGLISH 709	Rhetoric, Writing, and Information Technology	3

### Additional Requirements

#### Transfer Credit

Certificate coursework at the graduate level may be applied toward an MA degree in the MALLT Program. Required courses completed as part of an undergraduate degree will not count toward the certificate requirements; in such cases, students, in consultation with the certificate program coordinator, will select additional appropriate elective courses to complete a minimum of 21 certificate program credits after the baccalaureate degree has been awarded.

#### Grade Point Average Requirement

Students must earn at least an average GPA of 3.0 in courses completed at the graduate level as well as a 3.0 GPA on all credits completed for the certificate. In addition, students must earn a B or better in all courses completed for the certificate.

#### Capstone Requirement

All certificate students will be required to pass a one-hour translation examination.

### Articulation with Degree Programs

- Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
- Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
- A course may count toward no more than one certificate and one degree.

4. Students may not earn a certificate subsequent to a concentration in the same area.

## Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

## Urban Studies

The Urban Studies Programs (USP) are an interdisciplinary set of programs in the College of Letters and Science. Our 25-plus faculty are drawn from 13 disciplines across 6 schools and colleges. USP offers an undergraduate certificate and major (BA), an accelerated BA-Urban Studies & Master of Urban Planning (MUP), a coordinated degree program (Master of Science in Urban Studies/Master of Library and Information Science), and master's and PhD degree programs in Urban Studies. USP is affiliated with the UWM Center for Economic Development, and is the institutional home for the Urban Affairs Association (UAA), the international professional association for urban scholars, researchers, and public service professionals..

Urban studies is about understanding the nature of urban society and change through a variety of disciplinary lenses and methods at different scales, from neighborhoods to cities and suburbs to metropolitan regions and beyond. Urban studies encompasses many different fields that are often associated with a particular discipline, such as urban politics or culture, economic development and urban revitalization; or it is focused on a particular area, like public housing or gentrification, racial inequality and segregation, environmental sustainability and urban agriculture, transit and urban planning, and the list goes on. Few academic fields offer such a variety of areas to study or so many lenses and methods to make sense of our urban world.

**For undergraduates**, completing the certificate or majoring in Urban Studies allows students to explore and study neighborhoods, cities, suburbs, and metro regions with a flexible and interdisciplinary approach drawn from over 75 courses, so students can align their studies with professional career goals. In addition, there are community placements in service learning, internships, and study-abroad opportunities in Cuba and Dublin to complement learning in the classroom. For students interested in a professional graduate degree while an undergrad, the accelerated program allows a student to complete their BA in Urban Studies in three years and earn a professional planning master's degree in two.

**For graduate students**, the Master of Science degree provides students with a broad understanding of urban society and trains them in research techniques appropriate to the study of metropolitan communities and valued in a variety of professional fields. The PhD program emphasizes history, research methodology (across six tracks), and social science theory, and prepares students to conduct sophisticated research in the field of urban studies suitable for academic, research, and leadership positions.

Beyond the classroom, we offer a wide array of extracurricular, urban-themed activities designed to complement theoretical knowledge with hands-on experience, such as our public speaker series, online journal (*e.polis*), the Student Research Forum, and the annual Urban Studies State of Milwaukee Summit. Our over 800 alumni have gone on to distinguished careers in academia, research institutions, all levels of government, and across the nonprofit sector, providing leadership in community, human service, and advocacy organizations, locally as well as across the country and internationally. We invite you to visit our website (<http://uwm.edu/urban-studies/>).

Lynne Woehrle	Associate Professor and MSP Program Director (Nursing)	PhD	Syracuse University	✓
Hyejin Yoon	Associate Professor (Geography)	PhD	The Ohio State University	✓

## Urban Studies, BA

The Urban Studies major draws from classes in sociology, geography, history, political science, economics, urban studies, and urban planning to explore issues related to cities, suburban communities and metropolitan regions such as transportation, education, housing, population shifts, crime, discrimination, and more.

The Department of Urban Studies develops students analytical and critical thinking abilities through an examination of the history and growth of urban centers and the challenges they face today and into the future. Our faculty includes international specialists, but much of our curriculum focuses on American cities, and Milwaukee in particular. Our home city is unique, vibrant, and a wonderful place for hands-on study and research.

Because of their interest in urban populations and problem-solving, many graduates work in the areas of community development, land-use planning, public works, community organization, housing policy development and implementation, public education administration, social services, construction management, public health, journalism and fund-raising. Entry-level roles can include tasks ranging from research to planning to program implementation to customer support.

Students in Urban Studies take courses in a variety of disciplines with elective classes that reflect their specific interests and goals. Classes may come from the History Department, Sociology, Political Science, Economics, and more. An internship or study abroad experience is a popular option for students to gain real-world experience working in urban environments. We believe so strongly that experiential learning is an essential part of an urban studies education that we require a service learning experience for all of our majors. An undergraduate certificate in Urban Studies (p. 1321) is also available for students seeking a program that is closer to a minor.

## Course of Study – Bachelor of Arts Degree

Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

### University General Education Requirements (GER)

Code	Title	Credits
<b>Oral and Written Communication</b>		
<i>Part A</i>		
Achieve a grade of C or better in the following course:		
ENGLISH 102	College Writing and Research (or equivalent)	
<i>Part B</i>		
Course designated as OWC-B; may be completed through a major-specific course requirement		
<b>Quantitative Literacy</b>		
<i>Part A</i>		
Earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course, or achieve a placement code of at least 30 on the mathematics placement test (or other appropriate test, as determined by the Mathematical Sciences Department)		
MATH 102	Mathematical Literacy for College Students II	
MATH 103	Contemporary Applications of Mathematics	
MATH 105	Introduction to College Algebra	
MATH 108	Algebraic Literacy II	

MATH 111	Introduction to Logic - Critical Reasoning <sup>1</sup>	
or PHILOS 111	Introduction to Logic - Critical Reasoning	
MATH 116	College Algebra	
Or equivalent course		
<i>Part B</i>		
Course designated as QL-B; may be completed through a major-specific course requirement		
<b>Arts</b>		
Select 3 credits		3
<b>Humanities</b>		
Select 6 credits		6
<b>Social Sciences</b>		
Select 6 credits		6
<b>Natural Sciences</b>		
Select 6 credits (at least two courses including one lab)		6
<b>UWM Foreign Language Requirement</b>		
Complete Foreign Language Requirement through:		
Two years (high school) of a single foreign language		
Two semesters (college) of a single foreign language		
Or equivalent		
<b>UWM Cultural Diversity Requirement</b>		
One course from the Arts, Humanities, or Social Sciences must also satisfy UWM's Cultural Diversity requirement		

<sup>1</sup> Math 111 and Philosophy 111 are jointly offered and count as repeats of one another. Students cannot receive credit for both courses.

## College of Letters & Science Requirements

### I. English Composition Requirement

Students must satisfy the English Composition Requirement with one of the following options:

- 1) Completing ENGLISH 102 with a grade of C or higher; or
- 2) by placing beyond ENGLISH 102 on the English Placement Test (EPT) (or other assessment as determined by the English Department); or
- 3) transferring a course of at least 2.5 equivalent credits from another institution that is equivalent to English 102, or a UWM higher-level expository writing course, with a grade of C or higher.

**Note:** This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.

### II. Mathematics and Formal Reasoning

To satisfy the Mathematics and Formal Reasoning Requirement, students must satisfy the following two requirements:

1. Achieve a placement code of at least 30 on the mathematics placement test (or other appropriate test, as determined by the Mathematical Sciences Department) or earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course:

Code	Title	Credits
MATH 102	Mathematical Literacy for College Students II	3
MATH 103	Contemporary Applications of Mathematics	3
MATH 105	Introduction to College Algebra	3
MATH 108	Algebraic Literacy II	3
MATH 111	Introduction to Logic - Critical Reasoning <sup>1</sup>	3
or PHILOS 111	Introduction to Logic - Critical Reasoning	
MATH 116	College Algebra	3
MATH 175	Mathematical Explorations for Elementary Teachers I	3

<sup>1</sup> Math 111 and Philosophy 111 are jointly offered and count as repeats of one another. Students cannot receive credit for both courses.

**Note:** This requirement is the same as the University General Education Requirement for Quantitative Literacy Part A, listed above.

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 211, or Letters and Science statistics courses:

Code	Title	Credits
Complete one of the following:		
3 or more credits in any 200-level or above Math course		
AFRIC 220	Introduction to Statistics in African and African Diaspora Studies	
ANTHRO 568	Introduction to Anthropological Statistics	
BIO SCI 465	Biostatistics	
ECON 210	Economic Statistics	
GEOG 247	Quantitative Analysis in Geography	
HIST 595	The Quantitative Analysis of Historical Data	
MTHSTAT 215	Elementary Statistical Analysis	
PHILOS 211	Elementary Logic	
POL SCI 390	Political Data Analysis	
POL SCI 392	Survey Research	
PSYCH 210	Psychological Statistics	
SOCIOL 261	Introduction to Statistical Thinking in Sociology	

**Note:** This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BA, students must take one of the L&S approved courses. **Not all of the courses listed here will satisfy the QL-B requirement.**

### III. Foreign Language Requirement

Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

Code	Title	Credits
Completed in one of the following ways:		0-18
Successful completion of the 4th semester of college work or equivalent in one language other than English (including American Sign Language)		
Successful completion of the 3rd semester of college work or equivalent in one language other than English (including American Sign Language) PLUS the 2nd semester of college work or equivalent in another language other than English (including American Sign Language)		

### IV. International Requirement

See Approved Courses for the L&S International Requirement (<https://catalog.uwm.edu/letters-science/approved-courses-international-requirement/>) for course options.

Code	Title	Credits
Completed in one of the following ways:		9
Complete 3 courses (min. 9 cr) in a single foreign language (not including literature-in-translation or American Sign Language) at the 3rd semester level and above		
Complete 3 non-language courses (min. 9 credits) with an international content chosen from at least 2 curricular areas.		
Complete 9 credits in combination of the two options above.		

### V. Breadth Requirement

Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD/+) designation, L&S students must complete the Breadth requirement.

Code	Title	Credits
<b>Arts</b>		
Select 3 credits		3
<b>Humanities</b>		
Complete 12 credits of L&S courses with Humanities Breadth designation; no more than 6 credits from a single subject area. *		12
<b>Social Sciences</b>		
Complete 12 credits of L&S Courses with Social Science Breadth designation; no more than 6 credits from a single curricular area. *		12
<b>Natural Sciences</b>		
Complete 12 credits of L&S Courses with Natural Sciences Breadth designation, including at least one laboratory or field course; no more than 6 credits from a single curricular area. *		12
<b>Cultural Diversity</b>		
Complete 3 credits in a course with Cultural Diversity (CD) designation. **		3

\* Students should check their course selections carefully with the list of approved L&S Breadth Courses (<https://catalog.uwm.edu/letters-science/breadth-requirement-course-list/>). Students are advised to select at least 6 credits worth of courses in each of the Humanities, Social Science, and Natural Sciences areas that can satisfy both the campus-wide General Education Requirements and the L&S Breadth requirement.

\*\* Students are advised to select a course that satisfies the Cultural Diversity requirement as well as a Humanities or Social Science breadth/GER requirement.

## VI. The Major

The College of Letters and Science requires that students attain at least a 2.0 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.0 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

### Research Requirement

Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (<https://catalog.uwm.edu/letters-science/approved-courses-research-requirement/>).

## VII. The Minor

The College of Letters and Science requires that students attain at least a 2.0 GPA in all credits in the minor attempted at UWM. In addition, students must attain a 2.0 GPA on all minor credits attempted, including any transfer work.

# Urban Studies Major Requirements

Four required urban studies courses form the foundation of the major: URB STD 150, a core course in which students conduct service learning by working in an urban organization or agency; one of two urban studies survey courses; a theory course on urbanism and urbanization; and a capstone course (URB STD 600) taken in the senior year. Students also take a statistics course, which is a standard requirement for social science majors. In addition, students complete five elective courses selected from urban studies and approved courses in the affiliated areas. Student internships (URB STD 289 or URB STD 489) are encouraged strongly. Students also are encouraged to participate in and present at various urban studies-sponsored events, such as the annual Urban Studies Student Research Forum conference and the Urban Studies State of Milwaukee Summit, and to contribute to the *epolis* ejournal (currently, each issue includes one paper from an undergraduate).

To declare a major in Urban Studies, students can complete the declaration form on the Urban Studies website (<https://uwm.edu/urban-studies/undergraduate/undergraduate-major/declare-your-major/>) which will be followed by an appointment with the Urban Studies Associate Director to review needed courses and plan upcoming semesters.

## Course of Study

The Urban Studies major requires a minimum of 30-31 credits, including at least 18 credits in the College of Letters and Science with coursework from at least two L&S departments. No more than 9 credits in a single curricular area outside of urban studies may count toward the major. SOCIOL 377, which is jointly offered in the Urb Std curricular area, will count as an Urb Std course for this purpose. Students must complete at least 15 credits in upper-division (numbered 300 and above) L&S courses for the major in residence at UWM. In addition, students must attain a minimum GPA of 2.0 in all UWM credits attempted for the major. The College of Letters and Science also requires that students attain a 2.0

GPA in all major credits attempted, including any transfer work. The following are required:

Code	Title	Credits
<b>Core</b>		
URB STD 150	Multicultural America	3
<b>Survey</b>		
URB STD 360 or URB STD 250	Perspectives on the Urban Scene: Exploring the Urban Environment	3
<b>Statistics</b>		
Select one of the following:		3-4
GEOG 247	Quantitative Analysis in Geography	
HIST 595	The Quantitative Analysis of Historical Data	
POL SCI 390	Political Data Analysis	
SOCIOL 261	Introduction to Statistical Thinking in Sociology	
Or equivalent course approved by the program director		
<b>Theory</b>		
SOCIOL/URB STD 377	Urbanism and Urbanization	3
<b>Capstone</b>		
URB STD 600	Capstone Seminar in Urban Studies (satisfies L&S research requirement)	3
<b>Electives</b>		
Select 15 credits (see below)		15
<b>Total Credits</b>		<b>30-31</b>

## Electives

15 credits selected from the following courses or other appropriate courses approved by the program director. (No more than nine credits from the same department outside of urban studies may apply to the 30- or 31-credit minimum in the major.)

Code	Title	Credits
URB STD	All U and U/G courses	
URBPLAN	All U and U/G courses	
AFRIC 125	Economics of the Black Community	3
AFRIC 300	Urban Violence	3
AFRIC 319	African American Urban History	3
AFRIC 341	Black Politics and City Government	3
AFRIC 416	Race and Social Justice in the United States	3
ANTHRO 431	Cities and Culture	3
ARCH 190	Living Learning Community: (only with topic "Field School")	1-3
ARCH 352	History & Theory III	3
ARCH 353	History & Theory IV	3
ARTHIST 323	Age of Apocalypse: Western European Art after the First Millennium	3
ARTHIST 326	Chivalry and Spirituality: French Gothic Art and Architecture	3
ARTHIST 356	American Architecture	3
ARTHIST 431	Renaissance Architecture in Italy	3
ARTHIST 462	Frank Lloyd Wright	3
BUS ADM 441	Diversity in Organizations	3

CRM JST 291	Current Issues in Criminal Justice:	1-3	SOC WRK 630	Families and Poverty	3
CRM JST 310	Race, Crime, and Criminal Justice	3	SOCIOL 224	Race and Ethnicity in the United States	3
ED POL 111	Introduction to Community Action and Change	3	SOCIOL 235	Social Change in the Global Economy	3
ED POL 113	The Milwaukee Community	3	SOCIOL 323	Perspectives on Latino Communities	3
ED POL 114	Community Issues, Policies, and Solutions	3	SOCIOL 324	Race and Ethnicity in Global Contexts	3

PUB ADM 452	Administrative Law	3			
SOC WRK 306	Introduction to Social Welfare Policy	3			

## Letters & Science Advising

During your time at UWM, you may have multiple members of your success team, including advisors, peer mentors, and success coaches. Letters and Science students typically work with at least two different types of advisors as they pursue their degrees: professional College Advisors and Faculty Advisors. L&S College Advisors advise across your entire degree program while departmental Faculty Advisors focus on the major.

**College Advisors** are located in Holton Hall and serve as your primary advisor. They are your point person for your questions about navigating college and completing your degree. College Advisors will:

- assist you in defining your academic and life goals;
- help you create an educational plan that is consistent with those goals;
- assist you in understanding curriculum, major and degree requirements for graduation, as well as university policies and procedures;
- provide you with information about campus and community resources and refer you to those resources as appropriate; and
- monitor your progress toward graduation and completion of requirements.

**Faculty Advisors** mentor students in the major and assist them in maximizing their development in the program. You will begin working with a Faculty Advisor when you declare your major. Faculty Advisors are an important partner and will:

- help you understand major requirements and course offerings in the department;
- explain opportunities for internships and undergraduate research and guide you in obtaining those experiences; and
- serve as an excellent resource as you consider potential graduate programs and career paths in your field.

Students are encouraged to meet with both their College Advisor and Faculty Advisor at least once each semester. Appointments are available in-person, by phone or by video.

Currently enrolled students should use the Navigate360 website (<https://uwm.navigate.eab.com/>) to make an appointment with your assigned advisor or call (414) 229-4654 if you do not currently have an assigned Letters & Science advisor. Prospective students who haven't enrolled in classes yet should call (414) 229-7711 or email [let-sci@uwm.edu](mailto:let-sci@uwm.edu).

## Accelerated Program Option

This program is offered as part of an accelerated graduate program. For more information, see Accelerated Graduate Degrees (p. 37).

## College of Letters and Science Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Urban Studies, MS

The Master of Science degree program in Urban Studies provides students with a broad understanding of urban society and trains them in research techniques appropriate to the study of metropolitan communities. The course of study stresses the understanding of social processes and the analysis of social and economic policies affecting cities.

The PhD degree program in Urban Studies is designed to prepare individuals to obtain employment in academic departments, as well as government institutions and social agencies, and to conduct sophisticated research in the field of urban studies. The course of study emphasizes history, research methodology, and social science theory.

Urban Studies Programs offers two interdisciplinary graduate programs of study that are housed in the College of Letters and Science and led by social science faculty members from the Departments of Africology, Architecture, Criminal Justice, Educational Policy and Community Studies, Geography, History, Political Science, Nonprofit and Public Administration, Public Health, Sociology, and Urban Planning.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

## Admission

An applicant must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus the following requirement to be considered for admission:

- Undergraduate major in one of the social sciences or experience in relevant occupational roles such as planning, community organization or social work.
- Two letters of recommendation from persons familiar with the applicant's academic ability. Recommendation forms may be obtained online from the Urban Studies Programs website (<https://uwm.edu/urban-studies/graduate/application-procedures/>).
- A letter of intent (reason statement) outlining the applicant's reasons for graduate study.
- Submission of Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>) scores is recommended but not required.

Applicants may be admitted with specific program-defined course deficiencies provided that the deficiencies amount to no more than two courses.

The student is expected to satisfy deficiency requirements within three enrolled semesters. The deficiencies are monitored by the Graduate School and the individual graduate program unit. No course credits earned in making up deficiencies may be counted as program credits required for the degree.

## Credits and Courses

The minimum degree requirement is 30 graduate credits. Students must earn at least 15 of their 30 credits in courses numbered 700 or above. All Urban Studies students are required to take a core curriculum of 15 credits.

Code	Title	Credits
<b>Core Curriculum</b>		
Select an approved quantitative analysis course		3
URB STD 921	Seminar: Research Methods in Urban Studies	3
Select three of the following:		9
URB STD 901	Urban Social Structure	
URB STD 913	Seminar in Urban Political Process	
URB STD 945	The Internal Structure of the City	
URB STD 971	Seminar on the History of American Urban Problems	
<b>Electives</b>		
Select 15 credits of approved electives		15
<b>Total Credits</b>		<b>30</b>

Students may opt to enroll in URB STD 990 and earn up to 3 credits toward the MS degree for their paper/thesis research and writing.

## Additional Requirements

### Major Professor as Advisor

The Director and Associate Director of the Urban Studies Program act as the initial advisors to all entering students. Therefore, upon admission to the program, students should meet with one of them to discuss their course of study. As specified by The Graduate School, the student must have a major professor to advise and supervise the student's studies.

Once the student has defined an area of interest within Urban Studies, an advisor with similar interests may be chosen from among the other members of the USP faculty.

## Paper or Thesis

A master's paper or thesis is required to receive the MS degree in Urban Studies. A master's paper may be developed from a seminar paper and should demonstrate conceptual ability and research competence in a sub-area of Urban Studies. It is expected that the master's paper will be prepared in a scholarly fashion conforming to the format characteristics of journal articles published in the chosen area of study.

A master's thesis is a more formal document of greater breadth and depth than a master's paper. Students should refer to Master's Thesis and Doctoral Dissertation Format Requirements (<https://uwm.edu/graduateschool/gradresources/thesis-and-dissertation-formatting/>) for information regarding preparation and review of the thesis.

Regardless of the option chosen, the student, in consultation with the faculty advisor, must assemble a committee of three faculty (two of whom cannot be from the same department and must be USP faculty) who will serve as the paper or thesis examination committee. The student must pass an oral examination based on the paper or thesis.

## Time Limit

The student must complete all degree requirements within five years of initial enrollment.

## Urban Studies, MS/Library and Information Science, MLIS

In collaboration with several other academic units at UW-Milwaukee, SOIS offers students the opportunity to obtain two Master's degrees concurrently—one in Library and Information Science (MLIS) and one in a subject area.

## Degree Requirements

- The number of degree credits needed for each of the coordinated programs is usually 12 fewer than the sum of the two programs if they were not taken simultaneously. *All degree requirements of each component must be satisfied.*
- The MLIS portion of the coordinated degrees can be completed online.
- Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

## MLIS Component

The Master of Library and Information Science (MLIS) component of each of the coordinated programs includes 30 credits of SOIS courses. These include the MLIS core courses (12 credits). The remaining 18 MLIS credits are selected from the School's offerings in accordance with the student's goals in the coordinated degree program.

## MLIS/MS Urban Studies

A Master of Science in Urban Studies/Master of Library and Information Science program to prepare students for positions as urban information specialists, 54 credits.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

## Credits and Courses

Students in the MS/MLIS program follow all of the requirements and standards as described in this section of the Bulletin with the following joint exceptions: 21 of the 24 credits, including the optional 3 credits for a master's thesis, required for the Urban Studies portion of the joint degree are taken within USP. All courses in related areas and any exceptions to the 21 credit rule must be reviewed by the Coordinator of Urban Studies. All courses selected are expected to be consistent with the objectives of the Urban Studies program.

### Urban Studies

The minimum degree requirement is 30 graduate credits. All Urban Studies students are required to take a core curriculum of 15 credits:

Code	Title	Credits
Select an approved quantitative analysis course		3
URB STD 921	Seminar: Research Methods in Urban Studies	3
Select three of the following:		9
URB STD 901	Urban Social Structure	
URB STD 913	Seminar in Urban Political Process	
URB STD 945	The Internal Structure of the City	
URB STD 971	Seminar on the History of American Urban Problems	
<b>Total Credits</b>		<b>15</b>

Students may opt to enroll in URB STD 990 and earn up to 3 credits toward the MS degree for their paper/thesis research and writing.

### Basic Required MLIS Courses

Code	Title	Credits
<b>Core Courses</b>		<b>12</b>
INFOST 501	Foundations of Library and Information Science	
INFOST 511	Organization of Information	
INFOST 571	Information Access and Retrieval	
INFOST 799	Research Methods in Information Studies	
<b>Other MLIS courses</b>		<b>18</b>
<b>Total Credits</b>		<b>30</b>

### Important

You must refer to the catalog pages of both individual master's programs to ensure that you meet all requirements for both degrees.

## Urban Studies, PhD

The Master of Science degree program in Urban Studies provides students with a broad understanding of urban society and trains them in research techniques appropriate to the study of metropolitan

communities. The course of study stresses the understanding of social processes and the analysis of social and economic policies affecting cities.

The PhD degree program in Urban Studies is designed to prepare individuals to obtain employment in academic departments, as well as government institutions and social agencies, and to conduct sophisticated research in the field of urban studies. The course of study emphasizes history, research methodology, and social science theory.

Urban Studies Programs offers two interdisciplinary graduate programs of study that are housed in the College of Letters and Science and led by social science faculty members from the Departments of Africology, Architecture, Criminal Justice, Educational Policy and Community Studies, Geography, History, Political Science, Nonprofit and Public Administration, Public Health, Sociology, and Urban Planning.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements (<http://uwm.edu/graduateschool/thesis-dissertation-formatting/>), hold a master's degree or the equivalent in a social science or a related field, and meet the criteria established by the Urban Studies Programs Faculty to be considered for admission:

1. Three letters of recommendation from persons familiar with the applicant's academic work. Recommendation forms may be obtained online from the link above.
2. A sample of the applicant's written work that demonstrates the applicant's ability to conduct independent social science research and/or the ability to critically analyze the work of others.
3. A letter of intent outlining the applicant's reasons for graduate study.
4. GRE scores.
5. A response to a question that elucidates the applicant's reasons for taking up the academic study of urban affairs and describes her/his intellectual ambitions in the field.

## Credits and Courses

Minimum degree requirement is 33 credits beyond the master's degree; these credits include core courses, a methodological specialization, a topical specialization, and a dissertation. At least 27 credits must be earned in UWM courses while in the doctoral program. Credits for the methodological specialization and the topical specialization combined must total at least 15 credits, with 6 credits from one area and 9 from the other. Students will decide, in consultation with their advisor, whether to focus more on methods or on topics. In consultation with their major professor and the program director, students must develop a plan of study, which should be filed in the USP office by the end of the second semester of enrollment.

Code	Title	Credits
<b>Core</b>		
URB STD 921	Seminar: Research Methods in Urban Studies	3
URB STD 981 or URB STD 983	Argument in Urban Studies Scholarship Contemporary Urban Social Structure and Change	3
Select one of the four listed below:		3
URB STD 901	Urban Social Structure	
URB STD 913	Seminar in Urban Political Process	
URB STD 945	The Internal Structure of the City	
URB STD 971	Seminar on the History of American Urban Problems	
Select one of the following: <sup>1</sup>		3-4
GEOG 747	Spatial Analysis	
HIST 595	The Quantitative Analysis of Historical Data	
SOCIOL 760	Advanced Statistical Methods in Sociology	
<b>Methodological Specialization</b>		
Select 6-9 credits		6-9
<b>Topical Specialization</b>		
Select 6-9 credits		6-9
<b>Thesis</b>		
Select 6 credits in doctoral thesis or dissertation courses		6

<sup>1</sup> Qualified students may be exempted from the quantitative competency/statistics course, but they must take an additional three credits of electives in methodological or topical tracks.

### Methodological Specialization (6-9 credits)

Students must declare one specialization from the following list and take two to three courses, for a total of 6 to 9 credits. Credits taken in the methodological specialization and the topical specialization combined must total at least 15 credits.

#### Statistical Analysis/Quantitative Research Design (2 course minimum)

A methodological specialization in statistical analysis requires SOCIOL 982/URB STD 982 and at least one additional statistical/quantitative course beyond the core competency. This course, selected in consultation with the student's advisor, should support research objectives and dissertation goals. Students are recommended to choose SOCIOL 760 above if they wish to take SOCIOL 982/URB STD 982. See the Graduate Program Director for a list of qualifying courses or online at: <http://www4.uwm.edu/lets/urbanstudies/graduate/phd/upload/CompletePHDStudentGuide.pdf>.

#### Geographical Information Systems (2 course minimum)

A methodological specialization in GIS requires the following two courses. Students who elect this specialization must take GEOG 547 to complete the statistical/quantitative core competency.

Code	Title	Credits
GEOG 525	Geographic Information Science	4
GEOG 625	Intermediate Geographic Information Science	4

Students who elect the GIS option earn 8 credits in the two required courses and must complete a minimum of 7 credits in topical courses or take one additional methods course with 6 credits in topical courses.

Optional additional coursework in GIS may be selected in consultation with the student's advisor, with consideration of research objectives and dissertation goals. See the Graduate Program Director for a list of suggested courses.

#### **Historical Methods (2 course minimum)**

In consultation with their advisor, students who elect this specialization must select two historical methods courses in that support research objectives and dissertation goals. See the Graduate Program Director for a list of qualifying courses.

#### **Qualitative Methods (2 course minimum)**

Students who elect the methodological specialization in qualitative methods select two courses in consultation with their advisor in support of research objectives and dissertation goals. See the Graduate Program Director for a list of qualifying courses.

#### **Program/Policy Evaluation (2 course minimum)**

A methodological specialization in program/policy evaluation requires POL SCI 769/PUB ADM 769 and at least one additional program/policy evaluation course. This course, selected in consultation with the student's advisor, should support research objectives and dissertation goals. See the Graduate Program Director for a list of qualifying courses.

#### **Mixed Methods (2 course minimum)**

Graduate students intending to pursue mixed research methods in their dissertation must file with the USP a plan of study created in consultation with their major professor and the program Director.

#### **Topical Specialization (6-9 credits)**

Students must declare a topical specialization, in consultation with their advisor, to gain competence in one of the faculty areas of specialization and must take two to three courses in that specialization, for a total of 6 to 9 credits. Students who opt for 6 credits (two courses) of methodological specialization must take at least 9 credits of topical specialization courses. Those who select 9 credits (three courses) of methodological specialization must complete 6 credits of topical specialization courses.

A variety of specializations and qualifying courses are published annually on the Urban Studies website (<http://uwm.edu/urban-studies/graduate/>). Students are required to take 6-9 credits at the 700 level or above in the specialization field, no more than 3 credits of which may be in independent study courses. With the approval of the major professor or program director, students may take up to 3 credits in U/G courses.

#### **Thesis (6 credits)**

A maximum of 6 credits in doctoral thesis or dissertation courses may be counted toward the 33 credits required for the degree.

## **Additional Requirements**

### **Residence**

The PhD student may meet the residence requirement by completing 8 or more graduate credits in each of two consecutive semesters, exclusive of summer sessions, or by completing at least 6 graduate credits in each of three consecutive semesters, exclusive of summer sessions.

### **Doctoral Preliminary Examination**

The student must pass a doctoral preliminary examination to qualify for formal admission to candidacy for the degree.

### **Dissertation**

The candidate, working under the supervision of the major professor and the candidate's dissertation committee, must write a dissertation which demonstrates ability to formulate a research topic and pursue original investigation.

### **Dissertation Defense**

The candidate must, as a final step toward the degree, pass an oral examination in defense of the dissertation.

### **Time Limit**

All degree requirements must be completed within ten years from the date of initial enrollment in the doctoral program.

For additional information on the PhD, see the Graduate School Doctoral Requirements page (<http://uwm.edu/graduateschool/doctoral-requirements/>).

## **Urban Studies, Undergraduate Certificate**

The Undergraduate Certificate in Urban Studies draws from classes in sociology, geography, history, political science, economics, urban studies, and urban planning to explore issues related to cities, suburban communities and metropolitan regions such as transportation, education, housing, population shifts, crime, discrimination, and more.

Certificates are similar to minors in terms of credit requirements but draw on coursework from multiple fields of study rather than from a single department.

## **Eligibility**

The Urban Studies Undergraduate Certificate program is open to all students seeking a bachelor's degree from UWM, to students who previously have received a bachelor's degree from UWM or any other accredited college or university, and to those who do not plan to pursue a college or university degree (non-degree students) but who have a strong interest in this subject. To be admitted to the University as non-degree students, individuals must meet regular University admission requirements. Students currently involved in baccalaureate studies who complete the requirements of the program successfully will be awarded the certificate at the time of graduation. Post-baccalaureate and non-degree students will receive the certificate upon successful completion of the program requirements.

## **Requirements**

1. Completion of 18 credits in approved urban studies courses with a minimum GPA of 2.500.
2. Completion of URB STD 250 (Exploring the Urban Environment), URB STD 193 (First-Year Seminar), or URB STD 360 (Perspectives on the Urban Scene).
3. Of the 18 credits:
  - a. 6 must be in the humanities;
  - b. 6 in the social sciences; and
  - c. 9 must be at the 300 level or above taken in residence at UWM.

4. No more than 9 credits from any one department outside Urban Studies may count toward the certificate.
5. A maximum of 6 credits in independent study may be taken. In the senior year, a student may plan an independent study course to synthesize previous work in urban studies.
6. An internship in URB STD 289 or URB STD 489 is recommended highly.
7. While students may elect courses outside the College of Letters and Science to count toward the certificate, at least 12 credits must be completed in L&S courses, at least 6 of these at the 300 level or above.
8. Credits earned at other institutions in equivalent urban studies programs and accepted by UWM as transfer credits may count in partial fulfillment of the certificate requirements.

### Urban Studies Approved Courses

The following courses in the College of Letters and Science are approved to count toward the Urban Studies Certificate. Each semester, the Advisory Committee will review and approve variable content course sections for the Certificate. Contact the Urban Studies Program for the most current list of approved courses.

## Women's and Gender Studies

Women's and Gender Studies is an academic discipline that critically evaluates gender from an interdisciplinary perspective and challenges many traditional assumptions and theories about women that have excluded them from positions of power. It examines the practice and expression of gender in different societies and at different historical moments; it explores the various origins and articulations of gender differentiation; it traces the influence of gender expectations on individuals and it studies the interactions of gender and other differences

## Women's and Gender Studies, BA

Women's and Gender Studies is a discipline that critically examines gender and women's issues from an interdisciplinary perspective and challenges many traditional assumptions and theories. It examines the practice and expression of gender in different societies and at different historical moments.

Regardless of your gender, Women's and Gender Studies is crucial and relevant for anyone interested in working in criminal justice, social work, the non-profit sector, the arts, politics, business, and more. Students learn to look at the world and history through different perspectives and think about how gender and our perceptions of it impact culture, society, and daily interactions. It is a traditional liberal arts discipline where the knowledge and skills developed in the program can be applied to all types of career paths. Work experiences during college through internships, part-time jobs, and volunteer positions often shape career paths after graduation.

Students in Women's and Gender Studies master critical thinking, problem analysis, and communication through both classroom studies and service learning opportunities.

in social, political, and cultural contexts. The feminist pedagogy used in Women's and Gender Studies courses empowers all students to become active learners and social change agents through discussion, written work, collaborative projects, and practical involvement beyond the classroom.

Women's and Gender Studies prepares students for careers in non-profit organizations, business, the creative arts, education, government and public policy, journalism, law, medicine, publishing, science, the social sciences, social work, and many other fields.

## Programs

- Women's and Gender Studies, BA (p. 1323)
- Women's and Gender Studies, Graduate Certificate (p. 1328)
- Women's and Gender Studies, MA (p. 1329)
- Women's and Gender Studies, MA/Library and Information Science, MLIS (p. 1331)
- Women's and Gender Studies, MA/Social Work, MSW (p. 1332)
- Women's and Gender Studies, Minor (p. 1333)

## Course of Study – Bachelor of Arts Degree

Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

## University General Education Requirements (GER)

Code	Title	Credits
<b>Oral and Written Communication</b>		
<i>Part A</i>		

Achieve a grade of C or better in the following course:

ENGLISH 102 College Writing and Research (or equivalent)

**Part B**

Course designated as OWC-B; may be completed through a major-specific course requirement

**Quantitative Literacy****Part A**

Earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course, or achieve a placement code of at least 30 on the mathematics placement test (or other appropriate test, as determined by the Mathematical Sciences Department)

MATH 102	Mathematical Literacy for College Students II
MATH 103	Contemporary Applications of Mathematics
MATH 105	Introduction to College Algebra
MATH 108	Algebraic Literacy II
MATH 111	Introduction to Logic - Critical Reasoning <sup>1</sup>
or PHILOS 111	Introduction to Logic - Critical Reasoning
MATH 116	College Algebra
Or equivalent course	

**Part B**

Course designated as QL-B; may be completed through a major-specific course requirement

**Arts**

Select 3 credits 3

**Humanities**

Select 6 credits 6

**Social Sciences**

Select 6 credits 6

**Natural Sciences**

Select 6 credits (at least two courses including one lab) 6

**UWM Foreign Language Requirement**

Complete Foreign Language Requirement through:

Two years (high school) of a single foreign language

Two semesters (college) of a single foreign language

Or equivalent

**UWM Cultural Diversity Requirement**

One course from the Arts, Humanities, or Social Sciences must also satisfy UWM's Cultural Diversity requirement

<sup>1</sup> Math 111 and Philosophy 111 are jointly offered and count as repeats of one another. Students cannot receive credit for both courses.

**College of Letters & Science Requirements****I. English Composition Requirement**

Students must satisfy the English Composition Requirement with one of the following options:

- 1) Completing ENGLISH 102 with a grade of C or higher; or
- 2) by placing beyond ENGLISH 102 on the English Placement Test (EPT) (or other assessment as determined by the English Department); or

3) transferring a course of at least 2.5 equivalent credits from another institution that is equivalent to English 102, or a UWM higher-level expository writing course, with a grade of C or higher.

**Note:** This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.

**II. Mathematics and Formal Reasoning**

To satisfy the Mathematics and Formal Reasoning Requirement, students must satisfy the following two requirements:

1. Achieve a placement code of at least 30 on the mathematics placement test (or other appropriate test, as determined by the Mathematical Sciences Department) or earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course:

Code	Title	Credits
MATH 102	Mathematical Literacy for College Students II	3
MATH 103	Contemporary Applications of Mathematics	3
MATH 105	Introduction to College Algebra	3
MATH 108	Algebraic Literacy II	3
MATH 111	Introduction to Logic - Critical Reasoning <sup>1</sup>	3
or PHILOS 111	Introduction to Logic - Critical Reasoning	
MATH 116	College Algebra	3
MATH 175	Mathematical Explorations for Elementary Teachers I	3

<sup>1</sup> Math 111 and Philosophy 111 are jointly offered and count as repeats of one another. Students cannot receive credit for both courses.

**Note:** This requirement is the same as the University General Education Requirement for Quantitative Literacy Part A, listed above.

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 211, or Letters and Science statistics courses:

Code	Title	Credits
Complete one of the following:		
3 or more credits in any 200-level or above Math course		
AFRIC 220	Introduction to Statistics in African and African Diaspora Studies	
ANTHRO 568	Introduction to Anthropological Statistics	
BIO SCI 465	Biostatistics	
ECON 210	Economic Statistics	
GEOG 247	Quantitative Analysis in Geography	
HIST 595	The Quantitative Analysis of Historical Data	
MTHSTAT 215	Elementary Statistical Analysis	
PHILOS 211	Elementary Logic	
POL SCI 390	Political Data Analysis	

POL SCI 392	Survey Research
PSYCH 210	Psychological Statistics
SOCIOL 261	Introduction to Statistical Thinking in Sociology

**Note:** This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BA, students must take one of the L&S approved courses. **Not all of the courses listed here will satisfy the QL-B requirement.**

### III. Foreign Language Requirement

Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

Code	Title	Credits
Completed in one of the following ways:		0-18
Successful completion of the 4th semester of college work or equivalent in one language other than English (including American Sign Language)		
Successful completion of the 3rd semester of college work or equivalent in one language other than English (including American Sign Language) PLUS the 2nd semester of college work or equivalent in another language other than English (including American Sign Language)		

### IV. International Requirement

See Approved Courses for the L&S International Requirement (<https://catalog.uwm.edu/letters-science/approved-courses-international-requirement/>) for course options.

Code	Title	Credits
Completed in one of the following ways:		9
Complete 3 courses (min. 9 cr) in a single foreign language (not including literature-in-translation or American Sign Language) at the 3rd semester level and above		
Complete 3 non-language courses (min. 9 credits) with an international content chosen from at least 2 curricular areas.		
Complete 9 credits in combination of the two options above.		

### V. Breadth Requirement

Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD/+) designation, L&S students must complete the Breadth requirement.

Code	Title	Credits
<b>Arts</b>		
Select 3 credits		3
<b>Humanities</b>		
Complete 12 credits of L&S courses with Humanities Breadth designation; no more than 6 credits from a single subject area. *		12
<b>Social Sciences</b>		

Complete 12 credits of L&S Courses with Social Science Breadth designation; no more than 6 credits from a single curricular area. \*

#### Natural Sciences

Complete 12 credits of L&S Courses with Natural Sciences Breadth designation, including at least one laboratory or field course; no more than 6 credits from a single curricular area. \*

#### Cultural Diversity

Complete 3 credits in a course with Cultural Diversity (CD) designation. \*\*

\* Students should check their course selections carefully with the list of approved L&S Breadth Courses (<https://catalog.uwm.edu/letters-science/breadth-requirement-course-list/>). Students are advised to select at least 6 credits worth of courses in each of the Humanities, Social Science, and Natural Sciences areas that can satisfy both the campus-wide General Education Requirements and the L&S Breadth requirement.

\*\* Students are advised to select a course that satisfies the Cultural Diversity requirement as well as a Humanities or Social Science breadth/GER requirement.

### VI. The Major

The College of Letters and Science requires that students attain at least a 2.0 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.0 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

#### Research Requirement

Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (<https://catalog.uwm.edu/letters-science/approved-courses-research-requirement/>).

#### VII. The Minor

The College of Letters and Science requires that students attain at least a 2.0 GPA in all credits in the minor attempted at UWM. In addition, students must attain a 2.0 GPA on all minor credits attempted, including any transfer work.

## Women's and Gender Studies Major Requirements

The Women's and Gender Studies major requires 36 credits drawn from Women's and Gender Studies core and cross-listed classes. At least 15 credits in the major must be taken in upper-division (numbered 300 or above) courses in residence at UWM. Completion of WGS 411 and either WGS 500 or WGS 501 satisfies the L&S research requirement. Students must maintain a GPA of at least 2.0 in UWM major courses attempted. In addition, the College requires that students attain a 2.0 GPA in all major courses attempted, including any transfer work. Majors should consult regularly with their advisor in Women's and Gender Studies about their course of study.

The major requires completion of the following courses offered through Women's and Gender Studies:

Code	Title	Credits
<b>Required</b>		
Select one of these two: <sup>1</sup>		3
WGS 200	Introduction to Women's and Gender Studies: A Social Science Perspective	
WGS 201	Introduction to Women's and Gender Studies: A Humanities Perspective	
WGS 211	Foundations of Women's and Gender Studies Scholarship	3
WGS 301	Queer Theory	3
WGS 401	Global Feminisms	3
WGS 410	Feminist Theory	3
WGS 411	Women's and Gender Studies Research Methods:	3
Select one of the following:		3
WGS 489	Internship in Women's and Gender Studies	
WGS 699	Independent Reading (taken in the senior year)	
Any upper-level (numbered 300 and above) WGS or Women's and Gender Studies-related course approved by the Women's and Gender Studies Chair or Assistant Chair (Undergraduate Advisor)		
Select one of the following:		3
WGS 500	Advanced Social Science Seminar in Women's and Gender Studies:	
WGS 501	Advanced Humanities Seminar in Women's and Gender Studies:	
<b>Electives</b>		
Select 12 credits (see below)		12
<b>Total Credits</b>		<b>36</b>

<sup>1</sup> Students may not receive credit for both WGS 200 and WGS 201. Only one of these courses can be taken for credit.

## Electives

Students must take 12 credits of approved elective courses to reach a total of 36 credits. Approved electives include WGS courses and courses offered by other programs and departments; see the list of approved courses below.

Numerous courses in a wide variety of disciplines have been approved as electives for the WGS major. For information about whether a special topics course in another program might be approved as an elective for WGS, please contact Women's and Gender Studies.

Code	Title	Credits
WGS 150	Multicultural America	3
WGS 192	First-Year Seminar:	3
WGS 199	Independent Study	1-3
WGS 297	Study Abroad:	1-12
WGS 301	Queer Theory	3
WGS 302	Gendered Bodies:	3
WGS 303	Feminist Activism and Movements:	3
WGS 380	Honors Seminar in the Social Sciences:	3
WGS 381	Honors Seminar in the Humanities:	3

WGS 497	Study Abroad:	1-12
AFRIC 250	Black Women and White Women in the Contemporary United States	3
AFRIC 344	Global Black Social Movements	3
AFRIC 350	The Black Family	3
AFRIC 351	Sexuality, Gender, and Health in Africa and the Diaspora	3
AFRIC 352	Extended Families in Black Societies	3
AFRIC 414	The Black Woman in America, Africa, and the Caribbean	3
AFRIC 417	Race, Class and Gender in Southern Africa	3
AFRIC 418	Race, Class, and Gender in Latin America and the Caribbean	3
ANTHRO 250	Women's Roles in Cross-Cultural Perspective	3

SOCIOL 442	The Work-Family Intersection	3
SOCIOL 444	Sociology of the Body	3
SOC WRK 630	Families and Poverty	3

<sup>1</sup> ENGLISH 295 and FILMSTD 295 are jointly offered. In other words, they are the same course offered under different subjects. Only one can be taken for credit.

<sup>2</sup> ENGLISH 395 and FILMSTD 395 are jointly offered. In other words, they are the same course offered under different subjects. Only one can be taken for credit.

## Letters & Science Advising

During your time at UWM, you may have multiple members of your success team, including advisors, peer mentors, and success coaches. Letters and Science students typically work with at least two different types of advisors as they pursue their degrees: professional College Advisors and Faculty Advisors. L&S College Advisors advise across your entire degree program while departmental Faculty Advisors focus on the major.

**College Advisors** are located in Holton Hall and serve as your primary advisor. They are your point person for your questions about navigating college and completing your degree. College Advisors will:

- assist you in defining your academic and life goals;
- help you create an educational plan that is consistent with those goals;
- assist you in understanding curriculum, major and degree requirements for graduation, as well as university policies and procedures;

- provide you with information about campus and community resources and refer you to those resources as appropriate; and
- monitor your progress toward graduation and completion of requirements.

**Faculty Advisors** mentor students in the major and assist them in maximizing their development in the program. You will begin working with a Faculty Advisor when you declare your major. Faculty Advisors are an important partner and will:

- help you understand major requirements and course offerings in the department;
- explain opportunities for internships and undergraduate research and guide you in obtaining those experiences; and
- serve as an excellent resource as you consider potential graduate programs and career paths in your field.

Students are encouraged to meet with both their College Advisor and Faculty Advisor at least once each semester. Appointments are available in-person, by phone or by video.

Currently enrolled students should use the Navigate360 website (<https://uwm.navigate.eab.com/>) to make an appointment with your assigned advisor or call (414) 229-4654 if you do not currently have an assigned Letters & Science advisor. Prospective students who haven't enrolled in classes yet should call (414) 229-7711 or email [let-sci@uwm.edu](mailto:let-sci@uwm.edu).

## Honors in the Major

Women's and Gender Studies majors who have maintained at least a 3.000 GPA overall, 3.500 GPA in all courses attempted for the major, and a 3.500 GPA in advanced-level (numbered 300 and above) courses that count toward the major are eligible to graduate with honors in the major. Students who believe they may qualify to graduate with honors in the major should apply to the Assistant Chair of Women's and Gender Studies.

## College of Letters and Science Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Women's and Gender Studies, Graduate Certificate

The Graduate Certificate in Women's and Gender Studies is designed for students enrolled in a graduate program in any field who wish to complement their advanced training and scholarly work with an additional specialization in Women's and Gender Studies.

Research and study in Women's and Gender Studies helps students:

- identify and assess gender-based assumptions and biases and to recognize their social, cultural and individual consequences;
- analyze and integrate perspectives and bodies of knowledge across disciplines, and develop your critical thinking skills in ways that will complement and enhance your training in any other field;
- prepare for careers in non-profit organizations, businesses, the creative arts, education, government and public policy, journalism, law, social work, and more;
- become empowered to participate in public debate and act for social change.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Eligibility and Admission

To pursue this certificate, students must be enrolled in a graduate degree program or already hold a graduate degree. Acceptance to this graduate certificate also requires a minimum 2.75 GPA from the undergraduate degree as well as a letter of intent explaining the applicant's reasons for graduate study.

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

## Credits and Courses

The Graduate Certificate in Women's and Gender Studies requires completion of 15 credits in approved courses with an overall GPA of 3.0. The following are required:

Code	Title	Credits
<b>Required</b>		
WGS 700	Feminist Issues and Scholarship	3
WGS 701	Feminisms in Global Context	3
WGS 710	Advanced Feminist Theory	3
<b>Electives</b>		
Select 6 credits from a combination of WGS courses and approved cross-listed Graduate (G) or Undergraduate/Graduate (U/G) courses in other programs and departments		6
<b>Total Credits</b>		<b>15</b>

No more than 6 credits in U/G courses can apply toward the certificate, and a maximum of 3 credits in independent study may count toward the 15 credits required for the certificate. Thesis and research credits may not be counted toward the certificate.

### Approved Electives outside of WGS

Code	Title	Credits
AD LDSP 779	Current Topics in Administrative Leadership: (Women Teaching and Leadership in Educational Organizations)	1-3
AD LDSP 795	Women and Leadership in Education	3
AFRIC 700	Foundations and Theories in African & African Diaspora Studies	3

SOCIOL 927	Seminar in Sociology of Contemporary Institutions: (A Sociology of Welfare; Issues in Family and Gender; Sociology of Gender; The Family and the State)	3
SOC WRK 771	Development of the Family Over the Life Span	3
SOC WRK 791	Current Topics in Social Work: (Women, Work and Family; Family Violence: a Cycle to be Broken)	1-3
SOC WRK 820	Seminar in Social Work Practice: (Intimate Partner Violence)	3

## Additional Requirements

### Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

### Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

### Articulation with Degree Programs

- Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
- Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
- A course may count toward no more than one certificate and one degree.
- Students may not earn a certificate subsequent to a concentration in the same area.

### Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

## Women's and Gender Studies, MA

The MA in Women's and Gender Studies is designed for students who intend to pursue additional academic degrees and students who seek graduate credentials to further their career goals. The degree combines advanced Women's and Gender Studies courses in feminist theory, research methods, global feminisms, and selected topics with graduate-level courses in many disciplines. Over forty faculty members at UWM are Women's and Gender Studies affiliates and offer graduate courses that are cross-listed with Women's and Gender Studies.

Students completing an MA in Women's and Gender Studies will:

- Gain an understanding of Women's and Gender Studies as an interdisciplinary field of study and research.
- Demonstrate an advanced understanding of feminist theory and research methods.

- Develop critical thinking skills that will enable them to analyze competing perspectives and integrate various bodies of knowledge across academic boundaries, paying particular attention to gender-based assumptions and their consequences on individuals, social and cultural groups, and institutions.
- Demonstrate an awareness of women's diverse experiences based on factors such as age, race, sexuality, gender identity, class, religion, and ability status.
- Acquire the background necessary for entry into PhD programs in Women's and Gender Studies. The MA also prepares students for further graduate studies in many fields of the humanities, social sciences or professions, as well as career fields that require an advanced degree.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

The Women's and Gender Studies MA Program accepts fall admission only. Applications received by January 15 will be given full consideration.

### Admission

In addition to satisfying Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) for admission, applicants must apply online via the UWM Panthera Graduate Admission Application. Additionally, the following materials must be submitted to be considered for admission:

- Official or unofficial transcripts for all work done at higher education/post-secondary institutions
- Three letters of recommendation from persons familiar with the applicant's academic or professional work
- A sample of the applicant's written work that demonstrates the applicant's critical thinking, research, and writing skills
- A letter of intent explaining the applicant's reasons for graduate study (the Graduate School Reasons Statement may be used)

GRE (<http://uwm.edu/graduateschool/admission/#gre>) scores are not required for application to the WGS MA Program. However, UWM may require GRE scores for fellowships or awards.

Applicants may be admitted with course deficiencies provided that the deficiencies amount to no more than two courses. Students are expected to satisfy deficiency requirements within three enrolled semesters. The deficiencies are monitored by the Graduate School and the program. No course credits earned in making up deficiencies may be counted toward the degree.

### Financial Aid

Women's and Gender Studies offers a graduate teaching assistantship. Women's and Gender Studies also has two need-based scholarships for which graduate students are eligible. Scholarship decisions are made each spring. Contact the program for applications.

The UWM Graduate School offers the AOP (Advanced Opportunity Program) and Distinguished Graduate Student Fellowships (<http://uwm.edu/graduateschool/types-of-funding/#fellowships>).

## Advising

Graduate advising is the responsibility of the Women's and Gender Studies Director of Graduate Studies (DGS), who provides initial advising for students until they choose an advisor.

## Credits and Courses

To earn an MA in Women's and Gender Studies, students must complete 30 credits. Fifteen credits are in required Women's and Gender Studies courses (15 with thesis option):

Code	Title	Credits
<b>Required</b>		
WGS 700	Feminist Issues and Scholarship	3
WGS 701	Feminisms in Global Context	3
WGS 710	Advanced Feminist Theory	3
WGS 711	Feminist Epistemologies and Research Practices	3
WGS 740	Advanced Queer Theory	3
Select one G or U/G WGS course <sup>1</sup>		3
<b>Electives</b>		
Select 12 credits in graduate-level courses in consultation with the WGS Director of Graduate Studies.		12
<b>Total Credits</b>		<b>30</b>

<sup>1</sup> Excluding WGS 497, WGS 700, WGS 990, and WGS 999.

No more than six credits may be in undergraduate/graduate (U/G) courses, and no more than six transfer credits may apply. Students may not count more than three credits of WGS 999 toward the degree.

## Additional Requirements

### Thesis, Paper or Project, or Examination

Students complete the degree with a written thesis, paper or project, or comprehensive examination. All options include an oral defense.

The thesis is an academic research paper that demonstrates the student's ability to carry out an independent investigation, to analyze data (qualitative and/or quantitative), and to present the results in a clear, systematic form. The thesis includes a review of relevant scholarship and makes a contribution to the field.

The master's paper is a more limited, shorter scholarly product that often takes the form of a scholarly essay of publishable quality. The master's paper demonstrates the student's ability to formulate an argument, analyze data, present results in a clear, systematic form, and show familiarity with relevant scholarship.

The master's project may be a creative or artistic project that is research-based or a research-based practical project.

The examination is a comprehensive written examination that addresses central texts and issues in the field of Women's and Gender Studies.

### Time Limit

Students must complete the MA within five years of enrollment, in compliance with Graduate School time-to-degree requirements.

# Women's and Gender Studies, MA/ Library and Information Science, MLIS

In collaboration with several other academic units at UW-Milwaukee, SOIS offers students the opportunity to obtain two Master's degrees concurrently—one in Library and Information Science (MLIS) and one in a subject area.

## Degree Requirements

- The number of degree credits needed for each of the coordinated programs is usually 12 fewer than the sum of the two programs if they were not taken simultaneously. *All degree requirements of each component must be satisfied.*
- The MLIS portion of the coordinated degrees can be completed online.
- Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

## MLIS Component

The Master of Library and Information Science (MLIS) component of each of the coordinated programs includes 30 credits of SOIS courses. These include the MLIS core courses (12 credits). The remaining 18 MLIS credits are selected from the School's offerings in accordance with the student's goals in the coordinated degree program.

## MLIS/MA Women's and Gender Studies

The coordinated program is designed to provide students with theoretical and practical exposure to evolving information retrieval and organization, and the field of feminist research and scholarship.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

The Women's and Gender MA Program accepts fall admissions only. Applications received by January 15 will be given full consideration.

### Admission

Students are admitted to both graduate programs separately, and admission requirements are consistent with those specified by the UWM Graduate School, the Women's and Gender Studies MA of the College of Letters and Science, and the Library and Information Science MLIS of the School of Information Studies.

## Credit and Courses

The MA in Women's and Gender Studies (WGS) normally has a minimum requirement of 30 credits from Women's and Gender Studies courses. For the coordinated MA WGS/MLIS degree program, however, students can substitute 6 credits in Information Studies for 6 credits of WGS courses. This program, therefore, requires a total of 54 credits. Students must complete the 30 credits required for the MLIS component and the 24 credits in WGS courses as specified below.

## Women's and Gender Studies

Code	Title	Credits
<b>Required</b>		
WGS 700	Feminist Issues and Scholarship	3
WGS 701	Feminisms in Global Context	3
WGS 710	Advanced Feminist Theory	3
WGS 711	Feminist Epistemologies and Research Practices	3
WGS 740	Advanced Queer Theory	3
Select one WGS G or U/G course <sup>1</sup>		3
<b>Electives</b>		
Select 6 elective credits in WGS or WGS cross-listed courses (not SOIS), in consultation with the WGS Director of Graduate Studies. Of these electives, 3 credits may be thesis credits (WGS 990).		6
<b>Total Credits</b>		<b>24</b>

<sup>1</sup> Excluding WGS 497, WGS 700, WGS 990, WGS 999.

Total WGS credits: 24 (maximum of 6 U/G cr; and maximum 3 cr of WGS 999)

## Library and Information Science

Code	Title	Credits
INFOST 501	Foundations of Library and Information Science	3
INFOST 511	Organization of Information	3
INFOST 571	Information Access and Retrieval	3
INFOST 799	Research Methods in Information Studies	3
<b>Electives</b>		
Select 18 credits in consultation with a SOIS faculty advisor.		18
<b>Total Credits</b>		<b>30</b>

Total MLIS Credits: 30 (min of 33 with SOIS thesis option)

**Total Credits for Coordinated Program: 54 (57 with SOIS thesis)**

The credits for the coordinated program would typically be completed in both programs at the same time, rather than one program after the other. A student not completing the requirements for the coordinated degree program would need to complete all requirements for an individual program in order to receive a degree.

## Important

You must refer to the catalog pages of both individual master's programs to ensure that you meet all requirements for both degrees.

## Additional Requirements

### Time Limit

Students in the coordinated MA/MLIS degree program must complete all degree requirements within seven years of the first enrollment semester as a degree student.

# Women's and Gender Studies, MA/ Social Work, MSW

The College of Letters and Science and the Helen Bader School of Social Welfare located in the College of Community Engagement & Professions collaboratively offer a program designed to provide students with theoretical and practical exposure to evolving professional practice and the field of feminist research and scholarship. Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

## Requirements

### Admission Requirements

#### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

The Women's and Gender Studies MA Program accepts fall admissions only. Applications received by January 15 will be given full consideration.

#### Admission

Students are admitted to both graduate programs separately, and admission requirements (<http://uwm.edu/graduateschool/admission/>) are consistent with those specified by the UWM Graduate School, the MA in Women's and Gender Studies (p. 1329) program in the College of Letters and Science, and the MSW in Social Work (<http://uwm.edu/graduateschool/social-work/>) of the Helen Bader School of Social Welfare.

### Credit and Courses

The MA in Women's and Gender Studies (WGS) normally has a minimum requirement of 30 credits from Women's and Gender Studies courses. For the coordinated WGS MA/MSW degree program, however, students can substitute 6 credits in Social Work courses for 6 credits of WGS courses. Similarly, the Social Work master's program will accept 6 credits of WGS course work to satisfy the 6 required elective credits for the MSW degree. Because the MSW degree has a distinction in the number of credits required depending on bachelor's degree type, the total number of credits required to complete the Coordinated WGS/MSW program will range from 52 credits (24 from WGS and 28 from MSW when holding a bachelor's in social work) to 76 credits (24 from WGS and 52 from MSW when a bachelor's degree is from another discipline and needing to complete the Foundation Curriculum in addition to the Advanced Curriculum).

### Women's and Gender Studies

Code	Title	Credits
<b>Required</b>		
WGS 700	Feminist Issues and Scholarship	3
WGS 701	Feminisms in Global Context	3
WGS 710	Advanced Feminist Theory	3
WGS 711	Feminist Epistemologies and Research Practices	3
WGS 740	Advanced Queer Theory	3
Select one G or U/G WGS course <sup>1</sup>		3

#### Electives

Select 6 elective credits in WGS or WGS cross-listed courses (not SOC WRK), in consultation with the WGS Director of Graduate Studies. Of these electives, 3 credits may be thesis credits (WGS 990).

**Total Credits** **24**

<sup>1</sup> Excluding WGS 497, WGS 700, WGS 990, and WGS 999.

Total WGS credits: 24 (maximum of 6 U/G cr; and maximum 3 cr of WGS 999)

### Master of Social Work

Code	Title	Credits
<b>Social Work Foundation Curriculum (required before the Advanced Curriculum for students without a bachelor's degree in social work)</b>		
SOC WRK 604	Social Systems and Social Work Practice (U/G)	3
SOC WRK 662	Methods of Social Welfare Research (U/G)	3
SOC WRK 665	Cultural Diversity and Social Work (U/G)	3
SOC WRK 705	Individual Behavior and Social Welfare (G)	3
SOC WRK 708	Social Work Methods I: Individuals and Families (G)	3
SOC WRK 709	Social Work Methods II: Groups, Organizations and Communities (G)	3
SOC WRK 721	Field Instruction I (G)	3
SOC WRK 750	Social Welfare Policy Development and Implementation (G)	3

#### Social Work Advanced Practice Curriculum

##### Required Core Courses

SOC WRK 711	Direct Social Work Practice I (G)	3
SOC WRK 712	Advanced Practice and Leadership in Organizations and Communities	3
SOC WRK 795	Evaluation of Social Work Practice and Programs	3
SOC WRK 851	Social Issue and Policy Analysis: (Subtitled) (G)	3

##### Required Field Placement Courses

SOC WRK 722	Field Instruction II	3
SOC WRK 821	Field Instruction III	3-4
SOC WRK 822	Field Instruction IV	3-4

#### Electives

Select 6 credits from Women's and Gender Studies courses in consultation with faculty advisor

Remaining elective credits for MSW degree selected from Social Work graduate courses in consultation with MSW advisor

**Total Credits** **52-54**

**Minimum Total Credits for Coordinated Program: 52 (for those admitted to the MSW Social Work Advanced Curriculum - Advanced Standing).**

**For students without a social work baccalaureate or otherwise needing the Foundation Coursework, the total credits will sum to 76.**

## Additional Requirements

### Time Limit

Students in the coordinated MA/MSW degree program must complete all degree requirements within seven years of the first enrollment semester as a degree student.

## Women's and Gender Studies, Minor

Women's and Gender Studies is a discipline that critically examines gender and women's issues from an interdisciplinary perspective and challenges many traditional assumptions and theories. It examines the practice and expression of gender in different societies and at different historical moments.

Regardless of your gender, Women's and Gender Studies is crucial and relevant for anyone interested in working in criminal justice, social work, the non-profit sector, the arts, politics, business, and more. Students learn to look at the world and history through different perspectives and think about how gender and our perceptions of it impact culture, society, and daily interactions. It is a traditional liberal arts discipline where the knowledge and skills developed in the program can be applied to all types of career paths. Work experiences during college through internships, part-time jobs, and volunteer positions often shape career paths after graduation.

In 1974, the Office of Women's Studies opened its doors at UWM, becoming the first university in Wisconsin to establish a Women's Studies program. Today, undergraduate students at UWM can pursue a Women's and Gender Studies major or minor, and graduate students can choose from among three different Women's and Gender Studies MA options or a certificate to complement a different graduate degree program. Undergraduates benefit from the MA program's strength by working with and learning from graduate students and taking classes with the same exceptional faculty.

Students in Women's and Gender Studies master critical thinking, problem analysis, and communication through both classroom studies and service learning opportunities.

Students who are interested in the minor should consult with Women's and Gender Studies to make a formal declaration. For additional information, please contact Women's and Gender Studies, located in CRT 535, by phone at (414) 229-5918, or on the web (<https://uwm.edu/womens-gender-studies/>).

## Requirements

Students who minor in Women's and Gender Studies are required to take 18 credits drawn from Women's and Gender Studies and cross-listed courses, at least 9 credits of which must be completed in upper-division (numbered 300 or above) courses in residence at UWM. In addition, students must attain a 2.0 GPA in all minor courses attempted, including any transfer work. The following courses are required for the minor:

Code	Title	Credits
<b>Required</b>		
Select one from these two: <sup>1</sup>		3
WGS 200	Introduction to Women's and Gender Studies: A Social Science Perspective	
WGS 201	Introduction to Women's and Gender Studies: A Humanities Perspective	

WGS 401	Global Feminisms	3
WGS 410	Feminist Theory	3
<b>Electives</b>		
Select 9 credits (see below)		9
<b>Total Credits</b>		<b>18</b>

<sup>1</sup> Students may not receive credit for both WGS 200 and WGS 201. Only one of these courses can be taken for credit.

### Electives

Students must take an additional 9 credits of elective courses to reach a total of 18 credits. Approved electives include WGS courses and courses offered by other programs and departments; see the list below.

Numerous courses in a wide variety of disciplines have been approved as electives for the WGS major. For information about whether a special topics course in another program might be approved as an elective for WGS, please contact Women's and Gender Studies.

Code	Title	Credits
WGS 150	Multicultural America	3
WGS 192	First-Year Seminar:	3
WGS 199	Independent Study	1-3

SOC WRK 630	Families and Poverty	3

## Letters & Science Minor Advising

Advising for the minor takes place within the department by a faculty member or staff member. Follow the steps using the "Declare a Minor" button on the department's website which may include instructions on how to select a faculty advisor if there is more than one to choose from.

Students who already have an L&S college advisor because their degree plan is in L&S can discuss the minor with them as well since they will be familiar with any minor in L&S. Students who are working on a degree from a UWM college other than the College of Letters & Science will not need an L&S college advisor for just a minor and one will not be assigned. These students should work with the faculty or staff advisor they receive as part of the minor declaration process or contact the department directly for assistance.

Applicants who have not started classes at UWM yet who wish to declare a minor should wait until they are registered for their first UWM classes and then can declare the minor using the "Declare a Minor" button on the program's website. If you have questions about the minor before then, contact [let-sci@uwm.edu](mailto:let-sci@uwm.edu).

# PUBLIC HEALTH (JOSEPH J. ZILBER COLLEGE OF)

Are you fascinated by links among cells, society, and health? Do you want to be a champion for community health, health equity, and social and environmental justice?

Then the Joseph J. Zilber College of Public Health is ready to prepare you for your career! Our graduates pursue a wide variety of jobs including clinical exercise physiologist, community outreach and education coordinator, data manager/analyst, environmental scientist, epidemiologist, grant writer/coordinator, health educator, program manager/evaluator, personal trainer, public health analyst, risk assessor, and strength and conditioning specialist.

We are home to a community of emerging student scholars and established faculty scholars from multiple health fields applying public health across the health continuum – ranging from cells and physiology to societal issues and from prevention to treatment. Public health is concerned with protecting the health and well-being of entire communities and populations. It is the science and art of preventing disease, prolonging life, and promoting health and well-being through the organized efforts of society. Public health also works to eliminate social inequities in health – we address how the advantages and disadvantages that people experience based on their social circumstances influence population health. Whereas medicine mostly treats people once they become sick, those of us working in public health strive to prevent people from getting sick or injured in the first place. Thus, public health covers a wide range of factors that affect population health and well-being, such as economic and social policies, poverty, environmental hazards, access to quality healthcare, health-promoting behaviors, and genes.

Our highly trained faculty are passionate educators leading research programs and engaging communities to improve public and population health issues. The Zilber College offers undergraduate and graduate programs, as well as certificates and pre-professional pathways, that are training the next generation of health professionals to respond to the increasing market demand for individuals with degrees in health fields.

## About the Zilber College of Public Health

The Zilber College currently has 39 full-time faculty and instructors across seven public and population health areas (biostatistics/health informatics, community and behavioral health promotion, environmental health, epidemiology, kinesiology, nutrition, and public health policy). Our faculty are experts on critical issues like air pollution and autism, cancer, cardiovascular disease, health disparities, big data on health, infant mortality, mass incarceration, nutrition, tobacco and e-cigarettes, water health, and more. Our students obtain an education informed by multiple fields, that delivers concrete skills through hands-on learning, from one of the nation's top universities for research and community engagement.

The Zilber College is Wisconsin's only college of public health accredited by the Council on Public Health Education (CEPH). It is also home to Wisconsin's only MPH path to the Registered Dietitian credential accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND).

The Zilber College embraces its mission to advance population health, health equity, and social and environmental justice among diverse communities in Milwaukee, the state of Wisconsin, and beyond through

education, research, community engagement, and advocacy for health-promoting policies and strategies. We educate current and future health professionals in the science, practice, critical thinking, and leadership skills necessary to promote population health and reduce health inequities.

## Programs

The Zilber College of Public Health offers bachelor's, master's, and doctoral degree programs across seven public and population health areas (biostatistics/health informatics, community and behavioral health promotion, environmental health, epidemiology, kinesiology, nutrition, and public health policy). We also offer minors, certificates and pre-professional pathways.

Undergraduates who do not major in one of our three bachelor's programs may still take some of our health courses to satisfy university general education requirements: PH 101, PH 306, KIN 350, and KIN 351 meet the Social Sciences (SS) GER; KIN 230/NUTR 230 and PH 303 meet the Natural Sciences (NS) GER; KIN 270 meets the QL-B requirement; and KIN 245 meets the Cultural Diversity GER.

## Undergraduate

### Major

- Kinesiology, BS (p. 1347)
- Nutritional Sciences, BS (p. 1355)
- Public Health, BS (p. 1363)

### Minor

- Kinesiology, Minor (p. 1349)
- Nutritional Sciences, Minor (p. 1359)

### Pre-Professional

- Pre-Athletic Training (p. 1359)
- Pre-Dietetics (p. 1361)
- Pre-Physical Therapy (p. 1362)

## Master's

- Biostatistics, MS (p. 1337)
- Health Care Informatics, MS (p. 1342)
- Health Care Informatics, MS/Library and Information Science, MLIS (p. 1343)
- Kinesiology, MS (p. 1349)
- Public Health, MPH/Social Work, MSW (p. 1367)
- Public Health, MPH: Biostatistics (p. 1370)
- Public Health, MPH: Community and Behavioral Health Promotion (p. 1372)
- Public Health, MPH: Environmental Health Sciences (p. 1374)
- Public Health, MPH: Epidemiology (p. 1377)
- Public Health, MPH: Nutrition and Dietetics (p. 1379)
- Public Health, MPH: Public Health Policy (p. 1381)

## Doctoral

- Environmental Health Sciences, PhD (p. 1338)
- Epidemiology, PhD (p. 1340)
- Kinesiology, PhD (p. 1351)
- Public Health, PhD: Biostatistics (p. 1384)

- Public Health, PhD: Community and Behavioral Health Promotion (p. 1386)

- Interprofessional Public and Population Health, Graduate Certificate (Zilber College of Public Health) (p. 1345)

## Certificates

- Health Care Informatics, Undergraduate Certificate (Zilber College of Public Health) (p. 1344)
- Healthy Aging, Undergraduate Certificate (p. 1345)

- Maternal and Child Health, Graduate Certificate (p. 1354)

- Public Health, Undergraduate Certificate (p. 1388)

- Study of Complementary and Integrative Health Approaches, Undergraduate Certificate (p. 1389)

## Contact Information

### Zilber School of Public Health

1240 N. 10th Street  
Milwaukee, WI 53205

<http://uwm.edu/publichealth/>

## Biostatistics, MS

The Master of Science in Biostatistics program provides an innovative curriculum to meet a range of professional needs and interests. The program trains students in study design, appropriate use of statistical and computational techniques, and interpretation of data analysis results arising from public health and biomedical research. Students learn both classical and modern statistical methods and apply their statistical skills and knowledge to solve "big data" problems. They have the opportunity to work with faculty on cutting edge research projects, such as discovering genetic causes of common diseases, developing statistical algorithms to monitor treatment efficacy, and reducing medical costs through electronic health record.

Please email [applyph@uwm.edu](mailto:applyph@uwm.edu) to learn more about the MS in Biostatistics degree.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

## Admission

- An applicant must meet Graduate School requirements plus the following program requirements to be considered for admission to the program. These materials will be considered in a holistic admissions process with special attention to ensure a diverse student body.
  - Three letters of recommendation from persons familiar with the applicant's academic experience and potential for graduate work in biostatistics.
  - CV or resume.
  - Score report from the General Test of the Graduate Record Examination (GRE) (<http://uwm.edu/graduateschool/admission/#gre>), taken within the last five years.
  - The admissions committee may consider GMAT (<http://uwm.edu/graduateschool/admission/#gmat>), LSAT, MCAT scores in place of GRE (<http://uwm.edu/graduateschool/admission/#gre>) scores. Students requesting this or any other exception should apply in writing for consideration by the Applications Review Committee.
- Address the following two Short Essay questions, limiting responses to no more than 500 words (approximately 250 words per question):
  - Describe how your professional, volunteer, and educational background has led you to seek a Master's of Science in Biostatistics.
  - How will an MS in Biostatistics help you reach your personal and professional goals?
- International applicants must also meet admission standards set and monitored by UWM's Center for International Education.
- All applicants** must use SOPHAS (<https://sophas.org/>) to apply. When applying applicants must select the Master's of Science in Biostatistics.

## Credits and Courses

The Master of Science in Biostatistics is a two-year program, preparing graduates to be effective collaborators in many settings, including the biomedical industry, academia, and public service at all levels of national and international government. Students will be trained to lead the design and data analysis of health research studies both in applied and academic settings. Coursework focuses on applied biostatistical methods, statistical consulting, computing, and the intersection of public health and statistical research. Students must complete 39 graduate credits beyond the bachelor's degree, plus an additional 3 credits dedicated toward thesis writing and research, for a total of 42 credits. Completion of a high-quality master thesis based on original research is a key indicator of the student's capacity to integrate and apply various biostatistical methods and public health knowledge in real world problems.

<sup>2</sup> Other courses may be approved.

## Additional Requirements

### Applied Research Project

Near the end of their programs, students will consult with their academic advisor to identify a Biostatistics Track faculty member to be their master's thesis advisor for the applied independent study project. This can be their assigned advisor or a different member of the Biostatistics Track Faculty. Advising is by mutual agreement between student and faculty member. The Faculty member then supervises and approves the candidate's master thesis. Every student must finalize the thesis advisor and prepare a brief thesis research plan no later than the start of the semester in which the student plans to graduate. It is highly recommended that each student speak to the potential thesis advisor and find the project of their interest as early as possible. The thesis research plan should include basic background, outline of specific aims and hypotheses, proposed analysis methods, draft timelines, and expected outcomes. Once the approved thesis research and write-up has been completed, the candidate will submit the work to the thesis advisor for review and approval. The candidate will present their thesis in a session that is open to the academic community.

### Time Limit

The student must complete all degree requirements within 5 years of initial enrollment.

## Environmental Health Sciences, PhD

The program in Environmental Health Sciences (EHS) offers graduate studies leading to the doctoral degree. Faculty in this program have diverse expertise in the environmental health sciences spanning a broad range of research domains including developmental toxicology, environmental toxicology and chemistry, microbial influences on water contamination, and environmental epidemiology. The EHS program through its faculty, offers students an unparalleled opportunity for cross-disciplinary training in pursuit of original and cutting-edge dissertation research. The research may involve wet lab work, animal model systems, field work, or use of human and environmental datasets. Additional laboratories and equipment are available across campus to help facilitate innovative research endeavors relevant to environmental health science.

When applying for admission, students should describe their interest in the field and any research preferences. Applicants are encouraged to review the research interests of the faculty and contact those faculty who are of interest.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

## Admission

Applicants must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus the following program requirements to be considered for admission:

- A baccalaureate degree in a science discipline, or coursework commensurate with a science discipline (e.g. laboratory and basic science courses) and one statistics course.
- Submission of scores on the General Test portion of the Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>); test taken within last five years.
- Submission of at least three letters of recommendation from persons familiar with the applicant’s scholarship, research achievements and potential.

For students entering with an advanced degree, credit may be given for relevant coursework following Zilber College of Public Health policies and procedures regarding course equivalencies.

## Reapplication

A student who receives the Master of Public Health degree from the University of Wisconsin-Milwaukee must formally reapply to the Zilber College of Public Health to gain admission to the PhD program in Public Health before continuing studies toward the PhD.

## Credits and Courses

The PhD in Environmental Health Sciences requires 65 credits beyond the bachelor’s degree. In addition to the PhD Common Core Coursework, credits include required concentration coursework (17 credits), electives (at least 12 credits), and the remaining credits taken as research.

Code	Title	Credits
<b>Required Core PhD Courses</b>		
PH 704	Principles and Methods of Epidemiology	3
PH 711	Intermediate Biostatistics	3
PH 801	Seminar in Public Health Research	3
PH 819	Social and Environmental Justice in Public Health	3
or PH 859	Racial/Ethnic Health Disparities in the United States	
<b>Required EHS Track Coursework</b>		
PH 705	Principles of Public Health Policy and Administration	3

<b>Population Level “S” Electives</b>		
FRSHWTR 506	Environmental Health of Freshwater Ecosystems	3
GEOG 520	Physical Geography of the City	3
GEOG 945	The Internal Structure of the City	3
PH 721	Introduction to Translational Bioinformatics	3
PH 741	Environmental Public Health Microbiology	3
PH 762	Environmental Epidemiology	3
URBPLAN 662	Public Sector Influence on Real Estate Development	3
URBPLAN 771	Transportation Policy and Planning	3
URBPLAN 791	Introduction to Urban Geographic Information Systems for Planning	3
URBPLAN 792	Using Urban Geographic Information Systems (GIS) for Planning	3
URBPLAN 794	Internet Geographic Information Systems (GIS)	3

Other courses as approved by advisor.

## Additional Requirements

### Major Professor as Advisor

As specified in Graduate School regulations, each student in the EHS PhD program must have a major professor to advise and supervise their studies. Typically, a student is matched with a major professor during admission to the program, based on a fit of research interests. The major professor serves as the student’s research mentor and will guide the student in course selection and research design.

## Residence

The student must complete 8 to 12 graduate credits in each of two consecutive semesters, or 6 or more graduate credits in each of three consecutive semesters, exclusive of summer sessions. Residence requirements cannot be met at the master's level.

## Academic Advisory Committee

During the spring of the first year in the program, the student should form an academic advisory committee which is to consist of the student's advisor and two faculty members from within the Zilber College of Public Health primary public health faculty.

## Doctoral Qualifying Exam

Within 30 days following the second semester of enrollment, the student is required to pass a qualifying exam that is scheduled with a 2-hour time block. The student will give an oral synopsis/self-evaluation of their first year in the program describing highlights from their coursework and will discuss their specific interests in environmental health that they plan to evolve into a dissertation project. The academic advisory committee will evaluate if the student has demonstrated a knowledge base in Public Health that was to be firmly established in the first year of coursework. The academic advisory committee in conjunction with the student will also map out the remaining coursework that needs to be completed by the end of the third year in the program. Students failing the qualifying exam will not be allowed to continue in the program and will forfeit their TAsip, PAsip, or RAsip if applicable.

## PhD Advisory Committee

The student, in consultation with the Major Professor, will select four or five additional members to form a PhD Advisory Committee (i.e. dissertation committee). This is typically done during the second or third year in the program in conjunction with the emergence of the student's dissertation idea. A minimum of three committee members (including the major professor) must be EHS program faculty. See the Graduate School Doctoral Requirements (<http://uwm.edu/graduateschool/doctoral-requirements/>) page for more information on the doctoral committee.

## Doctoral Preliminary Examination

This examination must be taken no later than the end of the third year of study. In order to take the preliminary exam, all formal coursework must be completed with a cumulative GPA of 3.0 or higher. The preliminary examination consists of both written and oral components. The written component will consist of the student presenting their dissertation proposal to the PhD Advisory Committee. In the "General Public Health Knowledge Phase" of the preliminary examination, the student will be evaluated (via oral questioning) by the PhD Advisory Committee to determine if the student has truly acquired Public Health competencies which should have been acquired by completion of the formal coursework in the EHS PhD program. A student who fails the doctoral preliminary examination will be dismissed from the program.

## Dissertator Status

Specific requirements which must be completed before a doctoral student qualifies for dissertator status are described on the Graduate School Doctoral Requirements (<http://uwm.edu/graduateschool/doctoral-requirements/>) page.

## Dissertation

Doctoral students should be aware that the research component is extremely important and requires significant time allocation. Students

should be aware that if full-time commitment to dissertation research is not given, that the time to graduation may be extended by many years, jeopardizing degree completion. Successful doctoral students in our EHS program should anticipate working long hours, including on weekends, winter intersession and summer months. Students are also expected to enroll in, and successfully complete research credits. Six or more of these research credits must be obtained at the level of dissertator.

All successful doctoral students must prepare and successfully defend a dissertation reporting the results of their research. A full time student who does not pass the dissertation defense within six years of admission may be required to take another preliminary examination and be readmitted to the program.

## Time Limit

The student must complete all requirements for the degree within 10 years of the date of initial enrollment in the program.

## Epidemiology, PhD

The PhD program in epidemiology prepares graduates for many career paths, including academia, non-governmental organizations, and public service at all levels of local, national, and international government. Faculty in epidemiology have a broad range of interests in health equity, chronic disease, cancer, nutrition, epidemiologic methods, and environmental epidemiology. Through rigorous theoretical and methodological training, students learn to conduct independent research that examines the distribution and determinants of health, and to translate their findings to public health policy and strategies to promote population health. The program encourages applicants from diverse backgrounds who have a clearly communicated interest in epidemiology and in promoting health equity.

This program also meets requirements outlined by the national Council on Education for Public Health (CEPH).

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Applicants must meet Graduate School requirements plus these departmental requirements to be considered for admission to the program:

1. Submission of scores from the Graduate Record Examination (GRE), taken within 5 years of the date of application. While there is not a minimum GRE score requirement, strong quantitative, verbal and writing skills are critical to successfully completing the program.
2. Three letters of recommendation are required. At least one letter must be from a university faculty member.

### Recommended:

- Applicants should have an earned bachelor's degree in any field with a cumulative undergraduate GPA of 3.0 or higher.
- A completed Master's degree in Epidemiology, public health or the social sciences is encouraged, but not required.

- At least one undergraduate mathematics or statistics course and one biological sciences course with a 3.0 is preferred.

### Reapplication

A student who receives the Master of Public Health degree must formally reapply to the Zilber College of Public Health to gain admission to the PhD program in Public Health before continuing studies toward the PhD.

## Credits and Courses

The curriculum consists of 75 credits to degree completion beyond the bachelor’s degree – 66 credits of didactic coursework and 9 credits toward dissertation writing and research. Students will take 24 credits of coursework to introduce them to the principles of Epidemiology, Biostatistics, public health policy and community engagement. They will take 6 credits of ‘s’ elective coursework in subject matter areas, 6 credits of coursework in more advanced analytic methods, and 3 credits of an elective in an area that aligns with their research interests. They will also take 9 credits of advanced coursework in both theoretical and applied epidemiology, in addition to 6 credits in more advanced policy analysis and translation of epidemiologic findings to policy interventions. Additionally, students will take 12 credits of PhD-level coursework in research ethics, community engagement, and a seminar in current issues in epidemiology. Students may apply previous graduate course work towards didactic credits, contingent on assessment of course equivalencies, in accordance with UW-Milwaukee policies.

Code	Title	Credits
<b>Required Core PhD Courses</b>		
PH 704	Principles and Methods of Epidemiology	3
PH 759	Intro to Regression for Understanding the SDOH	3
PH 801	Seminar in Public Health Research	3
PH 819	Social and Environmental Justice in Public Health	3
<b>EPI PhD Required Courses</b>		
PH 700	Structures of Inequality and Population Health	3
PH 702	Introduction to Biostatistics	3

PH 960	Core Doctoral Seminar in Epidemiology	3
<b>Research</b>		<b>9</b>

PH 990	Research and Dissertation	
<b>Required Epidemiology Subject Matter “S” Elective</b>		
Select two courses from the following:		6
PH 762	Environmental Epidemiology	
PH 768	Cancer Epidemiology	
PH 769	Critical Perspectives on Nutritional Epidemiology and the Food System	
PH 865	Critical Methodologies for Health Equity Research	
PH 868	Epidemiologic Links Between Infectious and Chronic Disease	

<b>Analytic Methods Electives</b>		
Select two courses from the following; other classes as approved:		6
ED PSY 823	Structural Equation Modeling	
ED PSY 832	Theory of Hierarchical Linear Modeling	
GEOG 525	Geographic Information Science	
PH 712	Probability and Statistical Inference	
PH 714	Statistical Genetics and Genetic Epidemiology	
PH 715	Applied Categorical Data	
PH 716	Applied Survival Analysis	
PH 717	Applied Longitudinal Data Analysis	
PH 718	Data Management and Visualization in R	
PH 729	Survey Research Methods in Public Health	
PH 776	Qualitative Approaches in Public Health Policy	
SOCIOL 982	Advanced Quantitative Analysis	

<b>Other Electives</b>		
Select one course from the following; other classes as approved:		3
PH 727	Program Planning & Implementation in Public Health	
PH 728	Program Evaluation in Public Health	
PH 784	Social and Economic Policy as Health Policy	
PH 808	Writing a Federal Grant in the Public Health Sciences	
PH 820	Maternal and Child Health Foundations, Policy and Practice	
PH 826	Principles of Community Intervention Research	
PH 831	Community Engagement and Participatory Research Approaches in Public Health	
<b>Total Credits</b>		<b>75</b>

Note: Students may apply previous graduate course work towards didactic PhD credits, contingent on assessment of course equivalencies, in accordance with UW-Milwaukee policies.

## Additional Requirements

### Major Professor as Advisor

As specified in Graduate School regulations, each student must have a major professor to advise and supervise their studies. During the

application process, students will be asked to describe the research areas they are primarily interested in and identify faculty with whom they may potentially have shared research interests. The entering student is assigned an advisor/major professor at admission based on fit and focus. The major professor serves as the student's research mentor and will guide the student in course selection, program planning, and research design. Students may change their advisor/major professor if the fit and focus change over time. Such changes will need approval of the graduate program committee. The major professor must have graduate faculty status.

## Residence

The student must complete 8 to 12 graduate credits in each of two consecutive semesters, or 6 or more graduate credits in each of three consecutive semesters, exclusive of summer sessions. Residence requirements cannot be met at the master's level.

## Preliminary Examination

Students must pass a PhD Preliminary Examination before advancement to PhD candidacy (i.e., dissertator status). The exam will consist of a single take-home exam in which students provide written answers (about 20-25 double-spaced pages) to a series of questions in reference to select epidemiologic research articles. Students will have one week (typically Monday to Monday) to complete the exam. The Doctoral Preliminary Examination Committee will select the research articles and create the exam. The questions will assess several PhD program competencies and will require students to integrate content related to 1) epidemiologic concepts and methods, 2) data analysis methods and applications to epidemiologic research, 3) applications of theory, social and environmental justice, health equity, and community engagement to epidemiologic research, and 4) policy implications of epidemiologic research. The examining committee will grade the exam and assign either a pass, conditional pass, or fail. For a conditional pass, the examining committee will determine options for remediation including but not limited to an oral presentation or re-write of certain questions. At the discretion of the examining committee, a student who fails the preliminary exam may be allowed one additional attempt with all or part of the examination.

## Dissertation Proposal

The student, in consultation with the Major Professor, will select members to form a PhD Advisory Committee. See the Zilber College of Public Health Graduate Student Handbook and the Graduate School Doctoral Requirements page for more information on the doctoral committee. The dissertation research plan should include an abstract, background, outline of specific aims and hypotheses, (articulated as three distinct but related research questions), preliminary findings (if applicable), research methods proposed, public health significance of the proposed research and references. The composition of the dissertation committee must be in compliance with the rules and regulations of the Graduate School. The candidate then submits a written dissertation plan to be reviewed and formally approved by the dissertation advisory committee. The research plan must clearly outline the student's obligation for completing an original piece of work of sufficient quality, as determined by the committee. The review and approval process for the dissertation research plan will include a formal presentation to the committee.

## Dissertation Defense

Upon approval of the dissertation proposal, students will proceed with an original and significant research investigation under the supervision of their major professor, culminating in a written dissertation.

The dissertator must, as the final step toward the degree, pass an oral examination in defense of the dissertation. The dissertation defense will be publicly announced and open to the academic community. Once the defense is completed, students will be encouraged to revise their dissertation and submit it for publication.

Once the committee has formally approved the dissertation document and the oral defense, and the Chair of the appropriate program has certified completion of all requirements, the candidate is awarded the Ph.D. in Public Health.

## Time Limit

All degree requirements must be completed within ten years from the date of initial enrollment in the doctoral program.

# Health Care Informatics, MS

The Master of Science in Health Care Informatics degree focuses on the use of information technologies, data analytics and automation to improve health care. Professional expertise in health care informatics is needed by hospitals and other health care providers, medical centers and facilities, medical software companies, pharmaceutical companies, public health organizations, health insurance companies and medical research institutions. The master's program is designed to meet the demand for highly trained health care informatics professionals. The curriculum covers several areas including: systems analysis and design, database design and management, clinical decision support and computer programming. Students also get exposed to cutting-edge research in areas such as big data, predictive analytics, natural language processing, medical knowledge representation and information retrieval, which are rapidly becoming indispensable for improving health care.

The program is designed for both **full-time and part-time** students. Courses are **offered both face-to-face and online**. Mid-career professionals can use the fully online option for completing the degree.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) and submit GRE scores taken within the past five years (GRE requirement will be waived for applicants who already hold another master's degree or PhD, or the equivalent). No specific undergraduate major is necessary for admission. A typical applicant will have a background in a health-related field or in an information/computer-related field, but applicants from other academic or professional backgrounds are welcome to apply and will be considered on a case-by-case basis.

## Credits and Courses

The Master of Science in Health Care Informatics degree will be awarded upon completion of appropriate 33 credits (non-thesis option) or 36 credits (thesis option) of prescribed graduate study; 24 credits of core courses and 6 credits of electives are required, plus either 3-credit HI 891 or 6-credit HI 890.

Code	Title	Credits
<b>Core</b>		
HI 700	Introduction to Health Care Informatics	3
HI 741	Essential Programming for Health Informatics	3
HI 723	Health Care Systems Applications - Administrative and Clinical	3
HI 722	Legal, Ethical and Social Issues in Health Care Informatics	3
HI 740	Introduction to Biomedical Database Applications	3
HI 742	Computational Intelligence in Health Informatics	3
HI 745	Health Big Data Processing Platforms	3
PH 801	Seminar in Public Health Research	3
<b>Electives</b>		
Select two of the following: <sup>1</sup>		6
HCA 541G	Healthcare Information Systems Analysis and Design	
HI 760	Biomedical and Healthcare Terminology and Ontology	
PH 702	Introduction to Biostatistics	
HI 743	Predictive Analytics in Healthcare	
HI 744	Text Retrieval and Its Applications in Biomedicine	
HI 776	Biomedical Natural Language Processing	
HI 789	Biomedical Information Extraction	
HS 917	Seminar in Health Outcomes Assessment	
<b>Project or Thesis</b>		
HI 890	Health Care Informatics Research and Thesis	3-6
	or HI 891	Health Care Informatics Professional Project
<b>Total Credits</b>		<b>33-36</b>

<sup>1</sup> Electives other than those listed below are to be approved by the student's major professor.

## Thesis/Project Options

### Option A: Project Option

The Project option requires students to apply health informatics research and theory to a professional situation. The project must be undertaken in compliance with program requirements under the supervision of a HCI major professor. Students who choose this option count 3 credits of HI 891 toward the required 33-graduate-credit minimum.

### Option B: Thesis Option

The thesis option requires students to plan, design, execute and report results of original applied or basic research. Students who choose the thesis option are responsible for identifying a HCI major professor and a thesis committee. The thesis committee should consist of the major professor and at least two other graduate faculty. The student must pass a comprehensive oral examination in defense of the completed thesis. Students who choose this option count 6 credits of HI 890 toward the required 36-graduate-credit minimum.

## Additional Requirements

### Major Professor as Advisor

A student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. Initially the director of the HCI Program advises and supervises newly admitted students. Students are then assigned faculty advisors according to faculty advising loads.

### Program Completion Time Limit

The student must complete all degree requirements within five years of initial enrollment.

## Health Care Informatics, MS/Library and Information Science, MLIS

In collaboration with several other academic units at UW-Milwaukee, SOIS offers students the opportunity to obtain two Master's degrees concurrently—one in Library and Information Science (MLIS) and one in a subject area.

## Degree Requirements

- The number of degree credits needed for each of the coordinated programs is usually 12 fewer than the sum of the two programs if they were not taken simultaneously. *All degree requirements of each component must be satisfied.*
- The MLIS portion of the coordinated degrees can be completed online.
- Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

### MLIS Component

The Master of Library and Information Science (MLIS) component of each of the coordinated programs includes 30 credits of SOIS courses. These include the MLIS core courses (12 credits). The remaining 18 MLIS credits are selected from the School's offerings in accordance with the student's goals in the coordinated degree program.

### MLIS/MS Health Care Informatics

The MLIS/MS Health Care Informatics Coordinated Degree Program is designed to provide students with theoretical and practical exposure to the evolving field of healthcare informatics as practiced in hospitals, clinics, professional offices, corporations, the government, the insurance industry, and higher education.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for

specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

## Admission

Students are admitted to both graduate programs separately and admission requirements (<http://uwm.edu/graduateschool/admission/>) are consistent with those specified by the UWM Graduate School, the Health Care Informatics program, and the MLIS program of the School of Information Studies.

## Credit and Courses

Students accepted into this MS/MLIS program complete the following courses:

### Health Care Informatics

Code	Title	Credits
<b>Required HCI courses include:</b>		
HI 700	Introduction to Health Care Informatics	3
HI 722	Legal, Ethical and Social Issues in Health Care Informatics	3
HI 723	Health Care Systems Applications - Administrative and Clinical	3
HI 740	Introduction to Biomedical Database Applications	3
HI 741	Essential Programming for Health Informatics	3
HI 742	Computational Intelligence in Health Informatics	3
HI 745	Health Big Data Processing Platforms	3
PH 801	Seminar in Public Health Research	3
Select one of the following:		3
HI 890	Health Care Informatics Research and Thesis	
HI 891	Health Care Informatics Professional Project	
<b>Total Credits</b>		<b>27</b>

### Library and Information Science

Code	Title	Credits
<b>Required</b>		
INFOST 501	Foundations of Library and Information Science	3
INFOST 511	Organization of Information	3
INFOST 571	Information Access and Retrieval	3
INFOST 799	Research Methods in Information Studies (Culminating experience for the degree)	3
<b>MLIS Electives</b>		<b>18</b>
<b>Total Credits</b>		<b>30</b>

- **Minimum Credits for MHI: 27**
- **Minimum MLIS Credits: 30**
- **Minimum Total Credits for the Program: 57**

The credits for the coordinated program would typically be completed in both programs at the same time, rather than one program after the

other. A student not completing the requirements for the coordinated degree program would need to complete all requirements for an individual program in order to receive a degree.

## Important

You must refer to the catalog pages of both individual master's programs to ensure that you meet all requirements for both degrees.

## Additional Requirements

### Time Limit

Students in the coordinated MS/MLIS degree program must complete all degree requirements within seven years of the first enrollment semester as a degree student.

## Health Care Informatics, Undergraduate Certificate (Zilber College of Public Health)

*(Offered cooperatively by the University of Wisconsin-Milwaukee College of Health Professions and Sciences, Zilber College of Public Health, and School of Information Studies.)*

UWM offers a **certificate** in Health Care Informatics, a **Master of Science (MS)** in Health Care Informatics, and a **Ph.D.** in Medical Informatics. The undergraduate certificate is available in a **semester-based** in-person or online format or in the self-paced competency-based **Flexible Option**. It is available to students in any undergraduate major or university special students. The Flexible Option program allows for admission in any month.

Hospitals, clinics, private practices, health insurers, and other healthcare organizations have an extensive and complicated health information management infrastructure. Now more than ever, the healthcare industry needs professionals skilled in managing IT and who are well-versed in the unique needs of the healthcare systems. This certificate is valuable to students in the health professions, information studies, and related areas of study, such as public health, who are seeking professional employment in the health care industry.

Learning in the Health Care Informatics certificate demonstrates your knowledge and skills with a recognized credential. Completing this certificate signals your increased value to employers and can lead to expanded job opportunities or a graduate program in the field.

Learning goals for the six course (18 credit) certificate:

- Overview of the terminology and practices of health care
- Introduction to information technology theory and application
- Analysis and design of information systems in a healthcare environment
- Design, creation, and management of healthcare database systems
- Legal aspects of information products and services

Please see the requirements tab for complete information about curriculum and to declare this certificate.

See more information about the UW Flexible Option (<https://flex.wisconsin.edu/degrees-programs/health-care-informatics/>).

## Requirements

### Certificate goals:

1. Introduction to information technology theory and application;
2. Analysis and design of information systems in a healthcare environment;
3. Design, creation, and management of healthcare database systems; and
4. Legal aspects of information products and services.

### Curriculum

To obtain the certificate, the student must complete, with a minimum grade point average of 2.5, 18 credits in approved certificate courses of which 12 must be earned in residence at UWM.

Code	Title	Credits
HS 222 or BMS 205	Language of Medicine Introduction to Diagnostic Medicine	3
HS 224 or INFOST 110	Computational Tools for Healthcare Professionals Introduction to Information Science and Technology	3
INFOST 315 or INFOST 370	Knowledge Organization for Information Science and Technology Data Analysis and Visualization for the Information Professional	3
HI 537	Health Information Technology and Management	3
HCA 541 or INFOST 340	Healthcare Information Systems Analysis and Design Introduction to Systems Analysis	3
INFOST 465 or HS 311	Legal Aspects of Information Products and Services <sup>1</sup> Law and Ethics for Healthcare Professionals	3
<b>Total Credits</b>		<b>18</b>

<sup>1</sup> HS 311 allowed only in Flexible Option. All other students enroll in INFOST 465.

## Admission

Students can declare this certificate by contacting their advisor. Certificates are awarded upon completion of all requirements or at time of graduation for students seeking a bachelor's degree.

A 2.5 GPA requirement is effective for students who declare this certificate summer 2021 or beyond.

## Healthy Aging, Undergraduate Certificate

*Effective Spring 2023, the Healthy Aging certificate has suspended admission.*

The Undergraduate Certificate in Healthy Aging is an interdisciplinary program housed in the Center for Aging and Translational Research. The certificate is designed for students:

1. To acquire basic foundational knowledge in the processes of aging, issues regarding aging, and the challenges of older adulthood.
2. To understand the interdisciplinary and integrative nature of gerontology.
3. To have practical experiences with older adults.

The certificate is open to all undergraduate students as well as non-degree seeking students with a bachelor's degree. Undergraduate students may earn the certificate in conjunction with any major. Those with a bachelor's degree may choose to complete the program to enhance their job performance or increase their marketability in the field of aging. Certificate completion will be posted on a student's official transcript and an official paper certificate will be sent to the student.

*Effective Spring 2023, the Healthy Aging certificate has suspended admission.*

## Requirements

The student must maintain a 2.5 GPA for the 18 credits that meet certificate requirements.

The program consists of 18 credits including:

Code	Title	Credits
<b>Core Curriculum</b>		
SOC WRK 300	Aged to Perfection: Introduction to the Study of Aging	3
Select 6 credits from core curriculum courses in the following areas: <sup>1</sup>		6
	Biological Aging	
	Psychological Aging	
	Social Dimensions of Aging	
<b>Correlates/Electives</b>		
Select 6 credits in aging-related courses <sup>2</sup>		6
<b>Practicum, Field Placement, Internship, or Service Learning</b>		
Select 3 credits in a course working primarily with older adults or caregivers		3
<b>Total Credits</b>		<b>18</b>

<sup>1</sup> No more than three credits can be taken in one area. See the program coordinator for a current list.

<sup>2</sup> Select courses after consulting with the academic advisor for their program and the certificate coordinator. A maximum of 3 credits of approved independent study may be counted as an elective.

For additional information, contact the program coordinator in the Center for Aging and Translational Research, [catr@uwm.edu](mailto:catr@uwm.edu), (414) 229-7313.

## Interprofessional Public and Population Health, Graduate Certificate (Zilber College of Public Health)

The Interprofessional Public and Population Health Graduate Certificate is designed for students and working professionals involved in program planning and implementation, evaluation, education policy, health policy, engineering administration, research, and other areas related to public

and population health. It recognizes that an interdisciplinary, systems approach is essential for communities to solve complicated social and economic problems. No one perspective or set of strategies can address the many dimensions of current societal problems. Prevention and population health are important cornerstones of the solutions to these problems, requiring linkages and new models of interaction among primary care, hospitals, communities and public health.

The Interprofessional Graduate Certificate is a 16-credit program with courses in four core disciplines: epidemiology, health policy, social and behavioral health, and environmental health. The fifth course grounds students in public health principles and practice. The sixth course will provide students the opportunity to engage in interprofessional workshops and other learning forums to foster competencies in interprofessional values, communication and teamwork. Three of the courses, in health behavior, epidemiology and health policy, are offered online, which will provide added flexibility for students.

This program is open to post-baccalaureate students, to those currently enrolled in a UWM graduate degree program, as well as to health professionals who have completed a baccalaureate, master's or doctoral degree. The certificate program is a collaborative program between the College of Health Professions and Sciences, School of Nursing, and the Zilber College of Public Health, and is coordinated through the Zilber College of Public Health with administrative support from the School of Nursing.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

## Credits and Courses

The completion of 16 credit hours is required for the certificate program. All students are required to complete six courses (all are 3 credits unless noted):

Code	Title	Credits
PH 700	Structures of Inequality and Population Health	3
PH 703	Environmental Health Sciences	3

NURS 728	Epidemiological Principles for Population Health	3
NURS 803	Health Policy	3
KIN 556	Multilevel Approaches to Changing Physical Activity and Eating Behaviors	3
or KIN 534	Physical Activity, Exercise and Health	
ATRAIN 703	Foundations of Interprofessional Practice	1
<b>Total Credits</b>		<b>16</b>

Students will need to maintain a 3.0 GPA and meet all other standard requirements for UWM graduate students for continuation in the program.

## Additional Requirements

### Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

### Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

### Articulation with Degree Programs

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

### Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

# Kinesiology, BS

**Are you fascinated by the science of human movement?** Then a major in **Kinesiology** might be for you. Join an exciting program where nationally known faculty are working to deepen our understanding of physical activity, health, exercise, and sport performance. As a Kinesiology major, you will study topics such as anatomy and physiology, biomechanics, psychosocial aspects of sport/exercise, motor development, and more. You will graduate ready to apply your knowledge and skills in professional settings including health care, athletics, wellness, and fitness. If you are interested in continuing your education, you will be well-positioned for graduate education in Kinesiology, as well as professional degree programs in athletic training (MSAT), physical therapy (DPT), and occupational therapy (MSOT).

**Curious about Kinesiology, "the science that moves us"?** We offer two introductory courses that all students can take to learn more about Kinesiology.

- **KIN 200: Introduction to Kinesiology.** In KIN 200, you will explore the science of human movement through different lenses. For example, you will study popular exercise/fitness trends, such as CrossFit, and explore the physiological, biomechanical, psychological, sociological, and motor behavior aspects of the trend. KIN 200 is an exciting course in which you will learn important scientific principles and research underlying the field of kinesiology.
- **KIN 230: Health Aspects of Exercise and Nutrition (NS GER).** KIN 230 introduces you to key concepts related to personal physical fitness and healthy eating. If you are interested in learning about and improving your own fitness and eating behaviors, this is a great class to take. \*KIN 230 is an online course.

**Interested in Physical Therapy or Athletic Training?** If you are interested in pursuing a career in Physical Therapy or Athletic Training, the Kinesiology major is a great choice as you will learn the scientific foundations of human movement and be well-prepared for admission into a professional program. Academic advisors (<https://uwm.edu/publichealth/directory/rufer-torry/>) in the Zilber College of Public Health can help you put together a plan of study so that you complete the prerequisites for admission into the UWM Doctor of Physical Therapy (<https://uwm.edu/healthsciences/academics/dr-physical-therapy/>) (DPT) or Master of Science in Athletic Training (<https://uwm.edu/healthsciences/academics/ms-athletic-training/>) (MSAT) programs. As a Kinesiology major, you can select a pre-physical therapy or pre-athletic training designation.

Undergraduate students may opt to take advantage of the UWM Accelerated BS Kinesiology / MS Athletic Training program (<https://uwm.edu/healthsciences/academics/accelerated-kinesiology-athletic-training/>). This program is for high-performing students and entails completing three years as a Kinesiology undergraduate student and then moving into the MSAT program as a graduate student. At the end of the fourth year (the first in the MSAT program), the BS Kinesiology degree is conferred. Upon successful completion of years four and five, students earn the MS in Athletic Training.

**Interested in transferring into the BS Kinesiology program from another school?** We welcome transfer students! To learn about how to transfer credits from another school to UWM and the BS Kinesiology program, visit the UWM transfer page (<https://uwm.edu/undergrad-admission/apply/transfer/>). Students can also reach out to our Kinesiology

Academic Advisor (<https://uwm.edu/publichealth/directory/rufer-torry/>). Specific transfer guides can be found for the following schools:

- MATC to UWM Kinesiology (<https://uwm.edu/onestop/wp-content/uploads/sites/82/2021/04/MATC-to-Kinesiology-Transfer-Guide-pdf.pdf>)
- UWM Waukesha and Washington to UWM Kinesiology ([https://catalog.uwm.edu/public-health/kinesiology-bs/UWM\\_Waukesha-Washington\\_CTY-Kinesiology\\_Updated\\_Transfer\\_Guide.pdf](https://catalog.uwm.edu/public-health/kinesiology-bs/UWM_Waukesha-Washington_CTY-Kinesiology_Updated_Transfer_Guide.pdf))
- Madison College to UWM Kinesiology (<https://uwm.edu/onestop/wp-content/uploads/sites/82/2021/04/Madison-College-to-Kinesiology-Transfer-Guide-pdf.pdf>)

## Requirements

Requirements for the BS Kinesiology program can be found on the BS Kinesiology webpage (<https://uwm.edu/publichealth/academics/bs-kinesiology/>).

**Note:** Admission and progression criteria (including curricular requirements) for the BS Kinesiology Program are subject to change. Please contact the Office of Student Affairs, NWQB 6425, (414) 229-2758, for the most current information.

## Course of Study

The undergraduate program is a four-year curriculum leading to a Bachelor of Science degree in Kinesiology. The program includes foundational studies, lab classes, and professional preparation leading to the completion of 120 credits for the Bachelor of Science degree.

Admission and progression criteria (including curricular requirements) for the BS Kinesiology Program are subject to change as of the publication date of this catalog. Please contact the Office of Student Affairs, NWQ Building B, 6th Floor, 414-229-2758, for the most current information.

## Eligibility

Students interested in Kinesiology will remain eligible for continuation in the degree by maintenance of a UWM cumulative grade point average of 2.0 or higher. Students may not repeat more than four (4) of the Kinesiology Foundation Courses.

## Admission

Students who are accepted to UWM with an interest in Kinesiology will be directly admitted to the major.

## Retention

Retention in the program and graduation are dependent upon maintaining good academic standing. Good academic standing is defined as:

1. Maintenance of a 2.0 cumulative UWM GPA.
2. Maintenance of a 2.0 Kinesiology Core GPA with earned credit in all Kinesiology Core courses. Students may not repeat more than three (3) of the Kinesiology Core courses.

## Degree Requirements

To fulfill the 120 credit requirement for the BS Kinesiology degree, Kinesiology students are required to complete the (a) University Core, (b) Kinesiology Foundations Coursework, (c) Kinesiology Core Coursework, (d) Upper Level and Advanced Level Kinesiology Elective Coursework, and

(e) Elective credits. Credit must be earned in all Kinesiology courses and a minimum 2.0 GPA (cumulative and Kinesiology Core) is required.

## A. University Core

Kinesiology students are required to complete the University Core. For details, see UWM's General Education Requirements (p. 30).

Code	Title	Credits
<b>University Core</b>		
<i>Competency Requirements</i>		
	Oral and Written Communication (OWC) Part A & B	
	Quantitative Literacy (QL) Part A & B	
	Foreign Language	
<i>Distribution Requirements</i>		
	Arts	3
	Humanities	6
	Natural Sciences	6
	Social Sciences	6
	Cultural Diversity	3

## B. Kinesiology Foundations

Kinesiology students are required to earn credit in the following Kinesiology Foundations courses:

Code	Title	Credits
KIN 200	Introduction to Kinesiology	3
KIN 220	Anatomical Kinesiology	3
KIN 230	Health Aspects of Exercise and Nutrition	3
KIN 245	Client Diversity in Health Sciences: An Interdisciplinary Perspective	3
KIN 270	Statistics in the Health Professions: Theory and Practice	3
ENGLISH 207	Health Science Writing	3
THERREC 103	Life Balance: An Understanding of Leisure	3
PH 101	Introduction to Public Health	3
	Complete 3 credits of NUTR	3
	Complete 3 credits of FitWell (Minimum 1 credit at 200-level)	3
<b>Total Credits</b>		<b>30</b>

## C. Kinesiology Core

Kinesiology students are required to earn credit in the following Kinesiology Core courses:

Code	Title	Credits
KIN 300	Professional Preparation Seminar	1
KIN 320	Biomechanics	3
KIN 330	Exercise Physiology	4
KIN 350	Psychological Aspects of Sport and Exercise	3
KIN 351	Sociological Aspects of Health and Human Movement	3
KIN 360	Motor Development Across the Lifespan	3
KIN 361	Principles of Motor Learning	3

KIN 400	Ethics and Values in the Health and Fitness Professions	3
<b>Total Credits</b>		<b>23</b>

## D. Upper and Advanced Level Kinesiology Coursework

In addition to the Kinesiology Foundations and Core requirements listed above, students will earn credit in a minimum of 12 credits of Upper Level and 6 credits of Advanced Level Kinesiology Coursework.

Code	Title	Credits
<i>Upper Level Kinesiology Requirement</i>		
	Select 12 credits from KIN 300-599	12
<i>Advanced Level Kinesiology Requirement</i>		
	Select 6 credits from KIN 500-599	6
<b>Total Credits</b>		<b>18</b>

## E. Electives

Students may select elective coursework that aligns with their interests, as well as educational and professional goals.

## Graduation Requirements

The following requirements must be met to graduate:

1. Completion of the required 120 degree credits;
2. Earned credit in required courses; and
3. Cumulative UWM GPA of 2.0 and Kinesiology Core GPA of 2.0.

## Accelerated Program Option

This program is offered as part of an accelerated graduate program. For more information, see Accelerated Graduate Degrees (p. 37).

## Honors in the Major

Honors in the major are granted to students who earn a GPA of 3.500 or above on a minimum of 30 completed credits at UWM.

## Zilber College of Public Health Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Kinesiology, Minor

The Minor in Kinesiology affords students opportunities to study the multidisciplinary science of human movement. Students interested in health, fitness, exercise, and sport will enjoy this minor.

Students who complete the Minor in Kinesiology will be able to:

1. Describe, from a multidisciplinary approach, the value and benefits of all forms of physical activity and a healthy lifestyle; and
2. Summarize and apply theoretical and scientific knowledge from multiple Kinesiology subdisciplines such as: biomechanics, exercise physiology, motor behavior, sociological and psychological aspects of physical activity, health, and sport.

## Requirements

To declare the Minor in Kinesiology, students must:

1. Have completed a minimum of 24 credits;
2. Have a minimum UWM GPA of 2.0; and
3. Complete the online declaration form.

The Minor in Kinesiology involves completing 18 credits of kinesiology coursework. Students must:

Code	Title	Credits
Select at least 12 credits from the following: <sup>1</sup>		12
KIN 200	Introduction to Kinesiology	
KIN 220	Anatomical Kinesiology	
KIN 230	Health Aspects of Exercise and Nutrition	
KIN 320	Biomechanics	
KIN 330	Exercise Physiology	
KIN 350	Psychological Aspects of Sport and Exercise	
KIN 351	Sociological Aspects of Health and Human Movement	
KIN 360	Motor Development Across the Lifespan	
KIN 361	Principles of Motor Learning	
Select 6 additional Kinesiology credits level 300 or above		6
<b>Total Credits</b>		<b>18</b>

<sup>1</sup> Declaration of minor is a prerequisite for each of these courses.

To be awarded the Minor in Kinesiology, students will need to earn credit in each course taken and have a minimum GPA of 2.0 in the 18 credits in the Kinesiology minor. Students must satisfy published prerequisites of any course.

Academic advisors within the Zilber College of Public Health Office of Student Affairs will assist students enrolled in the program with the development of career goals and the selection of appropriate courses

to further those goals. Please contact the Office of Student Affairs at 414-229-2758.

## Kinesiology, MS

The Master of Science (M.S.) degree in Kinesiology provides students with an understanding of the science of human physical activity, exercise, and sport, and their impact on health promotion, disease prevention, and performance.

### This degree prepares students for:

- Continuing their education in a doctoral program
- Continuing their education into a professional program such as physical therapy, rehabilitation, physician assistant or medicine
- Becoming specialists in strength and conditioning, performance, or clinical exercise physiology
- Advanced professional application of Kinesiology concepts

### Degree options:

The M.S. in Kinesiology is offered with different program lengths ranging from 12-24 months with a choice to individually fit your needs.

- **Option A Thesis:** This is typically for those students who want to engage in research and who are considering pursuing a Ph.D. after their M.S. degree. Areas of emphasis include Exercise Physiology, Physical Activity & Health, Neuromechanics (including Biomechanics and Motor Control & Behavior) and the Psychosocial Aspects of Health Behavior.
- **Option B Applied Focus Internship/Project:** This is typically for those students wanting to apply the science of the degree and follow a programmatic focus within the M.S. Program. For instance, this includes a focus dedicated to *Performance Physiology, Strength and Conditioning* or *Clinical Exercise Physiology*. Different foci prepare students to sit for national certifications such as the National Strength and Conditioning Associations Certified Strength and Conditioning Specialist (NSCA-CSCS) or the American College of Sports Medicines Certified Clinical Exercise Physiologist (ACSM-CEP).
- **Option C Exam:** This option offers students an emphasis M.S. degree choice area with a qualifying exam at the end of their chosen course work without the need to complete a thesis or an applied internship/project. This option can also be completed fully online.

At the time of application you will be asked to choose which option you would like to follow. You may change options during your graduate studies with the approval of the Kinesiology graduate program director.

For additional information, please contact Scott J. Strath (sstrath@uwm.edu), PhD, FACSM - M.S. Kinesiology Program Director or visit the M.S. Kinesiology Program (<https://uwm.edu/healthsciences/academics/ms-kinesiology/>) website.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

## Admission

An applicant must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus these departmental requirements to be considered for admission to the program:

**PLEASE NOTE:** The GRE is no longer required for admission to the program.

- Two letters of recommendation.
- Narrative/Reasons statement. (Please explain your reasons for pursuing graduate study; Describe specific interests and your background in the field; List any relevant skills or training you have acquired; List relevant academic awards or honors you have received; and indicate preferred choice of Option A, B or C).

Applicants should visit the UWM MS Kinesiology website (<https://uwm.edu/healthsciences/academics/ms-kinesiology/>) for additional information about the program, funding opportunities, and application deadlines.

## Credits and Courses

The minimum degree requirement is 30 graduate credits for Options A (thesis), B (project or internship) and C (comprehensive examination). Option A students must take no fewer than 18 credits of core courses, 6 credits of elective courses, and 6 credits of thesis. Option B students must take no fewer than 18 credits of core courses, 6 to 9 credits of elective courses, and 3 to 6 credits of project or internship courses. Option C students must take no fewer than 18 credits of core courses and 12 credits of elective courses. Students must take elective courses from KIN courses at the 500-level or higher; 3 graduate credits may be taken from outside of KIN.

### Option A: Thesis Option

Code	Title	Credits
<b>Core Competency</b>		
KIN 702	Statistical Analysis in the Health Sciences	3
KIN 703	Research Methods in Kinesiology	3
PH 701	Public Health Principles and Practice	3
<i>Biomechanics and Motor Behavior</i>		
Select one of the following: 3		
KIN 520	Introduction to Biomechanics Research	
KIN 522	Biomechanics of Athletic Performance	
KIN 561	Investigating Motor Behavior in Health, Aging, and Disease	
<i>Exercise Physiology</i>		
Select one of the following: 3		
KIN 530	Physiology of Performance	
KIN 531	Clinical Exercise Physiology	
KIN 534	Physical Activity, Exercise and Health	
<i>Sociocultural and Behavioral Aspects</i>		
Select one of the following: 3		
KIN 556	Multilevel Approaches to Changing Physical Activity and Eating Behaviors	
KIN 574	Obesity and Weight Management	
KIN 580	Sports Nutrition	
<b>Electives</b> <sup>1</sup>		<b>6</b>

<b>Thesis</b>		<b>6</b>
KIN 895	Research and Thesis	
<b>Total Credits</b>		<b>30</b>

<sup>1</sup> Elective courses must be 500+.

Students prepare a research thesis, which will earn 6 credits within the required 30 graduate credit minimum. Each student is responsible for initiating contact and dialog with the major professor to identify a thesis committee before completing 12 graduate credits. The thesis committee will consist of a minimum of three members. The major professor from the Kinesiology Program will serve as the committee chair. The remaining members may be UWM Graduate Faculty or individuals from outside the UWM Graduate Faculty that hold a doctorate and are actively engaged in scholarly inquiry in the field, or related field, associated with the thesis topic. An individual who is not a member of the UWM Graduate Faculty will be required to file a curriculum vita with the MS Kinesiology Program Director and be approved by the Kinesiology Graduate Faculty prior to serving as a committee member. The Major Professor approves a program of study designed to lead the student into the thesis research area.

### Option B: Project or Internship Option

Code	Title	Credits
<b>Core Competency</b>		
KIN 702	Statistical Analysis in the Health Sciences	3
KIN 703	Research Methods in Kinesiology	3
PH 701	Public Health Principles and Practice	3
<i>Biomechanics and Motor Behavior</i>		
Select one of the following: 3		
KIN 520	Introduction to Biomechanics Research	
KIN 522	Biomechanics of Athletic Performance	
KIN 561	Investigating Motor Behavior in Health, Aging, and Disease	
<i>Exercise Physiology</i>		
Select one of the following: 3		
KIN 530	Physiology of Performance	
KIN 531	Clinical Exercise Physiology	
KIN 534	Physical Activity, Exercise and Health	
<i>Sociocultural and Behavioral Aspects</i>		
Select one of the following: 3		
KIN 556	Multilevel Approaches to Changing Physical Activity and Eating Behaviors	
KIN 574	Obesity and Weight Management	
KIN 580	Sports Nutrition	
<b>Electives</b> <sup>1</sup>		<b>6-9</b>
<b>Project or Internship</b>		
<i>Capstone Project</i>		
KIN 890	Capstone Project	
<b>Total Credits</b>		<b>30</b>

<sup>1</sup> Elective courses must be 500+.

Students prepare a capstone project or an internship, which will earn up to 3 or 6 credits, within the required 30 graduate credit minimum

for graduation. Each student, with assistance from the MS Kinesiology Graduate Program Director, will be responsible for initiating contact and dialog with an identified major professor about their capstone project or internship before completing 12 graduate credits.

### Option C: Comprehensive Examination Option

Code	Title	Credits
<b>Core Competency</b>		
KIN 702	Statistical Analysis in the Health Sciences	3
KIN 703	Research Methods in Kinesiology	3
PH 701	Public Health Principles and Practice	3
<i>Biomechanics and Motor Behavior</i>		
Select one of the following:		3
KIN 520	Introduction to Biomechanics Research	
KIN 522	Biomechanics of Athletic Performance	
KIN 561	Investigating Motor Behavior in Health, Aging, and Disease	
<i>Exercise Physiology</i>		
Select one of the following:		3
KIN 530	Physiology of Performance	
KIN 531	Clinical Exercise Physiology	
KIN 534	Physical Activity, Exercise and Health	
<i>Sociocultural and Behavioral Aspects</i>		
Select one of the following:		3
KIN 556	Multilevel Approaches to Changing Physical Activity and Eating Behaviors	
KIN 574	Obesity and Weight Management	
KIN 580	Sports Nutrition	
<b>Electives <sup>1</sup></b>		<b>12</b>
<b>Total Credits</b>		<b>30</b>

<sup>1</sup> Elective courses must be 500+.

Students will take a comprehensive examination in the semester in which they apply for graduation. The comprehensive examination will be a 100 question multiple-choice exam with 25 items from the Core Competency and 25 items each from Biomechanics and Motor Behavior, Exercise Physiology, and Sociocultural and Behavioral Aspects of Kinesiology. Each student is responsible for requesting to take, and setting a date, for the comprehensive examination by notifying the MS Kinesiology graduate program director by the end of the first week of the semester in which they will apply for graduation. The MS Kinesiology graduate program director approves a program of study designed to lead the student into the comprehensive examination.

## Additional Requirements

### Major Professor or MS Kinesiology Program Director as Advisor

The Graduate School requires that each student have a major professor to advise, supervise and approve the program of study before registering for courses. Each student in Option A will be assigned an advisor upon admission. Students in Option B will be initially advised by the MS Kinesiology Graduate Program Director, and before the completion of 12

graduate credits will be assigned to a major professor. Students in Option C will be advised by the MS Kinesiology Graduate Program Director.

### Thesis, Project, or Comprehensive Examination

The student in Option A (thesis) or in Option B (project) must pass a comprehensive oral defense of the completed project. The student in Option B (internship) must write a paper on a related question for the internship and give an oral presentation. The student in Option C (comprehensive examination) must pass the exam.

### Time Limit

The student must complete all degree requirements within five years of initial enrollment.

## Kinesiology, PhD

With a focus on the interrelationships between human movement and health and performance, the foundation of the Ph.D. in Kinesiology curriculum provides students with both the classroom and experiential training that is critical to becoming a successful scholar. The Kinesiology doctoral program includes balanced and comprehensive doctoral-level training in Kinesiology theory, research methodology, and statistics that culminates in an innovative and publishable collection of work reflecting an integration of scientific discovery and application. The program focuses on developing scholars in areas of emphasis that align with faculty expertise.

The Kinesiology doctoral program provides students with excellent research training for academic and professional careers that require theory-driven basic and/or applied research skills, such as faculty and/or administrative positions within colleges and universities; careers in nonprofit service and research organizations; policy-making positions in government agencies and institutions; and careers in for-profit businesses.

For additional information, please contact Scott J. Strath (sstrath@uwm.edu), Ph.D., FACS M - Ph.D. Kinesiology Program Director or visit the Ph.D (<https://uwm.edu/healthsciences/academics/phd-kinesiology/>). Kinesiology Program (<https://uwm.edu/healthsciences/academics/ms-kinesiology/>) website.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

In addition to meeting the minimum UWM Graduate School's criteria for admission, applicants to the PhD program in Kinesiology must also reach out to a Major Professor in the Kinesiology Program prior to application. This is designed to align the prospective PhD student applicant interest with that of the Major Professor, and establish whether the Major Professor identified has availability to accept and mentor any new PhD student applicants. If the Major Professor and potential PhD applicant decide that an application is permitted the following are additional requirements that must be met:

1. Submit a curriculum vitae that includes all academic institutions attended, degrees achieved, and academic and professional accomplishments (e.g., publications, presentations).
2. Demonstrate, through submission of official transcripts from all institutions attended, a minimum grade point average of 3.0 for the highest degree program in which the student enrolled and/or completed. Particular attention will be paid to grades in classes that are relevant to the selected area of emphasis for the PhD Kinesiology program. Applicants currently enrolled in a baccalaureate program must demonstrate a minimum undergraduate grade point average of 3.0.
3. Solicit two confidential letters of recommendation from previous university instructors and/or faculty advisors.
4. Submit a writing sample from a research project in which the applicant was involved. Acceptable writing samples include, but are not limited to, submitted/published manuscripts, submitted/published abstracts, review of literature, report of a completed research project, research proposal, etc.
5. Submit a letter of intent that addresses the applicant's research interests (including intended area of emphasis and advisor at UWM) conducted research, ongoing research and career goals.

## Credits and Courses

The program requires students to complete a minimum of 58 graduate credits beyond the master's degree, or a minimum of 79 credits beyond the bachelor's degree. The curriculum is comprised of five main components:

1. Core curriculum
2. Area of emphasis curriculum
3. Cognate
4. Electives
5. Dissertation

All coursework will be decided upon and approved by the student and their PhD committee.

Credit distribution will be as follows:

Students entering with a MS:

Code	Title	Credits
	Core Curriculum	19
	Area of Emphasis Curriculum	15
	Cognate	9
	Electives	3
	Dissertation	12
<b>Total Credits</b>		<b>58</b>

Students entering with a BS:

Code	Title	Credits
	Core Curriculum	19
	Area of Emphasis Curriculum	21
	Cognate	12
	Electives	15
	Dissertation	12
<b>Total Credits</b>		<b>79</b>

All credits listed are minimum required credits for the program.

## Core Curriculum

The core curriculum focuses on developing the knowledge and skills necessary for students to conduct sound and innovative research, and to develop as a scholar. Coursework included in the core curriculum focuses on research methodology and design, statistical analysis, ethical conduct of research, professional development, and teaching and learning coursework.

Code	Title	Credits
<b>Core</b>		
Take the following for 1 credit repeated 4 times:		4
KIN 910	Advanced Seminar in Health Sciences	
KIN 909	Guided Teaching Experience in Health Sciences	3
KIN 703	Research Methods in Kinesiology (Or comparable course)	3
PH 801	Seminar in Public Health Research	3
Select a minimum of 6 credits from possible eligible courses which include, but are not limited to the following:		6
KIN 702	Statistical Analysis in the Health Sciences	
SOC WRK 961	Introduction to Statistical Methods	
SOC WRK 962	Applied Multiple Regression Analysis	
SOC WRK 963	Measurement Methods and Related Multivariate Statistics	
SOC WRK 964	Advanced Statistical Methods	
<b>Total Credits</b>		<b>19</b>

## Additional Requirements

### Major Professor as Advisor

The Graduate School requires that each doctoral student have a major professor to advise, supervise and approve the program of study before registering for courses. The major professor also serves as a research mentor, the chair of the dissertation committee, and chair of the committee hearing the dissertation defense. Each student will be assigned an advisor upon admission based on area of research interest. The major professor must have graduate faculty status.

### Area of Emphasis Curriculum

Students will propose an area of emphasis in consultation with their advisor and take an array of courses, offered within and outside the Kinesiology Program, that explore the main dimensions of that area. The academic area of specialization within Kinesiology will be identified prior to the student's entry into the program. The student's doctoral committee will be charged with reviewing their program of study to ensure that sufficient doctoral level coursework will be/has been completed.

### Cognate

The cognate area, within or outside Kinesiology, will complement the student's area of concentration (e.g., area of emphasis: Exercise Physiology; Cognate: Nutrition), and will be identified by the end of the first year of coursework. Coursework in the cognate may include classes offered within and/or outside the Kinesiology Program. As with the area of emphasis curriculum, the student's doctoral committee will be charged

with reviewing the program of study to ensure that sufficient doctoral level coursework will be/has been completed.

## Electives

Students will have the opportunity to broaden their knowledge by taking supplemental courses in teaching and learning, grantsmanship, manuscript preparation, professional development, and other areas that complement their program of study.

## Dissertation

The completion of a dissertation, consisting of original research, will be the final step in earning a Ph.D. in Kinesiology from the University of Wisconsin-Milwaukee.

In addition to formal coursework, students are required to successfully complete a preliminary examination, a dissertation proposal, and a dissertation defense. It is expected that this degree will take an average of four to five years for a full-time student to successfully complete.

## Preliminary Exam

After students successfully complete the required credits of didactic coursework in the Core, Area of Emphasis, and Cognate areas, the student will sit for the preliminary examination. The preliminary examination will assess the level of knowledge and understanding related to coursework taken in the area of emphasis, cognate area, as well as research methodology and statistics. Specifically, the purpose of the preliminary exam is to provide the student with an opportunity to demonstrate their current knowledge, and ability to apply and integrate knowledge gained in classes with the current body of literature and in their own research. The preliminary examination process must be successfully completed before a student can formally become a dissertator, and must be completed within five years of initial doctoral program enrollment.

The preliminary exam format includes choosing one of the following two options:

### Option One:

#### Area of Emphasis and Cognate Examination

One written exam where the student will not have access to notes or other materials. The exam will require students to demonstrate their understanding of fundamental ideas, theories, and/or concepts within their area of emphasis.

One written exam where the student will not have access to notes or other materials. The exam will require students to demonstrate their understanding of fundamental ideas, theories, and/or concepts within their cognate area of emphasis.

### Option Two:

#### Integrative Examination

The student will prepare a grant proposal (format approved by the doctoral committee) and orally defend their grant proposal to their doctoral committee. This written and oral exam will focus on a topic related to their area of emphasis, but not the student's primary dissertation research question. The topic must be agreed upon by the student and their committee. The Integrative examination will provide the student with an opportunity to demonstrate their ability to analyze, evaluate, and hypothesize on research and theory pertaining to a selected area of Kinesiology.

This format gives the student two options for Preliminary Exams. After consulting with the student, the faculty advisor will decide which of the two options the student will complete for their preliminary examination.

## Appeals Process

Any appeal (grades, preliminary exam decision, dissertation proposal decision, etc.) initiated by the student must follow the appropriate steps for appeals (<http://uwm.edu/graduateschool/appeals-exceptions/>) as outlined by the Graduate School.

## The Dissertation Process

### Dissertation Proposal and Proposal Hearing

Upon successful completion of the preliminary examinations, the student submits a written dissertation proposal to the doctoral committee and conducts a public oral presentation of the proposed research. Notification of the oral presentation will be provided to the Kinesiology Graduate Program Director ten business days (two calendar weeks) prior to the presentation, and will be publicly posted by the Kinesiology Graduate Program Director. Following completion of the dissertation proposal, the committee votes on whether to allow the student to move forward with the dissertation plan as proposed. Committee approval of the dissertation proposal establishes agreement on the plan and confirms that the student has adequate preparation to complete the dissertation research.

Per UWM Graduate School guidelines (<http://uwm.edu/graduateschool/doctoral-milestones/>), "Any significant changes to the dissertation as presented in the proposal hearing must be approved. A new proposal and proposal hearing are required."

### Dissertation

The dissertation is a major piece of original research representing a substantial contribution to the existing body of knowledge. The student's major professor and doctoral committee provide guidance in completing the dissertation. The final written document may follow a traditional or manuscript format.

- For dissertations following the traditional dissertation format, the formatting of the dissertation document will follow guidelines (<http://uwm.edu/graduateschool/thesis-dissertation-formatting/>) published by the UWM Graduate School and consist of an introduction, review of literature, method, results and discussion sections.
- For dissertations following the manuscript format, the dissertation document will follow guidelines (<http://uwm.edu/graduateschool/thesis-dissertation-formatting/>) published by the UWM Graduate School and consist of an introduction to the content area and line of research, two to four manuscripts, a summary of the impact of the current work on the existing body of literature, and an overall conclusion.

### Dissertation Defense

The student must present and defend the dissertation in a public forum. Notification of the dissertation defense will be provided to the Kinesiology Graduate Program Director ten business days (two calendar weeks) prior to the presentation, and will be publicly posted by the Kinesiology Graduate Program Director. Successful completion of the dissertation defense will require approval by a majority of doctoral committee members.

## Time Limit

In accordance with Graduate School policy, all degree requirements must be completed within ten years from the date of initial enrollment in the doctoral program.

# Maternal and Child Health, Graduate Certificate

The Zilber College of Public Health offers a Certificate in Maternal and Child Health (MCH). The satisfactory completion of a sequence of courses will lead to a certificate in this national and global growing area. Preparation includes development of a strong foundation in MCH policy, programs, advocacy and interventions, and program planning and evaluation among other skills.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

## Credits and Courses

The certificate in Maternal and Child Health consists of 17-18 credits, with the following courses (or equivalents) required:

Code	Title	Credits
<b>Required Courses</b>		
PH 730	Overview of Children with Special Health Care Needs	3
PH 790	Field Experience in Public Health	1-2
PH 820	Maternal and Child Health Foundations, Policy and Practice	3
PH 830	Leadership and Advocacy in Maternal and Child Health	1
PH 831	Community Engagement and Participatory Research Approaches in Public Health	3
<b>Electives (see table below)</b>		<b>6</b>
<b>Total Credits</b>		<b>17-18</b>

## Electives

Code	Title	Credits
<b>Content Electives</b>		
Select one of the following courses:		
PH 708	Health Systems and Population Health	3
PH 725	Theories and Models of Health Behavior	3
PH 752	Public Health and Mental Health	3
PH 781	Public Health Administration	3
SOC WRK 630G	Families and Poverty	3
SOC WRK 771	Development of the Family Over the Life Span	3
SOC WRK 774	Trauma Counseling I: Theory and Research	3
SOC WRK 932	Theories and Research on Behavior Change	3
NURS 708	Global Maternal and Child Health: From Evidence to Action	3
NURS 763	Issues in Women's Health and Development	3
ED PSY 640G	Human Development: Theory and Research	3

### Applied Methods Electives

Select one of the following courses:

PH 702	Introduction to Biostatistics	3
PH 704	Principles and Methods of Epidemiology	3
PH 726	Community Health Assessment	3
PH 727	Program Planning & Implementation in Public Health	3
PH 728	Program Evaluation in Public Health	3
PH 729	Survey Research Methods in Public Health	3
PH 777	Quantitative Research Methods for Public Health Policy	3
PH 779	Public Health Policymaking and Policy Analysis	3
GEOG 726	Geographic Information Science	4
SOC WRK 750	Social Welfare Policy Development and Implementation	3

Other courses as approved by advisor.

Some of the courses required for the certificate (e.g. PH 704) may have prerequisite or other requirements that are not counted in the 17 credits. Additional MCH population focused electives may be allowed with permission from the program director.

Field experience (PH 790) requirements may vary based on student's background program, prior experience in MCH and permission from the program director. Students in the certificate program with two years of MCH public health experience in a government or non-profit setting will complete a one-credit practicum for 80 hours, while students with no experience will have a two-credit practicum, for 160 hours.

## Additional Requirements

### Transfer Credit

A minimum of 15 credits must be taken at UWM. Transfer courses to the MPH program do not double count for the certificate program. Relevant certificate course work may be applied towards the MPH degree.

### Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

### Articulation with Degree Programs

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

### Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

## Nutritional Sciences, BS

Interested in the wonderful world of nutrition and dietetics?  
You have come to the right place!

It may seem rather simplistic at first glance - eat a little more of this, a little less of that - but the field nutrition and dietetics is far more complex and multifaceted than first meets the eye (and stomach!). Nutrition is a science that investigates the body's metabolic and physiological responses to the food we consume and explores the role of food and nutrients in the development, treatment, and prevention of disease. It grapples with understanding and leveraging the web of factors that shape what, when, how much, where, and with whom we eat. **Nutrition professionals can positively impact the lives of others** in many different ways including facilitating dietary behavior change, enhancing the food environment, and expanding food and nutrition security and reducing hunger among individuals, groups, and communities.

The **BS Nutritional Sciences degree** is designed to provide you with a strong foundation in the biological and social sciences in order to understand, navigate, interpret, apply, and communicate **evidence-based relationships between food, nutrients, eating behavior, and human health**. Courses offered by Nutritional Sciences faculty and staff also **respect and honor the important role food and food-related traditions serve in a multicultural, diverse society**. Additionally, the Nutritional Sciences degree is structured to be **highly customizable** so that you can pursue a program of study that aligns with your interests and career goals with room to pursue a minor and/or certificate program to further enhance your UWM academic experience.

## Professional Titles/Credentials

The professional titles/credentials in the field of nutrition and dietetics include **Registered Dietitian (RD) or Registered Dietitian Nutritionist (RDN)** which requires at least a master's degree starting January 1, 2024, and **Nutrition & Dietetic Technician, Registered (NDTR)** which requires an associate degree or higher. You can earn these credentials by successfully completing a one (or more) programs accredited by the Accreditation Council for Education in Nutrition and Dietetics (<https://www.eatrightpro.org/acend/accredited-programs/about-accredited-programs/>) (ACEND) which include coursework and/or supervised practice, and then passing a national credentialing exam. Learn more about the various pathways to become an RDN or NDTR (<https://www.eatright.org/become-an-rdn-or-ndtr/>).

Although the BS Nutritional Sciences is not an ACEND-accredited program, your plan of study **can be customized to prepare you to apply to graduate-level dietetics programs including UWM's Master of Public Health (MPH) - Nutrition and Dietetics**. Most of the prerequisite courses required for admission to such programs are built directly into the degree. If you are interested in pursuing the RDN credential, **contact your advisor to add Pre-Dietetics to your undergraduate program of study**. More information can be found in the Pre-Dietetics section of the Catalog.

## Beyond Dietetics

The BS Nutritional Sciences is also a valuable undergraduate degree even if you are not interested in pursuing the RDN credential. Because of required foundational coursework in the natural and social sciences, combined with the rich array of nutritional sciences courses, **you will graduate ready to apply your knowledge and skills in many professional settings** including (but by no means limited to) health care, food and nutraceutical industries, community nutrition and public health organizations, and fitness/wellness companies. If you are interested in continuing their education beyond the bachelor's degree, **you will be well-positioned for graduate education in a wide-array of fields**, as well as for professional degree programs in public health, medicine, dentistry, pharmacy, and more!

## Want to get started in the Nutritional Sciences major or sample some courses in this dynamic, exciting field of study?

Consider enrolling in one or more of these introductory courses (no prerequisites required):

- **NUTR 101 New Student Seminar in Nutritional Sciences & Pre-Dietetics**. This 1-credit fall course will introduce you to the field of nutritional sciences and dietetics, career opportunities, and how to maximize your time studying this discipline at UWM.

- **NUTR 110 Introduction to Food Principles & Preparation.** This 3-credit hands-on course is offered every fall and spring semester in the Applied Foods Lab in Enderis Hall. You will build life skills related to food preparation all the while learning more about nutritional sciences through the science of food.
- **NUTR 230 Health Aspects of Exercise and Nutrition.** This 3-credit course will introduce you to key concepts related to personal physical fitness and healthy eating. If you are interested in learning about and improving your own fitness and eating behaviors, this is a great class to take. Plus it counts as a Natural Science GER!
- **NUTR 235 Introduction to Nutrition for the Health Professions.** Ready to dive into the science behind how the nutrients in food are used by the human body and affect its function? This 3-credit course will help you develop a solid foundation in this field!
- **NUTR 241 Why We Eat What We Eat: An Ecological Approach.** To facilitate dietary change, it is critical to understand what drives behavior. This 3-credit course offered in the fall and summer offers you the opportunity to "dig-in" to the complex array of influences - both seen and unseen - that shape an individual's food choices and eating behavior. Plus it counts as a Social Science GER!

Nutritional Sciences students are advised by Kelsi Faust in the Zilber College of Public Health. You are encouraged to contact Kelsi at 414-251-6070 or meyer378@uwm.edu for guidance.

Nutrition: it's for everyBODY.

## Requirements

All students must earn a minimum of 120 credits to complete the BS in Nutritional Sciences degree.

### University General Education Requirements (GER)

Many of the University General Education Requirements are satisfied through the foundations coursework and the Nutritional Sciences major requirements. All students are eligible to pursue general education requirements and foundations courses associated with the curriculum as long as they meet the necessary prerequisites for each course. The UWM General Education Requirements (p. 30) are:

Code	Title	Credits
<b>General Education Requirements</b>		
<i>Competency Requirements</i>		
	Oral and Written Communication (OWC) Part A	3
	Oral and Written Communication (OWC) Part B <sup>1</sup>	
	Quantitative Literacy (QL) Part A & B <sup>1</sup>	
	Foreign Language	
<i>Distribution Requirements</i>		
	Arts	3
	Humanities <sup>1</sup>	
	Natural Sciences <sup>1</sup>	
	Social Sciences <sup>1</sup>	
	Cultural Diversity <sup>1</sup>	

<sup>1</sup> Required courses in the curriculum satisfy these General Education Requirements.

## Nutritional Sciences Major Requirements

To fulfill the requirements for the Nutritional Sciences Major, students must complete the following: (a) University General Education Requirements, (b) Foundation Courses, (c) Nutritional Sciences Required Courses, (d) Upper Level (300- or above) Nutritional Sciences Elective Courses, and (e) Elective Courses.

Code	Title	Credits
<b>Foundation Courses <sup>1</sup></b>		
BIO SCI 150	Foundations of Biological Sciences I	4
BIO SCI 202	Anatomy and Physiology I	4
BIO SCI 203	Anatomy and Physiology II	4
CHEM 103	Survey of Biochemistry <sup>2</sup>	3-5
or CHEM 501	Introduction to Biochemistry	
PH 101	Introduction to Public Health	3
Select one of the following:		3
PH 202	Public Health from Cells to Society II <sup>2</sup>	
PH 302	Health and Disease: Concepts and Contexts	
PH 319	Introduction to Health Disparities	
PSYCH 101	Introduction to Psychology	3
or SOCIOL 101	Introduction to Sociology	
COMMUN 103	Public Speaking	3
KIN 270	Statistics in the Health Professions: Theory and Practice	3
KIN/BMS 245	Client Diversity in Health Sciences: An Interdisciplinary Perspective	3
Cultural Diversity + Humanities (Choose a course that meets both GER categories)		3
MATH 105	Introduction to College Algebra	3
or MATH 108	Algebraic Literacy II	
Select one of the following:		3
ENGLISH 205	Business Writing	
ENGLISH 207	Health Science Writing	
ENGLISH 310	Writing, Speaking, and Technoscience in the 21st Century	
<b>Nutritional Sciences Courses</b>		
NUTR 101	New Student Seminar in Nutritional Sciences & Pre-Dietetics	1
NUTR 110	Introduction to Food Principles & Preparation	3
NUTR 230	Health Aspects of Exercise and Nutrition	3
NUTR 235	Introduction to Nutrition for the Health Professions	3
or BMS 232	Introduction to Nutrition	
NUTR 241	Why We Eat What We Eat: An Ecological Approach	3
NUTR 245	Life Cycle Nutrition	3
NUTR 305	Hunger at Home: Food and Nutrition Security in Milwaukee County	3
or NUTR 555	Public Health Nutrition and Food Politics	
NUTR 350	Nutrition Communication and Education	3
NUTR 355	Modifying Nutrition and Eating Behavior	3

NUTR 435	Nutrition and Disease Prevention	3
NUTR courses 300 level or above		6
NUTR 470	Nutritional Sciences Capstone Experience	3
<b>Electives (credits will vary by student) <sup>3</sup></b>		<b>41</b>
<b>Total Credits</b>		<b>120</b>

<sup>1</sup> Some courses listed in this section may also partially fulfill a student's General Education Requirements (p. 30).

<sup>2</sup> CHEM 103, CHEM 501, and PH 202 have one (or more) prerequisites that must be satisfied before enrolling.

<sup>3</sup> Students may select elective coursework that aligns with their interests, as well as educational and professional goals. The number of elective credits needed to meet the 120 credit requirement to be awarded the B.S. Nutritional Sciences degree will vary somewhat student to student depending upon the Chemistry sequence chosen.

## Program Retention and Graduation Requirements

Nutritional Sciences program faculty and staff are deeply committed to facilitating student success. Regular open, honest communication with the Program Advisor, Program Director, and Program faculty and staff is strongly encouraged and will help students succeed in the program.

Students must maintain a minimum cumulative GPA of 2.50 and earn a grade of C or better in all Nutritional Sciences (NUTR) courses counting towards degree requirements. Should the need arise, Nutritional Sciences (NUTR) courses counting towards degree requirements may be repeated once; no courses repeat restrictions are placed on other courses. If a student's cumulative UWM GPA falls below 2.50, they will be placed on academic probation and encouraged to meet with the Program Advisor to develop an action plan. Students who remain on academic probation for more than two consecutive semesters, or exceed the course repeat policy, will be dismissed from the major and advised about other potential degree options.

To graduate with a B.S. in Nutritional Sciences, students must:

1. Complete a minimum of 120 credits.
2. Complete all University General Education Requirements (p. 30).
3. Have earned credit in all required courses (including transfer courses) counting towards degree requirements.
4. Earn a minimum cumulative UWM GPA of 2.50 (including transfer courses) counting towards degree requirements.
5. Earn a grade of C or better in all NUTR courses (including transfer courses) counting towards degree requirements.
6. Complete the last 30 credits in residence at UWM.

The pursuit of a minor or certificate is encouraged and should easily integrate into a plan of study. Please consult with your advisor for guidance.

## Considerations for students interested in dietetics and becoming a Registered Dietitian Nutritionist (RDN)

UWM's BS Nutritional Sciences is not an ACEND-accredited Didactic Program in Dietetics. However, the program can prepare students to pursue an ACEND-accredited Graduate Program in dietetics (such as UWM's MPH-Nutrition and Dietetics program (p. 1379)) or graduate-level Coordinated Program in dietetics. Admission to such programs is competitive and admission requirements (including prerequisite

coursework) vary. Students should explore the specific admission requirements for any program they are interested in pursuing.

Students interested in dietetics are encouraged to add Pre-dietetics (p. 1361) to their undergraduate plan of study. Pre-dietetics (p. 1361) includes the prerequisite courses required for admission to UWM's MPH-Nutrition and Dietetics program (p. 1379); these courses are similar to the prerequisite courses required by other graduate-level programs in dietetics. Depending on the graduate program, additional prerequisite courses may be required for admission consideration. Most, but not all, of the Pre-dietetics (p. 1361) courses are required as part of the Nutritional Sciences major.

To maximize the likelihood of admission to a graduate program in dietetics, it is recommended that pre-dietetics students (p. 1361) strive to attain a 3.0 cumulative GPA (or higher) and 3.0 GPA (or higher), with no grade lower than C for any pre-dietetics courses. To maximize admissions eligibility to programs nationwide, students interested in this option are strongly advised to pursue the following chemistry sequence: CHEM 102, CHEM 104, CHEM 341 (lab recommended), and CHEM 501.

## Plan of Study

Two sample plans of study are shown below: a general plan and one that integrates Pre-dietetics. Both assume that the student will satisfy (1) UWM's foreign language requirements with high school credits, and (2) the math and English proficiency requirements upon entry. Students specifically interested in pre-dietetics should refer to the relevant section of the UWM Catalog (p. 1361) and contact the Program Director or Program Advisor for Plan of Study guidance.

### General Plan of Study

Year 1		Credits
<b>Semester 1</b>		
NUTR 101	New Student Seminar in Nutritional Sciences & Pre-Dietetics	1
NUTR 241 or NUTR 235	Why We Eat What We Eat: An Ecological Approach or Introduction to Nutrition for the Health Professions	3
BIO SCI 202	Anatomy and Physiology I	4
MATH 105 or MATH 108	Introduction to College Algebra or Algebraic Literacy II	3
GER - OWCA (ENGLISH 102 or equivalent)		3
<b>Credits</b>		<b>14</b>
<b>Semester 2</b>		
NUTR 230	Health Aspects of Exercise and Nutrition	3
PH 101	Introduction to Public Health	3
BIO SCI 203	Anatomy and Physiology II	4
CHEM 100	Chemical Science <sup>1</sup>	4
Cultural Diversity + Humanities		3
<b>Credits</b>		<b>17</b>
<b>Year 2</b>		
<b>Semester 1</b>		
NUTR 235 or NUTR 241	Introduction to Nutrition for the Health Professions or Why We Eat What We Eat: An Ecological Approach	3
CHEM 101	Chemical Science	5
BIO SCI 150	Foundations of Biological Sciences I	4
COMMUN 103	Public Speaking	3

Elective		3
Elective		3
<b>Credits</b>		<b>15</b>
<b>Total Credits</b>		<b>120</b>

<sup>1</sup> CHEM 100 is recommended prior to enrolling in CHEM 101 or CHEM 102. Multiple chemistry sequence options are available for this major. Consult the program director or program advisor for guidance on which would be best for your career goals.

<sup>2</sup> Students considering applying to UWM's MPH-Nutrition and Dietetics program are encouraged to take NUTR 305 during their undergraduate plan of study. NUTR 555 is a required course in the program and would need to be repeated at the graduate level.

## Recommended Plan for Pre-Dietetics (p. 1361) Students

Compared to the general plan of study, this one integrates a more rigorous chemistry sequence which will likely meet prerequisite requirements for most graduate programs in dietetics (UWM will accept CHEM 101/CHEM 103 or the sequence shown in the plan below). This plan also integrates two additional courses (i.e., introduction to microbiology and medical terminology) that are also often required for

admission to graduate programs in dietetics, including UWM's MPH-Nutrition and Dietetics program.

<b>Year 1</b>		
<b>Semester 1</b>		
NUTR 101	New Student Seminar in Nutritional Sciences & Pre-Dietetics	1
NUTR 241 or NUTR 235	Why We Eat What We Eat: An Ecological Approach or Introduction to Nutrition for the Health Professions	3
MATH 105 or MATH 108	Introduction to College Algebra or Algebraic Literacy II	3
BIO SCI 202	Anatomy and Physiology I	4
GER - OWCA (ENGLISH 102 or equivalent)		3
<b>Credits</b>		<b>14</b>
<b>Semester 2</b>		
NUTR 230	Health Aspects of Exercise and Nutrition	3
PSYCH 101 or SOCIOL 101	Introduction to Psychology or Introduction to Sociology	3
CHEM 100	Chemical Science	4
BIO SCI 203	Anatomy and Physiology II	4
Cultural Diversity + Humanities		3
<b>Credits</b>		<b>17</b>
<b>Year 2</b>		
<b>Semester 1</b>		
NUTR 110	Introduction to Food Principles & Preparation	3
NUTR 235 or NUTR 241	Introduction to Nutrition for the Health Professions or Why We Eat What We Eat: An Ecological Approach	3
PH 101	Introduction to Public Health	3
CHEM 102	General Chemistry	5
COMMUN 103	Public Speaking	3
<b>Credits</b>		<b>17</b>
<b>Semester 2</b>		
NUTR 245	Life Cycle Nutrition	3
CHEM 104	General Chemistry and Qualitative Analysis	5

## Honors in the Major

Honors in the major are granted to students who earn a GPA of 3.500 or above on a minimum of 30 completed credits at UWM.

## Zilber College of Public Health Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Nutritional Sciences, Minor

Students pursuing the Nutritional Sciences Minor will explore how the food and nutrients we ingest impact human functioning, growth, and development; the complex influences that shape food choice and eating behavior; and the connections between physical activity and exercise, food and eating, and health and well-being.

The Nutritional Sciences Minor is highly customizable to allow students from all undergraduate majors to meet their nutrition-related pre-professional and personal goals. Students may "choose their own adventure" by selecting courses that explore topics such as the science behind food preparation, nutrition through the lifecycle, nutrition and disease prevention, dietary behavior change, food insecurity and hunger, and many more!

Upon completing the Nutritional Sciences Minor, students will be able to:

- Describe the relationship between food and nutrients in human health and well-being;
- Discuss the function, physiology, dietary sources, and symptoms and consequences of deficiency and toxicity for macro- and micronutrients;
- Discuss how multiple levels of influence (e.g., intrapersonal, interpersonal, institutional/organizational, community, political, and cultural) shape food choice and eating behavior;
- Describe the role physical activity, physical fitness, and nutrition play in health maintenance and disease risk reduction.

## Requirements

The Nutritional Sciences minor requires a minimum of 21 credits, including at least 6 credits of upper-level NUTR courses (300-level or above). Students must attain a GPA of 2.0 (no grade lower than C) in all courses being applied toward the minor, including any transfer work. A minimum of 12 credits must be taken in residence at UWM.

Code	Title	Credits
<b>Required courses (9 credits)</b>		
NUTR 235	Introduction to Nutrition for the Health Professions <sup>1</sup>	3
or BMS 232	Introduction to Nutrition	
NUTR 230	Health Aspects of Exercise and Nutrition	3
or KIN 230	Health Aspects of Exercise and Nutrition	
NUTR 241	Why We Eat What We Eat: An Ecological Approach	3
<b>Complete 12 additional credits of NUTR courses including 6 credits at the 300-level or above</b>		<b>12</b>
<b>Total Credits</b>		<b>21</b>

<sup>1</sup> Only one of these options may be applied towards the minor.

Some NUTR courses may be offered only once per academic year. Refer to the Catalog to see which semester(s) courses are typically offered.

Students may declare their intent to pursue the Nutritional Sciences Minor via this online form ([https://milwaukee.qualtrics.com/jfe/form/SV\\_5BwAcywBIGk59rv/](https://milwaukee.qualtrics.com/jfe/form/SV_5BwAcywBIGk59rv/)). Students concurrently enrolled in a bachelor's degree program who successfully complete the requirements for the minor will be awarded the Minor in Nutritional Sciences at the time of graduation.

Student advising will be through the appropriate health unit at UWM.

## Pre-Athletic Training

Athletic trainers are health care professionals who provide physically active people services such as injury/illness prevention, emergency care, clinical diagnosis, therapeutic intervention, and rehabilitation of injuries and medical conditions. Athletic trainers care for people across the lifespan and activity levels, including youth athletes, professional athletes, performing artists, military or civil service personnel, and workers in physically demanding jobs. To become an athletic trainer students must complete a graduate degree in Athletic Training in a

program accredited by the Commission on Accreditation of Athletic Training Education (<https://caate.net/>) (CAATE).

Undergraduate students can follow one of two paths to pursue Athletic Training at UWM:

## Traditional Path

Students can complete an undergraduate degree and the prerequisite coursework for admission to the MS Athletic Training program (<https://uwm.edu/rehabilitation-sciences-technology/academics/ms-athletic-training/>). An undergraduate degree in Kinesiology (<https://uwm.edu/publichealth/academics/bs-kinesiology/>), the science of human movement, is ideal preparation for training in athletic training. UWM Kinesiology students take coursework in biomechanics, exercise physiology, motor behavior and control, and psychosocial aspects of human movement, which serve as important foundations for advanced training in the UWM MSAT program. Students also can explore the practical application of the scientific principles of human movement in correlate and elective coursework.

The UWM Master of Science in Athletic Training (<https://uwm.edu/rehabilitation-sciences-technology/academics/ms-athletic-training/>) (MSAT) is a graduate level professional program that prepares students to become credentialed Athletic Trainers. The MSAT program regularly hosts information sessions for undergraduate students. Students can learn more about the prerequisites for admission to the UWM MSAT program in this site: MSAT application and admissions procedure (<https://uwm.edu/rehabilitation-sciences-technology/academics/ms-athletic-training/>).

## Accelerated Path

Students interested in a more direct path may apply to the Accelerated BS Kinesiology / MS Athletic Training program (<https://uwm.edu/rehabilitation-sciences-technology/academics/accelerated-kinesiology-athletic-training/>) and complete their Bachelor's and Master's degree in 5 years. This program is for high performing students and entails completing 3 years as a Kinesiology undergraduate student and the moving into the MSAT program as a graduate student. At the end of the 4th year (the first in the MSAT program), the BS Kinesiology degree is conferred. Upon successful completion of years 4 and 5, students earn the MS in Athletic Training.

For additional information on either path towards Athletic Training, you may contact either of the program directors:

Christy Greenleaf, PhD ([cgreenl@uwm.edu](mailto:cgreenl@uwm.edu))

Professor, BS Kinesiology Program Director

Jennifer Earl-Boehm, PhD, ATC, FNATA ([jearl@uwm.edu](mailto:jearl@uwm.edu))

Associate Professor, MS Athletic Training Program Director

## Freshman Admission

### Traditional Path

Students are accepted to the College of Health Sciences BS Kinesiology degree program (<https://uwm.edu/healthsciences/academics/bs-kinesiology/>) as "Kinesiology Intended" and should select the designation "Pre-Athletic Training" when completing your application. Students must complete the admission to major requirements.

### Accelerated Path

Students are accepted to the College of Health Sciences as "Accelerated BS Kinesiology/MS Athletic Training (<https://uwm.edu/healthsciences/academics/accelerated-kinesiology-athletic-training/>) Intended" and should select the designation "Pre-Athletic Training" when completing your application. Students must complete the admission to major requirements.

Regardless of which path is chosen, students should regularly meet with their academic advisor to create a plan of study that will include all of the prerequisite courses needed for the athletic training graduate program. Students should maintain a cumulative GPA of 3.0 or higher to be competitive for admission to the MSAT through either the Traditional or Accelerated path.

## I'm a new student. How do I start?

You are assigned an academic advisor upon admission to UWM. New Student Orientation (NSO) (<https://uwm.edu/studentorientation/>) helps those who are new to campus learn and understand the enrollment process and enroll in classes for their first semester at UWM! You should ask to have the designation "Pre-Athletic Training" added to your academic record.

---

## Who is my advisor?

Undergraduate students who have declared an intent to pursue Pre-Athletic Training or the accelerated BS Kinesiology/MS Athletic Training are advised by Torry Rufer. Contact Torry at 414-229-2758 or [tjruferr@uwm.edu](mailto:tjruferr@uwm.edu).

---

## When should I meet with my advisor?

Students are encouraged to meet with their advisor at least once per semester to ensure timely progress to graduation.

- **Enrolling for spring semester?**  
Schedule an appointment with your advisor in October or November.
- **Enrolling for fall semester?**  
Schedule an appointment with your advisor in March or April.

Students are also welcome to schedule an appointment with their advisor at any time to discuss academic challenges, career opportunities, or any other questions.

---

## How can my advisor help me?

CHS boasts professional academic advisors who understand the challenges of balancing academics, work, family, and the social aspects of college life. Advisors partner with you to:

- Explore your academic and career interests
- Plan the sequence of your courses
- Prepare for course enrollment
- Access tutoring and other academic support
- Identify opportunities for campus involvement

- Connect you to campus resources
- Plan for graduation

## Contact Information

Pavilion, Suite 350

## Pre-Dietetics

Interested in pursuing an educational pathway leading to the Registered Dietitian Nutritionist (RDN) credential? You have come to the right place!

Registered Dietitians (RD) or Registered Dietitian Nutritionists (RDN) are specially-trained health professionals who use their expertise in food and nutrition to improve the health and well-being of individuals, groups, and communities. RD/RDNs utilize evidence-based practice to translate and leverage the science of nutrition to help others understand the connection between food and health, and provide tailored, practical guidance to meet their needs and goals. Because of this, the RD/RDN credential "unlocks" a wide array of unique career opportunities (<https://www.eatright.org/become-an-rdn-or-ndtr/>).

You can earn the RD/RDN credential by successfully completing an ACEND-accredited program(s) (<https://www.eatrightpro.org/acend/accredited-programs/about-accredited-programs/>) which includes coursework and supervised practice, and then passing a national credentialing exam. Beginning January 1, 2024, a graduate degree will be required in order to sit for the RDN credentialing exam. Learn more about the various pathways to become an RDN (<https://www.eatright.org/become-an-rdn-or-ndtr/>) here.

### Pre-Dietetics at UWM is a set of courses commonly required for admission to ACEND-accredited graduate-level programs in dietetics.

Most Pre-Dietetics courses are integrated into the BS in Nutritional Sciences - making it an efficient option for students interested in pursuing the RDN credential. However, Pre-Dietetics can be combined with any undergraduate major. More information about Pre-Dietetics courses can be found in the **Requirements** tab.

By declaring your interest in pursuing Pre-Dietetics, UWM advisors will be able to provide you with appropriate academic and pre-professional guidance. More information about how to declare Pre-Dietetics can be found in the **Advising** tab.

## Now available at UWM: Master of Public Health (MPH) - Nutrition and Dietetics Future Education Model Graduate Program

The University of Wisconsin-Milwaukee's MPH-Nutrition and Dietetics program has been granted candidate status\* by the Accreditation Council for Education in Nutrition and Dietetics of the Academy of Nutrition and Dietetics (<http://www.eatrightpro.org/ACEND/>) (120 South Riverside Plaza, Suite 2190, Chicago, IL 60606-6995, (312) 899-0040 ext. 5400).

UWM's MPH-Nutrition and Dietetics program has been designed to align with ACEND's® Future Education Model Accreditation Standards for Graduate Programs in Nutrition and Dietetics. These accreditation standards require the integration of didactic coursework with supervised experiential learning in a competency-based curriculum designed to prepare students for careers as registered dietitian nutritionists (RDNs).

More information (including admission requirements) can be found on the MPH-Nutrition and Dietetics program webpage.

\* A new program that has been determined to be eligible to enroll students or accepting interns as the result of an on-site evaluation visit but has not had a graduating class may be granted candidate status. The granting of candidate status denotes a developmental program, which is expected to mature in accord with stated plans and within a defined time period. Reasonable assurances are expected to be provided that the program may become accredited as programmatic experiences are gained, generally, by the time the first class has graduated. Graduates of a class designated as having candidate status have the same rights and privileges as graduates of an accredited program.

## Requirements

If you are considering pursuing an academic pathway to the Registered Dietitian Nutritionist (RDN) credential, it is highly encouraged that you enroll in NUTR 101 New Student Seminar in Nutritional Sciences & Pre-Dietetics (Fall only; 1 credit) as early as possible.

Many graduate-level dietetics programs (including UWM's program) will consider students with a bachelor's degree in any field of study if certain prerequisite coursework for admission is completed. UWM's BS Nutritional Sciences degree (<https://catalog.uwm.edu/public-health/nutritional-sciences-bs/>) can be customized by adding Pre-Dietetics to prepare you to apply for UWM's Master of Public Health – Nutrition and Dietetics program (<https://catalog.uwm.edu/public-health/nutrition-dietetics-mph/>) along with many other ACEND-accredited programs (<https://www.eatrightpro.org/acend/accredited-programs/program-directory/>) in dietetics.

Commonly required prerequisite coursework ("Pre-Dietetics" at UWM) for graduate-level dietetics programs includes:

- Introduction to nutrition (NUTR 235 OR BMS 232)
- Introduction to food/food science with lab (NUTR 110)
- Lifecycle nutrition (NUTR 245)
- General biology (BIO SCI 150)
- Microbiology (BIO SCI 101)
- Anatomy & physiology (2 semesters; BIO SCI 202 & BIO SCI 203)
- Chemistry sequence culminating in biochemistry
  - CHEM 101 & CHEM 103 OR
  - CHEM 102, CHEM 104, CHEM 341, & CHEM 501
    - Many programs require a chemistry sequence similar to the one above (2 semesters of general chemistry, 1-2 semesters of organic chemistry, and 1 semester of biochemistry). If you'd like to maximize your eligibility to apply to a number of dietetic programs, the lengthier chemistry sequence is strongly recommended.
- Introduction to psychology or sociology (PSYCH 101 OR SOCIOL 101)
- Public speaking (COMMUN 103)
- College algebra (MATH 105 OR MATH 108)
- Medical terminology (HS 222)
- Statistics (KIN 270 OR MTHSTAT 215)
- Study of diverse populations/cultural diversity (many options available at UWM)

Admission to graduate-level dietetics programs is competitive so try and earn the highest grades you can in the prerequisite coursework (e.g.,

C or better) and strive for a high cumulative GPA. Specific **prerequisite courses and admissions requirements vary (particularly chemistry coursework requirements) from program to program** so carefully research each ACEND-accredited program (<https://www.eatrightpro.org/acend/accredited-programs/about-accredited-programs/>) you are considering.

There is no hiding the fact that pursuing a degree in nutritional sciences and dietetics requires you to take several science courses that may be quite challenging – particularly biology and chemistry. However, you do not have to be a rockstar in these disciplines to pursue a career in this field. The world of nutrition and dietetics offers many career options that suit those individuals whose strengths lie in the areas of public health, social science, education, communication, and more.

For more information, contact:

- Lori Klos, PhD, RDN, MPH-Nutrition and Dietetics Program Director, Nutritional Sciences Undergraduate Program Director, lklos@uwm.edu, 414-251-8220
- Kelsi Faust, MS, Academic Advisor, meyer378@uwm.edu, 414-251-6070

## I'm a new student. How do I start?

You are assigned an academic advisor upon admission to UWM. New Student Orientation (NSO) (<https://uwm.edu/studentorientation/>) helps those who are new to campus learn and understand the enrollment process and enroll in classes for their first semester at UWM. If you are considering pursuing the Registered Dietitian Nutritionist (RDN) credential, you should ask to have the designation "Pre-Dietetics" added to your academic record as soon as possible. This will help UWM advising staff better tailor their recommendations to your academic and professional goals.

Consider enrolling in UWM's NUTR 101 New Student Seminar in Nutritional Sciences & Pre-Dietetics offered every fall to learn more about this exciting field of study.

## Who is my advisor?

Undergraduate students who have declared an intent to pursue Pre-Dietetics are advised by Kelsi Faust. Contact Kelsi at 414-251-6070 or meyer378@uwm.edu.

Students who wish to learn more about Pre-Dietetics and/or pathways leading to the RDN credential are also encouraged to contact Kelsi Faust or Lori Klos, MPH-Nutrition and Dietetics Program Director, Nutritional Sciences Undergraduate Program Director (414-251-8220, lklos@uwm.edu).

## When should I meet with my advisor?

As soon as you decide to declare Pre-Dietetics, reach out to Kelsi Faust as soon as possible for initial guidance. After that, you are encouraged to meet with your advisor at least once per semester to ensure timely progress to graduation.

- **Enrolling for spring semester?**  
Schedule an appointment with your advisor in October or November.

- **Enrolling for fall semester?**  
Schedule an appointment with your advisor in March or April.

You are also welcome to schedule an appointment with your advisor at any time to discuss academic challenges, career opportunities, or any other questions.

---

## How can my advisor help me?

The Zilber College of Public Health has professional academic advisors who understand the challenges of balancing academics, work, family, and the social aspects of college life. Advisors partner with you to:

- Explore your academic and career interests
- Plan the sequence of your courses
- Prepare for course enrollment
- Access tutoring and other academic support
- Identify opportunities for campus involvement
- Connect you to campus resources
- Plan for graduation
- Prepare for admission to graduate programs

## Pre-Physical Therapy

### Students Interested in Physical Therapy

Physical therapy is an integral and unique component of the healthcare system. As a health profession, physical therapy focuses on the neuromuscular, musculoskeletal, integumentary, and cardiopulmonary systems of the human body as they relate to human motion and function. Human movement and the ability to interact physically with one's environment are essential components of physical, emotional, and social well-being. The physical therapist is dedicated to promoting health, preventing disease, improving quality of life, and rehabilitating individuals disabled by injury or disease.

To practice as a Physical Therapist, the American Physical Therapy Association (<https://www.apta.org/>) (APTA) requires that students complete a Doctor of Physical Therapy (DPT) degree through an accredited program and pass the national licensure examination. Students should first complete a bachelor's degree and meet the pre-requisites for admission to a DPT program. Information about applying to DPT programs can be found in the Requirements tab. The UWM DPT (<https://uwm.edu/rehabilitation-sciences-technology/academics/dr-physical-therapy/>) program hosts regular information sessions for undergraduate students. The DPT program is a three-year professional doctorate program beyond the bachelors degree.

An undergraduate degree in Kinesiology (<https://uwm.edu/publichealth/academics/bs-kinesiology/>), the science of human movement, is ideal preparation for training in physical therapy. All UWM DPT prerequisites are included in the course of study. Kinesiology students take coursework in biomechanics, exercise physiology, motor behavior and control, and psychosocial aspects of human movement, which serve as important foundations for advanced training in a DPT program. Students can also explore the practical application of the scientific principles of human movement in correlate and elective coursework.

Inquiries about the DPT program itself should be sent to pt-program@uwm.edu.

**John Holland**, MS, Program Director, Kinesiology Undergraduate Program

Wendy Huddleston (huddlest@uwm.edu), PT, PhD, Program Director,  
Doctor of Physical Therapy

## Admission

**Admission to a DPT program is competitive.** As with most DPT programs in the country, application to the UWM DPT program occurs through PTCAS (<http://www.ptcas.org/home.aspx>), which is a centralized admissions system. Completion of UWM's Kinesiology Bachelor of Science degree (<https://uwm.edu/publichealth/academics/bs-kinesiology/>) is good preparation but does not guarantee admission to UWM's DPT program. Also, be aware of the admission requirements for each individual DPT program as they do vary. Information about preparing for DPT is available in this document: Preparing to Apply for Admission to a Physical Therapy Program (<https://uwm.edu/rehabilitation-sciences-technology/academics/dr-physical-therapy/#tab-plog-admissionerapy/#tab-plog-admission>).

### UWM DPT application requirements (<https://uwm.edu/rehabilitation-sciences-technology/academics/dr-physical-therapy/#tab-plog-admission>) include:

- Completion of an undergraduate degree from an accredited institution with an overall cumulative grade point average above 3.0 (on a 4.0 scale)
- Completion of 10 prerequisite courses with a minimum prerequisite grade point average above 3.0 (on 4.0 scale)
  - Refer to DPT program website (<https://uwm.edu/rehabilitation-sciences-technology/academics/dr-physical-therapy/>) for list of prerequisite courses
- GRE scores (taken within the last five years)
- Completion of at least 40 total hours of clinical observation experiences in both inpatient and outpatient settings under the supervision of a licensed physical therapist
- Two letters of recommendation (one academic)
- Responses to narrative essay questions

## I'm a new student. How do I start?

You are assigned an academic advisor upon admission to UWM. New Student Orientation (NSO) (<https://uwm.edu/studentorientation/>) helps those who are new to campus learn and understand the enrollment process and enroll in classes for their first semester at UWM! You should ask to have the designation "Pre-Physical Therapy" added to your academic record.

## Who is my advisor?

## Public Health, BS

**Do you want to be a change agent for the public's health?** Public health at UWM is your home to learn, connect, and make a difference.

Public health improves the health of people and the communities where they grow, live, work, play, and age. Instead of treating individual patients, public health practitioners work in and with communities to prevent disease before it starts. We strive to ensure that every person and community can reach their highest level of health and well-being.

**Find yourself in public health!** When you choose the Public Health major at UWM, you will:

- **Learn and live** public health in Milwaukee's diverse and dynamic communities.
- **Jumpstart your career** with 120 hours of field placement with our community partners.
- **Learn** from top instructors at Wisconsin's only accredited school dedicated to public health.
- **Create** a world that is **socially just and a healthy** place for all.

The BS in Public Health at UWM provides students with real-world knowledge, skills, and experiences – both in the classroom and the community – to be a positive force for change. With the Public Health major, you will learn how to diagnose, analyze, and solve a range of public health challenges.

**Job prospects** for public health graduates **are excellent**. Trained public health professionals are needed in Wisconsin and nationally to address a shortage of skilled public health workers.

Our graduates are equipped to enter public health and related careers in a wide variety of settings, including local and state government agencies, healthcare organizations, for-profit organizations, academic institutions, and non-profits.

**What's your passion? *There is a public health career for you!***

- **Sociology and psychology?** You'll excel in community health and health promotion.
- **Political science and government?** Pursue a career in policy and advocacy.
- **Math and numbers?** You'll find your niche in data analysis and biostatistics.
- **Discovering causes of disease?** Your perfect career path could be epidemiology and disease prevention.
- **Biology and ecology?** Make an impact in environmental health.

Our 120-credit program includes general education foundations, Public Health major courses, **and 27-33 elective credits tailored to your interests and career goals.** The electives allow you to combine the BS in Public Health degree with specialization in one of UWM's many certificates ([https://catalog.uwm.edu/programs/#filter=filter\\_26&filter\\_19](https://catalog.uwm.edu/programs/#filter=filter_26&filter_19)) or minors ([https://catalog.uwm.edu/programs/#filter=filter\\_46](https://catalog.uwm.edu/programs/#filter=filter_46)) of your choice.

**We welcome transfer students!** To learn how to transfer credits from another university to UWM and the BS in Public Health program, reach out to the Zilber College of Public Health undergraduate advising (<https://uwm.edu/publichealth/students/undergraduate-advising/>).

We also offer an accelerated Master of Public Health (MPH) degree (p. 1367) with four areas of specialization. This program allows high achieving undergraduates to save time and money by **completing their bachelor's and master's degree in public health in only 5 years!**

We want to hear from you! Email [bs-ph@uwm.edu](mailto:bs-ph@uwm.edu) to learn more about the BS in Public Health degree.

## Requirements

Students must earn a minimum of 120 credits to complete the BS in Public Health degree.

Code	Title	Credits
	University General Education Requirements (GER)	0-20
	Foundations	33
	Public Health Major Requirements	54
	Electives, including certificate or minor	27-33
	<b>Minimum credits to degree</b>	<b>120</b>

### University General Education Requirements (GER)

Most of the University General Education Requirements (p. 30) are more than satisfied through the foundations coursework and the public health major requirements. All students should work with their public health advisor to ensure they meet all GER.

Code	Title	Credits
	<b>Competency Requirements</b>	
	Oral and Written Communication (OWC) Part A	0-3
	Oral and Written Communication (OWC) Part B (satisfied through foundations coursework)	3
	Quantitative Literacy (QL) Part A (Math 102, Math 105 or Math 108 recommended)	0-3
	Quantitative Literacy (QL) Part B (satisfied through major coursework)	3
	Foreign Language	0-8

### Distribution Requirements (satisfied through foundations and major coursework)

Arts (GER-A)	3
Humanities (GER-HU)	6
Natural Sciences (GER-NS and GER-NS+)	6
Social Sciences (GER-SS)	6
Cultural Diversity (GER-CD)	3

New freshmen may require additional prerequisite coursework as a result of their English and math placement levels (<https://uwm.edu/onestop/enrolling/before-you-enroll/freshman-placement-testing/>). Credit for prerequisite academic work may not count towards the BS in Public Health degree.

### Foundations

Code	Title	Credits
	<i>Academic and Professional Writing</i>	
ENGLISH 201	Strategies for Academic Writing (satisfies OWCB)	3
	Select one of the following:	3
ENGLISH 207	Health Science Writing <sup>1</sup>	
ENGLISH 214	Writing in the Professions:	
	<i>Arts and Cultural Diversity (all courses listed satisfy GER-A and GER-CD)</i>	
	Select one of the following:	3
ART 100	American Art and Culture	
ART 150	Multicultural America <sup>1, 2</sup>	
ART 309	Issues in Contemporary Art: (prerequisite)	
DANCE 122	African Dance & Diaspora Technique I	
FILM 150	Multicultural America <sup>1, 2</sup>	
THEATRE 150	Multicultural America: <sup>1, 2</sup>	
	Other GER-A course approved by Zilber School academic advisor	
	<i>Communication/Public Speaking (satisfies GER-HU)</i>	
COMMUN 103	Public Speaking	3
	<i>Humanities (all courses listed satisfy GER-HU; some also satisfy GER-CD)</i>	
	Select one of the following:	3
AFRIC 100	Black Reality: Survey of African-American Society (HU, CD)	
AFRIC 102	Survey of African-American Literature (HU, CD)	
ENGLISH 150	Multicultural America (HU, CD) <sup>2</sup>	
ED POL 460	The Chicano Experience (HU, CD)	
ETHNIC 101	The Multi-Racial Origins of American Cultures (HU, CD)	
ETHNIC 275	Queer Migrations (HU, CD)	
HIST 150	Multicultural America (HU, CD) <sup>2</sup>	
HIST 229	History of Race, Science, and Medicine in the United States (HU, CD) <sup>3</sup>	
LGBT 200	Introduction to Lesbian, Gay, Bisexual, and Transgender Studies (HU)	
WGS 150	Multicultural America (HU, CD) <sup>1, 2</sup>	

WGS 201	Introduction to Women's and Gender Studies: A Humanities Perspective (HU)	
Any other 3 credit course that meets both GER-HU and GER-CD		
Other humanities course approved by Zilber School academic advisor		
<i>Historical Perspectives (satisfy GER-HU, GER-SS, and/or GER-CD)</i>		
Select one of the following:		3
AFRIC 112	Introduction to African-American History, 1865 to the Present (HU, CD)	
AIS 203	Western Great Lakes American Indian Community Life of the Past (SS, CD)	
AIS 262	North American Indian History to 1887 (SS, CD)	
AIS 263	North American Indian History Since 1887 (SS, CD)	
HIST 132	World History Since 1500 (HU)	
HIST 151	American History: 1607 to 1877 (SS)	
HIST 152	American History: 1877 to the Present (SS)	
HIST 176	East Asian Civilization Since 1600 (HU)	
HIST 229	History of Race, Science, and Medicine in the United States (HU, CD) <sup>1,3</sup>	
HIST 282	The Modern Middle East in the Nineteenth and Twentieth Centuries (HU)	
HMONG 265	Hmong Americans: History, Culture, and Contemporary Life (SS, CD)	
Other history course approved by Zilber School academic advisor		
<i>Ethics</i>		
Select one of the following:		3
PHILOS 241	Introductory Ethics (HU)	
PHILOS 243	Moral Problems: (HU - Must take 3 topics; topics include Abortion, Bioethics, Contemporary Problems, Drugs and Addiction, Euthanasia, Immigration and Citizenship) <sup>4</sup>	
PHILOS 244	Ethical Issues in Health Care: (HU)	
PHILOS 337	Environmental Ethics (prereq jr st)	
Other ethics course approved by Zilber School academic advisor		
<i>Natural Science</i>		
BIO SCI 102	Elements of Biology (satisfies GER-NS with lab)	3
Other biology course approved by Zilber School academic advisor		
<i>Political Science (all courses listed satisfy GER-SS)</i>		
Select one of the following:		3
POL SCI 104	Introduction to American Government and Politics	
POL SCI 175	Introduction to International Relations	
POL SCI 210	American Public Policy <sup>1</sup>	
Other political science course approved by Zilber School academic advisor		
<i>Behavioral Science (all courses listed satisfy GER-SS)</i>		

Select one of the following:		3
HCA 203	Human Life Cycle (prereq soph st)	
PH 306	Adolescent Health & Development (see prereqs)	
PSYCH 101	Introduction to Psychology	
SOCIOL 104	Introduction to Social Psychology	
Other behavioral science course approved by Zilber School academic advisor		
<i>Social Inequality (nearly all courses satisfy GER-SS; some also satisfy GER-CD)</i>		
Select one of the following:		3
AIS 101	Introduction to American Indian Studies (SS, CD)	
GEOG 114	Geography of Race in the United States (SS, CD) <sup>1</sup>	
LATINX 101	Introduction to Latino Studies (SS, CD)	
SOCIOL 102	Solving Social Problems (SS)	
SOCIOL 224	Race and Ethnicity in the United States (SS, CD; prereq soph st)	
SOCIOL 233	Social Inequality in the United States (SS; prereq soph st)	
SOCIOL 250	Sex and Gender (SS; prereq soph st)	
SOCIOL 255	Sociology of Sexuality (SS; prereq soph st)	
URBPLAN 141	Urban Planning Solutions to Contemporary Urban Problems (SS)	
URB STD 150	Multicultural America (SS, CD) <sup>1,2</sup>	
URBPLAN 350	Social Justice, Urban Planning and the New Multicultural America (CD)	
WGS 200	Introduction to Women's and Gender Studies: A Social Science Perspective (SS)	
Other social inequality course approved by Zilber School academic advisor		

**Total Credits 33**

<sup>1</sup> Recommended selection.  
<sup>2</sup> Has service learning component.  
<sup>3</sup> HIST 229 may only count for one Foundations category.  
<sup>4</sup> 1 credit course; must take three separate topics for 3 credits total.

### Public Health Major Requirements

Code	Title	Credits
PH 101	Introduction to Public Health (GER-SS)	3
PH 142	Exploring Global Environmental Health	3
PH 201	Public Health from Cells to Society I	3
PH 202	Public Health from Cells to Society II	3
KIN 270	Statistics in the Health Professions: Theory and Practice (QLB) <sup>5</sup>	3
or SOCIOL 261	Introduction to Statistical Thinking in Sociology	
PH 302	Health and Disease: Concepts and Contexts	3
PH 304	Foundations of Epidemiology	3

PH 303	Climate Change, the Environment and Human Health (GER-NS)	3
PH 319	Introduction to Health Disparities	3
PH 327	Foundations for Action in Public Health	3
PH 346	Environmental Health and Disease	3
PH 355	Public Health Research Methods I	3
PH 408	Comparative Health Systems: A Social Determinants Approach	3
PH 410	True Lies: Consuming and Communicating Quantitative Information	3
PH 427	Strategies for Action in Public Health	3
PH 428	Program Implementation & Evaluation for a Healthy Society	3
PH 455	Public Health Research Methods II	3
PH 600	Public Health Integrative Experience (Service Learning)	3
<b>Total Credits</b>		<b>54</b>

<sup>5</sup> Select QLB course substitutions allowed - please see your public health academic advisor.

## Electives

With the help of their academic advisor, students will select electives to complete the 120 total credits required for the degree. Electives are tailored to each student's interests and career goals. Students may choose a related area of specialization outside of the Zilber College by completing any minor ([https://catalog.uwm.edu/programs/#filter=filter\\_46](https://catalog.uwm.edu/programs/#filter=filter_46)) or interdisciplinary certificate ([https://catalog.uwm.edu/programs/#filter=filter\\_26&filter\\_19](https://catalog.uwm.edu/programs/#filter=filter_26&filter_19)) offered by UWM, typically comprised of 18-22 credits. In some cases, students may choose to study two related areas, or they may complement a certificate or minor with other courses of interest.

## Certificates or Minors

Certificates of potential interest to public health students include, but are not limited to: Community Arts, Community Engagement Strategies, Community Leadership, Comparative Ethnic Studies, Cultures and Communities, Food Studies, Global Health, Healthy Aging, Lesbian, Gay, Bisexual, and Transgender (LGBT) Studies, Quantitative Social Data Analysis, Spanish for Health Professionals, Urban Planning, and Urban Studies.

Minors of potential interest to public health students include, but are not limited to: Community Engagement, Geographic Information Science, Geography, Global Studies, Health Care Administration, International Studies, Mathematics (Statistics), Nutritional Sciences, and Women's and Gender Studies.

## Degree and Graduation Requirements

A minimum of 120 semester credits is required to complete the BS in Public Health degree. A cumulative GPA of 2.25 or greater, including transferable credits and all credits earned at UWM, is required for graduation. Students must also maintain an average GPA of 2.5 in all public health major courses required for graduation (54 credits total).

If, during the program, a student falls below these minimum GPA requirements, the student will be placed on academic probation. A

student who remains on probation for more than two consecutive semesters will be dismissed from the major.

Students who earn a D+ or lower in any public health major course required for graduation (54 credits) must repeat the course and earn at least a C-. Courses required for the BS in Public Health degree may be repeated only **once**. Students who twice earn a grade lower than these requirements will be dismissed from the public health major.

Students who are struggling in their courses for any reason are encouraged to access retention services available in the Zilber College of Public Health.

## Plan of Study

Year 1		
Semester 1		Credits
PH 101	Introduction to Public Health	3
Select one of the following:		3
MATH 102	Mathematical Literacy for College Students II	
MATH 105	Introduction to College Algebra (QLA)	
MATH 108	Algebraic Literacy II (QLA)

## Core Competencies

The BS in Public Health program has 15 core competencies designed to meet Council on Education for Public Health (CEPH) accreditation requirements. Graduates of the Public Health major will be able to:

1. Explain the importance of respect for diverse values, beliefs, cultures, and the dignity of individuals and communities in public health practice;
2. Explain the history and philosophy of public health, including its core values, theories, concepts, and functions in society;
3. Collect and analyze public health data using fundamental quantitative and qualitative methods and instruments;
4. Locate and evaluate primary scientific literature and other information sources (e.g., media) to inform evidence-based public health approaches;
5. Outline evidence-based approaches—using data, assessment, and evaluation—to address public health problems;
6. Explain why and how public health professionals should ethically engage in interactions with study/program participants, community (partners and stakeholders), and others to address population health and health equity;
7. Develop advocacy strategies for multi-level social policies and interventions to promote population health;
8. Assess the advantages and disadvantages of health promotion interventions for specific populations;
9. Discuss ethical social, ecological, political, and community approaches to public health dilemmas;
10. Explain the natural history of human health and disease, their biological and environmental origins, distribution among populations, and strategies for their prevention, management, and control;
11. Explain the interrelationship between hazards in the natural and built environment, and human and population health;
12. Explain multilevel and ecosocial pathways through which social, economic, legal, and political structures and systems affect population health and health inequities across the lifecourse;
13. Interpret environmental, regulatory, legal, and economic structures, as well as their interactions, within communities and health systems from the perspective of social justice and human rights;
14. Apply fundamental concepts and features of public health interventions and programs, including their planning, implementation, assessment, and evaluation; and
15. Communicate public health evidence and concepts to diverse audiences using a variety of modalities and media.

## Admission to the School of Public Health

Students who meet the standard University admission requirements are admissible to the College of Public Health. For undergraduate admission requirements, see the Admission (p. 15) section of this catalog.

## Accelerated Program Option

This program is offered as part of an accelerated graduate program. For more information, see Accelerated Graduate Degrees (p. 37).

## Zilber College of Public Health Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Public Health, MPH/Social Work, MSW

The Zilber College of Public Health and the Helen Bader School of Social Welfare collaboratively offer a program designed to provide students with theoretical, research-based policy and practice knowledge and accompanying skill sets, to address health inequities and inequalities and respond to the health and well-being needs of communities at the local, regional, national and international arenas.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found

by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

## Admission

Students are admitted to each graduate program separately and based on admission requirements which are consistent with those specified by the UWM Graduate School, the MPH program in the Zilber College of Public Health, and the MSW program of the Department of Social Work.

## Credits and Courses

Students accepted into this MPH/MSW program complete the following courses:

### Master of Public Health (MPH)

#### Required Common Core Courses (24-25 Credits)

Code	Title	Credits
<b>Required Common Core Courses</b>		
PH 702	Introduction to Biostatistics	3
PH 703	Environmental Health Sciences	3
PH 704	Principles and Methods of Epidemiology	3
PH 705	Principles of Public Health Policy and Administration	3
PH 706	Perspectives on Community & Behavioral Health	3
PH 708	Health Systems and Population Health	3
PH 733	Overview of Qualitative Methods for Public Health *	1
PH 791	Leadership in Public Health	1
PH 800	Capstone in Public Health	2
SOC WRK 823	Coordinated Public Health and Social Work Field Education **	3
<b>Total Credits</b>		<b>25</b>

\* Students in the PHP Track take PH 776 Qualitative Approaches in Public Health Policy instead of PH 733. Students in the CBHP Track may take PH 776 Qualitative Approaches in Public Health Policy as an elective instead of PH 733.

\*\* SOC WRK 823 satisfies the PH 790 Field Experience for MPH/MSW students.

#### Students specialize in one of the two public health tracks of study:

- Community and Behavioral Health Promotion
- Public Health Policy

#### Community and Behavioral Health Promotion Track (24 credits)

In addition to the common MPH core classes, students complete:

Code	Title	Credits
<b>Required Courses</b>		
PH 700	Structures of Inequality and Population Health	3
PH 725	Theories and Models of Health Behavior	3
PH 726	Community Health Assessment	3
PH 727	Program Planning & Implementation in Public Health	3
PH 728	Program Evaluation in Public Health	3

<b>Electives (see table below)</b>	<b>9</b>
<b>Total Credits</b>	<b>24</b>

#### Community and Behavioral Health Promotion Electives

Code	Title	Credits
<b>Methods "S" Electives</b>		
Select two of the following courses:		
PH 729	Survey Research Methods in Public Health	3
PH 776	Qualitative Approaches in Public Health Policy	3
PH 831	Community Engagement and Participatory Research Approaches in Public Health	3

<b>Electives</b>	<b>3</b>	
Select one of the following courses:		
PH 719	Social Justice in Public Health	3
PH 730	Overview of Children with Special Health Care Needs	3
PH 740	Special Topics in Public Health:	1-3
PH 752	Public Health and Mental Health	3
PH 820	Maternal and Child Health Foundations, Policy and Practice	3
PH 999	Independent Study	1-3
Other courses as approved by advisor.		

#### Public Health Policy Track (24 credits)

In addition to the common MPH core classes, students complete:

Code	Title	Credits
<b>Required Courses</b>		
PH 776	Qualitative Approaches in Public Health Policy	3
PH 777	Quantitative Research Methods for Public Health Policy	3
PH 779	Public Health Policymaking and Policy Analysis	3
PH 785	Principles of Public Health Economics	3
<b>Electives (see table below)</b>	<b>12</b>	

<b>Total Credits</b>	<b>24</b>
----------------------	-----------

#### Public Health Policy Electives

Code	Title	Credits
<b>Content Elective</b>		
Select one of the following courses:		
ED POL 630G	Race, Ethnicity, and Public Policy in Urban America	3
PH 700	Structures of Inequality and Population Health	3
PH 719	Social Justice in Public Health	3
PH 730	Overview of Children with Special Health Care Needs	3
PH 752	Public Health and Mental Health	3
PH 769	Critical Perspectives on Nutritional Epidemiology and the Food System	3

PH 784	Social and Economic Policy as Health Policy	3
PH 820	Maternal and Child Health Foundations, Policy and Practice	3
PH 859	Racial/Ethnic Health Disparities in the United States	3

**Methods and Practice Elective 9**

Select three of the following courses:

BUS ADM 755	Health Care Administration and Delivery Systems	3
BUS ADM 766	Marketing for Nonprofit Organizations	3
ED POL 601	Foundations of Community-Based Organizations	3
ED POL 602	Proposal Writing and Fundraising Skills for Community-Based Organizations	3
NONPROF 791	Nonprofit Advocacy and Public Policy	3
PH 726	Community Health Assessment	3
PH 727	Program Planning & Implementation in Public Health	3
PH 728	Program Evaluation in Public Health	3
PH 729	Survey Research Methods in Public Health	3
PH 763	Epidemiology for Equity	3
PUB ADM 630	Budgeting and Finance in the Public Sector	3
PUB ADM 763	Scope and Dynamics of Public Administration	3
URBPLAN 791	Introduction to Urban Geographic Information Systems for Planning	3

Other courses as approved by advisor.

**Total MPH Degree Credits Required: 48-49 Credit Hours  
Master of Social Work (MSW)**

Code	Title	Credits
<b>Foundation Curriculum</b>		
SOC WRK 604	Social Systems and Social Work Practice	3
SOC WRK 662	Methods of Social Welfare Research	3
SOC WRK 665	Cultural Diversity and Social Work	3
SOC WRK 705	Individual Behavior and Social Welfare	3
SOC WRK 708	Social Work Methods I: Individuals and Families	3
SOC WRK 709	Social Work Methods II: Groups, Organizations and Communities	2
SOC WRK 721	Field Instruction I	3
SOC WRK 750	Social Welfare Policy Development and Implementation	2
<b>Advanced Practice Curriculum</b>		
SOC WRK 711	Direct Social Work Practice I	3
SOC WRK 712	Advanced Practice and Leadership in Organizations and Communities	3
SOC WRK 795	Evaluation of Social Work Practice and Programs	3
SOC WRK 851	Social Issue and Policy Analysis:	3

**Field Courses**

SOC WRK 722	Field Instruction II	3
SOC WRK 822	Field Instruction IV	3
SOC WRK 823	Coordinated Public Health and Social Work Field Education	3

**Electives (see table below) 4**

**Total Credits 47**

**Electives**

Code	Title	Credits
Choose at least two courses:		
SOC WRK 630G	Families and Poverty	2-3
SOC WRK 680G	Death and Dying	3
SOC WRK 685G	Social Gerontology	3
SOC WRK 690G	Mindfulness and Community Building	3
SOC WRK 753	Adult Psychopathology	3
SOC WRK 754	Child and Adolescent Psychopathology	2
SOC WRK 765	Social Work Boundaries and Ethics in Professional Practice	2-3
SOC WRK 771	Development of the Family Over the Life Span	3
SOC WRK 774	Trauma Counseling I: Theory and Research	3
SOC WRK 775	Trauma Counseling II: Diagnosis and Treatment	3
SOC WRK 791	Current Topics in Social Work:	1-3
SOC WRK 811	Direct Social Work Practice II:	3
SOC WRK 818	Treatment of Co-Occurring Disorders	3
SOC WRK 820	Seminar in Social Work Practice:	2
SOC WRK 855	Practice Skills and Concepts for Aging and Health	3
SOC WRK 999	Independent Reading in Social Work	1-3

Other courses as approved by advisor.

**Total Degree Credits Required:**

(1) With BSW: 34 cr. (includes 9 cr. satisfied by public health credits)

(2) Without BSW: 56 cr. (includes 9 cr. satisfied by public health credits)

**Total Credits for Coordinated Degree Program:**

(1) With BSW: 73 - 74 cr.

(2) Without BSW: 95 - 96 cr.

The credits for the coordinated program would typically be completed in both programs at the same time, rather than one program after the other. A student not completing the requirements for the coordinated degree program would need to complete all requirements for an individual program in order to receive a degree.

**Additional Requirements**

**Time Limit**

Students in the coordinated MPH/MSW degree program must complete all degree requirements within seven years of the first enrollment semester as a degree student.

## Public Health, MPH: Biostatistics

The Biostatistics track builds on the classic Public Health Biostatistics skill and knowledge base and takes advantage of special knowledge of its faculty in the areas of genetics, bioinformatics, network analysis, causal inference, and big data science. Students have the opportunity to learn and apply statistical genetics in the context of complex disease study, high throughout computing used in "big" data science, applications in evidence-based patient-centered outcome studies, and population-based epidemiological studies. Courses include topics and material such as interpretation of personalized and evidence-based medicine in the context of public health; basic understanding of genetics and epigenetics; general "omic" approaches and concepts; as well as classic Biostatistics topics such as Survival and Categorical data analysis.

### Related Certificate

- Interprofessional Graduate Certificate in Public and Population Health (p. 1345)
- Graduate Certificate in Maternal and Child Health (p. 1354)

The Zilber College of Public Health (CPH) offers a Master of Public Health (MPH) with concentration in six tracks of study, a PhD in Public Health with a Concentration in Community and Behavioral Health Promotion, a PhD in Public Health with a Concentration in Biostatistics, a PhD in Environmental Health Sciences, and a PhD in Epidemiology.

### Master of Public Health

The Master of Public Health (MPH) offered by the Zilber CPH is a professional master's degree program that provides students with a broad understanding of public health practice. Students in the MPH program can specialize in six distinct tracks of study: 1) Biostatistics, 2) Community and Behavioral Health Promotion, 3) Environmental Health Sciences, 4) Epidemiology, 5) Public Health Policy, and 6) Nutrition and Dietetics. The College also offers a coordinated MPH/MSW degree in collaboration with the Helen Bader School of Social Welfare.

Like most MPH programs, the Zilber CPH's program imparts knowledge and skills in each of these core disciplines in public health, helping prepare all students to analyze information and consider solutions to public health problems using a social justice lens at the community, institutional, and societal levels. Courses have been designed to teach program- and track-level competencies as defined by Zilber CPH faculty. Program-level competencies reflect key public health skills including systems thinking, ethics, analytical methods, communications/informatics, diversity/culture, leadership, and professionalism. In addition, students engage in a specific track of study, gaining deeper competency in one of the six areas. Upon graduation students are prepared for positions in a range of public/population health and healthcare settings and/or for doctoral-level study.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements as well as the desired track of study requirements. The following steps must be met to be considered for admission to the MPH Program. These materials will be considered in a holistic admissions process with special attention to ensure a diverse student body.

1. Three letters of recommendation from persons familiar with the applicant's academic experience and potential for graduate work in public health.
2. CV or Resume.
3. Address the following two short essay questions, limiting responses to no more than 500 words (approximately 250 words per question):
  - Describe how your professional, volunteer, and educational background has led you to seek a degree in public health.
  - How will your desired track of study help you reach your personal and professional goals in public health?
4. International applicants must also meet admission standards set and monitored by UWM's Center for International Education.
5. MPH applicants must use SOPHAS (<https://sophas.org/>) to apply. Applicants must select the track to which they are applying: Biostatistics, Community and Behavioral Health Promotion, Environmental Health Sciences, Epidemiology, Public Health Policy, or Nutrition and Dietetics.

### Credits and Courses

All students enrolled in the MPH program take a common set of core classes designed to give basic skills and knowledge of public health concepts. The core curriculum consists of at least 24-25 credit hours, including four credits for the Field Experience (3 credits) and Leadership in Public Health (1 credit) courses and a two-credit capstone seminar. In addition to the common core, students complete the required coursework in one of six specialization tracks (total program credits in parentheses): Biostatistics (46 credits), Community and Behavioral Health Promotion (48-49 credits), Environmental Health Sciences (45 credits), Epidemiology (49 credits), Public Health Policy (48 credits), or Nutrition and Dietetics (64 credits). Students must maintain a cumulative GPA of 3.0 or better in order to progress through the program.

### MPH Required Common Core Courses (24-25 credits)

Code	Title	Credits
PH 702	Introduction to Biostatistics	3
PH 703	Environmental Health Sciences	3
PH 704	Principles and Methods of Epidemiology	3
PH 705	Principles of Public Health Policy and Administration	3
PH 706	Perspectives on Community & Behavioral Health	3
PH 708	Health Systems and Population Health	3
PH 733	Overview of Qualitative Methods for Public Health <sup>1</sup>	1
PH 790	Field Experience in Public Health (See following section for details) <sup>2</sup>	3
PH 791	Leadership in Public Health	1

PH 800	Capstone in Public Health (See following section for details) <sup>3</sup>	2
<b>Total Credits</b>		<b>25</b>

<sup>1</sup> Required for students in the Biostatistics, Environmental Health Science, Epidemiology, and Nutrition and Dietetics Tracks. Community and Behavioral Health Promotion Track students who take a qualitative methods course and Public Health Policy Track students would be exempt.  
<sup>2</sup> Satisfactory/Unsatisfactory; may be taken for 1, 2, or 3 credits in a given semester. A total of 3 credits is required.  
<sup>3</sup> Satisfactory/Unsatisfactory; completed in the final semester of study.

## Field Experience

The Field Experience enables students to apply knowledge and skills learned in the classroom to public health problems in a community context. Students work with their Faculty Advisor and college staff to identify a placement that matches their public health interests and career goals. Possible placement settings include a local health department, state health department, non-profit agency, hospital system, or research institute. Students in the Nutrition and Dietetics track will be provided with specific placement(s) by the program. The experience is a mentored placement engaging both a faculty advisor and a site preceptor. Students complete at least two products as agreed upon with the site preceptor. This course is offered in the summer, fall, and spring semesters.

Students complete three credits (80 contact hours per one credit, 240 hours total) with the organization. The specified competencies, scope of work, and final products for the organization are defined in a learning agreement, which is signed by the student, preceptor, faculty advisor and course instructor. Students must demonstrate attainment of at least five competencies, three of which must be Council on Education for Public Health (CEPH) MPH Foundational Competencies (see Field Experience Handbook), and two of which are identified from the track competency sets.

The following two CEPH MPH Foundational Competencies are required of all students:

**#16.** Apply leadership and/or management principles to address a relevant issue (may include creating a vision, empowering others, fostering collaboration, and guiding decision making).

**#19.** Communicate audience-appropriate (i.e., non-academic, non-peer audience) public health content, both in writing and through oral presentation.

Students choose their third Foundational Competency.

Students enrolled in the Nutritional and Dietetics track will be required to demonstrate attainment of select competencies from the Accreditation Council for Education in Nutrition and Dietetics (ACEND) during Field Experience in Public Health. Nutrition and Dietetics students will be required to meet the 3-credit requirement for Field Experience in Public Health in one semester and complete additional field experience program requirements in food systems management and medical nutrition therapy.

In addition, students take the one-credit Leadership Public Health course. This course is designed to give students the opportunity to apply three specific CEPH MPH Foundational Competencies related to the Field Experience. The Field Experience setting provides students with

opportunities to integrate these competencies through their projects, observe professionals in their organizations and the community, and learn important skills in these three areas. The required competencies are:

**#16.** Apply leadership and/or management principles to address a relevant issue (may include creating a vision, empowering others, fostering collaboration, and guiding decision making).

**#17.** Apply negotiation and mediation skills to address organizational or community challenges (among parties with conflicting interests and/or different desired outcomes).

**#21.** Integrate perspectives from other sectors and/or professions to promote and advance population health (direct engagement between student[s] and individual[s] in a sector or profession other than public health to complete a task or solve a problem).

Students fulfill these competencies with readings and through a series of activities including case studies or scenarios/role playing exercises. Assessments for the leadership, negotiation and interprofessional team competencies include participation in the sessions and written papers. The Leadership in Public Health course is offered in the summer and fall semesters. All four Field Experience and Leadership course credits may be taken in one semester or spread out over two semesters.

## Capstone

The capstone requires students to integrate the knowledge and skills learned in the classroom, Field Experience, and/or lab into some aspect of professional public health practice. The capstone project is an opportunity for students to synthesize and demonstrate public health competencies. Capstone projects can vary by track and usually include analysis of information and data. The projects also include a comprehensive literature review as required by track.

Students work with their Faculty Advisor to write a project proposal the semester prior to the capstone reflecting the student's interests and career goals. Students then implement the project during their final semester of the program. The project has both written paper and oral presentation components. In addition, students attend several weekly seminars.

## Biostatistics Concentration

Code	Title	Credits
<b>Required Courses</b>		
PH 711	Intermediate Biostatistics	3
PH 712	Probability and Statistical Inference	3
PH 718	Data Management and Visualization in R	3
<b>Electives (see table below)</b>		<b>12</b>
<b>Total Credits</b>		<b>21</b>

### Electives

Code	Title	Credits
<b>Select four of the following courses:</b>		
PH 714	Statistical Genetics and Genetic Epidemiology	3
PH 715	Applied Categorical Data	3
PH 716	Applied Survival Analysis	3
PH 717	Applied Longitudinal Data Analysis	3

PH 720	Special Topics in Biostatistics:	1-3
PH 721	Introduction to Translational Bioinformatics	3
PH 723	Design, Conduct and Analysis of Clinical Trials	3

Other courses as approved by advisor.

## Additional Requirements

### Faculty Advisor

Each student will be assigned a track-specific Faculty Advisor during Orientation week preceding the first semester. Faculty Advisors assist the student in the development of an individual Plan of Study designed to advance the career goals of the student and be consistent with the track curriculum. The Advisor plays an important role in connecting the Field Experience, Capstone, and career goals for each student. If deemed necessary, any student can petition to the Zilber Office of Academic and Student Affairs for a reassignment of Faculty Advisor. Program track faculty will make every effort to accommodate requests to give all students opportunities for success in the MPH Program.

### Thesis

Not required. See capstone for similar culminating experience.

### Comprehensive Examination

Not required. See capstone for similar culminating experience.

### Time Limit

The student must complete all degree requirements within seven years of initial enrollment.

## Public Health, MPH: Community and Behavioral Health Promotion

The Community and Behavioral Health Promotion (CBHP) track focuses on promoting the health of communities through innovative approaches to community engagement and collaborative practice. Coursework addresses theories and frameworks in social and behavioral science, evidence-based methods for program planning (including assessment) and implementation, and program evaluation. Students apply a social justice and equity-centered approach to public health training and practice. Methodological approaches address quantitative, qualitative, and community-engaged techniques.

## Related Certificate

- Interprofessional Graduate Certificate in Public and Population Health (p. 1345)
- Graduate Certificate in Maternal and Child Health (p. 1354)

The Zilber College of Public Health (CPH) offers a Master of Public Health (MPH) with concentration in six tracks of study, a PhD in Public Health with a Concentration in Community and Behavioral Health Promotion, a PhD in Public Health with a Concentration in Biostatistics, a PhD in Environmental Health Sciences, and a PhD in Epidemiology.

## Master of Public Health

The Master of Public Health (MPH) offered by the Zilber CPH is a professional master's degree program that provides students with a broad understanding of public health practice. Students in the MPH

program can specialize in six distinct tracks of study: 1) Biostatistics, 2) Community and Behavioral Health Promotion, 3) Environmental Health Sciences, 4) Epidemiology, 5) Public Health Policy, and 6) Nutrition and Dietetics. The College also offers a coordinated MPH/MSW degree in collaboration with the Helen Bader School of Social Welfare.

Like most MPH programs, the Zilber CPH's program imparts knowledge and skills in each of these core disciplines in public health, helping prepare all students to analyze information and consider solutions to public health problems using a social justice lens at the community, institutional, and societal levels. Courses have been designed to teach program- and track-level competencies as defined by Zilber CPH faculty. Program-level competencies reflect key public health skills including systems thinking, ethics, analytical methods, communications/informatics, diversity/culture, leadership, and professionalism. In addition, students engage in a specific track of study, gaining deeper competency in one of the six areas. Upon graduation students are prepared for positions in a range of public/population health and healthcare settings and/or for doctoral-level study.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements as well as the desired track of study requirements. The following steps must be met to be considered for admission to the MPH Program. These materials will be considered in a holistic admissions process with special attention to ensure a diverse student body.

1. Three letters of recommendation from persons familiar with the applicant's academic experience and potential for graduate work in public health.
2. CV or Resume.
3. Address the following two short essay questions, limiting responses to no more than 500 words (approximately 250 words per question):
  - Describe how your professional, volunteer, and educational background has led you to seek a degree in public health.
  - How will your desired track of study help you reach your personal and professional goals in public health?
4. International applicants must also meet admission standards set and monitored by UWM's Center for International Education.
5. MPH applicants must use SOPHAS (<https://sophas.org/>) to apply. Applicants must select the track to which they are applying: Biostatistics, Community and Behavioral Health Promotion, Environmental Health Sciences, Epidemiology, Public Health Policy, or Nutrition and Dietetics.

## Credits and Courses

All students enrolled in the MPH program take a common set of core classes designed to give basic skills and knowledge of public health concepts. The core curriculum consists of at least 24-25 credit hours, including four credits for the Field Experience (3 credits) and Leadership in Public Health (1 credit) courses and a two-credit capstone seminar. In addition to the common core, students complete the required coursework

in one of six specialization tracks (total program credits in parentheses): Biostatistics (46 credits), Community and Behavioral Health Promotion (48-49 credits), Environmental Health Sciences (45 credits), Epidemiology (49 credits), Public Health Policy (48 credits), or Nutrition and Dietetics (64 credits). Students must maintain a cumulative GPA of 3.0 or better in order to progress through the program.

## Time Limit

The student must complete all degree requirements within seven years of initial enrollment.

## Accelerated Program Option

This program is offered as part of an accelerated graduate program. For more information, see Accelerated Graduate Degrees (p. 37).

## Public Health, MPH: Environmental Health Sciences

Environmental Health Sciences MPH students learn the biological, chemical, and structural components of public health and how to put current research into practice. Students' experiences incorporate environmental health theories with cross-cutting public health competencies such as communication, public health biology, systems-thinking and leadership.

Faculty for this program are drawn from a number of departments and research units at UWM, affording the student an unparalleled opportunity for cross-disciplinary training and the performance of novel research projects. Laboratories and equipment are available across campus to promote innovative concepts in issues of Environmental Health Sciences.

### Time Limit

The student must complete all degree requirements within seven years of initial enrollment.

## Accelerated Program Option

This program is offered as part of an accelerated graduate program. For more information, see Accelerated Graduate Degrees (p. 37).

## Public Health, MPH: Epidemiology

The Epidemiology track emphasizes the application of epidemiologic theory and methods for promoting social justice and health equity. The integrated multidisciplinary curriculum bridges theory, research, and practice to prepare students to engage in rigorous, collaborative, evidence-informed and reflexive public health practice. Through both didactic and experiential learning, students acquire foundations of applied epidemiological methods, epidemiologic data analysis, theories of social inequality, social epidemiology, and community partnership building. Graduates are able to collect, analyze, and interpret epidemiological information, generate theory-driven hypotheses and research questions, and work in true collaboration with diverse community partners to create social change to improve the public's health and reduce health inequities.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements as well as the desired track of study requirements. The following steps must be met to be considered for admission to the MPH Program. These materials will be considered in a holistic admissions process with special attention to ensure a diverse student body.

1. Three letters of recommendation from persons familiar with the applicant's academic experience and potential for graduate work in public health.
2. CV or Resume.
3. Address the following two short essay questions, limiting responses to no more than 500 words (approximately 250 words per question):
  - Describe how your professional, volunteer, and educational background has led you to seek a degree in public health.
  - How will your desired track of study help you reach your personal and professional goals in public health?
4. International applicants must also meet admission standards set and monitored by UWM's Center for International Education.
5. MPH applicants must use SOPHAS (<https://sophas.org/>) to apply. Applicants must select the track to which they are applying: Biostatistics, Community and Behavioral Health Promotion, Environmental Health Sciences, Epidemiology, Public Health Policy, or Nutrition and Dietetics.

### Credits and Courses

All students enrolled in the MPH program take a common set of core classes designed to give basic skills and knowledge of public health concepts. The core curriculum consists of at least 24-25 credit hours, including four credits for the Field Experience (3 credits) and Leadership in Public Health (1 credit) courses and a two-credit capstone seminar. In addition to the common core, students complete the required coursework in one of six specialization tracks (total program credits in parentheses): Biostatistics (46 credits), Community and Behavioral Health Promotion (48-49 credits), Environmental Health Sciences (45 credits), Epidemiology (49 credits), Public Health Policy (48 credits), or Nutrition and Dietetics (64 credits). Students must maintain a cumulative GPA of 3.0 or better in order to progress through the program.

### MPH Required Common Core Courses (24-25 credits)

Code	Title	Credits
PH 702	Introduction to Biostatistics	3
PH 703	Environmental Health Sciences	3
PH 704	Principles and Methods of Epidemiology	3
PH 705	Principles of Public Health Policy and Administration	3
PH 706	Perspectives on Community & Behavioral Health	3
PH 708	Health Systems and Population Health	3
PH 733	Overview of Qualitative Methods for Public Health <sup>1</sup>	1
PH 790	Field Experience in Public Health (See following section for details) <sup>2</sup>	3
PH 791	Leadership in Public Health	1

PH 800	Capstone in Public Health (See following section for details) <sup>3</sup>	2
<b>Total Credits</b>		<b>25</b>

<sup>1</sup> Required for students in the Biostatistics, Environmental Health Science, Epidemiology, and Nutrition and Dietetics Tracks. Community and Behavioral Health Promotion Track students who take a qualitative methods course and Public Health Policy Track students would be exempt.  
<sup>2</sup> Satisfactory/Unsatisfactory; may be taken for 1, 2, or 3 credits in a given semester. A total of 3 credits is required.  
<sup>3</sup> Satisfactory/Unsatisfactory; completed in the final semester of study.

### Field Experience

The Field Experience enables students to apply knowledge and skills learned in the classroom to public health problems in a community context. Students work with their Faculty Advisor and college staff to identify a placement that matches their public health interests and career goals. Possible placement settings include a local health department, state health department, non-profit agency, hospital system, or research institute. Students in the Nutrition and Dietetics track will be provided with specific placement(s) by the program. The experience is a mentored placement engaging both a faculty advisor and a site preceptor. Students complete at least two products as agreed upon with the site preceptor. This course is offered in the summer, fall, and spring semesters.

Students complete three credits (80 contact hours per one credit, 240 hours total) with the organization. The specified competencies, scope of work, and final products for the organization are defined in a learning agreement, which is signed by the student, preceptor, faculty advisor and course instructor. Students must demonstrate attainment of at least five competencies, three of which must be Council on Education for Public Health (CEPH) MPH Foundational Competencies (see Field Experience Handbook), and two of which are identified from the track competency sets.

The following two CEPH MPH Foundational Competencies are required of all students:

**#16.** Apply leadership and/or management principles to address a relevant issue (may include creating a vision, empowering others, fostering collaboration, and guiding decision making).

**#19.** Communicate audience-appropriate (i.e., non-academic, non-peer audience) public health content, both in writing and through oral presentation.

Students choose their third Foundational Competency.

Students enrolled in the Nutritional and Dietetics track will be required to demonstrate attainment of select competencies from the Accreditation Council for Education in Nutrition and Dietetics (ACEND) during Field Experience in Public Health. Nutrition and Dietetics students will be required to meet the 3-credit requirement for Field Experience in Public Health in one semester and complete additional field experience program requirements in food systems management and medical nutrition therapy.

In addition, students take the one-credit Leadership Public Health course. This course is designed to give students the opportunity to apply three specific CEPH MPH Foundational Competencies related to the Field Experience. The Field Experience setting provides students with

opportunities to integrate these competencies through their projects, observe professionals in their organizations and the community, and learn important skills in these three areas. The required competencies are:

**#16.** Apply leadership and/or management principles to address a relevant issue (may include creating a vision, empowering others, fostering collaboration, and guiding decision making).

**#17.** Apply negotiation and mediation skills to address organizational or community challenges (among parties with conflicting interests and/or different desired outcomes).

**#21.** Integrate perspectives from other sectors and/or professions to promote and advance population health (direct engagement between student[s] and individual[s] in a sector or profession other than public health to complete a task or solve a problem).

Students fulfill these competencies with readings and through a series of activities including case studies or scenarios/role playing exercises. Assessments for the leadership, negotiation and interprofessional team competencies include participation in the sessions and written papers. The Leadership in Public Health course is offered in the summer and fall semesters. All four Field Experience and Leadership course credits may be taken in one semester or spread out over two semesters.

### Capstone

The capstone requires students to integrate the knowledge and skills learned in the classroom, Field Experience, and/or lab into some aspect of professional public health practice. The capstone project is an opportunity for students to synthesize and demonstrate public health competencies. Capstone projects can vary by track and usually include analysis of information and data. The projects also include a comprehensive literature review as required by track.

Students work with their Faculty Advisor to write a project proposal the semester prior to the capstone reflecting the student's interests and career goals. Students then implement the project during their final semester of the program. The project has both written paper and oral presentation components. In addition, students attend several weekly seminars.

### Epidemiology Concentration

Code	Title	Credits
<b>Required Courses</b>		
PH 700	Structures of Inequality and Population Health	3
PH 758	Social Epidemiology	3
PH 759	Intro to Regression for Understanding the SDOH	3
PH 761	Epidemiology Field Methods	3
PH 763	Epidemiology for Equity	3
<b>Electives (see table below)</b>		<b>9</b>
<b>Total Credits</b>		<b>24</b>

<b>Electives</b>		
Code	Title	Credits
<b>Content electives</b>		
<b>3</b>		
Select one of the following courses:		
PH 762	Environmental Epidemiology	3

PH 768	Cancer Epidemiology	3
PH 769	Critical Perspectives on Nutritional Epidemiology and the Food System	3
PH 868	Epidemiologic Links Between Infectious and Chronic Disease	3
Other courses as approved by advisor.		
<b>Electives</b>		<b>6</b>
Select two of the following courses:		
GEOG 726	Geographic Information Science	4
PH 715	Applied Categorical Data	3
PH 716	Applied Survival Analysis	3
PH 717	Applied Longitudinal Data Analysis	3
PH 718	Data Management and Visualization in R	3
PH 727	Program Planning & Implementation in Public Health	3
PH 728	Program Evaluation in Public Health	3

PH 784	Social and Economic Policy as Health Policy	3
PH 779	Public Health Policymaking and Policy Analysis	3
PH 804	Advanced Epidemiology	3
PH 823	Applied Analysis of Binary Outcomes in Public Health Research	3
PH 904	Survey of Analytic Methods for Epidemiology	3
URBPLAN 791	Introduction to Urban Geographic Information Systems for Planning	3

Any Content Elective from above list.

Other courses as approved by advisor.

## Additional Requirements

### Faculty Advisor

Each student will be assigned a track-specific Faculty Advisor during Orientation week preceding the first semester. Faculty Advisors assist the student in the development of an individual Plan of Study designed to advance the career goals of the student and be consistent with the track curriculum. The Advisor plays an important role in connecting the Field Experience, Capstone, and career goals for each student. If deemed necessary, any student can petition to the Zilber Office of Academic and Student Affairs for a reassignment of Faculty Advisor. Program track faculty will make every effort to accommodate requests to give all students opportunities for success in the MPH Program.

### Thesis

Not required. See capstone for similar culminating experience.

### Comprehensive Examination

Not required. See capstone for similar culminating experience.

### Time Limit

The student must complete all degree requirements within seven years of initial enrollment.

## Accelerated Program Option

This program is offered as part of an accelerated graduate program. For more information, see Accelerated Graduate Degrees (p. 37).

## Public Health, MPH: Nutrition and Dietetics

The UWM MPH-Nutrition and Dietetics program integrates a competency-based curriculum of didactic, academic coursework with supervised experiential learning in public health nutrition, food systems management, and clinical nutrition to prepare graduates to practice as registered dietitian nutritionists (RDN).

## Accreditation Information

The University of Wisconsin-Milwaukee's MPH-Nutrition and Dietetics program has been granted candidate status by the Accreditation Council for Education in Nutrition and Dietetics of the Academy of Nutrition and Dietetics (<http://www.eatrightPRO.org/ACEND/>), 120 South Riverside Plaza, Suite 2190, Chicago, IL 60606-6995, (312) 899-0040 ext. 5400.

A new program that has been determined to be eligible to enroll students or accepting interns as the result of an on-site evaluation visit but has not had a graduating class may be granted candidate status. The granting of candidate status denotes a developmental program, which is expected to mature in accord with stated plans and within a defined time period. Reasonable assurances are expected to be provided that the program may become accredited as programmatic experiences are gained, generally, by the time the first class has graduated. Graduates of a class designated as having candidate status have the same rights and privileges as graduates of an accredited program.

UWM's MPH-Nutrition and Dietetics program is designed to align with ACEND's® Future Education Model Accreditation Standards for Graduate Programs in Nutrition and Dietetics. These accreditation standards require the integration of didactic coursework with supervised experiential learning in a competency-based curriculum designed to prepare students for careers as registered dietitian nutritionists (RDNs).

More information can be found on the MPH-Nutrition and Dietetics program webpage.

## Related Certificate

- Interprofessional Graduate Certificate in Public and Population Health (p. 1345)
- Graduate Certificate in Maternal and Child Health (p. 1354)

The Zilber College of Public Health (CPH) offers a Master of Public Health (MPH) with concentration in six tracks of study, a PhD in Public Health with a Concentration in Community and Behavioral Health Promotion, a PhD in Public Health with a Concentration in Biostatistics, a PhD in Environmental Health Sciences, and a PhD in Epidemiology.

## Master of Public Health

The Master of Public Health (MPH) offered by the Zilber CPH is a professional master's degree program that provides students with a broad understanding of public health practice. Students in the MPH program can specialize in six distinct tracks of study: 1) Biostatistics, 2) Community and Behavioral Health Promotion, 3) Environmental Health Sciences, 4) Epidemiology, 5) Public Health Policy, and 6) Nutrition and

Dietetics. The College also offers a coordinated MPH/MSW degree in collaboration with the Helen Bader School of Social Welfare.

Like most MPH programs, the Zilber CPH's program imparts knowledge and skills in each of these core disciplines in public health, helping prepare all students to analyze information and consider solutions to public health problems using a social justice lens at the community, institutional, and societal levels. Courses have been designed to teach program- and track-level competencies as defined by Zilber CPH faculty. Program-level competencies reflect key public health skills including systems thinking, ethics, analytical methods, communications/informatics, diversity/culture, leadership, and professionalism. In addition, students engage in a specific track of study, gaining deeper competency in one of the six areas. Upon graduation students are prepared for positions in a range of public/population health and healthcare settings and/or for doctoral-level study.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements as well as the desired track of study requirements. The following steps must be met to be considered for admission to the MPH Program. These materials will be considered in a holistic admissions process with special attention to ensure a diverse student body.

1. Three letters of recommendation from persons familiar with the applicant's academic experience and potential for graduate work in public health.
2. CV or Resume.
3. Address the following two short essay questions, limiting responses to no more than 500 words (approximately 250 words per question):
  - Describe how your professional, volunteer, and educational background has led you to seek a degree in public health.
  - How will your desired track of study help you reach your personal and professional goals in public health?
4. International applicants must also meet admission standards set and monitored by UWM's Center for International Education.
5. MPH applicants must use SOPHAS (<https://sophas.org/>) to apply. Applicants must select the track to which they are applying: Biostatistics, Community and Behavioral Health Promotion, Environmental Health Sciences, Epidemiology, Public Health Policy, or Nutrition and Dietetics.

## Credits and Courses

All students enrolled in the MPH program take a common set of core classes designed to give basic skills and knowledge of public health concepts. The core curriculum consists of at least 24-25 credit hours, including four credits for the Field Experience (3 credits) and Leadership in Public Health (1 credit) courses and a two-credit capstone seminar. In addition to the common core, students complete the required coursework in one of six specialization tracks (total program credits in parentheses): Biostatistics (46 credits), Community and Behavioral Health Promotion (48-49 credits), Environmental Health Sciences (45 credits), Epidemiology

(49 credits), Public Health Policy (48 credits), or Nutrition and Dietetics (64 credits). Students must maintain a cumulative GPA of 3.0 or better in order to progress through the program.

### MPH Required Common Core Courses (24-25 credits)

Code	Title	Credits
PH 702	Introduction to Biostatistics	3
PH 703	Environmental Health Sciences	3

PH 791	Leadership in Public Health	1
PH 800	Capstone in Public Health (See following section for details) <sup>3</sup>	2
<b>Total Credits</b>		<b>25</b>

<sup>1</sup> Required for students in the Biostatistics, Environmental Health Science, Epidemiology, and Nutrition and Dietetics Tracks. Community and Behavioral Health Promotion Track students who take a qualitative methods course and Public Health Policy Track students would be exempt.

<sup>2</sup> Satisfactory/Unsatisfactory; may be taken for 1, 2, or 3 credits in a given semester. A total of 3 credits is required.

<sup>3</sup> Satisfactory/Unsatisfactory; completed in the final semester of study.

### Field Experience

The Field Experience enables students to apply knowledge and skills learned in the classroom to public health problems in a community context. Students work with their Faculty Advisor and college staff to identify a placement that matches their public health interests and career goals. Possible placement settings include a local health department, state health department, non-profit agency, hospital system, or research institute. Students in the Nutrition and Dietetics track will be provided with specific placement(s) by the program. The experience is a mentored placement engaging both a faculty advisor and a site preceptor. Students complete at least two products as agreed upon with the site preceptor. This course is offered in the summer, fall, and spring semesters.

Students complete three credits (80 contact hours per one credit, 240 hours total) with the organization. The specified competencies, scope of work, and final products for the organization are defined in a learning agreement, which is signed by the student, preceptor, faculty advisor and course instructor. Students must demonstrate attainment of at least five competencies, three of which must be Council on Education for Public Health (CEPH) MPH Foundational Competencies (see Field Experience Handbook), and two of which are identified from the track competency sets.

The following two CEPH MPH Foundational Competencies are required of all students:

**#16.** Apply leadership and/or management principles to address a relevant issue (may include creating a vision, empowering others, fostering collaboration, and guiding decision making).

**#19.** Communicate audience-appropriate (i.e., non-academic, non-peer audience) public health content, both in writing and through oral presentation.

Students choose their third Foundational Competency.

Students enrolled in the Nutritional and Dietetics track will be required to demonstrate attainment of select competencies from the Accreditation Council for Education in Nutrition and Dietetics (ACEND) during Field Experience in Public Health. Nutrition and Dietetics students will be required to meet the 3-credit requirement for Field Experience in Public Health in one semester and complete additional field experience program requirements in food systems management and medical nutrition therapy.

In addition, students take the one-credit Leadership Public Health course. This course is designed to give students the opportunity to apply three specific CEPH MPH Foundational Competencies related to the Field Experience. The Field Experience setting provides students with opportunities to integrate these competencies through their projects, observe professionals in their organizations and the community, and learn important skills in these three areas. The required competencies are:

**#16.** Apply leadership and/or management principles to address a relevant issue (may include creating a vision, empowering others, fostering collaboration, and guiding decision making).

**#17.** Apply negotiation and mediation skills to address organizational or community challenges (among parties with conflicting interests and/or different desired outcomes).

**#21.** Integrate perspectives from other sectors and/or professions to promote and advance population health (direct engagement between student[s] and individual[s] in a sector or profession other than public health to complete a task or solve a problem).

Students fulfill these competencies with readings and through a series of activities including case studies or scenarios/role playing exercises. Assessments for the leadership, negotiation and interprofessional team competencies include participation in the sessions and written papers. The Leadership in Public Health course is offered in the summer and fall semesters. All four Field Experience and Leadership course credits may be taken in one semester or spread out over two semesters.

### Capstone

The capstone requires students to integrate the knowledge and skills learned in the classroom, Field Experience, and/or lab into some aspect of professional public health practice. The capstone project is an opportunity for students to synthesize and demonstrate public health competencies. Capstone projects can vary by track and usually include analysis of information and data. The projects also include a comprehensive literature review as required by track.

Students work with their Faculty Advisor to write a project proposal the semester prior to the capstone reflecting the student's interests and career goals. Students then implement the project during their final semester of the program. The project has both written paper and oral

presentation components. In addition, students attend several weekly seminars.

#### Thesis

Not required. See capstone for similar culminating experience.

#### Comprehensive Examination

Not required. See capstone for similar culminating experience.

#### Time Limit

The student must complete all degree requirements within seven years of initial enrollment.

## Public Health, MPH: Public Health Policy

Public health policy includes local, state, and federal policies that directly or indirectly impact the level and distribution of health in the population. At the Zilber School, we take a broad inter-sectoral view that includes a "Health in All Policies" approach. This framework recognizes that the level and distribution of health and wellbeing in the population are

fundamentally shaped by public policies that create the social and economic conditions that underlie population health and health equity.

### What makes our program distinct?

The Public Health Policy (PHP) track is nationally distinct in its inter-sectoral, systems-level, and justice focused curriculum. Emphasizing the social, political, and economic determinants of health, students in the PHP track gain foundational understanding of social and policy theories, and their relevance to public health practice and policymaking in various contexts.

The PHP track also uniquely trains students in both quantitative, econometric policy analysis and qualitative research methods, with application to real-world public health policy problems.

PH 784	Social and Economic Policy as Health Policy	3
PH 820	Maternal and Child Health Foundations, Policy and Practice	3
PH 859	Racial/Ethnic Health Disparities in the United States	3

Other courses as approved by advisor.

### Methods and Practice 9

Select three of the following courses:

BUS ADM 755	Health Care Administration and Delivery Systems	3
BUS ADM 766	Marketing for Nonprofit Organizations	3
ED POL 601	Foundations of Community-Based Organizations	3
ED POL 602	Proposal Writing and Fundraising Skills for Community-Based Organizations	3
NONPROF 791	Nonprofit Advocacy and Public Policy	3
PH 726	Community Health Assessment	3
PH 727	Program Planning & Implementation in Public Health	3
PH 728	Program Evaluation in Public Health	3
PH 729	Survey Research Methods in Public Health	3
PH 763	Epidemiology for Equity	3
PUB ADM 630	Budgeting and Finance in the Public Sector	3
PUB ADM 763	Scope and Dynamics of Public Administration	3
URBPLAN 791	Introduction to Urban Geographic Information Systems for Planning	3

Other courses as approved by advisor.

## Additional Requirements

### Faculty Advisor

Each student will be assigned a track-specific Faculty Advisor during Orientation week preceding the first semester. Faculty Advisors assist the student in the development of an individual Plan of Study designed to advance the career goals of the student and be consistent with the track curriculum. The Advisor plays an important role in connecting the Field Experience, Capstone, and career goals for each student. If deemed necessary, any student can petition to the Zilber Office of Academic and Student Affairs for a reassignment of Faculty Advisor. Program track faculty will make every effort to accommodate requests to give all students opportunities for success in the MPH Program.

### Thesis

Not required. See capstone for similar culminating experience.

## Comprehensive Examination

Not required. See capstone for similar culminating experience.

## Time Limit

The student must complete all degree requirements within seven years of initial enrollment.

## Accelerated Program Option

This program is offered as part of an accelerated graduate program. For more information, see Accelerated Graduate Degrees (p. 37).

## Public Health, PhD: Biostatistics

### Related Certificate

- Interprofessional Graduate Certificate in Public and Population Health (p. 1345)

The Biostatistics doctoral program is designed to train students in the development of techniques, methods and tools to conduct public health research using rigorous statistical, bioinformatics and general quantitative methods.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Applicants to the PhD program in Public Health with a concentration in Biostatistics should have completed academic programs that facilitated development of solid analytical skills. Applicable baccalaureate programs include mathematics, statistics, computer science, and engineering. Baccalaureate degrees in related fields will be considered. A minimum undergraduate grade point average of 3.00 (A=4.00) is required. Applicants from diverse backgrounds are encouraged to apply. Each application will be evaluated individually primarily on the basis of academic achievement, although relevant work experience will also be considered.

Applicants to the PhD program in Public Health with a concentration in Community and Behavioral Health Promotion should have completed academic programs that facilitated development of solid analytical and communication skills. Applicable baccalaureate programs include those in the social and behavioral sciences, health and health-related sciences, and biological sciences. Baccalaureate degrees in related fields will be considered. At least one statistics course is preferred for admission. A minimum undergraduate grade point average of 3.00 (A=4.00) is preferred. While a completed master's degree in public health or the social and behavioral sciences is encouraged, a master's degree is not a prerequisite for admission. For those applicants without a master's degree in a relevant field, most successful candidates will have work, research and/or volunteer experiences that contribute to career development in community health and health promotion. Demonstrated communication and analytic skills are required. Applicants from diverse backgrounds with a strong interest in community health and health

promotion are encouraged to apply. Each application will be evaluated individually on the basis of four key areas:

1. Academic record/achievement.
2. Work, research, and/or community experience.
3. Commitment/interest/awareness of public health and community health promotion.
4. Matching interest with current Community and Behavioral Promotion Health faculty.

Graduate Record Examination (GRE) scores from the general test (verbal, quantitative, analytical writing) are required of all applicants. Submitted test scores must be from a test taken within 5 years of the date of application. While there is not a minimum GRE score requirement, strong quantitative, verbal and writing skills are critical to successfully completing the program.

Students must meet UWM Graduate School admission requirements. For international applicants whose native language is not English, the UW-Milwaukee Center for International Education Website provides English Language Proficiency Requirements including required TOEFL or IELTS scores. Students who attended an international university must also pay an additional fee for evaluation of international transcripts.

In addition, a personal statement, and at least three letters of recommendation from individuals familiar with the applicant's scholarship, research achievements, and/or academic potential are required for the application. The letters of recommendation should address the candidate's potential for achievement in a graduate program from an academic as well as personal (e.g., commitment, integrity, ethical) standpoint. At least one letter must be from a university faculty member.

A select group of the most qualified candidates will be invited to participate in an interview process. In-person or internet-facilitated interviews (Skype, etc.) will be required for finalist candidates prior to admission.

Applicants may be admitted with course deficiencies at the discretion of the Zilber College of Public Health Graduate Program Committee. The student is expected to rectify these course deficiencies with a grade of B or better within three enrolled semesters. The academic program unit will monitor deficiencies. No course credits earned in making up deficiencies may be counted as program credits required for the degree. For students entering with an advanced degree, the Admissions Committee can grant credit for relevant coursework at its discretion, but at least half of the graduate credits required for the PhD must be completed at UW-Milwaukee in doctoral status in accordance with Graduate School policy. Thesis, dissertation, and research credits must be completed at UW-Milwaukee.

## Reapplication

A student who receives the Master of Public Health degree must formally reapply to the Zilber College of Public Health to gain admission to the PhD program in Public Health before continuing studies toward the PhD.

## Credits and Courses

### Biostatistics Concentration

Minimum degree requirement is 60 graduate credits beyond the bachelor's degree (plus an additional 9 credits dedicated to dissertation writing and research), at least 35 of which must be earned in residence at UWM. The student, in consultation with the major professor, must

create a plan of study and submit to the Biostatistics Faculty by the end of the first year. Minimum course requirements for all work requires approximately two to three full years of study.

PH 769	Critical Perspectives on Nutritional Epidemiology and the Food System	3
PH 811	Causal Inference	3

Other courses as approved by advisor.

## Additional Requirements

### Major Professor as Advisor

The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. The entering student is assigned an advisor/major professor at admission based on fit and focus. The major professor serves as the student's research mentor and will guide the student in course selection, program planning, and research design. Students may change their advisor/major professor if the fit and focus change over time. Such changes will need approval of the graduate program committee. The major professor must have graduate faculty status.

### Residence

The student must meet minimum Graduate School residence requirements.

### Preliminary Exam Process

The preliminary exams must be successfully completed within five years of initial enrollment in the Ph.D. program.

Students must successfully complete a preliminary examination process before formally achieving dissertator status. When the student is sufficiently prepared, a doctoral preliminary examination to determine the student's knowledge and achievement is taken. The exam evaluates the student's general knowledge of mathematical statistics, and general biostatistical and quantitative methods. Students must pass this examination to continue in the program. With permission of the examination committee, the student may repeat this examination once within one year. After successful completion of the qualifying process, the student will concentrate on the development of the dissertation.

### Time Limit

All degree requirements must be completed within ten years from the date of initial enrollment in the doctoral program.

## Public Health, PhD: Community and Behavioral Health Promotion

### Related Certificate

- Interprofessional Graduate Certificate in Public and Population Health (<http://uwm.edu/graduateschool/interprofessional-graduate-certificate-in-public-and-population-health/>)

The Community and Behavioral Health Promotion (CBHP) doctoral program is designed to train students in social and behavioral science aspects of public health research and intervention with a particular emphasis on the development of community-level interventions. Faculty interest areas include: maternal, infant, and child health; health disparities; obesity; nutrition; food security; HIV and STD prevention; adolescent health; violence prevention; substance abuse prevention; creating healthy environments; and promoting mental health. Students will prepare for public health leadership through their own original research.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Reapplication

A student who receives the Master of Public Health degree must formally reapply to the Zilber College of Public Health to gain admission to the PhD program in Public Health before continuing studies toward the PhD.

## Credits and Courses

### Community and Behavioral Health Promotion Concentration

A minimum of 72 credits of coursework beyond the bachelor's level must be completed to earn the degree, at least 35 of which must be earned in residence at UW-Milwaukee. The course list consists of required common Ph.D. core courses, CBHP core courses, research and methods courses, and elective courses. Also, students will be required to complete three credits of supervised research under the tutelage of the primary advisor prior to the required dissertation research requirement. This is to ensure that all students obtain hands-on, supervised research training. After achieving dissertation status, students will enroll in three research credits per semester for at least two semesters.

Code	Title	Credits
<b>Required Core PhD Courses</b>		
PH 704	Principles and Methods of Epidemiology	3
Select one of the following courses:		3
PH 711	Intermediate Biostatistics <sup>1</sup>

SOCIOL 910	The Sociology of Inequality	3
SOCIOL 982	Advanced Quantitative Analysis	3

SOCIOL 715 Systematic Sociological Theory 3

Other courses as approved by advisor.

<sup>1</sup> Prereq: PH 702 Introduction to Biostatistics or approval for equivalent course.

<sup>2</sup> Or other qualitative analysis course approved by advisor.

<sup>3</sup> Other advanced quantitative courses will be considered.

## Additional Requirements

### Major Professor as Advisor

The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. The entering student is assigned an advisor/major professor at admission based on fit and focus. The major professor serves as the student's research mentor and will guide the student in course selection, program planning, and research design. Students may change their advisor/major professor if the fit and focus change over time. Such changes will need approval of the graduate program committee. The major professor must have graduate faculty status.

### Residence

The student must meet minimum Graduate School residence requirements.

### Preliminary/Qualifying Exam Process

The qualifying exams must be successfully completed within five years of initial enrollment in the Ph.D. program.

The preliminary exam is designed to assess a student's mastery of knowledge and skills to ensure adequate preparation for individual dissertation research. Students taking the preliminary exam are expected to demonstrate knowledge, competency and mastery of core public health concepts, issues and content relevant to the CBHP PhD Program. The preliminary exam consists of three sections: an open book integrative review, a closed book exam focusing on a case study, and an oral exam. (Please refer to the CBHP Qualifying Exam Policies and Procedures.) At the discretion of the examining committee, a student who fails the qualifying process may be allowed one additional attempt with all or part of the examination. After successful completion of the qualifying process, the student will concentrate on the development of the dissertation.

### Time Limit

The student must complete all requirements for the degree within 10 years of the date of initial enrollment in the program.

## Public Health, Undergraduate Certificate

***Do you want to make a difference in the health and well-being of communities? If yes, the undergraduate Certificate in Public Health is for you!***

This certificate offers impactful training for individuals working in many fields, including health care, nursing, social welfare, education, criminal justice, sociology, government, environmental sciences, and community advocacy.

## With a Public Health Certificate:

- You will **learn** public health approaches that you can apply to your work with communities, the environment, and in support of social justice.
- You will **connect** with like-minded peers and enjoy one-on-one attention from instructors in smaller classes.
- You will **develop skills** for diagnosing and solving pressing public health issues.

Public health improves the health of people and the communities where they grow, live, work, play, and age. Instead of treating individual patients, public health practitioners prevent disease before it starts. We work in and with communities to foster health and well-being for everyone.

The undergraduate certificate in Public Health at UWM is designed for you if you're interested in applying public health concepts, methods, approaches, and skills in your current or future career.

## How the Certificate Works:

Students in the Public Health certificate program take courses from top faculty and instructors in the UWM Zilber College of Public Health—the only Council on Education for Public Health (CEPH) accredited school of public health in Wisconsin. Our faculty and instructors are experts in their fields and enjoy sharing their knowledge and passion about public health with our students.

### This 18-credit certificate includes:

- Three required courses in public health, global health, and epidemiology.
- Three elective courses that allow specialization in environmental health, public health research methods, health disparities, or creating and evaluating public health programs. Or mix and match!
- Some courses that also count for General Education Requirements.

**Want to give public health a try?** Enroll in PH 101 Introduction to Public Health - it's one of the three required courses for the Certificate and satisfies GER-SS.

### Who is Eligible?

- All UWM students seeking a bachelor's degree with a current overall GPA of 2.0.
- Students who previously received a bachelor's degree from UWM or other accredited college or university.
- Non-degree students who meet University admission requirements.

**Interested in this certificate?** Email [bs-ph@uwm.edu](mailto:bs-ph@uwm.edu) or contact Zilber College of Public Health undergraduate advising (<https://uwm.edu/publichealth/students/undergraduate-advising/>).

## Requirements

**Students must declare their intent to pursue this certificate.** The Zilber College academic advisors provide vital information and guidance to help students make informed decisions about their elective courses. Students are encouraged to meet with a Public Health advisor at least once each semester. To schedule an advising appointment, contact Zilber College of Public Health undergraduate advising (<https://uwm.edu/publichealth/students/current/undergraduate-advising/>).

The curriculum consists of three required core courses (9 credits) and three elective courses (9 credits) for 18 credits total.<sup>1</sup>

Code	Title	Credits
<b>Core courses (9 credits)</b>		
PH 101	Introduction to Public Health	3
PH 304	Foundations of Epidemiology <sup>1</sup>	3
Select <b>one</b> of the following:		3
PH 142	Exploring Global Environmental Health

PH 408	Comparative Health Systems: A Social Determinants Approach	
PH 410	True Lies: Consuming and Communicating Quantitative Information	
PH 427	Strategies for Action in Public Health	
PH 428	Program Implementation & Evaluation for a Healthy Society	
PH 455	Public Health Research Methods II	
PH 478	Public Health Research Using Social Media	
PH 699	Independent Study <sup>4</sup>	
Other Study Abroad public health courses approved by Zilber School academic advisor		
Other public health courses approved by Zilber School academic advisor		
<b>Total Credits</b>		<b>18</b>

<sup>1</sup> Prereq=KIN 270(C), SOCIOL 261(C), or comparable QLB statistics course(C).

<sup>2</sup> Equivalent to NURS 110.

<sup>3</sup> Some courses have additional prerequisite(s) – please discuss with your Public Health Advisor.

<sup>4</sup> A maximum of 3 credits in PH 699: Independent Study may be applied to the Public Health Certificate.

### Continuation and Exit Requirements

To obtain the certificate, the student must complete, with a minimum grade point average of 2.500, at least 18 credits in approved Public Health Certificate courses, of which 12 must be earned in residence at UWM. A maximum of 3 credits of PH 699: Independent Study may count toward

Certificate requirements. Certificate courses may not be taken on a credit/no credit basis.

### Transfer Credit

Credits earned at other accredited institutions within the last three years that are shown to be equivalent to courses in the Certificate program may be accepted in partial fulfillment of the program requirements, subject to review by the Zilber College academic advisor and/or Undergraduate Program Director.

Students currently enrolled at UWM who have fulfilled some of the program's requirements prior to the approval of this program may count those courses toward completion of the Certificate requirements.

### Awarding the Certificate

Students currently involved in baccalaureate studies who successfully complete the requirements of the program will be awarded the Certificate at the time of graduation. Non-degree students or those who already have a bachelor's degree will receive the Certificate upon completion of the program requirements. Awarding of the certificate program will be noted on the student's official transcript.

### Admission

The Public Health Certificate is available to all UWM students seeking a bachelor's degree who have a current overall GPA of 2.0, to students who previously received a bachelor's degree from UWM or any other accredited college or university, and to those who do not plan to pursue a college or university degree (non-degree students) but want to gain skills and knowledge in public health. Non-degree students are not eligible for financial aid and must meet University admission requirements.

## Study of Complementary and Integrative Health Approaches, Undergraduate Certificate

Complementary and Integrative Health Approaches (CIH) are important components of the American health care system and support a focus on health and wellness. Students who complete the Certificate in CIH will learn to advocate for patient-centered and healing-oriented care, emphasize the therapeutic relationship, and use therapeutic approaches originating from conventional and alternative medicine. Health and wellness, mind and body, and natural products are key areas of focus within this certificate. Current and future professionals in health, wellness, exercise, and sport, will benefit from competency in understanding and critically evaluating practices considered as complementary and alternative or integrative.

The CIH certificate program provides an educational foundation in the broad use of complementary and integrative practices. Through coursework, learners explore and evaluate the most common forms of CIH, study the history and cultural applications of CIH practices, examine evidence-based and ethical use of CIH, and critically evaluate CIH information and research. Completion of the CIH certificate provides basic scientific knowledge and skills to critically evaluate the current and future use of integrative health, wellness, and fitness practices.

**Note:** Students must declare their intent to pursue this academic certificate. Professional advisors provide information and guidance to help students make informed educational decisions. Students are encouraged to meet with an advisor at least once each semester.

## Requirements

To earn the academic certificate, a minimum GPA of 2.5 is required in the 15 credits.

Course offerings are subject to change.

# COURSES

---

## A

- Actuarial Science (ACTSCI) (p. 1404)
- Administrative Leadership (AD LDSP) (p. 1405)
- African & African Diaspora Studies (AFRIC) (p. 1415)
- Air Force and Aerospace Studies (AFAS) (p. 1423)
- American Indian Studies (AIS) (p. 1424)
- Ancient & Modern Languages, Literatures & Cultures (AMLLC) (p. 1429)
- Anthropology (ANTHRO) (p. 1431)
- Applied Computing (APC) (p. 1447)
- Arabic (ARABIC) (p. 1449)
- Architecture (ARCH) (p. 1451)
- Art and Design (ART) (p. 1459)
- Art Education (ART ED) (p. 1482)
- Art History (ARTHIST) (p. 1483)
- Astronomy (ASTRON) (p. 1496)
- Athletic Training (ATRAIN) (p. 1497)
- Atmospheric Sciences (ATM SCI) (p. 1501)

## B

- Biological Sciences (BIO SCI) (p. 1506)
- Biomedical Engineering (BME) (p. 1516)
- Biomedical Sciences (BMS) (p. 1518)
- Business Administration (BUS ADM) (p. 1530)
- Business Management (BUSMGMT) (p. 1553)

## C

- Celtic Studies (CELTIC) (p. 1556)
- CGS American Indian Studies (CGS AIS) (p. 1558)
- CGS Anthropology (CGS ANT) (p. 1558)
- CGS Art (CGS ART) (p. 1560)
- CGS Astronomy (CGS AST) (p. 1562)
- CGS Biology (CGS BIO) (p. 1563)
- CGS Business (CGS BUS) (p. 1565)
- CGS Chemistry (CGS CHE) (p. 1567)
- CGS Communication Arts & Theatre (CGS CTA) (p. 1569)
- CGS Computer Science (CGS CPS) (p. 1571)
- CGS Economics (CGS ECO) (p. 1572)
- CGS Education (CGS EDU) (p. 1573)
- CGS Engineering (CGS EGR) (p. 1573)
- CGS English (CGS ENG) (p. 1575)
- CGS Gender, Sexuality, and Women's Studies (CGS GSW) (p. 1579)
- CGS Geography (CGS GEO) (p. 1580)
- CGS Geology (CGS GLG) (p. 1581)
- CGS Health and Exercise Sciences (CGS HES) (p. 1582)
- CGS History (CGS HIS) (p. 1585)
- CGS Information Studies (CGS IST) (p. 1587)
- CGS Interdisciplinary Studies (CGS INT) (p. 1588)
- CGS Learning Resources (CGS LEA) (p. 1589)
- CGS Lecture Forum (CGS LEC) (p. 1589)

- CGS Mathematics (CGS MAT) (p. 1591)
- CGS Meteorology (CGS MLG) (p. 1595)
- CGS Music (CGS MUS) (p. 1595)
- CGS Music Applied (CGS MUA) (p. 1597)
- CGS Philosophy (CGS PHI) (p. 1597)
- CGS Physics (CGS PHY) (p. 1599)
- CGS Political Science (CGS POL) (p. 1601)
- CGS Psychology (CGS PSY) (p. 1602)
- CGS Religious Studies (CGS REL) (p. 1604)
- CGS Sociology (CGS SOC) (p. 1605)
- CGS Spanish (CGS SPA) (p. 1607)
- Chemistry and Biochemistry (CHEM) (p. 1608)
- Chinese (CHINESE) (p. 1617)
- Civil & Environmental Engineering (CIV ENG) (p. 1620)
- Classics (CLASSIC) (p. 1630)
- College of Health Professions and Sciences (CHPS) (p. 1632)
- Communication (COMMUN) (p. 1632)
- Communication Sciences and Disorders (COMSDIS) (p. 1641)
- Comparative Literature (COMPLIT) (p. 1647)
- Computer Science (COMPSCI) (p. 1650)
- Computer Studies (COMPST) (p. 1660)
- Conservation and Environmental Sciences (CES) (p. 1661)
- Counseling (COUNS) (p. 1663)
- Criminal Justice & Criminology (CRM JST) (p. 1668)
- Curriculum and Instruction (CURRINS) (p. 1674)

## D

- Dance (DANCE) (p. 1697)
- Diagnostic Imaging (DMI) (p. 1705)
- Digital Arts and Culture (DAC) (p. 1711)

## E

- Economics (ECON) (p. 1713)
- Education-Interdepartmental (EDUC) (p. 1721)
- Educational Policy and Community Studies (ED POL) (p. 1721)
- Educational Psychology (ED PSY) (p. 1732)
- Electrical Engineering (ELECENG) (p. 1741)
- Engineering and Applied Science (EAS) (p. 1751)
- English (ENGLISH) (p. 1752)
- English for Academic Purposes (Formerly ESL) (EAP) (p. 1780)
- Ethnic Studies, Comparative (ETHNIC) (p. 1781)
- Exceptional Education (EXCEDUC) (p. 1783)

## F

- Film Studies (FILMSTD) (p. 1802)
- Film, Video, Animation and New Genres (FILM) (p. 1807)
- Fitness, Wellness and Sport (FITWELL) (p. 1819)
- Food & Beverage Studies (FOODBEV) (p. 1822)
- French (FRENCH) (p. 1822)
- Freshwater Sciences (FRSHWTR) (p. 1827)

**G**

- Geography (GEOG) (p. 1834)
- Geosciences (GEO SCI) (p. 1841)
- German (GERMAN) (p. 1847)
- Global Studies (GLOBAL) (p. 1851)
- Graduate Studies (GRAD) (p. 1855)
- Greek (GREEK) (p. 1855)

**H**

- Health Care Administration (HCA) (p. 1856)
- Health Care Informatics (HI) (p. 1861)
- Health Sciences (HS) (p. 1863)
- Hebrew (HEBREW) (p. 1864)
- History (HIST) (p. 1864)
- Hmong Studies (HMONG) (p. 1883)
- Honors College (HONORS) (p. 1884)

**I**

- Industrial and Labor Relations (IND REL) (p. 1885)
- Industrial and Manufacturing Engineering (IND ENG) (p. 1886)
- Information Studies (INFOST) (p. 1892)
- International Studies (INTLST) (p. 1908)
- Italian (ITALIAN) (p. 1909)

**J**

- Japanese (JAPAN) (p. 1914)
- Jewish Studies (JEWISH) (p. 1918)
- Journalism, Advertising, and Media Studies (JAMS) (p. 1921)

**K**

- Kinesiology (KIN) (p. 1928)
- Korean (KOREAN) (p. 1938)

**L**

- Latin (LATIN) (p. 1939)
- Latin American and Caribbean Studies (LACS) (p. 1941)
- Latin American, Caribbean, and U.S. Latinx Studies (LACUSL) (p. 1942)
- Latinx Studies (LATINX) (p. 1944)
- Lesbian, Gay, Bisexual & Transgender Studies (LGBT) (p. 1945)
- Letters and Science-Humanities (L&S HUM) (p. 1947)
- Letters and Science-Natural Science (L&S NS) (p. 1948)
- Letters and Science-Social Sciences (L&S SS) (p. 1949)
- Linguistics (LINGUIS) (p. 1950)

**M**

- M.A. in Language, Literature, and Translation (MALLT) (p. 1957)
- Materials Science and Engineering (MATLENG) (p. 1959)
- Mathematical Sciences (MATH) (p. 1965)
- Mathematical Statistics (MTHSTAT) (p. 1979)
- Mechanical Engineering (MECHENG) (p. 1981)
- Military Science (MIL SCI) (p. 1992)

- Music (MUSIC) (p. 1993)
- Music Education (MUS ED) (p. 2010)
- Music Performance (MUSPERF) (p. 2012)

**N**

- Neuroscience (NEURO) (p. 2025)
- Nonprofit Administration (NONPROF) (p. 2025)
- Nursing (NURS) (p. 2026)
- Nutritional Sciences (NUTR) (p. 2043)

**O**

- Occupational Therapy (OCCTHPY) (p. 2046)

**P**

- Peace Studies (PEACEST) (p. 2055)
- Performance Rehabilitation and Performance Psychology (PRPP) (p. 2056)
- Philosophy (PHILOS) (p. 2058)
- Physical Therapy (PT) (p. 2067)
- Physics (PHYSICS) (p. 2071)
- Polish (POLISH) (p. 2080)
- Political Science (POL SCI) (p. 2082)
- Portuguese (PORTUGS) (p. 2097)
- Psychology (PSYCH) (p. 2099)
- Public Administration (PUB ADM) (p. 2107)
- Public Health (PH) (p. 2109)

**R**

- Religious Studies (RELIGST) (p. 2117)
- Russian (RUSSIAN) (p. 2118)

**S**

- Scandinavian Studies (SCNDVST) (p. 2121)
- Social Work (SOC WRK) (p. 2122)
- Sociology (SOCIOL) (p. 2130)
- Spanish (SPANISH) (p. 2138)
- Sustainable Peacebuilding, Master of (MSP) (p. 2143)

**T**

- Teaching and Learning (TCH LRN) (p. 2145)
- Theatre (THEATRE) (p. 2147)
- Therapeutic Recreation (THERREC) (p. 2154)
- Translation and Interpreting (TRNSLTN) (p. 2155)

**U**

- Urban Planning (URBPLAN) (p. 2158)
- Urban Studies Program (URB STD) (p. 2162)
- UWS Collaborative Nursing Program (UWS NSG) (p. 2165)

**W**

- Women's and Gender Studies (WGS) (p. 2166)

## Actuarial Science (ACTSCI)

### ACTSCI 290 Introduction to Actuarial Science

3 cr. Undergraduate.

Overview of the actuarial profession, financial risks, and types of insurance products; risk components; and risk evaluation methods.

**Prerequisites:** Satisfaction of Quantitative Literacy Part A GER.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### ACTSCI 391 Investment Mathematics I

4 cr. Undergraduate.

Examination of annuities, loans, bonds, portfolio immunization, and interest rate swaps. Foundational preparation for the Financial Mathematics (FM) Professional Actuarial Exam.

**Prerequisites:** a grade of C or better in MATH 211(P) or MATH 232(P).

**Course Rules:** Previously MATH 311.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### ACTSCI 490 Introduction to Actuarial Practice

1 cr. Undergraduate.

Professional topics such as healthcare, pensions, life insurance, property and casualty, reinsurance, and regulation.

**Prerequisites:** ACTSCI 290(P).

**Course Rules:** May be retaken for cr once. Counts as repeat of MTHSTAT 591.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### ACTSCI 491 Actuarial Workshop FM

1 cr. Undergraduate.

Continuation of topics from ACTSCI 391 along with practice and preparation for the Financial Mathematics (FM) Professional Actuarial Exam.

**Prerequisites:** ACTSCI 391(C) or consent of instructor.

**Course Rules:** Counts as a repeat of MTHSTAT 593. Retakeable up to 2 cr max.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### ACTSCI 492 Actuarial Workshop P

1 cr. Undergraduate.

Continuation of probability topics from MTHSTAT 361 along with practice and preparation for the Probability (P) Professional Actuarial Exam.

**Prerequisites:** MTHSTAT 361(C) or consent of instructor.

**Course Rules:** Counts as a repeat of MTHSTAT 592. Retakeable up to 2 cr max.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### ACTSCI 590 Actuarial Internship

1-6 cr. Undergraduate.

Apply principles and techniques of actuarial science in business, governmental and other appropriate settings.

**Prerequisites:** soph st; 6 cr 300-level or above in ACTSCI or MTHSTAT; GPA in ACTSCI and MTHSTAT courses at least 2.5.

**Course Rules:** One cr earned for academic work based on 40 hours in internship. May be retaken to 6 cr max.

**Last Taught:** Fall 2023, Summer 2023, Fall 2022, Summer 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### ACTSCI 591 Investment Mathematics II

3 cr. Undergraduate.

Mathematical models in finance and economics, corporate finance.

**Prerequisites:** MTHSTAT 361(P); ACTSCI 391(P).

**Course Rules:** Counts as repeat of MTHSTAT 692.

**Last Taught:** Fall 2022, Fall 2021, Fall 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### ACTSCI 593 Actuarial Models I

3 cr. Undergraduate.

Long term insurance coverage, single life survival models, life insurance, annuities, benefit and premium random variables, mortality models.

**Prerequisites:** ACTSCI 391(P); MTHSTAT 361(P); MTHSTAT 362(C).

**Course Rules:** Counts as a repeat of MTHSTAT 691.

**Last Taught:** Fall 2023, Fall 2022, Fall 2020, Spring 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### ACTSCI 594 Actuarial Models II

3 cr. Undergraduate.

Long term insurance coverage, single life survival models, life insurance, annuities, benefit and premium random variables, mortality models.

**Prerequisites:** ACTSCI 593(P); MTHSTAT 362(P).

**Last Taught:** Spring 2023, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### ACTSCI 596 Actuarial Statistics I

3 cr. Undergraduate.

Loss models for short term insurance and their statistical fitting.

**Prerequisites:** MATH 234(P) or MATH 240(P) and MTHSTAT 362(P).

**Course Rules:** Previously MTHSTAT 596.

**Last Taught:** Fall 2023, Fall 2021, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### ACTSCI 597 Actuarial Statistics II

3 cr. Undergraduate.

Credibility theory, ratemaking, and reserving.

**Prerequisites:** MATH 234(P) or MATH 240(P) and MTHSTAT 362(P).

**Course Rules:** Previously MTHSTAT 597.

**Last Taught:** Spring 2022, Spring 2020, Spring 2018, Spring 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### ACTSCI 599 Capstone Experience

1 cr. Undergraduate.

Independent research on current financial and insurance topics that are not covered in regular actuarial courses.

**Prerequisites:** senior standing.

**Course Rules:** May be retaken for cr once.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Summer 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### ACTSCI 790 Actuarial Internship

1-6 cr. Graduate.

Apply principles and techniques of actuarial science in business, governmental and other appropriate settings.

**Prerequisites:** graduate standing.

**Course Rules:** One cr earned for academic work based on 40 hours in internship. May be retaken to 6 cr max.

**Last Taught:** Summer 2023, Spring 2023, Fall 2022, Summer 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ACTSCI 791 Investment Mathematics II**

3 cr. Graduate.

Mathematical models in finance and economics, corporate finance.

**Prerequisites:** graduate standing.**Last Taught:** Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ACTSCI 793 Actuarial Models I**

3 cr. Graduate.

Long term insurance coverage, single life survival models, life insurance, annuities, benefit and premium random variables, mortality models.

**Prerequisites:** graduate standing.**Last Taught:** Fall 2023, Fall 2022, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ACTSCI 794 Actuarial Models II**

3 cr. Graduate.

Long term insurance coverage, single life survival models, life insurance, annuities, benefit and premium random variables, mortality models.

**Prerequisites:** grad st; ACTSCI 593(P); MTHSTAT 362(P).**Last Taught:** Spring 2023, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ACTSCI 796 Actuarial Statistics I**

3 cr. Graduate.

Loss models for short term insurance and their statistical fitting.

**Prerequisites:** graduate standing.**Last Taught:** Fall 2023, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ACTSCI 797 Actuarial Statistics II**

3 cr. Graduate.

Credibility theory, ratemaking and reserving.

**Prerequisites:** graduate standing.**Last Taught:** Spring 2022, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ACTSCI 891 Actuarial Risk Theory**

3 cr. Graduate.

Risk models; premium principles; reinsurance contracts; ruin theory; ordering of risks; bonus-malus systems; IBNR techniques.

**Prerequisites:** grad st; MATH 571(P) & ACTSCI 596(P), or consent of instructor.**Course Rules:** Previously MTHSTAT 795.**Last Taught:** Spring 2022, Fall 2019, Fall 2017, Fall 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ACTSCI 895 Topics in Actuarial Science:**

3 cr. Graduate.

Advanced topics in actuarial science.

**Prerequisites:** graduate standing; 6 credits of 700 level ACTSCI coursework.**Course Rules:** Repeatable to 9 credits max. Counts as a repeat of MTHSTAT 896 with a similar topic.**Last Taught:** Spring 2023, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## Administrative Leadership (AD LDSP)

**AD LDSP 297 Study Abroad:**

1-12 cr. Undergraduate.

Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.

**Prerequisites:** cons instr; acceptance for Study Abroad Prog.**Course Rules:** May be retaken w/chg in topic.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 497 Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.

**Prerequisites:** jr st; cons instr; acceptance for Study Abroad Prog.**Course Rules:** May be retaken w/chg in topic.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 497G Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.

**Prerequisites:** jr st; cons instr; acceptance for Study Abroad Prog.**Course Rules:** May be retaken w/chg in topic.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 507 Introduction to Group Leadership**

3 cr. Undergraduate/Graduate.

Concepts and theories of group and organizational leadership applied to problems of youth-serving organizations and student activities in secondary and post-secondary schools and colleges.

**Prerequisites:** jr st.**Last Taught:** Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 507G Introduction to Group Leadership**

3 cr. Undergraduate/Graduate.

Concepts and theories of group and organizational leadership applied to problems of youth-serving organizations and student activities in secondary and post-secondary schools and colleges.

**Prerequisites:** jr st.**Last Taught:** Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 517 Introduction to Adult Education Practice**

3 cr. Undergraduate/Graduate.

Objectives, organization and practices of postsecondary programs of lifelong learning, adult and continuing education, and community and public service programs.

**Prerequisites:** jr st.**Last Taught:** Fall 2016, Fall 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 517G Introduction to Adult Education Practice**

3 cr. Undergraduate/Graduate.

Objectives, organization and practices of postsecondary programs of lifelong learning, adult and continuing education, and community and public service programs.

**Prerequisites:** jr st.**Last Taught:** Fall 2016, Fall 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 537 Leadership and Management of Volunteer Programs**

3 cr. Undergraduate/Graduate.

Introduction to volunteers and organizations which utilize them. Course emphasizes practical application of leadership skills needed for effective management and training of volunteers.

**Prerequisites:** jr st.**Last Taught:** Spring 2018, Spring 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 537G Leadership and Management of Volunteer Programs**

3 cr. Undergraduate/Graduate.

Introduction to volunteers and organizations which utilize them. Course emphasizes practical application of leadership skills needed for effective management and training of volunteers.

**Prerequisites:** jr st.**Last Taught:** Spring 2018, Spring 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 547 The Educational Dimensions of Practice with Older Adults**

3 cr. Undergraduate/Graduate.

Current problems, issues and research relating to the development and organization of educational programs for older adults.

**Prerequisites:** jr st.**Last Taught:** Spring 2021, Spring 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 547G The Educational Dimensions of Practice with Older Adults**

3 cr. Undergraduate/Graduate.

Current problems, issues and research relating to the development and organization of educational programs for older adults.

**Prerequisites:** jr st.**Last Taught:** Spring 2021, Spring 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 557 Foundations and Philosophy of WTCS in Wisconsin**

3 cr. Undergraduate/Graduate.

History, philosophy, objectives, organization and legal bases for vocational education, with special emphasis given the movement in Wisconsin.

**Prerequisites:** jr st or vocational teachers or cons instr.**Last Taught:** Spring 2014, Spring 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 557G Foundations and Philosophy of WTCS in Wisconsin**

3 cr. Undergraduate/Graduate.

History, philosophy, objectives, organization and legal bases for vocational education, with special emphasis given the movement in Wisconsin.

**Prerequisites:** jr st or vocational teachers or cons instr.**Last Taught:** Spring 2014, Spring 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 567 Supervision and Planning for Vocational and Technical Education**

3 cr. Undergraduate/Graduate.

Social, economic, philosophical, and historical foundations of career education. Exploration of past, present and projected models. Strategies for program selection, community involvement, evaluation and management.

**Prerequisites:** jr st or cons instr.**Last Taught:** Fall 2013, Fall 2009.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 567G Supervision and Planning for Vocational and Technical Education**

3 cr. Undergraduate/Graduate.

Social, economic, philosophical, and historical foundations of career education. Exploration of past, present and projected models. Strategies for program selection, community involvement, evaluation and management.

**Prerequisites:** jr st or cons instr.**Last Taught:** Fall 2013, Fall 2009.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 577 Adult Literacy and Workforce Development**

3 cr. Undergraduate/Graduate.

Analyzes the problem of adult low literacy and its effects on work force development; presents alternative procedures for providing educational programs.

**Prerequisites:** jr st.**Last Taught:** Spring 2012, Spring 2010.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 577G Adult Literacy and Workforce Development**

3 cr. Undergraduate/Graduate.

Analyzes the problem of adult low literacy and its effects on work force development; presents alternative procedures for providing educational programs.

**Prerequisites:** jr st.**Last Taught:** Spring 2012, Spring 2010.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 579 Current Topics in Administrative Leadership:**

1-3 cr. Undergraduate/Graduate.

Current problems, issues and research in administrative leadership and supervision and their implications for practitioners.

**Prerequisites:** jr st.**Course Rules:** May be retaken w/chg in topic to max of 9 cr.**Last Taught:** Fall 2011, Spring 2011.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 579G Current Topics in Administrative Leadership:**

1-3 cr. Undergraduate/Graduate.

Current problems, issues and research in administrative leadership and supervision and their implications for practitioners.

**Prerequisites:** jr st.**Course Rules:** May be retaken w/chg in topic to max of 9 cr.**Last Taught:** Fall 2011, Spring 2011.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 581 Administration and Supervision in Early Childhood Programs**

3 cr. Undergraduate/Graduate.

Analyzes, from a quality perspective, the administrative roles and responsibilities of various early care and education programs, and the groups with whom they have relationships.

**Prerequisites:** junior standing.**Last Taught:** Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 581G Administration and Supervision in Early Childhood Programs**

3 cr. Undergraduate/Graduate.

Analyzes, from a quality perspective, the administrative roles and responsibilities of various early care and education programs, and the groups with whom they have relationships.

**Prerequisites:** junior standing.**Last Taught:** Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 582 Operations Management in Early Childhood Programs**

3 cr. Undergraduate/Graduate.

An introduction to systems and operations theory. Students explore and apply management concepts, systems, policies, and procedures to improve the quality of programs and services.

**Prerequisites:** junior standing; AD LDSP 581(P); or consent of instructor.**Course Rules:** AD LDSP 582 and ED POL 582 are jointly offered and count as repeats of one another.**Last Taught:** Spring 2021, Summer 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 582G Operations Management in Early Childhood Programs**

3 cr. Undergraduate/Graduate.

An introduction to systems and operations theory. Students explore and apply management concepts, systems, policies, and procedures to improve the quality of programs and services.

**Prerequisites:** junior standing; AD LDSP 581(P); or consent of instructor.**Course Rules:** AD LDSP 582 and ED POL 582 are jointly offered and count as repeats of one another.**Last Taught:** Spring 2021, Summer 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 583 Financial Management and Planning in Early Childhood Programs**

3 cr. Undergraduate/Graduate.

Identifies the principles of sound financial management and develops the ability to apply those principles to the financial planning and management of early childhood programs.

**Prerequisites:** junior standing & AD LDSP 581(P); or consent of instructor.**Last Taught:** Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 583G Financial Management and Planning in Early Childhood Programs**

3 cr. Undergraduate/Graduate.

Identifies the principles of sound financial management and develops the ability to apply those principles to the financial planning and management of early childhood programs.

**Prerequisites:** junior standing & AD LDSP 581(P); or consent of instructor.**Last Taught:** Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 586 Administrative Seminar: Leadership in Early Childhood Programs**

3 cr. Undergraduate/Graduate.

Integrates and applies the concepts and skills acquired in the first five courses as demonstrated in the development of a major project by each student.

**Prerequisites:** junior standing & AD LDSP 581(P); AD LDSP 582(P) or ED POL 582(P); AD LDSP 583(P); ED POL 584(P); and CURRINS 585(P).**Last Taught:** Spring 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 586G Administrative Seminar: Leadership in Early Childhood Programs**

3 cr. Undergraduate/Graduate.

Integrates and applies the concepts and skills acquired in the first five courses as demonstrated in the development of a major project by each student.

**Prerequisites:** junior standing & AD LDSP 581(P); AD LDSP 582(P) or ED POL 582(P); AD LDSP 583(P); ED POL 584(P); and CURRINS 585(P).**Last Taught:** Spring 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 587 Serving Multicultural and Special Needs Learners**

3 cr. Undergraduate/Graduate.

Examines the needs of multicultural and adult vocational special needs learners; explores strategies for revising instructional methods/ approaches and program development.

**Prerequisites:** jr st.**Last Taught:** Fall 2012, Fall 2010.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 587G Serving Multicultural and Special Needs Learners**

3 cr. Undergraduate/Graduate.

Examines the needs of multicultural and adult vocational special needs learners; explores strategies for revising instructional methods/ approaches and program development.

**Prerequisites:** jr st.**Last Taught:** Fall 2012, Fall 2010.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 591 Early Childhood Leadership: The Personal Disposition of a Leader**

3 cr. Undergraduate/Graduate.

Leadership definitions and skills and the role of vision, emotional intelligence, resilience, optimism and reflective practice for successful early childhood leaders.

**Prerequisites:** junior standing; completion of childcare credentials or consent of instructor.**Last Taught:** Fall 2020, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 591G Early Childhood Leadership: The Personal Disposition of a Leader**

3 cr. Undergraduate/Graduate.

Leadership definitions and skills and the role of vision, emotional intelligence, resilience, optimism and reflective practice for successful early childhood leaders.

**Prerequisites:** junior standing; completion of childcare credentials or consent of instructor.**Last Taught:** Fall 2020, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 592 Early Childhood Leadership: Leading in Your Program**

3 cr. Undergraduate/Graduate.

Leadership roles, responsibilities and skills necessary for leadership in staff development and excellence in early childhood programs.

**Prerequisites:** junior standing; completion of childcare credentials or consent of instructor.**Last Taught:** Spring 2021, Summer 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 592G Early Childhood Leadership: Leading in Your Program**

3 cr. Undergraduate/Graduate.

Leadership roles, responsibilities and skills necessary for leadership in staff development and excellence in early childhood programs.

**Prerequisites:** junior standing; completion of childcare credentials or consent of instructor.**Last Taught:** Spring 2021, Summer 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 593 Early Childhood Leadership: Leading in Your Community and the Field**

3 cr. Undergraduate/Graduate.

Leadership skills necessary for leadership in communities and the profession with a focus on collaboration, interconnections, relationships, transformation and advocacy.

**Prerequisites:** junior standing; completion of childcare credential or consent of instructor.**Last Taught:** Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 593G Early Childhood Leadership: Leading in Your Community and the Field**

3 cr. Undergraduate/Graduate.

Leadership skills necessary for leadership in communities and the profession with a focus on collaboration, interconnections, relationships, transformation and advocacy.

**Prerequisites:** junior standing; completion of childcare credential or consent of instructor.**Last Taught:** Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 594 Early Childhood Leadership: Leading for Change**

3 cr. Undergraduate/Graduate.

Transformational leadership, theories on change, action research, and advocacy strategies. Completion of action research project to effect change.

**Prerequisites:** junior standing; completion of childcare credential or consent of instructor.**Last Taught:** Summer 2021, Summer 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 594G Early Childhood Leadership: Leading for Change**

3 cr. Undergraduate/Graduate.

Transformational leadership, theories on change, action research, and advocacy strategies. Completion of action research project to effect change.

**Prerequisites:** junior standing; completion of childcare credential or consent of instructor.**Last Taught:** Summer 2021, Summer 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 597 Program Development in Occupational Education**

3 cr. Undergraduate/Graduate.

Technical, administrative, organizational, and participatory skills and knowledge associated with program development in occupational education for adults and adolescents.

**Prerequisites:** jr st.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 597G Program Development in Occupational Education**

3 cr. Undergraduate/Graduate.

Technical, administrative, organizational, and participatory skills and knowledge associated with program development in occupational education for adults and adolescents.

**Prerequisites:** jr st.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 598 Introduction to Workforce Education and Development**

3 cr. Undergraduate/Graduate.

Foundations of workforce education and development; nature and role of education in preparing individuals for work.

**Prerequisites:** jr st.**Last Taught:** Spring 2022, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 598G Introduction to Workforce Education and Development**

3 cr. Undergraduate/Graduate.

Foundations of workforce education and development; nature and role of education in preparing individuals for work.

**Prerequisites:** jr st.**Last Taught:** Spring 2022, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 605 Survey of Human Resource Development**

3 cr. Undergraduate/Graduate.

Introduction to human resource development theories, principles, concepts, and practices.

**Prerequisites:** sr st.**Last Taught:** Fall 2018, Fall 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 605G Survey of Human Resource Development**

3 cr. Undergraduate/Graduate.

Introduction to human resource development theories, principles, concepts, and practices.

**Prerequisites:** sr st.**Last Taught:** Fall 2018, Fall 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 607 Coordination of Staff Development and Training Program**

3 cr. Undergraduate/Graduate.

Provides knowledge and skills required for the design, coordination and administration of staff development and training programs.

**Prerequisites:** jr st.**Last Taught:** Summer 2020, Summer 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 607G Coordination of Staff Development and Training Program**

3 cr. Undergraduate/Graduate.

Provides knowledge and skills required for the design, coordination and administration of staff development and training programs.

**Prerequisites:** jr st.**Last Taught:** Summer 2020, Summer 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 617 Leadership in Youth-Serving Organizations**

3 cr. Undergraduate/Graduate.

Introduction to the philosophy and operations of youth-serving organizations, administration of programs, and the role of youth-serving organizations in the larger community.

**Prerequisites:** jr st.

**Last Taught:** Fall 2017, Fall 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 617G Leadership in Youth-Serving Organizations**

3 cr. Undergraduate/Graduate.

Introduction to the philosophy and operations of youth-serving organizations, administration of programs, and the role of youth-serving organizations in the larger community.

**Prerequisites:** jr st.

**Last Taught:** Fall 2017, Fall 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 630 Field Work in Schools, Agencies and Institutions**

2-6 cr. Undergraduate/Graduate.

Field inquiry and experience in applied problems of administrative leadership in school administration, supervision or adult education in conjunction with seminar sessions to relate theory to practice.

**Prerequisites:** Ad Ldsp 517(P) or 702(P) or 757(657)(P); cons instr.

**Course Rules:** May be retaken to max of 6 cr.

**Last Taught:** Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 630G Field Work in Schools, Agencies and Institutions**

2-6 cr. Undergraduate/Graduate.

Field inquiry and experience in applied problems of administrative leadership in school administration, supervision or adult education in conjunction with seminar sessions to relate theory to practice.

**Prerequisites:** Ad Ldsp 517(P) or 702(P) or 757(657)(P); cons instr.

**Course Rules:** May be retaken to max of 6 cr.

**Last Taught:** Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 631 Emerging Research in Human Resource Development**

3 cr. Undergraduate/Graduate.

Examines the role of research in Human Resource Development (HRD).

**Prerequisites:** jr st.

**Course Rules:** Counts as repeat of Ad Ldsp 779 with similar title.

**Last Taught:** Spring 2015, Spring 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 631G Emerging Research in Human Resource Development**

3 cr. Undergraduate/Graduate.

Examines the role of research in Human Resource Development (HRD).

**Prerequisites:** jr st.

**Course Rules:** Counts as repeat of Ad Ldsp 779 with similar title.

**Last Taught:** Spring 2015, Spring 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 632 International Cross-Cultural Experiences in Developing Human Resources**

3 cr. Undergraduate/Graduate.

Examining Human Resource Development (HRD) in international and global contexts.

**Prerequisites:** jr st.

**Course Rules:** Counts as repeat of Ad Ldsp 779 with similar title.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 632G International Cross-Cultural Experiences in Developing Human Resources**

3 cr. Undergraduate/Graduate.

Examining Human Resource Development (HRD) in international and global contexts.

**Prerequisites:** jr st.

**Course Rules:** Counts as repeat of Ad Ldsp 779 with similar title.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 647 Evaluation of Adult, Continuing, and Higher Education Programs**

3 cr. Undergraduate/Graduate.

Provides an awareness, analysis, and synthesis of the purposes, methods, and procedures for evaluating diverse types of adult, continuing, and higher education programs, e.g., HRD, extension/outreach, etc.

**Prerequisites:** jr st.

**Course Rules:** Counts as repeat of Ad Ldsp 579 with similar title.

**Last Taught:** Summer 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 647G Evaluation of Adult, Continuing, and Higher Education Programs**

3 cr. Undergraduate/Graduate.

Provides an awareness, analysis, and synthesis of the purposes, methods, and procedures for evaluating diverse types of adult, continuing, and higher education programs, e.g., HRD, extension/outreach, etc.

**Prerequisites:** jr st.

**Course Rules:** Counts as repeat of Ad Ldsp 579 with similar title.

**Last Taught:** Summer 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 667 Program Planning in Adult Education**

3 cr. Undergraduate/Graduate.

Principles and processes affecting programming of adult education.

Focus on planning, execution, and evaluation dimensions of the programming process.

**Prerequisites:** jr st; Ad Ldsp 517(P) or 757(657)(P).

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 667G Program Planning in Adult Education**

3 cr. Undergraduate/Graduate.

Principles and processes affecting programming of adult education.

Focus on planning, execution, and evaluation dimensions of the programming process.

**Prerequisites:** jr st; Ad Ldsp 517(P) or 757(657)(P).

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 687 Instructional Design and Teaching Strategies**

3 cr. Undergraduate/Graduate.

Using an instructional design approach, students develop skills in selecting, using, and evaluating instructional strategies and procedures appropriate to particular domains of adult learning.

**Prerequisites:** jr st; Ad Ldsp 517(P); or cons instr.

**Last Taught:** Fall 2022, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 687G Instructional Design and Teaching Strategies**

3 cr. Undergraduate/Graduate.

Using an instructional design approach, students develop skills in selecting, using, and evaluating instructional strategies and procedures appropriate to particular domains of adult learning.

**Prerequisites:** jr st; Ad Ldsp 517(P); or cons instr.

**Last Taught:** Fall 2022, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 691 Leadership Ethics in Multicultural Organizations**

1 cr. Undergraduate/Graduate.

Introduction to the concept of ethics and leadership in multicultural organizations.

**Prerequisites:** jr st

**Course Rules:** Counts as repeat of Ad Ldsp 579 with similar title.

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 691G Leadership Ethics in Multicultural Organizations**

1 cr. Undergraduate/Graduate.

Introduction to the concept of ethics and leadership in multicultural organizations.

**Prerequisites:** jr st

**Course Rules:** Counts as repeat of Ad Ldsp 579 with similar title.

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 692 Quality Management in Education**

1 cr. Undergraduate/Graduate.

Introduction to the principles of quality management in education.

**Prerequisites:** jr st.

**Course Rules:** Counts as repeat of Ad Ldsp 579 with same topic.

**Last Taught:** Fall 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 692G Quality Management in Education**

1 cr. Undergraduate/Graduate.

Introduction to the principles of quality management in education.

**Prerequisites:** jr st.

**Course Rules:** Counts as repeat of Ad Ldsp 579 with same topic.

**Last Taught:** Fall 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 693 Decision Making in Multicultural Organizations**

1 cr. Undergraduate/Graduate.

Introduction to individual planning and decision making in multicultural organizations.

**Prerequisites:** jr st.

**Course Rules:** Counts as repeat of Ad Ldsp 579 with title 'Planning and Decision Making Skills'.

**Last Taught:** Summer 2023, Summer 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 693G Decision Making in Multicultural Organizations**

1 cr. Undergraduate/Graduate.

Introduction to individual planning and decision making in multicultural organizations.

**Prerequisites:** jr st.

**Course Rules:** Counts as repeat of Ad Ldsp 579 with title 'Planning and Decision Making Skills'.

**Last Taught:** Summer 2023, Summer 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 702 Leadership in Educational Organizations**

3 cr. Graduate.

Governance; social, political, and economic influences; theories of organizations and organizational behavior related to the administration of elementary and secondary schools.

**Prerequisites:** grad st.

**Last Taught:** Fall 2023, Summer 2023, Fall 2022, Summer 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 703 Resources for Self-directed Learning**

1 cr. Graduate.

Resources for self-directed learning to help students succeed in online courses and programs.

**Prerequisites:** grad st.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 704 Technologies for Online Student Support**

1 cr. Graduate.

Synchronous and asynchronous technologies for conducting online sessions for advising, teaching, academic, and student support.

**Prerequisites:** grad st.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 706 Professional Development for Online Instruction**

1 cr. Graduate.

Prepares both current and future instructors of adults to understand online instruction as it relates to pedagogy, professional development, and institutions.

**Prerequisites:** grad st.

**Last Taught:** Summer 2022, Summer 2021, Summer 2020, Summer 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 707 Using Technology With Adult Learners**

3 cr. Graduate.

Design and management of web-based instructional programs/ classes applying principles of instructional design, media, and software applications for adult learners.

**Prerequisites:** grad st; Ad Ldsp 757.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 708 Online Support Services in Adult, Continuing, and Higher Education**

3 cr. Graduate.

Assessment of trends, theory, and research for online student support; development of a plan for an online student support program.

**Prerequisites:** grad st.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 709 Introduction to Higher Education Administration**

3 cr. Graduate.

Contemporary issues of higher education focusing on historical, philosophical and sociological forces that affect higher education from an administrative perspective.

**Prerequisites:** grad st

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 710 Organizational Change and Team Leadership**

3 cr. Graduate.

Organizational change and team leadership is designed to introduce theories and concepts in organizational change and the interpersonal dynamics of working with and leading teams.

**Prerequisites:** grad st; Ad Ldsp 702 or 757(657) or cons instr.

**Last Taught:** Summer 2023, Spring 2023, Summer 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 711 Organization and Governance in Higher Education****Administration**

3 cr. Graduate.

Overview of higher education institutions focusing on models of institutional governance, academic organization and higher education constituencies and their respective roles.

**Prerequisites:** grad st

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 712 Instructional Leadership**

3 cr. Graduate.

Personnel functions of the building principals recruitment, induction, staff development, supervision, and evaluation. Field experience integrated into course activities.

**Prerequisites:** grad st; Ad Ldsp 702 or cons instr.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 729 Qualitative Research and Field Studies in Education Settings**

3 cr. Graduate.

Examination of qualitative techniques as applied to educational research and evaluation in schools, classrooms, and other educational settings.

**Prerequisites:** grad st; Ed Psy 528 or equiv.

**Course Rules:** Not open to students who have cr in CurrIns 729 which is identical to Ad Ldsp 729.

**Last Taught:** Summer 2010, Summer 2006, Summer 2005, Spring 2005.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 732 The Politics of Education**

3 cr. Graduate.

School-level politics of education and school-community relations. Focus on effective communication. Community assessment, partnerships, parent education, and related issues.

**Prerequisites:** grad st; Ad Ldsp 702 or cons instr.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 737 Distance Education for Adults**

3 cr. Graduate.

Analysis of concepts, theories, and research in distance teaching and learning focusing on adult learners, program development and assessment of distance teaching and learning.

**Prerequisites:** Ad Ldsp 757 or cons instr.

**Last Taught:** Fall 2019, Fall 2018, Fall 2017, Fall 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 740 Seminar in Innovative Technologies for Learning in Education**

3 cr. Graduate.

Examines innovative educational technologies and potential of these technologies for individuals, groups, and organizations; purpose and impact in organizational change; implementation in an organization.

**Prerequisites:** grad st.

**Last Taught:** Spring 2020, Spring 2018, Spring 2016, Spring 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 747 Strategic Planning and Budgeting in Adult, Continuing, and Higher Education**

3 cr. Graduate.

Examines theoretical models and research literature on both strategic and operational planning, and the budgeting processes for adult, continuing, and higher education organizations.

**Prerequisites:** grad st; Ad Ldsp 667(P) or cons instr.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 750 Internship in Administrative Leadership**

1-6 cr. Graduate.

Field experience in school and social agency settings under guidance of an experienced administrator and a faculty member.

**Prerequisites:** grad st; Ad Ldsp 710 & cons advisor.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 752 School Law**

3 cr. Graduate.

Authority, power, liability of school personnel, legal status of school districts, officers, pupils. Legal controls on curriculum, property, finances. Emphasis on state, federal court decisions.

**Prerequisites:** grad st; Ad Ldsp 702 or cons instr.

**Last Taught:** Summer 2023, Spring 2023, Summer 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 757 Principles and Foundations of Adult Education**

3 cr. Graduate.

A study of concepts, theories and principles of adult education, the nature of adult processes, and factors that influence and facilitate adult learning.

**Prerequisites:** grad st or cons instr.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 762 Management of Educational Resources**

3 cr. Graduate.

Building level school finance and fiscal management. Federal, state, and local taxation policies; equity; budgeting, purchasing, and fiscal control of public and student funds.

**Prerequisites:** grad st; Ad Ldsp 702 or cons instr.

**Last Taught:** Summer 2023, Summer 2022, Spring 2022, Summer 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 767 Practicum in Program Planning and Implementation**

3 cr. Graduate.

Application of program planning principles including program development, budgeting, marketing, facilities management and evaluation in the implementation of an education program.

**Prerequisites:** grad st, Ad Ldsp 667 or 702 (705).

**Last Taught:** Spring 2013, Summer 2007, Summer 2005, Spring 2002.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 772 The Principalship**

3 cr. Graduate.

In-depth seminar examining the problems and issues of school administration at the building level.

**Prerequisites:** grad st; completion common core.

**Last Taught:** Summer 2007, Spring 2007, Fall 2006, Summer 2006.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 777 Leadership in Multicultural Organizations**

3 cr. Graduate.

Analyzes concepts and theories of leadership, issues of diversity in organizations, and explores techniques for managing differences that comprise today's multicultural workforce.

**Prerequisites:** grad st; Ad Ldsp 757(657) or 702(705) or cons instr.

**Last Taught:** Fall 2023, Fall 2022, Summer 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 778 Introduction to College Student Personnel Administration**

3 cr. Graduate.

Introduction to college student personnel administration stressing the various components that encompass student affairs practice in collegiate settings.

**Prerequisites:** grad st

**Last Taught:** Summer 2023, Summer 2022, Summer 2021, Summer 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 779 Current Topics in Administrative Leadership:**

1-3 cr. Graduate.

Current problems, issues and research in administrative leadership and supervision and their implications for practitioners. Specific topics and any additional prerequisites will be announced in the schedule of classes each time the course is offered.

**Prerequisites:** grad st.

**Course Rules:** May be repeated with change in topic to max of 9 cr.

**Last Taught:** Spring 2011, Fall 2010, Spring 2010, UWinterIM 2010.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 780 Internship in Student Service Administration**

3 cr. Graduate.

Students will work with selected administrators in the field of special education administration.

**Prerequisites:** grad st; or cons instr. EXCEDUC 961 or AD LDSP 961 (P)

**Course Rules:** Counts as repeat of EXCEDUC 780.

**Last Taught:** Summer 2023, Summer 2022, Summer 2021, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 782 Principalship Field Practicum**

1-3 cr. Graduate.

Field application of knowledge, concepts and skills learned in principal accreditation course work. Seminar attendance required.

**Prerequisites:** grad st; compl common core & Ad Ldsp 772.

**Course Rules:** Retakeable to max of 3 cr.

**Last Taught:** Summer 2008, Spring 2008, Fall 2007, Spring 2007.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 787 Administration of Adult Education Programs**

3 cr. Graduate.

Current behavioral concepts, theories, and processes of administration, supervision, and coordination as applied in adult education organizations and agencies.

**Prerequisites:** grad st; Ad Ldsp 757 or writ cons instr.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 790 Internship in Instructional Leadership**

3 cr. Graduate.

Relevant field experience for candidates seeking the WI DPI Director of Instruction administrative license.

**Prerequisites:** grad st; completion of common core

**Last Taught:** Summer 2023, Spring 2023, Summer 2022, Summer 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 792 Principalship Field Practicum**

3 cr. Graduate.

Roles, responsibilities, and operational tasks of principals with practical application of knowledge, theories, systems, and processes. Field experience component and seminar component.

**Prerequisites:** grad st; compl common core

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 795 Women and Leadership in Education**

3 cr. Graduate.

Issues of women's leadership within the field of education in the United States.

**Prerequisites:** grad st

**Last Taught:** Summer 2023, Summer 2021, Summer 2019, Summer 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 797 The Student in the Collegiate Context**

3 cr. Graduate.

Overview of the collegiate experience from multiple perspectives including race, gender, sexual identities, abilities, and age within the context of various institutions.

**Prerequisites:** grad st.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 798 Seminar in Human Resource Development**

3 cr. Graduate.

Analyzes the concepts, current research, issues, and trends in the area of human resource development and how these issues influence organizational performance.

**Prerequisites:** grad st; Ad Ldsp 607.

**Last Taught:** Spring 2015, Spring 2013, Spring 2011, Spring 2009.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 799 Independent Reading**

1-3 cr. Graduate.

For graduate students unable to secure needed content in regular courses.

**Prerequisites:** grad st; cons instr & advisor.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Summer 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 800 Administration of the School Plant**

2-3 cr. Graduate.

Determination of school plant needs based upon educational program, population, and utilization studies. Evaluation of existing school plant.

**Prerequisites:** grad st; Ad Ldsp 705 & 706.

**Last Taught:** Spring 2021, Spring 2020, Spring 2019, Spring 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 801 Urban Education: Doctoral Seminar**

3 cr. Graduate.

Administrative leadership and policy development in urban education.

**Prerequisites:** grad st; admis to Ph.D. prog in Urban Educ; Educ 701(P).**Last Taught:** Spring 2015, Spring 2014, Spring 2013, Spring 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 802 District Leadership for Learning**

3 cr. Graduate.

A study of the special problems and opportunities involved in administering school districts, focusing on the role of the district administrator.

**Prerequisites:** post masters st; or cons instr.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 805 Legislative and Legal Aspects of Special Education**

3 cr. Graduate.

Legislative and legal factors involved in educating individuals with disabilities and other nondiscrimination legislation.

**Prerequisites:** grad st, AD LDSP 861 or EXCEDUC 861 (P).**Course Rules:** Counts as repeat of EXCEDUC 805.**Last Taught:** Fall 2023, Fall 2021, Fall 2019, Fall 2018.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 812 Educational Personnel Administration and Supervision**

3 cr. Graduate.

Focus on major concepts, functions and problems of personnel administration in education including recruitment, assignment, evaluation and motivation.

**Prerequisites:** grad st; Ad Ldsp 802 or cons instr.**Last Taught:** Summer 2023, Summer 2022, Summer 2021, Summer 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 827 Seminar in Adult and Organizational Learning**

3 cr. Graduate.

Application of transformative, critical, and action learning concepts to personal and professional development.

**Prerequisites:** grad st; Ad Ldsp 710(P).**Last Taught:** Fall 2017, Fall 2015, Fall 2013, Fall 2011.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 828 Using Qualitative Data Analysis Software for Educational Research**

1 cr. Graduate.

Explores technical and theoretical issues associated with using qualitative data analysis software packages.

**Prerequisites:** grad st; Ad Ldsp 829(C)**Last Taught:** Summer 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 829 Advanced Qualitative Research Techniques for Education Settings**

3 cr. Graduate.

Advanced examination of qualitative research techniques in three areas: conceptual design; data collection methods and data analysis and reporting.

**Prerequisites:** Ad Ldsp 729 or cons instr.**Course Rules:** Not open to students who have cr in CurrIns 829 which is identical to Ad Ldsp 829.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 832 Educational Politics and Policymaking**

3 cr. Graduate.

An examination of political sources of decision making in education. The role of interest groups in shaping educational policy and implementation at local, state, and national levels.

**Prerequisites:** post-master's st; Ad Ldsp 802 or cons instr.**Last Taught:** Fall 2022, Fall 2021, Fall 2020, Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 839 Practicum in Writing from Qualitative Research for Educational Settings**

3 cr. Graduate.

Practice in writing from qualitative research data and analysis of qualitative text.

**Prerequisites:** grad st; Ad Ldsp or CurrIns 729(P) & 829(P).**Course Rules:** Not open to students who have cr in CurrIns 839 which is identical to Ad Ldsp 839.**Last Taught:** Fall 2005, Fall 1996, Summer 1995, Summer 1994.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 842 Program Planning and Evaluation in Education**

3 cr. Graduate.

Theory, research, and practice regarding role of the superintendent in planning and evaluating education programs. Case studies, simulations, and field applications.

**Prerequisites:** grad st; Ad Ldsp 802 or cons instr.**Last Taught:** Summer 2023, Spring 2023, Summer 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 849 Higher Education and the Law**

3 cr. Graduate.

Designed for aspiring college or university administrators to provide knowledge and skills in the area of higher education law and policy.

**Prerequisites:** grad st.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 850 Supervision of Student Teaching**

3 cr. Graduate.

The role and responsibilities of the supervising teacher in planning, guidance and evaluation of the learning experiences of prospective teachers.

**Prerequisites:** grad st; Ad Ldsp 705 or cons instr.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 852 Collective Bargaining and Contract Administration in Education**

3 cr. Graduate.

Study of theory and practice of collective bargaining in educational systems. Prepares educators to manage the bargaining process and administer the contract.

**Prerequisites:** postmaster's st; Ad Ldsp 802 or cons instr.**Last Taught:** Summer 1996, Spring 1995, Spring 1994, Summer 1993.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 861 Foundations in Systems of Educational Equity**

3 cr. Graduate.

Sets the foundation for leadership in special education and student services in the context of integrated comprehensive services and student diversity.

**Prerequisites:** grad st.**Course Rules:** Counts as repeat of EXCEDUC 861.**Last Taught:** Summer 2023, Spring 2023, Summer 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 862 School Finance**

3 cr. Graduate.

Theoretical/contemporary bases for raising/distributing local, state, federal funds for public education. Problems, issues of public school financial support. Analysis of Wisconsin school support.

**Prerequisites:** post-master's st, Ad Ldsp 802 or cons instr.

**Last Taught:** Fall 2023, Fall 2022, Fall 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 867 Seminar in Continuing Education in the Professions**

3 cr. Graduate.

Analysis of the role and nature of continuing education in professions; current issues affecting the development of this field of adult education practice.

**Prerequisites:** grad st; Ad Ldsp 667 or cons instr.

**Last Taught:** Fall 2012, Summer 2012, Fall 2010, Fall 2008.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 877 Seminar in Two-Year Post Secondary Institutions**

3 cr. Graduate.

Present status, development, functions, organizational and curriculum trends in postsecondary nonbaccalaureate institutions.

**Prerequisites:** grad st; Ad Ldsp 657 or cons instr.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 880 Proseminar in Urban Education: Administrative Leadership**

3 cr. Graduate.

An examination of selected problems and issues in urban education.

**Prerequisites:** grad st; admis to the urban education doctoral prog.

**Last Taught:** Summer 2011, Spring 2011, Fall 2009, Spring 2007.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 882 Practicum in the School Superintendency**

1-3 cr. Graduate.

Field application of the knowledge, concepts, and skills learned in concurrent course work. Seminar attendance required.

**Prerequisites:** post-master's st; admis to District Administrator Cert Prog; cons instr.

**Course Rules:** Repeatable to 3 cr.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 886 Developing Your ePortfolio in ACHEA**

3 cr. Graduate.

Reflection on learning and creation of the capstone eportfolio in alignment with professional standards to represent student learning in the ACHEA program.

**Prerequisites:** graduate standing and completion of 27 credits or consent of instructor.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 888 Candidate for Degree**

0 cr. Graduate.

Available for graduate students who must meet minimum credit load requirement.

**Prerequisites:** graduate standing.

**Course Rules:** Fee for 1 cr assessed; unit does not count towards credit load for Fin Aid. Repeatable to 3 cr max. Satisfactory/Unsatisfactory only.

**Last Taught:** Fall 2023, Spring 2023, Spring 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 890 Higher Education Finance**

3 cr. Graduate.

Introduction to financing higher education and analyzing the strengths and weaknesses of that system.

**Prerequisites:** grad st

**Course Rules:** Counts as repeat of Ad Ldsp 779 with same topic.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 892 Specialist Applied Research Project**

2-6 cr. Graduate.

Specialist project and inquiry in applied problems of administration and supervision.

**Prerequisites:** postmaster's st; completion of 15 cr in specialist sequence; cons advisor.

**Last Taught:** Spring 2014, Fall 2012, Summer 2012, Spring 2012.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 893 Seminar in International Adult Education**

3 cr. Graduate.

Introduction to the foundations, context, global, political, socio-economic, and educational issues for international adult education.

**Prerequisites:** grad st

**Last Taught:** Summer 2012.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 897 Seminar-Philosophy and History of Adult, Continuing & Higher Education**

3 cr. Graduate.

Philosophical foundations related to the historical movement of adult, continuing, and higher education and implications for future directions.

**Prerequisites:** graduate standing; AD LDSP 657(P) or consent of instructor.

**Course Rules:** AD LDSP 897 and ED POL 897 are jointly offered and count as repeats of one another.

**Last Taught:** Spring 2021, Spring 2017, Spring 2015, Spring 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 900 Role of the Professoriate**

3 cr. Graduate.

Analysis of traditional faculty responsibilities of teaching, research, and service and the professional context in which they are conducted.

**Prerequisites:** doctoral status; counts as repeat of EDUC 900 with same topic.

**Last Taught:** Fall 2014, Fall 2011.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 955 Seminar in Instructional Supervision**

3 cr. Graduate.

Problems of teacher-learner and supervisory relationships in improvement of instructional programs and development of personnel. Analysis of selected problems.

**Prerequisites:** postmaster's st; eligibility for building administrator or supervisor cert.

**Last Taught:** Summer 2007, Spring 2006, Spring 1992, Spring 1989.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 960 Seminar in Economics of Education**

3 cr. Graduate.

Financing public education. Efficient allocation and use of facilities and material. Theoretical bases and premises of public education financial support. Federal, state, and local relationships.

**Prerequisites:** grad st; Ad Ldsp 862.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AD LDSP 961 Analysis and Design of Special Education and Student Services**

3 cr. Graduate.

Advanced analysis and design of organization and leadership of integrated comprehensive services for all learners.

**Prerequisites:** grad st; EXCEDUC 861 or AD LDSP 861(P).**Course Rules:** Counts as repeat of EXCEDUC 961.**Last Taught:** Spring 2022, Spring 2020, Spring 2019, Spring 2018.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 967 Seminar in Urban Adult, Continuing, and Higher Education**

3 cr. Graduate.

Examines adult, continuing, and higher education programs provided in the urban environment and discusses issues related to the development and delivery of those programs.

**Prerequisites:** grad st; Ad Ldsp 657(P)**Last Taught:** Spring 2022, Spring 2016, Spring 2014, Spring 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 970 Policy Issues in Urban Education**

1-3 cr. Graduate.

Examines recent policy developments in education, socio-political forces which have defined policy direction, and major points of controversy surrounding educational policies.

**Prerequisites:** postmaster's st or cons instr.**Last Taught:** Summer 2022, Summer 2020, Summer 2018, Summer 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 978 Seminar in Student Personnel Administration**

3 cr. Graduate.

Overview of current skills and competencies needed by student affairs professionals with an emphasis on standards, retention, debt, crisis management, accountability and assessment.

**Prerequisites:** grad st**Last Taught:** Spring 2013.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 990 Research or Thesis**

1-3 cr. Graduate.

**Prerequisites:** grad st; cons instr.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AD LDSP 999 Independent Reading**

1-3 cr. Graduate.

For the benefit of postmaster's students unable to secure needed content in regular courses.

**Prerequisites:** grad st; cons instr.**Last Taught:** Fall 2022, Spring 2020, Summer 2019, Fall 2018.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## African & African Diaspora Studies (AFRIC)

**AFRIC 100 Black Reality: Survey of African-American Society**

3 cr. Undergraduate.

An introduction to key concepts, structures, and institutions in African-American societies.

**Prerequisites:** none.**General Education Requirements:** CD, HU**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 102 Survey of African-American Literature**

3 cr. Undergraduate.

A survey of a variety of African-American literature.

**Prerequisites:** none.**General Education Requirements:** CD, HU**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 111 Introduction to African-American History to 1865**

3 cr. Undergraduate.

African and African-American history to the Reconstruction period.

**Prerequisites:** none.**General Education Requirements:** CD, HU**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 112 Introduction to African-American History, 1865 to the Present**

3 cr. Undergraduate.

African-American history from the Reconstruction era to the present.

**Prerequisites:** none.**General Education Requirements:** CD, HU**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 125 Economics of the Black Community**

3 cr. Undergraduate.

A survey of key economic principles, and elements that structure economic behavior in the black community.

**Prerequisites:** none.**General Education Requirements:** CD, SS**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 163 African-American Concept of Self**

3 cr. Undergraduate.

Survey of the cultural, social and psychological origins of the contemporary view African Americans have of themselves.

**Prerequisites:** none.**Last Taught:** Spring 2010, Fall 2009, Spring 2009, Fall 2008.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 192 First-Year Seminar:**

3 cr. Undergraduate.

Specific topics are announced in the Schedule of Classes each time the class is offered.

**Prerequisites:** none.**Course Rules:** Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).**General Education Requirements:** HU**Last Taught:** Fall 2008, Fall 2007, Fall 2000, Spring 1999.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 193 First-Year Seminar:**

3 cr. Undergraduate.

Specific topics are announced in the Schedule of Classes each time the class is offered.

**Prerequisites:** none.**Course Rules:** Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).**General Education Requirements:** SS**Last Taught:** Fall 2009, Fall 2008, Fall 2002, Fall 1997.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 199 Independent Study**

1-3 cr. Undergraduate.

For further information, consult the department chair.

**Prerequisites:** 2.5 GPA; writ cons instr, dept chair & asst dean for SAS.

**Course Rules:** May be retaken to 6 cr max.

**Last Taught:** Summer 2011, Spring 2008, Fall 2006, Fall 2005.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 205 The Poetry of African, African-American, and Caribbean Writers**

3 cr. Undergraduate.

A survey of ideas, themes, values, beliefs, and attitudes in the poetry of African, African-American and Caribbean writers.

**Prerequisites:** soph st.

**General Education Requirements:** CD, HU

**Last Taught:** Fall 2013, Fall 2010, Fall 2008, Fall 2007.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 210 The African-American Novel**

3 cr. Undergraduate.

A study of the social and cultural significance of the African-American novel, with emphasis on genre, imagery, and dramatic irony.

**Prerequisites:** soph st.

**General Education Requirements:** CD, HU

**Last Taught:** Spring 2015, Spring 2014, Spring 2013, Spring 2012.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 215 Introduction to Black Social and Cultural Traditions**

3 cr. Undergraduate.

A consideration of the social and cultural traditions that ground the life experiences and prospects of black people.

**Prerequisites:** none.

**General Education Requirements:** CD, SS

**Last Taught:** Fall 2023, Spring 2022, Spring 2021, Spring 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 220 Introduction to Statistics in African and African Diaspora Studies**

3 cr. Undergraduate.

The use of statistical methods and techniques in techniques in African and African Diaspora Studies. Data from the Afroworld (North and South America, Africa, and the Caribbean) will be analyzed.

**Prerequisites:** Prerequisite: satisfaction of GER Quantitative Literacy Part A.

**General Education Requirements:** QL B

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 228 Introduction to Black Political Economy**

3 cr. Undergraduate.

A survey of the interplay of the basic political and economic categories that structure the form and content of black life in America.

**Prerequisites:** soph st.

**General Education Requirements:** CD, SS

**Last Taught:** Fall 2022, Fall 2021, Spring 2020, Spring 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 232 Survey of African Societies and Cultures**

3 cr. Undergraduate.

A survey of continuities and changes in the social and cultural lives of the peoples of Black Africa.

**Prerequisites:** soph st.

**General Education Requirements:** SS

**Last Taught:** Spring 2023, Spring 2020, Fall 2017, Fall 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 235 African Americans and South Africa**

3 cr. Undergraduate.

The study of ideological, economic, religious, cultural, educational and political ties between African Americans and black South Africans from the 19th century to the present.

**Prerequisites:** soph st or cons instr.

**General Education Requirements:** HU

**Last Taught:** Fall 2013, Fall 2001, Fall 1995.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

3 cr. Undergraduate.

The effect of economics, education, social structures and history on the role of black women in US society.

**Prerequisites:** soph st.

**General Education Requirements:** SS

**Last Taught:** UWinterIM 2011, Spring 2010, Spring 2009, Spring 2008.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 261 Survey of African-American Political Philosophy**

3 cr. Undergraduate.

A survey of key ideas, concepts, arguments, problems, and issues in African-American political philosophy.

**Prerequisites:** soph st.

**General Education Requirements:** CD, HU

**Last Taught:** Spring 2016, Spring 2015, Fall 2008, Fall 2004.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 265 Psychological Effects of Racism**

3 cr. Undergraduate.

Psychological and socio-psychological effects of individualized and institutionalized racism on blacks and whites. Emphasis is placed on a range of interactions between blacks and whites.

**Prerequisites:** none.

**General Education Requirements:** CD, SS

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 289 Internship in African & African Diaspora Studies, Lower Division**

1-6 cr. Undergraduate.

Application of basic principles of African & African Diaspora Studies in business, organizational, educational, political, or other appropriate setting.

**Prerequisites:** One credit earned for academic work based on 40 hours in internship. May be retaken to 6 credits max. Prerequisite: 100- or 200-level AFRIC course; 2.25 GPA; consent of supervising faculty member.

**Last Taught:** Fall 2009, Spring 2008, Spring 2007, Summer 2006.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 297 Study Abroad:**

1-12 cr. Undergraduate.

Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.

**Prerequisites:** acceptance for Study Abroad Prog.

**Course Rules:** May be retaken w/chg in topic.

**Last Taught:** UWinteriM 2019, UWinteriM 2013, UWinteriM 2012, UWinteriM 2010.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 299 Ad Hoc:**

1-6 cr. Undergraduate.

Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.

**Prerequisites:** none; add'l prereqs may be assigned to specific topic.

**Course Rules:** May be retaken w/chg in topic.

**Last Taught:** Fall 2004, Spring 2003, Spring 2000, Fall 1998.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 300 Urban Violence**

3 cr. Undergraduate/Graduate.

Analysis of the nature, causes, and consequences of urban violence; the possibilities and limits of violence in promoting the good of blacks will be scrutinized.

**Prerequisites:** jr st.

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 300G Urban Violence**

3 cr. Undergraduate/Graduate.

Analysis of the nature, causes, and consequences of urban violence; the possibilities and limits of violence in promoting the good of blacks will be scrutinized.

**Prerequisites:** jr st.

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 301 Research Methods in African & African Diaspora Studies**

3 cr. Undergraduate.

A survey of research methods and techniques, and the uses of the computer in data gathering and analysis in African & African Diaspora Studies.

**Prerequisites:** Prerequisite: junior standing; elementary statistics course; or consent of instructor.

**Last Taught:** Fall 2021, Fall 2018, Fall 2016, Spring 2015.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 311 African Religious Thought and Social Organizations**

3 cr. Undergraduate/Graduate.

A critical analysis of foundations from which complex social structures and institutions evolved in the diverse societies of the Afroworld.

**Prerequisites:** jr st.

**Last Taught:** Fall 2023, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 311G African Religious Thought and Social Organizations**

3 cr. Undergraduate/Graduate.

A critical analysis of foundations from which complex social structures and institutions evolved in the diverse societies of the Afroworld.

**Prerequisites:** jr st.

**Last Taught:** Fall 2023, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 312 The Church in African-American Life**

3 cr. Undergraduate.

A study of the socio-cultural significance of the church in the evolution of the black community.

**Prerequisites:** jr st.

**Last Taught:** Fall 2012, Fall 2011, Fall 2010, Fall 2009.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 314 The School in African-American Life**

3 cr. Undergraduate.

A study of the socio-cultural significance of the school in the evolution of the black community.

**Prerequisites:** junior standing.

**General Education Requirements:** CD, HU

**Last Taught:** Spring 2023, Fall 2022, Spring 2020, Spring 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 319 African American Urban History**

3 cr. Undergraduate/Graduate.

Examination of the social and cultural transformation of Black urban communities, including social relations, political expression, economic organization, and cultural production, through the effects of government policies, economic trends, and institutional racism.

**Prerequisites:** junior standing.

**Last Taught:** Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

3 cr. Undergraduate/Graduate.

Examination of the social and cultural transformation of Black urban communities, including social relations, political expression, economic organization, and cultural production, through the effects of government policies, economic trends, and institutional racism.

**Prerequisites:** junior standing.

**Last Taught:** Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 320 Black Cultures in Latin America and the Caribbean**

3 cr. Undergraduate.

African influence on Latin America and the Caribbean, and the cultures of black peoples in several areas, particularly Brazil, Cuba, Haiti, Jamaica, Trinidad, and Barbados.

**Prerequisites:** jr st.

**Last Taught:** Spring 2023, Fall 2019, Fall 2017, Fall 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 321 Black Workers in the 21st Century**

3 cr. Undergraduate/Graduate.

Analysis of scientific and technological changes in America since 1900, and their qualitative as well as quantitative impact on black productivity and participation in the work force.

**Prerequisites:** jr st.

**Last Taught:** Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 321G Black Workers in the 21st Century**

3 cr. Undergraduate/Graduate.

Analysis of scientific and technological changes in America since 1900, and their qualitative as well as quantitative impact on black productivity and participation in the work force.

**Prerequisites:** jr st.**Last Taught:** Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 322 Order and Disorder: The Quest for Social Justice**

3 cr. Undergraduate/Graduate.

An analysis of the forms, purposes, and effects of order and disorder in relation to black people's quest for social justice.

**Prerequisites:** jr st.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 322G Order and Disorder: The Quest for Social Justice**

3 cr. Undergraduate/Graduate.

An analysis of the forms, purposes, and effects of order and disorder in relation to black people's quest for social justice.

**Prerequisites:** jr st.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 323 Capitalism, Socialism, Nationalism and Fascism**

3 cr. Undergraduate.

An analysis of the political philosophies of capitalism, socialism, nationalism and fascism in relation to their significance for the organization of political societies in the Afroworld.

**Prerequisites:** jr st.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 325 Africa/China Relations**

3 cr. Undergraduate/Graduate.

Historical and emerging political and economic relationship between the African continent and China.

**Prerequisites:** Counts as a repeat of AFRIC 565 with similar title.

Prerequisite: junior standing.

**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 325G Africa/China Relations**

3 cr. Undergraduate/Graduate.

Historical and emerging political and economic relationship between the African continent and China.

**Prerequisites:** Counts as a repeat of AFRIC 565 with similar title.

Prerequisite: junior standing.

**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 326 Economic Problems of Black Business**

3 cr. Undergraduate/Graduate.

Examination of major economic problems of black business; liquidity, credit, market shares, insurance, rents, mortgages, and location are analyzed in relation to black business performance.

**Prerequisites:** jr st.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 326G Economic Problems of Black Business**

3 cr. Undergraduate/Graduate.

Examination of major economic problems of black business; liquidity, credit, market shares, insurance, rents, mortgages, and location are analyzed in relation to black business performance.

**Prerequisites:** jr st.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 329 Economic Growth and Sustainable Development in Africa**

3 cr. Undergraduate/Graduate.

Economic development in African countries; poverty reduction strategies, role of education and health, Millennium Development Goals, agrarian systems, international trade; U.S. as key trading partner.

**Prerequisites:** jr st.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 329G Economic Growth and Sustainable Development in Africa**

3 cr. Undergraduate/Graduate.

Economic development in African countries; poverty reduction strategies, role of education and health, Millennium Development Goals, agrarian systems, international trade; U.S. as key trading partner.

**Prerequisites:** jr st.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 334 Survey of Black American and Black Brazilian Societies**

3 cr. Undergraduate.

Examines similarities and differences between peoples of African descent in the United States and Brazil, with reference to society, culture, and political economy.

**Prerequisites:** jr st.**Last Taught:** Spring 2022, Spring 2017, Spring 2015, Spring 2008.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 341 Black Politics and City Government**

3 cr. Undergraduate.

An analysis of the impact of black politics on the decision-making process of, and delivery of goods and services by, state and local governments.

**Prerequisites:** jr st.**Last Taught:** Spring 2023, Spring 2016, Spring 2014, Fall 2009.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 344 Global Black Social Movements**

3 cr. Undergraduate/Graduate.

Analysis of leadership, ideology, and the structure of black political movements and organizations in the twentieth century.

**Prerequisites:** jr st.**Last Taught:** Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 344G Global Black Social Movements**

3 cr. Undergraduate/Graduate.

Analysis of leadership, ideology, and the structure of black political movements and organizations in the twentieth century.

**Prerequisites:** jr st.**Last Taught:** Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 350 The Black Family**

3 cr. Undergraduate/Graduate.

An examination of the structure and functions of the black family in its urban and rural contexts.

**Prerequisites:** jr st.

**Last Taught:** Fall 2014, Summer 2011.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 350G The Black Family**

3 cr. Undergraduate/Graduate.

An examination of the structure and functions of the black family in its urban and rural contexts.

**Prerequisites:** jr st.

**Last Taught:** Fall 2014, Summer 2011.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 351 Sexuality, Gender, and Health in Africa and the Diaspora**

3 cr. Undergraduate.

Drawing on cultural studies and social science approaches, this course asks the question of how health and illness is socially and culturally determined.

**Prerequisites:** jr st.

**Last Taught:** Spring 2018, Spring 2016, Fall 2011, Fall 2010.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 352 Extended Families in Black Societies**

3 cr. Undergraduate.

A critical cross-national/cross-cultural analysis of the structures and functions of black extended families in the Americas and Africa.

**Prerequisites:** jr st.

**Last Taught:** Spring 2013, Spring 2012, Spring 2011, Spring 2010.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 362 Philosophy and Thought in Africa and the Diaspora II**

3 cr. Undergraduate.

Philosophical foundations of the intellectual tradition and political ideas of Africa and the African diaspora after 1900.

**Prerequisites:** jr st.

**Last Taught:** Summer 2010, Fall 2008, Fall 2004, Fall 2003.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 369 Black Images and Mass Media**

3 cr. Undergraduate.

An evaluation of how the mass media have affected the psyche of Black people.

**Prerequisites:** jr st.

**Last Taught:** Spring 2020, Spring 2018, Spring 2017, Fall 2012.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 370 Forms of Black Expression**

3 cr. Undergraduate.

An analysis of elements of African traditions that have influenced the literature, music, art, dance, and folkways (in the Afro-world, particularly in the United States).

**Prerequisites:** jr st.

**Last Taught:** Spring 2015, Spring 2014, Spring 1990.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 372 African-American Literary Movements: The Harlem Renaissance**

3 cr. Undergraduate.

A consideration of the historical and social forces that promoted the development of black literature during the period of the Harlem Renaissance.

**Prerequisites:** jr st.

**Last Taught:** Spring 2015, Spring 2014, Spring 2010, Fall 2008.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 381 Honors Seminar:**

3 cr. Undergraduate.

Selected topics in the political economy, cultures, and societies of the Afroworld.

**Prerequisites:** sophomore standing, HONORS 200(P), and consent of Honors College director.

**Course Rules:** May be retaken with change in topic to 9 credits max.

**General Education Requirements:** SS

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 411 Change in African-American Communities**

3 cr. Undergraduate.

An analysis of institutional and non-institutional forces that occasion change in black communities.

**Prerequisites:** jr st.

**Last Taught:** Spring 2011, Fall 2009, Spring 2005, Spring 2002.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 412 Blacks and the United States Constitution**

3 cr. Undergraduate.

An analysis of the Constitution's impact on blacks, and the body of law that has evolved from litigation involving the interests of black people.

**Prerequisites:** jr st.

**Last Taught:** Fall 2005, Fall 2001, Fall 2000, Fall 1999.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 414 The Black Woman in America, Africa, and the Caribbean**

3 cr. Undergraduate.

A comparison of the roles and impact of the black women on American, African and Caribbean societies.

**Prerequisites:** jr st.

**Last Taught:** Spring 2022, Spring 2018, Fall 2016, Spring 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 415 Race in Sports**

3 cr. Undergraduate/Graduate.

Exploration of the terrain of American sports in the twentieth century to understand the profound impact athletic competition has had on the development of American race relations and racial inequality.

**Prerequisites:** junior standing or greater.

**Course Rules:** Counts as a repeat of AFRIC 565 with similar topic.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 415G Race in Sports**

3 cr. Undergraduate/Graduate.

Exploration of the terrain of American sports in the twentieth century to understand the profound impact athletic competition has had on the development of American race relations and racial inequality.

**Prerequisites:** junior standing or greater.

**Course Rules:** Counts as a repeat of AFRIC 565 with similar topic.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 416 Race and Social Justice in the United States**

3 cr. Undergraduate.

A study of the relation between race, injustice and social change in the United States.

**Prerequisites:** jr st.**Last Taught:** Fall 2017, Fall 2015, Fall 2014, Spring 2010.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 417 Race, Class and Gender in Southern Africa**

3 cr. Undergraduate.

Race, class and gender as sources of conflict and cooperation in southern African societies.

**Prerequisites:** jr st.**Last Taught:** Spring 2014, Spring 2004, Spring 2003, Spring 2000.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 418 Race, Class, and Gender in Latin America and the Caribbean**

3 cr. Undergraduate.

An analysis of race, class and gender in the evolution of political, economic, and social structures in Caribbean and Latin American societies.

**Prerequisites:** jr st.**Last Taught:** Fall 2020, Fall 2018, Spring 2009, Fall 2006.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 420 The Political Economy of Slavery**

3 cr. Undergraduate.

Analysis of the political and economic contradictions of U.S. slavery; the value of free versus slave labor is scrutinized in the context of emerging capitalism.

**Prerequisites:** jr st.**Last Taught:** Fall 2014, Fall 2013, Spring 2002, Spring 1999.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 450 Cultural Transmissions: Black Africa and Black America**

3 cr. Undergraduate/Graduate.

A cross-national and cross-cultural comparison of the societies and cultures of black Americans and black Africans.

**Prerequisites:** jr st.**Last Taught:** Spring 2011, Spring 2010.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 450G Cultural Transmissions: Black Africa and Black America**

3 cr. Undergraduate/Graduate.

A cross-national and cross-cultural comparison of the societies and cultures of black Americans and black Africans.

**Prerequisites:** jr st.**Last Taught:** Spring 2011, Spring 2010.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 451 Rites of Passage in Black Societies**

3 cr. Undergraduate/Graduate.

Foundations of the use of rites of passage in different societies throughout Africa and the African diaspora.

**Prerequisites:** jr st.**Last Taught:** Fall 2013, Spring 2013.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 451G Rites of Passage in Black Societies**

3 cr. Undergraduate/Graduate.

Foundations of the use of rites of passage in different societies throughout Africa and the African diaspora.

**Prerequisites:** jr st.**Last Taught:** Fall 2013, Spring 2013.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 489 Internship in African & African Diaspora Studies, Upper Division**

1-6 cr. Undergraduate.

Application of advanced principles of African &amp; African Diaspora Studies in a business, organizational, educational, political, or other appropriate setting.

**Prerequisites:** One credit earned for academic work based on 40 hours in internship. May be retaken to 6 credits max. Prerequisite: junior standing; 300-level or above course in AFRIC; 2.25 gpa; consent of supervising faculty member.**Last Taught:** Spring 2022, Spring 2021, Spring 2020, Summer 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 497 Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.

**Prerequisites:** jr st; acceptance for Study Abroad Prog.**Course Rules:** May be retaken w/chg in topic.**Last Taught:** UWinterIM 2019, Summer 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 497G Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.

**Prerequisites:** jr st; acceptance for Study Abroad Prog.**Course Rules:** May be retaken w/chg in topic.**Last Taught:** UWinterIM 2019, Summer 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 499 Ad Hoc:**

1-6 cr. Undergraduate.

Course created expressly for offering in a specified enrollment period.

Requires only dept &amp; assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.

**Prerequisites:** jr st; add'l prereqs may be assigned to specific topic.**Course Rules:** May be retaken w/chg in topic.**Last Taught:** Fall 1995.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AFRIC 545 Raising Children, 'Race-ing' Children**

3 cr. Undergraduate/Graduate.

Analysis of the social meaning of race in the US through the lens of childhood and adolescence; how children come to understand and navigate racism.

**Prerequisites:** jr st or grad st.**Course Rules:** Counts as a repeat of AFRIC 565 w/ similar topic.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 545G Raising Children, 'Race-ing' Children**

3 cr. Undergraduate/Graduate.

Analysis of the social meaning of race in the US through the lens of childhood and adolescence; how children come to understand and navigate racism.

**Prerequisites:** jr st or grad st.

**Course Rules:** Counts as a repeat of AFRIC 565 w/ similar topic.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 565 Selected Texts/Topics in African & African Diaspora Studies:**

3 cr. Undergraduate/Graduate.

Examination of selected problems, issues, and themes in African & African Diaspora Studies.

**Prerequisites:** junior standing or greater.

**Course Rules:** Repeatable to 6 cr max.

**Last Taught:** Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 565G Selected Texts/Topics in African & African Diaspora Studies:**

3 cr. Undergraduate/Graduate.

Examination of selected problems, issues, and themes in African & African Diaspora Studies.

**Prerequisites:** junior standing or greater.

**Course Rules:** Repeatable to 6 cr max.

**Last Taught:** Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 699 Independent Study**

1-6 cr. Undergraduate.

See Advanced Independent Study.

**Prerequisites:** jr st; 2.5 GPA; writ cons instr, dept chair & asst dean for SAS.

**Course Rules:** May be retaken w/chg in topic.

**Last Taught:** Spring 2018, Fall 2017, Summer 2017, Fall 2015.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 700 Foundations and Theories in African & African Diaspora Studies**

3 cr. Graduate.

Seminar on historical, theoretical and institutional development of African & African Diaspora Studies. Topics examined will include Pan-Africanism, Black Feminism, Afrocentrism, Diaspora Theory, Critical Race Theory, and others.

**Prerequisites:** Prerequisite: graduate standing.

**Last Taught:** Fall 2021, Fall 2020, Fall 2018, Fall 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 701 Theories and Methods in Empirical Research in African & African Diaspora Studies**

3 cr. Graduate.

Applicability of particular empirical theories and qualitative/quantitative methods to a range of substantive problems and issues pertaining to peoples of African descent.

**Prerequisites:** Prerequisite: graduate standing; appropriate upper-level math or statistics course.

**Last Taught:** Spring 2022, Spring 2021, Spring 2019, Spring 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 705 Classic Works: Intellectual Production in Africa and the Diaspora I**

3 cr. Graduate.

Conceptual and value foundations of normative theory in relation to forms of social organization.

**Prerequisites:** grad st

**Last Taught:** Spring 2022, Spring 2021, Spring 2019, Spring 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AFRIC 706 Classic Works: Intellectual Production in Africa and the Diaspora II**

3 cr. Graduate.

Advanced study of elements of normative theory such as justice, equality, freedom, and obligation in societal construction and reconstruction in Africa and the Diaspora.

3 cr. Undergraduate.

Anishinaabe botanical knowledge as it relates to Anishinaabe culture.

**Prerequisites:** none.**Course Rules:** No cr for students who have cr in Bio Sci 105.**General Education Requirements:** CD**Last Taught:** Fall 2021, Fall 2020, Fall 2016, Fall 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AIS 106 Anishinaabe Ethnobotany: Plants in Anishinaabe Philosophy**

3 cr. Undergraduate.

Anishinaabe philosophical and religious beliefs incorporating botanical knowledge.

**Prerequisites:** none.**Course Rules:** AIS 106 & RELIGST 106 count as repeats of one another.**General Education Requirements:** CD**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AIS 171 First-Semester Indigenous Languages of Wisconsin:**

4 cr. Undergraduate.

First-semester speaking, listening, and writing skills in an Indigenous language of Wisconsin.

**Prerequisites:** none.**Course Rules:** Previously AIS 161. Retakeable with change in topic to 12 cr max. Satisfies L&S Language Requirement and World Language GER. Meets Cultural Diversity GER.**General Education Requirements:** CD**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Summer 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AIS 172 Second-Semester Indigenous Languages of Wisconsin:**

4 cr. Undergraduate.

Second-semester speaking, listening, and writing skills in an indigenous language of Wisconsin.

**Prerequisites:** AIS 161(P) or level 2 placement. Generates L&S credit for demonstrated equivalent preparation (4 retro cr).**Course Rules:** Previously AIS 162. Retakeable with change in topic to 12 cr max. Satisfies L&S Language Requirement and Foreign Language GER. Meets Cultural Diversity GER.**General Education Requirements:** CD**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AIS 192 First-Year Seminar:**

3 cr. Undergraduate.

Specific topics are announced in the Schedule of Classes each time the class is offered.

**Prerequisites:** none.**Course Rules:** Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).**General Education Requirements:** CD, HU**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AIS 193 First-Year Seminar:**

3 cr. Undergraduate.

Specific topics are announced in the Schedule of Classes each time the class is offered.

**Prerequisites:** none.**Course Rules:** Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).**General Education Requirements:** CD, SS**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 199 Independent Study**

3 cr. Undergraduate.

Independent work supervised by a member of the AIS Program instructional staff.

**Prerequisites:** 2.0 GPA; consent of instructor, program coordinator, and Assistant Dean for Student Academic Services.

**Course Rules:** Retakable with change in topic to 6 cr max.

**Last Taught:** Summer 2018, Spring 2018, Fall 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 203 Western Great Lakes American Indian Community Life of the Past**

3 cr. Undergraduate.

Study of western Great Lakes American Indian community life of the past, with an emphasis on pre-European conditions, social organizations, value systems, family life, ceremonial life.

**Prerequisites:** none.

**Course Rules:** Counts as a repeat of Ethnic 203.

**General Education Requirements:** CD, SS

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 225 The Aztec Empire**

3 cr. Undergraduate.

Formation and expansion of the Aztec empire; description and analysis of Aztec culture, with an emphasis on archaeological and ethnohistoric perspectives.

**Prerequisites:** none.

**Course Rules:** AIS 225 & Anthro 225 are jointly offered; they count as repeats of one another.

**Last Taught:** Summer 2016, Spring 2014, Spring 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 252 Fourth Semester Anishinaabemowin (Ojibwe)**

4 cr. Undergraduate.

Fourth-semester speaking, listening and writing skills in Anishinaabemowin the language of the Great Lakes Three Fires Confederacy and current Ojibwe, Odawa and Potawatomi nations.

**Prerequisites:** AIS 251 or level 4 placement. Generates L&S credit for demonstrated equivalent preparation (12 retro cr)..

**Course Rules:** Satisfies L&S Language Requirement and Foreign Language GER. Meets Cultural Diversity GER.

**General Education Requirements:** CD

**Last Taught:** Spring 2023, Spring 2021, Spring 2020, Spring 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 262 North American Indian History to 1887**

3 cr. Undergraduate.

A survey of Native American history from aboriginal times to 1887. Emphasis will be placed on American policies and change within Indian societies.

**Prerequisites:** none.

**Course Rules:** AIS 262 & HIST 262 are jointly offered; they count as repeats of one another.

**General Education Requirements:** CD, SS

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 263 North American Indian History Since 1887**

3 cr. Undergraduate.

A survey of American Indian history since 1887 with emphasis on federal policies and changing Indian societies in the twentieth century.

**Prerequisites:** none.

**Course Rules:** AIS 263 & Hist 263 are jointly offered; they count as repeats of one another.

**General Education Requirements:** CD, SS

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 271 Third-Semester Indigenous Languages of Wisconsin:**

3 cr. Undergraduate.

Third-semester speaking, listening, reading and writing skills in an indigenous language of Wisconsin.

**Prerequisites:** AIS 172(P) or level 3 placement.

**Course Rules:** Retakeable to 15 cr max. Previously AIS 251. Meets Cultural Diversity GER. Satisfies L&S Language Requirement and Foreign Language GER. Generates L&S credit for demonstrated equivalent preparation (8 retro cr).

**General Education Requirements:** CD

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 272 Fourth-Semester Indigenous Languages of Wisconsin:**

3 cr. Undergraduate.

Fourth-semester speaking, listening, reading and writing skills in an indigenous language of Wisconsin.

**Prerequisites:** AIS 271(P) or level 4 placement.

**Course Rules:** Repeatable to 15 cr max. The topic 'Ojibwe' counts as a repeat of AIS 252. Satisfies L&S Language Requirement and Foreign Language GER. Generates L&S credit for demonstrated equivalent preparation (11 retro cr).

**General Education Requirements:** CD

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 276 Introduction to American Indian Literature:**

3 cr. Undergraduate.

Literature of the American Indian, focusing on major forms, prominent themes, or a particular tribe of time period.

**Prerequisites:** grade of C or better in English 102(P) or score at level 4 on EPT.

**Course Rules:** AIS 276 & English 276 are jointly offered; w/same topic, they count as repeats of one another. Retakable w/chg in topic to 9 cr max.

**General Education Requirements:** CD, HU

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 289 Internship in American Indian Studies, Lower Division:**

1-6 cr. Undergraduate.

Application of basic principles of American Indian Studies in a business, organizational, educational, political, or other appropriate settings.

**Prerequisites:** AIS 101(P); 2.25 gpa; cons supervising faculty member.

**Course Rules:** One cr earned for academic work based on 40 hours in internship. Retakable to 6 cr max.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 296 UROP Apprenticeship, Lower Division**

1-3 cr. Undergraduate.

Undergraduate research participation in a project developed with a supervising member of the faculty or staff.

**Prerequisites:** acceptance to UROP; prior or conc reg in UROP seminar.**Course Rules:** One credit for 45 hrs research. Retakable to 9 cr max in any combination of UROP apprenticeship courses.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AIS 297 Study Abroad:**

1-12 cr. Undergraduate.

Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.

**Prerequisites:** acceptance for Study Abroad Prog.**Course Rules:** Retakable w/chg in topic.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AIS 299 Ad Hoc:**

1-6 cr. Undergraduate.

Course created expressly for offering in a specified enrollment period.

Requires only dept &amp; assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.

**Prerequisites:** none; add'l prereqs may be assigned to specific topic.**Course Rules:** Retakable w/chg in topic.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AIS 308 Archaeology of North America**

3 cr. Undergraduate/Graduate.

Main pre-Columbian cultures on the North American continent, north of Mexico.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Course Rules:** AIS 308 & Anthro 308 are jointly offered; they count as repeats of one another.**Last Taught:** Spring 2019, Spring 2014.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AIS 308G Archaeology of North America**

3 cr. Undergraduate/Graduate.

Main pre-Columbian cultures on the North American continent, north of Mexico.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Course Rules:** AIS 308 & Anthro 308 are jointly offered; they count as repeats of one another.**Last Taught:** Spring 2019, Spring 2014.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AIS 310 Archaeology of Middle America**

3 cr. Undergraduate/Graduate.

Historical development and ecological settings of cultures and civilizations in Mexico and Central America from earliest times to the Spanish conquest.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Course Rules:** AIS 310 & Anthro 310 are jointly offered; they count as repeats of one another.**Last Taught:** Spring 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AIS 310G Archaeology of Middle America**

3 cr. Undergraduate/Graduate.

Historical development and ecological settings of cultures and civilizations in Mexico and Central America from earliest times to the Spanish conquest.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Course Rules:** AIS 310 & Anthro 310 are jointly offered; they count as repeats of one another.**Last Taught:** Spring 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AIS 311 The World of the Ancient Maya**

3 cr. Undergraduate/Graduate.

Historical development of ancient Maya civilization from its origins to the Spanish Conquest.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Course Rules:** AIS 311 & Anthro 311 are jointly offered; they count as repeats of one another.**Last Taught:** Fall 2015, Fall 2014.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AIS 311G The World of the Ancient Maya**

3 cr. Undergraduate/Graduate.

Historical development of ancient Maya civilization from its origins to the Spanish Conquest.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Course Rules:** AIS 311 & Anthro 311 are jointly offered; they count as repeats of one another.**Last Taught:** Fall 2015, Fall 2014.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AIS 314 American Indian Societies and Cultures**

3 cr. Undergraduate/Graduate.

Description and analysis of selected indigenous American cultures including subsistence, sociopolitical organizations, beliefs and Euro-American Indian policy.

**Prerequisites:** jr st; Anthro 102(R).**Course Rules:** AIS 314 & Anthro 314 are jointly offered; they count as repeats of one another.**Last Taught:** Spring 2018, Spring 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AIS 314G American Indian Societies and Cultures**

3 cr. Undergraduate/Graduate.

Description and analysis of selected indigenous American cultures including subsistence, sociopolitical organizations, beliefs and Euro-American Indian policy.

**Prerequisites:** jr st; Anthro 102(R).**Course Rules:** AIS 314 & Anthro 314 are jointly offered; they count as repeats of one another.**Last Taught:** Spring 2018, Spring 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 321 Contemporary Issues of the American Indian**

3 cr. Undergraduate.

Development of the institutional structure of American Indian affairs; current economic and social problems, contemporary manifestations of American Indian spirit, e.g. activism and cultural experiences.

**Prerequisites:** junior standing or higher and completion of a prior SOCIOL course; or consent of the instructor. Open to special students.

**Course Rules:** AIS 321 and SOCIOL 321 are jointly offered; they count as repeats of one another.

**General Education Requirements:** CD, SS

**Last Taught:** Spring 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 360 Ezhi-Kinomaageying: Anishinaabe Curriculum**

3 cr. Undergraduate.

Hist of Anishinaabe language instruction, including impact of social and political movements and contemporary trends. Review and creation of effective instructional methods for teaching Anishinaabemowin.

**Prerequisites:** AIS 252(P) or cons instr.

**Course Rules:** Generates L&S credit for demonstrated equivalent preparation (16 retro cr).

**Last Taught:** Spring 2022, Fall 2020, Fall 2018, Spring 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 362 System Failure: Globalization and Language Extinction**

3 cr. Undergraduate/Graduate.

Role of globalization in the projected extinction of a large number of the world's languages within the next century.

**Prerequisites:** junior standing; a course in social science; a course in linguistic anthropology; or consent of instructor.

**Course Rules:** AIS 362, ANTHRO 362, & GLOBAL 362 are jointly offered; they count as repeats of one another.

**Last Taught:** Spring 2020, Fall 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 362G System Failure: Globalization and Language Extinction**

3 cr. Undergraduate/Graduate.

Role of globalization in the projected extinction of a large number of the world's languages within the next century.

**Prerequisites:** junior standing; a course in social science; a course in linguistic anthropology; or consent of instructor.

**Course Rules:** AIS 362, ANTHRO 362, & GLOBAL 362 are jointly offered; they count as repeats of one another.

**Last Taught:** Spring 2020, Fall 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 370 Anishinaabebiiige: Archival to Contemporary Writing**

3 cr. Undergraduate.

Introduction to researching, reading, and creating archival material for proficient speakers of Anishinaabemowin.

**Prerequisites:** AIS 252(P) or cons instr.

**Course Rules:** Generates L&S credit for demonstrated equivalent preparation (16 retro crs).

**Last Taught:** Spring 2022, Spring 2019, Spring 2018, Spring 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 372 Survey of American Indian Literature**

3 cr. Undergraduate.

A general, representative study of the literature of the American Indian.

**Prerequisites:** jr st; satisfaction of GER English Composition Competency req.

**Course Rules:** AIS 372 & English 372 are jointly offered; they count as repeats of one another.

**General Education Requirements:** CD, HU

**Last Taught:** Spring 2023, Fall 2022, Spring 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 473 History of Wisconsin Indians**

3 cr. Undergraduate/Graduate.

History of Wisconsin tribes from their earliest years to the present, including European contacts, treaties, the fur trade, and wars.

**Prerequisites:** jr st; satisfaction of English Composition competency req.

**Course Rules:** AIS 473 & Hist 473 are jointly offered; they count as repeats of one another.

**General Education Requirements:** CD

**Last Taught:** Fall 2019, Fall 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 473G History of Wisconsin Indians**

3 cr. Undergraduate/Graduate.

History of Wisconsin tribes from their earliest years to the present, including European contacts, treaties, the fur trade, and wars.

**Prerequisites:** jr st; satisfaction of English Composition competency req.

**Course Rules:** AIS 473 & Hist 473 are jointly offered; they count as repeats of one another.

**General Education Requirements:** CD

**Last Taught:** Fall 2019, Fall 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 474 Topics in North American Indian History:**

3 cr. Undergraduate/Graduate.

Detailed examination of such topics as Indian legal status, culture change, Indian education, Pan-Indianism and gender roles.

**Prerequisites:** jr st; satisfaction of GER English Composition competency req.

**Course Rules:** Retakable w/chg in topic to 9 cr max. AIS 474 & Hist 474 are jointly offered; they count as repeats of one another.

**General Education Requirements:** CD

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 474G Topics in North American Indian History:**

3 cr. Undergraduate/Graduate.

Detailed examination of such topics as Indian legal status, culture change, Indian education, Pan-Indianism and gender roles.

**Prerequisites:** jr st; satisfaction of GER English Composition competency req.

**Course Rules:** Retakable w/chg in topic to 9 cr max. AIS 474 & Hist 474 are jointly offered; they count as repeats of one another.

**General Education Requirements:** CD

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 475 American Indian History, Law, and Government**

3 cr. Undergraduate/Graduate.

American Indian political systems; their interaction with U.S. Indian policy. Indigenous systems of governance; European legal justification for colonization; American Indian sovereignty; Federal-Tribal relationship.

**Prerequisites:** jr st; satisfaction of GER English Composition competency req.

**Course Rules:** No cr for students w/cr in Hist 474 w/similar topic. AIS 475 & Hist 475 are jointly offered; they count as repeats of one another.

**General Education Requirements:** CD

**Last Taught:** Spring 2020, Spring 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 475G American Indian History, Law, and Government**

3 cr. Undergraduate/Graduate.

American Indian political systems; their interaction with U.S. Indian policy. Indigenous systems of governance; European legal justification for colonization; American Indian sovereignty; Federal-Tribal relationship.

**Prerequisites:** jr st; satisfaction of GER English Composition competency req.

**Course Rules:** No cr for students w/cr in Hist 474 w/similar topic. AIS 475 & Hist 475 are jointly offered; they count as repeats of one another.

**General Education Requirements:** CD

**Last Taught:** Spring 2020, Spring 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 489 Internship in American Indian Studies, Upper Division**

1-6 cr. Undergraduate.

Application of advanced principles of American Indian Studies in a business, organizational, educational, political, or other appropriate setting.

**Prerequisites:** jr st; 2.25 gpa; cons supervising faculty member.

**Course Rules:** One cr earned for academic work based on 40 hours in internship. Retakable to 6 cr max.

**Last Taught:** Summer 2015, Spring 2015, Fall 2012.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 496 UROP Apprenticeship, Upper Division**

1-3 cr. Undergraduate.

Advanced-level undergraduate research participation in a project developed with a supervising member of the faculty or staff.

**Prerequisites:** jr st; acceptance to UROP; prior or conc reg in UROP seminar.

**Course Rules:** One credit for 45 hrs research. Retakable to 9 cr max in any combination of UROP apprenticeship courses.

**Last Taught:** Summer 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 497 Study Abroad:**

1-12 cr. Undergraduate.

Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.

**Prerequisites:** jr st; acceptance for Study Abroad Prog.

**Course Rules:** Retakable w/chg in topic.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 499 Ad Hoc:**

1-6 cr. Undergraduate.

Course created expressly for offering in a specified enrollment period.

Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.

**Prerequisites:** jr st; add'l prereqs may be assigned to specific topic.

**Course Rules:** Retakable w/chg in topic.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 520 Studies in American Indian Literature:**

3 cr. Undergraduate.

Critical study of themes, figures, aspects, trends, etc., in American Indian Literature.

**Prerequisites:** jr st; satisfaction of GER English Composition competency req.

**Course Rules:** AIS 520 & English 520 are jointly offered; w/same topic, they count as repeats of one another. Retakable w/chg of topic to 9 cr max.

**General Education Requirements:** CD

**Last Taught:** Fall 2020, Spring 2015, Fall 2014, Spring 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 600 Field Project - Capstone Research or Applied Project**

3 cr. Undergraduate.

Research or applied project on area of student's interest under supervision of AIS faculty member. Formal field project paper required.

**Prerequisites:** jr st; declared AIS major.

**Last Taught:** Fall 2018, Spring 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 632 Seminar in American Indian Literature:**

3 cr. Undergraduate/Graduate.

Focus on major forms, prominent themes, or tribal traditions in the literature of the American Indian.

**Prerequisites:** senior standing, satisfaction of GER English Composition competency req, 9 cr ENGLISH and/or COMPLIT at the 300-level or above; or graduate standing.

**Course Rules:** AIS 632 and ENGLISH 632 are jointly offered; with the same topic, they count as repeats of one another. May be retaken with change in topic to 6 cr max.

**Last Taught:** Fall 2021, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 632G Seminar in American Indian Literature:**

3 cr. Undergraduate/Graduate.

Focus on major forms, prominent themes, or tribal traditions in the literature of the American Indian.

**Prerequisites:** senior standing, satisfaction of GER English Composition competency req, 9 cr ENGLISH and/or COMPLIT at the 300-level or above; or graduate standing.

**Course Rules:** AIS 632 and ENGLISH 632 are jointly offered; with the same topic, they count as repeats of one another. May be retaken with change in topic to 6 cr max.

**Last Taught:** Fall 2021, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AIS 699 Advanced Independent Study**

1-6 cr. Undergraduate.

Advanced independent work under the supervision of an AIS Program instructional staff member.

**Prerequisites:** jr st; 2.0 GPA; consent of instructor, program coordinator, and Assistant Dean for Student Academic Services.

**Course Rules:** Retakable with change in topic to 9 cr max.

**Last Taught:** Spring 2022, Summer 2019, Spring 2019, Summer 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## Ancient & Modern Languages, Literatures & Cultures (AMLLC)

**AMLLC 101 How to Learn a Language**

1 cr. Undergraduate.

This course provides language students with learning tools that are helpful for articulatory phonetics, morphology, grammatical inflections, word derivations, and explanations of unfamiliar grammatical constructions.

**Prerequisites:** none.

**Course Rules:** Previously FLL 101.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AMLLC 102 Uncommonly Taught Language: Intensive First Semester:**

5-7 cr. Undergraduate.

Intensive training in an uncommonly taught language, for students with no previous knowledge of the language.

**Prerequisites:** none.

**Course Rules:** Previously FLL 102. May be retaken with change of language. AMLLC 102 and LINGUIS 102 are jointly offered; with the same topic, they count as repeats of one another.

**Last Taught:** Fall 2009, Fall 2008, Summer 2004, Fall 2002.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AMLLC 103 First Semester of an Uncommonly-Taught Language:**

1-4 cr. Undergraduate.

Elementary training in an uncommonly-taught language (i.e. one not otherwise offered in any UWM program). Number of credits earned by the student is determined by the credit value assigned to section number.

**Prerequisites:** none.

**Course Rules:** Previously FLL 103. For students with no previous knowledge of the language. May be retaken with change in language. AMLLC 103 and LINGUIS 103 are jointly offered; with same topic, they count as repeats of one another.

**Last Taught:** Fall 2007, Fall 2006, Spring 2006, Spring 2005.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AMLLC 104 Second Semester of an Uncommonly Taught Language:**

3-4 cr. Undergraduate.

Continuation of AMLLC 103 and LINGUIS 103. Number of credits earned by student is determined by the credit value assigned to section number.

**Prerequisites:** FLL 103(P) or LINGUIS 103(P) in the same language.

**Course Rules:** Previously FLL 104. May be retaken with change in language. AMLLC 104 and LINGUIS 104 are jointly offered; with the same topic, they count as repeats of one another.

**Last Taught:** Spring 2008, Spring 2007, Spring 2005, Fall 2004.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AMLLC 105 Intensive Elementary Language I:**

4 cr. Undergraduate.

Methodical study of the elements of a designated language; phonology, morphology, syntax, vocabulary. First five-week module in semester-long intensive program.

**Prerequisites:** AMLLC 216(C).

**Course Rules:** Previously FLL 105. May be retaken with change in topic.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AMLLC 106 Intensive Elementary Language II:**

4 cr. Undergraduate.

Continuation of AMLLC 105. A five-week intensive course offered as the second of three modules in a semester-long intensive program.

**Prerequisites:** AMLLC 105(C) or equivalent and AMLLC 216(C).

**Course Rules:** Previously FLL 106. May be retaken with change in topic.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AMLLC 109 First Semester Lao Literacy**

3 cr. Undergraduate.

Introduction to literacy skills in Lao. Intended for speakers of Lao.

**Prerequisites:** none.

**Course Rules:** Previously FLL 109.

**Last Taught:** Fall 2005, Fall 2004, Fall 2003.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AMLLC 110 Second Semester Lao Literacy**

3 cr. Undergraduate.

Continuation of AMLLC 109.

**Prerequisites:** AMLLC 109(P).

**Course Rules:** Previously FLL 110.

**Last Taught:** Spring 2006, Summer 2005, Spring 2005, Spring 2004.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AMLLC 192 First Year Seminar:**

3 cr. Undergraduate.

Specific topics announced in the Schedule of Classes each time course is offered.

**Prerequisites:** none.

**Course Rules:** Previously FLL 192. Open only to freshman. Students may earn cr in just one L&S First-Year Seminar (course numbers 192, 193, and 194).

**General Education Requirements:** HU

**Last Taught:** Fall 2013, Fall 2012, Fall 2011, Fall 2010.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AMLLC 199 Independent Study**

1-3 cr. Undergraduate.

Independent work under supervision of faculty or academic staff member. For further information, consult dept chair.

**Prerequisites:** 2.0 GPA; consent of instructor, department chair, and Assistant Dean for Student Academic Services.

**Course Rules:** Previously FLL 199. May be retaken to 6 cr max.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AMLLC 202 Uncommonly Taught Language: Intensive Second Semester:**

5-7 cr. Undergraduate.

Continuation of AMLLC 102/LINGUIS 102.

**Prerequisites:** AMLLC 102(P) or LINGUIS 102(P) in the same language.

**Course Rules:** Previously FLL 202. May be retaken with change in language. AMLLC 202 and LINGUIS 202 are jointly offered; with the same topic, they count as repeats of one another.

**Last Taught:** Spring 2010, Spring 2009, Summer 2004, Spring 2003.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**AMLLC 203 Third Semester of an Uncommonly Taught Language:**

3-4 cr. Undergraduate.

Continuation of AMLLC 104/LINGUIS 104. Number of credits earned by student is determined by credit value assigned to section number.

**Prerequisites:** AMLLC 104(P) or LINGUIS 104(P) in the same language.**Course Rules:** Previously FLL 203. May be retaken with change in language. AMLLC 203 and LINGUIS 203 are jointly offered; with the same topic, they count as repeats of one another.**Last Taught:** Fall 2008, Fall 2007, Fall 2005, Spring 2005.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AMLLC 204 Fourth Semester of an Uncommonly Taught Language:**

3-4 cr. Undergraduate.

Continuation of AMLLC 203/LINGUIS 203. Number of credits earned by student is determined by the credit value assigned to section number.

**Prerequisites:** AMLLC 203(P) or LINGUIS 203(P) in the same language.**Course Rules:** Previously FLL 204. May be retaken with change in language. AMLLC 204 and LINGUIS 204 are jointly offered; with the same topic, they count as repeats of one another.**Last Taught:** Spring 2009, Spring 2008, Spring 2005, Fall 2004.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AMLLC 205 Intensive Intermediate Language I:**

3 cr. Undergraduate.

Completion of methodical study of elements of the designated language; emphasis on intensive review of/practice with vocabulary, morphology, syntax. Third five-week module in semester-long intensive program.

**Prerequisites:** AMLLC 106(C) or equivalent, and AMLLC 216(P).**Course Rules:** Previously FLL 205. May be retaken with change in topic.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AMLLC 216 Survey of Civilization:**

3 cr. Undergraduate.

Survey of the civilization of the designated language from geographical, historical, and cultural perspectives; emphasis on reading in the language simple and intermediate texts that illustrate aspects of the civilization.

**Prerequisites:** AMLLC 105(C), AMLLC 106(C), and AMLLC 205(C).**Course Rules:** Previously FLL 205. May be retaken with change in topic.**General Education Requirements:** HU**Last Taught:** Spring 2015, Spring 2014, Fall 2013, Spring 2013.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AMLLC 240 Vampires: From Slavic Village to Hollywood**

3 cr. Undergraduate.

Historical survey of western vampire lore from discovery in eastern Europe in the 1700's through British literary vampire literature to Hollywood Dracula films.

**Prerequisites:** none.**Course Rules:** Previously FLL 240. Not open to students who have taken AMLLC 192 (FLL 192) with similar topic.**General Education Requirements:** HU**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AMLLC 299 Ad Hoc:**

1-6 cr. Undergraduate.

Course created especially for offering in a specified enrollment period.

Requires department and Associate Dean approval. In exceptional circumstances can be offered in one additional semester.

**Prerequisites:** none, except as required for specific topic.**Course Rules:** Previously FLL 299. May be retaken with change in topic.**Last Taught:** Spring 2007, Spring 2006, Spring 2005, Fall 2004.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AMLLC 303 Fifth Semester of an Uncommonly Taught Language:**

3-4 cr. Undergraduate.

Continuation of FLL/Linguis 204(Linguis 232). Number of credits earned by student is determined by the credit value assigned to section number.

**Prerequisites:** FLL/Linguis 204(Linguis 232)(P) in same language.**Course Rules:** May be retaken w/chg in language. FLL 303 & Linguis 303 are jointly offered; w/same topic, they count as repeats of one another.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AMLLC 304 Sixth Semester of an Uncommonly Taught Language:**

3 cr. Undergraduate.

Continuation of AMLLC 303 and LINGUIS 303. Number of credits earned by student is determined by the credit value assigned to section number.

**Prerequisites:** AMLLC 303(P) or LINGUIS 303(P) in the same language.**Course Rules:** Previously FLL 304. May be retaken with change in language. AMLLC 304 and LINGUIS 304 are jointly offered; with the same topic, they count as repeats of one another.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AMLLC 381 Honors Seminar:**

3 cr. Undergraduate.

Seminar for Honors College students on various topics of world literatures, languages, and cultures.

**Prerequisites:** sophomore standing, HONORS 200(P), and consent of Honors College director.**Course Rules:** Previously FLL 381. Retakable with change in topic to 9 cr max.**General Education Requirements:** HU**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AMLLC 499 Ad Hoc:**

1-6 cr. Undergraduate.

Course created expressly for offering in a specified enrollment period.

Requires department and associate dean approval. In exceptional circumstances, can be offered in one additional semester.

**Prerequisites:** junior standing; additional prerequisites may be assigned to specific topic.**Course Rules:** Previously FLL 499. May be retaken with change in topic.**Last Taught:** Spring 2013.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**AMLLC 699 Advanced Independent Study**

1-3 cr. Undergraduate.

Advanced-level independent work under the supervision of a Foreign Languages and Literature faculty or academic staff member.

**Prerequisites:** junior standing, 2.0 GPA, and consent of instructor, department chair, and Assistant Dean for Student Academic Services.**Course Rules:** Previously FLL 699. May be retaken with change in topic to 9 cr max.**Last Taught:** Spring 2018, Spring 2017, Spring 2016, Fall 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

# Anthropology (ANTHRO)

## ANTHRO 14 Foundations of Flamenco

1 cr. Undergraduate.

Survey of the social groups and forces that have led to the formation of the Andalusian Spanish form of musical expression, Flamenco.

**Prerequisites:** none.

**Last Taught:** Fall 2008, Fall 1998, Fall 1996, Fall 1995.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## ANTHRO 101 Introduction to Anthropology: Human Origins

3 cr. Undergraduate.

Principles of evolution, Mendelian genetics, human adaptability, and concept of race; natural history of primates; human evolution; archaeological evidence for the evolution of culture.

**Prerequisites:** none.

**General Education Requirements:** SS

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## ANTHRO 102 Introduction to Anthropology: Culture and Society

3 cr. Undergraduate.

Science of human behavior in different cultural contexts; human biological and cultural variability; human societies of the present and recent past; dynamics of culture change.

**Prerequisites:** none.

**General Education Requirements:** SS

**Last Taught:** UWinteriM 2024, Fall 2023, Summer 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## ANTHRO 103 Digging Up the Past: Approaches to Archaeology

3 cr. Undergraduate.

Why and how extinct cultures are studied. Current archaeological approaches, reconstructing past environments, ethnographic analogy, experimental archaeology.

**Prerequisites:** none.

**General Education Requirements:** SS

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## ANTHRO 104 Lifeways in Different Cultures: A Survey of World Societies

3 cr. Undergraduate.

Variety and diversity of human cultural adaptations. Specific peoples and cultures are discussed with respect to their similarities and uniquenesses.

**Prerequisites:** none.

**General Education Requirements:** SS

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## ANTHRO 105 Introduction to Linguistic Anthropology

3 cr. Undergraduate.

Methods, techniques, and models of analysis of linguistic anthropology and their applications to the other subfields of anthropology.

**Prerequisites:** none.

**General Education Requirements:** SS

**Last Taught:** Fall 2019, Fall 2018, Fall 2017, Spring 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## ANTHRO 140 Games and Society

3 cr. Undergraduate.

Cultural and social contexts of play and games; institutions, technology, and games. 2 hrs lec, 1 hr dis.

**Prerequisites:** none.

**Course Rules:** Jointly offered with and counts as a repeat of DAC 140.

**Last Taught:** Spring 2022, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## ANTHRO 150 Multicultural America

3 cr. Undergraduate.

Comparative study of U.S. ethnic and racial identities through popular culture with attention to African-, Asian-, Hispanic-, and Native-American experiences.

**Prerequisites:** none.

**Course Rules:** Cultures and Communities Prog course; req'd service learning component.

**General Education Requirements:** CD, SS

**Last Taught:** Spring 2021, Fall 2020, Spring 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## ANTHRO 156 Food and Culture

3 cr. Undergraduate.

Social and cultural implications of food; nutritional and dietetic concerns of secondary interest. 2 hrs lec, 1 hr dis.

**Prerequisites:** none.

**General Education Requirements:** SS

**Last Taught:** Fall 2021, Fall 2019, Fall 2018, Fall 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## ANTHRO 193 First-Year Seminar:

3 cr. Undergraduate.

The specific topics are announced in the Schedule of Classes each time the class is offered.

**Prerequisites:** none.

**Course Rules:** Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).

**General Education Requirements:** SS

**Last Taught:** Fall 2019, Fall 2009, Fall 2008, Fall 2007.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## ANTHRO 199 Independent Study

1-3 cr. Undergraduate.

For further information, consult dept chair.

**Prerequisites:** 2.0 GPA; consent of instructor, department chair, and Assistant Dean for Student Academic Services.

**Course Rules:** May be retaken to 6 cr max.

**Last Taught:** Spring 2013, Summer 2012, Spring 2011, Spring 2010.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## ANTHRO 203 Indigenous Religions

3 cr. Undergraduate.

A survey of the religious beliefs and practices of subsistence societies and their relationships to other aspects of culture.

**Prerequisites:** none.

**General Education Requirements:** SS

**Last Taught:** Spring 2023, Fall 2021, Spring 2020, Spring 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 213 American Indian Peoples of Wisconsin**

3 cr. Undergraduate.

Past and contemporary societies and cultures of American Indians of Wisconsin, including the Chippewa (Ojibwa), Menominee, Winnebago, Oneida, Potawatomi, Stockbridge-Munsee.

**Prerequisites:** none.**General Education Requirements:** CD, SS**Last Taught:** Fall 2023, Fall 2022, Spring 2022, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 214 Ancient Civilizations of Latin America**

3 cr. Undergraduate.

A comparative archaeological overview of various civilizations that flourished in Latin America prior to the arrival of Spanish conquistadors in the early 16th century.

**Prerequisites:** none.**Last Taught:** Spring 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 225 The Aztec Empire**

3 cr. Undergraduate.

Formation and expansion of the Aztec empire; description and analysis of Aztec culture, with an emphasis on archaeological and ethnohistoric perspectives.

**Prerequisites:** none.**Course Rules:** AIS 225 & Anthro 225 are jointly offered; they count as repeats of one another.**Last Taught:** Summer 2016, Spring 2014, Spring 2013, Spring 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 229 Madness and Culture**

3 cr. Undergraduate.

Madness of some kind as a recognized universal in human experience; variation in how madness is expressed, classified, and treated over time and across cultures.

**Prerequisites:** none.**Last Taught:** Spring 2013.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 250 Women's Roles in Cross-Cultural Perspective**

3 cr. Undergraduate.

Investigation of cross-cultural similarities and differences in women's roles; insights into the nature of women's roles in North American society.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Spring 2009, Fall 2007, Spring 2006, Spring 2005.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 281 Dead Men Do Tell Tales: An Introduction to Forensic Science**

3 cr. Undergraduate.

A multidisciplinary view of how forensic scientists contribute to the many ways that physical evidence is collected, analyzed, and evaluated.

**Prerequisites:** none.**Course Rules:** ANTHRO 281, BMS 281, CHEM 281, and CRM JST 281 are jointly offered and count as repeats of one another.**Last Taught:** Fall 2023, Fall 2022, Spring 2022, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 285 Medicolegal Death Investigation**

3 cr. Undergraduate.

Lectures on the fundamentals of death investigation as outlined by national guidelines for death investigators.

**Prerequisites:** none.**Course Rules:** Jointly-offered with & counts as repeat of Chem/BMS(C L Sci)/Crm Jst 285.**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 289 Internship in Anthropology, Lower Division**

1-6 cr. Undergraduate.

Application of basic principles of anthropology in a business, organizational, educational, political, or other appropriate settings.

**Prerequisites:** Anthro 101(P), 102(P), 103(P) or 360(P); 2.25 gpa; cons supervising faculty member.**Course Rules:** One cr earned for academic work based on 40 hours in internship. May be retaken to 6 cr max.**Last Taught:** Spring 2017, Spring 2011, Spring 2008, Spring 2005.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 296 UROP Apprenticeship**

1-3 cr. Undergraduate.

Undergraduate research participation in a project developed with a supervising member of the faculty or staff.

**Prerequisites:** acceptance to UROP; prior or conc reg in UROP seminar.**Course Rules:** One credit for 45 hrs research. May be retaken to 9 cr max in any combination of UROP apprenticeship courses. Not open to jrs & srs.**Last Taught:** Spring 2017, Spring 2014, Fall 2013, Spring 2013.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 297 Study Abroad:**

1-12 cr. Undergraduate.

Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.

**Prerequisites:** acceptance for Study Abroad Prog.**Course Rules:** May be retaken w/chg in topic.**Last Taught:** Spring 2023, Fall 2022, Spring 2019, Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 298 Study Abroad: Brazil**

3 cr. Undergraduate.

Three weeks in Brazil participating in seminars, visiting urban businesses, religious centers, squatter settlements, etc., and traveling to rural cattle ranches, sugar cane plantations etc.

**Prerequisites:** none.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 299 Ad Hoc:**

1-6 cr. Undergraduate.

Course created expressly for offering in a specified enrollment period.

Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.

**Prerequisites:** none; add'l prereqs may be assigned to specific topic.**Course Rules:** May be retaken w/chg in topic.**Last Taught:** Spring 2000, Spring 1989, Fall 1988.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 301 Human Evolution and Variation**

3 cr. Undergraduate.

Theory, mechanisms, and processes of biological evolution applied to problems of the primate and human fossil record and contemporary human populations. 2 hrs lec, 2 hrs lab.

**Prerequisites:** soph st; Anthro 101(P), Bio Sci 100(P), 102(P), or 150(P), or cons instr.

**General Education Requirements:** NS+

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 302 Anthropology and Popular Culture**

3 cr. Undergraduate/Graduate.

Aspects of popular culture including music, information technology, tourism, and film, video, and museum-spectacles in light of anthropological theory.

**Prerequisites:** jr st; grade of C or better in English 102(P) or score of 637 or higher on EPT.

**Last Taught:** Spring 2016, Spring 2015.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 302G Anthropology and Popular Culture**

3 cr. Undergraduate/Graduate.

Aspects of popular culture including music, information technology, tourism, and film, video, and museum-spectacles in light of anthropological theory.

**Prerequisites:** jr st; grade of C or better in English 102(P) or score of 637 or higher on EPT.

**Last Taught:** Spring 2016, Spring 2015.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 304 Violence and Warfare in Prehistory**

3 cr. Undergraduate/Graduate.

Archaeological evidence for the origin and maintenance of violence and warfare in prehistory. How archaeological inquiry is affected by current politics, ethics, and morality.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.

**Last Taught:** Summer 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 304G Violence and Warfare in Prehistory**

3 cr. Undergraduate/Graduate.

Archaeological evidence for the origin and maintenance of violence and warfare in prehistory. How archaeological inquiry is affected by current politics, ethics, and morality.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.

**Last Taught:** Summer 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 305 The Celtic World**

3 cr. Undergraduate/Graduate.

Archaeology, folklore and literature of the Celtic peoples in the British Isles and on the continent, explored and analyzed from an anthropological and historical perspective.

**Prerequisites:** jr st.

**Last Taught:** Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 305G The Celtic World**

3 cr. Undergraduate/Graduate.

Archaeology, folklore and literature of the Celtic peoples in the British Isles and on the continent, explored and analyzed from an anthropological and historical perspective.

**Prerequisites:** jr st.

**Last Taught:** Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 306 European Archaeology**

3 cr. Undergraduate/Graduate.

Old World cultural development focusing on prehistoric Europe from the Paleolithic to the Roman period; European developments compared to other parts of the Old World.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 306G European Archaeology**

3 cr. Undergraduate/Graduate.

Old World cultural development focusing on prehistoric Europe from the Paleolithic to the Roman period; European developments compared to other parts of the Old World.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 307 World Archaeology: Foundations of Civilization**

3 cr. Undergraduate/Graduate.

Cultural developments in selected areas of Old and New Worlds; emphasis on origins of plant and animal domestication, sedentary life, and transition to urban civilization.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 307G World Archaeology: Foundations of Civilization**

3 cr. Undergraduate/Graduate.

Cultural developments in selected areas of Old and New Worlds; emphasis on origins of plant and animal domestication, sedentary life, and transition to urban civilization.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 308 Archaeology of North America**

3 cr. Undergraduate/Graduate.

Main pre-Columbian cultures on the North American continent, north of Mexico.

**Prerequisites:** jr st; Anthro 103 (P) or cons instr.

**Course Rules:** AIS 308 & Anthro 308 are jointly offered; they count as repeats of one another.

**Last Taught:** Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 308G Archaeology of North America**

3 cr. Undergraduate/Graduate.

Main pre-Columbian cultures on the North American continent, north of Mexico.

**Prerequisites:** jr st; Anthro 103 (P) or cons instr.**Course Rules:** AIS 308 & Anthro 308 are jointly offered; they count as repeats of one another.**Last Taught:** Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 309 Archaeology of Central and South America**

3 cr. Undergraduate/Graduate.

Main pre-Columbian cultures and civilizations of Central and South America, including the Caribbean.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Last Taught:** Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 309G Archaeology of Central and South America**

3 cr. Undergraduate/Graduate.

Main pre-Columbian cultures and civilizations of Central and South America, including the Caribbean.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Last Taught:** Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 310 Archaeology of Middle America**

3 cr. Undergraduate/Graduate.

Historical development and ecological settings of cultures and civilizations in Mexico and Central America from earliest times to the Spanish conquest.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Course Rules:** AIS 310 & Anthro 310 are jointly offered; they count as repeats of one another.**Last Taught:** Spring 2015, Spring 2011.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 310G Archaeology of Middle America**

3 cr. Undergraduate/Graduate.

Historical development and ecological settings of cultures and civilizations in Mexico and Central America from earliest times to the Spanish conquest.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Course Rules:** AIS 310 & Anthro 310 are jointly offered; they count as repeats of one another.**Last Taught:** Spring 2015, Spring 2011.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 311 The World of the Ancient Maya**

3 cr. Undergraduate/Graduate.

Historical development of ancient Maya civilization from its origins to the Spanish Conquest.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Course Rules:** AIS 311 & Anthro 311 are jointly offered; they count as repeats of one another.**Last Taught:** Fall 2015, Fall 2014.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 311G The World of the Ancient Maya**

3 cr. Undergraduate/Graduate.

Historical development of ancient Maya civilization from its origins to the Spanish Conquest.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Course Rules:** AIS 311 & Anthro 311 are jointly offered; they count as repeats of one another.**Last Taught:** Fall 2015, Fall 2014.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 312 The Past on Tap: The Archaeology of Fermented Beverages**

3 cr. Undergraduate/Graduate.

Introduction to the production, distribution and consumption of fermented beverages in the ancient world with a particular emphasis on archaeological evidence.

**Prerequisites:** none.**Last Taught:** Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 312G The Past on Tap: The Archaeology of Fermented Beverages**

3 cr. Undergraduate/Graduate.

Introduction to the production, distribution and consumption of fermented beverages in the ancient world with a particular emphasis on archaeological evidence.

**Prerequisites:** none.**Last Taught:** Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 313 Archaeology of the American Southwest**

3 cr. Undergraduate/Graduate.

Pre-Hispanic cultures of the southwestern United States and northwestern Mexico.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Last Taught:** Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 313G Archaeology of the American Southwest**

3 cr. Undergraduate/Graduate.

Pre-Hispanic cultures of the southwestern United States and northwestern Mexico.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Last Taught:** Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 314 American Indian Societies and Cultures**

3 cr. Undergraduate/Graduate.

Description and analysis of selected indigenous American cultures including subsistence, sociopolitical organizations, beliefs and Euro-American Indian policy.

**Prerequisites:** jr st; Anthro 102(R).**Course Rules:** AIS 314 & Anthro 314 are jointly offered; they count as repeats of one another.**Last Taught:** Spring 2018, Spring 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 314G American Indian Societies and Cultures**

3 cr. Undergraduate/Graduate.

Description and analysis of selected indigenous American cultures including subsistence, sociopolitical organizations, beliefs and Euro-American Indian policy.

**Prerequisites:** jr st; Anthro 102(R).

**Course Rules:** AIS 314 & Anthro 314 are jointly offered; they count as repeats of one another.

**Last Taught:** Spring 2018, Spring 2015.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 320 Peoples and Cultures of Africa**

3 cr. Undergraduate/Graduate.

Description and analysis of the cultures of Africa, especially south of the Sahara.

**Prerequisites:** Preq: jr st; Anthro 102(R); grade of C or better in English 102(P) or score 637 or higher on EPT.

**Last Taught:** Fall 2005, Fall 2003.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 320G Peoples and Cultures of Africa**

3 cr. Undergraduate/Graduate.

Description and analysis of the cultures of Africa, especially south of the Sahara.

**Prerequisites:** Preq: jr st; Anthro 102(R); grade of C or better in English 102(P) or score 637 or higher on EPT.

**Last Taught:** Fall 2005, Fall 2003.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 322 Europe in Anthropological Perspective**

3 cr. Undergraduate/Graduate.

Key topics in the anthropology of Europe, including nationalism and ritual, gender and politics, borders and immigration, and bureaucracy and citizenship.

**Prerequisites:** jr st; Anthro 102(R).

**Last Taught:** Fall 2010.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 322G Europe in Anthropological Perspective**

3 cr. Undergraduate/Graduate.

Key topics in the anthropology of Europe, including nationalism and ritual, gender and politics, borders and immigration, and bureaucracy and citizenship.

**Prerequisites:** jr st; Anthro 102(R).

**Last Taught:** Fall 2010.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 325 Japanese Culture and Society**

3 cr. Undergraduate/Graduate.

Japanese culture and society, including marriage and the family, work life, education, rural and urban social organization, gender, ritual and life cycle.

**Prerequisites:** jr st; Anthro 102(R).

**Last Taught:** Fall 2015, Spring 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 325G Japanese Culture and Society**

3 cr. Undergraduate/Graduate.

Japanese culture and society, including marriage and the family, work life, education, rural and urban social organization, gender, ritual and life cycle.

**Prerequisites:** jr st; Anthro 102(R).

**Last Taught:** Fall 2015, Spring 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 326 Peoples and Cultures of South Asia**

3 cr. Undergraduate/Graduate.

The subcontinent south of the Himalayas, including India, Nepal, Pakistan, Bangladesh, and Sri Lanka.

**Prerequisites:** jr st; Anthro 102(R).

**Last Taught:** Spring 2016, Fall 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 326G Peoples and Cultures of South Asia**

3 cr. Undergraduate/Graduate.

The subcontinent south of the Himalayas, including India, Nepal, Pakistan, Bangladesh, and Sri Lanka.

**Prerequisites:** jr st; Anthro 102(R).

**Last Taught:** Spring 2016, Fall 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 328 Comparative Studies of Music, Race, and Gender in Nationalism**

3 cr. Undergraduate/Graduate.

A comparative study of the processes of nation-formation and of the roles played by race, gender, and music in constructing national identities.

**Prerequisites:** jr st; Anthro 102(R); grade of C or better in English 102(P) or score 637 or higher on EPT.

**Last Taught:** Fall 2010, Fall 2009.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 328G Comparative Studies of Music, Race, and Gender in Nationalism**

3 cr. Undergraduate/Graduate.

A comparative study of the processes of nation-formation and of the roles played by race, gender, and music in constructing national identities.

**Prerequisites:** jr st; Anthro 102(R); grade of C or better in English 102(P) or score 637 or higher on EPT.

**Last Taught:** Fall 2010, Fall 2009.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 335 American Indians of the Southeast**

3 cr. Undergraduate/Graduate.

Description and analysis of Southeastern Indian cultures, including subsistence, sociopolitical organizations, beliefs, and Euro-American relations.

**Prerequisites:** jr st; Anthro 102(R) & 314(R).

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 335G American Indians of the Southeast**

3 cr. Undergraduate/Graduate.

Description and analysis of Southeastern Indian cultures, including subsistence, sociopolitical organizations, beliefs, and Euro-American relations.

**Prerequisites:** jr st; Anthro 102(R) & 314(R).

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 340 Cultures of Online Games and Virtual Worlds**

3 cr. Undergraduate/Graduate.

Anthropological understandings of online games and virtual worlds including: conceptual foundations, current topics, methodological issues, and first-hand experience.

**Prerequisites:** jr st.**Last Taught:** Summer 2023, Summer 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 340G Cultures of Online Games and Virtual Worlds**

3 cr. Undergraduate/Graduate.

Anthropological understandings of online games and virtual worlds including: conceptual foundations, current topics, methodological issues, and first-hand experience.

**Prerequisites:** jr st.**Last Taught:** Summer 2023, Summer 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 349 Seminar in Ethnography and Cultural Processes**

3 cr. Undergraduate/Graduate.

How sociocultural processes are confronted and represented through the genre of ethnography; new monographs used to chart innovations in the form.

**Prerequisites:** jr st; Anthro 102(R).**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 349G Seminar in Ethnography and Cultural Processes**

3 cr. Undergraduate/Graduate.

How sociocultural processes are confronted and represented through the genre of ethnography; new monographs used to chart innovations in the form.

**Prerequisites:** jr st; Anthro 102(R).**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 351 Anthropological Theories of Religion**

3 cr. Undergraduate.

Anthropological theories of religion covering magic and witchcraft, moral order, sacred and profane, alienation, capitalism, neurosis, ritual, fetishism, fundamentalism, conversion, sacrifice, and healing.

**Prerequisites:** junior standing.**Course Rules:** ANTHRO 351 and RELIGST 351 count as repeats of one another.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 354 Anthropology, Aesthetics, and Art**

3 cr. Undergraduate/Graduate.

Arts and aesthetics in anthropological perspective; their relation to other aspects of culture, prehistoric and contemporary art, and material culture.

**Prerequisites:** jr st; Anthro 102(R).**Last Taught:** Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 354G Anthropology, Aesthetics, and Art**

3 cr. Undergraduate/Graduate.

Arts and aesthetics in anthropological perspective; their relation to other aspects of culture, prehistoric and contemporary art, and material culture.

**Prerequisites:** jr st; Anthro 102(R).**Last Taught:** Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 355 Globalization, Culture, and Environment**

3 cr. Undergraduate.

Anthropological approaches to examining the concept of environmental justice as a crucial component of global security.

**Prerequisites:** jr st; satisfaction of GER English Composition competency req.**General Education Requirements:** SS**Last Taught:** Fall 2019, Fall 2018, Fall 2016, Fall 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 361 Applications in Linguistic Anthropology**

3 cr. Undergraduate/Graduate.

Advanced work in linguistic anthropology designed to give students applied skills in cross-linguistic studies.

**Prerequisites:** jr st; Anthro 105(360)(P) or cons instr.**Last Taught:** Spring 2020, Spring 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 361G Applications in Linguistic Anthropology**

3 cr. Undergraduate/Graduate.

Advanced work in linguistic anthropology designed to give students applied skills in cross-linguistic studies.

**Prerequisites:** jr st; Anthro 105(360)(P) or cons instr.**Last Taught:** Spring 2020, Spring 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 362 System Failure: Globalization and Language Extinction**

3 cr. Undergraduate/Graduate.

Role of globalization in the projected extinction of a large number of the world's languages within the next century.

**Prerequisites:** junior standing; a course in social science; a course in linguistic anthropology; or consent of instructor.**Course Rules:** AIS 362, ANTHRO 362, & GLOBAL 362 are jointly offered; they count as repeats of one another.**Last Taught:** Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 362G System Failure: Globalization and Language Extinction**

3 cr. Undergraduate/Graduate.

Role of globalization in the projected extinction of a large number of the world's languages within the next century.

**Prerequisites:** junior standing; a course in social science; a course in linguistic anthropology; or consent of instructor.**Course Rules:** AIS 362, ANTHRO 362, & GLOBAL 362 are jointly offered; they count as repeats of one another.**Last Taught:** Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 380 Anthropological Applications of GIS**

3 cr. Undergraduate/Graduate.

Use of GIS in archaeology, cultural anthropology, and physical anthropology.

**Prerequisites:** jr st; a course in anthro.**Last Taught:** Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 380G Anthropological Applications of GIS**

3 cr. Undergraduate/Graduate.

Use of GIS in archaeology, cultural anthropology, and physical anthropology.

**Prerequisites:** jr st; a course in anthro.**Last Taught:** Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 381 Honors Seminar:**

3 cr. Undergraduate.

Selected topics in cultural anthropology, ethnography, prehistory, and human evolution.

**Prerequisites:** sophomore standing, HONORS 200(P), and consent of Honors College director.

**Course Rules:** May be retaken with change in topic to 9 cr max.

**General Education Requirements:** SS

**Last Taught:** Fall 2023, Fall 2021, Spring 2018, Spring 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 400 Human Sociobiology**

3 cr. Undergraduate/Graduate.

Application of the principles of evolutionary theory and behavioral ecology to the social and cultural life of humans and other primates.

**Prerequisites:** jr st; Anthro 101(R) or 102(R).

**Last Taught:** Fall 2016, Fall 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 400G Human Sociobiology**

3 cr. Undergraduate/Graduate.

Application of the principles of evolutionary theory and behavioral ecology to the social and cultural life of humans and other primates.

**Prerequisites:** jr st; Anthro 101(R) or 102(R).

**Last Taught:** Fall 2016, Fall 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 401 Primate Populations**

3 cr. Undergraduate/Graduate.

Ecological behavioral genetic and multidisciplinary field studies of nonhuman primates.

**Prerequisites:** jr st; Anthro 301(P) or cons instr; grade of C or better in English 102(P) or score of 637 or higher on EPT.

**Last Taught:** Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 401G Primate Populations**

3 cr. Undergraduate/Graduate.

Ecological behavioral genetic and multidisciplinary field studies of nonhuman primates.

**Prerequisites:** jr st; Anthro 301(P) or cons instr; grade of C or better in English 102(P) or score of 637 or higher on EPT.

**Last Taught:** Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 402 Primate Evolution**

3 cr. Undergraduate/Graduate.

Evolution, adaptation, and distribution of living primates, including humans, comparative primate adaptations and skeletal anatomy. Evolutionary theory and its application to the primate fossil record.

**Prerequisites:** jr st; Anthro 301(P) or cons instr.

**General Education Requirements:** NS

**Last Taught:** Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 402G Primate Evolution**

3 cr. Undergraduate/Graduate.

Evolution, adaptation, and distribution of living primates, including humans, comparative primate adaptations and skeletal anatomy. Evolutionary theory and its application to the primate fossil record.

**Prerequisites:** jr st; Anthro 301(P) or cons instr.

**General Education Requirements:** NS

**Last Taught:** Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 403 The Human Skeleton**

3 cr. Undergraduate/Graduate.

Morphological and functional examination of the skeletal system. Microscopic and biomedical considerations of bone and cartilage, age, sex, and regional differences among modern human populations. Combined lec/lab.

**Prerequisites:** jr st; Anthro 301(P) or cons instr.

**General Education Requirements:** NS

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 403G The Human Skeleton**

3 cr. Undergraduate/Graduate.

Morphological and functional examination of the skeletal system. Microscopic and biomedical considerations of bone and cartilage, age, sex, and regional differences among modern human populations. Combined lec/lab.

**Prerequisites:** jr st; Anthro 301(P) or cons instr.

**General Education Requirements:** NS

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 404 Human Biological Variation**

3 cr. Undergraduate/Graduate.

Evolutionary principles influencing human populations. Variation within and between human groups.

**Prerequisites:** jr st; ANTHRO 301(P) or consent of instructor; satisfaction of OWC-A.

**Last Taught:** Spring 2020, Spring 2012.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 404G Human Biological Variation**

3 cr. Undergraduate/Graduate.

Evolutionary principles influencing human populations. Variation within and between human groups.

**Prerequisites:** jr st; ANTHRO 301(P) or consent of instructor; satisfaction of OWC-A.

**Last Taught:** Spring 2020, Spring 2012.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 405 Forensic Anthropology**

3 cr. Undergraduate/Graduate.

Techniques in the forensic analysis of human skeletal material. Introduction to death investigation and forensic pathology.

**Prerequisites:** jr st; Anthro 403(P).

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 405G Forensic Anthropology**

3 cr. Undergraduate/Graduate.

Techniques in the forensic analysis of human skeletal material. Introduction to death investigation and forensic pathology.

**Prerequisites:** jr st; Anthro 403(P).**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 406 Evolutionary Biology & Human Diseases**

3 cr. Undergraduate/Graduate.

Evolutionary principles applied to our understanding of infectious and chronic diseases common to human populations, both past and present.

**Prerequisites:** jr st; Anthro 301(R), Bio Sci 100(R) or 150(R).**Last Taught:** Spring 2023, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 406G Evolutionary Biology & Human Diseases**

3 cr. Undergraduate/Graduate.

Evolutionary principles applied to our understanding of infectious and chronic diseases common to human populations, both past and present.

**Prerequisites:** jr st; Anthro 301(R), Bio Sci 100(R) or 150(R).**Last Taught:** Spring 2023, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 407 Neuroanthropology**

3 cr. Undergraduate/Graduate.

Anthropological theories of human brain evolution, and its role in complex human cultural traits, including sociality, language, tool manufacture, cognition, and emotion.

**Prerequisites:** jr st; Anthro 101(P) or Bio Sci 150(P).**Course Rules:** Counts as repeat of Anthro 641 with same topic.**Last Taught:** Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 407G Neuroanthropology**

3 cr. Undergraduate/Graduate.

Anthropological theories of human brain evolution, and its role in complex human cultural traits, including sociality, language, tool manufacture, cognition, and emotion.

**Prerequisites:** jr st; Anthro 101(P) or Bio Sci 150(P).**Course Rules:** Counts as repeat of Anthro 641 with same topic.**Last Taught:** Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 408 Hormones and Behavior**

3 cr. Undergraduate/Graduate.

Roles of hormones in evolution and expression of animal behaviors, particularly aggression, stress, mating, parenting, and cognition; emphasis on humans.

**Prerequisites:** jr st; intro course in physical anthro, bio sci, or psych.**Course Rules:** Counts as repeat of Anthro 641 w/same topic.**Last Taught:** Spring 2019, Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 408G Hormones and Behavior**

3 cr. Undergraduate/Graduate.

Roles of hormones in evolution and expression of animal behaviors, particularly aggression, stress, mating, parenting, and cognition; emphasis on humans.

**Prerequisites:** jr st; intro course in physical anthro, bio sci, or psych.**Course Rules:** Counts as repeat of Anthro 641 w/same topic.**Last Taught:** Spring 2019, Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 409 Evolution, Religion, and Human Biology**

3 cr. Undergraduate/Graduate.

Nature and evolutionary origins of human religion as well as empirical evidence for the effects of religion on human health.

**Prerequisites:** jr st; Anthro 101(P) or an intro bio sci course.**Last Taught:** Spring 2018, Spring 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 409G Evolution, Religion, and Human Biology**

3 cr. Undergraduate/Graduate.

Nature and evolutionary origins of human religion as well as empirical evidence for the effects of religion on human health.

**Prerequisites:** jr st; Anthro 101(P) or an intro bio sci course.**Last Taught:** Spring 2018, Spring 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 420 Power and Ideology in Archaeology**

3 cr. Undergraduate/Graduate.

Nature of and relationship between power and ideology in past societies; theoretical perspectives and methods used by archaeologists to study power and ideology.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Course Rules:** Counts as a repeat of Anthro 641 w/similar title.**Last Taught:** Fall 2015, Fall 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 420G Power and Ideology in Archaeology**

3 cr. Undergraduate/Graduate.

Nature of and relationship between power and ideology in past societies; theoretical perspectives and methods used by archaeologists to study power and ideology.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Course Rules:** Counts as a repeat of Anthro 641 w/similar title.**Last Taught:** Fall 2015, Fall 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 421 Cities in the Ancient World**

3 cr. Undergraduate/Graduate.

Cross-cultural comparison of the world's first cities; the emergence of cities and their role in the development of ancient civilizations.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Last Taught:** Spring 2013, Spring 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 421G Cities in the Ancient World**

3 cr. Undergraduate/Graduate.

Cross-cultural comparison of the world's first cities; the emergence of cities and their role in the development of ancient civilizations.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Last Taught:** Spring 2013, Spring 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 424 Ethnoarchaeology and Experimental Archaeology**

3 cr. Undergraduate/Graduate.

Combination of ethnographic and experimental methods with archaeological research questions to achieve a better understanding of material culture.

**Prerequisites:** junior standing, ANTHRO 102(P) or ANTHRO 103(P), and satisfaction of OWC-A; or consent of instructor.**Course Rules:** Counts as a repeat of ANTHRO 641 w/same topic.**General Education Requirements:** OWCB**Last Taught:** Fall 2023, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 424G Ethnoarchaeology and Experimental Archaeology**

3 cr. Undergraduate/Graduate.

Combination of ethnographic and experimental methods with archaeological research questions to achieve a better understanding of material culture.

**Prerequisites:** junior standing, ANTHRO 102(P) or ANTHRO 103(P), and satisfaction of OWC-A; or consent of instructor.

**Course Rules:** Counts as a repeat of ANTHRO 641 w/same topic.

**General Education Requirements:** OWCB

**Last Taught:** Fall 2023, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 425 Hunter-Gatherer Lifeways: Past and Present**

3 cr. Undergraduate/Graduate.

Cross-cultural comparisons of hunter-gatherer societies, including archaeological, ethnohistorical, and ethnographic approaches.

**Prerequisites:** jr st; Anthro 102(P) or 103(P) or cons instr.

**Last Taught:** Fall 2018, Spring 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 425G Hunter-Gatherer Lifeways: Past and Present**

3 cr. Undergraduate/Graduate.

Cross-cultural comparisons of hunter-gatherer societies, including archaeological, ethnohistorical, and ethnographic approaches.

**Prerequisites:** jr st; Anthro 102(P) or 103(P) or cons instr.

**Last Taught:** Fall 2018, Spring 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 426 Who Owns the Past?**

3 cr. Undergraduate/Graduate.

Social/political ramifications of the study, interpretation, presentation, conservation of the archaeological past; institutions/stakeholders involved in those processes: museums, scholars, ethnic groups, the public.

**Prerequisites:** jr st; Anthro 102(P) or 103(P) or cons instr.

**Course Rules:** Counts as a repeat of Anthro 641 w/same topic.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 426G Who Owns the Past?**

3 cr. Undergraduate/Graduate.

Social/political ramifications of the study, interpretation, presentation, conservation of the archaeological past; institutions/stakeholders involved in those processes: museums, scholars, ethnic groups, the public.

**Prerequisites:** jr st; Anthro 102(P) or 103(P) or cons instr.

**Course Rules:** Counts as a repeat of Anthro 641 w/same topic.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 431 Cities and Culture**

3 cr. Undergraduate/Graduate.

Cross-cultural analysis; relation of urban space to community, capitalism, migration, class, globalization, social and artistic movements; methods for ethnographic study.

**Prerequisites:** jr st; Anthro 102(R).

**Last Taught:** Fall 2019, Fall 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 431G Cities and Culture**

3 cr. Undergraduate/Graduate.

Cross-cultural analysis; relation of urban space to community, capitalism, migration, class, globalization, social and artistic movements; methods for ethnographic study.

**Prerequisites:** jr st; Anthro 102(R).

**Last Taught:** Fall 2019, Fall 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 432 Law and Society**

3 cr. Undergraduate.

Overview of the field of law and society through an anthropological lens.

Comparatively explores social and moral order and legal processes through case studies in a variety of international legal and cultural settings.

**Prerequisites:** junior standing or higher; ANTHRO 102(R).

**Last Taught:** Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 433 Contemporary Issues in Global Justice**

3 cr. Undergraduate.

Explores efforts to achieve social justice on a global stage through an anthropological lens. Covers social movements and civil society activist campaigns via international case studies.

**Prerequisites:** junior standing or higher; ANTHRO 102(R).

**Last Taught:** Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 439 Culture and Global Health**

3 cr. Undergraduate/Graduate.

Contemporary global health through the lens of cultural anthropology and related social sciences; local communities' response to globally-directed intervention into disease.

**Prerequisites:** junior standing.

**Course Rules:** ANTHRO 439 & GLOBAL 439 are jointly offered; they count as repeats of one another.

**Last Taught:** Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 439G Culture and Global Health**

3 cr. Undergraduate/Graduate.

Contemporary global health through the lens of cultural anthropology and related social sciences; local communities' response to globally-directed intervention into disease.

**Prerequisites:** junior standing.

**Course Rules:** ANTHRO 439 & GLOBAL 439 are jointly offered; they count as repeats of one another.

**Last Taught:** Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 440 Medical Anthropology**

3 cr. Undergraduate/Graduate.

Comparative study of medical systems; cultural meaning of illness and the healing process; social origins of disease.

**Prerequisites:** jr st; Anthro 102(P); grade of C or better in English 102(P) or score of 637 or higher on EPT.

**Last Taught:** Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 440G Medical Anthropology**

3 cr. Undergraduate/Graduate.

Comparative study of medical systems; cultural meaning of illness and the healing process; social origins of disease.

**Prerequisites:** jr st; Anthro 102(P); grade of C or better in English 102(P) or score of 637 or higher on EPT.**Last Taught:** Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 441 Nature, Knowledge, and Technoscience in Anthropological Perspective**

3 cr. Undergraduate/Graduate.

Anthropological approaches to contemporary issues of science in society; critical perspectives on knowledge construction with respect to culture and indigenous traditions, race, class and gender.

**Prerequisites:** jr. st**Last Taught:** Fall 2014, Fall 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 441G Nature, Knowledge, and Technoscience in Anthropological Perspective**

3 cr. Undergraduate/Graduate.

Anthropological approaches to contemporary issues of science in society; critical perspectives on knowledge construction with respect to culture and indigenous traditions, race, class and gender.

**Prerequisites:** jr. st**Last Taught:** Fall 2014, Fall 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 442 Humanitarianism in Global Perspective**

3 cr. Undergraduate/Graduate.

Anthropological study of global humanitarianism through specific case studies. Themes include politics of representation, intervention, war, genocide, trauma, child soldiers, and human trafficking.

**Prerequisites:** junior standing; previous completion of a social science course.**Course Rules:** ANTHRO 442 & GLOBAL 442 are jointly offered; they count as repeats of one another.**Last Taught:** Spring 2019, Fall 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 442G Humanitarianism in Global Perspective**

3 cr. Undergraduate/Graduate.

Anthropological study of global humanitarianism through specific case studies. Themes include politics of representation, intervention, war, genocide, trauma, child soldiers, and human trafficking.

**Prerequisites:** junior standing; previous completion of a social science course.**Course Rules:** ANTHRO 442 & GLOBAL 442 are jointly offered; they count as repeats of one another.**Last Taught:** Spring 2019, Fall 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 443 Medicine and Pharmaceuticals in the Global Age**

3 cr. Undergraduate/Graduate.

The practices of medicine and the distribution of pharmaceuticals globally.

**Prerequisites:** junior standing; ANTHRO 440(R).**Course Rules:** ANTHRO 443 & GLOBAL 443 are jointly offered; they count as repeats of one another.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 443G Medicine and Pharmaceuticals in the Global Age**

3 cr. Undergraduate/Graduate.

The practices of medicine and the distribution of pharmaceuticals globally.

**Prerequisites:** junior standing; ANTHRO 440(R).**Course Rules:** ANTHRO 443 & GLOBAL 443 are jointly offered; they count as repeats of one another.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 445 Psychological Anthropology**

3 cr. Undergraduate/Graduate.

The relationship between individual and society; cultural influences on cognition, personality, identity, and emotion; and the comparative study of mental disorder.

**Prerequisites:** jr st; Anthro 102(R).**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 445G Psychological Anthropology**

3 cr. Undergraduate/Graduate.

The relationship between individual and society; cultural influences on cognition, personality, identity, and emotion; and the comparative study of mental disorder.

**Prerequisites:** jr st; Anthro 102(R).**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 446 The Child in Different Cultures**

3 cr. Undergraduate/Graduate.

Relationship of child development to particular cultural milieus; methods of child training in different cultures and their effects on the development of adult personality.

**Prerequisites:** jr st; Anthro 102(R) or Psych 101(R) or Sociol 101(R).**General Education Requirements:** SS**Last Taught:** Spring 2022, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 446G The Child in Different Cultures**

3 cr. Undergraduate/Graduate.

Relationship of child development to particular cultural milieus; methods of child training in different cultures and their effects on the development of adult personality.

**Prerequisites:** jr st; Anthro 102(R) or Psych 101(R) or Sociol 101(R).**General Education Requirements:** SS**Last Taught:** Spring 2022, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 447 The Global Politics of Human Rights**

3 cr. Undergraduate/Graduate.

Historical and theoretical context of human rights discourse; anthropology of human rights; case studies of efforts to protect human rights in particular social settings.

**Prerequisites:** junior standing; ANTHRO 102(R).**Course Rules:** ANTHRO 447 & GLOBAL 447 are jointly offered; they count as repeats of one another.**Last Taught:** Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 447G The Global Politics of Human Rights**

3 cr. Undergraduate/Graduate.

Historical and theoretical context of human rights discourse; anthropology of human rights; case studies of efforts to protect human rights in particular social settings.

**Prerequisites:** junior standing; ANTHRO 102(R).

**Course Rules:** ANTHRO 447 & GLOBAL 447 are jointly offered; they count as repeats of one another.

**Last Taught:** Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 448 Cultural and Human Ecology**

3 cr. Undergraduate/Graduate.

Relationships of human societies to natural environments; energy systems involved in processes of human adaptation; ways in which culture and society operate as dynamic components of that exchange.

**Prerequisites:** jr st; Anthro 102(R).

**Last Taught:** Spring 2023, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 448G Cultural and Human Ecology**

3 cr. Undergraduate/Graduate.

Relationships of human societies to natural environments; energy systems involved in processes of human adaptation; ways in which culture and society operate as dynamic components of that exchange.

**Prerequisites:** jr st; Anthro 102(R).

**Last Taught:** Spring 2023, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 449 The Human Economy**

3 cr. Undergraduate/Graduate.

Uses and allocation of resources; modes of production and distribution and their relationship to kinship, politics, and other aspects of culture.

**Prerequisites:** jr st.

**Last Taught:** Fall 2023, Fall 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 449G The Human Economy**

3 cr. Undergraduate/Graduate.

Uses and allocation of resources; modes of production and distribution and their relationship to kinship, politics, and other aspects of culture.

**Prerequisites:** jr st.

**Last Taught:** Fall 2023, Fall 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 450 Political Anthropology**

3 cr. Undergraduate/Graduate.

Political organization: forms of authority, responsibility, accountability, and power in societies at different levels of social complexity and in different ecological contexts.

**Prerequisites:** jr st; Anthro 102(R).

**Last Taught:** Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 450G Political Anthropology**

3 cr. Undergraduate/Graduate.

Political organization: forms of authority, responsibility, accountability, and power in societies at different levels of social complexity and in different ecological contexts.

**Prerequisites:** jr st; Anthro 102(R).

**Last Taught:** Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 460 Anthropological Theory**

3 cr. Undergraduate/Graduate.

Critical examination of the development and current status of the major paradigms and theories employed in anthropological studies.

**Prerequisites:** sr st; Anthro 102(R).

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 460G Anthropological Theory**

3 cr. Undergraduate/Graduate.

Critical examination of the development and current status of the major paradigms and theories employed in anthropological studies.

**Prerequisites:** sr st; Anthro 102(R).

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 465 Historic Preservation in Archaeology**

3 cr. Undergraduate/Graduate.

Historic preservation and cultural resource management in American archaeology; the legislative base, federal and state programs, the national register, regional planning, and research orientations.

**Prerequisites:** jr st.

**Last Taught:** Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 465G Historic Preservation in Archaeology**

3 cr. Undergraduate/Graduate.

Historic preservation and cultural resource management in American archaeology; the legislative base, federal and state programs, the national register, regional planning, and research orientations.

**Prerequisites:** jr st.

**Last Taught:** Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 466 Historical Archaeology**

3 cr. Undergraduate/Graduate.

Development of the historical archaeology discipline; issues of method and theory; use of documentary, oral, and material culture evidence to interpret the recent past. Counts as repeat of Anthro 641 with same topic.

Prereq: jr st; Anthro 103 (P) or cons instr.

**Last Taught:** Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 466G Historical Archaeology**

3 cr. Undergraduate/Graduate.

Development of the historical archaeology discipline; issues of method and theory; use of documentary, oral, and material culture evidence to interpret the recent past. Counts as repeat of Anthro 641 with same topic.

Prereq: jr st; Anthro 103 (P) or cons instr.

**Last Taught:** Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 467 Archaeological Curation: A Practicum in the Care of Research Collections**

3 cr. Undergraduate/Graduate.

Practicum in archaeological curation focusing on conservation and preservation, pest management, storage, collection accessibility, accountability, curation policies, federal regulations, and ethics.

**Prerequisites:** jr st; Anthro 103(P) or cons instr; or grad st.

**Course Rules:** Counts as repeat of Anthro 641 w/similar topic.

**Last Taught:** Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 467G Archaeological Curation: A Practicum in the Care of Research Collections**

3 cr. Undergraduate/Graduate.

Practicum in archaeological curation focusing on conservation and preservation, pest management, storage, collection accessibility, accountability, curation policies, federal regulations, and ethics.

**Prerequisites:** jr st; Anthro 103(P) or cons instr; or grad st.**Course Rules:** Counts as repeat of Anthro 641 w/similar topic.**Last Taught:** Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 481 Criminalistics**

3 cr. Undergraduate.

Instruction on collection, preservation, and analysis of physical evidence from crime scenes. Instruction on the rules of evidence and expert testimony.

**Prerequisites:** jr st; admis to Forensic Sci cert prog; Anthro/Chem/BMS(C L Sci)/Crm Jst 281(P); Crm Jst 480(P).**Course Rules:** Anthro 481, Chem 481, C L Sci 481, & Crm Jst 481 are jointly offered; they count as repeats of one another.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 489 Internship in Anthropology, Upper Division**

1-6 cr. Undergraduate.

Application of advanced principles of anthropology in a business, organizational, educational, political, or other appropriate setting.

**Prerequisites:** jr st; 2.25 gpa; cons supervising faculty member.**Course Rules:** One cr earned for academic work based on 40 hours in internship. May be retaken to 6 cr max.**Last Taught:** Fall 2023, Fall 2022, Spring 2022, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 497 Study Abroad:**

1-12 cr. Undergraduate.

Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.

**Prerequisites:** jr st; acceptance for Study Abroad Prog.**Course Rules:** May be retaken w/chg in topic.**Last Taught:** Fall 2022, Spring 2022, Fall 2019, Fall 2018.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 499 Ad Hoc:**

1-6 cr. Undergraduate.

Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.

**Prerequisites:** jr st; add'l prereqs may be assigned to specific topic.**Course Rules:** May be retaken w/chg in topic.**Last Taught:** Summer 2013, Summer 2011, Spring 2009, Spring 2000.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 501 Archaeology of Death**

3 cr. Undergraduate/Graduate.

Archaeological study of mortuary behavior and osteology to understand cultural variability in social organization, disease, nutrition, and violence.

**Prerequisites:** jr st; Anthro 103(P) or cons instr; grade of C or better in English 102(P) or score 637 or higher on EPT.**Last Taught:** Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 501G Archaeology of Death**

3 cr. Undergraduate/Graduate.

Archaeological study of mortuary behavior and osteology to understand cultural variability in social organization, disease, nutrition, and violence.

**Prerequisites:** jr st; Anthro 103(P) or cons instr; grade of C or better in English 102(P) or score 637 or higher on EPT.**Last Taught:** Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 502 Lithic Analysis: Stone Tools and Human Behavior**

3 cr. Undergraduate/Graduate.

Stone tool production use, and archaeological analysis; experimental knapping, heat treatment, and other exercises. No cr for student w/cr in Anthro 641 w/similar topic.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 502G Lithic Analysis: Stone Tools and Human Behavior**

3 cr. Undergraduate/Graduate.

Stone tool production use, and archaeological analysis; experimental knapping, heat treatment, and other exercises. No cr for student w/cr in Anthro 641 w/similar topic.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 525 Zooarchaeology: Analysis of Faunal Remains**

3 cr. Undergraduate/Graduate.

Theory and method, including practical labs, in the analysis of animal remains from archaeological contexts.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Last Taught:** Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 525G Zooarchaeology: Analysis of Faunal Remains**

3 cr. Undergraduate/Graduate.

Theory and method, including practical labs, in the analysis of animal remains from archaeological contexts.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Last Taught:** Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 530 Paleoethnobotany: Introduction & Lab Methods**

3 cr. Undergraduate/Graduate.

Introduction to the field of paleoethnobotany and hands-on lab methods for the analysis of archaeological plant remains.

**Prerequisites:** junior standing; ANTHRO 103 or consent of instructor; or graduate standing.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 530G Paleoethnobotany: Introduction & Lab Methods**

3 cr. Undergraduate/Graduate.

Introduction to the field of paleoethnobotany and hands-on lab methods for the analysis of archaeological plant remains.

**Prerequisites:** junior standing; ANTHRO 103 or consent of instructor; or graduate standing.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 535 Analysis of Archaeological Ceramics**

3 cr. Undergraduate/Graduate.

Archaeological approaches to ceramic analysis including theory and methods; ethnoarchaeological, experimental, compositional, and stylistic approaches; practical skills including sorting, typing, and reporting ceramic assemblages.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Course Rules:** Counts as repeat of Anthro 641 with similar topic.**Last Taught:** Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 535G Analysis of Archaeological Ceramics**

3 cr. Undergraduate/Graduate.

Archaeological approaches to ceramic analysis including theory and methods; ethnoarchaeological, experimental, compositional, and stylistic approaches; practical skills including sorting, typing, and reporting ceramic assemblages.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Course Rules:** Counts as repeat of Anthro 641 with similar topic.**Last Taught:** Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 540 Applications of Anthropology**

3 cr. Undergraduate/Graduate.

Uses of anthropological concepts, methods, and findings in human problems resulting from culture change.

**Prerequisites:** jr st; Anthro 102(R).**Last Taught:** UWinterIM 2012, UWinterIM 2011.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 540G Applications of Anthropology**

3 cr. Undergraduate/Graduate.

Uses of anthropological concepts, methods, and findings in human problems resulting from culture change.

**Prerequisites:** jr st; Anthro 102(R).**Last Taught:** UWinterIM 2012, UWinterIM 2011.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 543 Cross-Cultural Study of Religion**

3 cr. Undergraduate/Graduate.

Various approaches to the study of religion; religions of selected non-Western societies.

**Prerequisites:** jr st; Anthro 102(R).**Last Taught:** Fall 2015, Fall 2013.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 543G Cross-Cultural Study of Religion**

3 cr. Undergraduate/Graduate.

Various approaches to the study of religion; religions of selected non-Western societies.

**Prerequisites:** jr st; Anthro 102(R).**Last Taught:** Fall 2015, Fall 2013.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 544 Religious Giving in Anthropological Perspective**

3 cr. Undergraduate.

Seminar on religious directives for giving in historical and cross-cultural perspective, including Christian, Hindu, Buddhist, Muslim, and Jewish ideas of charity, philanthropy, and social welfare.

**Prerequisites:** junior standing.**Course Rules:** ANTHRO 544 & RELIGST 544 count as repeats of one another.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 560 Introduction to Research Methods in Anthropology**

3 cr. Undergraduate/Graduate.

Problem and research design formulation. How to ask and answer scientific questions using methods and techniques common to all fields of anthropology.

**Prerequisites:** jr st; Anthro 102(R).**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 560G Introduction to Research Methods in Anthropology**

3 cr. Undergraduate/Graduate.

Problem and research design formulation. How to ask and answer scientific questions using methods and techniques common to all fields of anthropology.

**Prerequisites:** jr st; Anthro 102(R).**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 561 Techniques and Problems in Ethnography**

3 cr. Undergraduate/Graduate.

Methods of fieldwork for cultural anthropologists; design of field studies; techniques for collection and analysis of field data; field projects.

**Prerequisites:** jr st; Anthro 102(R).**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 561G Techniques and Problems in Ethnography**

3 cr. Undergraduate/Graduate.

Methods of fieldwork for cultural anthropologists; design of field studies; techniques for collection and analysis of field data; field projects.

**Prerequisites:** jr st; Anthro 102(R).**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 562 Techniques and Problems in Archaeology**

3 cr. Undergraduate/Graduate.

Methods of fieldwork in archaeology; strategies of archaeological investigations; introduction to archaeological site mapping Lec, lab.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 562G Techniques and Problems in Archaeology**

3 cr. Undergraduate/Graduate.

Methods of fieldwork in archaeology; strategies of archaeological investigations; introduction to archaeological site mapping Lec, lab.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 565 Seminar in Regional Archaeology.**

3 cr. Undergraduate/Graduate.

Seminar in archaeology of specific geographic areas. Consult Schedule of Classes for specific semester's content.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Course Rules:** May be retaken w/chg in topic to 9 cr max.**Last Taught:** Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 565G Seminar in Regional Archaeology:**

3 cr. Undergraduate/Graduate.

Seminar in archaeology of specific geographic areas. Consult Schedule of Classes for specific semester's content.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Course Rules:** May be retaken w/chg in topic to 9 cr max.**Last Taught:** Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 566 Archaeological Analysis and Report Preparation:**

3-6 cr. Undergraduate/Graduate.

Students will organize, describe, analyze, and interpret actual archaeological materials. Each student will assist in writing an archaeological report. Fee assessed according to nature and location of field trips.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Course Rules:** May be retaken w/chg in topic to 9 cr max.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 566G Archaeological Analysis and Report Preparation:**

3-6 cr. Undergraduate/Graduate.

Students will organize, describe, analyze, and interpret actual archaeological materials. Each student will assist in writing an archaeological report. Fee assessed according to nature and location of field trips.

**Prerequisites:** jr st; Anthro 103(P) or cons instr.**Course Rules:** May be retaken w/chg in topic to 9 cr max.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 567 Archaeological Field School**

3-6 cr. Undergraduate/Graduate.

Archaeological methods and techniques under field conditions, at one or more sites. Field work five days a week, evening lectures. Fee assessed according to nature and location of field school.

**Prerequisites:** jr st; cons instr.**Course Rules:** May be retaken to 9 cr max.**Last Taught:** Summer 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 567G Archaeological Field School**

3-6 cr. Undergraduate/Graduate.

Archaeological methods and techniques under field conditions, at one or more sites. Field work five days a week, evening lectures. Fee assessed according to nature and location of field school.

**Prerequisites:** jr st; cons instr.**Course Rules:** May be retaken to 9 cr max.**Last Taught:** Summer 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 568 Introduction to Anthropological Statistics**

3 cr. Undergraduate/Graduate.

Statistical models and their basic assumptions; statistical inference in biological and cultural anthropology; probability theory; nonparametric and parametric methods.

**Prerequisites:** jr st; Anthro 101(P) or 102(P) or 103(P) or cons instr.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 568G Introduction to Anthropological Statistics**

3 cr. Undergraduate/Graduate.

Statistical models and their basic assumptions; statistical inference in biological and cultural anthropology; probability theory; nonparametric and parametric methods.

**Prerequisites:** jr st; Anthro 101(P) or 102(P) or 103(P) or cons instr.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 570 Issues in Bilingualism**

3 cr. Undergraduate/Graduate.

Study of bilingual competence, bilingual community, and second language acquisition from sociolinguistic, psycholinguistic, and general linguistic standpoints.

**Prerequisites:** jr st.**Course Rules:** Anthro 570 & Linguis 570 are jointly offered; they count as repeats of one another.**Last Taught:** Fall 2018, Fall 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 570G Issues in Bilingualism**

3 cr. Undergraduate/Graduate.

Study of bilingual competence, bilingual community, and second language acquisition from sociolinguistic, psycholinguistic, and general linguistic standpoints.

**Prerequisites:** jr st.**Course Rules:** Anthro 570 & Linguis 570 are jointly offered; they count as repeats of one another.**Last Taught:** Fall 2018, Fall 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 585 Internship in Forensic Toxicology**

1-3 cr. Undergraduate.

Practical experience in a forensic toxicology laboratory under the supervision of a toxicologist.

**Prerequisites:** jr st; admis to Forensic Sci cert prog; Anthro/Chem/BMS(C L Sci)/Crm Jst 281(P) & 285(P); Chem 221(P) or 223(P); Crm Jst 480(P); Hepatitis B vaccine series or waiver.**Course Rules:** Anthro 585, Chem 585, BMS(C L Sci) 585, & Crm Jst 585 are jointly offered; they count as repeats of one another.**Last Taught:** Spring 2014, Summer 2009, Spring 2008, Fall 2007.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 589 Internship in Death Investigation**

1-3 cr. Undergraduate.

Practical experience in death investigation under the supervision of a death investigator and forensic pathologist.

**Prerequisites:** jr st; admis to Forensic Sci certif prog; Anthro/Chem/BMS(C L Sci)/Crm Jst 281(P); Crm Jst 480(P); BMS(C L Sci) 620(R); Hepatitis B vaccine series or waiver.**Course Rules:** Anthro 589, Chem 589, BMS(C L Sci) 589, & Crm Jst 589 are jointly offered; they count as repeats of one another.**Last Taught:** Fall 2023, Spring 2022, Fall 2021, Spring 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 594 Internship in Forensic Science**

1-3 cr. Undergraduate.

On-site shadowing of evidence analyst at State Crime Laboratory.

**Prerequisites:** jr st; admis to Forensic Sci cert prog; Anthro/Chem/BMS(C L Sci)/Crm Jst 281(P); Chem 221(P) or 223(P); Crm Jst 480(P); Hepatitis B vaccine series or waiver.

**Course Rules:** Anthro 594, Chem 594, BMS(C L Sci) 594, & Crm Jst 594 are jointly offered; they count as repeats of one another.

**Last Taught:** Fall 2023, Spring 2022, Spring 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 620 Museum Fundamentals**

3 cr. Undergraduate/Graduate.

Fundamentals of museum management, including administration and leadership, programming and exhibits, and collections management.

**Prerequisites:** consent of instructor.

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 620G Museum Fundamentals**

3 cr. Undergraduate/Graduate.

Fundamentals of museum management, including administration and leadership, programming and exhibits, and collections management.

**Prerequisites:** consent of instructor.

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 621 Internship in Museum Studies**

3 cr. Undergraduate/Graduate.

Supervised practical experience in museums arranged on an individual basis.

**Prerequisites:** junior standing and ANTHRO 620(P) or consent of instructor.

**Course Rules:** Retakeable to 6 cr max.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 621G Internship in Museum Studies**

3 cr. Undergraduate/Graduate.

Supervised practical experience in museums arranged on an individual basis.

**Prerequisites:** junior standing and ANTHRO 620(P) or consent of instructor.

**Course Rules:** Retakeable to 6 cr max.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 641 Seminar in Anthropology:**

3 cr. Undergraduate/Graduate.

A research seminar in any of the several recognized areas of anthropology.

**Prerequisites:** junior standing and ANTHRO 101(P), ANTHRO 102(P), or ANTHRO 103(P); or graduate standing.

**Course Rules:** May be retaken with change in topic to 9 cr max.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 641G Seminar in Anthropology:**

3 cr. Undergraduate/Graduate.

A research seminar in any of the several recognized areas of anthropology.

**Prerequisites:** junior standing and ANTHRO 101(P), ANTHRO 102(P), or ANTHRO 103(P); or graduate standing.

**Course Rules:** May be retaken with change in topic to 9 cr max.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 649 Ethnography of Institutions**

3 cr. Undergraduate/Graduate.

Method, practice, and theory of institutional ethnography. Counts as a repeat of Anthro 641 with the same topic.

**Prerequisites:** jr st.

**Last Taught:** Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 649G Ethnography of Institutions**

3 cr. Undergraduate/Graduate.

Method, practice, and theory of institutional ethnography. Counts as a repeat of Anthro 641 with the same topic.

**Prerequisites:** jr st.

**Last Taught:** Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 699 Independent Work**

1-3 cr. Undergraduate.

Advanced independent work under the supervision of an Anthro faculty or instructional academic staff member. Students must submit a study proposal. For further information, consult dept undergrad prog coord.

**Prerequisites:** jr st; 2.0 GPA; consent of instructor, department chair, and Assistant Dean for Student Academic Services.

**Course Rules:** May be retaken with change in topic.

**Last Taught:** Fall 2022, Summer 2022, UWinteriM 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 705 Advanced Topics in Ethnography:**

3 cr. Graduate.

Critical examination of peoples and cultures of selected areas of the world.

**Prerequisites:** grad st.

**Course Rules:** Retakable w/chg in topic to 9 cr max.

**Last Taught:** Spring 2020, Spring 2018, Summer 2006, Summer 2004.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 720 History and Theory of Museums**

2 cr. Graduate.

History of the museum idea and its contemporary forms; educational, scientific, and changing uses of museums; museums and other institutions; museum professionalism and ethics.

**Prerequisites:** graduate standing and consent of instructor.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 721 Administration and Organization of Museums**

3 cr. Graduate.

Administration and organizational problems in modern museums; finances and budgets; legal-administrative problems; relations with support groups and volunteers, record keeping, management of museum projects.

**Prerequisites:** grad st; cons instr; grade of B or better in Anthro 620(P).**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 722 Visitor Experience Design in Museums**

3 cr. Graduate.

Development and design of the museum visitor experience with a holistic approach including exhibitions, programs, and experience design.

**Prerequisites:** grad st; cons instr; grade B or better in Anthro 721(P).**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 723 Museum Collections Management and Curation**

3 cr. Graduate.

Practicum in the collection, organization, storage, care and scientific use of museum collections. Projects available in various specialties, dependent upon interest and special faculty arrangements.

**Prerequisites:** grad st; cons instr; grade B or better in Anthro 721(P).**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 724 Internship in Museum Studies**

3 cr. Graduate.

Supervised practical experience in museums arranged on an individual basis.

**Prerequisites:** grad st; Anthro 720(P); cons instr.**Last Taught:** Fall 2020, Spring 2020, Fall 2019, Spring 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 725 Professionalism Capstone in Museum Studies**

1 cr. Graduate.

Program capstone course, topics include: professional development/networking, resumé/cv and portfolio development, and job search strategies.

**Prerequisites:** grad st; cons instr; Anthro 722(C).**Last Taught:** Spring 2023, Spring 2022, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 744 Theories of Social Action: Theater, Ritual, Game**

3 cr. Graduate.

Seminar on theories of social action. Approaching social life as, variously, theater, ritual, performance, and game.

**Prerequisites:** graduate standing.**Last Taught:** Spring 2021, Fall 2019, Fall 2018, Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 756 Human / Animal Entanglements**

3 cr. Graduate.

Explores what has come to be known as 'the animal turn' and 'the ontological turn' - the increasing scholarly interest in the relationships between humans and other animals cross-culturally.

**Prerequisites:** graduate standing.**Last Taught:** Fall 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 762 Advanced Archaeological Analysis:**

3 cr. Graduate.

Study and practice in major phases of archaeological analysis.

**Prerequisites:** grad st; cons instr.**Course Rules:** Retakable w/chg in topic to 9 cr max.**Last Taught:** Spring 2014, Summer 2011, Spring 2009, Fall 1990.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 763 Professionalism in Anthropology**

3 cr. Graduate.

Skills needed to work in academia or an applied field; relevant to any of the four sub-fields or anthropology (archaeology, cultural, biological, or linguistic).

**Prerequisites:** grad st.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 768 Topics in Advanced Research Design in Anthropology**

3 cr. Graduate.

Methods of fitting various models to qualitative categorizations of archaeological, ethnographical, and biological data. Includes chi-square and multiclassificatory chi-squares, scaling, cluster analysis, markov chains, and game theory.

**Prerequisites:** grad st; Anthro 568(R).**Last Taught:** Fall 2015, Fall 2013, Fall 2010, Spring 2007.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 797 Study Abroad:**

1-6 cr. Graduate.

Allows graduate students to enroll in UWM sponsored program before course work level, content, and credits are determined and/or in specifically-prepared program course work.

**Prerequisites:** grad st; acceptance in Study Abroad Prog.**Course Rules:** Retakable w/ chg in topic.**Last Taught:** Summer 2016, Summer 2015, Summer 2014, Summer 2009.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 801 A Survey of Physical Anthropology**

3 cr. Graduate.

Reviews biological principles essential to an understanding of evolution. Reviews fields central to physical anthropology and human evolution: primatology, paleontology, anatomy, human genetics, population genetics.

**Prerequisites:** grad st.**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 802 Perspectives on Prehistory**

3 cr. Graduate.

Surveys current theoretical and methodological concepts in archaeology, and their application to specific research problems. Readings include studies from both the old and new worlds.

**Prerequisites:** grad st.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 803 Survey of Cultural Anthropology**

3 cr. Graduate.

A survey of major theoretical and methodological issues central to cultural anthropology.

**Prerequisites:** grad st.**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ANTHRO 804 Linguistic Anthropology**

3 cr. Graduate.

A survey of major theoretical and methodological issues central to cultural anthropology.

**Prerequisites:** grad st.**Last Taught:** Fall 2019, Spring 2012, Spring 2011, Spring 2010.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 840 Digital Anthropology: Code, Architecture, Process**

3 cr. Graduate.

Introduces students from anthropology and related fields to anthropological approaches to digitally-mediated social action.

**Prerequisites:** graduate standing.**Course Rules:** Counts as a repeat of ANTHRO 940 with topic 'Anthropology and the Digital.' ANTHRO 840 and DAC 840 are jointly offered and count as repeats of one another.**Last Taught:** Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 844 Social Theories of Modernity**

3 cr. Graduate.

Examination of classic works of modern social theory, thereby introducing students, through focused readings and extensive class discussion, to the leading thinkers whose legacy continues to shape the social sciences.

**Prerequisites:** graduate standing or consent of instructor.**Course Rules:** Counts as a repeat of ANTHRO 705 with the same topic.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 888 Candidate for Degree**

0 cr. Graduate.

Available for graduate students who must meet minimum credit load requirement.

**Prerequisites:** graduate standing.**Course Rules:** Fee for 1 cr assessed; unit does not count towards credit load for Fin Aid. Repeatable. Satisfactory/Unsatisfactory only.**Last Taught:** Summer 2021, Spring 2020, Fall 2019, Summer 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 889 Internship in Anthropology**

1-6 cr. Graduate.

Application of advanced principles of anthropology in a business, non-profit, healthcare, educational, governmental, or other appropriate setting. Intern's contract specifies duties and duration.

**Prerequisites:** graduate standing, and written consent of instructor and department chair.**Course Rules:** Retakable to 6 cr max.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 920 Advanced Seminar in Museological Problems**

3 cr. Graduate.

Use of museum collections/museums to examine museum work regarding legal considerations, ethics, documentation; use of collections to test theories and develop conceptual exhibits.

**Prerequisites:** grad st; Anthro 720(P).**Last Taught:** Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 940 Seminar in Problems in Cultural Anthropology:**

3 cr. Graduate.

Content varies.

**Prerequisites:** grad st; cons instr.**Course Rules:** Retakable w/chg in topic to 9 cr max.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 942 Seminar in Prehistory and Archaeology:**

3 cr. Graduate.

**Prerequisites:** grad st; cons instr.**Course Rules:** Retakable w/chg in topic to 9 cr max.**Last Taught:** Fall 2022, Fall 2021, Fall 2020, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 969 Seminar in Linguistic Anthropology:**

3 cr. Graduate.

Advanced topics in the anthropological study of language.

**Prerequisites:** grad st; cons instr.**Course Rules:** Retakable w/chg in topic to 9 cr max.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 990 Research and Thesis**

1-3 cr. Graduate.

**Prerequisites:** grad st; writ cons instr; writ cons dept chair.**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ANTHRO 999 Advanced Independent Study**

1-3 cr. Graduate.

**Prerequisites:** grad st; writ cons instr.**Course Rules:** Retakable to 6 cr max.**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## Applied Computing (APC)

**APC 300 Programming 1**

3 cr. Undergraduate.

Introduction to history of computing, fundamental computer concepts and structured programming techniques.

**Prerequisites:** none.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Summer 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**APC 310 Math for Computer Science**

3 cr. Undergraduate.

Important foundational topics in computer science.

**Prerequisites:** none.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Summer 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**APC 320 Introduction to Business**

3 cr. Undergraduate.

Introduction to the major functional areas of business including the roles of accounting, finance, human resources, marketing, information systems, and operations in the organization.

**Prerequisites:** none.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**APC 330 Technical and Professional Communication**

3 cr. Undergraduate.

Technical and professional communication skills and techniques. Practice in creating effective memos and reports, developing technical material, delivering presentations, and developing communication within teams.

**Prerequisites:** none.**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**APC 340 Legal and Ethical Responsibilities of the IT Professional**

3 cr. Undergraduate.

Legal, regulatory, ethical and compliance issues associated with developing software and using information systems in an organization.

**Prerequisites:** admis to the Applied Computing program.**Last Taught:** Summer 2023, Spring 2023, Spring 2022, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**APC 350 Programming 2**

3 cr. Undergraduate.

Continuation of fundamental computer concepts and Programming.

**Prerequisites:** APC 300(P); 310(P).**Last Taught:** Summer 2023, Spring 2023, Summer 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**APC 360 Database Management 1**

3 cr. Undergraduate.

Design and implementation of relational database management systems to support computer-based information systems.

**Prerequisites:** admis to the Applied Computing program and APC 300(P).**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**APC 370 System Analysis and Design**

3 cr. Undergraduate.

The five phases of Systems Development Life Cycle: scope definition, problem analysis, requirements analysis, logical design and decision analysis.

**Prerequisites:** admis to BS-APC prog; APC 300(P); 320(P); 330(P).**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**APC 380 Project Management Techniques**

3 cr. Undergraduate.

An introduction to project management techniques including project selection and life cycle, stakeholder/scopequality/procurement management, budget control, scheduling, risk identification.

**Prerequisites:** admis to BS-APC prog; APC 300(P); APC 320(P); APC 330(P).**Last Taught:** Spring 2023, Summer 2022, Spring 2022, Summer 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**APC 390 Object Oriented Programming**

3 cr. Undergraduate.

An introduction to Object-Oriented Programming techniques using the Java programming language.

**Prerequisites:** APC 350(P)**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**APC 400 Applied Communication Networks**

3 cr. Undergraduate.

Fundamental concepts in the design, configuration, and problem solving of computer networks.

**Prerequisites:** admis to BS-APC prog; APC 350(P).**Last Taught:** Fall 2023, Summer 2023, Fall 2022, Summer 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**APC 410 Database Management 2**

3 cr. Undergraduate.

Architecture and use-cases of non-relational (NoSQL) based on four types of databases including document, Graph, Key-value, and wide column store.

**Prerequisites:** admis to BS-APC prog; APC 360(P).**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**APC 420 Computer Security 1**

3 cr. Undergraduate.

Security and risk management, security engineering, identity and access management, and security operations.

**Prerequisites:** APC 350(P).**Last Taught:** Fall 2023, Summer 2023, Fall 2022, Summer 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**APC 430 Applied Data Structures and Algorithms**

3 cr. Undergraduate.

Concepts and the application of data structures and algorithms.

**Prerequisites:** APC 390(P).**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**APC 440 Web Development**

3 cr. Undergraduate.

Creating advanced and interactive websites web sites using technologies like HTML 5, CSS, JavaScript, Bootstrap, XML, web services, and database integration within the ASP.Net platform.

**Prerequisites:** APC 360(P).**Last Taught:** Summer 2023, Spring 2023, Spring 2022, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**APC 450 Operating Systems Theory and Practice**

3 cr. Undergraduate.

An introduction to important operating systems concepts such as processes, threads, scheduling, concurrency control and memory management.

**Prerequisites:** admis to BS-APC prog; APC 430(C).**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**APC 460 Software Engineering**

3 cr. Undergraduate.

Basic software development methodologies and tools, including the waterfall, iterative, and agile approaches.

**Prerequisites:** APC 370(P); 390(P).**Last Taught:** Spring 2023, Spring 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**APC 470 IS Strategy and Management**

3 cr. Undergraduate.

Organizational/IS strategy using a capability maturity model for topics such as budgeting, acquisition, service/change/personnel management.

**Prerequisites:** admis to the Applied Computing program and APC 380(P).**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**APC 480 Computer Security 2**

3 cr. Undergraduate.

Communication and network security, security assessment and testing, software development security, and asset security.

**Prerequisites:** APC 360(P); 400(P); 420(P); 450(P).**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**APC 490 Capstone Project Preparation**

1 cr. Undergraduate.

Student capstone project and creation of initial plan with specific deliverables identified.

**Prerequisites:** admis to the Applied Computing program, APC 380(P), and APC 460(C).**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**APC 495 Capstone Project**

3 cr. Undergraduate.

Development, management and delivery of an applied computer science project for a client, including communication of project requirements and status to a non-technical audience.

**Prerequisites:** admis to BS-APC prog; APC 490(P).**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## Arabic (ARABIC)

**ARABIC 101 First Semester Arabic**

5 cr. Undergraduate.

For students with no previous knowledge of Arabic. Emphasis on one standard dialect. Language laboratory required.

**Prerequisites:** none.**Course Rules:** Open to native speakers of Arabic only w/cons instr.**Last Taught:** Fall 2023, Fall 2022, Spring 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARABIC 102 Second Semester Arabic**

5 cr. Undergraduate.

Elements of reading and writing contemporary literary Arabic.

**Prerequisites:** Arabic 101(P). Generates L&S credit for demonstrated equivalent preparation (4 retro crs).**Course Rules:** Open to native speakers of Arabic only w/cons instr.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARABIC 111 Cultures and Civilizations of the Muslim Middle East**

3 cr. Undergraduate.

Muslim Middle East through historical and ethnographic materials; reading of Quran and some modern literature.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARABIC 164 Arabs and Islam in America**

3 cr. Undergraduate.

History of Arab immigration, experience of Arabs, and nature of Islam and Islamic communities in America.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Spring 2022, Fall 2020, Spring 2020, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARABIC 197 Study Abroad:**

1-12 cr. Undergraduate.

Designed to enable students studying language abroad to receive course credit at appropriate level.

**Prerequisites:** acceptance in Study Abroad Prog.**Course Rules:** May be retaken w/chg in topic.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARABIC 199 Independent Study**

1-3 cr. Undergraduate.

For further information, consult dept chair.

**Prerequisites:** 2.0 GPA; consent of instructor, department chair, and Assistant Dean for Student Academic Services.**Course Rules:** May be retaken to 6 cr max.**Last Taught:** Fall 2006, Spring 2006, Fall 2005, Fall 2002.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARABIC 201 Third Semester Arabic**

5 cr. Undergraduate.

Continuation of 102. Further practice in the standard language. Study of weak verbs and quadrilateral verbs. Relative and conditional sentences.

**Prerequisites:** Arabic 102(P). Generates L&S credit for demonstrated equivalent preparation (8 retro crs).**Course Rules:** Open to native speakers of Arabic only w/cons instr.**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARABIC 202 Fourth Semester Arabic**

5 cr. Undergraduate.

Continuation of 201. Noun forms. Use of cases. Particles and prepositions. Introduction to Arabic verse.

**Prerequisites:** Arabic 201(P). Generates L&S credit for demonstrated equivalent preparation (12 retro crs).**Course Rules:** Open to native speakers of Arabic only w/cons instr.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARABIC 289 Internship in Arabic, Lower Division**

1-6 cr. Undergraduate.

Application of basic principles of Arabic in a business, organizational, educational, political, or other appropriate setting.

**Prerequisites:** intro course in Arabic; 2.25 gpa; cons supervising faculty member.**Course Rules:** One cr earned for academic work based on 40 hours in internship. May be retaken to 6 cr max.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARABIC 297 Study Abroad:**

1-12 cr. Undergraduate.

Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared course work.

**Prerequisites:** acceptance for Study Abroad Prog.

**Course Rules:** May be retaken w/chg in topic.

**Last Taught:** Spring 2023, Spring 2018, Fall 2017, Spring 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARABIC 299 Ad Hoc:**

1-6 cr. Undergraduate.

Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.

**Prerequisites:** none; add'l prereqs may be assigned to specific topic.

**Course Rules:** May be retaken w/chg in topic.

**Last Taught:** Fall 2010, Spring 2002.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARABIC 301 Fifth Semester Arabic**

3 cr. Undergraduate.

Continuation of Arabic 202. Root and pattern systems; complex sentence structure; continued development of conversation and writing skills; strategies in reading culturally-oriented texts.

**Prerequisites:** Arabic 202(P).

**Course Rules:** Open to native speakers of Arabic only w/cons instr.

Generates L&S credit for demonstrated equivalent preparation (16 retro crs).

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARABIC 302 Sixth Semester Arabic**

3 cr. Undergraduate.

Continuation of Arabic 301. More complex grammatical forms; vocabulary building principles; continued development of skills in conversation, reading, writing, culturally-oriented readings, and films.

**Prerequisites:** Arabic 301(P). Generates L&S credit for demonstrated equivalent preparation (16 retro crs).

**Course Rules:** Open to native speakers of Arabic only w/cons instr.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARABIC 390 Islam: Religion and Culture**

3 cr. Undergraduate.

Survey of the Islamic religion and its cultural manifestations.

**Prerequisites:** satisfaction of OWC-A.

**General Education Requirements:** OWCB

**Last Taught:** Fall 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARABIC 397 Study Abroad:**

1-12 cr. Undergraduate.

Designed to enable students studying language abroad to receive course credit at appropriate level.

**Prerequisites:** jr st; acceptance in Study Abroad Prog.

**Course Rules:** May be retaken w/ change in topic.

**Last Taught:** Summer 2022, Fall 2015, Fall 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARABIC 404 Introduction to Translation: Arabic to English**

3 cr. Undergraduate.

Translating a variety of texts from Arabic to English, including media articles, political texts, and literary and consumer-oriented texts.

Identifying and developing translation strategies.

**Prerequisites:** jr st; grade B or better in Arabic 302(P) or equiv, or cons instr.

**Last Taught:** Fall 2015, Fall 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARABIC 489 Internship in Arabic, Upper Division**

1-6 cr. Undergraduate.

Application of advanced principles of Arabic in a business, organizational, educational, political, or other appropriate setting.

**Prerequisites:** jr st; 300-level or above course in Arabic; 2.25 gpa; cons supervising faculty member.

**Course Rules:** One cr earned for academic work based on 40 hours in internship. May be retaken to 6 cr max.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARABIC 497 Study Abroad:**

1-12 cr. Undergraduate.

Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared course work.

**Prerequisites:** junior standing and acceptance for Study Abroad Program.

**Course Rules:** May be retaken with change in topic.

**Last Taught:** Fall 2023, Summer 2023, Spring 2018, Fall 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARABIC 499 Ad Hoc:**

1-6 cr. Undergraduate.

Course created expressly for offering in a specified enrollment period.

Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.

**Prerequisites:** jr st; add'l prereqs may be assigned to specific topic.

**Course Rules:** May be retaken w/chg in topic.

**Last Taught:** Fall 2021, Spring 2014, Spring 2009, Fall 2008.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARABIC 514 Advanced Translation: Arabic to English**

3 cr. Undergraduate.

Translating texts from Arabic to English, including media articles, political texts, literary and consumer-oriented texts. Identifying and developing translation strategies; proofreading and editing own work.

**Prerequisites:** Arabic 404(P) or cons instr.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARABIC 597 Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Designed to enable students studying language abroad to receive course credit at appropriate level.

**Prerequisites:** jr st; acceptance in Study Abroad Prog.

**Course Rules:** May be retaken w/ change in topic.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARABIC 597G Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Designed to enable students studying language abroad to receive course credit at appropriate level.

**Prerequisites:** jr st; acceptance in Study Abroad Prog.

**Course Rules:** May be retaken w/ change in topic.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARABIC 697 Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Designed to enable students studying language abroad to receive course credit at appropriate level.

**Prerequisites:** jr st; acceptance in Study Abroad Prog.

**Course Rules:** May be retaken w/chg in topic.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARABIC 697G Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Designed to enable students studying language abroad to receive course credit at appropriate level.

**Prerequisites:** jr st; acceptance in Study Abroad Prog.

**Course Rules:** May be retaken w/chg in topic.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARABIC 699 Advanced Independent Study**

1-3 cr. Undergraduate.

Advanced independent work under the supervision of a faculty member.

For more information, consult dept chair.

**Prerequisites:** jr st; 2.0 GPA; consent of instructor, department chair, and Assistant Dean for Student Academic Services.

**Course Rules:** May be retaken with change in topic to 9 cr max.

**Last Taught:** Spring 2022, Spring 2021, Fall 2020, Summer 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## Architecture (ARCH)

**ARCH 101 Introduction to Architecture**

3 cr. Undergraduate.

An introductory course intended to provide non-majors with a foundation in the basic concepts of architecture. Provides a general understanding of contemporary issues in architecture, architecture practice and the role architecture plays in the design.

**Prerequisites:** none.

**General Education Requirements:** A

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 111 Design I**

3 cr. Undergraduate.

An introductory course about architecture and architectural making. 2D and 3D form and space tested through the theoretical, pragmatic, and contextual issues that influence architecture.

**Prerequisites:** none.

**Course Rules:** Previously ARCH 100.

**General Education Requirements:** A

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 112 Design II**

3 cr. Undergraduate.

Survey and application of twentieth century design techniques in architecture.

**Prerequisites:** none.

**Course Rules:** Previously ARCH 103.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 140 Introduction to Architectural Careers**

1 cr. Undergraduate.

An overview of the School of Architecture and Urban Planning, the architecture and urban planning professions, academic requirements, and student resources.

**Prerequisites:** none.

**Course Rules:** Previously ARCH 110.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 151 History & Theory I**

3 cr. Undergraduate.

Broad overview of the histories and theories that have shaped the discipline of architecture: its histories, theories and methodologies.

**Prerequisites:** none.

**Course Rules:** Previously ARCH 102.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 152 History & Theory II**

3 cr. Undergraduate.

Canonical buildings since 1800 alongside their accompanying theoretical texts are evaluated within the discipline and allied fields of inquiry.

**Prerequisites:** none.

**Course Rules:** Previously ARCH 104.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 190 Living Learning Community:**

1-3 cr. Undergraduate.

Presentation of new material on experimental basis. Material appropriate for testing interest and ability in architecture.

**Prerequisites:** none.

**Course Rules:** May be retaken with change in topic to 9 cr max. Specific credits and additional prerequisites announced in the Schedule of Classes whenever course is offered.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 211 Design III**

6 cr. Undergraduate.

Formal concepts that order the production of architecture, using physical and virtual models, sketches, and drafted, scaled, orthographic drawings. Issues related to site, function and environment.

**Prerequisites:** ARCH 111(100)(P) and ARCH 112(103)(P).

**Course Rules:** Previously ARCH 310.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 212 Design IV**

6 cr. Undergraduate.

Architectural design as a synthetic discipline that considers material/spatial experience, contextual analysis, formal concepts, and social/cultural relationships. Material/graphic representation explored in models, drawings, collage and renderings.

**Prerequisites:** ARCH 211(310)(P).

**Course Rules:** Previously ARCH 320.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 271 Representation I**

3 cr. Undergraduate.

Development of precise standards of drawing and the history and techniques of descriptive and analytical drawing.

**Prerequisites:** ARCH 111(100)(P) and ARCH 112(103)(P).

**Course Rules:** Previously ARCH 282.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 272 Representation II**

3 cr. Undergraduate.

Exploration of the potential for representation to communicate generative, atmospheric, and presentational qualities.

**Prerequisites:** ARCH 271(282)(P).

**Course Rules:** Previously ARCH 283.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 311 Design V**

6 cr. Undergraduate.

Design projects explore basic issues: clients' needs; site planning; masonry, wood, and steel construction; health and safety. Composition employs analysis of precedent.

**Prerequisites:** ARCH 212(320)(P).

**Course Rules:** Previously ARCH 410.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 312 Design VI**

6 cr. Undergraduate.

Design projects explore complex contexts and programs. Solutions employ hybrid construction technologies, and codes for safety and accessibility; they also integrate interior and exterior spaces.

**Prerequisites:** ARCH 311(410)(P).

**Course Rules:** Previously ARCH 420.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 321 Building Technology I**

3 cr. Undergraduate.

The behavior of structures, structural materials and planning, and the principles and performance of building envelope systems.

**Prerequisites:** junior standing.

**Course Rules:** Previously ARCH 301.

**General Education Requirements:** QLB

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 322 Building Technology II**

3 cr. Undergraduate.

Investigation of environmental control and life safety requirements and their implications on architectural form and design.

**Prerequisites:** ARCH 321(301)(P).

**Course Rules:** Previously ARCH 303.

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 326 Energy Design Fundamentals**

3 cr. Undergraduate/Graduate.

Energy-related issues as they apply to site planning and architectural design, including thermal comfort, site climate analysis, building thermal response, and solar system design.

**Prerequisites:** jr st.

**Last Taught:** Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 326G Energy Design Fundamentals**

3 cr. Undergraduate/Graduate.

Energy-related issues as they apply to site planning and architectural design, including thermal comfort, site climate analysis, building thermal response, and solar system design.

**Prerequisites:** jr st.

**Last Taught:** Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 340 Urban Design**

3 cr. Undergraduate/Graduate.

Survey of urban design, including the study of precedents, recent philosophy, design vocabulary, behavioral responses, and implementation strategies.

**Prerequisites:** jr st; acceptance to Level 2 or arch studies minor & Arch 300(P); or grad st.

**Last Taught:** Fall 2022, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 340G Urban Design**

3 cr. Undergraduate/Graduate.

Survey of urban design, including the study of precedents, recent philosophy, design vocabulary, behavioral responses, and implementation strategies.

**Prerequisites:** jr st; acceptance to Level 2 or arch studies minor & Arch 300(P); or grad st.

**Last Taught:** Fall 2022, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 341 Professional Practice I**

3 cr. Undergraduate.

Review and analysis of building code and programming requirements in relation to building project goals, user requirements, socio-cultural determinants, design criteria, site selection and analysis, building type analysis, and cost projections.

**Prerequisites:** junior standing.

**Course Rules:** Previously ARCH 586.

**Last Taught:** Fall 2022, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 342 Professional Practice II**

3 cr. Undergraduate/Graduate.

Principles of the professional production of architectural documents covering and the interface and workflow of Building Information Modeling software.

**Prerequisites:** senior standing or architecture studies minor.

**Course Rules:** Previously ARCH 382.

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 343 Professional Practice III**

3 cr. Undergraduate.

An introduction to architectural practice; content includes office procedures, contract management, legal constraints.

**Prerequisites:** senior standing or architecture studies minor.

**Course Rules:** Previously ARCH 581/581G.

**Last Taught:** Fall 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 350 Greening Milwaukee**

3 cr. Undergraduate.

City wide environmental organizations are organized into lecture series on the state of sustainable issues. Thirty hours of service are required.

**Prerequisites:** soph st.

**Last Taught:** Fall 2016, Fall 2015, Fall 2014, Fall 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 351 Survey of Architectural History & Theory**

3 cr. Undergraduate.

Introduction to architectural history and its theoretical base. The course covers classical architecture to the present, focusing on the theories underlying architecture of a period.

**Prerequisites:** ARCH 151(102)(P) and ARCH 152(104)(P); or architecture studies minor.

**Course Rules:** Previously ARCH 300.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 352 History & Theory III**

3 cr. Undergraduate.

Introduction to behavioral, social and cultural factors and their implications for the design and planning of the built environment.

**Prerequisites:** ARCH 151(102)(P) and ARCH 152(104)(P); or architecture studies minor.

**Course Rules:** Previously ARCH 302.

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 353 History & Theory IV**

3 cr. Undergraduate.

Disciplinary methods and themes through rigorous readings of texts and objects concerning contemporary architectural criticism, and histories and theories of urban form and urban planning.

**Prerequisites:** junior standing and completion of OWC-A and ARCH 151(102)(P) and ARCH 152(104)(P).

**Course Rules:** Previously ARCH 304.

**General Education Requirements:** OWCB

**Last Taught:** Fall 2023, Fall 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 380 Drawing in Architecture**

3 cr. Undergraduate/Graduate.

Visual communication skills are developed in relation to basic design theory and architectural design process.

**Prerequisites:** jr st & acceptance to level 2 or arch studies minor; or grad st.

**Last Taught:** Fall 2018, Fall 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 380G Drawing in Architecture**

3 cr. Undergraduate/Graduate.

Visual communication skills are developed in relation to basic design theory and architectural design process.

**Prerequisites:** jr st & acceptance to level 2 or arch studies minor; or grad st.

**Last Taught:** Fall 2018, Fall 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 383 Landscape Architecture**

3 cr. Undergraduate/Graduate.

Introduction to the history of landscape architecture as well as the process of contemporary landscape architecture and its relationship to contemporary architecture.

**Prerequisites:** jr st & acceptance to level 2 or arch studies minor; or grad st.

**Last Taught:** Spring 2018, Spring 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 383G Landscape Architecture**

3 cr. Undergraduate/Graduate.

Introduction to the history of landscape architecture as well as the process of contemporary landscape architecture and its relationship to contemporary architecture.

**Prerequisites:** jr st & acceptance to level 2 or arch studies minor; or grad st.

**Last Taught:** Spring 2018, Spring 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 391 Directed Research**

3 cr. Undergraduate.

Student participation in research projects under faculty supervision.

**Prerequisites:** jr st; acceptance to Level 2 or arch studies minor & cons instr.

**Course Rules:** May not be retaken for cr.

**Last Taught:** Spring 2023, Fall 2022, Spring 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 392 Independent Studies**

3 cr. Undergraduate.

Independent investigation of issues related to architecture.

**Prerequisites:** jr st; acceptance to Level 2 or arch studies minor & cons instr.

**Course Rules:** May not be retaken for cr.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, UWinteriM 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 411 Design VII**

6 cr. Undergraduate.

Design projects explore complex contexts and programs related to living collectively.

**Prerequisites:** ARCH 312(420)(P).

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 412 Design VIII:**

6 cr. Undergraduate.

Advanced design studio emphasizing schematic design to detailed development of programmatic spaces, structural and environmental systems, life-safety provisions, wall sections, and building materials and assemblies.

**Prerequisites:** senior standing.

**Course Rules:** Retakeable with change in topic to 12 cr max. Counts as a repeat of ARCH 825.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 421 Building Technology III**

3 cr. Undergraduate.

Statics, strength of materials and analysis of simple structural elements and systems. Design and economics of simple building structures.

**Prerequisites:** senior standing and ARCH 322(303)(P).

**Course Rules:** Previously ARCH 510.

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 422 Building Technology IV**

3 cr. Undergraduate.

Review and analysis of architectural construction systems in relation to building projects of various scales. Construction techniques and contract documentation are covered.

**Prerequisites:** senior standing and ARCH 421(301)(P).

**Course Rules:** Previously ARCH 516.

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 423 Building Technology V**

3 cr. Undergraduate/Graduate.

The impact of visual and thermal comfort requirements on the design of building enclosures, lighting systems and HVAC systems.

**Prerequisites:** senior standing and ARCH 422(516)(P).

**Course Rules:** Previously ARCH 520.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 497 Study Abroad:**

3-12 cr. Undergraduate.

Studio and/or field study designed to provide relevant course work for a study abroad program in architecture.

**Prerequisites:** acceptance to Level 2 or architecture studies minor and accepted for Study Abroad Program.

**Course Rules:** May be retaken with change in topic.

**Last Taught:** Fall 2023, Summer 2023, Summer 2022, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 521 Environmental Systems: Resources-Fluid Distribution Systems**

3 cr. Undergraduate/Graduate.

Water resources supplies and treatment, distribution and disposal systems. Atmospheric and thermal comfort. Air treatment, distribution systems, and related energy systems for human comfort.

**Prerequisites:** sr st & Arch 303(P); or grad st.

**Last Taught:** Spring 2017, Spring 2015.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 521G Environmental Systems: Resources-Fluid Distribution Systems**

3 cr. Undergraduate/Graduate.

Water resources supplies and treatment, distribution and disposal systems. Atmospheric and thermal comfort. Air treatment, distribution systems, and related energy systems for human comfort.

**Prerequisites:** sr st & Arch 303(P); or grad st.

**Last Taught:** Spring 2017, Spring 2015.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 522 Environmental Systems: Lighting and Acoustical Design**

3 cr. Undergraduate/Graduate.

The development and application of visual/auditory comfort criteria, lighting and acoustical design, and their architectural design implications.

**Prerequisites:** sr st & Arch 303(P); or grad st.

**Last Taught:** Fall 2015, Spring 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 522G Environmental Systems: Lighting and Acoustical Design**

3 cr. Undergraduate/Graduate.

The development and application of visual/auditory comfort criteria, lighting and acoustical design, and their architectural design implications.

**Prerequisites:** sr st & Arch 303(P); or grad st.

**Last Taught:** Fall 2015, Spring 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 534 Field Study:**

3 cr. Undergraduate/Graduate.

Theoretical developments and their historical contexts are explored in a particular setting. Focus and setting are announced in advance.

**Prerequisites:** jr st; Arch 300(P).

**Course Rules:** May be retaken w/chg in topic to max of 6 cr.

**Last Taught:** Summer 2017, Summer 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 534G Field Study:**

3 cr. Undergraduate/Graduate.

Theoretical developments and their historical contexts are explored in a particular setting. Focus and setting are announced in advance.

**Prerequisites:** jr st; Arch 300(P).

**Course Rules:** May be retaken w/chg in topic to max of 6 cr.

**Last Taught:** Summer 2017, Summer 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 550 Seminar in Building Types and Settings**

3 cr. Undergraduate/Graduate.

Development and usage of various building types and settings based upon social, behavioral, political, and economic factors.

**Prerequisites:** sr st, & Arch 300(P) or 302(P), or cons instr.

**Last Taught:** Spring 2019, Summer 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 550G Seminar in Building Types and Settings**

3 cr. Undergraduate/Graduate.

Development and usage of various building types and settings based upon social, behavioral, political, and economic factors.

**Prerequisites:** sr st, & Arch 300(P) or 302(P), or cons instr.

**Last Taught:** Spring 2019, Summer 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 551 American Vernacular Architecture**

3 cr. Undergraduate/Graduate.

Introductory seminar on the historical development of all forms of vernacular and popular architecture. Buildings are analyzed in detail within their cultural contexts.

**Prerequisites:** sr st & Arch 300(P); or grad st.**Last Taught:** Summer 2016, Fall 2013.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 551G American Vernacular Architecture**

3 cr. Undergraduate/Graduate.

Introductory seminar on the historical development of all forms of vernacular and popular architecture. Buildings are analyzed in detail within their cultural contexts.

**Prerequisites:** sr st & Arch 300(P); or grad st.**Last Taught:** Summer 2016, Fall 2013.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 553 Vernacular Buildings and Groupings**

3 cr. Undergraduate/Graduate.

Study of the patterns and characteristics of human settlements and individual structures built according to local traditions.

**Prerequisites:** sr st & Arch 302(P); or grad st.**Last Taught:** Spring 2018, Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 553G Vernacular Buildings and Groupings**

3 cr. Undergraduate/Graduate.

Study of the patterns and characteristics of human settlements and individual structures built according to local traditions.

**Prerequisites:** sr st & Arch 302(P); or grad st.**Last Taught:** Spring 2018, Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 560 Introduction to Historic Preservation**

3 cr. Undergraduate/Graduate.

Research, discussion and case study development to explore political, social/historical, economic and design/restoration issues of preservation and adaptive use of buildings.

**Prerequisites:** senior standing and acceptance to level 2; or graduate standing.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 560G Introduction to Historic Preservation**

3 cr. Undergraduate/Graduate.

Research, discussion and case study development to explore political, social/historical, economic and design/restoration issues of preservation and adaptive use of buildings.

**Prerequisites:** senior standing and acceptance to level 2; or graduate standing.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 561 Measured Drawing for Architects**

3 cr. Undergraduate/Graduate.

History and theory of measured drawings, field measuring and recording techniques, and production of drawings based on procedures of the Historic American Building Survey.

**Prerequisites:** sr st & Arch 301(P); or grad st.**Last Taught:** Summer 2019, Summer 2018.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 561G Measured Drawing for Architects**

3 cr. Undergraduate/Graduate.

History and theory of measured drawings, field measuring and recording techniques, and production of drawings based on procedures of the Historic American Building Survey.

**Prerequisites:** sr st & Arch 301(P); or grad st.**Last Taught:** Summer 2019, Summer 2018.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 562 Preservation Technology Laboratory**

3 cr. Undergraduate/Graduate.

Laboratory focusing on the historic preservation of architectural detail. Students will examine historic technologies, write papers on them, and execute them in detail.

**Prerequisites:** sr st & Arch 301(P); or grad st.**Last Taught:** Summer 2017, Summer 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 562G Preservation Technology Laboratory**

3 cr. Undergraduate/Graduate.

Laboratory focusing on the historic preservation of architectural detail. Students will examine historic technologies, write papers on them, and execute them in detail.

**Prerequisites:** sr st & Arch 301(P); or grad st.**Last Taught:** Summer 2017, Summer 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 580 Graphic Techniques for Architects**

3 cr. Undergraduate/Graduate.

Architectural presentation techniques focusing on the application of various graphic media including color pencil, pastel, watercolor, marker, and air-brush.

**Prerequisites:** sr st & acceptance to level 2; or grad st.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 580G Graphic Techniques for Architects**

3 cr. Undergraduate/Graduate.

Architectural presentation techniques focusing on the application of various graphic media including color pencil, pastel, watercolor, marker, and air-brush.

**Prerequisites:** sr st & acceptance to level 2; or grad st.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 583 Emerging Digital Technology:**

3 cr. Undergraduate/Graduate.

Laboratory focusing on the theory and application of emerging digital tools to contemporary problems of architectural design and professional practice. Proficiency in MicroStation, Rhino, formZ, or SketchUp required.

**Prerequisites:** junior standing and acceptance to Level 2 or arch studies minor; or graduate standing.**Course Rules:** May be retaken with change in topic to a max of 9 cr.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 583G Emerging Digital Technology:**

3 cr. Undergraduate/Graduate.

Laboratory focusing on the theory and application of emerging digital tools to contemporary problems of architectural design and professional practice. Proficiency in MicroStation, Rhino, formZ, or SketchUp required.

**Prerequisites:** junior standing and acceptance to Level 2 or arch studies minor; or graduate standing.

**Course Rules:** May be retaken with change in topic to a max of 9 cr.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 584 Urban Landscape Architecture**

3 cr. Undergraduate/Graduate.

Study of historic and contemporary exterior urban space, urban site planning methodology; design and detailing of exterior urban space; pedestrian and vehicular movement; use of plant materials.

**Prerequisites:** sr st & acceptance to level 2 or arch studies minor; or grad st.

**Last Taught:** Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 584G Urban Landscape Architecture**

3 cr. Undergraduate/Graduate.

Study of historic and contemporary exterior urban space, urban site planning methodology; design and detailing of exterior urban space; pedestrian and vehicular movement; use of plant materials.

**Prerequisites:** sr st & acceptance to level 2 or arch studies minor; or grad st.

**Last Taught:** Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 587 Post-Occupancy Evaluation of Built Environments**

3 cr. Undergraduate/Graduate.

Evaluation of built environments: technical, functional, and socio-behavioral factors; design of post-occupancy evaluation studies and instruments; and analysis of a built environment.

**Prerequisites:** sr st & Arch 302(P); or grad st.

**Last Taught:** Fall 2011, Fall 1994.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 587G Post-Occupancy Evaluation of Built Environments**

3 cr. Undergraduate/Graduate.

Evaluation of built environments: technical, functional, and socio-behavioral factors; design of post-occupancy evaluation studies and instruments; and analysis of a built environment.

**Prerequisites:** sr st & Arch 302(P); or grad st.

**Last Taught:** Fall 2011, Fall 1994.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 600 Design Elective:**

6 cr. Undergraduate.

Intermediate concepts and methods of architectural design relevant to contemporary theory and practice.

**Prerequisites:** ARCH 312(420)(P).

**Course Rules:** Previously ARCH 650. May be retaken with change in topic to max of 12 cr.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 601 Special Topics:**

1-3 cr. Undergraduate.

Provides a format for the development and presentation of new material.

**Prerequisites:** junior standing or architecture studies minor.

**Course Rules:** Previously ARCH 390. May be retaken with change in topic to max of 12 cr. Specific credits and any additional prerequisites announced in the Schedule of Classes whenever course is offered.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 660 Topics in Architectural History & Theory:**

3 cr. Undergraduate.

This variable content course will focus on the study of a particular architectural theory or the work of an individual architect and its theoretical base.

**Prerequisites:** sophomore standing.

**Course Rules:** May be retaken with change in topic to max of 9 cr.

Previously ARCH 533.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 685 Advanced Research Methods in Architecture**

3 cr. Undergraduate.

Review of various data collection and analysis methods used in architectural research and design; exploration of the epistemological foundations of our knowledge about the built environment.

**Prerequisites:** senior standing.

**Course Rules:** Previously ARCH 585.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 711 Graduate Design I**

6 cr. Graduate.

This design studio introduces students to theories and methodologies of architectural design. Design projects explore various design procedures, graphic techniques, and building tectonics.

**Prerequisites:** graduate standing.

**Course Rules:** Previously ARCH 810.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 712 Graduate Design II**

6 cr. Graduate.

Design studio further develops the theories and methodologies of architectural design. Design projects emphasize specific issues of theory, structure, context, program, and graphic communication.

**Prerequisites:** graduate standing and ARCH 711(810)(P).

**Course Rules:** Previously ARCH 820.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 716 Art of Detailing**

3 cr. Graduate.

Seminar/workshop dealing with creative aspects of architectural construction technology. Building details are analyzed with respect to technical appropriateness, durability, context and design consequences.

**Prerequisites:** grad st; Arch 516(P) & 1 600 or above level studio; Arch 501(R) or 510(R).

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 718 Topics in Professional Practice**

3 cr. Graduate.

Examines, critically appraises, and imagines expanded options for career development and professional practice in architecture and design.

**Prerequisites:** graduate standing or consent of instructor.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 721 Building Technology I**

3 cr. Graduate.

The behavior of structures, structural materials and planning, and the principles and performance of building envelope systems.

**Prerequisites:** graduate standing.**Course Rules:** Counts as a repeat of ARCH 301G.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 722 Building Technology II**

3 cr. Graduate.

Study of the relationships between architectural design, illumination, visual tasks, energy conservation and daylighting design.

**Prerequisites:** graduate standing and ARCH 721(301G)(P).**Course Rules:** Previously ARCH 303G.**Last Taught:** Spring 2012, Spring 1995.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 723 Fundamentals of Ecological Architecture**

3 cr. Graduate.

Investigation of the ecological issues affecting an architectural design process that aims to produce buildings, landscapes and cities with minimal demands on the environment.

**Prerequisites:** grad st. Counts as repeat of ARCH 790 with same title.**Last Taught:** Fall 2023, Fall 2021, Spring 2020, Spring 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 741 Professional Practice I**

3 cr. Graduate.

Review and analysis of building code and programming requirements in relation to building project goals, user requirements, socio-cultural determinants, design criteria, site selection and analysis, building type analysis, and cost projections.

**Prerequisites:** graduate standing.**Course Rules:** Previously ARCH 586G.**Last Taught:** Spring 2000, Spring 1998, Spring 1996, Spring 1995.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 742 Professional Practice II**

3 cr. Graduate.

Principles of the professional production of architectural documents covering and the interface and workflow of Building Information Modeling software.

**Prerequisites:** graduate standing.**Course Rules:** Previously ARCH 382G.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 743 Professional Practice III**

3 cr. Graduate.

An introduction to architectural practice; content includes office procedures, contract management, legal constraints.

**Prerequisites:** graduate standing.**Course Rules:** Counts as a repeat of ARCH 581G.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 749 Urban Design as Public Policy**

3 cr. Graduate.

Orients students in urban planning to urban design problems as matters of public policy with focus on the analysis and implementation of urban design proposals rather than on the techniques used to generate such proposals.

**Prerequisites:** grad st.**Course Rules:** Not open to students who have cr in UrbPlan 857 which is identical to Arch 749.**Last Taught:** Fall 2023, Fall 2021, Fall 2019, Fall 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 750 Proseminar in Environment Design Research**

3 cr. Graduate.

Intensive review of important findings in environmental design from research and professional literature and analysis of impacts on the built environment.

**Prerequisites:** grad st; Arch 585(C), or cons instr.**Last Taught:** Fall 2019, Spring 2019, Fall 2015, Spring 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 751 Survey of Architectural History & Theory**

3 cr. Graduate.

Introduction to architectural history and its theoretical base. The course covers classical architecture to the present, focusing on the theories underlying architecture of a period.

**Prerequisites:** graduate standing.**Course Rules:** Previously ARCH 300G.**Last Taught:** Spring 2019, Spring 2016, Spring 2012, Spring 2011.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 752 History & Theory III**

3 cr. Graduate.

Introduction to behavioral, social and cultural factors and their implications for the design and planning of the built environment.

**Prerequisites:** graduate standing.**Course Rules:** Previously ARCH 302G.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 753 History & Theory IV**

3 cr. Graduate.

Disciplinary methods and themes through rigorous readings of texts and objects concerning contemporary architectural criticism, and histories and theories of urban form and urban planning.

**Prerequisites:** graduate standing.**Course Rules:** Counts as a repeat of ARCH 304G.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 760 History of Building Technology**

3 cr. Graduate.

An examination of evolving technology in architecture from antiquity to the mid-twentieth century, concentrating on examples in the united states; includes field trips.

**Prerequisites:** graduate standing.**Last Taught:** Spring 2023, Spring 2021, Spring 2020, Spring 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 771 Representation I**

3 cr. Graduate.

Development of precise standards of drawing and the history and techniques of descriptive and analytical drawing.

**Prerequisites:** graduate standing.**Course Rules:** Previously ARCH 782.**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 772 Representation II**

3 cr. Graduate.

Exploration of the potential for representation to communicate generative, atmospheric, and presentational qualities.

**Prerequisites:** graduate standing and ARCH 771(782)(P).**Course Rules:** Previously ARCH 783.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 780 The Built Environment and Real Estate Development**

3 cr. Graduate.

A course providing an understanding of the relationships between economics and architectural design and skills in manipulation of variables in both areas on real projects.

**Prerequisites:** grad st.**Last Taught:** Fall 2023, Fall 2019, Fall 2018, Fall 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 788 Green Building Seminar**

3 cr. Graduate.

Investigation and research into the environmental and architectural opportunities and constraints of building and landscape materials.

**Prerequisites:** grad st. Counts as repeat of ARCH 790 with same title.**Last Taught:** Fall 2022, Spring 2020, Spring 2017, Spring 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 791 Master's Level Directed Research**

1-3 cr. Graduate.

Student participation in research projects under faculty supervision.

**Prerequisites:** grad st; cons instr.**Course Rules:** Retakable to 3 cr max.**Last Taught:** Spring 2023, Fall 2022, Spring 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 792 Master's Level Independent Studies and Research**

1-3 cr. Graduate.

Independent investigation of issues related to architecture.

**Prerequisites:** grad st; cons instr.**Course Rules:** Retakable to 3 cr max.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Summer 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 794 Pre-Thesis or Master's Project Research**

3 cr. Graduate.

Background preparation and research completed prior to master's thesis or project.

**Prerequisites:** grad st; eligibility for thesis or master's project next semester.**Last Taught:** Fall 2023, Fall 2022, Spring 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 797 Study Abroad:**

3-12 cr. Graduate.

Studio and/or field study designed to provide relevant course work for a study abroad program in architecture.

**Prerequisites:** grad st; acceptance to Study Abroad Program.**Course Rules:** Retakable to 12 cr max w/chg in topic.**Last Taught:** Summer 2023, Summer 2022, UWinteriM 2020, Summer 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 800 Design Elective:**

6 cr. Graduate.

Advanced concepts and methods of architectural design relevant to contemporary theory and practice.

**Prerequisites:** graduate standing.**Course Rules:** Retakeable with change in topic to max of 18 cr. Previously ARCH 850.**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 801 Special Topics:**

1-3 cr. Graduate.

Development and presentation of new material on an experimental, one-term basis. Specific credits and any additional prerequisites announced in schedule of classes whenever course is offered.

**Prerequisites:** graduate standing.**Course Rules:** Retakeable with change in topic to max of 24 cr. Previously ARCH 790.**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 812 Graduate Design III:**

6 cr. Graduate.

Advanced design studio emphasizing schematic design to detailed development of programmatic spaces, structural and environmental systems, life-safety provisions, wall sections, and building materials and assemblies.

**Prerequisites:** graduate standing.**Course Rules:** Retakeable with change in topic to 12 cr max. Previously ARCH 825.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 821 Building Technology III**

3 cr. Graduate.

Statics, strength of materials and analysis of simple structural elements and systems. Design and economics of simple building structures.

**Prerequisites:** graduate standing.**Course Rules:** Previously ARCH 510G.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 822 Building Technology IV**

3 cr. Graduate.

Review and analysis of architectural construction systems in relation to building projects of various scales. Construction techniques and contract documentation are covered.

**Prerequisites:** graduate standing.**Course Rules:** Counts as a repeat of ARCH 516G.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARCH 823 Building Technology V**

3 cr. Graduate.

The impact of visual and thermal comfort requirements on the design of building enclosures, lighting systems and HVAC systems.

**Prerequisites:** graduate standing.**Course Rules:** Previously ARCH 520G.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 860 Topics in Architectural History & Theory:**

3 cr. Graduate.

This variable content course will focus on the study of a particular architectural theory or the work of an individual architect and its theoretical base.

**Prerequisites:** graduate standing.**Course Rules:** May be retaken with change in topic to max of 9 cr. Previously ARCH 533G.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 888 Candidate for Degree**

0 cr. Graduate.

Available for graduate students who must meet minimum credit load requirements.

**Prerequisites:** graduate standing**Course Rules:** Fee for 1 cr assessed; unit does not count towards credit load for Fin Aid. Repeatable to 3 cr max. Satisfactory/Unsatisfactory only.**Last Taught:** Fall 2020, Spring 2020, Fall 2019, Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 890 Master's Thesis**

6 cr. Graduate.

Production of a written thesis under the supervision of a faculty committee selected by student.

**Prerequisites:** grad st; cons advisor; cons chair if taken before final semester.**Last Taught:** Spring 2023, Spring 2017, Spring 2015, Fall 2014.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 891 Master's Project**

6 cr. Graduate.

Production of an independent design project under the supervision of a faculty committee selected by student.

**Prerequisites:** grad st; cons advisor; cons chair if taken before final semester.**Last Taught:** Spring 2023, Fall 2022, Spring 2022, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 985 Advanced Research Methods in Architecture**

3 cr. Graduate.

Advanced treatment of existing and emerging qualitative and quantitative research and analysis methods, including research designs, scholarly, structural, field, survey, experimental and multivariate methods.

**Prerequisites:** graduate standing.**Course Rules:** Previously ARCH 585G and ARCH 785.**Last Taught:** Fall 2018, Spring 2016, Spring 2012, Spring 2011.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 990 Doctoral Dissertation**

3-12 cr. Graduate.

Research toward the completion of the PhD dissertation under the direction of the candidate's dissertation chair and committee.

**Prerequisites:** grad st; admis to candidacy for the PhD; & cons PhD prog comm.**Course Rules:** May be retaken.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 991 Doctoral Level Research**

1-3 cr. Graduate.

Research work for doctoral students in Architecture.

**Prerequisites:** grad st; cons instr**Course Rules:** Retakable to 12 cr max.**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARCH 992 Doctoral Level Independent Work**

1-3 cr. Graduate.

Independent study on topics selected in agreement with supervising professor.

**Prerequisites:** grad st; cons instr**Course Rules:** Retakable to 12 cr max.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Summer 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## Art and Design (ART)

**ART 100 American Art and Culture**

3 cr. Undergraduate.

Appreciation of North American art through study of diverse cultural traditions including African-American, Native-American, Latino-American, Asian-American and European-American expressive practices.

**Prerequisites:** none.**Course Rules:** Not open for cr or enrollment to Art & Art Educ majors.**General Education Requirements:** A, CD**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 101 Drawing I**

3 cr. Undergraduate.

Exploration of drawing materials, methods, concepts and expression based on visual observation.

**Prerequisites:** Art major or minor.**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 105 Art & Design Lecture Series**

3 cr. Undergraduate.

Introduction to contemporary art and design as presented through artist lecture series; addresses themes of form, function, criticism and audience relative to contemporary art practice..

**Prerequisites:** none.**General Education Requirements:** A**Last Taught:** Spring 2016, Fall 2015, Spring 2015, Fall 2014.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 106 Art Survey: Creative Practice, Culture and Context**

3 cr. Undergraduate.

Introduction to the visual arts disciplines and contemporary critical concerns. Course themes investigate inter-relations between technical process and expressive intent.

**Prerequisites:** none.**General Education Requirements:** A**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 107 Art Explorations:**

3 cr. Undergraduate.

Special topic course in Art and Design for non-art majors.

**Prerequisites:** none.**Course Rules:** May be retaken with change in topic to 6 cr max. Not open to Art & Art Ed majors.**General Education Requirements:** A**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 108 2D Studio: Concept, Color and Composition**

3 cr. Undergraduate.

An introduction to visual problem solving. Organization of the two-dimensional plane using the elements and principles of design. Includes the study of black and white and the basics of color.

**Prerequisites:** none.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 109 3D Studio: Form, Idea and Technique**

3 cr. Undergraduate.

An introduction to three-dimensional design through constructed surface and form studies, tool usage and fabrication techniques.

**Prerequisites:** none.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 118 Digital Arts: Culture, Theory, Practice**

3 cr. Undergraduate.

Introduction to electronic art and imaging. Focus on historical and cultural contexts, theoretical concepts and studio skills using imaging software.

**Prerequisites:** none.**General Education Requirements:** A**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 124 Design Survey**

3 cr. Undergraduate.

Survey of design disciplines and movements of the 19th, 20th and 21st centuries. Slide lectures include industrial design, architecture, graphic design, and design movements.

**Prerequisites:** none.**General Education Requirements:** A**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 150 Multicultural America**

3 cr. Undergraduate.

Cross-cultural study of U.S. ethnic and racial identities through materials drawn from a variety of media arts practices (e.g. film, photography, new media) with attention to African-, Asian-, Hispanic- and Native American experiences.

**Prerequisites:** none.**Course Rules:** Cultures and Communities Prog course. Jointly offered with & counts as repeat of Film 150.**General Education Requirements:** A, CD**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 152 Photography Survey**

3 cr. Undergraduate.

Survey of photographic processes and movements of the 19th, 20th, and 21st centuries, with emphasis on historical and cultural contexts that shaped the application of the medium.

**Prerequisites:** none**General Education Requirements:** A**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 201 Drawing II**

3 cr. Undergraduate.

Expanded development of drawing materials, methods and expression; focus on conceptual and perceptual process.

**Prerequisites:** ART 101(P), and satisfaction of or concurrent enrollment in Math Part A (QL-A) and English Part A (OWC-A).**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 207 Undergraduate Research Assistantship in Art and Design**

1-3 cr. Undergraduate.

An opportunity for freshmen and sophomores to work collaboratively with an Art and Design faculty member on a specific and sustained research project.

**Prerequisites:** admis to First Year Prog or Art & Design, & cons instr.**Course Rules:** May be retaken to 6 cr max.**Last Taught:** Spring 2015, Fall 2014.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 208 Color Studio**

3 cr. Undergraduate.

Expanded exploration of the art and science of color for studio media; focus on pigment, screen and digital output.

**Prerequisites:** Art 101(P), 108(P); or cons instr.**Last Taught:** UWinteriM 2015, Summer 2013, Fall 2011, UWinteriM 2011.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 212 Creative Technologies**

3 cr. Undergraduate.

Students explore the relationship between computer graphics, game engines, basic programming, computer vision, and extended reality; students integrate these technologies into a creative dynamic digital experience.

**Prerequisites:** ART 101(P), ART 108(P) or ART 109(P), ART 118(P), and satisfaction of or concurrent enrollment in Math Part A (QL-A) and English Part A (OWC-A); or consent of instructor.**Last Taught:** Fall 2023, Spring 2023, Spring 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 218 Moving Images and Sound in Art & Design**

3 cr. Undergraduate.

Introduction to digital and time-based images; including tools in animation, audio, and video production.

**Prerequisites:** satisfaction of or concurrent enrollment in Math Part A (QL-A) and English Part A (OWC-A); ART 101(P), ART 108(P) or 109(P) and ART 118(P); or consent of instructor.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2018.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 221 Introduction to Design**

3 cr. Undergraduate.

Introduction to computer as design and production tool for graphic design, use software to create graphics, edit images and design complex layouts.

**Prerequisites:** ART 101(P), ART 108(P), ART 109(P), ART 118(P), and satisfaction of or concurrent enrollment in Math Part A (QL-A) and English Part A (OWC-A); or consent of instructor.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 223 Introduction to Typography**

3 cr. Undergraduate.

Introduction to the fundamentals of designing with type; emphasis on formal design skills, type history, conceptual problem-solving.

**Prerequisites:** ART 101(P), ART 108(P), ART 109(P), and ART 118(P); ART 221(C) or ART ED 227(C); satisfaction of or concurrent enrollment in Math Part A (QL-A) and English Part A (OWC-A); or consent of instructor.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 224 Dynamic Typography**

3 cr. Undergraduate.

Fundamentals of designing with type; emphasis on formal design skills, conceptual problem solving. Focus on screen-based projects and type in motion, some print design.

**Prerequisites:** Art 101(P), 108(P), & 118(P); or pre-Inter-Arts/IAT prog; Math 102(C), or Math 103(C), or Math 105(C), or Math 108(C), or Level 30 on Math Placement Test; or cons instr.**Last Taught:** Spring 2011, Fall 2010, Fall 2009, Spring 2009.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 227 Design Workshop:**

3 cr. Undergraduate.

A concept oriented workshop in graphic design.

**Prerequisites:** see Schedule of Classes. Math 102(C), 103(C), 105(C), 108(C), or Level 30 on Math Placement Test; or cons instr.**Course Rules:** May be retaken w/chg in topic to max of 6 cr.**Last Taught:** Fall 2018, Fall 2017, Fall 2016, Fall 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 231 Introduction to Fibers**

3 cr. Undergraduate.

Introduction to fiber materials and processes and contemporary aesthetic consideration in fiber arts.

**Prerequisites:** ART 101(P); ART 108(P) or ART 109(P); and satisfaction of or concurrent enrollment in Math Part A (QL-A) and English Part A (OWC-A); or consent of instructor.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 238 Fiber Workshop:**

3 cr. Undergraduate.

Special topics course in fibers.

**Prerequisites:** see Schedule of Classes; or cons instr.**Course Rules:** May be retaken w/chg in topic to 6 cr max.**Last Taught:** Spring 2013, Fall 2012, UWinterIM 2008, Summer 2007.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 243 Introduction to Painting**

3 cr. Undergraduate.

Exploration of oil painting medium including color and construction of pictorial space. Work primarily from observation, investigating range of motifs and personal content.

**Prerequisites:** ART 101(P) and ART 108(P); and satisfaction of or concurrent enrollment in Math Part A (QL-A) and English Part A (OWC-A); or consent of instructor.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 249 Painting and Drawing Workshop:**

1-3 cr. Undergraduate.

Special topic course in painting and drawing.

**Prerequisites:** admis to Art and Design Prog.**Course Rules:** May be retaken w/chg in topic to 6 cr max.**Last Taught:** Spring 2020, Spring 2019, Spring 2018, Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 253 Introduction to Photography**

3 cr. Undergraduate.

Aesthetics and techniques of photography using digital cameras and hybrid digital/analog processes, focusing on manual capture controls, composition, editing, sequencing, and output to create photographs in response to history and contemporary practices of medium.

**Prerequisites:** ART 108(P), ART 118(P), ART 152(P), FILM 180(P), or FILM 181(P); and satisfaction of or concurrent enrollment in Math Part A (QL-A) and English Part A (OWC-A); or consent of instructor.**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 259 Beginning Photographic Workshop:**

1-3 cr. Undergraduate.

Beginning special topic workshop course in photography.

**Prerequisites:** admis to Art & Design prog or Pre-Film/Film prog or Inter-Arts/IAT prog; or cons instr.**Course Rules:** May be retaken w/chg in topic to 6 cr max.**Last Taught:** Fall 2015, Fall 2014, UWinterIM 2013, Summer 2009.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 261 Introduction to Sculpture**

3 cr. Undergraduate.

Basic experiences in various sculpture media with an emphasis on the aesthetic interrelationship of techniques and concept.

**Prerequisites:** Art 101(P) and ART 109(P), and satisfaction of or concurrent enrollment in Math Part A (QL-A) and English Part A (OWC-A); or consent of instructor.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 269 Sculpture Workshop:**

1-3 cr. Undergraduate.

A short term, special topic workshop in sculpture.

**Prerequisites:** see Schedule of Classes.**Course Rules:** May be retaken w/chg in topic to 6 cr max.**Last Taught:** Spring 2022, UWinteriM 2011, Spring 2010, UWinteriM 2010.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 271 Introduction to Jewelry and Metalsmithing**

3 cr. Undergraduate.

Introduction to major aspects of metalworking and jewelry. Develop design skills and technical competency and explore metalsmithing as an art form. Outside class work required.

**Prerequisites:** ART 101(P), ART 109(P), and satisfaction of or concurrent enrollment in Math Part A (QL-A) and English Part A (OWC-A); or consent of instructor.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 277 Design for Digital Fabrication**

3 cr. Undergraduate.

Introduction digital design, drawing and fabrication using 3D modeling software and output devices such as 3D printers and laser cutters.

**Prerequisites:** ART 118(P) or equivalent; and satisfaction of or concurrent enrollment in Math Part A (QL-A) and English Part A (OWC-A); or consent of instructor.**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 278 Introduction to Industrial Craft**

3 cr. Undergraduate.

Introduction to fabrication methods, materials and techniques for problem-solving in the design of physical objects.

**Prerequisites:** ART 277(C) and satisfaction of or concurrent enrollment in Math Part A (QL-A) and English Part A (OWC-A); or consent of instructor.**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 279 Jewelry and Metalsmithing Workshop:**

1-3 cr. Undergraduate.

Special topics workshop in jewelry and metalsmithing.

**Prerequisites:** see Schedule of Classes.**Course Rules:** May be retaken with change in topic to 6 cr max.**Last Taught:** Summer 2023, Summer 2022, Summer 2021, Summer 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 281 Introduction to Ceramics**

3 cr. Undergraduate.

Handbuilding, surface embellishment and glazing of functional and sculptural ceramic forms. Slide lectures of historical and contemporary approaches to the medium.

**Prerequisites:** ART 101(P), ART 109(P), and satisfaction of or concurrent enrollment in Math Part A (QL-A) and English Part A (OWC-A); or consent of instructor.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 289 Ceramics Workshop:**

1-3 cr. Undergraduate.

A short term, special topic workshop in ceramics.

**Prerequisites:** see Schedule of Classes.**Course Rules:** May be retaken with change in topic to 6 cr max.**Last Taught:** Summer 2023, Fall 2019, Fall 2015, Fall 2013.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 291 Introduction to Printmaking & Book Arts**

3 cr. Undergraduate.

Introduction to basic studio practices, skills, and materials including plates, presses, inks, and image processing.

**Prerequisites:** ART 101(P) and ART 108(P); and satisfaction of or concurrent enrollment in ART 118, Math Part A (QL-A) and English Part A (OWC-A); or consent of instructor.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 297 Study Abroad:**

1-12 cr. Undergraduate.

Studio and special problems designed to provide relevant course work for a study abroad in the visual arts.

**Prerequisites:** advanced to Art and Design Program and acceptance in Study Abroad Program.**Course Rules:** May be retaken with topic change.**Last Taught:** Summer 2023, Spring 2023, Summer 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 299 Printmaking Workshop:**

3 cr. Undergraduate.

A special topic workshop in Print &amp; Narrative Forms.

**Prerequisites:** see Schedule of Classes.**Course Rules:** May be retaken w/chg in topic to 6 cr max.**Last Taught:** Spring 2013, Summer 2012, Summer 2011, Fall 2010.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 302 Art and Design Workshop:**

3 cr. Undergraduate/Graduate.

Special topic course in Art and Design.

**Prerequisites:** jr st, & admis to Art and Design prog or to IAT; or grad st.**Course Rules:** May be retaken with topic change to 6 cr max.**Last Taught:** Summer 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 302G Art and Design Workshop:**

3 cr. Undergraduate/Graduate.

Special topic course in Art and Design.

**Prerequisites:** jr st, & admis to Art and Design prog or to IAT; or grad st.**Course Rules:** May be retaken with topic change to 6 cr max.**Last Taught:** Summer 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 306 Introduction to Community Art**

3 cr. Undergraduate.

Study of community arts as a tool for enriching community life, affirming cultural identity, and pursuing political and social justice goals.

**Prerequisites:** admis to Art & Design, Multicultural America 150(P) (in any area) or ARTED 227(P).**Last Taught:** Spring 2023, Fall 2022, Spring 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 309 Issues in Contemporary Art:**

3 cr. Undergraduate.

Lecture course focused on critical issues/theory in contemporary art and culture.

**Prerequisites:** soph st or cons instr.

**Course Rules:** May be retaken w/chg in topic to 6 cr max.

**General Education Requirements:** A, CD

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 312 Intermediate Digital Studio:**

3 cr. Undergraduate/Graduate.

Students investigate the relationship between concept, material, process, aesthetic, and context in artmaking. Then, students are encouraged to integrate digital and traditional approaches to production.

**Prerequisites:** junior standing and ART 212(P), ART 218(P), ART 277(P), or FILM 222(P); or graduate standing; or consent of instructor.

**Course Rules:** Retakable up to 6 cr with change in topic.

**Last Taught:** Spring 2020, Spring 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 312G Intermediate Digital Studio:**

3 cr. Undergraduate/Graduate.

Students investigate the relationship between concept, material, process, aesthetic, and context in artmaking. Then, students are encouraged to integrate digital and traditional approaches to production.

**Prerequisites:** junior standing and ART 212(P), ART 218(P), ART 277(P), or FILM 222(P); or graduate standing; or consent of instructor.

**Course Rules:** Retakable up to 6 cr with change in topic.

**Last Taught:** Spring 2020, Spring 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 313 Creative Coding**

3 cr. Undergraduate/Graduate.

An introduction to principles and applications of coding languages within art and design practice.

**Prerequisites:** junior standing and ART 212 or junior standing and SOIS, CEAS, or SARUP major; or graduate standing; or consent of instructor.

**Course Rules:** Retakable up to 6 cr with change in topic.

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 313G Creative Coding**

3 cr. Undergraduate/Graduate.

An introduction to principles and applications of coding languages within art and design practice.

**Prerequisites:** junior standing and ART 212 or junior standing and SOIS, CEAS, or SARUP major; or graduate standing; or consent of instructor.

**Course Rules:** Retakable up to 6 cr with change in topic.

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 314 Digital Painting**

3 cr. Undergraduate.

Use image-editing/painting software and tablets to generate digital paintings. Traditional rendering techniques will be considered along with color and kinetic concepts.

**Prerequisites:** ART 101(P), ART 108(P), ART 109(P) and ART 118(P); or consent of instructor.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 315 Participatory Art and Social Practice**

3 cr. Undergraduate/Graduate.

Students study installation and eco-art, participatory art and social practice, and incorporate contemporary concepts and their strategies into individual and collaborative work.

**Prerequisites:** jr st, admis to Inter-Arts/IAT prog or Art & Design prog; or cons instr.

**Course Rules:** Counts as repeat of Art 327 w/similar topic.

**Last Taught:** Spring 2019, Fall 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 315G Participatory Art and Social Practice**

3 cr. Undergraduate/Graduate.

Students study installation and eco-art, participatory art and social practice, and incorporate contemporary concepts and their strategies into individual and collaborative work.

**Prerequisites:** jr st, admis to Inter-Arts/IAT prog or Art & Design prog; or cons instr.

**Course Rules:** Counts as repeat of Art 327 w/similar topic.

**Last Taught:** Spring 2019, Fall 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 316 Creative Interfaces**

3 cr. Undergraduate/Graduate.

An introduction to the creation of interactive experiences using game engines, computer vision, and signal processing technologies.

**Prerequisites:** junior standing and ART 218(P); or junior standing and SOIS, CEAS or SARUP major; or graduate standing; or consent of instructor.

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 316G Creative Interfaces**

3 cr. Undergraduate/Graduate.

An introduction to the creation of interactive experiences using game engines, computer vision, and signal processing technologies.

**Prerequisites:** junior standing and ART 218(P); or junior standing and SOIS, CEAS or SARUP major; or graduate standing; or consent of instructor.

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 317 3D Environments and XR**

3 cr. Undergraduate/Graduate.

An introduction to 3D digital environments, including 3D modeling and Extended Reality (Virtual Reality, Augmented Reality, and Mixed Reality).

**Prerequisites:** junior standing and ART 218(P) or ART 212(P); or junior standing and Information Studies, Engineering, Architecture, or Urban Planning major; or graduate standing; or consent of instructor.

**Last Taught:** Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 317G 3D Environments and XR**

3 cr. Undergraduate/Graduate.

An introduction to 3D digital environments, including 3D modeling and Extended Reality (Virtual Reality, Augmented Reality, and Mixed Reality).

**Prerequisites:** junior standing and ART 218(P) or ART 212(P); or junior standing and Information Studies, Engineering, Architecture, or Urban Planning major; or graduate standing; or consent of instructor.

**Last Taught:** Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 318 Creative Electronics**

3 cr. Undergraduate/Graduate.

Art production using interactive systems such as sensors, microcontrollers, motors, lights.

**Prerequisites:** junior standing and ART 212(P); or junior standing and SOIS, CEAS, or SARUP major; or graduate standing; or consent of instructor.**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 318G Creative Electronics**

3 cr. Undergraduate/Graduate.

Art production using interactive systems such as sensors, microcontrollers, motors, lights.

**Prerequisites:** junior standing and ART 212(P); or junior standing and SOIS, CEAS, or SARUP major; or graduate standing; or consent of instructor.**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 319 Hybrid Sculptural Forms:**

3 cr. Undergraduate.

Introduction to kinetic, dynamic and responsive sculptural media employing basic electronics, light, interactivity and assembly.

**Prerequisites:** ART 101(P), ART 108(P), ART 109(P) and ART 118(P); or junior standing and SOIS, CEAS or SARUP major; or consent of instructor.**Course Rules:** May be retaken with change in topic to 6 cr max.**Last Taught:** Spring 2010.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 321 Design and Visual Communication I**

3 cr. Undergraduate.

Basic forms and concepts for design and visual communication.

Basic professional and academic concepts explored through studio assignments, lectures and readings.

**Prerequisites:** grade of B- or better in ART 221(P), ART 223(P), and successful completion of Design and Visual Communication portfolio review; or consent of instructor.**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 322 Topics in Illustration:**

3 cr. Undergraduate.

Application of design and media skills to illustration problems.

Interrelation of image and typography in various graphic forms.

**Prerequisites:** soph st & admis to Art and Design Prog; or cons instr.**Course Rules:** May be retaken w/chg in topic to max of 6 cr.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 323 Typography II**

3 cr. Undergraduate.

Continuation of ART 223; more advanced application of typography in categories of informational and publication design; emphasis on contemporary typographic concepts and designs.

**Prerequisites:** a grade of B- or better in ART 321(P) or consent of instructor.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 324 Web Design**

3 cr. Undergraduate.

Introduction to design for the Internet: information architecture, hypertextuality, creative and client-based sites, critical issues of Internet culture; fundamentals of markup languages, CSS, and software.

**Prerequisites:** sophomore standing and ART 118(P); or consent of instructor.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 325 Web Design II**

3 cr. Undergraduate.

Exploration of responsive design using HTML, CSS and prototyping tools/frameworks; focus on design for usability across devices.

**Prerequisites:** ART 324(P) or consent of instructor.**Last Taught:** Fall 2020, Fall 2018, Fall 2017, Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 327 Digital Media Workshop:**

3 cr. Undergraduate/Graduate.

A concept oriented workshop in digital media.

**Prerequisites:** junior standing or graduate standing or consent of instructor.**Course Rules:** May be retaken with change in topic to 6 cr max. See Schedule of Classes for additional prerequisites.**Last Taught:** Spring 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 327G Digital Media Workshop:**

3 cr. Undergraduate/Graduate.

A concept oriented workshop in digital media.

**Prerequisites:** junior standing or graduate standing or consent of instructor.**Course Rules:** May be retaken with change in topic to 6 cr max. See Schedule of Classes for additional prerequisites.**Last Taught:** Spring 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 329 Package Design**

3 cr. Undergraduate.

Introduction to package design, branding and marketing.

**Prerequisites:** ART 221(P) or ART 277(P); Art 223(R); or consent of instructor.**Course Rules:** May be retaken to a max of 6 cr. Counts as a repeat of ART 427 with similar topic.**Last Taught:** Fall 2023, Fall 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 332 Woven Structure I**

3 cr. Undergraduate.

Contemporary concepts in weaving using various materials and loom techniques.

**Prerequisites:** Admis to Art and Design Prog & Art 231(P); or cons instr.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 333 Pliable Materials/Sculptural Forms**

3 cr. Undergraduate.

Contemporary concepts in fiber construction using various materials &amp; hand construction techniques.

**Prerequisites:** Admis to Art and Design Prog & Art 231(P); or cons instr.**Last Taught:** Fall 2023, Fall 2020, Fall 2018, Fall 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 336 Print, Paint and Dye on Fabric**

3 cr. Undergraduate.

Batik, tie-die and direct application of dyes and pigments on textiles.

**Prerequisites:** admis to Art and Design Prog & Art 231(P); or cons instr.

**Last Taught:** Fall 2019, Spring 2017, Fall 2015, Fall 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 337 Screen Printing on Fabric**

3 cr. Undergraduate.

Design and repeat pattern through the screen printing process on textiles.

Use of dyes and pigments, stencil design and cloth construction.

**Prerequisites:** admis to Art and Design Prog & Art 231(P); or cons instr.

**Last Taught:** Fall 2022, Spring 2020, Spring 2019, Spring 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 342 Figure Drawing**

3 cr. Undergraduate.

Exploration of the figure through traditional and contemporary interpretations using a variety of drawing mediums. Observation of the nude/clothed figure model is required for the course.

**Prerequisites:** ART 101(P), ART 201(102)(P), ART 106(P), and ART 108(P).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 343 Figure Painting**

3 cr. Undergraduate.

Traditional and contemporary approaches to figurative painting, expanded media/techniques, development of personal direction. Approaches include painting from the figure, abstraction exploration, materials experimentation. Observation of the nude/clothed figure model is required for the course.

**Prerequisites:** ART 243(P) and previous completion of or concurrent enrollment in ART 342.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 344 Watercolor**

3 cr. Undergraduate.

Painting in transparent watercolor. Introduction to basic principles and techniques.

**Prerequisites:** admis to Art and Design prog.

**Last Taught:** Summer 2018, Summer 2017, Summer 2016, Summer 2015.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 347 Reading Works of Art**

3 cr. Undergraduate/Graduate.

An advanced course in the visual 'reading' of works of art from the artists' point of view. Course includes slide lecture, with discussion. Student presentation required.

**Prerequisites:** jr st or cons instr.

**Last Taught:** Fall 2009, Fall 2008.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 347G Reading Works of Art**

3 cr. Undergraduate/Graduate.

An advanced course in the visual 'reading' of works of art from the artists' point of view. Course includes slide lecture, with discussion. Student presentation required.

**Prerequisites:** jr st or cons instr.

**Last Taught:** Fall 2009, Fall 2008.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 350 Intermediate Color Photography and Digital Imaging**

3 cr. Undergraduate.

Critical theory and practices in photography and digital imaging, along with aesthetic and technical challenges of digital photography and color capture, concentrating on digital workflow, retouching, manipulation, compositing, color management, and printing.

**Prerequisites:** ART 218(P), ART 221(P), ART 243(P), ART 253(P), ART 291(P), or FILM 222(P); or consent of instructor.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 357 Intermediate Studio Lighting**

3 cr. Undergraduate.

Studio and location photography utilizing artificial strobes and continuous lights with modification tools, as an expressive medium to combine technique and aesthetics.

**Prerequisites:** ART 218(P), ART 221(P), ART 243(P), ART 253(P), ART 291(P) or FILM 222(P); or consent of instructor.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 358 Intermediate Darkroom Photography**

3 cr. Undergraduate.

Aesthetic and technical analog photography with 35mm, medium, and large format cameras; utilizing light sensitive materials, chemical processes, and digital hybrid methods to produce fine art prints.

**Prerequisites:** ART 108(P), ART 218(P), ART 221(P), ART 243(P), ART 253(P), ART 291(P), FILM 180(P), or FILM 181(P); or consent of instructor.

**Last Taught:** Fall 2023, Spring 2022, Fall 2019, Fall 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 359 Intermediate Photography Workshop:**

1-3 cr. Undergraduate.

Intermediate special topic workshop course in photography.

**Prerequisites:** soph st, admis to Art & Design prog, Pre-Film/Film prog, or Inter-Arts/IAT prog; or cons instr. Additional prerequisites may be announced in the Schedule of Classes each time course is offered.

**Course Rules:** May be retaken w/chg in topic to 6 cr max.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 363 Form and Materials**

3 cr. Undergraduate.

Intermediate level experiences in an expanding range of sculpture processes. Development of expressive awareness through lectures, critiques, discussion and demonstrations.

**Prerequisites:** admis to Art and Design prog & Art 261(P).

**Last Taught:** Fall 2010, Spring 2010, Fall 2009, Spring 2008.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 364 Sculpture II**

3 cr. Undergraduate.

Continuation of Art 363.

**Prerequisites:** Art 363(P).

**Last Taught:** Spring 2008, Fall 2007, Spring 2007, Fall 2006.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 365 Foundry Techniques**

3 cr. Undergraduate.

Basic and advanced techniques using new and traditional moldmaking technologies. Fields trips to iron pours and conferences when possible.

**Prerequisites:** admis to Art and Design prog & Art 261(P).**Course Rules:** May be retaken to 6 cr max.**Last Taught:** Spring 2012, Summer 2010, Fall 2008, Fall 2007.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 366 Between Painting and Sculpture**

3 cr. Undergraduate/Graduate.

A studio laboratory consisting of a wide spectrum of techniques and ideologies, concentrating on the exploration of joining painting and sculpture as a consummate form.

**Prerequisites:** jr st; Art 261(P).**Last Taught:** Spring 2008, Spring 2006.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 366G Between Painting and Sculpture**

3 cr. Undergraduate/Graduate.

A studio laboratory consisting of a wide spectrum of techniques and ideologies, concentrating on the exploration of joining painting and sculpture as a consummate form.

**Prerequisites:** jr st; Art 261(P).**Last Taught:** Spring 2008, Spring 2006.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 368 Sculptural Practices:**

3 cr. Undergraduate.

Intermediate level course in specialized sculpture processes &amp; skills.

**Prerequisites:** admis to Visual Art prog & Art 261(P).**Course Rules:** May be retaken w/chg in topic to 15 cr max.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 369 Sculpture Workshop:**

3 cr. Undergraduate.

A special topic workshop in sculpture.

**Prerequisites:** admis to Art and Design prog & Art 261(P).**Course Rules:** May be retaken w/chg in topic change to 6 cr max.**Last Taught:** Fall 2014, Fall 2013, UWinterIM 2012, Fall 2011.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 371 Construction and Fabrication in Jewelry and Metalsmithing**

3 cr. Undergraduate.

Exploration of construction and fabrication methods and expansion of the aesthetic, physical, functional and cultural vocabulary of specific metalsmithing techniques. Four hours studio monitoring mandatory.

**Prerequisites:** admis to Art and Design program and ART 271(P).**Course Rules:** Repeatable to 6 cr max.**Last Taught:** Fall 2022, Fall 2020, Fall 2018, Fall 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 372 The Multiple in Jewelry and Metalsmithing**

3 cr. Undergraduate.

Introduces formal and conceptual issues associated with multiples as an art making strategy, using traditional and experimental casting processes. Four hours studio monitoring mandatory.

**Prerequisites:** admis to Art and Design program and ART 271(P).**Course Rules:** Repeatable to 6 cr max.**Last Taught:** Fall 2023, Fall 2021, Fall 2019, Fall 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 373 Blacksmithing**

3 cr. Undergraduate/Graduate.

Introduction to the fundamentals of blacksmithing and the forging process, the history of blacksmithing, and its use in contemporary art and design.

**Prerequisites:** junior standing and ART 261(P), ART 271(P), or ART 278(P); or graduate standing; or consent of instructor.**Course Rules:** Repeatable to 6 cr max. Counts as a repeat of ART 479 with similar topic.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 373G Blacksmithing**

3 cr. Undergraduate/Graduate.

Introduction to the fundamentals of blacksmithing and the forging process, the history of blacksmithing, and its use in contemporary art and design.

**Prerequisites:** junior standing and ART 261(P), ART 271(P), or ART 278(P); or graduate standing; or consent of instructor.**Course Rules:** Repeatable to 6 cr max. Counts as a repeat of ART 479 with similar topic.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 378 Industrial Processes and Fabrication**

3 cr. Undergraduate/Graduate.

Survey of fabrication methods with emphasis on manipulation of material through industrial processes. Four hours studio monitoring mandatory.

**Prerequisites:** Art 261(P), or Art 271(P), or Art 278(P); or grad st; or cons instr.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 378G Industrial Processes and Fabrication**

3 cr. Undergraduate/Graduate.

Survey of fabrication methods with emphasis on manipulation of material through industrial processes. Four hours studio monitoring mandatory.

**Prerequisites:** Art 261(P), or Art 271(P), or Art 278(P); or grad st; or cons instr.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 379 Jewelry and Metalsmithing Workshop:**

1-3 cr. Undergraduate.

Special topics workshop in jewelry and metalsmithing.

**Prerequisites:** admis to Art and Design prog & Art 271(P).**Course Rules:** May be retaken w/chg in topic to 6 cr max.**Last Taught:** Fall 2014, Summer 2014, Summer 2013, Summer 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 381 Throwing and Wheel Construction**

3 cr. Undergraduate.

Introduction to the potter's wheel as a forming tool, including integration of hand built and wheel thrown forms, and basic glaze formulation.

**Prerequisites:** admis to Art and Design prog & Art 281(P).**Last Taught:** Fall 2023, Spring 2022, Spring 2021, Spring 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 382 Building from the Figure in Clay**

3 cr. Undergraduate.

Human form in clay through observation, drawing and modeling using a variety of ceramic construction methods. Individual conceptual and expressive approaches emphasized. Observation of nude/clothed figure model is required for the course.

**Prerequisites:** Admis to Art and Design program and ART 281(P); or consent of instructor.

**Last Taught:** Fall 2023, Fall 2020, Fall 2017, Fall 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 383 Molds and Multiples in Ceramics**

3 cr. Undergraduate.

Moldmaking for ceramics focusing on plaster molds. Press molds and slip casting methods for replication of forms in series, and issues of multiplicity are addressed.

**Prerequisites:** admis to Art and Design prog & Art 281(P); or cons instr.

**Last Taught:** Fall 2022, Fall 2019, Fall 2018, Fall 2015.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 384 Experimental Processes in Woodfiring I**

3 cr. Undergraduate.

Contemporary approaches to the ancient process of woodfiring. Development of personal aesthetic using woodfire effects on functional and sculptural work. Technical research, firing participation required.

**Prerequisites:** admis to Art and Design prog & Art 281(P); or cons instr.

**Last Taught:** Spring 2023, Spring 2022, Spring 2019, Spring 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 389 Ceramics Workshop:**

1-3 cr. Undergraduate.

A short term special topic workshop in ceramics.

**Prerequisites:** admis to Art and Design program and ART 281(P); or consent of instructor.

**Course Rules:** May be retaken with change in topic 6 cr max.

**Last Taught:** Fall 2023, Summer 2023, Spring 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 391 Intermediate Printmaking & Book Arts:**

3 cr. Undergraduate.

Continuation of Printmaking & Book Arts with focused studio investigations in specialized print media and book arts techniques.

**Prerequisites:** ART 201(P), ART 218(P), ART 221(P), ART 231(P), ART 243(P), or ART 291(P); or special student and consent of instructor; or consent of instructor.

**Course Rules:** May be retaken with change in topic to 15 cr max.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 392 Lithography**

3 cr. Undergraduate/Graduate.

Studio work based on stone and plate lithography; lectures on history, multicolor printing, polyester plate and experimental techniques in lithography.

**Prerequisites:** ART 201(P), ART 243(P), or ART 291(P); or special student and consent of instructor; or consent of instructor.

**Last Taught:** Fall 2019, Fall 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 392G Lithography**

3 cr. Undergraduate/Graduate.

Studio work based on stone and plate lithography; lectures on history, multicolor printing, polyester plate and experimental techniques in lithography.

**Prerequisites:** ART 201(P), ART 243(P), or ART 291(P); or special student and consent of instructor; or consent of instructor.

**Last Taught:** Fall 2019, Fall 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 393 Digital Printmaking**

3 cr. Undergraduate.

A studio course exploring digital media and traditional printmaking. Media/content focus to include array of relevant topics.

**Prerequisites:** admis to Art and Design prog; & Art 291(P), 221(P), or 253(P); or admis to Inter-Arts/IAT; or cons instr.

**Last Taught:** Spring 2016, Fall 2015, Spring 2015, Fall 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 394 Intaglio**

3 cr. Undergraduate/Graduate.

Studio work in intaglio; drypoint engraving, etching, relief-intaglio; aquatint, experimental procedures, color printing, development of personal graphic concept.

**Prerequisites:** ART 201(P), ART 243(P), or ART 291(P); or special student and consent of instructor; or consent of instructor.

**Last Taught:** Spring 2020, Spring 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 394G Intaglio**

3 cr. Undergraduate/Graduate.

Studio work in intaglio; drypoint engraving, etching, relief-intaglio; aquatint, experimental procedures, color printing, development of personal graphic concept.

**Prerequisites:** ART 201(P), ART 243(P), or ART 291(P); or special student and consent of instructor; or consent of instructor.

**Last Taught:** Spring 2020, Spring 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 396 Screenprinting**

3 cr. Undergraduate/Graduate.

Screen-print process using the photo-stencil to reproduce hand-drawn and computer manipulated marks and images; printing skills, experimentation with materials and multiple reproduction.

**Prerequisites:** ART 221(P), ART 231(P), ART 253(P), or ART 291(P); or special student and consent of instructor; or consent of instructor.

**Last Taught:** Spring 2014, Spring 2012.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 396G Screenprinting**

3 cr. Undergraduate/Graduate.

Screen-print process using the photo-stencil to reproduce hand-drawn and computer manipulated marks and images; printing skills, experimentation with materials and multiple reproduction.

**Prerequisites:** ART 221(P), ART 231(P), ART 253(P), or ART 291(P); or special student and consent of instructor; or consent of instructor.

**Last Taught:** Spring 2014, Spring 2012.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 397 Book Arts Workshop:**

3 cr. Undergraduate/Graduate.

Studio work exploring traditional and experimental book structures.

Media/content focus variable to include array of relevant topics.

**Prerequisites:** jr st; or grad st; or cons instr.**Course Rules:** May be retaken to 6 cr max.**Last Taught:** Spring 2015, Spring 2014.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 397G Book Arts Workshop:**

3 cr. Undergraduate/Graduate.

Studio work exploring traditional and experimental book structures.

Media/content focus variable to include array of relevant topics.

**Prerequisites:** jr st; or grad st; or cons instr.**Course Rules:** May be retaken to 6 cr max.**Last Taught:** Spring 2015, Spring 2014.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 398 Photo Printmaking**

3 cr. Undergraduate.

Studio practice in the use of photo-sensitized plates, various printmaking processes (intaglio, lithography, relief) with emphasis on multiple plate color printing.

**Prerequisites:** admis to Art and Design prog & Art 291(P) or 253(P).**Last Taught:** Fall 2014, Fall 2012, Fall 2010, Spring 2009.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 402 Art and Design Workshop:**

1-3 cr. Undergraduate/Graduate.

Special topic course in Art and Design.

**Prerequisites:** jr st & admis to Art and Design prog; or grad st; or cons instr.**Course Rules:** May be retaken w/chg in topic change to 6 cr max.**Last Taught:** Spring 2018, Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 402G Art and Design Workshop:**

1-3 cr. Undergraduate/Graduate.

Special topic course in Art and Design.

**Prerequisites:** jr st & admis to Art and Design prog; or grad st; or cons instr.**Course Rules:** May be retaken w/chg in topic change to 6 cr max.**Last Taught:** Spring 2018, Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 405 Product Realization**

3 cr. Undergraduate/Graduate.

This interdisciplinary course for engineering and art students considers the diverse aspects of the product realization process.

**Prerequisites:** junior standing and advanced to major in an Art & Design program; or BME 305(P), BME 310(P), and BME 325(P); or IND ENG 350(P), IND ENG 360(P), and IND ENG 370(P); or MECHENG 321(C), MECHENG 360(P), MECHENG 368(P), and MECHENG 370(P); or graduate standing and consent of instructor.**Course Rules:** ART 405 and MECHENG 405 are jointly offered and count as repeats of one another.**Last Taught:** Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 405G Product Realization**

3 cr. Undergraduate/Graduate.

This interdisciplinary course for engineering and art students considers the diverse aspects of the product realization process.

**Prerequisites:** junior standing and advanced to major in an Art & Design program; or BME 305(P), BME 310(P), and BME 325(P); or IND ENG 350(P), IND ENG 360(P), and IND ENG 370(P); or MECHENG 321(C), MECHENG 360(P), MECHENG 368(P), and MECHENG 370(P); or graduate standing and consent of instructor.**Course Rules:** ART 405 and MECHENG 405 are jointly offered and count as repeats of one another.**Last Taught:** Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 406 Community Arts II**

3 cr. Undergraduate/Graduate.

Intermediate study of community arts as a tool for enriching community life, affirming cultural identity, and pursuing political and social justice goals.

**Prerequisites:** Art 306(P); or grad st; or cons instr.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 406G Community Arts II**

3 cr. Undergraduate/Graduate.

Intermediate study of community arts as a tool for enriching community life, affirming cultural identity, and pursuing political and social justice goals.

**Prerequisites:** Art 306(P); or grad st; or cons instr.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 408 Nonprofit Information Technology**

3 cr. Undergraduate.

Provides experiential project-based learning opportunities to UWM students while working on a technology project for a local nonprofit organization.

**Prerequisites:** none.**Course Rules:** ART 408, DAC 408, and INFOST 408 are jointly offered and count as repeats of one another. Repeatable to 9 cr max.**Last Taught:** Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 412 Advanced Creative Technologies**

3 cr. Undergraduate/Graduate.

An advanced course that combines technical and conceptual skills from across the Creative Technologies spectrum to design and prototype dynamic creative technology experiences.

**Prerequisites:** junior standing and one of the following: ART 313(P), ART 316(P), ART 317(P), or ART 318(P); or graduate standing; or consent of instructor.**Course Rules:** Retakable up to 9 credits with change in topic. See Schedule of Classes for additional prerequisites for specific topics offerings.**Last Taught:** Spring 2020, Spring 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 412G Advanced Creative Technologies**

3 cr. Undergraduate/Graduate.

An advanced course that combines technical and conceptual skills from across the Creative Technologies spectrum to design and prototype dynamic creative technology experiences.

**Prerequisites:** junior standing and one of the following: ART 313(P), ART 316(P), ART 317(P), or ART 318(P); or graduate standing; or consent of instructor.

**Course Rules:** Retakable up to 9 credits with change in topic. See Schedule of Classes for additional prerequisites for specific topics offerings.

**Last Taught:** Spring 2020, Spring 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 418 Advanced Electronics and Sculpture:**

3 cr. Undergraduate/Graduate.

Advanced art production using interactive systems such as sensors, microcontrollers, motors, lights for interactivity installations & performance.

**Prerequisites:** jr st, admis to Art prog or IAT prog, & Art 318; or grad st; or cons instr. See schedule of classes for any additional prereqs.

**Course Rules:** May be retaken/chg in topic to 9 cr max.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 418G Advanced Electronics and Sculpture:**

3 cr. Undergraduate/Graduate.

Advanced art production using interactive systems such as sensors, microcontrollers, motors, lights for interactivity installations & performance.

**Prerequisites:** jr st, admis to Art prog or IAT prog, & Art 318; or grad st; or cons instr. See schedule of classes for any additional prereqs.

**Course Rules:** May be retaken/chg in topic to 9 cr max.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 421 Design and Visual Communication II**

3 cr. Undergraduate.

Intermediate level emphasizes a beginning professional synthesis of fundamentals of typography, symbol, image in comprehensive design projects.

**Prerequisites:** a grade of B- or better in ART 321(P) and ART 323(P); or consent of instructor.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 422 Design Methodologies: Process, Communication & Theory**

3 cr. Undergraduate.

Focus on creative process and communication; and entrepreneurial, professional and cross-disciplinary practices in design and related fields.

**Prerequisites:** Art 323(P) & successful completion of or exemption from a QL-A course; or cons instr.

**General Education Requirements:** QL B

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 423 Experimental Typography**

3 cr. Undergraduate/Graduate.

Advanced understanding of typography, its use in innovative information systems, its historical context and function in various media including print, architectural applications, Web and multimedia.

**Prerequisites:** junior standing and ART 223(P) or consent of instructor.

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 423G Experimental Typography**

3 cr. Undergraduate/Graduate.

Advanced understanding of typography, its use in innovative information systems, its historical context and function in various media including print, architectural applications, Web and multimedia.

**Prerequisites:** junior standing and ART 223(P) or consent of instructor.

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 424 Topics in Web, Interaction and Screen Design:**

3 cr. Undergraduate.

Exploration of concepts and technologies in web, interaction and screen design. Topic and additional prerequisites will be published in Schedule of Classes; students must meet additional prereqs.

**Prerequisites:** junior standing or consent of instructor.

**Course Rules:** May be retaken with change in topic to 9 cr max.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 426 Motion Graphics**

3 cr. Undergraduate/Graduate.

Introduction to history and production of short-duration motion graphics (industry, Internet, titling, graphics, creative projects) using contemporary production tools (video editing, compositing, audio recording/sequencing).

**Prerequisites:** jr st & Art 118(P); or grad st; or cons instr.

**Last Taught:** Spring 2022, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 426G Motion Graphics**

3 cr. Undergraduate/Graduate.

Introduction to history and production of short-duration motion graphics (industry, Internet, titling, graphics, creative projects) using contemporary production tools (video editing, compositing, audio recording/sequencing).

**Prerequisites:** jr st & Art 118(P); or grad st; or cons instr.

**Last Taught:** Spring 2022, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 427 Advanced Design Workshop:**

1-3 cr. Undergraduate/Graduate.

A short term, concept oriented workshop in graphic design.

**Prerequisites:** junior standing and ART 221(R) or consent of instructor.

**Course Rules:** May be retaken with change in topic to 6 cr max.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 427G Advanced Design Workshop:**

1-3 cr. Undergraduate/Graduate.

A short term, concept oriented workshop in graphic design.

**Prerequisites:** junior standing and ART 221(R) or consent of instructor.

**Course Rules:** May be retaken with change in topic to 6 cr max.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 431 Special Topics in Fibers:**

3 cr. Undergraduate/Graduate.

Advanced problem-solving working toward the development of cohesive body of work in non-loom construction.

**Prerequisites:** jr st, & Admis to Art and Design prog, & Art 231 (P); or cons instr; or grad st.**Course Rules:** May be retaken w/chg in topic to 6 cr max.**Last Taught:** Fall 2023, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 431G Special Topics in Fibers:**

3 cr. Undergraduate/Graduate.

Advanced problem-solving working toward the development of cohesive body of work in non-loom construction.

**Prerequisites:** jr st, & Admis to Art and Design prog, & Art 231 (P); or cons instr; or grad st.**Course Rules:** May be retaken w/chg in topic to 6 cr max.**Last Taught:** Fall 2023, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 432 Woven Structure II**

3 cr. Undergraduate/Graduate.

Continuation of ART 332. Further development of individual concepts in weaving leading to a cohesive body of work.

**Prerequisites:** jr st, & Art 332(232)(P); or cons instr; or grad st.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 432G Woven Structure II**

3 cr. Undergraduate/Graduate.

Continuation of ART 332. Further development of individual concepts in weaving leading to a cohesive body of work.

**Prerequisites:** jr st, & Art 332(232)(P); or cons instr; or grad st.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 433 Digital Imaging for Fabric**

3 cr. Undergraduate/Graduate.

Digital processes and screen-printing on textiles with an emphasis on individual expression.

**Prerequisites:** jr st, & Admis to Art and Design prog, & Art 231 (P); or cons instr; or grad st.**Last Taught:** Fall 2015, Fall 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 433G Digital Imaging for Fabric**

3 cr. Undergraduate/Graduate.

Digital processes and screen-printing on textiles with an emphasis on individual expression.

**Prerequisites:** jr st, & Admis to Art and Design prog, & Art 231 (P); or cons instr; or grad st.**Last Taught:** Fall 2015, Fall 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 434 Fibers III-Weaving**

3 cr. Undergraduate/Graduate.

Individual research and execution of projects in various processes of weaving. Professional execution of work emphasized.

**Prerequisites:** jr st; Art 432(P).**Last Taught:** Spring 2023, Spring 2008.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 434G Fibers III-Weaving**

3 cr. Undergraduate/Graduate.

Individual research and execution of projects in various processes of weaving. Professional execution of work emphasized.

**Prerequisites:** jr st; Art 432(P).**Last Taught:** Spring 2023, Spring 2008.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 435 Mixed Materials: Concept/Object**

3 cr. Undergraduate/Graduate.

Individual research and execution of projects in various processes of non-loom fiber construction. Professional execution of work emphasized.

**Prerequisites:** jr st, & Admis to Art and Design prog, & Art 231 (P); or cons instr; or grad st.**Last Taught:** Fall 2018, Fall 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 435G Mixed Materials: Concept/Object**

3 cr. Undergraduate/Graduate.

Individual research and execution of projects in various processes of non-loom fiber construction. Professional execution of work emphasized.

**Prerequisites:** jr st, & Admis to Art and Design prog, & Art 231 (P); or cons instr; or grad st.**Last Taught:** Fall 2018, Fall 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 436 Cloth Construction: Surface to Structure**

3 cr. Undergraduate/Graduate.

Individual research and execution of projects in various processes of fabric printing and construction.

**Prerequisites:** jr st, & Admis to Art and Design prog, & Art 231 (P); or cons instr; or grad st.**Last Taught:** Fall 2019, Spring 2018.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 436G Cloth Construction: Surface to Structure**

3 cr. Undergraduate/Graduate.

Individual research and execution of projects in various processes of fabric printing and construction.

**Prerequisites:** jr st, & Admis to Art and Design prog, & Art 231 (P); or cons instr; or grad st.**Last Taught:** Fall 2019, Spring 2018.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 438 Fiber Workshop:**

3 cr. Undergraduate/Graduate.

A special topic course in fibers.

**Prerequisites:** specific prerequisites for topics published in the schedule of classes each term.**Course Rules:** May be retaken with change in topic to 6 cr max.**Last Taught:** Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 438G Fiber Workshop:**

3 cr. Undergraduate/Graduate.

A special topic course in fibers.

**Prerequisites:** specific prerequisites for topics published in the schedule of classes each term.**Course Rules:** May be retaken with change in topic to 6 cr max.**Last Taught:** Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 441 Drawing Strategies**

3 cr. Undergraduate/Graduate.

Advanced investigation of drawing as an organizing tool for thought and personal image exploration. Students work with both assigned and independently-conceived problems.

**Prerequisites:** junior standing and ART 342(P); or graduate standing; or consent of instructor.

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 441G Drawing Strategies**

3 cr. Undergraduate/Graduate.

Advanced investigation of drawing as an organizing tool for thought and personal image exploration. Students work with both assigned and independently-conceived problems.

**Prerequisites:** junior standing and ART 342(P); or graduate standing; or consent of instructor.

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 442 Figure Explorations**

3 cr. Undergraduate.

Focus traditional and experimental modes of employing the figure through painting and drawing. Emphasis will be placed on development of a personal direction.

**Prerequisites:** junior standing, admis to Art and Design program, and ART 342(P); or consent of instructor.

**Last Taught:** Fall 2021, Fall 2020, Fall 2019, Fall 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 443 Painting Strategies**

3 cr. Undergraduate.

Emphasis on painting concepts, problem solving, research, construction strategies and development of personal direction.

**Prerequisites:** junior standing ART 243(P), and ART 342(P); or consent of instructor.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 444 Watercolor**

3 cr. Undergraduate.

Continuation of Art 344. Greater emphasis on individual development and experimental use of the medium.

**Prerequisites:** Art 344(P).

**Last Taught:** Summer 2008, Summer 1998, Spring 1996, Fall 1994.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 447 Reading Works of Art**

3 cr. Undergraduate/Graduate.

Continuation of Art 347.

**Prerequisites:** jr st or cons instr.

**Last Taught:** Fall 2008, Spring 2008.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 447G Reading Works of Art**

3 cr. Undergraduate/Graduate.

Continuation of Art 347.

**Prerequisites:** jr st or cons instr.

**Last Taught:** Fall 2008, Spring 2008.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 449 Painting And Drawing Workshop:**

1-3 cr. Undergraduate/Graduate.

A short term, special topic course in painting and drawing. Additional prereqs may appear in the Schedule of Classes.

**Prerequisites:** jr st or writ cons instr.

**Course Rules:** May be retaken w/chg in topic to 6 cr max.

**Last Taught:** Fall 2022, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 449G Painting And Drawing Workshop:**

1-3 cr. Undergraduate/Graduate.

A short term, special topic course in painting and drawing. Additional prereqs may appear in the Schedule of Classes.

**Prerequisites:** jr st or writ cons instr.

**Course Rules:** May be retaken w/chg in topic to 6 cr max.

**Last Taught:** Fall 2022, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 451 Special Topics in Photography:**

3 cr. Undergraduate/Graduate.

Specific topic and additional prerequisites will appear in the Schedule of Classes each time the course is offered.

**Prerequisites:** junior standing and one of the following: ART 350(P), ART 357(P), ART 358(P), ART 458(P) or FILM 303(P); or graduate standing; or consent of instructor.

**Course Rules:** May be retaken with change in topic to 9 cr max.

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 451G Special Topics in Photography:**

3 cr. Undergraduate/Graduate.

Specific topic and additional prerequisites will appear in the Schedule of Classes each time the course is offered.

**Prerequisites:** junior standing and one of the following: ART 350(P), ART 357(P), ART 358(P), ART 458(P) or FILM 303(P); or graduate standing; or consent of instructor.

**Course Rules:** May be retaken with change in topic to 9 cr max.

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 452 Contemporary Issues in Photography**

3 cr. Undergraduate/Graduate.

Addresses critical issues, theory, and practices surrounding contemporary photography and how photographers have worked to challenge, expand, and reinvent the medium.

**Prerequisites:** junior standing and ART 350(P), ART 357(P), ART 358(P), or FILM 303(P); or graduate standing; or consent of instructor.

**Last Taught:** Spring 2022, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 452G Contemporary Issues in Photography**

3 cr. Undergraduate/Graduate.

Addresses critical issues, theory, and practices surrounding contemporary photography and how photographers have worked to challenge, expand, and reinvent the medium.

**Prerequisites:** junior standing and ART 350(P), ART 357(P), ART 358(P), or FILM 303(P); or graduate standing; or consent of instructor.

**Last Taught:** Spring 2022, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 454 Narrative Photography**

3 cr. Undergraduate/Graduate.

Investigation of contemporary and historical narrative strategies that range from documentary to tableau, utilizing single images and sequencing, and the book, video, and sound.

**Prerequisites:** junior standing, ART 350(P), ART 357(P), ART 358(P), or FILM 303(P); or graduate standing; or consent of instructor.

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 454G Narrative Photography**

3 cr. Undergraduate/Graduate.

Investigation of contemporary and historical narrative strategies that range from documentary to tableau, utilizing single images and sequencing, and the book, video, and sound.

**Prerequisites:** junior standing, ART 350(P), ART 357(P), ART 358(P), or FILM 303(P); or graduate standing; or consent of instructor.

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 456 Advanced Photography & Imaging:**

3 cr. Undergraduate/Graduate.

Topic and additional prerequisites will appear in the Schedule of Classes each time the course is offered.

**Prerequisites:** junior standing, ART 350(P), ART 357(P), ART 358(P), or ART 458(P) with corresponding topic; or graduate standing; or consent of instructor.

**Course Rules:** Repeatable to 9 cr max.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 456G Advanced Photography & Imaging:**

3 cr. Undergraduate/Graduate.

Topic and additional prerequisites will appear in the Schedule of Classes each time the course is offered.

**Prerequisites:** junior standing, ART 350(P), ART 357(P), ART 358(P), or ART 458(P) with corresponding topic; or graduate standing; or consent of instructor.

**Course Rules:** Repeatable to 9 cr max.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 458 Photographic Materials and Processes**

3 cr. Undergraduate/Graduate.

Exploration of experimental methods and aesthetics of the photograph as object from image capture to print, including darkroom/digital manipulation, historical processes, hybrid practice, and alternative presentation strategies.

**Prerequisites:** junior standing or greater; or consent of instructor.

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 458G Photographic Materials and Processes**

3 cr. Undergraduate/Graduate.

Exploration of experimental methods and aesthetics of the photograph as object from image capture to print, including darkroom/digital manipulation, historical processes, hybrid practice, and alternative presentation strategies.

**Prerequisites:** junior standing or greater; or consent of instructor.

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 459 Advanced Photography Workshop:**

1-3 cr. Undergraduate/Graduate.

Advanced special topic workshop course in photography.

**Prerequisites:** jr st, admis to Art & Design prog, Pre-Film/Film prog, or Inter-Arts/IAT prog; or gr st; or cons instr. Additional prerequisites may be announced in the Schedule of Classes each time course is offered.

**Course Rules:** May be retaken w/chg in topic to 6 cr max.

**Last Taught:** Fall 2015, Fall 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 459G Advanced Photography Workshop:**

1-3 cr. Undergraduate/Graduate.

Advanced special topic workshop course in photography.

**Prerequisites:** jr st, admis to Art & Design prog, Pre-Film/Film prog, or Inter-Arts/IAT prog; or gr st; or cons instr. Additional prerequisites may be announced in the Schedule of Classes each time course is offered.

**Course Rules:** May be retaken w/chg in topic to 6 cr max.

**Last Taught:** Fall 2015, Fall 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 461 Structural Fabrication/Assembled Objects**

3 cr. Undergraduate.

Exploration of welding processes, wood-working techniques, and mixed media assemblage.

**Prerequisites:** jr st, admis to Art and Design prog, & Art 261(P).

**Last Taught:** Fall 2010, Fall 2009, Fall 2008, Spring 2008.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 464 Contemporary Figure Sculpture**

3 cr. Undergraduate.

Exploration and investigation of the human figure from live models. Includes study of anatomy and historical references.

**Prerequisites:** jr st, admis to Art and Design prog, & Art 261(P).

**Last Taught:** Fall 2010, Spring 2008, Fall 2007, Spring 2007.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 468 Advanced Sculptural Practices:**

3 cr. Undergraduate/Graduate.

Advanced level course in specialized sculpture processes & skills.

**Prerequisites:** jr st & Art 368(P); or grad st. See Schedule of Classes for additional prereq.

**Course Rules:** May be retaken w/chg in topic to 15 cr max.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 468G Advanced Sculptural Practices:**

3 cr. Undergraduate/Graduate.

Advanced level course in specialized sculpture processes & skills.

**Prerequisites:** jr st & Art 368(P); or grad st. See Schedule of Classes for additional prereq.

**Course Rules:** May be retaken w/chg in topic to 15 cr max.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 469 Sculpture Workshop:**

1-3 cr. Undergraduate/Graduate.

A short term special topic workshop in sculpture. Specific topic and additional prerequisites may appear in the Timetable each semester.

**Prerequisites:** jr standing or writ cons instr.

**Course Rules:** May be retaken w/chg in topic to a 6 cr max.

**Last Taught:** Fall 2014, Fall 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 469G Sculpture Workshop:**

1-3 cr. Undergraduate/Graduate.

A short term special topic workshop in sculpture. Specific topic and additional prerequisites may appear in the Timetable each semester.

**Prerequisites:** jr standing or writ cons instr.

**Course Rules:** May be retaken w/chg in topic to a 6 cr max.

**Last Taught:** Fall 2014, Fall 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 470 Metal Forming**

3 cr. Undergraduate.

Development of technical competency in metal forming and angle raising through traditional and experimental processes. Four hours studio monitoring mandatory.

**Prerequisites:** admis to Art and Design program and ART 271(P).

**Course Rules:** Repeatable to 6 cr max.

**Last Taught:** Spring 2022, Spring 2020, Spring 2016, Fall 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 472 Color on Metal**

3 cr. Undergraduate.

Exploration of surface enrichment through vitreous enamel on metal and other traditional and experimental coloration techniques. Four hours studio monitoring mandatory.

**Prerequisites:** admis to Art and Design program and ART 271(P).

**Course Rules:** Repeatable to 6 cr max.

**Last Taught:** Spring 2023, Spring 2021, Spring 2019, Spring 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 473 Special Topics in Jewelry and Metalsmithing:**

3 cr. Undergraduate.

Specific topic and additional prerequisites will appear in Schedule of Classes each time the course is offered. Four hours studio monitoring mandatory.

**Prerequisites:** admis to Art and Design prog & Art 271(P).

**Course Rules:** May be retaken w/chg in topic to 12 cr max.

**Last Taught:** Fall 2019, Spring 2018, Fall 2016, Spring 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 474 Portfolio Development in Jewelry and Metalsmithing**

3 cr. Undergraduate/Graduate.

Introduction to professional and academic portfolio preparation including a cohesive body of work, resume, artist statement, visual documentation and portfolio presentation. Four hours studio monitoring mandatory.

**Prerequisites:** jr st & Admis to Art and Design prog; Art 371(P) or 372(P) or 378(P) or 470(P) or 472(P) or 473(P) or 478(P); or grad st & cons instr.

**Course Rules:** May be retaken to 12 cr max.

**Last Taught:** Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 474G Portfolio Development in Jewelry and Metalsmithing**

3 cr. Undergraduate/Graduate.

Introduction to professional and academic portfolio preparation including a cohesive body of work, resume, artist statement, visual documentation and portfolio presentation. Four hours studio monitoring mandatory.

**Prerequisites:** jr st & Admis to Art and Design prog; Art 371(P) or 372(P) or 378(P) or 470(P) or 472(P) or 473(P) or 478(P); or grad st & cons instr.

**Course Rules:** May be retaken to 12 cr max.

**Last Taught:** Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 476 Making and Marketing**

3 cr. Undergraduate/Graduate.

Develop business and marketing skills needed to begin a craft entrepreneur business. Research, design, produce and market a cohesive line of production work and packaging. Group production event participation required. Four hours studio monitoring mandatory.

**Prerequisites:** junior standing or greater; or consent of instructor.

**Course Rules:** Repeatable to 6 cr max.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 476G Making and Marketing**

3 cr. Undergraduate/Graduate.

Develop business and marketing skills needed to begin a craft entrepreneur business. Research, design, produce and market a cohesive line of production work and packaging. Group production event participation required. Four hours studio monitoring mandatory.

**Prerequisites:** junior standing or greater; or consent of instructor.

**Course Rules:** Repeatable to 6 cr max.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 478 Digital Fabrication and Craft**

3 cr. Undergraduate/Graduate.

Survey of fabrication methods with an emphasis on computer numeric controlled fabrication & exploration into digital fabrication & craft.

**Prerequisites:** ART 261 and ART 277(P), or ART 271(P) and ART 277(P), or ART 277(P) and ART 278(P), or ARCH 281(P) and ARCH 282(P); or MECHENG 111 and MECHENG 270(P); or graduate standing; or consent of instructor.

**Course Rules:** Retakable up to 6 cr max. Four hours studio monitoring mandatory.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 478G Digital Fabrication and Craft**

3 cr. Undergraduate/Graduate.

Survey of fabrication methods with an emphasis on computer numeric controlled fabrication & exploration into digital fabrication & craft.

**Prerequisites:** ART 261 and ART 277(P), or ART 271(P) and ART 277(P), or ART 277(P) and ART 278(P), or ARCH 281(P) and ARCH 282(P); or MECHENG 111 and MECHENG 270(P); or graduate standing; or consent of instructor.

**Course Rules:** Retakable up to 6 cr max. Four hours studio monitoring mandatory.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 479 Jewelry and Metalsmithing Workshop:**

1-3 cr. Undergraduate/Graduate.

Special topics workshop in jewelry and metalsmithing.

**Prerequisites:** junior standing, admis to Art and Design program, and ART 271(P); or graduate standing and consent of instructor.

**Course Rules:** May be retaken with change in topic to 6 cr max.

**Last Taught:** Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 479G Jewelry and Metalsmithing Workshop:**

1-3 cr. Undergraduate/Graduate.

Special topics workshop in jewelry and metalsmithing.

**Prerequisites:** junior standing, admis to Art and Design program, and ART 271(P); or graduate standing and consent of instructor.**Course Rules:** May be retaken with change in topic to 6 cr max.**Last Taught:** Summer 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 481 Ceramics Studio**

3 cr. Undergraduate/Graduate.

Advanced problem-solving working toward the development of a cohesive body of work in the ceramic medium.

**Prerequisites:** junior standing, admis to Art and Design program, and ART 281(P); or consent of instructor; or graduate standing and consent of instructor.**Last Taught:** Fall 2023, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 481G Ceramics Studio**

3 cr. Undergraduate/Graduate.

Advanced problem-solving working toward the development of a cohesive body of work in the ceramic medium.

**Prerequisites:** junior standing, admis to Art and Design program, and ART 281(P); or consent of instructor; or graduate standing and consent of instructor.**Last Taught:** Fall 2023, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 482 Ceramics Special Topics and Portfolio II**

3 cr. Undergraduate/Graduate.

Continuation of ART 481. Advanced problem solving and development of a cohesive body of work in the ceramic medium. Exploration of special thematic topics.

**Prerequisites:** jr st, & Art 481(P); or grad st & cons instr.**Last Taught:** Fall 2021, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 482G Ceramics Special Topics and Portfolio II**

3 cr. Undergraduate/Graduate.

Continuation of ART 481. Advanced problem solving and development of a cohesive body of work in the ceramic medium. Exploration of special thematic topics.

**Prerequisites:** jr st, & Art 481(P); or grad st & cons instr.**Last Taught:** Fall 2021, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 483 Ceramics Special Topics and Portfolio III**

3 cr. Undergraduate/Graduate.

Continuation of ART 482. Advanced problem solving and development of a cohesive body of work in the ceramic medium. Exploration of special thematic topics.

**Prerequisites:** jr st & Art 482(P); or grad st.**Last Taught:** Fall 2017, Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 483G Ceramics Special Topics and Portfolio III**

3 cr. Undergraduate/Graduate.

Continuation of ART 482. Advanced problem solving and development of a cohesive body of work in the ceramic medium. Exploration of special thematic topics.

**Prerequisites:** jr st & Art 482(P); or grad st.**Last Taught:** Fall 2017, Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 489 Ceramics Workshop:**

1-3 cr. Undergraduate/Graduate.

A short-term special topic course in ceramics.

**Prerequisites:** jr st & writ cons instr.**Course Rules:** May be retaken w/chg in topic to max of 6 cr.**Last Taught:** Fall 2018, Spring 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 489G Ceramics Workshop:**

1-3 cr. Undergraduate/Graduate.

A short-term special topic course in ceramics.

**Prerequisites:** jr st & writ cons instr.**Course Rules:** May be retaken w/chg in topic to max of 6 cr.**Last Taught:** Fall 2018, Spring 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 493 Advanced Digital Printmaking**

3 cr. Undergraduate/Graduate.

An advanced studio course exploring digital media and traditional printmaking. Media/content focus to include array of relevant topics.

**Prerequisites:** jr st & Art 393(293)(P); or grad st; or cons instr.**Last Taught:** Spring 2016, Spring 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 493G Advanced Digital Printmaking**

3 cr. Undergraduate/Graduate.

An advanced studio course exploring digital media and traditional printmaking. Media/content focus to include array of relevant topics.

**Prerequisites:** jr st & Art 393(293)(P); or grad st; or cons instr.**Last Taught:** Spring 2016, Spring 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 495 Advanced Printmaking & Book Arts:**

3 cr. Undergraduate/Graduate.

Advanced development in Printmaking &amp; Book Arts with focused studio investigations in specialized printmaking media and book arts techniques.

**Prerequisites:** junior standing and ART 391(P) with corresponding topic; or graduate standing; or consent of instructor.**Course Rules:** May be retaken to 9 cr max.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 495G Advanced Printmaking & Book Arts:**

3 cr. Undergraduate/Graduate.

Advanced development in Printmaking &amp; Book Arts with focused studio investigations in specialized printmaking media and book arts techniques.

**Prerequisites:** junior standing and ART 391(P) with corresponding topic; or graduate standing; or consent of instructor.**Course Rules:** May be retaken to 9 cr max.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 496 Sequence and Structure**

3 cr. Undergraduate/Graduate.

Advanced studio course exploring the creation of sequential art and the development of visual narratives using experimental book structures as well as electronic media (web, multimedia).

**Prerequisites:** jr st & Art 291(P) or 253(P); or 221(228)(P); or grad st & cons instr.

**Last Taught:** Spring 2012, Spring 2010.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 496G Sequence and Structure**

3 cr. Undergraduate/Graduate.

Advanced studio course exploring the creation of sequential art and the development of visual narratives using experimental book structures as well as electronic media (web, multimedia).

**Prerequisites:** jr st & Art 291(P) or 253(P); or 221(228)(P); or grad st & cons instr.

**Last Taught:** Spring 2012, Spring 2010.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 497 Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Studio and special problems designed to provide relevant course work for a study abroad program in the visual arts.

**Prerequisites:** junior standing and acceptance in Study Abroad Program.

**Course Rules:** May be retaken with change in topic to max of 12 cr.

**Last Taught:** Summer 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 497G Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Studio and special problems designed to provide relevant course work for a study abroad program in the visual arts.

**Prerequisites:** junior standing and acceptance in Study Abroad Program.

**Course Rules:** May be retaken with change in topic to max of 12 cr.

**Last Taught:** Summer 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 499 Advanced Printmaking Workshop:**

3 cr. Undergraduate/Graduate.

Special topic course in Print and Narrative Forms.

**Prerequisites:** jr st; or grad st; or cons instr. Add'l prereqs may appear in Schedule of Classes each time course is offered.

**Course Rules:** May be retaken w/chg in topic to 6 cr max.

**Last Taught:** Spring 2013, Summer 2012.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 499G Advanced Printmaking Workshop:**

3 cr. Undergraduate/Graduate.

Special topic course in Print and Narrative Forms.

**Prerequisites:** jr st; or grad st; or cons instr. Add'l prereqs may appear in Schedule of Classes each time course is offered.

**Course Rules:** May be retaken w/chg in topic to 6 cr max.

**Last Taught:** Spring 2013, Summer 2012.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 501 Studio Research, Practice, and Portfolio**

3 cr. Undergraduate.

Development of advanced concepts in contemporary studio art practices leading to production of capstone project. Should be taken in student's penultimate semester.

**Prerequisites:** senior standing and at least 9 credits of 300+ level studio coursework in Art & Design; or consent of instructor.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 502 Undergraduate Classroom Assistantship in Art and Design**

3 cr. Undergraduate.

Student classroom experience as an assistant to the course instructor in a closely-monitored mentoring situation.

**Prerequisites:** jr st & cons instr.

**Course Rules:** May be retaken to 6 cr max.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 505 BA Project**

3 cr. Undergraduate.

BA students collect, organize, synthesize, and present capstone project in public event.

**Prerequisites:** senior standing, ART 501(P), and ART 604(C).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 507 Undergraduate Research Assistantship in Art and Design**

1-3 cr. Undergraduate.

An opportunity for juniors and seniors to work collaboratively with an Art and Design faculty member on a specific and sustained research project.

**Prerequisites:** jr st & cons instr.

**Course Rules:** May be retaken to 6 cr max.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 509 Art & Design Seminar:**

3 cr. Undergraduate/Graduate.

Topics and critical issues in the modern and/or contemporary field of art. Student research and written/oral reports required.

**Prerequisites:** junior standing and completion of Oral and Written Communication (OWC) Competency Part A; or consent of instructor.

**Course Rules:** May be retaken with change in topic to 6 cr max.

**General Education Requirements:** OWCB

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 509G Art & Design Seminar:**

3 cr. Undergraduate/Graduate.

Topics and critical issues in the modern and/or contemporary field of art. Student research and written/oral reports required.

**Prerequisites:** junior standing and completion of Oral and Written Communication (OWC) Competency Part A; or consent of instructor.

**Course Rules:** May be retaken with change in topic to 6 cr max.

**General Education Requirements:** OWCB

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 522 Topics in Advanced Illustration:**

3 cr. Undergraduate.

Advanced course exploring contemporary illustration: technologies for its creation, dissemination and viewing, its relationship to design and fine art practice.

**Prerequisites:** jr st & Art 322(P); or cons instr.**Course Rules:** May be retaken w/chg in topic to 6 cr max.**Last Taught:** Fall 2022, Spring 2021, Spring 2020, Spring 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 524 Professional Practice in Design:**

3-6 cr. Undergraduate/Graduate.

Preparation for the design profession through research, writing and portfolio development.

**Prerequisites:** junior standing and ART 221(P); or graduate standing; or consent of instructor.**Course Rules:** May be retaken with change in topic to 6 cr max. Graduate level requires additional research.**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 524G Professional Practice in Design:**

3-6 cr. Undergraduate/Graduate.

Preparation for the design profession through research, writing and portfolio development.

**Prerequisites:** junior standing and ART 221(P); or graduate standing; or consent of instructor.**Course Rules:** May be retaken with change in topic to 6 cr max. Graduate level requires additional research.**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 526 Research in Universal Design and Fabrication**

3 cr. Undergraduate/Graduate.

Exploration of topics focused on Human Factors in Universal Design.

**Prerequisites:** junior standing; completion of one of the following: ART 221(P), ART 261(P), ART 277(P), ART 378(P), or ART 478(P); or OCCTHPY 220(P) and OCCTHPY 320(P); or ARCH 302(P); or graduate standing; or consent of instructor.**Course Rules:** May be retaken with change in topic to 6 cr max. Counts as a repeat of ART 427 with similar topic.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 526G Research in Universal Design and Fabrication**

3 cr. Undergraduate/Graduate.

Exploration of topics focused on Human Factors in Universal Design.

**Prerequisites:** junior standing; completion of one of the following: ART 221(P), ART 261(P), ART 277(P), ART 378(P), or ART 478(P); or OCCTHPY 220(P) and OCCTHPY 320(P); or ARCH 302(P); or graduate standing; or consent of instructor.**Course Rules:** May be retaken with change in topic to 6 cr max. Counts as a repeat of ART 427 with similar topic.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 528 Print Production and Presentation Techniques**

3 cr. Undergraduate.

Introduction to aspects of design production including scheduling, budgeting, pre-press, paper selection, printing, digital files, vendor communication; digital and hand-assembled mock-ups will be produced.

**Prerequisites:** Art 221(228)(P); or cons instr.**Last Taught:** Fall 2016, Spring 2015, Spring 2013, Spring 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 529 Design & Visual Communication III: Capstone & Exhibition**

3 cr. Undergraduate/Graduate.

Capstone course emphasizes a complete and comprehensive synthesis of design and visual communication through comprehensive studio projects developed for a graduate portfolio and exhibition.

**Prerequisites:** junior standing and a grade of B- or better in ART 421(P); or graduate standing; or consent of instructor.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 529G Design & Visual Communication III: Capstone & Exhibition**

3 cr. Undergraduate/Graduate.

Capstone course emphasizes a complete and comprehensive synthesis of design and visual communication through comprehensive studio projects developed for a graduate portfolio and exhibition.

**Prerequisites:** junior standing and a grade of B- or better in ART 421(P); or graduate standing; or consent of instructor.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 531 Senior Project in Fibers**

3 cr. Undergraduate.

Further development of fiber investigations leading to a final project for BFA exhibition.

**Prerequisites:** sr st & cons instr.**Course Rules:** May be retaken w/chg in topic to 6 cr max.**Last Taught:** Fall 2022, Fall 2020, Spring 2020, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 539 Fibers-Independent Study**

1-6 cr. Undergraduate/Graduate.

Individual program of supervised study for the advanced student in fibers.

**Prerequisites:** jr st; Admis to Art and Design prog; or grad st, & cons instr.**Course Rules:** May be retaken w/chg in topic to 6 cr max.**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 539G Fibers-Independent Study**

1-6 cr. Undergraduate/Graduate.

Individual program of supervised study for the advanced student in fibers.

**Prerequisites:** jr st; Admis to Art and Design prog; or grad st, & cons instr.**Course Rules:** May be retaken w/chg in topic to 6 cr max.**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 541 Drawing Studio**

3 cr. Undergraduate/Graduate.

Advanced investigation of drawing; emphasis on problem solving, research, construction strategies and development of personal direction.

**Prerequisites:** junior standing and ART 441(P); or graduate standing; or consent of instructor.**Course Rules:** May be retaken to 9 cr max.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 541G Drawing Studio**

3 cr. Undergraduate/Graduate.

Advanced investigation of drawing; emphasis on problem solving, research, construction strategies and development of personal direction.

**Prerequisites:** junior standing and ART 441(P); or graduate standing; or consent of instructor.

**Course Rules:** May be retaken to 9 cr max.

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 542 Advanced Figure Explorations**

3 cr. Undergraduate/Graduate.

Advanced exploration of the human figure through modes of painting and drawing. Emphasis will be placed on development of a personal direction.

**Prerequisites:** junior standing, admis to Art and Design program and ART 442(P); or grad standing with instructor permission.

**Last Taught:** Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 542G Advanced Figure Explorations**

3 cr. Undergraduate/Graduate.

Advanced exploration of the human figure through modes of painting and drawing. Emphasis will be placed on development of a personal direction.

**Prerequisites:** junior standing, admis to Art and Design program and ART 442(P); or grad standing with instructor permission.

**Last Taught:** Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 543 Painting Studio**

3 cr. Undergraduate/Graduate.

Advanced investigation of painting focused upon personal image exploration through independently conceived problems.

**Prerequisites:** jr st & Admis to Art and Design prog; Art 441(P), & 443(P); or grad st.

**Course Rules:** May be retaken to 9 cr max.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 543G Painting Studio**

3 cr. Undergraduate/Graduate.

Advanced investigation of painting focused upon personal image exploration through independently conceived problems.

**Prerequisites:** jr st & Admis to Art and Design prog; Art 441(P), & 443(P); or grad st.

**Course Rules:** May be retaken to 9 cr max.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 552 Studio Practice and Research in Photography**

3 cr. Undergraduate/Graduate.

Research and development of a creative practice in support of a professional/academic portfolio; including a cohesive body of work, CV, artist statement, online presence and public presentation/exhibition.

**Prerequisites:** senior standing and completion of two of the following: ART 451(P), ART 452(P), ART 454(P), ART 456(P) or ART 458(P); or graduate standing; or consent of instructor.

**Last Taught:** Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 552G Studio Practice and Research in Photography**

3 cr. Undergraduate/Graduate.

Research and development of a creative practice in support of a professional/academic portfolio; including a cohesive body of work, CV, artist statement, online presence and public presentation/exhibition.

**Prerequisites:** senior standing and completion of two of the following: ART 451(P), ART 452(P), ART 454(P), ART 456(P) or ART 458(P); or graduate standing; or consent of instructor.

**Last Taught:** Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 553 Senior Project in Photography**

3 cr. Undergraduate.

Further development of studio investigations leading to a final project for BFA Exhibition.

**Prerequisites:** sr st, grade of B- or better in Art 552(P); or cons instr.

**Last Taught:** Fall 2022, Spring 2022, Spring 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 561 Conceptual Process, Sculptural Presence**

3 cr. Undergraduate/Graduate.

Development of advanced concepts in contemporary sculpture.

**Prerequisites:** jr st; Admis to Art and Design prog, & Art 261(P), & 363(P); or 365(P); or 461(P); or 464(P); or grad st.

**Course Rules:** May be retaken to 6 cr max.

**Last Taught:** Fall 2022, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 561G Conceptual Process, Sculptural Presence**

3 cr. Undergraduate/Graduate.

Development of advanced concepts in contemporary sculpture.

**Prerequisites:** jr st; Admis to Art and Design prog, & Art 261(P), & 363(P); or 365(P); or 461(P); or 464(P); or grad st.

**Course Rules:** May be retaken to 6 cr max.

**Last Taught:** Fall 2022, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 562 Environmental Sculpture and Installation**

3 cr. Undergraduate/Graduate.

Development of sculptural work that incorporates the environment, integration of sculptural form, installation, and performance.

**Prerequisites:** jr st & Admis to Art and Design prog; Art 363(P) & 365(P), or 461(P), or 464(P), or 561(P); or grad st & cons instr.

**Course Rules:** May be retaken to 6 cr max.

**Last Taught:** Spring 2010, Spring 2008.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 562G Environmental Sculpture and Installation**

3 cr. Undergraduate/Graduate.

Development of sculptural work that incorporates the environment, integration of sculptural form, installation, and performance.

**Prerequisites:** jr st & Admis to Art and Design prog; Art 363(P) & 365(P), or 461(P), or 464(P), or 561(P); or grad st & cons instr.

**Course Rules:** May be retaken to 6 cr max.

**Last Taught:** Spring 2010, Spring 2008.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 567 Senior Project in Sculpture**

3 cr. Undergraduate.

Further development of independent sculpture investigations leading to a final project for BFA Exhibition.

**Prerequisites:** sr st & Art 561(P); or 562(P); or cons instr.**Last Taught:** Fall 2022, Spring 2022, Spring 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 573 Advanced Blacksmithing**

3 cr. Undergraduate/Graduate.

Advanced explorations of blacksmithing and the forging process.

Students will apply advanced skills and concepts to developed projects in the medium.

**Prerequisites:** ART 373(P) or ART 373G(P) or consent of instructor.**Course Rules:** Repeatable to 6 cr max. Counts as a repeat of ART 479 with similar topic.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 573G Advanced Blacksmithing**

3 cr. Undergraduate/Graduate.

Advanced explorations of blacksmithing and the forging process.

Students will apply advanced skills and concepts to developed projects in the medium.

**Prerequisites:** ART 373(P) or ART 373G(P) or consent of instructor.**Course Rules:** Repeatable to 6 cr max. Counts as a repeat of ART 479 with similar topic.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 575 Senior Project in Jewelry and Metalsmithing**

3 cr. Undergraduate.

Research and create a cohesive body of work based on technical, aesthetic and conceptual explorations for BFA Exhibition.

**Prerequisites:** sr st & Art 371(P), 474 (P); & four of the following: 372(C), 378 (C), 470(C), 472(C), 473(C), 478(C); or cons instr.**Course Rules:** May be retaken to 6 cr max.**Last Taught:** Fall 2022, Spring 2022, Fall 2021, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 578 Research in Digital Fabrication and Craft:**

3 cr. Undergraduate/Graduate.

Interdisciplinary research into digital fabrication, rapid prototyping and design.

**Prerequisites:** ART 478(P); or graduate standing; or consent of instructor.**Course Rules:** May be retaken with change in topic to 6 cr max.**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 578G Research in Digital Fabrication and Craft:**

3 cr. Undergraduate/Graduate.

Interdisciplinary research into digital fabrication, rapid prototyping and design.

**Prerequisites:** ART 478(P); or graduate standing; or consent of instructor.**Course Rules:** May be retaken with change in topic to 6 cr max.**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 583 Senior Project in Ceramics**

3 cr. Undergraduate.

Further development of independent investigations in ceramics leading to a final project for BFA Exhibition.

**Prerequisites:** sr st & Art 482(P); or cons instr.**Last Taught:** Fall 2021, Spring 2021, Fall 2020, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 584 Experimental Processes in Woodfiring II**

3 cr. Undergraduate/Graduate.

Advanced research and further development of personal aesthetic in woodfiring. Leadership in supervising the firing process required.

**Prerequisites:** jr st, & Art 384(P); or grad st & cons instr.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 584G Experimental Processes in Woodfiring II**

3 cr. Undergraduate/Graduate.

Advanced research and further development of personal aesthetic in woodfiring. Leadership in supervising the firing process required.

**Prerequisites:** jr st, & Art 384(P); or grad st & cons instr.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 591 Portfolio in Print and Narrative Forms**

3 cr. Undergraduate/Graduate.

Introduction to professional and academic portfolio preparation including a cohesive body of work, studio research strategies, artist statement, professional writing samples, and visual documentation.

**Prerequisites:** junior standing or graduate standing or consent of instructor.**Course Rules:** May be retaken to 9 cr max.**Last Taught:** Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 591G Portfolio in Print and Narrative Forms**

3 cr. Undergraduate/Graduate.

Introduction to professional and academic portfolio preparation including a cohesive body of work, studio research strategies, artist statement, professional writing samples, and visual documentation.

**Prerequisites:** junior standing or graduate standing or consent of instructor.**Course Rules:** May be retaken to 9 cr max.**Last Taught:** Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 595 Colloquium: Print and Narrative Forms**

3 cr. Undergraduate/Graduate.

Imaging and hybrid forms in contemporary photographic, book arts, narrative forms and print work.

**Prerequisites:** jr st; or grad st; or cons instr.**Course Rules:** May be retaken to 6 cr max.**Last Taught:** Fall 2016, Spring 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 595G Colloquium: Print and Narrative Forms**

3 cr. Undergraduate/Graduate.

Imaging and hybrid forms in contemporary photographic, book arts, narrative forms and print work.

**Prerequisites:** jr st; or grad st; or cons instr.**Course Rules:** May be retaken to 6 cr max.**Last Taught:** Fall 2016, Spring 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 597 Senior Project in Print and Narrative Forms**

3 cr. Undergraduate.

Further development of studio investigations leading to a final project for BFA Exhibition.

**Prerequisites:** sr st & cons instr.**Last Taught:** Fall 2022, Spring 2022, Spring 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 601 BFA Project and Exhibition**

3 cr. Undergraduate.

Further development of studio investigations leading to a final project for BFA Exhibition.

**Prerequisites:** senior standing and ART 501(P).

**Last Taught:** Fall 2023, Spring 2023, Spring 1996, Spring 1995.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 603 Advanced Studio Practice**

1-3 cr. Undergraduate/Graduate.

A special course open only to seniors and graduate students with written cons instr.

**Prerequisites:** sr st; writ cons instr.

**Course Rules:** May be retaken to max of 3 cr.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 603G Advanced Studio Practice**

1-3 cr. Undergraduate/Graduate.

A special course open only to seniors and graduate students with written cons instr.

**Prerequisites:** sr st; writ cons instr.

**Course Rules:** May be retaken to max of 3 cr.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 604 Professional Practices**

3 cr. Undergraduate.

Preparation for graduating Art and Design seniors with skills needed for a career in the competitive field of visual art: professional writing, resumes, budgets, taxes.

**Prerequisites:** senior standing, concurrent enrollment in or previous completion of ART 501, and successful completion of, or exemption from, a QL-A course; or consent of instructor.

**General Education Requirements:** QLB

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 605 BFA Exhibition**

1 cr. Undergraduate.

Independent supervised preparation and exhibition in Art & Design to fulfill BFA degree requirements.

**Prerequisites:** sr st, enrol conc in an advanced studio course; or cons instr.

**Last Taught:** Spring 2023, Fall 2022, Spring 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 606 BFA Exhibition in Design**

1 cr. Undergraduate.

Supervised preparation and exhibition in conjunction with Art 529 Graphic Design III to fulfill degree requirements.

**Prerequisites:** Art 421(P) & 529(C).

**Last Taught:** Spring 2022, Spring 2021, Spring 2020, Spring 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 608 Art and Design Internship**

3-6 cr. Undergraduate/Graduate.

Provides structured opportunities for art students to earn credit for skills and professional experience gained working in galleries, museums, studios, arts organizations or art businesses.

**Prerequisites:** jr st & admis to Art and Design prog; or grad st & cons instr.

**Course Rules:** May be retaken to 6 cr max.

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 608G Art and Design Internship**

3-6 cr. Undergraduate/Graduate.

Provides structured opportunities for art students to earn credit for skills and professional experience gained working in galleries, museums, studios, arts organizations or art businesses.

**Prerequisites:** jr st & admis to Art and Design prog; or grad st & cons instr.

**Course Rules:** May be retaken to 6 cr max.

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 609 Independent Reading and Research**

1-3 cr. Undergraduate/Graduate.

**Prerequisites:** sr st & writ cons instr.

**Course Rules:** May be retaken/chg in topic to 9 cr max.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 609G Independent Reading and Research**

1-3 cr. Undergraduate/Graduate.

**Prerequisites:** sr st & writ cons instr.

**Course Rules:** May be retaken/chg in topic to 9 cr max.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 612 Senior Project in Digital Studio Practice**

3 cr. Undergraduate.

Further development of independent investigation in Digital Media, leading to a final project for BFA Exhibition.

**Prerequisites:** sr st & cons instr.

**Last Taught:** Fall 2022, Spring 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 621 The Design Group**

3 cr. Undergraduate.

Development of advanced understanding of visual, theoretical, historical, professional and technical aspects of design practice through work with client(s).

**Prerequisites:** cons instr.

**Course Rules:** May be retaken to 6 cr max.

**Last Taught:** Spring 2011, Fall 2010.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 627 Design Seminar:**

3 cr. Undergraduate/Graduate.

Role and responsibility of professional designer investigated. Topics may include contemporary trends and issues, design education, ethics, social activism, career opportunities.

**Prerequisites:** jr st; or grad st; or cons instr.

**Last Taught:** Fall 2017, Fall 2012.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 627G Design Seminar:**

3 cr. Undergraduate/Graduate.

Role and responsibility of professional designer investigated. Topics may include contemporary trends and issues, design education, ethics, social activism, career opportunities.

**Prerequisites:** jr st; or grad st; or cons instr.**Last Taught:** Fall 2017, Fall 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 643 Senior Project in Painting**

3 cr. Undergraduate.

Further development of independent painting investigations leading to a final project for BFA Exhibition.

**Prerequisites:** sr st & Art 543(P); or cons instr.**Last Taught:** Fall 2022, Spring 2022, Fall 2021, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 645 Painting and Drawing Critique**

3 cr. Undergraduate/Graduate.

An advanced critique format course to investigate painting and drawing mediums. Students will develop and discuss conceptual, technical, and collective dialogue strategies.

**Prerequisites:** sr st or writ cons instr.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 645G Painting and Drawing Critique**

3 cr. Undergraduate/Graduate.

An advanced critique format course to investigate painting and drawing mediums. Students will develop and discuss conceptual, technical, and collective dialogue strategies.

**Prerequisites:** sr st or writ cons instr.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 705 Graduate Graphic Design**

3 cr. Graduate.

Individual research in graphic design.

**Prerequisites:** graduate standing or consent of instructor.**Course Rules:** Previously ART 629.**Last Taught:** Fall 2013, Spring 2011, Spring 2008, Fall 2007.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 721 Design Thinking & Making**

3 cr. Graduate.

Focus on design process: identify/define problems, communication modes, nature of representation, dimensions of context, solution assessment. Develop storytelling skills. Rapid prototyping, qualitative/quantitative research, collaboration, co-design.

**Prerequisites:** grad st.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 727 MA Thesis Seminar in Design Entrepreneurship + Innovation**

3 cr. Graduate.

Seminar focused on theory and methods for graduate research in Design Entrepreneurship + Innovation.

**Prerequisites:** grad st.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 753 Graduate Photography I**

3 cr. Graduate.

Self-directed research in photography with involvement in group critiques.

**Prerequisites:** grad st.**Last Taught:** Spring 2007, Spring 2006, Fall 2005, Fall 1998.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 821 Collaborative Project in Design Entrepreneurship + Innovation**

3 cr. Graduate.

Focus on collaboration and human-centered design practices, processes and activities including design thinking, research, iterative process, prototyping, and storytelling.

**Prerequisites:** grad st & Art 721(P); or cons instr.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 827 MA Thesis Prep in Design Entrepreneurship + Innovation**

1-3 cr. Graduate.

Supervision in support of MA Thesis Project separate from but in conjunction with students MA Thesis Committee.

**Prerequisites:** Art 727(P) & cons instr.**Course Rules:** Retakable to 3 cr max.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 851 Graduate Photography II**

3 cr. Graduate.

Continuation of Art 753.

**Prerequisites:** grad st; Art 753(P).**Last Taught:** Spring 2007, Spring 2006, Spring 1999, Spring 1997.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 888 Candidate for Degree**

0 cr. Graduate.

Available for graduate students who must meet minimum credit load requirements.

**Prerequisites:** graduate standing.**Course Rules:** Fee for 1 cr assessed; unit does not count towards credit load for Fin Aid. Repeatable. Satisfactory/Unsatisfactory only.**Last Taught:** Summer 2015, Fall 2006, Fall 2004.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 900 Graduate Studio**

3 cr. Graduate.

Ongoing critique of individual studio research in students' chosen medium(s). Emphasis on developing and maintaining interdisciplinary dialogue. Studio research, individual, and group critiques required.

**Prerequisites:** grad st.**Course Rules:** Retakable to 21 cr max.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 901 Seminar in Art-Philosophy and Concepts**

3 cr. Graduate.

Presentations and discussions centering on contemporary concerns in art. Student research and oral reports.

**Prerequisites:** grad st.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART 903 Seminar in Art-Reading and Research**

3 cr. Graduate.

Experience in the systematic development and production of written and visual documentation or research.

**Prerequisites:** grad st**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 904 Seminar In Art-Unique Topics:**

3 cr. Graduate.

Examination of unique topics and issues of the modern and/or contemporary field of art. Student scholarly research and written/oral reports required.

**Prerequisites:** grad st.

**Course Rules:** Retakable w/chg in topic to 9 cr max.

**Last Taught:** Spring 2017, Fall 2016, Spring 2016, Fall 2015.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 905 Seminar in Art - Critique Colloquium**

3 cr. Graduate.

Studio critique/discussion to develop analytical perceptual skills in the understanding/comprehension of works of art. Student research, presentation and written/oral reports required.

**Prerequisites:** grad st

**Last Taught:** Spring 2009, Spring 2007, Spring 2005, Spring 2003.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 906 Graduate Workshop:**

3 cr. Graduate.

A special topic workshop for graduate students including reading, research, writing and studio practice.

**Prerequisites:** graduate standing.

**Course Rules:** Retakable with change in topic to 9 cr max.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 908 Advanced Studio Research**

1-4 cr. Graduate.

Independent studio research.

**Prerequisites:** graduate standing.

**Course Rules:** Retakable to 21 cr max.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 909 Independent Reading and Research**

1-4 cr. Graduate.

Independent reading and research relative to scholarly issues in art.

**Prerequisites:** grad st.

**Course Rules:** Retakable to 21 cr max.

**Last Taught:** Fall 2023, Spring 2023, UWinteriM 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 918 Advanced Research-InterMedia**

1-4 cr. Graduate.

Independent work and research in combined media.

**Prerequisites:** grad st.

**Course Rules:** Retakable to 21 cr max.

**Last Taught:** Spring 2021, Spring 2020, Spring 2019, Spring 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 929 Advanced Research-Design & Digital Media**

1-4 cr. Graduate.

Individual work and research in design and digital media.

**Prerequisites:** grad st.

**Course Rules:** Retakable to 21 cr max.

**Last Taught:** Spring 2018, Fall 2017, Spring 2017, Fall 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 930 Advanced Research-Fibers**

1-4 cr. Graduate.

Independent work and research in fibers.

**Prerequisites:** grad st.

**Course Rules:** Retakable to 21 cr max.

**Last Taught:** Fall 2016, Spring 2015, Spring 2014, Spring 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 943 Advanced Research-Painting**

1-4 cr. Graduate.

Independent work and research in painting/drawing.

**Prerequisites:** grad st.

**Course Rules:** Retakable to 21 cr max.

**Last Taught:** Spring 2019, Fall 2018, Fall 2017, Spring 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 952 Advanced Research-Photography**

1-4 cr. Graduate.

Independent work and research in photography.

**Prerequisites:** grad st.

**Course Rules:** Retakable to 21 cr max.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 961 Advanced Research - Sculpture**

1-4 cr. Graduate.

Independent work and research in sculpture.

**Prerequisites:** grad st.

**Course Rules:** Retakable to 21 cr max.

**Last Taught:** Spring 2019, Spring 2017, Fall 2016, Fall 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 973 Advanced Research-Jewelry and Metalsmithing**

1-4 cr. Graduate.

Independent work and research in jewelry and metalsmithing.

**Prerequisites:** grad st

**Course Rules:** Retakable to 21 cr max.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 989 Advanced Research-Ceramics**

1-4 cr. Graduate.

Independent work and research in ceramics.

**Prerequisites:** grad st.

**Course Rules:** Retakable to 21 cr max.

**Last Taught:** Fall 2017, Spring 2015, Fall 2014, Spring 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART 994 Advanced Research-Printmaking**

1-4 cr. Graduate.

Independent work and research in printmaking, bookmaking, and experimental narrative.

**Prerequisites:** grad st.

**Course Rules:** Retakable to 21 cr max.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

# Art Education (ART ED)

## ART ED 130 Multicultural Art and Visual Learning in Elementary Education

3 cr. Undergraduate.

A study of art and its relationship to human development. Designed for teachers interested in providing developmentally appropriate art experiences for children from pre-school through 6th grade. Lectures, discussions, readings, and lab activities will emphasize the use of art materials, equipment, and visual aids

**Prerequisites:** none.

**Course Rules:** Not open for degree cr to Art & Art Ed majors. Not open for degree cr to Art & Art Ed majors.

**General Education Requirements:** A, CD

**Last Taught:** UWinteriM 2024, Fall 2023, Summer 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## ART ED 227 Introduction to Art Education

3 cr. Undergraduate.

Early introduction to the field of art education, afford students opportunity to observe in schools, and provide Art Ed faculty opportunity to connect with students earlier in program.

**Prerequisites:** soph st; admis to Art and Design prog.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## ART ED 228 Learning Processes in Art Education

3 cr. Undergraduate.

Introduction to theories of visual learning, art criticism centered on contemporary artists, academic language for teaching in K-12 settings. Exploration of portable technologies in teaching-learning.

**Prerequisites:** soph st; admis to Art and Design prog.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## ART ED 327 Art Education Theory and Practice: Elementary

6 cr. Undergraduate.

Theory and practice explored through school-based field experiences, readings, and research. Curriculum design and implementation with an urban focus. 50 hrs of observations in elementary school required.

**Prerequisites:** jr st, admis to Art Ed prog, & completion of Oral and Written Communication (OWC) Competency Part A GER, & cons instr.

**Course Rules:** Counts as repeat of Art Ed 225, 250, & 375.

**General Education Requirements:** OWCB

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## ART ED 328 Art Education Theory and Practice: Secondary

6 cr. Undergraduate.

Theory and practice explored through school-based field experiences, readings, and research. Curriculum design and implementation with an urban focus. 50 hrs of observations in secondary school required.

**Prerequisites:** jr st, admis to Art Ed prog, Art Ed 327(P), & successful completion of or exemption from a QL-A course & cons instr.

**Course Rules:** Counts as repeat of Art Ed 325 & 350.

**General Education Requirements:** QLB

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## ART ED 425 Student Teaching in Art I - Elementary Levels

5 cr. Undergraduate.

Pre-professional teaching internship in preschool/kindergarten through sixth grade.

**Prerequisites:** sr st & Art Ed majors or Art Cert students only, dept GPA requirements, English proficiency, health clearance, Art Ed 227(P), 327(P), 328(P), 426(C), & cons instr.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## ART ED 426 Student Teaching in Art II: Secondary Levels

5 cr. Undergraduate.

Pre-professional teaching internship in grades seven through twelve.

**Prerequisites:** sr st & Art Ed majors or Art Cert students only; dept GPA requirements, English proficiency, health clearance, Art Ed 227(P), 327(P), 328(P), 425(C), & cons instr.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## ART ED 489 Art Education Workshop:

1-3 cr. Undergraduate/Graduate.

A short-term, concept-oriented workshop in the visual and tactile arts with special focus on current issues of particular interest to the professional art educator.

**Prerequisites:** junior standing and consent of instructor.

**Course Rules:** May be retaken with change in topic to max of 6 cr.

**Last Taught:** Summer 2023, Summer 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## ART ED 489G Art Education Workshop:

1-3 cr. Undergraduate/Graduate.

A short-term, concept-oriented workshop in the visual and tactile arts with special focus on current issues of particular interest to the professional art educator.

**Prerequisites:** junior standing and consent of instructor.

**Course Rules:** May be retaken with change in topic to max of 6 cr.

**Last Taught:** Summer 2023, Summer 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## ART ED 699 Independent Reading and Research

1-4 cr. Undergraduate.

**Prerequisites:** sr st & writ cons instr.

**Course Rules:** May be retaken for cr.

**Last Taught:** Fall 2023, Spring 2023, UWinteriM 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## ART ED 801 Seminar in Urban Education and the Visual Arts

3 cr. Graduate.

Seminar on issues related to urban schools. Emphasis on the art in urban education and consequent demands made upon curriculum.

**Prerequisites:** grad st; Art Ed 750 or cons instr.

**Last Taught:** Spring 2000, Spring 1997, Spring 1995, Spring 1994.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## ART ED 810 Curricular Designs for Art Instruction

3 cr. Graduate.

Curricular rationales and models will be studied and tested. Emphasis on use of art history and criticism with studio-based curricula.

**Prerequisites:** grad st; Art Ed 775 or cons instr.

**Last Taught:** Fall 2016, Spring 2011, Fall 1998, Fall 1996.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ART ED 830 Teaching Art With Works of Art**

3 cr. Graduate.

Study of ways historic and contemporary masterworks can enhance art curricula. Use of art museums will be emphasized and visual resources examined.

**Prerequisites:** grad st; cons instr.**Last Taught:** Spring 2017, Spring 2015, Spring 2014, Spring 2013.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART ED 850 Supervision and Administration of Art Programs**

3 cr. Graduate.

Study of supervisory and administrative practices related to art programs. Staff development techniques, management procedures, evaluation processes, community relations, and grant writing emphasized.

**Prerequisites:** grad st; Art Ed 750(P) or cons instr.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART ED 860 Teaching Art in Higher Education**

3 cr. Graduate.

Study of curricular models, administrative structures and policies, and teaching methods used by arts administrators, educators, and master artists in higher education.

**Prerequisites:** grad st; Art Ed 725(P) or cons instr.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART ED 900 Advanced Independent Problems in Art Education**

3 cr. Graduate.

Applied research in art education with emphasis on student generated problems in studio practices, Art History, criticism, Anthropology, Sociology, and aesthetics, or Psychology.

**Prerequisites:** grad st; cons grad advisor & instr.**Course Rules:** May be repeated to max of 6 cr.**Last Taught:** Spring 2021, Fall 2016, Spring 2016, Fall 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART ED 910 Seminar in Art Education:**

3 cr. Graduate.

Each seminar will focus on a special topic relevant to art education. Topic related lectures, readings, and discussions will conclude in a required research report.

**Prerequisites:** grad st; cons instr.**Course Rules:** May be repeated with change in topic to max of 9 cr.**Last Taught:** Fall 2016, Fall 2015, Spring 2014, Fall 2013.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART ED 920 Research Methods in Art Education**

3 cr. Graduate.

The study of research models and methods used in the field. Student will develop a research proposal and design a research strategy. Participation in a field study required.

**Prerequisites:** grad st; cons instr. Completion of 24 grad cr in degree program.**Last Taught:** Spring 2018, Spring 2016, Spring 2015, Spring 2013.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART ED 990 Master's Thesis**

1-3 cr. Graduate.

Thesis research and advisement for m.s. in art education students who have completed course requirements for the degree.

**Prerequisites:** grad st; completion of 30 grad cr; cons grad advisor.**Course Rules:** May be repeated to max of 9 cr.**Last Taught:** Spring 2020, Fall 2019, Spring 2019, Fall 2018.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART ED 998 Doctoral Dissertation**

1-3 cr. Graduate.

Doctoral dissertation research and advisement for candidates for Ph.D. in urban education with a specialty in art education.

**Prerequisites:** doctoral candidacy; approval of doctoral advisor.**Course Rules:** May be repeated to max of 12 cr.**Last Taught:** Spring 2023, Fall 2022, Spring 2022, Spring 2002.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ART ED 999 Independent Reading and Research**

1-4 cr. Graduate.

**Prerequisites:** grad st; cons instr.**Last Taught:** Spring 2020, Fall 2019, Spring 2018, Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## Art History (ARTHIST)

**ARTHIST 101 Ancient and Medieval Art and Architecture**

3 cr. Undergraduate.

The great originative styles of Egypt, Greece, Rome, and the Christian West in architecture, sculpture, and painting.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARTHIST 102 Renaissance to Modern Art and Architecture**

3 cr. Undergraduate.

Representative masters in the historical development of European painting, sculpture, and architecture from the fifteenth century to the present.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARTHIST 103 History of Architecture**

3 cr. Undergraduate.

Architecture from Stonehenge to the present, examining the nature of the art, major styles and significant architects, and relation to society, technology, and the environment.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARTHIST 104 African, New World and Oceanic Art and Architecture**

3 cr. Undergraduate.

Major art forms in oceanic, pre-Columbian, American Indian, and African art; their functions and meanings.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Summer 2023, Spring 2023, Spring 2022, Summer 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARTHIST 105 Asian Art and Architecture**

3 cr. Undergraduate.

Functions and meanings of major art forms in the art of Asia, including India, China, Japan, and Southeast Asia.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Fall 2023, Fall 2021, Fall 2020, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARTHIST 111 Entertainment Arts: Film, Television, and the Internet**

3 cr. Undergraduate.

History of film, television, and the Internet. Focus on economic and aesthetic features of these media and interrelationships among them.

Models for critiquing each form.

**Prerequisites:** none.**Course Rules:** ArtHist 111, English 111, & FilmStd 111 are jointly offered; they count as repeats of one another.**General Education Requirements:** HU**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARTHIST 192 First-Year Seminar.**

3 cr. Undergraduate.

The specific topics are announced in the Schedule of Classes each time the class is offered.

**Prerequisites:** none.**Course Rules:** Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).**General Education Requirements:** HU**Last Taught:** Fall 2019, Fall 2005, Fall 2002, Fall 2001.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARTHIST 205 History of Film I: Development of an Art**

3 cr. Undergraduate.

The technology, style, history, and theory of the medium. Aesthetic advances from silent to color and sound films. Contributions of various nationalities and artists.

**Prerequisites:** none.**Course Rules:** ArtHist 205 & FilmStd 205 are jointly offered; they count as repeats of one another.**General Education Requirements:** HU**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARTHIST 206 History of Film II: Development of an Art**

3 cr. Undergraduate.

The technology, style, history, and theory of the medium. Aesthetic advances from silent to color and sound films. Contributions of various nationalities and artists.

**Prerequisites:** none.**Course Rules:** ArtHist 206 & FilmStd 206 are jointly offered; they count as repeats of one another.**General Education Requirements:** HU**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARTHIST 210 The Art and Architecture of the First Cities: A Global Perspective**

3 cr. Undergraduate.

The art and monuments of the first cities of the ancient world from the Near East to the Americas which gave rise to urbanization as we know it.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARTHIST 220 Introduction to Medieval Art and Architecture**

3 cr. Undergraduate.

Introduces key principles of artistic production in the late Roman, early Christian, Byzantine, and Medieval periods, c. 150-800 CE, including the style, the role of the Bible in medieval image theory, iconography, and typology.

**Prerequisites:** none.**Last Taught:** Spring 2018, Spring 2016, Spring 2015, Fall 2013.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARTHIST 237 Northern Renaissance Art**

3 cr. Undergraduate.

Painting, graphics, and sculpture, 1364-1569; their influence on great 15th- and 16th-century styles. Main French, Dutch, and German artistic developments in historical context.

**Prerequisites:** soph st.**Last Taught:** Fall 2022, Spring 2021, Spring 2019, Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARTHIST 240 Introduction to Prints and Printmaking: History and Techniques**

3 cr. Undergraduate.

The history of print media and its development in Europe, Asia, and the Americas since 1450. Emphasis on historical, artistic, material, cultural contexts.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Fall 2023, Spring 2019, Spring 2018.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARTHIST 241 Introduction to Baroque Art**

3 cr. Undergraduate.

Representative masters of the 17th century, including Caravaggio, Rubens, Rembrandt, Bernini, Velazquez, and Poussin.

**Prerequisites:** soph st.**General Education Requirements:** HU**Last Taught:** Spring 2023, Fall 2019, Fall 2013, Fall 2011.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARTHIST 250 Introduction to American Art**

3 cr. Undergraduate.

Traces major artists, styles, themes, and issues in American painting, sculpture, and photography from colonial through contemporary periods.

**Prerequisites:** soph st.

**General Education Requirements:** HU

**Last Taught:** Fall 2021, Fall 2020, Fall 2018, Spring 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARTHIST 251 Introduction to the Art and Architecture of Latin America**

3 cr. Undergraduate.

Art and architecture of Latin America from 1492 to the mid-twentieth century.

**Prerequisites:** none.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARTHIST 255 Survey of Italian Renaissance Painting and Sculpture**

3 cr. Undergraduate.

Overview of Italian Renaissance art, tracing its origins with the painter Giotto in the fourteenth century to its culmination in Michelangelo's sixteenth-century masterpieces.

**Prerequisites:** none

**Last Taught:** Fall 2023, Spring 2020, Fall 2018, Fall 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARTHIST 260 Spanish Visual Art and Culture: 1450-1830**

3 cr. Undergraduate.

Masterpieces by Spanish artists, including El Greco, Velazquez, and Goya; the social and intellectual forces at play in their works.

**Prerequisites:** soph st.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARTHIST 261 Modern Art**

3 cr. Undergraduate.

Survey of characteristics and developments of modern art movements.

Representative theories, groups, and personalities.

**Prerequisites:** none.

**General Education Requirements:** HU

**Last Taught:** Spring 2022, Fall 2021, Fall 2019, Spring 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARTHIST 270 Pre-Columbian Art, Myth, and Legacy**

3 cr. Undergraduate.

The conquest of the Americas and the art of three Pre-Columbian civilizations: the Aztec, Maya, and Inca.

**Prerequisites:** none.

**Last Taught:** Spring 2015, Fall 2012.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARTHIST 281 Modern and Contemporary Chinese Art**

3 cr. Undergraduate.

Comprehensive survey of modern and contemporary Chinese art history.

**Prerequisites:** none.

**Last Taught:** Fall 2015, Spring 2014, Spring 2012.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARTHIST 289 Internship in Art History, Lower Division**

1-6 cr. Undergraduate.

Application of basic principles of art history in a business, organizational, educational, political, or other appropriate setting.

**Prerequisites:** intro course in ArtHist; 2.25 gpa; cons supervising faculty member.

**Course Rules:** One cr earned for academic work based on 40 hours in internship. May be retaken to 6 cr max.

**Last Taught:** Fall 2018, Fall 2005, Spring 2003.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARTHIST 297 Study Abroad:**

1-12 cr. Undergraduate.

Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.

**Prerequisites:** acceptance for Study Abroad Program.

**Course Rules:** May be retaken with change in topic.

**Last Taught:** UWinterIM 2024, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARTHIST 299 Ad Hoc:**

1-6 cr. Undergraduate.

Course created expressly for offering in a specified enrollment period.

Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.

**Prerequisites:** none; add'l prereqs may be assigned to specific topic.

**Course Rules:** May be retaken w/chg in topic.

**Last Taught:** Fall 1997, Spring 1997, Fall 1995, Spring 1995.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARTHIST 307 Film Directors:**

3 cr. Undergraduate/Graduate.

Comprehensive analysis of the technique, style, and themes of specific major film artists. Biographical, cultural, artistic influences on artists' work.

**Prerequisites:** jr st; ArtHist 205(R) or 305(R).

**Course Rules:** May be retaken w/chg in topic to 9 cr max. ArtHist 307 & FilmStd 307 are jointly offered; w/same topic they count as repeats of one another.

**Last Taught:** Fall 2016, Spring 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARTHIST 307G Film Directors:**

3 cr. Undergraduate/Graduate.

Comprehensive analysis of the technique, style, and themes of specific major film artists. Biographical, cultural, artistic influences on artists' work.

**Prerequisites:** jr st; ArtHist 205(R) or 305(R).

**Course Rules:** May be retaken w/chg in topic to 9 cr max. ArtHist 307 & FilmStd 307 are jointly offered; w/same topic they count as repeats of one another.

**Last Taught:** Fall 2016, Spring 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARTHIST 308 Film Styles:**

3 cr. Undergraduate/Graduate.

A stylistic analysis of film of major filmmakers made within the structures of particular genres, such as gangsters, musicals, westerns, horror, science fiction and studios.

**Prerequisites:** jr st.

**Course Rules:** May be retaken w/chg in topic to 9 cr max. ArtHist 308 & FilmStd 308 are jointly offered; w/same topic they count as repeats of one another.

**Last Taught:** Fall 2014, Spring 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARTHIST 308G Film Styles:**

3 cr. Undergraduate/Graduate.

A stylistic analysis of film of major filmmakers made within the structures of particular genres, such as gangsters, musicals, westerns, horror, science fiction and studios.

**Prerequisites:** jr st.

**Course Rules:** May be retaken w/chg in topic to 9 cr max. ArtHist 308 & FilmStd 308 are jointly offered; w/same topic they count as repeats of one another.

**Last Taught:** Fall 2014, Spring 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARTHIST 312 Minoan and Mycenaean Art and Archaeology**

3 cr. Undergraduate/Graduate.

Architecture, sculpture, and painting in the Aegean during the Bronze Age, with emphasis on recent archaeological discoveries.

**Prerequisites:** jr st.

**Last Taught:** Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARTHIST 312G Minoan and Mycenaean Art and Archaeology**

3 cr. Undergraduate/Graduate.

Architecture, sculpture, and painting in the Aegean during the Bronze Age, with emphasis on recent archaeological discoveries.

**Prerequisites:** jr st.

**Last Taught:** Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARTHIST 313 Greek Art and Archaeology**

3 cr. Undergraduate/Graduate.

Major developments in Greek art from Archaic times through the Hellenistic period. Emphasis on architecture, sculpture, and painting of the Archaic and Classical periods.

**Prerequisites:** jr st.

**Last Taught:** Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARTHIST 313G Greek Art and Archaeology**

3 cr. Undergraduate/Graduate.

Major developments in Greek art from Archaic times through the Hellenistic period. Emphasis on architecture, sculpture, and painting of the Archaic and Classical periods.

**Prerequisites:** jr st.

**Last Taught:** Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARTHIST 314 Art and Archaeology of the Ancient Near East**

3 cr. Undergraduate/Graduate.

Ur, Gilgamesh, Mesopotamia; the art and archaeology of the first cities in the ancient Near East from the Neolithic to Alexander the Great's conquest.

**Prerequisites:** jr st; ArtHist 101(P).

**Course Rules:** Counts as repeat of ArtHist 499 w/same topic.

**Last Taught:** Spring 2023, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ARTHIST 314G Art and Archaeology of the Ancient Near East**

3 cr. Undergraduate/Graduate.

Ur, Gilgamesh, Mesopotamia; the art and archaeology of the first cities in the ancient Near East from the Neolithic to Alexander the Great's conquest.

0 cr. Graduate.

Available for graduate students who must meet minimum credit load requirement.

**Prerequisites:** graduate standing.**Course Rules:** Fee for 1 cr assessed; unit does not count towards credit load for Fin Aid. Repeatable. Satisfactory/Unsatisfactory only.**Last Taught:** Fall 2021, Fall 2020, Spring 2018, Fall 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARTHIST 890 Independent Field Study**

1-3 cr. Graduate.

Independent research in local archives, on local monuments, or on archaeological expeditions.

**Prerequisites:** grad st; cons instr.**Last Taught:** Spring 2020, Spring 2016, Fall 2012, Spring 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARTHIST 891 Art Museum Internship**

3 cr. Graduate.

Supervised practical experience in local art museums arranged on individual basis. Introduction to curatorial and/or administrative duties; 'hands on' treatment of works of art.

**Prerequisites:** grad st; at least 6 cr in ArtHist at grad level & cons internship coord.**Course Rules:** Retakable to 6 cr max.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARTHIST 901 Problems in Art History:**

3 cr. Graduate.

Selected problems in art historical scholarship. Students will research scholarly problems in depth and present the results in both oral and written form. Specific topic and any additional prerequisites will be announced in the schedule of classes each time the course is offered.

**Prerequisites:** grad st; one 700-level colloquium in ArtHist & cons instr.**Course Rules:** Retakable w/chg in topic to 9 cr max.**Last Taught:** Fall 2005, Spring 2005, Spring 2004, Spring 2003.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARTHIST 990 Thesis Research**

3-6 cr. Graduate.

**Prerequisites:** grad st & writ cons grad advisor or instr.**Course Rules:** Retakable to 6 cr max.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARTHIST 991 Thesis Exhibition**

3-6 cr. Graduate.

Organization and installation of an art exhibition.

**Prerequisites:** grad st; ArtHist 700(P); writ cons grad advisor or instr.**Course Rules:** Retakable to 6 cr max.**Last Taught:** Spring 2023, Fall 2022, Spring 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ARTHIST 999 Reading and Research**

1-3 cr. Graduate.

Advanced independent research. For information, consult department chair.

**Prerequisites:** grad st; cons instr.**Last Taught:** Spring 2023, Spring 2022, Spring 2020, Summer 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## Astronomy (ASTRON)

**ASTRON 103 Survey of Astronomy**

3 cr. Undergraduate.

History of astronomy; planets; stellar evolution, nucleosynthesis; death of stars: white dwarfs, neutron stars, black holes; galaxies and quasars; expansion of the universe, dark matter; the big bang.

**Prerequisites:** math placement level 10.**General Education Requirements:** NS**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ASTRON 104 Astronomy Laboratory**

1 cr. Undergraduate.

Observations of planets, stars, stellar clusters, and galaxies; related experiments. Correlated with Astron 103.

**Prerequisites:** Astron 103(C) or Astron 211(C).**General Education Requirements:** NS+**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ASTRON 175 Cosmic Origins**

3 cr. Undergraduate.

The Big Bang and early universe, stars and star formation, formation of the solar system; geologic and climate history of Earth and the origin and evolution of life; exoplanets and searches for extraterrestrial life.

**Prerequisites:** math placement level 10.

**General Education Requirements:** NS

**Last Taught:** Fall 2023, Fall 1995, Fall 1993, Fall 1992.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ASTRON 185 Astronomy for Pre-Education Majors**

3 cr. Undergraduate.

Space: how we know and what we know; the solar system, stars, galaxies, and the universe. 2 hrs lec, lab.

**Prerequisites:** none.

**General Education Requirements:** NS+

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ASTRON 194 First-Year Seminar.**

3 cr. Undergraduate.

Specific topics are announced in the Schedule of Classes each time the class is offered.

**Prerequisites:** none.

**Course Rules:** Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).

**General Education Requirements:** NS

**Last Taught:** Spring 2006, Fall 2001, Spring 2001, Fall 2000.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ASTRON 199 Independent Study**

1-3 cr. Undergraduate.

For further information, consult dept chair.

**Prerequisites:** 2.0 GPA; consent of instructor, department chair, and Assistant Dean for Student Academic Services.

**Course Rules:** May be retaken to 6 cr max.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ASTRON 211 Principles of Astronomy**

3 cr. Undergraduate.

Light and matter; planets; stellar evolution, nucleosynthesis; death of stars; white dwarfs, neutron stars, black holes; galaxies, quasars; expansion of universe, dark matter; big bang.

**Prerequisites:** Physics 120(P) or 209(P) or cons instr.

**General Education Requirements:** NS

**Last Taught:** Fall 2023, Fall 2021, Fall 2019, Fall 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ASTRON 289 Internship in Astronomy, Lower Division**

1-6 cr. Undergraduate.

Application of basic principles of astronomy in a research, business, organizational, educational, political, or other appropriate setting.

**Prerequisites:** intro course in astron; 2.25 gpa; cons supervising faculty member.

**Course Rules:** One cr earned for academic work based on 40 hours in internship. May be retaken to 6 cr max.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ASTRON 299 Ad Hoc:**

1-6 cr. Undergraduate.

Course created expressly for offering in a specified enrollment period.

Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem. May be retaken w/chg in topic.

**Prerequisites:** none; add'l prereqs may be assigned to specific topic.

**Last Taught:** Fall 2007.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ASTRON 400 Astrophysics I**

3 cr. Undergraduate.

Introductory astrophysics for students with junior-/senior-level background in mathematics and physics. Light and matter; stars and the sun; extrasolar planets; compact objects.

**Prerequisites:** Astron 103(P) or 211(P) or cons instr; Physics 309(P); Physics 317(R) recom.

**Last Taught:** Fall 2022, Fall 2020, Fall 2018, Fall 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ASTRON 401 Astrophysics II**

3 cr. Undergraduate.

Continuation of Astron 400; for students with junior-/senior-level background in mathematics and physics. The Milky Way Galaxy; galactic evolution; structure of the Universe; cosmology.

**Prerequisites:** Astron 400(300)(P).

**Last Taught:** Spring 2023, Spring 2021, Spring 2019, Spring 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ASTRON 489 Internship in Astronomy, Upper Division**

1-6 cr. Undergraduate.

Application of advanced principles of astronomy in a research, business, organizational, educational, political, or other appropriate setting.

**Prerequisites:** jr st; 300-level or above course in astron; 2.25 gpa; cons supervising faculty member.

**Course Rules:** One cr earned for academic work based on 40 hours in internship. May be retaken to 6 cr max.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ASTRON 499 Ad Hoc:**

1-6 cr. Undergraduate.

Course created expressly for offering in a specified enrollment period.

Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.

**Prerequisites:** jr st; add'l prereqs may be assigned to specific topic.

**Course Rules:** May be retaken w/chg in topic.

**Last Taught:** Spring 2006.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## Athletic Training (ATRAIN)

**ATRAIN 296 Undergraduate Research**

1-3 cr. Undergraduate.

Undergraduate research under the direction of Faculty in the Athletic Training Program.

**Prerequisites:** consent of instructor.

**Course Rules:** Repeatable to 6 cr max.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 599 Independent Study I**

1-6 cr. Undergraduate/Graduate.

Advanced undergraduate or beginning graduate independent study in Athletic Training.

**Prerequisites:** junior standing or graduate standing, and consent of instructor.

**Course Rules:** Repeatable to 9 cr max.

**Last Taught:** Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 599G Independent Study I**

1-6 cr. Undergraduate/Graduate.

Advanced undergraduate or beginning graduate independent study in Athletic Training.

**Prerequisites:** junior standing or graduate standing, and consent of instructor.

**Course Rules:** Repeatable to 9 cr max.

**Last Taught:** Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 701 Athletic Training Foundational Skills**

1 cr. Graduate.

Use and application of taping, wrapping, bracing, and splinting procedures for the prevention and treatment of musculoskeletal injuries.

**Prerequisites:** graduate standing and MSAT student in good standing; or consent of instructor.

**Course Rules:** Previously PRPP 701.

**Last Taught:** Summer 2023, Summer 2022, Summer 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 702 Ethics in Healthcare**

1 cr. Graduate.

Ethical theory and morality with application to healthcare professions.

**Prerequisites:** graduate standing and MSAT student in good standing; or consent of instructor.

**Course Rules:** Previously PRPP 702.

**Last Taught:** Fall 2022, Fall 2021, Fall 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 703 Foundations of Interprofessional Practice**

1 cr. Graduate.

Introductory knowledge of interprofessional teamwork of health care professionals within the health care system.

**Prerequisites:** graduate standing; good standing in MSAT or DPT program; or consent of instructor.

**Course Rules:** Previously PRPP 703. ATRIN 703 and PT 760 are jointly offered and count as repeats of one another.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 704 Professionalism and Leadership in Healthcare**

1 cr. Graduate.

Advanced application of professionalism and leadership skills and behaviors with a focus on transition to independent practice.

**Prerequisites:** graduate standing and MSAT student in good standing; or consent of instructor.

**Course Rules:** Previously PRPP 704.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 705 Athletic Training Practice Based Research I**

2 cr. Graduate.

Research methodology course with emphasis on the use of clinical research to determine best practice.

**Prerequisites:** good standing in MSAT program; or consent of instructor.

**Course Rules:** Previously PRPP 705.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 706 Athletic Training Practice Based Research II**

1 cr. Graduate.

Applications of case based and point-of-care research in athletic training.

**Prerequisites:** graduate standing and good standing in MSAT; or consent of instructor.

**Course Rules:** Repeatable to 2 cr max.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 708 Clinical Gait Analysis**

2 cr. Graduate.

Instrumented and observational gait analysis techniques and discussion of the theoretical background of normal and abnormal gait with application to clinical examples.

**Prerequisites:** graduate standing; good standing in MSAT or DPT program; or consent of instructor.

**Course Rules:** Previously PRPP 708.

**Last Taught:** Summer 2023, Summer 2022, Summer 2021, Summer 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 710 Prevention & Care of Emergent Medical Conditions in Athletic Training**

4 cr. Graduate.

Introduction to athletic training knowledge and skills to prevent and manage medical emergencies.

**Prerequisites:** graduate standing; good standing in MSAT or DPT program; or consent of instructor.

**Course Rules:** Previously PRPP 710.

**Last Taught:** Summer 2023, Summer 2022, Summer 2021, Summer 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 723 Physiological Regulation in Exertion & Disease**

3 cr. Graduate.

Overview of the physiological basis of activity.

**Prerequisites:** graduate standing and good standing in DPT program or consent of instructor.

**Course Rules:** ATRIN 723 and PT 723 are jointly offered and count as repeats of one another. Previously PRPP 736.

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 725 Gross Anatomical Kinesiology**

3-4 cr. Graduate.

Anatomical analysis of human body function, including cadaver dissection.

**Prerequisites:** graduate standing; good standing in the MSOT, MSAT, or MS Kinesiology program; or consent of instructor.

**Course Rules:** Previously PRPP 725.

**Last Taught:** Fall 2023, Summer 2023, Fall 2022, Summer 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRAIN 726 Pathoetiology of Musculoskeletal Injury**

1 cr. Graduate.

Examination of tissue structure, biomechanics, injury, pathology and healing.

**Prerequisites:** good standing in DPT or MSAT program; or graduate student status and consent of instructor.

**Course Rules:** Counts as repeat of KIN 590 with similar title. Previously ATRAIN 521 and PRPP 521.

**Last Taught:** Summer 2023, Summer 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRAIN 744 Organizational Competencies in Athletic Training**

3 cr. Graduate.

Practice of management skills in athletic training consistent with practice in the U.S. health care system and current practice environments.

**Prerequisites:** graduate standing and MSAT student in good standing; or consent of instructor.

**Course Rules:** Previously PRPP 744.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRAIN 745 Administrative Management in Athletic Training**

2 cr. Graduate.

Leadership and management topics in athletic training.

**Prerequisites:** graduate standing and good standing in MSAT program.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRAIN 747 Clinical Exam and Diagnosis of the Lower Extremity in Athletic Training**

3 cr. Graduate.

Knowledge and skills to examine, treat, prevent, and rehabilitate activity-related injuries and pathologies of the lower extremity.

**Prerequisites:** graduate standing; good standing in MSAT program; or consent of instructor.

**Course Rules:** Previously PRPP 747.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRAIN 748 Clinical Exam and Diagnosis of the Head and Spine in Athletic Training**

3 cr. Graduate.

Knowledge and skills to examine, treat, prevent, and rehabilitate activity-related injuries and pathologies of the head, spine and pelvis.

**Prerequisites:** graduate standing; good standing in MSAT program; or consent of instructor.

**Course Rules:** Previously PRPP 748.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRAIN 749 Clinical Exam and Diagnosis of Upper Extremity in Athletic Training**

3 cr. Graduate.

Knowledge and skills to examine, treat, prevent, and rehabilitate activity-related injury and pathology of the upper extremity.

**Prerequisites:** graduate standing; good standing in MSAT program; or consent of instructor.

**Course Rules:** Previously PRPP 749.

**Last Taught:** Summer 2023, Summer 2022, Summer 2021, Summer 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRAIN 753 Medical Physiology II**

3 cr. Graduate.

Pathologies and pharmacologic agents related to rehabilitation in physical therapy practice and/or athletic training setting.

**Prerequisites:** graduate standing; good standing in MSAT or DPT program; or consent of instructor.

**Course Rules:** Previously PRPP 753. ATRAIN 753 and PT 722 are jointly offered and count as repeats of one another.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRAIN 754 Clinical Exam and Diagnosis of Medical Conditions in Athletic Training**

1 cr. Graduate.

Knowledge and skills to examine, treat, and refer general medical conditions common in physically active individuals.

**Prerequisites:** graduate standing; good standing in MSAT program; or consent of instructor.

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRAIN 757 Foundations of Therapeutic Interventions in Athletic Training**

3 cr. Graduate.

Knowledge, skill and science of injury prevention, rehabilitation, and performance in sport and physical activity; focused on the lower extremity.

**Prerequisites:** graduate standing; good standing in MSAT or DPT program; or consent of instructor.

**Course Rules:** Previously PRPP 757.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRAIN 758 Physical Agents**

2 cr. Graduate.

The physiological basis, scientific rationale for, and clinical application of thermal, electrophysiology/electrotherapy and electromagnetic physical agents.

**Prerequisites:** graduate standing; good standing in MSAT or DPT program; or consent of instructor.

**Course Rules:** Previously PRPP 758. ATRAIN 758 and PT 704 are jointly offered and count as repeats of one another.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRAIN 759 Advanced Therapeutic Interventions**

3 cr. Graduate.

Knowledge, skill and science of injury prevention, rehabilitation, and performance in sport and physical activity; focused on the upper extremity along with advanced rehabilitation techniques.

**Prerequisites:** graduate standing and good standing in MSAT; or consent of instructor.

**Course Rules:** Previously PRPP 759.

**Last Taught:** Summer 2023, Summer 2022, Summer 2021, Summer 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 785 Clinical Education in Athletic Training: I**

1 cr. Graduate.

Introductory field practicum experience with an emphasis on application of clinical skills and behaviors related to prevention and care of emergent medical conditions.

**Prerequisites:** graduate standing; good standing in MSAT program.

**Course Rules:** Previously PRPP 785.

**Last Taught:** Summer 2023, Summer 2022, Summer 2021, Summer 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 786 Clinical Education in Athletic Training: II**

2 cr. Graduate.

Intermediate field practicum experience with an emphasis on application of clinical skills and behaviors related to examination and treatment of injury and pathology of the lower extremity.

**Prerequisites:** graduate standing; good standing in MSAT program.

**Course Rules:** Previously PRPP 786.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 787 Clinical Education in Athletic Training: III**

2 cr. Graduate.

Intermediate field practicum experience with an emphasis on application of clinical skills and behaviors related to examination and treatment of injury and pathology of the head, spine, and pelvis.

**Prerequisites:** graduate standing; good standing in MSAT program.

**Course Rules:** Previously PRPP 787.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 788 Clinical Education in Athletic Training: IV**

2 cr. Graduate.

Advanced field practicum experience with an emphasis on application of clinical skills and behaviors related to examination and treatment of musculoskeletal injuries to the upper extremity.

**Prerequisites:** graduate standing and good standing in MSAT program.

**Course Rules:** Previously PRPP 788.

**Last Taught:** Summer 2023, Summer 2022, Summer 2021, Summer 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 790 Advanced Topics in Athletic Training**

1-3 cr. Graduate.

Specific topic is announced in the Schedule of Classes each semester the course is offered.

**Prerequisites:** graduate standing; good standing in MSAT program; or consent of instructor.

**Course Rules:** May be retaken with change in topic to max of 9 cr.

**Last Taught:** Summer 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 799 Independent Study II**

1-6 cr. Graduate.

Intermediate level independent study under the direction of Athletic Training faculty.

**Prerequisites:** graduate standing.

**Course Rules:** Repeatable to 9 cr max.

**Last Taught:** Spring 2023, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 800 Athletic Training Board of Certification Exam Preparation**

2 cr. Graduate.

Provides athletic training students with a systematic roadmap for independent preparation for the Board of Certification for the Athletic Trainer Exam (BOC Exam).

**Prerequisites:** graduate standing and good standing in MSAT program; or special student and consent of instructor.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 883 Capstone Clinical Education in Athletic Training**

6 cr. Graduate.

Capstone field practicum experience with an emphasis on application of clinical skills and behaviors related to athletic training practice.

**Prerequisites:** graduate standing; good standing in MSAT program.

**Course Rules:** Must be taken twice for a total of 12 cr. Previously PRPP 883.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 888 Candidate for Degree**

0 cr. Graduate.

Available for students who have completed all credit requirements and who need to enroll to complete other graduation requirements.

**Prerequisites:** graduate standing.

**Course Rules:** Fee for 1 cr assessed; unit does not count towards credit load for Fin Aid. Repeatable. Satisfactory/Unsatisfactory only.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 890 Research and Thesis**

1-6 cr. Graduate.

Production of a thesis under the supervision of the student's major professor with the consultation of the degree committee.

**Prerequisites:** graduate standing and consent of instructor.

**Course Rules:** Repeatable to 9 cr max.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 895 Capstone**

1-6 cr. Graduate.

Production of a capstone project the supervision of the student's major professor.

**Prerequisites:** graduate standing and consent of instructor.

**Course Rules:** Repeatable to 6 cr max. Satisfactory/Unsatisfactory only.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 900 Teaching, Learning and Educational Leadership in the Health Sciences**

3 cr. Graduate.

Overview of higher education in the health sciences and the responsibilities of the professoriate in fulfilling the missions of research, teaching, and service.

**Prerequisites:** graduate standing.

**Course Rules:** ATRIN 900, OCCTHPY 900, PRPP 900, and PT 900 are jointly offered and count as repeats of one another.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRIN 901 Seminar in Athletic Training**

1-3 cr. Graduate.

Scholarly discussion forum for graduate students, moderated by program faculty.

**Prerequisites:** graduate standing or consent of instructor.

**Course Rules:** Repeatable to 9 cr max.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRAIN 909 Guided Teaching Experience in Health Sciences**

3 cr. Graduate.

This course provides the student, under the supervision of a faculty member, with the opportunity to design, deliver, and evaluate an undergraduate course.

**Prerequisites:** graduate standing, one of the following: ATRAIN 900(P), OCCTHPY 900(P), PRPP 900(P), or PT 900(P), and consent of instructor.

**Course Rules:** Satisfactory/Unsatisfactory only. ATRAIN 909, BMS 909, COMSDIS 909, HCA 909, KIN 909, OCCTHPY 909, PT 909, and PRPP 909 are jointly offered and count as repeats of one another.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRAIN 990 Research and Dissertation**

1-12 cr. Graduate.

Production of a dissertation under the supervision of the student's major professor with the consultation of the degree committee.

**Prerequisites:** graduate standing and consent of instructor.

**Course Rules:** Repeatable to 18 cr max. Satisfactory/Unsatisfactory only.

**Last Taught:** Spring 2023, Fall 2022, Summer 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATRAIN 999 Advanced Independent Study**

1-6 cr. Graduate.

Advanced graduate level independent study.

**Prerequisites:** graduate standing or consent of instructor.

**Course Rules:** Retakable to 9 cr max.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## Atmospheric Sciences (ATM SCI)

**ATM SCI 100 Survey of Meteorology**

3 cr. Undergraduate.

Concepts and principles of meteorology; cyclones, fronts, thunderstorms, tornadoes, air pollution, and climate. Interpretation of weather maps, charts, and forecasts. 2 hrs lec, 2 hrs lab-dis.

**Prerequisites:** none.

**Course Rules:** Counts as repeat of 3 cr ATM SCI 100 taken for 4 cr.

**General Education Requirements:** NS+

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 101 Preparing for a Career in Atmospheric Science**

1 cr. Undergraduate.

Provides students with an introduction to student success strategies and campus support services, an understanding of the atmospheric science major's academic requirements, and an opportunity to explore careers, internships, and scholarships in the atmospheric sciences.

**Prerequisites:** none.

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 109 Thunderstorms, Tornadoes and Hurricanes**

3 cr. Undergraduate.

The study of basic processes that lead to dry and moist convection. Characteristic atmospheric structure and cloud microphysical processes that produce thunderstorms, tornadoes and hurricanes.

**Prerequisites:** none.

**General Education Requirements:** NS

**Last Taught:** UWinteriM 2024, Fall 2023, Summer 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 110 The Origin, Composition, and Structure of the Planetary Atmospheres**

3 cr. Undergraduate.

Origin of the solar system, its planets, and planetary atmospheres.

**Prerequisites:** none.

**General Education Requirements:** NS

**Last Taught:** Fall 2023, Fall 2022, Spring 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 194 First-Year Seminar**

3 cr. Undergraduate.

Specific topics are announced in the Schedule of Classes each time the class is offered.

**Prerequisites:** none.

**Course Rules:** Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).

**General Education Requirements:** NS

**Last Taught:** Spring 2019, Fall 2016, Fall 2014, Fall 2012.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 199 Independent Study**

1-3 cr. Undergraduate.

For further information, consult dept chair.

**Prerequisites:** 2.0 GPA; consent of instructor, department chair, and Assistant Dean for Student Academic Services.

**Course Rules:** May be retaken to 6 cr max.

**Last Taught:** Spring 2023, Fall 2013, Spring 2013, Spring 2006.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 240 Introduction to Meteorology**

4 cr. Undergraduate.

Quantitative approach to understanding fundamental concepts in meteorology. Radiation, heat balance of the atmosphere, thermodynamics, horizontal motion, general circulation, atmospheric observations, clouds, weather map analysis.

**Prerequisites:** concurrent enrollment in or previous completion of PHYSICS 209, PHYSICS 214, and MATH 232.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 250 Introduction to Climate Science**

4 cr. Undergraduate.

Fundamentals of climate system's inner workings and analysis methods. Climate subsystems and feedbacks, energy balance of the Earth, climates of the past, global warming, internal variability and predictability of climate, dynamical climate models, statistical approaches.

**Prerequisites:** PHYSICS 120(P), or PHYSICS 209(P) and PHYSICS 214(P); COMPSCI 202(P); and MATH 213(P), MATH 221(P), or MATH 231(P); or consent of instructor.

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 289 Internship in Atmospheric Sciences, Lower Division**

1-6 cr. Undergraduate.

Application of basic knowledge of Atmospheric Sciences in business, organizational, educational, political or other appropriate setting.

**Prerequisites:** soph st.; 2.50 gpa; cons supervising faculty member.

**Course Rules:** One cr earned for academic work based on 40 hrs in internship. May be retaken to 6 cr max.

**Last Taught:** Spring 2015, Fall 2013, Fall 2012, Fall 2011.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 297 Study Abroad:**

1-12 cr. Undergraduate.

Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared course work.

**Prerequisites:** acceptance for Study Abroad Program.

**Course Rules:** May be retaken with change in topic.

**General Education Requirements:** NS

**Last Taught:** UWinterIM 2019, UWinterIM 2018, UWinterIM 2015, UWinterIM 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 299 Ad Hoc:**

1-6 cr. Undergraduate.

Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.

**Prerequisites:** none; add'l prereqs may be assigned to specific topic.

**Course Rules:** May be retaken w/chg in topic.

**Last Taught:** Spring 2019, Fall 2013, Fall 1994, Fall 1992.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 330 Air-Pollution Meteorology**

3 cr. Undergraduate/Graduate.

Pollutant sources and sinks, fundamental pollutant chemistry, monitoring techniques, averaging boundary layers and turbulence, diffusion theories, diffusion models, regional and global-scale pollution problems.

**Prerequisites:** ATM SCI 240(P); CHEM 102(P); statistics course recommended.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 330G Air-Pollution Meteorology**

3 cr. Undergraduate/Graduate.

Pollutant sources and sinks, fundamental pollutant chemistry, monitoring techniques, averaging boundary layers and turbulence, diffusion theories, diffusion models, regional and global-scale pollution problems.

**Prerequisites:** ATM SCI 240(P); CHEM 102(P); statistics course recommended.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 350 Atmospheric Thermodynamics**

3 cr. Undergraduate/Graduate.

Radiant energy, sensible heat, and atmospheric thermodynamics; the gas laws; hydrostatic and psychrometric equations; dry and moist convection; clouds and their physical and energy relations. Optional field exercise.

**Prerequisites:** junior standing; MATH 232(P); ATM SCI 240(P).

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 350G Atmospheric Thermodynamics**

3 cr. Undergraduate/Graduate.

Radiant energy, sensible heat, and atmospheric thermodynamics; the gas laws; hydrostatic and psychrometric equations; dry and moist convection; clouds and their physical and energy relations. Optional field exercise.

**Prerequisites:** junior standing; MATH 232(P); ATM SCI 240(P).

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 351 Dynamic Meteorology I**

3 cr. Undergraduate/Graduate.

The role of dynamics in atmospheric physics; equations of motion; symmetric circulation models; gravity waves; Rossby waves, quasi-geostrophy; introduction to instability of atmospheric flows.

**Prerequisites:** junior standing; ATM SCI 240(P); MATH 233(P).

**Last Taught:** Fall 2022, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 351G Dynamic Meteorology I**

3 cr. Undergraduate/Graduate.

The role of dynamics in atmospheric physics; equations of motion; symmetric circulation models; gravity waves; Rossby waves, quasi-geostrophy; introduction to instability of atmospheric flows.

**Prerequisites:** junior standing; ATM SCI 240(P); MATH 233(P).

**Last Taught:** Fall 2022, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 352 Dynamic Meteorology II**

3 cr. Undergraduate/Graduate.

Circulation, vorticity, potential vorticity; shallow water equations: Poincare, Kelvin, and Rossby waves, energy and enstrophy; quasi-geostrophy for a stratified atmosphere; barotropic and baroclinic instability.

**Prerequisites:** junior standing; ATM SCI 351(P); MATH 234(P).

**Last Taught:** Spring 2023, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 352G Dynamic Meteorology II**

3 cr. Undergraduate/Graduate.

Circulation, vorticity, potential vorticity; shallow water equations: Poincare, Kelvin, and Rossby waves, energy and enstrophy; quasi-geostrophy for a stratified atmosphere; barotropic and baroclinic instability.

**Prerequisites:** junior standing; ATM SCI 351(P); MATH 234(P).

**Last Taught:** Spring 2023, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 360 Synoptic Meteorology I**

4 cr. Undergraduate/Graduate.

Fundamental principles; synoptic-scale structure and dynamics; equivalent barotropic model; vertical motions; introduction to and application of quasi-geostrophic theory.

**Prerequisites:** junior standing; MATH 232(P); ATM SCI 240(P).

**Last Taught:** Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 360G Synoptic Meteorology I**

4 cr. Undergraduate/Graduate.

Fundamental principles; synoptic-scale structure and dynamics; equivalent barotropic model; vertical motions; introduction to and application of quasi-geostrophic theory.

**Prerequisites:** junior standing; MATH 232(P); ATM SCI 240(P).

**Last Taught:** Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 361 Synoptic Meteorology II**

4 cr. Undergraduate/Graduate.

Extension of quasi-geostrophic theory to Q-vectors; isentropic potential vorticity applied to mid-latitude weather systems; fronts and jets.

**Prerequisites:** junior standing; ATM SCI 360(P).

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 361G Synoptic Meteorology II**

4 cr. Undergraduate/Graduate.

Extension of quasi-geostrophic theory to Q-vectors; isentropic potential vorticity applied to mid-latitude weather systems; fronts and jets.

**Prerequisites:** junior standing; ATM SCI 360(P).

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 381 Honors Seminar:**

3 cr. Undergraduate.

Selected topics.

**Prerequisites:** sophomore standing; HONORS 200(P); consent of Honors College director.

**Course Rules:** May be retaken with change in topic to 9 cr max.

**General Education Requirements:** NS

**Last Taught:** Fall 2023, Spring 2020, Fall 2018, Spring 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 460 Mesoscale Circulations**

3 cr. Undergraduate/Graduate.

Theory, analysis and forecasting of mesoscale flows, including convective systems, polar lows, terrain and surface-forced flows, jet streams and hurricanes.

**Prerequisites:** junior standing; ATM SCI 360(R) or consent of instructor.

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 460G Mesoscale Circulations**

3 cr. Undergraduate/Graduate.

Theory, analysis and forecasting of mesoscale flows, including convective systems, polar lows, terrain and surface-forced flows, jet streams and hurricanes.

**Prerequisites:** junior standing; ATM SCI 360(R) or consent of instructor.

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 464 Physical Meteorology: Cloud Physics**

3 cr. Undergraduate/Graduate.

Formation of cloud droplets, droplet growth by condensation, formation of ice crystals, precipitation processes, weather radars, cloud models.

**Prerequisites:** junior standing; PHYSICS 210(P); MATH 232(P);

ATM SCI 350(P).

**Last Taught:** Spring 2022, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 464G Physical Meteorology: Cloud Physics**

3 cr. Undergraduate/Graduate.

Formation of cloud droplets, droplet growth by condensation, formation of ice crystals, precipitation processes, weather radars, cloud models.

**Prerequisites:** junior standing; PHYSICS 210(P); MATH 232(P);

ATM SCI 350(P).

**Last Taught:** Spring 2022, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 470 Tropical Meteorology**

3 cr. Undergraduate/Graduate.

Dynamics and energetics of tropical circulations. Origins and evolution of equatorial disturbances and easterly waves. Structure and dynamics of tropical cyclones. Hurricane modeling and prediction.

**Prerequisites:** ATM SCI 351(P) or ATM SCI 360(P).

**Last Taught:** Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 470G Tropical Meteorology**

3 cr. Undergraduate/Graduate.

Dynamics and energetics of tropical circulations. Origins and evolution of equatorial disturbances and easterly waves. Structure and dynamics of tropical cyclones. Hurricane modeling and prediction.

**Prerequisites:** ATM SCI 351(P) or ATM SCI 360(P).

**Last Taught:** Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 480 The General Circulation and Climate Dynamics**

3 cr. Undergraduate/Graduate.

Historical overview, the zonally symmetric circulation, momentum, heat and water budgets, stationary waves, the El Nino Southern oscillation, global warming, interpentadal variability in the North Atlantic.

**Prerequisites:** junior standing; ATM SCI 351(P).

**Last Taught:** Fall 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 480G The General Circulation and Climate Dynamics**

3 cr. Undergraduate/Graduate.

Historical overview, the zonally symmetric circulation, momentum, heat and water budgets, stationary waves, the El Nino Southern oscillation, global warming, interpentadal variability in the North Atlantic.

**Prerequisites:** junior standing; ATM SCI 351(P).

**Last Taught:** Fall 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 497 Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared course work.

**Prerequisites:** junior standing and acceptance for Study Abroad Program.

**Course Rules:** May be retaken with in topic.

**General Education Requirements:** NS

**Last Taught:** UWinterIM 2024.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 497G Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared course work.

**Prerequisites:** junior standing and acceptance for Study Abroad Program.

**Course Rules:** May be retaken with in topic.

**General Education Requirements:** NS

**Last Taught:** UWinterIM 2024.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 499 Ad Hoc:**

1-6 cr. Undergraduate.

Course created expressly for offering in a specified enrollment period.

Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.

**Prerequisites:** jr st; add'l prereqs may be assigned to specific topic.

**Course Rules:** May be retaken w/chg in topic.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 500 Statistical Methods in Atmospheric Sciences**

3 cr. Undergraduate/Graduate.

Mathematical and statistical tools applicable to the investigation of atmospheric problems; the nature and treatment of atmospheric data.

**Prerequisites:** junior standing; ATM SCI 240(P) or ATM SCI 350(P), and MATH 232(P) or consent of instructor.**Last Taught:** Fall 2023, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ATM SCI 500G Statistical Methods in Atmospheric Sciences**

3 cr. Undergraduate/Graduate.

Mathematical and statistical tools applicable to the investigation of atmospheric problems; the nature and treatment of atmospheric data.

**Prerequisites:** junior standing; ATM SCI 240(P) or ATM SCI 350(P), and MATH 232(P) or consent of instructor.**Last Taught:** Fall 2023, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ATM SCI 505 Micrometeorology**

3 cr. Undergraduate/Graduate.

Surface energy budget; radiation balance and heat transfer; boundary-layer profiles of wind, temperature and moisture; turbulence and boundary-layer fluxes; evapotranspiration; special topics.

**Prerequisites:** junior standing; ATM SCI 240(P) and one of the following: ATM SCI 330(P), ATM SCI 350(P), ATM SCI 351(P), or ATM SCI 360(P).**Last Taught:** Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ATM SCI 505G Micrometeorology**

3 cr. Undergraduate/Graduate.

Surface energy budget; radiation balance and heat transfer; boundary-layer profiles of wind, temperature and moisture; turbulence and boundary-layer fluxes; evapotranspiration; special topics.

**Prerequisites:** junior standing; ATM SCI 240(P) and one of the following: ATM SCI 330(P), ATM SCI 350(P), ATM SCI 351(P), or ATM SCI 360(P).**Last Taught:** Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ATM SCI 511 Seminar in Atmospheric Radiation and Remote Sensing**

3 cr. Undergraduate/Graduate.

Basic laws of radiation, absorption and scattering, weather radar, retrieval of soundings, remote sensing and climate, weather satellites.

**Prerequisites:** junior standing; MATH 232(P); ATM SCI 350(P) and PHYSICS 210(P).**Last Taught:** Spring 2022, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ATM SCI 511G Seminar in Atmospheric Radiation and Remote Sensing**

3 cr. Undergraduate/Graduate.

Basic laws of radiation, absorption and scattering, weather radar, retrieval of soundings, remote sensing and climate, weather satellites.

**Prerequisites:** junior standing; MATH 232(P); ATM SCI 350(P) and PHYSICS 210(P).**Last Taught:** Spring 2022, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ATM SCI 599 Capstone Experience**

1 cr. Undergraduate.

Student writes a paper under supervision of an advisor on an approved topic not covered in the student's regular course work.

**Prerequisites:** senior standing and consent of instructor.**Course Rules:** May be retaken with change in topic to 2 cr max.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ATM SCI 600 Data Analytics**

3 cr. Undergraduate/Graduate.

overs techniques used to analyze data and test scientific hypotheses for both diagnostic/understanding and prognostic/prediction applications, particularly in the atmospheric and related sciences.

**Prerequisites:** junior standing, or graduate standing, or consent of instructor.**Course Rules:** Counts as repeat of ATM SCI 690 with same topic.**Last Taught:** Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ATM SCI 600G Data Analytics**

3 cr. Undergraduate/Graduate.

overs techniques used to analyze data and test scientific hypotheses for both diagnostic/understanding and prognostic/prediction applications, particularly in the atmospheric and related sciences.

**Prerequisites:** junior standing, or graduate standing, or consent of instructor.**Course Rules:** Counts as repeat of ATM SCI 690 with same topic.**Last Taught:** Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ATM SCI 690 Seminar in Atmospheric Sciences:**

1-3 cr. Undergraduate/Graduate.

Intensive topical studies of currently active problem areas.

**Prerequisites:** junior standing; consent of instructor.**Course Rules:** May be retaken with change in topic to 9 cr max. Satisfies L&S Seminar req.**Last Taught:** Fall 2018, Fall 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ATM SCI 690G Seminar in Atmospheric Sciences:**

1-3 cr. Undergraduate/Graduate.

Intensive topical studies of currently active problem areas.

**Prerequisites:** junior standing; consent of instructor.**Course Rules:** May be retaken with change in topic to 9 cr max. Satisfies L&S Seminar req.**Last Taught:** Fall 2018, Fall 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**ATM SCI 695 Internship in Atmospheric Sciences, Upper Division**

1-6 cr. Undergraduate.

Application of advanced principles of atmospheric sciences in a business, organizational, educational, political or other appropriate setting.

**Prerequisites:** jr st; 300-level or above course in atm sci; 3.0 gpa in the major; cons supervising faculty.**Course Rules:** One cr earned for 40 hrs work. May be retaken to 6 cr max.**Last Taught:** Fall 2019, Summer 2019, Fall 2017, Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 699 Advanced Independent Reading**

1-3 cr. Undergraduate.

Independent meteorological study.

**Prerequisites:** jr st, 2.0 GPA, consent of instructor, Department Chair, and Assistant Dean for Student Academic Services.

**Course Rules:** May be retaken with change in topic to 3 cr max.

**Last Taught:** Fall 2008, Spring 2007, Spring 2005, Spring 2004.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 700 Statistical Methods in Atmospheric Sciences II: Signal Detection**

3 cr. Graduate.

Fundamentals of signal detection in noisy multivariate space-time data sets; empirical orthogonal functions, singular value decomposition, maximum covariance analysis and canonical correlation analysis; Fourier analysis; singular and multivariate spectrum analysis.

**Prerequisites:** graduate standing in physical sciences or engineering.

**Course Rules:** Counts as a repeat of ATM SCI 950 with the same topic.

**Last Taught:** Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 705 Air Pollution Modeling**

3 cr. Graduate.

Computational techniques for determining surface fluxes of heat and momentum. Numerical methods for solving advection and diffusion problems; statistical diffusion modeling.

**Prerequisites:** graduate standing; consent of instructor.

**Last Taught:** Fall 2022, Fall 2020, Fall 2018, Fall 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 711 Cloud Dynamics**

3 cr. Graduate.

Atmospheric applications of turbulent flow theory. Nonprecipitating clouds: structure of individual cumulus clouds, stratocumulus and cumulus boundary layers. Precipitating clouds: thunderstorms, squall lines, hurricanes.

**Prerequisites:** graduate standing; consent of instructor.

**Last Taught:** Spring 2021, Spring 2019, Spring 2017, Spring 2015.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 730 Numerical Weather Prediction**

3 cr. Graduate.

Numerical methods for predicting atmospheric phenomena; numerical stability and dispersion; implicit and explicit damping methods; physical process parameterization; ensemble data assimilation techniques.

**Prerequisites:** graduate standing in physical sciences or engineering.

**Course Rules:** Counts as a repeat of ATM SCI 950 with the same topic.

**Last Taught:** Fall 2023, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 750 Nonlinear Time Series Analysis**

3 cr. Graduate.

Phase space reconstruction; singular spectrum analysis; prediction; dimension estimation; application of nonlinear time series analysis techniques to selected data sets.

**Prerequisites:** graduate standing; consent of instructor.

**Last Taught:** Fall 2013, Spring 2012, Spring 2010, Spring 2008.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 761 Advanced Synoptic/Mesoscale Meteorology**

3 cr. Graduate.

Advanced analysis techniques for synoptic/mesoscale diagnoses, case studies of relevant circulation systems; role of planetary, synoptic, and mesoscale flows in system development.

**Prerequisites:** graduate standing; consent of instructor.

**Last Taught:** Fall 2022, Fall 2019, Fall 2017, Fall 2015.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 888 Candidate for Degree**

0 cr. Graduate.

Available for graduate students who must meet minimum credit load requirement.

**Prerequisites:** graduate standing.

**Course Rules:** Fee for 1 cr assessed; unit does not count towards credit load for Fin Aid. Repeatable. Satisfactory/Unsatisfactory only.

**Last Taught:** Fall 2023, Summer 2023, Spring 2022, Summer 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 943 Seminar: Hydrology:**

3 cr. Graduate.

**Prerequisites:** graduate standing.

**Course Rules:** Retakable with change in topic to 9 cr max.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 950 Seminar on Topics in Atmospheric Sciences:**

3 cr. Graduate.

Selected topics in atmospheric dynamics, satellite meteorology, atmospheric & oceanic convection, air & water pollution, numerical prediction remote sensing, & others.

**Prerequisites:** graduate standing in physical sciences or engineering.

**Course Rules:** Retakable with change in topic to 9 cr max.

**Last Taught:** Spring 2020, Fall 2019, Spring 2018, Fall 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 990 Master's Thesis**

1-8 cr. Graduate.

**Prerequisites:** graduate standing; consent of instructor and completed thesis proposal.

**Course Rules:** Repeatable to 12 cr max.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 997 Doctoral Externship**

1-12 cr. Graduate.

Externship for students enrolled in the Atmospheric Science PhD program.

**Prerequisites:** graduate standing; admis to candidacy for the PhD.

**Course Rules:** Retakeable to 12 cr max.

**Last Taught:** Fall 2019, Spring 2019, Fall 2018, Fall 2010.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 998 Doctoral Dissertation**

1-12 cr. Graduate.

**Prerequisites:** graduate standing; admis to candidacy for PhD.

**Course Rules:** Repeatable.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**ATM SCI 999 Advanced Independent Reading**

1-12 cr. Graduate.

Independent meteorological study.

**Prerequisites:** graduate standing; consent of instructor.**Course Rules:** Retakable to 12 cr max.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## Biological Sciences (BIO SCI)

**BIO SCI 100 Survey of Zoology**

3 cr. Undergraduate.

Survey of the animal kingdom, with emphasis on the importance of animals to humans. Study of phyla as represented by types, classification, structure, and life histories. Introduction to cytology, genetics, evolution, and ornithology.

**Prerequisites:** none.**Course Rules:** 2 hrs lec, 2 hrs lab. Does not carry cr toward bio sci major.**General Education Requirements:** NS+**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 101 General Survey of Microbiology**

4 cr. Undergraduate.

The nature and activities of microorganisms, including surveys of bacteria, fungi, viruses, immunology, and disease applications. 3 hrs lec, 3 hrs lab.

**Prerequisites:** Chem 101(P) or 102(P).**Course Rules:** Intended primarily for nursing students. Does not carry cr toward bio sci major.**General Education Requirements:** NS+**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 102 Elements of Biology**

3 cr. Undergraduate.

Organization and function of living systems. 2 hrs lec, 2 hrs lab.

**Prerequisites:** none.**Course Rules:** Intended for non-majors; does not carry cr toward bio sci major.**General Education Requirements:** NS+**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 103 Topics in Modern Biology:**

3 cr. Undergraduate.

How biological factors, processes, and reactions affect living systems. Emphasis on current issues in biology such as genetic engineering, bioethics, and population concerns.

**Prerequisites:** none, except as may be required for specific topics.**Course Rules:** Intended for non-majors; does not carry cr toward bio sci major. May be retaken w/chg in topic to 9 cr max. Students w/cr in Bio Sci 226 or 250 may not take 103 w/those topics.**General Education Requirements:** NS**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 104 Plants in Today's World**

3 cr. Undergraduate.

Introduction to major plant groups; principles of structure and function, ecology, and gardening. 2 hrs lec, 2 hrs lab.

**Prerequisites:** none.**General Education Requirements:** NS+**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 150 Foundations of Biological Sciences I**

4 cr. Undergraduate.

Fundamental principles of biology (ecology, evolution, genetics, molecular and cell biology) integrated through evolutionary framework. First of two-course sequence for bio sci, other science majors. 3 hrs lec, 3 hrs lab.

Open to freshmen.

**Prerequisites:** Chem 100(P) or 102(P) or conc reg.**General Education Requirements:** NS+**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 152 Foundations of Biological Sciences II**

4 cr. Undergraduate.

Organismal diversity, emphasizing structural and functional relationships in microorganisms, plants, and animals.

**Prerequisites:** grade of C or better in BIO SCI 150(P).**Course Rules:** Second of a two-course sequence for Biological Sciences and other natural science majors. 3 hr lec, 3 hr lab.**General Education Requirements:** NS+**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 194 First-Year Seminar:**

3 cr. Undergraduate.

The specific topics are announced in the Schedule of Classes each time the class is offered.

**Prerequisites:** none.**Course Rules:** Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).**General Education Requirements:** NS**Last Taught:** Fall 2015, Fall 2014, Fall 2012, Fall 2009.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 201 Human Structure and Function**

3 cr. Undergraduate.

Brief introduction to human anatomy and physiology.

**Prerequisites:** Satisfaction of QL-A.**Course Rules:** 2 hrs lec; 3 hrs lab. No credit toward Bio Sci major. Does not substitute for BIO SCI 202 and BIO SCI 203 for Nursing or Health Science. No credit for students with credit in BIO SCI 202 or BIO SCI 203.**General Education Requirements:** NS+, QLB**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 202 Anatomy and Physiology I**

4 cr. Undergraduate.

Anatomy and physiology of the human body including cell, tissues, skeletal, muscular, and nervous systems. 3 hrs lec, 3 hrs lab.

**Prerequisites:** none.

**Course Rules:** Required of students in nursing, med tech & med rec admin. Cannot be combined with Bio Sci 150 & 203 for more than 9 cr toward the bio sci major.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 203 Anatomy and Physiology II**

4 cr. Undergraduate.

Anatomy and physiology of the human body including cardiovascular, respiratory, digestive, excretory, endocrine, and reproductive systems. 3 hrs lec, 3 hrs lab.

**Prerequisites:** C or better in either Bio Sci 202(P) or 315(P).

**Course Rules:** Cannot be combined with Bio Sci 150 & 202 for more than a total of 9 cr toward bio sci major. Cell & Molec Bio.

**General Education Requirements:** NS+

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 206 Biology of Women**

3 cr. Undergraduate.

An anatomical and physiological view of the human female life cycle with emphasis on women's health.

**Prerequisites:** course in biology.

**General Education Requirements:** NS

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 210 Introduction to Fermentation Biology**

3 cr. Undergraduate.

Principles and microbiology of fermentation in the production of food and beverages.

**Prerequisites:** none.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 289 Internship in Biological Sciences, Lower Division**

1-6 cr. Undergraduate.

Application of basic principles of biological sciences in a business, organizational, educational, political, or other appropriate setting.

**Prerequisites:** intro course in Bio Sci; 2.50 gpa; cons supervising faculty member.

**Course Rules:** Specific topics may satisfy major area req; consult dept. One cr earned for academic work based on 40 hrs in internship. May be retaken to 6 cr max; combined limit of 3 cr in Bio Sci 289 & 489 counts toward Bio Sci major.

**Last Taught:** Spring 2016, Fall 2015, Summer 2015, Fall 2010.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 290 Independent Study and Research:**

1-3 cr. Undergraduate.

Directed library or laboratory/field research in biological sciences.

**Prerequisites:** 2.5 gpa; writ cons instr, dept chair, & asst dean for SAS.

**Course Rules:** Specific topics may satisfy major area req; consult dept. May be retaken to 6 cr max. Does not count as a Bio Sci lab course.

**Last Taught:** Spring 2020, Fall 2019, Summer 2019, Fall 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 296 UROP Apprenticeship**

1-3 cr. Undergraduate.

Undergraduate research participation in a project developed with a supervising member of the faculty or staff. One credit for 45 hrs research.

**Prerequisites:** acceptance to UROP; prior or conc reg in UROP seminar.

**Course Rules:** May be retaken to 9 cr max in any combination of UROP Apprenticeship courses. Not open to jrs and srs.

**Last Taught:** Spring 2019, Spring 2016, Spring 2014, Fall 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 297 Study Abroad:**

1-12 cr. Undergraduate.

Designed to enroll students in UWM-sponsored program before course work level, content, and credits are determined and/or in specially-prepared program course work.

**Prerequisites:** acceptance for Study Abroad Program.

**Course Rules:** May be retaken with change in topic.

**Last Taught:** Fall 2013, Spring 2013, Fall 2012, Spring 2012.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 299 Ad Hoc:**

1-6 cr. Undergraduate.

Course created expressly for offering in a specified enrollment period.

Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.

**Prerequisites:** none; add'l prereqs may be assigned to specific topic.

**Course Rules:** Specific topics may satisfy major area req; consult dept.

May be retaken w/chg in topic.

**Last Taught:** UWinterIM 2012, Spring 2003, Fall 2000, Fall 1995.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 310 General Ecology**

4 cr. Undergraduate.

Complex interrelationships between organisms and their environment.

Physiological and behavioral adaptations, populations, biotic communities, ecosystems. 3 hrs lec, 3 hrs lab, field work.

**Prerequisites:** grade of C or better in Bio Sci 152(P).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 315 Cell Biology**

3 cr. Undergraduate.

Cell structure and function at the molecular level. Flow of material,

energy, and information within prokaryotic and eukaryotic cells. 3 hrs lec.

**Prerequisites:** grades of C or better in both Bio Sci 152(P) & Chem 104(P).

**Course Rules:** Cell & Molec Bio; Microbio.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 316 Laboratory in Genetics and Cell Biology**

2 cr. Undergraduate.

Laboratory studies in genetics and cell biology using microorganisms, plants, and animals. Hypothesis testing, data collection, computer and literature analyses, and writing of scientific papers. 1 hr dis, 3 hr lab.

**Prerequisites:** grades of C or better in both Bio Sci 152(P) & Chem 104(P); Bio Sci 315(C) or 325(C).

**Course Rules:** Cell & Molec Bio; Microbio.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 325 Genetics**

4 cr. Undergraduate.

Principles of inheritance. Fundamental concepts of genetics. 3 hrs lec, 2 hrs dis.

**Prerequisites:** grade of C or better in Bio Sci 150(P); Bio Sci 152(C) or 203(P); Chem 104(C).**Course Rules:** Cell & Molec Bio; Microbio.**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 335 Mammalian Reproductive Biology**

3 cr. Undergraduate.

Anatomical and physiological aspects of mammalian reproductive systems, emphasis on humans.

**Prerequisites:** junior standing; BIO SCI 315(P) or consent of instructor.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 356 Developmental Biology**

3 cr. Undergraduate.

Development of living organisms at the molecular, cellular, and organismal levels. 3 hrs lec.

**Prerequisites:** grade of C or better in either Bio Sci 315(P) or 325(P) or cons instr.**Course Rules:** Cell & Molec Bio.**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 358 Birds of Wisconsin**

2 cr. Undergraduate.

Bird taxonomy and ecology, including the identification of Wisconsin birds. 4 hrs lab &amp; field work.

**Prerequisites:** jr st; Bio Sci 150(P).**Course Rules:** Field trip schedules (if any) and fees will be announced in class.**Last Taught:** Spring 2022, Spring 2019, Spring 2017, Spring 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 370 Mammalian Physiology**

3 cr. Undergraduate.

Cellular and organ system physiology and comparative aspects of structure-function relationships.

**Prerequisites:** BIO SCI 315(P) or consent of instructor.**Course Rules:** Cell & Molec Bio.**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 380 Honors Seminar**

3 cr. Undergraduate.

Selected topics in modern and traditional biology and their relation to society.

**Prerequisites:** sophomore standing, HONORS 200(P), and consent of Honors College director.**Course Rules:** Specific topics may satisfy major area requirements; consult department. May be retaken with change in topic to 9 cr max.**General Education Requirements:** NS**Last Taught:** Fall 2022, Spring 2019, Spring 2018, Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 383 General Microbiology**

4 cr. Undergraduate.

Nature and properties of microorganisms. Molecular biology and genetics of bacteria and viruses. Major groups, ecological relationships, and taxonomy.

**Prerequisites:** a grade of C or better in BIO SCI 152(P); BIO SCI 325(C) or consent of instructor.**Course Rules:** 3 hrs lec, 4 hrs lab. Cell & Molec Bio; Microbio.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 401 Immunology**

3 cr. Undergraduate/Graduate.

Fundamentals of the immune response, including cellular, physiological and molecular aspects. 3 hrs lec.

**Prerequisites:** jr st; grade of C or better in Bio Sci 315(P) or 325(P); Chem 341(P) or 343(P); or cons instr.**Course Rules:** Cell & Molec Bio; Microbio.**Last Taught:** Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 401G Immunology**

3 cr. Undergraduate/Graduate.

Fundamentals of the immune response, including cellular, physiological and molecular aspects. 3 hrs lec.

**Prerequisites:** jr st; grade of C or better in Bio Sci 315(P) or 325(P); Chem 341(P) or 343(P); or cons instr.**Course Rules:** Cell & Molec Bio; Microbio.**Last Taught:** Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 405 General Virology**

3 cr. Undergraduate/Graduate.

Basic course in nature of viruses: bacterial, plant, and animal. The use of viruses in model systems for molecular biology and agents of disease.

**Prerequisites:** jr st; Bio Sci 325(P); Bio Sci 315(P) or 383(P); Chem 501(R).**Course Rules:** Cell & Molec Bio; Microbio.**Last Taught:** Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 405G General Virology**

3 cr. Undergraduate/Graduate.

Basic course in nature of viruses: bacterial, plant, and animal. The use of viruses in model systems for molecular biology and agents of disease.

**Prerequisites:** jr st; Bio Sci 325(P); Bio Sci 315(P) or 383(P); Chem 501(R).**Course Rules:** Cell & Molec Bio; Microbio.**Last Taught:** Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 406 Marine Biology**

3 cr. Undergraduate/Graduate.

Marine biology with a strong ecological focus; physical and chemical constraints that marine environments impose on organisms; specialized adaptations of marine organisms in response. 3 hrs lec, 1 hr dis.

**Prerequisites:** jr st; Bio Sci 310(C) or consent of instructor.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 406G Marine Biology**

3 cr. Undergraduate/Graduate.

Marine biology with a strong ecological focus; physical and chemical constraints that marine environments impose on organisms; specialized adaptations of marine organisms in response. 3 hrs lec, 1 hr dis.

**Prerequisites:** jr st; Bio Sci 310(C) or consent of instructor.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 440 Ecology and Evolution of Amphibians and Reptiles**

3 cr. Undergraduate/Graduate.

Evolutionary history of amphibians and reptiles; their patterns of biological diversity, morphology, life history, ecology, and behavior. For upper-level undergrad and grad students. 3 hrs lec.

**Prerequisites:** jr st; Bio Sci 310 (P).**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 440G Ecology and Evolution of Amphibians and Reptiles**

3 cr. Undergraduate/Graduate.

Evolutionary history of amphibians and reptiles; their patterns of biological diversity, morphology, life history, ecology, and behavior. For upper-level undergrad and grad students. 3 hrs lec.

**Prerequisites:** jr st; Bio Sci 310 (P).**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 451 Field Methods in Conservation**

3 cr. Undergraduate/Graduate.

Introduction to methods, techniques and tools for natural area management, including plant/animal surveys, vegetation/habitat description, and incorporating hands-on experience. 2 hr lec, 3 hrs lab.

**Prerequisites:** jr st; Bio Sci 310(P) or equiv or cons instr.**Course Rules:** Jointly offered with & counts as repeat of CES 451.**Last Taught:** Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 451G Field Methods in Conservation**

3 cr. Undergraduate/Graduate.

Introduction to methods, techniques and tools for natural area management, including plant/animal surveys, vegetation/habitat description, and incorporating hands-on experience. 2 hr lec, 3 hrs lab.

**Prerequisites:** jr st; Bio Sci 310(P) or equiv or cons instr.**Course Rules:** Jointly offered with & counts as repeat of CES 451.**Last Taught:** Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 455 Cellular, Molecular and Developmental Neurobiology**

3 cr. Undergraduate/Graduate.

Nervous systems from cellular, molecular, and developmental perspectives; from basic biophysical properties of neurons to cellular and molecular basis of nervous system development and function.

**Prerequisites:** jr st, grade of C or better in Bio Sci 315(P); or grad st.**Course Rules:** Not open to students w/cr in Bio Sci/Psych 354. Cell & Molec Bio.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 455G Cellular, Molecular and Developmental Neurobiology**

3 cr. Undergraduate/Graduate.

Nervous systems from cellular, molecular, and developmental perspectives; from basic biophysical properties of neurons to cellular and molecular basis of nervous system development and function.

**Prerequisites:** jr st, grade of C or better in Bio Sci 315(P); or grad st.**Course Rules:** Not open to students w/cr in Bio Sci/Psych 354. Cell & Molec Bio.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 458 Community Ecology**

3 cr. Undergraduate/Graduate.

Theories and models in community ecology. Analysis of biological communities emphasizing the origin, maintenance and consequences of species diversity within local communities.

**Prerequisites:** jr st; Bio Sci 152(P) & 310(P) or cons instr; or grad st.**Last Taught:** Spring 2018, Fall 2013.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 458G Community Ecology**

3 cr. Undergraduate/Graduate.

Theories and models in community ecology. Analysis of biological communities emphasizing the origin, maintenance and consequences of species diversity within local communities.

**Prerequisites:** jr st; Bio Sci 152(P) & 310(P) or cons instr; or grad st.**Last Taught:** Spring 2018, Fall 2013.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 465 Biostatistics**

3 cr. Undergraduate/Graduate.

Simple distribution; statistical inference; simple regression theory; experimental design; analysis of variance and covariance as they relate to biology.

**Prerequisites:** jr st; Bio Sci 150(P); Math 105(P).**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 465G Biostatistics**

3 cr. Undergraduate/Graduate.

Simple distribution; statistical inference; simple regression theory; experimental design; analysis of variance and covariance as they relate to biology.

**Prerequisites:** jr st; Bio Sci 150(P); Math 105(P).**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 469 Genomic Data Analysis**

2 cr. Undergraduate/Graduate.

Methods for the analysis of large-scale genomic data sets, including whole-genome association studies and transcriptomics.

**Prerequisites:** jr st; Bio Sci 325(P) & 465(P) or equiv; or cons instr.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 469G Genomic Data Analysis**

2 cr. Undergraduate/Graduate.

Methods for the analysis of large-scale genomic data sets, including whole-genome association studies and transcriptomics.

**Prerequisites:** jr st; Bio Sci 325(P) & 465(P) or equiv; or cons instr.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 480 Ecological Genetics**

3 cr. Undergraduate/Graduate.

Origin and maintenance of genetic variation within and among populations. Fundamental theory and application to ecology and conservation.

**Prerequisites:** jr st, Bio Sci 310(P) & 325(P); or equiv.

**Course Rules:** 3 hrs lec/dis.

**Last Taught:** Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 480G Ecological Genetics**

3 cr. Undergraduate/Graduate.

Origin and maintenance of genetic variation within and among populations. Fundamental theory and application to ecology and conservation.

**Prerequisites:** jr st, Bio Sci 310(P) & 325(P); or equiv.

**Course Rules:** 3 hrs lec/dis.

**Last Taught:** Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 489 Internship in Biological Sciences, Upper Division**

1-6 cr. Undergraduate.

Application of advanced principles of biological sciences in a business, organizational, educational, political, or other appropriate setting.

**Prerequisites:** jr st; 300-level or above course in Bio Sci; 2.50 gpa; cons supervising faculty member.

**Course Rules:** Specific topics may satisfy major area req; consult dept.

One cr earned for academic work based on 40 hrs in internship. May be retaken to 6 cr max; combined limit of 3 cr in Bio Sci 289 & 489 counts toward Bio Sci major.

**Last Taught:** Fall 2023, Spring 2022, Fall 2021, Summer 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 490 Molecular Genetics**

3 cr. Undergraduate/Graduate.

Molecular mechanisms of higher organisms and model systems. Topics include gene structure, genetic and genomic analysis, gene expression and regulation.

**Prerequisites:** junior standing, BIO SCI 325(P); BIO SCI 315(C) and BIO SCI 316(C).

**Course Rules:** 2 hrs lec, 1 hr dis. Cell & Molec Bio; Microbio.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 490G Molecular Genetics**

3 cr. Undergraduate/Graduate.

Molecular mechanisms of higher organisms and model systems. Topics include gene structure, genetic and genomic analysis, gene expression and regulation.

**Prerequisites:** junior standing, BIO SCI 325(P); BIO SCI 315(C) and BIO SCI 316(C).

**Course Rules:** 2 hrs lec, 1 hr dis. Cell & Molec Bio; Microbio.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 495 Internship in Biotechnology, Upper Division**

3-6 cr. Undergraduate.

Application of advanced principles in microbiology and biotechnology in appropriate settings.

**Prerequisites:** jr st; Bio Sci 383(303)(P) & 529(650)(P); declared microbio major; 2.5 gpa; cons supervising faculty member.

**Course Rules:** One cr earned for academic work based on 40 hrs in internship. May be retaken to 6 cr max.

**Last Taught:** Spring 2017, Fall 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 496 UROP Apprenticeship, Upper-Level**

1-3 cr. Undergraduate.

Undergraduate research participation in a project developed with a supervising member of the faculty or staff. One credit for 45 hrs research.

**Prerequisites:** jr st; acceptance to UROP; prior or conc reg in UROP seminar.

**Course Rules:** May be retaken to 9 cr max in any combination of UROP apprenticeship courses.

**Last Taught:** Fall 2019, Spring 2017, Fall 2016, Fall 2015.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 497 Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Designed to enroll students in UWM-sponsored program before course work level, content, and credits are determined and/or in specially-prepared program course work.

**Prerequisites:** jr st; acceptance for Study Abroad Prog.

**Course Rules:** May be retaken w/chg in topic.

**Last Taught:** Fall 2016, Fall 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 497G Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Designed to enroll students in UWM-sponsored program before course work level, content, and credits are determined and/or in specially-prepared program course work.

**Prerequisites:** jr st; acceptance for Study Abroad Prog.

**Course Rules:** May be retaken w/chg in topic.

**Last Taught:** Fall 2016, Fall 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 498 Genetics of Development and Cancer**

3 cr. Undergraduate/Graduate.

The genetic mechanisms governing animal development, cellular proliferation, and cellular death. Focus on how these cellular processes are investigated using experimental biology and human cancers.

**Prerequisites:** junior standing and a grade of C or better in BIO SCI 325(P).

**Course Rules:** Cell & Molec Bio.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 498G Genetics of Development and Cancer**

3 cr. Undergraduate/Graduate.

The genetic mechanisms governing animal development, cellular proliferation, and cellular death. Focus on how these cellular processes are investigated using experimental biology and human cancers.

**Prerequisites:** junior standing and a grade of C or better in BIO SCI 325(P).

**Course Rules:** Cell & Molec Bio.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 499 Ad Hoc:**

1-6 cr. Undergraduate.

Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.

**Prerequisites:** jr st; add'l prereqs may be assigned to specific topic.

**Course Rules:** Specific topics may satisfy major area req; consult dept.

May be retaken w/chg in topic.

**Last Taught:** Fall 2003, Summer 2000, Summer 1996, Summer 1992.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 500 Plant Physiology**

3 cr. Undergraduate/Graduate.

Major biological activities of plants; including growth, development, and metabolism. 3 hrs lec/dis.

**Prerequisites:** jr st; Bio Sci 325(P); Bio Sci 310(P) or 315(P) or cons instr.

**Course Rules:** Cell & Molec Bio.

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 500G Plant Physiology**

3 cr. Undergraduate/Graduate.

Major biological activities of plants; including growth, development, and metabolism. 3 hrs lec/dis.

**Prerequisites:** jr st; Bio Sci 325(P); Bio Sci 310(P) or 315(P) or cons instr.

**Course Rules:** Cell & Molec Bio.

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 501 Plant and Aquatic Ecophysiology Laboratory**

3 cr. Undergraduate/Graduate.

Hands-on examination of ecophysiological activities in plants and aquatic ecosystems using diverse field and lab experimental methods. 1 hr lec, 1 hr dis. 2 hrs lab.

**Prerequisites:** jr st; Bio Sci 325(P) or 310(P).

**Course Rules:** Cell & Molec Bio.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 501G Plant and Aquatic Ecophysiology Laboratory**

3 cr. Undergraduate/Graduate.

Hands-on examination of ecophysiological activities in plants and aquatic ecosystems using diverse field and lab experimental methods. 1 hr lec, 1 hr dis. 2 hrs lab.

**Prerequisites:** jr st; Bio Sci 325(P) or 310(P).

**Course Rules:** Cell & Molec Bio.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 502 Introduction to Programming and Modeling in Ecology and Evolution**

3 cr. Undergraduate/Graduate.

Using R statistical language to teach script programming to address data manipulation, statistical modeling, and simple simulations in an ecological and evolutionary context.

**Prerequisites:** jr st; intro stats (e.g., Bio Sci 465).

**Course Rules:** Counts as repeat of Bio Sci 599 w/similar topic.

**Last Taught:** Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 502G Introduction to Programming and Modeling in Ecology and Evolution**

3 cr. Undergraduate/Graduate.

Using R statistical language to teach script programming to address data manipulation, statistical modeling, and simple simulations in an ecological and evolutionary context.

**Prerequisites:** jr st; intro stats (e.g., Bio Sci 465).

**Course Rules:** Counts as repeat of Bio Sci 599 w/similar topic.

**Last Taught:** Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 505 Conservation Biology**

3 cr. Undergraduate/Graduate.

Genetic and ecological approaches to the conservation of biological diversity. Topics include biology of rare plants and animals, design of nature reserves, and restoration ecology. 3 hrs lec.

**Prerequisites:** junior standing, BIO SCI 152(P), and BIO SCI 325(P).

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 505G Conservation Biology**

3 cr. Undergraduate/Graduate.

Genetic and ecological approaches to the conservation of biological diversity. Topics include biology of rare plants and animals, design of nature reserves, and restoration ecology. 3 hrs lec.

**Prerequisites:** junior standing, BIO SCI 152(P), and BIO SCI 325(P).

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 512 Limnology I**

3 cr. Undergraduate/Graduate.

The ecology of freshwater ecosystems as influenced by physical and chemical processes.

**Prerequisites:** jr st; Bio Sci 150(P) & 152(P), course in chem; or cons instr.

**Last Taught:** Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 512G Limnology I**

3 cr. Undergraduate/Graduate.

The ecology of freshwater ecosystems as influenced by physical and chemical processes.

**Prerequisites:** jr st; Bio Sci 150(P) & 152(P), course in chem; or cons instr.

**Last Taught:** Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 523 Evolution and Ecology of Birds**

3 cr. Undergraduate/Graduate.

Study of the origin and maintenance of diversity in birds. Topics include systematics, biogeography, life-history behavior, and conservation. 3 hrs lec.

**Prerequisites:** jr st; Bio Sci 152(P) & 310(P).**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 523G Evolution and Ecology of Birds**

3 cr. Undergraduate/Graduate.

Study of the origin and maintenance of diversity in birds. Topics include systematics, biogeography, life-history behavior, and conservation. 3 hrs lec.

**Prerequisites:** jr st; Bio Sci 152(P) & 310(P).**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 529 Molecular Biology of Microorganisms**

3 cr. Undergraduate/Graduate.

Molecular analysis of microbial genetic systems of bacteria, phage, fungi, and yeast. 2 hrs lec, 1 hr dis.

**Prerequisites:** jr st; Bio Sci 383(P).**Course Rules:** Cell & Molec Bio; Microbio.**Last Taught:** Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 529G Molecular Biology of Microorganisms**

3 cr. Undergraduate/Graduate.

Molecular analysis of microbial genetic systems of bacteria, phage, fungi, and yeast. 2 hrs lec, 1 hr dis.

**Prerequisites:** jr st; Bio Sci 383(P).**Course Rules:** Cell & Molec Bio; Microbio.**Last Taught:** Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 532 Behavioral Ecology**

3 cr. Undergraduate/Graduate.

Behavioral adaptations of organisms in relation to their environment, including social organization, territoriality, cooperation and conflict, parental care, breeding strategies, foraging.

**Prerequisites:** jr st; Bio Sci 310(P).**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 532G Behavioral Ecology**

3 cr. Undergraduate/Graduate.

Behavioral adaptations of organisms in relation to their environment, including social organization, territoriality, cooperation and conflict, parental care, breeding strategies, foraging.

**Prerequisites:** jr st; Bio Sci 310(P).**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 535 Bacterial Pathogenesis**

3 cr. Undergraduate.

Structural and physiological characteristics of important bacteria causing human and animal diseases. Interactions between pathogen and host, including host defense mechanisms.

**Prerequisites:** jr st; grade of C or better in BIO SCI 383(P).**Course Rules:** Cell & Molec Bio; Microbio.**Last Taught:** Fall 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 539 Laboratory Techniques in Molecular Biology**

4 cr. Undergraduate.

Molecular biological techniques, including cell cultures, RNA and DNA isolation, cloning and sequencing of genes; use of expression vectors; protein electrophoresis. 2 hrs lec/dis, 6 hrs lab.

**Prerequisites:** jr st; BIO SCI 315(P) or BIO SCI 325(P).**Course Rules:** Cell & Molec Bio; Microbio.**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 540 Microbial Diversity and Physiology**

3 cr. Undergraduate/Graduate.

Physiology, ecology, and diversity of microorganisms. 3 hrs lec.

**Prerequisites:** jr st; Bio Sci 383(P).**Course Rules:** Cell & Molec Bio; Microbio.**Last Taught:** Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 540G Microbial Diversity and Physiology**

3 cr. Undergraduate/Graduate.

Physiology, ecology, and diversity of microorganisms. 3 hrs lec.

**Prerequisites:** jr st; Bio Sci 383(P).**Course Rules:** Cell & Molec Bio; Microbio.**Last Taught:** Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 542 Biological Electron Microscopy**

3 cr. Undergraduate/Graduate.

Theory, design, and operating principles of scanning and transmission electron microscopes; preparation of biological specimens.

**Prerequisites:** jr st; Bio Sci 315(P) & 316(P), or cons instr.**Course Rules:** Cell & Molec Bio; Microbio.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 542G Biological Electron Microscopy**

3 cr. Undergraduate/Graduate.

Theory, design, and operating principles of scanning and transmission electron microscopes; preparation of biological specimens.

**Prerequisites:** jr st; Bio Sci 315(P) & 316(P), or cons instr.**Course Rules:** Cell & Molec Bio; Microbio.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 543 Scanning Electron Microscopy Laboratory**

2 cr. Undergraduate/Graduate.

Lab/dis with an emphasis on 'hands-on' exercises including biological specimen prep, microscope operation and photography.

**Prerequisites:** jr st; Bio Sci 542(C) & cons instr.**Course Rules:** Cell & Molec Bio.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 543G Scanning Electron Microscopy Laboratory**

2 cr. Undergraduate/Graduate.

Lab/dis with an emphasis on 'hands-on' exercises including biological specimen prep, microscope operation and photography.

**Prerequisites:** jr st; Bio Sci 542(C) & cons instr.**Course Rules:** Cell & Molec Bio.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 544 Transmission Electron Microscopy Laboratory**

3 cr. Undergraduate/Graduate.

Lab/dis with an emphasis on 'hands-on' exercises including fixation and sectioning of biological specimens, microscope operation and photography.

**Prerequisites:** jr st; 3 cr in Bio Sci 542(C); cons instr.

**Course Rules:** Cell & Molec Bio; Microbio.

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 544G Transmission Electron Microscopy Laboratory**

3 cr. Undergraduate/Graduate.

Lab/dis with an emphasis on 'hands-on' exercises including fixation and sectioning of biological specimens, microscope operation and photography.

**Prerequisites:** jr st; 3 cr in Bio Sci 542(C); cons instr.

**Course Rules:** Cell & Molec Bio; Microbio.

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 562 Topics in Field Biology:**

1-2 cr. Undergraduate/Graduate.

Intensive mini-course on applied and basic field biology topics, e.g. vegetation sampling; natural area management; wetland delineation; identification, ecology of a taxon. On-line component; 2 or more days (depending on topic) in-person instruction.

**Prerequisites:** jr st; Bio Sci 310(P) or equivalent; add'l prereqs may be required depending on topic.

**Course Rules:** May be retaken w/chg in topic to 6 cr max.

**Last Taught:** Summer 2022, Summer 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 562G Topics in Field Biology:**

1-2 cr. Undergraduate/Graduate.

Intensive mini-course on applied and basic field biology topics, e.g. vegetation sampling; natural area management; wetland delineation; identification, ecology of a taxon. On-line component; 2 or more days (depending on topic) in-person instruction.

**Prerequisites:** jr st; Bio Sci 310(P) or equivalent; add'l prereqs may be required depending on topic.

**Course Rules:** May be retaken w/chg in topic to 6 cr max.

**Last Taught:** Summer 2022, Summer 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 564 Endocrinology**

3 cr. Undergraduate/Graduate.

Physiological, biochemical, and phylogenetic aspects of hormonal communication; emphasis on vertebrates. 3 hrs lec.

**Prerequisites:** jr st; Chem 103(P) or 341(P) or 343(P); Bio Sci 315(P); or cons instr.

**Course Rules:** Cell & Molec Bio.

**Last Taught:** Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 564G Endocrinology**

3 cr. Undergraduate/Graduate.

Physiological, biochemical, and phylogenetic aspects of hormonal communication; emphasis on vertebrates. 3 hrs lec.

**Prerequisites:** jr st; Chem 103(P) or 341(P) or 343(P); Bio Sci 315(P); or cons instr.

**Course Rules:** Cell & Molec Bio.

**Last Taught:** Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 565 Gene Regulation in Stem Cells and Regeneration**

3 cr. Undergraduate.

Molecular mechanism by which genes are regulated in higher eukaryotes, including humans. Role of gene regulation during normal development and disease in eukaryotes.

**Prerequisites:** junior standing and BIO SCI 315(P) or BIO SCI 325(P).

**Course Rules:** Cell & Molec Bio.

**Last Taught:** Fall 2019, Fall 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 565G Gene Regulation in Stem Cells and Regeneration**

3 cr. Undergraduate.

Molecular mechanism by which genes are regulated in higher eukaryotes, including humans. Role of gene regulation during normal development and disease in eukaryotes.

**Prerequisites:** junior standing and BIO SCI 315(P) or BIO SCI 325(P).

**Course Rules:** Cell & Molec Bio.

**Last Taught:** Fall 2019, Fall 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 566 Cell Biology of Human Disease**

3 cr. Undergraduate.

Cellular and molecular mechanisms of human developmental diseases; cell signaling in the treatment and prevention of diseases and genetic syndromes.

**Prerequisites:** jr st and BIO SCI 315(P).

**Course Rules:** Cell & Molec Bio.

**Last Taught:** Spring 2023, Spring 2022, Spring 2020, Spring 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 572 Functional Genomics**

3 cr. Undergraduate/Graduate.

Organization, function, and analysis of genes, proteins, and genomes using internet databases and bioinformatic tools; current knowledge of genomes in various organisms; transcriptomics and proteomics. 2 hrs lec, 1 hr dis.

**Prerequisites:** jr st; Bio Sci 325(260)(P).

**Course Rules:** Cell & Molec Bio; Microbio.

**Last Taught:** Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 572G Functional Genomics**

3 cr. Undergraduate/Graduate.

Organization, function, and analysis of genes, proteins, and genomes using internet databases and bioinformatic tools; current knowledge of genomes in various organisms; transcriptomics and proteomics. 2 hrs lec, 1 hr dis.

**Prerequisites:** jr st; Bio Sci 325(260)(P).

**Course Rules:** Cell & Molec Bio; Microbio.

**Last Taught:** Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 575 Evolutionary Biology**

3 cr. Undergraduate/Graduate.

Evolutionary processes in natural populations. Topics include mating patterns, speciation, gene flow, natural selection, and genetic approaches to conservation. 3 hrs lec.

**Prerequisites:** jr st; Bio Sci 152(P) & 325(P).**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 575G Evolutionary Biology**

3 cr. Undergraduate/Graduate.

Evolutionary processes in natural populations. Topics include mating patterns, speciation, gene flow, natural selection, and genetic approaches to conservation. 3 hrs lec.

**Prerequisites:** jr st; Bio Sci 152(P) & 325(P).**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 580 Experimental Microbiology**

4 cr. Undergraduate.

Modern experimental approaches to study of microbial physiology and genetics. 2 hrs lec/6 hrs lab.

**Prerequisites:** jr st; BIO SCI 383(P).**Course Rules:** Cell & Molec Bio; Microbio.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 599 Special Topics in Biological Sciences:**

1-3 cr. Undergraduate/Graduate.

In-depth examination of important subjects in one or more areas of the biological sciences. Specific credits and add'l prereqs announced in Schedule of Classes each time course offered.

**Prerequisites:** jr st.**Course Rules:** May be retaken w/chg in topic to 9 cr max.**Last Taught:** Spring 2016, Fall 2014.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 599G Special Topics in Biological Sciences:**

1-3 cr. Undergraduate/Graduate.

In-depth examination of important subjects in one or more areas of the biological sciences. Specific credits and add'l prereqs announced in Schedule of Classes each time course offered.

**Prerequisites:** jr st.**Course Rules:** May be retaken w/chg in topic to 9 cr max.**Last Taught:** Spring 2016, Fall 2014.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 611 Seminar on Recent Advances in Limnology and Oceanography**

2 cr. Undergraduate/Graduate.

Lectures and discussion of current issues in limnology and oceanography; focus on a specific issue or research topic.

**Prerequisites:** sr st; Bio Sci 310(P); or Bio Sci 315(P) & 316(P); or Bio Sci 383(P).**Course Rules:** Can no longer be retaken for credit.**Last Taught:** Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 611G Seminar on Recent Advances in Limnology and Oceanography**

2 cr. Undergraduate/Graduate.

Lectures and discussion of current issues in limnology and oceanography; focus on a specific issue or research topic.

**Prerequisites:** sr st; Bio Sci 310(P); or Bio Sci 315(P) & 316(P); or Bio Sci 383(P).**Course Rules:** Can no longer be retaken for credit.**Last Taught:** Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 670 Senior Seminar in Biological Sciences**

1 cr. Undergraduate.

Examination of biological literature and preparation, presentation, and discussion of oral reports by individual students.

**Prerequisites:** sr st; Bio Sci lab course numbered 300-349; declared Bio Sci major.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 671 Undergraduate Seminar in Microbiology**

1 cr. Undergraduate.

Examination of microbiological literature; preparation, presentation, and discussion of oral reports by individual students.

**Prerequisites:** senior standing and BIO SCI 383(P).**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 672 Undergraduate Seminar in Cell and Molecular Biology**

1 cr. Undergraduate.

Examination of cell and molecular biology literature; preparation, presentation, and discussion of oral reports by individual students.

**Prerequisites:** sr st; Bio Sci 315(P) & 316(P).**Last Taught:** Fall 2023, Spring 2023, Spring 2022, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 695 Independent Study in Freshwater Sciences for Biological Sciences Students**

1-3 cr. Undergraduate.

Independent and original research on a topic not available as a regular course; conducted under the direction of faculty or staff scientist from the School of Freshwater Science.

**Prerequisites:** jr st; Bio Sci 325(P); one of Bio Sci 310(P), 315(P)/316(P), or 383(P); 2.500 GPA; writ cons instr, dept chair, & asst dean for SAS.**Course Rules:** Bio Sci 695 & FrshWtr 695 are jointly offered; w/same subject, they count as repeats of one another. May be retaken to 6 cr max. Satisfies Bio Sci research req; does not count as a Bio Sci lab course.**Last Taught:** Spring 2022, Fall 2021, Spring 2019, Fall 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 697 Independent Study in Cell and Molecular Biology**

1-3 cr. Undergraduate.

Independent and original research conducted under the direction of a cell/molecular biology faculty or staff member.

**Prerequisites:** jr st; Bio Sci 315(P) & 316(P); 2.5 gpa; writ cons instr, dept chair, & asst dean for SAS.**Course Rules:** May be retaken to 6 cr max. Satisfies Bio Sci research req; does not count as a Bio Sci lab course.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Summer 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 698 Independent Study in Microbiology**

1-3 cr. Undergraduate.

Introduction to research. Independent and original study conducted under the direction of a faculty or staff member.

**Prerequisites:** jr st; Bio Sci 383(P); 2.5 gpa; writ cons instr, dept chair, & asst dean for SAS.

**Course Rules:** May be retaken to 6 cr max. Satisfies Bio Sci research req; does not count as a Bio Sci lab course.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Summer 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 699 Independent Study**

1-3 cr. Undergraduate.

Independent study on a topic not available as a regular course; conducted under the supervision of a faculty member. Requires submission of a formal study proposal.

**Prerequisites:** jr st; Bio Sci 325(260)(P); Bio Sci 310(P) or Bio Sci 315(P) & 316(P); 2.5 gpa; writ cons instr, dept chair, & asst dean for SAS.

**Course Rules:** May be retaken to 6 cr max. Satisfies Bio Sci research req; does not count as a Bio Sci lab course.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 735 Bacterial Pathogenesis**

3 cr. Graduate.

Structural and physiological characteristics of important bacteria causing human and animal diseases. Interactions between pathogen and host, including host defense mechanisms.

**Prerequisites:** Graduate standing.

**Last Taught:** Fall 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 739 Laboratory Techniques in Molecular Biology**

4 cr. Graduate.

Molecular biological techniques, including cell cultures, RNA and DNA isolation, cloning and sequencing of genes; use of expression vectors; protein electrophoresis. 2 hrs lec/dis, 6 hrs lab.

**Prerequisites:** graduate standing.

**Course Rules:** Not open to students w/ credit in BIO SCI 539.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 750 Scientific Writing**

2 cr. Graduate.

Writing techniques for the sciences, including proposal writing, submission of papers to journals. Writing and editing research proposals, scientific papers, and review papers. Critique of published papers.

**Prerequisites:** grad st.

**Last Taught:** Fall 2022, Fall 2021, Fall 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 765 Gene Regulation in Stem Cells and Regeneration**

3 cr. Graduate.

Molecular mechanism by which genes are regulated in higher eukaryotes, including humans. Role of gene regulation during normal development and disease in eukaryotes.

**Prerequisites:** graduate standing.

**Course Rules:** Not open to students w/ credit in BIO SCI 565.

**Last Taught:** Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 766 Cell Biology of Human Disease**

3 cr. Graduate.

Cellular and molecular mechanisms of human developmental diseases; cell signaling in the treatment and prevention of diseases and genetic syndromes.

**Prerequisites:** Graduate standing.

**Last Taught:** Spring 2023, Spring 2022, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 780 Experimental Microbiology**

4 cr. Graduate.

Modern experimental approaches to study of microbial physiology and genetics. 2 hrs lec/6 hrs lab.

**Prerequisites:** Graduate standing.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 800 Graduate Capstone in Biological Sciences:**

2 cr. Graduate.

Capstone Seminar involving extensive research and evaluation of the scientific literature on a specific topic. Group and individual oral presentations required. Not re-takable for credit.

**Prerequisites:** Open only to MS students in non-thesis track; cons instr.

**Last Taught:** Spring 2021, Spring 2020, Spring 2019, Fall 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 899 Advanced Independent Studies**

1-3 cr. Graduate.

Special studies at the graduate level involving independent reading, library research, and/or field for laboratory study other than thesis research.

**Prerequisites:** grad st; cons instr.

**Course Rules:** Retakable w/chg in topic to 8 cr max.

**Last Taught:** Fall 2023, Summer 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 900 Biology Colloquium**

1 cr. Graduate.

Talks by invited speakers and faculty members on topics of biological interest.

**Prerequisites:** grad st.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 925 Graduate Seminar in Biological Sciences**

1-2 cr. Graduate.

Carries 1 cr when offered once weekly; carries 2 cr when offered twice weekly.

**Prerequisites:** grad st.

**Course Rules:** Retakable to 12 cr max.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 927 Seminar: Population and Community Ecology:**

1-2 cr. Graduate.

Carries 1 cr when offered once weekly; carries 2 cr when offered twice weekly.

**Prerequisites:** grad st.

**Course Rules:** Retakable w/chg in topic to 9 cr max.

**Last Taught:** Spring 2023, Spring 2021, Spring 2015, Spring 2010.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BIO SCI 929 Special Topics in Ecology, Evolution and Behavior**

1-2 cr. Graduate.

Current topics in EEB examined in a seminar format.

**Prerequisites:** grad st.**Course Rules:** Retakable to 12 cr max.**Last Taught:** Fall 2023, Fall 2022, Fall 2019, Fall 2018.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 931 Seminar in Systematic Biology and Evolution:**

1-2 cr. Graduate.

Current topics in systemic biology and evolution explored in a seminar format.

**Prerequisites:** grad st.**Course Rules:** Retakable w/chg in topic to 9 cr max.**Last Taught:** Spring 2019, Spring 2018, Fall 2017, Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 933 Seminar in Neuroscience**

2 cr. Graduate.

Student oral and poster presentations in cellular, molecular, behavioral, and cognitive neuroscience. Students will also write evaluations and summaries of external presentations.

**Prerequisites:** grad st in Psych, Bio Sci, or Ed Psych or cons instr**Course Rules:** Retakable to 8 cr max. Bio Sci 933 & Psych 933 are jointly offered; students may enroll under only one of the curricular areas in any single semester.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 934 Research Advances in Cell and Molecular Biology**

1 cr. Graduate.

Presentation and discussion of original research and current topics in cell and molecular biology. Retakable to 10 cr max.

**Prerequisites:** grad st.**Last Taught:** Fall 2023, Fall 2022, Spring 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 935 Research Advances in Ecology, Evolution and Behavior**

1 cr. Graduate.

Presentation and discussion of original research and current topics in evolution, ecology, and behavior.

**Prerequisites:** grad st.**Course Rules:** Retakable to 10 cr max.**Last Taught:** Fall 2022, Spring 2022, Fall 2021, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 936 Research Advances in Microbiology**

1 cr. Graduate.

Presentation and discussion of original research and current topics in microbiology.

**Prerequisites:** grad st.**Course Rules:** Retakable to 10 cr max.**Last Taught:** Fall 2021, Spring 2021, Fall 2020, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BIO SCI 990 Research**

1-8 cr. Graduate.

Mentored research in partial fulfillment of thesis requirements.

**Prerequisites:** grad st.**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

# Biomedical Engineering (BME)

**BME 101 Fundamentals of Biomedical Engineering**

3 cr. Undergraduate.

A system approach to physiology, cell physiology and transport, major organ systems, cardiovascular system, biomedical signal processing, biomechanics, biomedical engineering design.

**Prerequisites:** MATH 115(C).**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BME 296 Fundamentals of Biomaterials**

4 cr. Undergraduate.

Fundamentals of biomaterials including ceramics, metals, polymers, and natural biomaterials; Biological responses to implants; clinical perspectives; designing new biomaterials; tissue engineering. Laboratory experiments.

**Prerequisites:** BIO SCI 203(P).**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BME 301 Fundamentals of Biomaterials**

3 cr. Undergraduate.

Fundamentals of biomaterials including ceramics, metals, polymers, and natural biomaterials; Biological responses to implants; clinical perspectives; designing new biomaterials; tissue engineering.

**Prerequisites:** BIO SCI 203(P) and MATLENG 201(P).**Course Rules:** Previously BME 385.**Last Taught:** Fall 2022, Spring 2022, Fall 2021, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BME 302 Analysis and Modeling of Dynamic Systems**

4 cr. Undergraduate.

Modeling and analysis of mechanical, electrical, electromechanical, fluid, and physiological systems; laboratory experiments.

**Prerequisites:** EAS 210(P) or MECHENG 101(P), ELECENG 234(P), and PHYSICS 210(P).**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BME 305 Introduction to Engineering Biomechanics**

3 cr. Undergraduate.

Introduction to engineering biomechanics principles applied to the musculoskeletal system and human body for analysis of human movement.

**Prerequisites:** BIO SCI 203(P) and BME 302(P).**Last Taught:** Fall 2022, Spring 2022, Fall 2021, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BME 306 Introduction to Engineering Biomechanics**

4 cr. Undergraduate.

Introduction to engineering biomechanics principles applied to the musculoskeletal system and human body for analysis of human movement, laboratory experiments.

**Prerequisites:** BIO SCI 203(P), BME 296(P) or BME 301(P) and BME 302(P).**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BME 310 Biomedical Signals and Systems**

3 cr. Undergraduate.

Introduction to principles of biosignals and system of the human body. Time-domain analysis of Biosignals, Biosensing, Bio-electric signals, Electrocardiogram (ECG), muscle electromyogram (EMG), EEG, etc.

**Prerequisites:** BME 302(P).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BME 320 Engineering of Biomedical Devices I**

4 cr. Undergraduate.

Physiological and biomechanical systems, sensors and actuators, signal processing, hearing aid and implants. Laboratory experiments sessions included.

**Prerequisites:** junior standing, BME 101(P) and concurrent enrollment or previous completion of BME 302.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BME 325 Engineering of Biomedical Devices II**

3 cr. Undergraduate.

Feedback and control systems, visual prostheses, heart assist and replacement devices, respiratory aids, active and passive prosthetic limbs.

**Prerequisites:** junior standing, BIO SCI 203(P), and BME 320(P).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BME 437 Introduction to Biomedical Imaging**

3 cr. Undergraduate/Graduate.

Biomedical imaging modalities and underlying principles: X-radiography, computerized tomography, Radon transforms; image reconstruction techniques; ultrasonic imaging; nuclear medicine; magnetic resonance imaging; experimental techniques.

**Prerequisites:** senior standing; completion of BME 310(P) or ELECENG 310(P).

**Course Rules:** BME 437/ELECENG 437 are jointly offered and count as repeats of one another.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BME 437G Introduction to Biomedical Imaging**

3 cr. Undergraduate/Graduate.

Biomedical imaging modalities and underlying principles: X-radiography, computerized tomography, Radon transforms; image reconstruction techniques; ultrasonic imaging; nuclear medicine; magnetic resonance imaging; experimental techniques.

**Prerequisites:** senior standing; completion of BME 310(P) or ELECENG 310(P).

**Course Rules:** BME 437/ELECENG 437 are jointly offered and count as repeats of one another.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BME 439 Introduction to Biomedical Optics**

3 cr. Undergraduate/Graduate.

Tissue Optical Properties, Light Transport, Fourier Transforms in Spatial Domain, Wave theory, Spectroscopy, Optical imaging, Laser-Tissue interaction, Photoconversion, Photodynamic Therapy, Microscopy, Fluorescence imaging, and OCT.

**Prerequisites:** senior standing; ELECENG 310(P) or BME 310 (P).

**Course Rules:** BME 439/ELECENG 439 are jointly offered and count as repeats of each other.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BME 439G Introduction to Biomedical Optics**

3 cr. Undergraduate/Graduate.

Tissue Optical Properties, Light Transport, Fourier Transforms in Spatial Domain, Wave theory, Spectroscopy, Optical imaging, Laser-Tissue interaction, Photoconversion, Photodynamic Therapy, Microscopy, Fluorescence imaging, and OCT.

**Prerequisites:** senior standing; ELECENG 310(P) or BME 310 (P).

**Course Rules:** BME 439/ELECENG 439 are jointly offered and count as repeats of each other.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BME 495 Biomedical Instrumentation Laboratory**

3 cr. Undergraduate.

Characteristics of measurement systems, experiment planning, sensor and system calibration, measurement of basic quantities, first and second order systems, data acquisition and processing, experimental projects.

**Prerequisites:** BME 305(C) or BME 306(C), BME 310(C), and BME 325(C).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BME 585 Advanced Biomaterials**

3 cr. Undergraduate/Graduate.

Theory and application of advanced biomaterials including cardiovascular devices, orthopedic applications, drug delivery systems, biosensors, and tissue engineering.

**Prerequisites:** senior standing; MATLENG 385(P) or BME 385(P); or consent of instructor.

**Course Rules:** BME 585 and MATLENG 585 are jointly offered and count as repeats of one another.

**Last Taught:** Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BME 585G Advanced Biomaterials**

3 cr. Undergraduate/Graduate.

Theory and application of advanced biomaterials including cardiovascular devices, orthopedic applications, drug delivery systems, biosensors, and tissue engineering.

**Prerequisites:** senior standing; MATLENG 385(P) or BME 385(P); or consent of instructor.

**Course Rules:** BME 585 and MATLENG 585 are jointly offered and count as repeats of one another.

**Last Taught:** Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BME 595 Capstone Design Project**

4 cr. Undergraduate.

Introduction to design process and ethics; Students work in teams to plan, design, and test in a simulated real-world environment; formal oral and written reports.

**Prerequisites:** senior standing; BME 495(P).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BME 599 Senior Thesis**

1-3 cr. Undergraduate.

Independent research under the direction of a faculty member; submission of a written thesis required. 3 cr total required.

**Prerequisites:** senior standing; consent of instructor.

**Course Rules:** May be retaken to max of 3 cr.

**Last Taught:** Summer 2023, Fall 2022, Fall 2020, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BME 690 Topics in Biomedical Engineering:**

3 cr. Undergraduate/Graduate.

Specific topics, credits, and any additional prerequisites will be announced in the Schedule of Classes each time the course is offered.

**Prerequisites:** junior standing.**Course Rules:** May be retaken with change in topic to a max of 9 cr.**Last Taught:** Spring 2023, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BME 690G Topics in Biomedical Engineering:**

3 cr. Undergraduate/Graduate.

Specific topics, credits, and any additional prerequisites will be announced in the Schedule of Classes each time the course is offered.

**Prerequisites:** junior standing.**Course Rules:** May be retaken with change in topic to a max of 9 cr.**Last Taught:** Spring 2023, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BME 699 Independent Study**

1-3 cr. Undergraduate/Graduate.

In consultation with a faculty advisor, student will develop the study plan on a topic related to biomedical engineering.

**Prerequisites:** junior standing, consent of instructor and CEAS Associate Dean.**Course Rules:** May be retaken to 6 cr max.**Last Taught:** Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BME 699G Independent Study**

1-3 cr. Undergraduate/Graduate.

In consultation with a faculty advisor, student will develop the study plan on a topic related to biomedical engineering.

**Prerequisites:** junior standing, consent of instructor and CEAS Associate Dean.**Course Rules:** May be retaken to 6 cr max.**Last Taught:** Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BME 720 Machine Perception**

3 cr. Graduate.

Fundamentals of computer vision and graphics, fundamentals of human-machine interaction, object sensing and tracking, virtual/augmented reality, automatic human behavior analysis, and biomedical applications.

**Prerequisites:** grad st.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BME 733 Sensors and Systems**

3 cr. Graduate.

Physical principles and working of sensors, interfacing, and sensor networks.

**Prerequisites:** graduate standing and ELECENG 305(P) or consent of instructor.**Course Rules:** BME 733, ELECENG 733, and MECHENG 733 are jointly offered and count as repeats of one another.**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BME 888 Candidates for Degree**

0 cr. Graduate.

Available for graduate students who must meet minimum credit load requirement.

**Prerequisites:** graduate standing.**Course Rules:** Fee for 1 cr assessed; unit does not count towards credit load for Fin Aid. Repeatable. Satisfactory/Unsatisfactory only.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BME 890 Special Topics:**

3 cr. Graduate.

Lectures on special topics in biomedical engineering. Variable content course. Specific topics and any additional prerequisites will be announced in the schedule of classes each time the course is offered.

**Prerequisites:** graduate standing.**Course Rules:** May be repeated with change in topic to 9 cr max.**Last Taught:** Spring 2023, Fall 2020, Fall 2019, Fall 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BME 990 Masters Thesis**

1-9 cr. Graduate.

Masters thesis research.

**Prerequisites:** graduate standing and consent of instructor.**Course Rules:** Repeatable to 36 cr max.**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BME 998 Doctoral Thesis**

1-12 cr. Graduate.

Doctoral thesis is a part of degree requirements.

**Prerequisites:** grad st; cons instr & grad prog committee.**Course Rules:** Re-takeable up to 99 credits.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BME 999 Advanced Independent Study**

1-3 cr. Graduate.

Advanced Independent Study

**Prerequisites:** grad st & cons instr.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## Biomedical Sciences (BMS)

**BMS 101 Introduction to Clinical Laboratory Sciences**

2 cr. Undergraduate.

Lecture and laboratory instruction to introduce the student to the profession of clinical laboratory sciences with special emphasis in medical technology and cytotechnology.

**Prerequisites:** none.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 201 Sexually Transmitted Diseases and AIDS**

3 cr. Undergraduate.

Introductory course examining epidemiology, physiology, and microbiology of sexually transmitted infectious diseases. Information on reproductive physiology, pathophysiology and clinical disease, prevention and current treatment strategies.

**Prerequisites:** none.

**General Education Requirements:** NS

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 202 Learning for Success**

1 cr. Undergraduate.

Collaborative course between academic and student affairs. Students develop and refine behaviors and skills necessary for achieving academic self-confidence and scholastic success. Fulfills a requirement for restoring academic good standing.

**Prerequisites:** none.

**Course Rules:** Counts as a repeat of BMS 290 with similar topic.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 204 Plagues, Pandemics, and Epidemics**

3 cr. Undergraduate.

Basic principles and concepts of infectious diseases recognized to be of major worldwide importance in terms of mortality and morbidity.

**Prerequisites:** none.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 205 Introduction to Diagnostic Medicine**

3 cr. Undergraduate.

This course will provide a framework for understanding medical diagnostic tests in terms of procedures, risks, interpretation of results and relevant science behind the tests.

**Prerequisites:** none.

**General Education Requirements:** NS

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 205X Introduction to Diagnostic Medicine**

3 cr. Undergraduate.

This course will provide a framework for understanding medical diagnostic tests in terms of procedures, risks, interpretation of results and relevant science behind the tests.

**Prerequisites:** none.

**General Education Requirements:** NS

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 232 Introduction to Nutrition**

3 cr. Undergraduate.

Fundamentals of human nutrition, functions and requirements of nutrients, nutritional needs throughout the life cycle.

**Prerequisites:** none.

**Course Rules:** Not open for cr to students with cr in Hlthsci 238 or BMS 332.

**General Education Requirements:** NS

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 232X Introduction to Nutrition**

3 cr. Undergraduate.

Fundamentals of human nutrition, functions and requirements of nutrients, nutritional needs throughout the life cycle.

**Prerequisites:** none.

**Course Rules:** Not open for cr to students with cr in Hlthsci 238 or BMS 332.

**General Education Requirements:** NS

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 245 Client Diversity in Health Sciences: An Interdisciplinary Perspective**

3 cr. Undergraduate.

Interdisciplinary instruction on effective service delivery in the health sciences to culturally diverse individuals and families. Emphasis on the complexity of an individual's cultural identity.

**Prerequisites:** sophomore standing or consent of instructor.

**Course Rules:** BMS/ComSDis/HCA/Kin/OccThpy/TherRec 245 are jointly offered; they count as repeats of one another.

**General Education Requirements:** CD, SS

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 245X Client Diversity in Health Sciences: An Interdisciplinary Perspective**

3 cr. Undergraduate.

Interdisciplinary instruction on effective service delivery in the health sciences to culturally diverse individuals and families. Emphasis on the complexity of an individual's cultural identity.

**Prerequisites:** sophomore standing or consent of instructor.

**Course Rules:** BMS/ComSDis/HCA/Kin/OccThpy/TherRec 245 are jointly offered; they count as repeats of one another.

**General Education Requirements:** CD, SS

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 260 Introduction to Complementary and Integrative Health Approaches**

3 cr. Undergraduate.

Introduction to the philosophy, evidence and applications of diverse medical and health care systems, practices, and products that are not generally considered part of conventional western biomedicine.

**Prerequisites:** none.

**General Education Requirements:** SS

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 260X Introduction to Complementary and Integrative Health Approaches**

3 cr. Undergraduate.

Introduction to the philosophy, evidence and applications of diverse medical and health care systems, practices, and products that are not generally considered part of conventional western biomedicine.

**Prerequisites:** none.

**General Education Requirements:** SS

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 281 Dead Men Do Tell Tales: An Introduction to Forensic Science**

3 cr. Undergraduate.

A multidisciplinary view of how forensic scientists contribute to the many ways that physical evidence is collected, analyzed, and evaluated.

**Prerequisites:** none.**Course Rules:** ANTHRO 281, BMS 281, CHEM 281, and CRM JST 281 are jointly offered and count as repeats of one another.**Last Taught:** Fall 2023, Fall 2022, Spring 2022, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 285 Medicolegal Death Investigation**

3 cr. Undergraduate.

Lectures on the fundamentals of death investigation as outlined by national guidelines for death investigators.

**Prerequisites:** none.**Course Rules:** Jointly-offered with & counts as repeat of Anthro/Chem/Crm Jst 285.**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 290 Topics in Health Sciences:**

1-3 cr. Undergraduate.

Topics of current interest in the field of health sciences.

**Prerequisites:** specified in sem schedule whenever req'd for a topic.**Course Rules:** May be repeated with change in topic.**Last Taught:** Spring 2022, Spring 2021, Spring 2020, Spring 2018.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 297 Study Abroad:**

1-12 cr. Undergraduate.

Designed to enroll students in UWM sponsored program before course work level, content and credits are determined and/or in specially prepared program course work.

**Prerequisites:** acceptance to Study Abroad Prog.**Course Rules:** May be retaken w/chg in topic.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 301 Human Pathophysiology: Fundamentals**

1 cr. Undergraduate.

Pathological mechanisms underlying disease states, diagnosis and treatment of these disorders; topics cover cell injury, inflammation, immunopathology, repair, regeneration and fibrosis.

**Prerequisites:** Bio Sci 203(P) or consent of instructor.**Last Taught:** Fall 2023, Summer 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 301X Human Pathophysiology: Fundamentals**

1 cr. Undergraduate.

Pathological mechanisms underlying disease states, diagnosis and treatment of these disorders; topics cover cell injury, inflammation, immunopathology, repair, regeneration and fibrosis.

**Prerequisites:** Bio Sci 203(P) or consent of instructor.**Last Taught:** Fall 2023, Summer 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 302 Human Pathophysiology: Organ Systems I**

1 cr. Undergraduate.

Pathological mechanisms underlying disease states, diagnosis and treatment of these disorders; topics cover developmental and genetic disorders, neoplasms, nervous system, bones, joints, skeletal muscle.

**Prerequisites:** BMS 301(C) or cons instr.**Last Taught:** Fall 2023, Summer 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 302X Human Pathophysiology: Organ Systems I**

1 cr. Undergraduate.

Pathological mechanisms underlying disease states, diagnosis and treatment of these disorders; topics cover developmental and genetic disorders, neoplasms, nervous system, bones, joints, skeletal muscle.

**Prerequisites:** BMS 301(C) or cons instr.**Last Taught:** Fall 2023, Summer 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 303 Human Pathophysiology: Organ Systems II**

1 cr. Undergraduate.

Pathological mechanisms underlying disease states, diagnosis and treatment of these disorders; topics cover cardiovascular, respiratory, blood and lymphoid systems, diabetes.

**Prerequisites:** BMS 301(C) or consent of instructor.**Last Taught:** Fall 2023, Summer 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 303X Human Pathophysiology: Organ Systems II**

1 cr. Undergraduate.

Pathological mechanisms underlying disease states, diagnosis and treatment of these disorders; topics cover cardiovascular, respiratory, blood and lymphoid systems, diabetes.

**Prerequisites:** BMS 301(C) or consent of instructor.**Last Taught:** Fall 2023, Summer 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 304 Human Pathophysiology: Organ Systems III**

1 cr. Undergraduate.

Pathological mechanisms underlying disease states, diagnosis and treatment of these disorders; topics cover gastrointestinal tract, pancreas, kidney, liver/biliary system, female and male reproductive systems.

**Prerequisites:** BMS 301(C) or consent of instructor.**Last Taught:** Summer 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 304X Human Pathophysiology: Organ Systems III**

1 cr. Undergraduate.

Pathological mechanisms underlying disease states, diagnosis and treatment of these disorders; topics cover gastrointestinal tract, pancreas, kidney, liver/biliary system, female and male reproductive systems.

**Prerequisites:** BMS 301(C) or consent of instructor.**Last Taught:** Summer 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 305 Human Pathophysiology: Organ Systems IV**

1 cr. Undergraduate.

Pathological mechanisms underlying disease states, diagnosis/treatment of these disorders. Topics: endocrine system, infectious and parasitic diseases, environmental and nutritional factors related to morbidity/mortality.

**Prerequisites:** BMS 301(C) or consent of instructor.**Last Taught:** Summer 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 305X Human Pathophysiology: Organ Systems IV**

1 cr. Undergraduate.

Pathological mechanisms underlying disease states, diagnosis/treatment of these disorders. Topics: endocrine system, infectious and parasitic diseases, environmental and nutritional factors related to morbidity/mortality.

**Prerequisites:** BMS 301(C) or consent of instructor.

**Last Taught:** Summer 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 314X Human Pathophysiology I**

3 cr. Undergraduate.

Study of human pathological processes. Emphasis is on interrelationships among organ systems and deviations from homeostasis.

**Prerequisites:** Bio Sci 202(P) & 203(P).

**Course Rules:** Counts as repeat of BMS 301 or BMS 302 or BMS 303.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 315X Human Pathophysiology II**

2 cr. Undergraduate.

Study of human pathological processes. Emphasis is on interrelationships among organ systems and deviations from homeostasis.

**Prerequisites:** Bio Sci 202(P) & 203(P).

**Course Rules:** Counts as repeat of BMS 304 or BMS 305.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 332 Clinical Nutrition**

2 cr. Undergraduate.

Nutritional needs throughout life; relationships between food habits and health problems; evaluating dietary information for deficiencies and imbalances.

**Prerequisites:** Chem 103(P), Bio Sci 202(P) & 203(P), or BMS 232(P) or HlthSci 232(P).

**Last Taught:** UWinterIM 2024, Fall 2023, Summer 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 335 Echocardiography I**

3 cr. Undergraduate.

Introduction to normal cardiovascular anatomy, the normal ultrasound exam and protocol for an echocardiogram.

**Prerequisites:** jr st in BioMed Sci prog or cons instr.

**Last Taught:** Fall 2009, Fall 2008, Fall 2007.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 350 Histotechnology I**

3 cr. Undergraduate.

Fundamental theory and aspects of histotechnology techniques including fixation, processing, embedding, microtomy and staining. Laboratory operation topics are also covered such laboratory math, quality control and compliance related to histology laboratories.

**Prerequisites:** junior standing or consent of instructor.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 351 Histotechnology II**

3 cr. Undergraduate.

Continuation of Histotechnology I. Introduction to fundamental histotechniques such as special stains, immunohistochemistry, cytology staining, enzyme histochemistry and in situ hybridization.

**Prerequisites:** BMS 350(P) or consent of instructor.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 403 Sonographic Physics I**

1 cr. Undergraduate.

Study of the basic principles of acoustic transmission, reflection in tissues and transducer design in pulse echo systems.

**Prerequisites:** jr st in BioMed Sci prog or cons instr.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 404 Sonographic Physics II**

1 cr. Undergraduate.

Study of the basic principles of near zone, far zone, beam profiles, beam focusing, transducer arrays.

**Prerequisites:** jr st in BioMed Sci prog) or cons instr.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 405 Sonographic Physics III**

1 cr. Undergraduate.

Study of the basic principles of Doppler, acoustical exposure measurements, QA, bioeffects and the ALARA principle.

**Prerequisites:** jr st in BioMed Sci prog or cons instr.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 406 Diagnostic Medical Sonography (DMS) Abdomen I**

4 cr. Undergraduate.

Study of normal and abnormal sonograms of the peritoneal space, pre-vertebral vessels, liver, biliary, pancreas and kidneys will be discussed.

**Prerequisites:** jr st in BioMed Sci prog or cons instr.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 407 Diagnostic Medical Sonography (DMS) Abdomen II**

4 cr. Undergraduate.

Study of normal and abnormal sonograms of the spleen, transplant imaging, GI imaging and dedicated pediatric imaging will be discussed.

**Prerequisites:** jr st in BioMed Sci prog or cons instr.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 408 Vascular Sonography: CV & PV-Arterial**

5 cr. Undergraduate.

Study of cerebrovascular anatomy, normal and abnormal, and ultrasound imaging, upper arterial ultrasound exams, anatomy and pathology and lower extremity arterial ultrasound.

**Prerequisites:** jr st in BioMed Sci prog or cons instr.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 409 Vascular Technology: Advanced**

4 cr. Undergraduate.

Study of peripheral vascular direct and indirect arterial and venous, normal and abnormal and abdominal Doppler.

**Prerequisites:** jr st in BioMed Sci prog or cons instr.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 410 Sonography Clinical Internship I**

5 cr. Undergraduate.

Students will successfully complete sonography clinical competency examinations, under the supervision of the clinical instructors.

**Prerequisites:** jr st in BioMed Sci prog or cons instr.

**Last Taught:** Fall 2014, Fall 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 411 Sonography Clinical Internship II**

5 cr. Undergraduate.

Students will successfully complete sonography clinical competency examinations, under the supervision of the clinical instructors.

**Prerequisites:** jr st in BioMed Sci prog or cons instr.**Last Taught:** Spring 2015, Spring 2014.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 420 Clinical Hematology**

3 cr. Undergraduate/Graduate.

Lectures in the production, regulation, function, and cytomorphology of normal hematopoietic elements. Introduction to hemostasis theory.

**Prerequisites:** jr st or cons instr.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 420G Clinical Hematology**

3 cr. Undergraduate/Graduate.

Lectures in the production, regulation, function, and cytomorphology of normal hematopoietic elements. Introduction to hemostasis theory.

**Prerequisites:** jr st or cons instr.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 421 Introduction To Hematology Laboratory**

1 cr. Undergraduate.

Clinical laboratory experiences in basic hematology techniques and instrumentation to evaluate hematopoietic elements. 3 hr lab.

**Prerequisites:** jr st in BioMed Sci prog or cons instr; BMS 420(C).**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 427 Clinical Immunology**

3 cr. Undergraduate/Graduate.

Fundamentals of Clinical Immunology, including cellular, humoral and molecular aspects. Correlation of laboratory test results with clinical disease states.

**Prerequisites:** jr st.**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 427G Clinical Immunology**

3 cr. Undergraduate/Graduate.

Fundamentals of Clinical Immunology, including cellular, humoral and molecular aspects. Correlation of laboratory test results with clinical disease states.

**Prerequisites:** jr st.**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 428 Clinical Immunology Laboratory**

1 cr. Undergraduate.

Laboratory experiments in clinical immunology and theories of testing concepts. 3 hr lab.

**Prerequisites:** jr st in BioMed Sci prog or cons instr; BMS 427(C).**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 431 Clinical Chemistry**

3 cr. Undergraduate/Graduate.

Correlation of clinical chemistry with the pathophysiology of human disease.

**Prerequisites:** jr st; Chem 501(P) or cons instr; or grad st.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 431G Clinical Chemistry**

3 cr. Undergraduate/Graduate.

Correlation of clinical chemistry with the pathophysiology of human disease.

**Prerequisites:** jr st; Chem 501(P) or cons instr; or grad st.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 432 Clinical Chemistry Laboratory Theory & Operations**

1 cr. Undergraduate.

Theory and application of Clinical Chemistry laboratory principles. Focus on laboratory principles, quality assurance, theory of instrumentation, and laboratory problem solving.

**Prerequisites:** jr st in BioMed Sci prog or cons instr; Chem 501(P);

BMS 431(C).

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 433 Teamwork in the Health Professions**

3 cr. Undergraduate.

Develop and demonstrate competency in best practices for professionalism, roles, responsibilities, teamwork, communication, ethics, and collaboration to improve the quality and safety of patient care.

**Prerequisites:** sr st or cons instr.**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 433X Teamwork in the Health Professions**

3 cr. Undergraduate.

Develop and demonstrate competency in best practices for professionalism, roles, responsibilities, teamwork, communication, ethics, and collaboration to improve the quality and safety of patient care.

**Prerequisites:** sr st or cons instr.**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 434 Professional Development in the Health Sciences**

3 cr. Undergraduate.

Knowledge and understanding about professional volunteerism, leadership, legislative, and advocacy efforts, certification and licensure, career pathways, growth, and advancement.

**Prerequisites:** sr st or cons instr.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 434X Professional Development in the Health Sciences**

3 cr. Undergraduate.

Knowledge and understanding about professional volunteerism, leadership, legislative, and advocacy efforts, certification and licensure, career pathways, growth, and advancement.

**Prerequisites:** sr st or cons instr.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 435 Foundations of Interprofessional Education and Practice**

3 cr. Undergraduate.

Learning in this course is based on the IPEC Core Competencies for Interprofessional Collaborative Practice and principles of cultural engagement.

**Prerequisites:** junior standing or greater.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 435X Foundations of Interprofessional Education and Practice**

3 cr. Undergraduate.

Learning in this course is based on the IPEC Core Competencies for Interprofessional Collaborative Practice and principles of cultural engagement.

**Prerequisites:** junior standing or greater.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 459 Introduction to 3D/4D Ultrasound**

3 cr. Undergraduate.

Comparison of normal and pathological anatomy cases utilizing two, three and four dimensional sonography techniques.

**Prerequisites:** junior standing in BioMedical Science program or consent of instructor.**Last Taught:** Fall 2013, Spring 2010.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 459X Introduction to 3D/4D Ultrasound**

3 cr. Undergraduate.

Comparison of normal and pathological anatomy cases utilizing two, three and four dimensional sonography techniques.

**Prerequisites:** junior standing in BioMedical Science program or consent of instructor.**Last Taught:** Fall 2013, Spring 2010.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 462 Seminar in Ultrasound Research**

3 cr. Undergraduate.

Student is assigned to a research project and mentor in didactic one-on-one sessions and performing clinical studies.

**Prerequisites:** jr st in BioMed Sci prog or cons instr.**Last Taught:** Spring 2009.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 472 Radiographic Anatomy and Physiology IV**

3 cr. Undergraduate.

Structure and physiology of the human body as they relate to radiography of the remaining systems. The physiochemical process.

**Prerequisites:** sr st in BioMed Sci prog or cons instr.**Last Taught:** Fall 2012, Fall 2011, Fall 2010, Fall 2009.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 476 Radiographic Exposure IV**

3 cr. Undergraduate.

Digital imaging concepts and conversion problems, qualities of contrast, density, detail, and distortion.

**Prerequisites:** sr st in BioMed Sci prog or cons instr.**Last Taught:** Spring 2013, Spring 2012, Spring 2011, Spring 2010.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 481 Criminalistics**

3 cr. Undergraduate.

Instruction on collection, preservation, and analysis of physical evidence from crime scenes. Instruction on the rules of evidence and expert testimony.

**Prerequisites:** jr st; admis to Forensic Sci cert prog; Anthro/Chem/BMS/ Crm Jst 281(P); Crm Jst 480 (P).**Course Rules:** Anthro 481, Chem 481, BMS 481, & Crm Jst 481 are jointly offered; they count as repeats of one another.**Last Taught:** Spring 2016, Spring 2012, Spring 2011, Spring 2010.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 497 Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.

**Prerequisites:** acceptance to Study Abroad Prog.**Course Rules:** May be retaken w/chg in topic.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 497G Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.

**Prerequisites:** acceptance to Study Abroad Prog.**Course Rules:** May be retaken w/chg in topic.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 501 Introduction to Cytotechnology**

1 cr. Undergraduate.

Fieldwork to include lecture and laboratory instruction introducing the profession of Cytotechnology with emphasis on the role, responsibility, and ethics of the profession.

**Prerequisites:** sr st in BioMed Sci prog & cons prog dir.**Last Taught:** Fall 2013, Fall 2012, Fall 2011, Fall 2010.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 517 Laboratory Technology: Theory and Practice**

2 cr. Undergraduate.

Introduction to common biomedical laboratory techniques and begin development of independent biomedical researchers.

**Prerequisites:** BMS 427(P), BMS 428(P), BMS 560(P), and BMS 561(P); or consent of instructor.**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 518 Experimental Design and Research in Biomedical Sciences**

1 cr. Undergraduate.

Introduction to principles of experimental design in the biomedical research setting toward development as independent biomedical researchers.

**Prerequisites:** BMS 427(P), BMS 428(P), BMS 560(P), and BMS 561(P); or consent of instructor.**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 521 Applied Clinical Hematology**

2 cr. Undergraduate.

Instruction in hematological laboratory techniques and the pathophysiology of disease of the reticuloendothelial system using case studies as a basis of discussion.

**Prerequisites:** sr st in BioMed Sci prog or cons instr.**Last Taught:** Summer 2023, Summer 2022, Summer 2021, Summer 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 522 Hemostasis**

1 cr. Undergraduate.

Correlation of basic theories of the hemostatic system with normal and abnormal clinical laboratory results. Introduction to basic methodology employed in differential diagnosis of hemostatic disorders.

**Prerequisites:** sr st in BioMed Sci prog or cons prog dir.**Last Taught:** Summer 2023, Summer 2022, Summer 2021, Summer 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 523 Lectures in Advanced Clinical Hematology**

1 cr. Undergraduate.

Lectures dealing with abnormalities of hematopoiesis, and the blood dyscrasias, and examination of bone marrow and lymphnodes.

**Prerequisites:** BMS 420(320)(P) or cons instr.**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 524 Advanced Clinical Hematology Practicum**

3 cr. Undergraduate.

Practical experience in the clinical laboratory dealing with both normal and abnormal hematology and body fluids.

**Prerequisites:** sr st in BioMed Sci prog or cons prog dir.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 529 Introduction to Immunohematology**

3 cr. Undergraduate.

An introduction to the fundamentals of immunohematology and clinical blood banking.

**Prerequisites:** BMS 427(P) or cons instr.**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 530 Immunohematology and Blood Banking Laboratory**

1 cr. Undergraduate.

Fundamental practical instruction in basic blood banking techniques.

**Prerequisites:** BMS 529(C) or cons instr.**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 531 Advanced Lectures in the Clinical Laboratory Sciences**

1 cr. Undergraduate.

Clinical applications and relationships within the various disciplines of clinical laboratory sciences including discussion of current topics of interest in diagnostic medicine.

**Prerequisites:** sr st in BioMed Sci prog or cons instr.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 532 Advanced Clinical Immunohematology and Immunology**

3 cr. Undergraduate.

Practical instruction in clinical serology and immunohematology.

Correlation of test results with disease states.

**Prerequisites:** sr st in BioMed Sci prog or cons prog dir.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 534 Medical Microbiology**

3 cr. Undergraduate/Graduate.

Advanced comprehensive study of microorganisms that influence human health and disease. Emphasis on identification/diagnosis and microbial attributes and mechanisms that facilitate infectious disease.

**Prerequisites:** jr st & Bio Sci 383(303)(P); or grad st; or cons instr.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 534G Medical Microbiology**

3 cr. Undergraduate/Graduate.

Advanced comprehensive study of microorganisms that influence human health and disease. Emphasis on identification/diagnosis and microbial attributes and mechanisms that facilitate infectious disease.

**Prerequisites:** jr st & Bio Sci 383(303)(P); or grad st; or cons instr.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 535 Medical Microbiology Laboratory**

2 cr. Undergraduate/Graduate.

Formal systematic laboratory study of microorganisms important in human health and disease. Emphasis on current methods of detection, identification and treatment. 4 hr lab.

**Prerequisites:** jr st & Bio Sci 383(303)(P), or cons instr; BMS 534(C).**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 535G Medical Microbiology Laboratory**

2 cr. Undergraduate/Graduate.

Formal systematic laboratory study of microorganisms important in human health and disease. Emphasis on current methods of detection, identification and treatment. 4 hr lab.

**Prerequisites:** jr st & Bio Sci 383(303)(P), or cons instr; BMS 534(C).**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 536 Applied Clinical Microbiology**

2 cr. Undergraduate.

Lectures and laboratory dealing with the systematic study of bacteria of medical importance to humans.

**Prerequisites:** sr st in BioMed Sci prog or cons prog dir.**Last Taught:** Summer 2023, Summer 2022, Summer 2021, Summer 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 537 Medical Parasitology and Mycology**

2 cr. Undergraduate/Graduate.

Lectures and laboratory dealings with the medically significant parasitic and mycotic agents of human disease.

**Prerequisites:** sr st in BioMed Sci prog; or grad st; or cons instr.**Last Taught:** Summer 2023, Summer 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 537G Medical Parasitology and Mycology**

2 cr. Undergraduate/Graduate.

Lectures and laboratory dealings with the medically significant parasitic and mycotic agents of human disease.

**Prerequisites:** sr st in BioMed Sci prog; or grad st; or cons instr.**Last Taught:** Summer 2023, Summer 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 538 Advanced Clinical Microbiology Practicum**

3 cr. Undergraduate.

Clinical instruction in techniques utilized for the diagnosis of infectious disease, including special culture techniques.

**Prerequisites:** sr st in BioMed Sci prog or cons prog dir.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 539 Public Health Microbiology**

2 cr. Undergraduate/Graduate.

The role of microbiological analysis in public health and the current techniques for detecting, identifying, and enumerating pathogenic microorganisms.

**Prerequisites:** jr st & Bio Sci 383(303)(P), or grad st; or cons instr.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 539G Public Health Microbiology**

2 cr. Undergraduate/Graduate.

The role of microbiological analysis in public health and the current techniques for detecting, identifying, and enumerating pathogenic microorganisms.

**Prerequisites:** jr st & Bio Sci 383(303)(P), or grad st; or cons instr.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 540 Public Health Microbiology Lab**

2 cr. Undergraduate/Graduate.

Current laboratory techniques for detecting, identifying, and enumerating pathogenic microorganisms.

**Prerequisites:** jr st, or cons instr**Last Taught:** Fall 2023, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 540G Public Health Microbiology Lab**

2 cr. Undergraduate/Graduate.

Current laboratory techniques for detecting, identifying, and enumerating pathogenic microorganisms.

**Prerequisites:** jr st, or cons instr**Last Taught:** Fall 2023, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 541 Urinalysis**

1 cr. Undergraduate.

Lecture and laboratory experience in clinical analysis of urine.

**Prerequisites:** sr st in BioMed Sci prog or cons instr.**Last Taught:** Summer 2023, Summer 2022, Summer 2021, Summer 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 542 Applied Clinical Chemistry**

2 cr. Undergraduate.

Systematic instruction in the laboratory determination of substances of principal interest to the diagnosis of human disease.

**Prerequisites:** sr st in BioMed Sci prog or cons instr.**Last Taught:** Summer 2023, Summer 2022, Summer 2021, Summer 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 544 Advanced Clinical Chemistry Practicum**

3 cr. Undergraduate.

Experience in a hospital laboratory dealing with routine and specialized biochemical procedures and all phases of instrumentation currently used in this field.

**Prerequisites:** sr st in BioMed Sci prog or cons prog dir.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 545 Human Histology**

3 cr. Undergraduate/Graduate.

A detailed study of the structure and function of human tissues.

**Prerequisites:** jr st.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 545G Human Histology**

3 cr. Undergraduate/Graduate.

A detailed study of the structure and function of human tissues.

**Prerequisites:** jr st.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 547 Clinical Laboratory Diagnosis**

2-5 cr. Undergraduate.

Lectures and laboratory covering special topics in the use of laboratory testing in clinical diagnosis of disease.

**Prerequisites:** senior standing in Biomedical Sciences program or consent of program director.**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 548 Clinical Laboratory Practice**

5 cr. Undergraduate.

Experience in various laboratory techniques.

**Prerequisites:** sr st in BioMed Sci prog or cons prog dir.**Last Taught:** Fall 2023, Fall 2022, Spring 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 549 Professional Development in Clinical Laboratory Sciences**

3 cr. Undergraduate.

Discussion and participation in professional development activities.

Topics include: laboratory management, laboratory information systems, professional conduct, ethics, certification, job placement, and educational methodologies.

**Prerequisites:** senior standing in BioMedical Science program or consent of instructor.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 552 Advanced Nutrition**

2 cr. Undergraduate/Graduate.

Nutrient utilization and human metabolism, nutritional influences in anthropology, epidemiology and international development issues.

**Prerequisites:** jr st; BMS 232(P) or Bio Sci 501(P).**Last Taught:** Spring 2008, Fall 2007.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 552G Advanced Nutrition**

2 cr. Undergraduate/Graduate.

Nutrient utilization and human metabolism, nutritional influences in anthropology, epidemiology and international development issues.

**Prerequisites:** jr st; BMS 232(P) or Bio Sci 501(P).**Last Taught:** Spring 2008, Fall 2007.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 555 Toxicology and Therapeutic Drug Monitoring**

1 cr. Undergraduate/Graduate.

Survey of the pharmacology and analytical methods for identification and quantitation of therapeutic and toxic substances.

**Prerequisites:** jr st, & Chem 341(P) or 345(P); or cons instr.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 555G Toxicology and Therapeutic Drug Monitoring**

1 cr. Undergraduate/Graduate.

Survey of the pharmacology and analytical methods for identification and quantitation of therapeutic and toxic substances.

**Prerequisites:** jr st, & Chem 341(P) or 345(P); or cons instr.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 560 Molecular and Genetic Diagnostics**

2 cr. Undergraduate/Graduate.

Introduction to principles and applications of DNA technology in the clinical laboratory.

**Prerequisites:** jr st, Bio Sci 325 (P); or grad st.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 560G Molecular and Genetic Diagnostics**

2 cr. Undergraduate/Graduate.

Introduction to principles and applications of DNA technology in the clinical laboratory.

**Prerequisites:** jr st, Bio Sci 325 (P); or grad st.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 561 Molecular Diagnostics Laboratory**

1 cr. Undergraduate/Graduate.

Clinical laboratory experiences in molecular diagnostic techniques and instrumentation.

**Prerequisites:** jr st & BMS 560(C); or grad st & BMS 705(P); or cons instr.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 561G Molecular Diagnostics Laboratory**

1 cr. Undergraduate/Graduate.

Clinical laboratory experiences in molecular diagnostic techniques and instrumentation.

**Prerequisites:** jr st & BMS 560(C); or grad st & BMS 705(P); or cons instr.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 575 Cytology of the Female Genital Tract - I**

4 cr. Undergraduate.

Fieldwork to include lectures discussing the normal and abnormal cytology of the female genital tract.

**Prerequisites:** sr st in BioMed Sci prog & cons prog dir.**Last Taught:** Fall 2013, Fall 2012, Fall 2011, Fall 2010.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 576 Cytology of the Female Genital Tract - II**

4 cr. Undergraduate.

Fieldwork to include laboratory experience dealing with the study of the normal and abnormal cytology of the female genital tract.

**Prerequisites:** sr st in BioMed Sci prog & cons prog dir.**Last Taught:** Fall 2013, Fall 2012, Fall 2011, Fall 2010.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 577 Cytology of the Respiratory Tract**

3 cr. Undergraduate.

Lectures and laboratory experience in the study of the normal and abnormal cytology of the respiratory tract.

**Prerequisites:** sr st in BioMed Sci prog & cons prog dir.**Last Taught:** Fall 2013, Fall 2012, Fall 2011, Fall 2010.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 578 Cytology of the Gastrointestinal and the Genito-Urinary Tract**

2 cr. Undergraduate.

Fieldwork to include lecture and laboratory experience dealing with the normal and abnormal cytology of the G.I. and G.U. tracts.

**Prerequisites:** sr st in BioMed Sci prog & cons prog dir.**Last Taught:** Spring 2014, Spring 2013, Spring 2012, Spring 2011.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 579 Cytology of Effusions and the Central Nervous System**

3 cr. Undergraduate.

Fieldwork to include lecture and laboratory experiences in the study of various body fluids in health and disease.

**Prerequisites:** sr st in BioMed Sci & cons prog dir.**Last Taught:** Spring 2014, Spring 2013, Spring 2012, Spring 2011.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 580 Aspiration Cytology**

4 cr. Undergraduate.

Fieldwork to include lecture and laboratory experience dealing with aspiration cytology.

**Prerequisites:** sr st in BioMed Sci prog & cons prog dir.**Last Taught:** Spring 2014, Spring 2013, Spring 2012, Spring 2011.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 581 Special Procedures in Cytology**

1 cr. Undergraduate.

Fieldwork to include lecture and laboratory experiences dealing with special procedures used in cytological diagnosis.

**Prerequisites:** sr st in BioMed Sci prog & cons prog dir.**Last Taught:** Spring 2014, Spring 2013, Spring 2012, Spring 2011.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 582 Cytology of the Breast**

1 cr. Undergraduate.

Fieldwork to include lecture and laboratory experiences dealing with the normal and abnormal cytology of the breast.

**Prerequisites:** sr st in BioMed Sci prog & cons prog dir.**Last Taught:** Spring 2014, Spring 2013, Spring 2012, Spring 2011.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 583 Cytology Preparation Techniques**

1 cr. Undergraduate.

Fieldwork to include laboratory preparation of gynecologic and non-gynecologic cytology specimens using several different instrument methodologies.

**Prerequisites:** sr st in BioMed Sci prog & cons prog dir.

**Last Taught:** Summer 2014, Summer 2013, Summer 2012, Summer 2011.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 585 Internship in Forensic Toxicology**

1-3 cr. Undergraduate.

Practical experience in a forensic toxicology laboratory under the supervision of a toxicologist.

**Prerequisites:** jr st; admis to Forensic Sci cert prog; Anthro/Chem/BMS/ Crm Jst 281(P) & 285(P); Chem 221(P) or 223(P); Crm Jst 480(P); Hepatitis B vaccine series or waiver.

**Course Rules:** Anthro 585, Chem 585, BMS 585, & Crm Jst 585 are jointly offered; they count as repeats of one another.

**Last Taught:** Spring 2002.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 586 Cytology Lab Operations and Quality Control**

1 cr. Undergraduate.

Basic administrative functions and quality control procedures utilized in the cytology laboratory.

**Prerequisites:** sr st in BioMed Sci prog & cons prog dir.

**Last Taught:** Spring 2014, Spring 2013, Spring 2012, Spring 2011.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 587 Research Methods in Cytology**

1 cr. Undergraduate.

Research methods in cytology through journal club, literature reviews, case studies, and library research.

**Prerequisites:** sr st in BioMed Sci prog & cons prog dir.

**Last Taught:** Summer 2014, Summer 2013, Summer 2012, Summer 2011.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 588 Diagnostic Microscopy in Cytology**

5 cr. Undergraduate.

Fieldwork in a functioning cytotechnology laboratory.

**Prerequisites:** sr st in BioMed Sci prog & cons prog dir.

**Last Taught:** Summer 2014, Summer 2013, Summer 2012, Summer 2011.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 589 Internship in Death Investigation**

1-3 cr. Undergraduate.

Practical experience in death investigation under the supervision of a death investigator and forensic pathologist.

**Prerequisites:** jr st; admis to Forensic Sci cert prog; Anthro/Chem/BMS/ Crm Jst 281(P); Crm Jst 480(P); BMS 620(R); Hepatitis B vaccine series or waiver.

**Course Rules:** Anthro 589, Chem 589, BMS 589 & Crm Jst 589 are jointly offered; they count as repeats of one another.

**Last Taught:** Spring 2023, Fall 2022, Fall 2019, Fall 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 590 Topics in Clinical Laboratory Sciences:**

1-5 cr. Undergraduate/Graduate.

Topics of current interest in the field of clinical laboratory sciences. The major theme for each semester offering will be posted.

**Prerequisites:** junior standing; consent of instructor for graduate credit.

**Course Rules:** May be retaken with change in topic to max of 9 cr for grad students.

**Last Taught:** Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 590X Topics in Clinical Laboratory Sciences:**

1-5 cr. Undergraduate/Graduate.

Topics of current interest in the field of clinical laboratory sciences. The major theme for each semester offering will be posted.

**Prerequisites:** junior standing; consent of instructor for graduate credit.

**Course Rules:** May be retaken with change in topic to max of 9 cr for grad students.

**Last Taught:** Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 594 Internship in Forensic Science**

1-3 cr. Undergraduate.

On-site shadowing of evidence analyst at State Crime Laboratory.

**Prerequisites:** jr st; admis to Forensic Sci cert prog; Anthro/Chem/BMS/ Crm Jst 281(P); Chem 221(P) or 223(P); Crm Jst 480(P); Hepatitis B vaccine series or waiver.

**Course Rules:** Anthro 594, Chem 594, BMS(C L Sci) 594, & Crm Jst 594 are jointly offered; they count as repeats of one another.

**Last Taught:** Fall 2023, Spring 2023, Spring 2020, Spring 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 599 Independent Study**

1-3 cr. Undergraduate.

Individualized experience which enables the student to study current topics of interest to the clinical laboratory scientist. Level of credit assigned based on time required for completion.

**Prerequisites:** cons instr & prog dir.

**Course Rules:** May be retaken to 12 cr max.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 600 Contrast Diagnostic Imaging**

3 cr. Undergraduate/Graduate.

Use of contrast media in medical imaging diagnostic procedures.

**Prerequisites:** junior standing in BioMedical Science program; ARRT, ARDMS, or CCI Imaging Certification or completion of an Introductory Diagnostic Imaging course.

**Last Taught:** Spring 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 600G Contrast Diagnostic Imaging**

3 cr. Undergraduate/Graduate.

Use of contrast media in medical imaging diagnostic procedures.

**Prerequisites:** junior standing in BioMedical Science program; ARRT, ARDMS, or CCI Imaging Certification or completion of an Introductory Diagnostic Imaging course.

**Last Taught:** Spring 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 601 Molecular Imaging for Diagnostic Imaging**

3 cr. Undergraduate/Graduate.

Study of imaging principles utilized with molecular imaging. To include review of scientific publications for the use of molecular imaging to review various disease processes.

**Prerequisites:** junior standing in BioMedical Science program; ARRT, ARDMS, or CCI Imaging Certification or completion of an introductory Diagnostic Imaging course.

**Last Taught:** Spring 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 601G Molecular Imaging for Diagnostic Imaging**

3 cr. Undergraduate/Graduate.

Study of imaging principles utilized with molecular imaging. To include review of scientific publications for the use of molecular imaging to review various disease processes.

**Prerequisites:** junior standing in BioMedical Science program; ARRT, ARDMS, or CCI Imaging Certification or completion of an introductory Diagnostic Imaging course.

**Last Taught:** Spring 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 610 Pharmacology**

3 cr. Undergraduate/Graduate.

Lectures on pharmacokinetics, mechanisms of action, and physiological effects of toxic and therapeutic substances.

**Prerequisites:** jr st, Chem 501(P), or cons instr.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 610G Pharmacology**

3 cr. Undergraduate/Graduate.

Lectures on pharmacokinetics, mechanisms of action, and physiological effects of toxic and therapeutic substances.

**Prerequisites:** jr st, Chem 501(P), or cons instr.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 615 Cellular and Molecular Toxicology**

3 cr. Undergraduate/Graduate.

Cellular and molecular mechanisms of toxicant interactions with critical target organelles and molecules and subsequent downstream cellular responses.

**Prerequisites:** jr st, Chem 501(P) or cons instr; or grad st.

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 615G Cellular and Molecular Toxicology**

3 cr. Undergraduate/Graduate.

Cellular and molecular mechanisms of toxicant interactions with critical target organelles and molecules and subsequent downstream cellular responses.

**Prerequisites:** jr st, Chem 501(P) or cons instr; or grad st.

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 701 Human Pathophysiology I**

3 cr. Graduate.

An advanced course in basic pathological mechanisms underlying production of human disease and effects on selected organ systems.

**Prerequisites:** grad st or cons instr.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 702 Human Pathophysiology II**

3 cr. Graduate.

A continuation of 701 dealing with pathogenesis of the major diseases of human organ systems.

**Prerequisites:** grad st; BMS 701(P) or cons instr.

**Last Taught:** Spring 2021, Spring 2020, Spring 2018, Spring 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 705 Molecular Pathology**

3 cr. Graduate.

Principles, methods, and applications of nucleic acid-based technologies in pathology and laboratory medicine.

**Prerequisites:** grad st or cons instr.

**Course Rules:** Counts as repeat of BMS 590 with similar topic.

**Last Taught:** Fall 2017, Fall 2015, Fall 2013, Fall 2009.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 710 Seminar in Biomedical Sciences**

1 cr. Graduate.

Presentation of topics of current interest to the biomedical scientist.

**Prerequisites:** grad st or cons instr.

**Course Rules:** May be repeated to max of 9 cr.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 717 Laboratory Technology-Theory and Practice**

2 cr. Graduate.

Fundamental laboratory bench techniques common to the biological sciences to prepare students for independent research.

**Prerequisites:** graduate standing or consent of instructor.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 718 Experimental Design and Research in Biomedical Sciences**

1 cr. Graduate.

Fundamentals of experimental design for beginning graduate students in Biomedical Sciences.

**Prerequisites:** grad st; biostatistics or undergraduate statistics course or consent of instructor.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 750 Infection and Immunity**

3 cr. Graduate.

Immunobiology of the response to infectious disease agents of humans, with resulting clinical outcomes; mechanisms of immune evasion in establishing infection and causing disease.

**Prerequisites:** grad st; Lec courses in immunology and microbiology or cons instr

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 751 Immunopathology**

3 cr. Graduate.

Examination of mechanisms by which abnormal, unwanted, or absent immune responses result in disease, including discussion of clinical presentation, diagnostic testing, and therapeutic intervention.

**Prerequisites:** grad st; BMS 750(P) or cons instr

**Last Taught:** Spring 2023, Spring 2021, Spring 2020, Spring 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 756 Current Concepts in Cancer**

3 cr. Graduate.

An overview of various forms of human cancer. Emphasis on cell markers and cytomorphology, etiology and kinetics.

**Prerequisites:** grad st or cons instr.

**Last Taught:** Fall 2022, Fall 2020, Fall 2018, Fall 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 765 Molecular Pathophysiology**

3 cr. Graduate.

Advanced theoretical skills and an appreciation of the current scientific literature in basic and clinical physiologic chemistry.

**Prerequisites:** grad st or cons instr; basic college chemistry class suggested

**Last Taught:** Spring 2022, Spring 2018, Spring 2016, Spring 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 766 Advanced Cardiovascular Hemodynamics**

3 cr. Graduate.

Study of fundamental principles of fluid mechanics as applicable to physiologic and biological systems. Topics include Poiseuille flow, circulatory flow resistance.

**Prerequisites:** Admission to Biomed Sci MS program; ARRT, ARDMS, or CCI Imaging Certification or completion of introductory course in diagnostic imaging

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 767 Comparative Analysis of Diagnostic Imaging**

3 cr. Graduate.

Study of imaging principles evoked in utilizing multiple imaging modalities (DMS, CT, MRI and radiographic imaging) of both the normal and pathology findings.

**Prerequisites:** Admission to Biomed Sci MS program; ARRT, ARDMS, or CCI Imaging Certification or completion of introductory course in diagnostic imaging

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 768 Diagnostic Imaging of Acquired Heart Disease**

3 cr. Graduate.

In-depth study of how acquired heart disease is imaged in the adult patient.

**Prerequisites:** Admission to Biomed Sci MS program; ARRT, ARDMS, or CCI Imaging Certification or completion of introductory course in diagnostic imaging

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 769 Diagnostic Imaging for Management of Cardiovascular Disease**

3 cr. Graduate.

In-depth study of imaging used to monitor surgical and medical management of patients with cardiovascular disease.

**Prerequisites:** Admission to Biomed Sci MS program; ARRT, ARDMS, or CCI Imaging Certification or completion of introductory course in diagnostic imaging

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 775 Mechanisms of Infectious Disease**

3 cr. Graduate.

Molecular and cellular means by which microorganisms facilitate infection, withstand or evade immune response, induce damage to host, and ensure transmission to human populations.

**Prerequisites:** graduate standing; 1c & 1a course in medical microbiology.

**Last Taught:** Spring 2020, Spring 2018, Spring 2016, Spring 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 780 Emerging Infectious Diseases**

3 cr. Graduate.

Detailed studies of those infectious diseases with both an emerging nature and a high impact on public health.

**Prerequisites:** grad st; background in microbiology, BMS 534 or BMS 539 or BioSci 383 (R)

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 782 Advanced Immunology**

3 cr. Graduate.

Cellular basis of the immune response with emphasis on immunoregulation and clinical disease manifestations resulting from altered cellular immune function.

**Prerequisites:** grad st; course in immunology; or cons instr.

**Last Taught:** Spring 2010, Spring 2006, Spring 2004, Spring 2000.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 799 Research in Biomedical Sciences**

1-8 cr. Graduate.

**Prerequisites:** graduate standing and consent of instructor.

**Course Rules:** Repeatable.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 890 Capstone Project**

2 cr. Graduate.

Capstone for the Biomedical Sciences MS non-thesis track.

**Prerequisites:** graduate standing and consent of instructor.

**Course Rules:** May be retaken one time; no more than 2 credits in total allowed for BMS 890.

**Last Taught:** Spring 2023, Fall 2022, Spring 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 901 Seminar on Philosophical Approaches to Science**

3 cr. Graduate.

The nature and function of sciences, the logic of the scientific method as it relates to health, and implications of research and practices in health care.

**Prerequisites:** graduate standing.

**Course Rules:** BMS 901 and LIBRLST 901 are jointly offered; they count as repeats of one another.

**Last Taught:** Fall 2017, Fall 2016, Fall 2015, Fall 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 909 Guided Teaching Experience in Health Sciences**

3 cr. Graduate.

This course provides the student, under the supervision of a faculty member, with the opportunity to design, deliver, and evaluate an undergraduate course.

**Prerequisites:** graduate standing, one of the following: ATRAIN 900(P), OCCTHPY 900(P), PRPP 900(P), or PT 900(P), and consent of instructor.

**Course Rules:** Satisfactory/Unsatisfactory only. ATRAIN 909, BMS 909, COMSDIS 909, HCA 909, KIN 909, OCCTHPY 909, PT 909, and PRPP 909 are jointly offered and count as repeats of one another.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BMS 910 Advanced Seminar in Health Sciences**

1 cr. Graduate.

Faculty, students, and guests present research topics in the Health Sciences.

**Prerequisites:** grad st**Course Rules:** Retakable to 4 cr max.**Last Taught:** Fall 2022, Fall 2020, Fall 2019, Fall 2018.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 990 Research and Dissertation**

1-6 cr. Graduate.

Preparation of a dissertation under the direction of the student's primary and secondary advisors.

**Prerequisites:** grad st; cons instr.**Last Taught:** Fall 2022, Summer 2022, Spring 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BMS 999 Advanced Independent Study**

1-3 cr. Graduate.

Individualized experience enables student to study current topics of interest to the biomedical scientist. Level of credit assigned based on time required for completion.

**Prerequisites:** graduate standing and consent of instructor.**Course Rules:** Repeatable to 9 cr max.**Last Taught:** Fall 2021, Summer 2021, Spring 2020, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## Business Administration (BUS ADM)

**BUS ADM 100 Introduction to Business**

3 cr. Undergraduate.

Introduction to the nature and functions of business, the culture of the business world and business education, and the skills to be successful in both.

**Prerequisites:** not open for cr or regis to Business jr, pre-Business sr, or Business sr.**General Education Requirements:** SS**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 199 Entrepreneurship Independent Study**

1-3 cr. Undergraduate.

Independent work related to entrepreneurship.

**Prerequisites:** cons of Lubar School entrepreneurship instr.**Course Rules:** May be retaken once for cr.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 200 Business and Society**

3 cr. Undergraduate.

Integrated understanding of sources of competitive/strategic advantage derived from corporate citizenship in the public policy, social, economics, and ecological environments.

**Prerequisites:** soph st.**Course Rules:** Counts as repeat of Bus Adm 295 w/same topic.**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 201 Introduction to Financial Accounting**

4 cr. Undergraduate.

Introduction to accounting and financial reporting concepts for business students. Emphasizes use of financial statements by non-accountants. Basics of accounting and reporting methods.

**Prerequisites:** 12 completed credits; MATH 105(P) or MATH 108(P) or equiv.**Course Rules:** Counts as repeat of BUS ADM 207.**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 202 Managerial Accounting**

3 cr. Undergraduate.

The analysis and interpretation of accounting information and use of spreadsheet programs for effective managerial planning, control, and decision making.

**Prerequisites:** sophomore standing and BUS ADM 201(P).**Course Rules:** Counts as a repeat of BUS ADM 302.**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 207 Business Scholars: Introduction to Financial Accounting**

4 cr. Undergraduate.

Introduces financial accounting concepts and investigates current financial reporting issues. Develops ability to prepare financial statements and to understand and analyze annual reports of real-world companies.

**Prerequisites:** 12 completed credits; Math 105(P) or Math 108(P) or equivalent; admission to Business Scholars Program or department consent.**Course Rules:** Not open for cr to those w/ cr in BUS ADM 201.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 210 Statistical Modeling in Business Analytics**

4 cr. Undergraduate.

Introduces statistical models and methods used in business analytics. Topics include descriptive statistics, probability, hypothesis testing, simple linear regression, multiple regression, binary logistic regression, and regression trees.

**Prerequisites:** Sophomore standing; MATH 208(P) or MATH 211(P) or MATH 231(P).**Course Rules:** Counts as repeat of BUS ADM 211.**General Education Requirements:** QL B**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 211 Business Scholars: Statistical Modeling in Business Analytics**

4 cr. Undergraduate.

Introduces statistical models and methods used in business analytics. Topics include descriptive statistics, probability, hypothesis testing, linear and multiple regression, binary logistic regression, and regression trees. Applications to finance and marketing.

**Prerequisites:** Sophomore standing; admission to Business Scholars Program; MATH 208(P), MATH 211(P) or MATH 231(P).**Course Rules:** Not open for credit to students with credit in BUS ADM 210.**General Education Requirements:** QL B**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 230 Introduction to Information Technology Management**

4 cr. Undergraduate.

Information technology management concepts; their role in business; management of formal and informal information systems development; business problem solving and visualization using appropriate business techniques and tools.

**Prerequisites:** sophomore standing.

**Course Rules:** Counts as repeat of BUS ADM 231.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 231 Business Scholars: Introduction to Information Technology Management**

4 cr. Undergraduate.

Fundamental concepts and application of information technology to support the conduct and management of business activities. Lab tools include common applications software for data gathering, analysis, presentation, and visualization.

**Prerequisites:** admis to Business Scholars Program or consent of department.

**Course Rules:** Counts as repeat of BUS ADM 230.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 292 Introduction to Entrepreneurship and Small Business Formation**

3 cr. Undergraduate.

Explore elements necessary for entrepreneurship to flourish. Larger perspectives of the character and mental set of entrepreneurs and effect on the success of the business.

**Prerequisites:** soph st.

**Course Rules:** Counts as repeat of Bus Adm 295 with similar topic.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 295 Management Seminar:**

1-3 cr. Undergraduate.

Analysis of current topics and issues related to specific management areas of business. Specific topics and additional prerequisites may appear in the Schedule of Classes whenever the course is offered.

**Prerequisites:** none.

**Course Rules:** May be retaken with change in topic to max of 6 cr.

**Last Taught:** Fall 2023, Fall 2021, Spring 2017, Spring 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 297 Study Abroad:**

1-12 cr. Undergraduate.

Designed to enroll students in UWM sponsored program before course work levels, content, and credits are determined and/or in specially prepared program course work.

**Prerequisites:** acceptance for Study Abroad Program.

**Course Rules:** May be retaken with change in topic.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Summer 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 298 Study Abroad: Business Topics:**

3 cr. Undergraduate.

Immersion (including instruction at an international university) in the economic, cultural, and business practices of selected countries.

**Prerequisites:** soph st; acceptance in Study Abroad Prog.

**Course Rules:** May be retaken w/chg in topic to max of 6 cr.

**Last Taught:** UWinteriM 2016, Summer 2015, Summer 2014, UWinteriM 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 300 Career and Professional Development**

1 cr. Undergraduate.

Skills necessary to enter the job market. Includes professional correspondence, resume writing, interviewing and networking skills, and professional etiquette.

**Prerequisites:** sophomore standing.

**Course Rules:** May not be retaken for credit. Not open for credit for those with credit in BUS ADM 303.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 301 Intermediate Accounting I**

4 cr. Undergraduate.

Understanding the economic impact of business transactions and serving the information needs of statement users. Use of accounting principles to guide financial reporting and disclosure.

**Prerequisites:** sophomore standing; MATH 208(P) or MATH 211(P);

BUS ADM 230(P) or BUS ADM 231(P); a grade of 'B' or better in BUS ADM 201(P) or BUS ADM 207(P) within three years of enrollment.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 303 Career Planning for Accounting**

1 cr. Undergraduate.

Skills necessary for success in the accounting profession. Includes professional correspondence, resume writing, interviewing and networking skills, professional etiquette and career planning and advancement.

**Prerequisites:** Sophomore standing and BUS ADM 301(C).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 305 Personal Investing and Financial Planning**

3 cr. Undergraduate.

Introduction to investing for individuals with emphasis on the personal planning process, issues, and strategies.

**Prerequisites:** soph st.

**Course Rules:** Not open for credit to Accounting majors who are concurrently enrolled or have completed Bus Adm 301.

**Last Taught:** UWinteriM 2024, Fall 2023, Summer 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 330 Organizations**

3 cr. Undergraduate.

An introduction to human behavior in organizations, organizational structures and processes, and interactions between organizations and their environments. Students will examine various theories and research findings on selected topics.

**Prerequisites:** sophomore standing.

**Course Rules:** Counts as repeat of BUS ADM 331.

**Last Taught:** UWinteriM 2024, Fall 2023, Summer 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 331 Business Scholars: Organizations**

3 cr. Undergraduate.

Behavioral theories and management principles for understanding behavior in organizations; individual and organizational processes, and their interaction. Includes current and classic research, and application.

**Prerequisites:** sophomore standing; admis to Business Scholars Program.

**Course Rules:** Not open for credit to those with credit in BUS ADM 330.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 335 Introduction to Business Application Development**

3 cr. Undergraduate.

Structured techniques for business application development; program design and development methodologies; testing and quality assurance; implementation with an appropriate language.

**Prerequisites:** sophomore standing; a grade of C or better in BUS ADM 230(P) or BUS ADM 231(P).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 336 Enterprise Systems and Data Analytics**

3 cr. Undergraduate.

Introduction to business processes and ERP, utilizing ERP to run business simulation game and analysis of results utilizing business analytics.

**Prerequisites:** soph st; a grade of 'C' or better in Bus Adm 230(P) or 231(P).

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 350 Principles of Finance**

3 cr. Undergraduate.

Fundamentals of financial management, asset/liability valuations, risk and return, investment analysis, sources and uses of funds, cost of capital, and cash management.

**Prerequisites:** sophomore standing; ECON 103(P) and ECON 104(P); BUS ADM 201(P) or BUS ADM 207(P); BUS ADM 210(P) or BUS ADM 211(P).

**Course Rules:** Counts as repeat of BUS ADM 351. Not open for credit to those with credit in BUS ADM 450.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 351 Business Scholars: Principles of Finance**

3 cr. Undergraduate.

Fundamentals of financial management, analysis of financial statements, risk and return, debt/equity valuations, cost of capital, capital budgeting, capital structure, and dividend policies.

**Prerequisites:** soph st; admis to Business Scholars Prog; Econ 103(P) & 104(P); Bus Adm 207(P) & 211(C).

**Course Rules:** Not open for cr to those w/cr in Bus Adm 350.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 360 Principles of Marketing**

3 cr. Undergraduate.

The marketing system is analyzed as the process in our socioeconomic system for anticipating and satisfying consumer needs, adjusting to demand, and selling and procuring products and services. Competition, pricing, product line, distribution systems, promotion, and planning are discussed.

**Prerequisites:** jr st; Econ 104(P).

**Course Rules:** Counts as repeat of Bus Adm 361.

**Last Taught:** UWinterIM 2024, Fall 2023, Summer 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 361 Business Scholars: Principles of Marketing**

3 cr. Undergraduate.

Marketing theory and tactics in context of current external marketing environment. Discussion of current marketing issues, failures, and successes along with industry and company strategic differences. Analytical tools used for team project.

**Prerequisites:** jr st; admis to Business Scholars Prog; Econ 104(P).

**Course Rules:** Not open for cr to those w/cr in Bus Adm 360.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 370 Introduction to Supply Chain Management**

3 cr. Undergraduate.

Broad survey of the foundational concepts and principles of managing supply chain operations. Topic areas include customer management, purchasing, logistics, project management, demand planning.

**Prerequisites:** sophomore standing; BUS ADM 210(C) or BUS ADM 211(C).

**Course Rules:** Counts as repeat of BUS ADM 371.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 371 Business Scholars: Introduction to Supply Chain Management**

3 cr. Undergraduate.

Broad survey of foundational concepts and principles of managing supply chain operations. Topics include customer management, purchasing, logistics, project management, demand planning, quantitative and computer applications.

**Prerequisites:** soph st; admis to Business Scholars Prog; Bus Adm 211(P).

**Course Rules:** Not open for cr to those w/cr in Bus Adm 370.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 380 Introduction to Real Estate Markets**

3 cr. Undergraduate.

The course focuses on real estate investment decisions as they are made within the framework of institutional controls consisting of social, political, and economic forces.

**Prerequisites:** sophomore standing and ECON 104(P).

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 389 Real Estate Internship**

3 cr. Undergraduate.

A faculty-supervised new work experience in the real estate area which covers a minimum of 150 hours during the semester.

**Prerequisites:** junior standing; BUS ADM 380(P); written consent of instructor.

**Course Rules:** Counts as repeat of BUS ADM 489. Credit/no credit only.

**Last Taught:** Summer 2023, Fall 2022, Summer 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 391 Business Law I**

3 cr. Undergraduate.

The court system, tort law, agency and employment law; contract law and sales transactions; professional liability; and legal ramifications of selecting appropriate business organization.

**Prerequisites:** jr st.

**Course Rules:** Counts as repeat of Bus Adm 390.

**Last Taught:** UWinterIM 2024, Fall 2023, Summer 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 393 Business Ethics, Social Responsibility and Sustainability**

3 cr. Undergraduate.

Ethical dimensions of economy, management decision-making, and corporate social responsibility. Ethical framework for assessment of business practices. Includes case discussions.

**Prerequisites:** sophomore standing.

**Course Rules:** Previously BUS ADM 293. Counts as repeat of BUS ADM 295 with similar topic.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 394 Human Resources Management Internship**

3 cr. Undergraduate.

A faculty-supervised new work experience in the human resources management area which covers a minimum of 150 hours during the semester.

**Prerequisites:** junior standing and admis to HRM or General Business major; written consent of instructor.

**Course Rules:** Credit/no credit only.

**Last Taught:** Summer 2023, Spring 2023, Fall 2022, Summer 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 395 Special Topics in Business:**

1-3 cr. Undergraduate.

Current topics and issues related to specific management areas of business. Specific topics and additional prerequisites announced in Schedule of Classes whenever the course is offered.

**Prerequisites:** junior standing.

**Course Rules:** May be retaken with change in topic to max of 9 cr. Counts as repeat of BUS ADM 295 or BUS ADM 495 with same topic.

**Last Taught:** Fall 2023, Summer 2023, Fall 2022, Summer 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 396 Finance Internship**

3 cr. Undergraduate.

A faculty-supervised new work experience in the finance area which covers a minimum of 150 hours during the semester.

**Prerequisites:** junior standing and admis to Finance or General Business major; written consent of instructor.

**Course Rules:** Credit/no credit only.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 397 Marketing Internship**

3 cr. Undergraduate.

A faculty-supervised new work experience in the marketing area which covers a minimum of 150 hours during the semester.

**Prerequisites:** junior standing and admis to Marketing or General Business major; written consent of instructor.

**Course Rules:** Credit/no credit only.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Summer 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 398 Supply Chain & Operations Management Internship**

3 cr. Undergraduate.

A faculty-supervised new work experience in the SCOM area which covers a minimum of 150 hours during the semester.

**Prerequisites:** junior standing and admis to SCOM or General Business major; written consent of instructor.

**Course Rules:** Credit/no credit only.

**Last Taught:** Summer 2023, Spring 2023, Spring 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 400 Accounting Professional Internship**

3 cr. Undergraduate.

A defined FT work period, minimum 10 weeks, potentially leading to FT employment in a corporate/governmental/public accounting environment.

**Prerequisites:** senior standing and admission to accounting major; BUS ADM 303(P), BUS ADM 405(P), and BUS ADM 409(P).

**Course Rules:** Considered full time for FA purposes. Credit/no credit only. Prior approval of intern director is required.

**Last Taught:** Spring 2023, Spring 2022, Summer 2021, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 401 Introduction to Data Analytics in Accounting**

4 cr. Undergraduate/Graduate.

Fundamental concepts to develop an analytics mindset and perform and interpret various analytic procedures. Gain certification in Excel. Analyze business data using various software. Clearly communicate results of data analysis.

**Prerequisites:** junior standing or greater, admission to Business major (advanced to major milestone), and BUS ADM 301(C); or graduate standing.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 401G Introduction to Data Analytics in Accounting**

4 cr. Undergraduate/Graduate.

Fundamental concepts to develop an analytics mindset and perform and interpret various analytic procedures. Gain certification in Excel. Analyze business data using various software. Clearly communicate results of data analysis.

**Prerequisites:** junior standing or greater, admission to Business major (advanced to major milestone), and BUS ADM 301(C); or graduate standing.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 402 Intermediate Accounting II**

3 cr. Undergraduate.

Study of advanced financial accounting issues such as interim reporting, leases, specialized revenue recognition, tax allocation, dilutive securities, derivatives, and financial troubled entities.

**Prerequisites:** junior standing or greater, admission to Business major (advanced to major milestone), and a grade of B or better in BUS ADM 301(P); or graduate standing and a grade of B or better in BUS ADM 301(P).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 403 Consolidations and Governmental Accounting**

3 cr. Undergraduate.

Understand and apply concepts related to accounting for consolidations and for governmental and not-for-profit accounting.

**Prerequisites:** jr st & admis to Bus Adm major; a grade of B or better in Bus Adm 301(P); Bus Adm 402(C).

**Last Taught:** Fall 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 404 Cost Management**

3 cr. Undergraduate.

Design, implementation, and use of optimal accounting systems for product and service costing, internal and external financial reporting, managerial decision support, and organizational control.

**Prerequisites:** jr st & admis to Bus Adm major; a grade of 'B' or better in Bus Adm 301(P).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 405 Income Tax Accounting I**

3 cr. Undergraduate.

Introduction to tax issues inherent in business and financial transactions, with an emphasis on the federal individual and corporate income tax.

**Prerequisites:** jr st & admis to Bus Adm major; a grade of 'C' or better in Bus Adm 301(P); or grad st & Bus Adm 721(C).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 406 Income Tax Accounting II**

3 cr. Undergraduate.

Application of framework developed in Income Tax Accounting I (BUS ADM 405) to more thoroughly analyze the taxation of business entities.

**Prerequisites:** junior standing, admis to Business major, and BUS ADM 405(P).

**Last Taught:** Fall 2023, Summer 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 408 Accounting Information Systems**

3 cr. Undergraduate/Graduate.

Introduction to accounting information systems and related technology, principles of accounting systems design, internal controls and coverage of commercial accounting software packages.

**Prerequisites:** junior standing or greater; admission to Business major (MAJADM milestone); and a grade of C or better in BUS ADM 301(P); or graduate standing and BUS ADM 721(P).

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 408G Accounting Information Systems**

3 cr. Undergraduate/Graduate.

Introduction to accounting information systems and related technology, principles of accounting systems design, internal controls and coverage of commercial accounting software packages.

**Prerequisites:** junior standing or greater; admission to Business major (MAJADM milestone); and a grade of C or better in BUS ADM 301(P); or graduate standing and BUS ADM 721(P).

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 409 Auditing: Procedures and Applications**

3 cr. Undergraduate.

An introduction to the audit process from an internal and external perspective with an emphasis on practical applications and technological innovations.

**Prerequisites:** junior standing, advanced to Business major, a grade of B or better in BUS ADM 301(P); BUS ADM 402(P) and BUS ADM 408(P); BUS ADM 401(C).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 410 Accountants' Ethical Responsibilities**

1 cr. Undergraduate.

Study of ethical and societal responsibilities and constraints that define and affect the practice of accountancy. Includes selected readings, guest speakers, and cases.

**Prerequisites:** jr st & admis to Bus Adm major; a grade of 'B' or better in Bus Adm 301(P); Bus Adm 409(C).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 424 US Institutions Shaping Accounting & Auditing Standards**

3 cr. Undergraduate.

U.S. accounting and auditing practices and the institutions that shape these practices, includes a visit to Washington D.C. regulatory agencies.

**Last Taught:** Spring 2020, Spring 2019, Spring 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 432 Object-Oriented Systems Development**

3 cr. Undergraduate.

Object-oriented concepts and use in management applications; object-oriented design and development methodologies; managing programs and structures; implementation with an appropriate language.

**Prerequisites:** jr st & admis to Bus Adm major; a grade of 'C' or better in Bus Adm 335(P).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 434 Data Base Management Systems**

3 cr. Undergraduate.

Database concepts; data modeling; SQL; fourth generation languages; data resource management; client/server databases; implementation using commercial DBMS products.

**Prerequisites:** jr st & admis to Bus Adm major; grade of 'C' or better in Bus Adm 335(P).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 436 Systems Analysis and Design**

3 cr. Undergraduate.

Systems development methodologies; systems modeling, requirements specification, structured design, and systems implementation; use of automated development tools.

**Prerequisites:** jr st & admis to Bus Adm major; grade of 'C' or better in Bus Adm 335(P).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 438 Information Technology Management Topics:**

3 cr. Undergraduate.

Contemporary topics for IT practitioners. Typical offerings include distributed information systems, management of IT, decision support systems, end-user computing, multimedia systems. Additional prerequisites announced in Schedule of Classes each time course is offered.

**Prerequisites:** jr st & admis to Bus Adm major; Grade 'C' or better in Bus Adm 335(P); or cons instr.

**Course Rules:** May be retaken w/chg in topic to max of 6 cr.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 439 Information Technology Management Professional Internship**

3 cr. Undergraduate.

A defined FT one semester work period, potentially leading to FT employment in a corporate/governmental/management consulting environment.

**Prerequisites:** junior standing and admission to ITM or General Business major; BUS ADM 300(P) or BUS ADM 303(P); completion of one 400- or 500-level ITM course; and written consent of instructor.

**Course Rules:** Considered full time for FA purposes. Credit/no credit only.

**Last Taught:** Summer 2023, Spring 2023, Fall 2022, Summer 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 440 Compensation Management**

3 cr. Undergraduate.

Ways organizations use wage and salary management to attract, retain, and motivate employees. Review of traditional and innovative compensation methods for administering pay.

**Prerequisites:** junior standing, admis to Business major, and BUS ADM 444(C); or graduate standing and BUS ADM 738(P).

**Course Rules:** Counts as repeat of BUS ADM 443 with similar title.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 441 Diversity in Organizations**

3 cr. Undergraduate.

Conceptual and experiential understanding of cultural values and practices among diverse groups in organizations. Addresses institutional and personal discrimination, stereotyping and prejudice.

**Prerequisites:** junior standing and admis to Bus Adm major; or non-Business major with 2.5 GPA; or consent of instructor.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 442 Industrial Psychology**

3 cr. Undergraduate/Graduate.

Application of psychological principles to industrial problems.

**Prerequisites:** jr st & admis to Bus Adm major; Bus Adm 330(P) or 331(P); & Psych 101(P).

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 442G Industrial Psychology**

3 cr. Undergraduate/Graduate.

Application of psychological principles to industrial problems.

**Prerequisites:** jr st & admis to Bus Adm major; Bus Adm 330(P) or 331(P); & Psych 101(P).

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 443 Special Topics in Human Resources Management:**

3 cr. Undergraduate/Graduate.

Selected topics in human resources management. Specific topics will appear in the Schedule of Classes whenever the course is offered.

**Prerequisites:** junior standing, advanced to Business major, BUS ADM 330(P) or BUS ADM 331(P); or graduate standing.

**Course Rules:** May be retaken with change in topic to max of 9 cr.

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 443G Special Topics in Human Resources Management:**

3 cr. Undergraduate/Graduate.

Selected topics in human resources management. Specific topics will appear in the Schedule of Classes whenever the course is offered.

**Prerequisites:** junior standing, advanced to Business major, BUS ADM 330(P) or BUS ADM 331(P); or graduate standing.

**Course Rules:** May be retaken with change in topic to max of 9 cr.

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 444 Human Resources Management**

3 cr. Undergraduate.

An examination of the personnel function of the enterprise as an activity concerning all managers within the firm. General topics include the personnel function, maximizing human potential, supervision, and wage and salary administration.

3 cr. Undergraduate.

Key elements in developing an effective business model; new venture ideas and strategies; the owner manager; management succession.

**Prerequisites:** jr st & admis to Bus Adm major; Bus Adm 292(P) or Bus Adm 447(P).

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 493 Business Scholars: Seminar in Business:**

3 cr. Undergraduate.

Current topics and issues in contemporary business theory and management practice, focusing on in-depth study, critical analysis, research and application across functional areas.

**Prerequisites:** junior standing and admitted to the Business Scholars Program.

**Course Rules:** May not be retaken for credit.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 494 International Business Internship**

3 cr. Undergraduate.

A supervised international management-related and cross-cultural experience with a for-profit or non-profit organization outside the U.S. Project and organizational evaluation required.

**Prerequisites:** jr st & admis to Bus Adm major; BUS ADM 330(P) or BUS ADM 331(P); BUS ADM 301(P), BUS ADM 350(P), or BUS ADM 351(P); and BUS ADM 360(P) or BUS ADM 361(P); writ cons instr.

**Course Rules:** Considered full time for FA purposes. Credit/no credit only.

**Last Taught:** Summer 2019, Spring 2016, Summer 2015, Summer 2012.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 495 Special Topics in Business:**

1-3 cr. Undergraduate.

Current topics and issues related to specific management areas of business. Specific topics and additional prerequisites announced in Schedule of Classes whenever course is offered.

**Prerequisites:** junior standing.

**Course Rules:** May be retaken with change in topic to max of 9 credits.

**Last Taught:** Spring 2023, Fall 2022, Spring 2020, Spring 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 496 International Business**

3 cr. Undergraduate.

The study of major factors specific to the conduct of business in international markets; focuses on the integration of marketing, finance, production, and other management functions into the world business, cultural, social, and political environments.

**Prerequisites:** jr st & admis to Bus Adm major; Bus Adm 330(P) or 331(P); Bus Adm 301(P) or 350(P) or 351(P); Bus Adm 360(P) or 361(P).

**Last Taught:** UWinterIM 2024, Fall 2023, Summer 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 497 Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Designed to enroll students in UWM sponsored program before course work levels, content, and credits are determined and/or in specially prepared program course work.

**Prerequisites:** junior standing and acceptance for Study Abroad Program.

**Course Rules:** May be retaken with change in topic.

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 497G Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Designed to enroll students in UWM sponsored program before course work levels, content, and credits are determined and/or in specially prepared program course work.

**Prerequisites:** junior standing and acceptance for Study Abroad Program.

**Course Rules:** May be retaken with change in topic.

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 498 Study Abroad: Business Topics:**

3 cr. Undergraduate.

Immersion (including instruction at an international university) in the economic, cultural, and business practices of selected countries.

**Prerequisites:** junior standing and acceptance for Study Abroad Program.

**Course Rules:** May be retaken with change in topic to max of 6 cr.

**Last Taught:** UWinterIM 2024, Summer 2023, Spring 2023, UWinterIM 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 499 Research in Industry**

1-3 cr. Undergraduate.

Solution of business problems as jointly developed by the student, the assigned faculty, and the cooperating company. Work will consist of problem solving through the use of university resources and library research.

**Prerequisites:** jr st; cons instr.

**Course Rules:** May be retaken for cr only with prior cons Lubar School of Business.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 530 Privacy and Information Security for Business**

3 cr. Undergraduate.

Privacy concerns and safeguards, ethical issues surrounding data and information, information risk analysis, information system vulnerabilities, security threats and countermeasures.

**Prerequisites:** junior standing and advance to Bus Adm major; a grade of C or better in BUS ADM 335(P).

**Last Taught:** Fall 2023, Fall 2022, Fall 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 531 Developing Applications for Interconnected Systems**

3 cr. Undergraduate.

Developing n-tier applications in today's interconnected business environment, including mobile and web-based technologies.

**Prerequisites:** junior standing and admis to Bus Adm major; BUS ADM 432(P).

**Last Taught:** Fall 2021, Fall 2017, Fall 2015, Fall 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 532 Web Development for Open Business Systems**

3 cr. Undergraduate.

Business applications and web development based on platform-independent objective-oriented technologies and database connectivity in creating information systems for eBusiness activities.

**Prerequisites:** jr st & admis to Bus Adm major; Bus Adm 432(P).

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 533 Introduction to Connected Systems for Business**

3 cr. Undergraduate.

Familiarize students with new infrastructure developments in connected systems, such as cloud computing and Internet of Things, as well as their managerial and business applications.

**Prerequisites:** junior standing and advance to Bus Adm major; a grade of C or better in BUS ADM 335(P).

**Last Taught:** Summer 2023, Summer 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 534 Information Technology Practicum**

3 cr. Undergraduate.

Student-teams will work on a real-world IT project and present the completed project to the company's stakeholders.

**Prerequisites:** junior standing and admis to Bus Adm major; BUS ADM 335(P).

**Course Rules:** Credit/no credit only.

**Last Taught:** Spring 2011.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 535 Global Information Technology Management**

3 cr. Undergraduate.

Management issues surrounding the effective deployment of information systems in different regions of the world.

**Prerequisites:** jr st & admis to Bus Adm Major; a grade of C or better in Bus Adm 230(P) or 231(P).

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 536 Business Intelligence**

3 cr. Undergraduate.

Introduction to business intelligence, with a focus on data warehousing and data mining. This course uses SAP Business Information Warehouse software.

**Prerequisites:** jr st & admis to Bus Adm major; a grade of C or better in Bus Adm 335(P) or 336(P).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 537 Enterprise Systems Concepts and Issues**

3 cr. Undergraduate.

Advanced concepts in ERP and integrated nature of business processes, utilizing SAP software.

**Prerequisites:** junior standing, advanced to Business major, and a grade of C or better in BUS ADM 335(P) or BUS ADM 336(P).

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 538 Business Process Integration**

3 cr. Undergraduate.

Business process integration and configuration of a hypothetical company using SAP software. Create organizational structure, master data and business rules for buying and selling products and tracking processes.

**Prerequisites:** junior standing, advanced to Business major, and BUS ADM 537(P).

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 539 Web Application Server Development**

3 cr. Undergraduate.

Developing web-based applications in the SAP ERP ecosystem.

**Prerequisites:** junior standing and admis to Bus Adm major; grade of C or better in BUS ADM 335(P) or BUS ADM 336(P).

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 540 ERP Certification**

3 cr. Undergraduate.

This course is designed to prepare students for taking the SAP Certified Application Associate Exam - the global baseline certification standard for SAP University Alliances Program.

**Prerequisites:** junior standing and admis to Bus Adm major; BUS ADM 536(P), BUS ADM 537(P), and BUS ADM 538(P).

**Last Taught:** Summer 2022, Summer 2021, Summer 2020, Summer 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 541 Cross-Cultural Management**

3 cr. Undergraduate.

Business cultures around the world; the impact of cultural differences in international management and negotiations.

**Prerequisites:** jr st; BUS ADM 330(P); admis to Bus Adm major or declared Global Studies program.

**Course Rules:** BUS ADM 541 & GLOBAL 541 are jointly offered; they count as repeats of one another.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 542 Introduction to Technology Entrepreneurship**

3 cr. Undergraduate.

Introductory concepts related to technology entrepreneurship including opportunity identification, analysis and new venture planning. Prepares students to recognize and pursue viable technology-based entrepreneurial opportunities.

**Prerequisites:** jr st & admis to Tech Entrep Cert program or admis to business or engineering major.

**Course Rules:** Counts as repeat of Bus Adm 495 or MechEng 490 with same topic. Jointly offered with & counts as repeat of MechEng 542.

**Last Taught:** Fall 2015, Fall 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 543 Introduction to Technology Management and Innovation**

3 cr. Undergraduate.

Introductory concepts related to technology management and technological innovation. Prepares students to evaluate and plan technology commercialization projects.

**Prerequisites:** jr st & admis to Tech Entrep Cert program or admis to business or engineering major.

**Course Rules:** Counts as a repeat of Bus Adm 495 with same topic. Jointly offered with & counts as repeat of MechEng 543.

**Last Taught:** Fall 2015, Fall 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 544 New Product Development**

3 cr. Undergraduate/Graduate.

Concepts related to product development including product concept development and testing, and product design. Prepares students to work in cross-functional product development teams.

**Prerequisites:** jr st & admis to Tech Entrep Cert program or Bus Adm major or CEAS major; or grad st. & admis to business or engineering program or admis to Tech Entrep Cert program.

**Course Rules:** Counts as repeat of Bus Adm 795 with same topic. Jointly offered with & counts as a repeat of MechEng 544.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 544G New Product Development**

3 cr. Undergraduate/Graduate.

Concepts related to product development including product concept development and testing, and product design. Prepares students to work in cross-functional product development teams.

**Prerequisites:** jr st & admis to Tech Entrep Cert program or Bus Adm major or CEAS major; or grad st. & admis to business or engineering program or admis to Tech Entrep Cert program.

**Course Rules:** Counts as repeat of Bus Adm 795 with same topic. Jointly offered with & counts as a repeat of MechEng 544.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 546 Global Innovation Management**

3 cr. Undergraduate/Graduate.

Concepts related to collaborative innovation in global networks including diverse collaboration models, innovation processes, and capabilities. Prepares students to manage global collaborative innovation projects.

**Prerequisites:** jr st & admis to Tech Entrep Cert program or Bus Adm major or CEAS major; or grad st & admis to business or engineering program or admis to Tech Entrep Cert program.

**Course Rules:** Counts as a repeat of Bus Adm 795 with same topic. Jointly offered with & counts as repeat of MechEng 546.

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 546G Global Innovation Management**

3 cr. Undergraduate/Graduate.

Concepts related to collaborative innovation in global networks including diverse collaboration models, innovation processes, and capabilities. Prepares students to manage global collaborative innovation projects.

**Prerequisites:** jr st & admis to Tech Entrep Cert program or Bus Adm major or CEAS major; or grad st & admis to business or engineering program or admis to Tech Entrep Cert program.

**Course Rules:** Counts as a repeat of Bus Adm 795 with same topic.

Jointly offered with & counts as repeat of MechEng 546.

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 547 Employment Law**

3 cr. Undergraduate.

Examines the basic concepts, institutions, and practices of international business in context of such managerial decisions as negotiating entry into foreign markets, managing strategic alliances, and designing the structure of a multinational enterprise.

**Prerequisites:** junior standing or greater, admission to Business major (advanced to major milestone), and BUS ADM 444(C).

**Course Rules:** Counts as repeat of BUS ADM 443 with similar title.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 548 Technology Venturing Project**

3 cr. Undergraduate.

A capstone course for students to demonstrate their knowledge and skills related to technology/product commercialization. Prepares students to lead their (or corporate) technology ventures.

**Prerequisites:** jr st & admis to Tech Entrep Cert program or admis to business or engineering major; Bus Adm/Mech Eng 542(P).

**Course Rules:** Jointly offered with & counts as repeat of MechEng 548.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 550 Investment Management Practice I**

3 cr. Undergraduate/Graduate.

Introduction to real-time and historic data sets and analytical software available in the David O. Nicholas Applied Finance Lab. Utilize Bloomberg and FactSet. Produce a stock report, including analysis of drivers, financial statements, and valuation.

**Prerequisites:** jr st, admis to Investment Mgmt Cert program, Bus Adm 450(C); or grad st, admis to Investment Mgmt Cert program, Bus Adm 705(C).

**Course Rules:** Considered a repeat of BUS ADM 495 and BUS ADM 795 with similar topic.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 550G Investment Management Practice I**

3 cr. Undergraduate/Graduate.

Introduction to real-time and historic data sets and analytical software available in the David O. Nicholas Applied Finance Lab. Utilize Bloomberg and FactSet. Produce a stock report, including analysis of drivers, financial statements, and valuation.

**Prerequisites:** jr st, admis to Investment Mgmt Cert program, Bus Adm 450(C); or grad st, admis to Investment Mgmt Cert program, Bus Adm 705(C).

**Course Rules:** Considered a repeat of BUS ADM 495 and BUS ADM 795 with similar topic.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 551 International Investments**

3 cr. Undergraduate.

Introduce institutional arrangements, instruments, and innovations in global investments. Emphasize foreign currency return-risk analysis, risk management, and performance evaluation on international investment portfolios.

**Prerequisites:** jr st; admis to Bus Adm major; & Bus Adm 451(P).

**Last Taught:** Spring 2023, Fall 2022, Spring 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 552 Investment Management Practice II**

3 cr. Undergraduate/Graduate.

Use of real-time and historic data sets available in the David O. Nicholas Applied Finance Lab such as Bloomberg, FactSet, and other analysis packages to analyze securities and prepare to manage portfolios.

**Prerequisites:** jr st, admis to Investment Mgmt Cert program & BUS ADM 550(P), BUS ADM 301(C) & BUS ADM 451(C); or grad st, admis to Investment Mgmt Cert program & BUS ADM 550(P), BUS ADM 301(C) or BUS ADM 721(C); BUS ADM 771(C).

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 552G Investment Management Practice II**

3 cr. Undergraduate/Graduate.

Use of real-time and historic data sets available in the David O. Nicholas Applied Finance Lab such as Bloomberg, FactSet, and other analysis packages to analyze securities and prepare to manage portfolios.

**Prerequisites:** jr st, admis to Investment Mgmt Cert program & BUS ADM 550(P), BUS ADM 301(C) & BUS ADM 451(C); or grad st, admis to Investment Mgmt Cert program & BUS ADM 550(P), BUS ADM 301(C) or BUS ADM 721(C); BUS ADM 771(C).

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 553 Investment Management Practice III**

3 cr. Undergraduate/Graduate.

Students manage investment portfolios utilizing the David O. Nicholas Applied Finance Lab. Topics include securities selection, portfolio positioning, performance and risk analysis, and financial market events.

**Prerequisites:** jr st, admis to Investment Mgmt Cert program & Bus Adm 552(P); or grad st, admis to Investment Mgmt Cert program & Bus Adm 552(P).

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 553G Investment Management Practice III**

3 cr. Undergraduate/Graduate.

Students manage investment portfolios utilizing the David O. Nicholas Applied Finance Lab. Topics include securities selection, portfolio positioning, performance and risk analysis, and financial market events.

**Prerequisites:** jr st, admis to Investment Mgmt Cert program & Bus Adm 552(P); or grad st, admis to Investment Mgmt Cert program & Bus Adm 552(P).

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 554 Investment Management Practice IV**

3 cr. Undergraduate/Graduate.

Students manage investment portfolios utilizing the David O. Nicholas Applied Finance Lab. Special topics covered to assist individual future professional development and gain maturity and confidence in real world investment management.

**Prerequisites:** jr st, admis to Investment Mgmt Cert program & Bus Adm 553(P); or grad st, admis to Investment Mgmt Cert program & Bus Adm 553(P).

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 554G Investment Management Practice IV**

3 cr. Undergraduate/Graduate.

Students manage investment portfolios utilizing the David O. Nicholas Applied Finance Lab. Special topics covered to assist individual future professional development and gain maturity and confidence in real world investment management.

**Prerequisites:** jr st, admis to Investment Mgmt Cert program & Bus Adm 553(P); or grad st, admis to Investment Mgmt Cert program & Bus Adm 553(P).

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 571 Quality and Six Sigma Tools**

3 cr. Undergraduate/Graduate.

Principles and techniques for managing and improving quality in manufacturing and service operations. Topics include lean principles, quality function deployment, FMEA, DOE, others.

**Prerequisites:** junior standing and admis to Bus Adm major; BUS ADM 370(P) or BUS ADM 371(P); or graduate standing.

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 571G Quality and Six Sigma Tools**

3 cr. Undergraduate/Graduate.

Principles and techniques for managing and improving quality in manufacturing and service operations. Topics include lean principles, quality function deployment, FMEA, DOE, others.

**Prerequisites:** junior standing and admis to Bus Adm major; BUS ADM 370(P) or BUS ADM 371(P); or graduate standing.

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 576 Enterprise Planning in the Supply Chain**

3 cr. Undergraduate.

Coverage of techniques for managing work processes within and across the supply chain. An integrated perspective is emphasized through hands-on experience with an enterprise software.

**Prerequisites:** jr st & admis to Bus Adm major; Bus Adm 475(P), 476(P) & 477(P).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 577 Supply Chain Applications, Policy, & Strategy**

3 cr. Undergraduate.

Designed to develop a linkage between SCM and corporate strategy, a case study approach to build an integrated view of the SCM. Business game provides practical experience.

**Prerequisites:** jr st & admis to Bus Adm major; Bus Adm 475(P), & 476(P) or 477(P).

**Course Rules:** Counts as repeat of Bus Adm 472 with topics Supply Chain Strategy and Supply Chain Apps & Policy.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 599 Reading and Research-Business Administration**

1-3 cr. Undergraduate.

**Prerequisites:** jr st; cons instr & Bus Adm.

**Course Rules:** May be retaken for cr only with prior approval of Lubar School of Business.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 600 Management Analysis**

3 cr. Undergraduate.

Study of decisions of how to compete, where to compete, and how to organize for firm success under conditions of uncertainty. The perspective taken is that of senior management integrating functional activities.

**Prerequisites:** senior standing and advanced to the Business major; BUS ADM 202(P), BUS ADM 330(P), BUS ADM 350(P) or BUS ADM 450(C), and BUS ADM 360(P); or BUS ADM 301(P), BUS ADM 331(P), BUS ADM 351(P) or BUS ADM 450(C), and BUS ADM 361(P).

**Course Rules:** Business administration capstone course.

**Last Taught:** UWinteriM 2024, Fall 2023, Summer 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 701 Business Mathematics**

2 cr. Graduate.

Mathematical concepts essential to business. Exponents, polynomial functions, exponential and logarithmic functions, solution of linear systems, basic differential and integral calculus; emphasizes application to business problems.

**Prerequisites:** grad st.

**Course Rules:** Counts as repeat of BusMgmt 701.

**Last Taught:** Summer 2023, Summer 2022, Summer 2021, Summer 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 703 Financial Accounting**

3 cr. Graduate.

Covers financial accounting model underlying financial statements, accounting standard setting, role of accounting in capital formation, interpretation and analysis of financial statements.

**Prerequisites:** grad st.

**Course Rules:** Counts as repeat of BusMgmt 702.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 706 Income Tax Accounting II**

3 cr. Graduate.

Application of framework developed in Income Tax Accounting I (BUS ADM 405) to more thoroughly analyze the taxation of business entities.

**Prerequisites:** graduate standing.

**Course Rules:** Counts as a repeat of BUS ADM 406G.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 713 Business Forecasting Methods**

3 cr. Graduate.

Overview and use of modern forecasting methods in support of managerial strategic planning, financial, and operational analysis of a dynamic global business environment.

**Prerequisites:** grad st; BusMgmt 709(P) or Bus Adm 754(P).

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 714 Multivariate Techniques in Management Research**

3 cr. Graduate.

Multivariate analysis of variance, principal component analysis, factor analysis, conjoint analysis, bootstrap resampling, cluster analysis, canonical correlation, data mining (classification trees and neural networks); computer implementation.

**Prerequisites:** grad st; BusMgmt 709(P) or Bus Adm 754(P).

**Last Taught:** Fall 2020, Fall 2019, Fall 2018, Fall 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 720 Information Systems Auditing**

3 cr. Graduate.

Testing and reliance of automated application, program change and data access controls for use in the financial statement audit and system integrity.

**Prerequisites:** grad st; Bus Adm 409(P) or 728(P).

**Course Rules:** Counts as repeat of Bus Adm 795 with similar topic.

**Last Taught:** Spring 2021, Spring 2020, Spring 2019, Spring 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 721 Financial Accounting Theory**

3 cr. Graduate.

The principles of external reporting are integrated with approaches to problem solving. Emphasis is placed upon recent developments of the accounting profession.

**Prerequisites:** grad st; grade of B or better in Bus Adm 703(P) or 201(P) within three years of admission to the graduate program.

**Course Rules:** Not open to students who have cr in Bus Adm 301(ER).

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 722 Advanced Financial Accounting Theory**

3 cr. Graduate.

Specialized topics in external financial reporting are studied. A critical appraisal is made of current and emerging accounting theory.

**Prerequisites:** grad st; grade of B or better in Bus Adm 721(P) or 301(P).

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 723 Forensic Accounting**

3 cr. Graduate.

Coverage of forensic accounting and auditing topics such as examination of documents, information sources, writing reports, identifying high-risk signs, and fraud prevention and detection.

**Prerequisites:** grad st; Bus Adm 409(P) or 728(P).

**Course Rules:** Counts as repeat of Bus Adm 795 with similar topic.

**Last Taught:** Spring 2023, Spring 2022, Fall 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 724 Business Combinations and Governmental Accounting**

3 cr. Graduate.

Accounting for mergers and acquisitions including consolidation procedures and foreign subsidiary investments. Also includes accounting principles for government and nonprofit entities.

**Prerequisites:** grad st; grade of B or better in Bus Adm 721(P) or 301(P).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 725 Strategic Cost Management I**

3 cr. Graduate.

Cost data accumulation and its utilization by management. Emphasis on job order and process costing, standard costing, cost-volume-profit analysis, budgets, capital expenditures.

**Prerequisites:** grad st; grade of B or better in Bus Adm 703(P) or 201(P).

**Course Rules:** Cannot be taken by students receiving cr for Bus Adm 404.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 726 Strategic Cost Management II**

3 cr. Graduate.

Uses quantitative and behavioral models to aid management planning and control. Emphasizes analysis techniques to aid in the solution of accounting oriented management problems.

**Prerequisites:** grad st; Bus Adm 725(P) or 404(P).

**Course Rules:** Not open to students who have cr in Bus Adm 426(ER).

**Last Taught:** Fall 2015, Fall 2014, Fall 2013, Spring 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 727 Information Systems Assurance and Advisory**

3 cr. Graduate.

Coverage of Information technology audit and advisory services, including SOC engagements; data management, including data collection, storage, and usage throughout the data life cycle; and organizational risks associated with IT.

**Prerequisites:** graduate standing, BUS ADM 408(P), and BUS ADM 409(P).

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 728 Auditing Theory and Applications**

3 cr. Graduate.

A study of auditing standards, methodology, and professional and reporting responsibilities. Emphasis is on underlying concepts and theory.

**Prerequisites:** graduate standing; BUS ADM 408(P) and a grade of B or better in BUS ADM 721(P) or BUS ADM 301(P).

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 731 Leadership in Diversity and Inclusion**

3 cr. Graduate.

Provides evidence-based and experiential insights needed to lead diversity, equity and inclusion efforts in a wide range of organizational settings. Develops leadership skills and strategies for empowering organizational, team and personal transformations through positive relationships.

**Prerequisites:** graduate standing.

**Last Taught:** Fall 2023, Spring 2022, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 732 Transforming Organizations**

3 cr. Graduate.

Combines individual and organizational-level analysis to provide insights into changing organizations. Topics include innovation, leadership, corporate cultures, and changing management from a broad view.

**Prerequisites:** grad st; BusMgmt 714(P).**Last Taught:** Spring 2012, Spring 2011, Spring 2010, Spring 2009.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 733 Organizational Development**

3 cr. Graduate.

Problems of implementing change. Roles of external and internal consultants. Determining needs and measuring relevant variables.

**Prerequisites:** grad st; BusMgmt 706(P) or cons instr.**Last Taught:** Spring 2013, Spring 2012, Spring 2011, Spring 2010.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 734 Managing Technological Innovation**

3 cr. Graduate.

Organizational and strategic issues involved in managing technologies and innovation processes. Emphasizes professional employees, creativity, project teams, leadership, interdepartmental relations, technological evolution, and R&D strategies.

**Prerequisites:** grad st.**Last Taught:** Summer 2012, Summer 2011, Summer 2010, Summer 2009.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 735 Staffing Organizations**

3 cr. Graduate.

Broad overview of staffing practices and related research; topics include staffing strategy, legal compliance, job analysis, external recruitment and selection, staffing systems management, and retention.

**Prerequisites:** grad st**Course Rules:** Not open for cr to those w/ cr in Bus Adm 795 w/ topic: Staffing.**Last Taught:** Spring 2023, Spring 2021, Spring 2020, Spring 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 736 Seminar in Managing Change:**

3 cr. Graduate.

Topics are limited to the areas of managing change and their business applications. Specific topics and any additional prerequisites will be announced in the Timetable each time the course is offered.

**Prerequisites:** grad st**Course Rules:** May be repeated w/ chg in topic to 6 cr max.**Last Taught:** Spring 2011, Spring 2009, Spring 2007, Spring 1992.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 737 Managerial Decisions and Negotiations**

3 cr. Graduate.

Provides frameworks for making effective decisions and negotiating viable solutions. Improves performance in these key managerial roles by engaging in case study, exercises, and industry projects.

**Prerequisites:** grad st.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 738 Human Resource Management**

3 cr. Graduate.

Strategies for attracting, retaining and developing a diverse and international workforce. Topics include employment law, diversity, staffing, training, performance management, compensation and current issues.

**Prerequisites:** graduate standing; BUSMGMT 706(R).**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 740 Information Technology Management Concepts and Languages**

3 cr. Graduate.

Introduction to data organization, object-oriented design, construction and validation of application programs, development methodologies and control structures, illustrate with object programming language.

**Prerequisites:** grad st.**Last Taught:** Summer 2018, Summer 2017, Summer 2016, Summer 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 741 Web Mining and Analytics**

3 cr. Graduate.

Measurement methods and analysis of web-based data for strategic decisions; methods and technologies in web mining, visualization, predictive analytics and text mining for knowledge discovery and business analysis.

**Prerequisites:** grad st.**Last Taught:** Fall 2023, Spring 2023, Spring 2022, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 742 Big Data in Business**

3 cr. Graduate.

Fundamental concepts of distributed systems; data management across clusters of computers; distributed algorithms for analyzing large volumes of data for business value.

**Prerequisites:** graduate standing.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 743 Information Privacy, Security & Continuity**

3 cr. Graduate.

Privacy threats and safeguards; identifying information system vulnerabilities; planning and managing security measures. Ethical and legal perspectives concerning information and data.

**Prerequisites:** grad st**Last Taught:** Fall 2023, Spring 2023, Spring 2022, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 744 Information Technology Strategy and Management**

3 cr. Graduate.

Various frameworks to evaluate strategic value of IT, aligning IT and competitive business strategies, IT governance models, managing IT operations and outsourcing ethically.

**Prerequisites:** grad st**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 745 Artificial Intelligence for Business**

3 cr. Graduate.

Artificial Intelligence applications in business; artificial neural networks, convolutional neural networks, and recurrent neural networks; deep learning, transfer learning, and reinforcement learning; image recognition, time series prediction, and intelligent agents; AI strategy.

**Prerequisites:** graduate standing.

**Course Rules:** Counts as a repeat of BUS ADM 746 with similar topic.

**Last Taught:** Fall 2023, Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 746 Topics in Information Technology Management:**

3 cr. Graduate.

Topics are limited to the areas in management information systems and business application. Specific topics and any additional prerequisites will be announced in the Timetable each time the course is offered.

**Prerequisites:** grad st.

**Course Rules:** May be retaken with change in topic to max of 9 cr.

**Last Taught:** Spring 2023, Fall 2022, Summer 2021, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 747 Service-Oriented Analysis and Design**

3 cr. Graduate.

Application development using service-oriented architecture, methodologies for specification, selection, composition, and integration of services, software quality assurance and metrics.

**Prerequisites:** grad st

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 748 Managing Information Technology Projects**

3 cr. Graduate.

Understand project management tools/techniques, project planning, software effort/cost estimation models, quality tools/metrics, six-sigma, CMM and ISO-9000, and managing outsourced/off-shored projects. Involves team-based project implementation.

**Prerequisites:** grad st; Bus Adm 747(P).

**Last Taught:** Fall 2023, Spring 2023, Spring 2022, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 749 Data and Information Management**

3 cr. Graduate.

Managing structured, semi-structured and unstructured data, data integrity management, data representation, data integration, governance and administration, data quality and reporting information.

**Prerequisites:** grad st

**Last Taught:** Fall 2023, Spring 2023, Spring 2022, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 751 Analysis of U.S. Business Environment**

3 cr. Graduate.

Analysis of inflation, business cycles, interest rate dynamics and term structure, federal reserve policy, tax policy, and economic growth.

**Prerequisites:** grad st; Bus Adm 701(P) & 702(P).

**Last Taught:** Summer 2023, Summer 2022, Summer 2021, Summer 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 752 Corporate Economics**

3 cr. Graduate.

Applied economic analysis of market structure, price discrimination, oligopoly, cartels, and collusion. The course integrates the psychology of price and behavioral economic issues in pricing.

**Prerequisites:** grad st in mba-executive curric or cons instr.

**Last Taught:** Summer 2023, Summer 2022, Summer 2021, Summer 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 753 Advanced Business Law**

3 cr. Graduate.

Advanced legal concepts focusing on Uniform Commercial Code, bankruptcy and creditor protection, liability of bailees and common carriers, product liability, and real and personal property.

**Prerequisites:** grad st; Bus Adm 391(P).

**Last Taught:** Summer 2023, Summer 2022, UWinterIM 2022, Summer 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 754 Statistical Analysis**

3 cr. Graduate.

Business applications of probability theory and statistical methods to managerial problems of prediction, inference and decision making under uncertainty.

**Prerequisites:** grad st; cons instr

**Last Taught:** Fall 2022, Fall 2021, Fall 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 755 Health Care Administration and Delivery Systems**

3 cr. Graduate.

Covers administrative structures and processes in health care institutions, including managing clinicians and inter-organizational relationships of U.S. and selected foreign health care providers.

**Prerequisites:** grad st.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 757 Managed Care and Integrated Health Networks**

3 cr. Graduate.

Examines concepts and management of capitated and vertically integrated health care organizations; utilization control, risk and quality assessment, benefit design, pricing, management of clinical professionals.

**Prerequisites:** grad st; Bus Adm 755(P).

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 759 Seminar in Health Care Management:**

3 cr. Graduate.

Topics limited to the area of health care management. Specific topics and any additional prerequisites will be announced in the Timetable each time the course is offered.

**Prerequisites:** grad st

**Course Rules:** May be repeated w/ chg in topic to 6 cr max.

**Last Taught:** Spring 2013, Fall 2010.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 761 Seminar in Marketing:**

3 cr. Graduate.

Current and emerging topics in Marketing. Specific topics and any additional prerequisites will be listed in the Schedule of Classes each semester. May be repeated w/chg in topic to 6 cr. max.

**Prerequisites:** grad st.

**Last Taught:** Fall 2012, Fall 2010, Fall 2008, Summer 2006.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 762 Marketing Research**

3 cr. Graduate.

Understanding the market research process, obtaining and integrating relevant information into marketing decision-making processes. Listening to the voice of the customer, customer satisfaction measurement and technology utilization for database marketing.

**Prerequisites:** grad st; BusMgmt 709(C) or cons of instr.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 763 Marketing Analytics**

3 cr. Graduate.

Theoretical background provided to develop hands-on experience analyzing marketing data and using statistical models for marketing decisions.

**Prerequisites:** grad st; BusMgmt 709(C) or cons instr.

**Course Rules:** Not open for cr to those w/cr in Bus Adm 761 or 795 w/ similar topic.

**Last Taught:** Fall 2023, Summer 2023, Fall 2022, Summer 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 764 Buyer Behavior and Marketing Communications**

3 cr. Graduate.

A multidisciplinary approach to understanding buyer behavior processes in the market place and their implications for the development of marketing strategies, especially marketing communications.

**Prerequisites:** grad st.

**Last Taught:** Spring 2023, Spring 2022, Fall 2020, Summer 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 765 Strategic Product and Brand Management**

3 cr. Graduate.

Customer-focused product development and management; the creation and management of brand equity. Technology-marketing interface and customer involvement in product innovation and strategy.

**Prerequisites:** grad st.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 766 Marketing for Nonprofit Organizations**

3 cr. Graduate.

Explores ways in which non-business organizations such as hospitals, quasi-governmental agencies and educational institutions utilize marketing concepts and techniques in fulfilling their objectives.

**Prerequisites:** grad st.

**Last Taught:** Spring 2022, Spring 2020, Spring 2018, Spring 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 767 Ideas and Applications of Data Science in Different Fields**

3 cr. Graduate.

Introduction to the core areas and concepts of Data Science. It also includes a project intended to give hands-on experience in solving real-world problems using Data Science methods.

**Prerequisites:** graduate standing.

**Course Rules:** Not open for credit to students with credit in BUS ADM 795 with the same topic.

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 768 Marketing Management**

3 cr. Graduate.

Study and application of the concepts, tools and analyses that underlie strategic marketing decisions.

**Prerequisites:** grad st.

**Last Taught:** Fall 2013, Fall 2011, Fall 2009, Fall 2007.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 769 Database Marketing**

3 cr. Graduate.

Introduction to using and analyzing data on current and prospective customers to increase sales, customer acquisition, and customer retention.

**Prerequisites:** grad st; BusMgmt 709(C) or cons instr.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 771 Investments**

3 cr. Graduate.

Financial asset pricing; selection of stocks, bonds, convertible securities, and warrants; risk and return modeling; applied statistical tools, including time series analysis, regression, optimization; single and multifactor models; investment simulation; statistical security valuation methods.

**Prerequisites:** graduate standing; BUSMGMT 705(P) and BUSMGMT 709(P).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 772 Portfolio Management**

3 cr. Graduate.

Study of dynamic process that periodically matches investors' goals, objectives, and strategies with market expectations through portfolio construction and revision. Covers asset allocation, return optimization, and management of various asset types.

**Prerequisites:** grad st; Bus Adm 771 (P).

**Last Taught:** Spring 2023, Spring 2022, Fall 2021, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 773 Options And Futures**

3 cr. Graduate.

Pricing theories and models for options and futures contracts and their application to investment hedging, arbitrage, and portfolio management. Covers equity, fixed income, commodity, and currency options and futures.

**Prerequisites:** grad st; Bus Adm 771 (P).

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 774 Global Financial Management**

3 cr. Graduate.

Analysis of financial problems corporations face when operating in an international environment. Emphasis on management of foreign exchange risk.

**Prerequisites:** grad st; Bus Mgmt 705(P).

**Last Taught:** Spring 2023, Spring 2021, Spring 2019, Spring 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 775 Financial Strategy**

3 cr. Graduate.

Application of financial theory to corporate strategic planning. Working capital management, capital budgeting, capital structure, dividend policy, global finance, and mergers and acquisitions.

**Prerequisites:** grad st; BusMgmt 705(P) & BusMgmt 709(P).

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 777 Advanced Corporate Finance**

3 cr. Graduate.

Critical examination and evaluation of modern corporate finance theory. Market efficiency, corporate investment decisions, capital structure, financing vehicles, risk management, corporate restructuring, and governance.

**Prerequisites:** grad st; Bus Adm 771(P), 775(P).

**Last Taught:** Spring 2009, Spring 2007, Spring 2005, Spring 2002.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 778 Financial Institutions and Markets**

3 cr. Graduate.

Application of finance theory to financial management of firms including commercial banks, insurance companies, pension funds, mutual funds, and securities firms.

**Prerequisites:** grad st; BusMgmt 705(P).

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 779 Fixed Income Securities**

3 cr. Graduate.

Examination of the pricing and features of modern fixed income securities including treasuries, municipals, mortgage-backed, callable and puttable bonds, convertibles, and interest rate swaps.

**Prerequisites:** grad st; Bus Adm 771.

**Last Taught:** Spring 2022, Spring 2020, Spring 2018, Spring 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 781 Enabling Supply Chains Using SAP**

3 cr. Graduate.

Strategic perspectives on the role of information technology as an enabler of the supply chain processes. Hands-on use of enterprise resource planning (ERP) software.

**Prerequisites:** grad st; Bus Adm 703(C) and BusMgmt 711(P).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 782 Supply Chain Technology and Simulation**

3 cr. Graduate.

Manufacturing innovations (e.g., lean manufacturing), manufacturing information systems, simulation-based technology development and prototyping, manufacturing systems design and simulation.

**Prerequisites:** grad st; BusMgmt 711(P).

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 783 Modeling and Analytics in Supply Chains**

3 cr. Graduate.

Basic concepts and strategies in Supply Chain Management including strategic, tactical, and operational issues of SCM; the integration of various SCM entities; Industry 4.0; and risk assessment. Use of Excel for data analytics.

**Prerequisites:** graduate standing and BUSMGMT 711(P).

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 785 Project Management and Innovative Operations**

3 cr. Graduate.

Management of innovative business projects, including multi-tier contracting, cpm/pert, virtual manufacturing, quality targeting and pursuit, and global operations.

**Prerequisites:** grad st; BusMgmt 711(P) & Bus Adm 782(C).

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 786 Supply Chain Logistics Management**

3 cr. Graduate.

Strategic perspectives on logistics management concepts, issues, and models. Topics include logistics information systems, inventory management, transportation methods, packaging, warehousing, and global issues.

**Prerequisites:** grad st; BusMgmt 711(P)

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 787 Managing Connected Supply Chains**

3 cr. Graduate.

Issues managing a connected supply chain including integrating the supply chain into a single defined system sharing data, insights and benefits using cloud-based technologies, and AI.

**Prerequisites:** graduate standing.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 788 Tracking and Tracing**

1 cr. Graduate.

Open and secure symbology standards for shipping label barcodes. Digital methods to track shipments in a supply chain including barcodes, radio frequency identifiers (RFIDs), and the Internet of Things (IoT). Use of blockchain-based distributed ledgers.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 789 Service Operations Management**

3 cr. Graduate.

Design and deliver services, analyze and monitor service performance, develop service level agreements, and sustain service excellence. Key challenges and risks in service delivery will also be identified.

**Prerequisites:** graduate standing.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 794 Enterprise Integration:**

1 cr. Graduate.

Knowledge and skills important for effective integration and management of organizations across technical and business functions, and national and cultural boundaries. Topics vary and may include methods for quality improvement, management communications, business ethics, organizational leadership, etc.

**Prerequisites:** grad st in Bus Adm or prior approval of Bus Adm graduate prog services office.

**Last Taught:** Summer 2019, Summer 2018, Spring 2004, Spring 2003.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 795 Seminar-in-Management:**

1-3 cr. Graduate.

Intensive and critical examination of a specific management problem area or a related research question. Specific topic and additional prerequisites may appear in the schedule of classes each semester.

**Prerequisites:** grad st; appropriate management science core courses or cons instr.

**Course Rules:** Repeatable with change in topic.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 797 Management Project**

2-4 cr. Graduate.

Investigation of an actual management problem or another substantive question in an allied discipline presented, for example, in the form of a business report or professional paper.

**Prerequisites:** grad st; cons instr.

**Course Rules:** May be retaken with change in topic with cons appropriate Lubar School of Business prog committee.

**Last Taught:** Fall 2017, Summer 2015, Summer 2013, Summer 2012.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 798 Strategic Planning in Public and Nonprofit Sectors**

3 cr. Graduate.

Focuses on effective designs for strategic planning processes and assessment of external environmental and internal organizational characteristics, design, and evaluation of strategies.

**Prerequisites:** grad st.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 799 Reading and Research**

1-12 cr. Graduate.

Individual work suited to the needs of graduate students.

**Prerequisites:** grad st; cons instr.

**Course Rules:** May be retaken with change in topic with cons appropriate Lubar School of Business prog committee.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, UWinteriM 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 800 Managing Global Organizations**

3 cr. Graduate.

Theories, information, and research pertaining to management of international business including selected aspects of foreign investment decision, strategy development, organization and control of multinational operations.

**Prerequisites:** grad st.

**Last Taught:** Fall 2012, Fall 2010, Fall 2009, Fall 2008.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 806 International Marketing**

3 cr. Graduate.

Examines international market development including determining objectives, evaluating market opportunities, entry strategies, and marketing mix in the international environment.

**Prerequisites:** grad st.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 807 Seminar in International Business:**

3 cr. Graduate.

Topics limited to the areas of international business. Specific topics and any additional prerequisites will be announced in the Timetable each time the course is offered.

**Prerequisites:** grad st.

**Course Rules:** May be repeated w/ chg in topic to 6 cr max.

**Last Taught:** Fall 2011, Fall 2009, Fall 2007.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 809 International Business Strategy**

3 cr. Graduate.

Examines the strategic planning and action of international firms from the perspective of corporate headquarters.

**Prerequisites:** grad st; Bus Adm 800(P) & 806(P), or cons instr.

**Last Taught:** Spring 2013, Spring 2011, Spring 2009, Spring 2007.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 810 Development of Web-Based Solutions**

3 cr. Graduate.

Web development for eBusiness, web development tools and methodologies, web services, content management, developing database-driven web applications, mobile applications, and Web 2.0 technologies.

**Prerequisites:** graduate standing.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 811 Process and Work-Flow Management**

3 cr. Graduate.

Business process modeling and design, process optimization, inter/intra organization process integration, process re-engineering and continuous process improvement, process execution and process implementation using ERP.

**Prerequisites:** graduate standing and BUSMGMT 732(P).

**Last Taught:** Fall 2023, Spring 2023, Spring 2022, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 812 Machine Learning for Business**

3 cr. Graduate.

Machine learning for business insights; clustering and predictive analytics; linear regression, nearest neighbor, decision trees, support vector machines, random forests, ensemble learning, recommender systems; applications in business.

**Prerequisites:** graduate standing.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 813 Social Media Analytics for Business**

3 cr. Graduate.

Online social network analysis and social media mining techniques for business development; data processing, metrics creation, and exploratory analysis applied to social media mining.

**Prerequisites:** graduate standing.

**Last Taught:** Fall 2023, Spring 2023, Spring 2022, Fall 2009.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 814 Enterprise Knowledge & Semantic Management**

3 cr. Graduate.

Managing knowledge in business enterprises including acquisition, repository creation, dissemination; organizational learning, developing enterprise ontology, collaboration management and e-collaboration; developing intelligent agents and recommendation systems.

**Prerequisites:** grad st.

**Last Taught:** Fall 2018, Fall 2016, Fall 2013, Spring 2012.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 816 Business Intelligence Technologies & Solutions**

3 cr. Graduate.

Develop business intelligence (BI) solutions using data warehousing, OLAP, and data mining technologies. Students will use SAP Analytics and other tools for implementing BI solutions.

**Prerequisites:** grad st

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 817 Connected Systems for Business**

3 cr. Graduate.

Overview of connected systems, including cloud computing and IoT. Design and develop technology infrastructure for business applications. Infrastructure management strategies, security, reliability, and performance considerations.

**Prerequisites:** graduate standing.

**Last Taught:** Summer 2023, Summer 2022, Fall 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 818 Information Systems Practicum**

3 cr. Graduate.

Team project to build a working prototype system to address specific client need. This involves need assessment, market research, requirement specification, system design and building.

**Prerequisites:** grad st; Bus Adm 747(P); cons instr

**Last Taught:** Spring 2016, Fall 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 819 Information Technology Management Internship**

3 cr. Graduate.

A defined work period addressing information systems in a corporate, government, or management consulting environment.

**Prerequisites:** grad st; writ cons instr.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Summer 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 820 Tax Research, Practice, and Procedure**

3 cr. Graduate.

Methodology of federal tax research, including computerized research. Organization of and practice before the IRS. Audits, deficiencies, assessment and collection. Preparer penalties. Ethical responsibilities.

**Prerequisites:** grad st; Bus Adm 405(P).

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 821 Advanced Taxation**

3 cr. Graduate.

Advanced tax topics regarding business, individual and entity taxation.

**Prerequisites:** grad st; Bus Adm 406(P).

**Last Taught:** Fall 2023, Summer 2023, Summer 2022, Summer 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 823 Corporate Income Taxation**

3 cr. Graduate.

Tax issues associated with formation, operations, liquidation and reorganization of regular corporations. Introduction to consolidated returns.

**Prerequisites:** grad st; Bus Adm 406(P)

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 826 Tax Planning for Individuals**

3 cr. Graduate.

Advanced tax issues and planning opportunities for individuals.

Introduction to the taxation of trusts and estates, as well as estate and gift tax issues.

**Prerequisites:** grad st; Bus Adm 406(P)

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 827 Taxes and Business Strategy**

3 cr. Graduate.

Comprehensive examination of tax planning issues associated with choice of entity, start-ups, purchase or sale of business, compensation, and financing options. Business succession planning.

**Prerequisites:** grad st; Bus Adm 406(P)

**Last Taught:** Spring 2014, Spring 2013, Spring 2012, Spring 2011.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 828 Taxation of Partnerships, S Corporations, and LLCs**

3 cr. Graduate.

Tax issues associated with formation, operation, and dissolution of partnerships. Subchapter S corporations, and limited liability companies. Sale of ownership interests.

**Prerequisites:** grad st; Bus Adm 406(P)

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 829 Executive Compensation and Benefits**

3 cr. Graduate.

Tax issues associated with different methods of compensating executives and other employees.

**Prerequisites:** grad st; Bus Adm 406(P)

**Last Taught:** Summer 2010, Summer 2009, Summer 2008, Summer 2007.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 831 Multistate Income Taxation**

3 cr. Graduate.

State taxation of income derived by corporations, flow through entities, and individuals from interstate business and investment activity.

**Prerequisites:** grad st.

**Last Taught:** Spring 2017, Spring 2016, Spring 2015, Spring 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 832 Property Taxation**

3 cr. Graduate.

Basic and advanced topics in state and local property taxes, with an emphasis on issues commonly encountered by multistate businesses.

**Prerequisites:** grad st.**Last Taught:** Fall 2016, Fall 2015, Fall 2014, Fall 2013.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 834 International Taxation**

3 cr. Graduate.

U.S. taxation of income derived by corporations, flow-through entities, and individuals from both outbound and inbound business and investment activity.

**Prerequisites:** grad st; Bus Adm 406(P)**Last Taught:** Fall 2015, Fall 2014, Fall 2013, Fall 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 837 Sales and Use Taxation**

3 cr. Graduate.

Basic and advanced topics in state and local sales and use taxes, with an emphasis on the treatment of transactions commonly encountered by multistate businesses.

**Prerequisites:** grad st.**Last Taught:** Fall 2017, Fall 2016, Fall 2015, Fall 2014.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 838 Managing State and Local Audits**

3 cr. Graduate.

Practical insights into managing the problems encountered in state and local income, sales and use, and property tax audits.

**Prerequisites:** grad st.**Last Taught:** Spring 2017, Spring 2016, Spring 2015, Spring 2014.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 839 Topics in Taxation:**

3 cr. Graduate.

The topics are limited to the area of taxation.

**Prerequisites:** graduate standing and BUS ADM 406(P).**Course Rules:** May be repeated with change in topic to max of 6 cr.**Last Taught:** Fall 2004, Spring 2004.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 840 Current Issues in Financial Reporting**

3 cr. Graduate.

Discusses valuation and financial reporting of complex accounting topics such as derivatives, fair value, hedging, foreign currency, International Financial Reporting Standards, among others.

**Prerequisites:** graduate standing, BUS ADM 722(P) or BUS ADM 402(P).**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 841 Financial Statement Analysis**

3 cr. Graduate.

Implications of alternative financial accounting methods for analysis and decision-making. New financial transactions. Understanding the motivations for, and results of, financial engineering.

**Prerequisites:** grad st; Bus Adm 722 (C) or 402(P)**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 844 Advanced Audit and Assurance**

3 cr. Graduate.

An in-depth study of professional auditing standards. Emphasis on the integrated audit, practical application of technological innovations, and statistical sampling.

**Prerequisites:** graduate standing; BUS ADM 409(P) or BUS ADM 728(P).**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 846 Advanced Analytics in Accounting**

3 cr. Graduate.

Study of accounting-based datasets and data analysis tools that allow management and auditors to gain insights and make better decisions.

**Prerequisites:** graduate standing; BUS ADM 408(P); BUS ADM 409(P) or BUS ADM 728(P).**Last Taught:** Spring 2023, Fall 2022, Spring 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 849 Accounting Internship**

1-3 cr. Graduate.

A defined work period in an accounting firm, corporation, or governmental agency.

**Prerequisites:** grad st; writ cons instr.**Last Taught:** Summer 2023, Spring 2018, Fall 2017, Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 851 Global Investments**

3 cr. Graduate.

Introduce market structure, institutions, regulations, instruments, and innovations in global investments. Focus on management of foreign currency risk and performance of global investment portfolios.

**Prerequisites:** grad st; Bus Adm 771(P).**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 852 Venture Finance**

3 cr. Graduate.

Examine private equity industry, venture and buyout fund. Focus on the interaction of major parties, general partners, limited partners and portfolio firms.

**Prerequisites:** grad st; Bus Adm 705(P).**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 853 Financial Modeling**

3 cr. Graduate.

Development and advanced application of computer-based financial models including pricing of exotic derivative securities.

**Prerequisites:** grad st; Bus Adm 771(P).**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 888 Candidate for Degree**

0 cr. Graduate.

Available for graduate students who must meet minimum credit load requirement.

**Prerequisites:** graduate standing.**Course Rules:** Fee for 1 cr assessed; unit does not count towards credit load for Fin Aid. Repeatable. Satisfactory/Unsatisfactory only.**Last Taught:** Summer 2022, Spring 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 894 Internet Marketing**

3 cr. Graduate.

Introduction to the principles of internet marketing, types of products that can be marketed online, communication strategies, selling strategies, and pricing strategies.

**Prerequisites:** grad st.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 895 Strategic Marketing Issues in eBusiness**

3 cr. Graduate.

Online branding, internet pricing and promotion strategy, managing channel conflict, online competitive strategy, synergies between traditional and online operations, and other topical issues.

**Prerequisites:** grad st.

**Last Taught:** Spring 2012, Spring 2010, Spring 2008, Spring 2006.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 899 Management Research Project/Thesis**

1-6 cr. Graduate.

Original analysis of a management problem. Involves the application of the elements of scientific inquiry in the context of a contemporary problem.

**Prerequisites:** grad st; cons instr.

**Last Taught:** Spring 2017, Fall 2016, Spring 2016, Fall 2015.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 900 Doctoral Orientation to Teaching and Research**

1 cr. Graduate.

Introduces doctoral students to academic careers and research management. Focuses on research approaches, research management in private and public organizations, and teaching responsibilities in higher education.

**Prerequisites:** grad st.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 914 Advanced Multivariate Techniques in Management Research**

3 cr. Graduate.

Analysis of management problems using multivariate methods including logistic regression, structural equations, scale reliability measures, simultaneous inference, observational study corrections, and multidimensional scaling.

**Prerequisites:** grad st; Bus Adm 714(P) and 754(P).

**Last Taught:** Spring 2020, Spring 2019, Spring 2016, Spring 2015.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 916 Advanced Operations Research Models**

3 cr. Graduate.

Formulation and solution of operations research models with emphasis on models having a probabilistic structure.

**Prerequisites:** grad st; Bus Adm 754(P) or cons of instr.

**Last Taught:** Spring 2020, Spring 2015, Fall 1996, Spring 1994.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 918 Doctoral Seminar in Behavioral Research Methods in Management**

3 cr. Graduate.

Selected advanced topics in behavioral research methods.

**Prerequisites:** grad st; Bus Adm 709 or 754.

**Last Taught:** Spring 2019, Spring 2017, Spring 2015, Spring 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 980 Accounting Doctoral Seminar I:**

3 cr. Graduate.

Selected topics focusing on accounting research. Specific topics and any additional prerequisites will be announced in the Schedule of Classes each time the course is offered.

**Prerequisites:** grad st.

**Course Rules:** Retakeable w/ chg in topic to 9 cr max.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 981 Accounting Doctoral Seminar II:**

3 cr. Graduate.

Selected advanced topics focusing on theoretical foundations of accounting and empirical testing of such theories. Specific topics and any additional prerequisites will be announced in the Schedule of Classes each time the course is offered.

**Prerequisites:** grad st.

**Course Rules:** Retakeable w/ chg in topic to 9 cr max.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 983 Supply Chain and Operations Management Doctoral Seminar I:**

3 cr. Graduate.

Selected topics focusing on supply chain and operations management. Includes analysis of key research, develop abilities related to research ideas, and execute empirical or analytical study to develop full research paper.

**Prerequisites:** grad st.

**Course Rules:** Retakeable with change in topic to max of 9 cr.

**Last Taught:** Fall 2019, Fall 2018, Fall 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 984 Finance Doctoral Seminar I:**

3 cr. Graduate.

Selected topics focusing on theoretical foundations of corporate finance and investments, and on testing such theories. Topics & prerequisites announced each time course is offered.

**Prerequisites:** grad st.

**Course Rules:** Retakable with change in topic to max of 9 cr.

**Last Taught:** Fall 2022, Summer 2022, Fall 2019, Fall 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 990 Doctoral Seminar in Strategic Management:**

3 cr. Graduate.

Selected advanced topics in strategic management. Specific topics and any additional prerequisites will be announced in the Timetable each time the course is offered.

**Prerequisites:** grad st.

**Course Rules:** May be repeated w/ chg in topic to a 9 cr max.

**Last Taught:** Spring 2016, Fall 2015, Fall 2011, Spring 2010.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 991 MIS Doctoral Seminar II:**

3 cr. Graduate.

Selected advanced topics in management information systems. Specific topics and any additional prerequisites will be announced in the Timetable each time the course is offered.

**Prerequisites:** grad st.

**Course Rules:** May be repeated w/ chg in topic to a 9 cr max.

**Last Taught:** Spring 2021, Spring 2020, Spring 2019, Spring 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUS ADM 992 Doctoral Seminar in Marketing:**

3 cr. Graduate.

Selected advanced topics in marketing. Specific topics and any additional prerequisites will be announced in the schedule of classes each time the course is offered.

**Prerequisites:** grad st.**Course Rules:** Retakeable with change in topic to 12 cr max.**Last Taught:** Fall 2021, Spring 2021, Fall 2019, Spring 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 993 Supply Chain & Operations Management Doctoral Seminar II**

3 cr. Graduate.

Selected advanced topics in supply chain and operations management. Specific topics and any additional prerequisites will be announced in the schedule of classes each time the course is offered.

**Prerequisites:** grad st**Course Rules:** Retakeable with change in topic to 9 cr max.**Last Taught:** Spring 2019, Spring 2018, Fall 2017, Fall 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 994 Finance Doctoral Seminar II:**

3 cr. Graduate.

Selected advanced topics in finance. Specific topics and any additional prerequisites will be announced in the schedule of classes each time the course is offered.

**Prerequisites:** grad st.**Course Rules:** Retakeable with change in topic to max of 9 cr.**Last Taught:** Spring 2023, Spring 2019, Spring 2018, Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 995 Doctoral Seminar in Decision Sciences:**

3 cr. Graduate.

Selected advanced topics in multi-disciplinary and methodological issues in management science. Specific topics and any additional prereqs will be announced in the schedule of classes each time the course is offered.

**Prerequisites:** grad st; Bus Adm 709 or 754.**Course Rules:** Retakeable with change in topic to max of 9 cr.**Last Taught:** Fall 2023, Spring 2021, Spring 2020, Spring 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 996 Doctoral Seminar in Organizations:**

3 cr. Graduate.

Selected advanced topics in organizations. Specific topics and any additional prerequisites will be announced in the Timetable each time the course is offered.

**Prerequisites:** graduate standing.**Course Rules:** Retakeable with change in topic to 9 cr max.**Last Taught:** Fall 2022, Fall 2021, Fall 2019, Fall 2018.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 997 Doctoral Dissertation**

1-12 cr. Graduate.

**Prerequisites:** dissertator st; cons instr.**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 998 MIS Doctoral Seminar I:**

3 cr. Graduate.

Selected advanced topics in management information systems. Specific topics and any additional prerequisites will be announced in the Timetable each time the course is offered.

**Prerequisites:** grad st.**Course Rules:** Retakeable w/ chg in topic to 9 cr max.**Last Taught:** Fall 2023, Fall 2021, Fall 2020, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUS ADM 999 Independent Work**

1-3 cr. Graduate.

**Prerequisites:** grad st; cons instr.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## Business Management (BUSMGMT)

**BUSMGMT 704 Accounting Analysis and Control**

3 cr. Graduate.

Prepares managers to critically analyze, interpret and use financial statements, cost reports, and other financial information provided by accountants and accounting systems.

**Prerequisites:** grad st & Bus Adm 703(P).**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 705 Corporate Finance**

3 cr. Graduate.

Analysis of financial statements; ratio analysis; Excel functions for bond price, yield to maturity, and yield to call; beta estimation and capital asset pricing model; capital budgeting; capital structure decisions; Excel models for financial forecasting.

**Prerequisites:** graduate standing, BUS ADM 703(P) and BUSMGMT 709(C).**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 706 Managing in a Dynamic Environment**

3 cr. Graduate.

Provides frameworks and techniques for managing people and improving organizations. Topics include group dynamics, leadership, performance management, structure, innovation, power, change, and corporate cultures.

**Prerequisites:** grad st**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 707 Information Technology Management in International Businesses**

3 cr. Graduate.

Management of information technology including the role of enterprise systems; business intelligence, mining, & analytics; virtual teams and offshoring; security; and ethical/privacy issues including sustainability and green IT in the globally connected world.

**Prerequisites:** grad st.**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUSMGMT 708 Marketing Strategy: Concepts and Practice**

3 cr. Graduate.

Builds key concepts in marketing strategy, develops knowledge of current issues and provides hands-on experience in developing and executing marketing strategies for today's managers.

**Prerequisites:** grad st**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 709 Predictive Analytics for Managers**

3 cr. Graduate.

Covers exploratory data analysis and foundations of statistical inference. With a focus on predictive analytics, coverage is given to classical and logistic regression modeling along with other techniques that may include trees and neural nets.

**Prerequisites:** graduate standing.**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 711 Global Supply Chain Strategies & Competitive Operations**

3 cr. Graduate.

Addresses the contribution of the operations function in enhancing the competitiveness and effectiveness of service and manufacturing organizations. Topics include operations tactics and strategy, cross-functional and cross-firm integration, process analysis, and global supply chains.

**Prerequisites:** graduate standing.**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 712 Strategic Management**

3 cr. Graduate.

Integrative course focused on strategic thinking and decision making at the general management level. Implementing business planning and strategy in a field-based interdisciplinary action project.

**Prerequisites:** admis to MBA Program and BusMgmt 704(P), 705(P), 706(P), 707(P), 708(P), 709(P), & 711(P); one prereq course may be completed concurrently with BusMgmt 712.**Course Rules:** Not open for credit for students who have completed BusMgmt 720.**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 713 Entrepreneurship: Venture Creation and Management**

3 cr. Graduate.

Study of creation, growth or acquisition of a business through entrepreneurial efforts. Process of identifying and quantifying opportunities, then conceptualizing, planning and starting a new enterprise.

**Prerequisites:** grad st; Bus Adm 703(P) & BusMgmt 708(P).**Last Taught:** Summer 2023, Fall 2022, Summer 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 714 Managing People and the Role of General Managers**

3 cr. Graduate.

Provides framework for understanding organizational behavior and roles of general managers, as distinct from functional specialists. Develops managerial skills through cases, exercises, and industry projects.

**Prerequisites:** grad st.**Last Taught:** Fall 2020, Fall 2019, Fall 2018, Fall 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 715 Leadership, Team Building, and Effective Management**

3 cr. Graduate.

Provides a working knowledge of team building, managing change, and effective business communication methods, and an understanding of leadership tools.

**Prerequisites:** grad st.**Last Taught:** UWinteriM 2024, Fall 2023, Summer 2023, UWinteriM 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 716 International Business Management**

3 cr. Graduate.

Theories and research pertaining to international business, including foreign investment, marketing, personnel, strategy development, and control of multinational operations.

**Prerequisites:** grad st.**Last Taught:** Fall 2021, Fall 2020, Spring 2019, Summer 2018.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 718 Concepts and Practice of Nonprofit Management**

3 cr. Graduate.

Characteristics and formation of nonprofit organizations; building effective boards of directors; board roles and responsibilities; conflicts of interest; evaluating nonprofit performance; grant writing, foundations, and fund-raising.

**Prerequisites:** grad st.**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 720 Strategic Management in Health Care Organizations**

3 cr. Graduate.

Application of strategic management tools and techniques to health care organizations. Analyzing external, competitive, and internal environment; developing objectives; understanding current strategy; formulating and implementing future directions.

**Prerequisites:** grad st; Bus Adm 757(P); BusMgmt 708(P) or Bus Adm 766(P); BusMgmt 704(P), 705(P), 706(P), 707(P), & 711(P).**Course Rules:** Not open for credit for students who have completed BusMgmt 712.**Last Taught:** Fall 2023, Fall 2022, Spring 2020, Spring 2018.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 721 Fundraising and Development for Nonprofit Organizations**

3 cr. Graduate.

Philosophical thoughts on development; basics of fundraising; strategic planning and implementation.

**Prerequisites:** grad st.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 722 Global Information Technology Management**

3 cr. Graduate.

Management issues surrounding the effective deployment of it and is in different regions of the world.

**Prerequisites:** grad st.**Last Taught:** Summer 2013, Summer 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUSMGMT 723 Managing and Negotiating Across Borders**

3 cr. Graduate.

Examines the basic concepts, institutions, and practices of international business in context of such managerial decisions as negotiating entry into foreign markets, managing strategic alliances, and designing the structure of a multinational enterprise.

**Prerequisites:** graduate standing.**Last Taught:** Fall 2023, Fall 2022, Fall 2020, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 724 Accounting for Nonprofit Organizations**

3 cr. Graduate.

Financial and managerial accounting topics for the nonprofit sector; relationship of these topics to finance, the legal environment of nonprofits, and mission of the organizations.

**Prerequisites:** Grad st.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 726 Study Abroad: Business Topics:**

1-3 cr. Graduate.

Immersion (including instruction at an international university) in the economic, cultural, and business practices of selected countries.

**Prerequisites:** graduate standing and acceptance for Study Abroad Program.**Course Rules:** Repeatable to 3 cr max.**Last Taught:** UWinterIM 2024, UWinterIM 2023, Spring 2022, Summer 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 727 Health Care Accounting, Law and Ethics**

3 cr. Graduate.

Critical examination of healthcare specific issues and differences from other industries: financial and accounting practice; legal requirements and constraints; ethical issues facing healthcare managers.

**Prerequisites:** grad st; BusMgmt 704(P) and 705(P).**Last Taught:** Summer 2023, Summer 2022, Fall 2019, Fall 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 728 Training and Development in Organizations**

3 cr. Graduate.

Development and evaluation of training and career development programs in organizations. Skills-based approach to understanding needs assessments, learning principles, training development and evaluation.

**Prerequisites:** grad st.**Course Rules:** Counts as repeat of Bus Adm 443 with similar subtitle.**Last Taught:** Fall 2018, Fall 2016, Fall 2015, Fall 2014.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 729 MBA Internship**

3 cr. Graduate.

A defined work experience with a for-profit, non-profit, international, or government organization, applying previous coursework to a workplace setting. Project paper required.

**Prerequisites:** grad st; completion of any 12 cr (4 courses) from MBA Core (BusMgmt 704-711); Masters GPA of 3.50 or better; writ cons of instr.**Last Taught:** Summer 2023, Spring 2022, Summer 2021, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 730 Strategic Management and Leadership for Nonprofit Organizations**

3 cr. Graduate.

Concepts and methods of strategic thinking and applications of strategy in nonprofit organizational settings. Nonprofit governance and executive leadership roles in strategy formation and implementation.

**Prerequisites:** grad st; BusMgmt 718(P) or Pol Sci 789(P) or Pol Sci/Sociol/Urb Std 704(P); BusMgmt 721(P), 724(P), & 725(P); Bus Adm 766(P) or Pol Sci 705(P) or Pol Sci 791(P); Pol Sci 792(P) & 793(P)**Last Taught:** Fall 2022, Fall 2020, Fall 2019, Fall 2018.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 731 Research Tools for Practitioners in Human Resources and Labor Relations**

3 cr. Graduate.

Planning and carrying out simple surveys; evaluating policies, programs, and procedures in organizations; interpreting, evaluating and using research conducted by others.

**Prerequisites:** grad st; Econ 210(P) or Bus Adm 210(P) or cons instr.**Course Rules:** Ind Rel 731 and BusMgmt 731 are jointly offered; they count as repeats of one another.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 732 Enterprise Resource Planning**

3 cr. Graduate.

Enterprise Resource Planning concepts, fundamental business processes, interaction of various functional areas, development tools for the implementation of web-based ERP applications.

**Prerequisites:** grad st**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 733 Enterprise Simulation Game**

3 cr. Graduate.

Use ERP simulation game, develop understanding of ERP concepts, experience benefits of ERP, develop technical skills using ERP software.

**Prerequisites:** grad st**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 734 Enterprise Resource Planning Certification**

3 cr. Graduate.

Understand interdependencies and integration of key business processes and power of technology-enabled ERP system to increase productivity and improve business performance.

**Prerequisites:** graduate standing and BUS ADM 811(P).**Last Taught:** Summer 2022, Summer 2020, Summer 2018, Summer 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 735 Advanced Spreadsheet Tools**

1 cr. Graduate.

Covers advanced spreadsheet decision making tools. Business problems from across the enterprise will be solved using EXCEL functions, pivot tables, scenario evaluation and others.

**Prerequisites:** grad st; Bus Adm 701(C).**Last Taught:** Spring 2017, Fall 2016, Summer 2016, Spring 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**BUSMGMT 736 Understanding and Using Corporate Financial Reports**

2 cr. Graduate.

Introduces corporate financial reporting practices, accounting terminology, and disclosure concepts. Develops skills in reading and analyzing annual reports. Emphasizes the impact of alternative accounting practices.

**Prerequisites:** grad st; Bus Adm 701(C).**Last Taught:** Spring 2017, Fall 2016, Spring 2016, Fall 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 737 Business Strategy and Economics**

2 cr. Graduate.

Economics analysis of applied problems in business. Includes behavioral economics, game theory, pricing in oligopolies, monopolies, price discrimination, and the psychology of pricing.

**Prerequisites:** grad st; Bus Adm 701(C).**Last Taught:** Spring 2017, Fall 2016, Spring 2016, Fall 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 738 Critical and Analytical Thinking in Business**

2 cr. Graduate.

Provides training, practice, and feedback in the construction, presentation, and evaluation of clear, well-reasoned arguments. Interactive sessions and structured assignments highlight business applications.

**Prerequisites:** grad st; Bus Adm 701(C).**Last Taught:** Fall 2018, Fall 2017, Spring 2017, Fall 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 741 Management of Technology Ventures**

3 cr. Graduate.

Development, launch, and management of technology ventures including venture growth management. Prepares students to lead and manage technology ventures.

**Prerequisites:** grad st & admis to business or engineering program or admis to Tech Entrep Cert program.**Last Taught:** Fall 2015, Fall 2014.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 742 Technology Innovation and Corporate Entrepreneurship**

3 cr. Graduate.

Advanced concepts related to technology management, technological innovation, technology strategy, and corporate entrepreneurship. Prepares students to lead technology commercialization projects.

**Prerequisites:** grad st & admis to business or engineering program or admis to Tech Enrep Cert program.**Last Taught:** Fall 2015, Fall 2014.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 743 Technology Entrepreneurship Project**

3 cr. Graduate.

Integration of key product/service innovation, commercialization, and entrepreneurship processes in the establishment of new (or corporate) technology ventures; trains students to lead new ventures.

**Prerequisites:** grad st & admis to business or engineering program or admis to Tech Entrep Cert program; BusMgmt 741(P).**Current Offerings:** <https://catalog.uwm.edu/course-search/>**BUSMGMT 744 R Programming for Business Analytics**

3 cr. Graduate.

Focus on basic data manipulation and statistical modeling in R. The objective is to develop R programming skills to investigate different types of business data to inform business decisions.

**Prerequisites:** grad st; BusMgmt 709(P).**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## Celtic Studies (CELTIC)

**CELTIC 103 First Semester Irish Gaelic**

3 cr. Undergraduate.

Beginning Irish Gaelic for students with no previous knowledge of the language.

**Prerequisites:** none.**Course Rules:** Counts as repeat of LINGUIS 131 with 'First Semester Gaelic' subtitle.**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CELTIC 104 Second Semester Irish Gaelic**

3 cr. Undergraduate.

Continuation of CELTIC 103.

**Prerequisites:** CELTIC 103(P).**Course Rules:** Counts as repeat of LINGUIS 132 with 'Second Semester Gaelic' subtitle.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CELTIC 133 Celtic Crossings: Overview of the History and Cultures of the Celtic World**

3 cr. Undergraduate.

Interdisciplinary exploration of the archaeology, history, literature, language, myth, and arts of the Celtic peoples (Cornish, Irish, Scots, Welsh, Manx, Breton, & Galician).

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CELTIC 192 First-Year Seminar**

3 cr. Undergraduate.

Specific topics announced in Schedule of Classes each time course is offered.

**Prerequisites:** none.**Course Rules:** Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).**General Education Requirements:** HU**Last Taught:** Fall 2011, Fall 2010, Fall 2009, Fall 2008.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CELTIC 193 First-Year Seminar**

3 cr. Undergraduate.

Specific topics announced in Schedule of Classes each time course is offered.

**Prerequisites:** none.**Course Rules:** Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).**General Education Requirements:** SS**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CELTIC 199 Independent Study**

1-3 cr. Undergraduate.

Independent work supervised by Celtic Studies faculty or staff member. Written course proposal required prior to reg. For additional information, consult program coordinator.

**Prerequisites:** 2.50 GPA on at least 12 graded credits; consent of instructor and program coordinator.

**Course Rules:** Retakable with change in topic to 9 cr max.

**Last Taught:** Fall 2017, Spring 2016, Spring 2015, Spring 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CELTIC 203 Third Semester Irish Gaelic**

3 cr. Undergraduate.

Continuation of CELTIC 104.

**Prerequisites:** CELTIC 104(P).

**Course Rules:** Counts as repeat of LINGUIS 231 with 'Irish (Gaelic)' subtitle.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CELTIC 204 Fourth Semester Irish Gaelic**

3 cr. Undergraduate.

Continuation of CELTIC 203.

**Prerequisites:** CELTIC 203(P).

**Course Rules:** Counts as repeat of LINGUIS 232 with 'Irish (Gaelic)' subtitle.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CELTIC 250 Selected Topics in Celtic Studies:**

3 cr. Undergraduate.

Focus on an individual Celtic group or one particular aspect of Celtic culture.

**Prerequisites:** none.

**Course Rules:** Not open to students with cr in Ethnic 250 with similar topic. Retakable w/chg in topic to 9 cr max.

**Last Taught:** Spring 2014, Spring 2013, Spring 2012, Fall 2011.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CELTIC 285 Modern Irish Language and Literature in Translation**

3 cr. Undergraduate.

Major works of literature written in Irish Gaelic, eighth century to present day, in bilingual (Irish/English) texts.

**Prerequisites:** grade of C or better in English 102(P) or score at level 4 on EPT.

**Course Rules:** Celtic 285 & English 285 are jointly offered; they count as repeats of one another.

**Last Taught:** Spring 2011.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CELTIC 289 Internship in Celtic Studies, Lower Division**

1-6 cr. Undergraduate.

Application of basic principles of Celtic studies in business, organizational, educational, political, or other appropriate setting.

**Prerequisites:** intro course in Celtic stds; 2.25 gpa; cons supervising faculty member.

**Course Rules:** One cr earned for academic work based on 40 hrs in internship. Retakable to 6 cr max.

**Last Taught:** Spring 2008.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CELTIC 297 Study Abroad:**

1-12 cr. Undergraduate.

Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.

**Prerequisites:** acceptance for Study Abroad Prog

**Course Rules:** Retakable w/chg in topic.

**Last Taught:** Summer 2023, Summer 2022, Spring 2020, Summer 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CELTIC 299 Ad Hoc:**

1-6 cr. Undergraduate.

Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.

**Prerequisites:** none; add'l prereqs may be assigned to specific topic.

**Course Rules:** Retakable w/chg in topic.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CELTIC 350 Advanced Topics in Celtic Studies:**

3 cr. Undergraduate.

Focus on an individual Celtic group or one particular aspect of Celtic culture.

**Prerequisites:** jr st.

**Course Rules:** Retakable w/chg in topic to 9 cr max.

**Last Taught:** Spring 2016, Spring 2015, Fall 2014, Spring 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CELTIC 489 Internship in Celtic Studies, Upper Division**

1-6 cr. Undergraduate.

Application of basic principles of Celtic studies in business, organizational, educational, political, or other appropriate setting.

**Prerequisites:** jr st; 300-level or above course in Celtic stds; cons supervising faculty member.

**Course Rules:** One cr earned for academic work based on 40 hrs in internship. Retakable to 6 cr max.

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Fall 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CELTIC 497 Study Abroad:**

1-12 cr. Undergraduate.

Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.

**Prerequisites:** jr st; acceptance for Study Abroad Prog.

**Course Rules:** Retakable w/chg in topic.

**Last Taught:** Summer 2023, Summer 2022, Spring 2020, Summer 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CELTIC 499 Ad Hoc:**

1-6 cr. Undergraduate.

Course created expressly for offering in a specified enrollment period.

Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.

**Prerequisites:** jr st; add'l prereqs may be assigned to specific topics.

**Course Rules:** Retakable w/chg in topic.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CELTIC 699 Advanced Independent Study**

1-3 cr. Undergraduate.

Independent work supervised by Celtic Stds faculty or staff member. Write course proposal req'd prior to reg. For add'l info, consult prog coord.

**Prerequisites:** jr st; 2.0 GPA; consent of instructor program coordinator, and Assistant Dean for Student Academic Services.

**Course Rules:** Retakable with change in topic to 9 cr max.

**Last Taught:** Spring 2023, Fall 2020, Spring 2015, Spring 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS American Indian Studies (CGS AIS)

**CGS AIS 101 Introduction to American Indian Studies**

3 cr.

Introduction to the history, culture, and sovereignty of American Indians through the disciplines of Anthropology, Business, Geography, History, Political Science, and Sociology; American Indian perspectives of historical events and policies. Explores how historical events affect sovereignty, political relationships, and current American Indian issues. This course focuses on Wisconsin Indians, meeting the requirements of Wisconsin DPI Act 31.

**Prerequisites:** Prerequisite: none.

**General Education Requirements:** CD, IS, SS

**Last Taught:** Summer 2020, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS AIS 260 American Indian Art**

3 cr.

A survey of North American Indian art and its relationship to Native American cultures, past and present. Looks at pre-Columbian art, changes in art with European contact, and the most recent trends in Native American art. Philosophies of aesthetics and the relationship of art to material culture and worldview will be analyzed from the cross-cultural perspective of the anthropology of art.

**Prerequisites:** none.

**General Education Requirements:** A, CD

**Last Taught:** Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS AIS 277 Indians in American History**

3 cr.

Surveys U.S. history with emphasis on contact in the age of exploration, interactions over time between Europeans and Native Americans, and adaptations and conflicts that emerged from social, political, and economic perspectives from the colonial period to the present. Focuses on understanding the perspectives of Native Americans.

**Prerequisites:** none.

**General Education Requirements:** SS

**Last Taught:** Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS AIS 314 American Indian Societies and Cultures**

3 cr.

A survey of diverse and complex American Indian cultures and Peoples in North America, exploring the impact of the past and the influences of Euro-American culture on Native Nations and Peoples.

**Prerequisites:** none.

**Course Rules:** CGS AIS 314 and CGS ANT 314 are jointly offered and count as repeats of one another.

**General Education Requirements:** CD, SS

**Last Taught:** Spring 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Anthropology (CGS ANT)

**CGS ANT 100 Introduction to Anthropology**

3 cr.

A survey of the subfields of anthropology, especially archaeology and physical and cultural anthropology. The course explores human biological evolution and variation, cultural evolution, language, and culture change.

**Prerequisites:** none

**General Education Requirements:** SS

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ANT 100X Introduction to Anthropology**

3 cr.

A survey of the subfields of anthropology, especially archaeology and physical and cultural anthropology. The course explores human biological evolution and variation, cultural evolution, language, and culture change.

**Prerequisites:** none

**General Education Requirements:** SS

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ANT 102 Discovering our Past: An Introduction to Archaeology and the Prehistoric World**

3 cr.

Introduction to the prehistoric world from origins of human culture to the beginnings of written history as revealed by archaeological research at great sites and ruins around the globe. Archaeological analysis of famous prehistoric sites as case studies to illustrate concepts and techniques used by archaeologists in their efforts to understand the rise, florescence, and demise of vanished societies.

**Prerequisites:** none.

**General Education Requirements:** SS

**Last Taught:** Spring 2022, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ANT 104 Introduction to Cultural Anthropology**

3 cr.

Survey of cultural anthropology with emphasis on ethnographic description, methodology and contemporary theory. Cross-cultural comparisons of societies and institutions. Course includes both humanistic and social scientific approaches to human sociocultural diversity.

**Prerequisites:** none.

**General Education Requirements:** SS

**Last Taught:** Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ANT 105 Introduction to Biological Anthropology**

3 cr.

Evolutionary theory, the place of humans in the primate order, fossil evidence for human evolution and interpretation of that evidence, biological and genetic basis of human variation, and possible other topics of human biology.

**Prerequisites:** none.**Course Rules:** Students may not receive credit in CGS ANT 105/ CGS ANT 106 and CGS ANT 107.**General Education Requirements:** NS**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ANT 106 Introduction to Biological Anthropology Lab**

1 cr.

Students will learn tools and methods used by anthropologists, explore and examine various data sources, and apply this information to learn more about human evolution and variation.

**Prerequisites:** concurrent enrollment in CGS ANT 105.**Course Rules:** Students may not receive credit in CGS ANT 105/ CGS ANT 106 and CGS ANT 107.**General Education Requirements:** NS+**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ANT 107 Introduction to Biological Anthropology with Lab**

4 cr.

A fully embedded biological anthropology class with lab that examines evolutionary theory, the place of humans in the primate order, fossil evidence for human evolution, and the biological and genetic basis of human variation.

**Prerequisites:** none.**Course Rules:** Students may not receive credit in CGS ANT 105/ CGS ANT 106 and CGS ANT 107.**General Education Requirements:** NS+**Last Taught:** Fall 2023, Summer 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ANT 150 Food, Culture, and Identity**

3 cr.

The role of food in human history, and the biocultural construction of what is classified as food; examines the meaning of food across cultures with particular attention to how cultural and ethnic identities are associated with particular types of food. Rituals, religions and family celebrations, and secular holidays all include the deliberate preparation, serving and sharing of food or abstinence from food.

**Prerequisites:** none**General Education Requirements:** CD, SS**Last Taught:** Fall 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ANT 200 Becoming and Being Human**

4 cr.

A biocultural perspective to examine and understand who we are as humans and how we became what we are.

**Prerequisites:** none.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ANT 291 Selected Topics in Anthropology**

1-3 cr.

A specific topic in an instructor's area of special competence. When offered, the particular topic is indicated in the campus timetable.

**Prerequisites:** Previous CGS ANT course or cons. instr.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ANT 294 Practice in Applied Anthropology**

1-3 cr.

Supervised practical experience in an organization or activity appropriate to a student's career and educational interests. Internships are supervised by faculty members and require periodic student/faculty meetings.

**Prerequisites:** previous anthropology course and cons. instr.**Course Rules:** Repeatable for a maximum of six credits.**General Education Requirements:** AP**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ANT 299 Independent Reading and Research**

1-3 cr.

Independent reading and research in Anthropology.

**Prerequisites:** Cons. instr.**Last Taught:** Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ANT 314 American Indian Societies and Cultures**

3 cr.

A survey of diverse and complex American Indian cultures and Peoples in North America, exploring the impact of the past and the influences of Euro-American culture on Native Nations and Peoples.

**Prerequisites:** none.**Course Rules:** CGS AIS 314 and CGS ANT 314 are jointly offered and count as repeats of one another.**General Education Requirements:** CD, SS**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ANT 343 Religion, Magic and Witchcraft**

3 cr.

Descriptions and interpretations of magico-religious beliefs and practices in a variety of cultures from an anthropological perspective; examines theories about religion and some of the conceptual issues regarding the interpretation of religion and related phenomena which have interested anthropologists over time.

**Prerequisites:** none.**Course Rules:** CGS ANT 343 and CGS REL 343 are the same course. Not recommended for first-semester students.**General Education Requirements:** SS**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ANT 350 Introduction to Medical Anthropology: Health and Healing**

3 cr.

Explores diverse healing and medical systems. Emphasis on how cultural and evolutionary approaches to medicine are used to examine illness, disease, and healing in diverse ethnic groups; examines how principles of medical anthropology are being used in training nurses and doctor in the US.

**Prerequisites:** none**General Education Requirements:** CD, SS**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Art (CGS ART)

### CGS ART 101 Introduction to Drawing

3 cr.

Principles of creative and structural drawing; a foundation course that explores a variety of ideas, techniques, and materials with a perceptual focus; drawing as a fine art and a basis for structure. An investigation of methods and materials.

**Prerequisites:** none.

**General Education Requirements:** AP

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS ART 102 Intermediate Drawing

3 cr.

Principles of creative and structural drawing; a second semester foundation course that explores a variety of ideas, techniques, and materials with a perceptual focus; drawing as a fine art and a basis for structure. Studio work in drawing with a variety of materials, techniques, and ideas. An investigation of methods, materials, and mixed media possibilities. An introduction to figure drawing. The class is conceptually based with an involvement and emphasis on structure, ideas and process.

**Prerequisites:** CGS ART 101.

**General Education Requirements:** AP

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS ART 111 Two-Dimensional Design

3 cr.

Investigation of the basic elements and principles of two-dimensional design; arrangement of line, value, texture, and color theory, possible computer exercises.

**Prerequisites:** none.

**General Education Requirements:** AP

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS ART 112 Three-Dimensional Design

3 cr.

Investigation of the basic elements and principles of three-dimensional design in the use of volume and spatial arrangement.

**Prerequisites:** none.

**General Education Requirements:** AP

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS ART 118 Digital Imaging and Design

3 cr.

Basic skills and vocabulary of digital technology; exploration of popular graphics software and hardware. Integration of digital imagery with more traditional media. Development of a portfolio for transfer.

**Prerequisites:** none.

**Course Rules:** Previously CGS ART 216.

**General Education Requirements:** AP

**Last Taught:** Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS ART 118X Digital Imaging and Design

3 cr.

Basic skills and vocabulary of digital technology; exploration of popular graphics software and hardware. Integration of digital imagery with more traditional media. Development of a portfolio for transfer.

**Prerequisites:** none.

**Course Rules:** Previously CGS ART 216.

**General Education Requirements:** AP

**Last Taught:** Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS ART 121 Introduction to Painting

3 cr.

Basic experience in various media - may include oil, watercolor, acrylic media, a survey of studio methods.

**Prerequisites:** none.

**General Education Requirements:** AP

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS ART 125 Oil Painting

3 cr.

Exploration of oil media; aspects of traditional and contemporary procedures. Lecture-lab.

**Prerequisites:** CGS ART 121 or cons. instr.

**General Education Requirements:** AP

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS ART 131 Introduction to Sculpture

3 cr.

Basic experience in three-dimensional media. A survey of materials and procedures used in sculptural processes.

**Prerequisites:** none.

**General Education Requirements:** AP

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS ART 141 Introduction to Printmaking

3 cr.

Exploration of the graphic media. May include relief, intaglio, serigraphy, lithography.

**Prerequisites:** none.

**General Education Requirements:** AP

**Last Taught:** Spring 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS ART 154 Introduction to Ceramics

3 cr.

Exploration of materials and processes; hand and wheel forming; glazing, firing, and kiln management.

**Prerequisites:** none.

**General Education Requirements:** AP

**Last Taught:** Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ART 161 Introduction to Photography**

3 cr.

Introduction to photography, which includes building technical abilities, vocabulary and an understanding of the principles and history of traditional/contemporary B&W photography as an expressive art form. May include working in the darkroom and/or working with digital imaging programs and alternative photo processes.

**Prerequisites:** none.**General Education Requirements:** AP**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ART 161X Introduction to Photography**

3 cr.

Introduction to photography, which includes building technical abilities, vocabulary and an understanding of the principles and history of traditional/contemporary B&W photography as an expressive art form. May include working in the darkroom and/or working with digital imaging programs and alternative photo processes.

**Prerequisites:** none.**General Education Requirements:** AP**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ART 175 Worlds of Art--Images/Objects/Ideas**

3 cr.

An introduction to the visual arts, intended for the non-art major, which emphasizes cross-cultural perspectives - specifically the impact race and ethnicity have on artistic production, art criticism, art philosophies and aesthetics among the four major ethnic groups in the United States - African American, Native American, Asian American, and Hispanic/Latino American. Field trips may be required.

**Prerequisites:** none.**General Education Requirements:** A, CD**Last Taught:** Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ART 181 Survey: Ancient and Medieval Art**

3 cr.

Art and architecture from the Old Stone Age to the Gothic era. Field trip.

**Prerequisites:** none.**General Education Requirements:** A**Last Taught:** Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ART 183 Survey: Renaissance - Modern Art**

3 cr.

Architecture, sculpture, painting, and decorative arts from the Late Middle Ages to the modern era. Field trip.

**Prerequisites:** none.**General Education Requirements:** A**Last Taught:** Spring 2023, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ART 187 Survey: Modern Art**

3 cr.

Painting, sculpture, printmaking, and drawing of the modern era. Field trip.

**Prerequisites:** none.**General Education Requirements:** A**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ART 188 Survey: Modern Architecture and Design**

3 cr.

Architecture, landscape architecture, city planning, interior and industrial design of the modern era. Field trip.

**Prerequisites:** none.**General Education Requirements:** A**Last Taught:** Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ART 191 Art of American Advertising: Colonial Period to the Present**

3 cr.

Introduction to the history of the art of persuasion found in popular print advertising in America over the last two-hundred years as it relates to the needs, fears, and desires of the American consumer society.

**Prerequisites:** none.**Course Rules:** Count as a repeat of CGS ART 291 with similar topic.**General Education Requirements:** A**Last Taught:** Spring 2022, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ART 201 Introduction to Life Drawing**

3 cr.

Anatomical and compositional considerations related to drawing from the human figure.

**Prerequisites:** none.**General Education Requirements:** AP**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ART 202 Intermediate Life Drawing**

3 cr.

Advanced study of anatomical and compositional considerations related to drawing from the human figure. Lecture-lab.

**Prerequisites:** CGS ART 201(P).**General Education Requirements:** AP**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ART 212 Three-Dimensional Design II**

3 cr.

Three-dimensional visual experiences and the application of design principles to space, form and materials. Students receive instruction in the proper and safe use of simple hand tools and power equipment.

**Prerequisites:** CGS ART 112(P).**General Education Requirements:** AP**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ART 225 Intermediate Oil Painting**

3 cr.

Continuation of CGS Art 125 with emphasis upon individual development.

**Prerequisites:** CGS ART 125.**General Education Requirements:** AP**Last Taught:** Spring 2023, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ART 231 Intermediate Sculpture**

3 cr.

Second year level course with emphasis upon technical problems related to individual projects.

**Prerequisites:** CGS ART 131.**General Education Requirements:** AP**Last Taught:** Fall 2022, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ART 232 Sculpture II**

3 cr.

Advanced work in sculptural expression; traditional and contemporary methods of production. Lecture-lab.

**Prerequisites:** CGS ART 231(P).

**General Education Requirements:** AP

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ART 241 Lithography**

3 cr.

Piano graphic printing; use of stone and metal plates, with exploration of various offset media.

**Prerequisites:** ART 141(R).

**General Education Requirements:** AP

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ART 254 Intermediate Ceramics**

3 cr.

Continuation of ART 154. Further development of craftsmanship with emphasis upon individual projects. Lecture-lab.

**Prerequisites:** CGS ART 154(R).

**General Education Requirements:** AP

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ART 255 Ceramics II**

3 cr.

Advanced work in ceramic processes. May include construction and use of molds, slip casting; production technology. Lecture-lab.

**Prerequisites:** ART 254(P)

**General Education Requirements:** AP

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ART 260 American Indian Art**

3 cr.

A survey of North American Indian art and its relationship to Native American cultures, past and present. Looks at pre-Columbian art, changes in art with European contact, and the most recent trends in Native American art. Philosophies of aesthetics and the relationship of art to material culture and worldview will be analyzed from the cross-cultural perspective of the anthropology of art.

**Prerequisites:** none.

**General Education Requirements:** A, CD

**Last Taught:** Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ART 261 Intermediate Photography**

3 cr.

A continuation of CGS Art 161 with emphasis on working with color and expanding photographic skills. Study geared toward specific student interests and the development of a portfolio for transfer.

**Prerequisites:** CGS ART 161.

**General Education Requirements:** AP

**Last Taught:** Fall 2023, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ART 291 Special Topics**

1-4 cr.

**Prerequisites:** Consent of instructor; also Department Chair approval.

**Last Taught:** Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ART 299 Independent Study**

1-3 cr.

Independent study.

**Prerequisites:** consent of instructor and department chair.

**Last Taught:** Spring 2022, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

# CGS Astronomy (CGS AST)

**CGS AST 100 Survey of Astronomy**

3-4 cr.

Descriptive survey of astronomy for students with minimal background in mathematics and science. Topics include the solar system, stars, nebulae, galaxies, cosmology, and astronomical methods.

**Prerequisites:** High school algebra and geometry or cons. instr. NS; if 4 cr, also LS.

**Course Rules:** May be offered for 3 credits without laboratory work, or for 4 credits with laboratory work consisting of telescopic observation, laboratory demonstration, and astronomy exercises. Students may not earn credit for both AST 100 and 105.

**General Education Requirements:** NS

**Last Taught:** Fall 2023, Summer 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS AST 101 Observational Astronomy**

1 cr.

Observation of solar system, galactic and extra-galactic objects, and introduction to basic observational techniques in astronomy. Includes telescopic and unaided eye observation, positional astronomy, astrophotography, optic spectroscopy, interpretation of astronomical data, and astronomy laboratory exercises.

**Prerequisites:** One year of high school algebra and one year of high school geometry or one semester of college algebra. If the prerequisite math course was taken more than five years ago, cons. instr. required.

**Course Rules:** Students who have CGS AST 200 or CGS AST 100 for 4 credits, or equivalent courses, are not eligible for this course.

**General Education Requirements:** NS+

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS AST 105 The Solar System**

3 cr.

Contemporary understanding of the Solar System; the sky and celestial motions; ancient astronomy; the Copernican revolution; light, gravity, orbits, and astronomical instruments; formation of the solar system; sun, planets and moons; asteroids, comets, and meteors.

**Prerequisites:** High school algebra and geometry or consent of instructor.

**Course Rules:** Students may not receive credit for both CGS AST 100 and 105.

**General Education Requirements:** NS

**Last Taught:** UWinterIM 2024, Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS AST 106 Stars, Galaxies and the Universe**

3 cr.

Contemporary understanding of stellar systems.

**Prerequisites:** High school algebra and geometry or consent of instructor.

**Course Rules:** Students may not receive credit for both CGS AST 100 and CGS AST 106.

**General Education Requirements:** NS

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS AST 291 Topics in Astronomy**

1-5 cr.

An extended coverage of one or more topics in astronomy such as extra-terrestrial life, archaeoastronomy, cosmology, astrophysics, radio astronomy, stellar structure, dynamical astronomy, galactic structure and observational astronomy.

**Prerequisites:** Math competency at the level of CGS MAT 105.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Biology (CGS BIO)

**CGS BIO 101 Concepts of Biology**

5 cr.

An introduction to the fundamental principles of living organisms. Includes cell and tissue structure, growth, basic physiological processes, reproduction and inheritance, classification, evolution and ecology. Lecture, lab, and may also include demonstrations, discussion and field trips.

**Prerequisites:** none.

**Course Rules:** Previously BIO 109.

**General Education Requirements:** NS+

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BIO 103 Topics in Modern Biology:**

3 cr.

The study of plants from an historical and geographical perspective, and how plants are used in the modern world as a source of food, drugs, and other materials.

**Prerequisites:** none.

**Course Rules:** May be retaken with change in topic to 9 cr max.

Previously CGS BIO 164. Lecture may also include demonstrations, discussion and field trips.

**General Education Requirements:** NS

**Last Taught:** Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BIO 104 Plants In Today's World**

3 cr.

Structure, functions, life histories, taxonomy and evolution of representative plants throughout the plant kingdom. Lecture, lab, and may also include demonstrations, discussion and field trips.

**Prerequisites:** none.

**Course Rules:** Previously BOT 100.

**General Education Requirements:** NS+

**Last Taught:** Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BIO 141 Heredity**

3 cr.

Principles of heredity with applications to plant, animal and human inheritance; current advances in genetics and their bearing on the life sciences. Lecture and may also include demonstrations, discussion and field trips.

**Prerequisites:** none.

**Course Rules:** Previously CGS BIO 160.

**General Education Requirements:** NS

**Last Taught:** Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BIO 141X Heredity**

3 cr.

Principles of heredity with applications to plant, animal and human inheritance; current advances in genetics and their bearing on the life sciences. Lecture and may also include demonstrations, discussion and field trips.

**Prerequisites:** none.

**Course Rules:** Previously CGS BIO 160.

**General Education Requirements:** NS

**Last Taught:** Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BIO 150 Foundations of Biological Sciences I**

5 cr.

First semester of a two semester course designed for majors in biological sciences. Cell structure/function, cellular metabolism enzymes, respiration, photosynthesis, information flow DNA, RNA, protein, principles of genetics, and speciation and evolutionary theory.

**Prerequisites:** 1 year of high school Chemistry with a grade of B or better; or CGS CHE 112; or consent of instructor.

**General Education Requirements:** NS+

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BIO 152 Foundations of Biological Sciences II**

5 cr.

Second semester of a two semester course designed for majors in biological sciences. Continuation of CGS BIO 150.

**Prerequisites:** grade of C or better in CGS BIO 150(P).

**Course Rules:** Topics include: a survey of the three domains of life, selected topics in plant and animal physiology, and ecology at multiple levels of the biological hierarchy.

**General Education Requirements:** NS+

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BIO 180 Introduction to Human Biology**

3 cr.

Introduction to the development, nature, and processes of human adaptability. Lecture and may also include demonstrations, discussion and field trips.

**Prerequisites:** none.

**General Education Requirements:** NS

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BIO 184 Biology of Human Sexuality and Reproduction**

3 cr.

Biological aspects of human sexuality and reproduction, including topics from a biological perspective: birth control, sexually transmitted diseases, birth defects, abortion, differences between the sexes, and the manipulation of the human reproductive process by science. Lecture and may also include demonstrations, discussion and field trips.

**Prerequisites:** none.

**Course Rules:** Previously ZOO 155.

**General Education Requirements:** NS

**Last Taught:** Fall 2020, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BIO 190 Introduction to Environmental Science**

3 cr.

Principles underlying the proper management of our resources: water, soils, minerals, forests, wildlife and human. This meets the statutory requirement for Conservation of Natural Resources required for State certification for teachers of science and social sciences.

**Prerequisites:** Previously BIO 107. Lecture and may also include demonstrations, discussion and field trips. A student may not earn credit for both CGS BIO 190 and CGS BIO 191.

**General Education Requirements:** NS

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BIO 190X Introduction to Environmental Science**

3 cr.

Principles underlying the proper management of our resources: water, soils, minerals, forests, wildlife and human. This meets the statutory requirement for Conservation of Natural Resources required for State certification for teachers of science and social sciences.

**Prerequisites:** Previously BIO 107. Lecture and may also include demonstrations, discussion and field trips. A student may not earn credit for both CGS BIO 190 and CGS BIO 191.

**General Education Requirements:** NS

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BIO 191 Environmental Science**

3-4 cr.

Contemporary study of the natural world through the human perspective, including humans as a modifying force in the biophysical environment.

Selected topics: ecological principles, pollution, population biology, and environmental management. This course meets the statutory requirement for Conservation of Natural Resources required for State certification for teachers of science and social sciences. Lecture, lab, and may include demonstrations, discussions, and field trips.

**Prerequisites:** none.

**Course Rules:** Previously CGS BIO 108. A student may not earn credit for both CGS BIO 190 and CGS BIO 191.

**General Education Requirements:** NS+

**Last Taught:** Spring 2022, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BIO 192 Environmental Science and Ethics**

4 cr.

An interdisciplinary study of environmental science and the natural world. Emphasis on humans as a modifying force in the biophysical environment and examines the philosophical questions of how best to do this.

**Prerequisites:** none.

**Course Rules:** Students may not receive credit for both CGS BIO 192 and CGS BIO 190 or CGS BIO 191.

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BIO 201 Human Structure & Function**

3 cr.

Introduces non-Biology majors to the study of how the human body is organized. Major organ systems of the human body and how its structure relates to function. Lecture, lab, and may also include demonstration.

**Prerequisites:** none.

**Course Rules:** Previously CGS BIO 182.

**General Education Requirements:** NS+

**Last Taught:** Fall 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BIO 202 Anatomy and Physiology 1**

4 cr.

An examination of the structure and function of the human body at the molecular, cellular, tissue, organ, and system levels of organization. The integration of these levels of organization within the human organism is emphasized.

**Prerequisites:** none.

**Course Rules:** Previously CGS BIO 285. Lecture, lab, and may also include demonstrations, discussion and field trips.

**General Education Requirements:** NS+

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BIO 203 Anatomy and Physiology 2**

4 cr.

Examination of the structure/function of the human body at the molecular, cellular, tissue, organ, and system levels. Integration of these levels of organization within the human organism. Second semester of a two-semester class.

**Prerequisites:** CGS BIO 202 or CGS BIO 285.

**Course Rules:** Previously CGS BIO 286. Lecture, lab, and may also include demonstrations, discussion and field trips.

**General Education Requirements:** NS+

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BIO 211 Genetics**

3-4 cr.

Laws of variation and heredity and their modification by environment, genetic engineering, and chromosome behavior with emphasis on human genetics. Lecture, lab, and may also include demonstrations, discussion and field trips.

**Prerequisites:** introductory CGS BIO course.

**Course Rules:** Previously BIO 260.

**General Education Requirements:** NS+

**Last Taught:** Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BIO 251 General Survey of Microbiology**

5 cr.

Survey of micro-organisms and their activities; emphasis on structure, taxonomy, function, ecology, nutrition, physiology, pathology and genetics. Survey of applied microbiology: agricultural, medical, industrial, environmental and food. The laboratory is an introduction to standard techniques.

**Prerequisites:** a grade of C or better in one of the following: CGS BIO 101(P), CGS BIO 150(P), or CGS BIO 202(P), or consent of instructor.

**Course Rules:** CGS CHE 125 recommended.

**General Education Requirements:** NS+

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BIO 298 Special Topics in Biology**

1-3 cr.

Designed to cover topics in biology not ordinarily covered in other classes.

**Prerequisites:** none.

**Course Rules:** Previously CGS BOT 291/CGS ZOO 291.

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BIO 299 Reading and Research in Biology**

1 cr.

Supervised undergraduate reading and research in biological sciences. This course is designed to acquaint the undergraduate with the literature and research techniques used in biological investigation and to give practical experience in scientific problem-solving.

**Prerequisites:** consent of instructor.

**Course Rules:** Previously CGS BAC 299, CGS BOT 299, and CGS ZOO 299.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BIO 310 General Ecology**

4 cr.

Interrelationships between living organisms and their environment, ecosystems concepts, population dynamics, community organization and distribution, and application of ecological principles to humans and their environment.

**Prerequisites:** CGS BIO 152(P).

**Course Rules:** Previously CGS BIO 201 and CGS BIO 250. Lecture, lab, and may also include demonstrations, discussion and field trips.

**General Education Requirements:** NS+

**Last Taught:** Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BIO 398 Special Topics: The Ecology of Food Production**

3 cr.

Focused exploration of the environmental impact of industrialized agricultural systems; history and practice of food production and global distribution; current industrialized agricultural practices on the environment; food systems, food security, sustainable agricultural practices and alternative food sources; social, political, ethical, and economic forces that relate to farming practices, global food distribution, and consumption.

**Prerequisites:** Junior standing or consent of instructor.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BIO 430 Animal Behavior-Ethology**

3 cr. Undergraduate.

A general introduction to the field of animal behavior. Evolution and natural selection, social behavior, communication, reproduction, orientation and navigation, and hormonal mechanisms of behavior.

**Prerequisites:** CGS BIO 310(P).

**Course Rules:** Previously CGS BIO 373. Lecture, lab, and may also include demonstrations, discussions, and field trips.

**General Education Requirements:** NS+

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Business (CGS BUS)

**CGS BUS 101 Introduction to Business**

3 cr.

Introduction to the role of business in the modern political, social and economic environments; describes career opportunities.

**Prerequisites:** none.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BUS 101X Introduction to Business**

3 cr.

Introduction to the role of business in the modern political, social and economic environments; describes career opportunities.

**Prerequisites:** none.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BUS 110 Personal Finance**

3 cr.

A study of personal financial management. Examines the financial problems and consequent financial decisions required of individuals in our economy. Subjects covered are applications in family budgeting, consumer buying decisions, borrowing, insurance, personal real estate, income taxation, investments, and estate planning.

**Prerequisites:** none.

**General Education Requirements:** AP

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BUS 194 Career & Life Planning**

2 cr.

This course will enable students to develop career goals and lay out a path for achieving these goals. Students will examine their personal interests, aptitudes, values, decision-making skills, academic plans, and career awareness. This personal, educational, and occupational information will then be organized and translated into an individualized course of action. Integration of career goals with current and future college course work will be stressed.

**Prerequisites:** none.

**General Education Requirements:** AP

**Last Taught:** Spring 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BUS 201 Introductory Accounting**

4 cr.

Fundamental principles, terminology, techniques, and applications; books, accounts and financial statements for retailing and wholesaling concerns; treatment and presentation of proprietorship, partnership and corporate accounts.

**Prerequisites:** Open to second semester freshmen or cons. instr.

**General Education Requirements:** AP

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BUS 201X Introductory Accounting**

4 cr.

Fundamental principles, terminology, techniques, and applications; books, accounts and financial statements for retailing and wholesaling concerns; treatment and presentation of proprietorship, partnership and corporate accounts.

**Prerequisites:** Open to second semester freshmen or cons. instr.

**General Education Requirements:** AP

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BUS 202 Intermediate Accounting**

4 cr.

Accounting theory principles, concepts, and procedures and their applications as applied to balance sheet and income statement accounts, presentation and interpretation of financial statements; problems of terminology, valuation, and analysis are included.

**Prerequisites:** CGS BUS 201.

**General Education Requirements:** AP

**Last Taught:** Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BUS 204 Managerial Accounting**

3 cr.

Interpretation and application of accounting reports by management in planning, coordinating, and controlling business activities; presentation, analysis and interpretation of financial data; internal control and reports to management; cost-volume-profit relationships, budgets, costs, and managerial decision making.

**Prerequisites:** CGS BUS 201.

**General Education Requirements:** AP

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BUS 210 Business Communication**

3 cr.

Study and practice of the techniques of achieving clarity, brevity and effectiveness in business communication. Planning, preparation, critiquing of business letters, memoranda, short and long reports, resumes, manuals of procedure, and oral reports.

**Prerequisites:** CGS ENG 102 or cons instr.

**Course Rules:** CGS BUS 210 and CGS ENG 210 are the same course; they count as repeats of each other.

**General Education Requirements:** AP

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BUS 222 Diversity in Business**

3 cr.

Explores diversity in business within the United States political and social context. Examines impact on the workplace and experiences of minority entrepreneurs. Includes the perspectives and experiences of at least two groups: African Americans, American Indians, Hispanics, and/or Asian Americans in the United States.

**Prerequisites:** none.

**General Education Requirements:** CD, SS

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BUS 230 Introduction to Management Information Systems**

3 cr.

An introductory course designed to provide students with a fundamental knowledge of management information systems and their concepts including the use of information systems for management decision-making and the impact of information systems on management. Topics may vary as technology changes but the students will learn the tools of productivity i.e. Excel such as electronic spreadsheet, data base, and graphics.

**Prerequisites:** Second-semester freshman or cons. instr.

**General Education Requirements:** AP

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BUS 242 Business Ethics**

3 cr.

Critical discussion of ethical reasoning and moral values in business and industry; includes relevant case studies and readings.

**Prerequisites:** none.

**Course Rules:** CGS BUS 242 and CGS PHI 243 are the same course; they count as repeats of one another.

**General Education Requirements:** HU

**Last Taught:** UWinterIM 2024, Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BUS 243 Economic and Business Statistics**

3 cr.

Elementary theory and business application of statistical techniques, probability and normal distribution, hypothesis testing, analysis and interpretation of economic and business data, index numbers, regression and time series analysis and Chi squares.

**Prerequisites:** A grade of C or better in CGS MAT 105 or CGS MAT 108 or equivalent.

**Course Rules:** CGS BUS 243 and CGS ECO 243 are the same course.

**General Education Requirements:** MS

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BUS 244 International Business**

3 cr.

This course focuses on the study of how businesses conduct their operations in the global economy. The political, legal, cultural, social and economic challenges confronting businesses in international markets will be examined. Topics covered include trade strategies, international business operations, international trade and financial theory and policy, foreign exchange markets and the theory of multi-national enterprises.

**Prerequisites:** An economics course or cons. instr.

**General Education Requirements:** SS

**Last Taught:** Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BUS 272 The Legal Environment of Business**

3 cr.

UW COLLEGES COURSES ONLINE ONLY. Contemporary and comprehensive examination of the legal and ethical environment in the United States within which business operates. Elements of traditional business law; knowledge of the legal and regulatory environment of business will provide a practical background for students in many careers.

**Prerequisites:** Prereq first semester college students require consent of instructor.

**General Education Requirements:** SS

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BUS 294 Internship in Business or Economics**

1-3 cr.

Internship providing students with opportunities to apply knowledge and skills learned in Business and/or Economics courses to professional experiences while working in a business or non-profit organization.

**Prerequisites:** Prior Business or Economics class and cons. instr.

**Course Rules:** Credit is based on hours employed and on instructor evaluation of student learning. Repeatable for a maximum of six credits.

**General Education Requirements:** AP

**Last Taught:** Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BUS 299 Independent Studies**

1-3 cr.

**Prerequisites:** consent of instructor.

**Last Taught:** Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS BUS 360 Principles of Marketing**

3 cr.

The marketing system will be analyzed as the process in our socioeconomic system for anticipating and satisfying consumer needs, adjusting to demand, and selling and procuring products and services.

**Prerequisites:** none.

**Last Taught:** Summer 2022, UWinterIM 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Chemistry (CGS CHE)

**CGS CHE 100 Chemical Science**

4 cr.

Introductory course in general inorganic chemistry.

**Prerequisites:** Math Placement Level 30 or grade of C or better in CGS MAT 105, CGS MAT 108 or CGS MAT 116.

**Course Rules:** Designed to prepare students with little or no previous science training for success in CGS CHE 145/CGS CHE 155 or CGS CHE 125/CGS 204. Not open to students with credit in CGS CHE 112, CGS CHE 125, CGS CHE 145, CHEM 100 or CHEM 102.

**General Education Requirements:** NS

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CHE 103 Survey of Biochemistry**

5 cr.

A foundational course in the chemical makeup and metabolic processes of living organisms. Consists of lectures and laboratories and may also include discussions and demonstrations.

**Prerequisites:** grade of C- or better in CGS CHE 125 or C- or better in CGS CHE 145 with consent of instructor; or consent of instructor.

**Course Rules:** Previously CGS CHE 204. Together CGS CHE 125 and CGS CHE 204 constitute a year course with emphasis on organic and biological chemistry. CGS CHE 204 is equivalent to the combination of CGS CHE 203 and CGS CHE 211. A student may not earn more than four credits by taking CGS CHE 203/CGS CHE 211 and CGS CHE 204, or CGS CHE 204 and CGS CHE 250. A student may not earn more than three credits by taking CGS CHE 203 and CGS CHE 250.

**General Education Requirements:** NS+

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CHE 112 Foundations of Chemistry**

2 cr.

Designed to prepare students with limited science backgrounds for success in CGS CHE 125, the CGS CHE 145/ CGS CHE 155 sequence, or CGS CHE 165. Through lectures and discussions, this course emphasizes fundamental chemical concepts, chemical nomenclature and problem-solving skills.

**Prerequisites:** none.

**Last Taught:** Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CHE 123 Chemistry and Society**

3 cr.

A course for non-science majors that covers basic chemistry concepts in a social context. May include explorations of how chemistry impacts the environment, public health, energy policies, and other contemporary social issues. Consists of lectures and may also include discussions and demonstrations.

**Prerequisites:** None.

**Course Rules:** Not a suitable prerequisite for higher-level chemistry courses or pre-professional programs. A student may not earn more than four credits by taking CHE 121, CHE 123 and CHE 124.

**General Education Requirements:** NS

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CHE 124 Applied Chemistry and Society**

4 cr.

A course for non-science majors that covers basic chemistry concepts in a social context. May include explorations of how chemistry impacts the environment, public health, energy policies, and other contemporary social issues. Consists of lectures and laboratories and may also include discussions and demonstrations.

**Prerequisites:** none.

**Course Rules:** Not a suitable prerequisite for higher-level Chemistry courses or pre-professional programs. A student may not earn more than four credits by taking CGS CHE 121, CGS CHE 123 and CGS CHE 124.

**General Education Requirements:** NS+

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CHE 124X Applied Chemistry and Society**

4 cr.

A course for non-science majors that covers basic chemistry concepts in a social context. May include explorations of how chemistry impacts the environment, public health, energy policies, and other contemporary social issues. Consists of lectures and laboratories and may also include discussions and demonstrations.

**Prerequisites:** none.

**Course Rules:** Not a suitable prerequisite for higher-level Chemistry courses or pre-professional programs. A student may not earn more than four credits by taking CGS CHE 121, CGS CHE 123 and CGS CHE 124.

**General Education Requirements:** NS+

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CHE 125 Introductory Chemistry**

5 cr.

General chemistry with an emphasis on organic chemistry. Designed for students in nursing and related fields.

**Prerequisites:** One year of high school chemistry, CGS CHE 112(P), CGS CHE 100(P), or another preparatory chemistry course and Math Placement Level 30, or grade of C or better in CGS MAT 105(P), CGS MAT 108(P), or CGS MAT 116(P).

**Course Rules:** Students may not count both CGS CHE 125 and CGS CHE 145 toward the natural science or laboratory science requirement for the associate degree. Does not serve as a prerequisite for CGS CHE 155.

**General Education Requirements:** NS+

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CHE 145 General Chemistry I**

5 cr.

For students whose programs require a year of college chemistry or who plan to take advanced courses in chemistry.

**Prerequisites:** Demonstrated competency at MAT 105 level or concurrent MAT 105 enrollment or cons. instr. One year of recent high school chemistry, CHE 112, or another preparatory chemistry course is recommended, but not required.

**Course Rules:** Students may not count both CHE 125 and CHE 145 toward the Natural Sciences or Laboratory Science degree designation requirement for the Associate of Arts and Science degree.

**General Education Requirements:** NS+

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CHE 155 General Chemistry II**

5 cr.

The second semester of a one-year course in college chemistry. Consists of lectures, discussions, and laboratories.

**Prerequisites:** a grade of C- or better in CGS CHE 145(P) or consent of instructor.

**Course Rules:** For students whose programs require a year of college chemistry or who plan to take further courses in chemistry.

**General Education Requirements:** NS+

**Last Taught:** Spring 2023, Summer 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CHE 165 Chemistry for Engineers**

5 cr.

A one-semester chemistry course for engineering students. Topics include measurements, atomic theory, stoichiometry, molecular structure, thermochemistry, electrochemistry, solid state, material science, and organic chemistry.

**Prerequisites:** Grade of C- or better in CHE 112 or CHE 125 or grade of B or higher in high school chemistry and a grade of C or better in MAT 110 or MAT 124 or placement into MAT 221 based on placement test score, or cons. instr. Not a suitable substitute for the CHE 145/155 prerequisite for organic chemistry.

**General Education Requirements:** NS+

**Last Taught:** Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CHE 203 Survey of Biochemistry**

3 cr.

A foundational course in the chemical makeup and metabolic processes of living organisms. Consists of lectures and may also include discussions and demonstrations.

**Prerequisites:** A grade of C- or better in CGS CHE 125 or C- or better in CGS CHE 145 with cons. instr. or cons. instr.

**Course Rules:** Together CGS CHE 125 and CGS CHE 203 constitute a year course with emphasis on organic and biological chemistry. A student may not earn more than four credits by taking CGS CHE 203/211 and CGS CHE 204, or CGS CHE 204 and CGS CHE 250. A student may not earn more than three credits by taking CGS CHE 203 and CGS CHE 250.

**General Education Requirements:** NS

**Last Taught:** Summer 2020, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CHE 214 Physiological Chemistry**

3 cr.

Lectures and demonstrations on elementary aspects of organic and physiological chemistry. Covers topics typical of a biochemistry course such as biological molecules, metabolism, nutrition, protein function, and molecular biology. For students interested in physical therapy who have not had CGS CHE 343 or CGS CHE 363.

**Prerequisites:** A grade of C- or better in CGS CHE 125 or C- or better in CGS CHE 145 with cons. instr. or cons. instr.

**General Education Requirements:** NS

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CHE 250 Review and Updates in Chemistry and Biochemistry**

3 cr.

This course was designed specifically for the nursing consortium and is to be taken primarily by RNs already accepted into their BSN degree completion program.

**Prerequisites:** none.

**Course Rules:** This course is not a substitute for the CGS CHE 125/CGS CHE 203 sequence required of students at the beginning of their academic careers, even if planning to enter the nursing profession. CGS CHE 250 begins with a review of relevant topics in chemistry, both general and organic, and then covers topics typical of a biochemistry course such as biological molecules, metabolism, nutrition, protein function, and molecular biology. A student may not earn more than four credits by taking CGS CHE 203/CGS CHE 211 and CGS CHE 204, or CGS CHE 204/CGS CHE 250. A student may not earn more than three credits by taking CGS CHE 203/CGS CHE 250.

**General Education Requirements:** NS

**Last Taught:** Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CHE 299 Independent Study in Chemistry**

1-3 cr.

Independent study in Chemistry.

**Prerequisites:** consent of instructor.**General Education Requirements:** NS**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS CHE 343 Organic Chemistry I**

3 cr.

The first semester of a year course in organic chemistry. Consists of lectures and may also include discussions and demonstrations.

**Prerequisites:** a grade of C- or better in CGS CHE 155 or cons. instr.**General Education Requirements:** NS**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS CHE 351 Organic Chemistry Laboratory Part I**

1 cr.

Three to four hours of laboratory per week. The first semester of a year course in organic chemistry laboratory.

**Prerequisites:** CGS CHE 343 or concurrent enrollment.**Course Rules:** A student may not earn more than 2 credits by taking

CGS CHE 351, CGS CHE 352 and CGS CHE 361.

**General Education Requirements:** NS**Last Taught:** Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS CHE 352 Organic Chemistry Laboratory**

2 cr.

Basic laboratory techniques for organic chemistry including commonly used synthetic methods, purification and characterization of reaction products. Six to eight hours of laboratory per week.

**Prerequisites:** A grade of C- or better in CHE 343 or cons. instr.**Course Rules:** CHE 352 is equivalent to the combination of CHE 351 and CHE 361. A student may not earn more than two credits by taking CHE

351, CHE 352 and CHE 361. Recommended: A grade of C- or better in CHE 363 or concurrent registration.

**General Education Requirements:** NS+**Last Taught:** Summer 2022, UWinterIM 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS CHE 361 Organic Chemistry Laboratory Part II**

1 cr.

Three to four hours of laboratory per week; second semester of a year course in organic chemistry laboratory.

**Prerequisites:** A grade of C- or better in CGS CHE 351 or consent of instructor.**Course Rules:** A student may not earn more than two credits by taking CGS CHE 351, CGS CHE 352 and CGS CHE 361.**General Education Requirements:** NS+**Last Taught:** Spring 2022, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS CHE 363 Organic Chemistry II**

3 cr. Undergraduate.

Continuation of Organic Chemistry I. Consists of lectures and may also include discussions and demonstrations.

**Prerequisites:** A grade of C- or better in CHE 343 or cons. instr. NS; if combined with CHE 361 or CHE 352, also LS**General Education Requirements:** NS**Last Taught:** Spring 2022, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Communication Arts & Theatre (CGS CTA)

**CGS CTA 101 Introduction to Interpersonal Communication**

3 cr.

Introduction to communication theory. Topics studied include perception, listening, nonverbal communication, language, and conflict management.

**Prerequisites:** none.**General Education Requirements:** AP**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS CTA 103 Introduction to Public Speaking**

3 cr.

Study of the principles and techniques of effective speaking and listening in a variety of selected communication experiences.

**Prerequisites:** none.**General Education Requirements:** AP**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS CTA 103X Introduction to Public Speaking**

3 cr.

Study of the principles and techniques of effective speaking and listening in a variety of selected communication experiences.

**Prerequisites:** none.**General Education Requirements:** AP**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS CTA 104 Applied Journalism**

1-3 cr.

Students are given the opportunity to gain practical experience in journalistic concepts and techniques through work on available campus media outlets.

**Prerequisites:** none.**General Education Requirements:** AP**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS CTA 115 Introduction to Business and Professional Communication**

3 cr.

An introduction to the principles of effective communication in business and professional settings. Topics studied include organizational culture, diversity, listening, verbal and nonverbal messages, conflict and negotiation, interviewing, communication networks and channels, teambuilding, and presentations.

**Prerequisites:** none.**General Education Requirements:** AP**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS CTA 130 Introduction to Theatre**

3 cr.

A study of the development of theatre as an art form. Emphasis is on the role of the audience and the understanding and appreciation of the nature of theatre, important plays, dramatic styles, and elements of a theatrical production.

**Prerequisites:** none**General Education Requirements:** A**Last Taught:** Fall 2023, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CTA 131 Theatre Laboratory**

3 cr.

Participation in theatrical production activities including directing, stage management, technical production, lighting, stage design, costuming, make-up, acting, and theatre management.

**Prerequisites:** none.

**Course Rules:** Repeatable to 9 cr max.

**General Education Requirements:** AP

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CTA 150 Introduction to Film**

3 cr.

Study of the history and development of film as a distinctive medium of communication, an art form and an industry. Students will be introduced to a wide range of theoretical perspectives that have been applied to film in academic settings: these will include but are not limited to such concepts as narrative, genre, 'mise en scene', and star image.

**Prerequisites:** none.

**General Education Requirements:** A

**Last Taught:** UWinterIM 2024, Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CTA 201 Introduction to Mass Communication**

3 cr.

A survey course examining print, electronic and persuasive media from a historical and theoretical perspective. Media discussed include newspapers, magazines, books, radio, television, public relations, advertising and the Internet.

**Prerequisites:** none.

**General Education Requirements:** SS

**Last Taught:** Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CTA 202 History of Media Censorship**

3 cr.

Examines the censorship of mass media. Students will learn about the historical and cultural climates in which censorship often occurs. Trends of censorship will be surveyed; individual case studies will be examined.

**Prerequisites:** CGS ENG 98(P).

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CTA 210 Introduction to Intercultural Communication**

3 cr.

An overview of how people communicate with people from other cultures. Communication behavior both verbal and nonverbal will be examined to determine their role in other cultures. Students will learn to communicate more competently with people from other cultures and ethnic groups.

**Prerequisites:** none.

**General Education Requirements:** CD, SS

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CTA 210X Introduction to Intercultural Communication**

3 cr.

An overview of how people communicate with people from other cultures. Communication behavior both verbal and nonverbal will be examined to determine their role in other cultures. Students will learn to communicate more competently with people from other cultures and ethnic groups.

**Prerequisites:** none.

**General Education Requirements:** CD, SS

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CTA 218 Popular Culture in the Media**

3 cr.

An introduction to the analysis and interpretation of Popular Culture as an academic discipline. The class will examine forms of advertisement and entertainment including print and TV ads, films, television, music, and music videos.

**Prerequisites:** none.

**General Education Requirements:** HU

**Last Taught:** UWinterIM 2024, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CTA 232 Introduction to Acting**

3 cr.

A studio introduction to the foundational techniques of acting, including the actor's vocabulary and performance tools. Improvisation, performance exercises, and scene work used to develop freedom of self-expression and truthful communication skills.

**Prerequisites:** none

**General Education Requirements:** A

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CTA 294 Internship in Communication and Theatre Arts**

1-3 cr.

The Internship Programs course will provide students with an opportunity to apply knowledge and skills learned in Communication and Theatre Arts courses to professional and/or community-based situations at off-campus institutions. Students will prepare for the field work opportunity with appropriate texts provided by the faculty supervisor and schedule regular meetings with the faculty supervisor to evaluate progress. A detailed work journal and final paper reflecting on the academic relevance of the fieldwork are required. At the end of the semester, the professor will evaluate the student's experience based on the work journal and final paper and assign a letter grade in consultation with the organization supervisor.

**Prerequisites:** A minimum of 12 completed course credits and at least 2.5 GPA at date of enrollment.

**General Education Requirements:** AP

**Last Taught:** Spring 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CTA 298 Topics in Speech and Dramatic Arts**

1-3 cr.

The nature and subject of this course will be announced in the course schedule.

**Prerequisites:** May be determined by instructor.

**Last Taught:** Spring 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CTA 299 Independent Studies**

1-3 cr.

Readings, reports, papers, or projects to be determined by the individual instructor.

**Prerequisites:** Introductory CTA course and consent of instructor.

**Course Rules:** Repeatable.

**Last Taught:** Spring 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Computer Science (CGS CPS)

**CGS CPS 103 Computer Fundamentals**

1 cr.

An overview of computers, what they are and how they work. Typical topics include history, hardware, programming languages and operating systems, application software, communications, career opportunities and ethical issues. Also included is an introduction to the campus computing network.

**Prerequisites:** none.

**Course Rules:** Students may not receive credit for both CPS 103 and CPS 110.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CPS 105 Computer Applications**

1-3 cr.

Principles and use of computer applications including word processors, spreadsheets, and data bases. May also cover other applications such as telecommunications, graphics, statistics, simulations, or CAI. Does not include teaching of programming.

**Prerequisites:** none.

**Course Rules:** Students may not receive credit for both CPS 105 and any of CPS 106, CPS 107, CPS 108. Course may not be taken more than once for degree credit.

**General Education Requirements:** AP

**Last Taught:** Spring 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CPS 106 Word Processing and Presentation Concepts**

2 cr.

Word-processing and presentation applications including typical and advanced functions, and features. Emphasis on creating, editing, saving and retrieving files; using templates; creating organized tables. Prepares for Microsoft certifications in Word, Expert Word, and PowerPoint.

**Prerequisites:** none.

**General Education Requirements:** AP

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CPS 107 Spreadsheet Concepts**

2 cr.

Spreadsheet applications emphasizing functions, data-analysis, workbooks, data-validation, conditional-formatting, data-lookup, PivotTables and charts. Prepares for Microsoft certifications in Excel and Excel Expert.

**Prerequisites:** none.

**Course Rules:** Students may not receive credit for both CPS 107 and CPS 105.

**General Education Requirements:** AP

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CPS 108 Database Concepts**

1 cr.

Creation of data files and data manipulation editing, sorting, deleting, etc.. Report definition and generation. Accessing and searching of remote data bases. Includes extensive hands-on experience.

**Prerequisites:** none.

**Course Rules:** Students may not receive credit for both CPS 108 and CPS 105.

**General Education Requirements:** AP

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CPS 110 Introduction to Computer Science BASIC**

3 cr.

How computers work, communicating with computers, areas of application and significance, simple Algebraic Language programming, elementary data processing and problem solving. Instruction and significant experience in BASIC.

**Prerequisites:** MAT 105 or cons. instr.

**Course Rules:** Students may not receive credit for both CPS 110 and either of CPS 103 or CPS 130.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CPS 130 Introduction to Programming BASIC**

1-2 cr.

The basics of programming in BASIC for beginners. Introductory information on editing, program structure, data types, input, output, calculating, looping and selection. Short programs will be written and tested on a computer.

**Prerequisites:** CGS MAT 105 or cons. instr.

**Course Rules:** Students may not receive credit for both CGS CPS 130 and CGS CPS 110.

**Last Taught:** Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CPS 139 Web Page Development**

2 cr.

Development of web pages using HTML and Cascading Style Sheets. Introduction to XML documents and XHTML standards.

**Prerequisites:** none.

**Course Rules:** Course involves extensive hands-on experience.

**General Education Requirements:** AP

**Last Taught:** Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CPS 202 Introductory Programming Using Python**

3 cr.

Introduction to Python programming language. Decision structures, loop structures, functions, libraries and basic graphics. Computing with numbers, strings and files; regular expressions and problem solving with objects.

**Prerequisites:** Math Placement Level 30, which is achieved by one of the following: (a) grade of C or better in CGS MAT 105, CGS MAT 108, or CGS MAT 116; (b) score of 5 or higher on the IB Mathematical Studies - SL; (c) score of 3 or higher on the AP statistics exam; or (d) score of 63 or higher on the CLEP College Algebra Exam.

**Last Taught:** Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CPS 245 Computer Science I: Object-Oriented Programming**

4 cr.

Introduces the fundamental concepts of programming from an object-oriented perspective. Emphasizes developing fundamental programming skills in the context of a language that supports the object-oriented paradigm.

**Prerequisites:** Math Placement Level 30, which is earned by any of the following: (a) Level 30, 35, or 36 on Math Placement Test; (b) grade of C or better in CGS MAT 105, 108, or 116; (c) score of 5 or higher on the IB Mathematical Studies - SL; (d) score of 3 or higher on the AP statistics exam; or (e) score of 63 or higher on the CLEP College Algebra Exam.

**General Education Requirements:** MS

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CPS 255 Computer Science II: Objects and Data Abstraction**

3 cr.

Continuation of CPS 245. Methodology of programming from an object-oriented perspective. Introduces the basics of human-computer interfaces, graphics, and the implementation of fundamental data structures including lists, stacks, and queues.

**Prerequisites:** a grade of C or better in CGS CPS 245(P).

**Course Rules:** Includes a significant software development project, with an emphasis on software engineering principles and debugging techniques.

**General Education Requirements:** AP

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CPS 260 Programming in Assembly Language**

3 cr.

An introduction to microcomputer assembly language programming and architecture for students with previous exposure to a high level language. Topics typically include machine instruction sets, interrupts, Boolean logic, binary coding of numeric and alphanumeric data, arrays and input/output. Optional topics may include file access, macros, graphics and mixed language programming.

**Prerequisites:** CPS 110, CPS 130, CPS 216, or CPS 245, or cons. instr.

**General Education Requirements:** MS

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS CPS 294 Internship in Computer Science**

1-3 cr.

Internship or service learning project partnering students with organizations in the community or on campus. Practical experience appropriate to the student's educational goals by applying knowledge and skills learned in previous CPS courses in our institution. Student and instructor should meet regularly to prepare for and evaluate experiences.

This course should not be used to employ students as campus workers by substituting credit for wages.

**Prerequisites:** at least four credits of prior CGS CPS coursework and consent of instructor.

**Course Rules:** Repeatable for a maximum of six credits.

**General Education Requirements:** AP

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Economics (CGS ECO)

**CGS ECO 101 Intro to Economics**

3 cr.

A study of economic systems and their interdependence in the global economy, with emphasis on problems and policies. Among the subjects included are competitive and non-competitive markets, gross domestic product determination and policy, the U.S. financial system, and global trade.

**Prerequisites:** none.

**General Education Requirements:** SS

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ECO 110 Economics of Personal Finance**

1 cr.

Critical personal financial management topics with the goal of helping students develop successful financial skills. Activity-based with emphasis on your life as the basis for assignments.

**Prerequisites:** none.

**Last Taught:** Spring 2022, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ECO 203 Economics - Macro**

3 cr.

Macro analysis, including national income, commercial banking, business fluctuations, monetary and fiscal policies, and economic growth.

Designed for students who desire a basic one-year course with CGS ECO 204 in economics.

**Prerequisites:** CGS MAT 105 and CGS ENG 101 or consent of instructor.

**General Education Requirements:** SS

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ECO 204 Economics - Micro**

3 cr.

Emphasizes the micro economic approach concerning households, firms, and market structures with a focus on price determination and distribution of income. Foreign trade and international financial institutions are included.

**Prerequisites:** none. CGS MAT 105 and CGS ENG 101 or cons. instr. recommended.

**General Education Requirements:** SS

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ECO 243 Economic and Business Statistics**

3 cr.

Elementary theory and business application of statistical techniques, probability and normal distribution, hypothesis testing, analysis and interpretation of economic and business data, index numbers, regression and time series analysis and Chi squares.

**Prerequisites:** A grade of C or better in CGS MAT 105 or CGS MAT 108 or equivalent.

**Course Rules:** CGS BUS 243 and CGS ECO 243 are the same course.

**General Education Requirements:** MS

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Education (CGS EDU)

### CGS EDU 201 Concepts, Issues, and Field Experience in Education

3 cr.

Classroom discussion 2 hrs/wk related to student-teacher-school-community interactions, including developmental aspects, sociocultural influences, and human relations. Off-campus experience at an educational institution 4 hrs/wk usually required; may vary with DPI/4-year campus requirements.

**Prerequisites:** none.

**General Education Requirements:** AP

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS EDU 220 Education in a Pluralistic Society

3 cr.

Prepares students to be competent teachers in a pluralistic society. Explores current theory and research on: immigration, poverty, issues particular to Native Americans, African Americans, Hispanic Americans and other culture/ethnic groups, exceptionalism, sexual orientation, religion and other special interest groups.

**Prerequisites:** none.

**Course Rules:** Students in this course will have contact with students, colleagues, parents, and agencies representing different cultures, ethnicities and alternative lifestyles. The knowledge base and rationale for this course is specified in the Wisconsin Department of Public Instruction PI 34.15 4 and 118.19 statutory requirements for Teacher Education and Licensing.

**General Education Requirements:** CD, SS

**Last Taught:** Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS EDU 230 Educational Psychology

3-4 cr.

Developmental process in children in the context of psychological principles of teaching and learning. Emphasis will be placed on understanding the social, emotional, physical, and intellectual development of children and adolescents.

**Prerequisites:** a grade of C- or better in one of the following: CGS PSY 201(P), CGS PSY 202(P), or CGS EDU 201(P); or consent of instructor.

**General Education Requirements:** SS

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS EDU 283 Literature for Children

3 cr.

Folk literature including the fairy tale, fable, myth, epic, and tall tales. Emphasis on modern fanciful and realistic fiction, traditional and modern poetry, and ways of presenting literature to children.

**Prerequisites:** CGS ENG 101(P).

**Last Taught:** Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS EDU 300 The Exceptional Individual

3 cr.

The Exceptional Individual: The purpose of this course is to educate and prepare students to understand and work with individuals with disabilities within schools by providing accurate information about disabilities and current best practices in education. Emphasis will be placed on understanding historical, legal, and philosophical frameworks; defining categories of disability; describing legal and ethical perspectives; how issues of accessibility in educational and social arenas affect people with disabilities; learning the role disability plays in the lives of families; becoming familiar with label criteria for disabilities; and the examination of how the referral/placement processes can either discriminate against marginalized populations or facilitate inclusion.

**Prerequisites:** CGS PSY 201 or CGS PSY 202 with a grade of C- or better or cons. instr.; CGS EDU 201 and either CGS PSY 250 or CGS PSY 360 recommended.

**General Education Requirements:** SS

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS EDU 328 Introduction to Teaching Science and Mathematics in Middle and High School

3 cr.

Exploration of science and mathematics teaching through developing some foundational teaching strategies and working with students in middle and high schools.

**Prerequisites:** none.

**Course Rules:** CURRINS 328 and CGS EDU 328 are jointly offered, and count as repeats of one another.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Engineering (CGS EGR)

### CGS EGR 103 Engineering Spreadsheet Tools

0-1 cr.

Fundamental spreadsheet tools for use in engineering schooling and future career. Introduction to computers, flow charts, spreadsheets, functions, graphics, curve fitting, logical statements, statistical analysis, unit conversion, and other data analysis techniques.

**Prerequisites:** Students may not receive credit for both CGS EGR 103 and CGS EGR 105. Students who complete both CGS EGR 102 and CGS EGR 103 will receive the AP/IS designation of CGS EGR 105.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS EGR 105 Engineering Fundamentals

3 cr.

This course is designed to equip engineering students with the necessary tools and background information to prepare them to be successful engineering students as well as a successful practicing engineer. Topics covered in this course include project management, team work, technical writing, working with data and using spreadsheets, creating presentations, engineering design, and a thorough understanding of the engineering profession. A student may not receive credit for CGS EGR 100 or CGS EGR 102 or CGS EGR 103 and CGS EGR 105.

**Prerequisites:** CGS MAT 105 or concurrent enrollment.

**General Education Requirements:** AP, IS

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS EGR 110 Engineering Graphics with Computer Aided Drafting**

3 cr.

Graphical communication, descriptive geometry elements, visualization, engineering drawing techniques, orthographic projection, pictorial representation, auxiliary views, section views, and basic dimensioning. Incorporates computer aided drafting CAD with engineering applications using 2-D drawing and 3-D modeling techniques.

**Prerequisites:** none.**Course Rules:** Previously CGS GRA 110.**General Education Requirements:** AP**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS EGR 111 Solid Modeling and Design**

1 cr.

This project-based course introduces students to reverse engineering and three-dimensional design using industry standard solid modeling software SolidWorks. The course assumes some previous knowledge of solid modeling, such as would typically be gained in an introductory engineering graphics and computer aided drafting course. This course will include one or more reverse engineering projects that will require the students application of engineering problem skills.

**Prerequisites:** none.**General Education Requirements:** AP**Last Taught:** Spring 2020, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS EGR 201 Statics**

3 cr.

Principles of mechanics, force systems, equilibrium, structures, distributed forces, moments of inertia of areas, and friction. The course will serve the requirements of the several engineering curricula.

**Prerequisites:** C or better in CGS MAT 221 or cons instr.**Course Rules:** Previously MEC 201.**General Education Requirements:** NS**Last Taught:** Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS EGR 202 Dynamics**

3 cr.

Kinematics, force-mass-acceleration relations, work and energy, impulse and momentum, and moments of inertia of mass. This course will serve the requirements of the several engineering curricula.

**Prerequisites:** a grade of C- or better in CGS EGR 201 and a grade of C or better in CGS MAT 232; or consent of instructor.**Course Rules:** Previously MEC 202.**General Education Requirements:** NS**Last Taught:** Spring 2022, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS EGR 203 Mechanics of Materials**

3-5 cr.

Stress and strain, torsion, bending of beams, compound stresses, principal stresses, deflection of beams, statically indeterminate members, columns, elastic buckling, fatigue, creep, impact, and concrete properties.

**Prerequisites:** Grade of C or better in CGS EGR 201 or consent of instructor.**General Education Requirements:** NS**Last Taught:** Spring 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS EGR 240 Introduction to Engineering Programming**

3 cr.

Introduction to engineering programming; problem solving with structured programming techniques using an engineering-oriented programming language such as MATLAB. Topics include control structures, functions, arrays and matrices.

**Prerequisites:** Math Placement Level 30, which is earned by any of the following: (a) Level 30, 35, or 36 on Math Placement Test; (b) grade of C or better in CGS MAT 105, CGS MAT 108 or 116; (c) score of 5 or higher on the IB Mathematical Studies - SL; (d) score of 3 or higher on the AP statistics exam; or (e) score of 63 or higher on the CLEP College Algebra Exam.**Course Rules:** CGS CPS 240 and CGS EGR 240 are jointly offered and count as repeats of one another. Equivalent to COMPSCI 240.**Last Taught:** Spring 2023, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS EGR 263 Engineering Thermodynamics**

3 cr.

First and second laws of thermodynamics; thermodynamic properties of real and ideal gases, vapors, and mixtures; analysis of power and refrigeration cycles.

**Prerequisites:** CGS CHE 145 or CGS CHE 165 or CGS PHY 201 or CGS EGR 202, and CGS MAT 223 or CGS MAT 234 or concurrent enrollment, or cons. instr.**General Education Requirements:** NS**Last Taught:** Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS EGR 282 Engineering Economics**

3 cr.

Economic and financial factors in the engineering environment to be considered in managerial decision making. Emphasizes the time value of money, present worth analysis, uniform series, rate of return, benefit cost ratios, depreciation, income taxes, inflation.

**Prerequisites:** CGS MAT 110, CGS EGR 105 or CGS EGR 103 or CGS CPS 107 or consent of instructor.**Last Taught:** Summer 2020, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS EGR 291 Special Topics in Engineering**

1-3 cr.

In-depth coverage of one or more topics in engineering, engineering graphics, or engineering mechanics not covered by an existing course. Topics related to current issues or new technology are particularly appropriate.

**Prerequisites:** none.**Last Taught:** Summer 2022, Summer 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS English (CGS ENG)

### CGS ENG 89 Writing Studio for English 101

0 cr.

A small group and individualized instruction course that helps students develop college-level writing and critical reading skills. Emphasizes writing process strategies. Taken concurrently with a composition course or another writing-intensive class.

**Prerequisites:** none.

**Course Rules:** Fee for 1 cr assessed; credits count toward credit load for Financial Aid and enrollment verification only. Satisfactory/Unsatisfactory only.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS ENG 97 TRIO Introduction to College Writing

0 cr.

A composition course focusing on the conventions of academic writing, the composing process, critical thinking, and critical reading. Reading and writing activities designed to prepare students for successful transition to college-level writing.

**Prerequisites:** none.

**Course Rules:** Fee for 3 cr assessed; credits count toward credit load for Financial Aid and enrollment verification only.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS ENG 98 Introduction to College Writing

0 cr.

A composition course focusing on the conventions of academic writing, the composing process, critical thinking, and critical reading. Emphasis will be on reading and writing activities designed to prepare students for successful transition to college-level writing.

**Prerequisites:** none.

**Course Rules:** Fee for 3 cr assessed; credits count toward credit load for Financial Aid and enrollment verification only.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS ENG 99 Writing Studio for English 102

0 cr.

A small group and individualized instruction course that helps students develop college-level writing and critical reading skills. Emphasizes writing process strategies. Taken concurrently with a composition course or another writing-intensive class.

**Prerequisites:** none.

**Course Rules:** Fee for 1 cr assessed; credits count toward credit load for Financial Aid and enrollment verification only. Satisfactory/Unsatisfactory only.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS ENG 101 College Writing and Critical Reading

3 cr.

A composition course focusing on academic writing, the writing process, and critical reading. Emphasis will be on essays that incorporate readings.

**Prerequisites:** A grade of C or better in a basic writing course CGS ENG 97, CGS ENG 98, or CGS LEA 106 when taken as a three-credit course or exemption through a sufficiently high placement assessment.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS ENG 101X College Writing and Critical Reading

3 cr.

A composition course focusing on academic writing, the writing process, and critical reading. Emphasis will be on essays that incorporate readings.

**Prerequisites:** A grade of C or better in a basic writing course CGS ENG 97, CGS ENG 98, or CGS LEA 106 when taken as a three-credit course or exemption through a sufficiently high placement assessment.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS ENG 102 Critical Writing, Reading, and Research

3 cr.

A composition course focusing on researched academic writing that presents information, ideas, and arguments. Emphasis will be on the writing process, critical thinking, and critical reading.

**Prerequisites:** A grade of C or better in College Writing and Critical Reading (CGS ENG 101) or exemption from CGS ENG 101 through a sufficiently high placement assessment; and a grade of C or better in Academic Reading (CGS LEA 101 or CGS LEC 101) or exemption from CGS LEC 101 through a sufficiently high placement assessment.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS ENG 102X Critical Writing, Reading, and Research

3 cr.

A composition course focusing on researched academic writing that presents information, ideas, and arguments. Emphasis will be on the writing process, critical thinking, and critical reading.

**Prerequisites:** A grade of C or better in College Writing and Critical Reading (CGS ENG 101) or exemption from CGS ENG 101 through a sufficiently high placement assessment; and a grade of C or better in Academic Reading (CGS LEA 101 or CGS LEC 101) or exemption from CGS LEC 101 through a sufficiently high placement assessment.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS ENG 201 Intermediate Composition

3 cr.

A composition course that builds on learning from first-year college writing to help students develop more advanced reading, writing, and research strategies and skills. Introduces students to key concepts in the field of writing studies and their application to the writing process. Emphasizes independent inquiry, critical reading, and rhetorical adaptability.

**Prerequisites:** Completion of ENG 102 with a grade of C or higher, completion of the first-year writing requirement at a UW System institution, or successful completion of the ENG 102 exemption process.

**General Education Requirements:** AP

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS ENG 202 Writing about Literature

3 cr.

Studying and writing about various types of literature. Helps students develop the ability to write critical, analytical, and explicative papers about literature.

**Prerequisites:** CGS ENG 102, or exemption based on placement test score, or cons instr.

**General Education Requirements:** AP

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ENG 203 Creative Writing I**

3 cr.

Chiefly devoted to writing and studying one or more of the following: fiction, poetry and drama.

**Prerequisites:** Exemption from ENG 101 through a sufficiently high placement assessment, or completion of ENG 101, or cons. instr.

**General Education Requirements:** A

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ENG 204 Creative Writing II**

3 cr.

Chiefly devoted to writing and studying one or more of the following: fiction, poetry and drama. A continuation of CGS ENG 203.

**Prerequisites:** CGS ENG 102 and CGS ENG 203, or cons. instr.

**General Education Requirements:** A

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ENG 205 Literary Magazines**

1-3 cr.

A study of contemporary literary magazines, including national and student publications produced in print and online, resulting in students collaborating to produce their own literary publications.

**Prerequisites:** CGS ENG 101 or consent of instructor.

**Course Rules:** May be taken for credit more than once.

**General Education Requirements:** AP

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ENG 206X Technical Writing**

3 cr.

The study and practice of the techniques of achieving brevity, clarity, and fluency in technical prose with emphasis on generating reports, letters, proposals, and other technical writing forms.

**Prerequisites:** CGS ENG 101(P), CGS ENG 102(P), or consent of instructor.

**Course Rules:** Particularly appropriate for students in science, engineering, architecture, and other applied sciences.

**General Education Requirements:** AP

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ENG 210 Business Communication**

3 cr.

Study and practice of the techniques of achieving clarity, brevity and effectiveness in business communication. Planning, preparation, critiquing of business letters, memoranda, short and long reports, resumes, manuals of procedure, and oral reports.

**Prerequisites:** CGS ENG 102 or cons instr.

**Course Rules:** CGS BUS 210 and CGS ENG 210 are the same course; they count as repeats of each other.

**General Education Requirements:** AP

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ENG 237 Digital Storytelling**

3 cr.

Generating dynamic digital stories on key social media platforms. Students will apply both traditional storytelling theory and visual design theory and techniques to write, produce, and publish digital stories.

**Prerequisites:** exemption from CGS ENG 101 through a sufficiently high placement assessment, or completion of CGS ENG 101, or consent of instructor.

**Course Rules:** Counts as a repeat of CGS ENG 290 with similar topic.

**General Education Requirements:** A

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ENG 237X Digital Storytelling**

3 cr.

Generating dynamic digital stories on key social media platforms. Students will apply both traditional storytelling theory and visual design theory and techniques to write, produce, and publish digital stories.

**Prerequisites:** exemption from CGS ENG 101 through a sufficiently high placement assessment, or completion of CGS ENG 101, or consent of instructor.

**Course Rules:** Counts as a repeat of CGS ENG 290 with similar topic.

**General Education Requirements:** A

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ENG 250 Introduction to Literary Studies**

3 cr.

An introduction to the discipline of literary studies through its fundamental approaches to reading, interpreting, and writing about a variety of texts, ranging from the classic to the contemporary with the goal of understanding, appreciating, and enjoying literature.

**Prerequisites:** Exemption from CGS ENG 098 based on placement test score or completion of CGS ENG 098 or cons. instr.

**General Education Requirements:** HU

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ENG 251 Introduction to Drama**

3 cr.

Intensive analysis of dramatic literature using representative types from several periods of drama.

**Prerequisites:** Exemption from CGS ENG 98 based on placement test score or completion of CGS ENG 98 or consent of instructor.

**General Education Requirements:** HU

**Last Taught:** Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ENG 253 Introduction to the Short Story and the Novel**

3 cr.

Intensive analysis of fiction using representative types from several periods of narrative literature.

**Prerequisites:** Exemption from ENG 098 based on placement test score or completion of CGS ENG 098 or cons. instr.

**General Education Requirements:** HU

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ENG 255 Introduction to Poetry**

3 cr.

Intensive analysis of poetry using representative types from several periods of poetry. Prereq: Exemption from CGS ENG 98 based on placement test score, or completion of CGS ENG 98, or consent of instructor.

**General Education Requirements:** HU**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ENG 261 British Literature II**

3 cr.

A study of the development of British literature after 1798 through a survey of significant poetry, drama, fiction, and/or nonfiction.

**Prerequisites:** Exemption from CGS ENG 101 based on placement test score or CGS ENG 101 or consent of instructor.

**Course Rules:** Not open to students with credit in CGS ENG 270.**General Education Requirements:** HU**Last Taught:** Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ENG 263 American Literature II**

3 cr.

UW COLLEGE COURSES ONLINE ONLY. A study of the development of American literature after 1865 through a survey of significant poetry, fiction, and nonfiction. Not open to students with credit in CGS ENG 272. Prereq: Exemption from 101 based on placement test score or CGS ENG 101 or cons. instr.

**General Education Requirements:** HU**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ENG 271 Children's Literature**

3 cr.

Survey of literature for children, including techniques of literary study, social contexts, new developments in the field, and criteria for evaluating the quality of fiction, novels, picture books, fairy tales, nonfiction texts, poetry, and plays.

**Prerequisites:** Exemption from CGS ENG 101 based on English placement text score or CGS ENG 101 or consent of instructor.

**Course Rules:** Recommended for students who have achieved sophomore standing.**General Education Requirements:** HU**Last Taught:** Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ENG 272 American Literature**

3 cr.

A study of the nature of American literature through a survey of significant poetry, drama, fiction, and/or nonfiction by major American authors.

**Prerequisites:** Exemption from ENG 101 based on placement test score or ENG 101 or cons. instr.

**Course Rules:** Not open to students with credit in ENG 262 or 263.**General Education Requirements:** HU**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ENG 273 Studies in International Literature**

3 cr.

A study of notable authors from a variety of regions and eras, ranging from non-Western traditions such as the Indian, Arabic, West African, Chinese, Japanese and/or Native American to Western traditions such as the Greek, Scandinavian, French, Russian, Australian, and/or Latin American. Content and focus will vary according to instructor.

**Prerequisites:** Exemption from ENG 101 based on placement test score or ENG 101 or cons. instr.

**Course Rules:** Not open to students with credit in ENG 268 or ENG 269.**General Education Requirements:** HU**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ENG 275 Twentieth Century Novels of the World**

3 cr.

The twentieth century novel in a number of countries usually excluding American and European novels. Explores the cultures of those countries as they are reflected in the novels.

**Prerequisites:** Exemption from CGS ENG 101 based on placement test score or CGS ENG 101 or consent of instructor.

**General Education Requirements:** HU**Last Taught:** Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ENG 277 Film Studies**

3 cr.

An exploration of some aspect, theory, problem, or distinctive variety of film, particularly narrative film. Emphasis may be upon the history of a genre, a single artist, or the distinctive character of the medium in comparison to drama or narrative fiction.

**Prerequisites:** Exemption from 101 based on placement test score or ENG 101 or cons. instr.

**Course Rules:** May be taken for credit more than once if content changes.**General Education Requirements:** HU**Last Taught:** Fall 2022, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ENG 278 Multicultural Literature in America (CD)**

3 cr.

A study of ethnic literatures in America, chiefly African American, Asian American, Native American, and/or Latino, though not necessarily limited to these groups. May be taken for credit more than once if content changes.

**Prerequisites:** Exemption from CGS ENG 101 based on placement test score or CGS ENG 101 or cons. instr.

**General Education Requirements:** CD, HU**Last Taught:** Fall 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ENG 279 Women Writers**

3 cr.

A study of women writers through a survey of significant poetry, drama, fiction, nonfiction, and/or film.

**Prerequisites:** Exemption from CGS ENG 101 through a sufficiently high placement assessment, or completion of CGS ENG 101, or cons. instr.

**Course Rules:** CGS ENG 279 and CGS GSW 279 are the same course. May be taken for credit more than once if content changes.

**General Education Requirements:** HU**Last Taught:** Fall 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS ENG 280 Introduction to Shakespeare**

3 cr.

A study of selected plays and sonnets.

**Prerequisites:** Exemption from ENG 101 based on placement test score or ENG 101 or cons. instr.**General Education Requirements:** HU**Last Taught:** Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ENG 281 A Theme in Literature:**

3 cr.

This theme varies from time to time and may be, for example, philosophical, social, political, or psychological.

**Prerequisites:** Exemption from CGS ENG 101 based on test placement score or CGS ENG 101 or consent of instructor.**Course Rules:** Repeatable with change in topic to 9 credits max.**General Education Requirements:** HU**Last Taught:** Fall 2020, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ENG 282 African American Literature**

3 cr.

A study of African American literature, history, and culture through the survey of significant poetry, fiction, drama, non-fiction, and/or film.

**Prerequisites:** Exemption from CGS ENG 101 through a sufficiently high placement assessment, or completion of CGS ENG 101, or consent of instructor.**General Education Requirements:** CD, HU**Last Taught:** Spring 2023, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ENG 284 Science Fiction and/or Fantasy Literature**

3 cr.

A study of texts e.g., fiction, nonfiction, poetry, drama, film that speculate on alternative futures or worlds.

**Prerequisites:** Exemption from ENG 101 based on placement test score or ENG 101 or cons. instr.**General Education Requirements:** HU**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ENG 285 Literature of Nature**

3 cr.

A study of texts characterizing the natural world as experienced primarily by American writers of the 19th and 20th centuries.

**Prerequisites:** Exemption from CGS ENG 101 based on placement test score or CGS ENG 101 or consent of instructor.**General Education Requirements:** HU**Last Taught:** Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ENG 290 Special Topics:**

1-3 cr.

Designed to cover topics which cannot be accommodated in usual course format or by other courses. Topics, which will be specified in the campus schedule, could include the study of a literary subgenre, the literature surrounding a specific historical event, or the construction of a campus newspaper or literary magazine. May be taken for credit more than once if content changes.

**Prerequisites:** Exemption from CGS ENG 101 through a sufficiently high placement assessment, or completion of CGS ENG 101, or cons. instr.\***Last Taught:** Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ENG 291 Writing Tutor Seminar**

1-3 cr.

An introduction to composition theory and practice with an emphasis on writing center studies and peer tutoring. Taken prior to or concurrently with college peer tutoring work, an experience tutoring writers in other settings, or a related writing studies internship.

**Prerequisites:** Completion of CGS ENG 102 with a grade of B or higher; or successful completion of the core writing requirement exemption process; or completion of CGS ENG 102 with a grade of C or higher and cons. instr.**General Education Requirements:** AP**Last Taught:** Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ENG 299 Independent Study**

1-3 cr.

Individual student program must be approved by the English Department chair. May be taken for credit more than once if content changes.

**Prerequisites:** consent of instructor.**Course Rules:** Repeatable.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS ENG 305 Literature in Communities**

3 cr.

This course allows upper division/BAAS students the opportunity to participate in developing local or regional literary outreach events, programs, and publications. Students in CGS ENG 305 may serve in a variety of roles, such as literary editor, creative writing workshop facilitator, or event planner, in implementing service-learning projects at local schools, libraries, or other venues. The course will explore the role of literary centers and programs, and small press, journal, and Web publications in creating and sustaining communities, as well as the role literary forms such as stories, memoirs, and poetry play in the lives of individuals and communities. Students will develop and apply critical reading skills and aesthetic criteria in the evaluation of quality literary writing.

**Prerequisites:** Junior standing or consent of instructor**Current Offerings:** <https://catalog.uwm.edu/course-search/>

# CGS Gender, Sexuality, and Women's Studies (CGS GSW)

## CGS GSW 101 Introduction to Gender, Sexuality, and Women's Studies 3 cr.

An introduction to the major issues addressed by women's and gender studies with an emphasis on interdisciplinary social science theories and methodologies involved in gaining accurate knowledge about women's lives and contributions to society, in the US and around the world. Perspectives, texts, and methodologies from across the social science disciplines ranging from history, economics, sociology, political science, public health, criminal justice, psychology, and others will be used to understand the experience of women and the cultural construction of gender.

**Prerequisites:** none.

**General Education Requirements:** IS, SS

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS GSW 101X Introduction to Gender, Sexuality, and Women's Studies 3 cr.

An introduction to the major issues addressed by women's and gender studies with an emphasis on interdisciplinary social science theories and methodologies involved in gaining accurate knowledge about women's lives and contributions to society, in the US and around the world. Perspectives, texts, and methodologies from across the social science disciplines ranging from history, economics, sociology, political science, public health, criminal justice, psychology, and others will be used to understand the experience of women and the cultural construction of gender.

**Prerequisites:** none.

**General Education Requirements:** IS, SS

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS GSW 102 Women's Voices

3 cr.

An introductory and interdisciplinary humanities course drawing upon diverse texts and methodologies representative of the following humanities disciplines: art, philosophy, religious studies, music, film, history, literature, feminist theory, cultural studies, media studies, and performance art/drama. Students will examine multicultural readings ranging from creative nonfiction, essays, feminist theory, philosophical reflection, fiction, poetry, historical accounts, drama, cultural critique, feminist analysis, memoir, visual arts, letters, diaries, and others to build an understanding of the multiple scholarly approaches in the humanities to the study of women's lives.

**Prerequisites:** none.

**General Education Requirements:** HU, IS

**Last Taught:** Spring 2023, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS GSW 102X Women's Voices

3 cr.

An introductory and interdisciplinary humanities course drawing upon diverse texts and methodologies representative of the following humanities disciplines: art, philosophy, religious studies, music, film, history, literature, feminist theory, cultural studies, media studies, and performance art/drama. Students will examine multicultural readings ranging from creative nonfiction, essays, feminist theory, philosophical reflection, fiction, poetry, historical accounts, drama, cultural critique, feminist analysis, memoir, visual arts, letters, diaries, and others to build an understanding of the multiple scholarly approaches in the humanities to the study of women's lives.

**Prerequisites:** none.

**General Education Requirements:** HU, IS

**Last Taught:** Spring 2023, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS GSW 201 Introduction to LGBTQ Studies

3 cr.

Central concepts of sexual orientation and gender identity work within history, politics, literature, technology, art, music, philosophy, education, and psychology; intersectional dynamics of privilege and oppression as they relate to LGBTQ individuals and culture by exploring the lived experiences of LGBTQ individuals and their families.

**Prerequisites:** Completion of, placement into, or concurrent enrollment in CGS ENG 102.

**General Education Requirements:** HU, IS

**Last Taught:** Summer 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS GSW 202 Feminist Philosophy

3 cr.

An introduction to feminist philosophies through a study and critique of traditional and feminist views about women, their lives, society, and knowledge, with particular attention to theories of women's oppression.

**Prerequisites:** none.

**Course Rules:** CGS PHI 202 and CGS GSW 202 are the same course.

**General Education Requirements:** HU

**Last Taught:** Summer 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS GSW 203 Gender in Popular Culture

3 cr.

Examines ways gender has been/are portrayed in the media, television and movies, popular music, internet, print sources, and other cultural artifacts. Explores and critically examines the forms and functions of popular culture.

**Prerequisites:** none.

**General Education Requirements:** CD, HU

**Last Taught:** Spring 2022, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS GSW 204 Introduction to Masculinities**

3 cr.

Central concepts of masculinity work within history, politics, literature, technology, art, music, philosophy, education, and psychology. Students will work towards a deep understanding of the intersectional dynamics of race, gender, class, and other aspects of identity as they relate to the construction of various masculinities.

**Prerequisites:** none.**General Education Requirements:** CD, HU**Last Taught:** Spring 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS GSW 210 Women's Health & Sexuality in Society**

3 cr.

This course will offer basic facts about the structure and functioning of the female body; issues in women's health and sexuality will be approached interdisciplinarily and will include physical, mental, emotional, and social health and wellness topics and will be framed by discussions of race, class, and other cultural identities. Cultural, social, economic and political contexts will be explored.

**Prerequisites:** none.**General Education Requirements:** CD, SS**Last Taught:** Spring 2020, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS GSW 231 Sex, Power and Public Policy**

3 cr.

Examination of controversial issues of gender that affect equality and power. Includes women's movement and the search for equality, justice and freedom. Examines political and judicial policies that exemplify success and failure.

**Prerequisites:** none.**Course Rules:** CGS POL 231 and CGS GSW 231 are the same course.**General Education Requirements:** SS**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS GSW 279 Women Writers**

3 cr.

A study of women writers through a survey of significant poetry, drama, fiction, nonfiction, and/or film.

**Prerequisites:** Exemption from CGS ENG 101 through a sufficiently high placement assessment, or completion of CGS ENG 101, or cons. instr.**Course Rules:** CGS ENG 279 and CGS GSW 279 are the same course. May be taken for credit more than once if content changes.**General Education Requirements:** HU**Last Taught:** Fall 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Geography (CGS GEO)

**CGS GEO 101 Introduction to Cultural Geography**

3 cr.

A survey of world patterns of culture, such as population, language, religion, urban and rural settlement, and their causal relationships, emphasizing the global diversity of world cultures, contrasting world views and the issues thus raised.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS GEO 102 Roots and Diversity (ES)**

3 cr.

The geography of American ethnic minority groups. An introduction to ethnic geography that examines the experience of people of African, Asian, Hispanic, and Native heritage in the United States and Canada. These ethnic minorities are studied using the major themes of cultural geography such as spatial distribution, migration patterns and locational patterns.

**Prerequisites:** none.**General Education Requirements:** CD, SS**Last Taught:** Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS GEO 110 World Regional Geography**

3 cr.

Introduction to cultural geography through the study of representative and significant world regions. Examples will compare and contrast present and potential ethnic, social, political, and environmental problems across select regions of the world, and explore basic solutions.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS GEO 123 Physical Geography: Weather and Climate**

4-5 cr.

Study of earth's atmospheric elements in both the short term weather events and long term climate and climate change. Two or four hours of lab per week depending on the credit. Field trips may be required.

**Prerequisites:** none.**Course Rules:** May not be taken for credit by students who have completed CGS GEO 120 or CGS GEO 125.**General Education Requirements:** NS+**Last Taught:** Fall 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS GEO 124 Physical Geography: Landforms**

4-5 cr.

Study of the evolution and distribution of Earth's surface features landforms and physical landscapes along with the processes shaping them. Study covers plate tectonics, volcanoes, faults, rivers and river flow, glaciers, beaches, dunes, landslides, etc. Two or four hours of lab per week depending on the credit. Field trips may be required.

**Prerequisites:** none.**Course Rules:** May not be taken for credit by students who have had GEO 120 or GEO 125.**General Education Requirements:** NS+**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS GEO 125 Physical Geography**

4-5 cr.

The geography of Earth's physical characteristics, including weather and climate, climate types, water, soils, Earth materials, landforms, and Earth resources; study of the processes and interactions creating Earth's physical geographic patterns. Two or four hours of lab per week depending on the credit. Field trips may be required.

**Prerequisites:** none.**Course Rules:** May not be taken for credit by students who have had GEO 120, GEO 123 or GEO 124.**General Education Requirements:** NS+**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS GEO 125X Physical Geography**

4-5 cr.

The geography of Earth's physical characteristics, including weather and climate, climate types, water, soils, Earth materials, landforms, and Earth resources; study of the processes and interactions creating Earth's physical geographic patterns. Two or four hours of lab per week depending on the credit. Field trips may be required.

**Prerequisites:** none.**Course Rules:** May not be taken for credit by students who have had GEO 120, GEO 123 or GEO 124.**General Education Requirements:** NS+**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS GEO 130 Human Impact on the Environment**

3-4 cr.

A natural science course describing the alteration of the physical environment with the resulting effects on air, water, soils, vegetation, animal life and humans. Field trips may be required. Meets DPI requirements for environmental education at some UW baccalaureate institutions.

**Prerequisites:** none.**Course Rules:** If 4 cr, also LS with lab work.**General Education Requirements:** NS**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS GEO 170 Disasters-Living on the Edge**

3 cr.

Study of various environmental hazards, their causes, impacts on humans, and mitigations.

**Prerequisites:** none.**Course Rules:** CGS GEO 170 and CGS GLG 170 are jointly offered and count as repeats of one another.**General Education Requirements:** NS**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS GEO 250 Global Sustainability & Climate Resilience**

3 cr.

An interdisciplinary exploration of current sustainability issues and solutions, taking both global and local perspectives through the lenses of the geosciences and other fields in the natural sciences.

**Prerequisites:** none.**Course Rules:** CGS GEO 250 and CGS GLG 250 are jointly offered and count as repeats of one another. Counts as a repeat of CGS INT 290 and CGS INT 283 with similar topic.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS GEO 270 Global Climate Change: Past, Present, and Future**

3 cr.

Examines contemporary scientific thought on the cycles of climate change, past climate conditions, current state of the atmosphere, and predictions for future change/adaptation strategies.

**Prerequisites:** none.**Course Rules:** CGS GEO 270 and CGS GLG 270 are jointly offered and count as repeats of one another.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS GEO 299 Independent Study**

1-3 cr.

Individual study under the supervision of an instructor. May be taken more than once for credit if topics are different.

**Prerequisites:** consent of instructor.**Course Rules:** Repeatable.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS GEO 350 Environmental Conservation**

3 cr.

Study of the human use, conservation, and management of the Earth's resources; ecosystems; human interactions with the environment; human population growth; impact of technology on the environment; and practical solutions to environmental problems. Field trips may be required. Prereq: One semester of college work or consent of instructor. GEO 350 meets DPI requirements for environmental education at some UW baccalaureate institutions.

**Prerequisites:** none.**General Education Requirements:** SS**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Geology (CGS GLG)

**CGS GLG 100 Introduction to Geology**

3 cr.

A brief study of minerals, rocks, fossils, geologic maps, and the processes creating and modifying the surface and subsurface features of earth. Field trips may be required.

**Prerequisites:** none.**Course Rules:** May not be taken for credit by students who have had CGS GLG 101.**General Education Requirements:** NS**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS GLG 101 Physical Geology**

4-5 cr.

Study of the physical nature of Earth: the processes in operation above, on and beneath the surface that continue to shape its physical evolution e.g. volcanism, plate tectonics, faulting and earthquakes, glaciation, rivers; the origin and nature of common minerals and rocks and their distribution in the world; landscapes and their origins e.g. mountain ranges, glacial forms, river valleys, etc.. Lab work includes the study of rocks and minerals, the interpretation of geological and topographic maps and aerial photographs, along with data, map and chart analysis. Two or four hours of lab per week depending on the credit. Field trips may be required.

**Prerequisites:** none.**Course Rules:** May not be taken for credit by students who have had CGS GLG 100.**General Education Requirements:** NS+**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS GLG 102 Historical Geology**

4-5 cr.

Study of the history of the Earth, beginning with its place in the solar system. An introduction to common rocks and minerals, to geological principles and reasoning, and to concepts of geologic time. Study of how the physical geography of Earth has changed through time and how the changes in the rock record tell of seas, mountain ranges, deserts, and ice ages through geologic time. Study of the fossil record and how life on Earth has changed to cope with the varying physical environments of Earth. Two or four hours of lab per week depending on the credit. Field trips may be required.

**Prerequisites:** none.**General Education Requirements:** NS+**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS GLG 135 Introduction to Environmental Geology**

3 cr.

The physical environment and our interaction with it. Emphasis on Earth processes affecting humans, such as flooding, erosion, groundwater, landslides, and earthquakes. The impact of humans upon the environment along with the application of the science of geology to these impacts. Field trips may be required.

**Prerequisites:** none.**Course Rules:** May not be taken for credit by students who have had GLG 169.**General Education Requirements:** NS**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS GLG 169 Environmental Geology**

4-5 cr.

The physical environment and our interaction with it. Emphasis on earth processes affecting humans, such as flooding, erosion, groundwater, landslides and earthquakes. The impact of humans upon the environment along with the application of the science of geology to these impacts. Air, water and soil pollution studied from a physical-chemical standpoint. The depletion of energy and mineral resources and the need for humans to design with nature.

**Prerequisites:** none.**Course Rules:** Two or four hours of lab per week depending on the credit. Field trips may be required. May not be taken for credit by students who have had GLG 135.**General Education Requirements:** NS+**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS GLG 170 Disasters-Living on the Edge**

3 cr.

Study of various environmental hazards, their causes, impacts on humans, and mitigations.

**Prerequisites:** none.**Course Rules:** CGS GEO 170 and CGS GLG 170 are jointly offered and count as repeats of one another.**General Education Requirements:** NS**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS GLG 250 Global Sustainability & Climate Resilience**

3 cr.

An interdisciplinary exploration of current sustainability issues and solutions, taking both global and local perspectives through the lenses of the geosciences and other fields in the natural sciences.

**Prerequisites:** none.**Course Rules:** CGS GEO 250 and CGS GLG 250 are jointly offered and count as repeats of one another. Counts as a repeat of CGS INT 290 and CGS INT 283 with similar topic.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS GLG 270 Global Climate Change: Past, Present, and Future**

3 cr.

Examines contemporary scientific thought on the cycles of climate change, past climate conditions, current state of the atmosphere, and predictions for future change/adaptation strategies.

**Prerequisites:** none.**Course Rules:** CGS GEO 270 and CGS GLG 270 are jointly offered and count as repeats of one another.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Health and Exercise Sciences (CGS HES)

**CGS HES 5 Team Sports: Basketball**

1 cr.

Team Sports courses are designed to help students develop skills, strategies, and sporting behavior. This course will develop skills, teach rules, and prepare students for the recreational enjoyment of the game of basketball.

**Last Taught:** Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS HES 15 Lifetime Activity: Tai Chi**

1 cr.

Lifetime activity courses are designed to provide a foundation for a healthy, physically active lifestyle. This course will teach and develop the basic fundamentals and movements of tai chi.

**Prerequisites:** none.**General Education Requirements:** AP**Last Taught:** Fall 2020, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HES 19 Lifetime Activity: Weight Training**

1 cr.

Lifetime activity courses are designed to provide a foundation for a healthy, physically active lifestyle. This course will teach basic concepts of weight training, focusing on muscular strength, endurance, or general fitness.

**Prerequisites:** none.**General Education Requirements:** AP**Last Taught:** Spring 2020, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HES 37 Lifetime Activity: Martial Arts**

1 cr.

Lifetime activity courses are designed to provide a foundation for a healthy, physically active lifestyle. This course will teach and develop the basic movements and techniques involved in self-defense.

**Prerequisites:** none.**General Education Requirements:** AP**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HES 46 Lifetime Activity: Yoga**

1 cr.

Teach and develop the basic movements and postures involved in yoga. Different styles of yoga will be explored.

**Prerequisites:** none.**General Education Requirements:** AP**Last Taught:** Summer 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HES 47 Intermediate Yoga**

1 cr.

Basic Physical Activity Course Open to All Students. These courses develop skills, teach rules, and prepare students for recreational enjoyment. Prereq: CGS HES 46 or consent of instructor.

**General Education Requirements:** AP**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HES 62 Intermediate Tai Chi**

1 cr.

**Prerequisites:** Successful completion of CGS PED 015 Introduction to Tai Chi, or consent of instructor.

**General Education Requirements:** AP**Last Taught:** Fall 2020, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HES 101 Introduction to Public Health**

3 cr.

Introduction to history, science and philosophy of Public Health including scientific research, policy development and health education.

**Prerequisites:** none.**Course Rules:** PH 101 and CGS HES 101 are jointly offered; they count as repeats of one another.**General Education Requirements:** SS**Last Taught:** Fall 2023, Summer 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HES 102 Healthcare Delivery in the United States**

3 cr.

An introduction to healthcare delivery focusing on consumers, providers, organization, financing, quality and utilization of services, health planning, and political and governmental impacts.

**Prerequisites:** none.**Course Rules:** CGS HES 102 and HS 102 are jointly offered and count as repeats of one another.**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HES 103 Life Balance: An Understanding of Leisure**

3 cr.

Introductory survey of the historical, philosophical, sociological, developmental, and cultural aspects of recreation, leisure, and play.

**Prerequisites:** none.**Course Rules:** CGS HES 103 and THERREC 103 are jointly offered and count as repeats of one another.**General Education Requirements:** HU**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HES 105 Survey of the Health Professions**

3 cr.

An introduction to health professions, professional pathways, their work settings, and roles on the healthcare team. Other topics include: patient-professional communication, patient characteristics, medical terminology.

**Prerequisites:** none.**Course Rules:** CGS HES 105 and HS 105 are jointly offered and count as repeats of one another.**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HES 124 Alcohol and Other Drugs: Awareness, Alternatives**

1 cr.

Content includes an overview of different classes and types of psychotropic drugs including alcohol, prescription drugs and illegal drugs and the risks associated with abuse of these substances. The impact of substance use/abuse on physical and emotional health, relationships, and productivity will also be discussed.

**Prerequisites:** none.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS HES 127 Fitness for Life**

3 cr.

A contemporary examination of the effects of lifestyle, wellness, and health promotion on the individual. Instruction in procedures for self-evaluation as well as individualization of exercise prescription for the development of fitness.

**Prerequisites:** none.

**Course Rules:** Participation in a planned program of aerobic activity and resistance training is required.

**General Education Requirements:** AP

**Last Taught:** Fall 2020, Summer 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS HES 194 Intercollegiate Athletics - Tennis**

1 cr.

Designed for students who participate in intercollegiate athletics, to develop skills and behaviors related to game strategies, sportsmanship, leadership, and team-building. Active membership on the intercollegiate team through the end of the season/semester is required.

**Prerequisites:** none.

**Course Rules:** A student may take only one intercollegiate activity course per semester.

**General Education Requirements:** AP

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS HES 204 Introduction to Physical Education, Exercise Science and Sport**

3 cr.

An overview of physical education, exercise science and sport with a focus on the specialization areas and vocational opportunities offered in the various fields. Personal and professional qualifications in the fields of physical education and exercise science and sport will be examined, with an emphasis on establishing the role of physical education in society.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS HES 205 Athletic Injuries**

2-3 cr.

This course will explore the assessment, treatment and prevention of common athletic injuries. The relationship of an athletic trainer to the field of sports medicine is explored. Practical taping techniques will be completed during class time. Course content includes anatomy/physiology and the principles of biomechanics. Students may enroll as either a 2-credit or 3-credit option.

**Prerequisites:** none.

**Course Rules:** Students enrolling in the 3-credit option are required to complete 15 hours field experience with a licensed athletic trainer.

**General Education Requirements:** AP

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS HES 206 Personal Health and Wellness**

3 cr.

This course will provide an in depth examination of the various aspects of health and wellness. Students will survey various aspects of health and wellness which affect both the individual and the community. Foundations of personal and community health and wellness and the dynamic interaction between psychological health, stress, nutrition, physical activity, weight management, drug use and abuse, healthy relationships, sexuality, infectious disease, and chronic disease throughout the lifespan will be integrated throughout the course.

**Prerequisites:** none.

**Last Taught:** Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS HES 209 Nutrition and Weight Management**

3 cr.

Through the lens of the natural sciences, this course will examine the basic principles of nutrition, digestion, and metabolism. Students will interpret and analyze the effects of these principles on one's diet, weight, fitness level, and overall health. Students will reflect upon the conclusions drawn from the data, with the goal of integrating healthy behaviors into their personal lifestyle.

**Prerequisites:** none.

**General Education Requirements:** NS

**Last Taught:** Spring 2021, UWinterIM 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS HES 209X Nutrition and Weight Management**

3 cr.

Through the lens of the natural sciences, this course will examine the basic principles of nutrition, digestion, and metabolism. Students will interpret and analyze the effects of these principles on one's diet, weight, fitness level, and overall health. Students will reflect upon the conclusions drawn from the data, with the goal of integrating healthy behaviors into their personal lifestyle.

**Prerequisites:** none.

**General Education Requirements:** NS

**Last Taught:** Spring 2021, UWinterIM 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS HES 210 Theory of Coaching**

3 cr.

A thorough examination of the Theory and methodology of coaching both team and individual sports. Coaching psychology, philosophy, administrative responsibilities, skill assessment, practice/game organization, rules, fundamentals, and play of various sports will be explored through lecture, lab, and field experience. Students will execute analytical, practical, or creative tasks in relationship to complete assignments/projects. Part of their process will allow them to synthesize existing ideas or expertise in original ways.

**Prerequisites:** none.

**General Education Requirements:** AP

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS HES 213 First Aid for Emergencies**

3 cr.

This course examines the causes, prevention and care of first aid emergencies. Procedures in CPR/AED and first aid will prepare the student for emergencies likely to be encountered in daily living. American Red Cross or American Heart Association in CPR/AED and First Aid certification can be earned.

**Prerequisites:** none.

**General Education Requirements:** AP

**Last Taught:** Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS HES 217 Social Aspects of Sport**

3 cr.

A course focusing on sport institutions as social organizations and how they function within a culture. Emphasis is placed on group structure and membership, group pressure, socialization, stratification, and deviance as they apply to the sports' setting. Selected interdisciplinary topics demonstrating the connections between sport and: media, business/economy, gender, race/ethnicity, social class, politics, and religion.

**Prerequisites:** none.**General Education Requirements:** CD, SS**Last Taught:** Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HES 224 Drugs, Behavior and Society**

3 cr.

The course will explore alcohol and other drug use/abuse and its impact on human behavior and society. Information will be presented in a variety of contexts including pharmacological, behavioral historical, social, legal and clinical.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Fall 2020, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HES 225 Advanced Concepts of Personal Training**

3 cr.

This course is designed to prepare and qualify students to work as personal trainers. The course bridges the gap between exercise science related course work and practical skills of personal training. This professional development course prepares students for the opportunity to pursue certification as a personal trainer. Course content includes anatomy/physiology, biomechanics, nutrition, components of fitness and fitness assessments, and functional training concepts.

**Prerequisites:** none.**General Education Requirements:** NS**Last Taught:** Spring 2023, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HES 299 Independent Study in Physical Education**

1-3 cr.

Independent study in Physical Education.

**Prerequisites:** program must be approved by the department chair.**Course Rules:** Repeatable.**Last Taught:** Spring 2022, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS History (CGS HIS)

**CGS HIS 100 First Year Seminar in History: Selected Topics**

3 cr.

In this seminar style course designed for first semester freshmen, students will learn about a historical topic in depth and from different angles while also focusing on critical thinking, analysis of various types of sources, historical interpretation, and debates among historians. Students will also be introduced to college level expectations and study habits.

**Prerequisites:** none.**General Education Requirements:** SS**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HIS 101 History of the United States: From the Era of the Columbian Exchange to the Era of the Civil War**

3 cr.

A survey of American political, economic, social, and intellectual history from the Age of European Exploration and the period of colonization to the era of the American Civil War. As an Ethnic Studies ES course, this course thoroughly integrates the experiences of African Americans, Native Americans, Hispanics, and/or Asian Americans into US history in a manner that fosters understanding and appreciation of the perspectives and experiences of at least two of these groups as well as their contributions to, and interactions within, American society.

**Prerequisites:** none.**General Education Requirements:** CD, SS**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HIS 102 History of the United States: From the Era of the Civil War to the Present**

3 cr.

A survey of American political, economic, social, and intellectual history from the era of the Civil War to the Present, including the experiences of African Americans, Native Americans, Hispanics, and/or Asian Americans in a manner that fosters understanding and appreciation of the perspectives and experiences of at least two of these groups as well as their contributions to, and interactions within, American society.

**Prerequisites:** none.**General Education Requirements:** CD, SS**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HIS 102X History of the United States: From the Era of the Civil War to the Present**

3 cr.

A survey of American political, economic, social, and intellectual history from the era of the Civil War to the Present, including the experiences of African Americans, Native Americans, Hispanics, and/or Asian Americans in a manner that fosters understanding and appreciation of the perspectives and experiences of at least two of these groups as well as their contributions to, and interactions within, American society.

**Prerequisites:** none.**General Education Requirements:** CD, SS**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HIS 105 History of Western Civilization from Ancient Times to the Era of the Renaissance**

3-4 cr.

Survey of Western Civilization from ancient times through the Renaissance, emphasizing the distinctive features of Western culture, political development, economic development, and the contributions made by non-Western people.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Summer 2020, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS HIS 106 History of Western Civilization from the Era of the Renaissance to Contemporary Times**

3-4 cr.

Survey of Western Civilization from the Renaissance to contemporary times, emphasizing the further development of Western culture, political institutions, and economic institutions, including reference to the interaction among the peoples of the modern world.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HIS 111 Ancient History**

3 cr.

Survey of the history of civilization from the beginnings in Mesopotamia and Egypt through Classical Greece with emphasis on institutional and social development.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Summer 2022, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HIS 112 Ancient History**

3 cr.

Survey of the history of civilization from Alexander the Great through the fall of the Roman Empire with emphasis on institutional and social development.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HIS 127 The World in the Twentieth Century**

3 cr.

Survey of the major trends in Europe, Asia, Africa, and the Americas since 1900; the two world wars; the social and political revolutions of our time; Fascism and Communism; and the new states of Africa and Asia.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HIS 161 World History to 1500**

3-4 cr.

A topical approach to the history of premodern humankind. Special attention will be given to the emergence, development, and interaction of civilizations in Asia, Africa, Europe, and the Americas.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HIS 162 World History Since 1500**

3-4 cr.

A topical history of global humankind with emphasis on the rise of the West to world dominance and the various ways in which the peoples of Africa, Asia, and Latin America have responded to the Western challenge.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HIS 204 Introduction to Public History**

3 cr.

An introduction to the field of public history with topics for classroom discussion including the concept of public memory, historic preservation theory and practice, creation of museum exhibits, and career opportunities in the field of history outside of education. Students will apply knowledge gained from the course to evaluate historic exhibits and gain field work by undertaking their own exhibit, archival or preservation project.

**Prerequisites:** None.**General Education Requirements:** AP**Last Taught:** Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HIS 208 The Film as Social History**

3 cr.

Feature and documentary films produced in a particular historical period or on a specific historical topic. Through viewing selected films, the student will gain a deeper understanding of the motion picture's significance as an historical document, as well as its function as a propaganda device. The course will relate the thematic content of the selected films to the specific historical context in which they were produced and consumed.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HIS 213 The United States and Latin America's Cold War**

3 cr.

Recent development of Hispanic and Portuguese America, emphasizing the evolution of independent states.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HIS 218 The United States and Vietnam**

3 cr.

An investigation of the war in Southeast Asia, 1945-1975, focusing on these topics: Southeast Asian historical context, French colonialism, Southeast Asian cultural and political contexts, Vietnamese nationalism, the role of the Cold War, American involvement, the debate on American policy, experiences of US soldiers and South East Asian participants, American withdrawal, conclusion of the fighting, and long-term effects in the United States, in South East Asia and globally.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HIS 254 American Foreign Relations, 1763 to the Present**

3 cr.

America's interactions with the world, emphasizing the global and domestic economic, political and ideological elements influencing policy.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS HIS 255 Proseminar in History**

3 cr.

This course will explore a historical topic through readings, discussion, and written assignments.

**Prerequisites:** none.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HIS 256 Topics in History:**

1-3 cr.

This course will explore in depth an historical topic through lectures, discussions, readings, and written assignments.

**Prerequisites:** none.**Last Taught:** Spring 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HIS 258 The Holocaust: Politics of Peace, Nationalism, and War**

3 cr.

Historical background and current scholarly debate about the best documented genocide in recent history. Students will explore a variety of sources produced during and after the period, including films, posters and literature.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Summer 2020, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HIS 270 American Business History**

3 cr.

The role of business in American society from colonial times to the present. Origins of American capitalism, appearance of corporate organization, work patterns, changing business ethics and their legal environment, government regulation, and international trade.

**Prerequisites:** none.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HIS 272 History and Culture of the Sciences**

3 cr.

This course will examine, in a historical context, how science has been constructed and how it has interacted with other aspects of society, such as politics, religion, culture, and economics. These themes will be addressed by closely studying two transformations in scientific and human thought: first, the shift from an Earth-centered to a sun-centered universe, and second, the development of the theory of Evolution by natural selection. Finally, we will briefly consider the emergence of new major scientific and cultural transitions which are now occurring.

**Prerequisites:** none.**General Education Requirements:** HU**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HIS 277 Indians in American History**

3 cr.

This course surveys U.S. history with emphasis on contact in the age of exploration, interactions over time between Europeans and Native Americans, and adaptations and conflicts that emerged. The course will approach this from social, political, and economic perspectives from the colonial period to the present. This course focuses on understanding the perspectives of Native Americans.

**Prerequisites:** none.**General Education Requirements:** CD, SS**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HIS 283 War and American Society**

3 cr.

An investigation of the impact of wars on American society. Wars from the earliest European settlement through the wars of the early 21st century may be included. The home front will be emphasized, with attention to wartime politics and economy, civil liberties, the experience of non-combatants, and the larger social effects of war.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HIS 290 History of Wisconsin**

3 cr.

History of Wisconsin from the beginning of the historical period to the present, with emphasis on the economic and social aspects of Wisconsin history since 1815.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS HIS 299 Independent Studies**

1-3 cr.

Extensive reading for the purpose of surveying the literature on a particular historical subject, possibly including a research project, under the personal supervision of the instructor.

**Prerequisites:** consent of instructor.

**Course Rules:** Repeatable. Subject matter is open, to be determined by the student and instructor. Students will be encouraged to use off-campus resources when available.

**Last Taught:** Spring 2022, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Information Studies (CGS IST)

**CGS IST 110 Introduction to Information Science and Technology**

3 cr.

Introduces basic issues in information science, including the nature of information, information policy, knowledge organization, information services, and the relationships between information technologies and society.

**Prerequisites:** none.

**Course Rules:** CGS IST 110 and INFOST 110 are jointly offered and count as repeats of one another.

**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS IST 120 Information Technology Ethics**

3 cr.

Comprehensive overview of the current ethical issues in information and technology use.

**Prerequisites:** none.

**Course Rules:** CGS IST 120 and INFOST 120 are jointly offered and count as repeats of one another.

**General Education Requirements:** HU**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS IST 240 Web Design I**

3 cr.

Uses popular authoring tools to cover the basics of organizing information.

**Prerequisites:** none.

**Course Rules:** CGS IST 240 and INFOST 240 are jointly offered and count as repeats of one another.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Interdisciplinary Studies (CGS INT)

**CGS INT 280 Interdisciplinary Studies: Culture Clashes and the Modern World**

3 cr.

This course uses history and anthropology to explore what happens when people of very different cultures and regions of the world collide, through the lenses of Anthropology and History.

**Prerequisites:** none.

**Course Rules:** Counts as repeat of CGS INT 290 with similar topic.

**General Education Requirements:** IS, SS

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS INT 281 Interdisciplinary Studies: Deviant Minds**

3 cr.

Approaches the concept of deviance from both sociological and psychological perspectives, including the 'deviant' (rule-breaking) categories of mental illness and criminal behavior.

**Prerequisites:** none.

**Course Rules:** Counts as repeat of CGS INT 290 with similar topic.

**General Education Requirements:** IS, SS

**Last Taught:** Spring 2022, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS INT 281X Interdisciplinary Studies: Deviant Minds**

3 cr.

Approaches the concept of deviance from both sociological and psychological perspectives, including the 'deviant' (rule-breaking) categories of mental illness and criminal behavior.

**Prerequisites:** none.

**Course Rules:** Counts as repeat of CGS INT 290 with similar topic.

**General Education Requirements:** IS, SS

**Last Taught:** Spring 2022, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS INT 282 Interdisciplinary Studies: Rich Man, Poor Man**

3 cr.

The concept of stratification within the United States from both sociological and psychological perspectives, focusing on social class, race, and gender and their intersections.

**Prerequisites:** none.

**Course Rules:** Counts as repeat of CGS INT 290 with similar topic.

**General Education Requirements:** CD, IS, SS

**Last Taught:** Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS INT 283 Interdisciplinary Studies: Local Applications of Global Sustainability**

3 cr.

An interdisciplinary exploration of current sustainability issues, taking both global and local perspectives through the lenses of geology and other fields in the natural sciences.

**Prerequisites:** none.

**Course Rules:** Counts as repeat of CGS INT 290 with similar topic.

**General Education Requirements:** IS, NS

**Last Taught:** Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS INT 284 Interdisciplinary Studies: Understanding Our Environment**

3 cr.

Observation of our environment with the eyes of many disciplines in order better to understand and appreciate it, what it offers us, and what responsibilities we have in relation to it.

**Prerequisites:** none.

**Course Rules:** Counts as repeat of CGS INT 290 with similar topic.

**General Education Requirements:** HU, IS

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS INT 285 Interdisciplinary Studies: Superheroes and Mythology**

3 cr.

Explores the social and cultural importance of the superhero as well as the semiotics of mythical language, the relation between mythical representation and philosophy, and the role mythological symbolism plays in society.

**Prerequisites:** none.

**Course Rules:** Not open to students with credit in CGS CTA 298 or CGS PHI 291 with similar topic.

**General Education Requirements:** HU, IS

**Last Taught:** Spring 2023, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS INT 286 Interdisciplinary Studies: Philosophy Goes to the Movies**

3 cr.

Cultures around us; finds the traditional areas of philosophic concern, now packaged in new ways, and examines the content, packaging, and direction of our popular culture.

**Prerequisites:** none.

**Course Rules:** Counts as repeat of CGS CTA 218 and CGS PHI 253.

**General Education Requirements:** IS

**Last Taught:** Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS INT 290 Special Topics in Interdisciplinary Studies**

1-5 cr.

Helps students learn to integrate knowledge from across the curriculum. Investigation of multiple dimensions of the given subject by applying content, methods and assumptions of 2+ disciplines as presented by instructors from those disciplines.

**Prerequisites:** none.

**Course Rules:** Repeatable with change in topic to 9 cr max.

**General Education Requirements:** IS

**Last Taught:** Summer 2020, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Learning Resources (CGS LEA)

### CGS LEA 101 Academic Reading

0 cr.

Introduction to independent academic reading at a college level. Strategies for increasing comprehension, varying reading rate, and developing critical reading skills.

**Prerequisites:** none.

**Course Rules:** Fee for 3 cr assessed; credits count toward credit load for Financial Aid and enrollment verification only.

**Last Taught:** Spring 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS LEA 102 Learning Skills

0 cr.

Workshop or discussion course that helps students develop college-level learning skills.

**Prerequisites:** none.

**Course Rules:** Fee for 1 cr assessed; credit counts toward credit load for Financial Aid and enrollment verification only.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS LEA 103 College Reading and Study Strategies

0 cr.

A reading-intensive course that helps students develop effective strategies for reading textbooks and nonfiction texts, taking notes, studying for exams, and taking tests.

**Prerequisites:** none.

**Course Rules:** Fee for 3 cr assessed; credits count toward credit load for Financial Aid and enrollment verification only.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS LEA 110 TRIO Writing Studio

0 cr.

Workshop or tutorial that provides individualized and small group instruction to help students develop college-level reading and writing skills.

**Prerequisites:** none.

**Course Rules:** Taken concurrently with a composition course or other writing-intensive class. Fee for 1 cr assessed; credit counts toward credit load for Financial Aid and enrollment verification only. May be retaken up to 6 times.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS LEA 111 TRIO Academic Learning

0 cr.

An introduction to independent academic reading at a college level emphasizing strategies for increasing comprehension, varying reading rate, and developing critical reading skills.

**Prerequisites:** none.

**Course Rules:** Fee for 1 cr assessed; credits count toward credit load for Financial Aid and enrollment verification only. Focuses on assignments and activities that help students achieve the learning outcomes for first-year composition and other difficult reading-intensive courses that require students to write about nonfiction reading. May be retaken up to 6 times.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS LEA 112 TRIO Learning Skills

0 cr.

A workshop or discussion course that helps students develop college-level learning skills. This course is offered through a campus TRIO program.

**Prerequisites:** none.

**Course Rules:** Fee for 2 cr assessed; credits count toward credit load for Financial Aid and enrollment verification only.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS LEA 113 TRIO College Reading and Studying Strategies

0 cr.

Reading-intensive course that helps students develop effective strategies for reading textbooks and nonfiction texts, taking notes, studying for exams, and taking tests.

**Prerequisites:** none.

**Course Rules:** This course is offered by a campus TRIO program. Fee for 1 cr assessed; credit counts toward credit load for Financial Aid and enrollment verification only.

**Last Taught:** Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Lecture Forum (CGS LEC)

### CGS LEC 100 First-Year Seminar:

1-3 cr.

Helps students make the transition to college by promoting active learning, student involvement and responsibility in the learning process. Also develops life management skills, and engages students on campus.

**Prerequisites:** none.

**Course Rules:** Each CGS LEC 100 section incorporates a specific subject of inquiry. Consult the campus course schedule for additional information. Repeatable to 9 cr max.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS LEC 101 First-Year Seminar: Academic Reading

3 cr.

Introduction to college learning while also focusing on independent academic reading at a college level.

**Prerequisites:** none.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS LEC 105 Finding Your Pathway

3 cr.

Designed to help students successfully transition to college, explore career options, set meaningful academic and career goals, develop essential skills such as information literacy and critical thinking skills, and engage in academic behaviors and study strategies that will help them meet with success.

**Prerequisites:** CGS ENG 98 or placement into CGS ENG 101 or higher.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS LEC 110 Introduction to Experiential Learning**

1 cr.

Introduction to college-level experiential learning, including prior learning, service-learning, and internships. How to document experiential learning with an electronic portfolio.

**Prerequisites:** none.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS LEC 200 Sophomore Seminar**

1-3 cr.

Enhances the sophomore experience and positions students for success as they prepare to complete bachelor-degree studies.

**Prerequisites:** none.**Last Taught:** Spring 2022, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS LEC 201 Introduction to Service Learning**

3 cr.

Students will learn about how community engagement has instituted change in the past while also giving you first-hand experience to be an agent of change yourself doing important work needed by local agencies.

**Prerequisites:** none.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS LEC 202 Sophomore Seminar Tutor Training**

1 cr.

This course prepares students for the role of peer tutor. Topics include active and collaborative learning, critical thinking and problem solving, interpersonal communication, and assisting peers with how to effectively and efficiently learn subject-related content.

**Prerequisites:** Open to current peer tutors at the Waukesha Academic Success Center and Washington County Learning Commons. It is required of all students tutoring in the math and course-specific/subject area tutoring programs. Continuing tutors must pass the course with a C or higher to stay employed as a tutor.

**Last Taught:** Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS LEC 203 Tutoring Seminar: Learning Center Research and Practice**

1-3 cr.

Students will examine the ways individualized peer instruction can be beneficial and a range of strategies for offering such instruction, and will reflect on peer observations of their own tutoring.

**Prerequisites:** CGS LEC 202(P) or CGS ENG 291(P).

**Course Rules:** Open to current peer tutors at the Waukesha Academic Success Center or the Washington County Learning Commons who have successfully completed one credit of CGS LEC 202 or CGS ENG 291.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS LEC 294 General Internship**

1-3 cr.

Off- or on-campus experiential learning activities designed to provide students with the opportunity to make connections between their coursework and a professional work environment.

**Prerequisites:** a minimum of 12 completed course credits and at least 2.5 GPA at date of enrollment.

**Course Rules:** Repeatable to 6 cr max.**Last Taught:** Summer 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS LEC 305 (U)Applied Project Management**

1 cr.

Development and application of project management skills using project management software. Assigned projects will require students to apply project management, leadership, and teamwork skills in a practical context. This course employs the Project Management Body of Knowledge PMBOK from the Project Management Institute PMI. PMBOK has become the basis for the Project Management Professional PMP certification exam.

**Prerequisites:** junior level status and CGS MAT 110 or equivalent.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS LEC 390 Creativity and Problem-Solving**

3 cr.

Interdisciplinary exploration of creativity and problem solving processes, with emphasis placed on active learning through use of case studies. This course is the Cognitive Skills core course for the BAAS degree.

**Prerequisites:** junior standing or consent of instructor.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS LEC 391 The World in the 21st Century**

3 cr.

Surveys the interconnected world of the 21st century; historical roots of present day globalism with a focus on unifying themes. Key pillars of globalism.

**Prerequisites:** junior standing or consent of instructor.

**Course Rules:** This course is the Global Studies core course for the BAAS degree.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS LEC 394 Internship Seminar**

2-3 cr.

Educational experience that provides students with an opportunity to apply disciplinary learning to service within the public and private sector. Offers students a chance to expand professional skills while earning academic credit by providing first-hand experience in a particular field of interest.

**Prerequisites:** junior standing or consent of instructor.

**Course Rules:** 1-credit for the internship seminar; 2-credits for the hours of internship service.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS LEC 473 Introduction to the BAAS Degree & the Capstone Project**

1 cr.

Introduction to degree completion program and degree requirements. Participation in diagnostic tools to explore preferences for/develop an experiential service project, develop a profile of strengths/talents and plan for attaining the degree.

**Prerequisites:** none.

**Course Rules:** This course is the first in the three-course capstone sequence.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS LEC 483 Senior Capstone Seminar**

3 cr.

Offers a culminating learning experience for students nearing the completion of the BAAS degree. Equips students with the learning capacities and competencies necessary for continued career, civic, and personal growth.

**Prerequisites:** senior level status or consent of instructor;

CGS LEC 473(P).

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS LEC 493 Senior Capstone Project**

2 cr.

This course is designed to offer a culminating learning experience for students nearing the completion of the Bachelor of Applied Arts and Sciences degree. The fundamental aim of the course is to equip students with the learning capacities and competencies necessary for continued career, civic, and personal growth. You will focus on executing, completing, and reviewing the capstone project. The final capstone project, its outcomes and implications, will be shared in a campus or community presentation.

**Prerequisites:** Senior level status or consent of instructor; CGS LEC 483.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Mathematics (CGS MAT)

**CGS MAT 75 Math Success Strategies**

0 cr.

Highly interactive format providing mathematics instruction and instilling study skills and strategies for succeeding in mathematics courses.

**Prerequisites:** none.

**Course Rules:** Previously CGS MAT 99. Fee for 3 credits assessed; 3 credits count toward credit load for Financial Aid and enrollment verification only. Satisfactory/Unsatisfactory only.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 75X Math Success Strategies**

0 cr.

Highly interactive format providing mathematics instruction and instilling study skills and strategies for succeeding in mathematics courses.

**Prerequisites:** none.

**Course Rules:** Previously CGS MAT 99. Fee for 3 credits assessed; 3 credits count toward credit load for Financial Aid and enrollment verification only. Satisfactory/Unsatisfactory only.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 81 Topics in Geometry**

0 cr.

Designed for students who have not had high school geometry. Includes methods of proof, properties of simple plane figures, congruence, and similarity.

**Prerequisites:** none.

**Course Rules:** Fee for 3 cr assessed; credits count toward credit load for Financial Aid and enrollment verification only.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 88 Math Support for Math Literacy Courses**

0 cr.

A supplementary support course for students who are enrolled in CGS MAT 092/102 or CGS MAT 103. Students will be introduced to math specific study skills and will receive supplemental instruction in their mathematics coursework.

**Prerequisites:** none.

**Course Rules:** Fee for 1 cr assessed; credits count toward credit load for Financial Aid and enrollment verification only. Satisfactory/Unsatisfactory only.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 89 Math Support for Algebraic Math Courses**

0 cr.

A supplementary support course for students enrolled in CGS MAT 75, CGS MAT 98/108, or CGS MAT 105. Students will be introduced to math-specific study skills and will receive supplemental instruction in their mathematics coursework.

**Prerequisites:** none.

**Course Rules:** Fee for 1 cr assessed; credits count toward credit load for Financial Aid and enrollment verification only. Satisfactory/Unsatisfactory only.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 91 Elementary Algebra**

0 cr.

Intended for students with little or no previous algebra. Topics include the real number system and operations with real numbers and algebraic expressions, linear equations and inequalities, polynomials, factoring, and introduction to quadratic equations.

**Prerequisites:** none.

**Course Rules:** Fee for 3 cr assessed; credits count toward credit load for Financial Aid and enrollment verification only.

**Last Taught:** Summer 2020, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 92 Mathematical Literacy for College Students I**

0 cr.

Introduction to numeracy, proportional reasoning, algebraic reasoning, and functions. Emphasis on developing conceptual and procedural tools that support the use of key mathematical concepts in context.

**Prerequisites:** none.

**Course Rules:** Fee for 3 cr assessed; credits count toward credit load for Financial Aid and enrollment verification only. Students must enroll in corresponding section of CGS MAT 102. Not recommended for students planning to take Calculus. Students registering after classes have begun will have missed class sessions counted against their attendance for this course.

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 98 Algebraic Literacy I**

0 cr.

Arithmetic number systems; linear equations, inequalities; exponent notation, radicals; polynomials, operations, factoring; modeling; coordinate geometry; linear systems; quadratic equations.

**Prerequisites:** Math Placement Level 10.

**Course Rules:** Fee for 3 cr assessed; credits count toward credit load for Financial Aid and enrollment verification only. Students must enroll in corresponding section of CGS MAT 108. Students registering after classes have begun will have missed class sessions counted against their attendance for this course.

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 100 Supplemental Math**

1-2 cr.

Development of foundational skills and concepts to allow concurrent enrollment in certain credit-bearing mathematics courses in place of prerequisite enrollment.

**Prerequisites:** consent of department.

**Course Rules:** Repeatable to 2 cr max with change in topic. Specific topic and additional prerequisites announced in schedule of classes each time course is offered.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 100A Beginning and Intermediate Algebra**

0 cr.

UW COLLEGES COURSES ONLINE ONLY. Arithmetic operations, equations/inequalities involving the algebraic objects are solved including polynomial equations through the quadratic formula. Linear/quadratic, rational/radical equations, algebraic/graphical representation of lines and interpreting graphical representation of functions.

**Prerequisites:** grade of C or better in CGS MAT 090 or based on placement test score.

**Course Rules:** Fee for 1 cr assessed; credits count toward credit load for Financial Aid and enrollment verification only.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 100B Beginning and Intermediate Algebra**

3 cr.

UW COLLEGES COURSES ONLINE ONLY. Arithmetic operations, equations/inequalities involving the algebraic objects are solved including polynomial equations through the quadratic formula. Linear/quadratic, rational/radical equations, algebraic/graphical representation of lines and interpreting graphical representation of functions.

**Prerequisites:** grade of C or better in CGS MAT 090 or based on placement test score.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 101 Introduction to College Algebra**

3-4 cr.

UW COLLEGE COURSES ONLINE AND ASSOCIATE FLEX PROGRAM ONLY. Algebraic techniques with polynomials, fractional expressions, exponents and radicals, linear and quadratic equations, and inequalities. Introduction to functions, their graphs, and analytic geometry.

**Prerequisites:** grade of C or better in Elementary Algebra or CGS MAT 100A or placement based on placement test score.

**Last Taught:** Summer 2020, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 101X Introduction to College Algebra**

3-4 cr.

UW COLLEGE COURSES ONLINE AND ASSOCIATE FLEX PROGRAM ONLY. Algebraic techniques with polynomials, fractional expressions, exponents and radicals, linear and quadratic equations, and inequalities. Introduction to functions, their graphs, and analytic geometry.

**Prerequisites:** grade of C or better in Elementary Algebra or CGS MAT 100A or placement based on placement test score.

**Last Taught:** Summer 2020, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 102 Mathematical Literacy for College Students II**

3 cr.

Continuation of CGS MAT 92, with an integrated approach to numeracy, proportional reasoning, algebraic reasoning, and functions.

**Prerequisites:** Math Placement Level 10 or concurrent enrollment in CGS MAT 92(P).

**Course Rules:** Students with a Math Placement Level of less than 10 must also enroll in the corresponding section of CGS MAT 92.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 102X Mathematical Literacy for College Students II**

3 cr.

Continuation of CGS MAT 92, with an integrated approach to numeracy, proportional reasoning, algebraic reasoning, and functions.

**Prerequisites:** Math Placement Level 10 or concurrent enrollment in CGS MAT 92(P).

**Course Rules:** Students with a Math Placement Level of less than 10 must also enroll in the corresponding section of CGS MAT 92.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 103 Contemporary Applications of Mathematics**

3 cr.

Course focuses on analytic reasoning and quantitative problem solving. Topics include construction and interpretation of graphs, functional relationships, descriptive statistics, geometry and spatial visualization, math of finance, exponential growth, voting theory, and basic probability.

**Prerequisites:** Math Placement Level 10.

**Course Rules:** Not recommended for students planning to take Calculus.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 105 Introduction to College Algebra**

3 cr.

Algebraic techniques with polynomials, fractional expressions, exponents and radicals, linear and quadratic equations, and inequalities. Introduction to functions, their graphs, and analytic geometry.

**Prerequisites:** Math Placement Level 20 or grade of C or better in CGS MAT 98(P).

**Course Rules:** Counts as repeat of CGS MAT 108.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 105X Introduction to College Algebra**

3 cr.

Algebraic techniques with polynomials, fractional expressions, exponents and radicals, linear and quadratic equations, and inequalities. Introduction to functions, their graphs, and analytic geometry.

**Prerequisites:** Math Placement Level 20 or grade of C or better in CGS MAT 98(P).

**Course Rules:** Counts as repeat of CGS MAT 108.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 108 Algebraic Literacy II**

3 cr.

Continuation of CGS MAT 98 in polynomials, equations, and inequalities; exponential, logarithmic, and periodic functions; rational expressions and exponents; and systems of linear equations.

**Prerequisites:** Math placement Level 10.

**Course Rules:** Students must register in the corresponding section of CGS MAT 98. Counts as repeat of CGS MAT 105.

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 110 College Algebra**

3 cr.

Definition of function and sequence; linear and nonlinear functions and graphs including logarithmic and exponential functions; systems of linear equations and Gauss-Jordan method; theory of polynomial equations; conic sections and optional topics such as mathematical induction, matrix solution of linear systems and Cramer's rule.

**Prerequisites:** A grade of C or better in CGS MAT 103B or CGS MAT 101 or placement based on placement test score.

**Course Rules:** Equivalent to MATH 116.

**Last Taught:** Summer 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 110X College Algebra**

3 cr.

Definition of function and sequence; linear and nonlinear functions and graphs including logarithmic and exponential functions; systems of linear equations and Gauss-Jordan method; theory of polynomial equations; conic sections and optional topics such as mathematical induction, matrix solution of linear systems and Cramer's rule.

**Prerequisites:** A grade of C or better in CGS MAT 103B or CGS MAT 101 or placement based on placement test score.

**Course Rules:** Equivalent to MATH 116.

**Last Taught:** Summer 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 113 Trigonometry**

2 cr.

UW COLLEGE COURSES ONLINE ONLY. Trigonometric functions, their basic properties and graphs, identities, inverse trigonometric functions, solving trigonometric equations, solutions of triangles.

**Prerequisites:** a grade of C or better in CGS MAT 110(P); or concurrent registration in CGS MAT 110(C); or placement based on placement test score.

**Last Taught:** Summer 2020, Spring 2020, UWinteriM 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 115 Precalculus**

4 cr.

Essential topics from college algebra and trigonometry for students intending to enroll in calculus.

**Prerequisites:** Math Placement Level 30 or grade of C or better in CGS MAT 105(P), CGS MAT 108(P), or CGS MAT 116(P).

**Course Rules:** Repeats two credits of CGS MAT 116 and two credits of CGS MAT 117.

**Last Taught:** Summer 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 116 College Algebra**

3 cr.

Definition of function and sequence; linear and nonlinear functions and graphs including logarithmic and exponential functions; systems of linear equations and Gauss-Jordan method; theory of polynomial equations; conic sections and optional topics.

**Prerequisites:** Math Placement Level 20 or grade of C or better in CGS MAT 94(P), CGS MAT 95(P), or CGS MAT 98(P).

**Course Rules:** Two credits may be used to repeat two credits of CGS MAT 115.

**Last Taught:** Spring 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 116X College Algebra**

3 cr.

Definition of function and sequence; linear and nonlinear functions and graphs including logarithmic and exponential functions; systems of linear equations and Gauss-Jordan method; theory of polynomial equations; conic sections and optional topics.

**Prerequisites:** Math Placement Level 20 or grade of C or better in CGS MAT 94(P), CGS MAT 95(P), or CGS MAT 98(P).

**Course Rules:** Two credits may be used to repeat two credits of CGS MAT 115.

**Last Taught:** Spring 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 117 Trigonometry**

2 cr.

Trigonometric functions; graphs, identities, equations, inequalities; inverse trigonometric functions; solutions of triangles with applications; complex numbers; polar coordinates.

**Prerequisites:** Math Placement Level 30 or grade of C or better in CGS MAT 105(P), CGS MAT 108(P), or CGS MAT 116(P).

**Course Rules:** Repeats 2 credits of CGS MAT 113.

**General Education Requirements:** MS

**Last Taught:** Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 124 Pre-Calculus Mathematics**

5 cr.

Essential topics from College Algebra and Trigonometry for students intending to enroll in Calculus. Covers similar material as CGS MAT 115 but at a slower pace.

**Prerequisites:** Math Placement Level 20 or grade of C or better in CGS MAT 98(P).

**Course Rules:** Students may not earn more than five credits of any combination of CGS MAT 110, CGS MAT 113, CGS MAT 115, CGS MAT 116, CGS MAT 117, and CGS MAT 124.

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 130 Mathematics for Elementary Teachers**

4 cr.

A mathematics content course for prospective elementary teachers.

Emphasis is on development of properties of arithmetic. Topics also may include elementary concepts of algebra, probability, and statistics. Four hours lecture or three hours lecture and two hours laboratory per week.

**Prerequisites:** A grade of C or better in CGS MAT 103B or CGS MAT 105 or CGS MAT 108, or two years of high school algebra and one year of high school geometry, or cons. instr.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 175 Mathematical Explorations for Elementary Teachers I**

3 cr.

Theory of arithmetic of whole numbers, fractions, and decimals. Introduction to algebra, estimation and problem-solving strategies.

**Prerequisites:** Math Placement Level 20 or higher or grade of C or better in CGS MAT 102(P), CGS MAT 103(P), CGS MAT 108(P).

**General Education Requirements:** MS

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 176 Mathematical Explorations for Elementary Teachers II**

3 cr.

A continuation of CGS MAT 175 in geometry, statistics, and probability.

**Prerequisites:** Math Placement Level 20 or higher or grade of C or better in CGS MAT 102(P), CGS MAT 103(P), or CGS MAT 108(P).

**General Education Requirements:** MS

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 210 Topics in Finite Mathematics**

3-4 cr.

UW COLLEGES COURSES ONLINE ONLY. Matrices, linear programming and applications, probability, Markov chains, and mathematics of finance. Prereq: A grade of C or better in MAT 110 or MAT 124 or equivalent or placement based on placement test score.

**General Education Requirements:** MS

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 211 Calculus**

4 cr.

A one-semester survey with applications to business administration, economics, and non-physical sciences. Topics include coordinate systems, equations of curves, limits, differentiation, integration, applications.

**Prerequisites:** Math Placement Level 30 or grade of C or better in CGS MAT 105(P), CGS MAT 108(P), or CGS MAT 116(P).

**Course Rules:** May not be used as a prereq for CGS MAT 222. No credit for students with credit in CGS MAT 221.

**General Education Requirements:** MS

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 215 Elementary Statistical Analysis**

3 cr.

Elementary probability theory; descriptive statistics; sampling distributions; basic problems of statistical inference including estimation; tests of statistical hypothesis in both one- and two- sample cases.

**Prerequisites:** Math Placement Level 30 or higher, or a grade of C or better in CGS MAT 102, CGS MAT 103, CGS MAT 105, CGS MAT 108, CGS MAT 115, or CGS MAT 116.

**General Education Requirements:** MS

**Last Taught:** Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 215X Elementary Statistical Analysis**

3 cr.

Elementary probability theory; descriptive statistics; sampling distributions; basic problems of statistical inference including estimation; tests of statistical hypothesis in both one- and two- sample cases.

**Prerequisites:** Math Placement Level 30 or higher, or a grade of C or better in CGS MAT 102, CGS MAT 103, CGS MAT 105, CGS MAT 108, CGS MAT 115, or CGS MAT 116.

**General Education Requirements:** MS

**Last Taught:** Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 221 Calculus and Analytical Geometry I**

5 cr.

Analytic geometry, functions, limits and continuity, the derivative, integrals, techniques and applications of differentiation, applications of integration, logarithmic and exponential functions, and trigonometric functions.

**Prerequisites:** Math Placement Level 40; or grade of C or better in CGS MAT 115(P); or both proficiency in Trigonometry (grade of C or better in CGS MAT 117(P), or Level 26 or 36 on Math Placement Test) and proficiency in Algebra (grade of C or better in CGS MAT 116(P) or CGS MAT 211(P), or Level 35 on Math Placement Test).

**Course Rules:** Students may not earn more than six credits by taking both CGS MAT 211 and CGS MAT 221.

**General Education Requirements:** MS

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 222 Calculus & Analytical Geometry II**

5 cr.

UW COLLEGE COURSES ONLINE ONLY. Continuation of CGS MAT 221. Techniques of integration, polar coordinates, conic sections, infinite series, and vectors of two and three dimensions.

**Prerequisites:** A grade of C or better in CGS MAT 221, or placement based on the department Calculus Proficiency Test or AP exam.

**Course Rules:** The order of topics covered in CGS MAT 221 and CGS MAT 222 may depend on the text used and the instructor.

**General Education Requirements:** MS

**Last Taught:** Summer 2020, Spring 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 228 Statistical Analysis**

3 cr.

Elements of probability theory; collection and presentation of sample data; basic problems of statistical inference; applications, including quality control; regression; and hypothesis testing.

**Prerequisites:** grade of C or better in CGS MAT 211, CGS MAT 221, or equivalent.

**General Education Requirements:** MS

**Last Taught:** Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 229 Linear Algebra**

3 cr.

Matrix algebra, linear systems of equations, vector spaces, subspaces, linear dependence, rank of matrices, determinants, linear transformations, eigenvalues and eigenvectors, diagonalization, inner products and orthogonal vectors, and symmetric matrices.

**Prerequisites:** A grade of C or better in CGS MAT 222.

**General Education Requirements:** MS

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 232 Calculus and Analytic Geometry II**

4 cr.

Continuation of CGS MAT 221. Applications of integration, techniques of integration; infinite sequences and series; parametric equations, conic sections, and polar coordinates.

**Prerequisites:** grade of C or better in CGS MAT 221.

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 233 Calculus and Analytic Geometry III**

4 cr.

Continuation of CGS MAT 232. Three-dimensional analytic geometry and vectors; partial derivatives; multiple integrals; vector calculus, with applications.

**Prerequisites:** grade of C or better in CGS MAT 232.

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 234 Linear Algebra and Differential Equations**

4 cr.

Elementary differential equations. Vectors; matrices; linear transformations; quadratic forms; eigenvalues; applications.

**Prerequisites:** grade of C or better in CGS MAT 232 or equivalent.

**General Education Requirements:** MS

**Last Taught:** Summer 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MAT 271 Ordinary Differential Equations**

3 cr.

Ordinary differential equations of the first and second order, series solutions, higher order linear equations, the Wronskian, Laplace transform and applications, numerical methods and boundary value problems.

**Prerequisites:** A grade of C or better in CGS MAT 222.

**General Education Requirements:** MS

**Last Taught:** Spring 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Meteorology (CGS MLG)

**CGS MLG 100 Introduction to Meteorology**

3-4 cr.

Conditions and the processes of the atmosphere that constitute weather; description and explanation of various atmospheric processes.

**Prerequisites:** none.

**Course Rules:** NS (if 4 cr. also LS).

**General Education Requirements:** NS

**Last Taught:** Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Music (CGS MUS)

**CGS MUS 1 Beginning Piano**

1-2 cr.

A study of basic piano technique toward skill in playing five-finger patterns and triads in all major and minor keys, chord progressions in all major keys, major and harmonic minor scales, basic transposition, legato and staccato touch and responsiveness to phrasing.

**Prerequisites:** consent of instructor.

**General Education Requirements:** AP

**Last Taught:** Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MUS 2 Beginning Piano**

1-2 cr.

A continuation of skills learned in MUS 001 extending beyond five-finger patterns, including more complex chord progressions, varied types of touch control, additional major and harmonic minor keys and scales, and sixteenth note rhythms.

**Prerequisites:** successful completion of MUS 001 and/or cons. instr.

**General Education Requirements:** AP

**Last Taught:** Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MUS 3 Elementary Piano**

1-2 cr.

A continuation of skills learned in CGS MUS 002: dexterity playing major and harmonic minor scales and arpeggios, harmonization of a given melody with block chord accompaniment, playing various rhythms including syncopation in simple, compound and asymmetric meters, and reading and playing two parts including alto or tenor clef.

**Prerequisites:** successful completion of CGS MUS 002 and/or consent of instructor.

**General Education Requirements:** AP

**Last Taught:** Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MUS 4 Elementary Piano**

1-2 cr.

A continuation of skills learned in CGS MUS 3 adding scales and arpeggios in additional keys, harmonizing a given melody with an arpeggiated chordal accompaniment, reading and playing in three and four part score format, and additional and varied repertoire.

**Prerequisites:** successful completion of CGS MUS 3 and/or consent of instructor.

**General Education Requirements:** AP

**Last Taught:** Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MUS 70 Orchestra**

1-2 cr.

Open to all students with experience playing an orchestral instrument.

**Prerequisites:** Individual campuses may require an audition for admission.

**Course Rules:** Repeatable to a max of 8 credits.

**General Education Requirements:** AP

**Last Taught:** Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MUS 71 Band**

1-2 cr.

Open to all students with experience playing a band instrument.

**Prerequisites:** Individual campuses may require an audition for admission.

**Course Rules:** Repeatable to a max of 8 credits.

**General Education Requirements:** AP

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MUS 72 Chorus**

1-2 cr.

Open to all students.

**Prerequisites:** Individual campuses may require an audition for admission.**Course Rules:** Repeatable to a max of 8 credits.**General Education Requirements:** AP**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS MUS 170 Fundamentals of Music**

3 cr.

This course is designed to acquaint the student with the fundamentals of music through experiences with the keyboard, rhythm instruments, singing, listening, and note reading. Required for some elementary education majors and open to the general student. Acceptable as preparation for a music major or minor program.

**Prerequisites:** none.**General Education Requirements:** AP**Last Taught:** Fall 2022, Summer 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS MUS 171 Music Theory I**

3 cr.

A detailed study of the development of Western Music's structural techniques and basic compositional components through the study and analysis of harmony and an introduction to counterpoint. Notation, rhythm, major and minor keys, modes, root position triads, inverted chords, non-harmonic tones and an introduction to part writing will be studied. Includes keyboard work to examine, explore and understand the materials studied. Open to all students with consent of instructor. Required of students planning a music major or minor.

**Prerequisites:** Cons. instr.**Course Rules:** Music majors and minors must enroll concurrently in CGS MUS 181 to meet aural skills requirement.**General Education Requirements:** A**Last Taught:** Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS MUS 172 Music Theory II**

3 cr.

Continuation of CGS MUS 171. Melodic harmonization, voice-leading, harmonic and rhythmic progression, dominant seventh and leading-tone seventh chords, non-dominant seventh chords, introduction to modulation, secondary dominant and leading-tone chords, introduction to two and three-part forms and counterpoint will be studied. Required of students planning a music major or minor. Music majors and minors must enroll concurrently in CGS MUS 182 to meet aural skills requirements.

**Prerequisites:** CGS MUS 171.**General Education Requirements:** A**Last Taught:** Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS MUS 173 Music Literature and Appreciation**

3 cr.

A guide to the understanding of music through listening experiences in the various styles and historical periods.

**Prerequisites:** none.**General Education Requirements:** A**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS MUS 173X Music Literature and Appreciation**

3 cr.

A guide to the understanding of music through listening experiences in the various styles and historical periods.

**Prerequisites:** none.**General Education Requirements:** A**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS MUS 174 Music Literature and Appreciation**

3 cr.

A guide to the understanding of music through listening experiences in the various styles and historical periods. Although a continuation of MUS 173, MUS 173 is not a prerequisite for admission to this course.

**Prerequisites:** none.**General Education Requirements:** A**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS MUS 181 Aural Skills I**

2 cr.

Development of skills in sight-singing and ear-training. Required of students planning a music major or minor and enrolled in CGS MUS 171.

**Prerequisites:** none.**General Education Requirements:** AP**Last Taught:** Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS MUS 182 Aural Skills II**

2 cr.

Development of skills in sight-singing and ear-training. Required of students planning a music major or minor and enrolled in CGS MUS 172.

**Prerequisites:** CGS MUS 181.**General Education Requirements:** AP**Last Taught:** Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS MUS 271 Music Theory III**

3 cr.

A continuation of CGS MUS 172 with an introduction to advanced harmony and counterpoint. Concepts of counterpoint, harmonic sequences, chromatic harmony, advanced modulation, Neapolitan and augmented sixth chords, more complex forms such as sonata, concerto, sonata-rondo and the fugue will be studied. Required of students planning a music major or minor.

**Prerequisites:** Music majors and minors must enroll concurrently in CGS MUS 281 to meet aural skills requirements. Prereq. CGS MUS 172.**General Education Requirements:** A**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS MUS 273 Jazz History and Appreciation**

3 cr.

An introduction to the styles and forms of jazz through a study of its history, literature, cultural influences, musical structure, and prominent performers. Includes recorded listening experiences.

**Prerequisites:** none.**General Education Requirements:** A, CD**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS MUS 273X Jazz History and Appreciation**

3 cr.

An introduction to the styles and forms of jazz through a study of its history, literature, cultural influences, musical structure, and prominent performers. Includes recorded listening experiences.

**Prerequisites:** none.**General Education Requirements:** A, CD**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS MUS 278 History of Rock and Roll**

3 cr.

A study of Rock and Roll with emphasis on the roots, origins and influential figures in the history of this cultural phenomenon. Includes recorded listening experiences.

**Prerequisites:** none.**General Education Requirements:** A, CD**Last Taught:** UWinterIM 2024, Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS MUS 281 Aural Skills III**

2 cr.

Development of aural skills in sight-singing and ear-training. Required of students planning a music major or minor and enrolled in CGS MUS 271.

**Prerequisites:** CGS MUS 182.**General Education Requirements:** AP**Last Taught:** Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS MUS 282 Aural Skills IV**

2 cr.

Development of aural skills in sight-singing and ear-training.

**Prerequisites:** CGS MUS 281.**Course Rules:** Required of students planning a music major or minor and enrolled in CGS MUS 272.**General Education Requirements:** AP**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS MUS 285 World Music**

3 cr.

A guide to the understanding of non-Western and ethnic Western music through guided listening experiences of representative music throughout the world; the study of the effect of demographics and geographic concepts within a culture; and the resulting impact on America's diverse musical culture.

**Prerequisites:** none.**General Education Requirements:** A**Last Taught:** Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS MUS 299 Independent Study**

1-3 cr.

Readings, papers, reports or projects to be determined by the instructor.

**Prerequisites:** consent of instructor.**Course Rules:** Repeatable.**Last Taught:** Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS Music Applied (CGS MUA)****CGS MUA 11 Beginning Guitar**

1-2 cr.

**Prerequisites:** none.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS MUA 13 Intermediate Guitar**

1-2 cr.

**Prerequisites:** none.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS Philosophy (CGS PHI)****CGS PHI 101 Introduction to Philosophy**

3 cr.

An introduction to philosophy as an activity of clarifying ideas, developing and evaluating positions and arguments, and thinking critically about the Big Ideas That Matter.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHI 201 Asian Philosophy**

3 cr.

An exploration of philosophically significant topics pertaining to the traditions of Asia. Attention will be paid to arguments pertaining to these topics as well as careful analysis of such classic primary sources as the Upanishads, Bhagavad Gita, Analects, Daodejing, and Zhuangzi.

**Prerequisites:** none.**Course Rules:** CGS PHI 201 and CGS REL 201 are the same course.**General Education Requirements:** HU**Last Taught:** Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHI 202 Feminist Philosophy**

3 cr.

An introduction to feminist philosophies through a study and critique of traditional and feminist views about women, their lives, society, and knowledge, with particular attention to theories of women's oppression.

**Prerequisites:** none.**Course Rules:** CGS PHI 202 and CGS GSW 202 are the same course.**General Education Requirements:** HU**Last Taught:** Summer 2020, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHI 210 Thinking Critically**

3 cr.

Introduction to critical thinking, with an emphasis on its importance to human life e.g., education, employment, morality, politics, religion.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS PHI 211 Elementary Logic**

3 cr.

Principles and methods of logic as a tool for distinguishing good reasoning from bad, as present in anything from science and math to politics and personal relationships. Symbolic, deductive logic primarily propositional logic, with an introduction to predicate logic; may include some informal or inductive logic e.g., fallacies.

**Prerequisites:** none**General Education Requirements:** MS**Last Taught:** Fall 2020, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHI 215 Theory of Knowledge**

3 cr.

An examination of the nature and limits of knowledge and the methods used for obtaining it. Topics typically include the distinction between knowledge and belief, problems of evidence and truth, the role of perception and memory, social aspects of knowledge, realism, relativism, skepticism, correspondence and coherence theories of truth, and the role of various disciplines e.g., philosophy, science, religion in attaining knowledge.

**Prerequisites:** none**General Education Requirements:** HU**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHI 220 Philosophy of Science**

3 cr.

Methods, assumptions, and common misconceptions of the sciences as a source of knowledge of the natural world. Discussion of major figures in the history and philosophy of science e.g., Aristotle, Newton, Einstein, Hume, Popper, Kuhn, central concepts and theories e.g., induction, causality, probability, falsificationism, instrumentalism; the relationship of science to other aspects of society e.g., morality, politics, religion.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Spring 2023, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHI 237 Technology, Values and Society**

3 cr.

Philosophical issues that emerge from the world of technology in which we live. Topics may include freedom, censorship, privacy, equality, democratic participation, intellectual property, education, law enforcement, institutional change, work, and all the personal and public choices about technology and its use with which we are confronted today.

**Prerequisites:** none**General Education Requirements:** HU**Last Taught:** Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHI 241 Ethics**

3 cr.

Philosophical ethics, with attention paid to the philosophical methods of analysis and argumentation used to drive and evaluate moral theories and judgments. Topics may include the nature of moral truth e.g., absolute truth, relativism, pluralism, prominent moral theories e.g., virtue ethics, deontology, utilitarianism, important figures form the history of philosophy e.g., Aristotle, Kant, J.S. Mill, and contemporary moral issues e.g., abortion, capital punishment, euthanasia.

**Prerequisites:** none**General Education Requirements:** HU**Last Taught:** Fall 2023, Summer 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHI 242 Social and Political Philosophy**

3 cr.

An examination of differing philosophical views about human kind and its social and political life. Topics may include the question of political legitimacy, the function of the state, the possible rights and obligations of citizens vis-à-vis the state, general concepts of justice, liberty, equality, and community as well as possible specific conceptions of these terms, and how social goods should be distributed.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHI 243 Business Ethics**

3 cr.

Critical discussion of ethical reasoning and moral values in business and industry; includes relevant case studies and readings.

**Prerequisites:** none.**Course Rules:** CGS BUS 242 and CGS PHI 243 are the same course; they count as repeats of one another.**General Education Requirements:** HU**Last Taught:** UWinterIM 2024, Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHI 244 Environmental Ethics**

3 cr.

A philosophical examination of both traditional and recent concepts and values which structure human attitudes towards the natural environment. Theories may include anthropocentrism, biocentrism, ecocentrism, Leopold's land ethic, deep ecology, and ecofeminism. Topics may include the ethics of using land for large-scale agricultural purposes, factory farming, fishing, hunting, xenotransplantation, species depletion, ozone depletion, and climate change.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS PHI 248 Biomedical Ethics**

3 cr.

Study of ethical issues pertaining to medicine and related biological sciences. Issues covered usually include abortion, euthanasia, truth telling, confidentiality, experimentation on human subjects, behavior modification, genetic engineering, criteria of death, organ transplants, professional relationships, and professional duties.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHI 253 Philosophy of the Arts**

3 cr.

An examination of production, appreciation, and criticism of art. Topics may include the nature of art, the nature of beauty, the functions of art if any, the moral status of works of art, aesthetic evaluation, the antimony of taste, the paradoxes of fiction, tragedy, and horror, and public financing of art. Theories may include the imitation/representation theory, expressionism, formalism, aesthetic experience theory, and institutional theory.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Fall 2020, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHI 258 Human Nature, Religion and Society**

3 cr.

Study and critique of the views of theistic and secular writers concerning religion and its relationship to individual and social problems.

**Prerequisites:** none.**Course Rules:** CGS PHI 258 and CGS REL 258 are the same course.**General Education Requirements:** HU**Last Taught:** Fall 2023, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHI 259 Philosophy and Racism**

3 cr.

Examination of the concept of race in the societies, with concentration on its use in the United States. How racism is seen from the dominant standpoint as opposed to how racism is seen from those who experience it; how the structure of racism has differed in regard to different ethnic groups; comparison of the experience of at least two different ethnic groups in the US in this regard; the place or lack of place of immorality in the creation of and in solutions to the problem.

**Prerequisites:** none.**General Education Requirements:** CD, HU**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHI 261 Philosophy of Religion**

3 cr.

An exploration and critical examination of philosophically significant topics pertaining to religion and its claims of knowledge of reality, divine or otherwise.

**Prerequisites:** none.**Course Rules:** CGS PHI 261 and CGS REL 261 are the same course.**General Education Requirements:** HU**Last Taught:** Fall 2022, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHI 291 Selected Topics in Philosophy**

3 cr.

Each course offering must be approved by both the local campus and the chair of the department.

**Prerequisites:** varies with each offering.**Course Rules:** Repeatable.**Last Taught:** Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHI 299 Independent Reading in Philosophy**

1-3 cr.

Program must be approved by chair of the department.

**Prerequisites:** consent of instructor.**Course Rules:** Repeatable.**Last Taught:** Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Physics (CGS PHY)

**CGS PHY 107 Physics in Everyday Life**

3 cr.

Selected topics for citizens in a technological world. Emphasis on those aspects of science important to an understanding of our surroundings.

For non-science majors.

**Prerequisites:** Math Placement Level 10 or consent of instructor.**Course Rules:** May not be taken concurrently with or after having taken CGS PHY 120.**General Education Requirements:** NS**Last Taught:** Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHY 108 Laboratory for Physics in Everyday Life**

1 cr.

Experiments correlated with CGS PHY 107.

**Prerequisites:** Concurrent enrollment in or completion of CGS PHY 107.**General Education Requirements:** NS+**Last Taught:** Fall 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHY 110 Physics for Health Professions**

4 cr.

An introductory course without laboratory for students in health-related pre-professional programs. Topics include mechanics, fluids, heat, sound, electricity, magnetism, electrical devices, optics, and radioactivity.

**Prerequisites:** HS general science; Math Placement Level 20.**Course Rules:** May not be taken concurrently with or after having taken CGS PHY 120.**General Education Requirements:** NS**Last Taught:** Spring 2022, UWinterIM 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHY 120 General Physics I (Non-Calculus Treatment)**

4 cr.

Mechanics, wave motion, heat, and sound.

**Prerequisites:** Math Placement Level 30 or grade of C or better in CGS MAT 105, CGS MAT 108, or CGS MAT 110.**Course Rules:** Students may not receive credit for both CGS PHY 120 and CGS PHY 209.**General Education Requirements:** NS**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS PHY 121 General Physics Laboratory I (Non-Calculus Treatment)**

1 cr.

Experiments correlated with lecture material of CGS PHY 120.

**Prerequisites:** Concurrent enrollment in or completion of CGS PHY 120.**Course Rules:** Students may not receive credit for both CGS PHY 121 and CGS PHY 214.**General Education Requirements:** NS+**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHY 122 General Physics II (Non-Calculus Treatment)**

4 cr.

Electricity, optics, modern physics.

**Prerequisites:** CGS PHY 120(P).**Course Rules:** 3 hr lecture, 1 hr discussion. Students may not receive credit for both CGS PHY 122 and CGS PHY 210.**General Education Requirements:** NS**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHY 123 General Physics Laboratory II (Non-Calculus Treatment)**

1 cr.

Experiments on topics related to the lecture material of CGS PHY 122.

**Prerequisites:** Concurrent enrollment in or completion of CGS PHY 122.**Course Rules:** Students may not receive credit for both CGS PHY 123 and CGS PHY 215.**General Education Requirements:** NS+**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHY 141 College Physics I**

4-5 cr.

UW COLLEGE COURSES ONLINE ONLY. The study of mechanics, heat, wave motion and sound. Recommended for students majoring in business, elementary education, medical technology, pharmacy, pre-dentistry and pre-medical studies. Three hours of lecture and three-four hours of laboratory-discussion per week or equivalent.

**Prerequisites:** CGS MAT 105 or cons. instr.**Course Rules:** Students may not receive credit for both CGS PHY 141 and 201.**General Education Requirements:** NS+**Last Taught:** Summer 2020, Spring 2020, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHY 142 College Physics II**

4-5 cr.

UW COLLEGE COURSES ONLINE ONLY. A continuation of CGS PHY 141.

Electricity, magnetism, light, and some modern physics.

**Prerequisites:** Grade of C or better in CGS PHY 141 or cons. instr.**Course Rules:** Three hours of lecture and three-four hours of laboratory-discussion per week or equivalent. Students may not receive credit for both CGS PHY 142 and CGS PHY 202.**General Education Requirements:** NS+**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHY 201 University Physics I**

5 cr.

UW COLLEGE COURSES ONLINE ONLY. The study of mechanics, heat, wave motion, and sound.

**Prerequisites:** CGS MAT 221 or concurrent registration with cons. instr.**Course Rules:** Recommended for physical science and engineering majors. Three hours of lecture, one hour of discussion, and three hours of laboratory per week or equivalent. Students may not receive credit for both CGS PHY 141 and CGS PHY 201.**General Education Requirements:** NS+**Last Taught:** Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHY 202 University Physics II**

5 cr.

UW COLLEGE COURSES ONLINE ONLY. A continuation of CGS PHY 201.

Electricity, magnetism, light, and some modern physics.

**Prerequisites:** Grade of C or better in CGS PHY 201 or cons. instr.**Course Rules:** Students may not receive credit for both CGS PHY 142 and CGS PHY 202.**General Education Requirements:** NS+**Last Taught:** Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHY 209 Physics I (Calculus Treatment)**

4 cr.

Selected topics in mechanics, wave motion, sound, and heat.

**Prerequisites:** Completion of or concurrent registration in CGS MAT 221.**Course Rules:** 3 hr lecture, 2 hr discussion. Students may not receive credit for both CGS PHY 120 and CGS PHY 209.**General Education Requirements:** NS**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHY 210 Physics II (Calculus Treatment)**

4 cr.

Continuation of CGS PHY 209. Electromagnetic field theory and optics. 3 hour lecture, 1 hour discussion.

**Prerequisites:** Grade of C- or better in CGS PHY 209.**Course Rules:** Students may not receive credit for both CGS PHY 122 and CGS PHY 210.**General Education Requirements:** NS**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHY 214 Lab Physics I (Calculus Treatment)**

1 cr.

Experiments in mechanics, wave motion, heat, and thermodynamics.

**Prerequisites:** Concurrent enrollment in or completion of CGS PHY 209.**Course Rules:** 3 hr lab. Students may not receive credit for both CGS PHY 121 and CGS PHY 214.**General Education Requirements:** NS+**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS PHY 215 Lab Physics II (Calculus Treatment)**

1 cr.

Experiments in electricity, magnetism, and optics.

**Prerequisites:** Concurrent enrollment in or completion of CGS PHY 210.**Course Rules:** 3 hr lab. Students may not receive credit for both CGS PHY 123 and CGS PHY 215.**General Education Requirements:** NS+**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PHY 299 Independent Study**

1-3 cr.

Independent study under the supervision of an instructor. The work may, for example, consist of advanced laboratory investigation into a particular topic or library research and writing of a paper on some subject of interest.

**Prerequisites:** consent of instructor.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Political Science (CGS POL)

**CGS POL 101 Introduction to Politics**

3 cr.

What is the ideal form of government and society? A survey and analysis of ideas related to citizenship in the community, nation and world, with emphasis on competing political values/ideologies and civic engagement.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS POL 104 American Government and Politics**

3 cr.

Analysis of the decision-making structure and processes of American national government, including the role of parties and interest groups, and the value preferences within American society which affect the formation of public policy.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS POL 104X American Government and Politics**

3 cr.

Analysis of the decision-making structure and processes of American national government, including the role of parties and interest groups, and the value preferences within American society which affect the formation of public policy.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS POL 105 State and Local Supplement to POL 104**

1 cr.

A one-credit study of state and local government.

**Prerequisites:** POL 104 or concurrent enrollment. SS**General Education Requirements:** SS**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS POL 120 Politics of Crime and Punishment**

3 cr.

Focuses on the competing goals of public policy in criminal justice, from public order, due process, efficiency, rights and liberties. Analyzes the interplay of key actors including police, courts and prisons in policy-making and implementation. Includes the role of media and myth.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS POL 160 Comparative Politics**

3 cr.

Studies a select set of important states with different political, economic, and cultural characteristics. Compares economic, social and political issues and policy choices, in addition to governance. Recommended for Business, Journalism, Education, and Political Science majors.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS POL 175 International Politics**

3 cr.

Global problems, issues and debates since the end of the Cold War, including terrorism, cultural and religious conflict and changing power relations. Impact of social, economic and technological change and evolution of the state system. Cooperative problem-solving and peace-making.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Fall 2023, Summer 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS POL 210 Civil Liberties**

3 cr.

An examination of civil liberties and their philosophical underpinnings. Through the reading of U.S. Supreme Court cases and other texts, students will study topics including the constitutional basis of civil liberties, the freedoms of conscience and expression, the rights of persons accused of crime, privacy, and property rights.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Spring 2022, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS POL 215 Media and Politics**

3 cr.

An examination of the impact mass media has had on democratic politics in the United States, including the role media plays in influencing political behavior and attitudes. Topics covered in the class include media bias, media power, use of media by government and interest groups, the role of media in campaigns and elections, and the influence of media on policy makers.

**Prerequisites:** none.**General Education Requirements:** SS**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS POL 219 Public Policy: Power, Conflict, Choice**

3 cr.

Exploration of the public policy-making process in the U.S. with attention to select contemporary issues in American policy debates environment, energy, health, economic management, etc.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Summer 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS POL 231 Sex, Power and Public Policy**

3 cr.

Examination of controversial issues of gender that affect equality and power. Includes women's movement and the search for equality, justice and freedom. Examines political and judicial policies that exemplify success and failure.

**Prerequisites:** none.**Course Rules:** CGS POL 231 and CGS GSW 231 are the same course.**General Education Requirements:** SS**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS POL 275 Politics of Sports**

3 cr.

Examines the world of sports through the intersection of culture, business, politics, and globalization. Sports are examined as an arena to both sustain the status quo and to struggle for political change.

**Prerequisites:** none.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS POL 280 Terrorism**

3 cr.

Terrorism, both current and historic, will be analyzed in its development, logic and impact. Includes controversies over security and liberty, intelligence and forewarning, and deals with political, philosophic and religious aspects. Analysis of alternative responses to terrorism, and local coping strategies disaster management.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS POL 285 Politics of World Inequality and Development**

3 cr.

Why are some countries rich and others poor? Major theories and history of economic development. The role of the state in diverse economies. Effect of the global trade system, democracy, quality of life, and the environment. Examines human rights, experiences of indigenous people, gender, and the role of militarism.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS POL 298 Special Topics**

1-3 cr.

A course for topics which would be appropriate for freshmen and sophomores. Topic and number of credits will be announced in the timetable.

**Prerequisites:** none.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS POL 299 Independent Reading**

1-3 cr.

Survey of literature in a particular subject, possibly concluding with a research project supervised by the instructor. Subject and specific requirements determined by instructor/student agreement.

**Prerequisites:** consent of instructor.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS POL 311 International Political Economy**

3 cr.

This course provides an introduction to the social, cultural, political, and economic issues in international economic cooperation and competition. Concepts, theories, and comparative approaches drawn from multiple social science disciplines are applied to the understanding of the history, transformation, trends and challenges in the pursuit of wealth for global and regional communities, as well as for individual nation states.

**Prerequisites:** Junior standing or consent of instructor.**Course Rules:** CGS POL 175, or CGS POL 160, or CGS POL 104 are strongly recommended.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS POL 385 Politics of World Inequality and Development**

3 cr.

Why are some countries rich and others poor? Major theories and history of economic development. The role of the state in diverse economies. Effects of the global trade system and international financial institutions on economic growth, democracy, quality of life, and the environment. Examines human rights, experiences of indigenous people, gender, and the role of militarism. Junior standing or consent of instructor.

**Prerequisites:** none.**Course Rules:** Recommended CGS POL 175 or CGS POL 160 or CGS POL 104.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Psychology (CGS PSY)

**CGS PSY 201 Introductory Psychology**

4 cr.

Survey of major content areas in Psychology. Topics include research methodology, learning, memory, cognition, biological psychology, sensation, perception, motivation, emotion, development, personality, psychopathology, and social psychology.

**Prerequisites:** none.**Course Rules:** Students may not receive credit for both CGS PSY 201 and CGS PSY 202.**General Education Requirements:** SS**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS PSY 202 Introductory Psychology**

3 cr.

See CGS PSY 201 course description. Students may not receive credit for both CGS PSY 201 and CGS PSY 202.

**Prerequisites:** none.**Course Rules:** Counts as a repeat of PSYCH 101.**General Education Requirements:** SS**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS PSY 202X Introductory Psychology**

3 cr.

See CGS PSY 201 course description. Students may not receive credit for both CGS PSY 201 and CGS PSY 202.

**Prerequisites:** none.

**Course Rules:** Counts as a repeat of PSYCH 101.

**General Education Requirements:** SS

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS PSY 210 Statistical Methods in Psychology**

3 cr.

An introduction to descriptive and inferential statistics. Topics include measures of central tendency, measures of variability, correlation and regression, sampling distributions, and hypothesis testing procedures including t-tests, and analysis of variance.

**Prerequisites:** a grade of C- or better in CGS PSY 201 or CGS PSY 202; completion of or concurrent registration in CGS MAT 103, CGS MAT 105, CGS MAT 108, CGS MAT 116, or Math Placement Level 30 or above; or consent of instructor.

**General Education Requirements:** MS

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS PSY 212 Career Planning and Development for the Multicultural Workplace**

3 cr.

Understanding of and preparation for multicultural work environments; critical reflection on cultural identities, connecting personal history to social and historical forces, understanding bias and oppression.

**Prerequisites:** OWC Part A or CGS ENG 102(P).

**Course Rules:** CGS PSY 212 and ED PSY 212 are jointly offered and count as repeats of one another.

**General Education Requirements:** OWCB

**Last Taught:** Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS PSY 220 Positive Psychology Applied to Culture, Learning, & Development**

3 cr.

Introduction to topics related to happiness and positive aspects of the learning experience, positive psychological constructs that optimize learning.

**Prerequisites:** OWC Part A or CGS ENG 102(P).

**Course Rules:** CGS PSY 220 and ED PSY 220 are jointly offered and count as repeats of one another.

**General Education Requirements:** OWCB

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS PSY 224 Conceptual Introduction to Statistics**

1 cr.

This course is a supplement to CGS PSY 225 for students who have had no previous course in statistics.

**Prerequisites:** PCGS SY 201/CGS PSY 202 grade of C- or better or cons. instr. and concurrent registration in CGS PSY 225.

**Course Rules:** This course is not a substitute for CGS PSY 210 and does not satisfy requirements for an introductory course in statistics.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS PSY 225 Experimental Psychology**

4 cr.

Emphasis on research techniques, design, and methodologies including the collection, analysis, and reporting of psychological data. Lecture and laboratory.

**Prerequisites:** CGS PSY 210 or equivalent statistics course.

**General Education Requirements:** NS+

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS PSY 250 Life Span Developmental Psychology**

3 cr.

A survey of human development theories and research. Topics include the biological, cognitive, emotional, and social development of the individual from the prenatal period through old age and the process of death and dying.

**Prerequisites:** CGS PSY 201 or CGS PSY 202 with a grade of C- or better, or cons. instr.

**Course Rules:** Students taking CGS PSY 250 may not also receive credit for CGS PSY 360 or CGS PSY 362.

**General Education Requirements:** SS

**Last Taught:** Spring 2022, Summer 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS PSY 254 Behavioral Neuroscience**

3 cr.

Discussion of the biological substrates of attention, emotion, motivation, learning, cognition, language and psychopathology; includes an examination of research using lesions, stimulation and neuroimaging.

Some background in biology is strongly recommended

**Prerequisites:** PSY CGS 201 or PSY CGS 202 with a grade of C- or better, or cons. instr.

**General Education Requirements:** NS

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS PSY 299 Directed Study in Psychology**

1-3 cr.

Directed reading of the literature in a particular subject, possibly including a research project, under the personal supervision of the instructor.

**Prerequisites:** a grade of C- or better in CGS PSY 201 or CGS PSY 202 and consent of instructor.

**Last Taught:** Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS PSY 307 Psychology of Personality**

3 cr.

Discussion of major theories and research in personality; may include behavioral, biological, cognitive, dispositional, humanistic, and psychoanalytic perspectives.

**Prerequisites:** CGS PSY 201 or CGS PSY 202 with a grade of C- or better, or cons. instr.

**General Education Requirements:** SS

**Last Taught:** Fall 2023, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS PSY 309 Abnormal Psychology**

3 cr.

Contemporary theory and research on abnormal behavior, includes diagnostic categories, approaches to treatment and understanding of abnormal behavior.

**Prerequisites:** a grade of C- or better in CGS PSY 201 or CGS PSY 202; or consent of instructor. One additional course in psychology is recommended.

**General Education Requirements:** SS

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS PSY 330 Social Psychology**

3 cr.

Theory and research in areas such as social cognition, attitude formation and change, attribution theory, interpersonal attraction, group processes, social influence, aggression and prosocial behavior.

**Prerequisites:** a grade of C- or better in CGS PSY 201 or CGS PSY 202; or consent of instructor.

**General Education Requirements:** SS

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS PSY 360 Psychology of Childhood and Adolescence**

3 cr.

A survey of human development theories and research. Topics include the biological, cognitive, emotional and social development of the individual from the prenatal period through adolescence.

**Prerequisites:** a grade of C- or better in CGS PSY 201 or CGS PSY 202, or consent of instructor.

**Course Rules:** Students may not receive credit for both CGS PSY 360 and CGS PSY 250.

**General Education Requirements:** SS

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS PSY 362 Psychology of Adulthood and Aging**

3 cr.

A survey of human development theories and research. Topics include biological, cognitive, emotional and social development of the individual from young adulthood through old age and the process of death and dying.

**Prerequisites:** a grade of C- or better in CGS PSY 201 or CGS PSY 202, or consent of instructor.

**Course Rules:** Students may not receive credit for both CGS PSY 362 and CGS PSY 250.

**General Education Requirements:** SS

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS Religious Studies (CGS REL)****CGS REL 100X Introduction to the Study of Religion**

3 cr.

Introduction to various methods employed in the academic study of religion, providing opportunity for students to apply these methods to diverse expressions of religious life.

**Prerequisites:** none.

**Course Rules:** Counts as a repeat of CGS REL 101X; students may not take both CGS REL 100X and CGS REL 101 for college credit.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS REL 101 Introduction to the Study of Religion**

3 cr.

Introduction to various methods employed in the academic study of religion, providing opportunity for students to apply these methods to diverse expressions of religious life.

**Prerequisites:** none.

**Course Rules:** Counts as a repeat of CGS REL 100X; students may not take both REL 100X and REL 101 for college credit.

**General Education Requirements:** HU, IS

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS REL 201 Asian Philosophy**

3 cr.

An exploration of philosophically significant topics pertaining to the traditions of Asia. Attention will be paid to arguments pertaining to these topics as well as careful analysis of such classic primary sources as the Upanishads, Bhagavad Gita, Analects, Daodejing, and Zhuangzi.

**Prerequisites:** none.

**Course Rules:** CGS PHI 201 and CGS REL 201 are the same course.

**General Education Requirements:** HU

**Last Taught:** Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS REL 258 Human Nature, Religion and Society**

3 cr.

Study and critique of the views of theistic and secular writers concerning religion and its relationship to individual and social problems.

**Prerequisites:** none.

**Course Rules:** CGS PHI 258 and CGS REL 258 are the same course.

**General Education Requirements:** HU

**Last Taught:** Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS REL 261 Philosophy of Religion**

3 cr.

An exploration and critical examination of philosophically significant topics pertaining to religion and its claims of knowledge of reality, divine or otherwise.

**Prerequisites:** none.

**Course Rules:** CGS PHI 261 and CGS REL 261 are the same course.

**General Education Requirements:** HU

**Last Taught:** Fall 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS REL 275 Religion, Spirituality, and Secularism in Society**

3 cr.

The sociological approach to the study of religious beliefs, practices, and organizations, as found in the world religions, the religions of indigenous peoples, and new religions. Includes the role of religion in socialization, personal identity, family, politics, economics, and other social institutions. How religious patterns relate to race, ethnicity, class, and gender. The place of religion in modern and postmodern societies, including discussions of religion and secularization, fundamentalism, and globalization.

**Prerequisites:** Not recommended for first-semester students, except with consent of instructor.

**Course Rules:** CGS REL 275 and CGS SOC 275 are jointly offered and count as repeats of one another.

**General Education Requirements:** SS

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS REL 276 Religion and the Environment**

3 cr.

Relationship between different religious perspectives and certain ways of viewing and interacting with the natural world, including the effects of these outlooks and their connection to contemporary environmental issues.

**Prerequisites:** none.**General Education Requirements:** HU**Last Taught:** Spring 2023, Spring 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS REL 299 Independent Reading in Religious Studies**

1-3 cr.

Intensive study of a sacred text or of a secondary theological, literary, exegetic or other text within a religious tradition.

**Prerequisites:** none.**General Education Requirements:** HU**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS REL 343 Religion, Magic and Witchcraft**

3 cr.

Descriptions and interpretations of magico-religious beliefs and practices in a variety of cultures from an anthropological perspective; examines theories about religion and some of the conceptual issues regarding the interpretation of religion and related phenomena which have interested anthropologists over time.

**Prerequisites:** none.**Course Rules:** CGS ANT 343 and CGS REL 343 are the same course. Not recommended for first-semester students.**General Education Requirements:** SS**Last Taught:** Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Sociology (CGS SOC)

**CGS SOC 101 Introduction to Sociology**

3 cr.

Introduction to the basic concepts, theories and methods of Sociology, emphasizing the significance of the self and culture, social process and organization, and forces of social stability and change.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS SOC 101X Introduction to Sociology**

3 cr.

Introduction to the basic concepts, theories and methods of Sociology, emphasizing the significance of the self and culture, social process and organization, and forces of social stability and change.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS SOC 130 Contemporary Social Problems**

3 cr.

Sociological analysis of the nature, extent, causes, and potential solutions to selected major social problems such as poverty and wealth, racial and gender discrimination, crime and violence, drug abuse, family problems, quality of education, inadequate health care, population problems, intergroup conflict, and threats to the environment.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Spring 2020, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS SOC 160 Sociology of Human Sexuality**

3 cr.

Sociological overview of issues in human sexuality. Course is based on sociological investigations of the origins, nature and biosocial consequences of varying customs and ideals of human sexuality. Among topics that may be covered are: sex and family life, contraception, abortion and social power, violations of sexual norms and ideas about sexual propriety, origins and impact of sexual liberation movements, sociosexual aspects of epidemics, sociological interpretations of sexual dissatisfactions.

**Prerequisites:** none.**General Education Requirements:** SS**Last Taught:** Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS SOC 205 Global Social Problems**

3 cr.

Sociological analysis of the nature, extent, causes, and potential solutions to global social problems such as consumerism, poverty and wealth, human rights, population growth and hunger, health issues, militarism and terrorism, and threats to the environment.

**Prerequisites:** Not recommended for first-semester students.**General Education Requirements:** SS**Last Taught:** Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS SOC 220 Sociology of Marriage and the Family**

3 cr.

Marriage and the family as social institutions in a changing world. Historical changes and societal variations in family patterns. Changes over the life cycle. Explores the sources and consequences of a variety of family forms.

**Prerequisites:** Not recommended for first-semester students.**General Education Requirements:** SS**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CGS SOC 231 Crime and Criminal Justice**

3 cr.

Explores the nature of crime and reviews ideas about definitions, causes, and solutions. Includes an introduction to the day-to-day functioning of the criminal justice system, the police, lawyers, courts, and correctional personnel.

**Prerequisites:** Not recommended for first-semester students.**General Education Requirements:** SS**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS SOC 234 Sociology of Race and Ethnicity**

3 cr.

The experience of American racial, religious, ethnic and nationality groups. The nature of intergroup relations in the United States. Relationship of intergroup dynamics to social change, and to basic ideological, technological, and institutional structures and processes. Emphasis on social conflict over the distribution of economic and political power, family patterns, housing, education and access to the legal system.

**Prerequisites:** Not recommended for first-semester students.

**General Education Requirements:** CD, SS

**Last Taught:** UWinterIM 2024, Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS SOC 246 Juvenile Delinquency**

3 cr.

Examines the theories of the nature, causes, consequences, and prevention of juvenile misbehavior through examination of historic changes in the definition and frequency of juvenile offenses. Controversies over the practice of distinguishing juvenile crime and misbehavior from adult crime. Controversies over the treatment and punishment of juveniles, in connection with the activities of juvenile courts, parents and school officials, local communities, police departments, politicians, networks of attorneys and treatment personnel, and correctional authorities.

**Prerequisites:** Not recommended for first-semester students.

**General Education Requirements:** SS

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS SOC 250 People, Organizations, and Society**

3 cr.

Role of organizations, including business, governmental, and educational, in American society. Impact of organizations on members and clients, the internal dynamics of organizations, and the interchange between organizations and their environment, including the society as a whole.

**Prerequisites:** Not recommended for first-semester students.

**General Education Requirements:** SS

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS SOC 275 Religion, Spirituality, and Secularism in Society**

3 cr.

The sociological approach to the study of religious beliefs, practices, and organizations, as found in the world religions, the religions of indigenous peoples, and new religions. Includes the role of religion in socialization, personal identity, family, politics, economics, and other social institutions. How religious patterns relate to race, ethnicity, class, and gender. The place of religion in modern and postmodern societies, including discussions of religion and secularization, fundamentalism, and globalization.

**Prerequisites:** Not recommended for first-semester students, except with consent of instructor.

**Course Rules:** CGS REL 275 and CGS SOC 275 are jointly offered and count as repeats of one another.

**General Education Requirements:** SS

**Last Taught:** Spring 2022, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS SOC 285 Sociology of Health and Illness**

3 cr.

Sociological perspectives on health and illness, with special attention to changes in patterns of illness and death as they relate to broader socio-economic changes and to changes in orientation and organization of health care providers. Among major topics that the course covers are: competing theories of disease and death trends; social circumstances under which epidemics emerge and are curbed; public health and medical center models of providing health care and preventing disease, injury, and death; organization of health care providers; comparisons among health systems.

**Prerequisites:** Not recommended for first-semester students.

**General Education Requirements:** SS

**Last Taught:** Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS SOC 294 Practice in Applied Sociology**

1-3 cr.

An individually arranged internship in an area museum, field site, public agency, or other organizations for students to gain practical experience as field researchers. Intended for advanced students with prior Sociology coursework. Students will work under the supervision of a department member and receive credit based on hours employed and completion of a final report summarizing how their experiences reflect classroom learning and how they will apply their experience in future work.

**Prerequisites:** previous Sociology course and consent of instructor.

**Course Rules:** Repeatable for a maximum of six credits.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS SOC 299 Independent Reading in Sociology**

1-3 cr.

**Prerequisites:** consent of instructor.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS SOC 355 Sociology of the Environment**

3 cr.

Explores the socio-cultural foundations of our relationship with the natural environment. Examines the relationship between environmental degradation and social, political, and economic structures. Explores beliefs and values about the environment and their expression in various forms of environmentalism and environmental movements. Also analyzes the presentation of environmental issues in cultural, political, and scientific domains.

**Prerequisites:** Not recommended for first-semester students.

**General Education Requirements:** SS

**Last Taught:** Fall 2023, Summer 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS SOC 455 Sociology of the Environment**

3 cr.

Socio-cultural foundations of our relationship with the natural environment; relationship between environmental degradation and social, political, and economic structures; beliefs and values about the environment and their expression in various forms of environmentalism and environmental movements. Also analyzes the presentation of environmental issues in cultural, political, and scientific domains.

**Prerequisites:** junior standing or consent of instructor.

**Last Taught:** Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## CGS Spanish (CGS SPA)

### CGS SPA 101 First Semester Spanish

4 cr.

For students who have had no previous training in the language. Emphasis on reading, writing, listening, and speaking in Spanish. Classes also may include cultural studies of Spain and Latin America.

**Prerequisites:** none.

**Course Rules:** Field trip may be required.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS SPA 101X First Semester Spanish

4 cr.

For students who have had no previous training in the language. Emphasis on reading, writing, listening, and speaking in Spanish. Classes also may include cultural studies of Spain and Latin America.

**Prerequisites:** none.

**Course Rules:** Field trip may be required.

**Last Taught:** Fall 2023, Spring 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS SPA 102 Second Semester Spanish

4 cr.

This course is a continuation of CGS SPA 101. This course integrates cultural studies of Spanish-speaking countries while emphasizing reading, writing, listening, and speaking in Spanish.

**Prerequisites:** CGS SPA 101 or requisite placement test score or consent of instructor.

**Course Rules:** Field trip may be required.

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS SPA 102X Second Semester Spanish

4 cr.

This course is a continuation of CGS SPA 101. This course integrates cultural studies of Spanish-speaking countries while emphasizing reading, writing, listening, and speaking in Spanish.

**Prerequisites:** CGS SPA 101 or requisite placement test score or consent of instructor.

**Course Rules:** Field trip may be required.

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS SPA 201 Third Semester Spanish

4 cr.

This course stresses the further development and practice of speaking, reading, writing, and listening for students who have had prior experience with the language. This course emphasizes the study of customs, traditions and ideas frequently associated with Spanish-speaking regions and probes common stereotypes in order to better understand a variety of beliefs about culture in Spanish-speaking regions including the US.

**Prerequisites:** CGS SPA 102 or requisite placement test score or consent of instructor.

**General Education Requirements:** HU

**Last Taught:** Fall 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS SPA 202 Fourth Semester Spanish

4 cr.

Continuation of CGS SPA 201. Further development and practice of speaking, reading, writing, and listening for students w/ prior experience with the language. Emphasis on customs, traditions and ideas frequently associated with Spanish-speaking regions and probes common stereotypes in order to better understand a variety of beliefs about culture in Spanish-speaking regions including the US.

**Prerequisites:** CGS SPA 201 or requisite placement test score or consent of instructor.

**Course Rules:** Field trip may be required.

**General Education Requirements:** HU

**Last Taught:** Spring 2023, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS SPA 205 Fourth Semester Spanish

4 cr.

This course is a continuation of SPA CGS 201. This course stresses the further development and practice of speaking, reading, writing, and listening for students who have had prior experience with the language. This course emphasizes the study of customs, traditions and ideas frequently associated with Spanish-speaking regions and probes common stereotypes in order to better understand a variety of beliefs about culture in Spanish-speaking regions including the US.

**Prerequisites:** CGS SPA 201 or requisite placement test score or consent of instructor.

**Course Rules:** Field trip may be required.

**General Education Requirements:** HU

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS SPA 225 Conversation & Composition

3 cr.

Development of written and oral proficiency through systematic exposure to modern cultural developments as found in a variety of contemporary texts. Discussion and composition exercises deal with cultural topics introduced by original authors.

**Prerequisites:** CGS SPA 205(P) or CGS SPA 207(P) or consent of instructor.

**General Education Requirements:** HU

**Last Taught:** Fall 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

### CGS SPA 226 Conversation and Composition

3 cr.

Continuation of CGS SPA 225.

**Prerequisites:** CGS SPA 225(P) or consent of instructor.

**General Education Requirements:** HU

**Last Taught:** Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CGS SPA 236 The Culture and Civilization of Latin America**

1-3 cr.

Lectures and readings in English on the art, music, architecture, history, and politics, as well as the social and economic problems of Latin-American countries from pre-Columbian times to the present. Latin Americans in the United States and their relationship with Latin America will be examined.

**Prerequisites:** none.**Course Rules:** No knowledge of Spanish required. No foreign language credit.**General Education Requirements:** HU**Last Taught:** Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## Chemistry and Biochemistry (CHEM)

**CHEM 100 Chemical Science**

4 cr. Undergraduate.

Introductory course in general inorganic chemistry designed for the student with little or no previous science training. 3 hrs lec, 1 hr dis.

**Prerequisites:** Math 105(C) or Math 108(C) or Math 116(C) or Level 30 on Math Placement Test.**Course Rules:** Not open for cr to students who have cr in Chem 102.**General Education Requirements:** NS**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 101 Chemical Science**

5 cr. Undergraduate.

Introductory chemistry with an emphasis on organic chemistry and selected aspects of general chemistry. 3 hrs lec, 2 hrs lab, 1 hr dis.

**Prerequisites:** a score of 1 on the chem placement test, and one of the following: MATH 105(C), MATH 108(C), Math 116(C) or Level 30 on Math Placement Test; or a grade of C or better in CHEM 100(P).**Course Rules:** Designed for students in nursing and related fields. Not open for cr to students who have cr in CHEM 341 or CHEM 343; may not serve as a prerequisite for CHEM 341 or CHEM 343.**General Education Requirements:** NS+**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 102 General Chemistry**

5 cr. Undergraduate.

Introductory college chemistry. Modern fundamental principles of chemistry, with emphasis on the chemistry of nonmetals. 3 hrs lec, 3 hrs lab, 1 hr dis.

**Prerequisites:** score of 1 on chem placement test, & Level 30 on Math Placement Test or a satisfactory grade in any appropriate math course equal to or greater than UWM Math 105 or 108; or min grade C in Chem 100(P).**General Education Requirements:** NS+**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 103 Survey of Biochemistry**

5 cr. Undergraduate.

The nature of materials of biological systems. 3 hrs lec, 1 hr dis, 3 hrs lab.

**Prerequisites:** grade of C or better in Chem 101(P).**Course Rules:** Designed for students in nursing and related fields. Not open for cr to chem majors; may not serve as a prereq for Chem 341 or 343.**General Education Requirements:** NS+**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 104 General Chemistry and Qualitative Analysis**

5 cr. Undergraduate.

Continuation of Chem 102. 3 hrs lec, 3 hrs lab, 1 hr dis.

**Prerequisites:** grade C or better in Chem 102(P).**General Education Requirements:** NS+**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 105 General Chemistry for Engineering**

5 cr. Undergraduate.

Modern principles of chemistry with emphasis on applications in engineering fields.

**Prerequisites:** a score of 1 on chemistry placement test; level 30 on Math Placement Test or a satisfactory grade in any appropriate math course equal to or greater than MATH 105 or MATH 108; or a grade of C in CHEM 100(P).**Course Rules:** Not open to students with credit in CHEM 104(ER). Does not fulfill the prerequisite for CHEM 221, CHEM 341, or CHEM 343.**General Education Requirements:** NS+**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 106 Chemistry in the World Around Us--Chemistry for the Non-Science Major**

3 cr. Undergraduate.

An introduction to chemistry with an emphasis on outlining how chemistry affects our everyday lives. 3 hrs lec, 2 hrs lab/dis.

**Prerequisites:** none.**Course Rules:** Intended for non-science majors and minors; does not carry cr toward chem or biochem majors or chem minor.**General Education Requirements:** NS+**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 113 General Chemistry**

4 cr. Undergraduate.

Introductory college chemistry. Modern fundamental principles of chemistry, with emphasis on the chemistry of nonmetals. 3 hrs lec, 1 hr dis.

**Prerequisites:** score of 1 on chem placement test, & Level 30 on Math Placement Test or a satisfactory grade in any appropriate math course equal to or greater than UWM MATH 105 or MATH 108; or min grade C in CHEM 100(P).**Course Rules:** CHEM 113 and CHEM 114 are equivalent to CHEM 102. A student may not earn credit in both CHEM 113 and CHEM 114, and also CHEM 102.**General Education Requirements:** NS+**Last Taught:** Summer 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 115 General Chemistry and Qualitative Analysis**

4 cr. Undergraduate.

Continuation of CHEM 102. 3 hrs lec, 1 hr dis.

**Prerequisites:** a grade C or better in CHEM 102(P).

**Course Rules:** CHEM 115 and CHEM 116 are equivalent to CHEM 104. A student may not earn credit in both CHEM 115 and CHEM 116, and also CHEM 104.

**General Education Requirements:** NS+

**Last Taught:** Summer 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 116 General Chemistry and Qualitative Analysis Laboratory**

1 cr. Undergraduate.

Continuation of CHEM 102. 3 hrs lab.

**Prerequisites:** a grade C or better in CHEM 102(P).

**Course Rules:** CHEM 115 and CHEM 116 are equivalent to CHEM 104. A student may not earn credit in both CHEM 115 and CHEM 116, and also CHEM 104.

**General Education Requirements:** NS+

**Last Taught:** Spring 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 185 Basic Chemistry for Teachers**

3 cr. Undergraduate.

Chemical models, atoms, and molecules; properties of elements; useful chemical reactions; application to elementary education classrooms. 2 hrs lec; 2 hrs lab/dis.

**Prerequisites:** Math 176(P) or cons instr.

**General Education Requirements:** NS+

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 194 First-Year Seminar:**

3 cr. Undergraduate.

The specific topics are announced in the Schedule of Classes each time the class is offered.

**Prerequisites:** none.

**Course Rules:** Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).

**General Education Requirements:** NS

**Last Taught:** Fall 2020, Fall 2019, Fall 2016, Fall 2015.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 210 Introduction to Fermentation Chemistry**

3 cr. Undergraduate.

Concepts of chemistry in the context of fermentation. The ideas of mass balance, equilibrium, rate and catalysis are applicable to fermentation.

**Prerequisites:** none.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 221 Elementary Quantitative Analysis**

4 cr. Undergraduate.

Introduction to modern chemical analysis, including volumetric, gravimetric, electrochemical, and chromatographic methods. 2 hrs lec, 6 hrs lab.

**Prerequisites:** a grade of C or better in Chem 104(P).

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 281 Dead Men Do Tell Tales: An Introduction to Forensic Science**

3 cr. Undergraduate.

A multidisciplinary view of how forensic scientists contribute to the many ways that physical evidence is collected, analyzed, and evaluated.

**Prerequisites:** none.

**Course Rules:** ANTHRO 281, BMS 281, CHEM 281, and CRM JST 281 are jointly offered and count as repeats of one another.

**Last Taught:** Fall 2023, Spring 2022, Fall 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 285 Medicolegal Death Investigation**

3 cr. Undergraduate.

Lectures on the fundamentals of death investigation as outlined by national guidelines for death investigators.

**Prerequisites:** none.

**Course Rules:** Jointly-offered with & counts as repeat of Anthro/BMS(C L Sci)/Crm Jst 285.

**Last Taught:** Fall 2021, Fall 2020, Fall 2019, Fall 2015.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 289 Internship in Chemistry, Lower Division**

1-6 cr. Undergraduate.

Application of basic principles of chemistry in a business, organizational, educational, political, or other appropriate setting.

**Prerequisites:** intro course in chem; 2.25 gpa; cons supervising faculty member.

**Course Rules:** One cr earned for academic work based on 40 hours in internship. May be retaken to 6 cr max.

**Last Taught:** Summer 2018, Fall 2010, Spring 2009, Fall 2008.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 297 Study Abroad:**

1-12 cr. Undergraduate.

Designed to enroll students in UWM sponsored program before course work level, content and credits are determined and/or in specially prepared program course work.

**Prerequisites:** acceptance for Study Abroad Prog.

**Course Rules:** May be retaken w/chg in topic.

**Last Taught:** Fall 2018, Spring 2017, Spring 2010, Spring 2009.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 299 Ad Hoc:**

1-6 cr. Undergraduate.

Course created expressly for offering in a specified enrollment period.

Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem. May be retaken w/chg in topic.

**Prerequisites:** none; add'l prereqs may be assigned to specific topic.

**Last Taught:** Spring 2018, Fall 2015.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 311 Introduction to Inorganic Chemistry**

3 cr. Undergraduate.

Inorganic chemistry; solid state chemistry, coordination chemistry, main-group chemistry.

**Prerequisites:** grade of C or better in Chem 104(P).

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 321 Introduction to Environmental Chemistry**

3 cr. Undergraduate.

Fundamental concepts in environmental chemistry: chemical speciation, transport, and fate of pollutants; dynamics of pollutants in the environment; case studies of environmental contamination.

**Prerequisites:** grade of C or better in CHEM 104(P).**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 341 Introductory Survey of Organic Chemistry**

3 cr. Undergraduate.

Intended for students who expect to take only one semester of organic chemistry.

**Prerequisites:** grade of C or better in Chem 104(P); conc reg in Chem 342(R).**Course Rules:** Not open for cr to students who have credit in Chem 343.**Last Taught:** Fall 2023, Fall 2022, Spring 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 342 Introductory Organic Chemistry Laboratory**

2 cr. Undergraduate.

6 hrs lab.

**Prerequisites:** a grade of C or better in Chem 104(P); conc reg in 341(R).**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 343 Organic Chemistry**

3 cr. Undergraduate.

For students who intend to take more than one semester of organic chemistry.

**Prerequisites:** grade of C or better in Chem 104(P).**Course Rules:** Not open for cr to students who have credit in Chem 341.**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 344 Organic Chemistry Laboratory**

2 cr. Undergraduate.

6 hr lab.

**Prerequisites:** grade C or better Chem 343(P); conc reg Chem 345(R).**Course Rules:** Not open for cr to students who have credit in Chem 342.**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 345 Organic Chemistry**

3 cr. Undergraduate.

Continuation of Chem 343.

**Prerequisites:** grade of C or better in Chem 343(P); conc reg Chem 344(R).**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 381 Honors Seminar**

3 cr. Undergraduate.

Discussion of aspects of the relationship of chemistry and society.

**Prerequisites:** soph st; Honors 200(P); cons Honors College dir; add'l prereq possible depending on specific topic.**Course Rules:** May be retaken w/chg in topic to 9 cr max.**General Education Requirements:** NS**Last Taught:** Fall 2023, Spring 2023, Spring 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 399 Special Chemical Problems:**

1-4 cr. Undergraduate.

Directed study or research on topics selected by the instructor.

**Prerequisites:** Chem 104(P); cons instr.**Course Rules:** May be retaken to 7 cr max.**Last Taught:** Spring 2023, Fall 2022, Spring 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 481 Criminalistics**

3 cr. Undergraduate.

Instruction on collection, preservation, and analysis of physical evidence from crime scenes. Instruction on the rules of evidence and expert testimony.

**Prerequisites:** jr st; admis to Forensic Sci cert prog; Anthro/Chem/C L Sci/Crm Jst 281(P); Crm Jst 480(P).**Course Rules:** Anthro 481, Chem 481, BMS(C L Sci) 481, & Crm Jst 481 are jointly offered; they count as repeats of one another.**Last Taught:** Spring 2023, Spring 2022, Spring 2019, Spring 2017.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 489 Internship in Chemistry, Upper Division**

1-6 cr. Undergraduate.

Application of advanced principles of chemistry in a business, organizational, educational, political, or other appropriate setting.

**Prerequisites:** jr st; 300-level or above course in Chem; 2.25 gpa; cons supervising faculty member.**Course Rules:** One cr earned for academic work based on 40 hours in internship. May be retaken to 6 cr max.**Last Taught:** Spring 2018, Spring 2017, Summer 2015, Spring 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 497 Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Designed to enroll students in UWM sponsored program before course work level, content and credits are determined and/or in specially prepared program course work.

**Prerequisites:** jr st; acceptance for Study Abroad Prog.**Course Rules:** May be retaken w/chg in topic.**Last Taught:** Fall 2008, Spring 2000.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 497G Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Designed to enroll students in UWM sponsored program before course work level, content and credits are determined and/or in specially prepared program course work.

**Prerequisites:** jr st; acceptance for Study Abroad Prog.**Course Rules:** May be retaken w/chg in topic.**Last Taught:** Fall 2008, Spring 2000.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 499 Ad Hoc:**

1-6 cr. Undergraduate.

Course created expressly for offering in a specified enrollment period.

Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.

**Prerequisites:** jr st.**Course Rules:** May be retaken w/chg in topic.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 501 Introduction to Biochemistry**

3 cr. Undergraduate/Graduate.

The chemistry of biological systems.

**Prerequisites:** jr st; grade of C or better in Chem 341(P) or 345(P).**Course Rules:** Does not count toward graduate degree in chemistry.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 501G Introduction to Biochemistry**

3 cr. Undergraduate/Graduate.

The chemistry of biological systems.

**Prerequisites:** jr st; grade of C or better in Chem 341(P) or 345(P).**Course Rules:** Does not count toward graduate degree in chemistry.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 502 Development of Modern Chemistry**

2 cr. Undergraduate/Graduate.

Traces the development of chemistry from ancient to modern times.

**Prerequisites:** jr st; a grade of C or better in Chem 221(P) or 223(P), & Chem 341(P) or 343(P).**Last Taught:** Spring 2020, Spring 2018.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 502G Development of Modern Chemistry**

2 cr. Undergraduate/Graduate.

Traces the development of chemistry from ancient to modern times.

**Prerequisites:** jr st; a grade of C or better in Chem 221(P) or 223(P), & Chem 341(P) or 343(P).**Last Taught:** Spring 2020, Spring 2018.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 511 Inorganic Chemistry**

3 cr. Undergraduate/Graduate.

Introduction to theoretical principles and descriptive chemistry of the elements.

**Prerequisites:** jr st & grade of C or better in Chem 562(P); or grad st.**Course Rules:** Does not count toward graduate degree in Chemistry.**Last Taught:** Spring 2017, Spring 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 511G Inorganic Chemistry**

3 cr. Undergraduate/Graduate.

Introduction to theoretical principles and descriptive chemistry of the elements.

**Prerequisites:** jr st & grade of C or better in Chem 562(P); or grad st.**Course Rules:** Does not count toward graduate degree in Chemistry.**Last Taught:** Spring 2017, Spring 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 524 Instrumental Analysis**

3 cr. Undergraduate/Graduate.

Chemical equilibria, separations, and theory and practice of instrumental measurements.

**Prerequisites:** jr st; grade of C or better in Chem 221(P) or 223(P).**Course Rules:** Does not count toward a graduate degree in chemistry.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 524G Instrumental Analysis**

3 cr. Undergraduate/Graduate.

Chemical equilibria, separations, and theory and practice of instrumental measurements.

**Prerequisites:** jr st; grade of C or better in Chem 221(P) or 223(P).**Course Rules:** Does not count toward a graduate degree in chemistry.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 541 Bioprocess Chemical Engineering**

3 cr. Undergraduate.

Technical aspects of biotechnology and fermentation based on reactor design and function.

**Prerequisites:** jr st; grade of C or better in Chem 501(P).**Last Taught:** Fall 2015.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 543 Bioproduct Regulatory Protocols Laboratory**

3 cr. Undergraduate/Graduate.

Experiments in the production, purification, and characterization of biopharmaceuticals for the treatment of human disease in compliance with ICH and FDA guidelines.

**Prerequisites:** jr st; Chem/Bio Sci 537(P); Chem 541(P); Chem 501(P).**Last Taught:** Spring 2017, Spring 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 543G Bioproduct Regulatory Protocols Laboratory**

3 cr. Undergraduate/Graduate.

Experiments in the production, purification, and characterization of biopharmaceuticals for the treatment of human disease in compliance with ICH and FDA guidelines.

**Prerequisites:** jr st; Chem/Bio Sci 537(P); Chem 541(P); Chem 501(P).**Last Taught:** Spring 2017, Spring 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 560 Biophysical Chemistry**

3 cr. Undergraduate/Graduate.

General course designed for majors in fields other than chemistry.

**Prerequisites:** junior standing, a grade of C or better in CHEM 104(P), and MATH 211(P) or equivalent.**Course Rules:** Does not count toward a graduate degree in chemistry.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 560G Biophysical Chemistry**

3 cr. Undergraduate/Graduate.

General course designed for majors in fields other than chemistry.

**Prerequisites:** junior standing, a grade of C or better in CHEM 104(P), and MATH 211(P) or equivalent.**Course Rules:** Does not count toward a graduate degree in chemistry.**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 561 Physical Chemistry I**

3 cr. Undergraduate/Graduate.

Primary focus on chemical thermodynamics.

**Prerequisites:** jr st; grades of C or better in Chem 104(P), Physics 210(P) & 215(P), & Math 233(P); ElecEng 234(R) or Math 234(R).**Course Rules:** Does not count toward a graduate degree in chemistry.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 561G Physical Chemistry I**

3 cr. Undergraduate/Graduate.

Primary focus on chemical thermodynamics.

**Prerequisites:** jr st; grades of C or better in Chem 104(P), Physics 210(P) & 215(P), & Math 233(P); ElecEng 234(R) or Math 234(R).**Course Rules:** Does not count toward a graduate degree in chemistry.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 562 Physical Chemistry II**

3 cr. Undergraduate/Graduate.

Continuation of Chem 561; course content is largely kinetics, statistical mechanics, and quantum chemistry.

**Prerequisites:** jr st; grade of C or better in Chem 561(P).**Course Rules:** Does not count toward a graduate degree in chemistry.**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 562G Physical Chemistry II**

3 cr. Undergraduate/Graduate.

Continuation of Chem 561; course content is largely kinetics, statistical mechanics, and quantum chemistry.

**Prerequisites:** jr st; grade of C or better in Chem 561(P).**Course Rules:** Does not count toward a graduate degree in chemistry.**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 563 Physical Chemistry Laboratory**

1-2 cr. Undergraduate/Graduate.

**Prerequisites:** jr st & grade of C or better in Chem 221(P) or 223(P) & Chem 561(P).**Course Rules:** Carries grad cr for students other than chem students.**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 563G Physical Chemistry Laboratory**

1-2 cr. Undergraduate/Graduate.

**Prerequisites:** jr st & grade of C or better in Chem 221(P) or 223(P) & Chem 561(P).**Course Rules:** Carries grad cr for students other than chem students.**Last Taught:** Fall 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 582 Advanced Chemistry Laboratory I**

2 cr. Undergraduate.

Modern advanced chemical synthesis techniques.

**Prerequisites:** grade of C or better in Chem 344(P).**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 584 Advanced Chemistry Laboratory II**

2 cr. Undergraduate.

Advanced laboratory for analysis and characterization of chemical compounds.

**Prerequisites:** grade of C or better in Chem 344(P), 524(P), & 563(P).**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 585 Internship in Forensic Toxicology**

1-3 cr. Undergraduate.

Practical experience in a forensic toxicology laboratory under the supervision of a toxicologist.

**Prerequisites:** jr st; admis to Forensic Sci cert prog; Anthro/Chem/BMS(C L Sci)/Crm Jst 281(P) & 285(P); Chem 221(P) or 223(P); Crm Jst 480(P); Hepatitis B vaccine series or waiver.**Course Rules:** Anthro 585, Chem 585, BMS(C L Sci) 585, & Crm Jst 585 are jointly offered; they count as repeats of one another.**Last Taught:** Fall 2014, Fall 2005, Spring 2004.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 589 Internship in Death Investigation**

1-3 cr. Undergraduate.

Practical experience in death investigation under the supervision of a death investigator and forensic pathologist.

**Prerequisites:** jr st; admis to Forensic Sci certif prog; Anthro/Chem/BMS(C L Sci)/Crm Jst 281(P); Crm Jst 480(P); BMS(C L Sci) 620(R); Hepatitis B vaccine series or waiver.**Course Rules:** Anthro 589, Chem 589, BMS(C L Sci) 589, & Crm Jst 589 are jointly offered; they count as repeats of one another.**Last Taught:** Fall 2023, Fall 2021, Spring 2012, Fall 2002.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 594 Internship in Forensic Science**

1-3 cr. Undergraduate.

On-site shadowing of evidence analyst at State Crime Laboratory.

**Prerequisites:** jr st; admis to Forensic Sci cert prog; Anthro/Chem/BMS(C L Sci)/Crm Jst 281(P); Chem 221(P) or 223(P); Crm Jst 480(P); Hepatitis B vaccine series or waiver.**Course Rules:** Anthro 594, Chem 594, BMS(C L Sci) 594, & Crm Jst 594 are jointly offered; they count as repeats of one another.**Last Taught:** Fall 2022, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 599 Special Projects in Chemistry**

3-5 cr. Undergraduate/Graduate.

Directed study or research on subjects selected by the instructor. For further information consult dept chair.

**Prerequisites:** jr st; cons instr.**Course Rules:** May be retaken to 7 cr max. Does not count toward a graduate degree in chemistry.**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 599G Special Projects in Chemistry**

3-5 cr. Undergraduate/Graduate.

Directed study or research on subjects selected by the instructor. For further information consult dept chair.

**Prerequisites:** jr st; cons instr.**Course Rules:** May be retaken to 7 cr max. Does not count toward a graduate degree in chemistry.**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 601 Biochemistry: Protein Structure and Function**

3 cr. Undergraduate/Graduate.

Cellular synthesis of proteins, protein structure/function, enzyme mechanisms.

**Prerequisites:** jr st; grades of C or better in Chem 345(P), 501(P), & either 560(C) or 562(C).**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 601G Biochemistry: Protein Structure and Function**

3 cr. Undergraduate/Graduate.

Cellular synthesis of proteins, protein structure/function, enzyme mechanisms.

**Prerequisites:** jr st; grades of C or better in Chem 345(P), 501(P), & either 560(C) or 562(C).**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 602 Biochemistry: Cellular Processes**

3 cr. Undergraduate/Graduate.

Biosynthesis and metabolism of nucleic acids, structure and replication of DNA, control of gene expression, signal transduction.

**Prerequisites:** jr st; grade of C or better in Chem 501(P) or cons instr.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 602G Biochemistry: Cellular Processes**

3 cr. Undergraduate/Graduate.

Biosynthesis and metabolism of nucleic acids, structure and replication of DNA, control of gene expression, signal transduction.

**Prerequisites:** jr st; grade of C or better in Chem 501(P) or cons instr.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 603 Introduction to Biochemistry Laboratory**

2 cr. Undergraduate/Graduate.

Experiments in biological preparations, colorimetry, and chromatography.

**Prerequisites:** junior standing; a grade of C or better in CHEM 221(P) or CHEM 223(P); a grade of C or better in CHEM 501(P).**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 603G Introduction to Biochemistry Laboratory**

2 cr. Undergraduate/Graduate.

Experiments in biological preparations, colorimetry, and chromatography.

**Prerequisites:** junior standing; a grade of C or better in CHEM 221(P) or CHEM 223(P); a grade of C or better in CHEM 501(P).**Last Taught:** Fall 2023, Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 604 Biochemistry: Metabolism**

3 cr. Undergraduate/Graduate.

Glycolysis, photosynthesis, biosynthesis, metabolism.

**Prerequisites:** jr st; grade of C or better in Chem 501(P) or cons instr.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 604G Biochemistry: Metabolism**

3 cr. Undergraduate/Graduate.

Glycolysis, photosynthesis, biosynthesis, metabolism.

**Prerequisites:** jr st; grade of C or better in Chem 501(P) or cons instr.**Last Taught:** Spring 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 611 Physical Inorganic Chemistry**

3 cr. Undergraduate/Graduate.

Physical and theoretical aspects of inorganic chemistry (spectroscopy, crystallography, kinetic and theoretical methods) are discussed.

**Prerequisites:** CHEM 311(P).**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 611G Physical Inorganic Chemistry**

3 cr. Undergraduate/Graduate.

Physical and theoretical aspects of inorganic chemistry (spectroscopy, crystallography, kinetic and theoretical methods) are discussed.

**Prerequisites:** CHEM 311(P).**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 612 Transition Metal and Organometallic Chemistry**

3 cr. Undergraduate/Graduate.

Advanced survey of elements, emphasizing transition elements and organometallic species. Main group organometallics and actinides and lanthanides briefly discussed.

**Prerequisites:** Chem 511(P) or cons instr.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 612G Transition Metal and Organometallic Chemistry**

3 cr. Undergraduate/Graduate.

Advanced survey of elements, emphasizing transition elements and organometallic species. Main group organometallics and actinides and lanthanides briefly discussed.

**Prerequisites:** Chem 511(P) or cons instr.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 613 Main Group Chemistry**

3 cr. Undergraduate/Graduate.

Advanced survey of metallic and non-metallic main group elements.

**Prerequisites:** jr st & grade of C or better in Chem 511(P); or grad st.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 613G Main Group Chemistry**

3 cr. Undergraduate/Graduate.

Advanced survey of metallic and non-metallic main group elements.

**Prerequisites:** jr st & grade of C or better in Chem 511(P); or grad st.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 614 Bio-Inorganic Chemistry**

3 cr. Undergraduate/Graduate.

Inorganic chemistry for biological systems; metalloproteins; coordination chemistry in enzymes.

**Prerequisites:** jr st; grade of C or better in Chem 511(P).**Last Taught:** Spring 2012, Spring 2007.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 614G Bio-Inorganic Chemistry**

3 cr. Undergraduate/Graduate.

Inorganic chemistry for biological systems; metalloproteins; coordination chemistry in enzymes.

**Prerequisites:** jr st; grade of C or better in Chem 511(P).**Last Taught:** Spring 2012, Spring 2007.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 628 Nuclear and Radiochemistry**

3 cr. Undergraduate/Graduate.

Survey of modern nuclear and radiochemistry; emphasis on the interactions of radiation with matter and application in radiation detection and measurement.

**Prerequisites:** jr st.; grades of B or better in Chem 524(P), 561(P), 562(P), & 563(P) or equiv; cons instr for undergrads.**Course Rules:** Counts as repeat of Chem 726 w/same topic.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 628G Nuclear and Radiochemistry**

3 cr. Undergraduate/Graduate.

Survey of modern nuclear and radiochemistry; emphasis on the interactions of radiation with matter and application in radiation detection and measurement.

**Prerequisites:** jr st.; grades of B or better in Chem 524(P), 561(P), 562(P), & 563(P) or equiv; cons instr for undergrads.**Course Rules:** Counts as repeat of Chem 726 w/same topic.**Last Taught:** Spring 2023, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 630 Computational Chemistry**

3 cr. Undergraduate/Graduate.

Computer modeling techniques for molecular systems.

**Prerequisites:** jr st; grade of C or better in Chem 562(P) or cons instr.**Last Taught:** Fall 2014, Fall 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 630G Computational Chemistry**

3 cr. Undergraduate/Graduate.

Computer modeling techniques for molecular systems.

**Prerequisites:** jr st; grade of C or better in Chem 562(P) or cons instr.**Last Taught:** Fall 2014, Fall 2012.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 640 Advanced Survey of Organic Chemistry**

3 cr. Undergraduate/Graduate.

**Prerequisites:** jr st; a grade of C or better in Chem 345(P).**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 640G Advanced Survey of Organic Chemistry**

3 cr. Undergraduate/Graduate.

**Prerequisites:** jr st; a grade of C or better in Chem 345(P).**Last Taught:** Fall 2023.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 647 Physical Methods of Organic Chemistry**

3 cr. Undergraduate/Graduate.

Application of modern instrumental methods to the separation, analysis, and identification of organic compounds.

**Prerequisites:** jr st, a grade of C or better in Chem 345(P), 346(P), 524(P).**Last Taught:** Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 647G Physical Methods of Organic Chemistry**

3 cr. Undergraduate/Graduate.

Application of modern instrumental methods to the separation, analysis, and identification of organic compounds.

**Prerequisites:** jr st, a grade of C or better in Chem 345(P), 346(P), 524(P).**Last Taught:** Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 661 Intermediate Chemical Thermodynamics**

3 cr. Undergraduate/Graduate.

Laws of thermodynamics equilibria between phases. Introductory statistical thermodynamics. Thermodynamic properties of gases, solids, and solutions.

**Prerequisites:** sr st, a grade of C or better in Chem 562(P).**Last Taught:** Fall 2014, Fall 2013.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 661G Intermediate Chemical Thermodynamics**

3 cr. Undergraduate/Graduate.

Laws of thermodynamics equilibria between phases. Introductory statistical thermodynamics. Thermodynamic properties of gases, solids, and solutions.

**Prerequisites:** sr st, a grade of C or better in Chem 562(P).**Last Taught:** Fall 2014, Fall 2013.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 662 Chemical Kinetics and Dynamics**

3 cr. Undergraduate/Graduate.

Present understanding of reaction kinetics and dynamics. Topics range from experimental methods for kinetics measurements to microscopic theories of reaction rates.

**Prerequisites:** sr st; grade of C or better in Chem 562(P).**Last Taught:** Fall 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 662G Chemical Kinetics and Dynamics**

3 cr. Undergraduate/Graduate.

Present understanding of reaction kinetics and dynamics. Topics range from experimental methods for kinetics measurements to microscopic theories of reaction rates.

**Prerequisites:** sr st; grade of C or better in Chem 562(P).**Last Taught:** Fall 2022, Fall 2021.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 690 Scientist Career Transitions Seminar**

1 cr. Undergraduate.

Preparation of science undergraduates for transition to science-related employment internships.

**Prerequisites:** sophomore standing; CHEM 344(C) and CHEM 345(C) or equivalent; 3.000 GPA in science courses; consent of instructor.**Course Rules:** Counts as repeat of CHEM 489 with similar topic.**Last Taught:** Fall 2023, Spring 2018, Spring 2017, Spring 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 691 Senior Research**

1-4 cr. Undergraduate.

Introduction to chemical research. Independent and original study done under the direction of a staff member; communication of results. Recom for Chem majors.

**Prerequisites:** sr st; cons instr.**Course Rules:** Chem 691 & 692 may be retaken to combined 6 cr max.**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 692 Senior Thesis**

2-6 cr. Undergraduate.

Introduction to chemical research. Independent and original study done under the direction of a staff member. Recom for chem majors.

**Prerequisites:** sr st; grade of C or better in English 102(P) or score at level 4 on EPT; cons instr.

**Course Rules:** Chem 691 & 692 may be retaken to combined 6 cr max.

**Last Taught:** Fall 2023, Spring 2023, Spring 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 697 Senior Seminar**

1 cr. Undergraduate.

**Prerequisites:** sr st.

**Last Taught:** Fall 2016, Fall 2015, Spring 2007, Spring 2006.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 701 Topics in Biochemistry:**

2-4 cr. Graduate.

Selected topics in biochemistry. Two topics, each for 2 cr, will last 1/2 of the semester. Students may enroll in either (2 cr) or both (4 cr). The 3 cr option offers a more complete coverage of a single topic for a full semester.

**Prerequisites:** grad st; grade of C or better in Chem 501(P) or 601(P).

**Course Rules:** Retakable w/chg in topic to 9 cr max.

**Last Taught:** Spring 2020, Spring 2019, Spring 2018, Fall 2017.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 710 Advanced Survey of Inorganic Chemistry**

3 cr. Graduate.

Graduate-level treatment of theoretical principles and descriptive chemistry of the elements.

**Prerequisites:** grad st.

**Last Taught:** Spring 2010, Fall 2008, Fall 2007, Fall 2006.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 711 Topics in Inorganic Chemistry:**

3 cr. Graduate.

Selected topics of current research interest in inorganic chemistry are discussed in detail.

**Prerequisites:** graduate standing.

**Course Rules:** Retakable with change in topic to 9 cr max.

**Last Taught:** Fall 2023, Fall 2022, Spring 2022, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 724 Electrochemistry**

3 cr. Graduate.

Surey of modern electrochemical theory and applications to measurement of solution concentrations, rate constants, thermodynamic quantities, transport properties, and adsorption phenomena.

**Prerequisites:** grad st; grade of C or better in Chem 524(P) or 621(P).

**Last Taught:** Fall 2009, Fall 2005, Fall 2003, Spring 2001.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 726 Topics in Analytical Chemistry:**

3 cr. Graduate.

Selected topics which reflect current advances in analytical chemistry.

**Prerequisites:** grad st.

**Course Rules:** May be retaken with change in topic to max of 9 cr.

**Last Taught:** Spring 2023, Spring 2017, Spring 2015, Spring 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 731 Topics in Chemistry Education Research:**

3 cr. Graduate.

Introductory course in qualitative research methods using chemistry education and discipline-based education research as a context.

**Prerequisites:** graduate standing.

**Course Rules:** May be retaken with change in topic to 9 cr max.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 740 Advanced Organic Chemistry-Methods in Synthetic Chemistry**

3 cr. Graduate.

Discussion of name reactions and other synthetic methods of preparative significance used in organic syntheses. Introduction and modification of functional groups. Recent examples of application from modern organic chemistry.

**Prerequisites:** grad st; a grade of C or better in Chem 345(P).

**Last Taught:** Spring 2009, Spring 2006, Spring 2003, Spring 2000.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 741 Topics in Organic Chemistry:**

2-3 cr. Graduate.

Current topics in organic chemistry, e.g., organometallic compounds, bioorganic chemistry, non-covalent interactions, reaction mechanisms, alkaloid total synthesis or photochemistry. Offered w/1 topic (3cr), w/2 (2cr ea); if two, take one or both.

**Prerequisites:** grad st; grade of C or better in Chem 345(P).

**Course Rules:** Retakable w/chg in topic to 9 cr max.

**Last Taught:** Spring 2023, Spring 2021, Fall 2020, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 743 Medicinal Chemistry: Drug Discovery/Lead Optimization & DNA as Drug Targets**

3 cr. Graduate.

Major principles of drug discovery; focus on nucleic acids as drug targets.

**Prerequisites:** grad st.

**Course Rules:** Counts as repeat of Chem 741 w/ Medicinal Chemistry I topic.

**Last Taught:** Fall 2021, Fall 2020, Fall 2018, Fall 2015.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 744 Medicinal Chemistry: Pharmacokinetics/Enzymes & Receptors as Drug Targets**

3 cr. Graduate.

Principles of drug development; focus on protein drug targets.

**Prerequisites:** grad st.

**Course Rules:** Counts as repeat of Chem 741 w/ Medicinal Chemistry II subtitle.

**Last Taught:** Fall 2023, Spring 2021, Spring 2019, Spring 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 748 Physical Organic Chemistry**

3 cr. Graduate.

Application of kinetics and other physical principles to the determination of reaction mechanisms.

**Prerequisites:** grad st; a grade of C or better in Chem 562(P) & 640(P).

**Last Taught:** Fall 2019, Fall 2017, Spring 2013, Spring 2011.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 762 Topics in Physical Chemistry:**

3 cr. Graduate.

In-depth discussion of selected topics of current interest in modern physical chemistry.

**Prerequisites:** grad st.**Course Rules:** Retakeable with change in topic to 9 cr max.**Last Taught:** Fall 2023, Fall 2022, Spring 2017, Fall 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 765 Statistical Thermodynamics**

3 cr. Graduate.

Fundamental principles of statistical mechanics, with applications to topics of physiochemical interest.

**Prerequisites:** grad st; grade of C or better in Chem 661(P).**Last Taught:** Spring 2023, Spring 2022, Fall 2019, Spring 2016.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 767 Basic Quantum Chemistry**

3 cr. Graduate.

Basic postulates of quantum mechanics and consequences. Exact solutions for simple systems. Approximation methods for complex systems. Group theory and applications in organic, inorganic, and physical chemistry.

**Prerequisites:** grad st; a grade of C or better in Chem 562(P), 564(P), & Math 234(P).**Last Taught:** Spring 2020, Spring 2018, Spring 2016, Spring 2014.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 769 Surface Chemistry II**

3 cr. Graduate.

Discussion of kinetic methods of studying reaction mechanisms with particular emphasis on catalytic reactions.

**Prerequisites:** grad st; grade of C or better in Chem 768(P).**Last Taught:** Spring 2019, Spring 2017, Spring 2015, Spring 2013.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 780 Modern Industrial Organic Chemistry**

3 cr. Graduate.

Organic chemical processes-comprehensive emphasis on chemistry, polymers (preparation, properties, application), energy aspects, raw material supplies, impact on nation's and world's economics.

**Prerequisites:** grad st.**Course Rules:** Recommended for minor in polymer chem.**Last Taught:** Spring 2017, Spring 2013, Spring 2011, Spring 2002.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 781 Pulsed NMR Spectroscopy Theory and Practice**

3 cr. Graduate.

Discussion and hands on practice of modern FT NMR approaches applied to analysis of chemical structure and dynamics in organic, inorganic, and biochemical molecules.

**Prerequisites:** grad st; cons instr.**Last Taught:** Fall 2023, Fall 2022, Fall 2020, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 782 Liquid Chromatography-Mass Spectrometry Fundamentals and Applications**

3 cr. Graduate.

Discussion and hands on practice of modern mass spectrometry, with a focus on liquid chromatography/mass spectrometry (LC/MS) and LC/tandem MS (LC/MS/MS), as well as ICP-MS.

**Prerequisites:** grad st; cons instr.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 798 Scientific Glassblowing**

1 cr. Graduate.

Techniques in design and maintenance of scientific glassware including low pressure systems together with consideration of the chemical structure and properties of common glasses.

**Prerequisites:** grad st.**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Fall 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 900 Chemistry Colloquium**

0 cr. Graduate.

Weekly lectures on current research by members of the department and visiting scientists.

**Prerequisites:** grad st.**Course Rules:** Fee assessed for 1 cr. Required of all Chem grad students.**Last Taught:** Spring 2012, Fall 2011, Spring 2011, Fall 2010.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 912 Graduate Seminar**

1 cr. Graduate.

Research problems in chemistry. Weekly papers and reports.

**Prerequisites:** grad st.**Course Rules:** Required of all candidates for advanced degree.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 931 Advanced Seminar in Analytical Chemistry**

1 cr. Graduate.

Weekly discussions and reports on recent developments and current progress in analytical chemistry. Topics will differ each semester, reflecting current work of particular interest.

**Prerequisites:** grad st & enroll in Chem 993(C).**Course Rules:** Retakable to 9 cr max. No more than 9 cr may be accumulated in courses numbered 931-935.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CHEM 932 Advanced Seminar in Biochemistry**

1 cr. Graduate.

Weekly discussions and reports on recent developments and current progress in biochemistry. Topics will differ each semester, reflecting current work of particular interest.

**Prerequisites:** grad st & enroll in Chem 996(C).**Course Rules:** Retakable to 9 cr max. No more than 9 cr may be accumulated in courses numbered 931-935.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 933 Advanced Seminar in Inorganic Chemistry**

1 cr. Graduate.

Weekly discussions and reports on recent developments and current progress in inorganic chemistry. Topics will differ each semester, reflecting current work of particular interest.

**Prerequisites:** grad st & enroll in Chem 994(C).

**Course Rules:** Retakable to 9 cr max. No more than 9 cr may be accumulated in courses numbered 931-935.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 934 Advanced Seminar in Organic Chemistry**

1 cr. Graduate.

Weekly discussions and reports on recent developments and current progress in organic chemistry. Topics will differ each semester, reflecting current work of particular interest.

**Prerequisites:** grad st & enroll in Chem 990(C).

**Course Rules:** Retakable to 9 cr max. No more than 9 cr may be accumulated in courses numbered 931-935.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 935 Advanced Seminar in Physical Chemistry**

1 cr. Graduate.

Weekly discussions and reports on recent developments and current progress in physical chemistry. Topics will differ each semester, reflecting current work of particular interest.

**Prerequisites:** grad st & enroll in Chem 992.

**Course Rules:** Retakable to 9 cr max. No more than 9 cr may be accumulated in courses numbered 931-935.

**Last Taught:** Fall 2023, Fall 2022, Spring 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 990 Research: Organic**

1-9 cr. Graduate.

**Prerequisites:** grad st.

**Course Rules:** Retakable.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Summer 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 991 Research: Chemical Education**

1-9 cr. Graduate.

Research in chemical education.

**Prerequisites:** grad st

**Course Rules:** Retakable.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 992 Research: Physical**

1-9 cr. Graduate.

**Prerequisites:** grad st.

**Course Rules:** Retakable.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 993 Research: Analytical**

1-9 cr. Graduate.

**Prerequisites:** grad st.

**Course Rules:** Retakable.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 994 Research: Inorganic**

1-9 cr. Graduate.

**Prerequisites:** grad st.

**Course Rules:** Retakable.

**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHEM 996 Research: Biochemical**

1-9 cr. Graduate.

**Prerequisites:** grad st.

**Course Rules:** Retakable.

**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## Chinese (CHINESE)

**CHINESE 101 First Semester Chinese**

5 cr. Undergraduate.

Beginning Chinese for students with no previous knowledge of the language.

**Prerequisites:** none.

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 102 Second Semester Chinese**

5 cr. Undergraduate.

Continuation of Chinese 101(Linguis 121).

**Prerequisites:** Chinese 101(Linguis 121)(NP). Generates L&S credit for demonstrated equivalent preparation (4 retro cr).

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 150 Contemporary Chinese Society and Culture**

3 cr. Undergraduate.

Economics, politics, society, people, culture, and the environment in contemporary Chinese life. Representation, interpretations, and practices of Chinese cultures, traditions, and customs.

**Prerequisites:** none.

**Course Rules:** In English.

**General Education Requirements:** HU

**Last Taught:** Fall 2023, Spring 2023, Fall 2021, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 160 A Taste of China: Learning Chinese Culture and Society through Cuisine**

3 cr. Undergraduate.

Cultural, historical, geographical, and sociological influences on Chinese cuisine.

**Prerequisites:** none.

**General Education Requirements:** HU

**Last Taught:** Fall 2023, Fall 2022, Spring 2022, Fall 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 192 First-Year Seminar:**

3 cr. Undergraduate.

Specific humanities topics are announced in the Schedule of Classes each time the class is offered.

**Prerequisites:** none.

**Course Rules:** Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).

**General Education Requirements:** HU

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 197 Study Abroad:**

1-12 cr. Undergraduate.

Designed to enable students studying language abroad to receive course credit at appropriate level.

**Prerequisites:** acceptance in Study Abroad Prog.

**Course Rules:** May be retaken w/chg in topic.

**Last Taught:** Spring 2019, Spring 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 199 Independent Study**

1-3 cr. Undergraduate.

Independent work under supervision of faculty or academic staff member. For further information, consult dept chair.

**Prerequisites:** 2.0 GPA; consent of instructor, department chair, and Assistant Dean for Student Academic Services.

**Course Rules:** May be retaken to 6 cr max.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 200 Chinese Calligraphy**

3 cr. Undergraduate.

History, development, aesthetics, and appreciation of Chinese calligraphy; in-class, hands-on practice in producing calligraphy; aspects of the fascinating cultural heritage of China.

**Prerequisites:** none.

**General Education Requirements:** HU

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 201 Third Semester Chinese**

5 cr. Undergraduate.

Continuation of Chinese 102(Linguis 122).

**Prerequisites:** Chinese 102(Linguis 122)(NP) or equiv.Generates L&S credit for demonstrated equivalent preparation (8 retro cr).

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 202 Fourth Semester Chinese**

5 cr. Undergraduate.

Continuation of Chinese 201(Linguis 221).

**Prerequisites:** Chinese 201(Linguis 221)(NP) or equiv. Generates L&S credit for demonstrated equivalent preparation (12 retro cr).

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 220 Introduction to Chinese Poetry**

3 cr. Undergraduate.

Survey of Chinese poetry and poetics from beginning to the eighteenth century, with opportunity to practice composing poetry. Taught in English. All readings in translation. Knowledge of Chinese not required.

**Prerequisites:** none.

**Last Taught:** Fall 2022.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 277 Chinese Discussion Section:**

1-2 cr. Undergraduate.

Discussion in Chinese, designed to broaden perspectives, improve language skills. Offered in conjunction w/courses in other disciplines (Anthro, Hist, Pol Sci, etc).

**Prerequisites:** Chinese 202(Linguis 223)(P) or cons instr.

**Course Rules:** May be retaken w/chg in topic to 6 cr max.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 289 Internship in Chinese, Lower Division**

1-6 cr. Undergraduate.

Application of basic principles of Chinese in business, organizational, educational, political, or other appropriate setting.

**Prerequisites:** 2.50 gpa; cons supervising faculty member.

**Course Rules:** May be retaken to 6 cr max.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 296 UROP Apprenticeship**

1-3 cr. Undergraduate.

Undergraduate research participation in a project developed with a supervising member of the faculty or staff.

**Prerequisites:** acceptance to UROP; prior or conc reg in UROP seminar.

**Course Rules:** One credit for 45 hrs research. May be retaken to 9 cr max in any combination of UROP apprenticeship courses. Not open to jrs & srs.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 297 Study Abroad:**

1-12 cr. Undergraduate.

Designed to enroll students in UWM sponsored program before course work levels, content, and credits are determined and/or in specially prepared program course work.

**Prerequisites:** acceptance for Study Abroad Prog.

**Course Rules:** May be retaken w/chg in topic.

**Last Taught:** Spring 2023, Fall 2022, Spring 2020, Fall 2019.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 299 Ad Hoc:**

1-6 cr. Undergraduate.

Course created expressly for offering in a specified enrollment period.

Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.

**Prerequisites:** none; add'l prereqs may be assigned to specific topic.

**Course Rules:** May be retaken w/chg in topic.

**Last Taught:** Fall 2013, Spring 2012.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 301 Fifth Semester Chinese**

4 cr. Undergraduate.

Continuation of Chinese 202(Linguis 223).

**Prerequisites:** Chinese 202(Linguis 223)(P) or equiv. Generates L&S credit for demonstrated equivalent preparation (16 retro cr).

**Last Taught:** Fall 2023, Fall 2022, Fall 2021, Fall 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 302 Sixth Semester Chinese**

4 cr. Undergraduate.

Continuation of Chinese 301(Linguis 321).

**Prerequisites:** Chinese 301(Linguis 321)(P) or equiv. Generates L&S credit for demonstrated equivalent preparation (16 retro cr).

**Last Taught:** Spring 2023, Spring 2022, Spring 2021, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 320 Contemporary Chinese Societies through Film**

3 cr. Undergraduate.

Film as a context for examining issues in contemporary societies of China and Taiwan; emphasis on development of language proficiency.

**Prerequisites:** Chinese 202(P) or equiv.

**Last Taught:** Fall 2020, Fall 2018, Spring 2017, Spring 2013.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 330 Chinese Language and Culture**

3 cr. Undergraduate.

Chinese language and contemporary culture through various forms of media.

**Prerequisites:** Chinese 202(P).

**Last Taught:** Spring 2021, Fall 2015.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 343 Chinese Martial Arts Fiction**

3 cr. Undergraduate.

Martial arts genre fiction from various periods of Chinese history; analysis of the philosophical and societal factors that shaped the genre.

**Prerequisites:** junior standing and completion of OWC-A GER or consent of instructor.

**General Education Requirements:** HU, OWCB

**Last Taught:** Spring 2023, Spring 2022, Fall 2021, Spring 2021.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 353 Popular Culture, Entertainment, and China's Modernization**

3 cr. Undergraduate.

Survey of China's modernization through the lens of popular culture and entertainment in global context; inquiry into China's unique roles in enriching the theory and practice of 'popular culture'.

**Prerequisites:** junior or senior and completion of OWC-A.

**General Education Requirements:** OWCB

**Last Taught:** Fall 2023.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 397 Study Abroad:**

1-12 cr. Undergraduate.

Designed to enable students studying language abroad to receive course credit at appropriate level.

**Prerequisites:** jr st; acceptance in Study Abroad Prog.

**Course Rules:** May be retaken w/chg in topic.

**Last Taught:** Spring 2023, Fall 2022, Spring 2022, Spring 2020.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 401 Seventh Semester Chinese**

3 cr. Undergraduate.

Continuation of Chinese 302(Linguis 322).

**Prerequisites:** Chinese 302(Linguis 322)(P). Generates L&S credit for demonstrated equivalent preparation (16 retro cr).

**Last Taught:** Fall 2023, Fall 2021, Fall 2020, Fall 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 402 Eighth Semester Chinese**

3 cr. Undergraduate.

Continuation of Chinese 401.

**Prerequisites:** Chinese 401(P). Generates L&S credit for demonstrated equivalent preparation (16 retro cr).

**Last Taught:** Spring 2022, Spring 2020, Spring 2019, Spring 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 441 Business Chinese**

3 cr. Undergraduate.

Chinese in cultural contexts of actual business situations; commonly-used commercial terms, phrases, sentence patterns, and cultural background.

**Prerequisites:** Chinese 302(Linguis 322)(P).

**Last Taught:** Spring 2019, Spring 2016, Spring 2015, Spring 2014.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 489 Internship in Chinese, Upper Division**

1-6 cr. Undergraduate.

Application of basic principles to Chinese in business, organizational, educational, political, or other appropriate setting.

**Prerequisites:** jr st; 2.50 gpa; cons supervising faculty member.

**Course Rules:** One cr earned for academic work based on 40 hrs in internship. May be retaken to 6 cr max.

**Last Taught:** Fall 2017, Spring 2017, Fall 2016, Spring 2016.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 497 Study Abroad:**

1-12 cr. Undergraduate.

Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.

**Prerequisites:** jr st; acceptance for Study Abroad Prog.

**Course Rules:** May be retaken w/chg in topic.

**Last Taught:** Fall 2019, Summer 2019, Spring 2019, Fall 2018.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 499 Ad Hoc:**

1-6 cr. Undergraduate.

Course created expressly for offering in a specified enrollment period.

Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.

**Prerequisites:** jr st; add'l prereqs may be assigned to specific topic.

**Course Rules:** May be retaken w/chg in topic.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 597 Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Designed to enable students studying language abroad to receive course credit at appropriate level.

**Prerequisites:** jr st; acceptance in Study Abroad Prog.

**Course Rules:** May be retaken w/chg in topic.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 597G Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Designed to enable students studying language abroad to receive course credit at appropriate level.

**Prerequisites:** jr st; acceptance in Study Abroad Prog.

**Course Rules:** May be retaken w/chg in topic.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 697 Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Designed to enable students studying language abroad to receive course credit at appropriate level.

**Prerequisites:** jr st; acceptance in Study Abroad Prog.

**Course Rules:** May be retaken w/chg in topic.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 697G Study Abroad:**

1-12 cr. Undergraduate/Graduate.

Designed to enable students studying language abroad to receive course credit at appropriate level.

**Prerequisites:** jr st; acceptance in Study Abroad Prog.

**Course Rules:** May be retaken w/chg in topic.

**Current Offerings:** <https://catalog.uwm.edu/course-search/>

**CHINESE 699 Advanced Independent Study**

1-6 cr. Undergraduate.

Advanced level independent work under the supervision of a Chinese studies faculty or academic staff member.

**Prerequisites:** junior standing, 2.0 GPA, and consent of instructor, department chair, and Assistant Dean for Student Academic Services.**Course Rules:** May be retaken with change in topic to 12 cr max.**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>

## Civil & Environmental Engineering (CIV ENG)

**CIV ENG 150 Builders for Civilization and Environment**

3 cr. Undergraduate.

Explores the role of civil engineering in society through the use of case studies, including water and society, bridges, building and transportation.

**Prerequisites:** none.**General Education Requirements:** NS**Last Taught:** Fall 2008, Fall 2007, Fall 2006, Fall 2005.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CIV ENG 201 Statics**

3 cr. Undergraduate.

Principles of mechanics force systems, equilibrium structures, distributed forces, centroids and friction.

**Prerequisites:** Math 232(P).**Last Taught:** Spring 2021, Fall 2020, Spring 2020, Fall 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CIV ENG 202 Dynamics**

3 cr. Undergraduate.

Kinematics and kinetics of particles and rigid bodies with applications of Newton's second law and the principles of work-energy and impulse momentum.

**Prerequisites:** CIV ENG 203(C), MATH 233(C), and PHYSICS 209(P).**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CIV ENG 203 Introduction to Solid Mechanics**

4 cr. Undergraduate.

Topics in statics and strength of materials, including vector mechanics, equilibrium, structural analysis, internal forces, friction, moment of inertia, centroids, stress, strains, torsion, beam bending, shear and moment diagrams, deflection, and stress transformation.

**Prerequisites:** sophomore standing and MATH 231(C) or (P).**Last Taught:** Fall 2023, Summer 2023, Spring 2023, Fall 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CIV ENG 250 Engineering Surveying**

3 cr. Undergraduate.

Horizontal and vertical distance measurement, angles and direction, traverses, errors, control and construction surveys, coordinate systems, land records, and coordinate geometry. Office and field practice.

**Prerequisites:** sophomore standing and MATH 231(C) or (P).**Last Taught:** Fall 2023, Spring 2023, Fall 2022, Spring 2022.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CIV ENG 280 Computer Based Engineering Analysis**

3 cr. Undergraduate.

Computer based methods for analysis of data and relationships in engineering practice. Data reliability, experimental design, statistical significance, database systems, curve fitting, interpretation of relationships.

**Prerequisites:** COMPSCI 132(P) or one sem H.S. programming; and MATH 231(P) or MATH 226(P).**Last Taught:** Fall 2020, Spring 2020, Fall 2019, Spring 2019.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CIV ENG 303 Strength of Materials**

4 cr. Undergraduate.

Stress and strain, torsion, bending of beams, shearing stress in beams, combined stresses, principal stresses, deflections of beams, statically indeterminate members and columns.

**Prerequisites:** CIV ENG 201(P) or CIV ENG 203(C); and MATH 233(C) and PHYSICS 209(P).**Course Rules:** Lec and lab.**Last Taught:** Summer 2021, Spring 2021, Fall 2020, Spring 2020.**Current Offerings:** <https://catalog.uwm.edu/course-search/>**CIV ENG 311 Introduction to Energy, Environment and Sustainability**

3 cr. Undergraduate.
