

# TABLE OF CONTENTS

Home .....	14	Urban Planning, Undergraduate Certificate .....	99
Admission and Costs .....	15	Arts (Peck School of the) .....	100
Undergraduate Admission .....	15	Art & Design .....	103
Graduate Admission .....	20	Art and Design, Minor: Design .....	108
International Admission .....	21	Art and Design, Minor: Photography .....	109
Tuition and Fees .....	21	Art and Design, Minor: Studio Arts .....	109
Aid and Scholarships .....	21	Art Education, BFA .....	110
Policies .....	22	Art, BA: Community Arts .....	113
Undergraduate Policies .....	22	Art, BA: Studio Arts .....	117
Graduate Policies .....	31	Art, MA: Design Entrepreneurship and Innovation .....	120
Opportunities and Resources .....	37	Art, MA: Studio Art .....	121
Pathway Advising .....	37	Art, MFA .....	122
UWM Online .....	37	Arts Integration and Learning, Undergraduate Certificate (Peck School of the Arts, Department of Art and Design) .....	124
Accelerated Graduate Degrees .....	37	Community Arts, Undergraduate Certificate .....	124
Catalog Glossary .....	62	Design and Visual Communication, BFA .....	125
Arts and Architecture (College of the) .....	64	Digital Fabrication and Design, Undergraduate Certificate .....	129
Architecture and Urban Planning (School of) .....	65	Studio Art, BFA: Dual Discipline Focus .....	129
Architecture .....	66	Studio Art, BFA: Single Discipline Focus .....	133
Architectural Studies, BS .....	67	Dance .....	137
Architectural Studies, Minor .....	70	Dance Performance, Minor .....	138
Architecture, BArch .....	71	Dance, BA .....	139
Architecture, MArch .....	73	Dance, BFA .....	142
Architecture, MArch/Urban Planning, MUP .....	76	Dance, MFA .....	145
Architecture, MArch: Ecological Design .....	77	Pilates, Undergraduate Certificate .....	146
Architecture, MArch: Preservation Studies .....	79	Somatics, Minor .....	147
Architecture, MArch: Real Estate Development .....	82	Film, Video, Animation and New Genres .....	148
Architecture, MS .....	85	Animation Arts, BA .....	148
Architecture, PhD .....	85	Cinematic Arts, MFA .....	151
Urban Design, MUD (Department of Architecture) .....	87	Film, BFA .....	152
Urban Planning .....	88	Film, Video, Animation and New Genres, Minor .....	156
Geographic Information Systems, Graduate Certificate (School of Architecture and Urban Planning) .....	89	Music .....	157
Urban Design, MUD (Department of Urban Planning) .....	90	Music Education, BFA: EC-A General and Choral Music ....	159
Urban Planning, MUP .....	91	Music Education, BFA: EC-A General Music .....	162
Urban Planning, MUP/Architecture, MArch .....	93	Music Education, BFA: EC-A K-12 Music .....	165
Urban Planning, MUP/Engineering, MS .....	94	Music Performance, Graduate Certificate .....	168
Urban Planning, MUP/Public Administration, MPA .....	95	Music, BA .....	169
Urban Planning, MUP: Geographic Information Systems .....	95	Music, BFA: Collaborative Piano .....	172
Urban Planning, MUP: Real Estate Development .....	97	Music, BFA: Guitar .....	176
		Music, BFA: Music Composition and Technology .....	180
		Music, BFA: Music History and Literature .....	183

Music, BFA: Piano .....	186	Business: General Business, BBA .....	266
Music, BFA: Strings .....	190	Business: Human Resources Management, BBA .....	270
Music, BFA: Versatile Voice .....	194	Business: Information Technology Management, BBA .....	273
Music, BFA: Voice .....	196	Business: Marketing, BBA .....	276
Music, BFA: Winds, Brass, and Percussion .....	199	Business: Supply Chain and Operations Management, BBA .....	279
Music, Minor .....	203	Digital Supply Chain Management, Graduate Certificate .....	282
Music, MM/Library and Information Science, MLIS .....	203	Digital Supply Chain Management, MS .....	283
Music, MM: Chamber Music Performance .....	205	Enterprise Resource Planning, Graduate Certificate .....	284
Music, MM: Collaborative Piano: Instrumental .....	207	Enterprise Resource Planning, Undergraduate Certificate .....	285
Music, MM: Collaborative Piano: Vocal .....	208	Entrepreneurship, Graduate Certificate .....	286
Music, MM: Conducting: Choral Emphasis .....	210	Entrepreneurship, Undergraduate Certificate .....	287
Music, MM: Conducting: Instrumental .....	211	Executive, MBA .....	287
Music, MM: Music Education .....	213	Executive, MBA: Global Strategic Leadership .....	288
Music, MM: Music History and Literature .....	214	Executive, MBA: Integrated Health Care Leadership .....	290
Music, MM: Performance: Guitar .....	216	Finance, Graduate Certificate .....	291
Music, MM: Performance: Keyboard .....	217	General Business, Minor .....	292
Music, MM: Performance: Percussion .....	219	Global Studies, BA: Global Management .....	292
Music, MM: Performance: String Emphasis .....	221	Health Care Management, Graduate Certificate .....	293
Music, MM: Performance: Vocal Emphasis .....	222	Human Resources and Labor Relations, MHRLR (Lubar College of Business) .....	294
Music, MM: Performance: Woodwinds/Brass .....	224	Information Technology Management, MS .....	295
Music, MM: String Pedagogy .....	226	Information Technology Management, MS: AI and Data Analytics .....	296
Music, MM: Theory and Composition .....	227	International Business, Undergraduate Certificate .....	297
Theatre .....	229	Investment Management, Graduate Certificate .....	298
Musical Theatre, Undergraduate Certificate .....	230	Investment Management, Undergraduate Certificate .....	299
Theatre Practices, BA .....	230	Management Science, PhD .....	299
Theatre Practices, BA: Theatre Education .....	233	Management, MS: Accounting .....	301
Theatre, BFA: Performance .....	237	Management, MS: Finance Analysis .....	302
Theatre, BFA: Production .....	242	Management, MS: Marketing .....	303
Theatre, Minor .....	246	Management, MS: Professional Accounting .....	305
Business (Sheldon B. Lubar College of) .....	247	Marketing, Graduate Certificate .....	306
Business Administration, MBA .....	251	Nonprofit Management and Leadership, MS (Lubar College of Business) .....	307
Business Administration, MBA/Information Technology Management, MS .....	252	Nonprofit Management, Graduate Certificate (Lubar College of Business) .....	308
Business Administration, MBA/Nursing Practice, DNP .....	253	Organizational Leadership in Diversity, Equity and Inclusion, Graduate Certificate .....	309
Business Administration, MBA/Translation and Interpreting Studies, MA .....	254	Public Administration, MPA (Lubar College of Business) .....	310
Business Analytics, Graduate Certificate .....	255	Public Administration, MPA/Criminal Justice and Criminology, MS .....	312
Business of Media and Film Studies, Undergraduate Certificate (Lubar College of Business) .....	256	Public Administration, MPA/Urban Planning, MUP .....	313
Business Scholars Program .....	256	Real Estate, Undergraduate Certificate .....	314
Business: Accounting, BBA .....	257	Taxation, Graduate Certificate .....	314
Business: Accounting, BBA: Data Analysis .....	260		
Business: Finance, BBA .....	263		

Technology Entrepreneurship, Graduate Certificate .....	316	Educational Psychology, MS: Clinical Mental Health Counseling .....	358
Technology Entrepreneurship, Undergraduate Certificate .....	316	Educational Psychology, MS: Cognitive and Developmental Sciences .....	359
Community Engagement and Professions (College of) .....	318	Educational Psychology, MS: Educational Statistics and Measurement .....	360
Education (School of) .....	320	Educational Psychology, MS: School Counseling .....	361
Administrative Leadership .....	324	Educational Psychology, MS: School Psychology .....	363
Administrative Leadership Specialist, Graduate Certificate .....	325	Educational Psychology, PhD: School Psychology .....	364
Administrative Leadership, MS: Adult, Continuing, and Higher Education Administration .....	326	Educational Psychology, PhD: Cognitive and Developmental Sciences .....	366
Administrative Leadership, MS: Educational Administration and Supervision .....	327	Educational Psychology, PhD: Counseling Psychology .....	368
Educational Studies, BS .....	328	Educational Psychology, PhD: Educational Statistics and Measurement .....	371
Health Professional Education, Graduate Certificate (School of Education, Department of Administrative Leadership) .....	329	Multicultural Knowledge of Mental Health Practices, Graduate Certificate .....	373
Student Success Advising and Technology-Based Services in Higher Education, Graduate Certificate .....	330	School Counseling, Graduate Certificate .....	374
Teaching and Learning in Higher Education, Graduate Certificate .....	331	School Psychology, EdS .....	375
American Sign Language Studies, Minor .....	333	Trauma Informed Care, Graduate Certificate (School of Education, Department of Educational Psychology) .....	376
Education, BS: American Sign Language Studies .....	333	Teaching and Learning .....	378
Education, BS: Interpreter Training Program .....	334	Advanced Study in Teaching and Learning, Graduate Certificate .....	380
Educational Policy and Community Studies .....	336	American Sign Language/English Interpreting, BS .....	381
Community Engagement and Education, BS .....	338	Applied Behavior Analysis (Online), Graduate Certificate .....	383
Community Engagement and Education, BS: Child and Family Services .....	339	Arts Integration and Learning, Undergraduate Certificate (School of Education, Department of Teaching and Learning) .....	384
Community Engagement and Education, BS: Child Care .....	341	Assistive Technology and Accessible Design, Graduate Certificate (School of Education, Department of Teaching and Learning) .....	385
Community Engagement and Education, BS: Community- Based Organizations: Policy and Leadership .....	343	Autism Spectrum Disorders, Graduate Certificate .....	387
Community Engagement and Education, BS: Exceptional Education (Non-Licensure) .....	345	Autism Spectrum Disorders, Undergraduate Certificate ...	388
Community Engagement Strategies, Undergraduate Certificate .....	347	Bilingual Education (Supplemental), Minor .....	389
Community Engagement, Minor .....	349	Curriculum and Instruction, MS .....	390
Community Leadership, Undergraduate Certificate .....	350	Curriculum and Instruction, MS: Cultures and Communities Education .....	390
Community-Based Organizations: Policy and Leadership, Undergraduate Certificate .....	351	Curriculum and Instruction, MS: Early Childhood Education .....	391
Cultural Foundations of Community Engagement and Education, MS .....	351	Curriculum and Instruction, MS: English Education: Creative Writing .....	392
Racial and Social Justice in Education, Graduate Certificate .....	353	Curriculum and Instruction, MS: English Education: Literature and Cultural Theory .....	393
Youth Work, Undergraduate Certificate .....	355	Curriculum and Instruction, MS: English Education: Media, Cinema, and Digital Studies .....	394
Educational Psychology .....	355	Curriculum and Instruction, MS: English Education: Rhetoric and Professional Writing .....	395
Children's Mental Health for School Professionals, Graduate Certificate .....	356		
Counseling, Minor .....	357		

Curriculum and Instruction, MS: Mathematics Education .....	396	Advanced Study in Archives and Records Administration, Graduate Certificate .....	476
Curriculum and Instruction, MS: Mathematics Teacher Leadership .....	397	Cyber Crime Forensics, Graduate Certificate (School of Information Studies) .....	477
Curriculum and Instruction, MS: Reading Education .....	398	Cybersecurity, Undergraduate Certificate .....	478
Curriculum and Instruction, MS: Science Education .....	399	Data Analytics, BS (School of Information Studies) .....	479
Curriculum and Instruction, MS: Urban Social Studies .....	400	Data Curation, Graduate Certificate .....	482
Education, BS: Early Childhood .....	401	Digital Libraries, Graduate Certificate .....	483
Education, BS: Elementary and Middle Education, K-9 .....	404	Information Science and Technology, BS .....	484
Education, BS: English and Language Arts, 4-12 Education .....	407	Information Science and Technology, Minor .....	487
Education, BS: English as a Second Language Education .....	409	Information Science and Technology, MS .....	487
Education, BS: Inclusive Early Childhood Teacher Education .....	412	Information Science and Technology, MS/Library and Information Science, MLIS .....	489
Education, BS: Mathematics Education, Grades 4-12 .....	414	Information Security, Graduate Certificate .....	490
Education, BS: Science Education, Grades 4-12 .....	416	Information Studies, PhD .....	491
Education, BS: Social Studies Education .....	419	Library and Information Science, MLIS .....	493
Education, BS: World Language Education .....	421	Library and Information Science, MLIS/Anthropology, MS .....	496
English as a Second Language Education, Minor .....	427	Library and Information Science, MLIS/Art History, MA .....	498
Exceptional Education, BS: Early Adolescence - Adolescence .....	428	Library and Information Science, MLIS/English, MA .....	499
Exceptional Education, BS: Early Childhood .....	431	Library and Information Science, MLIS/Geography, MA .....	501
Exceptional Education, BS: K-12 Special Education .....	433	Library and Information Science, MLIS/Health Care Informatics, MS .....	502
Exceptional Education, MS .....	437	Library and Information Science, MLIS/History, MA .....	503
Global Educator, Graduate Certificate .....	438	Library and Information Science, MLIS/Language, Literature, and Translation, MA .....	504
Global Educator, Undergraduate Certificate .....	440	Library and Information Science, MLIS/Music, MM .....	505
Interdisciplinary Language and Literacy Intervention (ILLI), Graduate Certificate .....	440	Library and Information Science, MLIS/Translation and Interpreting Studies, MA .....	507
Mathematics Teacher Leadership, Graduate Certificate ...	442	Library and Information Science, MLIS/Urban Studies, MS ....	508
Transition for Students with Disabilities, Graduate Certificate .....	443	Library and Information Science, MLIS/Women's and Gender Studies, MA .....	508
World Language Education, Minor .....	444	Library and Information Science, MLIS: Archival Studies .....	509
Urban Education .....	447	Library and Information Science, MLIS: Information Organization .....	512
Urban Education, PhD: Adult, Continuing, and Higher Education Leadership (ACHEL) .....	449	Library and Information Science, MLIS: Information Technology .....	514
Urban Education, PhD: Art Education .....	452	Library and Information Science, MLIS: Public Library .....	516
Urban Education, PhD: Curriculum and Instruction .....	455	Library and Information Science, MLIS: School Librarianship .....	518
Urban Education, PhD: Educational Administration .....	458	School Librarianship, Undergraduate Certificate .....	520
Urban Education, PhD: Exceptional Education .....	461	Social Welfare (Helen Bader School of) .....	521
Urban Education, PhD: Mathematics Education .....	464	Criminal Justice and Criminology .....	523
Urban Education, PhD: Multicultural Studies .....	467	Crime Analysis, Undergraduate Certificate .....	523
Urban Education, PhD: Social Foundations of Education .....	470	Criminal Justice and Criminology, BS .....	524
Information Studies (School of) .....	474	Criminal Justice and Criminology, BS: Crime Analysis .....	526

Criminal Justice and Criminology, Minor .....	528	Environmental Engineering, BSE .....	576
Criminal Justice and Criminology, MS .....	528	Professional Practice in Civil Engineering Infrastructure, Graduate Certificate .....	580
Criminal Justice and Criminology, MS/Public Administration, MPA .....	529	Structural Engineering, Minor .....	581
Criminal Justice and Criminology, MS/Social Welfare, PhD .....	530	Computer Engineering, BS .....	581
Criminal Justice and Criminology, MS/Social Work, MSW .....	532	Computer Science .....	585
Criminal Justice and Criminology, MS: Crime Analytics ....	533	Applied Computing, BS .....	586
Cyber Crime Forensics, Graduate Certificate (Helen Bader School of Social Welfare, Department of Criminal Justice) .....	535	Applied Math and Computer Science, BS (College of Engineering and Applied Science, Department of Computer Science) .....	587
Death Investigation, Undergraduate Certificate (Helen Bader School of Social Welfare, Department of Criminal Justice) .....	536	Artificial Intelligence and Machine Learning, Graduate Certificate (Department of Computer Science) .....	589
Forensic Science, Undergraduate Certificate (Helen Bader School of Social Welfare, Department of Criminal Justice) .....	536	Computer Science, BA .....	590
Forensic Toxicology, Undergraduate Certificate (Helen Bader School of Social Welfare, Department of Criminal Justice) .....	537	Computer Science, BS .....	593
Military Science .....	538	Computer Science, Minor .....	597
Social Work .....	540	Computer Science, MS .....	597
Aging, Minor .....	541	Data Science, BS (College of Engineering and Applied Science, Department of Computer Science) .....	599
Applied Gerontology, Graduate Certificate .....	541	Web Development, Undergraduate Certificate .....	601
Social Welfare, PhD .....	543	Electrical Engineering .....	601
Social Welfare, PhD/Criminal Justice and Criminology, MS .....	545	Artificial Intelligence and Machine Learning, Graduate Certificate (Department of Electrical Engineering) .....	603
Social Work, BS .....	547	Electrical Engineering, BSE .....	604
Social Work, MSW .....	549	Electrical Engineering, Minor .....	608
Social Work, MSW/Criminal Justice and Criminology, MS .....	551	Electrical Engineering, PhD .....	608
Social Work, MSW/Public Health, MPH .....	552	Engineering and Applied Science (Graduate Programs) .....	611
Social Work, MSW/Social Welfare, PhD .....	554	Energy Engineering, Graduate Certificate .....	611
Social Work, MSW/Women's and Gender Studies, MA .....	556	Engineering, MS .....	612
Suicide Prevention Across the Lifespan, Undergraduate Microcredential .....	558	Engineering, MS/Urban Planning, MUP .....	614
Trauma Informed Care, Graduate Certificate (Helen Bader School of Social Welfare, Department of Social Work) .....	558	Engineering, MS: Biomedical Engineering .....	615
Engineering and Applied Science (College of) .....	560	Engineering, MS: Civil Engineering .....	617
Biomedical and Health Informatics .....	562	Engineering, MS: Electrical and Computer Engineering .....	618
Biomedical and Health Informatics, PhD .....	563	Engineering, MS: Energy Engineering .....	620
Biomedical Engineering .....	568	Engineering, MS: Engineering Management .....	622
Biomedical Engineering, BSE .....	568	Engineering, MS: Engineering Mechanics .....	623
Civil and Environmental Engineering .....	571	Engineering, MS: Industrial and Systems Engineering .....	625
Civil Engineering, BSE .....	572	Engineering, MS: Manufacturing Engineering .....	627
		Engineering, MS: Materials Engineering .....	629
		Engineering, MS: Mechanical Engineering .....	630
		Engineering, MS: Occupational Biomechanics/Ergonomics ...	632
		Engineering, PhD .....	634
		Engineering, PhD: Biomedical Engineering .....	636
		Engineering, PhD: Civil Engineering .....	639
		Engineering, PhD: Computer Science .....	641

Engineering, PhD: Electrical Engineering .....	644	Biomedical Sciences, BS: Diagnostic Imaging Completion .....	712
Engineering, PhD: Industrial Engineering .....	646	Biomedical Sciences, BS: Diagnostic Medical Sonography .....	713
Engineering, PhD: Materials Engineering .....	648	Biomedical Sciences, BS: Health Science Completion .....	716
Engineering, PhD: Mechanical Engineering .....	651	Biomedical Sciences, BS: Health Sciences .....	717
Ergonomics, Graduate Certificate .....	653	Biomedical Sciences, BS: Medical Laboratory Science .....	718
Modern Engineering Leadership, Graduate Certificate .....	654	Biomedical Sciences, BS: Public Health Microbiology .....	721
Industrial and Manufacturing Engineering .....	655	Biomedical Sciences, BS: Radiologic Technology .....	723
Connected Systems Engineering, MS .....	655	Biomedical Sciences, MS .....	726
Industrial Engineering, BSE .....	657	Blood Banking/Immunohematology, Undergraduate Certificate .....	727
Industrial Engineering, Minor .....	660	Death Investigation, Undergraduate Certificate (School of Biomedical Sciences and Health Care Administration) .....	728
Integrated BS-MS Degree .....	660	Forensic Science, Undergraduate Certificate (School of Biomedical Sciences and Health Care Administration) .....	728
Materials Engineering .....	661	Forensic Toxicology, Undergraduate Certificate (School of Biomedical Sciences and Health Care Administration) .....	729
Materials Engineering, BSE .....	662	Interprofessional Leadership in Healthcare, Undergraduate Microcredential .....	730
Materials Engineering, Minor .....	665	Molecular Diagnostics, Undergraduate Certificate .....	730
Mechanical Engineering .....	666	Health Care Administration .....	731
Mechanical Engineering, BSE .....	667	Health Care Administration, BS .....	731
Mechanical Engineering, Minor .....	670	Health Care Administration, Minor .....	734
Mechanical Engineering, PhD .....	670	Health Care Informatics, Undergraduate Certificate (School of Biomedical Sciences and Health Care Administration) .....	734
Freshwater Sciences (School of) .....	673	Healthcare Administration, MHA .....	735
Atmospheric Science, BS .....	674	Healthcare Compliance, Graduate Certificate .....	736
Atmospheric Science, Minor .....	676	Value-Based Healthcare, Graduate Certificate .....	737
Atmospheric Science, MS .....	676	Health Sciences, PhD .....	738
Atmospheric Science, PhD .....	677	Nursing (School of) .....	740
Freshwater Sciences, BS: Aquatic Science .....	679	Adult-Gerontology Acute Care Nurse Practitioner, Graduate Certificate .....	745
Freshwater Sciences, BS: Water Policy .....	681	Clinical Nurse Specialist (CNS), Graduate Certificate .....	746
Freshwater Sciences, Minor .....	683	Family Nurse Practitioner, Graduate Certificate .....	747
Freshwater Sciences, MS: Aquatic Science (Professional) .....	683	Global Health, Undergraduate Certificate (School of Nursing) .....	748
Freshwater Sciences, MS: Aquatic Science (Thesis) .....	685	Health Professional Education, Graduate Certificate (School of Nursing) .....	750
Freshwater Sciences, MS: Water Policy (Professional) .....	686	Interprofessional Public and Population Health, Graduate Certificate (School of Nursing) .....	751
Freshwater Sciences, MS: Water Policy (Thesis) .....	688	Nursing Practice, DNP .....	752
Freshwater Sciences, PhD .....	689	Nursing Practice, DNP/Business Administration, MBA .....	754
General Studies (College of) .....	692	Nursing Practice, DNP. Adult-Gerontology Acute Care Nurse Practitioner .....	755
Liberal Arts, AAS .....	693		
Graduate School .....	700		
Data Science, MS .....	700		
Multidisciplinary Committee-Directed PhD .....	703		
Health Professions and Sciences (College of) .....	705		
Biomedical Sciences and Health Care Administration (School of) .....	706		
Biomedical Sciences .....	706		
Biomedical Sciences, BS: Biomedical Science .....	707		
Biomedical Sciences, BS: Cytotechnology .....	709		

Nursing Practice, DNP. Clinical Nurse Specialist: Adult-Gerontology .....	757	Trauma Informed Care, Graduate Certificate (School of Rehabilitation Sciences and Technology) .....	816
Nursing Practice, DNP. Clinical Nurse Specialist: Pediatrics ...	759	Honors College .....	819
Nursing Practice, DNP. Family Nurse Practitioner .....	762	Letters and Science (College of) .....	821
Nursing Practice, DNP. Nursing System Leadership: Nurse Executive .....	764	African and African Diaspora Studies .....	833
Nursing Practice, DNP. Psychiatric Mental Health Nurse Practitioner .....	766	African and African Diaspora Studies, BA .....	834
Nursing, BS .....	768	African and African Diaspora Studies, MA .....	837
Nursing, MN .....	773	African and African Diaspora Studies, Minor .....	839
Nursing, PhD .....	775	African and African Diaspora Studies, PhD .....	839
Nursing, RN to BS Program .....	776	American Indian Studies .....	841
Peace and Conflict Studies, Undergraduate Certificate .....	778	American Indian Studies, Undergraduate Certificate .....	842
Psychiatric Mental Health Nurse Practitioner (PMHNP), Graduate Certificate .....	780	Ancient and Modern Languages, Literatures, and Cultures .....	843
Sustainable Peacebuilding, MSP .....	781	Business German, Minor .....	845
Trauma Informed Care, Graduate Certificate (School of Nursing) .....	783	Chinese, Minor .....	846
Rehabilitation Sciences and Technology (School of) .....	784	Classics, BA .....	847
Assistive Technology and Accessible Design, Graduate Certificate (School of Rehabilitation Sciences and Technology) .....	786	Classics, Minor .....	851
Athletic Training, MS .....	787	Committee Interdisciplinary Major, BA: Chinese Language and Culture .....	852
Certified Mental Performance Consultant, Graduate Certificate .....	789	German, BA .....	856
Communication Sciences and Disorders, BS .....	791	German, Minor .....	859
Communication Sciences and Disorders, MS .....	793	Korean Studies, Minor .....	861
Health Professional Education, Graduate Certificate (School of Rehabilitation Sciences and Technology) .....	795	Russian and East European Studies, Undergraduate Certificate .....	861
Interprofessional Public and Population Health, Graduate Certificate (School of Rehabilitation Sciences and Technology) .....	797	Russian, BA .....	863
Occupational Science and Technology, BS .....	798	Russian, Minor .....	866
Occupational Therapy, MS .....	801	Anthropology .....	867
Occupational Therapy, MS: Assistive Technology and Accessible Design .....	802	Anthropology, BA .....	868
Occupational Therapy, MS: Ergonomics .....	804	Anthropology, Minor .....	872
Occupational Therapy, OTD .....	806	Anthropology, MS .....	874
Physical Therapy, DPT .....	807	Anthropology, MS/Library and Information Science, MLIS .....	876
Pre-Athletic Training .....	808	Anthropology, PhD .....	877
Pre-Audiology .....	809	Death Investigation, Undergraduate Certificate (College of Letters and Science, Department of Anthropology) .....	879
Pre-Occupational Therapy .....	810	Digital Cultures, Graduate Certificate .....	879
Pre-Physical Therapy .....	811	Forensic Science, Undergraduate Certificate (College of Letters and Science, Department of Anthropology) .....	881
Pre-Speech-Language Pathology .....	812	Forensic Toxicology, Undergraduate Certificate (College of Letters and Science, Department of Anthropology) .....	882
Rehabilitation Science and Technology, MS .....	813	Museum Studies, Graduate Certificate .....	883
Therapeutic Recreation, Undergraduate Certificate .....	815	Art History .....	884
		Art History, BA .....	884
		Art History, MA .....	889
		Art History, MA/Library and Information Science, MLIS .....	891
		Art History, Minor .....	892

Asian Studies, Undergraduate Certificate .....	892	Conservation and Environmental Sciences, BS .....	974
Biological Sciences .....	894	Cultures and Communities, Undergraduate Certificate .....	980
Biological Sciences, BA .....	896	Data Analytics, BS (College of Letters and Science) .....	985
Biological Sciences, BS .....	902	Digital Arts and Culture .....	989
Biological Sciences, Minor .....	908	Digital Arts and Culture, BA .....	989
Biological Sciences, MS .....	909	Digital Arts and Culture, Undergraduate Certificate .....	994
Biological Sciences, PhD .....	910	Economics .....	997
Microbiology, BS .....	912	Applied Econometrics and Data Analysis, Graduate Certificate .....	998
Neuroscience, BS (Department of Biological Sciences) .....	916	Economics, BA .....	999
Business and Technical Communications, Undergraduate Certificate .....	920	Economics, MA .....	1003

## Disclaimer

This catalog includes academic policies, procedures, programs, courses, and requirements in effect at the time of publication. The University faculty and administration reserve the right to make changes in these regulations; some of these changes may affect students' programs. Efforts will be made to publicize all changes, but it is the responsibility of students to ascertain the requirements of their programs at all times.

# ADMISSION AND COSTS

- Undergraduate Admission (p. 15)
- Graduate Admission (p. 20)
- International Admission (p. 21)
- Tuition and Fees (p. 21)
- Aid and Scholarships (p. 21)

## Undergraduate Admission

For the latest admissions information, visit our website (<http://uwm.edu/admission/>).

Freshman students can now apply using either the UW System application or the Common App. All other applicants should use the UW System application. No matter which application you use, there's no undergraduate application fee!

The University of Wisconsin-Milwaukee encompasses three campuses (UW-Milwaukee, UWM at Washington County and UWM at Waukesha) that offer different degree types and programs. When applying on the UW System application or Common App, **please be certain to select the preferred campus to which you wish to apply. You may not submit an application to more than one UWM campus.** If you are unsure which campus to choose, please contact the Office of Undergraduate Admissions at [undergraduateadmissions@uwm.edu](mailto:undergraduateadmissions@uwm.edu) or 414-229-2222.

You will need to supply the necessary documents like transcripts and optional test scores separately. We will accept transcripts and test results submitted electronically from a vendor or testing agency. You will be notified of any additional materials needed to complete your application (including what we still need from you to make an admission decision) and can track the receipt of these documents and the progress of your application review online via the Admissions Portal (<https://uwm.edu/admissionsportal/>).

If you wish to apply as a non-degree or summer guest student, you may use the electronic applications available here (<https://apply.wisconsin.edu/>). If you require a paper application, you can download a PDF of any application from this site.

For application questions, please contact Office of Undergraduate Admissions at [undergraduateadmissions@uwm.edu](mailto:undergraduateadmissions@uwm.edu) or 414-229-2222. Contact information for other UWM departments is available here (<https://uwm.edu/contact/>).

## Application Deadlines

UWM begins accepting undergraduate applications on August 1 for the following fall term, with a priority application deadline of March 1. After the priority deadline, the Office of Undergraduate Admissions will continue to review applications on a case-by-case basis until enrollment capacity has been reached. Applications for the spring term (classes start in January) are typically accepted until December 1. **However, some programs have earlier deadlines and/or requirements.** Check our website (<http://uwm.edu/undergrad-admission/>) for up-to-date information.

It is to your advantage to apply early so that you receive important information as soon as possible, not to mention scholarship consideration.

## Variations in Admission Requirements and Deadlines

### Architecture and Urban Planning

Admission to the School of Architecture and Urban Planning is selective and competitive. Most students admitted to the School will have a high school cumulative grade point average of 3.0 on a 4.0 unweighted scale. The application priority date for Architecture and Urban Planning is **April 1** (for the subsequent fall term) or **December 1** (for the spring term), but earlier application is advised. The School of Architecture and Urban Planning takes a wholistic approach when reviewing applicants. Grade point average is only a portion of the admission decision. Other factors include the applicant statements, rigor of high school curriculum, and extra-curricular activities.

### Engineering and Applied Science

Admission to the College of Engineering and Applied Science is selective. The primary review factors are the strength and quality of the high school curriculum, high school class rank if available, grade point average, and ACT or SAT results. Well-prepared applicants will have four years of high school mathematics at the level of algebra and above and four years of natural science including biology, chemistry and physics. Relevant non-academic factors are also considered. See the CEAS section of this Catalog for additional specific information.

Applicants who do not meet the requirements for admission to the College of Engineering & Applied Science will automatically be considered for admission to the Pre-Engineering program in the UWM College of General Studies. The Pre-Engineering program is an Associate degree level program offered jointly by the College of General Studies and the College of Engineering & Applied Science. The curriculum is designed to prepare students for the engineering program with emphasis on mathematics.

### Nursing

High school science units must include at least one year of high school chemistry. Admission to the pre-nursing program is selective. The application priority date is **March 1** for fall applicants. Apply as early as possible; applications will be accepted only until program capacity has been reached.

### Peck School of the Arts

- **Dance:** An audition is required for entry into both the Dance BFA and BA. Audition dates are scheduled during the fall, spring, and summer terms. More information is available through the Dance department (<http://uwm.edu/arts/dance/>).
- **Art & Design:** The Department of Art & Design requires all incoming students to submit a portfolio for review. The portfolio is required in order to be considered for the Art & Design Incoming Student Scholarship. Portfolio deadlines are **October 15** (for spring admission) and **March 1** (for summer or for fall admission with consideration for scholarships). More information through Art & Design (<http://uwm.edu/arts/art-and-design/>).
- **Music:** Students wishing to enter the UWM Music Department must interview and/or audition for admittance to any of the Music degree programs. You must arrange for an instrument or voice audition in person, online, Skype, or alternate submission. More information here (<http://uwm.edu/arts/apply/>).

## Application Process

We strongly encourage you to apply online. The UW System application will provide an expedited experience. If you are applying to UWM and other schools outside of the UW System, the Common App will be most helpful. There's no undergraduate application fee with either platform. Most applicants find it faster and more convenient, and applications are received and processed much more quickly. To apply for admission as a new freshman, see the Freshman (p. 17) section of this page.

For the latest admissions information, visit the UWM's Undergraduate Admissions (<http://uwm.edu/undergrad-admission/>) page or call the Office of Undergraduate Admissions at (414) 229-2222.

## Four-Year Graduation Guarantee

Many students choose to attend classes part time, but for others, attending full time in order to obtain their degree as quickly as possible is the top priority. If that is your goal, UWM's Four-Year Graduation Guarantee may be for you.

To qualify, students must enter UWM as new freshmen during the fall term and must have appropriate academic preparation and placement test scores. They then sign a contract agreeing to satisfy other specified academic progress requirements while following the prescribed program of study. UWM, in turn, guarantees that students who fulfill these requirements will be able to complete their undergraduate degree within four years of initial enrollment at UWM. This program is available within all of UWM's baccalaureate programs, although specific requirements may vary. Your academic advisor can provide more information about this option, or contact the academic advising office of the school or college to which you will be seeking admission.

## Advising and Orientation for New Students

All new students are assigned an academic advisor upon admission to UWM. All freshmen and transfer students are required to participate in an orientation program (<https://uwm.edu/studentorientation/>) to enroll in classes. Programs are held during the summer for students entering in the fall semester and during January for students entering in the spring semester. A family orientation is held concurrently with the freshman program.

To be invited to an orientation, freshmen must complete:

- The Intent to Enroll survey in the Admissions Portal (<https://uwm.edu/admissionsportal/>)
- Course Placement (<https://uwm.edu/onestop/enrolling/before-you-enroll/freshman-placement-testing/>)
  - Submit ACT or SAT scores OR
  - Complete UWM-specific math and English placement tests
- Determine your living arrangements
  - Complete the University Housing contract and pay the \$100 Deposit
  - Submit an exemption form with documentation

Transfer students only need to complete their Intent to Enroll to be eligible for Orientation and can choose to only complete a virtual course instead of attending an in-person program to fulfill their requirement. Transfer students are strongly encouraged to meet with an advisor prior to enrolling in courses.

All new students pay a \$150 Orientation fee, and freshmen will pay an additional \$100 New Freshman Fee for the additional transition programming provided.

More detailed information about this process will be mailed to you upon admission to the University. For more information on steps to complete before you can enroll in classes, see our Admitted Students page (<http://uwm.edu/admitted/>).

## Summer Sessions Enrollment

Students admitted as degree candidates at UWM for the summer term may attend summer sessions and continue in the fall semester, provided they continue to satisfy established academic standards. Admission requirements are the same as for other semesters. Students enrolled for the spring semester automatically receive registration information for summer sessions.

New freshmen or transfer students admitted for the fall semester also may request a change of term to the preceding Summer Session in order to begin their studies earlier at UWM. For more information about a term change, call the Office of Undergraduate Admissions at (414) 229-2222. Or submit a term change form in the Admissions Portal (<https://admissions.uwm.edu/manage/login/>).

Students enrolled at another college or university during the academic year who wish to attend UWM during the summer term only may qualify for admission as Summer Guest students. See the Non-degree (p. 19) section of this page for specific information.

Find more information about summer sessions enrollment here (<https://uwm.edu/undergrad-admission/student-type/summer-session/>).

## Admission to Pre-professional Programs

Students pursuing pre-professional programs in the School of Architecture and Urban Planning, Peck School of the Arts, Sheldon B. Lubar College of Business, School of Education, College of Engineering and Applied Science, College of Health Sciences, College of Nursing, and Helen Bader School of Social Welfare are admitted directly into those schools and colleges and are advised there. However, admission to a pre-professional program does not guarantee subsequent admission to the professional program or major.

Admission to the professional program/major occurs only after a student has completed the specific pre-professional requirements outlined in the school and college sections of this catalog. Admission to the pre-professional program does not imply or guarantee that a student will be able to enter or complete a professional program/major within any specific time period and, in fact, admission to some professional programs/majors is very competitive. Enrollment in required courses is subject to limitation.

### Requirements for employment, licensing, or professional organizations:

Students should be aware that some professions and occupations are subject to licensing and/or bonding requirements. When a course of study includes clinical or field training, practice teaching, internships, or the like, students may be subjected to a check of criminal conviction records prior to acceptance by the placement site. Students are responsible for obtaining the information necessary to become knowledgeable about special requirements such as these and should plan their studies accordingly.

For the latest admissions information, visit our website (<http://uwm.edu/admission/>).

## Freshman Admission Policy Statement

To provide high quality educational opportunity for students, the Office of Undergraduate Admissions admits students whose academic preparation, background and personal experience suggest that they will succeed at the institution, benefit from that educational experience, and contribute to the educational environment.

Freshman applicants are evaluated through a comprehensive, individualized review process and students with a wide range of academic achievement and personal experience are offered admission at all three UWM campuses.

## Freshman Admission Standards

Freshman applicants will typically demonstrate an appropriate level of preparation and potential by providing evidence of the following:

### 1. High school graduation or its equivalent

Your academic performance in the classroom is the most important factor in the review of your application. We carefully consider the pattern and rigor of your high school coursework, class rank (if available), overall GPA and grades in specific courses related to your intended major at UWM. The most competitive candidates for admission to UWM typically surpass these unit requirements.

- English: 4 units
- Math (Algebra 1, Geometry and Algebra 2 or equivalent): 3 units
- Natural Science: 3 units
- Social Science: 3 units
- Academic Electives: 4 units

### 2. Completion of an appropriate college preparatory curriculum

Satisfactory completion of at least 17 credits (1 credit = 1 year) of high school courses, distributed as shown above, is the minimum expectation. Additional coursework beyond this minimum level is strongly encouraged and will increase the applicant's likelihood of academic success at the university. Some academic programs have additional academic preparation requirements.

### 3. Evidence of academic ability and readiness as demonstrated by academic performance in high school

All relevant academic factors are considered, including grades and grade point average; high school class rank (if available); choice of curriculum; and strength of the academic program relative to the course offerings available to the student in the high school.

### 4. Evidence of academic ability and readiness as demonstrated by performance on standardized test - optional

Test score submission is optional. If you choose to submit test scores, performance on the ACT or SAT is only one factor considered in the admission process. In addition to your composite score, we also consider your sub-scores in the area(s) (English, math, reading, science) that closely relate to your intended major at UWM. While the writing portion of the ACT is not required, we will consider these results if you wish to submit them.

### 5. Additional factors considered

We want to know more about you beyond your academic record and test results! Other factors considered in the review process include, but are not limited to, student experiences, work experience, leadership qualities, motivation, community service, special talents, etc. This information is collected when you complete the application.

The essay is where you answer the prompt and tell your story. Letters of recommendation are not required but will be considered should you choose to send them.

For the latest admissions information, visit our website (<http://uwm.edu/admission/>).

## Transfer Student Admission and Acceptance of Transfer Credit

### Transfer Admission Guidelines

Transfer admission is a holistic and selective process, and no single criterion guarantees admission. The following factors are taken into consideration when reviewing applications:

- Demonstrated satisfactory academic progress
- Successful completion of college-level math and English courses
- Total credit hours completed
- Academic standing at previous institution

If you have fewer than 12 transferable credits, we will also review your high school academic records.

### Additional Specific Requirements

Transfer admission to the **College of Engineering and Applied Science**, the **School of Architecture and Urban Planning**, and the **College of Nursing** is selective. Many programs in the **Peck School of the Arts** have audition or portfolio requirements. In addition, admission to many other individual programs/majors is competitive and subject to capacity limitations, with higher standards or additional criteria considered. For more details, check the admission requirements listed for the particular academic program in which you are interested.

International students have additional application requirements; see that section for details.

## Application Process

Apply electronically via the University of Wisconsin System electronic application website (<https://apply.wisconsin.edu/>). If you apply electronically, you will need to submit the necessary supporting documents separately. Electronic transcripts sent from schools and third party vendors should be sent to [undergraduateadmissions@uwm.edu](mailto:undergraduateadmissions@uwm.edu). Transfer applicants must submit, at minimum:

- a completed application form;
- official high school transcript(s); and
- official transcript(s) from any post-secondary institution(s) attended

You will be notified of any additional materials needed to complete your application. Complete instructions and information about applicable deadlines are available on the website.

If you are unable to apply online, a PDF may be downloaded from <https://apply.wisconsin.edu> (<https://apply.wisconsin.edu/>) to print and mail in.

The Registrar's Office will review your prior college coursework and post your transfer credit equivalencies to your PAWS account. This process can take 1-2 weeks following admission to the university, so it is important that you apply early in order to have this information in time for academic advising and registration prior to your desired term of enrollment (see dates and deadlines below).

## Recommended Filing Dates for Transfer Students

Filing and completing your application for admission (including all transcripts and the application fee) as early as possible is recommended so that transfer students are able to receive an appointment to register for classes at approximately the same time as continuing students. In general, a decision on a complete application is made by the Office of Undergraduate Admissions within 2-4 weeks, and transfer credit evaluations are completed within four weeks of the date of admission. Recommended dates by which a completed application should be on file are as follows: **February 15** (summer and fall terms) and **September 15** (spring term).

## Application Deadlines for Transfer Students

**Fall term:** UWM begins accepting undergraduate applications on August 1 for the following fall term, with a priority deadline of March 1. After the priority deadline, the Office of Undergraduate Admissions will continue to review applications on a case-by-case basis until enrollment capacity has been reached.

**Spring term:** Applications for the spring term (classes start in January) are typically accepted until December 1. **However, some programs have earlier deadlines and/or requirements.** Check our website (<http://uwm.edu/undergrad-admission/>) for up-to-date information.

Earlier deadlines apply for certain programs and applications received after enrollment capacity has been reached may not be reviewed. The application priority date for Nursing and Architecture and Urban Planning is **March 1** (for the subsequent fall term) or **November 1** (for the spring term). For Art & Design or Music, apply by **March 1** for scholarship consideration. Check our website (<http://uwm.edu/undergrad-admission/>) for up-to-date information and for applicable deadlines for other terms.

## Transfer Credit Acceptance

Credit is generally awarded for relevant and appropriate college-level coursework successfully completed at institutions accredited by a **regional accrediting association**. Credit also may be awarded for college-level work successfully completed at degree-granting institutions accredited by other **national accrediting organizations** that are recognized by the Council for Higher Education Accreditation (CHEA), assuming the provisions outlined below also are met. (Foreign institutions must be recognized by the Ministry of Education, or equivalent, of the home country.)

In order for credit to be awarded, courses must typically be similar in nature, level, and content to a course in UWM's undergraduate curriculum, and be applicable to one of UWM's academic programs at the baccalaureate level. Credit generally is not awarded for continuing education coursework or for courses that are remedial, vocational, technical, or doctrinal in nature.

Additional transfer credit may be awarded to students who enter specific programs for which UWM has established articulation agreements (<https://uwm.edu/registrar/students/articulation-agreements/>) or other program-specific transfer credit agreements, with a partner institution.

Seventy-two (72) credits is the maximum total number of credits that may be awarded for coursework earned at one or any combination of two-year (associate degree level) institution(s).

In addition to credit for courses completed at other schools, students can also receive transfer credit for previous education or training or by testing

on their current knowledge. See Transfer Information (<http://uwm.edu/registrar/students/transfer-information/>) for more information.

## Credit Transfer from the Wisconsin Technical College System (WTCS)

Students enrolled in the Wisconsin Technical College System who wish to continue their education at UWM may transfer credits toward their bachelor's degree in the following ways:

- Students enrolled in a WTCS Associate degree granting schools (at present, these are offered at Chippewa Valley Technical College, Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, and Western Technical College) may be eligible to transfer up to 72 credits toward the baccalaureate degree.
- Students enrolled at other WTCS programs or campuses may be eligible to transfer some appropriate general education coursework toward the baccalaureate degree.
- There also are many program-specific transfer credit agreements governing acceptance of credit from some WTCS programs. For details, see Transferring Course Credits (<https://uwm.edu/onestop/your-student-record/transfer-credits/transferring-course-credits/.html>).
- The UWM Office of Undergraduate Admissions maintains an office at the MATC-Milwaukee downtown campus in order to assist students with transfer-related questions. For more specific information, get in touch (<http://uwm.edu/contact/>) for easy access to an online information request form, as well as phone, email, live chat, or social media contact information.

For more information about these or other transfer opportunities, students should consult with their Wisconsin Technical College advisor, the UWM Office of Undergraduate Admissions, or the UWM Registrar's Office.

Go to Transfer Wisconsin (<https://www.wisconsin.edu/transfer/.html>) to learn more about how courses transfer in the University of Wisconsin, Wisconsin Technical College, and Tribal College Systems.

For the latest admissions information, visit our website (<http://uwm.edu/admission/>).

## Re-entering and Re-admitted Students

Students who have not been enrolled at UWM for more than two semesters must file a re-entry application to return to the University. Official transcripts of all college work taken during the absence from UW-Milwaukee must be submitted. This application is available using the electronic application available here (<https://apply.wisconsin.edu/>) or on our Forms & Resources (<https://uwm.edu/undergrad-admission/forms/>) page.

UWM begins accepting undergraduate applications on August 1 for the following fall term, with a priority deadline of March 1. After the priority deadline, the Office of Undergraduate Admissions will continue to review applications on a case-by-case basis until enrollment capacity has been reached. Applications for the spring term (classes start in January) are typically accepted until December 1. **However, some programs have earlier deadlines and/or requirements.** Check our website (<http://uwm.edu/undergrad-admission/>) for up-to-date information.

In addition to filing a re-entry application to the University, a student who has been dropped from the University because of poor academic performance must be approved for re-admission by the dean of the

school or college from which the student was dropped. Students should schedule an appointment with their academic advisor to begin the school or college approval process.

For more information about re-entry procedures or to request an application form, contact the Office of Undergraduate Admissions at (414) 229-2222.

For the latest admissions information, visit our website (<http://uwm.edu/admission/>).

## Non-degree Students

### Who should apply as an Undergraduate Non-degree Student?

- Guest students from another institution who want to take classes over summer or winter break and then transfer them back to their current institution
- Students who are taking prerequisites to get into a graduate program or professional school (ex: medical school, law school, etc.)
- Students who already have a bachelor's degree and want to complete an undergraduate certificate program at UWM. Please also contact the department – a certificate program application may be required in addition to the non-degree university application
- Students who want to take some courses at UWM for personal or professional enrichment but do not want an undergraduate degree from UWM. You can either audit the courses (lower cost – no credit, no grades) or you can take courses for credit (transcribed and can be used towards a degree)

**60+ Auditors or Disabled Auditors:** Request information by calling 414-229-2222 or emailing [undergraduateadmissions@uwm.edu](mailto:undergraduateadmissions@uwm.edu).

### Who should not apply as an Undergraduate Non-degree student?

- If you are wanting to receive an undergraduate degree from UWM you should apply as a degree-seeking student. Please review the transfer or new freshmen application process here (<https://apply.wisconsin.edu/>).
- If you are considering graduate school, please meet with the graduate school to talk about required prerequisites prior to applying as an undergraduate non-degree student.

## Non-degree Admission Guidelines

If you have already attended or are currently attending another college or university, then you must be in good financial standing at that institution (not have any past due accounts) to qualify for admission at UWM.

You must have graduated from a recognized high school at least one year prior to the desired semester of enrollment, or be admissible based upon acceptable GED test scores. Exceptions can be made if you are attending another university and can provide a copy of your admissions letter.

In most cases, we will not need your transcripts for admission. No transferable coursework or other credits earned (e.g. via AP or CLEP exam) will be posted to your UWM non-degree student record. Therefore, if you would like to take a course at UWM that requires a prerequisite you have earned elsewhere, you may need to get permission from the department to add the course.

## Non-degree Financial Aid

Non-degree students do not automatically qualify for federal student aid. To qualify for aid at UWM, students need to be enrolled at least half time in an eligible certificate/certification program or be enrolled half time to complete prerequisites for a UWM graduate program. You will complete the Non-degree Enrollment Verification Form and have an advisor in your degree program sign it (not your non-degree advisor.) You can find this form here (<http://uwm.edu/onestop/finances/receiving-financial-aid/non-degree-students/>).

For the latest admissions information, visit our website (<http://uwm.edu/admission/>).

## Information for Out-of-State Students

### Residency

Residency, for tuition purposes, is governed by Wisconsin statute. It is the mutual responsibility of the University and the student to make certain that he or she is correctly classified as a resident or non-resident for tuition purposes. If an error is discovered, the student will be notified that he or she must pay the non-resident portion of the tuition immediately. Students who question their status should contact the Office of Undergraduate Admissions in Mellencamp Hall, Room 212, (414) 229-2222. A student who wishes to appeal the nonresident classification should request a non-residency appeal form prior to the tuition due date for the semester. For more information regarding residency, visit our Out of State admissions (<https://uwm.edu/undergrad-admission/student-type/out-of-state/>) page.

### Minnesota/Wisconsin Reciprocity Agreement

Minnesota residents may be eligible to participate under the Minnesota/Wisconsin Reciprocity Agreement. Students certified under this program pay tuition at a special rate that is less than non-resident tuition. A certification year runs from July 1 through June 30, although degree students are normally certified once during the full duration of their academic career if they remain continuously enrolled.

Persons not certified by the date on which fees are due will be required to pay non-resident tuition and fees. The appropriate amount will then be refunded upon certification by the State of Minnesota Office of Higher Education Reciprocity Program. For more information, contact the State of Minnesota Office of Higher Education (<http://www.ohe.state.mn.us/mPg.cfm?pageID=97>), 1450 Energy Park Dr., Suite 350, St. Paul, MN 55108, (651) 642-0567, or (800) 657-3866.

### Tuition Discounts for Midwest Residents

UWM offers a special Non-Resident Midwest tuition rate, which is available to students who meet the criteria and are residents of Illinois, Indiana, Iowa, Kansas, Michigan, Missouri, Nebraska, North Dakota, Ohio and South Dakota. Midwest Tuition applies to all on-campus associate, bachelor's and graduate programs. Non-degree students from an eligible midwest tuition state who meet the criteria are also eligible for this tuition rate.

Find more information on the Midwest Residence cost and financial aid (<https://uwm.edu/cost-aid/#tab-tuition-midwest-residents>)page.

### Milwaukee Advantage Program (MAP)

Illinois students are eligible to receive an additional \$1,000 award each year (\$500/semester) through the Milwaukee Advantage Program (MAP).

Beginning in Fall 2021, Minnesota students will also be eligible to receive the MAP award. The MAP award is renewable.

- MAP will be offered at both fall/spring terms.
- Must be enrolled full time in order to be eligible. Falling below full-time status will result in cancellation of award.

## Special Admission Programs for Students Still Enrolled in High School

The High School Special Program and the Early College Credit Program are designed to allow qualified high school students to enroll in university courses concurrently with high school classes. Applicants must generally have a 3.5 or above GPA. For further information, contact your high school guidance counselor or the UWM Office of Undergraduate Admissions at (414) 229-2222. You also may review the information on our Dual Enrollment (<https://uwm.edu/academicaffairs/dual-enrollment/>) website.

## Course Placement

All incoming freshmen admitted to UW-Milwaukee are **required** to complete steps to place them into their math and English courses. Students are placed into math and English courses based on either their ACT/SAT scores or by completing both Panther Math Prep and the Guided English Placement. International students can use their TOEFL or IELTS scores for placement into their English courses. Students are placed into French, German, and Spanish foreign language courses via the UW System World Languages placement test. Placement into any other foreign language is based on previous coursework and/or the UWM World Languages Self Assessment Tool. Placement into chemistry courses is determined by a combination of math placement level and previous chemistry coursework, and students in Chemistry 102 are required to take a chemistry placement test during the first week of their chemistry class. Placement methodologies help to ensure that students are placed into the appropriate level of study to maximize success. Incoming freshmen must ensure they have taken the appropriate steps to determine course placement before they are allowed to attend their New Student Orientation session where they will enroll in classes. Transfer students and re-entry students may be required to submit ACT/SAT scores or complete assessments depending on previous coursework and intended degree plan. Transfer and re-entry students should check with their advisor to determine if they need to complete any steps for course placement.

More information on course placement (<https://uwm.edu/onestop/enrolling/before-you-enroll/#placement>) can be found on our One Stop Enrollment and Financial Services site.

## Contact Information

### Office of Undergraduate Admissions

Lubar Entrepreneurship Center & UWM Welcome Center  
2100 Kenwood Blvd  
Milwaukee, WI 53211

<http://uwm.edu/admission/>

## Graduate Admission

### Master's and Doctoral

You must meet Graduate School and specific program requirements for admission. Please navigate to the Graduate School website (<http://uwm.edu/graduateschool/admission/>) to see the Master's and Doctoral graduate school admission requirements. Refer to the program for its specific admission requirements.

Please be aware of recommended and required deadlines (<http://uwm.edu/graduateschool/program-deadlines/>). We recommend applying at least one year in advance of the term you wish to start.

## Graduate Certificate

A certificate program is a sequence of courses that provides specialized knowledge and skills for personal enrichment, professional advancement, or career change. Certificate programs may provide:

- A basic introduction to an established field of study.
- An interdisciplinary approach linking several fields.
- A concentrated focus on a sub-field.

You must meet Graduate School and specific certificate program requirements for admission. Please go to the Graduate School website (<http://uwm.edu/graduateschool/certificate-admission/>) to see the graduate school admission requirements. Refer to the certificate program for its specific admission requirements.

Please be aware of recommended and required deadlines (<http://uwm.edu/graduateschool/program-deadlines/>). We recommend applying at least one year in advance of the term you wish to start.

## Non-Degree

This admission category (also referred to as Graduate Special) allows you to take courses for graduate credit without pursuing a degree. Acceptance as an NDC does not guarantee admission to a graduate degree program.

Some programs have a minimum undergraduate grade point average for NDC admission. In addition, there are limits to the number of NDC credits that can be considered for transfer to a degree program (see Master's Requirements ([http://uwm.edu/graduateschool/masters-requirements/#credit\\_transfers](http://uwm.edu/graduateschool/masters-requirements/#credit_transfers)) for transferring credits to a master's program and Doctoral Requirements ([http://uwm.edu/graduateschool/doctoral-requirements/#transfer\\_credit](http://uwm.edu/graduateschool/doctoral-requirements/#transfer_credit)) for transferring credits to a doctoral program).

NDC students are usually not eligible for financial aid. Check with the Financial Aid Office regarding your particular situation. International applicants need to contact the Center for International Education (<http://www4.uwm.edu/cie/>) for additional NDC requirements.

You must meet Graduate School and specific program requirements for admission. Please go to the Graduate School website (<http://uwm.edu/graduateschool/non-degree-admission/>) to see the graduate school admission requirements. Please contact the specific program for their Non-Degree admission requirements.

## Off-Campus

The Off Campus application is for graduate students not pursuing a degree or certificate program and are interested in participating in face-to-face or hybrid classes being offered somewhere other than the UWM main campus. Certain professional development courses or special programs may also be offered through the Off Campus application.

A bachelor's degree is required for admission.

You must apply for Off-Campus admission using the Panthera Graduate School Application (<https://graduateschool-apply.uwm.edu/>). Look for the **Off Campus Application** link at the bottom of the left menu on the application home page.

## Re-entering Admission

If you plan to return to your graduate program after an absence of two or more semesters (excluding summer and UWinterIM sessions), you must apply to re-enter the Graduate School.

Please refer to the Graduate School website (<http://uwm.edu/graduateschool/re-entering-graduate-school/>) to determine if you meet the Re-Entry admission requirements prior to submitting an application.

## International Admission

### International Student Admission

UWM's Center for International Education processes applications for students with significant education from outside the U.S., and any student who requires a student visa to study at UWM. Application requirements are located on the Center for International Education website (<http://uwm.edu/cie/international-admissions/application-requirements/>).

### Contact Information

#### Center for International Education

Garland Hall, Room 138

[uwm.edu/cie/international-admissions/](http://uwm.edu/cie/international-admissions/) (<http://uwm.edu/cie/international-admissions/>)

## Tuition and Fees

Please visit UWM's Student Financial Services website (<https://uwm.edu/finances/>) for the most up-to-date information on the following:

- Tuition/Fee Schedules (<http://uwm.edu/onestop/finances/estimating-your-costs/tuition/>)
- Cost Calculators (<http://uwm.edu/onestop/finances/estimating-your-costs/uwm-total-cost-estimator/>)
- Billing, Payment Plans, and Refunds (<http://uwm.edu/onestop/finances/billing-and-payment/>)
- Office of Student Accounts Policies and Procedures (<http://uwm.edu/onestop/finances/bursars-office-policies-procedures/>)

### Contact Information

#### Student Financial Services

Mellencamp Hall, Room 162

[uwm.edu/finances](http://uwm.edu/finances/) (<http://uwm.edu/finances/>)

## Aid and Scholarships

Most students (and their families) need to use a combination of tools to help finance their college education. Information to help you with all your financing questions can be found on the UWM Student Financial Services (<http://uwm.edu/finances/>) website. This includes information on:

- Financial Aid Process (<http://uwm.edu/onestop/finances/receiving-financial-aid/>)

- Scholarships (<http://uwm.edu/onestop/finances/types-of-financial-aid/scholarships/>), Grants (<http://uwm.edu/onestop/finances/types-of-financial-aid/grants-and-waivers/>), and Loans (<http://uwm.edu/onestop/finances/loans/>)
- Military Education Benefits (<http://uwm.edu/onestop/finances/veterans-services/>)
- Work-Study and Student Employment (<http://uwm.edu/onestop/finances/work-study-student-employment/>)

Other resources include tools to develop a budget, determine the most recent costs, and sign up for the installment plan. You will also find the contact information for all departments in Student Financial Services which includes the Office of Financial Aid Administration, Office of Student Accounts, Office of Student Scholarships, and Student Financial Service Center. Please feel free to contact our staff for help with any questions you may have. You can also use our Virtual agent, Ask Pounce (<https://uwm.edu/onestop/finances/ask-pounce/>), for answers to many of the most common questions we receive.

# POLICIES

This catalog includes academic policies, procedures, programs, courses, and requirements in effect at the time of publication. The University faculty and administration reserve the right to make changes in these regulations; some of these changes may affect students' programs. Efforts will be made to publicize all changes, but it is the responsibility of students to ascertain the requirements of their programs at all times.

- Undergraduate Policies (p. 22)
- Graduate Policies (p. 31)

## Undergraduate Policies

### Degree Requirements

#### Bachelor's Degree Requirements

All bachelor's degree programs at the University of Wisconsin-Milwaukee are subject to the following requirements. The catalog text for the program should refer to or contain these requirements, but they still apply even if it does not. Students should consult individual program pages in this catalog for the specific degree requirements associated with each program or major.

1. Residence Credit Requirement: At minimum, 30 of the 120 credits earned for the bachelor's degree must be completed "in residence", that is, via credits earned from the institution itself regardless of class modality. Individual programs may impose additional requirements, for example, the last 30 credits must be earned in residence, or some larger number, though not necessarily the last block.
2. Credits: Student must complete at least 120 credits. Individual programs may require more.
3. Minimum GPA: Students must attain at least a 2.000 cumulative GPA. Individual programs may require a higher GPA on all credits, or all credits in the major, or specific courses, etc.
4. University GERs: Students must satisfy the UWM General Education Requirements (p. 30).
5. Other requirements: Students must meet the graduation requirements of their major and school or college.

#### Associate Degree Requirements

The requirements for the Associate degree can be found on the Liberal Arts, AAS (p. 694) catalog page.

#### Concurrent Degrees

The University offers an Associate of Arts and Sciences degree (AAS) and the following distinct bachelor's degrees:

- Bachelor of Architecture (BArch)
- Bachelor of Arts (BA)
- Bachelor of Business Administration (BBA)
- Bachelor of Fine Arts (BFA)
- Bachelor of Science (BS)
- Bachelor of Science in Engineering (BSE)

#### Earning Two Bachelor's Degrees Concurrently

Students may earn more than one bachelor's degree by completing the graduation requirements for both degrees, including a major appropriate to each degree. The two bachelor's degrees earned must have different

degree designations (i.e., BA, BBA, BFA, BS, and BSE). In meeting degree requirements, the student must complete an additional 30 credits in residence for the second degree (for a minimum of 150 credits). The same General Education Requirements may be used to satisfy both degree requirements if appropriate. Schools and colleges may make exceptions to the above policy. The flexible option degree-completion program is not available as a concurrent degree. Students earning more than one credential in the same degree will have multiple majors. They will not earn multiple degrees. Students should consult their school/college for more information on multiple majors in the same degree, including minimum credit requirements.

#### Earning A Second Bachelor's Degree After Graduation

Students who have earned a first bachelor's degree from UW-Milwaukee may earn a second, distinct bachelor's degree by completing a minimum of 30 additional undergraduate credits in residence subsequent to the awarding of the first degree and by satisfying all major requirements for the second degree. Students seeking an additional major or minor in the same degree designation after having already earned that bachelor's degree from UW-Milwaukee may do so by fulfilling the requirements of the relevant college/school. Post-bachelor's activity is recorded on their academic transcript, and the subsequent credential is recorded at the time of completion. Students with a bachelor's degree from any other accredited institution who wish to subsequently earn a bachelor's degree from UW-Milwaukee must complete a minimum of 30 additional undergraduate credits in residence at UW-Milwaukee. Transfer students must complete the requirements of the UW-Milwaukee major and have a minimum of 150 earned degree credits in total between the two degrees. Not all degrees are eligible for completion as a second bachelor's degree. Students should consult the school/college to confirm eligibility. It is within the purview of the school/college to determine if credits from a prior bachelor's degree can be used in part to complete an additional credential, such as a certificate, as part of the second bachelor's degree. Credit residency rules may also apply.

#### Additional Information

All students earning two bachelor's degrees need to apply and be admitted to the school/college for both degrees. They will also apply separately for graduation for each degree and pay separate graduation fees for each degree. Students cannot earn more than one associate degree either concurrently or post-graduation.

### Requirement Term

Students follow the requirements outlined in the academic catalog according to the term of their admission. For students entering UW-Milwaukee in Fall 2025 or later:

1. Students who wish to opt into a different requirement term must receive the approval of their school/college via a signed request form. If new school/college requirements compel students to change their requirement term, the school/college must receive signed consent from the student.
2. The requirement term for re-entry students will be that of the most recent term of admission. Students may appeal to their school/college to revert back to a prior requirement term.

### Class Standing/Level in School

Prerequisites for certain courses are determined by class standing. The chart below presents the number of credits for the different class standings.

Class Standing	Number of Credits Earned
Sophomore	24-55
Junior	56-85
Senior	86 or more

The prerequisite given in the course listing refers to the qualifications and/or standing needed to enroll in a given course. If no prerequisite is listed, the course is generally open to all students. If more than one prerequisite is listed, all are necessary unless a choice is clearly indicated. A student who enrolls in a course without the required prerequisites may be dropped.

## Course Load

A full course load for undergraduates is considered to be a minimum of 12 credits. This definition may differ from that of the Veterans Administration, the Selective Service System, or other agencies. UWM assumes no responsibilities in this connection.

## Grading System

UWM uses a letter grade system that includes "plus" and "minus" grades and is based on a 4.000 scale. For convenience in computing averages, each letter grade carries a specified number of points per credit. The scale of grades and points follows:

Grade	(Points per credit)
A	(4.000) Excellent
A-	(3.670)
B+	(3.330)
B	(3.000) Good
B-	(2.670)
C+	(2.330)
C	(2.000) Fair
C-	(1.670)
D+	(1.330)
D	(1.000) Poor
D-	(0.670)
F (0-16)	(0.000) Fail

In addition, students may be allowed to take a limited number of courses on a "Credit/No Credit" basis, and may enroll on an "Audit" basis in courses for which they do not wish to obtain college credit. The following symbols are used where grade points are not involved:

Symbol	Description
I or EI	Incomplete
S	Satisfactory
U	Unsatisfactory
P	Progress
PR	Progress (Flexible Option only)
Credit	C- or above (credit/no credit courses only)
No Credit	Below C- (credit/no credit courses only)
NC	Not completed (audit courses only)
Not Rptd	Grade was not submitted in time to be reported

W	Course dropped by student after fourth week of semester or first quarter of shorter session
WR	Administrative drop (enrollment in course violates permitted number of repeats)
#W	Administrative drop (enrollment in course violates permitted number of repeats), effective March 2002
R	Repeat course (counts in GPA)
#	Repeat course (does not count in GPA)

Instructors of competency sets offered through the UW Flexible Option at UW-Milwaukee may assign a grade of PR ("Progress") for students who successfully complete at least one but not all competency assessments within the set. The PR grade will be a final grade that signifies the enrollment counts as a course attempt for repeat purposes. The PR grade does not award any earned credit or GPA value. The PR grade may only be awarded for the initial attempt of a competency set.

## F Grades – Additional Information

When reporting a grade of F, instructors also will report a number corresponding to the student's "week of last participation" in the course. This is the last week of the term for which there is documented evidence of the student's participation in the course. A student receiving the grade of F0 would, therefore, be one who never attended or participated, whereas a student grade of F16 would signify completion of the entire term. The numeral for "week of last participation" will be reflected on unofficial transcripts and grade reports. On official transcripts, only the grade of F will be reflected.

## Grade Point Average

The number of grade points earned in a course is computed by multiplying the points for the grade by the number of credits offered for the course. (Example: A B earned in a three-credit course would give you nine grade points.)

The general quality of a student's work is expressed in terms of the grade point average (GPA). This is the total number of grade points earned divided by the total number of GPA credits. The highest possible average is 4.000 or an A in every subject.

The UWM grade point average recorded on your official transcript is based solely upon credits earned or attempted at UWM on a regular graded basis. Even though you may receive credits for coursework taken elsewhere, such transfer credits are not counted as part of the GPA at UWM. Some schools and colleges have different standards for GPA calculation and may include transfer work for admission or graduation; see degree requirements within each school/college for specifics. Credits granted by examination or UWM credits taken on an audit or credit/no credit grading basis also are excluded from the official UWM grade point average.

Credits transferred internally between curricular tracks within the University of Wisconsin - Milwaukee will carry grade point value and count as UWM credit for repeat purposes.

If you are returning to UWM and have not previously earned your undergraduate degree, your cumulative GPA will continue from your last point of enrollment. If you have previously earned your undergraduate

degree, you should apply as a "Second Degree" student. Your credits and GPA will start over with the courses you take upon your return, and your original record cannot be altered.

## Academic Drop and Probation Policy

**Academic Probation:** Imposed on students whose cumulative GPA falls below 2.000. The student on academic probation whose semester GPA is 2.000 or better, but whose cumulative GPA remains below 2.000, is permitted to continue on academic probation.

**Cleared Probation:** Achieved when cumulative GPA increases to 2.000 or above.

**Dropped for One Semester:** Imposed on any student on academic probation who fails to earn a semester GPA of 2.000.

**Final Probation:** Applies to a student who is permitted to enroll after any drop action. The student on final probation whose semester GPA is 2.000 or better, but whose cumulative GPA remains below 2.000, is permitted to continue on final academic probation.

**Dropped for Two Years:** Imposed on any student on final probation who fails to achieve a semester and cumulative GPA of 2.000 or better.

1. A student with a cumulative GPA (grade point average) of 2.0 or higher is in good academic standing.
2. A student whose cumulative GPA falls below 2.0 is placed on academic probation. A student on academic probation whose cumulative GPA remains below 2.0 but whose semester GPA is 2.0 or above remains on academic probation. A student on academic probation earning a semester GPA below 2.0, is dropped for one semester. A student on academic probation clears probation and returns to good academic standing when a cumulative GPA of 2.0 or better is achieved.
3. A dropped student may appeal to be reinstated or readmitted as laid out below. A reinstated or readmitted student is placed on final probation.
  - a. A student may appeal to be reinstated immediately after a drop action. They must appeal to the dean or a designee of the school, college, or academic unit to which they belonged when the drop action was earned.
  - b. A student may apply for readmission after sitting out the required drop period. After their drop period has elapsed, they re-enter the program from which they were dropped.
  - c. A student who chooses to change their program after sitting out their drop period may only do so with the permission of the dean or a designee of their new program.
  - d. A student who chooses to change from a bachelor's degree program to an associate degree program after sitting out their drop period can do so without permission.
  - e. A student who has been dropped from a bachelor's program may appeal to the administrative unit that is in charge of associate's degrees for immediate reinstatement to the associate program. They do not need permission from the school, college, or academic unit to which they belonged when the drop action was earned.
4. A student on final probation who fails to achieve a semester GPA of 2.0 or better is dropped for two years. A student on final probation whose cumulative GPA remains below 2.0 but whose semester GPA is 2.0 or above remains on final probation. A student on final probation clears final probation and returns to

good academic standing when a cumulative GPA of 2.0 or better is achieved.

## Academic Renewal Eligibility

To qualify for academic renewal, a former degree candidate must:

1. Not have graduated from UW-Milwaukee or have earned a baccalaureate degree or associate degree from any other institution.
2. Not have been enrolled at UW-Milwaukee for two consecutive years.
3. Be readmitted to UW-Milwaukee as a degree-seeking student, and
4. Have a cumulative grade-point average (GPA) below a 2.0 at the time of readmission.

## Explanations and Restrictions

1. The "Academic Renewal Period" comprises all academic work completed at UW-Milwaukee prior to the two-year period of no enrollment.
2. After readmission, students must earn a GPA of 2.5 or higher in the first 12 earned credits at UW-Milwaukee BEFORE applying for academic renewal.
3. Academic renewal does not adjust the GPA and number of credits attempted and counted toward Satisfactory Academic Progress for financial aid.
4. All other University policies (for example, the UW-Milwaukee Repeat Policy) remain in effect and are not changed by the granting of academic renewal.
5. To be eligible for a bachelor's degree, students must complete a minimum of 30 credits at UW-Milwaukee after the granting of academic renewal. To be eligible for an associate degree, students must complete a minimum of 12 credits at UW-Milwaukee after the granting of academic renewal.
6. If a student seeks admission to a degree program in a school or college other than the one that granted their academic renewal, that school or college has the right to consider all coursework and grades, including those academically forgiven, in making its admission determination.

## Impact on Student's Record

1. A notation in the remarks area of the student's transcript indicates academic renewal. All courses taken and grades earned during the Academic Renewal Period will continue to appear on the student's record, but the grades of all classes taken during the Academic Renewal Period will be excluded from the student's cumulative GPA.
2. All grades earned in courses that were taken during the Academic Renewal Period will be excluded from the student's cumulative GPA. Students may not retain grades earned in some courses within the Academic Renewal Period and have academic renewal applied to others.
3. If academic renewal is granted, credit hours earned during the Academic Renewal Period may be used to satisfy degree requirements even though they are not included in calculating the student's total GPA.

## Repeat Requests

Students may be granted only one academic renewal.

More information on applying for academic renewal can be found in the Academic Actions (<https://uwm.edu/onestop/your-student-record/grades/>) section of One Stop.

## Incompletes

An incomplete may be given to an undergraduate who has carried a subject successfully until near the end of the semester but, because of illness or other unusual and substantiated cause beyond that student's control, has been unable to take or complete the final examination or to complete some limited amount of term work. An incomplete is not given unless the student proves to the instructor that s/he was prevented from completing course requirements for just cause as indicated above.

A course marked incomplete must be completed during the next succeeding semester, excluding summer sessions and UWinterim. If the student does not remove the incomplete during this period, the report of "I" will lapse to "F". With approval of the instructor, additional time may be granted through a request to the instructor for an Extended Incomplete ("EI"), including cases where the "I" lapsed to "F". The determination to assign an "EI" grade is at the sole discretion of the instructor or, if an instructor cannot be contacted, the department chair. The "EI" grade will lapse to "F" after one calendar year unless a final grade is awarded or another extension is requested by the instructor or department.

Incomplete ("I") or Extended Incomplete ("EI") courses may not be used to satisfy degree requirements. Incomplete ("I") or Extended Incomplete ("EI") courses will be converted to Permanent Incomplete ("PI") prior to degree posting if not required for graduation. The PI does not change the impact of the "F" grade on the student's record. It is equivalent to earning the lapsed "F" grade in terms of how it affects the student's GPA and GPA credits.

Schools/Colleges may have stricter requirements. Please contact your academic advisor to confirm the requirements for your academic program.

## Overloads

Students enrolling in more than the maximum credit load will be assessed extra tuition above the normal full-time rate. A student must obtain approval for an overload in the office of their academic dean. The maximum credit load for undergraduates for Fall and Spring registration is 18 credits in all schools and colleges, except Fine Arts (18 credits or three studio courses). For Summer enrollment, the limit is 12 credits during the full term duration, but no more than four credits during any session less than or equal to four weeks. The UWinterim enrollment limit is three credits.

## Repeating Courses

Unless a restriction is stated in the *Schedule of Classes*, undergraduates may repeat a course only once, and only the higher of the two grades will be calculated into the grade point average (GPA). Both attempts will appear on the student's transcript. Only two attempts are allowed for the same or equivalent course at and across any undergraduate career level (associate, bachelors, and Flex programs) before permission is needed for the third attempt. For students in a Flex program, a PR grade and a subsequent enrollment in the same course are considered two attempts.

If the UWM course repeats a course for which the student received transfer credit, only the UWM course will be calculated into the GPA, regardless of grade. Both attempts will be shown on the transcript. Once a bachelor's degree has been earned, the academic career (credits, GPA,

and coursework) starts over with any subsequent enrollment and the original record cannot be altered. Courses taken after the bachelor's degree has been earned do not count as repeats of courses taken prior to the posting of the degree.

A student will not be permitted to repeat any course more than once without the prior approval of the student's school/college advising office. Further restrictions apply. More information at [uwm.edu/onestop](https://uwm.edu/onestop) (<https://uwm.edu/onestop/enrolling/before-you-enroll/>). The single repeat limit also applies to courses taken for audit or credit/no credit.

**Note:** Exceptions to this policy are variable-topic courses, which may be taken for credit as often as permitted for that particular course, as specified in the *Schedule of Classes*. A variable-topic course may count as a repeat of a previously taken course only if the topic is identical to that of the student's earlier enrollment and the repeat occurs within the same academic career.

Students who took a course as a repeat prior to fall 1988 are entitled to one additional enrollment. Transfer students who did not previously take a course at UWM are entitled to one repeat at UWM of a course taken at a previous institution.

In courses of limited enrollment, students who have not taken the course previously have priority over students who are repeating the course. Individual schools and colleges may adopt stricter criteria. It is generally advisable for any student to consult an advisor before registering to repeat a course.

If you have previously earned your degree from UWM, your attempted and earned credits as well as your cumulative GPA will start over with the courses you take in pursuit of your second degree. Courses taken as part of your first degree will not be considered repeats. Your original record cannot be altered.

## Graduation

Students must meet the graduation requirements of their school or college, which includes notifying the advising office in the school or college of their intent to graduate at least one semester prior to graduation. Generally, students may begin to apply for May Commencement in mid-November, and December Commencement in mid-April. To apply for graduation, log in to PAWS (<https://paws.uwm.edu/psp/saprod/?cmd=login>). From the "Academics" section of your Student Center, click on the "Other Academic" drop-down box, select "Apply for Graduation," and click on the double arrows to proceed to the application.

Commencement exercises are held in either May or December. Students who graduate at the end of the summer sessions participate in May Commencement. Students who graduate at the end of the UWinterim session participate in December Commencement. Attendance at Commencement is optional.

Commencement Honors are listed on each applicable Undergraduate program page.

## Credit/No Credit Option

To be granted credit for a course for which you have registered credit/no credit (C/NC), you must earn a grade of C- or better. Consult the table below to determine whether you may enroll for courses on a credit/no credit basis. Courses **may not** be taken credit/no credit if they are to

be used to satisfy the GER English and mathematics competencies or awarding of final honors.

College or School	Credit/No Credit Policy
<b>Architecture and Urban Planning</b>	Pre-Architecture students and upper-level students with a 2.500 cumulative GPA may take one course per semester as credit/no credit up to a maximum of eight courses. Elective courses other than the 48 credits required for the Architectural Studies degree qualify.
<b>The Arts</b>	Undergraduates in The Arts may take one course per semester as credit/no credit up to a maximum of eight courses. Core curriculum courses outside of the student's major subject area qualify. Students should see their advisor for details.
<b>Business</b>	Undergraduates in the Lubar College of Business may take one course per semester as credit/no credit up to a maximum of eight courses. No Business course may be taken on a C/NC basis unless it is only offered on a C/NC basis. Business students may not take courses used to complete the Business Foundations: COMMUN 103, COMMUN 105, ECON 103, ECON 104, MATH 208, or MATH 211 on a C/NC basis.
<b>Education</b>	Undergraduates in Education and Pre-Education should see their advisor.
<b>Engineering and Applied Science</b>	Only free elective and GER courses may be taken as credit/no credit. Undergraduates in Engineering and Applied Science may take no more than 3 credits in any one semester as credit/no credit up to a maximum of 12 credits.
<b>General Studies</b>	Undergraduates in the Associate career may take a maximum of four courses as credit/no credit. The credits will be counted toward total degree credits earned but will not affect a student's grade point average. Only courses outside of the core writing and math requirements and the breadth requirements of the Associate degree qualify.
<b>Honors College</b>	Credit/no credit is not allowed for Honors courses.

<b>Information Studies</b>	Undergraduates in Information Science and Technology may take one course per semester as credit/no credit up to a maximum of eight courses. All non-Information Studies (courses outside the School of Information Studies) that are not required as part of the student's major qualify.
<b>Letters and Science</b>	Only courses outside the major, minor and certificate allowed. Students may enroll in one eligible course per semester as credit/no credit up to a maximum of eight courses.
<b>Nursing</b>	Undergraduates in Nursing may take one course per semester as credit/no credit up to a maximum of eight courses. Courses must be non-clinical electives in Nursing.
<b>Public Health</b>	Undergraduates enrolled in the Public Health, Kinesiology and Nutritional Sciences programs should consult with their academic advisor for the latest policy.
<b>Social Welfare</b>	Undergraduate majors and pre-majors in Social Work and Criminal Justice and Criminology may take one course per semester as credit/no credit up to a maximum of eight courses. Credit/no credit may only be used in courses outside the 54-65 credit requirements in the Social Work or Criminal Justice and Criminology major.

University Special Students should contact an advisor in the the Office of Undergraduate Admissions (<http://uwm.edu/undergrad-admission/>). Off-campus students should contact the appropriate program coordinator.

Some courses are offered on a C/NC basis only. These may be taken in addition to the above limits. C/NC courses are not counted in the GPA, but courses in which credit is earned will count toward graduation. Courses may be changed from a regular graded basis to C/NC or vice versa only during the same period as courses may be added. Only one such change may be made per semester per course.

## Accommodation of Religious Beliefs

1. A student shall be permitted to make up an examination or other academic requirement at another time or by an alternative method, without any prejudicial effect, where:
  - a. There is a scheduling conflict between the student's sincerely held religious beliefs and taking the examination or meeting the academic requirements; and
  - b. The student has notified the instructor, within the first three weeks of the beginning of classes (within the first week of summer session and short courses), of the specific days or dates on which they will request relief from an examination or academic requirement.

2. Instructors may schedule a make-up examination or other academic requirement before or after the regularly scheduled examination or other academic requirement.
3. Instructors shall accept, at face value, the sincerity of students' religious beliefs.
4. Student notification of instructors and requests for relief under sub. (1) shall be kept confidential.
5. Complaints of failure to provide reasonable accommodation of a student's sincerely held religious beliefs as required by this rule may be filed under SAAP 5-1 Discriminatory Conduct and Consensual Relationships Policy (<https://apps.uwm.edu/secu-policies/storage/other/SAAP%205-1.%20Discriminatory%20Conduct%20Policy.pdf>).

## Students Called to Military Service

Students called into active military service should contact the Military Educational Benefits Office for more information, Mellencamp Hall 168, (414) 229-5699, or visit the website (<https://www4.uwm.edu/mebo/>).

The University of Wisconsin-Milwaukee is an equal opportunity, affirmative action institution, and does not discriminate on the basis of race, sex, color, creed, national origin, disability, or any other protected status recognized by Wisconsin or federal law. In 1990, s. 36.12, Wisconsin Statutes, was enacted, which provides as follows: No student may be denied admission to, participation in, or the benefits of, or discriminated against in any service, program, course, or facility of the (UW) System or its institutions or centers because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status, or parental status.

University policies also prohibit harassment or retaliation against complainants on any of these bases. These policies are in compliance with all relevant Wisconsin and federal laws, rules, and regulations.

Questions about the application of any of these policies, or complaints about violations, may be directed to the appropriate admitting or employing office, or to the campus Office of Equity and Diversity Services, Mitchell Hall, Room 359, or phone (414) 229-5923.

An information booklet on the UWM Disciplinary Guidelines and the appropriate sections of the Wisconsin Administrative Code covering conduct on University lands and student disciplinary procedures is available in the lobby of Mellencamp Hall and in several offices, including the Office of the Dean of Students, Mellencamp Hall, Room 118. Board of Regents rules require adherence by students and others present on the campus. Failure to comply with these rules may subject students to disciplinary action and to civil forfeitures. State of Wisconsin Statutes and Federal Law also apply on the campus of the University.

Under the provision of the Family Educational Rights and Privacy Act of 1974, a student is entitled to review the education records related to the student that the University maintains. A student may request a hearing regarding any alleged inaccurate, misleading, or inappropriate information contained in the record.

The University may not disclose information from a student's record to a third party unless the student gives consent, or unless permitted to do so by the Family Educational Rights and Privacy Act of 1974. A student may contact the Undergraduate Records Office or the Office of the Dean of Students, both in Mellencamp Hall, for further information.

You may restrict the release of your address and phone number and other limited information by checking a box on your registration form. If you do this, your address and phone number will not appear on most mailing

lists used by UWM student organizations, campus departments, or on mailing lists obtained from UWM by non-University groups.

The various academic units at UWM have set up appeals and grievance procedures. Students may avail themselves of these procedures by contacting a department chair, the dean's office of the school or college from which the course was taken, or the Office of the Dean of Students.

## UWM Equal Opportunity Policy

It is the policy of the University of Wisconsin-Milwaukee to provide equal opportunity and prohibit discrimination and harassment for its employees and students in all programs, activities, and employment. UWM is committed to actively implement all federal and state equal opportunity and affirmative action laws, executive orders, policies, plans, rules, and regulations.

UWM's Discriminatory Conduct Policy (Including Sexual Harassment) (S-47) defines discrimination as conduct that

1. adversely affects any aspect of an individual's employment, education, or participation in activities or programs at UWM; and
2. is based on one or more characteristics of the individual that are protected under federal, state, or local laws.

Characteristics that are protected under federal, state, or local law (protected statuses) may include age; ancestry; arrest or conviction record; color; disability; gender identity/expression; identity as a veteran, disabled veteran, or Vietnam veteran; marital status; membership in the National Guard, state defense force, or any other reserve component of the military forces of the United States or this state; national origin; pregnancy; political affiliation; race; religion; sex; sexual orientation; or use of lawful products off the premises during non-working hours (e.g., smoking cigarettes).

Harassment is a form of prohibited discrimination. UWM defines harassment as conduct that

1. is of any type (oral, written, graphic, or physical);
2. is directed towards or against a person because of the person's protected status (as listed above); and
3. unreasonably interferes with the individual's work, education, or participation in activities or programs at UWM, or creates a working or learning environment that a reasonable person would find threatening or intimidating.

Sexual harassment includes unwanted sexual advances, requests for sexual favors, and other verbal and physical conduct of a sexual nature.

Speech or expressive behavior (e.g., use of visual, recorded, or written materials) used in the context of an instructional setting may be found to constitute harassment only if the speech is persistent, pervasive, and not germane to the subject matter, or so singularly severe as to create a hostile environment. Protected Expressive Behavior in an instructional situation is explained in UWM Selected Academic and Administrative Policies No. S-44, Public Expression of Opinion.

In addition, the University prohibits retaliation against individuals who engage in protected activities under the policy. Retaliation is defined as employment or academic decisions that are made because a student, employee, or applicant for employment has made a complaint, assisted with or served as a witness in an investigation, or instituted proceedings alleging discrimination.

UWM maintains a written affirmative action plan in order to meet its commitment to the principles of equal opportunity and affirmative action. The plan is available to all persons for inspection and is on reserve in the University Library and on UWM's website.

To protect the rights of employees and students, numerous grievance procedures have been developed on this campus. Although all grievants are encouraged to resolve complaints by working with the relevant parties and administrators, inquiries involving complaints of discrimination or harassment based on protected class status may be directed to the UWM Office of Equity and Diversity Services, Mitchell Hall 359, (414) 229-5923.

## Hate/Bias Incident Reporting

In the last few years, there has been an increased focus on the reporting of hate- and bias-motivated incidents on university campuses across the nation. UWM defines a hate- or bias-motivated incident as any disruptive conduct (oral, written, graphic, or physical) that is against an individual, or individuals, because of their actual, or perceived, race, color, national origin/ancestry, religion, sex, age, disability, sexual orientation, gender identity/expression, veteran and National Guard status, marital status, pregnancy, political affiliation, or arrest/conviction record. If you believe the incident involves criminal conduct, please call 911 or 9-911 (UWM campus police) from a UWM phone, in addition to completing the Hate/Bias Incident Reporting Form (<https://www4.uwm.edu/eds/hatebias/form/?a1=edit>). You may use this form to report any hate/bias incident that has occurred

1. on UWM property, buildings, or housing; and/or
2. at UWM-sponsored events or activities, regardless of location.

## University Policies and Programs Concerning Illicit Drugs and Alcohol

Consistent with the federal Drug Free Schools and Communities Act, the University of Wisconsin-Milwaukee (UWM) maintains a comprehensive alcohol and other drug abuse prevention program. This includes interventions that target at-risk individuals, programs that target the student body as a whole, and environmental-level strategies that impact the college and surrounding community. UWM prohibits the unlawful possession, use, distribution, manufacture, or dispensing of illicit drugs and alcohol on university property or as part of university activities. Each semester, students receive information that describes pertinent laws, rules, and sanctions, as well as the health effects of abuse, and a list of treatment resources.

### Please Note:

For the latest enrollment information, check online at our One Stop Enrollment and Financial Services (<https://uwm.edu/onestop/enrolling/before-you-enroll/>) site.

## Eligibility to Enroll

You can find more information on enrollment eligibility (<https://uwm.edu/onestop/enrolling/before-you-enroll/>) at UWM's One Stop site.

Enrollment is the process of signing up for classes, which is typically completed electronically in PAWS (<https://paws.uwm.edu/psp/saprod/?cmd=login>). Continuing students are generally able to enroll in classes as long as these requirements are met:

- Enrollment in classes at UWM within the past two fall/spring terms (if not, an application for re-entry to UWM (<http://uwm.edu/undergrad-admission/student-type/re-entry/>) must be submitted)
- An application for graduation was not submitted for the current semester (if so, the Registrar's Office (<https://uwm.edu/registrar/>) must be contacted to postpone graduation or an application must be submitted for a new program to pursue after graduation)
- No Holds (<https://uwm.edu/onestop/enrolling/before-you-enroll/>) exist in PAWS (<https://paws.uwm.edu/>) (view Hold details in PAWS)

**New students must be officially admitted in order to be eligible to enroll. New freshmen enroll during** New Student Orientation (<https://uwm.edu/studentsuccess/newstudentorientation/>).

For more information about the application and admission processes, see the Admission section (p. 15) of this catalog.

## Academic Advising Prior to Enrollment

All students are assigned an academic advisor upon admission to UWM and all new freshmen must meet with their advisor before they will be permitted to enroll for their first term. Academic advising prior to enrollment is strongly encouraged for all students.

These requirements are subject to change. If you are unsure of the requirements for your particular program, or do not know who your academic advisor is, consult your school/college advising office ([https://uwm.edu/academicaffairs/academic\\_priorities/student-success/academic-advising-at-uwm/](https://uwm.edu/academicaffairs/academic_priorities/student-success/academic-advising-at-uwm/)).

## Enrollment Procedures and Deadlines

The initial enrollment cycle begins in October for the winter term, November for the spring term, March for the summer term, and April for the fall term. The *Schedule of Classes* may be viewed online.

Continuing students are assigned enrollment appointment times that can be viewed on PAWS. Enrollment appointments indicate the first opportunity to enroll online using PAWS after priority enrollment begins. New and re-entering students will receive enrollment information as soon as appropriate after admission. New freshmen enroll as part of New Student Orientation (<http://uwm.edu/studentorientation/>).

Students are assigned an "earliest possible" enrollment date and time based on their level and total earned credits within their level (e.g., graduate student, senior, junior, sophomore, freshman, special/non-degree student). More information on enrollment appointments (<https://uwm.edu/onestop/enrolling/before-you-enroll/>) can be found at One Stop.

Details about the enrollment process, deadlines for a particular term, and penalties for late enrollment are described at One Stop (<https://uwm.edu/onestop/enrolling/before-you-enroll/>). Please ensure that you are taking advantage of your earliest opportunity to enroll, as well as complying with necessary procedures and deadlines.

## Priority Enrollment Appointments

The following student populations have been granted priority in assigned enrollment appointments, applicable to continuing and transfer students:

- Military veterans\*
- Honors College students
- Student Athletes
- Student Dance/Cheer Team members
- Students approved for priority enrollment through the Accessibility Resource Center (<http://uwm.edu/arc/>).

\* Student veterans can be approved for priority enrollment once verified by the Military Education Benefits Office (<http://uwm.edu/onestop/finances/veterans-services/>).

Priority Enrollment Appointments are assigned beginning the first hour of the first day of each semester's enrollment period.

## Change of Enrollment/Add and Drop or Withdrawal from Classes

After initial enrollment, students have the opportunity to modify their class schedule by adding, dropping, or withdrawing from classes during specific periods prior to the start of the semester. Such changes can be made without financial penalty until the start of the term (or before the start of a particular summer session). However, significant financial penalties can apply for changes made beyond the appropriate deadline, and some departments have unique deadlines and approval requirements governing how and when students may add and drop particular courses. Some academic programs also require their students to obtain specific approval for adding or dropping courses. Consult the Interactive Add/Drop Calendar (<http://uwm.edu/onestop/dates-and-deadlines/interactive-adddrop-calendar/>) and Important Dates by Term (<http://uwm.edu/onestop/dates-and-deadlines/important-dates-by-term/>) for dates, deadlines, and procedures.

## Late Enrollment and Late Payment Fees

Additional fees and penalties will be assessed of students who enroll after published deadlines or who pay their fee/tuition assessments late. Consult the Interactive Add/Drop Calendar (<http://uwm.edu/onestop/dates-and-deadlines/interactive-adddrop-calendar/>) and Important Dates by Term (<http://uwm.edu/onestop/dates-and-deadlines/important-dates-by-term/>) in order to avoid these penalties.

## Concurrent Enrollment

Undergraduate students may enroll in coursework outside of the curricular track associated with their degree program with approval from their academic dean.

Students wishing to enroll concurrently at UWM and at another college or university may do so only with the advance approval of their UWM school/college advising office.

Students enrolled part time at more than one UW campus normally pay fees separately to each campus. Students enrolled full time at one campus and part time at another generally pay full-time tuition at their full-time campus and only segregated fees at the part-time campus. However, some specialized programs or courses with special class fees may require payment above the full-time fee rate. Contact the Registrar's Office (<https://uwm.edu/registrar/contact-us/>) for additional details.

## ID Cards

UW System regulations require that each student have a picture ID card. This card is used to verify student status and eligibility for participation or service. Students are expected to obtain their ID during their first

semester at UWM. Should should obtain their ID card at their home campus. ID cards may be obtained at the Milwaukee campus in the PantherCard Office, Union W198. ID cards may be obtained in the Library on each respective campus of the College of General Studies.

If you are enrolled only in online courses and wish to obtain an ID card verifying your affiliation with UWM, go to [uwm.edu/onestop](http://uwm.edu/onestop) (<http://uwm.edu/onestop/>) for more information.

## Program Integrity

Pursuant to the U.S. Department of Education's Program Integrity Rule, the University of Wisconsin-Milwaukee is required to provide all prospective and current students with the contact information of the state agency or agencies that handle complaints against postsecondary educational institutions offering distance learning or correspondence education within that state. Students are encouraged to utilize the institution's internal complaint or review policies and procedures through the Dean of Students Office (<http://uwm.edu/deanofstudents/assistance/complaints-and-grievances/>) (414-229-4632) or Office of the Provost (<https://uwm.edu/academicaffairs/>) (414-229-3203) prior to filing a complaint with the state agency or agencies. If no resolution is reached, then the student may file a complaint with the Wisconsin Distance Learning Authorization Board (DLAB) through the following State Authorization Reciprocity Complaint Process at the following link: <https://www.wisconsin.edu/student-complaints/> or by email to [afgp@uwsa.edu](mailto:afgp@uwsa.edu).

## Associate Degree General Education Breadth Categories

### Arts and Humanities (A & HU)

Students must acquire knowledge of ideas, beliefs, and abiding concerns pertaining to the human condition as represented in literature, philosophy and cultural history. They must acquire a level of aesthetic appreciation of the human imagination as expressed in the fine arts, and appreciation of the impact of the arts upon the quality and character of human life. Courses listed as meeting the A or HU GER requirements in the Catalog and Schedule of Classes may apply to this breadth category.

### Mathematical and Natural Sciences (MS & NS)

Students must know of the nature and workings of the physical universe. They must understand scientific method, the functions of numerical data and the solving of problems through mathematical and statistical computations, as well as the application of the scientific method in laboratory and experimental work. For this, an appropriate level of computer literacy is required. Students must also be aware of environmental conditions and challenges, the interrelationships of lifeforms and ecosystems, and the impact of human activities upon natural environments. Courses listed as meeting the MS or NS GER requirements in the Catalog and Schedule of Classes may apply to this breadth category.

### Social Sciences (SS)

Students must understand the nature and dynamics of human social systems and how and why people organize their lives and resources. In doing so, students will learn about both their own and diverse cultures to acquire a historical perspective on long-term characteristics and consequences of social change and an informed understanding of the variety of human conditions and the interrelationships of nations, regions, peoples and individuals. Courses listed as meeting the SS GER

requirements in the Catalog and Schedule of Classes may apply to this breadth category.

## Cultural Diversity (CD)

Students must become aware of and sensitive to diversity issues and problems. Courses fulfilling this requirement will have a substantial emphasis on cultural diversity within the United States and examine these issues from at least one of the following perspectives: African American, Hispanic/Latino, Asian American, and American Indian topics. Courses listed as meeting the CD GER requirements in the Catalog and Schedule of Classes may apply to this breadth category.

## Applied Scholarship (AS)

Students must engage with academic material in a manner that is different from what is typical in a first or second-year college course. Students must spend significant time on purposeful tasks, receive and respond to substantial feedback, and engage in interaction with instructors and other students. A course can be designated as AS by fulfilling the requirements of one of the following categories: Writing Emphasis, Undergraduate Research, Global Learning Opportunities, Service Learning, Internships, or Integrated Studies. Courses listed as meeting the AS GER requirements in the Catalog and Schedule of Classes may apply to this breadth category.

# Bachelor's Degree General Education Requirements

The General Education Requirements are intended to give structure to each student's education while providing the student the greatest possible freedom to design an individual academic program. These requirements include two major categories, competency and distribution.

The **competency requirements** are designed to assure basic proficiency in oral and written communication, quantitative literacy, and foreign language. The GER Quantitative Literacy Part A and Oral and Written Communications Part A requirements should be completed early in the academic career to ensure acquisition of critical skills for subsequent coursework. Many UWM schools/colleges require completion of Part A of those competencies prior to advancing to the professional portion of the major. Completion of the relevant Part A competency is also a prerequisite for some intermediate and advanced courses. The **distribution requirements** are designed to provide students with a broad body of knowledge in the areas of the arts, humanities, natural sciences, and social sciences as a foundation for specialization.

Specific GER requirements are as follows:

## Competency Requirements

### Oral and Written Communication (OWC) Competency

#### OWC Part A

Completion of OWC Part A can be demonstrated by satisfying one of the following options:

1. earning at least three credits with a grade of C or higher in ENGLISH 102<sup>1</sup>; or
2. transferring at least three credits with a grade of C or higher in a course equivalent to ENGLISH 102 or higher level expository writing course<sup>1</sup>; or
3. achieving an appropriate score on the English Placement or other appropriate test, as determined by the English Department.

### OWC Part B

The OWC Part B is satisfied by completing an approved advanced course (at least three credits) with a significant written or oral communication component by students who have completed the Part A requirement.

Courses that count toward the OWC Part B requirement may be offered in a variety of disciplines and students are encouraged to choose the course that matches their interests and helps them best meet the requirements of their degrees.

## Quantitative Literacy (QL) Competency

### QL Part A

Completion of QL Part A can be demonstrated by satisfying one of the following options:

1. earning at least three credits with a grade of C or higher in MATH 102, MATH 103 (formerly 106), MATH 105, MATH 108, MATH 111/PHILOS 111, MATH 115, MATH 116, MATH 175, or equivalent courses<sup>1</sup>; or
2. achieving a placement level of at least 30 on a mathematics placement test or other appropriate test as determined by the Mathematical Sciences Department.

### QL Part B

The QL Part B is satisfied by completing at least one approved QL Part B course (at least three credits) as decided by the major. QL Part B courses make significant use of quantitative tools in the context of other course material.

<sup>1</sup> *These courses may not be taken credit/no credit if they are to be used to satisfy the OWC Part A requirement or QL Part A requirement.*

## Language Requirement

Based on the UWM mission's commitment to global and intercultural engagement, UWM requires that students demonstrate competency in a language other than English equivalent to completion of one year of college-level instruction.

Completion of the language requirement can be demonstrated by satisfying one of the following options:

1. Prior to enrollment at UWM, complete with a passing grade at least the second year of high school-level instruction in a single language other than English; or
2. complete the second semester or higher of college-level instruction in a language other than English with a passing grade; or
3. demonstrate ability at the level of completion of the second semester or higher of college-level language other than English by means of a satisfactory score on an approved proficiency, departmental, or other appropriate examination; or
4. document satisfactory completion of the equivalent of two years of study at a secondary institution OR two semesters of study at a post-secondary institution where the language of instruction is other than English; or
5. satisfy the APCC-approved alternative GER Language Requirement, if any, stipulated by the student's particular degree program.

Completion of the Language Requirement is a prerequisite for graduation.

## Distribution Requirements

Courses taken for distribution provide the general educational background for each student. The distribution requirements comprise course choices from the following knowledge areas:

- **The Arts.** Three credits in a course in the history, philosophy, theory, or practice of the creative and interpretive arts (e.g., visual arts, dance, music, and theatre).
- **The Humanities.** A total of 6 credits in at least two courses.
- **The Natural Sciences.** A total of 6 credits in at least two courses. At least one course must include laboratory or field experience illustrating the generation and testing of data and the application of concepts and knowledge to the solution of problems.
- **The Social Sciences.** A total of 6 credits in at least two courses.
- **Cultural Diversity.** All UWM students who are subject to the GER (and entered UWM in fall 1989 or later) must complete, as part of their distribution requirements, 3 credits pertaining to the study of the life experiences of African Americans, Latino/Hispanic Americans, American Indians, or Asian Americans.

GER Standard Distribution courses for specific semesters may be found online at [uwm.edu/schedule/](http://www4.uwm.edu/schedule/) (<http://www4.uwm.edu/schedule/>). Individual schools and colleges may have limitations on what GER courses from other schools and colleges can be counted; students should check with their advisor.

### Exceptions to GER

Students who entered UWM as freshmen and/or earned transferable credit as a college student prior to September 2013 are not responsible for the Oral and Written Communication Part B or the Quantitative Literacy Part B.

Students who entered UWM as freshmen and/or earned transferable credit as a college student prior to September 1999 are not responsible for the GER foreign language competency. However, individual schools and colleges may require completion of higher-level foreign language courses; students are strongly encouraged to check with their advisors and/or review their Academic Requirements report on PAWS.

In general, second degree candidates from an accredited institution and students whose first semester in a degree program at an accredited institution predates September 1986 are not subject to the General Education Requirements.

All degree programs have specific requirements beyond GER. Consult with an academic advisor to design an appropriate course of study.

## Graduate Policies

### Academic Leave of Absence (ALA)

The University of Wisconsin-Milwaukee (UWM) Graduate School's Academic Leave of Absence (ALA) policy ([https://uwm.edu/graduateschool/wp-content/uploads/sites/646/2023/09/UWM-Graduate-Academic-Leave-of-Absence-Emergency-Accommodation\\_2020-05-05.pdf](https://uwm.edu/graduateschool/wp-content/uploads/sites/646/2023/09/UWM-Graduate-Academic-Leave-of-Absence-Emergency-Accommodation_2020-05-05.pdf)) allows graduate students to temporarily suspend pursuit of their degree goals in order to take care of certain life events. The policy may be most useful for dissertators subject to the continuous registration requirement, but it can stop the clock on time limit to degree for all students in doctoral, master's, and certificate

programs. The main goal of the ALA policy is to facilitate retention to graduation, without unduly prolonging time to degree.

### Add/Drop Policy

You may add or drop courses after the stated deadline only under extraordinary circumstances not related to academic performance. You must complete a Graduate School Request for Exception Form (<https://uwm.edu/graduateschool/wp-content/uploads/sites/646/2023/03/RFE-fillable-form.pdf>). If you request a drop for medical reasons, you must supply documentation from a physician. Such add/drops require approval of your instructor, your graduate program unit, and the Graduate School.

Courses dropped after the fourth week of classes remain on your record and are noted on transcripts with the W (Withdrawal) symbol.

Refer to the Registrar's Office Website (<https://uwm.edu/registrar/>) for Add/Drop (Change of Registration) instructions (<https://uwm.edu/registrar/students/enrolling/adding-dropping-and-changing-classes/>) and deadlines.

### Appealing Academic Decisions

See Appeals, Grievances, and Exception Requests (<https://uwm.edu/graduateschool/students/academic-policies-and-procedures/appeals-and-exceptions/>).

### Audit Courses

You do not receive a grade or earn graduate credit for audited courses. Auditors usually attend a course for the information available, generally without the commitment to carry out the assignments required for a grade. During the first week of classes, check with your instructor for the attendance and coursework standards expected of auditors. Some courses cannot be audited.

Auditing a course has additional consequences for financial aid, maximum credit load and fellowship purposes. Please see specific sections regarding these items.

### Change of Degree Program

If you decide to change from one degree program to another, you must submit a new Degree Application to the Graduate School.

#### Pursuing two programs at one time

Unless you are enrolled in a formally approved coordinated degree program, you may not work toward two UWM graduate degrees at the same time. If you are admitted to a second degree program before receiving a graduate degree in the first program, you are considered to have formally withdrawn from the first program and are no longer eligible for the degree in the first program.

### Continuation

Your continuation in the Graduate School is at the discretion of the Graduate School, the student's graduate program unit and the major professor. The minimum graduation GPA requirement is a cumulative 3.0 (4.0 basis) or better in all work taken toward the degree.

#### Academic Warning

You will receive an academic warning if your semester grade point average falls below 3.0.

#### Graduate Dean's Approval Required to Continue

You will receive a “Graduate Dean’s Approval Required to Continue” if your cumulative grade point average falls below 3.0.

- If your semester GPA and cumulative GPA are both below 3.0, the Graduate Dean’s Approval Required to Continue will take precedence over an Academic Warning. You will be prevented from further registration unless you petition the Graduate School and receive a positive recommendation from your graduate program unit.

#### Academic Dismissal

The graduate program unit may recommend that you be academically dismissed for poor academic performance, lack of progress toward degree, or failure to meet graduate faculty policy or program requirements. The Graduate School, in consultation with the graduate program, may also initiate a dismissal for these reasons. In all cases, the Dean of the Graduate School makes the final decision regarding academic dismissal.

Recommendation for dismissal may be initiated for, but is not limited to, the following:

- A cumulative graduate grade point average below 3.0.
- Failing the doctoral preliminary examination.
- Failing the dissertation defense.
- Failing to have the doctoral dissertation accepted within the time period specified for deferral status (reverts to failed dissertation defense).
- Failing to successfully defend the doctoral dissertation upon a second attempt within the specified time period.
- Exceeding the time limit for degree completion.
- Accumulating U grades in thesis or dissertation courses.

## Courses

#### Undergraduate/graduate

The courses listed for each graduate program in the Bulletin have been approved for graduate credit. Some 300-699 courses carry a U/G credit designation, meaning they have been approved to be offered for both undergraduate and graduate credit. To receive graduate credit, you must have graduate status and meet the special graduate student requirements indicated by the instructor on the syllabus. However, in any given semester a U/G course might be offered for undergraduate credit only. U/G courses being offered for graduate credit are designated with a “G” appended to the course number. You will not receive graduate credit for any course that is not offered for graduate credit or for any U/G course for which you did not register as a graduate student.

#### Graduate

All 700-999 courses carry a G credit designation, meaning they have been approved to be offered for graduate credit only. You must have current graduate status to be eligible to earn graduate credit in these courses. Students in other classifications must obtain the instructor’s approval to enroll in G courses.

## Credit/No Credit Basis

You may not register for a course on a credit/no credit basis, except when a course is offered only for credit/no credit. (By definition, a grade of C- or above is required to receive credit under this type of registration.)

You can check your grades and other academic information on the PAWS Website (<http://paws.uwm.edu/>).

## Credit Requirements

Credit requirement information can be found on the Graduate School website under Master’s Requirements (<https://uwm.edu/graduateschool/students/academic-policies-and-procedures/masters-resources/masters-requirements/>) and Doctoral Requirements (<https://uwm.edu/graduateschool/students/academic-policies-and-procedures/doctoral-resources/doctoral-requirements/>). Recipients of Graduate School-administered awards or assistantships should refer to Financing Your Education (<https://uwm.edu/graduateschool/students/financial-support/>).

## Dean

Your dean is Mark Harris and he serves in the capacity of Vice Provost for Research and Dean of the Graduate School; Interim Dean, College of Health Sciences; Professor, Department of Geosciences.

## Exceptions to Graduate School Policy

Exceptions to Graduate School academic policies and procedures may be granted (except in the case of credit overload) if the student and his or her graduate program representative are able to show that circumstances beyond the student’s control—illness, family emergency, etc.—prevented the student from complying with the policies. (Ignorance of the rules is not an acceptable reason to request an exception.)

Requests for exceptions must be submitted on a Graduate School Request for Exception Form (<https://uwm.edu/graduateschool/wp-content/uploads/sites/646/2023/03/RFE-fillable-form.pdf>) prior to the semester in which the rule or requirement applies, if at all possible.

Listed below are common types of exception requests, and the required elements and supporting signature for each type.

### Credit Overload

The maximum credit load for graduate students is 12 credits. Audited courses, Sport and Recreation courses, and zero-credit colloquium/seminar courses are excluded from the total credit count.

Requests to carry an overload will be considered if the student has a strong academic record and no outstanding incompletes. The request must be supported by the student’s advisor as well as the graduate program representative.

### Dean’s Approval Required to Continue

A graduate student will receive a Graduate Dean’s Approval Required to Continue action if any of the following conditions exist:

- The student’s cumulative grade point average falls below 3.0
- The student is not removed from probation status within three enrolled semesters
- The student does not satisfy course deficiencies within three enrolled semesters.

This action precludes registration for a subsequent semester.

To receive permission to register following this action, students must demonstrate academic improvement and must show that factors that led to the placement of the Graduate Dean’s Approval Required to Continue have been negated. The request must include a program of study for the following semester and must be supported by the graduate program representative and the student’s advisor.

## Extension of Time Limit

The master's degree must be completed in five years for programs requiring 30 or fewer credits. For master's programs requiring more than 30 credits, the time limit is seven years. This includes capstone requirements such as a successful thesis defense or passing a comprehensive exam.

The doctoral degree must be completed within ten years of initial enrollment in a doctoral program at UWM. This includes successful completion of all coursework, internships, examinations, the dissertation and the dissertation defense.

For students entering doctoral program in the fall of 2000 and later, doctoral preliminary examinations must be passed within five years of initial enrollment.

Requests for extending time limits must include all of the following:

1. An explanation for the delay
2. An explanation of how the factors that caused the delay have been resolved, or what steps are being taken to prevent further delays
3. A schedule for completion of the degree, including anticipated semester of graduation. Master's students writing a thesis and all doctoral students requesting time limit extensions should address the following as appropriate:
  - Is literature review complete?
  - Is data collection complete?
  - Is data analysis complete?
  - Number of chapters written
  - Number of chapters read by Major Professor
  - Tentative defense date
4. A supporting statement from the Major Professor verifying progress-to-date

The request also must be supported by the graduate program representative.

## Late Add/Registration

Student should state whether he or she has been attending class(es). Instructors should verify attendance or confirm that the student may successfully join the class at this time. A completed Change of Registration form, signed by the course instructor(s), should accompany the Graduate School Request for Exception Form (<https://uwm.edu/graduateschool/wp-content/uploads/sites/646/2023/03/RFE-fillable-form.pdf>). If the exception is approved, the student is responsible for all late fees in addition to the tuition payment.

## Late Drop/Withdrawal (Past the Deadline)

This type of request will be considered only for reasons unrelated to academic performance. A completed Change of Registration form, signed by the course instructor (for drops), or a completed withdrawal form should accompany the Request for Exception form. In either case, the course instructor(s) should verify successful completion of course requirements to date. The request also must be supported by the graduate program representative.

## Re-entry After Five-Year Absence

Students who want to re-enter a graduate degree program following a 5 year (or greater) absence must be able to demonstrate retention of knowledge from previous coursework taken for the degree. Additionally, instructors must verify that the course content has not changed

significantly since the student completed the coursework. Students should list remaining course and degree requirements (e.g., thesis) to be completed for the degree and a timetable for completion. The request must be supported by the student's advisor, who must verify that the timetable is reasonable, and the graduate program representative.

## Other Policy Exceptions

For guidance on required elements to support other types of exceptions, contact the Assistant Dean of Graduate Education at 414-229-6569.

## Full-Time Enrollment

Graduate students enrolled for a minimum of 8 credits per semester or 6 credits during a summer session are considered full time, with the exceptions described below. (Fellowship recipients see Fellowship Compliance.)

UWM teaching and project assistants who are employed for one-third (33%) time or more must enroll for a minimum of 6 credits per semester. They are considered full-time with this minimum enrollment. The Graduate School and/or graduate program unit reserves the option to require a higher credit minimum for those who hold Graduate School awards (see Financial Assistance)

During the semester that you are preparing for doctoral prelims, you may enroll for a minimum of 1 graduate credit and still be considered full time for financial aid or grant purposes. This status is available for one semester only, and does not fulfill residence requirements (<https://uwm.edu/graduateschool/students/academic-policies-and-procedures/doctoral-resources/doctoral-requirements/#a16>). To request this option, you must have already submitted your Application for the Doctoral Preliminary Examination.

Doctoral students (including teaching, research, and project assistants) who have reached dissertator status are required to carry 3 dissertator credits.

## Grade Definitions and Requirements

Grades with associated grade points

Grade	(Points per credit)
A	4.00
A-	3.67
B+	3.33
B	3.00
B-	2.67
C+	2.33
C	2.00
C-	1.67
D+	1.33
D	1.00
D-	0.67
F+, F	0.00

Grade Definitions

- **A:** Superior work
- **B:** Satisfactory, but undistinguished work
- **C:** Work below the standard expected of graduate students
- **D/F:** Unsatisfactory work

### Grades without associated grade points

- **K:** Pass
- **E:** Fail
- **S:** Satisfactory
- **U:** Unsatisfactory

### Other course status designations

- **I:** Incomplete
- **PI:** Permanent Incomplete
- **Credit:** C- or above in credit/no credit course
- **No Credit:** Below C- in a credit/no credit course
- **NC:** Not Completed (audit courses only)
- **P:** Progress
- **W:** Withdrawal
- **WR:** Administrative drop (enrollment in course violates permitted number of repeats)

Grades or course status outcomes of **D+**, **D**, **D-**, **F+**, **F**, **E**, **I**, **PI**, **NC**, **U**, **W**, and **WR** may not be used toward meeting degree requirements.

The **P** course status designation must be converted to a grade upon the completion of the course requirements.

#### **S and U grades**

**S** and **U** are the only valid grades for master's capstone courses, master's theses, doctoral dissertation courses, and courses for which students register on an audit basis.

## Holds (Service Indicators)

A hold may be placed on your record for the following reasons:

- An unpaid debt to the University.
- Failure to maintain continuous registration (<https://uwm.edu/graduateschool/students/academic-policies-and-procedures/doctoral-resources/doctoral-requirements/#a5>) (dissertators only).
- Failure to show proof of insurance (international students only).
- Official transcript required for admission not received.
- Administrative obligation.

A hold on your record prohibits you from registering for classes, obtaining transcripts, or receiving your diploma. In addition, international students with holds cannot have non-immigrant papers processed by the Center for International Education (CIE).

You can check for holds on your record using the PAWS Website (<http://paws.uwm.edu/>).

## Incomplete Policy

An **I** (Incomplete) may be assigned by the instructor if you are unable to finish all the course requirements during the original semester of enrollment. An Incomplete course status designation is appropriate only when the following conditions are present:

1. You have done satisfactory work in a substantial fraction of the course requirements prior to grading time and provide the instructor with evidence of potential success in the remaining work.
2. Extraordinary circumstances, not related to performance in the class, such as illness or a family emergency, have prevented you from finishing the course requirements on time.

An Incomplete will not be given to enable you to do additional work to improve a grade. The instructor may deny a request for an Incomplete and assign a grade based on the work completed at that point.

It is your responsibility to initiate a request for an Incomplete. Reasons for requesting the Incomplete must be acceptable to the instructor. If approved, the instructor will indicate the conditions for the removal of the Incomplete, including the date for submitting all remaining work. You are responsible for seeing that the Incomplete is removed by the deadline and that the instructor has reported the grade to the Graduate School.

The instructor may change the **I** to a grade (including an **F**) or to a **PI** (Permanent Incomplete) if the remaining work is not submitted by the deadline for completion.

#### **Permanent Incomplete**

If you do not complete the remaining work within one year of the end of the term of original registration for the course, the Incomplete will be administratively changed to a Permanent Incomplete (**PI**). (A **PI** is not computed into the grade point average.). The **PI** will remain on your record, except in cases where you completed the work, but the instructor failed to file a grade change in time.

If you wish to receive credit for a course in which a you received a not completed, you must register for the course again and satisfy the requirements for the course as set forth under the second registration. You may not register for a course in which an **I** remains on record.

You may graduate with a course status of **PI** if all degree requirements have been met. All Incompletes must be changed to grades or **PIs** before you may graduate.

## Major Professor as Advisor

You must have a major professor from your chosen graduate program unit. Many graduate program units assign a temporary advisor to direct the entering student's work.

The major professor advises on courses and graduate faculty requirements and supervises research. For the master's candidate, the major professor is chair of the master's thesis committee, if a thesis is required. For the doctoral candidate, the major professor serves as the chair of the dissertation committee and of the committee hearing the dissertation defense. All major professors must be members of the UWM Graduate Faculty. Doctoral advisors require approval by the doctoral program unit and the Graduate School.

## Maximum/Minimum Credit Load

You may not register for more than 12 credits in a semester or 9 credits in the eight-week summer session or a total of 12 credits in all sessions between the end of Semester II and the beginning of Semester I. Audit, sport/recreation, and colloquium seminar credits are not counted when determining a graduate student's credit load; undergraduate credits are counted.

## Midwest Student Exchange Program (MSEP)

The Midwest Student Exchange Program (MSEP) is a multi-state tuition reciprocity program that makes attending out-of-state colleges and universities more affordable for non-resident students.

## Minimum Credit Load

Every student who uses University resources must be enrolled at UWM. Minimum registration is 1 credit per semester or summer. If you are a doctoral student with dissertator status, see Doctoral Dissertator Enrollment (<https://uwm.edu/graduateschool/students/academic-policies-and-procedures/doctoral-resources/doctoral-requirements/#a5>) on the Doctoral Requirements page.

A student undertaking research and/or working on a project, paper, or thesis enrolls at UWM according to the amount of time required for the investigation as determined by the instructor and the major professor. You must be registered during the semester in which your degree is awarded.

## Minnesota/Wisconsin Reciprocity Agreement

### Special Note to Minnesota Residents:

A tuition reciprocity agreement exists between Wisconsin and Minnesota. This agreement stipulates that residents of Minnesota can attend Wisconsin institutions in approved programs and be assessed the approved reciprocity tuition rate, plus segregated fees assessed to all students. If you wish to take advantage of the Minnesota-Wisconsin Tuition Reciprocity Agreement (<http://www.ohe.state.mn.us/mPg.cfm?pageID=97>), you should apply for certification as a Minnesota resident to:

State of Minnesota Office of Higher Education Reciprocity Program  
1450 Energy Park Drive, Suite 350  
St. Paul, MN 55108-5227  
651-355-0613 or 800-657-3866  
[www.ohe.state.mn.us](http://www.ohe.state.mn.us) (<http://www.ohe.state.mn.us/>)

You may also contact the UWM Office of the Registrar at (414) 229-3796. A certification year runs from July 1 through June 30.

If you are not certified by the date fees are due, you must pay non-resident tuition and fees; the appropriate amount will be refunded upon certification by the Minnesota Office of Higher Education.

## Minor: Option A (Doctoral Students)

You may supplement the doctoral program by completing a minimum of 8 credits in residence at UWM in a different graduate program, or a different transcript-designated concentration within your program. The minor must be approved by both your program advisor and the graduate representative in the minor program and identified on your program of study. Option A minors are identified on your transcript. You may not earn a graduate certificate and a Minor Option A using the same courses.

## Overloads

Requests to exceed the maximum credit load are considered under the following circumstances:

- You are taking undergraduate certification coursework.
- You are making up deficiencies.
- You have exceptional circumstances resulting in special hardship.

You must have a cumulative GPA of 3.0 and no outstanding incompletes to be considered for overload approval. You must submit a Request for Exception Form (<https://uwm.edu/graduateschool/wp-content/uploads/sites/646/2023/03/RFE-fillable-form.pdf>) along with recommendations

from your major professor and your graduate program representative explaining the reasons and justification for the exception. To be considered, your exception request must be submitted to Graduate Student Services before the enrollment period of the semester in question.

If you enroll for more than the maximum credit load without permission, courses will be dropped to reduce your course load to the maximum allowed.

Only individual student requests are reviewed. Overload requests for groups of students are not considered.

## Permanent Incomplete

See **Incomplete Policy** above.

## Re-entering the Graduate School

If you plan to return to your graduate program after an absence of two or more semesters (excluding summer and UWinterIM sessions), you must apply to re-enter. Following are requirements for re-entering students:

- Completion of a semester's work within the past five years.
- A cumulative graduate GPA of 3.0.
- Clearance of academic and administrative holds.
- Being within the time limit for degree completion.
- You may also need the approval of your graduate program unit. Check with your unit about its re-entry requirements.

You can apply via the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>). A \$25 processing fee is required for re-entry.

## Repeating Courses

You are allowed to repeat a course once in which a grade of B- or lower was earned. Both attempts appear on your transcript and both grades are calculated in the graduate grade point average. Only one attempt may be counted toward meeting degree requirements.

## Time Limit – Master's

If your master's program requires 30 credits or fewer, you must complete all degree requirements within five years of your first enrollment in the program. If your program requires over 30 credits, you must complete all requirements within seven years. Some programs may have shorter time limits.

## Time Limit – Doctoral

All requirements for the doctoral degree must be completed within 10 years of the date you first enrolled in a doctoral program at UWM. This includes all coursework, the dissertation, and examinations required for the degree. Some programs may have shorter time limits. If you entered your doctoral program in the fall semester of 2000 or after, you have five years from your semester of entry to pass the preliminary examination.

## Transcripts

Official graduate transcripts and unofficial copies can be obtained in Mitchell 261 or by completing and submitting an official Transcript Request form. To request a copy of your official transcripts complete the online form (<https://www.credentials-inc.com/CGI-BIN/dvcgitp.pgm?ALUMTROG03896>) and follow the guidelines outlined below.

There is a \$12 fee for official transcripts sent through the mail.

To request an unofficial copy of your transcripts download the unofficial transcript request form (<https://uwm.edu/graduateschool/wp-content/uploads/sites/646/2023/03/transcript-request-form.pdf>) and mail it to the address listed on the form. You can also view your unofficial transcripts through PAWS by following the guidelines below.

## Guidelines

1. Official transcripts are now ordered online (<https://www.credentials-inc.com/CGI-BIN/dvcgitp.pgm?ALUMTROG03896>).
2. Transcript requests must come from the student/former student. Requests from a third party will be processed only with written permission from the student/former student.
3. Due to FERPA regulations, the Graduate School cannot send unofficial transcripts electronically.
4. To request unofficial transcript by mail, send completed form.
5. Transcripts will be withheld if any obligations to the University have not been satisfied.
6. Make checks payable to "UWM." UWM does not accept credit card information by fax.

Please call (414) 229-6569 for more information.

## Viewing Unofficial Transcripts Through PAWS

Current students may access unofficial transcripts via PAWS. Directions are as follows:

1. Log into PAWS (<https://paws.uwm.edu/psp/saprod/?cmd=login&languageCd=ENG&>).
2. Under **Academics**, navigate to the dropdown menu.
3. Select **Transcript: View Unofficial**.
4. Click on the arrow next to dropdown menu 5. Under type, select **Graduate Transcript**.
5. Click **Submit Transcript Request**.
6. Check your UWM e-mail for a PDF of your transcript.

## Winter Session

UWinteriM is a three-week session held during winter break. A schedule of classes is available during the fall semester. The following rules apply to graduate students:

- UWinteriM enrollment does not affect time-to-degree calculations.
- Graduation deadlines for fall, spring, and summer semesters are unaffected by UWinteriM enrollment. If you complete your degree requirements (e.g., thesis/dissertation defense, master's comprehensive exam, final course) during UWinteriM, you will graduate in May, but will not have to register during the spring semester.
- UWinteriM classes cannot satisfy enrollment requirements for graduate assistants (RA, TA, PA) or graduate school fellows. Students with teaching assistantships during UWinteriM are not required to register for UWinteriM classes.
- You may not register for more than three credits during UWinteriM.

## Withdrawal

Withdrawal is the formal termination of a student's complete registration in all courses for the semester. To simply stop attending classes does not constitute a withdrawal. Withdrawals are not accepted by telephone. You

must fill out a withdrawal form or send a letter by certified mail to give notice to the Graduate School of the withdrawal. The postmark date or the date the withdrawal form is received by the Graduate School becomes the effective date. This date determines the amount of fee/tuition that will be assessed. Check the UWM Website (<https://uwm.edu/registrar/dates-deadlines/>) for withdrawal deadlines and to determine the effect of withdrawal on your fees.

You may withdraw after the deadline only for reasons other than academic difficulty. You must first submit a Request for Exception (<https://uwm.edu/graduateschool/wp-content/uploads/sites/646/2023/03/RFE-fillable-form.pdf>) to Graduate Student Services. If you request withdrawal for medical reasons, you must supply documentation from a physician.

Withdrawals will be noted on your transcript. Withdrawals after the fourth week of classes remain on your academic record with the course number and title followed by a W symbol.

# OPPORTUNITIES AND RESOURCES

- Pathway Advising (p. 37)
- UWM Online (p. 37)
- Accelerated Graduate Degrees (p. 37)
- Catalog Glossary (p. 62)

## Pathway Advising

As a temporary home for new freshman students who are undecided about their college major or who are determined through the admission process to need additional support before transitioning into their chosen major, UWM's Pathway Advising will assist students in academic exploration and decision-making, leading to a permanent affiliation with one of UWM's Schools and Colleges by the end of the student's first year. Students in Pathway Advising are empowered and encouraged to form advising relationships, collaborate with faculty and instructional staff, and utilize support services.

Students admitted into Pathway Advising choose one of six exploratory pathways called "metamajors" that allow our students to explore multiple majors that share a general academic theme. Advisors help students select classes in those metamajors that will fulfill both general UWM course requirements and classes that can later count towards the requirements in the students' chosen major(s) and degree plan. Our six metamajors are:

- Arts, Design, & Innovation
- Business, Industry, & Applied Technology
- Engineering & Natural Sciences
- Health
- Humanities & Communication
- Social & Behavioral Sciences

Pathway Advising also provides advising to undecided transfer students entering UWM with fewer than 45 transferable credits and reentry students who were formerly part of the Pathway Advising program or one of its predecessor programs. If you are a transfer or reentry student, please contact the Office of Undergraduate Admissions (<https://uwm.edu/undergrad-admission/>) to determine the appropriate entry option for you.

In addition, Pathway Advising also houses the Student Support Services (SSS) (<https://uwm.edu/student-support-services/>) Program, a TRIO program funded by the U.S. Department of Education. We also serve the academic advising needs of non-degree (<https://uwm.edu/undergrad-admission/student-type/non-degree/>) students.

For more information, please contact Pathway Advising at (414) 229-4696, email us at [pathway-advising@uwm.edu](mailto:pathway-advising@uwm.edu), browse our website (<https://uwm.edu/pathway-advising/>), or visit us in person in Mellencamp Hall, room 128, main campus.

## Continuation into UWM Schools/Colleges

Students admitted into Pathway Advising may progress into a major offered by UWM's Schools and Colleges once they have decided on

a major, are in good academic standing, and have met any entrance requirements set by the receiving program.

## Dean's Honor List

Students in Pathway Advising achieve a "Dean's Honors" designation when they achieve a GPA of 3.500 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## UWM Online

As Wisconsin's premier urban research university, UW-Milwaukee offers a wide array of online course offerings at the undergraduate and graduate levels that are available to students each semester, plus more than 30 degrees and certificates ([https://catalog.uwm.edu/programs/#filter=filter\\_27](https://catalog.uwm.edu/programs/#filter=filter_27)) that can be earned entirely online.

UWM is a nationally known leader in online education: We were ranked best online college in Wisconsin (<https://thebestschools.org/online-colleges/#WI>) by TheBestSchools.org, and our U-Pace online instructional approach has won six national awards.

Our award-winning faculty – the same professors you'll find leading our classrooms and labs on campus – undergo additional curricular and technology training to make their online instruction as effective as possible. UWM also offers numerous resources designed to ensure your success.

Find more information on the UWM Online web page (<http://uwm.edu/online/>).

## Accelerated Graduate Degrees

### Overview

This page describes accelerated graduate degrees (AGDs) at UWM. For more information see the UWM AGD policy (<https://apps.uwm.edu/secu-policies/storage/faculty/3225R1%20-%20Accelerated%20Graduate%20Degrees%20-%20CLEAN.pdf>). The AGD policy allows high-achieving students to begin graduate-level work before completion of the undergraduate degree and allows programs to share credits between bachelor's and graduate degrees. Programs create a unique AGD with one undergraduate and one graduate degree to prescribe what credits can be shared between the two degrees. This allows students to complete both a bachelor's and graduate degree in an accelerated timeframe.

### Definitions

**Shared Credit:** counting the same course credit for fulfillment of the requirements of both the bachelor's and the graduate degree.

**Forward-Shared Credit:** graduate-level course credit completed as an undergraduate student that, in addition to bachelor's degree credit, is eligible to fulfill graduate degree credit upon student admission to Graduate School. Because forward-shared credits are subject to the Graduate School transfer credit policy, a grade of B or better (B- is not acceptable) is required.

**Backward-Shared Credit:** graduate course credit completed as a graduate student that is eligible to fulfill remaining undergraduate credits in addition to graduate degree credits.

### Degree Requirements

Undergraduates complete at least 120 credits for a bachelor's degree. Graduates complete at least 30 credits for a master's degree, and

substantially more in some graduate programs. Students in an AGD complete the same requirements by sharing graduate-level credits within the prescribed limits to complete both degrees. All graduate-level work requires students to follow graduate academic standards, regardless of when they take the course. Each AGD may share credit differently, and may share credit forward, backward, or both. See AGD Programs (p. 39) for sharing credit details.

## Bachelor's Degree Undergraduate Requirements

Typically, students complete their general education requirements, school or college general requirements, and most of their major requirements prior to beginning any shared credit coursework. Students remain in undergraduate status to complete all required bachelor's degree credits (typically 120, potentially more) minus eligible backward-shared credits. Remaining undergraduate credit requirements fulfilled through backward-shared credits is specified by the program and will be completed as a graduate student.

Individual AGDs may have additional requirements for degree completion (see Programs tab (p. 39)). Some programs do not prescribe to backward-shared credit. In this case, the student would complete all undergraduate requirements and receive their bachelor's degree prior to their first term as a graduate student.

## Forward-Shared Credits

Some AGDs prescribe forward-shared credits so undergraduate students can begin graduate coursework eligible for both their bachelor's and graduate degrees. Undergraduates must meet the minimum GPA requirements for the Graduate School before attempting graduate-level work. Programs provide additional requirements for enrolling in eligible graduate-level coursework. Enrollment in graduate-level coursework during an undergraduate career does not guarantee admission to the Graduate School. All graduate-level work requires completion of graduate academic standards. Students accruing forward-shared credits remain in undergraduate standing, pay undergraduate tuition for graduate-level courses, and are eligible for undergraduate federal financial aid. For a U/G course, students must enroll in and complete the G section in order for it to forward share credit. Because forward-sharing credits are subject to the Graduate School transfer credit policy, a grade of B or better (B- is not acceptable) is required.

## Opting Out of the AGD as an Undergraduate Student

Students in undergraduate status who choose to not pursue a graduate degree may continue with their bachelor's degree and complete any remaining bachelor's degree credits as an undergraduate student. The student will need to decline their acceptance to Graduate School, and alert their graduate program.

## Graduate Degree Graduate School Admission

For AGDs that prescribe backward-shared credits, students will begin Graduate School prior to completing their bachelor's degree. To be considered for admission to the Graduate School prior to completing their bachelor's degree, students must meet UWM Graduate School admission criteria (<https://uwm.edu/graduateschool/admission/>), and any additional standards set by the program, and have completed required bachelor's degree credits minus eligible backward shared credits prior to their first term as a graduate student.

- For example, if the bachelor's degree requires 120 credits and the AGD allows for 15 backward-shared credits, the student must have 105 undergraduate credits before starting their first term as a graduate student.

For AGDs that do not prescribe backward-shared credit, students would have completed their bachelor's degree prior to their first term as a graduate student and still must meet UWM Graduate School admission criteria and any additional standards set by the program.

## Failure to Gain Admission to Graduate School

A student who applies to but is not admitted to the Graduate School as an accelerated graduate student may continue with the bachelor's degree and can reapply for graduate admission after completing the bachelor's degree.

## Graduate Requirements

Once accepted, students begin graduate student status the semester in which they have only backward-shared credits remaining to complete the bachelor's degree. Students carry the same graduate student status as those admitted with a bachelor's degree and are eligible for all graduate student financial assistance, including appointments as TAs, PAs, and RAs. Students pay tuition at the graduate rate. All students completing graduate-level work are subject to the same performance requirements.

*All* accelerated graduate degree students must submit an Accelerated Master's Credit Evaluation Form (<https://uwm.edu/graduateschool/wp-content/uploads/sites/646/2023/09/Accelerated-Masters-Credit-Evaluation-Form.pdf>) in the first semester of their graduate career, even if they have no forward-shared credits. The Graduate School will evaluate graduate-level work from the undergraduate portion of the AGD or verify that the student has no forward-shared credits.

## Opting Out of the AGD After Starting Graduate School

The Graduate School typically requires a bachelor's degree for admission, but makes an exception to this rule for students in an approved AGD. Graduate students who choose to opt out of their AGD program and have *not yet* completed all bachelor's degree requirements through backward-shared credits no longer maintain graduate student status. These students will alert their graduate program and can opt back into undergraduate student status in order to complete undergraduate coursework and finish their bachelor's degree. If such students have maintained UWM Graduate School enrollment up to that point in time, a re-entry application with Undergraduate Admissions would not be necessary.

## Degree Completion Credit Transfer

### Forward Shared Credit Transfer

AGD students submit an Accelerated Graduate Degree Credit Evaluation Form (<https://uwm.edu/graduateschool/wp-content/uploads/sites/646/2023/09/Accelerated-Masters-Credit-Evaluation-Form.pdf>) in the first semester of their graduate career. The Graduate School will evaluate graduate-level work from the undergraduate portion of the AGD. Coursework eligibility is determined by the program and subject to UWM Graduate School transfer credit standards. Once forward-shared credits, graduate-level credit has been transferred into the graduate degree, it is available for other forms of shared credit, such as that permitted between graduate degrees and certificates.

## Backward-Shared Credit Transfer

Once students enter graduate status, they are eligible to take backward-shared credit courses. Coursework eligibility is determined by the program. Backward-shared credits will be transferred to the undergraduate transcript once the student completes all required undergraduate credit and applies for graduation.

## Bachelor's Degree

Upon completion of the courses and credits required for the bachelor's degree, the student should apply for graduation in the undergraduate degree program. If a student has discontinued in undergraduate status in PAWS, students must submit an Accelerated Graduate Degree Undergraduate Graduation Notification (<https://uwm.edu/graduateschool/wp-content/uploads/sites/646/2023/09/Accelerated-Graduate-Undergraduate-Graduation-Form.pdf>) form to the Registrar's Office. In addition, the student must also submit an Accelerated Graduate Degree Credit Evaluation Form (<https://uwm.edu/graduateschool/wp-content/uploads/sites/646/2023/09/Accelerated-Masters-Credit-Evaluation-Form.pdf>); the Registrar's Office will transfer the backward-shared, credits completed in graduate status, into the undergraduate record to facilitate the review of the student for undergraduate degree clearance. Degree clearance procedures at the undergraduate level will follow established procedures once the graduate credit is transferred to the undergraduate record.

## Graduate Degree

Students graduate with the graduate degree when they have completed all requirements in addition to any forward shared credits. This may occur during the same semester when the bachelor's degree is awarded, or in a later semester.

## Programs

Approved AGDs below—listed in alphabetical order by bachelor's degree—involve one UWM undergraduate degree and one UWM graduate degree. Eligible shared credits, undergraduate requirements, and Graduate School admission requirements as defined by the program are listed under each AGD. To view these requirements online, click the ">" next to each degree pair.

### Accounting, BBA (p. 257)/Information Technology Management, MS (p. 295)

This accelerated graduate degree involves the following bachelor's and master's degrees: Accounting, BBA and Information Technology Management, MS. There are six (6) forward-shared credits.

#### Eligible Forward-Shared Courses

Six (6) graduate-level credits taken in undergraduate status may count toward Business and General Elective credits and share forward with the master's degree. Any of the required or elective course options in the Information Technology Management, MS program may be forward-shared. Additional graduate-level courses may be selected and substituted with approval from advisor and course instructor.

#### Undergraduate Requirements

Approved enrollment into graduate level coursework during an undergraduate career does not guarantee admission to graduate school as part of the Accelerated Graduate Degree. Per usual UWM Graduate School criteria, students must obtain a "B" or better in all courses taken at the graduate level that are to be counted toward a master's degree.

## Graduate School Admissions Requirements

To be considered for admission into the Graduate School prior to completing their Bachelor's degree, students must meet the minimum criteria for admission established by the Information Technology Management, MS and the UWM Graduate School. Students who meet the minimum Graduate School admissions criteria with a 3.00 cumulative GPA as determined by the Graduate School will be waived from taking the GRE/GMAT and be guaranteed admittance to the Information Technology Management, MS. Those between a 2.75 and 2.99 cumulative GPA as determined by the Graduate School will be required to submit a GRE/GMAT score and will be subject to secondary review by Lubar Information Technology Management faculty.

Opting Out of the AGD as an Undergraduate Student (p. 38)

Opting Out of the AGD After Starting Graduate School (p. 38)

### Anthropology, BA (p. 868)/Anthropology, MS (p. 874)

This accelerated graduate degree involves the following bachelor's and master's degrees: Anthropology BA and Anthropology MS. There are six (6) forward-shared credits and 9 backward-shared credits for a total of 15 shared credits.

#### Eligible Forward-Shared Courses

Students can utilize six credits maximum to forward share. See list below for courses that may be forward shared. These courses must be taken at the graduate (G) level.

#### Eligible Backward-Shared Courses

Students can utilize nine (9) credits maximum to backward share toward the BA in Anthropology.

Note that Core courses (801, 802, and 803) and the Advanced Seminar (763 or 940) cannot be double counted. Classes taken to fulfill Graduate requirements for Method 1, Method 2, Elective 1, Elective 2, Elective 3, and Elective 4 can be shared. See below for the list of approved graduate classes for backward-shared credit.

Code	Title	Credits
<b>Eligible Forward-shared Courses</b>		
ANTHRO 302	Anthropology and Popular Culture	3
ANTHRO 304	Violence and Warfare in Prehistory	3
ANTHRO 305	The Celtic World	3
ANTHRO 306	European Archaeology	3
ANTHRO 307	World Archaeology: Foundations of Civilization	3
ANTHRO 308	Archaeology of North America	3
ANTHRO 309	Archaeology of Central and South America	3
ANTHRO 310	Archaeology of Middle America	3
ANTHRO 311	The World of the Ancient Maya	3
ANTHRO 312	The Past on Tap: The Archaeology of Fermented Beverages	3
ANTHRO 313	Archaeology of the American Southwest	3
ANTHRO 314	American Indian Societies and Cultures	3
ANTHRO 320	Peoples and Cultures of Africa	3

ANTHRO 440	Medical Anthropology	3	ANTHRO 561G	Techniques and Problems in Ethnography	3
ANTHRO 441	Nature, Knowledge, and Technoscience in Anthropological Perspective	3	ANTHRO 562G	Techniques and Problems in Archaeology	3
ANTHRO 442	Humanitarianism in Global Perspective	3	ANTHRO 566G	Archaeological Analysis and Report Preparation:	3-6
ANTHRO 443	Medicine and Pharmaceuticals in the Global Age	3	ANTHRO 567G	Archaeological Field School	3-6
ANTHRO 446	The Child in Different Cultures	3	ANTHRO 568G	Introduction to Anthropological Statistics	3
ANTHRO 447	The Global Politics of Human Rights	3			
ANTHRO 448	Cultural and Human Ecology	3	<b>Undergraduate Requirements</b>		
ANTHRO 449	The Human Economy	3	The Accelerated Graduate Degree in Anthropology requires students meet the following criteria:		
ANTHRO 450	Political Anthropology	3	<ul style="list-style-type: none"> <li>• Minimum GPA of 3.5 (Anthro and Cumulative)</li> <li>• Junior standing</li> <li>• Prior completion of ANTHRO 101, ANTHRO 102, and ANTHRO 103</li> <li>• Declaration of major in Anthropology with an intent to apply for the Accelerated Master's Degree in Anthropology</li> </ul>		
ANTHRO 460	Anthropological Theory	3	Approved enrollment into graduate level coursework during an undergraduate career does not guarantee admission to the MS in Anthropology as part of the Accelerated Graduate Degree. These courses		
ANTHRO 465	Historic Preservation in Archaeology	3			
ANTHRO 466	Historical Archaeology	3			
ANTHRO 467	Archaeological Curation: A Practicum in the Care of Research Collections	3			
ANTHRO 497	Study Abroad: (Programs in Peru and South Africa may be used for graduate credit)	1-12			
ANTHRO 501	Archaeology of Death	3			
ANTHRO 502	Lithic Analysis: Stone Tools and Human Behavior	3			
ANTHRO 525	Zooarchaeology: Analysis of Faunal Remains	3			
ANTHRO 535	Analysis of Archaeological Ceramics	3			

fulfill requirements for the BA in Anthropology, regardless of acceptance into Graduate School.

### Graduate School Admission Requirements

Admission to the MS in Anthropology as part of the Accelerated Graduate Degree in Anthropology is selective. Students apply by January of their Junior (3rd) year. In order to be considered for admission into Graduate School, students must meet all existing Department of Anthropology graduate program admission requirements.

### Art History, BA (p. 884)/Art History, MA (p. 889)

This accelerated graduate degree involves the following bachelor's and master's degrees: Art History BA and Art History MA. There are 6 forward shared credits and 15 backward shared credits for a total of 21 shared credits.

### Eligible Forward Shared Courses

Courses must be taken at the graduate (G) level and will count toward the Art History MA as well as fulfill the Art History BA undergraduate requirement.

### Eligible Backward Shared Courses

The following courses may be used to fulfill College of Letters & Sciences (L&S) electives for the undergraduate degree.

Code	Title	Credits
<b>Courses approved for backward shared credit</b>		
ARTHIST 703	Introduction to Art Museum Studies I	3
ARTHIST 704	Introduction to Art Museum Studies II	3
ARTHIST 710	Colloquium in Ancient Art and Archaeology: <sup>1</sup>	3
ARTHIST 720	Colloquium in Medieval Art/Architecture: <sup>2</sup>	3
ARTHIST 730	Colloquium in Renaissance/Baroque Art/Architecture: <sup>3</sup>	3
ARTHIST 740	Colloquium in Latin American Art: <sup>4</sup>	3
ARTHIST 750	Colloquium in American Art: <sup>5</sup>	3

ARTHIST 760	Colloquium in Modern Art/Architecture: 5	3
ARTHIST 761	Colloquium in Film History, Theory, Criticism: <sup>6</sup>	3
ARTHIST 770	Colloquium in Non-Western Art: <sup>4</sup>	3
ARTHIST 891	Art Museum Internship <sup>7</sup>	3

<sup>1</sup> Fulfills UG Ancient requirement. Fulfills G Ancient/Medieval.

<sup>2</sup> Fulfills UG Medieval requirement. Fulfills G Ancient/Medieval.

<sup>3</sup> Fulfills UG Renaissance-Baroque requirement. Fulfills G Renaissance-Baroque.

<sup>4</sup> Fulfills UG Non-Western requirement. Fulfills G Non-Western.

<sup>5</sup> Fulfills UG 19<sup>th</sup>-20<sup>th</sup> Century requirement. Fulfills G Modern/Contemporary.

<sup>6</sup> Fulfills UG Film requirement. Fulfills G Modern/Contemporary.

<sup>7</sup> Fulfills UG Internship (ARTHIST 691) requirement.

### Undergraduate Requirements

Interested students must meet with an academic advisor to determine eligibility for the accelerated graduate degree. To be permitted to enroll in courses at the graduate ("G") level during a student's junior year with the intention of forward sharing those courses toward the master's degree the student must meet the following criteria:

- Have declared the major in Art History
- Have a UWM cumulative grade point average (GPA) of 3.0 or higher
- On schedule to complete all GERs and 105 credits by the end of the junior year

### Graduate Admissions Requirements

Admission to the Graduate School and the graduate phase of the accelerated Art History program will be selective and occur in January of the junior year. Students should apply by January 15th to be considered for funding and priority registration. To be considered for admission to the graduate phase students must meet the following requirements:

- A cumulative grade point average (GPA) of 3.0 or higher
- Two letters of recommendation, preferably from UWM Art History faculty

Students who are not selected for the graduate phase of the program may complete the BA with a major in Art History.

### Biomedical Sciences, BS: Biomedical Science (p. 707)/Biomedical Sciences, MS (p. 726)

This accelerated graduate degree involves the following bachelor's and master's degrees: Biomedical Sciences, BS and Biomedical Sciences (BMS), MS (thesis-track). There are 6 forward-shared credits and 15 backward-shared credits for a total of 21 shared credits.

#### Eligible Forward-Shared Courses

Courses must be taken at the graduate (G) level and can count toward the BMS graduate requirement and also fulfill BMS undergraduate requirement. Courses to be considered for forward sharing:

Code	Title	Credits
BMS 717	Laboratory Technology-Theory and Practice	2
BMS 718	Experimental Design and Research in Biomedical Sciences	1
PSYCH 510G	Advanced Psychological Statistics	3

BMS 610G	Pharmacology	3
BMS 539G	Public Health Microbiology	2
BMS 540G	Public Health Microbiology Lab	2
BMS 555G	Toxicology and Therapeutic Drug Monitoring	1

#### Eligible Backward-Shared Courses

These courses fulfill BMS requirements for the undergraduate degree.

A maximum of 15 credits can be shared backward. Courses to be considered for backward sharing include the following:

Code	Title	Credits
BMS 615G	Cellular and Molecular Toxicology	3
BMS 701	Human Pathophysiology I	3
BMS 702	Human Pathophysiology II	3
BMS 705	Molecular Pathology	3
BMS 710	Seminar in Biomedical Sciences	1
BMS 750	Infection and Immunity	3
BMS 751	Immunopathology	3
BMS 756	Current Concepts in Cancer	3
BMS 765	Molecular Pathophysiology	3
BMS 775	Mechanisms of Infectious Disease	3

### Undergraduate Requirements

Interested students must meet with an academic advisor to determine eligibility for the accelerated graduate degree. Eligible students must be enrolled in the BMS sub-major and must maintain a GPA of 3.0. Eligible students should meet with the program director and apply to the program in the Fall of their junior year.

### Graduate Admissions Requirements

To be considered for admission into Graduate School prior to completing their Bachelor's degree, the student meet the criteria for admission established by the BMS MS program and the UWM Graduate School and be in progress to complete 105 bachelor's credits prior to their first term as a graduate student. In addition, the student must have a minimum GPA of 3.0.

### Community Engagement and Education, BS (p. 338)/Cultural Foundations of Community Engagement and Education, MS (p. 351)

This accelerated graduate degree involves the the following bachelor's and master's degrees: Community Engagement and Education, BS (CEED) and Cultural Foundations of Engagement and Education, MS (CFCEE). There are 6 forward shared credits and 15 backward shared credits for a total of 21 shared credits.

#### Eligible Shared Courses

CFCEE elective courses taken during the undergraduate career must be taken at the graduate (G) level to count forward toward the graduate career. These courses will count toward the CFCEE elective course requirement and also fulfill elective credits in the CEED undergraduate major.

Elective courses in CFCEE are selected in close consultation with the faculty advisor such that they can be tailored to the student's MS degree progression. Course selection must be approved by the advisor and program to move the student toward mastery of the CDS standards.

All courses listed below can be backward shared to fulfill credits toward the bachelor's degree.

Code	Title	Credits
ED POL 520	Peace Education <sup>1</sup>	3
ED POL 531	Alternative Schools <sup>1</sup>	3

<sup>1</sup> This course may be forward shared

## Undergraduate Requirements

Interested students must meet with an academic advisor to determine eligibility for the accelerated graduate degree. If eligible, students will submit the following materials to the department:

- 1-2 page statement explaining their interest in the particular field of study as reasons for pursuing an accelerated degree
- copy of their college transcript
- a recommendation letter from a faculty member in the chosen field

Both the CEED and CFCEE programs must agree to accept the student into the accelerated graduate degree.

## Graduate Admissions Requirements

To be considered for admission into the Graduate School prior to completing their bachelor's degree, students must meet the minimum criteria for admission established by the MS in Cultural Foundations of Community Engagement and Education and the UWM Graduate School and be in progress to complete 105 bachelor's credits prior to their first term as a graduate student.

Students who do not satisfactorily meet admissions criteria for Graduate School are eligible to continue with their bachelor's degree, provided they continue to meet undergraduate standards.

## Community Engagement and Education, BS (p. 338)/Educational Psychology, MS: Cognitive and Developmental Sciences (p. 359)

This accelerated graduate degree involves the following bachelor's and master's degrees: Community Engagement and Education, BS (CEED) and Educational Psychology, MS with a concentration in Cognitive and Developmental Sciences (ED PSY CDS). There are 6 forward shared credits and 15 backward shared credits for a total of 21 shared credits.

## Eligible Forward Shared Courses

Any graduate course that fulfills an ED PSY CDS elective can be forward counted and must be approved by the advisor and program to move the student toward mastery of the ED PSY CDS standards. ED PSY CDS electives can be taken from any area, including those outside of the CDS concentration, and are tailored to the student's ED PSY CDS degree progression. Courses must be taken at the graduate (G) level. These courses fulfill CEED elective credits.

## Eligible Backward Shared Courses

All courses required for ED PSY CDS are eligible for backward shared credit and fulfill CEED elective credits.

## Undergraduate Requirements

Interested students must meet with an academic advisor to determine eligibility for the accelerated graduate degree. If eligible, students will submit the following materials to the department:

- 1-2 page statement explaining their interest in the particular field of study as reasons for pursuing an accelerated degree
- copy of their college transcript
- a recommendation letter from a faculty member in the chosen field

## Graduate School Admission Requirements

To be considered for admission into Graduate School prior to completing their bachelor's degree, students must meet the minimum criteria for admission established by the MS in Educational Psychology and the

UWM Graduate School and be in progress to complete 105 bachelor's credits prior to their first term as a graduate student.

Because the ED PSY CDS programs coordinator will be involved in monitoring undergraduate student progress of individuals pursuing an accelerated degree, the ED PSY CDS program will permit guaranteed acceptance into graduate school provided they meet the criteria above.

Students who do not satisfactorily meet graduate school admissions criteria may continue with their BS in Community Education and Engagement.

## Criminal Justice and Criminology, BS (p. 524)/Criminal Justice and Criminology, MS (p. 528)

This accelerated graduate degree involves the following bachelor's and master's degrees: Criminal Justice & Criminology, BS, and Criminal Justice & Criminology, MS. There are 6 forward-shared credits and 15 backward-shared credits for a total of 21 shared credits.

### Eligible Shared Courses

All courses listed below can be backward shared to fulfill a major elective or general elective for the bachelor's degree.

Code	Title	Credits
CRM JST 421G	Cybercrime <sup>1</sup>	3
CRM JST 490G	Drugs, Crime and Criminal Justice <sup>1</sup>	3
CRM JST 520G	Analysis Oriented Technology: Spatial Data Analysis; Crime Mapping; ArcGIS <sup>1</sup>	3
CRM JST 671G	Juvenile Justice <sup>1,3</sup>	3
CRM JST 680G	Jails <sup>1</sup>	3
CRM JST 795	Issues in Law Enforcement Practice and Policy	3
CRM JST 820	Police and the Multicultural Community	3
CRM JST 830	Intervention Strategies for Correctional Clients	3
CRM JST 850	Issues in Correctional Practice and Policy	3
CRM JST 910	Methods and Practice Capstone for Crime Analysts	3
CRM JST 920	Criminal Justice Masters Capstone Seminar	3
CRM JST 970	Readings in Criminal Justice Research: <sup>1,2</sup>	3

<sup>1</sup> This course may be forward shared.

<sup>2</sup> CRM JST 970 (special topics) can only be taken if the student has not already taken the topic as an undergraduate elective (i.e. Criminal Evidence and Investigation, Violence and the Criminal Justice System).

<sup>3</sup> CRM JST 671G would count as a major requirement for the bachelor's degree when it is backward shared.

### Undergraduate Requirements

The Criminal Justice and Criminology Department's graduate program coordinator and undergraduate academic advisors from the Helen Bader School of Social Welfare will be responsible for advising students in the accelerated program. For enrollment in graduate-level courses during an undergraduate career that may be forward shared toward the MS in Criminal Justice & Criminology, the Accelerated Graduate Degree in

Criminal Justice & Criminology requires students meet the following additional criteria:

- a student must maintain an overall GPA of at least 3.0 and a GPA of at least 3.25 in the major area of study
- junior standing (58+ credits)
- prior completion of CRM JST 110, CRM JST 271, CRM JST 273, CRM JST 275, CRM JST 305 courses

Approved enrollment into graduate-level coursework during an undergraduate career does not guarantee admission to the MS in Criminal Justice & Criminology as part of the Accelerated Graduate Degree. These courses fulfill requirements for the BS in Criminal Justice & Criminology regardless of acceptance into Graduate School. Students apply for Graduate School as indicated below. Per usual UWM Graduate School criteria, students must obtain a "B" or better in all courses taken at the graduate level that are to be counted toward a Master's degree.

### Graduate School Admission Requirements

Admission to the MS in Criminal Justice & Criminology as part of the Accelerated Graduate Degree is guaranteed. Students typically apply by February of the junior year. To be considered for admission into the Graduate School prior to completing their Bachelor's degree, students must do the following:

- Meet the standard UWM Graduate School admission requirements (except for the completion of a Bachelor's degree).
- Meet the standard application requirements for a MS in Criminal Justice & Criminology.
- Be in progress to complete 105 bachelor's credits prior to their first term as a graduate student.

Students who do not satisfactorily meet admissions criteria for the MS in Criminal Justice & Criminology are eligible to continue with their BS in Criminal Justice & Criminology major, provided they continue to meet those standards.

## Economics, BA (p. 999)/Economics, MA (p. 1003)

This accelerated graduate degree involves the following bachelor's and master's degrees: Economics, BA, and Economics, MA. There are 6 forward shared credits and a maximum of 15 backward shared credits for a total of 21 shared credits.

### Eligible Forward Shared Courses

Forward shared courses must be taken at the graduate level.

Code	Title	Credits
ECON 411G	Economic Forecasting Methods	3
ECON 413G	Statistics for Economists	3
ECON 415G	Economics of Employment and Labor Relations	3
ECON 426G	Public Economics	3
ECON 432G	Industrial Organization	3
ECON 447G	Labor Economics	3
ECON 448G	Economics of Human Resources	3

ECON 455G	International Finance	3
ECON 458G	Selected Topics in Economics:	3

ECON 506G	Mathematical Economics I	3
ECON 513G	Introduction to Econometrics	3

EXCEDUC 679G	Critical Issues in Transition Planning for Students with Disabilities	3
--------------	---	---

**Eligible Backward Shared Courses**

Code	Title	Credits
ECON 606G	Mathematical Economics II	3
ECON 701	Economic Theory: Microeconomics	4
ECON 702	Economic Theory: Macroeconomics	4
ECON 703	Econometrics	4

**Undergraduate Requirements**

Students may declare their interest in the accelerated Economics BA/MA program as soon as they begin at UWM, and should seek advice from the Economics Undergraduate Advisor regarding their choice of courses in the first three years.

Interested students must meet with an academic advisor to determine eligibility for the accelerated graduate degree. If eligible, students must meet minimum Graduate School GPA requirements before taking any graduate (G) level courses as an undergraduate student. To continue in the undergraduate portion of an accelerated program, a student must have a 2.75 GPA in their undergraduate coursework before they take any U/G courses for credit.

Eligible and interested students must apply for admission to the Graduate School no later than March 1st in their junior year.

Note that the required courses for the economics undergraduate major (ECON 103, ECON 104, ECON 210, ECON 301 and ECON 302) need to be completed before admission to the Graduate School.

The following classes are eligible for the completion of the undergraduate research requirement: ECON 404, ECON 411, ECON 413, ECON 426, ECON 432, ECON 447, ECON 448, ECON 454, ECON 455, ECON 506, ECON 513, or ECON 699.

**Graduate Admissions Requirements**

To be considered for admission into Graduate School prior to completing the undergraduate degree, the student must meet the requirements established by the Economics graduate program and the UWM Graduate School, and be in progress to complete 105 bachelor's credits prior to their first term as a graduate student.

Approved enrollment into graduate level coursework during an undergraduate career does not guarantee admission to graduate school as part of the Accelerated Graduate Degree. Per UWM Graduate School criteria, students must obtain a "B" or better in all courses taken at the graduate level that are to be counted toward a master's degree.

**Exceptional Education, BS: K4-12 Special Education (p. 433)/Exceptional Education, MS (p. 437)**

This accelerated graduate degree involves the following bachelor's and master's degrees: Exceptional Education, BS: K4-12 Special Education and Exceptional Education, MS. There are 6 forward-shared credits and 13 backward-shared credits for a total of 19 shared credits.

**Eligible Forward-Shared Credit Courses**

Code	Title	Credits
EXCEDUC 532G	Assessment and Monitoring	3
EXCEDUC 601G	Behavioral Supports	3

**Eligible Backward-Shared Credit Courses**

**Backward-Shared Credit Courses for students completing the bachelor's with a teacher certification in special education:**

Code	Title	Credits
EXCEDUC 488G	Linking Seminar: Professional Development	1
EXCEDUC 588G	Teaching Experience III	1-12
EXCEDUC 574G	Curriculum Accommodations II: Primary/Middle	3

**Backward-Shared Credit Courses for students who elect to earn a bachelor's degree in Exceptional Education without a teacher certification in special education:**

Code	Title	Credits
EXCEDUC 560G	Foundations of Autism Spectrum Disorders	3
EXCEDUC 699G	Independent Reading	1-3
EXCEDUC 703	Job Development and On the Job Support for Individuals with Disabilities	3
EXCEDUC 705	Transition Assessment for Individuals with Disabilities	3
EXCEDUC 707	Linking Academics and Self-Determination to Transition Planning	3
EXCEDUC 761	Methods for Working with Individuals with Autism	3
AD LDSP 598G	Introduction to Workforce Education and Development	3
AD LDSP 861	Foundations in Systems of Educational Equity	3
SOC WRK 774	Trauma Counseling I: Theory and Research	3
SOC WRK 775	Trauma Counseling II: Diagnosis and Treatment	3

**Undergraduate Requirements**

The Academic advisors from the School of Education will identify, track, and advise undergraduates who have declared an intent to pursue an accelerated graduate degree. Students apply to the undergraduate Bachelor's Degree in Exceptional Education and teacher certification program in special education during their 2nd or 3rd year (typically), and subsequent to admission complete 4 semesters of professional coursework.

The following items must be met prior to applying for formal admission to the undergraduate Bachelor's Degree in Exceptional Education and teacher certification program in special education:

- At least 45 credits with a GPA of 2.5
- Grade of "C" or better in MATH 175 (or equivalent) and ENGLISH 102 (or equivalent)
- Grade of "C" or better in CURRINS 300 and a positive field evaluation or equivalent (e.g., recommendation from instructor)

Students indicate their intent to apply to the Accelerated Graduate Degree program after their 2nd semester of professional coursework in the undergraduate Bachelor's Degree in Exceptional Education and teacher certification program in special education. This allows them to be eligible to take graduate-level courses during their undergraduate career

in the 3rd semester of professional coursework, and students must meet the following criteria:

- meet the minimum GPA requirements for admission to the Graduate School at the time of enrollment in graduate level U/G or G coursework
- a minimum GPA of 3.0 on all work in the professional program
- declare their intent to apply for an accelerated graduate program
- complete service and/or undergraduate research in special education or a related field
- write and submit a 2 page (approximately) personal statement that explains: the students' interest in a particular field of study, an appropriate faculty mentor tied to their interests, and reasons for desiring to enter the accelerated program
- submit 2 letters of recommendation from professionals who can speak to the applicant's analytical thinking, intellectual curiosity, and ability to manage an increased workload
- receive a positive recommendation from the teacher certification program faculty, following an interview with the faculty
- complete the same academic work and follow the same performance standards as graduate students in the Exceptional Education master's program

Approved enrollment into graduate-level coursework during an undergraduate career does not guarantee admission to graduate school as part of the Accelerated Graduate Degree. Per usual UWM Graduate School criteria, students must obtain a "B" or better in all courses taken at the graduate level that are to be counted toward a master's degree.

### Graduate School Admission Requirements

Admission to Graduate School prior to completion of a bachelor's degree as part of the Accelerated Graduate Degree in Exceptional Education is selective, students must meet the standard UWM Graduate School MS in Exceptional Education admission requirements, and be in progress to complete 107 bachelor's credits prior to their first term as a graduate student.

Students who do not satisfactorily meet admissions criteria for Graduate School are eligible to continue with their bachelor's degree, provided they continue to meet undergraduate standards.

### Finance, BBA (p. 263)/Information Technology Management, MS (p. 295)

This accelerated graduate degree involves the following bachelor's and master's degrees: Finance, BBA and Information Technology Management, MS. There are 6 forward shared credits and 9 backward shared credits for a total of 15 shared credits.

#### Eligible Forward-Shared Courses

Six (6) graduate-level credits taken in undergraduate status may count toward Business Elective credits and forward share to the master's degree. Any of the required or elective course options in the Information Technology Management, MS program may be forward-shared.

#### Eligible Backward-Shared Courses

Nine (9) graduate credits may be backward shared as such:

- 3 credits of Business Electives
- 6 credits of General Electives

Any of the required or elective course options in the Information Technology Management, MS program may be backward shared. Additional graduate-level courses may be selected and substituted with approval from advisor and course instructor.

### Undergraduate Requirements

The intent to pursue an accelerated degree in Information Technology Management, MS may be declared with the student's undergraduate advisor upon advancement to the major and with a 3.00 cumulative GPA.

### Graduate School Admissions Requirements

To be considered for admission into the Graduate School prior to completing their Bachelor's degree, students must meet the minimum criteria for admission established by the Information Technology Management, MS and the UWM Graduate School. Students who meet the minimum Graduate School admissions criteria with a 3.00 cumulative GPA as determined by the Graduate School will be waived from taking the GRE/GMAT and be guaranteed admittance to the Information Technology Management, MS. Those between a 2.75 and 2.99 cumulative GPA as determined by the Graduate School will be required to submit a GRE/GMAT score and will be subject to secondary review by Lubar Information Technology Management faculty.

Opting Out of the AGD as an Undergraduate Student (p. 38)

Opting Out of the AGD After Starting Graduate School (p. 38)

### Finance, BBA (p. 263)/Management, MS: Finance Analysis (p. 302)

This accelerated graduate degree involves the following bachelor's and master's degrees: Finance, BBA and Management, MS: Finance Analysis. There are 6 forward-shared credits and 12 backward-shared credits for a total of 18 shared credits.

#### Eligible Forward-Shared Courses

Six (6) graduate-level credits taken in undergraduate status may count toward Business Elective credits and share forward to the master's degree. Any of the required or elective course options in the Management, MS: Finance Analysis program may be shared forward.

#### Eligible Backward-Shared Courses

Twelve (12) graduate credits may be backward shared as such: Up to 3 credits of Finance Major Electives; 6 credits of Business Electives; 3 credits of General Electives. Any of the required or elective course options in the Management, MS: Finance Analysis program may be shared backward. Additional graduate-level courses may be selected and substituted with approval from advisor and course instructor.

### Undergraduate Requirements

The intent to pursue an accelerated degree in Management, MS: Finance Analysis may be declared with the student's undergraduate advisor upon advancement to the major and with a 3.00 cumulative GPA.

Per usual UWM Graduate School criteria, students must obtain a "B" or better in all courses taken at the graduate level that are to be counted toward a graduate degree.

### Graduate School Admissions Requirements

To be considered for admission into the Graduate School prior to completing their Bachelor's degree, students must meet the minimum criteria for admission established by the Management, MS: Finance Analysis and the UWM Graduate School. Students who meet the minimum Graduate School admissions criteria with a 3.00 cumulative GPA as determined by the Graduate School will be waived from taking

the GRE/GMAT and be guaranteed admittance to the Management, MS: Finance Analysis. Those between a 2.75 and 2.99 cumulative GPA as determined by the Graduate School will be required to submit a GRE/GMAT score and will be subject to secondary review by Lubar Finance faculty.

Opting Out of the AGD as an Undergraduate Student (p. 38)

Opting Out of the AGD After Starting Graduate School (p. 38)

## French, BA (p. 1084)/Language, Literature, and Translation, MA: French and Francophone Language, Literature, and Culture (p. 1157)

This is an approved AMD as of Spring 2020. Requirements are currently being formatted for Catalog copy from governance documents. See program directly for details.

## French, BA (p. 1084)/Translation and Interpreting Studies, MA (p. 1306)

This accelerated graduate degree involves the following bachelor's and master's degrees: French, BA and Translation and Interpreting Studies (TIS) MA. There are 6 forward shared credits and 15 backward shared credits for a total of 21 shared credits.

### Eligible Forward Shared Courses

Courses must be taken at the graduate (G) level and will count toward the TIS MA as well as fulfill the French BA undergraduate requirement.

Code	Title	Credits
<b>Courses eligible for forward shared credit (maximum of 6 credits)</b>		
FRENCH 426G	Growing Up French	3
FRENCH 427G	Advanced Written Expression	3
FRENCH 428G	Castles, Cathedrals, and Common People: The Foundations of French Culture	3
FRENCH 429G	Royalty, Reason, and Revolution: The Golden Age of French Culture	3
FRENCH 430G	Reaction and Innovation: French Culture of the 19th and 20th Centuries	3
FRENCH 450G	Institutions and Culture of Contemporary France	3
FRENCH 451G	Cinema of the French-Speaking World:	3
FRENCH 457G	Topics in French and Francophone Studies in Translation:	3
FRENCH 510G	Seminar on Masterpieces of Literature Written in French:	3
FRENCH 520G	Seminar in Contemporary French Literature:	3
FRENCH 592G	Seminar in French Language:	3

### Eligible Backward Shared Courses

These courses may be used to fulfill the electives requirements for the undergraduate degree in L&S.

Code	Title	Credits
<b>Courses eligible for backward shared credits (maximum of 15 credits)</b>		
FRENCH 733	Seminar in French Literature:	3
TRNSLTN 706	Introduction to Translation: French to English	3

TRNSLTN 716	Seminar in Advanced Translation: French to English	3
TRNSLTN 709	Seminar in Literary and Cultural Translation	3
TRNSLTN 710	Comparative Systems for Translation	3
TRNSLTN 820	Translation Theory	3

### Undergraduate Requirements

Interested students must meet with an academic advisor to determine eligibility for the accelerated graduate degree. If eligible, students must meet the minimum UWM graduate school GPA requirements before taking any graduate (G) level classes as an undergraduate. The French BA/TIS MA program is open to students who have:

- achieved junior status;
- declared a major in French;
- maintained a cumulative undergraduate GPA of 3.25 or better, and a GPA in the French major of 3.5 or better;
- completed at least 60 of their undergraduate credit hours and at least 21 of their French credit hours at UWM;
- on track for completing the major requirements (27 credits) for an undergraduate major in French.

### Graduate Admissions Requirements

To be considered for admission into Graduate School prior to completing their Bachelor's degree, the student must meet criteria for admission established by the TIS MA and the UWM Graduate School, and be in progress to complete 105 bachelor's credits prior to their first term as a graduate student.

In addition, eligible and interested students must apply for admission to the Graduate School in the Translation & Interpreting Studies MA program no later than March 1st of their third year. They must submit:

- a personal statement of goals, abilities, and reasons for pursuing the MA degree.
- three academic letters of recommendation.

Students also must take and pass the Translation Qualifying Exam, which is a requirement for admission to the MA TIS program for all students. It is recommended that the students do so in early November of their third year, but they must do so no later than May of their third year.

Students who do not gain admission to the MA degree can complete the BA with a major in French by taking at least one course numbered higher than 350 in an additional semester; they will also need to complete any required L&S and university credits still outstanding.

Applications will be reviewed by the TIS admissions panel.

## Freshwater Sciences, BS: Aquatic Science (p. 679)/Freshwater Sciences, MS: Aquatic Science (Professional) (p. 683)

This accelerated graduate degree involves the following bachelor's and master's degrees: Freshwater Sciences, BS: Aquatic Science and Freshwater Sciences, MS: Aquatic Science (Professional). There are 6 forward-shared credits and 15 backward-shared credits for a total of 21 shared credits.

### Eligible Forward-Shared Courses

Six (6) graduate-level courses taken in undergraduate status may count toward the Freshwater Sciences, MS: Aquatic Science (Professional)

course requirements and also fulfill elective credits in the undergraduate Freshwater Sciences, BS: Aquatic Science major. Additional graduate-level courses may be selected and substituted with approval from advisor and course instructor.

Code	Title	Credits

FRSHWTR 640G	Sequence Analysis	3
FRSHWTR 781	Water Law for Scientists and Policy Makers	3
FRSHWTR 810	Professional Development for Water Leaders	3
FRSHWTR 890	Science Communication	3

### Undergraduate Requirements

Interested students must meet with an academic advisor to determine eligibility for the accelerated graduate degree. Before a student takes a G level course, they must have a cumulative undergraduate grade point average (GPA) of 2.75. Undergraduate students must maintain an overall GPA of at least 2.75.

Students should indicate their intent to apply to the Accelerated Graduate Degree program by the completion of their 5th semester of coursework in the undergraduate bachelor's degree. This allows them to be eligible to take graduate-level courses during their undergraduate career in the 7th semester, and progress to their graduate career by semester 8.

In addition to the minimum GPA requirements, students must submit the following materials to the School of Freshwater Sciences:

- Declaration of intent to apply for an accelerated graduate program.
- A 1-2 page personal statement that explains the students' interest in a particular field of study and reasons for desiring to enter the accelerated program.
- A recommendation letter from a faculty member who can speak to the applicant's critical thinking and writing skills, and ability to manage an increased workload.

Approved enrollment into graduate-level coursework during an undergraduate career does not guarantee admission to graduate school as part of the Accelerated Graduate Degree. Per usual UWM Graduate School criteria, students must obtain a "B" or better in all courses taken at the graduate level that are to be counted toward a graduate degree.

### Graduate School Admission Requirements

To be considered for admission into Graduate School prior to completing their bachelor's degree, students must meet the minimum criteria for admission established by the Freshwater Sciences, MS: Aquatic Science (Professional) program and the UWM Graduate School and be in progress to complete 105 bachelor's credits prior to their first term as a graduate student.

Students who do not satisfactorily meet graduate school admissions criteria may continue with their Freshwater Sciences, BS degree.

## Freshwater Sciences, BS: Aquatic Science (p. 679)/Freshwater Sciences, MS: Water Policy (Professional) (p. 686)

This accelerated graduate degree involves the following bachelor's and master's degrees: Freshwater Sciences, BS: Aquatic Sciences and Freshwater Sciences, MS: Water Policy (Professional). There are 6 forward-shared credits and 15 backward-shared credits for a total of 21 shared credits.

### Eligible Forward-Shared Courses

Six (6) graduate-level courses taken in undergraduate status may count toward the Freshwater Sciences, MS: Water Policy (Professional) course requirements and also fulfill elective credits in the undergraduate Freshwater Sciences, BS: Aquatic Science major. Additional graduate-level courses may be selected and substituted with approval from advisor and course instructor.

### Undergraduate Requirements

Interested students must meet with an academic advisor to determine eligibility for the accelerated graduate degree. Before a student takes a G level course, they must have a cumulative undergraduate grade point average (GPA) of 2.75. Undergraduate students must maintain an overall GPA of at least 2.75.

Students should indicate their intent to apply to the Accelerated Graduate Degree program by the completion of their 5th semester of coursework in the undergraduate bachelor's degree. This allows them to be eligible to take graduate-level courses during their undergraduate career in the 7th semester, and progress to their graduate career by semester 8.

In addition to the minimum GPA requirements, students must submit the following materials to the School of Freshwater Sciences:

- Declaration of intent to apply for an accelerated graduate program.
- A 1-2 page personal statement that explains the students' interest in a particular field of study and reasons for desiring to enter the accelerated program.
- A recommendation letter from a faculty member who can speak to the applicant's critical thinking and writing skills, and ability to manage an increased workload.

Approved enrollment into graduate-level coursework during an undergraduate career does not guarantee admission to graduate school as part of the Accelerated Graduate Degree. Per usual UWM Graduate School criteria, students must obtain a "B" or better in all courses taken at the graduate level that are to be counted toward a graduate degree.

### Graduate School Admission Requirements

To be considered for admission into Graduate School prior to completing their bachelor's degree, students must meet the minimum criteria for admission established by the Freshwater Sciences, MS: Water Policy (Professional) program and the UWM Graduate School and #be in progress to complete 105 bachelor's credits prior to their first term as a graduate student.

Students who do not satisfactorily meet graduate school admissions criteria may continue with their Freshwater Sciences, BS degree.

### Freshwater Sciences, BS: Water Policy (p. 681)/Freshwater Sciences, MS: Aquatic Science (Professional) (p. 683)

This accelerated graduate degree involves the following bachelor's and master's degrees: Freshwater Sciences, BS: Water Policy and Freshwater Sciences, MS: Aquatic Science (Professional). There are 6 forward-shared credits and 15 backward-shared credits for a total of 21 shared credits.

#### Eligible Forward-Shared Courses

Six (6) graduate-level courses taken in undergraduate status may count toward the Freshwater Sciences, MS: Aquatics Science (Professional) course requirements and also fulfill elective credits in the undergraduate Freshwater Sciences, BS: Water Policy major. Additional graduate-level courses may be selected and substituted with approval from advisor and course instructor.

Students who do not satisfactorily meet graduate school admissions criteria may continue with their Freshwater Sciences, BS degree.

### German, BA (<https://catalog.uwm.edu/letters-science/ancient-modern-languages-literatures-cultures/german-ba/>)/Translation and Interpreting Studies, MA (p. 1306)

This accelerated graduate degree involves the following bachelor's and master's degrees: German, BA and Translation and Interpreting Studies, MA. There are no forward-shared credits and 15 backward-shared credits for a total of 15 shared credits.

#### Eligible Forward-Shared Courses

This accelerated program does not allow any forward-shared credits.

#### Eligible Backward-Shared Courses

These courses fulfill requirements for the L&S undergraduate degree.

Code	Title	Credits
<b>Courses eligible for backward-shared credit</b>		
One of the following: 3		
GERMAN 483G	Seminar on German Studies:	
GERMAN 484G	Seminar on Themes and Motifs in German Literature:	
TRNSLTN 708	Introduction to Translation: German to English	3
TRNSLTN 709	Seminar in Literary and Cultural Translation	3

TRNSLTN 718	Seminar in Advanced German Translation	3
TRNSLTN 820	Translation Theory	3

### Undergraduate Requirements

Interested students must meet with an academic advisor to determine eligibility for the accelerated graduate degree.

### Graduate Admissions Requirements

To be considered for admission into the Graduate School before completing the undergraduate degree, the student must meet the criteria for admission established by the TIS MA and the UWM Graduate School, and be in progress to complete 105 bachelor's credits prior to their first term as a graduate student, and apply for admission no later than March 1st of their third year. In addition, they must:

- Submit a personal statement of goals, abilities, and reasons for pursuing the MA degree.
- Submit three letters of recommendation, of which at least two must be written by members of the German faculty.
- Take and pass the Translation Qualifying Exam no later than May of their third year.
- Meet the English proficiency level required by the Graduate School, as well as one of the following: a minimum TOEFL iBT score of 83; TOEFL CBT score of 220; or IELTS score of 6.5.

### Global Studies, BA (p. 1088)/Translation and Interpreting Studies, MA (p. 1306)

This accelerated graduate degree involves the following bachelor's and master's degrees: Global Studies (Communications track), BA and Translation and Interpreting Studies, MA. There are no forward-shared credits and a maximum of 15 backward-shared credits for a total of 15 shared credits.

#### Eligible Forward-shared Courses

This accelerated program does not allow any forward-shared credits.

#### Eligible Backward-shared Courses

These courses fulfill Letters and Science elective requirements for the undergraduate degree. Courses to be considered for backward sharing include the following:

Code	Title	Credits
<b>Courses approved for backward sharing</b>		
TRNSLTN 709	Seminar in Literary and Cultural Translation	3
TRNSLTN 710	Comparative Systems for Translation	3
TRNSLTN 726	Computer-Assisted Translation	3
TRNSLTN 730	Internship in Translation/Interpreting	3
TRNSLTN 820	Translation Theory	3

### Undergraduate Requirements

Interested students must meet with an academic advisor to determine eligibility for the accelerated graduate degree. If eligible, students must meet the minimum UWM Graduate School GPA requirements before taking any graduate (G) level courses as an undergraduate student.

The program is open to students who have:

- achieved junior status;
- declared the Global Studies BA/Global Communications Track
- a cumulative undergraduate GPA of 3.25 or better;
- a GPA of 3.5 or better in the courses counting towards the Global Studies BA (including their language courses); and
- completed at least 60 of their undergraduate credit hours and at least 21 of their Global Studies BA credit hours at UWM.

### Graduate Admissions Requirements

To be considered for admission into Graduate School prior to completing the undergraduate degree, the student must meet the criteria for admission established by the TIS MA and the UWM Graduate School, and be in progress to complete 105 bachelor's credits prior to their first term as a graduate student.

In addition, they must:

- Submit a personal statement of goals, abilities, and reasons for pursuing the MA degree.
- Submit three letters of recommendation, two of which must be written by members of the faculty in the department of the emphasized language, and one of which must be written by the instructor of a GLOBAL area code course.
- Take and pass the Translation Qualifying Exam, which is a requirement for admission to the Translation concentration of the MA program. It is recommended that the students do so in early November of their junior year, but they must do so no later than May of their third year.

### Human Resources Management, BBA (p. 270)/Information Technology Management, MS (p. 295)

This accelerated graduate degree involves the following bachelor's and master's degrees: Human Resources Management, BBA and Information Technology Management, MS. There are 6 forward-shared credits and 9 backward-shared credits for a total of 15 shared credits.

#### Eligible Forward-Shared Courses

Six graduate-level credits taken in undergraduate status may count toward Business Elective credits and share forward to the master's degree. Any of the required or elective course options in the Information Technology Management, MS program may be forward shared.

#### Eligible Backward-Shared Courses

Nine graduate credits may be shared backward as such:

- 3 credits of Business Electives
- 6 credits of General Electives

Any of the required or elective course options in the Information Technology Management, MS program may be backward shared. Additional graduate-level courses may be selected and substituted with approval from advisor and course instructor.

#### Undergraduate Requirements

The intent to pursue an accelerated graduate degree in Information Technology Management, MS may be declared with the student's undergraduate advisor upon advancement to the major and with a 3.00 cumulative GPA. Per usual UWM Graduate School criteria, students must obtain a "B" or better in all courses taken at the graduate level that are to be counted toward a master's degree.

### Graduate School Admissions Requirements

To be considered for admission into the Graduate School prior to completing their Bachelor's degree, students must meet the minimum criteria for admission established by the Information Technology Management, MS and the UWM Graduate School. Students who meet the minimum Graduate School admissions criteria with a 3.00 cumulative GPA as determined by the Graduate School will be waived from taking the GRE/GMAT and be guaranteed admittance to the Information Technology Management, MS. Those between a 2.75 and 2.99 cumulative GPA as determined by the Graduate School will be required to submit a GRE/GMAT score and will be subject to secondary review by Lubar Information Technology Management faculty.

Opting Out of the AGD as an Undergraduate Student (p. 38)

Opting Out of the AGD After Starting Graduate School (p. 38)

### Information Technology Management, BBA (p. 273)/Information Technology Management, MS (p. 295)

This accelerated graduate degree involves the following bachelor's and master's degrees: Information Technology Management, BBA and Information Technology Management, MS. There are 6 forward-shared credits and 12 backward-shared credits for a total of 18 shared credits.

#### Eligible Forward-Shared Courses

Six (6) graduate-level credits taken in undergraduate status will share forward credit towards the master's degree. Unless granted an exception by program faculty, all accelerated students will forward share the following courses: BUS ADM 749 and BUS ADM 810. BUS ADM 749 fulfills the BBA requirement, BUS ADM 434, and BUS ADM 810 counts towards an Information Technology Management, BBA major elective.

#### Eligible Backward-Shared Courses

Twelve (12) graduate credits may be shared backward as such:

- 9 credits of Business Electives
- 3 credits of General Electives

Any of the required or elective course options in the Information Technology Management, MS program may be backward shared. Additional graduate-level courses may be selected and substituted with approval from advisor and course instructor.

#### Undergraduate Requirements

The intent to pursue an accelerated degree in Information Technology Management, MS may be declared with the student's undergraduate advisor upon advancement to the major and with a 3.00 cumulative GPA. Per usual UWM Graduate School criteria, students must obtain a "B" or better in all courses taken at the graduate level that are to be counted toward a graduate degree.

### Graduate School Admissions Requirements

To be considered for admission into the Graduate School prior to completing their Bachelor's degree, students must meet the minimum criteria for admission established by the Information Technology Management, MS and the UWM Graduate School. Students who meet the minimum Graduate School admissions criteria with a 3.00 cumulative GPA as determined by the Graduate School will be waived from taking the GRE/GMAT and be guaranteed admittance to the Information Technology Management, MS. Those between a 2.75 and 2.99 cumulative GPA as determined by the Graduate School will be required to submit a GRE/

GMAT score and will be subject to secondary review by Lubar Information Technology Management faculty.

Opting Out of the AGD as an Undergraduate Student (p. 38)

Opting Out of the AGD After Starting Graduate School (p. 38)

### Information Science and Technology, BS (p. 484)/Information Science and Technology, MS (p. 487)

This accelerated graduate degree involves the following bachelor's and master's degrees: Information Science and Technology, BS (BSIST) and Information Science and Technology, MS (MSIST).

There are 6 forward-shared credits and 15 backward-shared credits for a total of 21 shared credits.

#### Eligible Forward-shared Courses

Eligible Forward-shared Courses must be approved by the advisor. Any pre-approved MSIST required or elective course can be shared forward. Courses must be taken at the G level.

#### Eligible Backward-shared Courses

Any course approved to count toward the MSIST can be shared backward to fulfill a major elective or general elective for the bachelor's degree; and fulfill a required or elective course for the master's degree.

#### Undergraduate Requirements

Interested students must meet with an academic advisor to determine eligibility for the accelerated graduate degree. Students must have a GPA of 3.0 in the major for admission to the accelerated program, with no active incompletes or retakes of Information Science and Technology courses.

Undergraduate students must maintain an overall GPA of at least 2.75 and a GPA of at least 3.0 in the major area of study.

#### Graduate School Admission Requirements

To be considered for admission into Graduate School prior to completing their bachelor's degree, students must meet the minimum criteria for admission established by the MS in Information Science and Technology and the UWM Graduate School and be in progress to complete 105 bachelor's credits prior to their first term as a graduate student. Students who do not satisfactorily meet graduate school admissions criteria may continue with their BS in Information Science and Technology.

### Information Science and Technology, BS (p. 484)/Library and Information Science, MLIS (p. 493)

This accelerated graduate degree involves the following bachelor's and master's degrees: Information Science and Technology, BS (BSIST) and Master of Library and Information Science (MLIS).

There are 6 forward shared credits and 15 backward shared credits for a total of 21 shared credits.

#### Eligible Forward Shared Credit Courses

Eligible Forward Shared Credit Courses must be approved by the advisor. Any pre-approved MLIS required or elective course can be used for forward shared credits. Courses must be taken at the G level.

#### Eligible Backward Shared Credit Courses

Any course approved to count toward the MLIS can be backward counted for shared credit to fulfill a major elective or general elective for the

bachelor's degree; and fulfill a required or elective course for the master's degree.

#### Undergraduate Requirements

Interested students must meet with an academic advisor to determine eligibility for the accelerated master's degree. Students must have a GPA of 3.0 in the major for admission to the accelerated program, with no active incompletes or retakes of Library and Information Science courses.

Undergraduate students must maintain an overall GPA of at least 3.25 and a GPA of at least 3.5 in the major area of study.

#### Graduate School Admission Requirements

To be considered for admission into Graduate School prior to completing their Bachelor's degree, students must meet the minimum criteria for admission established by the Master of Library and Information Science and the UWM Graduate School and be in progress to complete 105 bachelor's credits prior to their first term as a graduate student. Students who do not satisfactorily meet graduate school admissions criteria may continue with their BS in Information Science and Technology.

### Kinesiology, BS (p. 1347)/Athletic Training, MS (p. 787)

This accelerated graduate degree involves the following bachelor's and master's degrees: Kinesiology, BS and Athletic Training, MS. There are 6 forward-shared credits and 28 backward-shared credits for a total of 34 shared credits.

#### Eligible Forward-Shared Courses

Six (6) graduate-level credits taken in undergraduate status may forward share toward the Athletic Training MS.

Code	Title	Credits
KIN 550G	Psychological Aspects of Human Movement	3
PRPP 551G	Psychology of Injury: Prevention, Rehabilitation & Return to Participation	3

#### Eligible Backward-Shared Courses

Twenty-eight (28) graduate credits may be shared backward toward the Kinesiology BS.

Code	Title	Credits
ATRIN 725	Gross Anatomical Kinesiology	4
ATRIN 710	Prevention & Care of Emergent Medical Conditions in Athletic Training	4
ATRIN 701	Athletic Training Foundational Skills	1
ATRIN 785	Clinical Education in Athletic Training: I	1
ATRIN 747	Clinical Exam and Diagnosis of the Lower Extremity in Athletic Training	3
ATRIN 757	Foundations of Therapeutic Interventions in Athletic Training	3
ATRIN 726	Pathoetiology of Musculoskeletal Injury	1
ATRIN 702	Ethics in Healthcare	1
ATRIN 703	Foundations of Interprofessional Practice	1
ATRIN 786	Clinical Education in Athletic Training: II	2
ATRIN 748	Clinical Exam and Diagnosis of the Head and Spine in Athletic Training	3
ATRIN 753	Medical Physiology II	3

## Undergraduate Requirements

Students will be admitted as “accelerated BS in Kinesiology/MS in Athletic Training Intended” majors. To be permitted to enroll in U/G courses at the graduate level of work during the junior year with the intention of forward sharing them toward the master’s degree later the student must meet the following criteria:

- Have a UWM cumulative grade point average (GPA) of 3.0 or higher
- Completion of all GERs
- Complete the following prerequisite courses with a grade of “C” or better or be in progress at the time of application submission:

Code	Title	Credits
PSYCH 101	Introduction to Psychology	3
BIO SCI 150	Foundations of Biological Sciences I	4
BIO SCI 202	Anatomy and Physiology I	4
BIO SCI 203	Anatomy and Physiology II	4
CHEM 100	Chemical Science	4
KIN 270	Statistics in the Health Professions: Theory and Practice	3
PHYSICS 120	General Physics I (Non-Calculus Treatment)	4
PHYSICS 121	General Physics Laboratory I (Non-Calculus Treatment)	1

## Graduate School Admission Requirements

Admission to the Graduate School and the professional phase of the MS in Athletic Training program is selective and occurs during February-March of the junior year. In order to be considered for admission to the professional phase of the accelerated program students must meet the following requirements:

- An essay explaining the student’s interest in the athletic training profession.
- A cumulative grade point average (GPA) of 3.0 or higher.
- Complete the following prerequisite courses with a grade of “C” or better or be in progress at the time of application submission:

Code	Title	Credits
KIN 320	Biomechanics	3
KIN 330	Exercise Physiology	4
NUTR 235	Introduction to Nutrition for the Health Professions	3

- Completion of 20 hours of observation of athletic training practice with a certified athletic trainer within 12 months of application submission. This requirement can be met in the KIN 312 Introduction to Athletic Training course.
- Two letters of recommendation attesting to the student’s maturity and suitability for graduate education in a health profession. One letter must be an academic reference, the other letter must be from the athletic trainer with whom the student completed the majority of their observation hours.
- Completion of an interview with the MS in Athletic Training Admissions Committee.

## Latin American, Caribbean, and U.S. Latinx Studies, BA (p. 1171)/Translation and Interpreting Studies, MA (p. 1306)

This accelerated graduate degree involves the following bachelor’s and master’s degrees: Latin American, Caribbean, and U.S. Latinx Studies, BA and Translation and Interpreting Studies, MA. There are 0 forward-shared credits and 15 backward-shared credits for a total of 15 shared credits.

### Eligible Forward-shared Courses

This accelerated program does not allow any forward-shared credits.

### Eligible Backward-shared Courses

These courses fulfill requirements as electives for the L&S BA degree. Courses eligible for backward sharing include:

Code	Title	Credits
<b>Courses eligible for backward-shared credit</b>		
TRNSLTN 706	Introduction to Translation: French to English <sup>1</sup>	3
TRNSLTN 707	Introduction to Translation: Spanish to English <sup>2</sup>	3
TRNSLTN 709	Seminar in Literary and Cultural Translation	3
TRNSLTN 710	Comparative Systems for Translation	3
TRNSLTN 716	Seminar in Advanced Translation: French to English <sup>1</sup>	3
TRNSLTN 717	Seminar in Advanced Translation: Spanish to English <sup>2</sup>	3
TRNSLTN 730	Internship in Translation/Interpreting	3
TRNSLTN 820	Translation Theory	3

<sup>1</sup> If taking TRNSLTN 706 the student must also take TRNSLTN 716, and none of the other language pair courses.

<sup>2</sup> If taking TRNSLTN 707 the student must also take TRNSLTN 717, and none of the other language pair courses.

## Undergraduate Requirements

Interested students must meet with an academic advisor to determine eligibility for the accelerated graduate degree. This program is available to LACUSL students with language specializations in either French or Spanish.

The accelerated LACUSL BA/TIS MA program is open to students who have:

- Declared a Major in LACUSL.
- A cumulative undergraduate GPA of 3.25 or better, and a GPA in their major of 3.5 or better.
- Completed at least 60 of their undergraduate credit hours and at least 15 of their LACUSL credit hours at UWM.
- Completed the major requirements (24 credits) for an undergraduate major in LACUSL.

## Graduate Admissions Requirements

To be considered for admission into Graduate School prior to completing their Bachelor’s degree, the student must meet the criteria for admission established by the TIS MA and the UWM Graduate School, and be in progress to complete 105 bachelor’s credits prior to their first term as a graduate student. The student should apply to the graduate program by March 1st of their junior year. If students are studying abroad for the

spring semester, they are encouraged to submit their application before December 1 of their junior year. In addition, they must

- Submit a personal statement of goals, abilities, and reasons for pursuing the Translation and Interpreting Studies degree
- Submit three letters of recommendation, of which at least two must be written by members of the LACUSL affiliated faculty
- Take and pass the Translation Qualifying Exam no later than May of their third year.

### Marketing, BBA (p. 276)/Information Technology Management, MS (p. 295)

This accelerated graduate degree involves the following bachelor's and master's degrees: Marketing, BBA and Information Technology Management, MS. There are 6 forward-shared credits and 9 backward-shared credits for a total of 15 shared credits.

#### Eligible Forward-Shared Courses

Six (6) graduate-level credits taken in undergraduate status may count toward Business Elective credits and share forward to the master's degree. Any of the required or elective course options in the Information Technology Management, MS program may be forward shared.

#### Eligible Backward-Shared Courses

Nine (9) graduate credits may be shared backward as such:

- 3 credits of Business Electives
- 6 credits of General Electives

Any of the required or elective course options in the Information Technology Management, MS program may be backward shared. Additional graduate-level courses may be selected and substituted with approval from advisor and course instructor.

#### Undergraduate Requirements

The intent to pursue an accelerated degree in Information Technology Management, MS may be declared with the student's undergraduate advisor upon advancement to the major and with a 3.00 cumulative GPA. Per usual UWM Graduate School criteria, students must obtain a "B" or better in all courses taken at the graduate level that are to be counted toward a master's degree.

#### Graduate School Admissions Requirements

To be considered for admission into the Graduate School prior to completing their Bachelor's degree, students must meet the minimum criteria for admission established by the Information Technology Management, MS and the UWM Graduate School. Students who meet the minimum Graduate School admissions criteria with a 3.00 cumulative GPA as determined by the Graduate School will be waived from taking the GRE/GMAT and be guaranteed admittance to the Information Technology Management, MS. Those between a 2.75 and 2.99 cumulative GPA as determined by the Graduate School will be required to submit a GRE/GMAT score and will be subject to secondary review by Lubar Information Technology Management faculty.

Opting Out of the AGD as an Undergraduate Student (p. 38)

Opting Out of the AGD After Starting Graduate School (p. 38)

### Marketing, BBA (p. 276)/Management, MS: Marketing (p. 303)

This accelerated graduate degree involves the following bachelor's and master's degrees: Marketing, BBA and Management, MS: Marketing.

There are 6 forward-shared credits and 12 backward-shared credits for a total of 18 shared credits.

#### Eligible Forward-Shared Courses

Six (6) graduate-level credits taken in undergraduate status may count toward Business Elective credits and shared forward to the master's degree. Any of the required or elective course options in the Management, MS: Marketing program may be forward shared.

#### Eligible Backward-Shared Courses

Twelve (12) graduate credits may be shared backward as such: up to 3 credits of Marketing Major Electives, 6 credits of Business Electives, and 3 credits of General Electives. Any of the required or elective course options in the Management, MS: Marketing program may be backward shared. Additional graduate-level courses may be selected and substituted with approval from advisor and course instructor.

#### Undergraduate Requirements

The intent to pursue an accelerated degree in Management, MS: Marketing may be declared with the student's undergraduate advisor upon advancement to the major and with a 3.00 cumulative GPA.

Students must obtain a "B" or better in all courses taken at the graduate level that are to be counted toward a graduate degree.

#### Graduate School Admissions Requirements

To be considered for admission into the Graduate School prior to completing their Bachelor's degree, students must meet the minimum criteria for admission established by the Management, MS: Marketing and the UWM Graduate School. Students who meet the minimum Graduate School admissions criteria with a 3.00 cumulative GPA as determined by the Graduate School will be waived from taking the GRE/GMAT and be guaranteed admittance to the Management, MS: Marketing. Those between a 2.75 and 2.99 cumulative GPA as determined by the Graduate School will be required to submit a GRE/GMAT score and will be subject to secondary review by Lubar Marketing faculty.

#### Graduate Requirements

NOTE: Bus Adm 708: Marketing Strategy is a required course in the MS-Marketing program. Since Bus Adm 708 was designed for students with minimal previous exposure to marketing concepts, accelerated students, all of whom will have extensive undergraduate marketing coursework, will be allowed to take a Management, MS: Marketing elective from the approved list in place of Bus Adm 708.

Opting Out of the AGD as an Undergraduate Student (p. 38)

Opting Out of the AGD After Starting Graduate School (p. 38)

### Physics, BS (p. 1227)/Physics, MS (p. 1232)

This accelerated graduate degree involves the following bachelor's and master's degrees: Physics, BS and Physics, MS.

There are 6 (or 7) forward-shared credits and 15 backward-shared credits for a total of 21 (or 22) shared credits. As an exception to the usual forward sharing credit maximum, 7 forward-shared credits will be allowed if credits in PHYSICS 411G or PHYSICS 441G are forward-shared because these are 4-credit courses rather than 3-credit courses.

#### Eligible Forward-Shared Courses

Any Physics course at the 400-level or higher that can be taken at the G level is eligible for forward-sharing. Forward-shared Courses must be taken at the G level.

### Eligible Backward-Shared Courses

Any graduate-level Physics course can be shared backward to fulfill a major required or elective course for the bachelor's degree; and fulfill a required or elective course for the master's degree.

### Undergraduate Requirements

Interested students must meet with an academic advisor to determine eligibility for the accelerated graduate degree. Students must have a GPA of 3.0 in the major for admission to the accelerated program, with no active incompletes or retakes of Physics courses.

Undergraduate students must maintain an overall GPA of at least 3.0 and a GPA of at least 3.0 in the major area of study.

### Graduate School Admission Requirements

To be considered for admission into Graduate School prior to completing their bachelor's degree, students must meet the minimum criteria for admission established by the MS in Physics and the UWM Graduate School and be in progress to complete 105 bachelor's credits prior to their first term as a graduate student. Students who do not satisfactorily meet graduate school admissions criteria may continue with their BS in Physics.

### Public Health, BS (p. 1363)/Public Health, MPH: Community and Behavioral Health Promotion (p. 1372)

This accelerated graduate degree involves the following bachelor's and master's degrees: Public Health, BS and Public Health, MPH: Community and Behavioral Health Promotion. There are up to 9 forward shared credits and up to 21 backward shared credits for a total up to 30 shared credits.

### Eligible Forward Shared Courses

Nine (9) graduate-level credits taken in undergraduate status may count towards the MPH. These credits may include any of the required or elective course options for the MPH degree except PH 800. PH 708 fulfills the BSPH requirement for PH 408.

### Eligible Backward Shared Courses

All courses that count toward the MPH degree may be shared backward toward the BSPH except PH 800. PH 790 fulfills the PH 600 requirement for the BSPH.

### Undergraduate Requirements

**Application to the Public Health, BS/Public Health, MPH: Community and Behavioral Health Promotion program consists of two steps:**

1. Internal application to the Zilber College for acceptance into the accelerated MPH.
2. After internally accepted, students will formally apply to the UWM Graduate School in fall year 4.

*Before students can enroll in any forward shared credit graduate MPH courses, students must apply to the Zilber College for acceptance into the accelerated MPH. Applications will usually be due by February 1 of their junior year. All students must demonstrate that they have completed sufficient coursework to apply. Working with their Zilber College academic advisor, students must demonstrate that they will complete the following before entering graduate status at the beginning of the spring semester of their senior year (or equivalent year for transfer students):*

1. *all public health major coursework except those to be backward shared (e.g., PH 600);*

2. *all GER and BSPH Foundations coursework; and*
3. *at least 99 credits towards the BSPH degree.*

Students who meet the coursework minimums and have earned a minimum cumulative GPA of 3.700 in their undergraduate coursework at the time of their application to the accelerated MPH will be guaranteed admission to the Public Health, BS/Public Health, MPH: Community and Behavioral Health Promotion program. To apply, they simply need to complete an application form (including a statement of purpose) that indicates their MPH track of choice and declares their intent to pursue the accelerated MPH. Zilber College program staff will obtain unofficial transcripts to support the application.

Students who meet the coursework minimums and have earned a cumulative GPA between 3.000 and 3.699 can apply for selective admission. The application will consist of:

- Application form (including statement of purpose) that indicates their first and second ranked choice of MPH concentrations, and intent to pursue the accelerated MPH;
- Two letters of recommendation consisting of one from a BSPH course instructor and one from someone other than a BSPH course instructor (e.g., an instructor of a course outside the public health major or a work or volunteer supervisor). The letters will assess the students' academic and intellectual strengths and weaknesses, and their maturity and suitability for an accelerated MPH program; and
- Unofficial transcripts obtained by Zilber College program staff.

Students will usually be informed by March 15 if they have been accepted into the accelerated MPH program. If they are not accepted into the program, they can continue their BSPH studies and then apply to the standard MPH Program.

All students admitted to the program will be considered for any available Zilber College scholarships to cover tuition and other fees while in graduate student status.

*While in undergraduate status and taking forward shared graduate coursework, students must complete the same academic work and follow the same performance standards as graduate students in the MPH program.*

Most Community and Behavioral Health Promotion concentration students in the accelerated MPH will satisfy all requirements for their BSPH degree either at the end of summer of their 4th year or at the end of the fall semester of their 5th year.

### Graduate School Admissions Requirements

**Application to UWM Graduate School:** Once students have been *internally* accepted into the accelerated MPH program they must formally apply to the UWM Graduate School via Panthera. The Zilber College graduate advisor will email students with instructions on how to apply in early fall of their first semester in the accelerated MPH program.

Approved admission to the accelerated MPH program allows the student to enroll in 9 graduate credits of coursework during the fall of their senior year while they remain in undergraduate student status. Students *must meet minimum grade standards in their forward shared graduate courses* to begin graduate student status in the spring of their senior year. These graduate courses can fulfill requirements for the BSPH degree even if students do not meet these Graduate School minimums.

### **Maintaining Admission to the Graduate School and Starting Graduate Student Status:**

Admission to this program and to the Graduate School is described above. Students will begin their graduate career at the beginning of the spring semester of their senior (4th or equivalent for transfer students) year. To maintain admission to the Graduate School and begin graduate student status prior to completing their bachelor's degree, students must meet the following minimum Graduate School standards:

- Earn at least a "B" or better in each graduate course that will be forward share toward the MPH degree; and
- Have a minimum cumulative GPA of 2.75 on a 4.0 scale for all undergraduate coursework complete to date.

Once students begin graduate student status, they will complete the remaining up to 21 credits for their BSPH through backward shared graduate coursework. Students who do not satisfactorily meet minimum Graduate Student standards in their last semester of undergraduate status (through Winterim session of their senior year), may continue with their BSPH and graduate in spring of their senior year.

### **Public Health, BS (p. 1363)/Public Health, MPH: Environmental Health Sciences (p. 1374)**

This accelerated graduate degree involves the following bachelor's and master's degrees: Public Health, BS and Public Health, MPH: Environmental Health Sciences. There are up to 9 forward shared credits and up to 20 backward shared credits for a total up to 29 shared credits.

#### **Eligible Forward Shared Courses**

Nine (9) graduate-level credits taken in undergraduate status may count towards the MPH. These credits may include any of the required or elective course options for the MPH degree except PH 800. PH 708 fulfills the BSPH requirement for PH 408.

#### **Eligible Backward Shared Courses**

All courses that count toward the MPH degree may be shared backward toward the BSPH except PH 800. PH 790 fulfills the PH 600 requirement for the BSPH.

#### **Undergraduate Requirements**

**Application to the Public Health, BS/Public Health, MPH: Environmental Health Sciences program consists of two steps:**

1. Internal application to the Zilber College for acceptance into the accelerated MPH.
2. After internally accepted, students will formally apply to the UWM Graduate School in fall year 4.

*Before students can enroll in any forward shared graduate MPH courses, students must apply to the Zilber College for acceptance into the accelerated MPH. Applications will usually be due by February 1 of their junior year. All students must demonstrate that they have completed sufficient coursework to apply. Working with their Zilber College academic advisor, students must demonstrate that they will complete the following before entering graduate status at the beginning of the spring semester of their senior year (or equivalent year for transfer students):*

1. *all* public health major coursework except those to be backward shared (e.g., PH 600);
2. *all* GER and BSPH Foundations coursework; and
3. at least 100 credits towards the BSPH degree.

Students who meet the coursework minimums and have earned a minimum cumulative GPA of 3.700 in their undergraduate coursework at the time of their application to the accelerated MPH will be guaranteed admission to the Public Health, BS/Public Health, MPH: Environmental Health Sciences program. To apply, they simply need to complete an application form (including a statement of purpose) that indicates their MPH concentration of choice and declares their intent to pursue the accelerated MPH. Zilber College program staff will obtain unofficial transcripts to support the application.

Students who meet the coursework minimums and have earned a cumulative GPA between 3.000 and 3.699 can apply for selective admission. The application will consist of:

- Application form (including statement of purpose) that indicates their first and second ranked choice of MPH concentrations, and intent to pursue the accelerated MPH;
- Two letters of recommendation consisting of one from a BSPH course instructor and one from someone other than a BSPH course instructor (e.g., an instructor of a course outside the public health major or a work or volunteer supervisor). The letters will assess the students' academic and intellectual strengths and weaknesses, and their maturity and suitability for an accelerated MPH program; and
- Unofficial transcripts obtained by Zilber College program staff.

Students will usually be informed by March 15 if they have been accepted into the accelerated MPH program. If they are not accepted into the program, they can continue their BSPH studies and then apply to the standard MPH Program.

All students admitted to the program will be considered for any available Zilber College scholarships to cover tuition and other fees while in graduate student status.

*While in undergraduate status and taking forward shared graduate coursework, students must complete the same academic work and follow the same performance standards as graduate students in the MPH program.*

Most EHS concentration students in the accelerated MPH will satisfy all requirements for their BSPH degree either at the end of summer of their 4th year or at the end of the fall semester of their 5th year.

#### **Graduate School Admissions Requirements**

**Application to UWM Graduate School:** Once students have been *internally* accepted into the accelerated MPH program, they must formally apply to the UWM Graduate School via Panthera. The Zilber College graduate advisor will email students with instructions on how to apply in early fall of their first semester in the accelerated MPH program.

Approved admission to the accelerated MPH program allows the student to enroll in 9 graduate credits of coursework during the fall of their senior year while they remain in undergraduate student status. Students *must meet minimum grade standards in their forward shared graduate courses* to begin graduate student status in the spring of their senior year. These graduate courses can fulfill requirements for the BSPH degree even if students do not meet these Graduate School minimums.

### **Maintaining Admission to the Graduate School and Starting Graduate Student Status:**

Admission to this program and to the Graduate School is described above. Students will begin their graduate career at the beginning of the spring semester of their senior (4th or equivalent for transfer students) year. To maintain admission to the Graduate School and begin graduate

student status prior to completing their bachelor's degree, students must meet the following minimum Graduate School standards:

- Earn at least a "B" or better in each graduate course that will be forward counted toward the MPH degree; and
- Have a minimum cumulative GPA of 2.75 on a 4.0 scale for all undergraduate coursework complete to date.

Once students begin graduate student status, they will complete the remaining up to 20 credits for their BSPH through backward shared graduate coursework. Students who do not satisfactorily meet minimum Graduate Student standards in their last semester of undergraduate status (through Winterim session of their senior year) may continue with their BSPH and graduate in spring of their senior year.

## Public Health, BS (p. 1363)/Public Health, MPH: Epidemiology (p. 1377)

This accelerated graduate degree involves the following bachelor's and master's degrees: Public Health, BS and Public Health, MPH: Epidemiology. There are up to 9 forward share credits and up to 21 backward shared credits for a total up to 30 shared credits.

### Eligible Forward Shared Courses

Nine (9) graduate-level credits taken in undergraduate status may count towards the MPH. These credits may include any of the required or elective course options for the MPH degree except PH 800. PH 708 fulfills the BSPH requirement for PH 408.

### Eligible Backward Shared Courses

All courses that count toward the MPH degree may be shared backward toward the BSPH except PH 800. PH 790 fulfills the PH 600 requirement for the BSPH.

### Undergraduate Requirements

**Application to the Public Health, BS/Public Health, MPH: Epidemiology program consists of two steps:**

1. Internal application to the Zilber College for acceptance into the accelerated MPH.
2. After internally accepted, students will formally apply to the UWM Graduate School in fall year 4.

*Before students can enroll in any forward shared graduate MPH courses, students must apply to the Zilber College for acceptance into the accelerated MPH. ## Supply Chain and Operations Management, BBA (p. 279)/Digital Supply Chain Management, MS (p. 283)

This accelerated graduate degree involves the following bachelor's and master's degrees: Supply Chain and Operations Management, BBA and Digital Supply Chain Management, MS. There are 6 forward-shared credits and 9 backward-shared credits for a total of 15 shared credits.

### Eligible Forward-Shared Courses

Six graduate-level credits taken in undergraduate status may count toward Business Elective credits and share forward to the master's degree. Any of the required or elective course options in the Digital Supply Chain Management, MS program may be shared forward.

### Eligible Backward-Shared Courses

Nine graduate credits may be backward shared credit as such:

- 3 credits of Supply Chain and Operations Management Major Credits (required or elective)
- 6 credits of Business Electives

Any of the required or elective course options in the Digital Supply Chain Management, MS program may be shared backward. Additional graduate-level courses may be selected and substituted with approval from advisor and course instructor.

### Undergraduate Requirements

The intent to pursue an accelerated degree in Digital Supply Chain Management, MS may be declared with the student's undergraduate advisor upon advancement to the major and with a 3.00 cumulative GPA. Per usual UWM Graduate School criteria, students must obtain a "B" or better in all courses taken at the graduate level that are to be counted toward a master's degree.

### Graduate School Admission Requirements

To be considered for admission into the Graduate School prior to completing their bachelor's degree, students must meet the minimum criteria for admission established by the Digital Supply Chain Management, MS and the UWM Graduate School. Students who meet the minimum Graduate School admissions criteria with a 3.00 cumulative GPA as determined by the Graduate School will be waived from taking the GRE/GMAT and be guaranteed admittance to the Digital Supply Chain Management, MS. Those between a 2.75 and 2.99 cumulative GPA as determined by the Graduate School will be required to submit a GRE/GMAT score and will be subject to secondary review by Lubar Digital Supply Chain Management faculty.

Opting Out of the AGD as an Undergraduate Student (p. 38)

Opting Out of the AGD After Starting Graduate School (p. 38)

### Supply Chain and Operations Management, BBA (p. 279)/Information Technology Management, MS (p. 295)

This accelerated graduate degree involves the following bachelor's and master's degrees: Supply Chain and Operations Management, BBA and Information Technology Management, MS. There are 6 forward-shared credits and 9 backward-shared credits for a total of 15 shared credits.

### Eligible Forward-Shared Courses

Six graduate-level credits taken in undergraduate status may count toward Business Elective credits and share forward to the master's degree. Any of the required or elective course options in the Information Technology Management, MS program may be shared forward.

### Eligible Backward-Shared Courses

Nine graduate credits may be shared backward credit as such:

- 3 credits of Business Electives
- 6 credits of General Electives

Any of the required or elective course options in the Information Technology Management, MS program may be backward shared. Additional graduate-level courses may be selected and substituted with approval from advisor and course instructor.

### Undergraduate Requirements

The intent to pursue an accelerated degree in Information Technology Management, MS may be declared with the student's undergraduate advisor upon advancement to the major and with a 3.00 cumulative GPA. Per usual UWM Graduate School criteria, students must obtain a "B" or better in all courses taken at the graduate level that are to be counted toward a master's degree.

### Graduate School Admission Requirements

To be considered for admission into the Graduate School prior to completing their bachelor's degree, students must meet the minimum criteria for admission established by the Information Technology Management, MS and the UWM Graduate School. Students who meet the minimum Graduate School admissions criteria with a 3.00 cumulative GPA as determined by the Graduate School will be waived from taking the GRE/GMAT and be guaranteed admittance to the Information Technology Management, MS. Those between a 2.75 and 2.99 cumulative GPA as determined by the Graduate School will be required to submit a GRE/GMAT score and will be subject to secondary review by Lubar Information Technology Management faculty.

Opting Out of the AGD After Starting Graduate School (p. 38)

### Urban Studies, BA (p. 1313)/Urban Planning, MUP (p. 91)

This accelerated graduate degree program involves the following bachelor's and master's degrees: Urban Studies (USP), BA and Urban Planning MUP. There are 9 forward-shared credits and 21 backward-shared credits for a total of 30 shared credits.

### Eligible Forward-shared Courses

Courses must be taken at the graduate (G) level and will count toward the MUP graduate requirement, and will also fulfill the Urban Studies major requirements.

Code	Title	Credits
<b>Courses approved for forward sharing</b>

URBPLAN 810	Planning Policy Analysis	6

### Undergraduate Requirements

Interested students must meet with an academic advisor to determine eligibility for the accelerated graduate degree. The Accelerated Master of Urban Planning requires students meet the following criteria:

- Minimum UWM cumulative grade point average (GPA) of 3.0 or higher.
- Completion of all General Education Requirements (GER).
- Junior standing.
- Declaration of major in Urban Studies with the intent to apply for the Accelerated Master of Urban Planning degree.

Students must meet these requirements before taking any graduate (G) level classes as an undergraduate student.

Approved enrollment into graduate level course work during an undergraduate career does not guarantee admission to the Master of Urban Planning as part of the accelerated Master of Urban Planning program. These courses fulfill requirements for the BA in Urban Studies, regardless of acceptance into Graduate School.

### Graduate Admissions Requirements

Admission to the professional phase of the Master of Urban Planning is selective and occurs in December-January of the junior (3rd) year. To be considered for admission into the Graduate School prior to completing their bachelor's degree, a student must meet the criteria for admission established by the MUP and the UWM Graduate School, and be in progress to complete 99 bachelor's credits prior to their first term as a graduate student. In addition, admission to the MUP requires:

- A cumulative UWM grade point average (GPA) of 3.0 or higher.
- Three letters of recommendation.

### External Programs

AGDs between external college or university programs and UWM are described in their Articulation Agreements. Contact those programs directly.

## Catalog Glossary

### Key to Course Numbering System

**100-299 Lower division courses** not open to graduate students for credit.

**300-699 Upper division courses** that may, if so designated, carry graduate credit. Courses with level "U" are offered for undergraduate credit only; courses with level "U/G" may be offered for undergraduate and/or graduate credit. Insofar as a course approved for graduate credit may not be offered for graduate credit in a given semester, the current schedule of classes (<https://catalog.uwm.edu/course-search/>) should be consulted. Junior standing is normally a minimum prerequisite for 300-699 courses that carry graduate credit.

**700-999 Graduate level courses** not open to undergraduate students for credit.

### Abbreviations in Course Descriptions

Abbreviation	Description
C	Co-requisite
conc enroll	Concurrent Enrollment
cons instr	Consent of Instructor
conc reg	Concurrent Registration
cons Dept Chair	Consent of Department Chair
cons Prog Dir	Consent of Program Director
cr	Credit(s)
equiv	Equivalent
ER	Enrollment Restriction
fr, soph, jr, sr, grad st	Freshman, Sophomore, Junior, Senior, Graduate Standing
intro	Introductory
lit-in-trans	Literature in Translation
max	Maximum
NC	Non-repeatable Co-requisite
NP	Non-repeatable Prerequisite
P	Prerequisite(s)
R	Recommended Course
sem	Semester
yr	Year

### Prerequisite Course Definitions

**R-Recommended Course:** A course that the instructor strongly recommends be taken prior to enrollment in a subsequent course.

Ex.: *ANTHRO 334 American Indians of the Southwest* . . . *Prereq: ANTHRO 314 (R)*. ANTHRO 314 is recommended for students enrolling in ANTHRO 334.

**P-Prerequisite:** A course in which a student is required to earn credit prior to being allowed to enroll in a subsequent higher level course. A prerequisite course may not be taken for credit subsequent to the earning of credit in the higher level course.

Ex.: *PSYCH 205 Personality* . . . *Prereq: PSYCH 101 (P)*. Students must earn credit in PSYCH 101 before enrolling in PSYCH 205, and may not receive credit for PSYCH 101 after enrolling in PSYCH 205.

**NP-Nonrepeatable Prerequisite:** A prerequisite course for which the student is not permitted to substitute the grade earned when the course is repeated subsequent to earning credit in the higher level course.

Ex.: *COMPSCI 252 Computer Programming II . . . Prereq: COMPSCI 152 (NP)*. Students may not repeat COMPSCI 152 for the purpose of receiving a higher grade after enrolling in COMPSCI 252.

**C-Corequisite:** A course that may be taken as either a prerequisite or as a concurrent registration with the higher level course.

Ex.: *BUS ADM 210 Introduction to Management Statistics . . . Prereq: MATH 211 (C) or MATH 231 (C)*. Students must enroll in MATH 211 or 231 either prior to or at the same time as they enroll in BUS ADM 210.

**NC-Nonrepeatable Corequisite:** A corequisite course for which the student is not permitted to substitute the grade earned when the course is repeated subsequent to earning credit in the higher level course.

Ex.: *HLTHMNT 232 Nursing Practice for Health Promotion . . . Prereq: admission to enroll in clinical nursing major; HLTHMNT 210 (NC), 211 (NC); FNDNURS 230 (NC); HLTHRST 320 (NC)*. Students must enroll in the four listed (NC) courses either prior to or at the same time as they enroll in HLTHMNT 232. They may not repeat any of these four courses for the purpose of receiving a higher grade after enrolling in HLTHMNT 232.

**ER-Enrollment Restriction:** A course that is not open **for enrollment** to students who have earned credits in a specified course (or courses) with similar or overlapping content.

Ex.: *ECON 100-after cr is earned in ECON 103 or 104*.

A **course number followed by another number in parentheses** means that the course was previously offered under the number in parentheses. The two courses are the same course and the repeat policy applies.

Ex.: *HUM KIN 270 (370) - HUM KIN 270 is the same course as HUM KIN 370. A student with credit in HUM KIN 370 may enroll in 270 as a repeat unless 370 was taken more than once*.

## Architecture and Urban Planning (School of)

The School of Architecture and Urban Planning (SARUP) at UWM offers the only professional program in architecture in Wisconsin that is accredited by the National Architectural Accrediting Board; one of the two graduate planning programs in the state accredited by the Planning Accreditation Board (PAB) of the American Planning Association; and one of very few doctoral programs in architecture in the United States. SARUP offers a four-year Bachelor of Science in Architectural Studies (BSAS) undergraduate pre-professional degree that prepares students for professional, masters-level training in architecture and other design fields. As the urban center of the state with strong ethnic communities, Milwaukee makes an appropriate setting for the study of architecture and urban planning.

In addition to the degrees listed above, SARUP offers a Master of Architecture/Master of Urban Planning, a coordinated professional degree program designed for persons seeking integrated study in both areas. A non-professional Master of Science in Architecture is available for students who want to develop a personalized and specialized program of architectural studies centered on scholarly studies and research. A PhD in Architecture is offered for persons who seek careers in research and teaching in architecture and allied fields, in consulting, or in roles in government and professional practice requiring advanced skills and research experience.

Most states require that an individual intending to become an architect hold an accredited degree. There are two types of degrees that are accredited by the National Architectural Accrediting Board:

1. the Bachelor of Architecture, which requires a minimum of five years of study, and
2. the Master of Architecture, which requires a minimum of three years of study following an unrelated bachelor's degree or two years following a related pre-professional bachelor's degree.

These professional degrees are structured to educate those who aspire to registration/licensure as architects.

The four-year, pre-professional degree, where offered, is not accredited by NAAB. The pre-professional degree is useful for those wishing a foundation in the field of architecture, as preparation for either continued education in a professional degree program or for employment options in architecturally related areas.

## Requirements for Employment, Licensing, or Professional Organizations

Students should be aware that some professions, occupations, and employers are subject to licensing and/or bonding requirements. When a course of study includes clinical or field training, practice teaching, internships, or the like, students may be subjected to a check of criminal conviction records, prior to acceptance of a student by the placement site. Students are responsible for obtaining the information necessary for them to become knowledgeable about these requirements and plan their studies accordingly. Please contact the appropriate department or program office for further information.

## Department of Architecture Computer Requirement

Effective Fall 2019, all students entering the Bachelor of Science in Architecture Studies (BSAS) program and the Master of Architecture (M.Arch) program are required to purchase a design-capable laptop computer and software. The laptop must be equipped to enable students to effectively perform all required coursework until the completion of the BSAS or M.Arch degree. For additional information, please see requirements posted on the Department of Architecture Laptop Requirement webpage (<https://uwm.edu/sarup/architecture/laptop-requirement/>).

## Architecture

The Department of Architecture remains steadfastly committed to a tectonic conception of architectural practice. Students learn how to put a building together and how to derive formal poetics from constructive assembly. This strong commitment to conventional tectonics is complemented and challenged by many avenues of experimentation and research that confront professional norms. Elective courses propose alternative practices and theories for architecture by speculating on thermodynamic form, cultural geography, performative envelopes, digital prototyping, and new ecological and programmatic compositions for water management. Sponsored studios leverage expertise from the professional community in unique partnerships that benefit students and also have an impact on the community and region—in many cases through constructed works.

Maximum curriculum choice is considered a hallmark of the architecture curriculum at UWM. After completing the core educational requirements, students are able to construct an educational path from a wide array of elective seminars, independent study, research opportunities, and studios that best suit their personal values and aspirations. Our goal is for students to be committed to architecture as a form of disciplinary inquiry that is compositionally ambitious, technically provocative, and to continually reinvent professional ethics and beauty.

Students in the School of Architecture and Urban Planning (SARUP) are passionate about architecture, and have the benefit of attending an affordable, small, and strong school in a culturally vibrant city. Accomplished and dedicated faculty, staff, and alumni work tirelessly to provide personalized attention and guidance to the students they are mentoring.

- Architecture, MArch: Real Estate Development (p. 82)
- Architecture, MS (p. 85)
- Architecture, PhD (p. 85)
- Urban Design, MUD (Department of Architecture) (p. 87)

## Limitations

The Department reserves the right to cap admissions into the minor on the basis of course availability. Students in the major have first priority registration for all courses in the Department. In cases of full capacity, students enrolled in the minor will be ranked and admitted into the program or into a course on the basis of overall GPA.

For more information about requirements for the minor, contact Tammy Taylor, Undergraduate Advisor, School of Architecture and Urban Planning, AUP 225, [ttaylor@uwm.edu](mailto:ttaylor@uwm.edu), (414) 229-4015.

## Accident and Health Insurance

Use of the School's woodworking shop requires that students provide evidence of personal accident and health insurance to the School of Architecture and Urban Planning Dean's Office.

## Department of Architecture Laptop Requirement

Beginning in Fall 2019, each incoming freshman in the Bachelor of Science in Architecture (BSAS) program and each incoming student in the Master of Architecture (MArch) program will be required to purchase a laptop computer that meets or exceeds the Department of Architecture's hardware and software specifications as published on the year the student enters the program. Beginning in Fall 2020, each incoming transfer student will be required to purchase a laptop computer. Students graduating from the BSAS program will be required to update or renew their laptop to conform to the School's specifications upon entry into the M.Arch program.

Laptop specifications can be found here. (<https://uwm.edu/sarup/architecture/laptop-requirement/>)

## Architectural Studies, BS

The Bachelor of Science, Architectural Studies (BSAS) is a four-year undergraduate pre-professional program that prepares students for graduate studies in architecture and related design and construction fields. The primary goal of the BSAS program is to introduce students to architecture as both a technical and cultural practice. Students accrue skills in architectural thinking, design, visualization, fabrication, prototyping and simulation. The program lays a foundation of unique problem-solving skills empowering students to change the world.

The four-year BSAS program is comprised of a three-year core, followed by one year of specialized and individualized study. Over the course of their studies, BSAS students enroll in a variety of design studios, lectures and seminars to accrue skills in architectural making, thinking, design, visualization, digital fabrication, prototyping, and simulation. In addition to learning essential analytical and creative-problem solving skills through design, students are required to complete courses in architectural systems (structures, construction and environmental/building technology), behavioral, social and cultural factors in design, and the role of criticism in contemporary architecture and urbanism. In their fourth year, students select from a wide range of architectural electives and advanced studios, allowing them the opportunity to craft a curriculum based on their areas of interest.

Graduates of the BSAS program can continue their studies at the UW-Milwaukee School of Architecture and Urban Planning by applying to the Master of Architecture (M.Arch) (p. 73), Master of Science in Architecture (M.S.) (p. 85), or Master of Urban Planning (MUP) (p. 91) program.

## Admission Standards

### New Freshmen

New freshman admission to the School of Architecture and Urban Planning is based on an overall assessment of both academic and non-academic qualifications. The primary review factors for admission are the strength and quality of the high school curriculum, high school class percentile, grade point average, and the ACT or SAT. For preferential consideration, applications (including ACT or SAT scores) must be completed no later than March 1 (for summer/fall term) or December 1 (for spring term). Applications not complete by the priority date or not meeting these admission criteria will be considered on a space-available basis.

See general freshman admission requirements (p. 17) of the University for additional information.

Academically qualified international student applicants must have a TOEFL score of at least 79 (iBT) or IELTS score of 6.0, or may be admitted following successful completion of the Intensive English Program at UWM, as demonstrated by an appropriate TOEFL score.

### Transfer Students

Transfer students are admitted on a selective basis. Preference is given to students whose applications are completed, including all required supporting documents, no later than April 1 (for the following summer/

fall term) or November 1 (for the following spring term) and who have completed (or will have completed by the anticipated enrollment date) at least 24 degree credits with a cumulative grade point average of at least 2.5 (on a 4.0 scale). In addition, transfer applicants must meet the same high school English and mathematics course requirements as new freshman applicants. International transfer student applicants also must meet the minimum TOEFL requirement.

Students enrolled in other UWM schools or colleges who wish to enter the architecture program will also be considered for admission on the basis of the criteria listed above. Interested students should schedule an appointment with Emily Zahasky, Undergraduate Advisor, (414) 229-4015.

## Second Degree Students

Second-degree candidates enrolled in architecture courses are classified as seniors in architecture. They are not subject to the University's General Education Requirements; however, they must complete (or have completed) the Mathematics and Physics Competency Requirements. Admission to the School as a second-degree candidate requires a cumulative grade point average of at least 2.75 (on a 4.0 scale) on the previous undergraduate record. Applications must be completed no later than March 1 (for the summer/fall term) or October 1 (for the spring term). For information on second-degree requirements, students should schedule an appointment with Emily Zahasky, Undergraduate Advisor, (414) 229-4015.

## Level 1 (Pre-Architecture)

Students applying to the University of Wisconsin-Milwaukee and declaring a primary interest in architectural studies on their application forms will be designated as Architectural Studies Level 1 (Pre-Architecture) students. They will be advised by the School's undergraduate advisor in the Student Advising Office. The policies and procedures of the School of Architecture and Urban Planning apply to admitted students, even though they may be enrolled in courses in another school or college at UWM.

Pre-Architecture students are not automatically accepted into the Level 2 program.

## Level 2 (Architectural Studies)

Entrance into Level 2 requires the following standards: completion of a minimum of 30 credits (sophomore standing); a cumulative GPA of at least 2.75 in both the overall college record and required Level 1 architecture courses (ARCH 111, ARCH 151, ARCH 112, ARCH 152, or their equivalent). Because enrollment is contingent upon available staffing and facilities, satisfaction of the minimum requirements does not guarantee admission to Level 2. The academic quality of the student's Level 1 studies are carefully reviewed by the School's BSAS Committee. Admission to the University does not guarantee acceptance by the Department of Architecture.

Enrollment priority is given to students with the highest cumulative GPAs for admission into ARCH 211, the first introductory core studio in Level 2.

**Transfer students** applying to Level 2 must demonstrate that they have taken the equivalent of the Level 1 program of study (ARCH 111, ARCH 151, ARCH 112, and ARCH 152).

**Advanced students** transferring from another architectural or related program (design, engineering, landscape architecture) may petition the BSAS Committee for advanced standing. Students must show that prior coursework parallels coursework in the Level 2 program. A minimum of

two semesters of work, consisting of at least 30 credits in total, must be completed in residency for the bachelor's degree.

## BSAS Requirements

The minimum credits needed to graduate from this program is 120. Completion of this degree does not guarantee admission to graduate programs in architecture at UWM.

For the BSAS degree, at least the last 30 credits must be earned in residency at UWM. The minimum cumulative GPA required for all UWM credits and for all architecture credits attempted is 2.5.

Code	Title	Credits
<i>Level 1 Architecture Courses (first year)</i> <sup>1</sup>		
ARCH 111	Design I	3
ARCH 151	History & Theory I	3
ARCH 112	Design II	3
ARCH 152	History & Theory II	3
<i>Competency Requirements</i>		
English:		3-6
Oral and Written Communication Competency - Part A: Complete ENGLISH 102 with a grade of C or higher or place beyond ENGLISH 102 on the English Placement Exam (EPT) or other appropriate test, as determined by the English Department		
Oral and Written Communication Competency - Part B: Complete at least one OWC - B course <sup>3</sup>		
Mathematics:		3-6
Quantitative Literacy Competency - Part A: Placement code of a 40 on the Math Placement Test or other appropriate test, as determined by the Mathematical Sciences Department		
Quantitative Literacy Competency - Part B: Complete at least one QL-B course <sup>3</sup>		
Physics:		
Select a college-level physics course from the following (or higher):		2-4
PHYSICS 100	Quantitative Preparation for Physics	
PHYSICS 107	Physics in Everyday Life	
PHYSICS 120	General Physics I (Non-Calculus Treatment)	
Foreign Language		0-8
Satisfied by one of the following:		
Complete two years of a single foreign language in high school		
Complete two semesters of a single foreign language in college		
Demonstrate ability by examination		
<i>Directed Electives</i> <sup>4,5</sup>		
Arts <sup>2</sup>		3
Humanities		6
Social Sciences <sup>6</sup>		6
Natural Sciences, to include a lab		6
<i>Level 2 Introductory Core Studios (second year)</i>		
ARCH 211	Design III	6
ARCH 212	Design IV	6
<i>Level 2 Core Studios (third year)</i>		
ARCH 311	Design V	6

ARCH 312	Design VI	6
<i>Level 2 Core Lectures</i>		
ARCH 271	Representation I	3
ARCH 272	Representation II	3
ARCH 321	Building Technology I	3
ARCH 352	History & Theory III	3
ARCH 322	Building Technology II	3
ARCH 353	History & Theory IV	3
<i>Level 2 Electives</i>		
Select 24 Arch elective credits at the 300 level or above <sup>7</sup>		24
Select 9 elective credits at the 300 level or above		9
Select additional elective credits from any area and any level as needed <sup>8</sup>		2
<b>Total Credits</b>		<b>120-134</b>

- <sup>1</sup> In addition, the Department occasionally offers a special topics course (ARCH 190) for experimental coursework.
- <sup>2</sup> ARCH 111 will count towards the student's GER Art's distribution requirements.
- <sup>3</sup> See Schedule of Classes (<http://www4.uwm.edu/schedule/>) for this listing.
- <sup>4</sup> One course must satisfy the GER Cultural Diversity Requirement. A list of courses is provided in the online Schedule of Classes each semester under "General Education Requirements". One course must satisfy the Service Learning Requirement. A list of courses is provided in the online Schedule of Classes each semester.
- <sup>5</sup> The Department requires courses outside the department to give students a foundation in the arts, humanities, social sciences, and natural sciences. These courses satisfy the distribution area of the UWM General Education Requirements (p. 30) (GER).
- <sup>6</sup> Students are required to take URBPLAN 140 OR URBPLAN 141 before graduation. Both courses count as GER Social Sciences distribution for the BSAS degree.
- <sup>7</sup> This coursework must be completed in the Department of Architecture. Twelve credits within this requirement must be ARCH 600.
- <sup>8</sup> Additional elective credits required depends on prior coursework. Consult your advisor.

## Plan of Study

The study of architecture at UWM consists of three levels that lead to the accredited professional degree of Master of Architecture. Students can enter the program at various levels depending on their background. Students with previous non-professional baccalaureate degrees should visit the Master of Architecture (M.Arch) (p. 73), Master of Science in Architecture (M.S.) (p. 85), or Master of Urban Planning (MUP) (p. 91) program pages for additional information.

All undergraduate students are required to meet the UWM General Education Requirements.

### Level 1 (Pre-Architecture)

Freshman year should be taken at UWM. If taken at another institution whose credits are accepted for transfer by UWM, the student is expected to achieve equivalent background and skills. Significant differences in courses will require that additional coursework be completed prior to Level 2 admission.

### Level 2 (Architectural Studies)

Sophomore, junior, and senior years, taken in the Department of Architecture. This period provides a general introduction to the problems and techniques of architectural design. Students who are accepted into Level 2 and complete the program receive the Bachelor of Science in Architectural Studies. This is not an accredited professional degree. It can provide, however, a foundation for employment as a non-professional in architecture or in fields related to architecture, construction, design, and planning, or for graduate study in architecture or in other disciplines concerned with the physical environment.

Year 1		
Semester 1		Credits
ARCH 111	Design I	3
ARCH 151	History & Theory I	3
ARCH 140	Introduction to Architectural Careers	1
ENGLISH 102	College Writing and Research	3

ARCH Elective <sup>2</sup>	3
Elective at the 300 level or above	3
Elective at the 300 level or above	3
<b>Credits</b>	<b>15</b>
<b>Total Credits</b>	<b>122-123</b>

<sup>1</sup> Elective studios are a form of creative project-based research.

<sup>2</sup> Elective seminars and workshops are 3-credit classes investigating architectural issues through critical reading, thorough research, student discussions, and scholarly production.

## Honors and High Honors in the Major

Honors in the Major are granted to students who have earned a GPA of 3.500 or above for courses in the major and 3.250 GPA on the last 60 credits taken in residence at UWM (Level 2).

High Honors in the Major are granted to students who have earned a GPA of 3.750 or above for courses in the major and 3.500 GPA on the last 60 credits taken in residence at UWM (Level 2).

Dean's Honors are granted to graduating seniors with the two highest cum GPAs (Level 2).

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Opportunities

The Department of Architecture provides the following opportunities for students and faculty to develop coursework with a special focus.

The **Independent Studies** course (ARCH 392) rewards students with credits for worthwhile activities originated by the students, such as special reading or research programs, community service, or independent design projects. To be eligible, students in the Department of Architecture

must have completed one semester of work and must have a cumulative GPA of at least 3.0 in their work in the Department. Students in other UWM departments must have the permission of their own departments and the Department of Architecture.

The **Directed Research** course (ARCH 391) offers an opportunity for students to participate in current research projects of architecture faculty. Eligibility and approval for registration are at the discretion of the faculty members in charge of the projects.

The **Special Topics** course (ARCH 601) permits individual faculty members to develop special subjects on a one-semester basis. Special Topics courses are announced at registration for the following semester.

The Department has developed a semester-long Study Abroad Program that allows students to combine foreign travel and study under the tutelage of one or more departmental faculty member(s). The location of the program may vary from year to year. Admission to the program is selective, based on the student's previous academic performance.

## Architectural Studies, Minor

The Minor in Architectural Studies is designed for students not enrolled in the Architectural Studies major who are interested in a unique opportunity to stimulate their imagination and learn creative approaches to problem solving. This program will complement their current academic program with an in-depth understanding of architecture. The coursework exposes students to the fundamental principles that integrate design thinking with human behavior. Some students may wish to use the minor as a means of investigating possible graduate studies in architecture and some may wish to develop architectural specialties with other disciplines.

## Requirements

Students who choose the Minor in Architectural Studies must have a declared major in another school or college at UWM and must have a minimum of a 2.5 grade point average.

The minor consists of 18 credits in architecture courses. Nine credits numbered 300 or above must be taken in residence at UWM. All credits in the minor must be completed with an overall grade point average of at least 2.5, and no courses may be taken on a credit/no credit basis.

## Admission to the Minor

Admission to the minor will be processed by the School of Architecture and Urban Planning Student Advising Office (AUP 225). To declare the Architectural Studies minor, students should schedule an appointment with Tammy Taylor, Undergraduate Advisor, (414) 229-4015.

## Course of Study

Students who chose the minor in Architectural Studies must have a declared major in another school or college at a UW-System school and must have a minimum of a 2.5 grade point average. The minor consists of 18 credits in architecture courses. Nine credits numbered 300 or above must be taken at residence at UWM. All credits in the minor must be completed with an overall grade point average of at least a 2.5, and no courses may be taken on a credit no credit basis. Students must comply with the prerequisite requirements of courses to be taken under this program. Some of these requirements may be satisfied while in the program.

## Architecture, BArch

The Bachelor of Architecture (BArch) is a five-year undergraduate professional program that prepares students for a professional architecture career and related design and construction fields.

The primary goal of the BArch program is to introduce students to architecture as both a technical and cultural practice. Students accrue skills in architectural thinking, design, construction, technology, professional practice, visualization, fabrication, prototyping and simulation. The program lays a foundation of unique problem-solving skills empowering students to change the world.

The five-year BArch program is comprised of a four-year core, followed by one year of specialized and individualized study. Over the course of their studies, BArch students enroll in a variety of design studios, lectures, and seminars to accrue skills in architectural making, thinking, design, construction, technology, professional practice, visualization, digital fabrication, prototyping, and simulation. In addition to learning essential analytical and creative problem solving skills through design, students are required to complete courses in architectural technology (structures, construction, and environmental/building technology), behavioral, social, and cultural factors in design, and the role of criticism in contemporary architecture and urbanism. In their fifth year, students select from a wide range of architectural electives and advanced studios, allowing them the opportunity to craft a curriculum based on their areas of interest.

Graduates of the BArch program can go on to complete AXP and ARE requirements to become licensed Architects or continue their studies at the UW-Milwaukee School of Architecture and Urban Planning by applying to the Master of Architecture (M.Arch) (p. 73), Master of Science in Architecture (M.S.) (p. 85), or Master of Urban Planning (MUP) (p. 91) program.

## Admission Standards

### New Freshmen

New freshman admission to the School of Architecture and Urban Planning is based on an overall assessment of both academic and non-academic qualifications. The primary review factors for admission are

the strength and quality of the high school curriculum, high school class percentile, and grade point average. For preferential consideration, applications must be completed no later than March 1 (for summer/fall term) or December 1 (for spring term). Applications not complete by the priority date or not meeting these admission criteria will be considered on a space-available basis.

See general freshman admission requirements (p. 17) of the University for additional information.

Academically qualified international student applicants must have a TOEFL score of at least 79 (iBT) or IELTS score of 6.0, or may be admitted following successful completion of the Intensive English Program at UWM, as demonstrated by an appropriate TOEFL score.

### Transfer Students

Transfer students are admitted on a selective basis. Preference is given to students whose applications are completed, including all required supporting documents, no later than April 1 (for the following summer/fall term) or November 1 (for the following spring term) and who have completed (or will have completed by the anticipated enrollment date) at least 24 degree credits with a cumulative grade point average of at least 2.5 (on a 4.0 scale). In addition, transfer applicants must meet the same high school English and mathematics course requirements as new freshman applicants. International transfer student applicants also must meet the minimum TOEFL requirement.

Students enrolled in other UWM schools or colleges who wish to enter the architecture program will also be considered for admission on the basis of the criteria listed above. Interested students should schedule an appointment with the SARUP Undergraduate Advisor, (414) 229-4015.

### Second Degree Students

Second-degree candidates enrolled in architecture courses are classified as seniors in architecture. They are not subject to the University's General Education Requirements; however, they must complete (or have completed) the Mathematics and Physics Competency Requirements. Admission to the School as a second-degree candidate requires a cumulative grade point average of at least 2.75 (on a 4.0 scale) on the previous undergraduate record. Applications must be completed no later than March 1 (for the summer/fall term) or October 1 (for the spring term). For information on second-degree requirements, students should schedule an appointment with the SARUP Undergraduate Advisor, (414) 229-4015.

## BArch Requirements

The minimum credits needed to graduate from this program is 150. Completion of this degree does not guarantee admission to graduate programs in architecture at UWM.

For the BArch degree, at least the last 30 credits must be earned in residency at UWM. The minimum cumulative GPA required for all UWM credits and for all architecture credits attempted is 2.5.

Code	Title	Credits
<b>General Education Requirements</b>		
<i>Competency Requirements</i>		
English:		3-6

Oral and Written Communication Competency - Part A: Complete ENGLISH 102 with a grade of C or higher or place beyond ENGLISH 102 on the English Placement Exam (EPT) or other appropriate test, as determined by the English Department		
Oral and Written Communication Competency - Part B: Complete at least one OWC - B course <sup>1</sup>		
Mathematics:		3-6
Quantitative Literacy Competency - Part A: Complete MATH 105 with a grade of C or higher or place beyond MATH 105 on the Math Placement Test or other appropriate test, as determined by the Mathematical Sciences Department		
Quantitative Literacy Competency - Part B: Complete at least one QL-B course <sup>1</sup>		
MATH 115	Precalculus (or place beyond)	4
<i>Foreign Language</i>		0-8
Satisfied by one of the following:		
Complete two years of a single foreign language in high school		
Complete two semesters of a single foreign language in college

## Honors and High Honors in the Major

Honors in the Major are granted to students who have earned a GPA of 3.500 or above for courses in the major and 3.250 GPA on the last 60 credits taken in residence at UWM.

High Honors in the Major are granted to students who have earned a GPA of 3.750 or above for courses in the major and 3.500 GPA on the last 60 credits taken in residence at UWM.

Dean's Honors are granted to graduating seniors with the two highest cum GPAs.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Architecture, MArch

The Master of Architecture, the first professional degree offered by the Department of Architecture, is accredited by the National Architectural Accrediting Board (NAAB). The degree program requires two to three years of graduate study, depending on the applicant's previous academic background and qualifications. It offers a wide range of courses, with particular strengths in the areas of architectural design and integrated practice, ecological/sustainable design, digital design and fabrication, preservation, urban design, and design as a response to the physical, cultural, and social environment.

The Master of Architecture curriculum emphasizes design studio courses. Each of these studios is taught by faculty members who also offer courses in selective subjects.

A study abroad program allows students to combine international travel and study under the tutelage of a departmental faculty member for program credit. The location of the program may vary from year to year. Additional costs of travel, lodging, etc., must be borne by the student.

In the United States, most state registration boards require a degree from an accredited professional degree program as a prerequisite for licensure. NAAB, which is the sole agency authorized to accredit U.S. professional degree programs in architecture, recognizes three types of degrees: the Bachelor of Architecture, the Master of Architecture, and the Doctor of Architecture. Accreditation of architectural programs takes place on a cycle that may range from every few years to as many as eight years.

Doctor of Architecture and Master of Architecture degree programs may consist of a pre-professional undergraduate degree and a professional graduate degree that, when earned sequentially, constitute an accredited professional education. However, the pre-professional degree is not, by itself, recognized as an accredited degree.

The University of Wisconsin-Milwaukee, School of Architecture and Urban Planning, Department of Architecture, offers the following NAAB-accredited degree programs:

MArch (pre-professional degree + 60 graduate credits)

MArch (non-pre-professional degree + 90 credits)

#### STEM-DESIGNATED DEGREE PROGRAM

The Master of Architecture is an approved field of study within the U.S. government's official STEM fields list.

## Master of Science in Architecture (MS)

This 30-credit non-professional degree program is appropriate for students who want to develop a personalized and specialized program of architectural studies centered on scholarly studies and research. Graduates will bring specialized knowledge to diverse professional settings that involve collaboration, interaction and communication with other professionals. Students propose their own course of study, to be reviewed and approved by faculty in accordance with the program requirements. Students may use the degree to explore their chosen field of research prior to continuation with PhD studies or, if they are mid-career professionals, may shape or extend their expertise in a particular field relevant to their area of practice.

## PhD Program

The PhD Program in Architecture is a community of scholars, practitioners, activists, and educators who are committed to advancing the discipline and practice of architecture. Situated within a professional school of architecture, the program is both curiosity-driven and action-oriented. The faculty and students at the School of Architecture and Urban Planning seek to advance architectural discourse and knowledge at multiple levels of inquiry. They embrace intellectual inclusiveness and critical examinations of society, culture, ecology and technology, while pursuing questions related to architectural history, theory, and criticism, human experience, social justice, and environmental advocacy.

## MArch/MUP Program

In cooperation with the Department of Urban Planning, the Department of Architecture offers a Master of Architecture/Master of Urban Planning program that prepares students for careers requiring preparation in both fields. Both the MArch and MUP degrees are awarded simultaneously upon completion of this program. For more detailed information on this program see Credits and Courses section below.

## Additional Notes

Individuals seeking to use the School's Shop must first provide evidence of personal accident and health insurance to the Dean's office. Since no accident or health insurance is provided to any user by the University, access to this resource will be prohibited to uninsured individuals.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

## Admission to 1-Year Program

An applicant with an undergraduate major in architecture from UWM or a school with an accredited program in architecture equivalent to the Bachelor of Architecture (BArch) at UWM with 150 credits must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus these Department of Architecture requirements to be considered for admission to the program:

- Undergraduate cumulative grade point average in architectural studies of at least 3.0 (4.0 scale).
- Completion of at least eight undergraduate design studios.
- Three letters of recommendation from three previous faculty and/or members of the profession.
- Portfolio of architectural studies work.
- For international applicants whose first language is not English, a minimum TOEFL score of 100 iBT, or a score of 7.0 on the International English Language Testing System (IELTS) exam is required. Applicants with TOEFL scores from 79-99 iBT, or an IELTS score of 6.5 may be considered for admission with the stipulation that further coursework in English be taken.

## Admission to 2-Year Program

An applicant with an undergraduate major in architecture from UWM or a school with an accredited program in architecture similar to the BS in Architectural Studies at UWM must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus these Department of Architecture requirements to be considered for admission to the program:

- Undergraduate cumulative grade point average in architectural studies of at least 3.0 (4.0 scale).
- Completion of at least five undergraduate design studios.
- Three letters of recommendation from three previous faculty and/or members of the profession.
- Portfolio of architectural studies work.
- For international applicants whose first language is not English, a minimum TOEFL score of 100 iBT, or a score of 7.0 on the International English Language Testing System (IELTS) exam is required. Applicants with TOEFL scores from 79-99 iBT, or an IELTS score of 6.5 may be considered for admission with the stipulation that further coursework in English be taken.

## Admission to 3-Year Program

An applicant with an undergraduate degree in any field other than architecture is normally admitted with two semesters of foundation courses (30 credits) required, must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>), and the following Department of Architecture requirements to be considered for admission to the program:

- Undergraduate cumulative grade point average of at least 3.0 (4.0 scale).
- Three letters of recommendation.
- Portfolio of written and/or visual work.
- For international applicants whose first language is not English, a minimum TOEFL score of 100 iBT, or a score of 7.0 on the International English Language Testing System (IELTS) exam is required. Applicants with TOEFL scores from 79-99 iBT, or an IELTS score of 6.5 may be considered for admission with the stipulation that further coursework in English be taken.

## Admission to MArch/MUP Program

Candidates seeking admission to the MArch/MUP program must apply to and be admitted to both programs. The requirements for admission to the Urban Planning Master's degree program are detailed in the Urban Planning section of this Catalog.

## Credits and Courses

### 1-Year Program

The minimum degree requirement is 30 graduate credits, all of which must be in architecture.

Code	Title	Credits

ARCH 860	Topics in Architectural History & Theory:	3
Select one additional course <sup>2</sup>		
<i>Graduate Electives (M.Arch 3 students must take at least 6 credits in architecture)</i>		
<i>Capstone Requirement</i>		
A 500-level or higher architecture elective		3
ARCH 800	Design Elective:	6
or ARCH 812	Graduate Design III:	
<b>Total Credits</b>		<b>60</b>

<sup>1</sup> A minimum grade of "B" (3.00) is required in each design studio.

<sup>2</sup> For list of qualifying courses, contact Student Advising Office, AUP 225 (414-229-4015), sarup-grad@uwm.edu. Students who have completed any of the required courses or their equivalents as undergraduates may substitute architectural electives.

### 3-Year Program

Consult the Student Advising Office for sequencing of courses, (414) 229-4015.

An applicant with an undergraduate degree in a field other than architecture is normally admitted with 30 credits of foundation courses required.

The first-year requirements totaling 30 credits are as follows:

Code	Title	Credits
<i>Foundation Courses</i>		
ARCH 321	Building Technology I	3
ARCH 322	Building Technology II	3

ARCH 351	Survey of Architectural History & Theory	3
ARCH 352	History & Theory III	3
ARCH 711	Graduate Design I	6
ARCH 712	Graduate Design II	6
ARCH 771	Representation I	3
ARCH 772	Representation II	3
<b>Total Credits</b>		<b>30</b>

Some of these requirements may be waived by the M.Arch Committee upon an applicant's acceptance to the program or upon appeal, based on equivalent work. The requirements in the remaining two years include 60 graduate credits, 54 of which must be in architecture.

## Additional Requirements

### Major Professor as Advisor

The student must have a professor to advise and supervise the student's studies as specified in Graduate School regulations.

## Architecture, MArch/Urban Planning, MUP

Joint program candidates must complete all of the requirements of the MArch (p. 73) degree and the requirements stipulated by the Department of Urban Planning. The Urban Planning Master's program (<https://catalog.uwm.edu/arts-architecture//architecture-urban-planning/urban-planning/urban-planning-mup/>) is detailed in the Urban Planning section of this Catalog.

## Requirements

### Admission Requirements

#### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Credits and Courses

Students in the M.Arch/MUP program are required to complete a total of 84 credits: 36 credits in urban planning, 42 credits in architecture, and 6 credits of graduate electives from any area.

Code	Title	Credits
<b>Urban Planning Requirements</b>		
URBPLAN 701	Introduction to Land Use Planning	1
URBPLAN 702	Introduction to Planning Law	2
URBPLAN 711	Planning Theories and Practice	3
URBPLAN 720	Urban Development Theory and Planning	3
URBPLAN 721	Applied Planning Methods	3
URBPLAN 740	Data Analysis Methods I	3
URBPLAN 810	Planning Policy Analysis	6
URBPLAN 811	Applied Planning Workshop	3
URBPLAN 751	Introduction to Urban Design and Physical Planning	3

URBPLAN 857	Urban Design as Public Policy	3
URBPLAN 858	Studio in Urban Design and Physical Planning	6

### Architecture Requirements<sup>1</sup>

#### Design<sup>2</sup>

ARCH 812	Graduate Design III:	6
ARCH 800	Design Elective:	6
URBPLAN 858	Studio in Urban Design and Physical Planning <sup>3</sup>	

#### Practice

ARCH 743	Professional Practice III	3
URBPLAN 857	Urban Design as Public Policy <sup>3</sup>	

#### Technology

ARCH 821	Building Technology III	3
ARCH 822	Building Technology IV	3
ARCH 823	Building Technology V	3

#### Theory

ARCH 860	Topics in Architectural History & Theory:	3
URBPLAN 751	Introduction to Urban Design and Physical Planning <sup>3</sup>	

#### Graduate Electives 12

At least 6 credits taken in architecture

#### Capstone Requirement

A 500-level or higher architecture elective	3	
ARCH 800	Design Elective:	6
or ARCH 812	Graduate Design III:	

#### Total Credits 84

<sup>1</sup> Students who have completed any of the required architecture courses or their equivalents as undergraduates may substitute architecture electives.

<sup>2</sup> A minimum grade of "B" (3.00) is required in each design studio.

<sup>3</sup> Course satisfies Architecture Requirements; credits counted in Urban Planning Requirements.

### M.Arch/MUP Program Candidates

Coordinated degree program candidates must complete all of the requirements of the M.Arch degree and the requirements stipulated by the Department of Urban Planning. The Urban Planning Master's program is detailed in the Urban Planning section of this Catalog.

## Additional Requirements

### Capstone Requirement

The student in the M.Arch/MUP program must complete the Architecture Capstone Requirement, and must also take and pass the comprehensive exam in Urban Planning.

### Time Limit

The student must complete all degree requirements within seven years of initial enrollment.

## Architecture, MArch: Ecological Design

The Master of Architecture, the first professional degree offered by the Department of Architecture, is accredited by the National Architectural Accrediting Board (NAAB). The degree program requires two to three years of graduate study, depending on the applicant's previous academic background and qualifications. It offers a wide range of courses, with particular strengths in the areas of architectural design and integrated practice, ecological/sustainable design, digital design and fabrication, preservation, urban design, and design as a response to the physical, cultural, and social environment.

The Master of Architecture curriculum emphasizes design studio courses. Each of these studios is taught by faculty members who also offer courses in selective subjects.

A study abroad program allows students to combine international travel and study under the tutelage of a departmental faculty member for program credit. The location of the program may vary from year to year. Additional costs of travel, lodging, etc., must be borne by the student.

In the United States, most state registration boards require a degree from an accredited professional degree program as a prerequisite for licensure. NAAB, which is the sole agency authorized to accredit U.S. professional degree programs in architecture, recognizes three types of degrees: the Bachelor of Architecture, the Master of Architecture, and the Doctor of Architecture. Accreditation of architectural programs takes place on a cycle that may range from every few years to as many as eight years.

Doctor of Architecture and Master of Architecture degree programs may consist of a pre-professional undergraduate degree and a professional graduate degree that, when earned sequentially, constitute an accredited professional education. However, the pre-professional degree is not, by itself, recognized as an accredited degree.

The University of Wisconsin-Milwaukee, School of Architecture and Urban Planning, Department of Architecture, offers the following NAAB-accredited degree programs:

MArch (pre-professional degree + 60 graduate credits)  
MArch (non-pre-professional degree + 90 credits)

### STEM-DESIGNATED DEGREE PROGRAM

The Master of Architecture is an approved field of study within the U.S. government's official STEM fields list.

## Master of Science in Architecture (MS)

This 30-credit non-professional degree program is appropriate for students who want to develop a personalized and specialized program of architectural studies centered on scholarly studies and research. Graduates will bring specialized knowledge to diverse professional settings that involve collaboration, interaction and communication with other professionals. Students propose their own course of study, to be reviewed and approved by faculty in accordance with the program requirements. Students may use the degree to explore their chosen field of research prior to continuation with PhD studies or, if they are mid-career professionals, may shape or extend their expertise in a particular field relevant to their area of practice.

## PhD Program

The PhD Program in Architecture is a community of scholars, practitioners, activists, and educators who are committed to advancing the discipline and practice of architecture. Situated within a professional school of architecture, the program is both curiosity-driven and action-oriented. The faculty and students at the School of Architecture and Urban Planning seek to advance architectural discourse and knowledge at multiple levels of inquiry. They embrace intellectual inclusiveness and critical examinations of society, culture, ecology and technology, while pursuing questions related to architectural history, theory, and criticism, human experience, social justice, and environmental advocacy.

## MArch/MUP Program

In cooperation with the Department of Urban Planning, the Department of Architecture offers a Master of Architecture/Master of Urban Planning program that prepares students for careers requiring preparation in both fields. Both the MArch and MUP degrees are awarded simultaneously upon completion of this program. For more detailed information on this program see Credits and Courses section below.

## Additional Notes

Individuals seeking to use the School's Shop must first provide evidence of personal accident and health insurance to the Dean's office. Since no accident or health insurance is provided to any user by the University, access to this resource will be prohibited to uninsured individuals.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission to 1-Year Program

An applicant with an undergraduate major in architecture from UWM or a school with an accredited program in architecture equivalent to the Bachelor of Architecture (BArch) at UWM with 150 credits must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus these Department of Architecture requirements to be considered for admission to the program:

- Undergraduate cumulative grade point average in architectural studies of at least 3.0 (4.0 scale).
- Completion of at least eight undergraduate design studios.
- Three letters of recommendation from three previous faculty and/or members of the profession.
- Portfolio of architectural studies work.
- For international applicants whose first language is not English, a minimum TOEFL score of 100 iBT, or a score of 7.0 on the International English Language Testing System (IELTS) exam is required. Applicants with TOEFL scores from 79-99 iBT, or an IELTS score of 6.5 may be considered for admission with the stipulation that further coursework in English be taken.

### Admission to 2-Year Program

An applicant with an undergraduate major in architecture from UWM or a school with an accredited program in architecture similar to the BS in Architectural Studies at UWM must meet Graduate School requirements

(<http://uwm.edu/graduateschool/admission/>) plus these Department of Architecture requirements to be considered for admission to the program:

- Undergraduate cumulative grade point average in architectural studies of at least 3.0 (4.0 scale).
- Completion of at least five undergraduate design studios.
- Three letters of recommendation from three previous faculty and/or members of the profession.
- Portfolio of architectural studies work.
- For international applicants whose first language is not English, a minimum TOEFL score of 100 iBT, or a score of 7.0 on the International English Language Testing System (IELTS) exam is required. Applicants with TOEFL scores from 79-99 iBT, or an IELTS score of 6.5 may be considered for admission with the stipulation that further coursework in English be taken.

### Admission to 3-Year Program

An applicant with an undergraduate degree in any field other than architecture is normally admitted with two semesters of foundation courses (30 credits) required, must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>), and the following Department of Architecture requirements to be considered for admission to the program:

- Undergraduate cumulative grade point average of at least 3.0 (4.0 scale).
- Three letters of recommendation.
- Portfolio of written and/or visual work.
- For international applicants whose first language is not English, a minimum TOEFL score of 100 iBT, or a score of 7.0 on the International English Language Testing System (IELTS) exam is required. Applicants with TOEFL scores from 79-99 iBT, or an IELTS score of 6.5 may be considered for admission with the stipulation that further coursework in English be taken.

### Admission to MArch/MUP Program

Candidates seeking admission to the MArch/MUP program must apply to and be admitted to both programs. The requirements for admission to the Urban Planning Master's degree program are detailed in the Urban Planning section of this Catalog.

## Credits and Courses

### 1-Year Program

The minimum degree requirement is 30 graduate credits, all of which must be in architecture.

Code	Title	Credits
<i>Design</i> <sup>1</sup>		
ARCH 800	Design Elective:	6
ARCH 800	Design Elective:	6
<i>Professional Practice</i> <sup>2</sup>		
ARCH 718	Topics in Professional Practice	3
<i>History/Theory: Select one course from the following list:</i>		
ARCH 860	Topics in Architectural History & Theory:	3
ARCH 534G	Field Study:	3
<i>Electives: Complete 12 cr of electives in Arch 500-level or above from the following list:</i> <sup>3,4</sup>		12

ARCH 521G	Environmental Systems: Resources-Fluid Distribution Systems
ARCH 522G	Environmental Systems: Lighting and Acoustical Design
ARCH 550G	Seminar in Building Types and Settings
ARCH 560G	Introduction to Historic Preservation
ARCH 561G	Measured Drawing for Architects
ARCH 562G	Preservation Technology Laboratory
ARCH 580G	Graphic Techniques for Architects

ARCH 800	Design Elective:	6
or ARCH 812	Graduate Design III:	
<b>Total Credits</b>		<b>60</b>

<sup>1</sup> A minimum grade of "B" (3.00) is required in each design studio.  
<sup>2</sup> For list of qualifying courses, contact Student Advising Office, AUP 225 (414-229-4015), sarup-grad@uwm.edu. Students who have completed any of the required courses or their equivalents as undergraduates may substitute architectural electives.

### 3-Year Program

Consult the Student Advising Office for sequencing of courses, (414) 229-4015.

An applicant with an undergraduate degree in a field other than architecture is normally admitted with 30 credits of foundation courses required.

The first-year requirements totaling 30 credits are as follows:

Code	Title	Credits
<i>Foundation Courses</i>		
ARCH 321	Building Technology I	3
ARCH 322	Building Technology II	3
ARCH 351	Survey of Architectural History & Theory	3
ARCH 352	History & Theory III	3
ARCH 711	Graduate Design I	6
ARCH 712	Graduate Design II	6
ARCH 771	Representation I	3
ARCH 772	Representation II	3
<b>Total Credits</b>		<b>30</b>

Some of these requirements may be waived by the M.Arch Committee upon an applicant's acceptance to the program or upon appeal, based on equivalent work. The requirements in the remaining two years include 60 graduate credits, 54 of which must be in architecture.

### Transcript-Designated Concentration in Ecological Design

Students wishing to pursue this concentration must be enrolled in the Master of Architecture program and complete a minimum of 21 credits from the following groups of courses:

Code	Title	Credits
<b>Ecological Design Required Core</b>		
ARCH 723	Fundamentals of Ecological Architecture	3
<b>Ecological Design Electives<sup>1</sup></b>		<b>9</b>

At least 3 credits taken outside architecture		
<b>Capstone Requirement<sup>2</sup></b>		
500-level or higher architecture elective <sup>1</sup>		3
Select one of the following:		6
ARCH 800	Design Elective:	
ARCH 812	Graduate Design III:	
ARCH 891	Master's Project	
<b>Total Credits</b>		<b>21</b>

<sup>1</sup> For list of qualifying courses, contact Student Advising Office, AUP 225 (414-229-4015), sarup-grad@uwm.edu.  
<sup>2</sup> Ecological design focus.

## Additional Requirements

### Major Professor as Advisor

The student must have a professor to advise and supervise the student's studies as specified in Graduate School regulations.

## Architecture, MArch: Preservation Studies

The Master of Architecture, the first professional degree offered by the Department of Architecture, is accredited by the National Architectural Accrediting Board (NAAB). The degree program requires two to three years of graduate study, depending on the applicant's previous academic background and qualifications. It offers a wide range of courses, with particular strengths in the areas of architectural design and integrated practice, ecological/sustainable design, digital design and fabrication, preservation, urban design, and design as a response to the physical, cultural, and social environment.

The Master of Architecture curriculum emphasizes design studio courses. Each of these studios is taught by faculty members who also offer courses in selective subjects.

A study abroad program allows students to combine international travel and study under the tutelage of a departmental faculty member for program credit. The location of the program may vary from year to year. Additional costs of travel, lodging, etc., must be borne by the student.

In the United States, most state registration boards require a degree from an accredited professional degree program as a prerequisite for licensure. NAAB, which is the sole agency authorized to accredit U.S. professional degree programs in architecture, recognizes three types of degrees: the Bachelor of Architecture, the Master of Architecture, and the Doctor of Architecture. Accreditation of architectural programs takes place on a cycle that may range from every few years to as many as eight years.

Doctor of Architecture and Master of Architecture degree programs may consist of a pre-professional undergraduate degree and a professional graduate degree that, when earned sequentially, constitute an accredited professional education. However, the pre-professional degree is not, by itself, recognized as an accredited degree.

The University of Wisconsin-Milwaukee, School of Architecture and Urban Planning, Department of Architecture, offers the following NAAB-accredited degree programs:

MArch (pre-professional degree + 60 graduate credits)

MArch (non-pre-professional degree + 90 credits)

#### STEM-DESIGNATED DEGREE PROGRAM

The Master of Architecture is an approved field of study within the U.S. government's official STEM fields list.

## Master of Science in Architecture (MS)

This 30-credit non-professional degree program is appropriate for students who want to develop a personalized and specialized program of architectural studies centered on scholarly studies and research. Graduates will bring specialized knowledge to diverse professional settings that involve collaboration, interaction and communication with other professionals. Students propose their own course of study, to be reviewed and approved by faculty in accordance with the program requirements. Students may use the degree to explore their chosen field of research prior to continuation with PhD studies or, if they are mid-career professionals, may shape or extend their expertise in a particular field relevant to their area of practice.

## PhD Program

The PhD Program in Architecture is a community of scholars, practitioners, activists, and educators who are committed to advancing the discipline and practice of architecture. Situated within a professional school of architecture, the program is both curiosity-driven and action-oriented. <sup>1</sup> Preservation focus.

<sup>2</sup> For list of qualifying courses, contact Student Advising Office, AUP 225 (414-229-4015), sarup-grad@uwm.edu.

## Additional Requirements

### Major Professor as Advisor

The student must have a professor to advise and supervise the student's studies as specified in Graduate School regulations.

## Architecture, MArch: Real Estate Development

The Master of Architecture, the first professional degree offered by the Department of Architecture, is accredited by the National Architectural Accrediting Board (NAAB). The degree program requires two to three years of graduate study, depending on the applicant's previous academic background and qualifications. It offers a wide range of courses, with particular strengths in the areas of architectural design and integrated practice, ecological/sustainable design, digital design and fabrication, preservation, urban design, and design as a response to the physical, cultural, and social environment.

The Master of Architecture curriculum emphasizes design studio courses. Each of these studios is taught by faculty members who also offer courses in selective subjects.

A study abroad program allows students to combine international travel and study under the tutelage of a departmental faculty member for

program credit. The location of the program may vary from year to year. Additional costs of travel, lodging, etc., must be borne by the student.

In the United States, most state registration boards require a degree from an accredited professional degree program as a prerequisite for licensure. NAAB, which is the sole agency authorized to accredit U.S. professional degree programs in architecture, recognizes three types of degrees: the Bachelor of Architecture, the Master of Architecture, and the Doctor of Architecture. Accreditation of architectural programs takes place on a cycle that may range from every few years to as many as eight years.

Doctor of Architecture and Master of Architecture degree programs may consist of a pre-professional undergraduate degree and a professional graduate degree that, when earned sequentially, constitute an accredited professional education. However, the pre-professional degree is not, by itself, recognized as an accredited degree.

The University of Wisconsin-Milwaukee, School of Architecture and Urban Planning, Department of Architecture, offers the following NAAB-accredited degree programs:

MArch (pre-professional degree + 60 graduate credits)  
MArch (non-pre-professional degree + 90 credits)

### STEM-DESIGNATED DEGREE PROGRAM

The Master of Architecture is an approved field of study within the U.S. government's official STEM fields list.

## Master of Science in Architecture (MS)

This 30-credit non-professional degree program is appropriate for students who want to develop a personalized and specialized program of architectural studies centered on scholarly studies and research. Graduates will bring specialized knowledge to diverse professional settings that involve collaboration, interaction and communication with other professionals. Students propose their own course of study, to be reviewed and approved by faculty in accordance with the program requirements. Students may use the degree to explore their chosen field of research prior to continuation with PhD studies or, if they are mid-career professionals, may shape or extend their expertise in a particular field relevant to their area of practice.

## PhD Program

The PhD Program in Architecture is a community of scholars, practitioners, activists, and educators who are committed to advancing the discipline and practice of architecture. Situated within a professional school of architecture, the program is both curiosity-driven and action-oriented. The faculty and students at the School of Architecture and Urban Planning seek to advance architectural discourse and knowledge at multiple levels of inquiry. They embrace intellectual inclusiveness and critical examinations of society, culture, ecology and technology, while pursuing questions related to architectural history, theory, and criticism, human experience, social justice, and environmental advocacy.

## MArch/MUP Program

In cooperation with the Department of Urban Planning, the Department of Architecture offers a Master of Architecture/Master of Urban Planning program that prepares students for careers requiring preparation in both fields. Both the MArch and MUP degrees are awarded simultaneously upon completion of this program. For more detailed information on this program see Credits and Courses section below.

## Additional Notes

Individuals seeking to use the School's Shop must first provide evidence of personal accident and health insurance to the Dean's office. Since no accident or health insurance is provided to any user by the University, access to this resource will be prohibited to uninsured individuals.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission to 1-Year Program

An applicant with an undergraduate major in architecture from UWM or a school with an accredited program in architecture equivalent to the Bachelor of Architecture (BArch) at UWM with 150 credits must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus these Department of Architecture requirements to be considered for admission to the program:

- Undergraduate cumulative grade point average in architectural studies of at least 3.0 (4.0 scale).
- Completion of at least eight undergraduate design studios.
- Three letters of recommendation from three previous faculty and/or members of the profession.
- Portfolio of architectural studies work.
- For international applicants whose first language is not English, a minimum TOEFL score of 100 iBT, or a score of 7.0 on the International English Language Testing System (IELTS) exam is required. Applicants with TOEFL scores from 79-99 iBT, or an IELTS score of 6.5 may be considered for admission with the stipulation that further coursework in English be taken.

### Admission to 2-Year Program

An applicant with an undergraduate major in architecture from UWM or a school with an accredited program in architecture similar to the BS in Architectural Studies at UWM must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus these Department of Architecture requirements to be considered for admission to the program:

- Undergraduate cumulative grade point average in architectural studies of at least 3.0 (4.0 scale).
- Completion of at least five undergraduate design studios.
- Three letters of recommendation from three previous faculty and/or members of the profession.
- Portfolio of architectural studies work.
- For international applicants whose first language is not English, a minimum TOEFL score of 100 iBT, or a score of 7.0 on the International English Language Testing System (IELTS) exam is required. Applicants with TOEFL scores from 79-99 iBT, or an IELTS score of 6.5 may be considered for admission with the stipulation that further coursework in English be taken.

### Admission to 3-Year Program

An applicant with an undergraduate degree in any field other than architecture is normally admitted with two semesters of foundation courses (30 credits) required, must meet Graduate School requirements

(<http://uwm.edu/graduateschool/admission/>), and the following Department of Architecture requirements to be considered for admission to the program:

- Undergraduate cumulative grade point average of at least 3.0 (4.0 scale).
- Three letters of recommendation.
- Portfolio of written and/or visual work.
- For international applicants whose first language is not English, a minimum TOEFL score of 100 iBT, or a score of 7.0 on the International English Language Testing System (IELTS) exam is required. Applicants with TOEFL scores from 79-99 iBT, or an IELTS score of 6.5 may be considered for admission with the stipulation that further coursework in English be taken.

### Admission to MArch/MUP Program

Candidates seeking admission to the MArch/MUP program must apply to and be admitted to both programs. The requirements for admission to the Urban Planning Master's degree program are detailed in the Urban Planning section of this Catalog.

## Credits and Courses

### 1-Year Program

The minimum degree requirement is 30 graduate credits, all of which must be in architecture.

Code	Title	Credits
<i>Design</i> <sup>1</sup>		
ARCH 800	Design Elective:	6
ARCH 800	Design Elective:	6
<i>Professional Practice</i> <sup>2</sup>		
ARCH 718	Topics in Professional Practice	3
<i>History/Theory: Select one course from the following list:</i>		
ARCH 860	Topics in Architectural History & Theory:	3
ARCH 534G	Field Study:	
<i>Electives: Complete 12 cr of electives in Arch 500-level or above from the following list:</i> <sup>3,4</sup>		12
ARCH 521G	Environmental Systems: Resources-Fluid Distribution Systems	
ARCH 522G	Environmental Systems: Lighting and Acoustical Design	
ARCH 550G	Seminar in Building Types and Settings	
ARCH 560G	Introduction to Historic Preservation	
ARCH 561G	Measured Drawing for Architects	
ARCH 562G	Preservation Technology Laboratory	
ARCH 580G	Graphic Techniques for Architects	
ARCH 583G	Emerging Digital Technology:	
ARCH 584G	Urban Landscape Architecture	
ARCH 716	Art of Detailing	
ARCH 723	Fundamentals of Ecological Architecture	
ARCH 741	Professional Practice I	
ARCH 743	Professional Practice III	
ARCH 749	Urban Design as Public Policy	
ARCH 760	History of Building Technology	

ARCH 780	The Built Environment and Real Estate Development	
ARCH 788	Green Building Seminar	
ARCH 791	Master's Level Directed Research	
ARCH 801	Special Topics:	
ARCH 821	Building Technology III	
ARCH 822	Building Technology IV	
ARCH 823	Building Technology V	
ARCH 985	Advanced Research Methods in Architecture	
<b>Total Credits</b>		<b>30</b>

<sup>1</sup> A minimum grade of "B" (3.00) is required in each design studio.

<sup>2</sup> If there are too few MArch I students to offer this course, students can take an additional 500-level or above Architecture elective course instead.

<sup>3</sup> Students may not retake for credit any course already completed in the UWM Bachelor of Architecture Program.

<sup>4</sup> When choosing electives students must remember that at least half of the credits need to be numbered 700 and above.

## 2-Year Program

The minimum degree requirement is 60 graduate credits, 48 of which must be in architecture.

Code	Title	Credits
<i>Design</i> <sup>1</sup>		
ARCH 812	Graduate Design III:	6
ARCH 800	Design Elective:	6
ARCH 800	Design Elective:	6
<i>Practice</i>		
ARCH 743	Professional Practice III	3
Select one additional course <sup>2</sup>		3
<i>Technology</i>		
ARCH 821	Building Technology III	3
ARCH 822	Building Technology IV	3
ARCH 823	Building Technology V	3
<i>Theory</i>		
ARCH 860	Topics in Architectural History & Theory:	3
Select one additional course <sup>2</sup>		3
<i>Graduate Electives (M.Arch 3 students must take at least 6 credits in architecture)</i>		
<i>Capstone Requirement</i>		
A 500-level or higher architecture elective		3
ARCH 800	Design Elective:	6
or ARCH 812	Graduate Design III:	
<b>Total Credits</b>		<b>60</b>

<sup>1</sup> A minimum grade of "B" (3.00) is required in each design studio.

<sup>2</sup> For list of qualifying courses, contact Student Advising Office, AUP 225 (414-229-4015), sarup-grad@uwm.edu. Students who have completed any of the required courses or their equivalents as undergraduates may substitute architectural electives.

## 3-Year Program

Consult the Student Advising Office for sequencing of courses, (414) 229-4015.

An applicant with an undergraduate degree in a field other than architecture is normally admitted with 30 credits of foundation courses required.

The first-year requirements totaling 30 credits are as follows:

Code	Title	Credits
<i>Foundation Courses</i>		
ARCH 321	Building Technology I	3
ARCH 322	Building Technology II	3
ARCH 351	Survey of Architectural History & Theory	3
ARCH 352	History & Theory III	3
ARCH 711	Graduate Design I	6
ARCH 712	Graduate Design II	6
ARCH 771	Representation I	3
ARCH 772	Representation II	3
<b>Total Credits</b>		<b>30</b>

Some of these requirements may be waived by the M.Arch Committee upon an applicant's acceptance to the program or upon appeal, based on equivalent work. The requirements in the remaining two years include 60 graduate credits, 54 of which must be in architecture.

## Transcript-Designated Concentration in Real Estate Development

Students wishing to pursue this concentration must be enrolled in the Master of Architecture program and complete a minimum of 21 credits from the following groups of courses:

Code	Title	Credits
<b>Real Estate Required Core</b>		
ARCH 780	The Built Environment and Real Estate Development	3
BUS ADM 481	Real Estate Finance & Asset Management	3
or BUS ADM 483	Property Development and Management	
<b>Real Estate Electives</b> <sup>1</sup>		<b>6</b>
<b>Capstone Requirement</b> <sup>2</sup>		
500-level or higher architecture elective		3
Select one of the following:		6
ARCH 800	Design Elective:	
ARCH 812	Graduate Design III:	
ARCH 891	Master's Project	
<b>Total Credits</b>		<b>21</b>

<sup>1</sup> For list of qualifying courses, contact Student Advising Office, AUP 225 (414-229-4015), sarup-grad@uwm.edu.

<sup>2</sup> Real estate focus.

## Additional Requirements

### Major Professor as Advisor

The student must have a professor to advise and supervise the student's studies as specified in Graduate School regulations.

## Architecture, MS

This 30-credit non-professional degree program is appropriate for students who want to develop a personalized and specialized program of architectural studies centered on scholarly studies and research. Graduates will bring specialized knowledge to diverse professional settings that involve collaboration, interaction and communication with other professionals. Students propose their own course of study, to be reviewed and approved by faculty in accordance with the program requirements. Students may use the degree to explore their chosen field of research prior to continuation with PhD studies or, if they are mid-career professionals, may shape or extend their expertise in a particular field relevant to their area of practice.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

As an applicant, you must meet Graduate School requirements plus these Department of Architecture requirements to be eligible for consideration for admission to the program:

1. Undergraduate cumulative grade point average of at least 3.0 (4.0 scale).
2. Three letters of recommendation from people familiar with your academic and/or professional work.
3. Resume, Curriculum Vitae, or Biographical Statement.
4. Portfolio/Work Samples (examples of professional work, design work, research, teaching, and/or other work relevant to advanced research).
5. For international applicants whose first language is not English, a minimum TOEFL score of 100 iBT, or a score of 7.0 on the International English Language Testing System (IELTS) exam is required. Applicants with TOEFL scores from 79-99 iBT, or an IELTS score of 6.5 may be considered for admission with the stipulation that further coursework in English be taken.

*In addition*, the Reasons Statement submitted to the Graduate School must also incorporate the following information:

1. Your proposed area of investigation.
2. A clear description of your intentions.
3. Why you believe the program is appropriate for your course of study.
4. How your proposed area of study fits with faculty interest areas.

## Credits and Courses

The minimum degree requirement is 30 graduate credits, of which 24 credits must be coursework in Architecture taken at the 500-level or above. Of the total 30 credits, each student is required to satisfy each of the four content areas below.

### Content Areas

Code	Title	Credits
<b>Research Methods and Techniques</b>		<b>6</b>
Select at least 6 credits of approved courses regarding research methods and techniques		
<b>Applied Practice</b>		<b>6</b>
Select at least 6 credits related directly to the application of the student's area of specialization to practical applications in architecture and/or related disciplines		
<b>Independent Work</b>		<b>3-6</b>
Select 3-6 credits from one or both of the following related to the student's area of specialization:		
ARCH 791	Master's Level Directed Research	
ARCH 792	Master's Level Independent Studies and Research	
<b>Related Elective(s)</b>		<b>3-6</b>
3-6 credits of electives related to the student's area of specialization		
<b>Pre-Thesis or Master's Project Research</b>		<b>3</b>
ARCH 794	Pre-Thesis or Master's Project Research	3
<b>Master's Thesis or Master's Project</b>		<b>6</b>
ARCH 890	Master's Thesis	
or ARCH 891	Master's Project	
<b>Total Credits</b>		<b>30-36</b>

Course requirements vary substantially depending upon the student's individualized program of study, which is developed in consultation and agreement with the student's faculty advisor.

## Additional Requirements

### Major Professor as Advisor

Upon admission, each student is assigned a faculty advisor to advise and supervise the student's studies.

### Master's Thesis or Project

The student must submit an acceptable master's thesis or master's project and orally defend it.

### Time Limit

The student must complete all degree requirements within five years of initial enrollment.

## Architecture, PhD

The Department offers a program of advanced study and research leading to the PhD degree in Architecture. For over 35 years, the PhD Program in Architecture has been a mainstay of the University of Wisconsin-Milwaukee's reputation as a leader in architectural research and education. The PhD Program in Architecture is a community of scholars, practitioners, activists, and educators who are committed to advancing the discipline and practice of architecture. Situated within a professional school of architecture, the program is both curiosity-driven and action-oriented. The faculty and students at the School of Architecture and Urban Planning seek to advance architectural discourse and knowledge at multiple levels of inquiry. They embrace intellectual inclusiveness and critical examinations of society, culture, ecology and technology, while pursuing questions related to architectural history,

theory, and criticism, human experience, social justice, and environmental advocacy.

The PhD is a research degree that requires general proficiency in one's field, distinctive accomplishment in a specialized area of expertise, and the conduct of significant independent research. Thus, the PhD Program is appropriate for persons who wish to pursue research from a multi-disciplinary perspective and who seek careers in research, consulting, government, and/or teaching in architecture and the design profession.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

The PhD program seeks to maintain a rich and diverse mix of students and thus encourages applicants with backgrounds in architecture, allied design fields, and/or the social and behavioral sciences. Likewise, the program is open to applicants holding undergraduate as well as graduate degrees. It is most important that applicants have a strong commitment to the conduct of advanced architectural research.

As an applicant, you must meet Graduate School requirements plus these Department of Architecture requirements to be eligible for consideration for admission to the program:

1. Undergraduate or graduate cumulative grade point average of at least 3.0 (4.0 scale).
2. Three letters of recommendation from persons in a position to assess your potential for advanced graduate research leading to a PhD.
3. Submission of test results from the General Test portion of the Graduate Record Examination. (<http://uwm.edu/graduateschool/admission/#gre>)
4. Resume, Curriculum Vitae, or Biographical Statement (1-2 pages total including your educational background, work/research experience, publications/projects completed and any recognitions/awards received).
5. Reasons Statement (2-3 page statement that includes your long-term goals, a summary of relevant work completed to date, your research interests, and your likely area of specialization within the doctoral program. Specifically address how your proposed program of study fits with the interests of program faculty).
6. For international applicants whose first language is not English, a minimum TOEFL score of 100 iBT, or a score of 7.0 on the International English Language Testing System (IELTS) exam is required. Applicants with TOEFL scores from 79-99 iBT or an IELTS score of 6.5 will be considered for admission only with the stipulation that further coursework in English be taken.

### Reapplication

A student who has received a master's degree in Architecture or in Urban Planning from the University of Wisconsin-Milwaukee must formally reapply for admission to the Graduate School before continuing studies toward the PhD degree.

## Credits and Courses

The Ph.D. Program requires a minimum of 54 credits beyond the baccalaureate degree. It is a research degree structured around a series of related, typically sequential (but occasionally overlapping) requirements as follows:

1. Complete a minimum of one year of core courses in the area of concentration, and the minimum residence requirement of 27 graduate credits subsequent to attaining full doctoral status, and 54 credits beyond the baccalaureate degree.
2. Develop a program of study.
3. Undertake courses in the core, area of concentration, and major and minor fields of study. Course requirements vary substantially depending upon the student's program of study, developed in consultation with, and in agreement with, the student's major professor.
4. Conduct an intermediate research project.
5. Complete the doctoral preliminary examinations leading to advancement to candidacy with dissertator status.
6. Design, conduct and defend an original dissertation that makes an original contribution to the scholarship of the field.

Depending on background preparation and amount of time spent in full-time residency, students should be able to complete the degree in approximately four to six years. Individual timetables will vary depending upon background preparation and time spent in full-time residency.

## Additional Requirements

### Major Professor as Advisor

Upon admission, each student is assigned a faculty advisor. During the first semester, each student is expected to meet with their faculty advisor to develop a program of study. In general, the program of study consists of the proposed major field of study within the area of concentration, minor field(s) of study, and a brief description of coursework to be completed. Each student selects Major and Minor Professors to advise and supervise coursework and independent readings in preparation for the doctoral preliminary examination and completion of minor requirements. Upon admission to candidacy, each student defines a dissertation topic and selects a Major Professor as Dissertation Chair. Selection of the area of specialization and dissertation topic and of the Major and Minor Professors and Dissertation Chair is subject to approval by the PhD Program Committee.

### Foreign Language Requirement

A foreign language requirement is optional, depending upon the recommendation of the student's Major Professor and the PhD Program Committee.

### Residence

The student must meet minimum Graduate School residence requirements.

### Doctoral Preliminary Examinations

The student must pass doctoral preliminary examinations ("prelims") to qualify for formal admission to candidacy for the degree. The Graduate School requires that you pass your prelims within five years of initial enrollment in your doctoral program.

The prelims have three written components and one oral review. The three written portions include questions on:

1. Theory.
2. Methods.
3. Substantive area(s) of specialization and the minor field of study.

### Candidacy

The student is officially admitted to candidacy for the PhD degree after completing the residence requirement, core courses and intermediate research project, completing the courses in the area of specialization and minor field, and passing the doctoral preliminary examinations (and language examination, if required).

### Dissertation

The candidate must design, conduct, and write a research dissertation which demonstrates ability to formulate a research topic and pursue independent and original research that makes a contribution to the field. Selection of the dissertation topic, Dissertation Chair, and Dissertation Committee is subject to approval of the PhD Program Committee.

### Dissertation Defense

The candidate must, as the final step toward the degree, pass an oral examination in defense of the dissertation. For more information on the dissertation defense, contact the graduate advisor in the School of Architecture and Urban Planning Student Advising Office, AUP 225.

### Continuation

For further information about departmental policies in the PhD program, please contact the graduate advisor in the School of Architecture and Urban Planning Student Advising Office, AUP 225.

### Time Limit

All degree requirements must be completed within ten years from the date of initial enrollment in the doctoral program.

For additional information on Graduate School PhD requirements, see the Doctor of Philosophy Degree Requirements (<http://uwm.edu/graduateschool/doctoral-requirements/#residence>).

## Urban Design, MUD (Department of Architecture)

The Master of Urban Design is a non-professional degree jointly offered by the Department of Architecture and the Department of Urban Planning. The 30-credit, studio-based curriculum can be completed in a 12-month period.

The degree program provides students with high quality and diverse urban design skills that can be immediately practiced after graduation. Graduates of the program will have the knowledge and skills to create sustainable, equitable, and prosperous urban spaces in rapidly changing urban environments, such as preparing design guidelines for different levels of public agencies; designing new or infilled urban neighborhoods and public spaces; planning infrastructure such as streets, pedestrian and bicycle networks, and public transit facilities; and addressing environmental concerns through ecological design.

### Stem-Designated Degree Program

The Master of Urban Design is an approved field of study within the U.S. government’s official STEM fields list.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements in addition to the following requirements to be considered for admission to the program:

- A Bachelor’s degree in architecture, landscape architecture, design-focused urban planning, interior design, or other disciplines approved by the MUD faculty.
- A background in design studios from the above disciplines and cumulative GPA of at least 3.0 (4.0 scale).
- All applicants are required to submit three recommendation letters from three previous faculty and/or professionals.
- All applicants need to submit an electronic portfolio. The portfolio should show evidence of interest in design, and it should be carefully conceived, well designed, neatly prepared, and easily readable digitally.
- International students are required to submit test results from the TOEFL [minimum score: 100 (iBT) or IELTS (minimum score: 7.0)].

## Credits and Courses

The program requirements are comprised of 30 credits, of which at least 12 credits are taken from the Department of Architecture and 12 credits from the Department of Urban Planning. In the 30 credits, 15 are required, and 15 credits will be taken from accepted urban design-related elective courses. Up to 6 credits can be taken from an internship or an independent study, including summer study abroad.

Code	Title	Credits
ARCH 800	Design Elective: (Urban Design-related topic)	6
URBPLAN 857 or URBPLAN 751	Urban Design as Public Policy Introduction to Urban Design and Physical Planning	3
URBPLAN 858	Studio in Urban Design and Physical Planning	6
<i>Complete 15 credits from the following list:</i>		<b>15</b>
ARCH 550G	Seminar in Building Types and Settings	
ARCH 560G	Introduction to Historic Preservation	
ARCH 583G	Emerging Digital Technology: (VR: Visualization, Interaction and Collaboration)	
ARCH 584G	Urban Landscape Architecture	
ARCH 723	Fundamentals of Ecological Architecture	
ARCH 751	Survey of Architectural History & Theory	
ARCH 752	History & Theory III	
ARCH 760	History of Building Technology	
ARCH 780	The Built Environment and Real Estate Development	

ARCH 788	Green Building Seminar
ARCH 791	Master's Level Directed Research <sup>1</sup>
ARCH 792	Master's Level Independent Studies and Research <sup>1</sup>
ARCH 797	Study Abroad: <sup>1</sup>
ARCH 801	Special Topics: (3D Scanning)
ARCH 860	Topics in Architectural History & Theory:
URBPLAN 651G	Land Use Planning Practice
URBPLAN 662G	Public Sector Influence on Real Estate Development
URBPLAN 692G	Special Topics in Urban Planning: (Physical Planning and Municipal Engineering)
URBPLAN 772	Pedestrian and Bicycle Transportation
URBPLAN 797	Study Abroad: <sup>1</sup>
URBPLAN 991	Legislative/Administrative Agency Internship <sup>1</sup>
URBPLAN 999	Independent Study <sup>1</sup>

**Total Credits** **30**

<sup>1</sup> Up to 6 credits of an internship, independent study, or study abroad course may be applied to a student's degree requirements.

## Additional Requirements

### Time Limit

Full-time students without deficiencies are expected to complete all degree requirements within twelve months of first enrollment. All degree requirements must be completed within three years of first enrollment.

## Urban Planning

Planners work to enhance quality of life and social equity for all, whether working on revitalizing an older neighborhood or developing a regional transportation plan that enhances opportunities for people of all incomes,

ages, and physical abilities. Planners address the diverse needs of community members to build a better future.

Urban planning is an interdisciplinary field of study, reflected in the academic backgrounds of our faculty (<http://uwm.edu/sarup/classification/urban-planning/>) who have expertise in economics, urban design, urban revitalization, transportation, sustainability, and the intersections between these areas of study.

Although the professional planning program offered at UWM is a master's degree requiring two years of graduate study, a number of planning courses are available to undergraduates. They include:

1. A cluster of introductory courses reviewing urban problems and solutions for freshmen and sophomores, and introducing urban planning to upper-level undergraduates.
2. A cluster presenting the planning process in a general urban context.
3. A group of upper-level courses that introduce more specialized aspects of planning in contexts ranging from neighborhoods, through suburbs, to new towns and planned communities; and approaches from fiscal planning to environmental issues.

These courses are offered to students interested in learning more about planning and the roles of planners in addressing urban problems, and complement other programs such as architecture, business, economics, engineering, geography, social work, sociology, and political science.

## Programs

- Geographic Information Systems, Graduate Certificate (School of Architecture and Urban Planning) (p. 89)
- Urban Design, MUD (Department of Urban Planning) (p. 90)
- Urban Planning, MUP (p. 91)
- Urban Planning, MUP/Architecture, MArch (p. 93)
- Urban Planning, MUP/Engineering, MS (p. 94)
- Urban Planning, MUP/Public Administration, MPA (p. 95)
- Urban Planning, MUP: Geographic Information Systems (p. 95)
- Urban Planning, MUP: Real Estate Development (p. 97)
- Urban Planning, Undergraduate Certificate (p. 99)

## Contact Information

Department of Urban Planning  
2131 E. Hartford Avenue

Milwaukee, WI 53211

[uwm.edu/sarup/urban-planning/](http://uwm.edu/sarup/urban-planning/) (<http://uwm.edu/sarup/urban-planning/>)

# Geographic Information Systems, Graduate Certificate (School of Architecture and Urban Planning)

The Certificate in Geographic Information Systems is designed for those individuals seeking careers as GIS specialists, providing geographic data management, spatial analysis, and GIS system management support to professionals in a broad range of disciplines, such as criminal justice, health services, city and regional planning, civil and environmental engineering, transportation, and marketing. Certificate holders will seek employment in positions such as “GIS Specialist,” “GIS Analyst,” or “GIS Coordinator.”

The School of Architecture and Urban Planning in the College of the Arts & Architecture and the College of Letters and Science jointly offer the certificate. The core courses (12 credits) focus on the structure of geographic data, components for managing geographic information systems, spatial analysis, and delivery of geographic information through maps and displays. Students select the remaining 6 credits for the certificate from electives, which may include an internship, in areas such as remote sensing, map-making, and data management systems.

Upon completion of the certificate courses, a student is awarded the certificate which qualifies for 5 credential points in the GIS Certification Institute’s standards for professional certification in GIS.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

## Credits and Courses

A minimum of 6 credits each in Urban Planning and Geography courses are required for completion of the certificate. To earn the Certificate, one must complete six semester-long courses (with a minimum of 18 credits), satisfy graduate school criteria for successful completion and maintain at least a B (3.00) average in all courses. No more than 3 credits of Internship or Independent Study will be counted towards the Certificate. The program requirements are as follows:

Code	Title	Credits
<b>Required</b>		<b>12</b>
<i>Tier 1 (select one course)</i>		
GEOG 726	Geographic Information Science	
URBPLAN 791	Introduction to Urban Geographic Information Systems for Planning	
<i>Tier 2 (select one course)</i>		
GEOG 826	Intermediate Geographic Information Science	
URBPLAN 792	Using Urban Geographic Information Systems (GIS) for Planning	
<i>Tier 3 (Select two courses)</i>		
GEOG 704	Remote Sensing: Environmental and Land Use Analysis	
GEOG 705	Cartography	
URBPLAN 793	Applied Projects in Urban Geographic Information Systems	
URBPLAN 794	Internet Geographic Information Systems (GIS)	
ANTHRO 562	Techniques and Problems in Archaeology	
BUS ADM 749	Data and Information Management	
<b>Electives</b>		<b>6</b>
Select six credits in courses from the list below:		
GEOG 716	Watershed Analysis and Modeling	
GEOG 747	Spatial Analysis	
GEOG 798	GIS/Cartography Internship	
GEOG 804	Advanced Remote Sensing	
GEOG 999	Independent Work (with appropriate topic)	
URBPLAN 692	Special Topics in Urban Planning:	
URBPLAN 791	Introduction to Urban Geographic Information Systems for Planning	
URBPLAN 792	Using Urban Geographic Information Systems (GIS) for Planning	
URBPLAN 793	Applied Projects in Urban Geographic Information Systems	
URBPLAN 794	Internet Geographic Information Systems (GIS)	
URBPLAN 991	Legislative/Administrative Agency Internship	
URBPLAN 999	Independent Study	
ANTHRO 380	Anthropological Applications of GIS	
ANTHRO 562	Techniques and Problems in Archaeology	
ANTHRO 768	Topics in Advanced Research Design in Anthropology	
BUS ADM 749	Data and Information Management	
CRM JST 520	Analysis Oriented Technology: Spatial Data Analysis; Crime Mapping; ArcGIS	
INFOST 465	Legal Aspects of Information Products and Services	
INFOST 691	Special Topics in Information Science:	
INFOST 714	Metadata	

Other courses as approved by the GIS Certificate Subcommittee<sup>1</sup>

**Total Credits** **18**

<sup>1</sup> Tier 1, 2, or 3 courses may count as electives once the Tier requirements have been satisfied.

## Advising

Students will be advised by the Geography and Urban Planning faculty who teach GIS courses.

## Additional Requirements

### Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. To be eligible for transfer, the course must have been completed within the last two years. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

### Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

### Articulation with Degree Programs

- Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
- Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
- A course may count toward no more than one certificate and one degree.
- Students may not earn a certificate subsequent to a concentration in the same area.

### Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

## Gainful Employment Disclosure Information

- UWM Financial Aid Gainful Employment (<https://uwm.edu/onestop/finances/receiving-financial-aid/non-degree-students/#primary>)
- Gainful Employment Disclosure Information (<https://uwm.edu/gis-certificate/wp-content/uploads/sites/323/2019/06/gis-cert-gedt-2019.pdf>)

## Urban Design, MUD (Department of Urban Planning)

The Master of Urban Design is a non-professional degree jointly offered by the Department of Architecture and the Department of Urban Planning. The 30-credit, studio-based curriculum can be completed in a 12-month period.

The degree program provides students with high quality and diverse urban design skills that can be immediately practiced after graduation. Graduates of the program will have the knowledge and skills to create sustainable, equitable, and prosperous urban spaces in rapidly changing urban environments, such as preparing design guidelines for different levels of public agencies; designing new or infilled urban neighborhoods and public spaces; planning infrastructure such as streets, pedestrian and bicycle networks, and public transit facilities; and addressing environmental concerns through ecological design.

### Stem-Designated Degree Program

The Master of Urban Design is an approved field of study within the U.S. government's official STEM fields list.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements in addition to the following requirements to be considered for admission to the program:

- A Bachelor's degree in architecture, landscape architecture, design-focused urban planning, interior design, or other disciplines approved by the MUD faculty.
- A background in design studios from the above disciplines and cumulative GPA of at least 3.0 (4.0 scale).
- All applicants are required to submit three recommendation letters from three previous faculty and/or professionals.
- All applicants need to submit an electronic portfolio. The portfolio should show evidence of interest in design, and it should be carefully conceived, well designed, neatly prepared, and easily readable digitally.
- International students are required to submit test results from the TOEFL [minimum score: 100 (iBT) or IELTS (minimum score: 7.0)].

## Credits and Courses

The program requirements are comprised of 30 credits, of which at least 12 credits are taken from the Department of Architecture and 12 credits from the Department of Urban Planning. In the 30 credits, 15 are required, and 15 credits will be taken from accepted urban design-related elective courses. Up to 6 credits can be taken from an internship or an independent study, including summer study abroad.

Code	Title	Credits
ARCH 800	Design Elective: (Urban Design-related topic)	6
URBPLAN 857 or URBPLAN 751	Urban Design as Public Policy Introduction to Urban Design and Physical Planning	3
URBPLAN 858	Studio in Urban Design and Physical Planning	6
<i>Complete 15 credits from the following list:</i>		<i>15</i>
ARCH 550G	Seminar in Building Types and Settings	
ARCH 560G	Introduction to Historic Preservation	
ARCH 583G	Emerging Digital Technology: (VR: Visualization, Interaction and Collaboration)	
ARCH 584G	Urban Landscape Architecture	
ARCH 723	Fundamentals of Ecological Architecture	
ARCH 751	Survey of Architectural History & Theory	
ARCH 752	History & Theory III	
ARCH 760	History of Building Technology	
ARCH 780	The Built Environment and Real Estate Development	
ARCH 788	Green Building Seminar	
ARCH 791	Master's Level Directed Research <sup>1</sup>	
ARCH 792	Master's Level Independent Studies and Research <sup>1</sup>	
ARCH 797	Study Abroad: <sup>1</sup>	
ARCH 801	Special Topics: (3D Scanning)	
ARCH 860	Topics in Architectural History & Theory:	
URBPLAN 651G	Land Use Planning Practice	
URBPLAN 662G	Public Sector Influence on Real Estate Development	
URBPLAN 692G	Special Topics in Urban Planning: (Physical Planning and Municipal Engineering)	
URBPLAN 772	Pedestrian and Bicycle Transportation	
URBPLAN 797	Study Abroad: <sup>1</sup>	
URBPLAN 991	Legislative/Administrative Agency Internship <sup>1</sup>	
URBPLAN 999	Independent Study <sup>1</sup>	
<b>Total Credits</b>		<b>30</b>

<sup>1</sup> Up to 6 credits of an internship, independent study, or study abroad course may be applied to a student's degree requirements.

## Additional Requirements

### Time Limit

Full-time students without deficiencies are expected to complete all degree requirements within twelve months of first enrollment. All degree requirements must be completed within three years of first enrollment.

## Urban Planning, MUP

### Related Certificates

- Certificate in Geographic Information Systems (p. 89)

### Overview

The Urban Planning program at UWM is a professional, skills-oriented, master's program designed to train students to perform a variety of planning-related jobs in either the public or private sector.

The program focuses on planning as a process for improving collective decisions in the public and private sectors. The planning process includes analyzing problems, designing alternative solutions and evaluating their consequences, developing strategies for action and participating in their implementation. This process is used in both government and business in developing policy for future action, so that today's solutions do not become tomorrow's problems.

The program's elective courses combined with other courses on campus enable the development of more specialized depth in several planning related areas under the following concentrations: Urban Revitalization; Economic Development; Urban Geographic Information Systems; Transportation; Physical Planning and Urban Design; and Environmental Resources.

The Department is staffed by faculty members who combine academic and professional qualifications and who are committed to active involvement in current issues. They teach by example, using case studies and projects involving actual situations in most courses. This approach injects reality into the educational environment, allows students to see the relevance of the material in the curriculum, and shows students how their courses relate to their professional practice.

The Milwaukee Metropolitan area of one-and-one-half million persons is a learning laboratory that classroom projects and faculty researchers use extensively. Moreover, students gain additional practical experience through internships in the wide array of planning positions available in the Milwaukee area.

## MARCH/MUP Coordinated Degree Program

In cooperation with the Department of Architecture, the Department of Urban Planning offers a Master of Architecture/Master of Urban Planning program to prepare students for positions as architect/planners. Students in the program concurrently pursue a Master of Architecture degree program and a Master of Urban Planning degree program. Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree. For more detailed information on this program see Credits and Courses section below.

## MS/MUP Coordinated Degree Program

In cooperation with the College of Engineering and Applied Science, the Department of Urban Planning offers a Master of Science in Engineering/Master of Urban Planning program to prepare students for positions in transportation, public works or similar areas. Students in the program

will concurrently pursue a Master of Urban Planning degree program in the Department of Urban Planning and a Master of Science in Engineering degree program from the College of Engineering and Applied Science. Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

## MPA/MUP Coordinated Degree Program

A joint degree program has been designed to allow students to obtain both the Master of Public Administration and the Master of Urban Planning degrees concurrently. This program is intended to combine professional training in planning with applied administrative and managerial skills. More detailed information on this program can be found later in this section and in the Public Administration section of this Bulletin.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements plus these Department of Urban Planning requirements to be considered for admission to the program:

- Undergraduate cumulative grade point average of at least 3.0 (4.0 scale).
- Three letters of recommendation from three previous faculty and/or professionals.
- For international applicants whose first language is not English, a minimum TOEFL score of 100 iBT or a score of 7.0 on the International English Language Testing System (IELTS) exam is required. Applicants with TOEFL scores from 79-99 iBT, or an IELTS score of 6.5 will be considered for admission only with the stipulation that further coursework in English be taken.

Candidates seeking admission to the M.Arch/MUP, the MPA/MUP, or the MS/MUP program must apply to and be admitted to both programs. The requirements for admission to the Master of Architecture degree program are detailed in the Architecture section of this Catalog. The requirements for admission to the Master of Science in Engineering program are detailed in the Engineering section of this Catalog. The requirements for admission to the MPA program are detailed in the Public Administration section of this Catalog.

## Credits and Courses

The minimum degree requirement is 48 credits. Of these 48 credits, 27 are taken in the core curriculum, consisting of the following courses:

Code	Title	Credits
<b>Core Curriculum</b>		
URBPLAN 701	Introduction to Land Use Planning	1
URBPLAN 702	Introduction to Planning Law	2
URBPLAN 711	Planning Theories and Practice	3
URBPLAN 720	Urban Development Theory and Planning	3

URBPLAN 721	Applied Planning Methods	3
URBPLAN 740	Data Analysis Methods I	3
URBPLAN 810	Planning Policy Analysis	6
URBPLAN 811	Applied Planning Workshop	3
Select one of the following:		3
URBPLAN 751	Introduction to Urban Design and Physical Planning	
URBPLAN 791	Introduction to Urban Geographic Information Systems for Planning	
URBPLAN 857	Urban Design as Public Policy	
<b>Concentration or Emphasis Area</b>		
Select a concentration or emphasis area		21
<b>Total Credits</b>		<b>48</b>

### Emphasis Areas

The remaining 21 credits may be taken in the general option or any of the emphasis areas listed under the Overview tab: Urban Revitalization; Economic Development; Urban Geographic Information Systems; Transportation; Physical Planning and Urban Design; and Environmental Resources. Each emphasis area consists of a recommended cluster of courses which may include one or more planning electives as emphasis area core courses, and a selection of electives from among planning and other courses. Details of the emphasis area can be obtained from the Department of Urban Planning and are finalized in consultation with the student's academic advisor.

## Additional Requirements

### Major Professor as Advisor

The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. A student who is not assigned to an advisor at time of admission should immediately contact the Department Chair.

### Transfer Credits

Graduate coursework in urban planning or a related discipline taken prior to a student's admission to the program may be considered for transfer to the master's degree.

### Writing Assessment

Being able to write clearly and effectively is a critical skill for planners. The Urban Planning program encourages improvement in student's writing skills by emphasizing writing improvement across the curriculum, and especially in the core courses.

In some cases, students require more intense instruction to improve their skills to the level needed for planning practice. Faculty members assess student writing proficiency in the first semester core courses. Students who lack the required level of proficiency may be required to take a writing course as part of their second semester program of study. Writing proficiency is also a required element of the comprehensive exam.

### Comprehensive Examination

All students in the program must take a written comprehensive examination as a requirement for graduation. The examination is given between the second and third semesters so that any deficiencies can be eliminated in the second year of the program through structured courses or directed study. Successful completion of the exam, or successful completion of courses specified for removal of deficiencies, represents fulfillment of the comprehensive examination requirement. Students

in the M.S./MUP program also must take and pass the comprehensive examination in engineering.

### Thesis

No formal master’s project or master’s thesis is required for the MUP degree. However, a thesis may be substituted for as many as 6 elective credits. The student must obtain approval for the thesis proposal from any urban planning faculty member. The students may relate their thesis work to the program core, the general option or an emphasis option.

### Time Limit

The degree program itself is designed largely for full-time students. But the program does allow students up to seven years from the time of initial enrollment to complete all degree requirements.

Students in the M.Arch/MUP and MPA/MUP programs are allowed up to seven years from time of initial enrollment to complete all requirements for both degrees. Students in the M.S./MUP program are allowed up to five years from time of initial enrollment to complete all requirements for both degrees.

\*Note\* Individuals seeking to use the School’s Shop must first provide evidence of personal accident and health insurance to the Dean’s office. Since no accident or health insurance is provided to any user by the University, access to this resource will be prohibited to uninsured individuals.

## Accelerated Program Option

This program is offered as part of an accelerated graduate program. For more information, see Accelerated Graduate Degrees (p. 37).

## Urban Planning, MUP/Architecture, MArch

Joint program candidates must complete all of the requirements of the MArch (p. 73) degree and the requirements stipulated by the Department of Urban Planning. The Urban Planning Master’s program (<https://catalog.uwm.edu/arts-architecture//architecture-urban-planning/urban-planning/urban-planning-mup/>) is detailed in the Urban Planning section of this Catalog.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

## Credits and Courses

Students in the M.Arch/MUP program are required to complete a total of 84 credits: 36 credits in urban planning, 42 credits in architecture, and 6 credits of graduate electives from any area.

Code	Title	Credits
<b>Urban Planning Requirements</b>		
URBPLAN 701	Introduction to Land Use Planning	1
URBPLAN 702	Introduction to Planning Law	2
URBPLAN 711	Planning Theories and Practice	3

URBPLAN 720	Urban Development Theory and Planning	3
URBPLAN 721	Applied Planning Methods	3
URBPLAN 740	Data Analysis Methods I	3
URBPLAN 810	Planning Policy Analysis	6
URBPLAN 811	Applied Planning Workshop	3
URBPLAN 751	Introduction to Urban Design and Physical Planning	3
URBPLAN 857	Urban Design as Public Policy	3
URBPLAN 858	Studio in Urban Design and Physical Planning	6

### Architecture Requirements<sup>1</sup>

<i>Design<sup>2</sup></i>

ARCH 743	Professional Practice III	3
URBPLAN 857	Urban Design as Public Policy <sup>3</sup>	

<i>Technology</i>		
ARCH 821	Building Technology III	3
ARCH 822	Building Technology IV	3
ARCH 823	Building Technology V	3

<i>Theory</i>		
ARCH 860	Topics in Architectural History & Theory:	3
URBPLAN 751	Introduction to Urban Design and Physical Planning <sup>3</sup>	

<i>Graduate Electives</i>		12
---------------------------	--	----

At least 6 credits taken in architecture

<i>Capstone Requirement</i>		
A 500-level or higher architecture elective		3
ARCH 800	Design Elective:	6
or ARCH 812	Graduate Design III:	

<b>Total Credits</b>		<b>84</b>
----------------------	--	-----------

<sup>1</sup> Students who have completed any of the required architecture courses or their equivalents as undergraduates may substitute architecture electives.

<sup>2</sup> A minimum grade of “B” (3.00) is required in each design studio.

<sup>3</sup> Course satisfies Architecture Requirements; credits counted in Urban Planning Requirements.

## M.Arch/MUP Program Candidates

Coordinated degree program candidates must complete all of the requirements of the M.Arch degree and the requirements stipulated by the Department of Urban Planning. The Urban Planning Master’s program is detailed in the Urban Planning section of this Catalog.

## Additional Requirements

### Capstone Requirement

The student in the M.Arch/MUP program must complete the Architecture Capstone Requirement, and must also take and pass the comprehensive exam in Urban Planning.

### Time Limit

The student must complete all degree requirements within seven years of initial enrollment.

## Urban Planning, MUP/Engineering, MS

In cooperation with the Department of Urban Planning, the College of Engineering and Applied Science offers a Master of Science in Engineering/Master of Urban Planning program to prepare students for positions in transportation, public works or similar areas.

### Cooperating Departments:

Civil Engineering  
Electrical Engineering and Computer Science  
Industrial and Manufacturing Engineering  
Materials  
Mechanical Engineering

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

## Credits and Courses

Students are required to meet the College of Engineering and Applied Science requirements for the Master of Science in Engineering degree as well as the requirements for a Master of Urban Planning degree as set by the Department of Urban Planning. Students in this program are required to take 15 credits in an approved program of technical studies in the College of Engineering and Applied Science, and 6 credits in nontransportation related engineering approved electives.

Students in the MS/MUP program are required to take 6 credits in the Department of Urban Planning as well as an additional 24 credits of core courses in the Department of Urban Planning. The total credit requirement for the MS/MUP program is 54 credits. Students in the MS/MUP program must also take and pass a comprehensive exam in Urban Planning.

### Important

You must refer to the catalog pages of both individual master's programs to ensure that you meet all requirements for both degrees.

Code	Title	Credits
<b>Urban Planning Core Courses</b>		<b>27</b>
URBPLAN 701	Introduction to Land Use Planning	
URBPLAN 702	Introduction to Planning Law	
URBPLAN 711	Planning Theories and Practice	

URBPLAN 720	Urban Development Theory and Planning
URBPLAN 721	Applied Planning Methods
URBPLAN 740	Data Analysis Methods I
URBPLAN 810	Planning Policy Analysis
URBPLAN 811	Applied Planning Workshop
URBPLAN 751	Introduction to Urban Design and Physical Planning
or URBPLAN 791	Introduction to Urban Geographic Information Systems for Planning
or URBPLAN 857	Urban Design as Public Policy

**Total Credits** 27

Code	Title	Credits
------	-------	---------

### MS Thesis Option

Urban Planning Credits (See course list above)	27
Civil Engineering Concentration credits (see courses below)	15
Select 6 credits of approved electives	6
Select 3 credits CEAS Graduate Seminar	3
Select 3 credits of thesis	3

**Total Credits** 54

Code	Title	Credits

### Non-Thesis Capstone Option

Urban Planning Credits (See course list above)	27
Minimum 18 credits approved credits including Civil Engineering Concentration (see courses below)	18
Select 6 credits of approved electives	6
Select 1 credits CEAS Graduate Seminar	1
Select 3 credits of capstone: Capstone course or flexible independent study	3

**Total Credits** 55

Code	Title	Credits
------	-------	---------

### Non-Thesis Comprehensive Examination Option

Urban Planning Credits (See course list above)	27
Minimum 21 credits approved credits including Civil Engineering Concentration (see courses below)	21
Select 6 credits of approved electives	6
Select 1 credits CEAS Graduate Seminar	1

**Total Credits** 55

### Civil Engineering Concentration

A minimum of 15 credits of qualifying graduate courses in Civil Engineering.

### Qualifying Courses

Code	Title	Credits
Any Civ Eng courses numbered between 701 and 999, excluding 888 and 998.		15
May include up to 3 credits each of:		
CIV ENG 990	Masters Thesis	
CIV ENG 999	Advanced Independent Study	

**Total Credits** 15

## Additional Requirements

### Degree Requirements

Students in the program will concurrently pursue a Master of Science in Engineering degree and a Master of Urban Planning degree from the School of Architecture and Urban Planning. Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree. Candidates seeking admission to the MS/MUP must apply to and be admitted to both programs. The requirements for admission to the Master of Urban Planning degree program are detailed in the Urban Planning section of the Catalog.

### Time Limit

Students in the MS/MUP program are allowed up to five years from time of initial enrollment to complete all requirements for both degrees.

## Urban Planning, MUP/Public Administration, MPA

The College of Letters and Science and the Lubar College of Business offer and present jointly the Master of Public Administration (MPA).

The program is designed to provide theoretical and practical preparation for careers in public and non-profit administration with three areas of concentration: municipal management, general public administration, and non-profit management.

A coordinated degree program has been designed to allow students to obtain both the Master of Public Administration and the Master of Urban Planning degrees concurrently.

This program is intended to combine professional training in planning with applied administrative and managerial skills. The MPA/MUP requirements are described later in this section.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

## Credits and Courses

This program allows students to complete master's degrees in Public Administration and in Urban Planning concurrently. The coordinated degree requires 42-45 credits of required courses and completion of a concentration in Public Administration (18 credits). However, because some courses completed for the core requirements of the MUP also may count toward the MPA concentration, students may complete the dual degree with a minimum of 54-57 credits. The total number of credits will depend on the student's track and choice of concentration in public administration.

### Required Courses in Urban Planning (27 credits)

Code	Title	Credits
URBPLAN 701	Introduction to Land Use Planning	1
URBPLAN 702	Introduction to Planning Law	2
URBPLAN 711	Planning Theories and Practice	3

URBPLAN 720	Urban Development Theory and Planning	3
URBPLAN 721	Applied Planning Methods	3
URBPLAN 740	Data Analysis Methods I	3
URBPLAN 810	Planning Policy Analysis	6
URBPLAN 811	Applied Planning Workshop	3
Select one of the following:		3
URBPLAN 751	Introduction to Urban Design and Physical Planning	
URBPLAN 791	Introduction to Urban Geographic Information Systems for Planning	
URBPLAN 857	Urban Design as Public Policy	

**Total Credits** 27

### Required Courses in Public Administration (18 credits)

Code	Title	Credits
BUS ADM 738	Human Resource Management	3
URBPLAN 630	Budgeting and Finance in the Public Sector	3
POL SCI 763		3
PUB ADM 921	Public Service Administrative Internship <sup>1</sup>	3
or URBPLAN 991	Legislative/Administrative Agency Internship	
PUB ADM 959	Capstone Seminar in Public Administration	3
Select one seminar in organizational management and leadership from the following:		3
BUS ADM 731	Leadership in Diversity and Inclusion	
BUS ADM 732	Transforming Organizations	
BUS ADM 737	Managerial Decisions and Negotiations	

**Total Credits** 18

<sup>1</sup> The internship requirement will be waived for students with significant public sector work experience.

### Concentration Requirement (18 credits)

Completion of all the requirements for one of the concentrations in Public Administration. A maximum of six credits of MUP core courses may be used as electives in the MPA concentrations.

## Urban Planning, MUP: Geographic Information Systems

This concentration provides the skills and experience needed by professional planners to develop and use spatial analysis technology in both public and private organizations to improve their service delivery, management, and policy planning activities. Planning students learn state-of-the-art skills for using and analyzing data spatially in planning for improvements in transportation, housing, economic development, environment, natural resources, and related fields.

## Related Certificates

- Certificate in Geographic Information Systems (p. 89)

## Overview

The Urban Planning program at UWM is a professional, skills-oriented, master's program designed to train students to perform a variety of planning-related jobs in either the public or private sector.

The program focuses on planning as a process for improving collective decisions in the public and private sectors. The planning process includes analyzing problems, designing alternative solutions and evaluating their consequences, developing strategies for action and participating in their implementation. This process is used in both government and business in developing policy for future action, so that today's solutions do not become tomorrow's problems.

The program's elective courses combined with other courses on campus enable the development of more specialized depth in several planning related areas under the following concentrations: Urban Revitalization; Economic Development; Urban Geographic Information Systems; Transportation; Physical Planning and Urban Design; and Environmental Resources.

The Department is staffed by faculty members who combine academic and professional qualifications and who are committed to active involvement in current issues. They teach by example, using case studies and projects involving actual situations in most courses. This approach injects reality into the educational environment, allows students to see the relevance of the material in the curriculum, and shows students how their courses relate to their professional practice.

The Milwaukee Metropolitan area of one-and-one-half million persons is a learning laboratory that classroom projects and faculty researchers use extensively. Moreover, students gain additional practical experience through internships in the wide array of planning positions available in the Milwaukee area.

## MArch/MUP Coordinated Degree Program

In cooperation with the Department of Architecture, the Department of Urban Planning offers a Master of Architecture/Master of Urban Planning program to prepare students for positions as architect/planners. Students in the program concurrently pursue a Master of Architecture degree program and a Master of Urban Planning degree program. Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree. For more detailed information on this program see Credits and Courses section below.

## MS/MUP Coordinated Degree Program

In cooperation with the College of Engineering and Applied Science, the Department of Urban Planning offers a Master of Science in Engineering/Master of Urban Planning program to prepare students for positions in transportation, public works or similar areas. Students in the program will concurrently pursue a Master of Urban Planning degree program in the Department of Urban Planning and a Master of Science in Engineering degree program from the College of Engineering and Applied Science. Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

## MPA/MUP Coordinated Degree Program

A joint degree program has been designed to allow students to obtain both the Master of Public Administration and the Master of Urban Planning degrees concurrently. This program is intended to combine professional training in planning with applied administrative and managerial skills. More detailed information on this program can be

found later in this section and in the Public Administration section of this Bulletin.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements plus these Department of Urban Planning requirements to be considered for admission to the program:

- Undergraduate cumulative grade point average of at least 3.0 (4.0 scale).
- Three letters of recommendation from three previous faculty and/or professionals.
- For international applicants whose first language is not English, a minimum TOEFL score of 100 iBT or a score of 7.0 on the International English Language Testing System (IELTS) exam is required. Applicants with TOEFL scores from 79-99 iBT, or an IELTS score of 6.5 will be considered for admission only with the stipulation that further coursework in English be taken.

Candidates seeking admission to the M.Arch/MUP, the MPA/MUP, or the MS/MUP program must apply to and be admitted to both programs. The requirements for admission to the Master of Architecture degree program are detailed in the Architecture section of this Catalog. The requirements for admission to the Master of Science in Engineering program are detailed in the Engineering section of this Catalog. The requirements for admission to the MPA program are detailed in the Public Administration section of this Catalog.

## Credits and Courses

The minimum degree requirement is 48 credits. Of these 48 credits, 27 are taken in the core curriculum, consisting of the following courses:

Code	Title	Credits
<b>Core Curriculum</b>		
URBPLAN 701	Introduction to Land Use Planning	1
URBPLAN 702	Introduction to Planning Law	2
URBPLAN 711	Planning Theories and Practice	3
URBPLAN 720	Urban Development Theory and Planning	3
URBPLAN 721	Applied Planning Methods	3
URBPLAN 740	Data Analysis Methods I	3
URBPLAN 810	Planning Policy Analysis	6
URBPLAN 811	Applied Planning Workshop	3
Select one of the following:		
URBPLAN 751	Introduction to Urban Design and Physical Planning	3
URBPLAN 791	Introduction to Urban Geographic Information Systems for Planning	
URBPLAN 857	Urban Design as Public Policy	

### Concentration or Emphasis Area

Select a concentration or emphasis area	21
<b>Total Credits</b>	<b>48</b>

### Emphasis Areas

The remaining 21 credits may be taken in the general option or any of the emphasis areas listed under the Overview tab: Urban Revitalization; Economic Development; Urban Geographic Information Systems; Transportation; Physical Planning and Urban Design; and Environmental Resources. Each emphasis area consists of a recommended cluster of courses which may include one or more planning electives as emphasis area core courses, and a selection of electives from among planning and other courses. Details of the emphasis area can be obtained from the Department of Urban Planning and are finalized in consultation with the student's academic advisor.

### Transcript-Designated Concentration in Geographic Information Systems

Students must complete a minimum of 15 credits from the following groups of courses.

Code	Title	Credits
<b>Required</b>		<b>9</b>
URBPLAN 791	Introduction to Urban Geographic Information Systems for Planning	
URBPLAN 792	Using Urban Geographic Information Systems (GIS) for Planning	
URBPLAN 793	Applied Projects in Urban Geographic Information Systems	
<b>Electives</b>		<b>6</b>
Select a minimum of 6 elective credits <sup>1</sup>		
<b>Total Credits</b>		<b>15</b>

<sup>1</sup> For list of qualifying courses, contact Student Advising Office, AUP 225 (414-229-4015, sarup-grad@uwm.edu).

## Additional Requirements

### Major Professor as Advisor

The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. A student who is not assigned to an advisor at time of admission should immediately contact the Department Chair.

### Transfer Credits

Graduate coursework in urban planning or a related discipline taken prior to a student's admission to the program may be considered for transfer to the master's degree.

### Writing Assessment

Being able to write clearly and effectively is a critical skill for planners. The Urban Planning program encourages improvement in student's writing skills by emphasizing writing improvement across the curriculum, and especially in the core courses.

In some cases, students require more intense instruction to improve their skills to the level needed for planning practice. Faculty members assess student writing proficiency in the first semester core courses. Students who lack the required level of proficiency may be required to take a writing course as part of their second semester program of study. Writing proficiency is also a required element of the comprehensive exam.

## Comprehensive Examination

All students in the program must take a written comprehensive examination as a requirement for graduation. The examination is given between the second and third semesters so that any deficiencies can be eliminated in the second year of the program through structured courses or directed study. Successful completion of the exam, or successful completion of courses specified for removal of deficiencies, represents fulfillment of the comprehensive examination requirement. Students in the M.S./MUP program also must take and pass the comprehensive examination in engineering.

### Thesis

No formal master's project or master's thesis is required for the MUP degree. However, a thesis may be substituted for as many as 6 elective credits. The student must obtain approval for the thesis proposal from any urban planning faculty member. The students may relate their thesis work to the program core, the general option or an emphasis option.

### Time Limit

The degree program itself is designed largely for full-time students. But the program does allow students up to seven years from the time of initial enrollment to complete all degree requirements.

Students in the M.Arch/MUP and MPA/MUP programs are allowed up to seven years from time of initial enrollment to complete all requirements for both degrees. Students in the M.S./MUP program are allowed up to five years from time of initial enrollment to complete all requirements for both degrees.

\*Note\* Individuals seeking to use the School's Shop must first provide evidence of personal accident and health insurance to the Dean's office. Since no accident or health insurance is provided to any user by the University, access to this resource will be prohibited to uninsured individuals.

## Urban Planning, MUP: Real Estate Development

A concentration in real estate development provides a focused course of study for Master of Architecture and/or Master of Urban Planning students who wish to pursue careers in real estate development in combination with professional architectural practice or work with a private or public developer.

## Related Certificates

- Certificate in Geographic Information Systems (p. 89)

## Overview

The Urban Planning program at UWM is a professional, skills-oriented, master's program designed to train students to perform a variety of planning-related jobs in either the public or private sector.

The program focuses on planning as a process for improving collective decisions in the public and private sectors. The planning process includes analyzing problems, designing alternative solutions and evaluating their consequences, developing strategies for action and participating in their implementation. This process is used in both government and business in developing policy for future action, so that today's solutions do not become tomorrow's problems.

The program's elective courses combined with other courses on campus enable the development of more specialized depth in several planning

related areas under the following concentrations: Urban Revitalization; Economic Development; Urban Geographic Information Systems; Transportation; Physical Planning and Urban Design; and Environmental Resources.

The Department is staffed by faculty members who combine academic and professional qualifications and who are committed to active involvement in current issues. They teach by example, using case studies and projects involving actual situations in most courses. This approach injects reality into the educational environment, allows students to see the relevance of the material in the curriculum, and shows students how their courses relate to their professional practice.

The Milwaukee Metropolitan area of one-and-one-half million persons is a learning laboratory that classroom projects and faculty researchers use extensively. Moreover, students gain additional practical experience through internships in the wide array of planning positions available in the Milwaukee area.

## MArch/MUP Coordinated Degree Program

In cooperation with the Department of Architecture, the Department of Urban Planning offers a Master of Architecture/Master of Urban Planning program to prepare students for positions as architect/planners. Students in the program concurrently pursue a Master of Architecture degree program and a Master of Urban Planning degree program. Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree. For more detailed information on this program see Credits and Courses section below.

## MS/MUP Coordinated Degree Program

In cooperation with the College of Engineering and Applied Science, the Department of Urban Planning offers a Master of Science in Engineering/Master of Urban Planning program to prepare students for positions in transportation, public works or similar areas. Students in the program will concurrently pursue a Master of Urban Planning degree program in the Department of Urban Planning and a Master of Science in Engineering degree program from the College of Engineering and Applied Science. Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

## MPA/MUP Coordinated Degree Program

A joint degree program has been designed to allow students to obtain both the Master of Public Administration and the Master of Urban Planning degrees concurrently. This program is intended to combine professional training in planning with applied administrative and managerial skills. More detailed information on this program can be found later in this section and in the Public Administration section of this Bulletin.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements plus these Department of Urban Planning requirements to be considered for admission to the program:

- Undergraduate cumulative grade point average of at least 3.0 (4.0 scale).
- Three letters of recommendation from three previous faculty and/or professionals.
- For international applicants whose first language is not English, a minimum TOEFL score of 100 iBT or a score of 7.0 on the International English Language Testing System (IELTS) exam is required. Applicants with TOEFL scores from 79-99 iBT, or an IELTS score of 6.5 will be considered for admission only with the stipulation that further coursework in English be taken.

Candidates seeking admission to the M.Arch/MUP, the MPA/MUP, or the MS/MUP program must apply to and be admitted to both programs. The requirements for admission to the Master of Architecture degree program are detailed in the Architecture section of this Catalog. The requirements for admission to the Master of Science in Engineering program are detailed in the Engineering section of this Catalog. The requirements for admission to the MPA program are detailed in the Public Administration section of this Catalog.

## Credits and Courses

The minimum degree requirement is 48 credits. Of these 48 credits, 27 are taken in the core curriculum, consisting of the following courses:

Code	Title	Credits

URBPLAN 791	Introduction to Urban Geographic Information Systems for Planning	
URBPLAN 857	Urban Design as Public Policy	
<b>Concentration or Emphasis Area</b>		
Select a concentration or emphasis area		21
<b>Total Credits</b>		<b>48</b>

### Emphasis Areas

The remaining 21 credits may be taken in the general option or any of the emphasis areas listed under the Overview tab: Urban Revitalization; Economic Development; Urban Geographic Information Systems; Transportation; Physical Planning and Urban Design; and Environmental Resources. Each emphasis area consists of a recommended cluster of courses which may include one or more planning electives as emphasis area core courses, and a selection of electives from among planning and other courses. Details of the emphasis area can be obtained from the

Department of Urban Planning and are finalized in consultation with the student's academic advisor.

## Transcript-Designated Concentration in Real Estate Development

Students must complete a minimum of 21 credits from the following groups of courses.

Code	Title	Credits
<b>Real Estate Required Core</b>		<b>6</b>
ARCH 780	The Built Environment and Real Estate Development	
BUS ADM 481	Real Estate Finance & Asset Management	
or BUS ADM 483	Property Development and Management	
<b>Real Estate Electives and Capstone</b>		<b>15</b>
<b>Electives</b>		
Select 9-12 credits from the following:		
ARCH 560	Introduction to Historic Preservation	
ARCH 749	Urban Design as Public Policy	
ARCH 792	Master's Level Independent Studies and Research	
ARCH 794	Pre-Thesis or Master's Project Research	
URBPLAN 651	Land Use Planning Practice	
URBPLAN 662	Public Sector Influence on Real Estate Development	
URBPLAN 684	Planning Local Economic Development	
URBPLAN 762	Housing Markets and Public Policy	
URBPLAN 771	Transportation Policy and Planning	
URBPLAN 857	Urban Design as Public Policy	
URBPLAN 858	Studio in Urban Design and Physical Planning	
URBPLAN 991	Legislative/Administrative Agency Internship	
URBPLAN 999	Independent Study	
<b>Capstone</b>		
Select one of the following options:		
Option A: A thesis that focuses on real estate:		
URBPLAN 990	Graduate Thesis	
Option B: A real estate development proposal developed for a private organization (business or non-profit) that is innovative and adds significant value to the built environment:		
URBPLAN 999	Independent Study	
Option C: A paper suitable for publication concerning real estate development, for which the student is either sole author or co-author with a faculty member.		
URBPLAN 999	Independent Study	
<b>Total Credits</b>		<b>21</b>

## Additional Requirements

### Major Professor as Advisor

The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. A

student who is not assigned to an advisor at time of admission should immediately contact the Department Chair.

### Transfer Credits

Graduate coursework in urban planning or a related discipline taken prior to a student's admission to the program may be considered for transfer to the master's degree.

### Writing Assessment

Being able to write clearly and effectively is a critical skill for planners. The Urban Planning program encourages improvement in student's writing skills by emphasizing writing improvement across the curriculum, and especially in the core courses.

In some cases, students require more intense instruction to improve their skills to the level needed for planning practice. Faculty members assess student writing proficiency in the first semester core courses. Students who lack the required level of proficiency may be required to take a writing course as part of their second semester program of study. Writing proficiency is also a required element of the comprehensive exam.

### Comprehensive Examination

All students in the program must take a written comprehensive examination as a requirement for graduation. The examination is given between the second and third semesters so that any deficiencies can be eliminated in the second year of the program through structured courses or directed study. Successful completion of the exam, or successful completion of courses specified for removal of deficiencies, represents fulfillment of the comprehensive examination requirement. Students in the M.S./MUP program also must take and pass the comprehensive examination in engineering.

### Thesis

No formal master's project or master's thesis is required for the MUP degree. However, a thesis may be substituted for as many as 6 elective credits. The student must obtain approval for the thesis proposal from any urban planning faculty member. The students may relate their thesis work to the program core, the general option or an emphasis option.

### Time Limit

The degree program itself is designed largely for full-time students. But the program does allow students up to seven years from the time of initial enrollment to complete all degree requirements.

Students in the M.Arch/MUP and MPA/MUP programs are allowed up to seven years from time of initial enrollment to complete all requirements for both degrees. Students in the M.S./MUP program are allowed up to five years from time of initial enrollment to complete all requirements for both degrees.

\*Note\* Individuals seeking to use the School's Shop must first provide evidence of personal accident and health insurance to the Dean's office. Since no accident or health insurance is provided to any user by the University, access to this resource will be prohibited to uninsured individuals.

## Urban Planning, Undergraduate Certificate

The Department of Urban Planning offers undergraduates the opportunity to obtain a Certificate in Urban Planning. All undergraduate students are eligible. The intent of the program is to recognize those students who obtain a thorough introduction to urban planning through coursework.

These courses provide students with an understanding of many of the most important problems facing urban society and help prepare students for a variety of careers and graduate study. Interested students should inquire in the Student Advising Office about either the Certificate Program or appropriate courses as preparation for graduate study in urban planning.

## Requirements

A cumulative GPA of 3.0 or better and a total of 15 credits from among designated courses are required.

Code	Title	Credits
<b>Designated Courses</b>		
URBPLAN 140	Issues in Contemporary Urban Planning	3
URBPLAN 141	Urban Planning Solutions to Contemporary Urban Problems	3
Select one "Great Cities" course:		3
URBPLAN 315	Great Cities of the World: Their Growth and Guided Urbanization	
URBPLAN 316	Planning for the Great Cities of America	
Select one skills course:		3
URBPLAN 591	Introduction to Urban Geographic Information Systems (GIS) in Planning	
URBPLAN 651	Land Use Planning Practice	
URBPLAN 655	Negotiation Theory and Practice for Urban Planners	
<b>Electives</b>		
Select 3 elective credits <sup>1</sup>		3
<b>Total Credits</b>		<b>15</b>

<sup>1</sup> Students may take any urban planning courses, including those listed above, to fulfill the elective credit requirement. Courses may be counted only once toward the certificate.

## Arts (Peck School of the)

The Peck School of the Arts includes five departments: Art & Design, Dance, Film, Music, and Theatre. Curricula are available for students interested in careers in the arts or in teaching at the elementary, secondary, or college level.

## Degree Programs

**Bachelor of Arts** Animation, Art, Dance, Music, Theatre

**Bachelor of Fine Arts** Art, Art Education, Dance, Film, Music, Music Education, Theatre

**Master of Arts** Art

**Master of Fine Arts** Art, Performing Arts (Dance and Film)

**Master of Music** (including Music Education)

**Master of Science** Art Education

## Departments and Programs

- Art & Design (p. 103)
  - Art and Design, Minor: Design (p. 108)
  - Art and Design, Minor: Photography (p. 109)
  - Art and Design, Minor: Studio Arts (p. 109)
  - Art Education, BFA (p. 110)
  - Art, BA: Community Arts (p. 113)
  - Art, BA: Studio Arts (p. 117)
  - Art, MA: Design Entrepreneurship and Innovation (p. 120)
  - Art, MA: Studio Art (p. 121)
  - Art, MFA (p. 122)
  - Arts Integration and Learning, Undergraduate Certificate (Peck School of the Arts, Department of Art and Design) (p. 124)
  - Community Arts, Undergraduate Certificate (p. 124)
  - Design and Visual Communication, BFA (p. 125)
  - Digital Fabrication and Design, Undergraduate Certificate (p. 129)
  - Studio Art, BFA: Dual Discipline Focus (p. 129)
  - Studio Art, BFA: Single Discipline Focus (p. 133)
- Dance (p. 137)
  - Dance Performance, Minor (p. 138)
  - Dance, BA (p. 139)
  - Dance, BFA (p. 142)
  - Dance, MFA (p. 145)
  - Pilates, Undergraduate Certificate (p. 146)

- Film, Video, Animation and New Genres (p. 148)
  - Animation Arts, BA (p. 148)
  - Cinematic Arts, MFA (p. 151)
  - Film, BFA (p. 152)
  - Film, Video, Animation and New Genres, Minor (p. 156)
- Music (p. 157)
  - Music Education, BFA: EC-A General and Choral Music (p. 159)
  - Music Education, BFA: EC-A General Music (p. 162)
  - Music Education, BFA: EC-A K-12 Music (p. 165)
  - Music Performance, Graduate Certificate (p. 168)
  - Music, BA (p. 169)
  - Music, BFA: Collaborative Piano (p. 172)
  - Music, BFA: Guitar (p. 176)
  - Music, BFA: Music Composition and Technology (p. 180)
  - Music, BFA: Music History and Literature (p. 183)
  - Music, BFA: Piano (p. 186)
  - Music, BFA: Strings (p. 190)
  - Music, BFA: Versatile Voice (p. 194)
  - Music, BFA: Voice (p. 196)
  - Music, BFA: Winds, Brass, and Percussion (p. 199)
  - Music, Minor (p. 203)
  - Music, MM/Library and Information Science, MLIS (p. 203)
  - Music, MM: Chamber Music Performance (p. 205)
  - Music, MM: Collaborative Piano: Instrumental (p. 207)
  - Music, MM: Collaborative Piano: Vocal (p. 208)
  - Music, MM: Conducting: Choral Emphasis (p. 210)
  - Music, MM: Conducting: Instrumental (p. 211)

- Music, MM: Music Education (p. 213)
- Music, MM: Music History and Literature (p. 214)
- Music, MM: Performance: Guitar (p. 216)
- Music, MM: Performance: Keyboard (p. 217)
- Music, MM: Performance: Percussion (p. 219)
- Music, MM: Performance: String Emphasis (p. 221)
- Music, MM: Performance: Vocal Emphasis (p. 222)
- Music, MM: Performance: Woodwinds/Brass (p. 224)
- Music, MM: String Pedagogy (p. 226)
- Music, MM: Theory and Composition (p. 227)
- Theatre (p. 229)
  - Musical Theatre, Undergraduate Certificate (p. 230)
  - Theatre Practices, BA (p. 230)
  - Theatre Practices, BA: Theatre Education (p. 233)
  - Theatre, BFA: Performance (p. 237)
  - Theatre, BFA: Production (p. 242)
  - Theatre, Minor (p. 246)

## Graduate Requirements

Refer to individual graduate program pages for specific requirements. For the Graduate School's requirements, please refer to Graduate School Policies (p. 31).

## Undergraduate Requirements

### Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

### Admission

#### New Freshmen

New freshmen must meet the general University admission requirements (p. 17) in addition to specific department requirements. Admission to all music programs requires an audition and a theory placement examination. Admission to the Musical Theatre track of the Inter-Arts degree program requires a live audition interview. A portfolio of artworks is required by the Department of Art & Design. For details, please refer to the individual department sections of this catalog.

#### Transfer Students

Transfer students from other universities and colleges or UWM units are accepted by the Peck School of the Arts provided they meet the UWM admissions criteria and have a 2.0 cumulative GPA (on a 4-point scale). They must also meet the specific departmental audition requirements described above. Although a portfolio is not required for acceptance into

the Department of Art & Design, the submission of a portfolio is helpful in evaluating a student's work for advanced placement.

### Second Bachelor's Degree Candidates

Students with good scholastic records who wish to earn a second bachelor's degree in the Peck School of the Arts must obtain the recommendation of the Peck School of the Arts department in which they wish to major before they can be accepted. Upon acceptance, students must earn in residence a minimum of 30 credits beyond the studies for the first degree and must satisfy all curriculum requirements.

### New Major Program

By choosing this program, students who have completed baccalaureate degrees at UWM or other accredited institutions may earn an additional major only. It is not necessary to complete all requirements for an additional baccalaureate degree or to observe the 30-credit-in-residence regulation. At present, the Departments of Art & Design, Dance, Film, and Music offer majors through this option.

### Degree Requirements

Students must earn their last 30 credits in residence at UWM. Of this total, a minimum of 15 credits must be in advanced major subjects. Under extraordinary circumstances, a student may receive permission to earn a maximum of 9 credits of the last 30 credits at another college/university but must obtain the written approval of the Director of Student Services prior to enrollment in such courses.

### Bachelor of Arts Degree in Animation, Art, Dance, Music, and Theatre

Requires a total of 120 credits. To receive this degree students must:

1. Attain a minimum GPA of 2.0 for all university-level work;
2. Fulfill all the curriculum requirements of the School and of the departmental major, and the University's General Education Requirements;
3. Meet the specific departmental standards; and
4. Fulfill the residence requirements as detailed above.

See the individual department sections in this catalog for additional information.

### Bachelor of Fine Arts Degree in Art, Dance, Film, Music, or Theatre

Requires a total of 120-130 credits. To receive this degree students must:

1. Attain a minimum GPA of 2.0 for all university-level work;
2. Fulfill all the curriculum requirements of the School and of the departmental major, and the University's General Education Requirements;
3. Meet the specific departmental standards; and
4. Fulfill the residence requirements as detailed above.

### Bachelor of Fine Arts Degree with Teacher Certification in Art or Music and Bachelor of Arts Degree in Theatre with Teacher Certification

The BFA degree in Art Education or Music Education requires a total of 130 credits; the BA degree in theatre with teacher certification requires a total of 120 credits. To receive these degrees students must:

1. Attain a minimum cumulative GPA of 2.75;
2. Fulfill all curriculum requirements of the School, of the departmental major, and the University's General Education Requirements;
3. Fulfill the certification requirements in human relations (see School of Education section of this catalog), developmental reading, and

exceptional education (see Teacher Certification Program description below for details and admission requirements);

4. Fulfill the Act 31 certification requirement regarding "specific attention to the history, culture, and tribal sovereignty of the federally recognized American Indian tribes and bands located in this state" through selected coursework. Consult with the Director of Student Services for specific courses; and
5. Fulfill residence requirements as described above.

### Post-baccalaureate Teacher Certification Program

Offered in art, music, and theatre. All applicants should consult the appropriate department chairperson concerning requirements in these programs.

### Teacher Certification Program - Peck School of the Arts Requirements for Employment, Licensing, or Professional Organizations

Students should be aware that some professions, occupations, and employers are subject to licensing and/or bonding requirements. When a course of study includes clinical or field training, practice teaching, internships, or the like, students may be subjected to a check of criminal conviction records, prior to acceptance of a student by the placement site. Students are responsible for obtaining the information necessary for them to become knowledgeable about these requirements and plan their studies accordingly. Please contact the appropriate department or program office for further information.

All PSOA teacher education students (art, music, theatre) are required to keep a portfolio of evidence to document satisfaction of PI 34 standards. Portfolio content is defined, evaluated, and reviewed by individual programs. Passing scores on the Praxis I and successful completion of K-12 required classes are required before admission to student teaching. Art, music, and theatre teacher education students are also required to pass the content test (Praxis II) prior to student teaching. See specific program for more information.

### Admission Requirements

All students should submit an application to the Director of Student Services and confer with the education area head of their department.

**Art education** students may apply to the program upon completion of 30 credits if they have fulfilled the freshman year foundation courses in art and the requirements listed below.

**Music education** majors may apply upon completion of 58 credits and junior standing and the requirements listed below.

**Theatre teacher certification** students may apply upon completion of the required 32-credit core in the major, junior standing, and the requirements listed below. In addition, theatre certification students must successfully pass an interview with theatre certification faculty.

All students must attain the following before making application to the teacher certification programs in art, music, and theatre:

**Grade Point Average.** 2.75.

### Communication Competency

A grade of C or higher in one of the following: COMMUN 101 or COMMUN 103.

The communicative abilities of students remain under constant review as a factor for retention in the program. Students experiencing communication difficulty may be remanded for remedial work. Students

who have satisfactorily completed an interpersonal course at another college or university may request an evaluation of their communication status through the Department of Communication.

### English Composition Requirement

The English Composition Requirement is satisfied by earning a grade of C or higher in ENGLISH 102 or its equivalent, or by scoring 637 or better on the English Placement Test (or an appropriate score as determined by the Department of English on the English ACT examination).

### Mathematical Skills Requirement

Must be demonstrated by achieving a placement code of at least 30 on the mathematics placement test, or by earning at least 3 credits with a grade of C or higher in MATH 103 (formerly MATH 106), MATH 105, MATH 175, or equivalent courses.

### Pre-Professional Skills Requirement (PPSR)

Must earn scores in Reading-175, Math-173, Writing-174. Registration forms are available in the Peck School of the Arts Office of Student Services.

### Developmental Reading Course Requirement

All teachers of special subjects (e.g., music, art, theatre) wishing to be certified by the State of Wisconsin (K-12) must complete one course in developmental reading at the elementary or secondary level.

At present, the Department of Teaching and Learning offers CURRINS 343, for those interested in the elementary level, and CURRINS 545, for those interested in the secondary level. Only one of these 3-credit courses is necessary to fulfill the requirement. This course may be applied toward the core curriculum requirement.

### Exceptional Education Requirement

Persons applying for an initial license to teach any subject in the elementary and secondary schools of Wisconsin after July 1, 1981, must have completed at least 3 credits or the equivalent study of exceptional education to be eligible for a license. See the Art, Dance, Music, or Theatre Department sections for appropriate course requirements.

### Student Teaching

Eligibility for student teaching is determined by admission to the Teacher Certification Program of the Peck School of the Arts, departmental recommendation, and completion of all prerequisite courses and any other departmental requirements.

In general, education methods courses are not transferable from other institutions. These courses must be taken in residence. Other criteria include removal of all incompletes in required courses, compliance with the Human Relations Requirement, satisfactory class standing, health clearance, recommendation by the department, and submission of the student teacher application.

Applications to student teach during the first semester are due March 15; during the second semester, October 15. Application blanks are available in, and must be filed with, the Peck School of the Arts Office of Student Services. No applications will be accepted after these dates.

### Teacher's License Applications

Students eligible for graduation are not automatically recommended for certification to the State Department of Public Instruction. They must first be approved for certification by their departments.

After all requirements for the BFA or BA degree with Teacher Certification or a post-baccalaureate degree certification program are completed, and the departmental approval is obtained, a student may apply for a state

teacher's license. A Wisconsin Credential Application form is available from:

Peck School of the Arts Office of Student Services  
UWM  
P.O. Box 413  
Milwaukee, Wisconsin 53201

or

Wisconsin Department of Public Instruction  
126 Langdon Street  
Madison, Wisconsin 53702

The Department of Public Instruction conducts a criminal record check of each applicant for a teaching license. Based on this information, an applicant may be denied a license even if recommended for certification by the University.

## Declaration of Submajor

In most instances, after two years of basic preparatory courses in the major, students choose an area of specialization within their respective departments, known as a submajor. Students must declare a submajor after they have accumulated 45 to 75 credits in order to assure completion of the appropriate curriculum requirements for graduation.

## Graduate Policies and Regulations

The Graduate School policies and regulations can be found at Graduate School Policies (p. 31). Please refer to the specific program for program policies and regulations.

## Undergraduate Policies and Regulations

### Academic Regulations

For information on the University-wide Academic Action Policy and honors for scholarship, see Academic Policies (p. 22).

### Semester Credit Load

A full-time Peck School of the Arts student is one who takes a minimum of 12 credits per semester. Normally, Peck School of the Arts students are not permitted to carry more than 18 credits per semester. Students who have a cumulative GPA of 3.0 or higher may, with the permission of the Peck School of the Arts Office of Student Services, carry up to 21 credits per semester.

### Program Changes

All program changes must be signed by the instructor and the Peck School of the Arts Office of Student Services.

No studio or performance courses may be dropped after the second week of classes without the written approval of the instructor and the department chairperson. Certain other courses may require this approval also and these will be indicated in the semester's *Schedule of Classes*.

### Audit Courses

No studio or performance courses may be audited.

### Independent Study

Under special conditions, juniors and seniors are permitted to take courses in independent study. For regulations on independent study, see the departmental advisor.

## Special Opportunities

### Honors Program

The Peck School of the Arts confers a Bachelor of Fine Arts Honors degree upon those students who complete the University Honors Program. The "Honors" designation appears on both the diploma and transcript.

This program offers seminars and individualized instruction in the humanities, arts, social sciences, and natural sciences to qualified students who desire more intensive and individualized studies. Application forms and further information are available from the Honors College (p. 819), Honors House 154, (414) 229-4658.

### Foreign Study

The Peck School of the Arts looks favorably upon foreign educational experiences and encourages students to seek study abroad at accredited institutions. Every effort will be made to integrate such courses into a student's major program. Students should consult the departments involved prior to registration at a foreign university.

Periodically, the Department of Art & Design offers credit courses in foreign countries under the direction and instruction of Department of Art & Design faculty members.

## Art & Design

Art & Design at UW-Milwaukee develops creative thinkers, artist professionals, and cultural leaders through a cross-disciplinary curriculum that balances innovation, traditional craftsmanship, critical thinking, and scholarly civic engagement. Committed to Milwaukee's diverse urban communities, our programs emphasize activism and thinking with the arts. Our faculty is comprised of active artists who promote collaborative, interdisciplinary, and entrepreneurial thinking and practice across the department, university, community, and beyond!

## Programs

### Undergraduate Degrees

- Art Education, BFA (p. 110)
- Art, BA: Community Arts (p. 113)

- Art, BA: Studio Arts (p. 117)
- Design and Visual Communication, BFA (p. 125)
- Studio Art, BFA: Dual Discipline Focus (p. 129)
- Studio Art, BFA: Single Discipline Focus (p. 133)

## Undergraduate Certificates

- Arts Integration and Learning, Undergraduate Certificate (Peck School of the Arts, Department of Art and Design) (p. 124)
- Community Arts, Undergraduate Certificate (p. 124)
- Digital Fabrication and Design, Undergraduate Certificate (p. 129)

## Minor

- Art and Design, Minor: Design (p. 108)
- Art and Design, Minor: Photography (p. 109)
- Art and Design, Minor: Studio Arts (p. 109)

## Graduate Degrees

- Art, MA: Design Entrepreneurship and Innovation (p. 120)
- Art, MA: Studio Art (p. 121)
- Art, MFA (p. 122)

## Graduate Requirements

Refer to the individual graduate program for specific requirements. For the Graduate School's requirements, please refer to Graduate School Policies (p. 31).

## Undergraduate Requirements

### Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

### Bachelor of Fine Arts (Studio Art)

This undergraduate degree prepares students for entrance into professional art fields. Once students meet the 36-credit Art-Intended requirements, they are admitted to the Art & Design program. In addition to satisfying the core curriculum, art students select studio courses from both 2D and 3D disciplines, take required art history courses, choose studio electives, and begin satisfying the requirements of their declared art area concentration.

A choice of curricula is offered to permit students to concentrate in Ceramics, Digital studio practice, Fibers, Jewelry and Metalsmithing, Painting and Drawing, Photography and Imaging, Print and Narrative Forms, or Sculpture. Students must complete a minimum of 24 credits

in their area of concentration but may take more by choosing additional studio electives in their area.

In order to graduate, students must complete two 3-credit critical thinking courses and a 4-credit capstone: ART 604 and ART 605. Students must complete a total of 85 credits of art to graduate with a BFA (Studio Art).

The Bachelor of Fine Arts (Studio Art) degree requires a total of 130 credits for graduation distributed as follows:

Code	Title	Credits
	University Core Curriculum (includes 12 credits Art History and 9 credits PSOA Arts Distribution)	45
	First Year Program	15
	Art and Design Courses	63
	Critical Thinking	6
	BFA Exhibition	1
<b>Total Credits</b>		<b>130</b>

*Note: PSOA Arts Distribution is 9 credits that the student must take within PSOA, outside of Art & Design, in 3 of the 4 other departments in PSOA: Dance, Music, Theatre, or Film, Video, Animation, and New Genres.*

### Bachelor of Fine Arts (Studio Art) in Design and Visual Communication

The Bachelor of Fine Arts in Design and Visual Communication degree requires a total of 130 credits for graduation distributed as follows:

Code	Title	Credits
	University Core Curriculum (includes 12 credits Art History and 9 credits PSOA Arts Distribution)	45
	First Year Program	15
	Art and Design Courses	63
	Critical Thinking	6
	BFA Exhibition	1
<b>Total Credits</b>		<b>130</b>

*Note: PSOA Arts Distribution is 9 credits that the student must take within PSOA, outside of Art & Design, in 3 of the 4 other departments in PSOA: Dance, Music, Theatre, or Film, Video, Animation, and New Genres.*

### Bachelor of Fine Arts (Art Education)

The Art Education program requires a total of 130 credits for graduation distributed as follows:

Code	Title	Credits
	University Core Curriculum (includes 12 credits Art History, 9 credits Education, and 6 credits PSOA Arts Distribution) <sup>1</sup>	45
	First Year Program	15
	Required Studio Courses <sup>2</sup>	39
	Critical Thinking	3
	Art Education Courses	28
<b>Total Credits</b>		<b>130</b>

<sup>1</sup> 12 cr Art History are included in the Core Curriculum. Six credits (ARTHIST 101 and ARTHIST 102) count as Humanities GER. 9 cr School of Education courses are included in the Core Curriculum (See academic advisor). PSOA Arts Distribution for Art Education is 6 credits that the student must take within PSOA, outside of Art & Design, in two

of the four other departments in PSOA: Dance, Music, Theatre, or Film, Video, Animation, and New Genres.

<sup>2</sup> Art Education students are required to take the following Art Studio courses as part of these 39 credits: ART 201, ART 342, 18 cr of 200 level courses reflecting 2D, 3D studio and digital studio experiences, and 12 cr of upper-level studios to create further concentration in a studio area of choice. See academic advisor for 2D, 3D, and digital course designations at the 200 level, and for upper-level studios.

## Bachelor of Arts (Art)

The Bachelor of Arts (Art) degree requires a total of 120 credits for graduation distributed as follows:

Code	Title	Credits
	University Core Curriculum (includes 12 credits Art History and 9 credits PSOA Arts Distribution)	45
	First Year Program	15
	Art and Design Courses	18
	Directed Electives	30
	Critical Thinking	6
	Professional Practices	3
	BA Project	3
<b>Total Credits</b>		<b>120</b>

*Note: PSOA Arts Distribution is 9 credits that the student must take within PSOA, outside of Art & Design, in 3 of the 4 other departments in PSOA: Dance, Music, Theatre, or Film, Video, Animation, and New Genres.*

## Area of Concentration Requirements and Enrollment Management

In order to maintain the highest quality of service to our students, all areas (Ceramics, Digital Studio Practice, Fibers, Jewelry and Metalsmithing, Painting and Drawing, Photography and Imaging, Print and Narrative Forms, Sculpture, Design and Visual Communication, and Art Education) may select their own enrollment management mechanisms. Options available to areas include portfolio review, gateway courses, registration prioritizing (ex: "seniors only" and/or "majors only" courses), higher GPA for the area of concentration, or other appropriate mechanisms. Students who successfully matriculate as BFA degree candidates should make themselves familiar with the requirements of their chosen area (as outlined in the undergraduate catalog). Students also should discuss area requirements with area faculty to ensure that they understand fully what will be required of them.

## Art & Design Graduate Admission Requirements

Each graduate program has admission requirements in addition to the general Graduate School admission requirements. Refer to Graduate Admission and Cost (p. 20) for the graduate school's admission requirements, and to the specific program for the program's admission requirements.

## Art & Design Undergraduate Admission Requirements

To be admitted in good standing, applicants (incoming freshmen and transfer students) must meet general University requirements (p. 15). After being admitted to UWM and indicating Art as your chosen major,

no further steps are required for acceptance into the Department of Art & Design.

## Scholarships

Declared majors in Art & Design should fill out the general scholarship application and department application (if applicable) by logging in to the Panther Scholarship Portal.

In addition, incoming undergraduate students should visit the Peck School of the Arts scholarship page for details on portfolio submissions.

## Advancement to Major

Students accepted into the Art & Design program receive priority registration over non-art majors. To advance to the Art & Design major, students must complete the requirements outlined below:

1. Complete First Year Program courses (15 credits; see course list below).
2. Oral and Written Communications Competency Part A (OWC-A).
3. Quantitative Literacy Competency Part A (QL-A).
4. A cumulative GPA of 2.5 or higher.
5. Students pursuing the Design and Visual Communication BFA have additional requirements: complete ART 124, ART 221, and ART 223 with a B- or better; and pass the Design and Visual Communication Portfolio review.
6. Students should complete the above to advance to major within the first 45 credits.

Code	Title	Credits
ART 101	Drawing I	3
ART 106	Art Survey: Creative Practice, Culture and Context	3
ART 108	2D Studio: Concept, Color and Composition	3
ART 109	3D Studio: Form, Idea and Technique	3
ART 118	Digital Arts: Culture, Theory, Practice	3
<b>Total Credits</b>		<b>15</b>

## Appeal Process

An appeal process is established for students who do not meet the department's criteria for classification, GPA, and area of concentration enrollment management requirements. The appeal process will provide an opportunity for individual students to request advancement to the art major or enrollment into courses as exceptions to the department's enrollment policies based on defined, pre-determined conditions. All appeals are to be directed to the Undergraduate Advisor or PSOA advisor, who will forward the appeals to the department chair or appropriate appeals committee. The department chair or appeals committee will consult with the First Year Program Director, area head, faculty, advisors, and student if necessary before making a decision.

## Art Education Advancement to Major

See the Art Education, BFA (p. 112) page for the Art Education advancement to major requirements.

## Art Education Certification Requirements

Following admission to the Art Education Program, and successful completion of the specified Art Education course of studies, a student

seeking recommendation for teacher certification must successfully fulfill the following requirements:

1. fulfill all degree requirements;
2. fulfill the field experience requirement;
3. maintain a 2.75 cumulative GPA or higher while being in the program;
4. maintain a 3.0 or higher in content area courses (Art & Art History) or pass the Praxis II Art Content Exam;
5. successfully complete student teaching; and
6. demonstrate mastery of the knowledge, skills, and dispositions necessary for a career in the field of art education through the use of a **Teaching Portfolio** (see description below):  
The Art Education Area and the Wisconsin Department of Public Instruction require that students compile a teaching portfolio that demonstrates teaching proficiency. The required reflections, artifacts, statements, and assessment composing this portfolio will be compiled mostly as a part of their major two art education methods classes (ART ED 327 and ART ED 328). Fewer documents will be produced during their student teaching capstone classes (ART ED 425 and ART ED 426). Some of the documents that this portfolio includes are: copy of current resume, teaching philosophy, reflections on the Ten Wisconsin Teaching Standards, artifacts supporting the reflections showing your work as a teacher and your students' work, lesson plans written and taught in field experiences, field experience assessments, and clinical assessments during student teaching.
7. Teacher Performance Assessment, EdTPA (see explanation below):  
This is a performance-based test in which student teachers plan, instruct, and assess a visual arts lesson plan for K-12 following the requirements outlined in the EdTPA Handbook. Among these requirements student teachers must show strong curriculum based on four types of objectives, the use of academic language derived from the research of art content and contexts, and cohesive sequencing of art appreciation, artmaking, and art critique. Along with all this, students should demonstrate a theoretical use of visual art learning theory, elaborated skills in the documentation of in-progress and finalized student work, and an ability to reflect on their own teaching, as a way to inform the following steps in their instructional sequence.

## Program-to-Program Articulation Agreements

The Department of Art & Design has Program-to-Program Articulation Agreements with several regional and international institutions, including the following agreements with the Milwaukee Area Technical College's (MATC) Graphic Design Associate Degree Program, Waukesha County Technical College's (WCTC) Graphic Design Associate Degree Program, and with the Hubei University of Technology in Wuhan, China.

### MATC Graphic Design Associate Degree and UWM Bachelor of Arts (Art) in Design Studies Degree Program

MATC students who have successfully completed the Graphic Design AAS degree will be granted junior status in the UWM PSO A&D BA in Design Studies program.

Laptops are required for the BA in Design Studies program.

Students need a 2.50 GPA from MATC and need to complete the OWC-A and QL-A requirements for UWM while at MATC. It's advisable that students also complete the Social Sciences, Natural Sciences, and

Cultural Diversity GER requirements as part of their MATC Graphic Design Associate Degree. Students should select from approved GER courses (SS, NS, NS+, CD/&). Students need to complete the UWM Foreign Language proficiency: two years of the same Foreign Language in High School, or two semesters of Foreign Language at MATC or UWM.

MATC students will enter the Department of Art & Design with up to 72 credits, and will take 58 credits minimum to complete the BA in Design Studies.

Program-to-Program transfer courses/credits are accepted only for the program/degree specified in this agreement. A change of major/degree/program invalidates these courses/credits for transfer unless they are approved within another Program-to-Program Articulation Agreement for a different major/degree/program at UWM.

### WCTC Graphic Design Degree and UWM Bachelor of Arts (ART) in Design Studies Degree Program

WCTC students who have successfully completed the Graphic Design AAS degree will be granted junior status in the UWM PSO A&D BA in Design Studies program.

Laptops are required for the BA in Design Studies program.

Students need a 2.5 GPA from WCTC and need to complete the prerequisite to OWC-A (801-195) and QL-A (804-118) requirements for UWM while at WCTC. It's advisable that students also complete the Social Sciences requirements as part of their WCTC Graphic Design

Associate Degree. Students should select from approved GER courses (SS). Students need to complete the UWM Foreign Language proficiency: 2 years of the same Foreign Language in High School, or 2 semesters of Foreign Language at WCTC or UWM.

WCTC students will enter the Department of Art & Design with up to 67 credits, and will take 56 credits minimum to complete the BA in Design Studies.

Program-to-Program transfer courses/credits are accepted only for the program/degree specified in this agreement. A change of major/degree/program invalidates these courses/credits for transfer unless they are approved within other Program-to-Program Articulation Agreement for a different major/degree/program at UWM.

### Four-semester course sequence for completion of the WCTC/UWM BA in Design Studies at UWM:

### HUBEI 3+1 Bachelor of Arts (ART) Degree Programs

The Department of Art & Design and the Hubei University of Technology in Wuhan, China, have created a unique program for the students at Hubei University to finish their BA degree at UWM. There are two 3+1 BA tracks: Design Studies and Digital Fabrication and Design.

Laptops are required for both 3+1 BA programs. The goal of the Peck School of the Arts laptop requirement is to provide the opportunity for students to work extensively and intuitively with the most significant

contemporary tool for their work so that they will excel not only in their courses but also in their profession after they graduate.

### Hubei 3+1 BA in Design Studies

Students will enter UWM with 90 credits towards the BA in Design Studies (see sequence for Freshman, Sophomore, and Junior years above). The Senior year sequence of courses at UWM for the Hubei 3+1 BA in Design Studies follows:

Course	Title	Credits
<b>Year 4</b>		
<b>Summer</b>		
Optional: <sup>1</sup>		
EAP course (3 cr.)		
Art Directed Elective (3 cr.)		
<b>Credits</b>		<b>0</b>
<b>Fall</b>		
EAP 118		3
ART 309	Issues in Contemporary Art: (Visiting Artist Lecture Series)	3
ART 321	Design and Visual Communication I	3
ART 324	Web Design	3
ART 604	Professional Practices	3
<b>Credits</b>		<b>15</b>
<b>Spring</b>		
ENGLISH 102	College Writing and Research	3
ART 212	Creative Technologies	3
ART 427	Advanced Design Workshop: (Design Studies BA Supervision)	1
ART 505	BA Project	3
ART 509	Art & Design Seminar:	3
ART 524	Professional Practice in Design:	3
<b>Credits</b>		<b>16</b>
<b>Total Credits</b>		<b>31</b>

<sup>1</sup> Note: Summer Session is optional. Students who participate in summer session have the opportunity to gain more English language experience before beginning the fall semester, and also have the option to take extra electives during the year or spread out the required courses over 2 semesters + summer for a less-full workload.

### HUBEI 3+1 BA in Design and Digital Fabrication

Students will enter UWM with 90 credits towards the BA in Digital Fabrication and Design (see sequence for Freshman, Sophomore, and Junior years above). The Senior year sequence of courses at UWM for the Hubei 3+1 BA in Design and Digital Fabrication follows:

Course	Title	Credits
<b>Year 4</b>		
<b>Summer</b>		
Optional: <sup>1</sup>		
EAP course (3 cr.)		
Art Directed Elective (3 cr.)		
<b>Credits</b>		<b>0</b>
<b>Fall</b>		
EAP 118		3
ART 309	Issues in Contemporary Art: (Visiting Artist Lecture Series)	3
ART 378	Industrial Processes and Fabrication	3
ART 578	Research in Digital Fabrication and Craft: (subtitle)	3
ART 604	Professional Practices	3
<b>Credits</b>		<b>15</b>

Spring		
ENGLISH 102	College Writing and Research	3
ART 478	Digital Fabrication and Craft	3
ART 505	BA Project	3
ART 509	Art & Design Seminar	3
ART 612	Senior Project in Digital Studio Practice	3
<b>Credits</b>		<b>15</b>
<b>Total Credits</b>		<b>30</b>

<sup>1</sup> Note: Summer Session is optional. Students who participate in summer session have the opportunity to gain more English language experience before beginning the fall semester, and also have the option to take extra electives during the year or spread out the required courses over 2 semesters + summer for a less-full workload.

## Contact Information

**Advising & Student Services**  
Theatre Building, Room 120

[uwm.edu/arts/students/advising/](http://uwm.edu/arts/students/advising/) (<http://uwm.edu/arts/students/advising/>)

## Art and Design, Minor: Design

Students choose between the Studio Minor (2D, 3D, and Digital Tracks), the Design Minor and the Photography Minor. Students must take note of prerequisites for 200-level and above coursework in Art & Design.

All students interested in enrolling as an Art & Design minor should contact the Art & Design Department undergraduate advisor to develop a plan of study prior to enrolling in art courses.

Students who decide to become Art & Design majors based on their Art & Design minor experience will need to complete the remaining First Year Program credits and the 200-level introductory studio courses prior to continuing with the remaining BA or BFA requirements.

## Requirements

The Art & Design Minor in Design consists of a minimum of 21 art credits. 12 of the final 15 credits must be taken at UWM. Art & Design minor students must maintain an overall GPA of 2.5.

Code	Title	Credits
<b>Required</b>		
ART 108	2D Studio: Concept, Color and Composition	3
ART 118	Digital Arts: Culture, Theory, Practice	3
ART 124	Design Survey	3

### Required 200-level Intro

ART 221	Introduction to Design	3
ART 223	Introduction to Typography	3
<b>300-level and Above</b>		
Select 6 credits from the following courses: <sup>1</sup>		6
ART 324	Web Design	
ART 325	Web Design II	
ART 329	Package Design	
ART 423	Experimental Typography	
ART 426	Motion Graphics	
ART 427	Advanced Design Workshop:	
<b>Total Credits</b>		<b>21</b>

<sup>1</sup> Select 6 credits of 300-level or above electives in Design from the list, in consultation with PSOA Academic Advising and Head of Design & Visual Communication. Students must be aware of the prerequisites for the 300+ level courses they wish to take. Design minor students are not eligible to take Design and Visual Communication Required Core Courses.

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Art and Design, Minor: Photography

Students choose between the Studio Minor (2D, 3D, and Digital Tracks), the Design Minor and the Photography Minor. Students must take note of prerequisites for 200-level and above coursework in Art & Design.

All students interested in enrolling as an Art & Design minor should contact the Art & Design Department undergraduate advisor to develop a plan of study prior to enrolling in art courses.

Students who decide to become Art & Design majors based on their Art & Design minor experience will need to complete the remaining First Year Program credits and the 200-level introductory studio courses prior to continuing with the remaining BA or BFA requirements.

## Requirements

The Art and Design Minor in Photography consists of a minimum of 18 art credits. 12 of the final 15 credits must be taken at UWM. Art & Design minor students must maintain an overall GPA of 2.5.

Code	Title	Credits
<b>Required</b>

## Art and Design, Minor: Studio Arts

Students choose between the Studio Minor (2D, 3D, and Digital Tracks), the Design Minor and the Photography Minor. Students must take note of prerequisites for 200-level and above coursework in Art & Design.

All students interested in enrolling as an Art & Design minor should contact the Art & Design Department undergraduate advisor to develop a plan of study prior to enrolling in art courses.

Students who decide to become Art & Design majors based on their Art & Design minor experience will need to complete the remaining First Year Program credits and the 200-level introductory studio courses prior to continuing with the remaining BA or BFA requirements.

## Requirements

The Art and Design Minor in Studio Arts consists of a minimum of 18 art credits. 12 of the final 15 credits must be taken in residence at UWM. Art & Design minor students must maintain an overall GPA of 2.5.

Code	Title	Credits
<b>Beginning Courses</b>		
<i>Select 3 credits from the following</i>		<b>3</b>
ART 100	American Art and Culture	
ART 106	Art Survey: Creative Practice, Culture and Context	
ART 124	Design Survey	
ART 150	Multicultural America	
ART 152	Photography Survey	
<i>Select 6 credits from the following<sup>2</sup></i>		<b>6</b>
ART 101	Drawing I <sup>1</sup>	
ART 108	2D Studio: Concept, Color and Composition	
ART 109	3D Studio: Form, Idea and Technique	
ART 118	Digital Arts: Culture, Theory, Practice	
<b>200-level Introductory Courses<sup>2</sup></b>		<b>3-6</b>
<i>Select 3-6 credits</i>		
<b>300-level and Above<sup>2</sup></b>		<b>3-6</b>
<i>Select 3-6 credits</i>		
<b>Total Credits</b>		<b>18</b>

<sup>1</sup> ART 107 with the subject Beginning Drawing can be substituted for ART 101: Drawing 1 as they are a stacked course offering.

<sup>2</sup> Students should select all their courses with prerequisites and media specificity in mind, and discuss media pathways with PSOA Academic Advising. Students who elect to take 6 credits of 200-level courses will take 3 credits of 300+ coursework; students who elect to take 3 credits of 200-level courses will take 6 credits of 300+ coursework.

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Art Education, BFA

This undergraduate degree prepares students to teach art both in schools and in the community. Once students are admitted to the Art & Design program, they can apply to the Art Education program through ART ED 227 (see Advance to Major (p. 112)). In addition to satisfying the core curriculum, art education students also must take required art history and critical thinking courses, and three education courses. They are required to take studio courses from both 2D and 3D disciplines, and to focus their choices of studio electives to develop an emphasis in an area. In addition to top-notch studio preparation in a wide range of media, our students focus on urban issues and art education for social justice. Theory is integrated into practical early field and student teaching experiences. Throughout the program, assessment is aligned with the requirements for licensure under "PI-34," the state law governing certification in Wisconsin. Students who demonstrate mastery of the knowledge, skills, and dispositions of professional educators during student teaching are recommended to the Department of Public Instruction in the State of Wisconsin for a PK4-12 teaching license.

## Requirements

### Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

### Credit Overview

<sup>1</sup> Consult your academic advisor in the Peck School of the Arts Student Services Office for requirements in the Core Curriculum. PSOA Arts Distribution Requirement for Art Education is part of the 45-credit Core: 6 credits outside of Art & Design, in 2 of the 4 other departments in PSOA: Dance, Music, Theatre, or Film, Video, Animation, and New Genres.

<sup>2</sup> The 12 Art History credits count in the Core Curriculum. Six credits (ARTHIST 101 and ARTHIST 102) count as Humanities GER.

<sup>3</sup> 300+ level Studio Course

## Art & Design Undergraduate Admission Requirements

See the Admission section (p. 105) of the Art & Design department page for undergraduate admission requirements.

## Art Education Advancement to Major

Art Ed Intended designation is given to all students intending to pursue the BFA (Art Education). Art Ed Intended students will get priority registration in art courses over non-art majors. Art Ed Intended students may apply to this program upon completion of 30 art credits if the following requirements have been fulfilled:

1. First Year Program courses in art (see Art Education BFA requirements (p. 110)).
2. Oral and Written Communication Competency (Part A).
3. Quantitative Literacy Competency (Part A).
4. Communication Proficiency.
5. 2.75 cumulative grade point average (GPA).
6. Dept. of Public Instruction (DPI) Act 31 requirement. (This can be met by taking the Act 31 Workshop, HIST 263, AIS 203, ANTHRO 213, or ENGLISH 276, subtitled "Literature, History, and Sovereignty of Upper Midwest Indians" only).
7. Completion of ART ED 227 Introduction to Art Education, with a B or higher.

After successful completion of the above, students should contact the Peck School of the Arts Student Services Office by April 15 to get permission to enroll in ART ED 327 .

For further details and procedures, see the teacher certification degree requirements (p. 101) on the Peck School of the Arts catalog page.

## Art Education Certification Requirements

Following admission to the Art Education Program, and successful completion of the specified Art Education course of studies, a student seeking recommendation for teacher certification must successfully fulfill the following requirements:

1. fulfill all degree requirements;
2. fulfill the field experience requirement;

3. maintain a 2.75 cumulative GPA or higher while being in the program;
4. maintain a 3.0 or higher in content area courses (Art & Art History) or pass the Praxis II Art Content Exam;
5. successfully complete student teaching; and
6. demonstrate mastery of the knowledge, skills, and dispositions necessary for a career in the field of art education through the use of a **Teaching Portfolio** (see description below):

The Art Education Area and the Wisconsin Department of Public Instruction require that students compile a teaching portfolio that demonstrates teaching proficiency. The required reflections, artifacts, statements, and assessment composing this portfolio will be compiled mostly as a part of their major two art education methods classes (ART ED 327 and ART ED 328). Fewer documents will be produced during their student teaching capstone classes (ART ED 425 and ART ED 426). Some of the documents that this portfolio includes are: copy of current resume, teaching philosophy, reflections on the Ten Wisconsin Teaching Standards, artifacts supporting the reflections showing your work as a teacher and your students' work, lesson plans written and taught in field experiences, field experience assessments, and clinical assessments during student teaching.

7. Teacher Performance Assessment, EdTPA (see explanation below): This is a performance-based test in which student teachers plan, instruct, and assess a visual arts lesson plan for K-12 following the requirements outlined in the EdTPA Handbook. Among these requirements student teachers must show strong curriculum based on four types of objectives, the use of academic language derived from the research of art content and contexts, and cohesive sequencing of art appreciation, artmaking, and art critique. Along with all this, students should demonstrate a theoretical use of visual art learning theory, elaborated skills in the documentation of in-progress and finalized student work, and an ability to reflect on their own teaching, as a way to inform the following steps in their instructional sequence.

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Art, BA: Community Arts

The Bachelor of Arts degree offers students a studio art experience to complement a broad exposure to the humanities, fine arts, social sciences, and natural sciences. Bachelor of Arts (Art) students have two course tracks to choose from: Studio Arts and Community Arts.

The Community Arts track is geared towards students interested in social engagement, environmental issues, community building, public art, and placemaking. Community Arts courses highlight art practices that integrate collaborative processes, social cooperation and service-learning experiences. They will be prepared to work as artists in grassroots organizations, community institutions, non-profit arts organizations, and educational institutions.

Students in the Community Arts track augment their studio research by completing the Cultures and Communities Certificate. As their capstone work, Community Arts BA students develop and execute a self-directed BA Project which is the culmination of their Community Arts research.

The courses required and recommended for this track are listed on the "Requirements" tab. The "Plan of Study" tab suggests course sequencing across all four years so students can meet the degree requirements.

## Requirements

### Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

ART 291	Introduction to Printmaking & Book Arts (subtitle)	
ART ED 227	Introduction to Art Education	

**Community Arts Core**

ART 306	Introduction to Community Art <sup>1</sup>	3
ART 406	Community Arts II	3
ART 309	Issues in Contemporary Art: or ART 509 Art & Design Seminar.	3

**Studio Focus**

Students must select 2 studio courses (6 credits) at the 300-level or above. Be aware of prerequisites, and choose Introductory Studios with prerequisite requirements in mind.

**Directed Electives**

Select 27 credits from Peck School of the Arts or the University <sup>2</sup> 27

**Total Credits** 51

<sup>1</sup> Course number 150 Multicultural America (any discipline) is a prerequisite to ART 306, and can be taken as a Directed Elective or as a University Core class in the fall semester of the sophomore year.

<sup>2</sup> Choose courses from Peck School of the Arts or the University. At least 15 credits must be at the 200 level or above. BA Community Arts students are required to complete the Cultures and Communities Certificate (<https://catalog.uwm.edu/letters-science/cultures-communities-undergraduate-certificate/>) (15 credits total). Courses in Directed Electives should be chosen to count towards this certificate. Students should select their Cultures and Communities Certificate courses to include some classes above the 100-level. Some Art and Design courses in Community Arts program will also count towards the certificate.

**Sophomore Proficiency Review (between 30-60 earned credits)**

All sophomores are required to participate in the Sophomore Scholarship Competition. The review is designed to serve as an advisement opportunity to provide students direction as to how they might proceed through the program. Upon completing the review, students will plan their coursework within their studio pathway.

**Plan of Study**

**Recommended Four-Year Sequence in Community Arts**

Year 1		Credits
<b>Fall</b>		
(Includes OWC-A and QL-A Requirements) Students must be aware of the prerequisites for the 200-level course they wish to take in the second semester of the First Year and enroll in the appropriate First Year Program courses in fall.

<sup>1</sup> Consult your academic advisor in the Peck School of the Arts Student Services Office for requirements in the Core Curriculum. PSOA Arts

Distribution Requirement is part of the 45-credit Core: 9 credits outside of Art & Design, in 3 of the 4 other departments in PSOA: Dance, Music, Theatre, or Film, Video, Animation, and New Genres.

<sup>2</sup> The 30 credits Directed Electives can be courses in Art & Design and/or other disciplines to be chosen in conjunction with Art & Design Undergraduate advisor, followed by faculty in the areas of interest. Courses required to satisfy the Cultures and Communities Certificate (p. 980) can be part of the Directed Electives or University Core. 150 Multicultural America is a prerequisite for ART 306, and is recommended as a Directed Elective.

<sup>3</sup> Six credits (ARTHIST 101 and ARTHIST 102) count as Humanities GER.

<sup>4</sup> ART 306 and ART 406 are stacked courses - one must be taken in a Spring semester and the other in a Fall semester in order to avoid repeated assignments.

## Art & Design Undergraduate Admission Requirements

To be admitted in good standing, applicants (incoming freshmen and transfer students) must meet general University requirements (p. 15). After being admitted to UWM and indicating Art as your chosen major, no further steps are required for acceptance into the Department of Art & Design.

## Scholarships

Declared majors in Art & Design should fill out the general scholarship application and department application (if applicable) by logging in to the Panther Scholarship Portal.

In addition, incoming undergraduate students should visit the Peck School of the Arts scholarship page for details on portfolio submissions.

## Advancement to Major

Students accepted into the Art & Design program receive priority registration over non-art majors. To advance to the Art & Design major, students must complete the requirements outlined below:

1. Complete First Year Program courses (15 credits; see course list below).
2. Oral and Written Communications Competency Part A (OWC-A).
3. Quantitative Literacy Competency Part A (QL-A).
4. A cumulative GPA of 2.5 or higher.
5. Students pursuing the Design and Visual Communication BFA have additional requirements: complete ART 124, ART 221, and ART 223 with a B- or better; and pass the Design and Visual Communication Portfolio review.
6. Students should complete the above to advance to major within the first 45 credits.

Code	Title	Credits
ART 101	Drawing I	3
ART 106	Art Survey: Creative Practice, Culture and Context	3
ART 108	2D Studio: Concept, Color and Composition	3
ART 109	3D Studio: Form, Idea and Technique	3
ART 118	Digital Arts: Culture, Theory, Practice	3
<b>Total Credits</b>		<b>15</b>

## Appeal Process

An appeal process is established for students who do not meet the department's criteria for classification, GPA, and area of concentration enrollment management requirements. The appeal process will provide an opportunity for individual students to request advancement to the art major or enrollment into courses as exceptions to the department's enrollment policies based on defined, pre-determined conditions. All appeals are to be directed to the Undergraduate Advisor or PSOA advisor, who will forward the appeals to the department chair or appropriate appeals committee. The department chair or appeals committee will consult with the First Year Program Director, area head, faculty, advisors, and student if necessary before making a decision.

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Art, BA: Studio Arts

The Bachelor of Arts degree offers students a studio art experience to complement a broad exposure to the humanities, fine arts, social sciences, and natural sciences. Bachelor of Arts (Art) students have two course tracks to choose from: Studio Arts and Community Arts.

Students in the Studio Arts track augment their studio research with 9 credits of Academic Focus coursework in a single academic discipline as well as 21 credits of Directed Electives which can be taken as studio or academic courses. In their final two semesters, Studio Arts BA students develop and execute a self-directed BA Project which is the culmination of their studio and academic research.

The courses required and recommended for this track are listed on the "Requirements" tab. The "Plan of Study" tab suggests course sequencing across all four years so students can meet the degree requirements.

## Requirements

### Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

### Credit Overview

<b>Studio Focus</b>		
Select 12 credits from ART 300+ approved studio courses chosen in consultation with advisor <sup>1</sup>		12
<b>Academic Focus</b>		
Select 9 credits within same department outside of Art & Design <sup>2</sup>		9
<b>Directed Electives</b>		
Select 21 credits from Peck School of the Arts or the University <sup>3</sup>		21
<b>Total Credits</b>		<b>51</b>

<sup>1</sup> Students with an interest in a specific studio discipline are encouraged to discuss curricular pathways with their academic advisor.

<sup>2</sup> Students must choose three academic courses (9 credits) within the same department outside of Art & Design to serve as their academic focus. This academic focus is intended to help inform their BA Project research. BA students are encouraged to consider completing a relevant Minor or Certificate program using Academic Focus and Directed Elective credits.

<sup>3</sup> Choose courses from Peck School of the Arts or the University. At least 12 credits must be at the 200 level or above. BA students are encouraged to consider completing a relevant Minor or Certificate program using Academic Focus and Directed Elective credits.

### Sophomore Proficiency Review (between 30-60 earned credits)

All sophomores are required to participate in the Sophomore Scholarship Competition. The review is designed to serve as an advisement opportunity to provide students direction as to how they might proceed

through the program. Upon completing the review, students will plan their coursework within their studio pathway.

## Plan of Study

### Recommended Four-Year Sequence in BA in Studio Arts

Year 1		Credits
<b>Fall</b>		
(Includes OWC-A and QL-A Requirements.) Students must be aware of the prerequisites for the 200-level course they wish to take in the second semester of the First Year and enroll in the appropriate First Year Program courses in fall.		
ART 101	Drawing I	3
ART 106	Art Survey: Creative Practice, Culture and Context	3
ART 108 or ART 109	2D Studio: Concept, Color and Composition or 3D Studio: Form, Idea and Technique	3

Directed Elective <sup>2</sup>	3
University Core <sup>1</sup>	3
<b>Credits</b>	<b>15</b>
<b>Total Credits</b>	<b>120</b>

<sup>1</sup> Consult your academic advisor in the Peck School of the Arts Student Services Office for requirements in the Core Curriculum. PSOA Arts Distribution Requirement is part of the 45-credit Core: 9 credits outside of Art & Design, in 3 of the 4 other departments in PSOA: Dance, Music, Theatre, or Film, Video, Animation, and New Genres.

<sup>2</sup> The 21 credits Directed Electives can be courses in Art & Design and/or other disciplines to be chosen in conjunction with Art & Design Undergraduate advisor, followed by faculty in the areas of interest; 12 of these credits must be at the 200-level or above.

<sup>3</sup> Six credits (ARTHIST 101 and ARTHIST 102) count as Humanities GER.

<sup>4</sup> Students must choose three academic courses (9 credits) within the same department outside of Art & Design to serve as their academic focus. This academic focus is intended to help inform their BA Project research. BA students are encouraged to consider completing a relevant Minor or Certificate program using Academic Focus and Directed Elective credits.

## Art & Design Undergraduate Admission Requirements

To be admitted in good standing, applicants (incoming freshmen and transfer students) must meet general University requirements (p. 15). After being admitted to UWM and indicating Art as your chosen major, no further steps are required for acceptance into the Department of Art & Design.

## Scholarships

Declared majors in Art & Design should fill out the general scholarship application and department application (if applicable) by logging in to the Panther Scholarship Portal.

In addition, incoming undergraduate students should visit the Peck School of the Arts scholarship page for details on portfolio submissions.

## Advancement to Major

Students accepted into the Art & Design program receive priority registration over non-art majors. To advance to the Art & Design major, students must complete the requirements outlined below:

1. Complete First Year Program courses (15 credits; see course list below).
2. Oral and Written Communications Competency Part A (OWC-A).
3. Quantitative Literacy Competency Part A (QL-A).
4. A cumulative GPA of 2.5 or higher.
5. Students pursuing the Design and Visual Communication BFA have additional requirements: complete ART 124, ART 221, and ART 223 with a B- or better; and pass the Design and Visual Communication Portfolio review.
6. Students should complete the above to advance to major within the first 45 credits.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Art, MA: Design Entrepreneurship and Innovation

**The Art & Design department is currently not accepting applications to the Art MA: Design Entrepreneurship and Innovation program.**

The Master of Arts in Art: Specialization in Design Entrepreneurship + Innovation is a 30-credit program wherein students will merge design thinking, innovation, theory and contemporary design practice to develop

design solutions that affect positive social, economic and technological change.

The Department of Art and Design offers graduate programs of study in art and design. The Master of Arts in Art is a 30-credit program with two areas of specialization: Studio Art and Design Entrepreneurship + Innovation.

Full-time students normally complete the MA degree within 4 semesters.

The Department's facilities and services include fully equipped studios housed in the Kenilworth Square East building and the main campus Art Building.

The Peck School of the Arts' Kenilworth Square East (KSE) Gallery provides a year-round schedule of exhibitions, with galleries that are housed in the Kenilworth Square East building, a research facility approximately one mile from campus. The Department of Art and Design offers a schedule of workshops and special lectures each year. In addition, graduate student studios are located in the Kenilworth Square East building.

Frederick R. Layton Fellowships are awarded each year to incoming and continuing graduate students. Information and application forms are in the Panthera Application (<https://graduateschool-apply.uwm.edu/>).

A limited number of Teaching Assistantships and Project Assistantships are offered through the Department of Art and Design. Information and application forms are in the Panthera Application (<https://graduateschool-apply.uwm.edu/>).

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements plus these departmental requirements to be considered for admission to the program:

1. An undergraduate major or minor in art or design, or related field, or a body of work that demonstrates professional or research interest in design thinking and/or making.
2. Submission of a digital portfolio with 20 images of original work or other examples of design making, design thinking or design research.
3. Submission of a brief description of each work sample included in the digital portfolio.
4. Submission of a written personal statement of the proposed program of study.
5. Three (3) letters of recommendation.

See the department's website for more details, including required file formats and submission process for application materials.

Applicants may be admitted to the program with specific program-defined course deficiencies. The student is expected to satisfy deficiency requirements within three enrolled semesters. The Office of Graduate

Studies in the Department of Art and Design monitors the deficiencies. Deficiency course credits may not be applied towards the degree.

## Credits and Courses

Minimum degree requirement is 30 graduate credits. At least 18 credits must be taken in Art and Design and at least 6 credits must be taken in Complementary Studies outside of Art and Design. Consult the Department of Art and Design Office of Graduate Studies for a list of approved courses in Complementary Studies.

All graduate students in the Department of Art and Design must be enrolled full-time for at least one semester, earning a minimum of 8 credits during that semester. Graduate students with a PA or TA appointment are considered full-time earning a minimum of 6 credits per semester.

## Additional Requirements

### Advising

Upon admission, the Director of Graduate Studies in the Department of Art and Design in consultation with the Graduate Faculty will assign the incoming graduate student to a First Year Advisory Team. The head Advisor will contact the student and the Advisory Team at the beginning of the student's first semester to arrange a schedule for meetings to discuss course enrollment and the first year studio research agenda.

By the end of the student's second semester in the program, the student must select a Major Professor, and in consultation with the Major Professor, assemble his or her Graduate Thesis Committee. The committee consists of three or more members (usually not larger than four). At least three members must be graduate faculty, and at least two must be from the Department of Art & Design. At least one member of the committee must be a faculty member in the student's area of focus. If a student desires, the fourth member of the committee may be from outside the university. The student's Major Professor will serve as the Chair of the student's Graduate Thesis Committee.

A student who wishes to change his/her designated MA specialization must first apply and be accepted into the specialization. The student would make this decision in consultation with his or her Thesis Committee and the Director of Graduate Studies. If the student is accepted into the specialization, he or she will assemble a new Thesis Committee and select a new Major Professor, if necessary.

If the student's major professor takes a leave of absence or leaves the University, the student should contact the Director of Graduate Studies in the Department of Art and Design for advice in selecting a new major professor, and notify the Director of subsequent changes to the student's committee.

### Transfer of Credits

Upon admission, an applicant may be permitted to transfer a maximum of 12 graduate credits earned at another institution. However, the student must apply to the Graduate School for an evaluation of such credits to determine if they are acceptable for transfer to the MA program.

### Graduate Review

Each year, the student must participate in at least one Graduate Review.

### MA Thesis

Upon recommendation of the Graduate Thesis Committee, the student will complete a MA Thesis project and presentation of the work executed during the student's graduate studies. The MA Thesis may be a gallery exhibition, public performance, pitch session, or another form appropriate

to the student's research, and must be approved by the student's Major Professor.

### Comprehensive Examination

The student must pass a final oral and written examination.

### Time Limit

The UWM Graduate School requires that students complete all degree requirements within five years of initial enrollment.

## Art, MA: Studio Art

The Department of Art and Design offers two graduate programs of study in art and design. The Master of Arts in Art is a 30-credit program with two areas of specialization: Studio Art and Design Entrepreneurship + Innovation.

Full-time students normally complete the MA degree within 4 semesters.

The Department's facilities and services include fully equipped studios housed in the Kenilworth Square East building and the main campus Art Building.

The Peck School of the Arts' Kenilworth Square East (KSE) Gallery provides a year-round schedule of exhibitions, with galleries that are housed in the Kenilworth Square East building, a research facility approximately one mile from campus. The Department of Art and Design offers a schedule of workshops and special lectures each year. In addition, graduate student studios are located in the Kenilworth Square East building.

Frederick R. Layton Fellowships are awarded each year to incoming and continuing graduate students. Information and application forms are in the Panthera Application (<https://graduateschool-apply.uwm.edu/>).

A limited number of Teaching Assistantships and Project Assistantships are offered through the Department of Art and Design. Information and application forms are in the Panthera Application (<https://graduateschool-apply.uwm.edu/>).

## Requirements

### Admission Requirements

#### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

#### Admission

An applicant must meet Graduate School requirements plus these departmental requirements to be considered for admission to the program:

1. An undergraduate major in art, or related field, including at least 40 studio credits and at least 45 academic credits outside the major.
2. Submission of a digital portfolio with 20 images of original work.
3. Submission of a written personal statement of the proposed program of study.
4. Three (3) letters of recommendation.

See the department's website for more details, including required file formats and submission process for application materials.

### Graduate Review

Each year, the student must participate in at least one Graduate Review.

### Thesis Exhibition

Upon recommendation of the Graduate Thesis Committee, the student presents a thesis exhibition or presentation of work centering on the student's area of focus and executed during graduate studies.

### Comprehensive Examination

The student must pass a final oral and written examination.

### Time Limit

The UWM Graduate School requires that students complete all degree requirements within five years of initial enrollment.

## Art, MFA

The Department of Art and Design offers two graduate programs of study in art and design. The Master of Fine Arts in Art is a 60-credit program.

Full-time students normally complete the MFA degree within 6 semesters.

The Department's facilities and services include fully equipped studios housed in the Kenilworth Square East building and the main campus Art Building.

The Peck School of the Arts' Kenilworth Square East (KSE) Gallery provides a year-round schedule of exhibitions, with galleries that are housed in the Kenilworth Square East building, a research facility approximately one mile from campus. The Department of Art and Design offers a schedule of workshops and special lectures each year. In addition, graduate student studios are located in the Kenilworth Square East building.

Frederick R. Layton Fellowships are awarded each year to incoming and continuing graduate students, depending on funding. Visit the MFA website (<https://uwm.edu/arts/academics/art-mfa/>) to obtain information and application forms.

A limited number of Teaching Assistantships and Project Assistantships are offered through the Department of Art and Design. Visit the MFA website (<https://uwm.edu/arts/academics/art-mfa/>) to obtain information and application forms.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements plus these departmental requirements to be considered for admission to the program:

1. An undergraduate major in art, or a related field, including at least 40 studio credits and at least 45 academic credits outside the major.
2. Submission of a digital portfolio with 20 images of original work.
3. Submission of a written personal statement of the proposed program of study.
4. Three (3) letters of recommendation.

See the department’s website for more details, including required file formats and submission process for application materials.

At the completion of 30 graduate credits (minimum 18 credits studio art, 3 credits Art History, 3 credits of graduate-level coursework in a discipline related to the student’s research interests, and 6 credits graduate art seminar), the MFA candidate is required to complete a mid-program review. The mid-program review consists of a written reflection on the first 30 credits of study in the program, a plan of action for the final 30 credits and MFA Thesis Exhibition, and a presentation (to the student’s Thesis Committee) of a body of work completed during the first 30 credits. After the Thesis Committee approves this mid-program review, the student may proceed to the final 30 graduate credits, MFA Thesis and oral and written qualifying examinations.

If the applicant already holds the Master of Science or Master of Arts degree, the applicant must submit graduate transcripts in addition to the digital portfolio, personal statement, and three letters of recommendation. If the MS or MA degree is approved by the UWM Graduate School and the Director of Graduate Studies in the Department of Art and Design (in consultation with the Graduate Faculty), the MFA candidate will complete 30 credits toward the MFA degree.

Applicants may be admitted to the program with specific program-defined course deficiencies.

The student is expected to satisfy deficiency requirements within three enrolled semesters. The Office of Graduate Studies in the Department of Art and Design monitor the deficiencies. Deficiency course credits may not be applied towards the degree.

### Credits and Courses

Minimum degree requirement is 60 graduate credits for MFA candidates who do **not** hold an MA or MS degree. Sixty-credit degree candidates plan a program of studies that includes the following:

Code	Title	Credits
Select 36-42 credits in studio art		36-42
Select 3 credits in Art History		3
ART 901	Seminar in Art-Philosophy and Concepts	3
Select 6 additional credits in graduate art seminar		6
Select 6-12 credits in graduate-level coursework in a discipline related to the student’s research interests		6-12
<b>Total Credits</b>		<b>60</b>

### MFA Candidates Holding Previous MA or MS Degrees

Minimum degree requirements for MFA candidates holding a previous MA or MS degree is 30 graduate credits. 30-credit degree candidates plan a program of studies that includes the following:

Code	Title	Credits
Select 3 credits in a graduate art seminar		3
Select 18 to 24 credits in studio art		18-24
Select 3 credits in a graduate-level course in a discipline related to the student’s research interests		3
Select 0 – 6 credits in areas related to student’s research interests		0-6
<b>Total Credits</b>		<b>30</b>

All graduate students must be enrolled full-time for at least one semester, earning a minimum of 8 credits during that semester. Graduate students with a PA or TA appointment are considered full-time earning a minimum of 6 credits per semester.

### Additional Requirements

#### Advising

Upon admission, the Director of Graduate Studies in the Department of Art and Design in consultation with the Graduate Faculty will assign the incoming graduate student to a First Year Advisory Team. The head Advisor will contact the student and the Advisory Team at the beginning of the student’s first semester to arrange a schedule for meetings to discuss course enrollment and the first year studio research agenda.

By the end of the student’s second semester in the program, the student must select a Major Professor, and in consultation with the Major Professor, assemble his or her Graduate Thesis Committee. The committee consists of three or more members (usually not larger than four). At least three members must be UWM graduate faculty, and at least two must be from the Department of Art & Design. At least one member of the committee must be a faculty member in the student’s area of focus. If a student desires, the fourth member of the committee may be from outside the university. The student’s Major Professor will serve as the Chair of the student’s Graduate Thesis Committee.

A student who wishes to change his/her designated area of focus must first apply and be accepted into the new focus. The student would make this decision in consultation with his or her Thesis Committee and the Director of Graduate Studies in the Department of Art and Design. If the student is accepted into the new area of focus, he or she will assemble a new Thesis Committee and select a new Major Professor, if necessary.

If the student’s Major Professor takes a leave of absence or leaves the University, the student should contact the Director of Graduate Studies in the Department of Art and Design for advice in selecting a new Major Professor, and notify the Director of subsequent changes to the student’s committee.

#### Transfer of Credits

Upon admission, an applicant may be permitted to transfer a maximum of 12 graduate credits earned at another institution. However, the student must apply to the Graduate School for an evaluation of such credits to determine if they are acceptable for transfer to the MFA program.

#### Graduate Review

MFA candidates must participate in at least one Graduate Review each academic year.

### Thesis Exhibition

Upon recommendation of the major professor the student presents a thesis exhibition of work executed since admission to the program. The exhibition is held during the semester in which the student completes the coursework for the degree.

### Comprehensive Examination

The student must pass a final oral and written examination.

### Time Limit

The UWM Graduate School requires that the student complete all degree requirements within a specific time limit. A student in the 60-credit MFA program must complete all degree requirements within seven years. A student in the 30-credit MFA program must complete all degree requirements within five years.

## Arts Integration and Learning, Undergraduate Certificate (Peck School of the Arts, Department of Art and Design)

The Certificate in Arts Integration and Learning is a 15 credit, multidisciplinary program offered jointly by the Department of Art and Design in the Peck School of the Arts and the Department of Curriculum & Instruction in the School of Education.

This program is designed to give undergraduate and post baccalaureate students an understanding of best practices in arts integration with an emphasis on project based learning through students' capstone experience. The Certificate is for students in any teacher certification program at the University of Wisconsin-Milwaukee, but especially for Early Childhood Education; Middle Childhood/Early Adolescence Education; Art, Music, Dance, or Theatre Education students who wish to complement their major with an additional concentration in Arts Integration.

The Certificate in Arts Integration and Learning is also open to all students seeking a Bachelor's degree or post baccalaureate certification from UWM and to students who previously received a Bachelor's degree with teacher certification from UWM or any other accredited college or university. Additionally, the Certificate is open to non-degree students who have a strong interest in this area. Students completing the Certificate not in conjunction with a degree must be admitted to the university as non-degree students and meet regular university admission requirements. Students completing the Certificate not in conjunction with a degree are not eligible for financial aid.

### Requirements

The Arts Integration and Learning Certificate consists of 15 credits. Students must achieve a grade point average of 2.5 or above in all courses counting towards the Certificate. Courses counting for the Certificate may not be taken on a credit/no credit basis.

### Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (closed on university holidays)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Community Arts, Undergraduate Certificate

The Certificate in Community Arts is open to all students seeking a Bachelor's degree from UWM, to students who previously received a Bachelor's degree from UWM or any other accredited college or university, and to people who do not plan to pursue a college or university degree

(non-degree students), but who have a strong interest in this subject area. To be admitted to the university as non-degree students, individuals must meet regular university admission requirements (p. 15). Students completing the certificate not in conjunction with a degree are not eligible for financial aid.

The certificate is designed to give students an opportunity to explore art in community settings. It is geared towards those interested in social engagement, environmental issues, community building, public art, and placemaking. Most certificate courses highlight art practices that integrate collaborative processes and social cooperation. Certificate students will also benefit from a minimum of three service-learning experiences. They will be prepared to work as artists in grassroots organizations, community institutions, non-profit arts organizations, and educational institutions.

Interested students should contact the program coordinator as soon as they decide to pursue the Community Arts Certificate. The coordinator's function is to help the student design a program of study from among the available courses and to guide the student in completing that program in sequence.

## Requirements

Students enrolling in the Community Arts Certificate Program are required to earn a minimum of 18 credits. The required credits are organized to be taken sequentially, and range from 200-level courses to 400-level courses. Courses counting for the certificate may not be taken on a credit/no credit basis. Students must achieve a grade point average of 2.5 or above in all courses counting toward the certificate.

Code	Title	Credits
<b>Core</b>		
Select one of the following:		3
ART 101	Drawing I	
ART 108	2D Studio: Concept, Color and Composition	
ART 109	3D Studio: Form, Idea and Technique	
ART 118	Digital Arts: Culture, Theory, Practice	
ART ED 130	Multicultural Art and Visual Learning in Elementary Education	
XXX 150	Multicultural America <sup>1</sup>	3
ART 306	Introduction to Community Art	3
ART 309	Issues in Contemporary Art: (Visiting Artist Lecture Series)	3
ART 406	Community Arts II	3
Select one of the following:		3
ART 309	Issues in Contemporary Art: (subtitle) <sup>2</sup>	
ART 509	Art & Design Seminar: (subtitle) <sup>2</sup>	
<b>Total Credits</b>		<b>18</b>

<sup>1</sup> ART 150 recommended.

<sup>2</sup> Art & Design majors who complete the Certificate in Community Arts must take 9 credits Critical Thinking: ART 309, ART 509 and 3 additional credits in either ART 309 or ART 509. This is because the 3 credits of ART 509 required as part of the BA and BFA degrees do not count towards the Certificate.

Credits earned at other institutions equivalent to courses in the certificate program may be accepted in partial fulfillment of the program requirements, subject to approval by the Certificate Program Committee.

## Design and Visual Communication, BFA

The Bachelor of Fine Arts Degree in Design and Visual Communication offers students autonomy and agency in the face of an ever-changing cultural landscape. The study of graphic design, design methodologies, modes of production, and design histories, provides our students with the skillsets required to actively participate in visual culture, commerce, and communication.

Deeply rooted in community and focused on experimentation and collaboration, our dynamic DVC curriculum meets each student where they're at to foster self-expression, empathy, visual literacy, strategy, and a critical approach to the creation and production of wide array of design artifacts and touch points.

The DVC program places a high degree of value on diverse, equitable, and inclusive viewpoints and approaches. Our emphasis on personal growth and an entrepreneurial mindset prepares students to make meaningful contributions to the field, challenge the status quo, and carve their own path forward.

The aDream Lab, a digital fabrication and design laboratory, offers students access to develop their work with professional-grade 3D printers, vinyl cutter, laser cutter, vacuum former, heat press, wide-format color printer, die-cutting printer, DSLR cameras, photo sweep, lighting kit, fabrication tools, and rapid prototyping supplies. All design students are expected to have their own personal computer.

Additional studio and curricular resources with the Department of Art and Design support interdisciplinary projects. This includes facilities for digital fabrication and design, motion capture, VR and AR as well as the wide range of studio disciplines within the department. In addition, students draw on the extraordinary resources of UW-Milwaukee's courses, centers, films, lectures, and galleries, and especially the extensive research and special book collections of the Golda Meir Library and the American Geographical Society Library, one of the premier collections of its kind in North America, containing over 1.5 million items supporting instruction, research, and outreach at the University of Wisconsin-Milwaukee and around the world.

## Requirements

### Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

<sup>1</sup> Consult your academic advisor in the Peck School of the Arts Student Services Office for requirements in the Core Curriculum. PSOA Arts Distribution Requirement is part of the 45-credit Core: 9 credits outside of Art & Design, in 3 of the 4 other departments in PSOA: Dance, Music, Theatre, or Film, Video, Animation, and New Genres.

<sup>2</sup> Six credits (ARTHIST 101 and ARTHIST 102) count as Humanities GER.

<sup>3</sup> Any Art & Design course not already taken except ART 100 and ART 107.

<sup>4</sup> DVC Electives (choose 12 credits not already taken): ART 325, ART 329, ART 378, ART 405, ART 408, ART 423, ART 424, ART 426, ART 427, ART 478, ART 524, ART 526, ART 528, ART 608 (option to choose one course maximum - ART 391: Book Arts & Letterpress or ART 391: Screenprinting), (option to choose one course maximum - ART 313, ART 327, ART 350, ART 357, ART 458).

<sup>5</sup> Professional Practice course selections include ART 408, ART 524, or ART 608.

## Art & Design Undergraduate Admission Requirements

To be admitted in good standing, applicants (incoming freshmen and transfer students) must meet general University requirements (p. 15). After being admitted to UWM and indicating Art as your chosen major, no further steps are required for acceptance into the Department of Art & Design.

## Scholarships

Declared majors in Art & Design should fill out the general scholarship application and department application (if applicable) by logging in to the Panther Scholarship Portal.

In addition, incoming undergraduate students should visit the Peck School of the Arts scholarship page for details on portfolio submissions.

## Advancement to Major

Students accepted into the Art & Design program receive priority registration over non-art majors. To advance to the Art & Design major, students must complete the requirements outlined below:

1. Complete First Year Program courses (15 credits; see course list below).
2. Oral and Written Communications Competency Part A (OWC-A).
3. Quantitative Literacy Competency Part A (QL-A).
4. A cumulative GPA of 2.5 or higher.
5. Students pursuing the Design and Visual Communication BFA have additional requirements: complete ART 124, ART 221, and ART 223 with a B- or better; and pass the Design and Visual Communication Portfolio review.
6. Students should complete the above to advance to major within the first 45 credits.

Code	Title	Credits
ART 101	Drawing I	3
ART 106	Art Survey: Creative Practice, Culture and Context	3
ART 108	2D Studio: Concept, Color and Composition	3
ART 109	3D Studio: Form, Idea and Technique	3
ART 118	Digital Arts: Culture, Theory, Practice	3
<b>Total Credits</b>		<b>15</b>

## Appeal Process

An appeal process is established for students who do not meet the department's criteria for classification, GPA, and area of concentration enrollment management requirements. The appeal process will provide an opportunity for individual students to request advancement to the art major or enrollment into courses as exceptions to the department's enrollment policies based on defined, pre-determined conditions. All appeals are to be directed to the Undergraduate Advisor or PSOA advisor, who will forward the appeals to the department chair or appropriate appeals committee. The department chair or appeals committee will consult with the First Year Program Director, area head, faculty, advisors, and student if necessary before making a decision.

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Digital Fabrication and Design, Undergraduate Certificate

The Certificate in Digital Fabrication and Design is open to all students seeking a bachelor's degree from UWM, to students who previously received a Bachelor's degree from UWM or any other accredited college or university, and to people who do not plan to pursue a college or university degree (non-degree students), but who have a strong interest in this subject area. To be admitted to the University as non-degree students, individuals must meet regular university admission requirements (p. 15).

Students completing the certificate not in conjunction with a degree are not eligible for financial aid.

This certificate is designed to give students an understanding of the software environments, materials, and equipment used in 2D and 3D digital fabrication excluding architectural scale. The certificate is for students in any major at the University of Wisconsin-Milwaukee, but specifically for Art & Design students who wish to complement their major with an additional concentration in Digital Fabrication.

## Requirements

Students enrolling in the Digital Fabrication and Design Certificate Program are required to earn a minimum of 18 credits. The required credits are organized to be taken sequentially, and range from 200-level courses to 500-level courses. Courses counting for the certificate may not be taken on a credit/no credit basis. Students must achieve a grade point average of 2.5 or above in all courses counting toward the certificate.

Code	Title	Credits
<b>Core</b>		
ART 277	Design for Digital Fabrication	3
ART 278	Introduction to Industrial Craft	3
ART 378	Industrial Processes and Fabrication	3
ART 478	Digital Fabrication and Craft	3
ART 526	Research in Universal Design and Fabrication (subtitle)	3
ART 578	Research in Digital Fabrication and Craft: (subtitle)	3
<b>Total Credits</b>		<b>18</b>

Credits earned at other institutions equivalent to courses in the certificate program may be accepted in partial fulfillment of the program requirements, subject to approval by the Certificate Program Committee.

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

## Studio Art, BFA: Dual Discipline Focus

The Bachelor of Fine Arts in Studio Art program is a pre-professional degree focusing on studio practice and research, preparing students to become successful studio practitioners and professionals in the arts. From the First Year Program coursework through the Senior Capstone

Project, students are encouraged to explore a wide variety of studio practice. During their sophomore year, students choose between the two BFA Studio Art degree plans: Single Discipline Focus and Dual Discipline Focus.

The Dual Discipline Focus curriculum is for students who wish to develop their studio research through interdisciplinary explorations. For their primary focus, students can choose coursework in Ceramics, Creative Technologies, Digital Fabrication, Fibers, Jewelry & Metalsmithing, Painting & Drawing, Photography & Imaging, Printmaking & Book Arts, or Sculpture. For their secondary focus, students can choose coursework from Ceramics, Creative Technologies, Design, Digital Fabrication, Fibers, Jewelry & Metalsmithing, Painting & Drawing, Photography & Imaging, Printmaking & Book Arts, or Sculpture.

Students are encouraged to use electives to explore all the media offered within the Department of Art and Design (listed above) to create a well-informed conceptual, formal and technical studio practice.

## Requirements

### Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

- <sup>2</sup> Counts as 2D-focused course.
- <sup>3</sup> Counts as 3D-focused course.
- <sup>4</sup> Counts as Digital-focused class.

## Degree Requirements

### Studio Concentration: Choose Option 1 or Option 2

#### Option 1: Single Discipline Focus<sup>1</sup>

Code	Title	Credits
<b>Primary Focus</b>		<b>18</b>
Minimum of 18 credits taken at the 300+ level in Art and Design from one of the listed disciplines. (See the studio discipline list for Single Discipline media options.) <sup>2</sup>		
<b>Art and Design Electives</b>		<b>24</b>
Any course offered in Art and Design at the 200+ level. A minimum of 12 credits must be taken at the 300+ level.		
<b>Total Credits</b>		<b>42</b>

- <sup>1</sup> Note: If a listed discipline does not offer enough courses to fulfill the 18 credit hour requirement for a single discipline focus then the student must choose Option 2.
- <sup>2</sup> The following courses may not count towards the student's Primary Focus (18 credits): ART 309, ART 501, ART 509, ART 601, and ART 604. A full list of eligible courses will be available each semester.

#### Single Discipline Focus Studio Disciplines

- Jewelry/Metalsmithing
- Painting/Drawing
- Photography/Imaging
- Printmaking/Book Arts
- Sculpture

#### Option 2: Dual-Discipline Focus

Code	Title	Credits
<b>Primary Focus</b>		<b>12</b>
Minimum of 12 credits taken at the 300+ level in Art and Design from one of the listed disciplines. (See the studio discipline list for Dual-Discipline primary focus media options.) <sup>1</sup>		
<b>Secondary Focus</b>		<b>9</b>
Minimum of 9 credits taken at the 300+ level in Art and Design from one of the listed disciplines. (See the studio discipline list for Dual-Discipline secondary focus media options.) <sup>1</sup>		
<b>Art and Design Electives</b>		<b>21</b>

Any course offered in Art and Design at the 200+ level. A minimum of 12 credits must be taken at the 300+ level.	
<b>Total Credits</b>	<b>42</b>

- <sup>1</sup> The following courses may not count towards the student's Primary or Secondary Foci in the Dual Focus option (18 credits): ART 309, ART 501, ART 509, ART 601, and ART 604. A full list of eligible courses will be available each semester.

#### Dual Discipline Focus (Primary) Studio Disciplines

- Ceramics
- Creative Technologies
- Digital Fabrication
- Fibers
- Jewelry/Metalsmithing
- Painting/Drawing
- Photography/Imaging
- Printmaking/Book Arts
- Sculpture

#### Dual Discipline Focus (Secondary) Studio Disciplines

- Ceramics
- Creative Technologies
- Design
- Digital Fabrication
- Fibers
- Jewelry/Metalsmithing
- Painting/Drawing
- Photography/Imaging
- Printmaking/Book Arts
- Sculpture

### Senior Capstone

Code	Title	Credits
ART 501	Studio Research, Practice, and Portfolio	3
ART 601	BFA Project and Exhibition	3
ART 604	Professional Practices	3
<b>Total Credits</b>		<b>9</b>

#### Sophomore Proficiency Review (between 30-60 earned credits)

All sophomores are required to participate in the Sophomore Scholarship Competition. The review is designed to serve as an advisement opportunity to provide students direction as to how they might proceed through the program. Upon completing the review, students will plan their coursework within their studio pathway.

## Plan of Study

### Recommended Four-Year Sequence for Single and Dual Focus BFA in Studio Art

Year 1		Credits
<b>Fall</b>		
(Includes OWC-A and QL-A Requirements.) Students must be aware of the prerequisites for the 200-level course they wish to take in the second semester of the First Year and enroll in the appropriate First Year Program courses in fall.		
ART 101	Drawing I	3
ART 106	Art Survey: Creative Practice, Culture and Context	3

ART 108 or ART 109	2D Studio: Concept, Color and Composition or 3D Studio: Form, Idea and Technique	3
University Core <sup>1</sup>		3
University Core <sup>1</sup>		3
<b>Credits</b>		<b>15</b>

**Spring**

ART 109 or ART 108	3D Studio: Form, Idea and Technique or 2D Studio: Concept, Color and Composition	3
ART 118	Digital Arts: Culture, Theory, Practice	3
200-level studio in Art <sup>2</sup>		3
ARTHIST 101	Ancient and Medieval Art and Architecture	3
University Core <sup>1</sup>		3
<b>Credits</b>		<b>15</b>

**Year 2****Fall**

Students are reminded that all First Year Program courses must be completed in the first 45 credits (usually in Fall semester of sophomore year).

200-level studio in Art <sup>2</sup>		3
200-level studio in Art <sup>2</sup>		3
Art & Design Elective		3
ART 309	Issues in Contemporary Art: (Art & Design Lecture Series)	3
University Core <sup>1</sup>		3
<b>Credits</b>		<b>15</b>

**Spring**

Sophomore Proficiency Review: All sophomores are required to participate in the Sophomore Scholarship Competition. Students will be assigned a minimum of two faculty members to meet with to review their submitted artwork. The review is designed to give students critical feedback over their artwork and to serve as an advisement opportunity to provide students direction as to how they might proceed through the program. Upon completing the review, students may declare their focus.

300-level and above Studio Focus <sup>3</sup>		3
200-level studio in Art <sup>2</sup>		3

ART 152	Photography Survey	
or any Art History course above ARTHIST 102		
Art & Design Elective		3
Art & Design Elective		3
University Core <sup>1</sup>		3
<b>Credits</b>		<b>18</b>

**Year 4****Fall**

Students are encouraged to choose a 300-level and above Studio Focus course for their final semester that will support their Capstone.

300-level and above Studio Focus <sup>3</sup>		3
ART 501	Studio Research, Practice, and Portfolio	3
Select one of following based on your degree:		3
Art & Design Elective (Single Focus BFA)		

**300-level and above Studio Focus (Dual Focus BFA)**

Select one of the following:		3
ART 604	Professional Practices	
University Core <sup>1</sup>		3
University Core <sup>1</sup>		3
<b>Credits</b>		<b>15</b>

**Spring**

Students are encouraged to choose a 300-level and above Studio Focus course for their final semester that will support their Capstone.

300-level and above Studio Focus <sup>3</sup>		3
ART 601	BFA Project and Exhibition	3
Art & Design Elective		3
Art & Design Elective		3
Select one of the following:		3
ART 604	Professional Practices	
University Core <sup>1</sup>		3
<b>Credits</b>		<b>15</b>
<b>Total Credits</b>		<b>123</b>

- <sup>1</sup> Consult your academic advisor in the Peck School of the Arts Student Services Office for requirements in the Core Curriculum. PSOA Arts Distribution Requirement is part of the 45-credit Core: 9 credits outside of Art & Design, in 3 of the 4 other departments in PSOA: Dance, Music, Theatre, or Film, Video, Animation, and New Genres.
- <sup>2</sup> Four 200-level Art Studio Electives are required; one 2D-focused, one 3D-focused, one Digital-focused, and the last from another 2D, 3D, or Digital area.
- <sup>3</sup> Students in the Single Focus BFA must choose 18 credits of 300-level Art Studio courses in their focus area. Students in the Dual Focus BFA must choose 12 credits of 300-level Art Studio courses in their Primary Focus area and 9 credits of 300-level Art Studios in their Secondary Focus area.
- <sup>4</sup> Six credits (ARTHIST 101 and ARTHIST 102) count as Humanities GER.

## Art & Design Undergraduate Admission Requirements

To be admitted in good standing, applicants (incoming freshmen and transfer students) must meet general University requirements (p. 15). After being admitted to UWM and indicating Art as your chosen major, no further steps are required for acceptance into the Department of Art & Design.

## Scholarships

Declared majors in Art & Design should fill out the general scholarship application and department application (if applicable) by logging in to the Panther Scholarship Portal.

In addition, incoming undergraduate students should visit the Peck School of the Arts scholarship page for details on portfolio submissions.

## Advancement to Major

Students accepted into the Art & Design program receive priority registration over non-art majors. To advance to the Art & Design major, students must complete the requirements outlined below:

1. Complete First Year Program courses (15 credits; see course list below).
2. Oral and Written Communications Competency Part A (OWC-A).
3. Quantitative Literacy Competency Part A (QL-A).

- A cumulative GPA of 2.5 or higher.
- Students pursuing the Design and Visual Communication BFA have additional requirements: complete ART 124, ART 221, and ART 223 with a B- or better; and pass the Design and Visual Communication Portfolio review.
- Students should complete the above to advance to major within the first 45 credits.

Code	Title	Credits
ART 101	Drawing I	3
ART 106	Art Survey: Creative Practice, Culture and Context	3
ART 108	2D Studio: Concept, Color and Composition	3
ART 109	3D Studio: Form, Idea and Technique	3
ART 118	Digital Arts: Culture, Theory, Practice	3
<b>Total Credits</b>		<b>15</b>

## Appeal Process

An appeal process is established for students who do not meet the department's criteria for classification, GPA, and area of concentration enrollment management requirements. The appeal process will provide an opportunity for individual students to request advancement to the art major or enrollment into courses as exceptions to the department's enrollment policies based on defined, pre-determined conditions. All appeals are to be directed to the Undergraduate Advisor or PSOA advisor, who will forward the appeals to the department chair or appropriate appeals committee. The department chair or appeals committee will consult with the First Year Program Director, area head, faculty, advisors, and student if necessary before making a decision.

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Studio Art, BFA: Single Discipline Focus

The Bachelor of Fine Arts in Studio Art program is a pre-professional degree focusing on studio practice and research, preparing students to become successful studio practitioners and professionals in the arts. From the First Year Program coursework through the Senior Capstone Project, students are encouraged to explore a wide variety of studio practice. During their sophomore year, students choose between the two BFA Studio Art degree plans: Single Discipline Focus and Dual Discipline Focus.

The Single Discipline Focus curriculum is for students who wish to develop their studio research in one studio discipline. Single Discipline students can choose from the following studio media for their focus: Jewelry & Metalsmithing, Painting & Drawing, Photography & Imaging, Printmaking & Book Arts, or Sculpture.

Students are encouraged to use electives to explore all the media offered within the Department of Art and Design to create a well-informed conceptual, formal and technical studio practice. Disciplinary areas for electives include Ceramics, Creative Technologies, Design, Digital Fabrication, Fibers, Jewelry & Metalsmithing, Painting & Drawing, Photography & Imaging, Printmaking & Book Arts, and Sculpture.

## Requirements

### Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

<sup>3</sup> Counts as 3D-focused course.

<sup>4</sup> Counts as Digital-focused class.

# Degree Requirements

## Studio Concentration: Choose Option 1 or Option 2

### Option 1: Single Discipline Focus <sup>1</sup>

Code	Title	Credits
<b>Primary Focus</b>		<b>18</b>
Minimum of 18 credits taken at the 300+ level in Art and Design from one of the listed disciplines. (See the studio discipline list for Single Discipline media options.) <sup>2</sup>		
<b>Art and Design Electives</b>		<b>24</b>
Any course offered in Art and Design at the 200+ level. A minimum of 12 credits must be taken at the 300+ level.		
<b>Total Credits</b>		<b>42</b>

<sup>1</sup> Note: If a listed discipline does not offer enough courses to fulfill the 18 credit hour requirement for a single discipline focus then the student must choose Option 2.

<sup>2</sup> The following courses may not count towards the student's Primary Focus (18 credits): ART 309, ART 501, ART 509, ART 601, and ART 604. A full list of eligible courses will be available each semester.

### Single Discipline Focus Studio Disciplines

- Jewelry/Metalsmithing
- Painting/Drawing
- Photography/Imaging
- Printmaking/Book Arts
- Sculpture

### Option 2: Dual-Discipline Focus

Code	Title	Credits
<b>Primary Focus</b>		<b>12</b>
Minimum of 12 credits taken at the 300+ level in Art and Design from one of the listed disciplines. (See the studio discipline list for Dual-Discipline primary focus media options.) <sup>1</sup>		
<b>Secondary Focus</b>		<b>9</b>
Minimum of 9 credits taken at the 300+ level in Art and Design from one of the listed disciplines. (See the studio discipline list for Dual-Discipline secondary focus media options.) <sup>1</sup>		
<b>Art and Design Electives</b>		<b>21</b>
Any course offered in Art and Design at the 200+ level. A minimum of 12 credits must be taken at the 300+ level.		
<b>Total Credits</b>		<b>42</b>

<sup>1</sup> The following courses may not count towards the student's Primary or Secondary Foci in the Dual Focus option (18 credits): ART 309, ART 501, ART 509, ART 601, and ART 604. A full list of eligible courses will be available each semester.

### Dual Discipline Focus (Primary) Studio Disciplines

- Ceramics
- Creative Technologies
- Digital Fabrication
- Fibers
- Jewelry/Metalsmithing
- Painting/Drawing
- Photography/Imaging

- Printmaking/Book Arts
- Sculpture

### Dual Discipline Focus (Secondary) Studio Disciplines

- Ceramics
- Creative Technologies
- Design
- Digital Fabrication
- Fibers
- Jewelry/Metalsmithing
- Painting/Drawing
- Photography/Imaging
- Printmaking/Book Arts
- Sculpture

## Senior Capstone

Code	Title	Credits
ART 501	Studio Research, Practice, and Portfolio	3
ART 601	BFA Project and Exhibition	3
ART 604	Professional Practices	3
<b>Total Credits</b>		<b>9</b>

### Sophomore Proficiency Review (between 30-60 earned credits)

All sophomores are required to participate in the Sophomore Scholarship Competition. The review is designed to serve as an advisement opportunity to provide students direction as to how they might proceed through the program. Upon completing the review, students will plan their coursework within their studio pathway.

## Plan of Study

### Recommended Four-Year Sequence for Single and Dual Focus BFA in Studio Art

Year 1		Credits
<b>Fall</b>		
(Includes OWC-A and QL-A Requirements.) Students must be aware of the prerequisites for the 200-level course they wish to take in the second semester of the First Year and enroll in the appropriate First Year Program courses in fall.		
ART 101	Drawing I	3
ART 106	Art Survey: Creative Practice, Culture and Context	3
ART 108 or ART 109	2D Studio: Concept, Color and Composition or 3D Studio: Form, Idea and Technique	3
University Core <sup>1</sup>		3
University Core <sup>1</sup>		3
<b>Credits</b>		<b>15</b>
<b>Spring</b>		
ART 109 or ART 108	3D Studio: Form, Idea and Technique or 2D Studio: Concept, Color and Composition	3
ART 118	Digital Arts: Culture, Theory, Practice	3
200-level studio in Art <sup>2</sup>		3
ARTHIST 101	Ancient and Medieval Art and Architecture	3
University Core <sup>1</sup>		3
<b>Credits</b>		<b>15</b>
<b>Year 2</b>		
<b>Fall</b>		
Students are reminded that all First Year Program courses must be completed in the first 45 credits (usually in Fall semester of sophomore year).		
200-level studio in Art <sup>2</sup>		3
200-level studio in Art <sup>2</sup>		3
Art & Design Elective		3

ART 309	Issues in Contemporary Art: (Art & Design Lecture Series)	3
University Core <sup>1</sup>		3
<b>Credits</b>		<b>15</b>
<b>Spring</b>		
Sophomore Proficiency Review: All sophomores are required to participate in the Sophomore Scholarship Competition. Students will be assigned a minimum of two faculty members to meet with to review their submitted artwork. The review is designed to give students critical feedback over their artwork and to serve as an advisement opportunity to provide students direction as to how they might proceed through the program. Upon completing the review, students may declare their focus.		
300-level and above Studio Focus <sup>3</sup>		3
200-level studio in Art <sup>2</sup>		3

<sup>1</sup> Consult your academic advisor in the Peck School of the Arts Student Services Office for requirements in the Core Curriculum. PSOA Arts Distribution Requirement is part of the 45-credit Core: 9 credits outside of Art & Design, in 3 of the 4 other departments in PSOA: Dance, Music, Theatre, or Film, Video, Animation, and New Genres.

<sup>2</sup> Four 200-level Art Studio Electives are required; one 2D-focused, one 3D-focused, one Digital-focused, and the last from another 2D, 3D, or Digital area.

<sup>3</sup> Students in the Single Focus BFA must choose 18 credits of 300-level Art Studio courses in their focus area. Students in the Dual Focus BFA must choose 12 credits of 300-level Art Studio courses in their Primary Focus area and 9 credits of 300-level Art Studios in their Secondary Focus area.

<sup>4</sup> Six credits (ARTHIST 101 and ARTHIST 102) count as Humanities GER.

## Art & Design Undergraduate Admission Requirements

To be admitted in good standing, applicants (incoming freshmen and transfer students) must meet general University requirements (p. 15). After being admitted to UWM and indicating Art as your chosen major, no further steps are required for acceptance into the Department of Art & Design.

## Scholarships

Declared majors in Art & Design should fill out the general scholarship application and department application (if applicable) by logging in to the Panther Scholarship Portal.

In addition, incoming undergraduate students should visit the Peck School of the Arts scholarship page for details on portfolio submissions.

## Advancement to Major

Students accepted into the Art & Design program receive priority registration over non-art majors. To advance to the Art & Design major, students must complete the requirements outlined below:

1. Complete First Year Program courses (15 credits; see course list below).
2. Oral and Written Communications Competency Part A (OWC-A).
3. Quantitative Literacy Competency Part A (QL-A).
4. A cumulative GPA of 2.5 or higher.
5. Students pursuing the Design and Visual Communication BFA have additional requirements: complete ART 124, ART 221, and ART 223 with a B- or better; and pass the Design and Visual Communication Portfolio review.
6. Students should complete the above to advance to major within the first 45 credits.

Code	Title	Credits
ART 101	Drawing I	3
ART 106	Art Survey: Creative Practice, Culture and Context	3
ART 108	2D Studio: Concept, Color and Composition	3
ART 109	3D Studio: Form, Idea and Technique	3

ART 118	Digital Arts: Culture, Theory, Practice	3
<b>Total Credits</b>		<b>15</b>

## Appeal Process

An appeal process is established for students who do not meet the department's criteria for classification, GPA, and area of concentration enrollment management requirements. The appeal process will provide an opportunity for individual students to request advancement to the art major or enrollment into courses as exceptions to the department's enrollment policies based on defined, pre-determined conditions. All appeals are to be directed to the Undergraduate Advisor or PSOA advisor, who will forward the appeals to the department chair or appropriate appeals committee. The department chair or appeals committee will consult with the First Year Program Director, area head, faculty, advisors, and student if necessary before making a decision.

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Dance

The Department of Dance offers two undergraduate degree programs that lead to a bachelor's degree in dance: the **Bachelor of Fine Arts in Dance** (Performance and Choreography/Contemporary), the **Bachelor of Arts (BA) in Dance**. Also available is a **minor in Somatics** and a **minor in Dance Performance**. Finally, the Department of Dance also offers a **Master in Fine Arts (MFA) in Dance**.

## Dance Program Mission Statement and Program Descriptions

The Department of Dance at UWM is committed to the development and training of skillful and vibrant dance artists and educators in their pursuit of a comprehensive education built upon diverse dance practices, research, and community engagement. Our department supports a thriving local and regional presence, while it opens avenues and opportunities for national and global perspectives. We offer undergraduate and graduate programs that emphasize artistic individuality and the development of the professional skills required for successful careers in dance performance, choreography, and education. Our innovative curriculum integrates multiple dance disciplines and somatic practices, creating a learning environment that prioritizes a balance of body and mind knowledge with informed, creative expression.

Our training environment consists of full-time faculty, lecturers, and guest artists who reflect strong beliefs in multiple points of view, a passionate commitment to individual development, and dedication to serving the versatile interests of our students. Renowned guest artists contribute to the dance department's curriculum each semester by providing students direct experience with current and diverse global practices in the field. These programs ensure that we offer our students directed, relevant training as the foundation for successful and sustainable careers in dance and related fields.

The creative research of both the faculty and students reflects our commitment to investigate the historical and cultural relevance of contemporary and traditional world dance forms. These pursuits ensure that we examine and support the vibrancy of cultural traditions while generating new knowledge. Intertwining creativity, scholarship, and interdisciplinary dialogue, our program is dedicated to the exploration and

development of somatic inquiry, technology integration, critical thought, and original choreography.

## Programs

- Dance Performance, Minor (p. 138)
- Dance, BA (p. 139)
- Dance, BFA (p. 142)
- Dance, MFA (p. 145)
- Pilates, Undergraduate Certificate (p. 146)
- Somatics, Minor (p. 147)

## Scholarships

The Dance Department distributes around \$15-20,000 in scholarships and awards (<https://uwm.edu/arts/students/scholarships-aid/>) to undergraduate students each year, ranging from \$400-2000 per year (amount split over fall/spring semesters, summer available upon request). Students may be awarded multiple awards over their time in the Dance Program.

1. *Incoming Student Award*: no application required; award is faculty-nominated based on the student's entrance audition for admission to the program. Scholarships may not be available after the UWM priority application deadline (March 1). Award may be for one year only, or for up to four years, as long as the student continues to meet the stated requirements.

2. *Dance Undergraduate Student Scholarship*: application required, and students must have completed at least one semester of the Dance Program. Demonstrated excellence in the Dance Major is the main criteria.
3. *Ed Burgess Legacy Scholarship*: application required; award is for a student who will have junior or senior status who embodies and demonstrates the highest qualities of commitment and professional dedication to the art of dance, and has an established record of excellence in all aspects of the program. Award is for one year only, and student must have completed at least 2 semesters in the Dance Program, and be attending full-time during the award semesters.
4. *Marcia Parsons Legacy Scholarship*: application required; awarded to undergraduate and graduate students pursuing a BA, BFA, or MFA in Dance. Award is for one year only, and student must have completed at least 2 semesters in the Dance Program, and be attending full-time during the award semesters.

To be eligible for any Dance Scholarship (available to Dance majors only), students must meet the following criteria:

- Full-time enrollment (6 or more Dance credits each semester)
- Dance GPA of 3.5 or above
- Adherence to departmental curricular requirements
- Students who do not meet these criteria for all semesters of their award may forfeit all or part of their scholarship.

## Faculty

Name	Rank	Degree	School	Graduate Faculty	Emeritus Faculty
Daniel Burkholder	Assistant Professor	MFA	University of Wisconsin - Milwaukee	✓	
Ferne Caulker-Bronson	Professor	BS			✓
Mair Culbreth	Assistant Professor	PhD	Ohio State University	✓	
Simone Ferro	Professor	MFA	University of Iowa		✓
Maria Gillespie	Assistant Professor	MFA	University of California, Los Angeles	✓	
Gloria Gustafson	Associate Professor	BA			✓
Andy Miller	Teaching Faculty III	DM	Indiana University	✓	
Marcia Ruth Parsons	Professor	MA	University of Illinois at Urbana-Champaign, Columbia College (Chicago)		✓
Dan Schuchart	Teaching Faculty III	MFA	University of California-Riverside	✓	
Dawn Springer	Teaching Faculty I	MFA	Hollins University	✓	
Darci Brown Wutz	Professor, Chair	MFA	Smith College		✓

## Dance Performance, Minor

The Minor in Dance Performance is designed to accommodate two different groups of students. The first group of students have years of dance training prior to entering the university and wish to continue to dance while pursuing another major at UWM. The second group of students have the desire for dance performance training, but no prior opportunity before coming to UWM.

## Admission Requirements

Students must meet general university admission requirements to be admitted to any of the undergraduate curricula as a freshman or transfer student. Prior to completing 6-8 credits of the degree specific

coursework, students must submit the dance minors and certificates application and be accepted into the program. Students must have a 2.75 overall GPA to enter the program. No more than 6-8 credits will be applied toward the degree until after a student has been admitted and a Dance Faculty Advisor has been assigned.

## Continuation Requirements

Students are expected to demonstrate a strong commitment to their health and overall conditioning in order to fulfill the department's academic requirements. Students must have a 2.75 overall GPA to continue in the program. Dance courses with a grade of C- or below will not be counted toward any departmental degree.

<b>Total Credits</b>		<b>22</b>

- <sup>1</sup> Any dancer cast in faculty or guest artist choreography must be enrolled in at least 1 UWM Department of Dance technique class that meets at least 3 times per week during the rehearsal semester.
- <sup>2</sup> Any dancer cast in a student work must be enrolled in at least 1 UWM Department of Dance technique class that meets at least 2 times per week during the rehearsal semester.
- <sup>3</sup> Students completing the Dance Performance minor may enroll in and complete a maximum of 2 courses from the Somatics Course List.

## Advising

**Location:** Theatre 120  
**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)  
**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Dance, BA

The Bachelor of Arts (BA) in Dance prepares students to teach participatory movement traditions in community settings, and to lead community groups in creating and performing their own dances and movement rituals. Community-based service-learning experiences provide many opportunities to realize these goals. Many Dance BA students pursue a double major at UWM; the service-learning component provides an opportunity to integrate the content of the two areas of study.

## Requirements

### Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

## Credit Overview

Code	Title	Credits

- <sup>1</sup> Coursework involved in MPPR guidelines.
- <sup>2</sup> Any dancer cast in faculty or guest artist choreography must be enrolled in at least 3 UWM Department of Dance technique classes per week during the rehearsal semester.
- <sup>3</sup> Per departmental policy, any time a student is cast in a faculty or guest artist work and is enrolled for less than 18 credits, they must enroll in DANCE 490 for 1 credit during the appropriate semester.
- <sup>4</sup> Any student cast in a student work must be enrolled in at least 1 UWM Department of Dance technique class that meets at least 2 times per week during the rehearsal semester.

## Admission and Retention Requirements

### Admission Requirements

To be considered for the Dance BA or BFA program, applicants must first be accepted to UW-Milwaukee, apply to the Peck School of the Arts and complete a successful audition. Please visit the Peck School admissions page for more information.

### Retention Requirements

Each undergraduate dance major's coursework will be reviewed at the end of their sophomore year to determine continuance in the major, as part of the **Mid-Program Portfolio Review**. Students must maintain a minimum grade point average of 3.0 in the dance major.

All students are expected to demonstrate a strong commitment to their health and overall conditioning in order to fulfill the department's academic requirements. Each student's ability to undertake the demands of the dance program, including their overall physical ability to perform in classes, auditions, rehearsals, and/or performances, will be a factor in the following: grading at the end of each semester; the audition/rehearsal/performance process for departmental productions and outreach events; the Mid-Program Portfolio Review assessment; determining "probation" status; and potentially removing a student from the program.

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Dance, BFA

The Performance and Choreography/Contemporary Track in the Bachelor of Fine Arts (BFA) in Dance prepares students to perform and create original dance choreography for theatrical productions. Dance BFA students complete a rigorous technical and creative curriculum designed to develop the student's individual artistic voice. Contemporary Track majors additionally study body/mind sciences, dance pedagogy, historical and cultural contexts for dance, and the interactive collaboration skills necessary to bring dance to the theatre with a high degree of excellence.

## Requirements

### Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

### Credit Overview

Code	Title	Credits
	University Core	42
	Dance Technique	38
	Dance Creative	21
	Dance Academic	14
	Dance Electives	5
<b>Total Credits</b>		<b>120</b>

### University Core

The minimum number of credits required to complete the Bachelor of Arts or the Bachelor of Fine Arts is 120. Students who need background preparation courses in math, English, foreign language, and chemistry may need additional credits.

Code	Title	Credits
<b>General Education Requirements <sup>1</sup></b>		
<i>Competencies <sup>1</sup></i>		
Oral and Written Communication – Part A and Part B <sup>2</sup>		
Quantitative Literacy (QL) – Part A and Part B <sup>2</sup>		
Foreign Language <sup>2</sup>		
<i>Distribution Requirements <sup>1</sup></i>

	University Credits	3
<b>Total Credits</b>		<b>42</b>

<sup>1</sup> Learn more about the General Education Requirements (p. 29).  
<sup>2</sup> Credits may be utilized in required curriculum areas.  
<sup>3</sup> Chosen from three of the following departments in PSOA: Art & Design, Fine Arts, Theatre, or Film, Video, Animation, and New Genres.

Please note: For all Dance majors and minors, dance courses with a grade C- or below will not be counted toward any departmental degree.

### Dance Foundations Curriculum

Students in both the BFA and BA dance degree programs must complete the following Dance Foundations curriculum in their freshman year:

Code	Title	Credits
DANCE 111	Ballet I	3
DANCE 113	Modern Dance Technique I	3
DANCE 233	Improvisation for Dancemaking	3
<b>Total Credits</b>		<b>9</b>

### Major Requirements

Code	Title	Credits
<b>Dance Technique Courses</b>		
<i>Contemporary Dance Practice: Modern Tradition <sup>4</sup></i>		
Select a minimum of 5 semesters:		15
DANCE 113	Modern Dance Technique I	
DANCE 114	Contemporary Dance Practice: Modern Tradition II	
DANCE 213	Contemporary Dance Practice: Modern Tradition III	
DANCE 214	Contemporary Dance Practice: Modern Tradition IV	
DANCE 317	Contemporary Dance Practice: Modern Tradition V	
DANCE 318	Contemporary Dance Practice: Modern Tradition VI	
<i>Contemporary Dance Practice: Ballet Tradition <sup>4</sup></i>		
Select a minimum of 5 semesters:		15
DANCE 111	Ballet I	
DANCE 112	Contemporary Dance Practice: Ballet Tradition II	
DANCE 211	Contemporary Dance Practice: Ballet Tradition III	
DANCE 212	Contemporary Dance Practice: Ballet Tradition IV	
DANCE 311	Contemporary Dance Practice: Ballet Tradition V	
DANCE 312	Contemporary Dance Practice: Ballet Tradition VI	
<b>Complementary Dance Technique <sup>5,6</sup></b>		
DANCE 115	Jazz Dance I	2
or DANCE 122	African Dance & Diaspora Technique I	
Choose one:		2
DANCE 115	Jazz Dance I (if not selected above)	
DANCE 116	Jazz Dance II	
DANCE 117	Tap I	
DANCE 122	African Dance & Diaspora Technique I (if not selected above)	
DANCE 123	African Dance & Diaspora Technique II	
DANCE 217	Tap II	
DANCE 222	African Dance & Diaspora Technique III	
DANCE 325	Pointe and Variations	
DANCE 327	Dance for the Musical Theatre I	
DANCE 370	World Movement Traditions:	
DANCE 427	Dance for the Musical Theatre II	
DANCE 624	Feldenkrais for Performers	
<i>Somatic and Conditioning Practices <sup>7</sup></i>		
Choose 4 credits from the following:		4

DANCE 103	Introduction to Yoga
DANCE 220	Body Sense
DANCE 321	Alexander Technique for the Performer
DANCE 323	Body Conditioning: Pilates Method
DANCE 403	Intermediate Yoga For Dancers
DANCE 421	Alexander Technique Practicum
DANCE 623	Body Conditioning: Pilates Method II
DANCE 624	Feldenkrais for Performers

**Dance Creative Courses**

DANCE 231	Music and Dancers I	3
DANCE 233	Improvisation for Dancemaking <sup>8</sup>	3
DANCE 352	Digital Media Portfolio for Performers	3
DANCE 412	Dance Composition I <sup>8</sup>	3
DANCE 413	Dance Composition II	3
DANCE 490	Repertoire and Ensemble <sup>9,10</sup>	3
DANCE 601	Senior Project	3

**Dance Academic Courses**

DANCE 209	Dance Production <sup>8</sup>	2
DANCE 251	Laban/Bartenieff Movement Analysis	3
DANCE 314	Contemporary Dance History	3
DANCE 371	Dance Anatomy & Kinesiology	3
DANCE 460	Teaching Dance in Community Settings	3

**Dance Elective Courses** 5

Choose from the following:

DANCE 110	Bodies in Motion: Dance, Identity and Culture
DANCE 115	Jazz Dance I
DANCE 116	Jazz Dance II
DANCE 117	Tap I
DANCE 309	Dance Production Practicum
DANCE 310	Jazz III
DANCE 313	History of Dance in the African Diaspora
DANCE 315	History of the American Musical Theater
DANCE 319	Dance Service-Learning
DANCE 320	Rituals and Culture
DANCE 321	Alexander Technique for the Performer
DANCE 323	Body Conditioning: Pilates Method
DANCE 327	Dance for the Musical Theatre I
DANCE 370	World Movement Traditions:
DANCE 403	Intermediate Yoga For Dancers
DANCE 414	Dance Composition III <sup>11</sup>
DANCE 420	Creating Dance in the Community
DANCE 421	Alexander Technique Practicum
DANCE 427	Dance for the Musical Theatre II
DANCE 489	Workshop in Dance:
DANCE 490	Repertoire and Ensemble
DANCE 491	Repertory/Student Choreographer

**Total Credits** 78

<sup>4</sup> 100- and 200-level technique classes taken for 3 credits; 300-level for 2 credits

<sup>5</sup> One Jazz or African technique class is required during sophomore year. If GER-Cultural Diversity credits are desired for DANCE 122, 3-credit section is mandatory.

<sup>6</sup> Option: Students wishing to substitute one or two semester(s) of either ballet or modern (minimum 5 semesters of ballet and modern are required) for additional Complementary Dance Technique course(s) in Jazz, Africa and Diaspora Technique, Tap, Music Theatre Styles: choose from DANCE 116, DANCE 117, DANCE 123, DANCE 217, DANCE 222, DANCE 327, DANCE 427. Student must approach his/her Dance Faculty Advisor the semester prior to enrollment for substitution approval.

<sup>7</sup> Yoga, Pilates, Body Sense, Alexander Technique

<sup>8</sup> Coursework involved in MPPR guidelines.

<sup>9</sup> Any dancer cast in faculty or guest artist choreography must be enrolled in at least 3 UWM Department of Dance technique classes per week during the rehearsal semester.

<sup>10</sup> Per departmental policy, any time a student is cast in a faculty or guest artist work and is enrolled for less than 18 credits, he/she must enroll in Dance 490 for 1 credit during the appropriate semester.

<sup>11</sup> DANCE 415 may be substituted only with prior dance faculty approval.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Dance, MFA

The Department of Dance offers graduate study leading to the Master of Fine Arts in Dance. The program offers opportunity to hone technical skills, to explore personal intuition, imagination, and craft both in creating dance works and also in performing them, and to focus on critical areas of dance core studies.

The MFA in Dance is structured to meet the scheduling constraints of working dance professional performers, choreographers, and educators: A block of on-campus and distance learning coursework is available during the fall and spring semesters, in addition to the intensive summer graduate course offerings.

Our program consists of 60 credits with an emphasis on contemporary choreography and performance, focusing on the candidate's independent creative research. Graduate students engage in choreographic research through physical and theoretical inquiry while having the opportunity to examine their technical movement practice through current somatic perspectives. The program supports student research by providing facilities and customized opportunities to investigate and perform their work in Milwaukee. Through faculty mentorship and rigorous personal explorations, students are guided to integrate their research into a final thesis project.

Faculty teaching in the program are nationally and internationally acclaimed performing and choreographic artists in the field. Their research spans cultural perspectives, technical forms, somatic modalities, site-specific performance, improvisation, interdisciplinary collaboration, and technology and new media.

Our students are prepared to be future university dance professors, as well as secondary school educators with the means to expand their theoretical and choreographic skills, while simultaneously increasing their earning potential in academic institutions and K-12 public and private schools.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Applicants who meet Graduate School requirements plus these program requirements may be admitted in good standing:

- Reason Statement: Content must include the following:
  - Explain the aspects of your embodied practice and what you achieve through that experience (movement tradition, teaching, somatics, writing, performance, creation). How do you see your movement practice evolving in the field of contemporary performance?
  - Articulate how you investigate and create unique choreographic work based on your movement practice(s). Include how your intellectual interests inform your choreographic inquiry.
  - Out of state students will be considered for a Non-Resident-Tuition Remission Award. To qualify, please provide a one-paragraph statement of financial need to be included in your application. Include information of your current financial situation that outlines your economic need.
- Required Work Sample: Work sample description page (no more than 3 pages total) with video URLs for 10-12 minutes of recent performance and/or choreography. This may consist of excerpted works (minimum two minutes from each work). Must include exact URL (web address) for each work (clickable links preferred, with passwords on the description page as necessary). For each work, the description should include choreographer, performers, venue, company or organization, dates, and any other applicable information (designers, etc).
- Required Curriculum Vitae or Resume (no more than 5 pages).
- Optional Press Materials: Preference is a single pdf (not individual file uploads).
- Recommendations: Two (2) recent recommendations from people who can provide information on your qualifications. The site permits the recommenders to write or upload their statements directly into the system (preferred) or the department can upload on behalf of the recommenders.

## Credits and Courses

Minimum degree requirement in Performing Arts-Dance is 60 credits distributed as follows, of which at least 6 must be in complementary studies.

Code	Title	Credits
	Dance Techniques and Somatics (Modern, African, Ballet, Alexander, Pilates, Yoga), 9-15 cr.	
	Creating, Staging, and Performing Dance Works, 16-22 cr.	
	Theory and Application of Dance, 12-18 cr.	
	Electives in Complementary Studies, 6-14 cr.	
	Final Project, 4-8 cr.	
	<b>Total Credits</b>	<b>60</b>

### Final Project

Each student must undertake a final project of either one or two semesters duration (4-8 cr.). The project must be approved by the major advisor. The project will inevitably relate to dance and movement, so that there is often a choreographic component involved, most likely a concert. These may occur in a variety of approved performance settings which may include on- or off-campus sites. Nonetheless, all projects require research and a written component, which will vary depending on the process (and number of credits), working with a thesis chair and two other committee members.

## Additional Requirements

### Major Professor as Advisor

The student must have a major professor to advise and supervise studies as specified in Graduate School regulations; the student may not register for any courses without this advisor's prior approval. A student who is not assigned to an advisor at the time of admission should immediately contact the Program Director.

### Time Limit

The student must complete all degree requirements within seven years of initial enrollment.

## Pilates, Undergraduate Certificate

*Effective Spring 2023, admission to the Pilates Certificate has been suspended.*

UWM Pilates Certificate prepares students to teach Beginning, Intermediate, and Advanced Pilates Mat and Equipment and develops a substantial, scientific basis for movement analysis through the rigorous study of Anatomy and Kinesiology.

*Effective Spring 2023, admission to the Pilates Certificate has been suspended.*

## Requirements

The Pilates Certificate combines the science and art of the modality. Through the application of theoretical concepts, anatomical understanding of body mechanics, as well as a deep acquaintance with the teachings of the Joseph Pilates method, students will learn teaching strategies to advance their own individual practice, and most importantly that of their future clients. Courses will consist of lectures, discussions, practice teaching and mentorship as students begin the process of teaching Pilates.

A minimum GPA of 3.0 in all coursework is required to successfully complete the certificate. Students may not count any coursework that is taken as audit or pass/fail.

Code	Title	Credits
DANCE 323	Body Conditioning: Pilates Method <sup>1</sup>	2-3
DANCE 371	Dance Anatomy & Kinesiology	3
DANCE 623	Body Conditioning: Pilates Method II <sup>1</sup>	2-3
DANCE 611	Pilates Method Observation and Practice <sup>2</sup>	1
DANCE 685	Seminar in Pilates Student Teaching	2
KIN 230	Health Aspects of Exercise and Nutrition	3
or KIN 200	Introduction to Kinesiology	
<b>Total Credits</b>		<b>18</b>

<sup>1</sup> Must be taken twice for a maximum of 4 credits.

<sup>2</sup> Must be taken twice for a maximum of 2 credits.

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Somatics, Minor

Our Minor in Somatics provides an opportunity to practice and survey a wide range of somatic methodologies, including Alexander Technique, Feldenkrais, Laban Movement Analysis, Martial Arts, Pilates Method and Iyengar Yoga. Upon completion, students are prepared for further study in an array of dance/movement disciplines, including teaching and health/wellness.

Thomas Hanna first used the term ‘somatics’ in the 1970’s in the first issue of the journal Somatics. He used “soma” to refer to the wide range of body awareness and mind-body practices which had emerged in many

cultures throughout the twentieth century. The focus of somatics is on bodily experience, and on how our soma interacts with the world.

The Minor in Somatics provides coursework of special interest to Health Sciences, Nursing, and Education majors who aim to work in helping professions and facilitate movement awareness/change. Music, Acting, and Dance performance students in the Peck School of the Arts will also benefit from learning how to self-monitor physical performance, access the movement imagination, move expressively, and connect meaningfully with an audience.

## Requirements

### Admission Requirements

Students must meet general university admission requirements to be admitted to any of the undergraduate curricula as a freshman or transfer student. Prior to completing 6-8 credits of the degree specific coursework, students must submit the dance minors and certificates application and be accepted into the program. Students must have a 2.75 overall GPA to enter the program. No more than 6-8 credits will be applied toward the degree until after a student has been admitted and a Dance Faculty Advisor has been assigned.

### Continuation Requirements

Students are expected to demonstrate a strong commitment to their health and overall conditioning in order to fulfill the department’s academic requirements. Students must have a 2.75 overall GPA to continue in the program. Dance courses with a grade of C- or below will not be counted toward any departmental degree.

### Minor in Somatics Curriculum

Code	Title	Credits
<b>Dance</b>		
DANCE 103	Introduction to Yoga	2
DANCE 220	Body Sense	3
DANCE 251	Laban/Bartenieff Movement Analysis (QL-B)	3
DANCE 371	Dance Anatomy & Kinesiology (or Departmental Approved Equivalent)	3
DANCE 624	Feldenkrais for Performers	2
<b>Electives in Dance</b>		
Select 9 credits from the following:		9
DANCE 113	Modern Dance Technique I

## Animation Arts, BA

The BA in Animation will prepare graduates to secure positions as animators and multimedia artists in the moving image production industry.

Graduates of this program will be able to:

1. Apply knowledge of artistic principles, conventions, methods, and practices through the creation and production of animated works of art;
2. Utilize the core concepts, capabilities, and tools of animation technology;
3. Apply critical and creative thinking skills in a variety of contexts;
4. Identify ways in which animation can be utilized in both creative and practical contexts;
5. Assure high quality production values in the work that they create; and
6. Demonstrate the ability to communicate effectively, produce projects individually and collaboratively, engage fully in the entire production process, from concept to distribution.

## Film, Video, Animation and New Genres

### Film, Video, Animation, and New Genres

With dual focus on both the theoretical and practical worlds of filmmaking, the Department of Film, Video, Animation, and New Genres provides programs for students with the flexibility to explore all aspects of the industry. Our faculty are professionals and filmmakers who actively screen at festivals and exhibition spaces from the Sundance Film Festival to the Centre Georges Pompidou in Paris.

### Programs

- Animation Arts, BA (p. 148)
- Cinematic Arts, MFA (p. 151)
- Film, BFA (p. 152)
- Film, Video, Animation and New Genres, Minor (p. 156)

The BA in Animation totals 120 credits, with 57 academic credits in the program - 45 required credits and 12 elective credits. This degree is administered through the Department of Film, Video, Animation and New Genres in the Peck School of the Arts. Applicants entering the program with an AAS degree from the Animation Department in the School of Media and Creative Arts at Milwaukee Area Technical College (MATC) may be granted admission at the third-year level.

Students in the department of Film, Video, Animation, and New Genres are required to have a laptop computer and video editing software.

## Requirements

### Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

### Credit Overview

The BA in Animation Arts is a 120-credit degree that includes 45 credits of university requirements, 18 credits of general electives and 57 credits in Animation and Filmmaking.

Code	Title	Credits

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Contact Information

Film Department Animation Program Advisor,  
Brooke Thiele

## Cinematic Arts, MFA

The Peck School of the Arts offers a Master of Fine Arts in Cinematic Arts, an interdisciplinary degree program encompassing graduate studies in film and dance. The curricula in this program include intensive professional training in an individual performance area plus significant interdisciplinary experience in related performance and scholarly fields. All curricula are dedicated to maintaining the most rigorous professional and artistic standards in their disciplines.

The programs currently offered are: film and video production in the Department of Film, Video, Animation and New Genres; and choreography and performance in the Department of Dance.

The curricula offered in the program are designed for serious and talented students who are preparing for careers as professionals in the performing arts or as artist-teachers in advanced training programs. Admission to the programs is highly selective, and all curricula include extensive practical performance experience.

The Helene Zelazo Center for the Performing Arts is the premier performance home for the Peck School of the Arts. It includes the 759-seat Helen Bader Concert Hall, a 3,200 square foot rehearsal room,

numerous small ensemble practice rooms, and the Mary L. Nohl Art Galleries.

The School's other facilities include the Fine Arts Center which houses two theaters, a recital hall, and related shop, studio, instructional and practice space, and nearby Mitchell Hall with studio, viewing, and processing facilities for the Department of Film, Video, Animation and New Genres as well as the chamber dance theatre and additional rehearsal, studio, and performance spaces for the departments of Theatre and Dance.

## Master of Fine Arts in Cinematic Arts

The Department of Film, Video, Animation and New Genres offers a graduate program in media arts practice. The curriculum is designed for serious and talented students who are preparing for careers as artists.

Facilities include a complete production studio, with all tools and services necessary for in-house film, digital video and sound work; photography and imaging labs; a digital studio for Internet projects, physical computing, interactivity and other forms of digital and media arts; and space for installation and performance projects. A special feature of the program is our excellent in-house processing facility for black-and-white reversal 16mm film.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

## Master of Fine Arts in Cinematic Arts

In addition to a series of graduate seminars, students can choose from an array of elective options that include graduate production studios, conceptual studies courses, complementary studies from outside the department, professional practice opportunities in the field and U/G or G electives. Students are expected to originate and produce finished projects on a regular basis, culminating in a thesis presentation.

### Admission

In order to be considered for admission to the program, an applicant must meet Graduate School requirements and submit original media-related work that demonstrates technical competence and creative promise.

An applicant whose grade point average or quality of work does not meet Graduate School and Department of Film, Video, Animation and New Genres program standards may be considered for admission on probation. Each student is expected to satisfy deficiency requirements within three enrolled semesters. The Graduate School and the Department of Film, Video, Animation and New Genres graduate program monitor the deficiencies. No course credits earned to make up deficiencies may be counted as program credits required for the degree.

### Transfer of Credits

With the approval of the Department of Film, Video, Animation and New Genres graduate program and the Graduate School, an applicant from another institution may be permitted to transfer up to 19 credits toward the total of 48 graduate credits required for the MFA degree.

## Credits and Courses

The minimum Film-MFA degree requirement is 48 graduate credits, (18 cr required, 30 cr elective). It is recommended that students earn 12 credits each semester through full-time attendance on campus.

Code	Title	Credits
<b>Required</b>		
FILM 710	Graduate Film Studio/Seminar I	3
FILM 712	Graduate Film Studio/Seminar II	3
FILM 714	Graduate Film Studio/Seminar III	3
FILM 730	Advanced Research in Film I	3
FILM 732	Advanced Research in Film II	6
<b>Electives</b>		
Select 30 credits with assistance and approval from the Director of Graduate Studies and their Graduate Advisor.		30
FILM 720	Graduate Media Arts Workshop I <sup>1</sup>	
FILM 722	Graduate Media Arts Workshop II <sup>1</sup>	
FILM 761	Landscape Cinema	
FILM 763	Experimental Documentary	
FILM 764	Observational Documentary	
FILM 781	Advanced 16MM Film Production	
FILM 782	Visual Effects	
FILM 900	Graduate Studio (maximum of 12 credits)	
Department of Film, Video, Animation and New Genres Electives (maximum of 30 credits) <sup>2</sup>		
Complementary Studies (maximum of 9 credits) <sup>3</sup>		
FILM 700	Professional Practice: Production (maximum of 9 credits)	
<b>Total Credits</b>		<b>48</b>

<sup>1</sup> A maximum of 9 credits between FILM 720 and FILM 722.

<sup>2</sup> These are U/G and G classes in film, video & new genres that are regularly offered by the department, including topics such as 16mm film and video production, screenwriting, lighting, cinematography, audio production, animation, installation, performance and physical computing.

<sup>3</sup> These are UG/G courses offered outside the department that are relevant to a student's proposed course of study. If courses inside the Department of Film, Video, Animation and New Genres are closely allied to an area of complementary study, such as Film courses in audio or photography and Music Department courses in electronic composition, they will count toward fulfillment of the Complementary Studies option. Students interested in Complementary Studies are encouraged to discuss their options with the Director of Graduate Studies and their major professor before enrolling in these courses.

## Additional Requirements

### Major Professor as Advisor

Each student chooses a major professor from the Department of Film, Video, Animation and New Genres graduate faculty to advise and supervise studies. In addition to the major professor, each student's committee must contain a minimum of two Department of Film, Video, Animation and New Genres graduate faculty members. Any student electing a minimum of nine credits in either Conceptual or

Complementary Studies must include a faculty member from that discipline on the committee as well.

### Thesis Presentation

Upon recommendation of the major professor and advisory faculty, the student presents a thesis exhibition program of work executed since admission to the program. The exhibition may be held either during the semester in which the student completes coursework for the degree or during the following semester.

### Time Limit

The student must complete all degree requirements within seven years of the initial enrollment.

### International Students

On completion of graduate studies, international students are eligible to apply for Optional Practical Training (OPT) for an additional year of practical work experience. If you are interested in OPT, please see an Immigration Coordinator at International Student and Scholar Services in the Center for International Education.

## Film, BFA

The Department of Film, Video, Animation, and New Genres in the Peck School of the Arts offers an integrated program of study leading to a BFA in Film.

## Requirements

### Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

### Credit Overview

The Bachelor of Fine Arts degree in Film requires 120 credits, and is distributed as follows:

Code	Title	Credits
University Core		45
FVANG Requirements		72
General Elective		3
<b>Total Credits</b>		<b>120</b>

## University Core

The minimum number of credits required to complete the Bachelor of Arts or the Bachelor of Fine Arts is 120. Students who need background preparation courses in math, English, foreign language, and chemistry may need additional credits.

- <sup>3</sup> Up to 12 credits inside the Peck School of the Arts (9 required, the remaining 3 may remain inside FVANG as an elective) in at least 3 of the 4 departments outside the student’s discipline (Art and Design, Dance, Music, and Theater).

## Course of Study

The Film, Video, Animation, and New Genres degree program is an integrated course of study in which students create individual projects in film, video, or other media every semester. This is accomplished through an 18-credit Foundation requirement taken during the first year, followed by a series of required and elective courses in the 72-credit major.

Students in Film, Video, Animation, and New Genres are required to have a laptop computer and video editing software.

University Core <sup>1</sup>		3
General Elective		3
<b>Credits</b>		<b>15</b>
<b>Total Credits</b>		<b>120</b>

\* Please refer to the Film Courses in Categories PDF to understand which course topics fulfill each requirement outlined below.

<sup>1</sup> Consult your academic advisor in the Peck School of the Arts Student Services Office for requirements in the University Core Curriculum. PSOA Arts Distribution Requirement for FVANG is part of the 45-credit Core: University competencies, 18 credits of GER requirements, 12 credits outside Peck School of the Arts, up to 12 credits inside the Peck School of the Arts (9 required, the remaining 3 may remain inside FVANG as an elective) in at least 3 PSOA departments outside the student's discipline (Art and Design, Dance, Music, and Theater), and 3 credits outside FVANG.

<sup>2</sup> Foundation Review for admission to major includes completion of Department Foundation courses (FILM 110 @ 6cr, FILM 180, FILM 181). Review consists of 2 final projects made in Department Foundation courses and a copy of current academic transcript submitted to department faculty for review by advertised deadline in Fall and Spring semesters. Check your emails for Foundation Review deadlines.

<sup>3</sup> Production Electives: Choose from FILM 234, FILM 379, FILM 380, FILM 382, FILM 385, FILM 386, FILM 390 - 398, and FILM 480 - 486.

<sup>4</sup> Portfolio Electives: Choose from FILM 360 - 368, FILM 399, and FILM 460 - 466.

<sup>5</sup> Contextual Electives: Choose from: FILM 303 required, plus 6 credits from FILM 305, FILM 319, FILM 320, FILM 323 - 332, FILM 336, and FILM 419. Refer to approved list of topics & repeat limits (FILM 305 counts as OWCB).

<sup>6</sup> Professional Practice Electives: Choose from FILM 342 - 346, FILM 442, and FILM 446.

## Advance to the Major

Students are admitted to the Film, Video, Animation, and New Genres major upon completion of:

- the UWM Oral and Written Communication (OWC) Part A requirement;
- the Quantitative Literacy (QL) Part A requirement;
- 18 credits of the department Foundation Curriculum: FILM 110 (6 credits), FILM 180 (6 credits) and FILM 181 (6 credits);
- passing Foundation Review.

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold

cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Film, Video, Animation and New Genres, Minor

Our undergraduate program of study is committed to helping students develop their creative, conceptual and technical abilities through media: film, video, audio, installation, and new genres. Our goal is for you to become a creative thinker, an informed viewer and an art maker – someone whose imaginative skills are matched by an ability to learn and use the technologies to say something important.

This program is open to all students seeking to complement their major studies by developing skills in moving image/audio production, creative concept development, and media project management skills—skills that are increasingly in demand across multiple fields.

## Requirements

After completing the Foundation Requirements, students will complete the remaining six credits of 300-level courses from the elective lists below.

Code	Title	Credits
<b>Foundation Requirements</b>		
FILM 110	Foundation Topics: (students are required to complete 2 sections for 6 credits of FILM 110)	6
FILM 180 or FILM 181	Foundation Production: Fiction Foundation Production: Nonfiction	6
FILM 222	Digital Filmmaking	3
Electives		6
<b>Total Credits</b>		<b>21</b>

## Department Electives

Department electives are separated into four categories:

- **Production:** these courses build expertise with tools and technologies while continuing to develop critical thinking and creative expression.
- **Portfolio:** these courses explore topics and/or themes, develop artistry and require students to develop their individual portfolios through the creation of self-authored works.
- **Contextual:** these courses continue to develop student's critical thinking and expressive voice by exploring topics and/or themes through screenings, discussions, written assignments and creative media projects.
- **Professional Practice:** includes internship and other forms of professional practicum.

## Music

The Department of Music offers undergraduate and graduate programs of study, as well as courses of study in Music Performance (Woodwinds, Brass, Percussion, Strings, Piano, Voice, and Guitar), Music Education, Music History and Literature, and Music Composition and Technology.

We offer a graduate program of study in music, preparing the student for a career in a performing area, music education, music history and literature, conducting, or theory and composition. The Master of Music program permits concentration in performance (voice or instrument), chamber music performance, conducting, music education, music history and literature, theory and composition, collaborative piano (vocal or instrumental), and string pedagogy.

Our Bachelor of Fine Arts (BFA) program is designed for students seeking intensive study to develop those skills needed for a professional career and/or preparation for graduate school. The Bachelor of Arts (BA) degree is designed for students looking for a broad-based understanding of multiple aspects of music in addition to areas outside of the music field. The Minor in Music is designed to provide students with basic knowledge and broad choices in coursework.

Our programs prepare students for careers in the performing arts, music education, music history and literature, conducting, and theory and composition. A conservatory-style department nestled within a leading research university, our professional artist-faculty inspire and frequently collaborate with students on campus and within Wisconsin's cultural capital.

Our faculty and programs maintain strong partnerships with performance organizations in Milwaukee and the surrounding region providing a vibrant urban location that puts students in the cultural mainstream of a thriving and sophisticated metropolis of over one million people.

The department is an accredited member of the National Association of Schools of Music (NASM) and provides professional training and personal enrichment as the main focus of the Music curriculum. Visit our website (<https://uwm.edu/arts/departments/music/>) for more information.

- Music, MM: Collaborative Piano: Vocal (p. 208)
- Music, MM: Conducting: Choral Emphasis (p. 210)
- Music, MM: Conducting: Instrumental (p. 211)
- Music, MM: Music Education (p. 213)
- Music, MM: Music History and Literature (p. 214)
- Music, MM: Performance: Guitar (p. 216)
- Music, MM: Performance: Keyboard (p. 217)
- Music, MM: Performance: Percussion (p. 219)
- Music, MM: Performance: String Emphasis (p. 221)
- Music, MM: Performance: Vocal Emphasis (p. 222)
- Music, MM: Performance: Woodwinds/Brass (p. 224)
- Music, MM: String Pedagogy (p. 226)
- Music, MM: Theory and Composition (p. 227)

## Peck School of the Arts: Music Scholarships

If you wish to be considered for a Music scholarship, you are encouraged to audition no later than March of the school year preceding your intended matriculation. Lists of suggested repertoire, which can serve as a helpful guideline for your audition, can be obtained from the Peck School of the Arts Department of Music website (<https://uwm.edu/arts/students/scholarships-aid/>) or by contacting the Music Department at (414) 229-5217.

## Midwest Residence Savings

UW-Milwaukee Peck School of the Arts participates in the Midwest Student Exchange Program (<http://uwm.edu/undergrad-admission/student-type/out-of-state/>) (MSEP), which awards reduced tuition (<http://uwm.edu/business-financial-services/bursar/tuition-rate-schedules/>) rates to Undergraduate and Graduate residents of *Illinois, Indiana, Kansas, Michigan, Missouri, Nebraska, and North Dakota*.

*Illinois* residents save even more with an automatic \$1,000 Milwaukee Advantage Award (<http://uwm.edu/undergrad-admission/student-type/out-of-state/>).

*Minnesota* residents are eligible for the **Minnesota Reciprocity** program and are encouraged to apply (<http://www.ohe.state.mn.us/mPg.cfm?pageID=120>) as early as possible.

## Music for the Non-Major

While professional training is the main thrust of the UWM Music curricula, the department offers many personal enrichment courses for the non-music major. UWM students have the opportunity to participate in a wide range of **Performing Organizations** such as:

- University Advanced Women's Choir
- Concert Chorale
- Women's Chorus
- University Men's Chorus
- Collegium Musicum
- Gospel Choir
- University Band
- Symphony Band
- Wind Ensemble
- Jazz Band
- Symphony Orchestra
- University Community Orchestra

- Introduction to Classical Music
- The Concert Experience
- Introduction to World Musics
- American Popular Music
- Fundamentals of Music (Theory)
- Class Voice
- Beginning and Intermediate Guitar
- Beginning and Intermediate Piano

**Private music lessons are also offered to the non-music major under the following conditions:**

1. A successful audition placement into a recognized Music major ensemble.
2. Successful audition placement will allow concurrent registration into an appropriate private performance lesson.
3. Consent of instructor and availability of instructional time.
4. For further information contact the Department of Music at (414) 229-5217.

The following **Academic Music Courses** are also offered:

## Music Education, BFA: EC-A General and Choral Music

The BFA in Music Education in General and Choral Music prepares students to teach music in elementary and secondary schools and culminates in certification by the State of Wisconsin Department of Public Instruction.

### Requirements

The Music Department course of study prepares students for recommendation for certification by the State Department of Public Instruction to teach and supervise music Early Childhood - Adolescence (EC-A or Wide Range = Birth to Age 21).

To obtain certification, a student must successfully audition and apply for admission to UW-Milwaukee and the Department of Music. For admission to the Teacher Certification Program, students must audition in the Music Education Area upon successful completion of MUS ED 350, which should be completed in the spring semester of their Sophomore year. Admission to the Music Education Program requires performance on a principal instrument/voice, piano, sight singing as well as requirements 1-4 below. A student seeking recommendation for teacher certification must successfully complete all of the following requirements:

1. Pass OWC-A (English), QL-A (Math) and Communications Course with a C or better to fulfill the Basic Skills requirement;
2. Fulfill all degree requirements, including passing all MUS ED specific courses with a C or better;
3. Show personal qualities giving promise of success as a teacher of music and as a leader in music activities;

4. Achieve and maintain at least a 2.75 cumulative GPA;
5. Fulfill the Requirements for Human Relations and Act 31;
6. Demonstrate teaching competency in their area of expertise through the use of a teaching portfolio (see explanation under Special Core Curriculum Requirements);
7. Meet Content Competency through a 3.0 GPA on specific courses or the Praxis II exam;
8. Complete student teaching successfully; and
9. Successfully submit a passing DPI e-portfolio.

### Music Education BFA University Core

<sup>5</sup> Must be completed to apply for admission to Mus Ed. A 2.75 cum GPA is also required for admission to Mus Ed and state licensure.

<sup>6</sup> Should be completed prior to Student Teaching.

<sup>7</sup> Required to apply for Student Teaching.

<sup>8</sup> Required to apply for licensure. Also meets the following GER requirements: cultural diversity and social science. Learn more about General Education Requirements here (p. 30).

## EC-A General and Choral Music Certification

Most students will complete this degree by choosing one of the following principal instruments: Piano or Voice.

Code	Title	Credits
<b>Principal Instrument: Piano</b>		
7 semesters of MusPerf 201		
<i>Secondary Music Requirements:</i>		
MUSPERF 111	Lessons in Voice (complete 4 semesters)	
MUSPERF 211	Lessons in Voice (complete 2 semesters)	
<b>Principal Instrument: Voice</b>		
7 semesters of MusPerf 211		
<i>Secondary Music Requirements:</i>		
MUS ED 331	Keyboard Skills for Music Educators I	
MUS ED 332	Keyboard Skills for Music Educators II	
MUSPERF 101	Lessons in Piano (complete 2 semesters)	
<b>Senior Half Recital</b>		
MUSIC 660	Senior Recital: (complete after 7 semesters)	
<b>Performing Ensemble Requirements</b>		
<i>Complete 7 semesters based on ensemble assignments, set at the beginning of each semester:</i>		
MUSIC 44	Alta Voce Singers	

MUSIC 50	Kameraden Chorus	
MUSIC 52	Bella Voce	
MUSIC 56	Concert Chorale	
<b>Choral/Vocal Pedagogy and Techniques</b>		<b>8</b>
MUSIC 245	Basic and Italian Lyric Diction	1
MUSIC 246	German and French Lyric Diction	1
MUSIC 353	Conducting	2
MUSIC 357	Choral Conducting	2
MUSIC 444	Vocal Pedagogy I	2
MUS ED 462	Teaching Secondary Choral Music	3
<b>Additional Music Requirements</b>		
MUS ED 351	Folk Instrument and Popular Instrument Pedagogy and Technique	2

#### Electives

Students completing Principle Instrument: Piano should enroll in and complete 2 credits

Students completing Principle Instrument: Voice should enroll in and complete 4 credits

## Degree Requirements

All Music curricula for the BFA require 125-130 credits, distributed as follows: music courses as specified in each curriculum: 75-80 credits; core curriculum: 45 credits; general electives: 0-9 credits. The BA in Music requires 120 credits, distributed as follows: music courses, 48 credits; core curriculum, 45 credits; general electives, 27 credits.

### Performance Ensemble Requirement

All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements. For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women's Choir, Concert Chorale, Women's Chorus, University Men's Chorus, University Band, Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

### Performance Ensemble Requirement for Transfer Students

Credits from an accredited college/university for performing organizations may be granted as follows:

- All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization. The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;
- Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and

- Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

### Recital Attendance and Music Convocation Requirements

All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:

- Campus recitals (one attendance credit per recital),
- Weekly departmental Music Convocation (five attendance credits per semester), and
- Off-campus recitals (one attendance credit per recital to a maximum of three per semester).

Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.

### Music Performance Course Enrollment Requirements

The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second week of each semester;
- Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

### Music Theory and History Requirements

The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

### Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)

- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Music Education, BFA: EC-A General Music

The BFA in Music Education in General Music prepares students to teach music in elementary and secondary schools and culminates in certification by the State of Wisconsin Department of Public Instruction.

## Requirements

The Music Department course of study prepares students for recommendation for certification by the State Department of Public Instruction to teach and supervise music Early Childhood - Adolescence (EC-A or Wide Range = Birth to Age 21).

To obtain certification, a student must successfully audition and apply for admission to UW-Milwaukee and the Department of Music. For admission to the Teacher Certification Program, students must audition in the Music Education Area upon successful completion of MUS ED 350, which should be completed in the spring semester of their Sophomore year. Admission to the Music Education Program requires performance on a principal instrument/voice, piano, sight singing as well as requirements 1-4 below. A student seeking recommendation for teacher certification must successfully complete all of the following requirements:

1. Pass OWC-A (English), QL-A (Math) and Communications Course with a C or better to fulfill the Basic Skills requirement;
2. Fulfill all degree requirements, including passing all MUS ED specific courses with a C or better;
3. Show personal qualities giving promise of success as a teacher of music and as a leader in music activities;
4. Achieve and maintain at least a 2.75 cumulative GPA;
5. Fulfill the Requirements for Human Relations and Act 31;
6. Demonstrate teaching competency in their area of expertise through the use of a teaching portfolio (see explanation under Special Core Curriculum Requirements);
7. Meet Content Competency through a 3.0 GPA on specific courses or the Praxis II exam;
8. Complete student teaching successfully; and
9. Successfully submit a passing DPI e-portfolio.

- <sup>7</sup> Required to apply for Student Teaching.
- <sup>8</sup> Required to apply for licensure. Also meets the following GER requirements: cultural diversity and social science. Learn more about General Education Requirements here (p. 30).

### EC-A General Music Requirements

Students may choose from a variety of instruments for this program. See your advisor if your principal instrument is not listed below.

Code	Title	Credits
<b>Principal Instrument: Guitar</b>		
7 semesters of one of the following:		
MUSPERF 246 or MUSPERF 247 or MUSPERF 248	Lessons in Guitar: Classical	
<i>Secondary Music Requirements:</i>		
MUS ED 331	Keyboard Skills for Music Educators I	
MUSPERF 101	Lessons in Piano (3 semesters)	
<b>Principal Instrument: Piano</b>		
7 semesters of MusPerf 201		
<i>Secondary Music Requirements:</i>		
MUSPERF 111	Lessons in Voice (4 semesters)	
MUSIC 150 or MUSIC 151	Beginning Guitar Intermediate Guitar I	
<b>Senior Half Recital</b>		
MUSIC 660	Senior Recital: (complete after 7 semesters)	
<b>Performing Ensemble Requirements</b>		
<i>Complete 7 semesters based on ensemble assignments, set at the beginning of each semester:</i>		

MUSIC 44	Alta Voce Singers	
MUSIC 50	Kameraden Chorus	
MUSIC 52	Bella Voce	
MUSIC 56	Concert Chorale	
<b>Additional Music Requirements</b>		
MUS ED 351	Folk Instrument and Popular Instrument Pedagogy and Technique	2
MUS ED 458		2
MUSIC 353	Conducting	2
MUSIC 444	Vocal Pedagogy I	2

**Electives**

Students completing Principle Instrument: Guitar should enroll in and complete 4 credits

Students completing Principle Instrument: Piano should enroll in and complete 5 credits

## Degree Requirements

All Music curricula for the BFA require 125-130 credits, distributed as follows: music courses as specified in each curriculum: 75-80 credits; core curriculum: 45 credits; general electives: 0-9 credits. The BA in Music requires 120 credits, distributed as follows: music courses, 48 credits; core curriculum, 45 credits; general electives, 27 credits.

### Performance Ensemble Requirement

All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements. For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women's Choir, Concert Chorale, Women's Chorus, University Men's Chorus, University Band, Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

### Performance Ensemble Requirement for Transfer Students

Credits from an accredited college/university for performing organizations may be granted as follows:

- All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization. The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;
- Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and
- Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

## Recital Attendance and Music Convocation Requirements

All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:

- Campus recitals (one attendance credit per recital),
- Weekly departmental Music Convocation (five attendance credits per semester), and
- Off-campus recitals (one attendance credit per recital to a maximum of three per semester).

Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.

## Music Performance Course Enrollment Requirements

The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second week of each semester;
- Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

## Music Theory and History Requirements

The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

## Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)

- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

## Advising

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Music Performance, Graduate Certificate

This certificate is designed for the instrumentalist who is admitted by audition to the Institute of Chamber Music at UW-Milwaukee. The major focus of the Institute of Chamber Music is to provide professional training experiences in the performance of chamber repertoire through well-matched chamber ensembles from duos through large chamber ensembles.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Eligibility and Admission

Students will be admitted via audition, using the repertoire specified for Graduate Students on the PSOA Music Audition page. Curriculum Vita required.

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

## Credits and Courses

Certificate is a one-year program (14-18 credits) during which performers can hone skills in selected areas, including advanced repertoire and chamber music performance, through study with faculty and academic staff.

<b>Total Credits</b>		<b>14-18</b>

### Recital

If the student chooses, they may present a capstone performance comprising solo and/or chamber works.

## Additional Requirements

### Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

### Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

### Articulation with Degree Programs

- Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
- Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
- A course may count toward no more than one certificate and one degree.
- Students may not earn a certificate subsequent to a concentration in the same area.

## Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

## Music, BA

The BA is a general Music degree designed for Music students interested in combining a Music major with a second major or minor in a non-music degree program.

## Requirements

MUSIC 328	Interactive Electronic Music	3
MUSIC 680	Special Studies in Music: (Variable Topic)	1-3

**Degree Requirements**

All Music curricula for the BFA require 125-130 credits, distributed as follows: music courses as specified in each curriculum: 75-80 credits; core curriculum: 45 credits; general electives: 0-9 credits. The BA in Music requires 120 credits, distributed as follows: music courses, 48 credits; core curriculum, 45 credits; general electives, 27 credits.

**Performance Ensemble Requirement**

All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements. For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women’s Choir, Concert Chorale, Women’s Chorus, University Men’s Chorus, University Band,

Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

**Performance Ensemble Requirement for Transfer Students**

Credits from an accredited college/university for performing organizations may be granted as follows:

- All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization. The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;
- Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and
- Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

**Recital Attendance and Music Convocation Requirements**

All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:

- Campus recitals (one attendance credit per recital),
- Weekly departmental Music Convocation (five attendance credits per semester), and
- Off-campus recitals (one attendance credit per recital to a maximum of three per semester).

Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.

**Music Performance Course Enrollment Requirements**

The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second week of each semester;
- Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

## Music Theory and History Requirements

The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

## Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Music, BFA: Collaborative Piano

The BFA in Music: Collaborative Piano curriculum is one of few such undergraduate programs offered nationwide. It offers training for pianists anticipating careers in vocal accompanying, as well as coaching art song, opera, and musical theatre. Students receive weekly lessons in collaborative piano, as well as solo piano, and piano technique, and participate in rehearsals and performances for the UWM Opera Theatre, Milwaukee Opera Theatre, and UWM choirs.

## Undergraduate Admission Requirements

To be considered for the Music BA or BFA program, applicants must first be accepted to UW-Milwaukee, apply to the Peck School of the Arts and complete a successful audition or interview. Please visit the Peck School admissions page for more information.

Pre-Music Education majors must audition for the certification program with the Music Education Area, while enrolled in MUS ED 350, preferably in their fourth semester.

Students accepted through auditions who lack basic aural, theory, and/or keyboard skills must successfully complete MUSIC 1 and/or MUSPERF 1 in their first year of study. A final grade of B or higher is required to enroll in the subsequent Music Theory and Piano courses.

### Provisional

Students declared Provisional at the time of auditions could achieve Music major status based on the successful Jury performance at the end of the first semester. Students not performing a successful first semester jury will not be allowed to continue as a Music major and will be dropped from the Music department. Provisional students must take all required first-semester Music courses during the provisional semester.

### Probation

A Music major who has a studio performance grade of C or lower for two consecutive semesters may be placed on Music Department Probation. (2.75 GPA is required for continuation in the Music Education degree program.) Cleared Probation: Either re-audition or a passing grade for the performance lessons and final Jury is attained during the semester of probation and a cumulative GPA of 2.0 or above.

### Not Accepted

Prospective students not accepted at their initial audition are allowed one additional audition opportunity.

### Re-Audition

Required after an absence of two consecutive semesters from the UWM Music Department as a Music major actively progressing toward degree. The returning student must successfully re-audition in their principal area. The Music Education major must re-audition in their principal area and re-interview with the Music Education faculty.

## Degree Requirements

All Music curricula for the BFA require 125-130 credits, distributed as follows: music courses as specified in each curriculum: 75-80 credits; core curriculum: 45 credits; general electives: 0-9 credits. The BA in Music requires 120 credits, distributed as follows: music courses, 48 credits; core curriculum, 45 credits; general electives, 27 credits.

### Performance Ensemble Requirement

All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements. For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women's Choir, Concert Chorale, Women's Chorus, University Men's Chorus, University Band, Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

## Performance Ensemble Requirement for Transfer Students

Credits from an accredited college/university for performing organizations may be granted as follows:

- All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization. The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;
- Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and
- Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

## Recital Attendance and Music Convocation Requirements

All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:

- Campus recitals (one attendance credit per recital),
- Weekly departmental Music Convocation (five attendance credits per semester), and
- Off-campus recitals (one attendance credit per recital to a maximum of three per semester).

Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.

## Music Performance Course Enrollment Requirements

The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second week of each semester;
- Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

## Music Theory and History Requirements

The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western

Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

## Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Music, BFA: Guitar

In the BFA: Guitar program students choose a primary style with the options of classical or jazz guitar. Guitar majors take classes in guitar-related courses like repertoire, ensemble, pedagogy, and guitar history.

## Undergraduate Admission Requirements

To be considered for the Music BA or BFA program, applicants must first be accepted to UW-Milwaukee, apply to the Peck School of the Arts and complete a successful audition or interview. Please visit the Peck School admissions page for more information.

Pre-Music Education majors must audition for the certification program with the Music Education Area, while enrolled in MUS ED 350, preferably in their fourth semester.

Students accepted through auditions who lack basic aural, theory, and/or keyboard skills must successfully complete MUSIC 1 and/or MUSPERF 1 in their first year of study. A final grade of B or higher is required to enroll in the subsequent Music Theory and Piano courses.

## Provisional

Students declared Provisional at the time of auditions could achieve Music major status based on the successful Jury performance at the end of the first semester. Students not performing a successful first semester jury will not be allowed to continue as a Music major and will be dropped from the Music department. Provisional students must take all required first-semester Music courses during the provisional semester.

## Probation

A Music major who has a studio performance grade of C or lower for two consecutive semesters may be placed on Music Department Probation. (2.75 GPA is required for continuation in the Music Education degree program.) Cleared Probation: Either re-audition or a passing grade for the performance lessons and final Jury is attained during the semester of probation and a cumulative GPA of 2.0 or above.

## Not Accepted

Prospective students not accepted at their initial audition are allowed one additional audition opportunity.

## Re-Audition

Required after an absence of two consecutive semesters from the UWM Music Department as a Music major actively progressing toward degree. The returning student must successfully re-audition in their principal area. The Music Education major must re-audition in their principal area and re-interview with the Music Education faculty.

## Degree Requirements

All Music curricula for the BFA require 125-130 credits, distributed as follows: music courses as specified in each curriculum: 75-80 credits; core curriculum: 45 credits; general electives: 0-9 credits. The BA in Music requires 120 credits, distributed as follows: music courses, 48 credits; core curriculum, 45 credits; general electives, 27 credits.

### Performance Ensemble Requirement

All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements. For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women's Choir, Concert Chorale, Women's Chorus, University Men's Chorus, University Band, Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

### Performance Ensemble Requirement for Transfer Students

Credits from an accredited college/university for performing organizations may be granted as follows:

- All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization. The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;
- Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and
- Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

### Recital Attendance and Music Convocation Requirements

All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:

- Campus recitals (one attendance credit per recital),
- Weekly departmental Music Convocation (five attendance credits per semester), and
- Off-campus recitals (one attendance credit per recital to a maximum of three per semester).

Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.

### Music Performance Course Enrollment Requirements

The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second week of each semester;
- Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

### Music Theory and History Requirements

The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

### Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

# Music, BFA: Music Composition and Technology

The Music, BFA: Music Composition and Technology program fosters development in instrumental, vocal, and electroacoustic composition, with an emphasis on contemporary and experimental techniques.

## Music Composition and Technology Requirements

### Required Composition and Theory Background

All potential Composition majors must show evidence of compositional ability before acceptance to the program. Each applicant must submit a Composition Portfolio of previous compositional work to the Composition faculty. The portfolio acts as the equivalent of an audition. Prospective students seeking to enter this program must also be able to begin by enrolling in the MUSIC 123 and MUSIC 127 series, as determined by the Theory Placement Exam. Those students who do not meet this criterion may be advised to enter the program on a Provisional basis, but must take MUSIC 1, receive a final grade of "B" or better, and resubmit their

Composition Portfolio before a final admission and placement decision is determined by the Music Composition Area.

### Composition Portfolio

The Composition Portfolio should contain the applicant's best three to five representative works. At least one copy of a written score is required. The score may be of any ensemble configuration, from large ensemble to piano solo. Computer-generated scores, or digital software compositions are accepted but not required. Evidence of audio recordings in an appropriate digital audio format, fixed media, web-based, or comparable format is expected. The compositions on the recordings may or may not be the same compositional scores submitted with the portfolio. Other possible formats for compositions are Standard MIDI File, an image file or movie of a composition's performance, or soundtrack to a video work. This latter may be a collaborative work with video artist(s). Group compositions are not acceptable. There is no particular style requirement for applicants, nor is there is a duration requirement for their representative works. However, they must be complete works.

### Required Piano Proficiency

Depending upon audition results, students may be required to enroll in MUSPERF 1 for up to two semesters or until they can pass a satisfactory piano audition through the Piano faculty. Those who place at the 100 level must take a minimum of 4 semesters of piano. All students entering at the 300 level must take 2 semesters of piano. Piano proficiency at 300 level is satisfied by demonstrated ability to play works of moderate difficulty, such as Bach's Two-part Inventions, Bartok's Mikrokosmos Book IV, Schumann's "Kinderszenen", or Easy to Intermediate Classics. Deficiencies are made up without credit.

A student who is deficient in any of the above may be admitted Provisionally, but only after evaluation and approval by the Composition Area. Contact the Composition Area for further information.

### Graduation Requirements

Completion of the BFA in Music Composition and Technology will require each student to compose a minimum of five compositions over the lifetime of their program. While a minimum of three works must be written for solo or small ensemble, and one work for solo electronic or combined electronic and acoustic instrument(s), one work may be for large ensemble (orchestra, chamber, wind symphony, or choir). Of the five works required, three works must be presented publicly, each a minimum of nine minutes in duration.

Code	Title	Credits

<b>Total Credits</b>		<b>62</b>

- <sup>5</sup> Piano proficiency and subsequent MusPerf series is based on a student's Piano Proficiency placement. See above for additional details.
- <sup>6</sup> Students must complete a minimum of 7 credits of any approved music ensemble. Other approved music ensembles are: University Band, Symphony Band, University Orchestra and Wind Ensemble. Additional credits may be taken and/or serve as electives in New Music Ensemble, Jazz Ensemble, Percussion Ensemble, Collegium Musicum or Guitar Ensemble.
- <sup>7</sup> In the semester the student intends to graduate, they must either register for Senior Recital or Senior Thesis. Registering for Senior Recital stipulates a public recital of the student's compositions lasting a minimum of one hour in duration. Registering for Senior Thesis requires the student to submit the following to the Composition Faculty: a final composition portfolio, which consists of the five required compositions, along with recordings (as available). Additionally, printed programs representing the public presentation of three works are required.

## Undergraduate Admission Requirements

To be considered for the Music BA or BFA program, applicants must first be accepted to UW-Milwaukee, apply to the Peck School of the Arts and complete a successful audition or interview. Please visit the Peck School admissions page for more information.

Pre-Music Education majors must audition for the certification program with the Music Education Area, while enrolled in MUS ED 350, preferably in their fourth semester.

Students accepted through auditions who lack basic aural, theory, and/or keyboard skills must successfully complete MUSIC 1 and/or MUSPERF 1 in their first year of study. A final grade of B or higher is required to enroll in the subsequent Music Theory and Piano courses.

### Provisional

Students declared Provisional at the time of auditions could achieve Music major status based on the successful Jury performance at the end of the first semester. Students not performing a successful first semester jury will not be allowed to continue as a Music major and will be dropped from the Music department. Provisional students must take all required first-semester Music courses during the provisional semester.

## Probation

## Re-Audition

Required after an absence of two consecutive semesters from the UWM Music Department as a Music major actively progressing toward degree. The returning student must successfully re-audition in their principal area. The Music Education major must re-audition in their principal area and re-interview with the Music Education faculty.

## Degree Requirements

All Music curricula for the BFA require 125-130 credits, distributed as follows: music courses as specified in each curriculum: 75-80 credits; core curriculum: 45 credits; general electives: 0-9 credits. The BA in Music requires 120 credits, distributed as follows: music courses, 48 credits; core curriculum, 45 credits; general electives, 27 credits.

## Performance Ensemble Requirement

All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements. For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women's Choir, Concert Chorale, Women's Chorus, University Men's Chorus, University Band, Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

## Performance Ensemble Requirement for Transfer Students

Credits from an accredited college/university for performing organizations may be granted as follows:

- All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization. The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;
- Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and
- Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

## Recital Attendance and Music Convocation Requirements

All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:

- Campus recitals (one attendance credit per recital),
- Weekly departmental Music Convocation (five attendance credits per semester), and
- Off-campus recitals (one attendance credit per recital to a maximum of three per semester).

Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.

## Music Performance Course Enrollment Requirements

The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second week of each semester;
- Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

## Music Theory and History Requirements

The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

## Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)

- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Music, BFA: Music History and Literature

The BFA in Music History and Literature program focuses on the historical and critical study of music, and prepares the student for further study in musicology, ethnomusicology, music librarianship, or music criticism. Students enjoy access to an extensive music library, including printed & digital scores, CDs, LPs, books about music, and streaming audio. In addition, students experience training in librarianship skills through work with the Coordinated Program in Music Librarianship – a joint degree between the School of Information Studies and the Peck School of the Arts Department of Music.

## Undergraduate Admission Requirements

To be considered for the Music BA or BFA program, applicants must first be accepted to UW-Milwaukee, apply to the Peck School of the Arts and complete a successful audition or interview. Please visit the Peck School admissions page for more information.

Pre-Music Education majors must audition for the certification program with the Music Education Area, while enrolled in MUS ED 350, preferably in their fourth semester.

Students accepted through auditions who lack basic aural, theory, and/or keyboard skills must successfully complete MUSIC 1 and/or MUSPERF 1 in their first year of study. A final grade of B or higher is required to enroll in the subsequent Music Theory and Piano courses.

### Provisional

Students declared Provisional at the time of auditions could achieve Music major status based on the successful Jury performance at the end of the first semester. Students not performing a successful first semester jury will not be allowed to continue as a Music major and will be dropped from the Music department. Provisional students must take all required first-semester Music courses during the provisional semester.

### Probation

A Music major who has a studio performance grade of C or lower for two consecutive semesters may be placed on Music Department Probation. (2.75 GPA is required for continuation in the Music Education degree program.) Cleared Probation: Either re-audition or a passing grade for the performance lessons and final Jury is attained during the semester of probation and a cumulative GPA of 2.0 or above.

## Not Accepted

Prospective students not accepted at their initial audition are allowed one additional audition opportunity.

## Re-Audition

Required after an absence of two consecutive semesters from the UWM Music Department as a Music major actively progressing toward degree. The returning student must successfully re-audition in their principal area. The Music Education major must re-audition in their principal area and re-interview with the Music Education faculty.

## Degree Requirements

All Music curricula for the BFA require 125-130 credits, distributed as follows: music courses as specified in each curriculum: 75-80 credits; core curriculum: 45 credits; general electives: 0-9 credits. The BA in Music requires 120 credits, distributed as follows: music courses, 48 credits; core curriculum, 45 credits; general electives, 27 credits.

## Performance Ensemble Requirement

All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements. For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women's Choir, Concert Chorale, Women's Chorus, University Men's Chorus, University Band, Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

## Performance Ensemble Requirement for Transfer Students

Credits from an accredited college/university for performing organizations may be granted as follows:

- All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization. The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;
- Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and
- Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

## Recital Attendance and Music Convocation Requirements

All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:

- Campus recitals (one attendance credit per recital),
- Weekly departmental Music Convocation (five attendance credits per semester), and
- Off-campus recitals (one attendance credit per recital to a maximum of three per semester).

Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.

## Music Performance Course Enrollment Requirements

The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second week of each semester;
- Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

## Music Theory and History Requirements

The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

## Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Music, BFA: Piano

Our performance programs are led by renowned performing artist faculty. Piano majors take private lessons and master classes, and perform regularly in concerts and recitals.

**Performance Ensemble:** Piano majors are required to enroll in a minimum of 6 semesters of ensemble with a minimum of 2 semesters in a choral ensemble and 4 semesters in any ensemble with iani or oragn instructor consent.

**Performance Master Class:** 8 semesters at 1 credit is required as part of your individual lesson obligation.

**0 Credit Courses:** A 1 credit fee will be assessed by the University if a student's course load is less than 12 or greater than 18 credits.

## Undergraduate Admission Requirements

To be considered for the Music BA or BFA program, applicants must first be accepted to UW-Milwaukee, apply to the Peck School of the Arts and complete a successful audition or interview. Please visit the Peck School admissions page for more information.

Pre-Music Education majors must audition for the certification program with the Music Education Area, while enrolled in MUS ED 350, preferably in their fourth semester.

Students accepted through auditions who lack basic aural, theory, and/or keyboard skills must successfully complete MUSIC 1 and/or MUSPERF 1 in their first year of study. A final grade of B or higher is required to enroll in the subsequent Music Theory and Piano courses.

## Provisional

Students declared Provisional at the time of auditions could achieve Music major status based on the successful Jury performance at the end of the first semester. Students not performing a successful first semester jury will not be allowed to continue as a Music major and will be dropped from the Music department. Provisional students must take all required first-semester Music courses during the provisional semester.

## Probation

A Music major who has a studio performance grade of C or lower for two consecutive semesters may be placed on Music Department Probation. (2.75 GPA is required for continuation in the Music Education degree program.) Cleared Probation: Either re-audition or a passing grade for the performance lessons and final Jury is attained during the semester of probation and a cumulative GPA of 2.0 or above.

## Not Accepted

Prospective students not accepted at their initial audition are allowed one additional audition opportunity.

## Re-Audition

Required after an absence of two consecutive semesters from the UWM Music Department as a Music major actively progressing toward degree. The returning student must successfully re-audition in their principal area. The Music Education major must re-audition in their principal area and re-interview with the Music Education faculty.

## Degree Requirements

All Music curricula for the BFA require 125-130 credits, distributed as follows: music courses as specified in each curriculum: 75-80 credits; core curriculum: 45 credits; general electives: 0-9 credits. The BA in Music requires 120 credits, distributed as follows: music courses, 48 credits; core curriculum, 45 credits; general electives, 27 credits.

## Performance Ensemble Requirement

All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements. For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women's Choir, Concert Chorale, Women's Chorus, University Men's Chorus, University Band, Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

## Performance Ensemble Requirement for Transfer Students

Credits from an accredited college/university for performing organizations may be granted as follows:

- All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization. The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;
- Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and
- Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

## Recital Attendance and Music Convocation Requirements

All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:

- Campus recitals (one attendance credit per recital),
- Weekly departmental Music Convocation (five attendance credits per semester), and
- Off-campus recitals (one attendance credit per recital to a maximum of three per semester).

Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.

## Music Performance Course Enrollment Requirements

The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second week of each semester;

- Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

## Music Theory and History Requirements

The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

## Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Music, BFA: Strings

Our competitive performance programs are led by renowned performing artist faculty. Students regularly perform as soloists, chamber musicians, and orchestral musicians while earning their degree. They are prepared for modern, multifaceted professional careers as performers and/or teachers. The program offers a thorough grounding in instrumental technique and repertory, and broad and continuous experience in performance.

## Undergraduate Admission Requirements

To be considered for the Music BA or BFA program, applicants must first be accepted to UW-Milwaukee, apply to the Peck School of the Arts and complete a successful audition or interview. Please visit the Peck School admissions page for more information.

Pre-Music Education majors must audition for the certification program with the Music Education Area, while enrolled in MUS ED 350, preferably in their fourth semester.

Students accepted through auditions who lack basic aural, theory, and/or keyboard skills must successfully complete MUSIC 1 and/or MUSPERF 1 in their first year of study. A final grade of B or higher is required to enroll in the subsequent Music Theory and Piano courses.

### Provisional

Students declared Provisional at the time of auditions could achieve Music major status based on the successful Jury performance at the end of the first semester. Students not performing a successful first semester jury will not be allowed to continue as a Music major and will be dropped

from the Music department. Provisional students must take all required first-semester Music courses during the provisional semester.

### Probation

A Music major who has a studio performance grade of C or lower for two consecutive semesters may be placed on Music Department Probation. (2.75 GPA is required for continuation in the Music Education degree program.) Cleared Probation: Either re-audition or a passing grade for the performance lessons and final Jury is attained during the semester of probation and a cumulative GPA of 2.0 or above.

### Not Accepted

Prospective students not accepted at their initial audition are allowed one additional audition opportunity.

### Re-Audition

Required after an absence of two consecutive semesters from the UWM Music Department as a Music major actively progressing toward degree. The returning student must successfully re-audition in their principal area. The Music Education major must re-audition in their principal area and re-interview with the Music Education faculty.

## Degree Requirements

All Music curricula for the BFA require 125-130 credits, distributed as follows: music courses as specified in each curriculum: 75-80 credits; core curriculum: 45 credits; general electives: 0-9 credits. The BA in Music requires 120 credits, distributed as follows: music courses, 48 credits; core curriculum, 45 credits; general electives, 27 credits.

### Performance Ensemble Requirement

All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements. For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women's Choir, Concert Chorale, Women's Chorus, University Men's Chorus, University Band, Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

### Performance Ensemble Requirement for Transfer Students

Credits from an accredited college/university for performing organizations may be granted as follows:

- All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization. The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;
- Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and

- Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

## Recital Attendance and Music Convocation Requirements

All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:

- Campus recitals (one attendance credit per recital),
- Weekly departmental Music Convocation (five attendance credits per semester), and
- Off-campus recitals (one attendance credit per recital to a maximum of three per semester).

Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.

## Music Performance Course Enrollment Requirements

The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second week of each semester;
- Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

## Music Theory and History Requirements

The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

## Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)

- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Music, BFA: Versatile Voice

The market for professional singers is changing—opera singers are performing in musicals, Broadway performers are singing operas, and pop singer training is improving dramatically. UWM is out in front of these changes with our BFA: Versatile Voice, a program that is broad enough to cover many genres and flexible enough to reflect each student's interest.

## Undergraduate Admission Requirements

To be considered for the Music BA or BFA program, applicants must first be accepted to UW-Milwaukee, apply to the Peck School of the Arts and complete a successful audition or interview. Please visit the Peck School admissions page for more information.

Pre-Music Education majors must audition for the certification program with the Music Education Area, while enrolled in MUS ED 350, preferably in their fourth semester.

Students accepted through auditions who lack basic aural, theory, and/or keyboard skills must successfully complete MUSIC 1 and/or MUSPERF 1 in their first year of study. A final grade of B or higher is required to enroll in the subsequent Music Theory and Piano courses.

### Provisional

Students declared Provisional at the time of auditions could achieve Music major status based on the successful Jury performance at the end of the first semester. Students not performing a successful first semester jury will not be allowed to continue as a Music major and will be dropped from the Music department. Provisional students must take all required first-semester Music courses during the provisional semester.

### Probation

A Music major who has a studio performance grade of C or lower for two consecutive semesters may be placed on Music Department Probation. (2.75 GPA is required for continuation in the Music Education degree program.) Cleared Probation: Either re-audition or a passing grade for the performance lessons and final Jury is attained during the semester of probation and a cumulative GPA of 2.0 or above.

### Not Accepted

Prospective students not accepted at their initial audition are allowed one additional audition opportunity.

### Re-Audition

Required after an absence of two consecutive semesters from the UWM Music Department as a Music major actively progressing toward degree. The returning student must successfully re-audition in their principal area. The Music Education major must re-audition in their principal area and re-interview with the Music Education faculty.

## Degree Requirements

All Music curricula for the BFA require 125-130 credits, distributed as follows: music courses as specified in each curriculum: 75-80 credits; core curriculum: 45 credits; general electives: 0-9 credits. The BA in Music requires 120 credits, distributed as follows: music courses, 48 credits; core curriculum, 45 credits; general electives, 27 credits.

## Performance Ensemble Requirement

All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements. For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women's Choir, Concert Chorale, Women's Chorus, University Men's Chorus, University Band, Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

## Performance Ensemble Requirement for Transfer Students

Credits from an accredited college/university for performing organizations may be granted as follows:

- All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization. The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;
- Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and
- Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

## Recital Attendance and Music Convocation Requirements

All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:

- Campus recitals (one attendance credit per recital),
- Weekly departmental Music Convocation (five attendance credits per semester), and
- Off-campus recitals (one attendance credit per recital to a maximum of three per semester).

Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.

## Music Performance Course Enrollment Requirements

The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second week of each semester;

- Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

## Music Theory and History Requirements

The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

## Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Music, BFA: Voice

The charge of the Voice Area is to teach skills for future success in music, to offer solid vocal technique and knowledge of vocal health. This training is built upon a foundation of history, theory, and a varied repertoire of vocal music. A spirit of genuine collaboration both within and outside of the voice area offers experiences in many musical styles, fostering future performers, pedagogues and leaders in the arts.

May be taken from any area of the University (including Music) to fulfill requirements

**Total Credits 62**

- <sup>5</sup> Principal Instrument: Enrollment in 400-level Primary Instrument Lessons includes enrollment in both Colloquium and Convocation. 8 semesters of study.
- <sup>6</sup> Two languages required at Level I and Level II chosen between German, French or Italian. These are counted as being part of the 45 credits of General Education taken by students and/or as General Electives.
- <sup>7</sup> Required audition for Piano Proficiency placement. 2 semesters if placement at 100 level. Those placed at the 200 level place out of Piano requirement but can take 200 level lessons as Electives.
- <sup>8</sup> Required to take 8 semesters of choir while concurrently taking studio lessons.

**Undergraduate Admission Requirements**

To be considered for the Music BA or BFA program, applicants must first be accepted to UW-Milwaukee, apply to the Peck School of the Arts and complete a successful audition or interview. Please visit the Peck School admissions page for more information.

Pre-Music Education majors must audition for the certification program with the Music Education Area, while enrolled in MUS ED 350, preferably in their fourth semester.

Students accepted through auditions who lack basic aural, theory, and/or keyboard skills must successfully complete MUSIC 1 and/or MUSPERF 1

in their first year of study. A final grade of B or higher is required to enroll in the subsequent Music Theory and Piano courses.

## Provisional

Students declared Provisional at the time of auditions could achieve Music major status based on the successful Jury performance at the end of the first semester. Students not performing a successful first semester jury will not be allowed to continue as a Music major and will be dropped from the Music department. Provisional students must take all required first-semester Music courses during the provisional semester.

## Probation

A Music major who has a studio performance grade of C or lower for two consecutive semesters may be placed on Music Department Probation. (2.75 GPA is required for continuation in the Music Education degree program.) Cleared Probation: Either re-audition or a passing grade for the performance lessons and final Jury is attained during the semester of probation and a cumulative GPA of 2.0 or above.

## Not Accepted

Prospective students not accepted at their initial audition are allowed one additional audition opportunity.

## Re-Audition

Required after an absence of two consecutive semesters from the UWM Music Department as a Music major actively progressing toward degree. The returning student must successfully re-audition in their principal area. The Music Education major must re-audition in their principal area and re-interview with the Music Education faculty.

## Degree Requirements

All Music curricula for the BFA require 125-130 credits, distributed as follows: music courses as specified in each curriculum: 75-80 credits; core curriculum: 45 credits; general electives: 0-9 credits. The BA in Music requires 120 credits, distributed as follows: music courses, 48 credits; core curriculum, 45 credits; general electives, 27 credits.

## Performance Ensemble Requirement

All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements. For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women's Choir, Concert Chorale, Women's Chorus, University Men's Chorus, University Band, Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

## Performance Ensemble Requirement for Transfer Students

Credits from an accredited college/university for performing organizations may be granted as follows:

- All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization.

The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;

- Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and
- Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

## Recital Attendance and Music Convocation Requirements

All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:

- Campus recitals (one attendance credit per recital),
- Weekly departmental Music Convocation (five attendance credits per semester), and
- Off-campus recitals (one attendance credit per recital to a maximum of three per semester).

Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.

## Music Performance Course Enrollment Requirements

The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second week of each semester;
- Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

## Music Theory and History Requirements

The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

## Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive

all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Music, BFA: Winds, Brass, and Percussion

The BFA: Winds, Brass, and Percussion program is designed to prepare students for professional performing careers and studio teaching. The goal of the program is to graduate students who are expert performers and knowledgeable music scholars. Students take private lessons and master classes; and perform solo recitals, chamber music, orchestral music, and wind band music while working on their degrees.

## Undergraduate Admission Requirements

To be considered for the Music BA or BFA program, applicants must first be accepted to UW-Milwaukee, apply to the Peck School of the Arts and complete a successful audition or interview. Please visit the Peck School admissions page for more information.

Pre-Music Education majors must audition for the certification program with the Music Education Area, while enrolled in MUS ED 350, preferably in their fourth semester.

Students accepted through auditions who lack basic aural, theory, and/or keyboard skills must successfully complete MUSIC 1 and/or MUSPERF 1 in their first year of study. A final grade of B or higher is required to enroll in the subsequent Music Theory and Piano courses.

## Provisional

Students declared Provisional at the time of auditions could achieve Music major status based on the successful Jury performance at the end of the first semester. Students not performing a successful first semester jury will not be allowed to continue as a Music major and will be dropped from the Music department. Provisional students must take all required first-semester Music courses during the provisional semester.

## Probation

A Music major who has a studio performance grade of C or lower for two consecutive semesters may be placed on Music Department Probation. (2.75 GPA is required for continuation in the Music Education degree program.) Cleared Probation: Either re-audition or a passing grade for the performance lessons and final Jury is attained during the semester of probation and a cumulative GPA of 2.0 or above.

## Not Accepted

Prospective students not accepted at their initial audition are allowed one additional audition opportunity.

## Re-Audition

Required after an absence of two consecutive semesters from the UWM Music Department as a Music major actively progressing toward degree. The returning student must successfully re-audition in their principal area. The Music Education major must re-audition in their principal area and re-interview with the Music Education faculty.

## Degree Requirements

All Music curricula for the BFA require 125-130 credits, distributed as follows: music courses as specified in each curriculum: 75-80 credits; core curriculum: 45 credits; general electives: 0-9 credits. The BA in Music requires 120 credits, distributed as follows: music courses, 48 credits; core curriculum, 45 credits; general electives, 27 credits.

## Performance Ensemble Requirement

All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements. For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women's Choir, Concert Chorale, Women's Chorus, University Men's Chorus, University Band, Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

## Performance Ensemble Requirement for Transfer Students

Credits from an accredited college/university for performing organizations may be granted as follows:

- All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization. The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;
- Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and
- Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

## Recital Attendance and Music Convocation Requirements

All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:

- Campus recitals (one attendance credit per recital),
- Weekly departmental Music Convocation (five attendance credits per semester), and
- Off-campus recitals (one attendance credit per recital to a maximum of three per semester).

Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.

## Music Performance Course Enrollment Requirements

The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second week of each semester;

- Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

## Music Theory and History Requirements

The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

## Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Music, Minor

Students enroll in a required music theory and music history core. Music minors choose from a wide array of music electives in order to create programs uniquely matched to their interests. Students choosing private lessons must audition either at a scheduled audition day, at ensemble auditions, or with Music Department area heads and be admitted to lessons at the discretion of the instructor and area head. Please note that the Minor in Music does not meet the Wisconsin Department of Instruction requirements for Music Education licensure.

## Requirements

Students must complete at least 22 credits to receive the Minor in Music. Students must complete a minimum of 12 credits at UWM:

Code	Title	Credits
<b>Music Theory</b> <sup>1</sup>		<b>5-7</b>
MUSIC 1 & 123 & 127	Theory Fundamentals and Aural Theory I and Materials of Theory I	5
or		

MUSIC 123 & MUSIC 124 & MUSIC 127 & MUSIC 128	Aural Theory I and Aural Theory II and Materials of Theory I and Materials of Theory II	7
<b>Music History</b>		<b>6</b>
MUSIC 100	Introduction to Classical Music	
MUSIC 102	American Popular Music	
MUSIC 211	General History of Western Music I	
MUSIC 212	General History of Western Music II	
MUSIC 307	General History of Western Music III	
MUSIC 310	Introduction to World Musics	
<b>Electives</b> <sup>2</sup>		<b>9-11</b>

Complete 9-11 credits from any area of Music. May include ensembles, lessons, performance practice, or additional theory and history coursework. Students enrolled in a private lesson must also simultaneously enroll in a performance ensemble.

<sup>1</sup> The Music Theory Placement exam is optional. The exam determines whether a student will start the theory track with MUSIC 1 or MUSIC 123. Students who do not take the exam will be required to complete the Theory Fundamentals track.

<sup>2</sup> **Elective Lesson Options:** Lessons are not required for the music minor. However, students may take up to four elective credits of lessons. Concurrent enrollment in a large ensemble is required. Lessons are available per successful ensemble audition.  
**Elective Ensemble Options:** Ensembles may be repeated for credit. Students may enroll in the same music ensemble for multiple semesters (up to 8 total and dependent upon audition), and each semester of enrollment fulfills one credit towards the minor. Audition required.

## Advising

**Location:** Theatre 120

## Music, MM/Library and Information Science, MLIS

In collaboration with several other academic units at UW-Milwaukee, SOIS offers students the opportunity to obtain two Master's degrees concurrently—one in Library and Information Science (MLIS) and one in a subject area.

## Degree Requirements

- The number of degree credits needed for each of the coordinated programs is usually 12 fewer than the sum of the two programs if they were not taken simultaneously. *All degree requirements of each component must be satisfied.*
- The MLIS portion of the coordinated degrees can be completed online.
- Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

### MLIS Component

The Master of Library and Information Science (MLIS) component of each of the coordinated programs includes 30 credits of SOIS courses. These include the MLIS core courses (12 credits). The remaining 18 MLIS credits are selected from the School's offerings in accordance with the student's goals in the coordinated degree program.

### MLIS/MM Music (Music History and Literature concentration only)

The coordinated degree program (54 credits) prepare students in the Music History and Literature concentration for positions as music librarians.

While prospective students are not required to submit Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (MUSIC 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (MUSIC 703); these courses must be passed with a minimum grade of "B" or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: MUSIC 680, MUSIC 731, MUSIC 744.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their

first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

In addition to the application materials required by the Graduate School, those seeking admission to the Master of Music degree program must submit the following to the Director of Graduate Studies, Department of Music:

1. A Graduate Music Application (available upon request from the Department of Music, Dr. Timothy Noonan [tponoonan@uwm.edu](mailto:tponoonan@uwm.edu), 414-229-2286).
2. A one-page resume of the applicant's performance experience and extracurricular activities.
3. A one-page statement addressing the applicant's reasons for wishing to pursue a degree program at UWM, the applicant's career goals, and what he or she intends to do with a UWM degree.
4. Three letters of recommendation.

While prospective students are not required to submit Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

## Credits and Courses

An applicant must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus these departmental requirements to be considered for admission to the program:

1. Undergraduate music course background must include adequate preparation in music theory demonstrated through satisfactory completion of the following or equivalent courses:

Code	Title	Credits
MUSIC 127	Materials of Theory I	2
MUSIC 128	Materials of Theory II	3
MUSIC 225	Materials of Theory III	3
MUSIC 123	Aural Theory I	1
MUSIC 124	Aural Theory II	1
MUSIC 226	Aural Theory III	1
MUSIC 230		3
MUSIC 421	Materials of Theory IV	3

2. Preparation in music history and literature must be demonstrated through satisfactory completion of a two-semester survey course in development of music from earliest times to the present plus one semester of more specialized music history.

### Additional Requirements

Applicants exhibiting deficiencies in music history will be required to enroll in MUSIC 704, and those exhibiting deficiencies in music theory will be required to enroll in MUSIC 703; these courses must be passed with a minimum grade of "B" or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The

following courses are recommended to fulfill the graduate theory elective requirement: MUSIC 680, MUSIC 731, MUSIC 744.

Minimum degree requirement is 30 graduate credits, 27 of which must be in specified music areas, 3 of which may be in one of the other areas or in a related field.

Code	Title	Credits
<b>Specific Requirements</b>		
MUSIC 450	Introduction to Musicology	3
MUSIC 452	Early Music Ensemble (1 credit each for two semesters)	2
MUSIC 710	Graduate Studies in Music	3
MUSIC 711	Graduate Seminar in Music History:	3
MUSIC XXX	Graduate Theory Elective	3
MUSIC 911	Seminar In Musicology I	3
MUSIC 990	Research of Thesis	3
<b>Electives</b>		
Music History		6
Other Areas of Music		1
Select one of the following:		3-30
3 credits of General Electives (UG or G)		
30 credits in Library Science if M.M./MLIS major		
<b>Total Credits</b>		<b>30-57</b>

The program must also include:

- MUSIC 314, if not previously completed.
- Reading knowledge of German, French or Italian (see below for specific details).

### Basic Required MLIS Courses

Code	Title	Credits
<b>Core Courses</b>		
INFOST 501	Foundations of Library and Information Science	12
INFOST 511	Organization of Information	
INFOST 571	Information Access and Retrieval	
INFOST 799	Research Methods in Information Studies	
<b>Other MLIS courses</b>		<b>18</b>
<b>Total Credits</b>		<b>30</b>

### Important

You must refer to the catalog pages of both individual master's programs to ensure that you meet all requirements for both degrees.

## Music, MM: Chamber Music Performance

This concentration is designed for the instrumentalist who is admitted by audition to the Institute of Chamber Music at UW-Milwaukee. The major focus of the Institute of Chamber Music is to provide professional training experiences in the performance of chamber repertoire through well-matched chamber ensembles from duos through large chamber ensembles. The student who successfully completes 24 specified credits and the recital requirement receives a Performer's Certificate from the Institute; the student who successfully completes 33 specified credits

and the other degree requirements receives a Master of Music with a concentration in Chamber Music Performance.

While prospective students are not required to submit Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (MUSIC 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (MUSIC 703); these courses must be passed with a minimum grade of "B" or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: MUSIC 680, MUSIC 731, MUSIC 744.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Applicant proposing concentration in Music Performance or Collaborative Piano must demonstrate outstanding performance skills. An on-site audition is required; in extreme cases, recorded examples of an applicant's performance may be accepted in lieu of an in-person audition. Applicant should contact faculty in the appropriate performance area to inquire about specific audition repertoire and procedures.

Applicant proposing voice studies must demonstrate undergraduate study or other proficiency in two foreign languages. A voice diagnostic exam will be given at the audition in the areas of diction, literature, pedagogy and related vocal subjects to determine proficiency.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

In addition to the application materials required by the Graduate School, those seeking admission to the Master of Music degree program must

submit the following to the Director of Graduate Studies, Department of Music:

1. A Graduate Music Application (available upon request from the Department of Music, Dr. Timothy Noonan tnoonan@uwm.edu, 414-229-2286).
2. A one-page resume of the applicant's performance experience and extracurricular activities.
3. A one-page statement addressing the applicant's reasons for wishing to pursue a degree program at UWM, the applicant's career goals, and what he or she intends to do with a UWM degree.
4. Three letters of recommendation.

While prospective students are not required to submit Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

<b>Total Credits</b>		<b>33</b>

<sup>1</sup> Not required in Performer's Certificate.

<sup>2</sup> Met at end of program.

## Additional Requirements

Students in the Institute of Chamber Music are admitted for a two-year program of study. Students are either part of an existing chamber group before entrance or, when admitted, assigned to a group. If the first-year group does not continue for a second year, the student must re-audition for membership in a new or reconstituted group that is acceptable to the faculty in order to continue for a second year of study.

At the end of the first year, each student's performance is judged by the Director of the Institute in consultation with the members of the ICM advisory committee. If a student does not meet the required performance level, the student is prevented from continuing in the Institute for a second year. The student may, if acceptable to the Department graduate faculty, choose to follow another graduate program in the Department.

The student who successfully completes 24 specified credits and the recital requirement receives a Performer's Certificate from the Institute; the student who successfully completes 33 specified credits and the other degree requirements receives a Master of Music with a concentration in Chamber Music Performance

### Thesis Recital

The recital should be given no sooner than the final semester of coursework. The student ensemble must present a program which has been approved by the Graduate Committee and by the Director of the Institute of Chamber Music. This requirement applies both to candidates for the MM in Chamber Music Performance and to the student working toward the Performer's Certificate.

### Comprehensive Examination

Comprehensive examinations in both music history and music theory will be required of each student in the MM in Chamber Music Performance concentration. This requirement normally follows successful completion of a recital requirement. Comprehensives are not required of students seeking the Performer's Certificate.

### Time Limit

The student must complete all degree or certificate requirements within four years of initial enrollment.

## Music, MM: Collaborative Piano: Instrumental

This concentration is designed for the music student with an undergraduate degree in piano who wishes to specialize as a collaborative pianist in instrumental repertoire. A student must successfully pass an audition that demonstrates an advanced level of collaborative skill to qualify for admission to the program.

Applicant proposing concentration in Music Performance Collaborative Piano: Instrumental must demonstrate outstanding performance skills. An on-site audition is required; in extreme cases, recorded examples of an applicant's performance may be accepted in lieu of an in-person audition. Applicant should contact faculty in the appropriate performance area to inquire about specific audition repertoire and procedures.

While prospective students are not required to submit Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (MUSIC 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (MUSIC 703); these courses must be passed with a minimum grade of "B" or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: MUSIC 680, MUSIC 731, MUSIC 744.

<b>Total Credits</b>		<b>32</b>

The program must also include 3 credits in MUSIC 314, if not previously completed.

## Additional Requirements

### Recital

The recital should be given no sooner than the final semester of coursework. The student must present a recital which shows his or her capabilities with various styles including repertoire selected from diverse historical and/or international origins. Programs will comprise a full-length recital. The recital program should be chosen in consultation with the applied teacher with whom the student intends to prepare the recital. The proposed program must be approved by the Graduate Committee of the Department of Music, and the student must present a satisfactory recital audition before the recital may be scheduled.

### Comprehensive Examination

The student must pass final comprehensive examinations in both music history and music theory. This requirement normally follows successful completion of the recital requirement.

### Time Limit

The student must complete all degree requirements within five years of initial enrollment.

## Music, MM: Collaborative Piano: Vocal

This concentration is designed for the music student with an undergraduate degree in piano who wishes to specialize as a collaborative pianist in the vocal repertoire.

While prospective students are not required to submit Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (MUSIC 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (MUSIC 703); these courses must be passed with a minimum grade of "B" or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: MUSIC 680, MUSIC 731, MUSIC 744.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Applicant proposing concentration in Music Performance or Collaborative Piano must demonstrate outstanding performance skills. An on-site audition is required; in extreme cases, recorded examples of an applicant's performance may be accepted in lieu of an in-person audition. Applicant should contact faculty in the appropriate performance area to inquire about specific audition repertoire and procedures.

Applicant proposing voice studies must demonstrate undergraduate study or other proficiency in two foreign languages. A voice diagnostic exam will be given at the audition in the areas of diction, literature, pedagogy and related vocal subjects to determine proficiency.

A student must successfully pass an audition that demonstrates an advanced level of collaborative skill to qualify for admission to the program.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

In addition to the application materials required by the Graduate School, those seeking admission to the Master of Music degree program must submit the following to the Director of Graduate Studies, Department of Music:

1. A Graduate Music Application (available upon request from the Department of Music, Dr. Timothy Noonan tnoonan@uwm.edu, 414-229-2286).
2. A one-page resume of the applicant's performance experience and extracurricular activities.
3. A one-page statement addressing the applicant's reasons for wishing to pursue a degree program at UWM, the applicant's career goals, and what he or she intends to do with a UWM degree.
4. Three letters of recommendation.

While prospective students are not required to submit Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

## Credits and Courses

An applicant must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus these departmental requirements to be considered for admission to the program:

1. Undergraduate music course background must include adequate preparation in music theory demonstrated through satisfactory completion of the following or equivalent courses:

Code	Title	Credits
MUSIC 127	Materials of Theory I	2
MUSIC 128	Materials of Theory II	3
MUSIC 225	Materials of Theory III	3
MUSIC 123	Aural Theory I	1
MUSIC 124	Aural Theory II	1
MUSIC 226	Aural Theory III	1
MUSIC 230		3
MUSIC 421	Materials of Theory IV	3

2. Preparation in music history and literature must be demonstrated through satisfactory completion of a two-semester survey course in development of music from earliest times to the present plus one semester of more specialized music history.

Applicants exhibiting deficiencies in music history will be required to enroll in MUSIC 704, and those exhibiting deficiencies in music theory will

be required to enroll in MUSIC 703; these courses must be passed with a minimum grade of "B" or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: MUSIC 680, MUSIC 731, MUSIC 744.

Minimum degree requirement is 32 graduate credits, 28 of which must be in specified music areas, 2 of which must be in another music area, and 2 of which may be in one of the other areas or in a related field.

Code	Title	Credits
<b>Specific Requirements</b>		
MUSIC 710	Graduate Studies in Music	3
MUSIC 711	Graduate Seminar in Music History:	3
MUSIC XXX	Graduate Theory Elective	3
MUSIC 990	Research of Thesis (Recital)	3
<b>Performance</b>		
<i>Select the following for 2 credits each for 4 semesters:</i>		8
MUSPERF 703	Collaborative Piano-Vocal	
<i>Select the following for 1 credit each for 4 semesters:</i>		4
MUSPERF 705	Techniques of Opera Coaching and Accompanying	
<b>Répertoire</b>		
MUSIC 753	Advanced Song Literature I	2
MUSIC 754	Advanced Song Literature II	2
<b>Electives</b>		
Music		2
General		2
<b>Total Credits</b>		<b>32</b>

The program must also include 3 credits in MUSIC 314, if not previously completed.

For Vocal Collaborative majors: proficiency in French, German, and Italian diction is determined through a reading of song and aria texts for collaborative and voice faculties. Students whose diction skills are deficient are required to enroll in the appropriate course without degree credit. Completion of the course with a grade of B or better satisfies the deficiency.

## Additional Requirements

### Recital

The recital should be given no sooner than the final semester of coursework. The student must present a recital which shows his or her capabilities with various styles including repertoire selected from diverse historical and/or international origins. Programs will comprise a full-length recital. The recital program should be chosen in consultation with the applied teacher with whom the student intends to prepare the recital. The proposed program must be approved by the Graduate Committee of the Department of Music, and the student must present a satisfactory recital audition before the recital may be scheduled.

### Comprehensive Examination

The student must pass final comprehensive examinations in both music history and music theory. This requirement normally follows successful completion of the recital requirement.

**Time Limit**

The student must complete all degree requirements within five years of initial enrollment.

## Music, MM: Conducting: Choral Emphasis

This concentration is designed primarily for the student with an undergraduate degree in music education or performance who wishes to pursue advanced training in Conducting: Choral Emphasis plus related studies in music performance and allied areas. A student must successfully pass an audition that demonstrates an advanced level of conducting skill to qualify for admission to the program. Students may also have to pass other audition(s) in performance area(s), depending on their focus.

Applicant proposing concentration in Music Performance Conducting: Choral Emphasis must demonstrate outstanding performance and conducting skills. An on-site audition is required; in extreme cases, recorded examples of an applicant's performance may be accepted in lieu of an in-person audition. Applicant should contact faculty in the appropriate performance area to inquire about specific audition repertoire and procedures.

While prospective students are not required to submit Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (MUSIC 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (MUSIC 703); these courses must be passed with a minimum grade of "B" or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: MUSIC 680, MUSIC 731, MUSIC 744.

## Admission Requirements

General		2
<b>Total Credits</b>		<b>31</b>

<sup>1</sup> Students in the MM Choral Conducting emphasis must take MUSPERF 911 to satisfy the Performance requirement, and must take MUSIC 444 (previously 446).

<sup>2</sup> Ensemble will be assigned upon audition.

The program must also include MUSIC 314, if not previously completed.

## Additional Requirements

### Thesis (Public Performance)

The student must present a recital demonstrating conducting abilities. Performance of literature from a variety of style periods, including a twentieth-century composition by an American composer, should be

included. The proposed program must be approved by the Graduate Committee before the recital may be scheduled. Candidates must also prepare a written document, following all procedures as dictated by the Graduate Committee, in consultation with their main advisor. (The student should consult with the primary faculty advisor for individual area guidelines.)

### Comprehensive Examination

The student must pass final comprehensive examinations in both music history and music theory. This requirement normally follows successful completion of the thesis requirement.

### Time Limit

The student must complete all degree requirements within five years of initial enrollment.

## Music, MM: Conducting: Instrumental

This concentration is designed primarily for the student with an undergraduate degree in music education or performance who wishes to pursue advanced training in Conducting: Instrumental plus related studies in music performance and allied areas. A student must successfully pass an audition that demonstrates an advanced level of conducting skill to qualify for admission to the program. Students may also have to pass other audition(s) in performance area(s), depending on their focus.

Applicant proposing concentration in Music Performance Conducting: Instrumental must demonstrate outstanding performance and conducting skills. An on-site audition is required; in extreme cases, recorded examples of an applicant’s performance may be accepted in lieu of an in-person audition. Applicant should contact faculty in the appropriate performance area to inquire about specific audition repertoire and procedures.

While prospective students are not required to submit Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master’s degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (MUSIC 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (MUSIC 703); these courses must be passed with a minimum grade of “B” or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: MUSIC 680, MUSIC 731, MUSIC 744.

### Comprehensive Examination

The student must pass final comprehensive examinations in both music history and music theory. This requirement normally follows successful completion of the thesis requirement.

### Time Limit

The student must complete all degree requirements within five years of initial enrollment.

## Music, MM: Music Education

This concentration is designed for practicing music educators who wish to advance their knowledge and skills in both music and music pedagogy. An undergraduate degree in music education is required with two years teaching experience in a school setting. The program is intended to build on the student's understanding of teaching pedagogy in any area of music education (general, choral or instrumental), strengthen the philosophical underpinnings of that teaching, bring to light opportunities for action research within a school setting, and provide additional areas of exploration including applied instrumental or vocal study, conducting technique, music theory and music history.

While prospective students are not required to submit Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (MUSIC 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (MUSIC 703); these courses must be passed with a minimum grade of "B" or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: MUSIC 680, MUSIC 731, MUSIC 744.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Applicant must have an undergraduate degree in music education with certification and teaching experience, except by special permission.

Applicant should contact faculty in the Music Education area to inquire about other entrance requirements.

An audition is required only if the applicant plans to take performance lessons at the 700 level, or if an audition is required for acceptance into an emphasis program (instrumental conducting or choral conducting).

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

In addition to the application materials required by the Graduate School, those seeking admission to the Master of Music degree program must submit the following to the Director of Graduate Studies, Department of Music:

1. A Graduate Music Application (available upon request from the Department of Music, Dr. Timothy Noonan [tpnoonan@uwm.edu](mailto:tpnoonan@uwm.edu), 414-229-2286).
2. A one-page resume of the applicant's performance experience and extracurricular activities.
3. A one-page statement addressing the applicant's reasons for wishing to pursue a degree program at UWM, the applicant's career goals, and what he or she intends to do with a UWM degree.
4. Three letters of recommendation.

While prospective students are not required to submit Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

## Credits and Courses

An applicant must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus these departmental requirements to be considered for admission to the program:

1. Undergraduate music course background must include adequate preparation in music theory demonstrated through satisfactory completion of the following or equivalent courses:

Music Performance, Conducting, Theory, Music History, or related areas		5
<b>Total Credits</b>		<b>30</b>

## Additional Requirements

### Thesis or Final Project

A formal written thesis, lecture/recital, composition with pedagogical intent and analysis, major annotated bibliography, curriculum synthesis, or other type of music education project is required. The student must submit a written proposal to the major advisor to be approved by the Graduate Committee prior to registration.

### Examination in the Major

The student must pass a final written examination in music and music education. This exam will reflect the nature of the student's program of studies. Further questions concerning the exam should be directed toward the student's major advisor.

### Time Limit

The student must complete all degree requirements within five years of initial enrollment.

## Music, MM: Music History and Literature

This concentration is designed primarily for students who wish to do advanced study in music history and literature. For some students, the degree is a terminal degree (for example, music teachers who may wish to pursue graduate work in music history rather than in music education), while for others it serves as preparation for the study of musicology at the doctoral level.

While prospective students are not required to submit Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (MUSIC 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (MUSIC 703); these courses must be passed with a minimum grade of "B" or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: MUSIC 680, MUSIC 731, MUSIC 744.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Applicant must have a reading knowledge of a language other than English, preferably German.

Applicant must submit two examples of written work (essays, research papers).

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student

may proceed with required graduate courses, or whether they first need to remove deficiencies.

In addition to the application materials required by the Graduate School, those seeking admission to the Master of Music degree program must submit the following to the Director of Graduate Studies, Department of Music:

1. A Graduate Music Application (available upon request from the Department of Music, Dr. Timothy Noonan tnoonan@uwm.edu, 414-229-2286).
2. A one-page resume of the applicant's performance experience and extracurricular activities.
3. A one-page statement addressing the applicant's reasons for wishing to pursue a degree program at UWM, the applicant's career goals, and what he or she intends to do with a UWM degree.
4. Three letters of recommendation.

While prospective students are not required to submit Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

## Credits and Courses

An applicant must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus these departmental requirements to be considered for admission to the program:

1. Undergraduate music course background must include adequate preparation in music theory demonstrated through satisfactory completion of the following or equivalent courses:

Code	Title	Credits
MUSIC 127	Materials of Theory I	2
MUSIC 128	Materials of Theory II	3
MUSIC 225	Materials of Theory III	3
MUSIC 123	Aural Theory I	1
MUSIC 124	Aural Theory II	1
MUSIC 226	Aural Theory III	1
MUSIC 230		3
MUSIC 421	Materials of Theory IV	3

2. Preparation in music history and literature must be demonstrated through satisfactory completion of a two-semester survey course in development of music from earliest times to the present plus one semester of more specialized music history.

Applicants exhibiting deficiencies in music history will be required to enroll in MUSIC 704, and those exhibiting deficiencies in music theory will be required to enroll in MUSIC 703; these courses must be passed with a minimum grade of "B" or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: MUSIC 680, MUSIC 731, MUSIC 744.

Minimum degree requirement is 30 graduate credits, 27 of which must be in specified music areas, 3 of which may be in one of the other areas or in a related field.

Code	Title	Credits
<b>Specific Requirements</b>		
MUSIC 450	Introduction to Musicology	3
MUSIC 452	Early Music Ensemble (1 credit each for two semesters)	2
MUSIC 710	Graduate Studies in Music	3
MUSIC 711	Graduate Seminar in Music History:	3
MUSIC XXX	Graduate Theory Elective	3
MUSIC 911	Seminar In Musicology I	3
MUSIC 990	Research of Thesis	3
<b>Electives</b>		
Music History		6
Other Areas of Music		1
Select one of the following:		3-30
3 credits of General Electives (UG or G)		
30 credits in Library Science if M.M./MLIS major		
<b>Total Credits</b>		<b>30-57</b>

The program must also include:

- MUSIC 314, if not previously completed.
- Reading knowledge of German, French or Italian (see below for specific details).

## Additional Requirements

### Language Requirement

Candidates for the Master of Music degree with a concentration in Music History and Literature must demonstrate a reading knowledge of German, French, or Italian. The examiner, a member of the music history faculty, will choose several paragraphs totaling approximately 500 words taken from a suitable book or periodical article approved by the advisor, and dealing with a musical topic, and ask for a written translation. The candidate may use a dictionary. The results of the test will be communicated by the examiner to the Music History and Literature area Chair. Candidates failing the exam the first time may take it a second time, provided an appropriate interval has elapsed.

### Thesis

The student must submit an acceptable thesis or thesis equivalent, which must be read and approved by both the student's thesis advisor and a second reader belonging to the Graduate Faculty. Appropriate thesis equivalents may be:

1. Two revised or expanded seminar papers totaling between 30 and 40 pages of text; or
2. One revised or expanded seminar paper, plus one of the following:
  - A comprehensive review essay of an edition or major musical monograph.
  - A concentrated study of the life and work of a musician or musical scholar.

### Comprehensive Examination

The student must pass final written comprehensive examinations in both music history and music theory.

**Time Limit**

The student must complete all degree requirements within five years of initial enrollment.

**Music, MM: Performance: Guitar**

This concentration is designed for the music student who wishes to concentrate primarily on the major performing skill. The student may specialize in either classical, finger-style, or jazz guitar. A student must successfully pass an audition at an advanced level of performance to qualify for admission to the program.

Applicant proposing concentration in Music Performance Guitar must demonstrate outstanding performance skills. An on-site audition is required; in extreme cases, recorded examples of an applicant's performance may be accepted in lieu of an in-person audition. Applicant should contact faculty in the appropriate performance area to inquire about specific audition repertoire and procedures.

While prospective students are not required to submit Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (MUSIC 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (MUSIC 703); these courses must be passed with a minimum grade of "B" or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: MUSIC 680, MUSIC 731, MUSIC 744.

**Admission Requirements****Application Deadlines**

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

**Admission**

Applicant proposing concentration in Music Performance or Collaborative Piano must demonstrate outstanding performance skills. An on-site audition is required; in extreme cases, recorded examples of an applicant's performance may be accepted in lieu of an in-person audition. Applicant should contact faculty in the appropriate performance area to inquire about specific audition repertoire and procedures.

Applicant proposing voice studies must demonstrate undergraduate study or other proficiency in two foreign languages. A voice diagnostic exam will be given at the audition in the areas of diction, literature, pedagogy and related vocal subjects to determine proficiency.

A student must successfully pass an audition at an advanced level of performance to qualify for admission to the program.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

In addition to the application materials required by the Graduate School, those seeking admission to the Master of Music degree program must submit the following to the Director of Graduate Studies, Department of Music:

1. A Graduate Music Application (available upon request from the Department of Music, Dr. Timothy Noonan [tpnoonan@uwm.edu](mailto:tpnoonan@uwm.edu), 414-229-2286).
2. A one-page resume of the applicant's performance experience and extracurricular activities.
3. A one-page statement addressing the applicant's reasons for wishing to pursue a degree program at UWM, the applicant's career goals, and what he or she intends to do with a UWM degree.
4. Three letters of recommendation.

While prospective students are not required to submit Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

**Credits and Courses**

An applicant must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus these departmental requirements to be considered for admission to the program:

1. Undergraduate music course background must include adequate preparation in music theory demonstrated through satisfactory completion of the following or equivalent courses:

Code	Title	Credits
MUSIC 127	Materials of Theory I	2
MUSIC 128	Materials of Theory II	3
MUSIC 225	Materials of Theory III	3
MUSIC 123	Aural Theory I	1
MUSIC 124	Aural Theory II	1
MUSIC 226	Aural Theory III	1
MUSIC 230		3
MUSIC 421	Materials of Theory IV	3

2. Preparation in music history and literature must be demonstrated through satisfactory completion of a two-semester survey course

in development of music from earliest times to the present plus one semester of more specialized music history.

Applicants exhibiting deficiencies in music history will be required to enroll in MUSIC 704, and those exhibiting deficiencies in music theory will be required to enroll in MUSIC 703; these courses must be passed with a minimum grade of "B" or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: MUSIC 680, MUSIC 731, MUSIC 744.

Minimum degree requirement is 32 graduate credits, 28 of which must be in specified music areas, 2 of which must be Music electives and 2 of which may be in another area or in a related field.

General (U/G or G)		2
<b>Total Credits</b>		<b>32</b>

The program must also include 3 credits in MUSIC 314, if not previously completed.

## Additional Requirements

### Major Professor as Advisor

The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. A student who is not assigned to an advisor at time of admission should immediately contact the Director of Graduate Studies. A Graduate Music Application is available upon request from the Department of Music, Dr. Timothy Noonan tnoonan@uwm.edu, 414-229-2286.

### Recital

The recital should be given no sooner than the final semester of coursework. The student must present a recital which shows his or her capabilities with various styles including repertoire selected from diverse historical and/or international origins. Programs will comprise a full-length recital. Instrumental recitals include solo/concerto style works and collaborative chamber works. The recital program should be chosen in consultation with the applied teacher with whom the student intends to prepare the recital. The proposed program must be approved by the Graduate Committee, and the student must present a satisfactory recital audition before the recital may be scheduled.

### Comprehensive Examination

The student must pass final comprehensive examinations in both music history and music theory. This requirement normally follows successful completion of the recital requirement.

### Ensemble Participation

The student of violin, viola, violoncello, or contrabass is required to participate in Symphony Orchestra each semester in which the student is registered for music performance in the major instrument. Two of these semesters (2 credits) fulfill the Orchestra requirement for the degree. A maximum of 2 additional semesters (2 credits) of Orchestra may be applied toward the master's degree. All other students, vocal as well as instrumental (except those with keyboard or guitar concentrations), are required to be enrolled in an approved performing organization each semester in which the student is registered for music performance instruction in the major instrument.

### Time Limit

The student must complete all degree requirements within five years of initial enrollment.

## Music, MM: Performance: Keyboard

This concentration is designed for the music student with an undergraduate degree in piano who wishes to specialize as a collaborative pianist in performance and repertoire. A student must successfully pass an audition that demonstrates an advanced level of collaborative skill to qualify for admission to the program.

Applicant proposing concentration in Music Performance Keyboard must demonstrate outstanding performance skills. An on-site audition is required; in extreme cases, recorded examples of an applicant's performance may be accepted in lieu of an in-person audition. Applicant should contact faculty in the appropriate performance area to inquire about specific audition repertoire and procedures.

While prospective students are not required to submit Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (MUSIC 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (MUSIC 703); these courses must be passed with a minimum grade of "B" or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: MUSIC 680, MUSIC 731, MUSIC 744.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Auditions, entrance exams, other prerequisites, and/or portfolio reviews may be required for each concentration.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

In addition to the application materials required by the Graduate School, those seeking admission to the Master of Music degree program must submit the following to the Director of Graduate Studies, Department of Music:

1. A Graduate Music Application (available upon request from the Department of Music, Dr. Timothy Noonan [tpnoonan@uwm.edu](mailto:tpnoonan@uwm.edu), 414-229-2286).

MUSIC 226	Aural Theory III	1
MUSIC 230		3
MUSIC 421	Materials of Theory IV	3

- Preparation in music history and literature must be demonstrated through satisfactory completion of a two-semester survey course in development of music from earliest times to the present plus one semester of more specialized music history.

Applicants exhibiting deficiencies in music history will be required to enroll in MUSIC 704, and those exhibiting deficiencies in music theory will be required to enroll in MUSIC 703; these courses must be passed with a minimum grade of "B" or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: MUSIC 680, MUSIC 731, MUSIC 744.

Minimum degree requirement is 32 graduate credits, 28 of which must be in specified music areas, 2 of which must be Music electives, and 2 of which may be in another area or in a related field.

<b>Total Credits</b>		<b>32</b>

The program must also include 3 credits in MUSIC 314, if not previously completed.

## Additional Requirements

### Recital

The recital should be given no sooner than the final semester of coursework. The student must present a recital which shows his or her

capabilities with various styles including repertoire selected from diverse historical and/or international origins. Programs will comprise a full-length recital. Instrumental recitals include solo/concerto style works and collaborative chamber works. The recital program should be chosen in consultation with the applied teacher with whom the student intends to prepare the recital. The proposed program must be approved by the Graduate Committee, and the student must present a satisfactory recital audition before the recital may be scheduled.

### Comprehensive Examination

The student must pass final comprehensive examinations in both music history and music theory. This requirement normally follows successful completion of the recital requirement.

### Ensemble Participation

The student of violin, viola, violoncello, or contrabass is required to participate in Symphony Orchestra each semester in which the student is registered for music performance in the major instrument. Two of these semesters (2 credits) fulfill the Orchestra requirement for the degree. A maximum of 2 additional semesters (2 credits) of Orchestra may be applied toward the master's degree. All other students, vocal as well as instrumental (except those with keyboard or guitar concentrations), are required to be enrolled in an approved performing organization each semester in which the student is registered for music performance instruction in the major instrument.

### Time Limit

The student must complete all degree requirements within five years of initial enrollment.

## Music, MM: Performance: Vocal Emphasis

This concentration is designed for the music student who wishes to concentrate primarily on the major performing skill.

Applicant proposing concentration in Music Performance Vocal Emphasis must demonstrate outstanding performance skills. An on-site audition is required; in extreme cases, recorded examples of an applicant's performance may be accepted in lieu of an in-person audition. Applicant should contact faculty in the appropriate performance area to inquire about specific audition repertoire and procedures.

Applicant proposing voice studies must demonstrate undergraduate study or other proficiency in two foreign languages. A voice diagnostic exam will be given at the audition in the areas of diction, literature, pedagogy and related vocal subjects to determine proficiency.

While prospective students are not required to submit Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student

may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (MUSIC 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (MUSIC 703); these courses must be passed with a minimum grade of "B" or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: MUSIC 680, MUSIC 731, MUSIC 744.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Applicant proposing concentration in Music Performance or Collaborative Piano must demonstrate outstanding performance skills. An on-site audition is required; in extreme cases, recorded examples of an applicant's performance may be accepted in lieu of an in-person audition. Applicant should contact faculty in the appropriate performance area to inquire about specific audition repertoire and procedures.

Applicant proposing voice studies must demonstrate undergraduate study or other proficiency in two foreign languages. A voice diagnostic exam will be given at the audition in the areas of diction, literature, pedagogy and related vocal subjects to determine proficiency.

A student must successfully pass an audition at an advanced level of performance to qualify for admission to the program.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

In addition to the application materials required by the Graduate School, those seeking admission to the Master of Music degree program must submit the following to the Director of Graduate Studies, Department of Music:

1. A Graduate Music Application (available upon request from the Department of Music, Dr. Timothy Noonan [tpnoonan@uwm.edu](mailto:tpnoonan@uwm.edu), 414-229-2286).
2. A one-page resume of the applicant's performance experience and extracurricular activities.
3. A one-page statement addressing the applicant's reasons for wishing to pursue a degree program at UWM, the applicant's career goals, and what he or she intends to do with a UWM degree.
4. Three letters of recommendation.

While prospective students are not required to submit Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

## Credits and Courses

An applicant must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus these departmental requirements to be considered for admission to the program:

1. Undergraduate music course background must include adequate preparation in music theory demonstrated through satisfactory completion of the following or equivalent courses:

Code	Title	Credits
MUSIC 127	Materials of Theory I	2
MUSIC 128	Materials of Theory II	3
MUSIC 225	Materials of Theory III	3

## Additional Requirements

### Major Professor as Advisor

The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. A student who is not assigned to an advisor at time of admission should immediately contact the Director of Graduate Studies. A Graduate Music Application is available upon request from the Department of Music (Dr. Timothy Noonan, tnoonan@uwm.edu, 414-229-2286).

### Recital

The recital should be given no sooner than the final semester of coursework. The student must present a recital which shows his or her capabilities with various styles including repertoire selected from diverse historical and/or international origins. Programs will comprise a full-length recital. Instrumental recitals include solo/concerto style works and collaborative chamber works. The recital program should be chosen in consultation with the applied teacher with whom the student intends to prepare the recital. The proposed program must be approved by the Graduate Committee, and the student must present a satisfactory recital audition before the recital may be scheduled.

<b>Total Credits</b>		<b>34</b>

## Additional Requirements

### Recital and Lecture Demonstration

The recital and lecture demonstration may be given at any time before the completion of the degree program.

The recital consists of two parts:

1. A performance of a minimum of 30-45 minutes of music that has been approved by the major teacher
2. A lecture totaling approximately 30 minutes to be given before, during, or after the recital, in which the candidate discusses one or more pieces to be performed on the recital program, with emphasis on pedagogical values of the piece(s), the difficulties, and how they are overcome

### Comprehensive Examination

The student must pass final comprehensive examinations in both music history and music theory. This requirement normally follows successful completion of the recital requirement.

### Ensemble Participation

The student is required to participate in an approved performing organization each semester in which the student is registered for music performance instruction in the major instrument; in two of these semesters the student must be enrolled in Symphony Orchestra for credit (see Performance Credits above).

### Time Limit

The student must complete all degree requirements within five years of initial enrollment.

## Music, MM: Theory and Composition

This concentration is designed for the person possessing creative talent in acquiring and utilizing the techniques and craft of musical composition through theory, literature and analysis. We foster development in instrumental, vocal, and electro-acoustic composition, with an emphasis on contemporary and experimental techniques. Interested students should preferably have experience in computer notation, midi applications, theory, literature, and analysis pedagogic areas.

Applicant must submit a portfolio of original compositions which could include CD/DVD/computer software files/midi programs in addition to at least one excerpt and one complete composition in conventional notation or analytical research paper(s) or presentations submitted or presented in a regional or national theory society organization, computer assisted analysis or presentation in such areas as Schenkerian analysis or Spectromorphology in acoustic, electronic or acoustic theory.

While prospective students are not required to submit Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (MUSIC 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (MUSIC 703); these courses must be passed with a minimum grade of "B" or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: MUSIC 680, MUSIC 731, MUSIC 744.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found

by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Applicant should preferably have experience in computer notation, MIDI applications, theory, literature, and analysis.

Applicant must submit a portfolio of original compositions, which could include CD / DVD / computer software files / MIDI programs and must include at least one excerpt and one complete composition in conventional notation.

Applicant also could include one or both of the following:

1. Analytical research papers or presentations submitted or presented at regional or national theory, composition, or computer music conferences.
2. Computer-assisted analysis or presentations in such areas as Schenkerian analysis, spectromorphology in acoustic, electronic, or acoustmatic theory.

Applicant should possess keyboard proficiency of a level permitting the candidate to sight-read music of moderate difficulty and performance capability of compositions at the level of an early Beethoven sonata or Bach's Two-part Inventions.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

In addition to the application materials required by the Graduate School, those seeking admission to the Master of Music degree program must submit the following to the Director of Graduate Studies, Department of Music:

1. A Graduate Music Application (available upon request from the Department of Music, Dr. Timothy Noonan [tpnoonan@uwm.edu](mailto:tpnoonan@uwm.edu), 414-229-2286).
2. A one-page resume of the applicant's performance experience and extracurricular activities.
3. A one-page statement addressing the applicant's reasons for wishing to pursue a degree program at UWM, the applicant's career goals, and what he or she intends to do with a UWM degree.
4. Three letters of recommendation.

While prospective students are not required to submit Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

## Credits and Courses

An applicant must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus these departmental requirements to be considered for admission to the program:

Music		3
<b>Total Credits</b>		<b>32</b>

### Recommended Electives

Code	Title	Credits
MUSIC 327	Studio Techniques	3
MUSIC 328	Interactive Electronic Music	3
MUSIC 420	Advanced Electronic Music and Sound Art:	3

MUSIC 421	Materials of Theory IV	3
MUSIC 680	Special Studies in Music:	1-3

Electives must be chosen in accordance with the needs of the individual candidate and with the advice and consent of the advisor or major professor.

## Additional Requirements

### Thesis

The candidate for the Master of Music degree must complete one of the following:

- A composition of significant breadth will serve as the thesis for the MM in Music Theory and Composition. It may be for large or chamber ensemble with or without electronic component or for the electronic medium alone. Completion of the thesis must include its public performance. If the thesis composition is written for a large university ensemble (orchestra, wind ensemble, choir) a hearing of a single rehearsal of the entire composition will suffice.
- A research project which shall be either a paper or a theoretical program evidencing both a capacity for research and originality in creative analysis or computer composition application evidencing both research capabilities and analytical insight.

### Comprehensive Examination

The student must pass final comprehensive examinations in both music history and music theory.

### Time Limit

The student must complete all degree requirements within seven years of initial enrollment.

## Theatre

The Theatre Department’s mission is to educate students in the practice and study of theatre and to encourage students’ creative and critical development. It supports the application of theatre skills in lasting, strong, and meaningful ways throughout their lives.

Our urban setting provides access to a thriving professional arts community with opportunities to engage with the region’s many cultural groups and institutions through service learning, internships, and fieldwork. These experiences support students interested in developing as artists, educators, and scholars and by actively encouraging them to be theatre makers.

The Theatre Department offers a Bachelor of Fine Arts in Theatre and a Bachelor of Arts in Theatre Practices. We also offer a Theatre Minor.

## Degree Programs

The Bachelor of Fine Arts (BFA) in Theatre offers two tracks: Performance and Production. Performance majors focus on either Acting or Musical Theatre. Production majors explore a broad curriculum in Costuming, Stage Management, Technical Production, and Design.

The Bachelor of Arts in Theatre Practices (BA) offers two tracks: Theatre Practices and K-12 Theatre Education. Theatre Practices focuses on

playwriting, performing and devising new works, directing, community engaged practices, theatre and social justice, and dramaturgy. BA students also have an opportunity to earn a Cultures and Communities (C&C) Certificate (p. 980). The Theatre Education track in the BA is a professional program that leads to a Wisconsin Theatre Educator license.

Theatre study, in all degree programs within the department, begins with a common core of course experiences designed to provide learning opportunities encouraging participants to engage with theatre as a way of seeing, understanding, and communicating culture.

## Capstone

All programs and tracks in all undergraduate programs within the Theatre Department require a capstone experience. The capstone serves as a laboratory for students and provides a framework for application of developing skills and knowledge. Depending on semester, program, or project, capstones are executed and evaluated within the following courses:

### BA in Theatre Practices Degree

Code	Title	Credits
THEATRE 465	Theatre Capstone: BA Theatre Practices	3
THEATRE 472	Performance Capstone in Musical Theatre	3
THEATRE 485	Elementary Level Student Teaching in Theatre	2-6
THEATRE 486	Secondary Student Teaching in Theatre	2-6

### BFA Acting Degree

Code	Title	Credits
THEATRE 571	Acting 6	3

### BFA Musical Theatre Degree

Code	Title	Credits
THEATRE 472	Performance Capstone in Musical Theatre	3

### BFA Production Degree

Code	Title	Credits
THEATRE 675 or THEATRE 685	Advanced Studio Internship in Professional Theatre	1-6

Capstone evaluations are used to assess student outcomes and program goals.

## Musical Theatre, Undergraduate Certificate

### Requirements

The Musical Theatre Certificate is an interdisciplinary program which requires training in three areas of the arts: acting, dance, and music. The requirements are as follows:

Code	Title	Credits
<b>DANCE (6 credits)</b>		
DANCE 327	Dance for the Musical Theatre I	2
Choose 1 of the following:		2
DANCE 111	Ballet I	
DANCE 113	Modern Dance Technique I	
Choose 1 of the following not previously taken:		2
DANCE 111	Ballet I	
DANCE 113	Modern Dance Technique I	
DANCE 115	Jazz Dance I	
DANCE 122	African Dance & Diaspora Technique I	
DANCE 427	Dance for the Musical Theatre II	
<b>MUSIC (7 credits)</b>		
Choose 1 Choral Ensemble		1
MUSPERF 111	Lessons in Voice	1
MUSPERF 111	Lessons in Voice	1
MUSIC 142	Class Voice for Musical Theater Level I	2
MUSIC 143	Class Voice for Music Theatre Level II	2
<b>THEATRE (9 credits)</b>		
THEATRE 110	Fundamentals of the Actor's Process	3

Choose 1 of the following:	3	
THEATRE 100	Introduction to the Theatre	
THEATRE 150	Multicultural America:	
THEATRE 408	Acting in Musical Theatre	3
<b>Total Credits</b>	<b>22</b>	

## Theatre Practices, BA

The Bachelor of Arts (BA) in Theatre Practices supports engaged theatre practice that meets the social and cultural challenges of our twenty-first century society.

Our innovative curriculum invites students to begin by building core theatre skills, then gradually applying them to a range of projects, settings, and populations. This culminates in in-depth application of these skills through internships, community placements and a Capstone. The BA in Theatre Practice supports a professional track for students seeking a Wisconsin Theatre Teaching license in K-12 Theatre Education. It also offers students the option to earn a Cultures and Communities (C&C) certificate (p. 980).

The BA in Theatre Practices engages students in focusing their study on educational and social justice theatre, devising and performing new work, storytelling, dramaturgy, directing, playwriting, and arts and social entrepreneurship. For more information visit the Theatre Practices, BA Program page (<https://uwm.edu/arts/academics/theatre-practices-ba/>). (<http://uwm.edu/arts/theatre/ba/>)

# Requirements

## Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

## Credit Overview

The minimum degree requirement is 120 credits. BA Theatre Practices Degree requirements are distributed as follows:

Code	Title	Credits
	University Core Curriculum	39
	Theatre Department Core	30
	BA Track Requirements and Electives	51
<b>Total Credits</b>		<b>120</b>

## Bachelor of Arts in Theatre Practices Curriculum

The BA degree in Theatre Practices requires a minimum of 120 credits - 39 credits in the University Core Curriculum, 48 credits in the Theatre department, and 33 credits of the student's choosing inside and/or outside of the department. Students who need background preparation courses in math, English, foreign language, and chemistry may need additional credits. BA Theatre majors are required to fulfill the department's core, maintain a 2.75 GPA in the major, and earn a C grade or better in all Theatre Core courses.

BA Theatre students execute a capstone course project as a culminating demonstration of their learning. All capstones are evaluated through a presentation of research and/or portfolio process. Students also have an option to earn a Cultures and Communities (C&C) certificate (p. 980).

## Application Process

To be considered for the Theatre BA or BFA program, applicants must first be accepted to UW-Milwaukee, apply to the Peck School of the Arts and complete a successful audition and/or interview. Please visit the Peck School admissions page for more information.

## Advance to Major/Retention

To be accepted and continue in good standing within any Theatre degree program, students must meet or exceed all general university requirements, have and maintain a 2.5 GPA overall (with the exception of Theatre Education majors). BA degree majors must also maintain a 2.75 GPA within the major. Theatre Education majors must maintain a 3.0 in the major. All BFA degree majors must maintain a 3.0 in the major. Additionally, all Theatre majors in all programs must pass all Theatre Core courses with a C grade or better. Students will be put on probation inside the major, and may be denied continuation in their program, if they receive a D grade or lower in any Theatre Core courses, which are:

Code	Title	Credits
THEATRE 110	Fundamentals of the Actor's Process	3
THEATRE 204	Theatre and Social Change	3
THEATRE 213	Play Analysis	3
THEATRE 214	Stagecraft	4
THEATRE 225	Costume Construction	2
THEATRE 230	Acting 2: Text and Performance	3
THEATRE 236	Theatre Production and Design	3
THEATRE 260	Storytelling:	3
THEATRE 275	Performing Arts Management	3
THEATRE 305	The Theatrical Experience:	3
THEATRE 321	The Theatre: Beginnings Through Realism	3
THEATRE 322	The Theatre: Modern and Contemporary Period	3

As per Wisconsin State statutes, all Theatre Education students must also pass the Praxis II Theatre Content test, or a portfolio equivalent as determined by the program, before being allowed to engage in their student teaching fieldwork.

## Continuation

Students who are in danger of being dropped from the program, or put on probation, will receive a written warning. Any Theatre student who is dropped or suspended from his/her program (due to failing/low grades and/or academic misconduct) has the right to an appeal. Any student wishing to appeal must inform the Chair and his/her Area Head of their interest and in writing. Students must then meet with the Chair and the Area Head to discuss their appeal. The appeal may then be forwarded to the Theatre Department Appeals Committee and the Theatre Department Chair. Appeals committee findings will be given to the student in writing and in a timely manner.

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Theatre Practices, BA: Theatre Education

The BA in Theatre Practices - Theatre Education supports a professional track for students seeking a Wisconsin Theatre Teaching license in K-12 Theatre (WI DPI License #1325). The BA Theatre Ed. engages students in focusing their study on educational and social justice theatre, devising and performing new work, storytelling, dramaturgy, directing, playwriting, and arts and social entrepreneurship.

Our innovative curriculum invites students to begin by building core theatre skills, then gradually applying them to a range of projects, settings, and populations. This culminates in in-depth application of these skills through internships, community placements and a Capstone of Semester - Long Student Teaching. It also offers students the option to earn a Cultures and Communities (C&C) certificate (p. 980).

For more information please see the Theatre Education, BA program page (<https://uwm.edu/arts/academics/theatre-education-ba/>).

## Requirements

### Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

### Credit Overview

BA in Theatre Education Program Requirements are distributed as follows:

Code	Title	Credits
	University Core Curriculum	39
	Theatre Department Core	30
	BA Theatre Education Track Requirements	41
	Electives	10
<b>Total Credits</b>		<b>120</b>

## Bachelor of Arts in Theatre Education Licensure Program

The BA Theatre Education Program (Theatre Education) is a track within the BA in Theatre Practices degree program. It is a 120-credit degree that prepares urban theatre teachers for teaching in grades PK4-12.

**Admission and Continuation Requirements:** Students are typically admitted into Theatre Education in their Senior year of High School. Student may also apply to the Theatre Education program while majoring in another Theatre degree program. Students may also apply to transfer into the program from within UWM or from other higher education

programs as well. Once accepted to the university, candidates apply to the program through the PSOA portal.

All Theatre Education students must maintain a 2.75 cumulative grade point average (within general University courses) and a 3.0 within the major to be in good standing and continue in the program.

All teacher candidates must take and pass the Praxis II Theatre Content Test, or pass a Portfolio equivalent (as determined by the program), and have successfully completed the Communication and Foreign Language Competencies, Oral and Written Communication (OWC) parts A and B, and Quantitative Literacy (QL) parts A and B, prior to being approved for student teaching.

**Communications Requirement:** Students interested in pursuing a professional education teaching credential must take a communications course. At UWM theatre students are required to take THEATRE 260.

**Human Relations Requirement:** The Human Relations Requirement provides prospective teachers with awareness and understanding of intercultural relations within the educational setting. The requirement is met with coursework and service-learning opportunities. Effective July 1, 1992, and pursuant to 1987 Wisconsin Act 31, a license to teach may be granted when “the applicant has received instruction in the study of minority group relations, including instruction in the history, culture, and tribal sovereignty of American Indian tribes and bands located in this state.” Currently, this requirement is met through satisfactory completion and a passing grade in one of the following courses: AIS 203, HIST 263, ANTHRO 213, or ENGLISH 276 (with the special topic “Literature, History, and Sovereignty of Upper Midwest Indians”), or Wisconsin Act 31 seminar attendance. Questions regarding this requirement should be directed to the student’s academic advisor.

**Fieldwork and Student Teaching:** A passing score on the Praxis II Theatre Content Test, clear criminal background check, and negative TB test, along with an application of intent are required prior to working in public schools and student teaching.

**Teaching Portfolio:** Pursuant to WI statutes and regulations, Theatre Education requires that students compile an externally reviewed teaching portfolio (EdTPA) that demonstrates teaching proficiency in their area of expertise. They also must submit an exit portfolio, administered internally by the Theatre Education program, demonstrating proficiency in WI teaching standards.

**Application for WI #1325 Theatre Teacher License:** In keeping with DPI requirements, Theatre Education students must have a 2.75 cumulative grade point average within the general University and 3.0 in the major to be approved to apply for a teaching license after graduation. Following admission to Theatre Education and successful completion of the specified course of study (see below) a student seeking recommendation for teacher licensure must successfully fulfill the following:

1. Fulfill all degree requirements;
2. Fulfill the Field Experience Requirement (embedded in course work within the program);
3. Demonstrate at least a 2.75 cumulative GPA and a 3.0 within the major;
4. Pass the Praxis II Theatre Content Exam or the portfolio equivalent;
5. Successfully complete student teaching;
6. Successfully complete an EdTPA portfolio;
7. Successfully demonstrate mastery of the knowledge, skills, and dispositions necessary for a career in the field of theatre education

through the submission of an initial-professional educator-portfolio, which is assessed by program faculty (as per DPI requirement);

8. Pass all teacher evaluations/tests required by the State of Wisconsin.

## BA Theatre Education Requirements

The minimum number of credits required to complete the Bachelor of Arts in Theatre Education is 120. Students who need background preparation courses in math, English, foreign language, and chemistry may need additional credits. BA Theatre majors are required to fulfill the department’s core, maintain a 2.75 GPA in the major, and earn a C grade or better in all Theatre Core courses.

BA Theatre students execute a capstone course project as a culminating demonstration of their learning. K-12 Theatre Education students complete their capstone experience through student teaching. All capstones and student teaching are evaluated through a presentation of research and/or portfolio process.

The Theatre Education track prepares students to be urban educators in Wisconsin classrooms, grades K-12. They are expected to earn a 2.5 GPA overall and a 3.5 GPA within the major and earn a C grade or better in all Theatre Core courses. On successful completion of all degree requirements, Theatre Education students are recommended for #1325 Theatre licensure in the State of Wisconsin. For more information please visit the Theatre Education BA program page.

## Application Process

Admission to The BA in Theatre Practices degree is based on acceptance to the university. At that time, students are required to take part in a placement interview with a BA faculty advisor, which helps determine the choice of electives, including what practices and areas of interest a student wishes to focus on. The Theatre Education track requires an interview before being accepted into the program.

## Advance to Major/Retention

To be accepted and continue in good standing within any Theatre degree program, students must meet or exceed all general university requirements, have and maintain a 2.5 GPA overall (with the exception of Theatre Education majors). BA degree majors must also maintain a 2.75 GPA within the major. Theatre Education majors must maintain a 3.0 in the major. All BFA degree majors must maintain a 3.0 in the major. Additionally, all Theatre majors in all programs must pass all Theatre Core courses with a C grade or better. Students will be put on probation inside the major, and may be denied continuation in their program, if they receive a D grade or lower in any Theatre Core courses, which are:

Code	Title	Credits
THEATRE 110	Fundamentals of the Actor's Process	3
THEATRE 204	Theatre and Social Change	3
THEATRE 213	Play Analysis	3
THEATRE 214	Stagecraft	4
THEATRE 225	Costume Construction	2
THEATRE 230	Acting 2: Text and Performance	3
THEATRE 236	Theatre Production and Design	3
THEATRE 260	Storytelling:	3
THEATRE 275	Performing Arts Management	3
THEATRE 305	The Theatrical Experience:	3
THEATRE 321	The Theatre: Beginnings Through Realism	3
THEATRE 322	The Theatre: Modern and Contemporary Period	3

As per Wisconsin State statutes, all Theatre Education students must also pass the Praxis II Theatre Content test, or a portfolio equivalent as determined by the program, before being allowed to engage in their student teaching fieldwork.

## Continuation

Students who are in danger of being dropped from the program, or put on probation, will receive a written warning. Any Theatre student who is dropped or suspended from his/her program (due to failing/low grades and/or academic misconduct) has the right to an appeal. Any student wishing to appeal must inform the Chair and his/her Area Head of their interest and in writing. Students must then meet with the Chair and the Area Head to discuss their appeal. The appeal may then be forwarded to the Theatre Department Appeals Committee and the Theatre Department Chair. Appeals committee findings will be given to the student in writing and in a timely manner.

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

# Theatre, BFA: Performance

The Bachelor of Fine Arts (BFA) in Theatre provides intensive specialized coursework for students seeking professional training in one of two separate tracks:

- Performance
  - The **Performance** BFA has two 130-credit tracks in either Acting or Musical Theatre.
- Production
  - The **Production** BFA is a singular 120-credit track embracing all the areas of production including design, costume, prop, scenery, lighting, sound, and stage management.

The BFA focuses on uncovering the potential of the individual student in the development of personal performance and/or production practices. The BFA curriculum supports student exploration of theatrical processes including new works as well as the established canon of dramatic literature. The program approaches the work in fresh and innovative ways, giving students a wide range of tools to speak to the contemporary moment both as actors on stage and as artists in production studios, rehearsal halls, and backstage.

The specialized tracks in the BFA build on the objectives of the department’s core curriculum to nurture within each student a deepened, strengthened, and developing professional level of competency. Each track of specialization follows an integrated curriculum based on an intensive, specialized array of courses. These focused arcs of training endow students with a sense of their own identity as artists. Students must continue to show artistic growth and progress and meet academic grade requirements (see Requirements tab) to continue in the program. Admission to each BFA track is selective and progress reviews are conducted each semester allowing for direct feedback to the student and a chance to explore changing interests or career paths.

- **BFA Acting:** The program builds on the objectives of the department’s core curriculum to develop within the student a deepened, strengthened, and professional level of competency in acting and a sense of identity as a performing artist. It prepares students for advanced graduate study in performance or entry into the profession of theatre practice. To help students develop as complete artists, our program emphasizes an understanding of essential acting theories, principles of voice production, flexible speech techniques, physical communication, physical structures of character, principles of Dramatic Action and Storytelling, and personal artistic practice. Research specific to an actor’s work, objective and subjective/ affective, is demonstrated as a core principle to artistic development. Students are guided through the process of self critique to gain the ability to prescribe solutions and/or new directions for artistic development, and gain an understanding of professional modes of behavior, preparation, and competency
- **BFA Musical Theatre:** Combining three major performing disciplines, Music, Dance, and Theatre, this program trains students to succeed as versatile performing artists. Our students annually perform in carefully chosen musical productions essential to pre-professional training, and hone a range of practical and creative skills consistent with their professional and personal goals. Students will be trained thoroughly in the performance skills necessary to compete in the professional world of musical theatre. Included in this track are a solid developmental and pedagogical foundation in music (voice, theory and musicianship, piano, large and small music ensembles), dance (history of the musical theatre art form, ballet, tap, jazz,

and theatre dance), and theatre (acting, play analysis, and theatre production).

- **BFA Production:** Our multi-faceted Theatre Production program trains students to be competitive in a variety of fields, including technical production, stage management and design, costume production, and more. Offering professional training experiences as early as Freshman year, our students go on to work in a variety of related industry careers. The Production BFA utilizes the foundation of theatre to explore the uniquely collaborative artistic and artisanal processes that create and support compelling storytelling in live performance. The program allows for specialization in the areas of costumes, lighting, properties, scenery, sound/video and stage management but is flexible enough for cross disciplinary studies tailored to the student’s specific interests.

## Requirements

### Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it’s required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

### University Core

Code	Title	Credits
<b>General Education Requirements <sup>1</sup></b>		
<i>Competencies <sup>1</sup></i>		
	Oral and Written Communication – Part A and Part B <sup>2,3</sup>	
	Quantitative Literacy (QL) – Part A and Part B <sup>2,3</sup>	
	Foreign Language <sup>2,3</sup>

<b>Electives</b>		
	University Credits (outside of PSOA)	12
	Credits in Peck School of the Arts <sup>4</sup>	9
<b>Total Credits</b>		<b>39</b>

<sup>1</sup> Learn more about the General Education Requirements (p. 30).  
<sup>2</sup> Credits may be utilized in conjunction with General Education Social Sciences, Humanities, or Arts credits. See advisor for guidance.  
<sup>3</sup> Theatre students must complete the General Education Requirements (GER) in Oral and Written Communication competency (OWC), Quantitative Literacy competency (QL), and Foreign Language proficiency prior to enrolling in 310-level or above theatre courses.

<sup>4</sup> 9 credits are required in 3 of the 4 other departments in PSOA, outside of the student's discipline: Art and Design, Dance, Music, Theatre, or Film, Video, Animation, and New Genres.

The minimum number of credits required to complete the Bachelor of Fine Arts in the Performance Acting track is 126 credits while Performance Musical Theatre track is 130 credits. Students who need background preparation courses in math, English, foreign language, and chemistry may need additional credits.

## Advance to Major/Retention

To be accepted and continue in good standing within any Theatre degree program, students must meet or exceed all general university requirements, have and maintain a 2.5 GPA overall (with the exception of Theatre Education majors). BA degree majors must also maintain a 2.75 GPA within the major. Theatre Education majors must maintain a 3.0 in the major. All BFA degree majors must maintain a 3.0 in the major. Additionally, all Theatre majors in all programs must pass all Theatre Core courses with a C grade or better. Students will be put on probation inside the major, and may be denied continuation in their program, if they receive a D grade or lower in any Theatre Core courses, which are:

Code	Title	Credits
THEATRE 110	Fundamentals of the Actor's Process	3
THEATRE 204	Theatre and Social Change	3
THEATRE 213	Play Analysis	3
THEATRE 214	Stagecraft	4
THEATRE 225	Costume Construction	2
THEATRE 230	Acting 2: Text and Performance	3
THEATRE 236	Theatre Production and Design	3
THEATRE 260	Storytelling:	3
THEATRE 275	Performing Arts Management	3
THEATRE 305	The Theatrical Experience:	3
THEATRE 321	The Theatre: Beginnings Through Realism	3
THEATRE 322	The Theatre: Modern and Contemporary Period	3

As per Wisconsin State statutes, all Theatre Education students must also pass the Praxis II Theatre Content test, or a portfolio equivalent as determined by the program, before being allowed to engage in their student teaching fieldwork.

## Continuation

Students who are in danger of being dropped from the program, or put on probation, will receive a written warning. Any Theatre student who is dropped or suspended from his/her program (due to failing/low grades and/or academic misconduct) has the right to an appeal. Any student wishing to appeal must inform the Chair and his/her Area Head of their interest and in writing. Students must then meet with the Chair and the Area Head to discuss their appeal. The appeal may then be forwarded to the Theatre Department Appeals Committee and the Theatre Department Chair. Appeals committee findings will be given to the student in writing and in a timely manner.

## Application Process

The Theatre BFA is in compliance with all general requirements for undergraduate degrees including the general education, continuation, and laptop program requirements. Admission to each BFA track is based on an audition (Acting, Musical Theatre) or interview (Production). Prospective students are encouraged to pre-audition or pre-apply to the Theatre BFA programs during their senior year of high school. Accepted students will gain full admission to their BFA Program on successful completion of their GER core competency requirements.

For more information on the application process and to apply online go to: [uwm.edu/arts/theatre/](http://uwm.edu/arts/theatre/) (<http://uwm.edu/arts/theatre/>)

Application to the BFA is encouraged following successful completion of the first-year (Freshman) Theatre Core sequence (see suggested schedule on Plan of Study tab).

BFA program applicants must submit the following:

1. A separate application form; New (<http://uwm.edu/arts/apply/>)
2. A statement of purpose;
3. A current resume;
4. Copies of high school or appropriate college transcripts (for transfer students). [Unofficial copies are acceptable for departmental purposes.];
5. Two confidential letters of recommendation, preferably from instructors familiar with the student's artistic and/or academic abilities. Letters should be submitted in signed and sealed envelopes or sent electronically directly from the recommender and will remain confidential and the property of UWM; and
6. Acting and Musical Theatre candidates should submit a headshot or other suitable photo.

Freshman and transfer applicants must additionally complete the UWM admission process, be accepted into the university, and send separate copies of transcripts and letters of recommendations directly to the department.

All materials may be submitted to the department electronically.

Following review of applications, all candidates will be contacted for interviews or, for Acting and Musical Theatre candidates, participate in an entrance audition. In the Production interview, candidates will have an opportunity to present representative samples of their work/experience in theatre or related skill areas and to chat with the faculty about their goals. The interview allows time to talk about the Production curriculum and to explore the specific interests of the candidate. Based on this interview, faculty can craft and advise an individualized and challenging arc of training from the many production classes in scenery, lights, sound, props, costumes, and stage management, as well as opening the entire PSOA class offerings to explore the connections between theatre and all the arts.

Acceptance into the BFA in Musical Theatre requires a successful audition and application packet prior to beginning in the theatre major, either as an incoming freshman or transfer student. Acceptance into the BFA in Acting requires a successful audition and application that may be made either prior to entering the major as an incoming freshman or transfer student or at the completion of the first year (freshman) Theatre Core sequence.

## Additional Musical Theatre Entrance Requirements

Some required courses of the Musical Theatre Track have placement-level testing. As part of the Musical Theatre entrance audition, students take Piano and Theory Placement Exams to determine in which level of piano and music theory to enroll.

- **Piano:** Depending on audition results, a student may be required to enroll in MUSPERF 1 for two semesters. Proficiency for these courses requires a passing grade of B or better. If piano proficiency can be demonstrated through the Piano Placement Exam, one semester of piano lessons at the MUSPERF 101 level is required.

- **Theory:** Depending on exam results, a student may be required to enroll in MUSIC 101, or test into MUSIC 123 with 3 additional credits available toward electives. Proficiency for these courses requires a passing grade of C or better.

## End-of-Semester Review Process

BFA Theatre faculty will assess students' academic and artistic growth through individual conferences at the end of each semester.

## Student Evaluation

All BFA Theatre majors who do not demonstrate a consistent level of artistic and academic improvement, have and maintain a 2.5 GPA overall, and maintain at least a 3.0 GPA in their program may not advance, may be placed on probation, and/or dropped from the program.

## Appeal Process

Any BFA Theatre major who is dropped from the program has the right to appeal. The appeals committee will consist of two full-time, tenured or tenure track faculty, or teaching academic staff, from the Peck School of the Arts, a faculty member of the student's own choosing, and the faculty member who oversees the specific degree track. In addition, a Peck School of the Arts Student Services advisor will be present as a non-voting member. Outcome(s) of the appeal will be given to the student in writing and in a timely manner.

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (closed on university holidays)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Theatre, BFA: Production

The Bachelor of Fine Arts (BFA) in Theatre provides intensive specialized coursework for students seeking professional training in one of two separate tracks:

- Performance
  - The **Performance** BFA has two 130-credit tracks in either Acting or Musical Theatre.
- Production
  - The **Production** BFA is a singular 120-credit track embracing all the areas of production including design, costume, prop, scenery, lighting, sound, and stage management.

The BFA focuses on uncovering the potential of the individual student in the development of personal performance and/or production practices. The BFA curriculum supports student exploration of theatrical processes including new works as well as the established canon of dramatic literature. The program approaches the work in fresh and innovative ways, giving students a wide range of tools to speak to the contemporary moment both as actors on stage and as artists in production studios, rehearsal halls, and backstage.

The specialized tracks in the BFA build on the objectives of the department's core curriculum to nurture within each student a deepened, strengthened, and developing professional level of competency. Each track of specialization follows an integrated curriculum based on an intensive, specialized array of courses. These focused arcs of training endow students with a sense of their own identity as artists. Students must continue to show artistic growth and progress and meet academic grade requirements (see Requirements tab) to continue in the program. Admission to each BFA track is selective and progress reviews are conducted each semester allowing for direct feedback to the student and a chance to explore changing interests or career paths.

- **BFA Acting:** The program builds on the objectives of the department's core curriculum to develop within the student a deepened, strengthened, and professional level of competency in acting and a sense of identity as a performing artist. It prepares students for advanced graduate study in performance or entry into the profession of theatre practice. To help students develop as complete artists, our program emphasizes an understanding of essential acting theories, principles of voice production, flexible speech techniques, physical communication, physical structures of character, principles of Dramatic Action and Storytelling, and personal artistic practice. Research specific to an actor's work, objective and subjective/affective, is demonstrated as a core principle to artistic development. Students are guided through the process of self critique to gain the ability to prescribe solutions and/or new directions for artistic development, and gain an understanding of professional modes of behavior, preparation, and competency
- **BFA Musical Theatre:** Combining three major performing disciplines, Music, Dance, and Theatre, this program trains students to succeed as versatile performing artists. Our students annually perform in carefully chosen musical productions essential to pre-professional training, and hone a range of practical and creative skills consistent with their professional and personal goals. Students will be trained thoroughly in the performance skills necessary to compete in the professional world of musical theatre. Included in this track are a solid developmental and pedagogical foundation in music (voice, theory and musicianship, piano, large and small music ensembles), dance (history of the musical theatre art form, ballet, tap, jazz, and theatre dance), and theatre (acting, play analysis, and theatre production).
- **BFA Production:** Our multi-faceted Theatre Production program trains students to be competitive in a variety of fields, including technical production, stage management and design, costume production, and more. Offering professional training experiences as early as Freshman year, our students go on to work in a variety of related industry careers. The Production BFA utilizes the foundation of theatre to explore the uniquely collaborative artistic and artisanal processes that create and support compelling storytelling in live performance. The program allows for specialization in the areas of costumes, lighting, properties, scenery, sound/video and stage management but is flexible enough for cross disciplinary studies tailored to the student's specific interests.

## Requirements

### Laptop Requirement

Preparing for a future defined by digital technology is an important step in developing artists. Our digitally integrated curriculum helps you achieve a professional level with leading art-related software and practices.

Laptop ownership is strongly recommended for *all* undergraduates. However, it's required for the programs below. For more information please visit the Peck School of the Arts admission page (<https://uwm.edu/arts/apply/>).

- Art & Design (BA and BFA Programs)
- Dance (BA and BFA Programs)
- Film, Video, Animation & New Genres (BA and BFA Programs)
- Music (Composition & Technology Program)
- Theatre (BFA Production and BA Theatre Education Programs)

## Advance to Major/Retention

To be accepted and continue in good standing within any Theatre degree program, students must meet or exceed all general university requirements, have and maintain a 2.5 GPA overall (with the exception of Theatre Education majors). BA degree majors must also maintain a 2.75 GPA within the major. Theatre Education majors must maintain a 3.0 in the major. All BFA degree majors must maintain a 3.0 in the major. Additionally, all Theatre majors in all programs must pass all Theatre Core courses with a C grade or better. Students will be put on probation inside the major, and may be denied continuation in their program, if they receive a D grade or lower in any Theatre Core courses, which are:

Code	Title	Credits
THEATRE 110	Fundamentals of the Actor's Process	3
THEATRE 204	Theatre and Social Change	3
THEATRE 213	Play Analysis	3
THEATRE 214	Stagecraft	4
THEATRE 225	Costume Construction	2
THEATRE 230	Acting 2: Text and Performance	3
THEATRE 236	Theatre Production and Design	3
THEATRE 260	Storytelling:	3
THEATRE 275	Performing Arts Management	3
THEATRE 305	The Theatrical Experience:	3
THEATRE 321	The Theatre: Beginnings Through Realism	3
THEATRE 322	The Theatre: Modern and Contemporary Period	3

As per Wisconsin State statutes, all Theatre Education students must also pass the Praxis II Theatre Content test, or a portfolio equivalent as determined by the program, before being allowed to engage in their student teaching fieldwork.

## Continuation

Students who are in danger of being dropped from the program, or put on probation, will receive a written warning. Any Theatre student who is dropped or suspended from his/her program (due to failing/low grades and/or academic misconduct) has the right to an appeal. Any student wishing to appeal must inform the Chair and his/her Area Head of their interest and in writing. Students must then meet with the Chair and the Area Head to discuss their appeal. The appeal may then be forwarded to the Theatre Department Appeals Committee and the Theatre Department Chair. Appeals committee findings will be given to the student in writing and in a timely manner.

## Application Process

The Theatre BFA is in compliance with all general requirements for undergraduate degrees including the general education, continuation, and laptop program requirements. Admission to each BFA track is based on an audition (Acting, Musical Theatre) or interview (Production).

Prospective students are encouraged to pre-audition or pre-apply to the Theatre BFA programs during their senior year of high school. Accepted students will gain full admission to their BFA Program on successful completion of their GER core competency requirements. For more information on the application process and to apply online go to: [uwm.edu/arts/theatre/](http://uwm.edu/arts/theatre/) (<http://uwm.edu/arts/theatre/>)

Application to the BFA is encouraged following successful completion of the first-year (Freshman) Theatre Core sequence (see suggested schedule on Plan of Study tab).

BFA program applicants must submit the following:

1. A separate application form; New (<http://uwm.edu/arts/apply/>)
2. A statement of purpose;
3. A current resume;
4. Copies of high school or appropriate college transcripts (for transfer students). [Unofficial copies are acceptable for departmental purposes.];
5. Two confidential letters of recommendation, preferably from instructors familiar with the student's artistic and/or academic abilities. Letters should be submitted in signed and sealed envelopes or sent electronically directly from the recommender and will remain confidential and the property of UWM; and
6. Acting and Musical Theatre candidates should submit a headshot or other suitable photo.

Freshman and transfer applicants must additionally complete the UWM admission process, be accepted into the university, and send separate copies of transcripts and letters of recommendations directly to the department.

All materials may be submitted to the department electronically.

Following review of applications, all candidates will be contacted for interviews or, for Acting and Musical Theatre candidates, participate in an entrance audition. In the Production interview, candidates will have an opportunity to present representative samples of their work/experience in theatre or related skill areas and to chat with the faculty about their goals. The interview allows time to talk about the Production curriculum and to explore the specific interests of the candidate. Based on this interview, faculty can craft and advise an individualized and challenging arc of training from the many production classes in scenery, lights, sound, props, costumes, and stage management, as well as opening the entire PSOA class offerings to explore the connections between theatre and all the arts.

## End-of-Semester Review Process

BFA Theatre faculty will assess students' academic and artistic growth through individual conferences at the end of each semester.

## Student Evaluation

All BFA Theatre majors who do not demonstrate a consistent level of artistic and academic improvement, have and maintain a 2.5 GPA overall, and maintain at least a 3.0 GPA in their program may not advance, may be placed on probation, and/or dropped from the program.

## Appeal Process

Any BFA Theatre major who is dropped from the program has the right to appeal. The appeals committee will consist of two full-time, tenured or tenure track faculty, or teaching academic staff, from the Peck School of the Arts, a faculty member of the student's own choosing, and the

faculty member who oversees the specific degree track. In addition, a Peck School of the Arts Student Services advisor will be present as a non-voting member. Outcome(s) of the appeal will be given to the student in writing and in a timely manner.

## Advising

**Location:** Theatre 120

**Hours:** M–Th 9 a.m. to 4 p.m. | Fri. 9 a.m. to 2 p.m. (*closed on university holidays*)

**Contact:** 414-229-4763 | Contact Form (<https://uwm.edu/arts/contact/>)

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional advising in the undergraduate disciplines of art, dance, film, music and theatre.

Our advisors provide students with individualized appointments to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, and more.

For more information please visit the Peck School of the Arts advising and student services page (<https://uwm.edu/arts/students/advising/>).

## Honors in the Major

Honors in the Major is granted to students who have earned a GPA of 3.500 or greater in the major and the academic department's recommendation.

High Honors in the Major is granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

## College of the Arts and Architecture Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Theatre, Minor

The Theatre Minor study supports active learning thorough participation in theatre processes and practices. The Theatre Minor also focuses on creativity and communication skills within the dramatic and theatrical arts. It is extremely relevant to other areas of academic study across the University.

# BUSINESS (SHELDON B. LUBAR COLLEGE OF)

The UWM Sheldon B. Lubar College of Business is a major metropolitan business school committed to academic excellence. Because of its metropolitan location, the College offers several advantages. Milwaukee-area firms provide an exciting, real-world laboratory for students to gain valuable insights and skills in their chosen professional fields as well as providing part-time or full-time employment opportunities. Students can also gain practical work experience by participating in internship programs. Business leaders from the community participate in College activities, both in the classroom and on the College's advisory councils.

High-quality management education that incorporates state-of-the-art technology is delivered to a diverse group of graduate and undergraduate students and practicing executives and professionals. We address the professional development and lifelong learning needs of individuals.

Through scholarly research, we advance knowledge pertaining to management decision making and practice and further enrich our teaching effectiveness.

Our undergraduate degree programs provide students with a career foundation leading to managerial advancement and/or entrepreneurial careers.

Our master's degree programs prepare students to assume general management or functional specialist positions, with potential for senior-level leadership positions or entrepreneurial careers.

Our doctoral degree programs prepare students for research and teaching careers in higher education and research careers in industry.

Our executive education programs provide customized problem solving for organizations.

We also employ our professional skills in service to the College, University, scholarly and professional organizations, and the regional business community. We capitalize on the diversified resources of the Metropolitan Milwaukee business community and use them as a living laboratory to enrich our scholarly and instructional pursuits.

## AACSB Accreditation

The Lubar College of Business has been continuously accredited by AACSB International for over 45 years. Why is this important? Because business schools accredited by AACSB International are considered to be the best business schools in the world – in fact, only 5% of business schools worldwide have this distinction. AACSB-accredited schools have tougher quality standards for programs and faculty, better students with higher overall GPAs, more employers that recruit from them, and graduates that receive higher salaries.

In addition, the Lubar College of Business accounting programs are separately accredited by AACSB. Lubar College of Business is one of only three accounting schools in the state, and one of 193 schools in the world, with this status.

## Programs

### Undergraduate

- Business of Media and Film Studies, Undergraduate Certificate (Lubar College of Business) (p. 256)

- Business Scholars Program (p. 256)
- Business: Accounting, BBA (p. 257)

- Public Administration, MPA/Criminal Justice and Criminology, MS (p. 312)
- Public Administration, MPA/Urban Planning, MUP (p. 313)
- Taxation, Graduate Certificate (p. 314)
- Technology Entrepreneurship, Graduate Certificate (p. 316)

## Graduate Policies and Regulations

The Graduate School policies and regulations can be found at Graduate School Policies (p. 31). Please refer to the specific program for program policies and regulations.

### Auditing Graduate Courses

BUS ADM and BUSMGMT 700+ courses must be completed on a graded basis; graduate courses are not available for completion as an audit.

## Undergraduate Program Options

### Multiple Majors

Students interested in completing more than one major with another UWM program or within Business should meet with an academic advisor to discuss how best to combine their academic plans. Students may double-count up to two major courses between any combination of BBA majors. Accounting majors may also use the Bus Adm 450 requirement towards the Finance or SCOM majors. General Business majors may not select a second major within the Lubar College of Business but may select any number of certificates.

### Joint Degree Program

A student who plans to pursue a joint degree business program with another UWM college or school should seek advising early to design an appropriate program. The student must concurrently complete all requirements for the degree in the area other than the Lubar College of Business, as well as the requirements in the Lubar College of Business, as indicated below in the requirements for a second bachelor's degree. A student electing to pursue a joint degree should submit a proposed program of study to the Lubar College of Business as soon as possible.

### Second Bachelor's Degree

A student with an accredited bachelor's degree may work toward a second bachelor's degree in the Lubar College of Business. Interested students should contact the academic advisors in Room N297 of Lubar Hall for further details. The second bachelor degree program is not offered in Accounting.

Degree requirements include completion of these BBA requirements:

- functional courses
- administrative analysis and techniques courses
- a professional major, and
- mathematics and economics courses.

Of these, at least 30 credits must be earned in residence at UWM while classified as a second-degree candidate. Students may receive credit towards a second bachelor's degree for coursework taken in equivalent areas at other institutions. However, at least 50% of the business credit hours required for the business degree must be completed at UWM.

## Business Special Student Options

Business Special Student status is available to applicants who have earned a baccalaureate degree at an accredited university or college. Also eligible for consideration are students needing coursework to complete a degree from another accredited institution, students in an international exchange program, or students who were admitted to UWM as a University Special Student with the ultimate goal of becoming degree-seeking in a business major. Business Special Students are eligible to take undergraduate courses only.

An official degree transcript of all university work, along with a statement of goals and objectives as a special student with a listing of requested courses, should be submitted directly to the Lubar College of Business Undergraduate Student Services (Room N297, Lubar Hall, uwmbba@uwm.edu).

## Post-baccalaureate Opportunities

Students who have completed a BBA degree at UWM can return to the campus and complete an additional business major. Students who have completed a bachelor's degree in business at another accredited university can earn a Certificate of Major in the College. The Certificate of Major consists of a minimum of 12 UWM degree credits. This additional major option is not available in Accounting or General Business.

## Certificate Option

Students have the option to complete one or more certificates in conjunction with BBA majors. No more than 50% of each certificate's credits may double count towards BBA Core or Major requirements.

## Academic Regulations

For information on the University-wide Academic Action Policy and honors for scholarship, see Academic Policies (p. 22).

## Student Academic Appeals

Students may appeal an academic action to the appropriate curriculum committee. An appeal is a request for an exception to an established policy or rule. The content of each appeal is carefully reviewed in order to reach a decision. Appeals should be submitted electronically to Lubar Undergraduate Student Services. Undergraduate student appeals are reviewed by the College's Undergraduate Program Committee's Appeals Subcommittee. Students are advised in writing of the decision of the Committee. The Appeals Subcommittee considers individual cases concerning the degree requirements and other academic rules and regulations established by the Lubar College of Business faculty.

The Lubar College of Business has established written procedures for undergraduate student academic grievances. Copies of the grievance procedure are available in the Student Services Center. As a first step, students must discuss the grievance with the faculty member or administrator within 30 working days from the date of the action that prompted the grievance.

## Two-thirds Credit Policy

If a course taken towards a particular requirement within the Business Foundation, Business Core, or Major Requirements is completed for fewer credits than the stated minimum, that requirement shall be considered satisfied if the course satisfies greater than two-thirds of the required credits. The missing credit(s) must be made up through additional Business or General Electives.

## Faculty

## Business Administration, MBA

The Lubar College of Business STEM-Designated Master of Business Administration (MBA) provides the specialized business skills needed to meet an individual's career goals. Lubar offers a major metropolitan learning laboratory where dynamic individuals, applied project work, and superb business connections translate into a rewarding life-long career.

Faculty are connected to leading-edge business knowledge using real-world business challenges. There is an emphasis on critical and analytical thinking, collaboration with fellow students, and networking with successful executives and professional inside and outside the classroom.

Lubar College of Business offers a full array of MBA programs to meet professional needs:

- **MBA** with the opportunity to specialize in a Career-Focused Certificate (Business Analytics, (p. 255) Enterprise Resource Planning (p. 285), Entrepreneurship (p. 286), Finance (p. 291), Health Care Management (p. 293), Marketing (p. 306), and Supply Chain Management (p. 282)) through in-person or hybrid delivery.
- **Accelerated Online MBA Format** employing eight- or sixteen-week courses and asynchronous online delivery to allow completion of the degree in as little as one year.
- **Executive MBA** aimed at seasoned managers who will leverage their professional experience while broadening management knowledge through one of two concentrations (Global Strategic Leadership (p. 288) or Integrated Health Care Leadership (p. 290)). The

program includes collaborative technologies, advanced management research, applied learning projects, and an international trip.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus the following program requirements to be considered for admission:

1. Submission of score on the Graduate Management Admission Test (GMAT) (<http://uwm.edu/graduateschool/admission/#gmat>) or Graduate Record Examination (GRE) (<http://uwm.edu/graduateschool/admission/#gre>).
2. Review by the MBA Program Committee to assess academic achievement and the ability to do intensive graduate-level work.
3. Statement of purpose (1 to 2 pages on why you would like to earn your degree at the Lubar College of Business and your plans after graduation).

MBA foundation coursework provides the basis for the theory and practice of business. The MBA Program requires BUS ADM 701 and BUS ADM 703. BUS ADM 701 is waived for individuals who have completed an appropriate academic course in their background, or have earned an appropriate Quantitative sub-score on the GMAT (<http://uwm.edu/graduateschool/admission/#gmat>) or GRE (<http://uwm.edu/graduateschool/admission/#gre>), or have passed the proficiency exam. BUS ADM 703 is waived for individuals who have completed an appropriate course in their background, or have passed

the proficiency exam. BUS ADM 701 and BUS ADM 703 do not count toward the degree. Students are also assumed to have basic proficiency in information technology (IT), including the use of word processing, spreadsheets, presentation software, and web browsers. Online resources are available for BUS ADM 701, BUS ADM 703, and IT.

## Credits and Courses

The degree requirements for the Master of Business Administration degree are 33 credits. Students with a BBA degree and a major in accounting, finance, marketing, information technology management, or supply chain and operations management may substitute the 3-credit Core course that corresponds to their major field of study with an additional elective course. Students with an undergraduate double major in business **from an AACSB accredited institution** may substitute two Core courses with two additional elective courses.

Code	Title	Credits
<b>Core</b>

BUSMGMT 712	Strategic Management <sup>1</sup>	3
<b>Electives</b>		
Select 9 elective credits <sup>2</sup>		9
<b>Total Credits</b>		<b>33</b>

<sup>1</sup> Integrating course

<sup>2</sup> Students in the MBA program have two options for completion of elective credits. The first route is to complete any approved Bus Adm or BusMgmt elective course. The second option is to choose a Career-Focused Certificate, completion of which will be documented on the transcript. Any credits substituted from the Core must be replaced with an equivalent number of elective credits.

See the MBA website (<https://uwm.edu/business/academics/mba/>) for additional details.

## Additional Requirements

### Major Professor as Advisor

The student in the MBA program is not assigned an advisor or major professor. Questions about the student's program of study, courses or regulations should be directed to Lubar College Graduate Program Services Office, Lubar N458, (414) 251-5252.

## Business Administration, MBA/Information Technology Management, MS

For practitioners seeking to blend the depth and rigor of the *STEM-designated* MS in ITM curriculum with the managerial skills developed

in a traditional MBA, Lubar College of Business offers the combined MBA-MS in ITM degree. This comprehensive program positions graduates for leadership advancement within organizations through an extensive IT and general management curriculum.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

## Credits and Courses

### MBA Foundation Coursework

MBA foundation coursework provides the basis for the theory and practice of business. The MBA Program requires BUS ADM 701, and BUS ADM 703. BUS ADM 701 is waived for individuals who have completed an appropriate academic course in their background, or have earned an appropriate Quantitative sub-score on the GMAT or GRE, or have passed the proficiency exam. BUS ADM 703 is waived for individuals who have completed an appropriate course in their background, or have passed the proficiency exam. BUS ADM 701 and BUS ADM 703 do not count toward the degree. Students are also assumed to have basic proficiency in information technology (IT), including the use of word processing, spreadsheets, presentation software, and web browsers. Online resources are available for BUS ADM 701, BUS ADM 703, and IT.

### ITM Foundation Courses

Students admitted to the MS in ITM program are expected to have knowledge or experience in programming.

## Business Administration, MBA/ Nursing Practice, DNP

The Lubar College of Business and the University of Wisconsin-Milwaukee School of Nursing collaboratively offer a program designed to provide a combined nursing and business curriculum to strengthen the graduate’s performance as a leader and manager in nursing and health care administration.

### Admission Requirements

#### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

#### Admission

Students are admitted to both the University of Wisconsin-Milwaukee graduate programs in nursing and business administration. The admission requirements are consistent with those specified by the UWM Graduate School, College of Nursing and Lubar College of Business. Applicants may choose to complete either the GMAT (<http://uwm.edu/graduateschool/admission/#gmat>) or GRE (<http://uwm.edu/graduateschool/admission/#gre>) and must have a BS in Nursing degree and at least two years’ practice in a health care setting. Three letters of reference are required including one from a former faculty and one from a health care employer.

### Credits and Courses

MBA foundation coursework provides the basis for the theory and practice of business. The MBA Program requires Bus Adm 701, Business Mathematics (2 cr), and Bus Adm 703, Financial Accounting (3 cr). Bus Adm 701 is waived for individuals who have completed an appropriate academic course in their background, or have earned an appropriate Quantitative sub-score on the GMAT (<http://uwm.edu/graduateschool/admission/#gmat>) or GRE (<http://uwm.edu/graduateschool/admission/#gre>) or have passed the proficiency exam. Bus Adm 703 is waived for individuals who have completed an appropriate course in their background, or have passed the proficiency exam. Bus Adm 701 and Bus Adm 703 do not count toward the degree. Students are also assumed to have basic proficiency in information technology (IT), including the use of word processing, spreadsheets, presentation software, and web browsers. Online resources are available for Bus Adm 701, 703, and IT.

For the coordinated degree program, students will complete **83** credit hours. A student not completing the requirements for the coordinated degree program would need to complete all requirements of an individual program—MBA or DNP—in order to receive a degree.

<b>Total Credits</b>		<b>83</b>

<sup>1</sup> Integrating course for the coordinated degree program.

### Additional Requirements

A student not completing the requirements for the coordinated degree program would need to complete all requirements of an individual program—MBA or DNP—in order to receive a degree. Students must fulfill

the MBA Program Boot Camp and Executive Development activities to meet all graduation requirements.

### DNP Project

The candidate will complete a final comprehensive clinical project as part of the **leadership practice immersion** experience, which demonstrates the ability to implement the principles of evidence-based practice and translation under the direction of the **faculty advisor**.

The candidate must, as the final step toward the degree, pass an oral examination in defense of the **DNP** project. A candidate who does not pass this examination may apply for reexamination within one year from the initial examination date. This reexamination may occur only one time. A candidate who does not pass this examination within program time limits may be required to undergo another comprehensive preliminary examination and be readmitted to the program and/or candidacy.

### Time Limit

Students in the coordinated MBA/DNP degree program must complete all degree requirements within seven years of the first enrollment semester as a degree student.

## Business Administration, MBA/ Translation and Interpreting Studies, MA

The College of Letters and Science and Lubar College of Business collaboratively offer a program designed to provide students with theoretical and practical exposure to evolving language services industry theory and practices, and to provide high level management and administrative skills needed to work in business, industry, governmental, and nonprofit organizations.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Students are admitted to both graduate programs separately, and admission requirements are consistent with those specified by the UWM Graduate School, the Translation and Interpreting Studies MA of the College of Letters and Science, and the MBA program of the Lubar College of Business.

## Credit and Courses

The total credits for the Coordinated Translation and Interpreting Studies/MBA program is 54. Students accepted into the Translation and Interpreting Studies/MBA program complete the following courses:

### Translation and Interpreting Studies

Code	Title	Credits
<b>Required Professional Translation Credits</b>		
TRNSLTN 709	Seminar in Literary and Cultural Translation (language-specific)	3
TRNSLTN 820	Translation Theory	3

<b>Required Non-Language specific courses</b>		
TRNSLTN 710	Comparative Systems for Translation	3
TRNSLTN 726	Computer-Assisted Translation	3

<b>Electives</b>		<b>9</b>
Select 9 shared credits in consultation with faculty advisors from among all approved TRNSLTN or MBA elective courses		
<b>Total Credits</b>		<b>33</b>

## Additional Requirements

The 54 credits for the coordinated program typically would be completed in both programs at the same time, rather than one program after the other. A student not completing the requirements for the coordinated degree program would need to complete all requirements for an individual program to receive a degree.

### Time Limit

Students in the coordinated degree program must complete all degree requirements within seven years of the first enrollment semester as a degree student.

# Business Analytics, Graduate Certificate

The Online Graduate Certificate in Business Analytics is designed for students who desire a sequence of graduate-level courses that focus specifically on Business Analytics and that are delivered through an online instructional environment.

Business analytics—the management, analysis, and utilization of data in strategic, operational, and tactical decision making—is increasingly critical as businesses around the world seek out new areas of competitive advantage. In recent years, CIOs have identified analytics and business intelligence as top priorities for the competitiveness of their enterprises.

Lubar College of Business faculty use a vast array of business analytics software tools—including Business Objects, Excel Data Mining Client, Python, R, SAP BW, SAS, SPSS, SQL Server BI Development Studio—and other outstanding technologies and resources to deliver this program online to a worldwide audience. The curriculum includes predictive modeling, forecasting methods, data warehousing and data mining, web mining and analytics, marketing analytics, and customer relationship management.

Students who complete this certificate will gain a substantial competitive edge in pursuing a career as a business analytics manager, business intelligence consultant, business analytics systems analyst, business analytics solution architect, business intelligence specialist, business intelligence analyst, business intelligence developer, BI & reporting manager, data mining/reporting analyst, marketing analytics consultant, or online marketing analytics manager.

*This program can be completed as a standalone certificate or in combination with a master's degree program.*

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Students currently enrolled in a UWM graduate program are eligible to earn the Graduate Certificate in Business Analytics. Persons not currently enrolled must apply for admission to the Certificate and must possess, at a minimum, a bachelor's degree with an overall GPA of 2.75 or better.

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.

- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

## Credits and Courses

Code	Title	Credits
BUSMGMT 709	Predictive Analytics for Managers	3
Select four courses from the list below:		12

BUS ADM 769	Database Marketing	
BUS ADM 812	Machine Learning for Business	
BUS ADM 816	Business Intelligence Technologies & Solutions	
BUSMGMT 744	R Programming for Business Analytics	
<b>Total Credits</b>		<b>15</b>

## Additional Requirements

### Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

### Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

### Articulation with Degree Programs

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

### Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

## Business of Media and Film Studies, Undergraduate Certificate (Lubar College of Business)

The Certificate Program in Business of Media and Film Studies (BMFS) prepares students to be successful in their post-college careers by uniting the study of Business with the study of a popular, accessible, and pertinent area within the Humanities, Film Studies. Business students will have more sustained study in humanistic inquiry, both of their own field and of the diverse world that the Humanities investigates. Letters and Science students will have access to professional school curricula to help them be better equipped to enter a workforce that demands flexibility and a diversity of knowledge and experience.

The certificate in BMFS includes coursework engaging the financial and industry practices and structures in film and television. It is an interdisciplinary academic program consisting of an introductory course in Film or Television Studies, introductory courses in Business Administration (accounting, management, and marketing), an intermediate level Film Studies course focused on history and representational analysis, and a set of electives from Business Administration and Film Studies.

### Eligibility

The program is open to all students seeking a bachelor's degree from UWM, to students who previously earned a bachelor's degree from UWM or any other accredited college or university, and to those who do not plan to pursue a college or university degree (non-degree students) but who have a strong interest in this subject. Students currently involved in baccalaureate studies at UWM who successfully complete the requirements of the certificate program will be awarded the certificate at the time of graduation. Other students will receive the certificate upon completion of the program requirements.

### Requirements

To obtain the certificate, the student must complete, with a minimum grade point average of 2.25, a minimum of 19 credits in approved BMFS courses as indicated below, 15 of which must be earned in residence at UWM. Of these 15 residence credits, 9 must be taken at the 300 level or above. Nine credits must be taken in the College of Letters and Science, and nine credits must be taken in the Lubar College of Business. Courses for the certificate may not be taken on a credit/no credit basis.

Credits earned at other institutions equivalent to courses in the certificate program may be accepted in partial fulfillment of the program requirements, subject to review by the Certificate Program Advisory Committee (BMFSAC). Students currently enrolled at UWM who have fulfilled some of the program's requirements prior to the program's approval may have their credits applied retroactively to the certificate program.

## Business Scholars Program

The Business Scholars Program allows outstanding business students to build a rich portfolio of academic, co-curricular, and professional achievements. Students will build strong business competencies as well as enhanced communication and quantitative skills. International study is encouraged through the use of two-week study abroad opportunities.

### Requirements

#### Eligibility

To be admitted to the Business Scholars Program, the following requirements must be met:

#### Freshman Admission

Student must be a newly admitted Lubar undergraduate student.

1. Student must have a high school GPA of 3.5 or higher.
2. Student must have an ACT composite score of 25 or better; Math sub-score of 23 or better.

#### Sophomore Admission

1. A student must complete 24 credits with an overall cumulative grade point average of 3.3 (on a 4.0 scale), including completion of MATH 208 or MATH 211 (or equivalent) with a grade of B or better, completion of ENGLISH 101 and ENGLISH 102 with a grade of B

- or better (or attainment of placement score of 525 or higher), and completion of ECON 103 or ECON 104 with a grade of B or better; and
- 2. A student must submit an application that includes a one-page essay. The application is available online at <https://uwm.edu/business/academics/business-scholars/>.

### Course Requirements

Code	Title	Credits
<b>Complete the following required courses:</b>		
BUS ADM 211	Business Scholars: Statistical Modeling in Business Analytics	4
BUS ADM 231	Business Scholars: Introduction to Information Technology Management	4
<b>Choose three of the following courses:</b>		<b>9-10</b>
BUS ADM 207	Business Scholars: Introduction to Financial Accounting	
BUS ADM 331	Business Scholars: Organizations	
BUS ADM 351	Business Scholars: Principles of Finance	
BUS ADM 361	Business Scholars: Principles of Marketing	
BUS ADM 371	Business Scholars: Introduction to Supply Chain Management	
<b>Complete one Business Scholars Seminar:</b>		<b>3</b>
BUS ADM 493	Business Scholars: Seminar in Business: (Analytics and Innovation)	
<b>Complete one of the following:</b>		<b>3</b>
BUS ADM 498	Study Abroad: Business Topics: <sup>1</sup>	
BUS ADM 499	Research in Industry (Experiential Learning) <sup>2</sup>	
BUS ADM 599	Reading and Research-Business Administration (Business Scholars Thesis) <sup>2</sup>	
<b>Total Credits</b>		<b>23-24</b>

<sup>1</sup> Study abroad participants must complete additional coursework determined by the Scholars faculty director to receive Scholars credit for a study abroad course.

<sup>2</sup> Theses and experiential learning projects must be approved by the Scholars faculty director.

### Continuation and Graduation Requirements

Students must maintain a cumulative UWM GPA of 3.25 or higher, complete a minimum of 23 credits of Business Scholars coursework, participate in Business Scholars activities, and meet with the Business Scholars academic advisor each semester and before graduation to verify degree requirements are met.

## Business: Accounting, BBA

Accountants gather, organize and analyze financial information. Accountants assess performance and efficiency and suggest improvements for their employers and clients. They are needed in Certified Public Accounting (CPA) firms and corporations, as well as nonprofit organizations. Advancements in technology, evolving accounting rules and regulations, and rapid globalization promise

abundant and interesting career opportunities to those with strong quantitative abilities.

Accounting graduates who take positions in public accounting firms provide management consulting, tax, and audit services to external clients. Other accounting graduates, who take positions with industry and not-for-profit organizations, work as part of the management team providing information for decision support, taxation issues and performance evaluation.

Lubar College of Business accounting programs are separately accredited by the AACSB (one of only three accounting accredited schools in Wisconsin). Graduates meet the legal requirements to take the CPA Exam in Wisconsin. However, 150 credits of education are required to obtain the CPA license in Wisconsin. Many BBA Accounting graduates apply, are accepted, and enroll in the Lubar College of Business Master of Science in Management-Professional Accounting (MS-PA) program to complete the credits to prepare for the CPA exam and meet the 150 credits for licensure.

### Requirements

Code	Title	Credits
Advancement to Major (p. 257)		
General Education Requirements (p. 258)		24
Business Foundation Courses (p. 258)		21
Business Core (p. 258)		28
Accounting Major Requirements (p. 259)		24
Business Electives		9
General Electives		14
<b>Total Credits</b>		<b>120</b>

### Advancement to the Major

Students are eligible to advance within the major when the following requirements have been met:

Code	Title	Credits
<i>Attain Junior standing (56 credits)</i>		
<i>Satisfy Oral and Written Communication requirement (Part A) by obtaining a grade of 'C' or better</i>		
ENGLISH 102	College Writing and Research	
Or obtain a high enough score on the English Placement Test or other appropriate test, as determined by the English Department.		
<i>Satisfy Quantitative Literacy requirement (Part A) by obtaining a grade of 'C' or better</i>		
MATH 105 or MATH 108	Introduction to College Algebra Algebraic Literacy II	
Or place high enough on the Math Placement Test or other appropriate test, as determined by the Mathematical Sciences Department.		
<i>Complete the Business Foundation Courses</i>		
With a cumulative GPA of 2.25 or above		
<i>Achieve a cumulative GPA of 2.50 or higher</i>		
Obtain a cumulative GPA (including transfer work) equal to or higher than the standard established by the Lubar College of Business		
<i>Achieve a cumulative UWM GPA of 2.00 or higher</i>		

Students who have a 2.50 cumulative grade point average or higher, including at least a 2.00 UWM cumulative grade point average, are guaranteed advancement to major.

## Lubar College of Business General Education Requirements

Code	Title	Credits
<b>Oral and Written Communication</b>		
ENGLISH 102	College Writing and Research (or equivalent) <sup>1</sup>	
ENGLISH 205	Business Writing	3
<b>Quantitative Literacy</b>		
Select one of the following (QL-A):		
MATH 105	Introduction to College Algebra <sup>1</sup>	
MATH 108	Algebraic Literacy II <sup>1</sup>	
Or equivalent course		
Select one of the following (QL-B):		
MATH 208	Quantitative Models for Business	
MATH 211	Survey in Calculus and Analytic Geometry I	
Or equivalent course		
<b>Arts</b>		
Select 3 credits		3
<b>Humanities</b>		
Select 6 credits <sup>2</sup>		6
<b>Social Sciences</b>		
Select 6 credits <sup>3</sup>		6
<b>Natural Sciences</b>

or BUS ADM 371	Business Scholars: Introduction to Supply Chain Management	
BUS ADM 391	Business Law I	3
BUS ADM 450	Intermediate Finance	3
BUS ADM 600	Management Analysis	3
<i>International Business Component</i>		
Complete one of the following:		3
BUS ADM 456	International Financial Management	
BUS ADM 465	International Marketing	
BUS ADM 496	International Business	
BUS ADM 498	Study Abroad: Business Topics:	
BUS ADM 535	Global Information Technology Management	
BUS ADM 541	Cross-Cultural Management	
BUS ADM 551	International Investments	
<b>Total Credits</b>		<b>28</b>

## Accounting Major Requirements

A minimum 3.0 cumulative GPA, completion of MATH 208 or MATH 211, BUS ADM 230 or BUS ADM 231, a grade of B or better in BUS ADM 201 or BUS ADM 207, and completion of BUS ADM 202 are required to enroll in BUS ADM 301. A grade of B or better in BUS ADM 301 is required to enroll in BUS ADM 402, BUS ADM 404, and BUS ADM 409.

Code	Title	Credits
<b>Required Courses</b>		
BUS ADM 301	Intermediate Accounting I	4
BUS ADM 303	Career Planning for Accounting	1
BUS ADM 401	Introduction to Data Analytics in Accounting	4
BUS ADM 402	Intermediate Accounting II	3
BUS ADM 405	Income Tax Accounting I	3
BUS ADM 408	Accounting Information Systems	3
BUS ADM 409	Auditing: Procedures and Applications	3
<b>Electives</b>		
Choose one of the following:		3
BUS ADM 403	Consolidations and Governmental Accounting	
BUS ADM 404	Cost Management	
BUS ADM 406	Income Tax Accounting II	
<b>Total Credits</b>		<b>24</b>

## Business Electives

A business elective is any course with Bus Adm as the subject. The course cannot be one a student has already taken as part of the foundation, core, or major coursework. Students often use business electives to complete a double major or certificate.

Code	Title	Credits
Select 9 credits in the Lubar College of Business. May include 300-level Bus Adm internship courses, additional Bus Adm courses in the major, business courses outside of the major, and/or Bus Adm courses used in the completion of a second Business major or Business Certificate program.		9
<b>Total Credits</b>		<b>9</b>

## General Electives

Code	Title	Credits
Credits towards the degree not counted in other categories will apply to General Electives. Classes counting towards General Electives may include, but are not limited to:		14
ENGLISH 101	Introduction to College Writing	
ENGLISH 102	College Writing and Research	
MATH 105	Introduction to College Algebra	
MATH 108	Algebraic Literacy II	
Foreign Language credits		
<b>Total Credits</b>		<b>14</b>

## Degree Completion Requirements Credits

A minimum of 120 credits is required for graduation for all majors. At least 50% of the business credit hours required for the business degree must be completed at UWM.

### Grade Point Average

Students are required to earn at least a 2.25 overall GPA to graduate. Non-accounting majors are required to earn a minimum 2.25 GPA in all business and economics courses, as well as a 2.25 GPA in all business and economics courses completed at UWM, to graduate.

Accounting majors must have earned a 2.5 GPA for all business and economics courses completed (including transfer credits), as well as a 2.5 GPA in all business and economics courses completed at UWM, to graduate.

### Residence Requirements

A minimum of 12 credits must be completed in residence at UWM in each Business Administration major.

Students must earn their last 30 credits at UWM. BBA degree and major requirements must be completed within 10 years of initial enrollment at UW-Milwaukee. Should students not complete the degree and major within the 10-year time frame, the students will switch to the most current degree and major requirements. A new 10-year time frame would then begin.

### Post-Baccalaureate Options

The above requirements refer to the full requirements of an initial bachelors degree only. Requirements of a second undergraduate degree are listed on the Lubar College's Policies and Regulations (p. 248). The Accounting major may not be completed as a second undergraduate degree or as a post-baccalaureate major/Certificate of Major. The General Business Major may not be completed as a post-baccalaureate major/Certificate of Major.

### Multiple Majors

Students interested in completing a double major with another UWM program or within Business should meet with an academic advisor to discuss how best to combine their academic plans. Students may double-count up to two major courses between any combination of BBA majors. Accounting majors may also use the BUS ADM 450 requirement towards the Finance or SCOM majors. General Business majors may not select a second major within the Lubar College of Business but may select any number of certificates.

### Certificate Option

Students have the option to complete one or more certificates in conjunction with BBA majors. No more than 50% of each certificate's credits may double count towards BBA Core or Major requirements.

## Advising

For information on Academic Advising for undergraduate business majors, see Undergraduate Student Services. (<https://uwm.edu/business/students/current/undergraduate/advising-undergraduate/>) All students should meet with an academic advisor at least once a semester.

## Career Services

The Lubar College of Business also features a dedicated Career Services Center (<https://uwm.edu/business/students/career/undergraduate-career-advising/>) for its students. Internship positions and job requests are posted on a special bulletin board, which is maintained by the College as a service to students and to businesses that have specifically requested UWM business students to fill positions. Career Advisors can help students post their resume and search for jobs using UWM's jobs board on Handshake. The Career Services Center also provides a resume referral service. Potential employers may request resumes by functional area or by special interests within functional areas. Online national job searches and an alumni placement service are other services offered.

## Accelerated Program Option

This program is offered as part of an accelerated graduate program. For more information, see Accelerated Graduate Degrees (p. 37).

## Honors in the Lubar College of Business

Beta Gamma Sigma (<https://uwm.edu/business/students/current/undergraduate/organizations/>) is the national scholastic honor society in the field of business. Election to membership is available to both undergraduate and graduate students in business. Each semester, students are invited to join Beta Gamma Sigma. Selection is based upon outstanding scholastic achievement.

See also information on the Business Scholars Program (p. 256).

### Dean's Honor List

Students who earn a GPA of 3.500 or above on 12 or more graded credits in a given semester are placed on the Dean's Honor List.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Business: Accounting, BBA: Data Analysis

Accountants gather, organize and analyze financial information. Advancements in technology, evolving accounting rules and regulations, and rapid globalization promise abundant and interesting career opportunities to those with strong quantitative abilities. In response

to the rapidly changing environment, this degree is tailored to develop supplemental skills in Information Technology and analyzing data.

Accounting-Data Analysis graduates seek employment in a variety of positions in public accounting firms, industry, and not-for-profits. For public accounting firms, these graduates may find employment in either the traditional assurance track or the more IT-oriented risk advisory track. In either case, these graduates will analyze large, client-prepared datasets to accomplish audit objectives for their assigned audit team. In an industry employment position, the graduates will work as part of the management team providing information for decision support, taxation issues and performance evaluation. In the not-for-profit sector, the graduates will also analyze data to assist their organizations in decision support and performance evaluation. This accounting track specifically develops skills in Information Technology to enable graduates to utilize data analysis and visualization in these tasks.

Lubar College of Business accounting programs are separately accredited by the AACSB (one of only three accounting accredited schools in Wisconsin). Accounting graduates meet the legal requirements *to take the CPA Exam* in Wisconsin; however, 150 credits of education are required *to obtain the CPA license* in Wisconsin. Many BBA Accounting-Data Analysis graduates apply, are accepted, and enroll in the Lubar College of Business Master of Science in Management-Professional Accounting (MS-PA) program to complete the credits necessary to prepare for the CPA exam and meet the 150 credits for licensure.

### Dean's Honor List

Students who earn a GPA of 3.500 or above on 12 or more graded credits in a given semester are placed on the Dean's Honor List.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Business: Finance, BBA

The finance major provides the needed tools to work in investment management, corporate financial management, and banking. Position titles for finance majors include loan officers, mortgage review officers, stockbrokers, bond and security analysts, and ultimately, chief financial officers. Finance majors are increasingly taking and passing the Chartered Financial Analysts (CFA) examination. Thorough training in finance and related fields provides the practical and theoretical

background needed to succeed in the fast-paced and fascinating world of domestic and international finance.

Whether students focus on either corporate finance or investment finance at the Lubar College, all students gain an understanding of business and economy, the functions of financial institutions and capital markets, and investment and borrowing instruments. Students learn how to use data and technology as tools to assist in making decisions by applying the understanding of financial data and analysis.

## Requirements

Code	Title	Credits
	Advancement to Major (p. 263)	
	General Education Requirements (p. 264)	24
	Business Foundation Courses (p. 264)	21
	Business Core (p. 264)	29
	Finance Major Requirements (p. 265)	21-22
	Business Electives	12
	General Electives	13
<b>Total Credits</b>		<b>120-121</b>

## Advancement to the Major

Students are eligible to advance within the major when the following requirements have been met:

Code	Title	Credits
	<i>Attain Junior standing (56 credits)</i>	
	<i>Satisfy Oral and Written Communication requirement (Part A) by obtaining a grade of 'C' or better</i>	
ENGLISH 102	College Writing and Research	
	Or obtain a high enough score on the English Placement Test or other appropriate test, as determined by the English Department.	
	<i>Satisfy Quantitative Literacy requirement (Part A) by obtaining a grade of 'C' or better</i>	
MATH 105 or MATH 108	Introduction to College Algebra Algebraic Literacy II	
	Or place high enough on the Math Placement Test or other appropriate test, as determined by the Mathematical Sciences Department.	
	<i>Complete the Business Foundation Courses</i>	
	With a cumulative GPA of 2.25 or above	
	<i>Achieve a cumulative GPA of 2.50 or higher</i>	
	Obtain a cumulative GPA (including transfer work) equal to or higher than the standard established by the Lubar College of Business	
	<i>Achieve a cumulative UWM GPA of 2.00 or higher</i>	
	Students who have a 2.50 cumulative grade point average or higher, including at least a 2.00 UWM cumulative grade point average, are guaranteed advancement to major.	

## Lubar College of Business General Education Requirements

Code	Title	Credits
<b>Oral and Written Communication</b>		
ENGLISH 102	College Writing and Research (or equivalent) <sup>1</sup>	
ENGLISH 205	Business Writing	3
<b>Quantitative Literacy</b>		
Select one of the following (QL-A):		
MATH 105	Introduction to College Algebra <sup>1</sup>	
MATH 108	Algebraic Literacy II <sup>1</sup>	
Or equivalent course		
Select one of the following (QL-B):		
MATH 208	Quantitative Models for Business	
MATH 211	Survey in Calculus and Analytic Geometry I	
Or equivalent course		
<b>Arts</b>		
Select 3 credits		3
<b>Humanities</b>		
Select 6 credits <sup>2</sup>		6
<b>Social Sciences</b>		
Select 6 credits <sup>3</sup>		6
<b>Natural Sciences</b>		
Select 6 credits (At least two courses including one lab) <sup>4</sup>		6
<b>UWM Foreign Language Requirement</b>		
Complete Foreign Language Requirement through: <sup>1</sup>		
Two years (high school) of a single foreign language		
Two semesters (college) of a single foreign language		
Or equivalent		
<b>UWM Cultural Diversity Requirement</b>		
One course from the Arts, Humanities, or Social Sciences must also satisfy UWM's Cultural Diversity requirement		
<b>Total Credits</b>		<b>24</b>

<sup>1</sup> Credit earned for 100-level English and Math courses, as well as college credit earned for Foreign Languages, is counted towards General Electives.

<sup>2</sup> Excluding COMMUN 103 if used to satisfy a Foundation course requirement.

<sup>3</sup> Excluding COMMUN 105 if used to satisfy a Foundation course requirement. Only one 100- or 200-level economics course can be used to satisfy the Social Science requirement (excluding ECON 103 and ECON 104).

<sup>4</sup> Excluding MATH 211, MATH 221, or MATH 231.

## Business Foundation Courses

Complete with a cumulative grade point average of 2.25 or higher:

Code	Title	Credits
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
BUS ADM 201	Introduction to Financial Accounting <sup>1</sup>	4

BUS ADM 230	Introduction to Information Technology Management <sup>2</sup>	4
MATH 208 or MATH 211	Quantitative Models for Business <sup>3</sup> Survey in Calculus and Analytic Geometry I	4
COMMUN 103 or COMMUN 105	Public Speaking Business and Professional Communication	3
<b>Total Credits</b>		<b>21</b>

<sup>1</sup> A grade of "B" or better in BUS ADM 201 is required for Accounting majors. Students in the Business Scholars Program (p. 256) or who are interested in joining the program should enroll in the equivalent BUS ADM 207 course.

<sup>2</sup> A grade of "C" or better in BUS ADM 230 is required for Information Technology Management majors. Students in the Business Scholars Program (p. 256) should enroll in the equivalent BUS ADM 231 course.

<sup>3</sup> Or equivalent to MATH 208 or MATH 211.

## Business Core Courses

Code	Title	Credits
BUS ADM 202	Managerial Accounting	3
BUS ADM 210	Statistical Modeling in Business Analytics (Business Scholars course option) <sup>1</sup>	4
BUS ADM 300	Career and Professional Development	1
BUS ADM 330	Organizations <sup>2</sup>	3
BUS ADM 350	Principles of Finance <sup>3</sup>	3
BUS ADM 360	Principles of Marketing <sup>4</sup>	3
BUS ADM 370	Introduction to Supply Chain Management <sup>5</sup>	3
BUS ADM 391	Business Law I	3
BUS ADM 600	Management Analysis	3
<i>International Business Component</i>		
Complete one of the following:		3
BUS ADM 456	International Financial Management	
BUS ADM 465	International Marketing	
BUS ADM 496	International Business	
BUS ADM 498	Study Abroad: Business Topics:	
BUS ADM 535	Global Information Technology Management	
BUS ADM 541	Cross-Cultural Management	
BUS ADM 551	International Investments	
<b>Total Credits</b>		<b>29</b>

<sup>1</sup> Students in the Business Scholars Program should enroll in the equivalent BUS ADM 211 course.

<sup>2</sup> Students in the Business Scholars Program should consider the equivalent BUS ADM 331 course.

<sup>3</sup> A grade of "C" or better is required for Finance majors. Students in the Business Scholars Program should consider the equivalent BUS ADM 351 course.

<sup>4</sup> Students in the Business Scholars Program should consider the equivalent BUS ADM 361 course.

<sup>5</sup> Students in the Business Scholars Program should consider the equivalent BUS ADM 371 course.

## Finance Major Requirements

A minimum of 21 credits is required beyond BUS ADM 350 (Principles of Finance) or BUS ADM 351 (Business Scholars: Principles of Finance). A minimum "C" grade must be earned in BUS ADM 350 or BUS ADM 351 to pursue the finance major. BUS ADM 450 (Intermediate Finance) is a prerequisite or co-requisite for several courses in the finance major. BUS ADM 450 should be completed soon after BUS ADM 350 or BUS ADM 351.

Code	Title	Credits
<b>Required</b>		<b>9</b>
BUS ADM 450	Intermediate Finance <sup>1</sup>	
BUS ADM 451	Investment Finance <sup>1</sup>	
BUS ADM 455	Financial Institutions <sup>1</sup>	
<b>Major Electives</b>		<b>12-13</b>
Select four courses from the list below:		
BUS ADM 301	Intermediate Accounting I <sup>1</sup>	
BUS ADM 305	Personal Investing and Financial Planning	
BUS ADM 452	Applied Portfolio Management <sup>1</sup>	
BUS ADM 453	Corporate Finance Seminar	
BUS ADM 454	Analysis of Options and Futures <sup>1</sup>	
BUS ADM 456	International Financial Management <sup>1,2</sup>	
BUS ADM 457	Financial Modeling	
BUS ADM 458	Venture Finance	
BUS ADM 459	Finance Professional Internship	
BUS ADM 481	Real Estate Finance & Asset Management <sup>1</sup>	
BUS ADM 551	International Investments <sup>1,2</sup>	
<b>Total Credits</b>		<b>21-22</b>

<sup>1</sup> This finance major course represents foundational material for the CFA Level 1 Exam.

<sup>2</sup> If BUS ADM 456 or BUS ADM 551 is selected as the International Business Component course, students must choose a different finance elective to complete the major.

## Business Electives

A business elective is any course with Bus Adm as the subject. The course cannot be one a student has already taken as part of the foundation, core, or major coursework. Students often use business electives to complete a double major or certificate.

Code	Title	Credits
Select 12 credits in the Lubar College of Business. May include 300-level Bus Adm internship courses, additional Bus Adm courses in the major, business courses outside of the major, and/or Bus Adm courses used in the completion of a second Business major or Business Certificate program.		<b>12</b>
<b>Total Credits</b>		<b>12</b>

## General Electives

Code	Title	Credits
Credits towards the degree not counted in other categories will apply to General Electives. Classes counting towards General Electives may include, but are not limited to:		<b>13</b>
ENGLISH 101	Introduction to College Writing	
ENGLISH 102	College Writing and Research	
MATH 105	Introduction to College Algebra	
MATH 108	Algebraic Literacy II	
Foreign Language credits		
<b>Total Credits</b>		<b>13</b>

## Degree Completion Requirements Credits

A minimum of 120 credits is required for graduation for all majors. At least 50% of the business credit hours required for the business degree must be completed at UWM.

### Grade Point Average

Students are required to earn at least a 2.25 overall GPA to graduate. Non-accounting majors are required to earn a minimum 2.25 GPA in all business and economics courses, as well as a 2.25 GPA in all business and economics courses completed at UWM, to graduate.

Accounting majors must have earned a 2.5 GPA for all business and economics courses completed (including transfer credits), as well as a 2.5 GPA in all business and economics courses completed at UWM, to graduate.

### Residence Requirements

A minimum of 12 credits must be completed in residence at UWM in each Business Administration major.

Students must earn their last 30 credits at UWM. BBA degree and major requirements must be completed within 10 years of initial enrollment at UW-Milwaukee. Should students not complete the degree and major within the 10-year time frame, the students will switch to the most current degree and major requirements. A new 10-year time frame would then begin.

### Post-Baccalaureate Options

The above requirements refer to the full requirements of an initial bachelors degree only. Requirements of a second undergraduate degree are listed on the Lubar College's Policies and Regulations (p. 248). The Accounting major may not be completed as a second undergraduate degree or as a post-baccalaureate major/Certificate of Major. The General Business Major may not be completed as a post-baccalaureate major/Certificate of Major.

### Multiple Majors

Students interested in completing a double major with another UWM program or within Business should meet with an academic advisor to discuss how best to combine their academic plans. Students may double-count up to two major courses between any combination of BBA majors. Accounting majors may also use the BUS ADM 450 requirement towards the Finance or SCOM majors. General Business majors may not select a second major within the Lubar College of Business but may select any number of certificates.

## Certificate Option

Students have the option to complete one or more certificates in conjunction with BBA majors. No more than 50% of each certificate's credits may double count towards BBA Core or Major requirements.

## Advising

For information on Academic Advising for undergraduate business majors, see Undergraduate Student Services. (<https://uwm.edu/business/students/current/undergraduate/advising-undergraduate/>) All students should meet with an academic advisor at least once a semester.

## Career Services

The Lubar College of Business also features a dedicated Career Services Center (<https://uwm.edu/business/students/career/undergraduate-career-advising/>) for its students. Internship positions and job requests are posted on a special bulletin board, which is maintained by the College as a service to students and to businesses that have specifically requested UWM business students to fill positions. Career Advisors can help students post their resume and search for jobs using UWM's jobs board on Handshake. The Career Services Center also provides a resume referral service. Potential employers may request resumes by functional area or by special interests within functional areas. Online national job searches and an alumni placement service are other services offered.

## Accelerated Program Option

This program is offered as part of an accelerated graduate program. For more information, see Accelerated Graduate Degrees (p. 37).

## Honors in the Lubar College of Business

Beta Gamma Sigma (<https://uwm.edu/business/students/current/undergraduate/organizations/>) is the national scholastic honor society in the field of business. Election to membership is available to both undergraduate and graduate students in business. Each semester, students are invited to join Beta Gamma Sigma. Selection is based upon outstanding scholastic achievement.

See also information on the Business Scholars Program (p. 256).

## Dean's Honor List

Students who earn a GPA of 3.500 or above on 12 or more graded credits in a given semester are placed on the Dean's Honor List.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Business: General Business, BBA

The General Business major provides students broader options within business for those uncertain of focusing on a specific business functional area, as provided by our other majors. Students have the opportunity to select courses from two or three competency areas to meet their individual academic and career goals.

## Requirements

Code	Title	Credits
	Advancement to Major (p. 266)	
	General Education Requirements (p. 267)	24
	Business Foundation Courses (p. 267)	21
	Business Core (p. 267)	29
	General Business Major Requirements (p. 268)	24
	Business Electives	9
	General Electives	13
<b>Total Credits</b>		<b>120</b>

## Advancement to the Major

Students are eligible to advance within the major when the following requirements have been met:

Code	Title	Credits
	<i>Attain Junior standing (56 credits)</i>	
	<i>Satisfy Oral and Written Communication requirement (Part A) by obtaining a grade of 'C' or better</i>	
ENGLISH 102	College Writing and Research	
	Or obtain a high enough score on the English Placement Test or other appropriate test, as determined by the English Department.	
	<i>Satisfy Quantitative Literacy requirement (Part A) by obtaining a grade of 'C' or better</i>	
MATH 105 or MATH 108	Introduction to College Algebra Algebraic Literacy II	
	Or place high enough on the Math Placement Test or other appropriate test, as determined by the Mathematical Sciences Department.	
	<i>Complete the Business Foundation Courses</i>	
	With a cumulative GPA of 2.25 or above	
	<i>Achieve a cumulative GPA of 2.50 or higher</i>	
	Obtain a cumulative GPA (including transfer work) equal to or higher than the standard established by the Lubar College of Business	
	<i>Achieve a cumulative UWM GPA of 2.00 or higher</i>	
	Students who have a 2.50 cumulative grade point average or higher, including at least a 2.00 UWM cumulative grade point average, are guaranteed advancement to major.

<b>Total Credits</b>	<b>24</b>

- <sup>1</sup> If BUS ADM 456 or BUS ADM 551 are selected as the International Business component course, students must choose a different finance elective to complete the major.
- <sup>2</sup> If BUS ADM 535 is selected as the International Business component course, students must choose a different ITM elective to complete the major.
- <sup>3</sup> If BUS ADM 465 is selected as the International Business area course, students must choose a different marketing elective to complete the major.
- <sup>4</sup> If BUS ADM 496, BUS ADM 498, BUS ADM 541, or BUS ADM 551 is selected as the International Business area course, students must choose a different elective to complete the major.

### Certificate Option

Students have the option to complete one or more certificates in conjunction with this major. No more than 50% of certificate credits may double count towards BBA Core or Major requirements. For example, a Real Estate Certificate could count 6 credits from the certificate towards the General Business major requirements (under the "Real Estate" or "Finance" Competency Areas); the remaining 9 certificate credits would count towards Business and/or General Electives.

### Business Electives

A business elective is any course with Bus Adm as the subject. The course cannot be one a student has already taken as part of the foundation, core, or major coursework. Students often use business electives to complete a double major or certificate.

Code	Title	Credits
Select 9 credits in the Lubar College of Business. May include 300-level Bus Adm internship courses, additional Bus Adm courses in the major, business courses outside of the major, and/or Bus Adm courses used in the completion of a second Business major or Business Certificate program.		9
<b>Total Credits</b>		<b>9</b>

### General Electives

Code	Title	Credits
Credits towards the degree not counted in other categories will apply to General Electives. Classes counting towards General Electives may include, but are not limited to:		13
ENGLISH 101	Introduction to College Writing	
ENGLISH 102	College Writing and Research	
MATH 105	Introduction to College Algebra	
MATH 108	Algebraic Literacy II	
Foreign Language credits		
<b>Total Credits</b>		<b>13</b>

### Degree Completion Requirements Credits

A minimum of 120 credits is required for graduation for all majors. At least 50% of the business credit hours required for the business degree must be completed at UWM.

### Grade Point Average

Students are required to earn at least a 2.25 overall GPA to graduate. Non-accounting majors are required to earn a minimum 2.25 GPA in all business and economics courses, as well as a 2.25 GPA in all business and economics courses completed at UWM, to graduate.

Accounting majors must have earned a 2.5 GPA for all business and economics courses completed (including transfer credits), as well as a 2.5 GPA in all business and economics courses completed at UWM, to graduate.

### Residence Requirements

A minimum of 12 credits must be completed in residence at UWM in each Business Administration major.

Students must earn their last 30 credits at UWM. BBA degree and major requirements must be completed within 10 years of initial enrollment at UW-Milwaukee. Should students not complete the degree and major within the 10-year time frame, the students will switch to the most current degree and major requirements. A new 10-year time frame would then begin.

### Post-Baccalaureate Options

The above requirements refer to the full requirements of an initial bachelors degree only. Requirements of a second undergraduate degree are listed on the Lubar College's Policies and Regulations (p. 248). The Accounting major may not be completed as a second undergraduate degree or as a post-baccalaureate major/Certificate of Major. The General Business Major may not be completed as a post-baccalaureate major/Certificate of Major.

## Multiple Majors

Students interested in completing a double major with another UWM program or within Business should meet with an academic advisor to discuss how best to combine their academic plans. Students may double-count up to two major courses between any combination of BBA majors. Accounting majors may also use the BUS ADM 450 requirement towards the Finance or SCOM majors. General Business majors may not select a second major within the Lubar College of Business but may select any number of certificates.

## Certificate Option

Students have the option to complete one or more certificates in conjunction with BBA majors. No more than 50% of each certificate's credits may double count towards BBA Core or Major requirements.

## Advising

For information on Academic Advising for undergraduate business majors, see Undergraduate Student Services. (<https://uwm.edu/business/students/current/undergraduate/advising-undergraduate/>) All students should meet with an academic advisor at least once a semester.

## Career Services

The Lubar College of Business also features a dedicated Career Services Center (<https://uwm.edu/business/students/career/undergraduate-career-advising/>) for its students. Internship positions and job requests are posted on a special bulletin board, which is maintained by the College as a service to students and to businesses that have specifically requested UWM business students to fill positions. Career Advisors can help students post their resume and search for jobs using UWM's jobs board on Handshake. The Career Services Center also provides a resume referral service. Potential employers may request resumes by functional area or by special interests within functional areas. Online national job searches and an alumni placement service are other services offered.

## Honors in the Lubar College of Business

Beta Gamma Sigma (<https://uwm.edu/business/students/current/undergraduate/organizations/>) is the national scholastic honor society in the field of business. Election to membership is available to both undergraduate and graduate students in business. Each semester, students are invited to join Beta Gamma Sigma. Selection is based upon outstanding scholastic achievement.

See also information on the Business Scholars Program (p. 256).

## Dean's Honor List

Students who earn a GPA of 3.500 or above on 12 or more graded credits in a given semester are placed on the Dean's Honor List.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for

honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Business: Human Resources Management, BBA

Human resource (HR) managers play an essential and strategic role in helping organizations recruit, train and retain an effective workforce. HR managers understand people and help organizations create an inclusive and productive workforce by providing performance and talent management systems; offering training, career development and work-life programs; and by creating effective compensation and benefits packages. HR managers also help organizations develop effective leaders and teams and proactively work with top-management to build inclusive and positive organizational cultures. Effective HR managers are skilled in interpersonal communication, conflict resolution, diversity management, and perspective-taking.

This major prepares students for entry-level careers in either generalist or specialist areas of human resource management. The curriculum offers students a broad base of knowledge and skills needed to work with an increasing diverse and global workforce.

## Requirements

Code	Title	Credits
	Advancement to Major (p. 270)	
	General Education Requirements (p. 271)	24
	Business Foundation Courses (p. 271)	21
	Business Core (p. 271)	29
	HRM Major Requirements (p. 272)	21
	Business Electives	12
	General Electives	13
<b>Total Credits</b>		<b>120</b>

## Advancement to the Major

Students are eligible to advance within the major when the following requirements have been met:

Code	Title	Credits
	<i>Attain Junior standing (56 credits)</i>	
	<i>Satisfy Oral and Written Communication requirement (Part A) by obtaining a grade of 'C' or better</i>	
ENGLISH 102	College Writing and Research	
	Or obtain a high enough score on the English Placement Test or other appropriate test, as determined by the English Department.	
	<i>Satisfy Quantitative Literacy requirement (Part A) by obtaining a grade of 'C' or better</i>	
MATH 105 or MATH 108	Introduction to College Algebra Algebraic Literacy II	

Or place high enough on the Math Placement Test or other appropriate test, as determined by the Mathematical Sciences Department.

**Complete the Business Foundation Courses**

With a cumulative GPA of 2.25 or above

**Achieve a cumulative GPA of 2.50 or higher**

Obtain a cumulative GPA (including transfer work) equal to or higher than the standard established by the Lubar College of Business

**Achieve a cumulative UWM GPA of 2.00 or higher**

Students who have a 2.50 cumulative grade point average or higher, including at least a 2.00 UWM cumulative grade point average, are guaranteed advancement to major.

## Lubar College of Business General Education Requirements

Code	Title	Credits
<b>Oral and Written Communication</b>		
ENGLISH 102	College Writing and Research (or equivalent) <sup>1</sup>	
ENGLISH 205	Business Writing	3
<b>Quantitative Literacy</b>		
Select one of the following (QL-A):		
MATH 105	Introduction to College Algebra <sup>1</sup>	
MATH 108	Algebraic Literacy II <sup>1</sup>	
Or equivalent course		
Select one of the following (QL-B):		
MATH 208	Quantitative Models for Business	
MATH 211	Survey in Calculus and Analytic Geometry I	
Or equivalent course		
<b>Arts</b>		
Select 3 credits		3
<b>Humanities</b>		
Select 6 credits <sup>2</sup>		6
<b>Social Sciences</b>		
Select 6 credits <sup>3</sup>		6
<b>Natural Sciences</b>		
Select 6 credits (At least two courses including one lab) <sup>4</sup>		6
<b>UWM Foreign Language Requirement</b>		
Complete Foreign Language Requirement through: <sup>1</sup>		
Two years (high school) of a single foreign language		
Two semesters (college) of a single foreign language		
Or equivalent		
<b>UWM Cultural Diversity Requirement</b>		
One course from the Arts, Humanities, or Social Sciences must also satisfy UWM's Cultural Diversity requirement		
<b>Total Credits</b>		<b>24</b>

<sup>1</sup> Credit earned for 100-level English and Math courses, as well as college credit earned for Foreign Languages, is counted towards General Electives.

<sup>2</sup> Excluding COMMUN 103 if used to satisfy a Foundation course requirement.

<sup>3</sup> Excluding COMMUN 105 if used to satisfy a Foundation course requirement. Only one 100- or 200-level economics course can be used to satisfy the Social Science requirement (excluding ECON 103 and ECON 104).

<sup>4</sup> Excluding MATH 211, MATH 221, or MATH 231.

## Business Foundation Courses

Complete with a cumulative grade point average of 2.25 or higher:

Code	Title	Credits
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
BUS ADM 201	Introduction to Financial Accounting <sup>1</sup>	4
BUS ADM 230	Introduction to Information Technology Management <sup>2</sup>	4
MATH 208	Quantitative Models for Business <sup>3</sup>	4
or MATH 211	Survey in Calculus and Analytic Geometry I	
COMMUN 103	Public Speaking	3
or COMMUN 105	Business and Professional Communication	
<b>Total Credits</b>		<b>21</b>

<sup>1</sup> A grade of "B" or better in BUS ADM 201 is required for Accounting majors. Students in the Business Scholars Program (p. 256) or who are interested in joining the program should enroll in the equivalent BUS ADM 207 course.

<sup>2</sup> A grade of "C" or better in BUS ADM 230 is required for Information Technology Management majors. Students in the Business Scholars Program (p. 256) should enroll in the equivalent BUS ADM 231 course.

<sup>3</sup> Or equivalent to MATH 208 or MATH 211.

## Business Core Courses

Code	Title	Credits
BUS ADM 202	Managerial Accounting	3
BUS ADM 210	Statistical Modeling in Business Analytics (Business Scholars course option) <sup>1</sup>	4
BUS ADM 300	Career and Professional Development	1
BUS ADM 330	Organizations <sup>2</sup>	3
BUS ADM 350	Principles of Finance <sup>3</sup>	3
BUS ADM 360	Principles of Marketing <sup>4</sup>	3
BUS ADM 370	Introduction to Supply Chain Management <sup>5</sup>	3
BUS ADM 391	Business Law I	3
BUS ADM 600	Management Analysis	3
<i>International Business Component</i>		
Complete one of the following:		3
BUS ADM 456	International Financial Management	
BUS ADM 465	International Marketing	
BUS ADM 496	International Business	
BUS ADM 498	Study Abroad: Business Topics:	
BUS ADM 535	Global Information Technology Management	
BUS ADM 541	Cross-Cultural Management	

BUS ADM 551	International Investments	
<b>Total Credits</b>		<b>29</b>

- <sup>1</sup> Students in the Business Scholars Program should enroll in the equivalent BUS ADM 211 course.
- <sup>2</sup> Students in the Business Scholars Program should consider the equivalent BUS ADM 331 course.
- <sup>3</sup> A grade of "C" or better is required for Finance majors. Students in the Business Scholars Program should consider the equivalent BUS ADM 351 course.
- <sup>4</sup> Students in the Business Scholars Program should consider the equivalent BUS ADM 361 course.
- <sup>5</sup> Students in the Business Scholars Program should consider the equivalent BUS ADM 371 course.

## Human Resources Management Major Requirements

The major in human resources management requires 21 human resources management credits beyond the 3 credits of BUS ADM 330 (Organizations) or BUS ADM 331 (Business Scholars: Organizations).

Code	Title	Credits
<b>Required</b>		
BUS ADM 444	Human Resources Management <sup>1</sup>	3
<b>Core</b>		
Select four courses from the list below:		12
BUS ADM 440	Compensation Management <sup>1</sup>	
BUS ADM 441	Diversity in Organizations <sup>1</sup>	
BUS ADM 445	Training & Development in Organizations <sup>1</sup>	
BUS ADM 448	Staffing Human Resources <sup>1</sup>	
BUS ADM 547	Employment Law <sup>1</sup>	
ECON 415	Economics of Employment and Labor Relations	
<b>HRM Electives</b>		
Select two courses from the Core Courses listed above or from the following:		6
BUS ADM 442	Industrial Psychology	
BUS ADM 443	Special Topics in Human Resources Management: (subtitle)	
BUS ADM 446	Leadership and Team Building	
BUS ADM 449	Human Resources Management Professional Internship	
BUS ADM 541	Cross-Cultural Management	
COMMUN 300	Interviewers and Interviewing	
COMMUN 310	Communication in Organizations	
ECON 448	Economics of Human Resources	
<b>Total Credits</b>		<b>21</b>

<sup>1</sup> These HRM major courses represent foundational material for the SHRM Assurance of Learning Certification exam.

## Business Electives

A business elective is any course with Bus Adm as the subject. The course cannot be one a student has already taken as part of the

foundation, core, or major coursework. Students often use business electives to complete a double major or certificate.

Code	Title	Credits
Select 12 credits in the Lubar College of Business. May include 300-level Bus Adm internship courses, additional Bus Adm courses in the major, business courses outside of the major, and/or Bus Adm courses used in the completion of a second Business major or Business Certificate program.		12
<b>Total Credits</b>		<b>12</b>

## General Electives

Code	Title	Credits
Credits towards the degree not counted in other categories will apply to General Electives. Classes counting towards General Electives may include, but are not limited to:		13
ENGLISH 101	Introduction to College Writing	
ENGLISH 102	College Writing and Research	
MATH 105	Introduction to College Algebra	
MATH 108	Algebraic Literacy II	
Foreign Language credits		
<b>Total Credits</b>		<b>13</b>

## Degree Completion Requirements Credits

A minimum of 120 credits is required for graduation for all majors. At least 50% of the business credit hours required for the business degree must be completed at UWM.

## Grade Point Average

Students are required to earn at least a 2.25 overall GPA to graduate. Non-accounting majors are required to earn a minimum 2.25 GPA in all business and economics courses, as well as a 2.25 GPA in all business and economics courses completed at UWM, to graduate.

Accounting majors must have earned a 2.5 GPA for all business and economics courses completed (including transfer credits), as well as a 2.5 GPA in all business and economics courses completed at UWM, to graduate.

## Residence Requirements

A minimum of 12 credits must be completed in residence at UWM in each Business Administration major.

Students must earn their last 30 credits at UWM. BBA degree and major requirements must be completed within 10 years of initial enrollment at UW-Milwaukee. Should students not complete the degree and major within the 10-year time frame, the students will switch to the most current degree and major requirements. A new 10-year time frame would then begin.

## Post-Baccalaureate Options

The above requirements refer to the full requirements of an initial bachelors degree only. Requirements of a second undergraduate degree are listed on the Lubar College's Policies and Regulations (p. 248). The Accounting major may not be completed as a second undergraduate degree or as a post-baccalaureate major/Certificate of Major. The General

Business Major may not be completed as a post-baccalaureate major/ Certificate of Major.

### Multiple Majors

Students interested in completing a double major with another UWM program or within Business should meet with an academic advisor to discuss how best to combine their academic plans. Students may double-count up to two major courses between any combination of BBA majors. Accounting majors may also use the BUS ADM 450 requirement towards the Finance or SCOM majors. General Business majors may not select a second major within the Lubar College of Business but may select any number of certificates.

### Certificate Option

Students have the option to complete one or more certificates in conjunction with BBA majors. No more than 50% of each certificate's credits may double count towards BBA Core or Major requirements.

### Advising

For information on Academic Advising for undergraduate business majors, see Undergraduate Student Services. (<https://uwm.edu/business/students/current/undergraduate/advising-undergraduate/>) All students should meet with an academic advisor at least once a semester.

### Career Services

The Lubar College of Business also features a dedicated Career Services Center (<https://uwm.edu/business/students/career/undergraduate-career-advising/>) for its students. Internship positions and job requests are posted on a special bulletin board, which is maintained by the College as a service to students and to businesses that have specifically requested UWM business students to fill positions. Career Advisors can help students post their resume and search for jobs using UWM's jobs board on Handshake. The Career Services Center also provides a resume referral service. Potential employers may request resumes by functional area or by special interests within functional areas. Online national job searches and an alumni placement service are other services offered.

### Accelerated Program Option

This program is offered as part of an accelerated graduate program. For more information, see Accelerated Graduate Degrees (p. 37).

### Honors in the Lubar College of Business

Beta Gamma Sigma (<https://uwm.edu/business/students/current/undergraduate/organizations/>) is the national scholastic honor society in the field of business. Election to membership is available to both undergraduate and graduate students in business. Each semester, students are invited to join Beta Gamma Sigma. Selection is based upon outstanding scholastic achievement.

See also information on the Business Scholars Program (p. 256).

### Dean's Honor List

Students who earn a GPA of 3.500 or above on 12 or more graded credits in a given semester are placed on the Dean's Honor List.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

### Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

### Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Business: Information Technology Management, BBA

The Information Technology Management (ITM) degree provides undergraduate students with the knowledge needed to develop creative and effective business solutions, based on a thorough comprehension of business problems and opportunities.

To that end, students are provided with a strong technical foundation in contemporary approaches to business application systems development which includes planning, analysis, design, project management, programming, maintenance, and support using state-of-the-art technologies, tools, and techniques, as well as an essential background in various business functional areas, such as management, marketing, accounting, finance, supply chain, and economics. In addition, there is an emphasis on the communication skills and teamwork critical to client understanding and satisfaction.

The ITM program is intended to be the first step in a lifelong learning experience in the exciting and dynamic field of ITM. It provides a strong foundation for advancement and success in ITM careers and ventures.

### Requirements

## Dean's Honor List

Students who earn a GPA of 3.500 or above on 12 or more graded credits in a given semester are placed on the Dean's Honor List.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Business: Marketing, BBA

Marketing is a key factor contributing to the success of any business organization. It is the dynamic and creative process of the development, pricing, promotion, and distribution of products and services to satisfy customer and organizational objectives. Effective marketing requires an integration of eclectic knowledge and the skills pertinent to understanding consumer behavior, planning and analyzing marketing research data, thinking strategically, and managing people.

Students learn how marketing supports an organization's objectives; how to examine consumer motivation and behavior; how to price, promote, and distribute products and services; and how to plan and analyze market research data to make good decisions.

Graduates of the marketing major find an exciting and broad spectrum of career opportunities in brand/product management, industrial selling, retailing, sales management, advertising, marketing research, customer-service management, and other areas.

## Requirements

Code	Title	Credits
	Advancement to Major (p. 277)	
	General Education Requirements (p. 277)	24
	Business Foundation Courses (p. 277)	21

Business Core (p. 278)	29
Marketing Major Requirements (p. 278)	21
Business Electives	12
General Electives	13
<b>Total Credits</b>	<b>120</b>

## Advancement to the Major

Students are eligible to advance within the major when the following requirements have been met:

Code	Title	Credits
<i>Attain Junior standing (56 credits)</i>		
<i>Satisfy Oral and Written Communication requirement (Part A) by obtaining a grade of 'C' or better</i>		
ENGLISH 102	College Writing and Research	
Or obtain a high enough score on the English Placement Test or other appropriate test, as determined by the English Department.		
<i>Satisfy Quantitative Literacy requirement (Part A) by obtaining a grade of 'C' or better</i>		
MATH 105 or MATH 108	Introduction to College Algebra Algebraic Literacy II	
Or place high enough on the Math Placement Test or other appropriate test, as determined by the Mathematical Sciences Department.		
<i>Complete the Business Foundation Courses</i>		
With a cumulative GPA of 2.25 or above		
<i>Achieve a cumulative GPA of 2.50 or higher</i>		
Obtain a cumulative GPA (including transfer work) equal to or higher than the standard established by the Lubar College of Business		
<i>Achieve a cumulative UWM GPA of 2.00 or higher</i>		
Students who have a 2.50 cumulative grade point average or higher, including at least a 2.00 UWM cumulative grade point average, are guaranteed advancement to major.		

## Lubar College of Business General Education Requirements

Code	Title	Credits
<b>Oral and Written Communication</b>		
ENGLISH 102	College Writing and Research (or equivalent) <sup>1</sup>	
ENGLISH 205	Business Writing	3
<b>Quantitative Literacy</b>		
Select one of the following (QL-A):		
MATH 105	Introduction to College Algebra <sup>1</sup>	
MATH 108	Algebraic Literacy II <sup>1</sup>	
Or equivalent course		
Select one of the following (QL-B):		
MATH 208	Quantitative Models for Business	
MATH 211	Survey in Calculus and Analytic Geometry I	
Or equivalent course		

### Arts

Select 3 credits	3
<b>Humanities</b>	
Select 6 credits <sup>2</sup>	6
<b>Social Sciences</b>	
Select 6 credits <sup>3</sup>	6
<b>Natural Sciences</b>	
Select 6 credits (At least two courses including one lab) <sup>4</sup>	6
<b>UWM Foreign Language Requirement</b>	
Complete Foreign Language Requirement through: <sup>1</sup>	
Two years (high school) of a single foreign language	
Two semesters (college) of a single foreign language	
Or equivalent	
<b>UWM Cultural Diversity Requirement</b>	
One course from the Arts, Humanities, or Social Sciences must also satisfy UWM's Cultural Diversity requirement	
<b>Total Credits</b>	<b>24</b>

<sup>1</sup> Credit earned for 100-level English and Math courses, as well as college credit earned for Foreign Languages, is counted towards General Electives.

<sup>2</sup> Excluding COMMUN 103 if used to satisfy a Foundation course requirement.

<sup>3</sup> Excluding COMMUN 105 if used to satisfy a Foundation course requirement. Only one 100- or 200-level economics course can be used to satisfy the Social Science requirement (excluding ECON 103 and ECON 104).

<sup>4</sup> Excluding MATH 211, MATH 221, or MATH 231.

## Business Foundation Courses

Complete with a cumulative grade point average of 2.25 or higher:

Code	Title	Credits
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
BUS ADM 201	Introduction to Financial Accounting <sup>1</sup>	4
BUS ADM 230	Introduction to Information Technology Management <sup>2</sup>	4
MATH 208 or MATH 211	Quantitative Models for Business <sup>3</sup> Survey in Calculus and Analytic Geometry I	4
COMMUN 103 or COMMUN 105	Public Speaking Business and Professional Communication	3
<b>Total Credits</b>		<b>21</b>

<sup>1</sup> A grade of "B" or better in BUS ADM 201 is required for Accounting majors. Students in the Business Scholars Program (p. 256) or who are interested in joining the program should enroll in the equivalent BUS ADM 207 course.

<sup>2</sup> A grade of "C" or better in BUS ADM 230 is required for Information Technology Management majors. Students in the Business Scholars Program (p. 256) should enroll in the equivalent BUS ADM 231 course.

<sup>3</sup> Or equivalent to MATH 208 or MATH 211.

## Business Core Courses

Code	Title	Credits
BUS ADM 202	Managerial Accounting	3
BUS ADM 210	Statistical Modeling in Business Analytics (Business Scholars course option) <sup>1</sup>	4
BUS ADM 300	Career and Professional Development	1
BUS ADM 330	Organizations <sup>2</sup>	3
BUS ADM 350	Principles of Finance <sup>3</sup>	3
BUS ADM 360	Principles of Marketing <sup>4</sup>	3
BUS ADM 370	Introduction to Supply Chain Management <sup>5</sup>	3
BUS ADM 391	Business Law I	3
BUS ADM 600	Management Analysis	3
<i>International Business Component</i>		
Complete one of the following:		3
BUS ADM 456	International Financial Management	
BUS ADM 465	International Marketing	
BUS ADM 496	International Business	
BUS ADM 498	Study Abroad: Business Topics:	
BUS ADM 535	Global Information Technology Management	
BUS ADM 541	Cross-Cultural Management	
BUS ADM 551	International Investments	
<b>Total Credits</b>		<b>29</b>

<sup>1</sup> Students in the Business Scholars Program should enroll in the equivalent BUS ADM 211 course.

<sup>2</sup> Students in the Business Scholars Program should consider the equivalent BUS ADM 331 course.

<sup>3</sup> A grade of "C" or better is required for Finance majors. Students in the Business Scholars Program should consider the equivalent BUS ADM 351 course.

<sup>4</sup> Students in the Business Scholars Program should consider the equivalent BUS ADM 361 course.

<sup>5</sup> Students in the Business Scholars Program should consider the equivalent BUS ADM 371 course.

## Marketing Major Requirements

Code	Title	Credits
<b>Required Courses</b>		<b>9</b>
BUS ADM 461	Consumer Behavior	
BUS ADM 462	Marketing Research	
BUS ADM 463	Marketing Management	
<b>Major Electives</b>		<b>12</b>
Choose four courses from the list below:		
BUS ADM 447	Entrepreneurship	
BUS ADM 460	Retail Management	
BUS ADM 464	Management of Promotion	
BUS ADM 465	International Marketing <sup>1</sup>	
BUS ADM 466	Business to Business Sales and Marketing	
BUS ADM 467	Marketing Seminar: (subtitle)	
BUS ADM 468	Internet Marketing	

BUS ADM 469	Marketing Professional Internship	
<b>Total Credits</b>		<b>21</b>

<sup>1</sup> If BUS ADM 465 is selected as the International Business area course, students must choose a different marketing elective to complete the major.

## Business Electives

A business elective is any course with Bus Adm as the subject. The course cannot be one a student has already taken as part of the foundation, core, or major coursework. Students often use business electives to complete a double major or certificate.

Code	Title	Credits
Select 12 credits in the Lubar College of Business. May include 300-level Bus Adm internship courses, additional Bus Adm courses in the major, business courses outside of the major, and/or Bus Adm courses used in the completion of a second Business major or Business Certificate program.		12
<b>Total Credits</b>		<b>12</b>

## General Electives

Code	Title	Credits
Credits towards the degree not counted in other categories will apply to General Electives. Classes counting towards General Electives may include, but are not limited to:		13

ENGLISH 101	Introduction to College Writing	
ENGLISH 102	College Writing and Research	
MATH 105	Introduction to College Algebra	
MATH 108	Algebraic Literacy II	
Foreign Language credits		
<b>Total Credits</b>		<b>13</b>

## Degree Completion Requirements Credits

A minimum of 120 credits is required for graduation for all majors. At least 50% of the business credit hours required for the business degree must be completed at UWM.

### Grade Point Average

Students are required to earn at least a 2.25 overall GPA to graduate. Non-accounting majors are required to earn a minimum 2.25 GPA in all business and economics courses, as well as a 2.25 GPA in all business and economics courses completed at UWM, to graduate.

Accounting majors must have earned a 2.5 GPA for all business and economics courses completed (including transfer credits), as well as a 2.5 GPA in all business and economics courses completed at UWM, to graduate.

### Residence Requirements

A minimum of 12 credits must be completed in residence at UWM in each Business Administration major.

Students must earn their last 30 credits at UWM. BBA degree and major requirements must be completed within 10 years of initial enrollment at UW-Milwaukee. Should students not complete the degree and major

within the 10-year time frame, the students will switch to the most current degree and major requirements. A new 10-year time frame would then begin.

## Post-Baccalaureate Options

The above requirements refer to the full requirements of an initial bachelors degree only. Requirements of a second undergraduate degree are listed on the Lubar College's Policies and Regulations (p. 248). The Accounting major may not be completed as a second undergraduate degree or as a post-baccalaureate major/Certificate of Major. The General Business Major may not be completed as a post-baccalaureate major/Certificate of Major.

## Multiple Majors

Students interested in completing a double major with another UWM program or within Business should meet with an academic advisor to discuss how best to combine their academic plans. Students may double-count up to two major courses between any combination of BBA majors. Accounting majors may also use the BUS ADM 450 requirement towards the Finance or SCOM majors. General Business majors may not select a second major within the Lubar College of Business but may select any number of certificates.

## Certificate Option

Students have the option to complete one or more certificates in conjunction with BBA majors. No more than 50% of each certificate's credits may double count towards BBA Core or Major requirements.

## Advising

For information on Academic Advising for undergraduate business majors, see Undergraduate Student Services. (<https://uwm.edu/business/students/current/undergraduate/advising-undergraduate/>) All students should meet with an academic advisor at least once a semester.

## Career Services

The Lubar College of Business also features a dedicated Career Services Center (<https://uwm.edu/business/students/career/undergraduate-career-advising/>) for its students. Internship positions and job requests are posted on a special bulletin board, which is maintained by the College as a service to students and to businesses that have specifically requested UWM business students to fill positions. Career Advisors can help students post their resume and search for jobs using UWM's jobs board on Handshake. The Career Services Center also provides a resume referral service. Potential employers may request resumes by functional area or by special interests within functional areas. Online national job searches and an alumni placement service are other services offered.

## Accelerated Program Option

This program is offered as part of an accelerated graduate program. For more information, see Accelerated Graduate Degrees (p. 37).

## Honors in the Lubar College of Business

Beta Gamma Sigma (<https://uwm.edu/business/students/current/undergraduate/organizations/>) is the national scholastic honor society in the field of business. Election to membership is available to both undergraduate and graduate students in business. Each semester, students are invited to join Beta Gamma Sigma. Selection is based upon outstanding scholastic achievement.

See also information on the Business Scholars Program (p. 256).

## Dean's Honor List

Students who earn a GPA of 3.500 or above on 12 or more graded credits in a given semester are placed on the Dean's Honor List.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Business: Supply Chain and Operations Management, BBA

Supply Chain and Operations Management (SCOM) examines the key business processes that take place from "step one" through delivery to the customer. Supply chain management is the integration of all key business processes from original suppliers through end users and provides products, services, and information that add value for customers and other stakeholders. It includes the supply, storage, and movement of materials, information, personnel, equipment, and finished goods within the organization and between the organization and its environment.

The operations function, within the supply chain, relates to the creation of goods and services through efficient and effective use of personnel, material, and machines and includes acquisition of resources, planning of production and inventory levels, scheduling of work assignments, and the control of production and quality. Recent concepts in supply chain and operations management include lean operations, Six Sigma, ERP, and mass customization.

Technology is one of the most important facets in supply chain, and the Lubar program emphasizes information technology management, including enterprise resource planning. Other important components include product development, lean operations, Six Sigma, and mass customization.

Companies in all sectors of the economy - public and private, manufacturing service, health care, retail and others - recruit SCOM graduates to help them identify competitive issues in the supply chain and develop innovative solutions.

## Requirements

Code	Title	Credits

Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

### Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Digital Supply Chain Management, Graduate Certificate

The Graduate Certificate in Digital Supply Chain Management is designed for students who desire a sequence of graduate-level courses that focus specifically on supply chain management topics. Recent history has amplified the importance of smoothly functioning supply chains to businesses and to the economy as a whole. Professionals with deep understanding of the managerial and technological complexities of supply chain operations are in high demand. The Graduate Certificate in Digital Supply Chain Management provides students with access to world-class faculty with real-world experience in current supply chain issues and challenges. From project management techniques, to reviewing quality and Six Sigma tools, and digging into logistics management, students will find opportunities to develop their knowledge and skill set.

This program can be completed as a standalone certificate or in combination with a master's degree program.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

### Admission

Students currently enrolled in a UWM graduate program are eligible to earn the Graduate Certificate in Digital Supply Chain Management. Persons not currently enrolled must apply for admission to the Certificate and must possess, at a minimum, a bachelor's degree with an overall GPA of 2.75 or better.

## Credits and Courses

Code	Title	Credits
<b>Required</b>		
BUSMGMT 711	Global Supply Chain Strategies & Competitive Operations	3

<b>Total Credits</b>		<b>15</b>

## Additional Requirements

### Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. A maximum of one three-credit course from another AACSB-accredited graduate program may be transferred. These courses are subject to Graduate School transfer policy.

### Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

### Articulation with Degree Programs

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

### Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

## Digital Supply Chain Management, MS

### Admission Requirements

#### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

## Admission

An applicant must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus the following program requirements to be considered for admission:

- A bachelor's degree from an accredited college or university.
- Submission of score on the Graduate Management Admission Test (GMAT) (<http://uwm.edu/graduateschool/admission/#gmat>).
- Review by the Master of Science Program Committee to assess academic achievement and ability to do intensive graduate-level work.
- A statement of purpose (1 to 2 pages on why you would like to earn your degree at the Lubar College of Business and your plans after graduation).

Applicants admitted to the MS program may be required to complete management foundation courses. Foundation courses will be waived if students have completed equivalent coursework. Credits earned in these courses do not count toward the degree.

If a student is waived out of a required course, an approved elective course must be substituted in its place and approved by Graduate Program Services (Lubar N458).

The major professor, in consultation with the student, reviews the student's academic background and career goals and designs an appropriate program of study consistent with degree requirements. In developing a program of study for a student who has no undergraduate background in business administration, care is taken to ensure a basic exposure to different aspects of the management field as well as an in-depth preparation in the chosen field of specialization.

## Credits and Courses

Code	Title	Credits
<i>Required courses</i>		
BUS ADM 783	Modeling and Analytics in Supply Chains	3
BUS ADM 787	Managing Connected Supply Chains	3
BUS ADM 788	Tracking and Tracing	1
BUSMGMT 711	Global Supply Chain Strategies & Competitive Operations	3
BUSMGMT 732	Enterprise Resource Planning	3
IND ENG 741	Foundational Technologies for Connected Systems	1
IND ENG 742	Cloud Architecture for Connected Systems	1
<i>Supply Chain &amp; Operations Management Electives (choose 2 of 5)</i>		6
BUS ADM 781	Enabling Supply Chains Using SAP	
BUS ADM 782	Supply Chain Technology and Simulation	
BUS ADM 785	Project Management and Innovative Operations	
BUS ADM 786	Supply Chain Logistics Management	
BUS ADM 789	Service Operations Management	
<i>Other Electives (choose 3)</i>		9
BUS ADM 737	Managerial Decisions and Negotiations	
BUS ADM 742	Big Data in Business	
BUS ADM 745	Artificial Intelligence for Business	

BUS ADM 811	Process and Work-Flow Management
BUS ADM 812	Machine Learning for Business
BUSMGMT 709	Predictive Analytics for Managers
BUSMGMT 723	Managing and Negotiating Across Borders
BUSMGMT 744	R Programming for Business Analytics
<b>Total Credits</b>	<b>30</b>

## Additional Requirements

Students in the MS program have the option of doing a management research project. This option gives students the opportunity to apply methodological techniques and area studies. The urban location and strong ties with the business sector provide opportunities for student projects.

### Major Professor as Advisor

Students in the MS program must choose a major professor during the first ten weeks of their first semester of graduate enrollment to advise and supervise their studies. A listing of faculty by area of interest is sent to each MS student to aid in their selection of a major professor. This list is also available in the Graduate Programs Services office, Lubar N251.

### The Management Research Project/Thesis

The Management Research Project/Thesis is a variable 2-6 credit management research project.

### Comprehensive Examination

Students must pass a final oral examination if they choose a 4-6-credit management research project or thesis.

### Time Limit

The student must complete all degree requirements within five years of initial enrollment. In areas of concentration in which the total number of degree credits required exceeds 30, the student must complete all degree requirements within seven years of initial enrollment.

## Accelerated Program Option

This program is offered as part of an accelerated graduate program. For more information, see Accelerated Graduate Degrees (p. 37).

## Enterprise Resource Planning, Graduate Certificate

The Online Graduate Certificate in Enterprise Resource Planning is designed for students who desire a sequence of graduate-level courses that focus specifically on the Enterprise Resource Planning (ERP) area.

The growing use of ERP systems in organizations is driving the need for IT professionals with ERP competencies. The Online Graduate Certificate in ERP leverages the significant SAP expertise of faculty at the Lubar College, which is home to one of only five SAP University Competence Centers in the world.

This five-course sequence prepares students for the SAP Certified Application Associate exam and includes a simulation game and instruction in the use of business intelligence tools. The certificate can be completed in less than one year.

This program can be completed as a standalone certificate or in combination with a master's degree program.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted in to a certificate program.

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

## Credits and Courses

To obtain the certificate, a student must complete 15 credits from the following set of available courses.

Code	Title	Credits
<b>Select five courses from the following:</b>		<b>15</b>
BUS ADM 781	Enabling Supply Chains Using SAP	
BUS ADM 811	Process and Work-Flow Management	
BUS ADM 816	Business Intelligence Technologies & Solutions	
BUSMGMT 732	Enterprise Resource Planning	
BUSMGMT 733	Enterprise Simulation Game	
BUSMGMT 734	Enterprise Resource Planning Certification	
BUS ADM 818	Information Systems Practicum (ERP project only) <sup>1</sup>	
BUS ADM 819	Information Technology Management Internship (ERP placement only) <sup>1</sup>	
<b>Total Credits</b>		<b>15</b>

<sup>1</sup> Students may select either BUS ADM 818 or BUS ADM 819, but not both.

## Additional Requirements

### Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

### Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

### Articulation with Degree Programs

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

### Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

## Enterprise Resource Planning, Undergraduate Certificate

The Certificate in Enterprise Resource Planning is designed for business students who desire a sequence of courses that focus specifically on the Enterprise Resource Planning (ERP) area. ERP systems are critical information systems that connect a company's operations, including purchasing, production, sales, service, accounting, supply chain, finance and asset management, and customer/supplier relationships.

ERP certificate students will not only develop knowledge in ERP but also develop mobile ERP applications and participate in an ERP simulation game. Because the Lubar College is home to one of only five SAP University Competence Centers in the world, Lubar faculty have extensive ERP teaching experience.

The certificate is designed for non-Information Technology Management majors. This five-course sequence prepares students for the SAP Certified Application Associate exam.

Students interested in the certificate program should contact Undergraduate Student Services, Lubar Hall N297, (414) 229-5271, uwmbba@uwm.edu, to make a formal declaration of their intention.

## Requirements

To obtain the certificate, a Lubar College of Business non-ITM major must complete 15 credits of required coursework while fulfilling all requirements of the baccalaureate degree.

Code	Title	Credits
<b>Required</b>		
BUS ADM 336	Enterprise Systems and Data Analytics	3
<b>Electives</b>		
Choose four of the following courses:		12
BUS ADM 536	Business Intelligence	
BUS ADM 537	Enterprise Systems Concepts and Issues	
BUS ADM 538	Business Process Integration	
BUS ADM 539	Web Application Server Development	
BUS ADM 540	ERP Certification	
BUS ADM 576	Enterprise Planning in the Supply Chain	
<b>Total Credits</b>		<b>15</b>

*Note: A non-ITM business major may count no more than 6 credits from a major towards the Certificate in Enterprise Resource Planning.*

## Eligibility

To apply to the Certificate in Enterprise Resource Planning program, students must be admitted to Lubar College of Business and have completed the foundation courses.

## Graduation

Students must complete all coursework required for the certificate with at least a 2.25 GPA to have the certificate posted on the transcript at graduation. At least half of the credits required for the certificate must be taken in residence at UWM. No courses may be taken on a credit/no credit basis.

## Entrepreneurship, Graduate Certificate

The Graduate Certificate in Entrepreneurship is designed for students who desire a sequence of graduate-level courses that focus specifically on Entrepreneurship topics. Students will gain an in-depth understanding of venture creation and collaborative innovation in global networks, including diverse collaboration models, innovation processes, and capabilities. Students will select from elective courses that are most relevant to their goals, such as venture finance, new product development, marketing, and product and brand management. This program is led by a combination of academic faculty and successful entrepreneur executives.

*This program can be completed as a standalone certificate or in combination with a master's degree program.*

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

### Admission

Students currently enrolled in a UWM graduate program are eligible to earn the Graduate Certificate in Entrepreneurship. Persons not currently enrolled must apply for admission to the Certificate and must possess, at a minimum, a bachelor's degree with an overall GPA of 2.75 or better.

## Credits and Courses

Code	Title	Credits
<b>Required Courses</b>		<b>6</b>
BUS ADM 546	Global Innovation Management	
BUSMGMT 713	Entrepreneurship: Venture Creation and Management	
<b>Electives - Choose three courses from the list below:</b>		<b>9</b>
BUS ADM 544	New Product Development	
BUS ADM 762	Marketing Research	
BUS ADM 765	Strategic Product and Brand Management	
BUS ADM 799	Reading and Research	
BUS ADM 852	Venture Finance	
BUSMGMT 715	Leadership, Team Building, and Effective Management	
BUSMGMT 729	MBA Internship	
<b>Total Credits</b>		<b>15</b>

## Additional Requirements

### Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. A maximum of one three-credit course from another AACSB-accredited graduate program may be transferred. These courses are subject to Graduate School transfer policy.

## Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

## Articulation with Degree Programs

- Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
- Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
- A course may count toward no more than one certificate and one degree.
- Students may not earn a certificate subsequent to a concentration in the same area.

## Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

## Entrepreneurship, Undergraduate Certificate

New ideas and innovation are what helps companies grow. Whether the goal is launching a new business, working for a smaller firm, or working in a large competitive company, it's important to understand what it takes to develop an idea, product, or process in order to launch a new business or assist an existing company expand.

Lubar College of Business Entrepreneurship Certificate students gain the knowledge and skills needed to assess new business opportunities, obtain financial resources, market and start new ventures, and manage entrepreneurial endeavors for growth and profitability. As part of the certificate program, students develop a business plan and present it to faculty and entrepreneurs for feedback, providing the real flavor of what it takes to get a business off the ground.

Students interested in the certificate program should contact Undergraduate Student Services, Lubar Hall N297, (414) 229-5271, uwmbba@uwm.edu, to make a formal declaration of their intentions.

## Requirements

To obtain the certificate, the student must complete a minimum of 15 approved entrepreneurship credits while fulfilling all requirements of the baccalaureate degree. The certificate is open to all students in good standing seeking a bachelor's degree at the University of Wisconsin-Milwaukee and to all students who have previously received a bachelor's degree from UWM or any other accredited college or university. Non-business majors will be required to complete prerequisites for the required courses and electives to fulfill the requirements for this certificate.

Code	Title	Credits
<b>Required</b>		<b>12</b>
BUS ADM 447	Entrepreneurship	
BUS ADM 458	Venture Finance <sup>1</sup>	
BUS ADM 466	Business to Business Sales and Marketing <sup>1</sup>	
BUS ADM 492	Business Modeling of New Ventures

BUS ADM 495	Special Topics in Business: (Entrepreneurship topics only)	
<b>Total Credits</b>		<b>15</b>

<sup>1</sup> A business student may count no more than 6 credits from a major towards a business certificate.

Students must complete all coursework required for the certificate with at least a 2.5 GPA to have the certificate posted on the transcript at graduation. At least half of the credits required for the certificate must be taken in residence at UWM. No courses may be taken on a credit/no credit basis.

## Executive, MBA

As the area's leader in executive education, the Lubar College of Business STEM-Designated Executive MBA (EMBA) program offers business professionals a transformative 16-month educational and life experience designed especially for the experienced manager. The Lubar EMBA builds deep professional relationships with corporate executives and managers, and with an active network of successful Lubar Executive MBA alumni.

The cohort format fosters a highly bonded network of peer professionals. Attending classes every other week - Friday evening and Saturday - provides the flexibility needed to balance a career while pursuing an Executive MBA degree.

The program includes collaborative technologies, advanced management research, applied learning projects, and an international trip.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Applicants for the Executive MBA Program must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) and additional program standards as specified below:

- Ten or more years of professional experience preferred, including at least 7 years of management experience, or nomination of the employing organizations.
- Applicants are reviewed by the Master's Program Committee of the Lubar College of Business. The admission recommendations are based upon:
  - Academic achievement and ability to do intensive graduate-level work.
  - Nature of managerial experience.
  - Contribution to the varied skills of the class.
  - Ability and willingness of the individual and the employer to make a 16-month commitment to the program.
- Applicants must submit a statement of purpose (1 to 2 pages on why you would like to earn your degree at the Lubar College of Business and your plans after graduation).

See the program website (<https://uwm.edu/business/academic-programs/executive-mba/>) for additional information.

## Credits and Courses

Students admitted to the Executive MBA Program will take the following courses:

Code	Title	Credits
<b>Required</b>		
BUSMGMT 704	Accounting Analysis and Control	3
BUSMGMT 705	Corporate Finance	3

Students are also assumed to have basic proficiency in the use of word processing, spreadsheet, presentation, and Web-browsing software.

### Major Professor as Advisor

The student in the Executive MBA Program is not assigned an advisor or major professor. Questions about the student's program of study, courses or regulations should be directed to the EMBA Director, Lubar N471, (414) 229-6045.

### Thesis

Not required.

### Comprehensive Examination

Not required.

### Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. A maximum of one three-credit course from another AACSB-accredited graduate program may be transferred. These courses are subject to Graduate School transfer policy.

### Time Limit

The Executive MBA must be completed in 3 years from initial enrollment date.

## Finance, Graduate Certificate

The Graduate Certificate in Finance is designed for students who desire a sequence of graduate-level courses that focus specifically on financial topics. Through coursework that spans investments, portfolio management, financial markets, and strategy, students will develop the knowledge and skills to gain a competitive edge in the dynamic global financial marketplace. Lubar academic faculty and experienced financial practitioners will lead students in developing their knowledge base and analytical skills to work successfully with decision makers and advance their careers.

*This program can be completed as a standalone certificate or in combination with a master's degree program.*

### Admission Requirements

#### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

#### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

#### Admission

Students currently enrolled in a UWM graduate program are eligible to earn the Graduate Certificate in Finance. Persons not currently enrolled must apply for admission to the Certificate and must possess, at a minimum, a bachelor's degree with an overall GPA of 2.75 or better.

### Credits and Courses

Code	Title	Credits
<b>Required Courses</b>		<b>12</b>
BUS ADM 771	Investments	
BUS ADM 772	Portfolio Management	
BUS ADM 775	Financial Strategy	
BUS ADM 778	Financial Institutions and Markets	
<b>Electives - Choose one course from the list below:</b>		<b>3</b>
BUS ADM 774	Global Financial Management	

BUS ADM 779 Fixed Income Securities

**Total Credits** 15

## Additional Requirements

### Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. A maximum of one three-credit course from another AACSB-accredited graduate program may be transferred. These courses are subject to Graduate School transfer policy.

### Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

### Articulation with Degree Programs

- Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
- Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
- A course may count toward no more than one certificate and one degree.
- Students may not earn a certificate subsequent to a concentration in the same area.

### Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

## General Business, Minor

No matter the major, employers in every field are looking for people who have backgrounds in business. The Lubar College of Business offers a General Business Minor to provide a professional business education dimension to non-business students at UWM schools and colleges.

As a Business Minor, courses are completed that examine the many facts of business, including accounting, finance, marketing, management, information systems, and economics, developing business knowledge and skills that assist anyone working in today's marketplace.

The courses in the program are offered in both online and in-person formats. Most students spread out the 29-credit Business Minor coursework over their academic career.

Interested students should contact the academic advisors in Room N297 of Lubar Hall, (414) 229-5271, for further details.

## Requirements

Code	Title	Credits
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
BUS ADM 201	Introduction to Financial Accounting	4
BUS ADM 210	Statistical Modeling in Business Analytics <sup>1</sup>	4
BUS ADM 230	Introduction to Information Technology Management <sup>1</sup>	4
BUS ADM 330	Organizations	3
BUS ADM 350	Principles of Finance	3
BUS ADM 360	Principles of Marketing	3
BUS ADM 370	Introduction to Supply Chain Management	3
<b>Total Credits</b>		<b>30</b>

<sup>1</sup> Or equivalent. Consult an academic advisor in Undergraduate Student Services for a list of equivalent courses.

At least 15 credits for the General Business Minor must be completed at UWM. You must also complete all 30 credits with an overall grade point average of at least 2.25. No courses may be taken on a credit/no credit basis.

## Post-baccalaureate General Business Minor

The General Business Minor is available at the post-baccalaureate level. Students requiring no more than 6 credits to complete the minor are eligible. At least 15 credits for the post-baccalaureate General Business Minor must be completed at UWM. A minimum of 3 post-baccalaureate credits must be completed at UWM. A minimum overall GPA of 2.25 on all General Business Minor courses must be earned; a minimum UWM post-baccalaureate GPA of 2.0 is required.

## Global Studies, BA: Global Management

### Global Management Track

The Global Management track of UWM's Global Studies program focuses on the impact of globalization on business and the world economy. Global Studies-Management prepares students as future managers, capable of analyzing transnational issues; strategizing within a global, cross-cultural context; and implementing projects with a strong understanding of globalization's implications for the private and public sectors. Students are required to complete a study abroad program, an overseas internship, and study a foreign language, both practical and applied experiences that provide a distinct edge. This track will prepare students to assume leadership roles in many areas, but it will be advantageous especially in such fields as international business, consulting, education, government, and public policy. In addition,

graduates of this track will meet the background course requirements for admission to an MBA program. The College of Letters and Science and the Sheldon B. Lubar College of Business jointly award this degree.

For more information on how to complete the Global Management Track, see the Global Studies, BA (p. 1088).

## Health Care Management, Graduate Certificate

The Graduate Certificate in Health Care Management is designed for students who desire a sequence of graduate-level courses that focus specifically on the business of health care management. Managers within the health care industry need to be able to understand and address unique industry-specific topics, ranging from delivery systems and integrated health care networks, to specialized accounting, legal, and ethical issues. Students will dig deeper into these areas through a focused set of courses taught by academic faculty and experienced health care executives with deep knowledge of the industry – and alongside other professionals with similar career challenges and goals.

*This program can be completed as a standalone certificate or in combination with a master's degree program.*

### Admission Requirements

#### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

#### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

#### Admission

Students currently enrolled in a UWM graduate program are eligible to earn the Graduate Certificate in Health Care Management. Persons not currently enrolled must apply for admission to the Certificate and must possess, at a minimum, a bachelor's degree with an overall GPA of 2.75 or better.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

# Human Resources and Labor Relations, MHRLR (Lubar College of Business)

## Related Certificates

- Graduate Certificate in Mediation and Negotiation (p. 966)
- Graduate Certificate in International Human Resources and Labor Relations (p. 1127)

Whether you are currently in the field, a recent college graduate or wish to change careers, the Master of Human Resources and Labor Relations (MHRLR) provides the knowledge necessary to thrive. Classes emphasize practical applications, case studies and engagement. Students apply their new knowledge to current workplace challenges.

The MHRLR program provides a thorough understanding of the core functions, contemporary practices and underlying theories of human resources and employment relations.

The MHRLR program values diversity, bringing together students from varying backgrounds and experiences to create a dynamic learning environment in the classroom and beyond.

**What you learn in class can be utilized the next morning at work.**

## Admission Requirements

### Application Deadline

Students may begin their studies in the Fall, Spring or Summer semesters. Applications are accepted on a continuous basis. The program does not have a specific deadline to apply.

### Admission

An applicant must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus the following requirements to be considered for admission to the MHRLR program:

1. Submission of two letters of recommendation to the MHRLR program.
2. Statement of reasons for graduate study.
3. Students admitted to the program will be expected to present at least three credits of prior work in both principles of microeconomics and introductory statistics.
4. Students who are deficient in the areas of principles of microeconomics or statistics at the time of admission (see above), will be expected to satisfy deficiency requirements within three enrolled semesters. Deficiencies are monitored by the Graduate School and the individual graduate program unit. No course credits earned in making up deficiencies may be counted for the degree.
5. Submission of GRE (<http://uwm.edu/graduateschool/admission/#gre>) or GMAT (<http://uwm.edu/graduateschool/admission/#gmat>) scores is recommended, but not required.
6. Applicants are reviewed by the MHRLR admissions committee to assess academic achievements and the ability to do intensive graduate-level work.

## Credits and Courses

The Master of Human Resources and Labor Relations degree will be awarded upon completion of 36 credits of prescribed graduate study

and appropriate prerequisite coursework. The program offers a balance between liberal arts and business-based education, requiring that at least 15 credits be taken within the College of Letters and Science and at least 15 credits be taken within the Lubar College of Business. The MHRLR Program believes in a common body of knowledge and skills necessary to be an effective Human Resource or Labor Relations professional.

The program has a required core of seven courses (21 credits) and five elective courses (15 credits) for a total of 36 credits.

Code	Title	Credits
<b>Required Core</b>		
IND REL 701	Industrial and Labor Relations	3
BUSMGMT 706	Managing in a Dynamic Environment	3
BUS ADM 738	Human Resource Management	3
BUS ADM 735	Staffing Organizations	3
ECON 448G or ECON 753	Economics of Human Resources <sup>1</sup> Collective Bargaining	3
IND REL 712	Employment Law	3
IND REL 731 or BUSMGMT 731	Research Tools for Practitioners in Human Resources and Labor Relations <sup>2</sup> Research Tools for Practitioners in Human Resources and Labor Relations	3
<b>Electives (see list of approved electives below)</b>		<b>15</b>
<b>Total Credits</b>		<b>36</b>

<sup>1</sup> If ECON 448G and ECON 753 are both taken, one of these may be used to help fulfill elective requirements.

<sup>2</sup> The required course Research Tools for Practitioners in Human Resources and Labor Relations can be taken as either IND REL 731 or BUSMGMT 731 (but not both) to help meet the required 15 credit minimum in each the College of Letters and Science and the Lubar College of Business.

## Elective Courses

The choice of electives to complete a MHRLR degree should reflect student interest. Students are not required to choose a specialization and are encouraged to select those electives that best suit their backgrounds and interests. A student may take up to 6 credits from the approved list of alternative electives in other schools such as the School of Nursing, the School of Education, and the School of Social Welfare.

Students without prior experience in the field are encouraged to take advantage of the program's extensive contacts in the business and labor communities by undertaking one or more internships as either BUS ADM 799 or IND REL 921. Students may also utilize the wide range of faculty expertise available within the program for a major research paper on a human resources or labor relations topic. These papers, under the direction of a faculty advisor, are taken as either IND REL 801 or BUS ADM 799. A student may graduate with honors from the MHRLR program by maintaining a 3.5 grade-point average within the program, and by writing a 3-credit major research paper (under BUS ADM 799 or IND REL 801).

Any new course development, programmatic changes, or program name change must be approved by the appropriate curricular committees and faculty in the respective units.

The program, including admissions and course staffing, is subject to the AACSB accreditation requirements.

## Additional Requirements

### Major Professor as Advisor

The assistant director of the MHLR Program advises and supervises newly admitted students. The assistant director, in consultation with the student, reviews the student's academic background and career goals and designs an appropriate program of study consistent with degree requirements.

## Information Technology Management, MS

The Master of Science in Information Technology Management (ITM) program at the Lubar College of Business is an innovative, STEM-designated program that combines technical, managerial, and business knowledge - providing students with a unique blend of skills to address IT challenges in today's dynamic business environment.

Through a combination of rigorous core courses and advanced elective courses, students acquire a diverse skill set in information technology management and develop specialized knowledge and expertise in areas such as enterprise resource planning, business analytics, and security and risk management.

The program is designed to serve both individuals pursuing a change in career, as well as IT professionals desiring greater in-depth knowledge to advance in their careers. In addition, it will prepare students who seek admission to a PhD program. The program can be completed within one to three years, depending upon part-time or full-time enrollment status.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements plus these departmental requirements to be considered for admission to the program:

1. Submission of scores on the Graduate Management Admission Test (GMAT) (<http://uwm.edu/graduateschool/admission/#gmat>).
2. Applicants must submit a statement of purpose (1 to 2 pages on why you would like to earn your degree at the Lubar College of Business and your plans after graduation).
3. Review by the MS-ITA Program Committee to assess academic achievement and the ability to do intensive graduate-level work.

## Credits and Courses

The MS in ITM degree is a 30-credit program and includes 15 Required credits and 15 Elective credits.

Code	Title	Credits
<b>Required</b>		
BUS ADM 743	Information Privacy, Security & Continuity	3
BUS ADM 744	Information Technology Strategy and Management	3
BUS ADM 747	Service-Oriented Analysis and Design <sup>1</sup>	3

BUS ADM 810	Development of Web-Based Solutions	3
<b>Electives <sup>2</sup></b>		
Select at least five of the following:		15
BUS ADM 741	Web Mining and Analytics	

BUS ADM 742	Big Data in Business
BUS ADM 745	Artificial Intelligence for Business
BUS ADM 746	Topics in Information Technology Management: (subtitled)
BUS ADM 748	Managing Information Technology Projects (capstone course)
BUS ADM 811	Process and Work-Flow Management
BUS ADM 812	Machine Learning for Business
BUS ADM 813	Social Media Analytics for Business
BUS ADM 814	Enterprise Knowledge & Semantic Management
BUS ADM 816	Business Intelligence Technologies & Solutions
BUS ADM 817	Connected Systems for Business
BUS ADM 818	Information Systems Practicum
BUS ADM 819	Information Technology Management Internship
BUSMGMT 732	Enterprise Resource Planning
BUSMGMT 733	Enterprise Simulation Game

**Total Credits** **30**

<sup>1</sup> Integrating Course

<sup>2</sup> Electives may be completed by selecting 15 credits from the approved list, or by completing an optional concentration in AI and Data Analytics.

## Additional Requirements

### Major Professor as Advisor

Admitted students are assigned a faculty advisor who will work with the student to assemble a program of study. The advisor will monitor students' progress towards degree completion, including modification of program of study plans, if necessary.

### Time Limit

The student must complete all degree requirements within five years of initial enrollment.

## Accelerated Program Option

This program is offered as part of an accelerated graduate program. For more information, see Accelerated Graduate Degrees (p. 37).

# Information Technology Management, MS: AI and Data Analytics

The Master of Science in Information Technology Management (ITM) program at the Lubar College of Business is an innovative, STEM-designated program that combines technical, managerial, and business knowledge - providing students with a unique blend of skills to address IT challenges in today's dynamic business environment.

Through a combination of rigorous core courses and advanced elective courses, students acquire a diverse skill set in information technology management and develop specialized knowledge and expertise in areas such as enterprise resource planning, business analytics, and security and risk management.

The program is designed to serve both individuals pursuing a change in career, as well as IT professionals desiring greater in-depth knowledge to advance in their careers. In addition, it will prepare students who seek admission to a PhD program. The program can be completed within one to three years, depending upon part-time or full-time enrollment status.

The Graduate Concentration in AI and Data Analytics provides the knowledge needed by professionals working in corporate, non-profit, government, and institutions. The program provides students the ability to research complex topics and to present their conclusions. Courses focus on identifying issues and providing solutions.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

BUS ADM 819	Information Technology Management Internship (AI/Data Analytics placement only) <sup>2</sup>
<b>Total Credits</b>	<b>15</b>

<sup>2</sup> Students may select either BUS ADM 818 or BUS ADM 819, but not both.

## Additional Requirements

### Major Professor as Advisor

Admitted students are assigned a faculty advisor who will work with the student to assemble a program of study. The advisor will monitor students' progress towards degree completion, including modification of program of study plans, if necessary.

### Time Limit

The student must complete all degree requirements within five years of initial enrollment.

## International Business, Undergraduate Certificate

Most businesses are affected in some way by international influences, such as currency issues, outsourcing, transportation, or distribution networks. No matter the degree, an understanding of international economics and political and cultural differences will provide new perspectives. Students with an interest in overseas markets and the global economy will find the International Business Certificate a valuable addition to springboard a business career.

The Certificate in International Business is designed to offer UWM students the opportunity to complement their major field of study with an additional concentration in international business. Students will take a coordinated series of international courses and receive a certificate that signifies their knowledge in this area.

Students interested in the certificate program should contact Undergraduate Student Services, Lubar Hall N297, (414) 229-5271, uwmbba@uwm.edu, to make a formal declaration of their intentions.

## Requirements

To obtain the certificate, the student must complete a minimum of 15 approved international business credits while fulfilling all requirements of the baccalaureate degree, including UWM's foreign language requirement. The certificate is open to all undergraduate business and non-business majors and to students who have previously earned a bachelor's degree from UWM or any accredited college or university. Non-business majors will need at least 17 prerequisite credits of business coursework, in addition to ECON 103 and ECON 104, to complete this certificate.

Completing the certificate requires the following:

Code	Title	Credits
<b>Required<sup>1</sup></b>		<b>9</b>
BUS ADM 456	International Financial Management <sup>2</sup>	
BUS ADM 465	International Marketing <sup>2</sup>	
BUS ADM 496	International Business <sup>2</sup>	
<b>Electives</b>		<b>6</b>
Select at least two additional internationally-oriented courses from the following		
BUS ADM 467	Marketing Seminar: (International topics only) <sup>2</sup>	
BUS ADM 494	International Business Internship	
BUS ADM 495	Special Topics in Business: (International topics only) <sup>3</sup>	
BUS ADM 497	Study Abroad: (International topics only) <sup>3</sup>	
BUS ADM 498	Study Abroad: Business Topics:	
BUS ADM 535	Global Information Technology Management <sup>2</sup>	
BUS ADM 541	Cross-Cultural Management	
BUS ADM 551	International Investments <sup>2</sup>	
ECON 351	Introduction to International Economic Relations	
ECON 454	International Trade	
POL SCI 316	International Law	
POL SCI 330	The Politics of International Economic Relations	
POL SCI 339	European Integration	
POL SCI 343	Asian International Relations	
POL SCI 346	U.S.-Latin American Relations	
GLOBAL 311	Contexts for Global Management	
<b>Total Credits</b>		<b>15</b>

<sup>1</sup> Students majoring in business administration and completing an International Business Certificate can count BUS ADM 496 toward their International Business component.

<sup>2</sup> A business student may count no more than 6 credits from a major towards a business certificate.

<sup>3</sup> Repeatable for credit with a change in topic up to 6 credits.

*Note: Non-business students will need at least 17 prerequisite credits from the Lubar College of Business, in addition to ECON 103 and ECON 104, to complete this certificate. BUS ADM 456 requires BUS ADM 350 (which requires ECON 103, ECON 104, BUS ADM 201, and BUS ADM 210 or equivalent); BUS ADM 465 requires BUS ADM 360 (which also requires ECON 104); and BUS ADM 496 requires BUS ADM 330 (plus BUS ADM 350 and BUS ADM 360).*

Students must complete all coursework required for the certificate with at least a 2.5 GPA to have the certificate posted on the transcript at graduation. At least half of the credits required for the certificate must be taken in residence at UWM. No courses may be taken on a credit/no credit basis.

## Investment Management, Graduate Certificate

The Graduate Certificate in Investment Management provides students with the knowledge and skills necessary to manage a balanced (fixed income and equity) investment fund. Those completing the certificate will gain a substantial competitive edge in pursuing a career as an analyst or an investment advisor, later as an investment portfolio manager, and possibly as a chief investment officer.

The curriculum features a broad spectrum of investment-related subjects, with an emphasis on intensive research and applied training in complex financial tools and techniques. The program also includes a professional internship. Central to the curriculum is the David O. Nicholas Applied Finance Lab, which is equipped with state-of-the-art professional databases and financial software, replicating the technology and market data, analysis, and research available to professional investors in investment firms.

In addition to a rich curriculum, Investment Management Certificate (IMC) students meet regularly with investment professionals during, and outside of, class for discussions of the funds, markets, and course topics. The Bachelor of Business Administration (BBA) in Finance as well as the Undergraduate Certificate in Investment Management are part of the prestigious CFA Institute University Affiliation Program (<https://www.cfainstitute.org/en/about/universities/university-affiliation/>).

Students interested in the certificate program should contact Graduate Student Services, Lubar Hall N251, (414) 251-5252, or [mbams@uwm.edu](mailto:mbams@uwm.edu). Students are also encouraged to contact Dr. Kevin Spellman, the director of the IMC program, at [spellman@uwm.edu](mailto:spellman@uwm.edu) for information on the program.

*This program can be completed as a standalone certificate or in combination with a master's degree program.*

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

## Credits and Courses

It is recommended that the following courses have been completed prior to admission to the certificate: BUSMGMT 705, BUS ADM 721 & BUS ADM 771 (or undergraduate equivalents). If not completed prior to admission to the certificate, BUSMGMT 705 must be taken concurrently with BUS ADM 550. BUS ADM 721 (or BUS ADM 301) and BUS ADM 771 must be taken before, or concurrently with, BUS ADM 552. If a candidate has passed the CFA Level I exam, the student is exempted from BUSMGMT 705, BUS ADM 721, and BUS ADM 771. Admission is competitive and is based on cumulative GPA, course grades, personal statement, a potential interview and interview essays, interest in investments and finance (e.g. Student Investment Club), and other considerations.

To obtain the certificate, a student must complete 21 credits of required coursework. The certificate may be completed alone, or in conjunction with a degree program. Due to the intensity of the coursework in the Investment Management Certificate, the program will be of most interest to students pursuing an M.S. in Management degree with a concentration in Finance Analysis, or an M.B.A. degree.

Code	Title	Credits
<b>Required</b>

BUS ADM 773	Options And Futures <sup>1</sup>	3
BUS ADM 853	Financial Modeling <sup>1</sup>	3
<b>Total Credits</b>		<b>21</b>

<sup>1</sup> Approved MS in Management-Finance Analysis electives.

## Additional Requirements

### Internship Requirement

Students completing the certificate are also required to have an internship experience prior to graduation from the certificate program. The internship experience must be approved by the IMCP director.

### Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

### Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

### Articulation with Degree Programs

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the

degree. (Note: Students in PhD programs must still complete the minimum residency requirements)

- Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
  3. A course may count toward no more than one certificate and one degree.
  4. Students may not earn a certificate subsequent to a concentration in the same area.

## Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

## Investment Management, Undergraduate Certificate

The Investment Management Certificate (IMC) is designed to offer business students the opportunity to enhance their major field of study in finance (or additional major including finance) with an additional certificate in investment management. Students completing the Investment Management Certificate will have coursework in investment-related subjects and four special courses comprising intensive research and real-time practical training in investment portfolio management. This training will utilize the David O. Nicholas Applied Finance Lab located in the Sheldon B. Lubar College of Business. Finance majors who complete this certificate will gain a substantial competitive edge in pursuing a career initially as an analyst and as an investment advisor, later as an investment portfolio manager, and possibly as a chief investment officer.

In addition to a rich curriculum, IMC students meet regularly with investment professionals during, and outside of, class for discussions of the funds, markets, and course topics. The Bachelor of Business Administration (BBA) in Finance as well as the Undergraduate Certificate in Investment Management are part of the prestigious Chartered Financial Analyst (CFA) Institute University Recognition Affiliation Program.

Students interested in the certificate program should contact Undergraduate Student Services, Lubar Hall N297, (414) 229-5271, [uwmbba@uwm.edu](mailto:uwmbba@uwm.edu), to make a formal declaration of their intention. Students are encouraged to also contact Dr. Kevin Spellman ([spellman@uwm.edu](mailto:spellman@uwm.edu)), the director of the IMC program, for further information about the certificate program.

## Requirements

To obtain the certificate, a student must complete 21 credits of required coursework while fulfilling all requirements of the BBA baccalaureate degree. Due to the intensity of the coursework in the Investment Management Certificate (IMC), the program will be of most interest to students pursuing the BBA finance and/or accounting majors. Because IMC program prerequisites are firmly enforced, students are encouraged

to view all relevant course descriptions for prerequisites information in the UWM Catalog: [https://catalog.uwm.edu/courses/bus\\_adm/](https://catalog.uwm.edu/courses/bus_adm/)

Code	Title	Credits
<b>Required</b>		
BUS ADM 452	Applied Portfolio Management <sup>1</sup>	3
BUS ADM 454	Analysis of Options and Futures <sup>1</sup>	3
BUS ADM 457	Financial Modeling <sup>1</sup>	3

BUS ADM 552	Investment Management Practice II	3
BUS ADM 553	Investment Management Practice III	3
BUS ADM 554	Investment Management Practice IV	3
<b>Total Credits</b>		<b>21</b>

<sup>1</sup> A business student may count no more than 9 credits from a major towards the Certificate in Investment Management.

## Eligibility

To apply to the Certificate in Investment Management program, students must be admitted to the Lubar College of Business, have earned a minimum B grade in BUS ADM 201 or BUS ADM 207, be eligible to enroll in BUS ADM 301, and be eligible to enroll in BUS ADM 450 the Fall semester following admission to the program. If a candidate has passed the CFA Level I exam, the student is exempted from BUS ADM 301 (co-requisite for BUS ADM 552). Admission is competitive and is based on cumulative GPA, course grades, personal statement, a potential interview and interview essays, interest in investments and finance (e.g. Student Investment Club), and other considerations.

## Post-baccalaureate Investment Management certificate

The Investment Management certificate is available at the post-baccalaureate level. Students requiring no more than 18 credits to complete the certificate are eligible. At least 12 credits for the post-baccalaureate certificate must be completed at UWM. A minimum overall GPA of 3.0 on all Investment Management certificate courses must be earned; a minimum UWM post-baccalaureate GPA of 3.0 is also required.

## Internship Requirement

Students completing the certificate also are required to have an internship experience prior to graduation from the certificate program. The internship experience must be approved by the IMCP director.

## Graduation Requirements

Students must complete all coursework required for the certificate with at least a 3.0 GPA to have the certificate posted on the transcript at graduation. At least half of the credits required for the certificate must be taken in residence at UWM. No courses may be taken on a credit/no credit basis.

## Management Science, PhD

The Management Science PhD program is a rigorous and high-quality, research-oriented program that offers students an opportunity to specialize in one of six management fields: accounting, finance, information technology management, marketing, organizations & strategic management, and supply chain/operations management.

Students may also minor in business statistics, international business, economics, econometrics, or psychology.

The Lubar College of Business Management Science PhD is a *STEM-designated* program. This rigorous program will provide the independent research skills needed to prepare the student for success in academia or a research-related career.

The classes, papers and exams are the formal portion of this apprenticeship. Beyond that, however, much of what the student learns will occur out of the class by attending research colloquia, presenting personal research, holding informal discussions with faculty, working with faculty and others on research projects, and interacting with other PhD students.

Objectives of the Lubar PhD program include effectively analyzing research questions in the area of specialization, demonstrating research competence, developing teaching skills, and establishing an independent, high quality research record.

The degree requires a minimum of 34 credits beyond the master or 54 credits beyond the baccalaureate, including a dissertation. The student must also satisfy a residence requirement.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Management Science PhD applications must be received by February 1 for admission to the following Fall semester. The application package must be complete and all materials received by February 1. All applications are reviewed in mid-February for the upcoming academic year starting in September.

Applicants must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus the following program requirements to be considered for admission to the program:

- A bachelor's degree from an accredited college or university. Almost all applicants admitted, however, are master's degree holders.
- Substantial evidence of scholarly potential and commitment.
- Submission of score on either the Graduate Management Admission Test (GMAT) (<http://uwm.edu/graduateschool/admission/#gmat>) or the Graduate Record Examination (GRE) (<http://uwm.edu/graduateschool/admission/#gre>).
- Two letters of recommendation in support of the candidate's competence to do doctoral work.
- A written statement from the applicant stating reasons for pursuing PhD level study and an indication of the major field to be studied.

Applicants are expected to have adequate preparation at the undergraduate or graduate level equivalent to one semester each of coursework in calculus, statistics, and linear algebra. Applicants who do not have the above background must complete equivalent courses. Specific courses from the Lubar College of Business or from departments outside the College will be suggested to satisfy preparation in these areas. These courses do not count toward credit requirements for the

degree. As some areas of study admit students for alternating academic years, please review the following Lubar College of Business Website (<https://uwm.edu/business/academic-programs/management-science-phd/admissions/#admission>).

## Reapplication

A student who has received a master's degree in Business Administration from the University of Wisconsin-Milwaukee must formally reapply for admission to the Graduate School before beginning studies toward the PhD degree.

## Credits and Courses

Minimum degree requirement is 54 credits beyond the bachelor's degree, of which a minimum of 34 credits must be earned in residence at UWM beyond the master's level.

The student plans an individual program of studies in consultation with the major professor. The program has no formal language requirement but the student is responsible for familiarity with published literature in the area of the student's research. All students will also be required to complete an "Orientation to Teaching and Research" course.

Code	Title	Credits
BUS ADM 900	Doctoral Orientation to Teaching and Research	1
Minimum 12 credits of research methods courses		12
Minimum 12 credits in student's major field		12
Minimum 9 credits in student's minor field of study		9
Electives and BUS ADM 997		20
<b>Total Credits</b>		<b>54</b>

### Stage 1

The first stage of the student's program includes general preparation in a common core of knowledge. Students will be required to validate exposure to functional business areas: accounting, finance, information systems, marketing, and management. Method of validation is to be decided by the advisor and faculty from the major field area.

### Stage 2

The second stage of the program consists of a required research methods component to be satisfied by a minimum of 12 credits from a recommended list of research methods courses.

### Stage 3

The third stage of the program consists of coursework and research in the major and minor fields of study as specified in the student's program of studies. Coursework must include a minimum of 12 credits in the student's major field and a minimum of 9 credits in the student's minor field of study.

As a first step in developing a research focus, PhD students are required to submit a paper by the end of their third semester to be presented at a research seminar, conference, or an on-campus seminar that includes at least two faculty members from their department.

If a student fails to complete the research paper requirement, they will be subject to dismissal from the doctoral program for lack of progress toward degree.

## Additional Requirements

### Major Professor as Advisor

The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. Within the first semester, the student is assigned an advisor within the student's specialization.

### Residence

The student must meet minimum Graduate School residence requirements.

### Doctoral Preliminary Examinations

The student must pass written doctoral preliminary examinations in the major field of study. Minor field requirements include completing approved coursework with a specified grade point average or passing a written examination as specified by the appropriate department. A student is admitted as a candidate for the Ph.D. degree after successful completion of the doctoral preliminary examinations.

### Dissertation

The candidate must write a dissertation that demonstrates ability to formulate a research topic and pursue independent and original investigation.

### Dissertation Defense

A formal oral defense of the dissertation by the student and certification of the dissertation by the dissertation committee are necessary steps to complete the degree requirements.

### Time Limit

All degree requirements must be completed within 10 years from the date of initial enrollment in the doctoral program.

Additional information on Graduate School PhD requirements is on the Graduate School website (<https://uwm.edu/graduateschool/students/academic-policies-and-procedures/doctoral-resources/doctoral-requirements/>).

## Management, MS: Accounting

The STEM-Designated MS in Management - Accounting (MS-A) concentration prepares students for entry into the accounting profession as a Certified Public Accountant (CPA). Employers seek mature students with diverse prior undergraduate education backgrounds and work experiences. The program efficiently covers basic accounting principles and adds graduate level coursework in accounting for governmental and not-for-profit organizations, advanced accounting theory, decision-focused management accounting, and tax compliance and planning.

The program prepares students for success on the CPA exam. Graduates boast a pass rate substantially above national averages. Because the program is separately accredited in accounting by the AACSB (one of three such schools in Wisconsin), graduates automatically meet the requirements to take the CPA Exam and to be licensed as a CPA in Wisconsin.

Potential students typically take foundation courses prior to entering the program. Success in the foundation courses assures success in the program. The graduate program can be completed on a full-time basis in two semesters and a summer. Part-time students can complete the program in two years. A faculty member custom designs a program for

each student. In most cases, a full-time internship is included for full-time students. The internship normally lead to full-time employment upon graduation.

A large portion of MS-A students intern and upon graduation take full-time positions in CPA firms ranging from "The Big 4" International firms to local practices. Other students choose industry positions which include Wisconsin's largest corporations and financial institutions.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus the following program requirements to be considered for admission:

- A bachelor's degree from an accredited college or university.
- Submission of score on the Graduate Management Admission Test (GMAT) (<http://uwm.edu/graduateschool/admission/#gmat>).
- Applicants must submit a statement of purpose (1 to 2 pages on why you would like to earn your degree at the Lubar College of Business and your plans after graduation).
- Review by the Master of Science Program Committee to assess academic achievement and ability to do intensive graduate-level work.

Applicants admitted to the MS program may be required to complete management foundation courses. Individual areas of concentration require different foundation courses. (See Lubar College of Business MBA/M.S. brochure and the Lubar College of Business Website (<http://www4.uwm.edu/business/>) for details). Foundation courses will be waived if students have completed equivalent coursework. Credits earned in these courses do not count toward the degree.

Students select the area of concentration most suited to their educational goals. The areas of concentration in the program are:

- Accounting (first professional degree—open only for students with non-accounting majors at baccalaureate level);
- Professional Accounting (program open to students who have completed an undergraduate degree in accounting);
- Finance Analysis;
- Marketing;
- Taxation.

If a student is waived out of a required course, an approved elective course must be substituted in its place and approved by Graduate Program Services (Lubar N458).

The major professor, in consultation with the student, reviews the student's academic background and career goals and designs an appropriate program of study consistent with degree requirements. In developing a program of study for a student who has no undergraduate background in business administration, care is taken to ensure a basic

exposure to different aspects of the management field as well as an in-depth preparation in the chosen field of specialization.

## Credits and Courses

The minimum degree requirement for the Master of Science in Management degree concentrations varies from 30-33 graduate credits. In the 30-credit concentrations, at least 18 credits must be taken in the Lubar College of Business.

Electives provide distinction to each individual program. Through proper selection and packaging, each student can design a program to meet individual educational objectives while maintaining a high degree of academic strength. These courses may be selected from the many available in the Lubar College of Business, or from among those offered in graduate programs of other UWM departments.

<b>Total Credits</b>		<b>31</b>

<sup>1</sup> Integrating course

## Additional Requirements

Students in the MS program have the option of doing a management research project. This option gives students the opportunity to apply methodological techniques and area studies. The urban location and strong ties with the business sector provide opportunities for student projects.

### Major Professor as Advisor

Students in the MS program must choose a major professor during the first ten weeks of their first semester of graduate enrollment to advise and supervise their studies. A listing of faculty by area of interest is sent to each MS student to aid in their selection of a major professor. This list is also available in the Graduate Programs Services office, Lubar N251.

### The Management Research Project/Thesis

The Management Research Project/Thesis is a variable 2-6 credit management research project.

### Comprehensive Examination

Students must pass a final oral examination if they choose a 4-6-credit management research project or thesis.

### Time Limit

The student must complete all degree requirements within five years of initial enrollment. In areas of concentration in which the total number of degree credits required exceeds 30, the student must complete all degree requirements within seven years of initial enrollment.

## Management, MS: Finance Analysis

The STEM-Designated MS in Management - Finance Analysis concentration includes extensive study of financial markets to prepare students for professional careers in corporate and investment finance. The curriculum includes an examination of capital markets, investment banking, financial institutions, corporate financial control, securities valuation techniques, capital budgeting, portfolio strategies, hedging and arbitrage, and international fund management.

The program provides students with foundational training in accounting and statistical analysis and in-depth finance skill sets necessary to understand and meet the growing needs of financial industries and prepares students for the Chartered Financial Analyst (CFA) exams.

## Admission Requirements

This program is offered as part of an accelerated graduate program. For more information, see Accelerated Graduate Degrees (p. 37).

## Management, MS: Marketing

From the expanding presence of social media that empowers customers, to the downward pressure on prices due to increased competition, the rules of marketing continue to be rewritten. Today the number of media options that consumers turn to is in the hundreds of thousands, and businesses must find a way to position themselves strategically and cost effectively.

The STEM-Designated MS-Marketing concentration provides knowledge to strategically position an organization—whether consumer or B2B—for competitive advantage, focusing on marketing strategy, marketing research, consumer behavior, and internet marketing. Additional emphasis on international operations delivers the tools needed to understand and overcome the economic, cultural, political, and legal barriers to international marketing.

## Admission Requirements

## Accelerated Program Option

This program is offered as part of an accelerated graduate program. For more information, see Accelerated Graduate Degrees (p. 37).

## Management, MS: Professional Accounting

The STEM-Designated MS in Management—Professional Accounting (MS-PA) program is the logical capstone degree in accounting for a student with an undergraduate degree in accounting. Students are advised to enter the program immediately after earning their undergraduate degree in accounting to in order to build on their current knowledge.

Lubar College of Business accounting programs are separately accredited by AACSB. We are one of only three accounting programs in the state and one of 193 schools in the world with such accreditation.

Because the undergraduate BBA Accounting major curriculum does not include all coursework needed to successfully pass the Certified Public Accounting (CPA) Exam, the MS-PA program adds advanced work in financial accounting theory, auditing, tax compliance and planning, and law. The program also includes a specialty choice in either Assurance Services (auditing) which covers financial statement analysis, auditing computerized systems and forensics; or a specialty in Taxation which covers multi-jurisdictional taxation, tax research, tax planning, and corporate taxation. Most students enter a public accounting career specializing in either auditing or tax. Some students choose to work for large corporations or financial institutions.

Students are advised to complete an accounting internship prior to entering the program. Typically, internships result in full-time employment offers upon graduation from the MS-PA program. The MS-PA is normally completed in one year (including summer and/or winterim coursework).

Under Wisconsin law, students with an undergraduate degree in accounting are allowed to sit for the CPA Exam during the program. Most students integrate taking the various parts of the CPA Exam while completing the MS-PA degree. Graduates have a pass rate 50% greater than the national average and four times greater than that of UWM undergraduates not entering the MS-PA program. Most students complete the CPA Exam before they begin full-time employment. Completing the MS-PA degree meets the education requirements to be a CPA in Wisconsin.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) plus the following program requirements to be considered for admission:

- A bachelor's degree from an accredited college or university.
- Submission of score on the Graduate Management Admission Test (GMAT) (<http://uwm.edu/graduateschool/admission/#gmat>).
- Applicants must submit a statement of purpose (1 to 2 pages on why you would like to earn your degree at the Lubar College of Business and your plans after graduation).
- Review by the Master of Science Program Committee to assess academic achievement and ability to do intensive graduate-level work.

Applicants admitted to the MS program may be required to complete management foundation courses. Individual areas of concentration require different foundation courses. (See Lubar College of Business MBA/M.S. brochure and the Lubar College of Business Website (<http://www4.uwm.edu/business/>) for details). Foundation courses will be waived if students have completed equivalent coursework. Credits earned in these courses do not count toward the degree.

Students select the area of concentration most suited to their educational goals. The areas of concentration in the program are:

- Accounting (first professional degree—open only for students with non-accounting majors at baccalaureate level);
- Professional Accounting (program open to students who have completed an undergraduate degree in accounting);
- Finance Analysis;
- Marketing;
- Taxation.

If a student is waived out of a required course, an approved elective course must be substituted in its place and approved by Graduate Program Services (Lubar N458).

The major professor, in consultation with the student, reviews the student's academic background and career goals and designs an appropriate program of study consistent with degree requirements. In developing a program of study for a student who has no undergraduate background in business administration, care is taken to ensure a basic exposure to different aspects of the management field as well as an in-depth preparation in the chosen field of specialization.

## Credits and Courses

The minimum degree requirement for the Master of Science in Management degree concentrations varies from 30-33 graduate credits. In the 30-credit concentrations, at least 18 credits must be taken in the Lubar College of Business.

Electives provide distinction to each individual program. Through proper selection and packaging, each student can design a program to meet individual educational objectives while maintaining a high degree of academic strength. These courses may be selected from the many available in the Lubar College of Business, or from among those offered in graduate programs of other UWM departments.

### Professional Accounting

<sup>1</sup> Integrating course

## Additional Requirements

Students in the MS program have the option of doing a management research project. This option gives students the opportunity to apply methodological techniques and area studies. The urban location and strong ties with the business sector provide opportunities for student projects.

### Major Professor as Advisor

Students in the MS program must choose a major professor during the first ten weeks of their first semester of graduate enrollment to advise and supervise their studies. A listing of faculty by area of interest is sent to each MS student to aid in their selection of a major professor. This list is also available in the Graduate Programs Services office, Lubar N251.

### The Management Research Project/Thesis

The Management Research Project/Thesis is a variable 2-6 credit management research project.

### Comprehensive Examination

Students must pass a final oral examination if they choose a 4-6-credit management research project or thesis.

### Time Limit

The student must complete all degree requirements within five years of initial enrollment. In areas of concentration in which the total number of degree credits required exceeds 30, the student must complete all degree requirements within seven years of initial enrollment.

## Marketing, Graduate Certificate

The Graduate Certificate in Marketing is designed for students who desire a sequence of graduate-level courses that focus specifically on marketing topics. The certificate spans key topics that are relevant in today's ever-changing landscape, such as marketing research, product and brand management, internet marketing, marketing analytics, and more. Lubar academic faculty, together with experienced marketing executives, will bring their real-world experience to the classroom, providing students with the knowledge needed to advance their practice.

*This program can be completed as a standalone certificate or in combination with a master's degree program.*

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

### Admission

Students currently enrolled in a UWM graduate program are eligible to earn the Graduate Certificate in Marketing. Persons not currently enrolled must apply for admission to the Certificate and must possess, at a minimum, a bachelor's degree with an overall GPA of 2.75 or better.

## Additional Requirements

### Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. A maximum of one three-credit course from another AACSB-accredited graduate program may be transferred. These courses are subject to Graduate School transfer policy.

### Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

### Articulation with Degree Programs

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

### Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

## Nonprofit Management and Leadership, MS (Lubar College of Business)

The College of Letters & Science and the Lubar College of Business offer a Master of Science in Nonprofit Management and Leadership. The program is designed to provide students with the essential theoretical and practical knowledge and skills to manage and lead nonprofit sector organizations successfully.

Courses address the full range of skills needed to serve nonprofit organizations effectively, including financial management, resource development, governance, organizational leadership, and program

planning and accountability. Both students and instructors in the program include experienced professionals representing a full spectrum of nonprofit organizations.

The Master of Science in Nonprofit Management and Leadership is one of only 12 programs worldwide to be recognized with accreditation from the Nonprofit Academic Centers Council (NACC). Per the accreditation review panel, UWM's program "...unambiguously meets 16 of the 16 major content subject areas through curriculum instruction..." and surpassed these requirements in 10 of those categories. Online options for program completion are available.

## Related Certificates

- Graduate Certificate in Nonprofit Management (p. 308)

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

To be admitted to the MS in Nonprofit Management and Leadership degree program, an applicant must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>).

During the admissions process, students will be asked to show evidence of having satisfactorily completed undergraduate or higher level foundation coursework in the principles of accounting and economics. Those students who are unable to show such evidence may be admitted with these academic deficiencies but will then meet with their respective academic advisors to identify and obtain approval for what they must do to remove these deficiencies.

The student is expected to satisfy deficiency requirements within three enrolled semesters. The deficiencies are monitored by the Graduate School and the individual graduate program unit. No course credits earned in making up deficiencies may be counted as program credits required for the degree.

Applicants must submit the following for review by the Graduate School and the Nonprofit Management Program Faculty Committee:

1. Official transcripts from all colleges or universities previously attended.
2. Three letters of recommendation from persons familiar with the applicant's academic ability and/or professional achievements.
3. Scores from either the Graduate Record Examination (GRE) (<http://uwm.edu/graduateschool/admission/#gre>) or the Graduate Management Admission Test (GMAT) (<http://uwm.edu/graduateschool/admission/#gmat>).
4. For those students whose native language is not English, minimum TOEFL score (Test of English as a Foreign Language) of 550 PBT or 79 iBT or minimum IELTS score (International English Language Testing System) of 6.5.
5. Each student's academic preparation is evaluated at the time of application. A personal interview may be required.

## Credits and Courses

The MS in Nonprofit Management and Leadership degree requires satisfactory completion of 39 credits of graduate-level coursework including 33 credit-hours of required or “constrained choice” courses and 6 credit-hours of elective courses as follows:

Code	Title	Credits
<b>Required</b>		
<i>Introductory</i>

<sup>1</sup> This course will serve as the integrative “capstone” requirement for the program and must be taken after completing all other required courses (or concurrently with the final required courses).

<sup>2</sup> This is a pre-approved but not exhaustive list: Students may request alternative courses offered in other departments at UWM. Please send an email to Program Advisor with a course description and/or syllabus, and stated reasons why the course being proposed is an appropriate fit for the student’s academic and career goals.

## Additional Requirements

### Major Professor as Advisor

The student must have a major professor to advise and supervise the student’s studies as specified in Graduate School regulations. A student who is not assigned to an advisor at the time of admission should immediately contact the Program Director.

### Thesis

Not Required

### Comprehensive Examination

Not Required

### Time Limit

The student must complete all degree requirements within seven years of initial enrollment.

## Nonprofit Management, Graduate Certificate (Lubar College of Business)

The Graduate Certificate in Nonprofit Management is a collaborative effort between the Lubar College of Business, the College of Letters & Science, and other campus units that have research and teaching interests in nonprofit management and leadership, nonprofit organizations, the nonprofit sector, and philanthropy. The certificate responds to the growing need for trained professionals to assume management and leadership positions in non-governmental, nonprofit sector organizations.

The multi-disciplinary Graduate Certificate in Nonprofit Management is designed to provide students with the knowledge and skills needed to pursue or advance careers within nonprofit sector organizations successfully. It is the first graduate-level program to be provided by any college or university in the State of Wisconsin that has been specifically designed for the leaders and managers of nonprofit organizations.

## Combining the Graduate Certificate with Another Graduate Degree

Students in degree programs across campus such as urban studies, public administration, business, social welfare, education, or the arts, have combined the Graduate Certificate in Nonprofit Management with their degree to further enhance their academic preparation for their particular career goals.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted in to a certificate program.

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

## Credits and Courses

Students wishing to earn a Graduate Certificate in Nonprofit Management must complete the required 15 graduate credit hours. No student may complete all 15 credits within a single school or college. The curriculum consists of the following five courses:

Code	Title	Credits
<b>Required</b>		
BUSMGMT 718	Concepts and Practice of Nonprofit Management	3
BUSMGMT 721	Fundraising and Development for Nonprofit Organizations	3
BUSMGMT 724	Accounting for Nonprofit Organizations	3

4. Students may not earn a certificate subsequent to a concentration in the same area.

## Public Administration, MPA (Lubar College of Business)

The College of Letters and Science and the Lubar College of Business offer and present jointly the Master of Public Administration (MPA).

The program is designed to provide theoretical and practical preparation for careers in public and non-profit administration with three areas of concentration: municipal management, general public administration, and non-profit management.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for

specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements and hold a bachelor’s degree from an accredited college or university to be considered for admission.

There are no fixed prerequisites in terms of prior academic training; but background in public administration, American governmental institutions, economics, statistics, and computer applications in social science is beneficial. Each student’s academic preparation is evaluated at the time of application. A personal interview may be required.

Applicants may be admitted with specific program-defined course deficiencies provided that the deficiencies amount to no more than two courses.

The student is expected to satisfy deficiency requirements within three enrolled semesters. The deficiencies are monitored by the Graduate School and the individual graduate program unit. No course credits earned in making up deficiencies may be counted as program credits required for the degree.

The MPA program requirements to be considered for admission are:

1. An undergraduate grade point average of at least 3.0 (4.0 scale).
2. Three letters of recommendation from persons familiar with applicant’s academic ability and achievement.
3. Submission of scores on the Graduate Record Examination (GRE) (<http://uwm.edu/graduateschool/admission/#gre>) or the Graduate Management Admission Test (GMAT) (<http://uwm.edu/graduateschool/admission/#gmat>).

Candidates seeking admission to the MPA/MUP program must apply to and be admitted to both programs. The requirements for admission to the MUP program are detailed in the Urban Planning section of this Catalog.

## Credits and Courses

The Master of Public Administration degree requires satisfactory completion of 39-42 credits of prescribed graduate study and appropriate coursework.

### Minimum Grade Requirements in the Core Courses

In order to demonstrate mastery of the critical Core Course material, MPA students must achieve a grade point average of 3.0 in the six Core Courses, and, regardless of average, students must earn a grade of B- or better in each Core Course. If a grade of C+ or lower is earned in any Core Course, that course must be repeated in an effort to earn the minimum grade of B-. If the student’s grade point average in the six Core Courses is below 3.0, the student must repeat one or more Core Courses in which a grade of lower than B was earned in an effort to establish a grade point average of 3.0 in the Core. (For purposes of this requirement, the grade point average for the Core Courses will be calculated on the basis of only the highest grade earned; that is, the grade earned in the first attempt at a Core Course will not be averaged with the grade earned in the repeat.)

### Core Requirements

Students entering the MPA program will be placed, at the discretion of the MPA Director, in one of two tracks (A or B) within the core. The minimum degree requirement is 39 credits for Track A students and 42 credits for Track B students.

Code	Title	Credits
<b>Required Core</b>		
BUSMGMT 709	Predictive Analytics for Managers	3
BUS ADM 738	Human Resource Management	3
PUB ADM/URBPLAN 630	Budgeting and Finance in the Public Sector	3

PUB ADM 959	Capstone Seminar in Public Administration <sup>2</sup>	3
<b>Total Credits</b>		<b>39-42</b>

<sup>1</sup> Waived for students with significant experience in the public or nonprofit sector; see Track A.

<sup>2</sup> Every student will be required to take the capstone seminar, PUB ADM 959. The course requirements will include the completion and written and oral presentation of a project on a topic selected with the assistance of the instructor. This course will also be devoted to coverage of special issues and problems of the public administration profession, including administrative ethics.

### Track A

Students with significant public or nonprofit sector work experience may, at the discretion of the MPA Director, have the Government/Nonprofit Administrative Internship course (PUB ADM 921) waived. Students seeking placement in this track will need to meet with the MPA Director to discuss this possibility and will be required to provide documentation of current public or nonprofit sector work experience.

### Track B

Students with no significant public or nonprofit sector work experience are required to enroll in and successfully complete PUB ADM 921. As part of the requirements for this course, Track B students are required to obtain, with the assistance of the MPA Director, one or more internships in either the public or nonprofit sector while enrolled in the MPA program.

Every student must select and complete the requirements for one of the following three concentrations:

### Municipal Management

<b>Total Credits</b>		<b>18</b>

<sup>1</sup> Selected by the student with the approval of the MPA Director that relate to the student's substantive interests within the discipline of public administration.

## Additional Requirements

### Major Professor as Advisor

The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. A student who is not assigned to an advisor at the time of admission should immediately contact the Program Director.

### Thesis

Not required.

### Time Limit

The student must complete all degree requirements within seven years of initial enrollment. Students in the MPA/MUP program are allowed up to seven years to complete all requirements for both degrees.

## Public Administration, MPA/Criminal Justice and Criminology, MS

Both departments collaboratively offer a program designed to provide students with theoretical and practical exposure to evolving professional practice in the field of criminal justice.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Students are admitted to both graduate programs separately and admission requirements are consistent with those specified by the UWM Graduate School, the MS in Criminal Justice & Criminology and the MPA program.

## Credits and Courses

Students accepted into this MS/MPA program complete the following courses:

### MS in Criminal Justice & Criminology

Code	Title	Credits
<b>Required</b>

<b>Total Credits</b>	<b>33</b>

### Master of Public Administration

Students entering the MPA program will be placed, at the discretion of the MPA Director in one of two tracks (A or B) within the core. The minimum degree requirement is 39 credits for Track A and 42 for Track B.

#### Track A

Students with significant public or nonprofit sector work experience may, at the discretion of the MPA Director, have PUB ADM 921 waived. Students seeking placement in this track will need to meet with the MPA Director to discuss this possibility and will be required to provide documentation of current public or nonprofit sector work experience.

#### Track B

Students with no significant public or nonprofit sector work experience are required to enroll in and successfully complete PUB ADM 921. As part of the requirements for this course, Track B students are required to obtain, with the assistance of the MPA Director, one or more internships in either the public or nonprofit sector while enrolled in the MPA program.

Code	Title	Credits
<b>Required Core</b>		
BUS ADM 738	Human Resource Management	3
PUB ADM 763	Scope and Dynamics of Public Administration	3
PUB ADM 769	Analyzing and Evaluating Public Policies and Programs	3
Select one of the following:		3
BUSMGMT 709	Predictive Analytics for Managers	
PUB ADM 792	Decision-Making for Nonprofit and Public Organizations	
CRM JST 756	Proseminar: Analysis of Criminal Justice Research	
Select one of the following:		3
BUS ADM 441	Diversity in Organizations	
BUS ADM 443	Special Topics in Human Resources Management:	
BUS ADM 737	Managerial Decisions and Negotiations	
<b>Capstone</b>		
PUB ADM 959	Capstone Seminar in Public Administration <sup>1</sup>	3
<b>General Public Administration</b>		
Select three of the following:		9
BUSMGMT 724	Accounting for Nonprofit Organizations	
PUB ADM 400	Ethics and Responsibility in Public Administration

PUB ADM 750	Public Administration Risk and Analysis	
PUB ADM/POL SCI 914	Seminar in Intergovernment Relations	
PUB ADM 958	Seminar in Public Administration:	
PUB ADM 965	Municipal Management	
<b>Concentration</b>		
Select 12 credits in CRM JST		12

Internship		
PUB ADM 921	Public Service Administrative Internship <sup>2</sup>	3
<b>Total Credits</b>		<b>42</b>

<sup>1</sup> Every student will be required to take the capstone seminar, PUB ADM 959. The course requirements will include the completion and written and oral presentation of a project on a topic selected with the assistance of the instructor. This course will also be devoted to coverage of special issues and problems of the public administration profession, including administrative ethics.

<sup>2</sup> An internship is mandatory for students with no public sector work experience.

### Total Degree Credits for Master of Public Administration: 48-51 cr

The total credits for the coordinated program would typically be completed in both programs at the same time, rather than one program after the other. A student not completing the requirements for the coordinated degree program would need to complete all requirements for an individual program in order to receive a degree.

## Additional Requirements

### Time Limit

Students in the coordinated MS/MPA degree program must complete all degree requirements within seven years of the first enrollment semester as a degree student.

## Public Administration, MPA/Urban Planning, MUP

A coordinated degree program has been designed to allow students to obtain both the Master of Public Administration and the Master of Urban Planning degrees concurrently.

This program is intended to combine professional training in planning with applied administrative and managerial skills. The MPA/MUP requirements are described later in this section.

## Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

## Credits and Courses

This program allows students to complete master's degrees in Public Administration and in Urban Planning concurrently. The coordinated degree requires 42-45 credits of required courses and completion of a concentration in Public Administration (18 credits). However, because some courses completed for the core requirements of the MUP also may count toward the MPA concentration, students may complete the dual degree with a minimum of 54-57 credits. The total number of credits will depend on the student's track and choice of concentration in public administration.

**Required Courses in Urban Planning (27 credits)**

Code	Title	Credits
URBPLAN 701	Introduction to Land Use Planning	1
URBPLAN 702	Introduction to Planning Law	2
URBPLAN 711	Planning Theories and Practice	3
URBPLAN 720	Urban Development Theory and Planning	3
URBPLAN 721	Applied Planning Methods	3
URBPLAN 740	Data Analysis Methods I	3
URBPLAN 810	Planning Policy Analysis	6
URBPLAN 811	Applied Planning Workshop	3
Select one of the following:		3
URBPLAN 751	Introduction to Urban Design and Physical Planning	
URBPLAN 791	Introduction to Urban Geographic Information Systems for Planning	
URBPLAN 857	Urban Design as Public Policy	
<b>Total Credits</b>		<b>27</b>

**Required Courses in Public Administration (18 credits)**

Code	Title	Credits
BUS ADM 738	Human Resource Management	3
URBPLAN 630	Budgeting and Finance in the Public Sector	3
POL SCI 763		3
PUB ADM 921	Public Service Administrative Internship <sup>1</sup>	3
or URBPLAN 991	Legislative/Administrative Agency Internship	
PUB ADM 959	Capstone Seminar in Public Administration	3
Select one seminar in organizational management and leadership from the following:		3
BUS ADM 731	Leadership in Diversity and Inclusion	
BUS ADM 732	Transforming Organizations	
BUS ADM 737	Managerial Decisions and Negotiations	
<b>Total Credits</b>		<b>18</b>

<sup>1</sup> The internship requirement will be waived for students with significant public sector work experience.

**Concentration Requirement (18 credits)**

Completion of all the requirements for one of the concentrations in Public Administration. A maximum of six credits of MUP core courses may be used as electives in the MPA concentrations.

## Real Estate, Undergraduate Certificate

The Real Estate Certificate is designed to offer students the opportunity to complement their major field of study with an additional concentration in real estate. Students completing the Real Estate Certificate will have coursework in real estate finance, valuation, environmental real estate issues and property development, as well as real estate law.

This background, when added to a business major, opens career opportunities to students in mortgage banking and commercial real

estate lending, commercial leasing and brokerage, appraisal and valuation, real estate investment analysis, and property development and management.

Students may also benefit from becoming student members of the Institute for Real Estate Management (IREM) and the Commercial Association of Realtors Wisconsin (CARW) while pursuing the certificate.

Students interested in the certificate program should contact Undergraduate Student Services, Lubar Hall N297, (414) 229-5271, uwmbba@uwm.edu, to make a formal declaration of their intention.

## Requirements

The Real Estate certificate is open to all students in good standing seeking a bachelor's degree at the University of Wisconsin-Milwaukee and to all students who have previously received a bachelor's degree from UWM or any other accredited college or university. Business students completing a real estate certificate may utilize the courses as part of their business elective requirements.

Code	Title	Credits
<b>Required</b>		
BUS ADM 380	Introduction to Real Estate Markets	3
BUS ADM 481	Real Estate Finance & Asset Management	3
BUS ADM 483	Property Development and Management	3
or ARCH 780	The Built Environment and Real Estate Development	
<b>Elective</b>		
Select two of the following courses:		6
BUS ADM 389	Real Estate Internship	
BUS ADM 482	Valuation of Real Estate	
BUS ADM 484	Real Estate Law	
BUS ADM 486	Managing and Leasing Commercial Real Estate	
ARCH 560	Introduction to Historic Preservation	
ARCH 601	Special Topics:	
or ARCH 801	Special Topics:	
URBPLAN 651	Land Use Planning Practice	
URBPLAN 662	Public Sector Influence on Real Estate Development	
<b>Total Credits</b>		<b>15</b>

*Note: Non-business majors are required to complete ECON 104 in order to fulfill requirements for this certificate. A business minor also satisfies the prerequisite coursework for non-business students.*

All coursework required for the Real Estate Certificate must be completed with at least a 2.5 GPA in order to post the certificate on the transcript. At least half of the credits required for the certificate must be taken in residence at UWM. Real Estate Certificate courses may not be taken on a credit/no credit basis except for BUS ADM 389.

## Taxation, Graduate Certificate

Being a tax professional is a challenging and rewarding career. Tax professionals apply an extensive set of rules to financial information

organized by accountants in a variety of organizations. Understanding and applying tax rules is a skill set that is needed in certified public accounting (CPA) firms, law firms, corporations, tax-exempt organizations, and in branches of government. The rules are ever evolving and changing, as are the tools utilized to perform functions such as tax return preparation and tax impact modeling. Considering the global business and tax implications that exist in many organizations today, you have the platform to utilize these skills to provide significant value in any organization.

Obtaining a tax certificate will provide you with advanced training that will allow issue recognition in transactions you are involved with. That may be as a consultant with a CPA or law firm, as part of an organization's internal financial staff, or as an auditor with a government agency. The courses involved with the certificate will train you to research and apply the rules to the issues identified, with sound factual and legal reasoning resulting in a supportable conclusion. You will further be prepared to apply those conclusions to positions on tax returns or in transaction modeling projects where mitigating the tax impact is essential.

Obtaining a tax certificate will also be a signal to your employer—or prospective employers—that you have a willingness to obtain rigorous training that would be difficult to achieve elsewhere, and a passion to apply that training. The Lubar College of Business tax certificate program offers 6 classes—5 required to obtain the certificate—taught by a combination of professors that bring significant research and teaching credentials and instructors from the business community that bring real-world experience to the classroom.

Candidates for the tax certificate should possess good analytical skills, have a desire to apply complex rules to a given set of facts, and be intellectually satisfied with conclusions that, while supportable, may not be absolute. If you are currently working in a CPA firm, law firm, the financial department of a business that has tax compliance requirements, or in a government revenue department, please consider enrolling in the Lubar College of Business Graduate Tax Certificate program. For admission information, please see next page.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Students will be required to have a bachelor's or master's degree in business, with a major in accounting or finance, or a Juris Doctor law degree. Coursework must include at least one course in taxation.

Applicants are required to submit a statement of purpose (1 to 2 pages on why you would like to earn your degree at the Lubar College of Business and your plans after graduation).

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School

through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).

- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

## Credits and Courses

Code	Title	Credits
<b>Required Courses</b>		
BUS ADM 821	Advanced Taxation	3
BUS ADM 823	Corporate Income Taxation	3
BUS ADM 828	Taxation of Partnerships, S Corporations, and LLCs	3
<b>Elective Courses</b>		
Complete two courses from the following:		6
BUS ADM 820	Tax Research, Practice, and Procedure <sup>1</sup>	
BUS ADM 826	Tax Planning for Individuals	
BUS ADM 839	Topics in Taxation: (Tax Issues and Planning for Multi-jurisdictional Businesses)	
<b>Total Credits</b>		<b>15</b>

<sup>1</sup> Recommended for students that do not have experience in tax research.

## Additional Requirements

### Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

### Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

### Articulation with Degree Programs

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.

4. Students may not earn a certificate subsequent to a concentration in the same area.

## Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

# Technology Entrepreneurship, Graduate Certificate

*Admission to the Technology Entrepreneurship graduate certificate program is temporarily suspended.*

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Students currently enrolled in a UWM graduate program are eligible to earn the Graduate Certificate in Technology Entrepreneurship. Persons not currently enrolled must apply for admission to the Certificate and must possess, at a minimum, a bachelor's degree with an overall GPA of 2.75 or better.

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

# Technology Entrepreneurship, Undergraduate Certificate

**Note:** *Admission to the Undergraduate Certificate in Technology Entrepreneurship is suspended effective Fall 2017.*

The online Certificate in Technology Entrepreneurship is designed for business or engineering students who desire a sequence of undergraduate level courses that focus specifically on Technology Entrepreneurship and that are delivered through an online instructional environment. The focus of the certificate is to prepare students to meet

the growing global need for individuals who can think innovatively and successfully pursue the commercialization of their innovative ideas and technological solutions, either independently or within the confines of an established organization. Students who complete this certificate will gain a substantial competitive edge in pursuing a career either as an engineer or as a business specialist by combining their entrepreneurial skills and capabilities with their particular field of expertise. The program will prepare students for fast-track leadership positions in technology-based and/or manufacturing companies.

For more information regarding the application process, business majors may contact Undergraduate Student Services (LUB N297) or call 414-229-5271, and CEAS majors may contact the Student Advising Office (EMS E386) or call 414-229-4667.

## Eligibility

Students currently enrolled in a UWM business or engineering undergraduate program (or at any other accredited engineering or business baccalaureate program) are eligible to earn the Certificate in Technology Entrepreneurship. This certificate is also open to business and engineering graduates.

## Requirements

In addition, to fulfill graduation requirements, students will complete pre-approved, zero-credit professional activities.

Code	Title	Credits
<b>Required</b>		
BUS ADM/MECHENG 542	Introduction to Technology Entrepreneurship	3
BUS ADM/MECHENG 543	Introduction to Technology Management and Innovation	3

BUS ADM/MECHENG 546	Global Innovation Management	3
BUS ADM/MECHENG 548	Technology Venturing Project	3
<b>Total Credits</b>		<b>15</b>

*Note: A maximum of 6 credits from the Undergraduate Certificate in Technology Entrepreneurship may also count toward other UWM undergraduate degrees.*

## Graduation Requirements

Students must complete all coursework required for the certificate with at least a 2.5 GPA to have the certificate posted on the transcript at graduation. Students must complete all certificate courses within 3 years of initial enrollment in the certificate program.

# COMMUNITY ENGAGEMENT AND PROFESSIONS (COLLEGE OF)

The College of Community Engagement & Professions at the University of Wisconsin-Milwaukee is comprised of the School of Education, Helen Bader School of Social Welfare, and School of Information Studies. Through our diverse programs and strong community relationships, we prepare students to inspire, innovate, and excel in their professional lives and within their communities.

## School of Education

The School of Education is the state's premier school for the research and practice of urban education. Our mission is to prepare our students to meet the unique social and economic challenges facing today's urban, suburban, and rural schools. We combine theory and practice—providing students with extensive opportunities for hands-on, practical experiences before they graduate—led by a diverse faculty recognized internationally for scholarship, leadership, and research.

**To learn more, visit the** School of Education (<https://uwm.edu/education/>) **website.**

## Helen Bader School of Social Welfare

The Helen Bader School of Social Welfare provides an unmatched environment for students to study social work and criminal justice. Its location in metropolitan Milwaukee gives students numerous opportunities to gain practical experience in social, health, educational, or criminal justice agencies.

**To learn more, visit the** Helen Bader School of Social Welfare (<https://uwm.edu/socialwelfare/>) **website.**

## School of Information Studies

The School of Information Studies (SOIS) degree programs prepare students for careers in the Information Technology and Library professions. Our academic programs are designed to meet the challenges of the digital world and an ever-expanding information landscape. SOIS graduates are prepared for careers across the spectrum of information, data, and technology.

**To learn more, visit the** School of Information Studies (<https://uwm.edu/informationstudies/>) **website.**

## Education (School of)

The University of Wisconsin-Milwaukee School of Education is **the state's premier school for the research and practice of urban education.**

Here, we prepare our students to be leaders in their profession—as teachers, counselors, administrators, or leader-educators in social service agencies, business, and government. UWM School of Education graduates work in dozens of education-related careers.

Our mission is to prepare our students to meet the unique social and economic challenges facing today's urban, suburban and rural schools. We combine theory and practice—providing students with extensive opportunities for hands-on, practical experiences before they graduate—led by a diverse faculty recognized internationally for scholarship, leadership, and research.

## About our Programs

The School of Education offers an array of Bachelor of Science (BS) Programs, five Master's Degree Programs, and Wisconsin's only PhD in Urban Education. We also offer undergraduate and graduate certificates to enhance professional development. Certificates consist of focused coursework designed to provide targeted academic preparation.

## Continuing Education for Teachers

Teachers who need to earn credits to renew a teaching license to meet local school system or state Department of Public Instruction requirements should contact the Office of Student Services at (414) 229-4271 for information and admission.

## Programs

### Adult, Continuing, and Higher Education (p. 324)

- Administrative Leadership, MS: Adult, Continuing, and Higher Education Administration (p. 326)
- Urban Education, PhD: Adult, Continuing, and Higher Education Leadership (ACHEL) (p. 449)
- Student Success Advising and Technology-Based Services in Higher Education, Graduate Certificate (p. 330)
- Teaching and Learning in Higher Education, Graduate Certificate (p. 331)
- Health Professional Education, Graduate Certificate (School of Education, Department of Administrative Leadership) (p. 329)

### American Sign Language

- American Sign Language/English Interpreting, BS (p. 381)
- Education, BS: American Sign Language Studies (p. 333)
- Education, BS: Interpreter Training Program (p. 334)
- American Sign Language Studies, Minor (p. 333)

### Cognitive and Developmental Sciences (p. 355)

- Educational Psychology, PhD: Cognitive and Developmental Sciences (p. 366)
- Educational Psychology, MS: Cognitive and Developmental Sciences (p. 359)

## Community Engagement and Education (p. 336)

- Community Engagement and Education, BS (p. 338)
- Community Engagement and Education, BS: Child and Family Services (p. 339)
- Community Engagement and Education, BS: Child Care (p. 341)
- Community Engagement and Education, BS: Community-Based Organizations: Policy and Leadership (p. 343)
- Community Engagement and Education, BS: Exceptional Education (Non-Licensure) (p. 345)
- Community Engagement, Minor (p. 349)
- Cultural Foundations of Community Engagement and Education, MS (p. 351)
- Urban Education, PhD: Multicultural Studies (p. 467)
- Urban Education, PhD: Social Foundations of Education (p. 470)
- Community Engagement, Undergraduate Certificate (p. 347)
- Community Leadership, Undergraduate Certificate (p. 350)
- Community-Based Organizations: Policy and Leadership, Undergraduate Certificate (p. 351)
- Racial and Social Justice in Education, Graduate Certificate (p. 353)
- Youth Work, Undergraduate Certificate (p. 355)

## Counseling (p. 355)

- Educational Psychology, PhD: Counseling Psychology (p. 368)
- Educational Psychology, MS: Clinical Mental Health Counseling (p. 358)
- Educational Psychology, MS: School Counseling (p. 361)
- School Counseling, Graduate Certificate (p. 374)
- Trauma Informed Care, Graduate Certificate (School of Education, Department of Educational Psychology) (p. 376)
- Counseling, Minor (p. 357)

## Early Childhood Education (p. 378)

- Education, BS: Early Childhood (p. 401)
- Education, BS: Inclusive Early Childhood Teacher Education (p. 412)
- Curriculum and Instruction, MS: Early Childhood Education (p. 391)
- Urban Education, PhD: Curriculum and Instruction (p. 455)
- Advanced Study in Teaching and Learning, Graduate Certificate (p. 380)

## Educational Administration (p. 324)

- Administrative Leadership, MS: Educational Administration and Supervision (p. 327)
- Urban Education, PhD: Educational Administration (p. 458)
- Administrative Leadership Specialist, Graduate Certificate (p. 325)
- Educational Studies, BS (p. 328)

## Educational Statistics and Measurement (p. 355)

- Educational Psychology, PhD: Educational Statistics and Measurement (p. 371)
- Educational Psychology, MS: Educational Statistics and Measurement (p. 360)

## Elementary Education (p. 378)

- Education, BS: Elementary and Middle Education, K-9 (p. 404)
- Curriculum and Instruction, MS (p. 390)
- Urban Education, PhD: Curriculum and Instruction (p. 455)

- Advanced Study in Teaching and Learning, Graduate Certificate (p. 380)

## English Education (p. 378)

- Education, BS: English and Language Arts, 4-12 Education (p. 407)
- Curriculum and Instruction, MS: English Education: Creative Writing (p. 392)
- Curriculum and Instruction, MS: English Education: Literature and Cultural Theory (p. 393)
- Curriculum and Instruction, MS: English Education: Media, Cinema, and Digital Studies (p. 394)
- Curriculum and Instruction, MS: English Education: Rhetoric and Professional Writing (p. 395)
- Urban Education, PhD: Curriculum and Instruction (p. 455)
- Advanced Study in Teaching and Learning, Graduate Certificate (p. 380)

## Interdisciplinary

- Curriculum and Instruction, MS: Cultures and Communities Education (p. 390)
- Arts Integration and Learning, Undergraduate Certificate (School of Education, Department of Teaching and Learning) (p. 384)
- Health Professional Education, Graduate Certificate (School of Education, Department of Administrative Leadership) (p. 329)
- Urban Education, PhD: Art Education (p. 452)

## Mathematics Education (p. 378)

- Education, BS: Mathematics Education, Grades 4-12 (p. 414)
- Curriculum and Instruction, MS: Mathematics Education (p. 396)
- Curriculum and Instruction, MS: Mathematics Teacher Leadership (p. 397)
- Urban Education, PhD: Mathematics Education (p. 464)
- Mathematics Teacher Leadership, Graduate Certificate (p. 442)
- Advanced Study in Teaching and Learning, Graduate Certificate (p. 380)

## Reading Education (p. 378)

- Curriculum and Instruction, MS: Reading Education (p. 398)
- Interdisciplinary Language and Literacy Intervention (ILLI), Graduate Certificate (p. 440)
- Advanced Study in Teaching and Learning, Graduate Certificate (p. 380)

## School Psychology (p. 355)

- Educational Psychology, PhD: School Psychology (p. 364)
- Educational Psychology, MS: School Psychology (p. 363)
- School Psychology, EdS (p. 375)
- Children's Mental Health for School Professionals, Graduate Certificate (p. 356)

## Science Education (p. 378)

- Education, BS: Science Education, Grades 4-12 (p. 416)
- Curriculum and Instruction, MS: Science Education (p. 399)
- Urban Education, PhD: Curriculum and Instruction (p. 455)
- Advanced Study in Teaching and Learning, Graduate Certificate (p. 380)

## Social Studies Education (p. 378)

- Education, BS: Social Studies Education (p. 419)
- Curriculum and Instruction, MS: Urban Social Studies (p. 400)
- Urban Education, PhD: Curriculum and Instruction (p. 455)
- Advanced Study in Teaching and Learning, Graduate Certificate (p. 380)
- Global Educator, Undergraduate Certificate (p. 440)

## Second Language Education (p. 378)

- Education, BS: World Language Education (p. 421)
- Education, BS: English as a Second Language Education (p. 409)
- Bilingual Education (Supplemental), Minor (p. 389)
- English as a Second Language Education, Minor (p. 427)
- World Language Education, Minor (p. 444)
- Curriculum and Instruction, MS (p. 390)
- Advanced Study in Teaching and Learning, Graduate Certificate (p. 380)

## Special Education (p. 378)

- Education, BS: Inclusive Early Childhood Teacher Education (p. 412)
- Exceptional Education, BS: Early Childhood (p. 431)
- Exceptional Education, BS: K4-12 Special Education (p. 433)
- Exceptional Education, BS: Early Adolescence - Adolescence (p. 428)
- Exceptional Education, MS (p. 437)
- Urban Education, PhD: Exceptional Education (p. 461)
- Advanced Study in Teaching and Learning, Graduate Certificate (p. 380)
- Applied Behavior Analysis (Online), Graduate Certificate (p. 383)
- Autism Spectrum Disorders, Graduate Certificate (p. 387)
- Autism Spectrum Disorders, Undergraduate Certificate (p. 388)
- Assistive Technology and Accessible Design, Graduate Certificate (School of Education, Department of Teaching and Learning) (p. 385)
- Transition for Students with Disabilities, Graduate Certificate (p. 443)

## Urban Education (p. 447)

- Urban Education, PhD: Adult, Continuing, and Higher Education Leadership (ACHEL) (p. 449)
- Urban Education, PhD: Art Education (p. 452)
- Urban Education, PhD: Curriculum and Instruction (p. 455)
- Urban Education, PhD: Educational Administration (p. 458)
- Urban Education, PhD: Exceptional Education (p. 461)
- Urban Education, PhD: Mathematics Education (p. 464)
- Urban Education, PhD: Multicultural Studies (p. 467)
- Urban Education, PhD: Social Foundations of Education (p. 470)

## Undergraduate Advising

Our purpose is to provide collaborative, mentoring relationships which promote educational, career, and professional development. We value a student-centered, holistic, and ethical approach to advising based on strong partnerships with students, faculty and staff, and the larger campus community. We are committed to creating a respectful and supportive environment. We encourage students to be self-reliant through

informed decisions and choices based upon dissemination of accurate information. We value our own continuous professional development to enhance the quality of the advising experience.

### *How to Prepare for an Advising Meeting*

- Review your Advisement Report in PAWS (<http://uwm.edu/registrar/academic-unit-services/paws-academic-advisement/>).
- Come prepared with questions or topics for discussion.
- Make a list of courses you think you should take.
- Investigate opportunities to prepare for the job you want.
- Keep a record of your academic progress.
- Understand you are ultimately responsible for creating your educational, life, and career plans.
- Maintain honest and open communication with your advisor.
- Take responsibility for choices you make as a student and member of the UW-Milwaukee community.

### *Scheduling an Appointment*

Office of Student Services  
Enderis Hall, Room 209  
(414) 229-4721  
[soeinfo@uwm.edu](mailto:soeinfo@uwm.edu)

### **Graduate Advising**

If you are a School of Education graduate student, you may schedule an appointment with your faculty advisor by contacting your faculty advisor directly. Faculty contact information can be found in the Directory (<https://uwm.edu/education/directory/>). Your faculty advisor will be listed in your PAWS account.

## **Graduate Policies and Regulations**

The Graduate School policies and regulations can be found at Graduate School Policies (p. 31). Please refer to the specific program for program policies and regulations.

## **Undergraduate Policies and Regulations**

### **Academic Regulations**

For information on academic actions for unsatisfactory grades, see Academic Policies (p. 22), University-Wide Academic Action Policy.

### **Admission to Program (Advance to Major)**

Students in most programs must apply for admission to the School of Education. Students who apply to the School of Education must meet the minimum admission requirements of the School and of their program that exist at the time of their admission application.

### **Application Submission and Review**

Application periods for admission vary by program. Contact the Office of Student Services each semester for details.

All applications are reviewed by faculty of the appropriate department. If admission is deferred or denied, the student may consult with the appropriate department chairperson and/or request a hearing under appeals procedures. The School of Education reserves the right to limit admission due to staffing and space limitations. Enrollment as a pre-education student and/or meeting the minimum requirements does not guarantee admission to a professional education major in the School of Education.

A student who transfers from one program to another within the School must re-apply and meet requirements in effect for that program at the time of transfer.

### ***Re-entering Students***

Students who do not maintain continuous enrollment/registration at the university should meet with their advisor upon re-entry. It is possible that the program requirements were revised in their absence.

If a student is out for more than one full semester (not including Summer Session), the student must meet the program and graduation requirements in effect at the time of their return. Options will be discussed on a case-by-case basis.

An admitted student who has not been enrolled for two or more semesters may be required to re-apply for admission. Students admitted into the post-baccalaureate program have five years from the semester of admission to complete their program.

### ***Post-Baccalaureate Certification Program***

For specific admission and program information, contact the Office of Student Services. Additional criteria may be required for some programs.

Students interested in a post-baccalaureate certification program in Curriculum and Instruction will be denied admission if they have a grade of C- or below in any prior student teaching experience, or if they have been previously counseled out of student teaching and/or have graduated without certification from a teacher education program because of poor performance in student teaching.

### ***Advisement Report***

Students who have been admitted to a major will have an Advisement Report indicating course requirements completed as well as those needed. The Advisement Report assists students in planning future semesters, and is one of the documents used in clearing Education students for graduation. Community Engagement and Education students contact the Department of Educational Policy and Community Studies for their summaries and graduation clearance.

### ***Substitution for Requirements***

Any variations from the approved curriculum in the student's program must be approved in writing by the student's faculty advisor, department chair, and the Associate Dean for Academic Affairs. This must be done in advance of course selection.

### ***Degree Requirements***

1. Satisfactory completion of a minimum of 120 credits, depending on program and the requirements of the student's curriculum.
2. Satisfactory completion of the School of Education core curriculum requirements and the University's General Education Requirements. See individual department and program general education core curriculum requirements for the credits required and the distribution.
3. For professional education certification programs, a minimum cumulative grade point average of 2.75 in all professional education coursework. This includes any transfer coursework that is counted towards certification at UWM, as well as any grades earned in student teaching or field experiences. General education coursework and/or electives that do not fulfill requirements towards certification will not be included in the cumulative GPA calculation.
4. Completion of the last year of work (30 credits) in residence at UW-Milwaukee. Special permission to earn credits on another campus of the UW System, at another institution, or through correspondence work from the UW Extension must be obtained in advance. Students

should meet with their academic advisor. Students who transfer to UWM from any accredited institution must take a minimum of 18 hours of graded credits at UWM to establish a GPA for graduation.

### ***Change in Requirements***

When a change in program or graduation requirements is adopted, students currently enrolled may complete either the new requirements or those in effect at the time of their admission to the School of Education, but not a combination. Changes in state requirements for teacher certification may lead to changes in requirements in a student's program. Satisfaction of state requirements is necessary for eligibility for teacher certification.

### ***Semester Course Load***

An overload for undergraduate and special students in the School of Education is 18 or more credit hours during a regular semester. Students who want to take an overload during a regular semester should contact their academic advisor.

Any student in the School of Education who takes an unapproved overload will not be permitted to count the overload credits toward graduation and/or certification. The particular credits that would not be counted toward graduation will be designated by the student's advisor and approved by the Associate Dean for Academic Affairs.

### ***Field Experience***

Students are required to complete a full-day/full-semester student teaching experience during the final year in the teacher education program. However, many programs require more than one semester of student teaching. For information, please call (414) 229-4352.

### ***Employment, Licensing, or Professional Organization Requirements***

Applicants to School of Education programs that involve student teaching, practicum, internship, or other field placements must complete an information disclosure statement and be subject to a criminal background check to comply with placement site requirements and state regulations. Criminal background checks are required by state law to help employers and government officials in making employment and licensing decisions. The Wisconsin Department of Public Instruction (DPI) conducts a check as part of licensing. Agencies regulated by the Division of Health and Family Services must have on file a criminal background check for persons who have access to clients within caregiving organizations, including students.

Students in a program with a clinical experience must undergo a criminal background check at the time of admission to the School of Education, or prior to placement in a major clinical experience if that occurs earlier. The student will be charged the cost of the background check administered through School of Education procedures. Students are responsible for obtaining the information necessary for them to become knowledgeable about these requirements and plan their studies accordingly. Contact the Office of Clinical Experiences for further details.

### ***Teacher License Applications***

Wisconsin Department of Public Instruction (DPI) License Application Forms and information about applying for a teaching license may be obtained from the Office of Clinical Experiences, Enderis Hall, Room 369, or by calling (414) 229-6033.

A departmental recommendation for certification is required. This recommendation is not automatic upon graduation or completion of a post-baccalaureate certification program.

The DPI conducts a criminal background check of each applicant for a teaching license. If you have ever lived, worked, or attended school outside of Wisconsin since the age of 18, you are also required to complete fingerprint cards as part of your criminal background check. Based on this information, an applicant may be denied a license even if recommended for certification by the University.

## Special Opportunities

### Departmental Examinations

Departments may grant degree credit to a student who, instead of taking a course, requests and passes an examination administered by the department on the content of that course.

Permission to take such examinations must be obtained from the Associate Dean for Academic Affairs, Enderis Hall 583, who will require a recommendation from the department chairperson or program director to whom evidence of work justifying an examination must be presented by the student.

### Study Abroad

Qualified students can complete equivalent coursework in another country. For information, consult the Office of Student Services, Enderis Hall 209.

## Administration

### Tina Freiburger

Dean, College of Community Engagement and Professions

### Hope Longwell-Grice

Senior Associate Dean, Academic Affairs, School of Education

### Jeremy Page

Assistant Dean, Office of Student Services, School of Education

## Administrative Leadership

The Department of Administrative Leadership develops the education field's next generation of change-makers. As an educational leader, you'll have the vital skills needed to nurture leadership among others in a wide range of elementary, secondary, and post-secondary programs, as well as in business and industry.

We have two areas of study at the master's level: Adult, Continuing, and Higher Education Administration, which focuses on post-secondary

adult and continuing education leadership and administration at higher education organizations; and Educational Administration, which focuses on elementary and secondary educational administration.

The Adult, Continuing, and Higher Education Administration master's concentration prepares students to advance their administrative leadership skills, improve instructional design of professional development, or succeed in a variety of roles in colleges and universities. A major focus of our program is preparing leaders for urban higher education institutions who honor diversity and difference among people, groups and societies.

Our rigorous Educational Administration program, led by faculty who are actively engaged in research in the field, meets Wisconsin state licensure requirements and will give you the skills you need to succeed in today's challenging educational landscape.

At the doctoral level, the primary mission of the concentration in Adult, Continuing, and Higher Education Leadership (ACHEL) within the Urban Education PhD program is to prepare individuals for leadership positions in urban adult, continuing, and higher educational organizations. The specialization will assist students to examine changing perspectives on urban post-secondary, adult and continuing educational organizations; changing notions of urban adult, continuing, and higher education teaching and learning; and the changing roles of the students, teachers, researchers, and administrators who work and study within urban adult, continuing, and higher education organizations.

The Department of Administrative Leadership is committed to developing educational leaders, particularly for service in metropolitan areas. We believe that excellent educational leaders nurture leadership among others in the school community; create positive work environments for students, staff and parents; and contribute to the improvement of teaching and learning.

## Administrative Leadership Specialist, Graduate Certificate

*Effective Fall 2023, the Administrative Leadership Specialist Graduate Certificate has suspended admission.*

A master's degree is the minimum prerequisite for admission to the Specialist Certificate. The Certificate offers a career emphasis in the superintendency and licensure as a school district superintendent.

Our rigorous program, led by faculty who are actively engaged in research in the field, meets Wisconsin state licensure requirements and will give you the skills you need to succeed in today's challenging educational landscape.

The Department of Administrative Leadership is committed to developing educational leaders, particularly for service in metropolitan areas. We believe that excellent educational leaders nurture leadership among others in the school community; create positive work environments for students, staff and parents; contribute to the improvement of teaching and learning; and engage in practices that ensure equity and access for all students.

### Admission Requirements

*Effective Fall 2023, the Administrative Leadership Specialist Graduate Certificate has suspended admission.*

#### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

#### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.

- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

#### Admission

Applicants must meet these departmental requirements:

- Completion of a master's degree with a graduate grade point average of 3.5 or above (4.0 scale). The master's degree may be in any field.
- Written statement of professional objectives and educational experience.
- Applicants not meeting the grade point minimum may be admitted upon submission of additional data to be specified by the Department chair.

### Credits and Courses

Credit and course requirements depend upon the applicant's degree field. For an applicant with a master's degree in educational administration, the minimum credit requirement is 21 graduate credits, normally distributed as follows: 18 credits in administrative leadership, and 3 credits in a field-based practicum. As a capstone requirement, students must develop and submit a comprehensive portfolio which includes an action research project for review by faculty. The student must pass both the written part of the portfolio and the oral portfolio defense. For an applicant with a master's degree in a field other than educational administration, the minimum credit requirement is 24 graduate credits. Additional coursework may be required for administrative certification.

### Additional Requirements

#### Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

#### Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

#### Articulation with Degree Programs

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not

contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)

- Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
  3. A course may count toward no more than one certificate and one degree.
  4. Students may not earn a certificate subsequent to a concentration in the same area.

## Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

# Administrative Leadership, MS: Adult, Continuing, and Higher Education Administration

The master's concentration in adult, continuing, and higher education administration prepares the student for positions of administration and leadership in business, community, and higher education environments. These environments can allow the student obtain careers as adult educators, trainers, human resource directors and administrators in vocational and technical education, university extension, continuing professional education; student advisors, managers of support programs for traditionally underrepresented students, student housing specialists, student programming specialists, business managers, and administrative positions at all levels of postsecondary education.

Students in the master's degree with the concentration in adult, continuing, and higher education administration can jointly earn a certification in Teaching and Learning in Higher Education or a certificate in Support Services for Online Students in Higher Education. In this case, the student must complete an application (including the application fee) for both programs (master's program and certificate program).

The master's degree programs are offered online and hybrid.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) to be considered for admission to the

program. Applicants must also complete the reason statement in the application.

## Credits and Courses

Minimum degree requirement is 33 graduate credits, 24 of which must be in education and up to 9 of which may be in related fields. Credit distribution must be:

Code	Title	Credits
	ACHEA Specialty Area	18
	Related Electives	15
	<b>Total Credits</b>	<b>33</b>

The student must plan an individual program of studies in consultation with the faculty advisor.

## Required Core Courses

Code	Title	Credits
<i>Specialty Area: Adult and Continuing Education</i>		
AD LDSP 667	Program Planning in Adult Education	3
AD LDSP 707	Using Technology With Adult Learners	3
AD LDSP 757	Principles and Foundations of Adult Education	3
AD LDSP 777	Leadership in Multicultural Organizations	3
AD LDSP 787	Administration of Adult Education Programs	3
AD LDSP 886	Developing Your ePortfolio in ACHEA (Capstone Course)	3
<i>Specialty Area: Higher Education Administration</i>		
AD LDSP 709	Introduction to Higher Education Administration	3
AD LDSP 711	Organization and Governance in Higher Education Administration	3
AD LDSP 747	Strategic Planning and Budgeting in Adult, Continuing, and Higher Education	3
AD LDSP 778	Introduction to College Student Personnel Administration	3
AD LDSP 797	The Student in the Collegiate Context	3
AD LDSP 886	Developing Your ePortfolio in ACHEA (Capstone Course)	3

## Elective Courses

Code	Title	Credits
AD LDSP 507	Introduction to Group Leadership	3
AD LDSP 605	Survey of Human Resource Development	3
AD LDSP 607	Coordination of Staff Development and Training Program	3
AD LDSP 617	Leadership in Youth-Serving Organizations	3
AD LDSP 630	Field Work in Schools, Agencies and Institutions	2-6
AD LDSP 647	Evaluation of Adult, Continuing, and Higher Education Programs	3
AD LDSP 687	Instructional Design and Teaching Strategies	3

AD LDSP 703	Resources for Self-directed Learning	1
AD LDSP 704	Technologies for Online Student Support	1
AD LDSP 706	Professional Development for Online Instruction	1
AD LDSP 708	Online Support Services in Adult, Continuing, and Higher Education	3
AD LDSP 710	Organizational Change and Team Leadership	3
AD LDSP 737	Distance Education for Adults	3
AD LDSP 740	Seminar in Innovative Technologies for Learning in Education	3

fulfill professional education requirements for administrative and supervisory licenses in Wisconsin and most other states.

Our rigorous program, led by faculty who are actively engaged in research in the field, meets Wisconsin state licensure requirements and will give you the skills you need to succeed in today's challenging educational landscape.

The master's degree programs are offered online and hybrid.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements (<http://uwm.edu/graduateschool/admission/>) to be considered for admission to the program. Applicants must also complete the reason statement in the application.

## Additional Requirements

### Major Professor as Advisor

The student must have a major professor to advise and supervise the program of studies as specified in Graduate School regulations. A student who is not assigned to an advisor at time of admission should immediately contact the Department Chair.

### Thesis or Master's Paper

Optional. See Credits and Courses above.

### Final Portfolio

As a capstone requirement, students who begin the program Fall 2011 and thereafter must develop and submit a comprehensive portfolio for review by faculty. The student must pass both the written part of the portfolio and the oral portfolio defense.

### Comprehensive Examination

Students who began the program before Fall 2011 have the option of passing a written and/or oral final comprehensive examination as the capstone requirement.

### Time Limit

The student must complete all degree requirements within seven years of initial enrollment.

## Administrative Leadership, MS: Educational Administration and Supervision

The master's concentration in educational administration and supervision prepares the student for a career as a school district administrator, elementary, middle, or secondary school administrator, director of special education and pupil services, school business manager, or curriculum director. Through this program of studies, the student can

## Credits and Courses

Minimum degree requirement is 33 graduate credits, 27 of which must be in education and 6 of which may be in related fields. Credit distribution must be: 18-24 credits in educational administration and supervision; 9-15 credits in related electives; and a master's capstone portfolio.

The student plans an individual program of studies in consultation with a major professor. If the student intends to apply for the Specialist Certificate upon completion of the master's degree, the program of studies may satisfy Specialist Certificate admission requirements.

## Additional Requirements

### Major Professor as Advisor

The student must have a major professor to advise and supervise the program of studies as specified in Graduate School regulations. A student who is not assigned to an advisor at time of admission should immediately contact the Department Chair.

### Final Portfolio

As a capstone requirement, students must develop and submit a comprehensive portfolio for review by faculty. The student must pass both the written part of the portfolio and the oral portfolio defense.

### Time Limit

The student must complete all degree requirements within seven years of initial enrollment.

## Educational Studies, BS

*As of Fall 2017, the Educational Studies program has suspended admission. This means that unless you have been accepted into this program prior to Fall 2017, you will not be able to earn the degree. The following information is provided solely for the benefit of students accepted into the Educational Studies program prior to Fall 2017.*

## Requirements

A minimum of 128 credits is needed for graduation. Students must satisfy all UWM, School of Education, and Educational Studies program requirements, and have satisfactorily completed the following minimum requirements:

Code	Title	Credits
<b>General Education Requirements (GER)</b>		
Complete General Education Requirements (GER) <sup>1</sup>		
<b>Educational Studies Major<sup>2</sup></b>		
<i>Focus Area</i>		
	Select a minimum of 18 credits in the chosen area of concentration (i.e., adult education, youth leadership, or training and workforce development)	18
<i>Fieldwork</i>		
	Select practical experience applying the student's professional skills in an appropriate work setting	3-6
<i>Common Learning Component</i>		

<sup>1</sup> Students not enrolled in a degree program in an accredited institution prior to September 1986 must also meet the University's General Education Requirements (GER).

<sup>2</sup> Educational Studies Major. The Educational Studies Major is a means of developing professional skills. It requires completing at least 42 credits, 34 of them in the School of Education, with a 2.75 grade point average overall. The major contains three components:

- Focus Area
- Fieldwork
- Common Learning Component

<sup>3</sup> Contact the Office of Student Services for a list of acceptable course titles.

### Educational Studies Second Degree Requirements

1. Complete 42 credits.
  - At least 30 of the program credits must be earned in residence at the University of Wisconsin-Milwaukee and following admission to the Educational Studies Program. The remaining 12 credits may be transferred from previous institutions/programs or earned inclusively within the Educational Studies program.
  - At least 20 of the 42 credits must be earned in upper-division courses (300 level or above). The common learning components allow for accommodation of this requirement.
2. Earn at least 18 credits in selected focus areas. Select from: adult education, youth leadership, and training and workforce development.
  - Earn 3 credits in fieldwork within the selected focus area. The fieldwork placement will be determined by the faculty advisor and academic advisor.
  - Earn 24 credits in the common learning components. These credits will be selected in consultation with the faculty advisor: social cultural perspectives, human development and learning, program development, and communication skills and group processes.
3. Achieve a 2.75 GPA on all focus area and common learning components credits.

## College of Community Engagement and Professions Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Health Professional Education, Graduate Certificate (School of Education, Department of Administrative Leadership)

The Health Professional Education certificate is designed to provide health professionals with additional preparation in educational principles and theory to support them in their roles as educators of students and staff in the health professions as well as in the role of patient educator. This program is open to students simultaneously enrolled in a graduate degree program, as well as to health professionals who have completed a baccalaureate, master's, or doctoral degree. The certificate program is a collaborative program between the College of Health Professions and Sciences and Schools of Nursing and Education, and is coordinated through the School of Nursing.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.

- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

## Admission

Applicants are admitted to the certificate program in one of three categories: post-baccalaureate, current student in a UWM graduate health profession program, or post-graduate student.

1. Post-baccalaureate students must have completed a bachelor's degree in a health profession discipline with a grade point average of 2.75 or above (4.0 scale) and not be currently enrolled in a graduate degree program at UWM.
2. The admission requirements of the health professional educational certificate for students enrolled in good standing in a UWM graduate health profession program are consistent with those requirements specified by the program.
3. Post-graduate students must have completed a graduate degree in a health profession or related discipline with a grade point average of 3.0 or above (4.0 scale).

## Credits and Courses

The completion of 15 credit hours (5 courses) is required for the certificate program.

Code	Title	Credits
<b>Core</b>		
AD LDSP 757	Principles and Foundations of Adult Education	3
NURS 731	Practicum and Seminar in Health Professional Education	3
<b>Curriculum/Program Planning &amp; Evaluation Courses</b>

NURS 751	Teaching in Practice Disciplines
<b>Total Credits</b>	<b>15</b>

A current listing of courses that meet these requirements can be obtained from the College of Health Professions and Sciences or the School of Nursing. Students will need to maintain a 3.0 GPA and meet all other requirements of the Graduate School for continuation in the program. The Practicum and Seminar in Health Professional Education is the last course taken in the certificate program.

## Additional Requirements

### Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

### Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

### Articulation with Degree Programs

- Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
- Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
- A course may count toward no more than one certificate and one degree.
- Students may not earn a certificate subsequent to a concentration in the same area.

### Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

# Student Success Advising and Technology-Based Services in Higher Education, Graduate Certificate

This graduate certificate program offers a unique opportunity for professionals interested in online student support in higher education. Prospective professionals venturing into today's higher education environment would benefit from an understanding of teaching and learning and student support service theory, research, and effective practice. Successful professionals require many tools to educate, motivate, and support online students, as well as the wisdom to know when and how to apply those tools. This wisdom comes from a critical, reflective understanding of the research and theory behind teaching, learning, and student support. The 15-credit certificate program draws upon current coursework in Adult Education, Higher Education, Education Technology, and Distance Education.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Applicants must have completed a bachelor's degree prior to admission, and must have a minimum 2.75 cumulative undergraduate grade point average. Applicants must also complete the reason statement in the application.

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

- Administrative Leadership (Ad Ldsp)
- Educational Psychology (Ed Psy)
- Information Studies (Info St)

## Additional Requirements

### Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. Courses will be considered for transfer into the certificate program only if the applicant can provide ample, acceptable evidence that the course taken is substantially the same as one of the five courses that constitute the certificate. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

### Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

### Articulation with Degree Programs

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not

contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)

- Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.

  4. Students may not earn a certificate subsequent to a concentration in the same area.

### Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

## Teaching and Learning in Higher Education, Graduate Certificate

This graduate certificate program offers a unique opportunity for students interested in teaching in higher education to gain knowledge about teaching and learning, both generally and within their discipline. Prospective teachers venturing into today's higher education environment would benefit from an understanding of teaching and learning theory, research, and effective practice. Successful instructors require many tools to teach, as well as the wisdom to know when and how to apply those tools. This wisdom comes from a critical, reflective understanding of the research and theory behind teaching and learning. The 15-credit certificate program is multi-disciplinary, drawing upon current coursework in Communication, the School of Education, and other disciplines that have teaching and learning courses in place.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Applicants must have completed a bachelor's degree prior to admission, and must have a minimum 2.75 cumulative undergraduate grade point average. Applicants with a graduate degree must have a minimum 3.00 graduate grade point average. Applicants must also complete the reason statement in the application.

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.

- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.

- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

## American Sign Language Studies, Minor

The American Sign Language (ASL) Studies minor area addresses the needs of students who are already pursuing a major in another area of study, but want to supplement their studies with knowledge and skill in ASL. This will allow students to be able to communicate with Deaf persons they may meet in their professions.

### Requirements

Students must have a minimum grade of C or better in all ASL minor coursework.

Code	Title	Credits
EXCEDUC 301	American Sign Language I	3
EXCEDUC 302	American Sign Language II	3
EXCEDUC 303	American Sign Language III	3
EXCEDUC 304	American Sign Language IV	3
EXCEDUC 330	Deaf History	3

EXCEDUC 500	Fingerspelling & Numbers	3
<b>Total Credits</b>		<b>21</b>

## Education, BS: American Sign Language Studies

The American Sign Language Studies Program offers an array of courses to prepare students to work with the Deaf community. Students completing this program will have a deeper understanding of American Sign Language (ASL), Linguistics, Deaf History, Deaf Literature and Deaf Culture with an emphasis on the rich language and cultural diversity of the Deaf community as well as the social justice issues impacting their lives.

Several objectives will be covered during the program, such as Deaf culture, Deaf folklore, and Deaf literature, and the relationship between the signing community and the non-signing community. This program also covers linguistic components with several course offerings in ASL as well as specialized skill areas of ASL, such as a focus on grammatical structure and an overview of linguistic components.

Professions that find this program an enhancement to their work include (but are not limited to): interpreting, health care, criminal justice, education, exceptional education, psychology, social work and more. Many of the courses offered through this program also satisfy certain GER requirements for the general student population such as foreign language (ASL I-IV) and cultural diversity (Deaf Culture or Deaf History). All students start with ASL I however if a student has previous experience with the language, they may be placed into higher classes by taking the American Sign Language Proficiency Interview (ASLPI) and may be eligible for retroactive credits if they meet all requirements.

## Requirements

### General Education Requirements (GERs)

UW-Milwaukee has General Education Requirements (p. 29) that must be met in order to earn a bachelor's degree. Some of the requirements of your program may fulfill the campus GERs. Please review the requirements and consult with your academic advisor.

### Program Admission Requirements (p. 334)

### Additional Requirements for Graduation

- Minimum grade of C or better in all professional coursework.
- At least 30 program credits must be earned in residence at the University of Wisconsin-Milwaukee, following admission to the program.
- Completion of a minimum 120 degree credits.

## Advance to Major Program Admission Requirements

- **GER: OWC-A:** Completion of Oral-Written Communication part A competency.
- **GER: QL-A:** Completion of Quantitative Literacy part A competency.
- **Completion of COMMUN 101 or COMMUN 103**, with a grade of C or better.
- **Completion of ASL GER requirements.**
- **Maintain** a cumulative 2.5 GPA.

## Undergraduate Advising

Our purpose is to provide collaborative, mentoring relationships which promote educational, career, and professional development. We value a student-centered, holistic, and ethical approach to advising based on strong partnerships with students, faculty and staff, and the larger campus community. We are committed to creating a respectful and supportive environment. We encourage students to be self-reliant through informed decisions and choices based upon dissemination of accurate information. We value our own continuous professional development to enhance the quality of the advising experience.

### *How to Prepare for an Advising Meeting*

- Review your Advisement Report in PAWS (<http://uwm.edu/registrar/academic-unit-services/paws-academic-advisement/>).
- Come prepared with questions or topics for discussion.
- Make a list of courses you think you should take.
- Investigate opportunities to prepare for the job you want.
- Keep a record of your academic progress.
- Understand you are ultimately responsible for creating your educational, life, and career plans.
- Maintain honest and open communication with your advisor.
- Take responsibility for choices you make as a student and member of the UW-Milwaukee community.

### *Scheduling an Appointment*

Office of Student Services  
Enderis Hall, Room 209  
(414) 229-4721  
[soeinfo@uwm.edu](mailto:soeinfo@uwm.edu)

### Graduate Advising

If you are a School of Education graduate student, you may schedule an appointment with your faculty advisor by contacting your faculty advisor directly. Faculty contact information can be found in the Directory (<https://uwm.edu/education/directory/>). Your faculty advisor will be listed in your PAWS account.

## College of Community Engagement and Professions Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Education, BS: Interpreter Training Program

The Interpreter Training Program (ITP) goes beyond teaching students about language, culture, and how to facilitate conversations. Our program philosophy of service takes hold the moment you begin. We work to develop well-rounded interpreters who value and consider others' perspectives; students who are culturally sensitive and empathetic practitioners who continually work to better themselves and the interpreting profession.

We also work hard to ensure that graduates reach their career goals, and we pride ourselves on the success our former students have achieved through their work in our community. In a recent survey of the past five graduating classes, 80% of ITP graduates were working as interpreters and 76% reported finding work within three months of graduation. In general, the interpreting and translation field is growing much faster than other occupations, and ASL interpreters are especially sought-after.

## Requirements

### General Education Requirements (GERs)

UW-Milwaukee has General Education Requirements (p. 29) that must be met in order to earn a bachelor's degree. Some of the requirements of your program may fulfill the campus GERs. Please review the requirements and consult with your academic advisor.

### Program Core

American Sign Language I-VI courses in the Department of Exceptional Education satisfy University foreign language requirements. For all programs that require American Sign Language, students with previous experience in American Sign Language can take the American Sign Language Proficiency Interview (ASLPI) to determine appropriate placement level. If a B or better is received on the ASLPI, credit will be received for courses up through ASL 4. Any individual who would like to take the ASLPI will be responsible for the cost of the assessment. Please consult with your advisor for more information.

Code	Title	Credits
<b>Prior to Admission</b>

**Education Degree, Interpreter Training Program  
Completion Requirements**

- Completion of all admission requirements, granted admission to the ITP, and completion of ITP professional course sequence;
- Completion of university GER requirements;
- At least 30 program credits must be earned in residence at the University of Wisconsin-Milwaukee, following admission to the program;
- Completion of a minimum 120 credits;
- Professional coursework minimum GPA of 2.75; and
- Successful completion of a proficiency exam - consult with your advisor.

**Interpreter License Requirements**

- Individuals must hold a license from the Department of Public Instruction or the Department of Safety and Professional Services in order to enter the interpreting profession in Wisconsin. Successful completion of proficiency exams is required for these licenses. Consult with your advisor for details.

**Advance to Major  
Program Admission Requirements**

- EXCEDUC 348, Introduction to the Profession of Interpreting, with a grade of C or better;

- EXCEDUC 352, American Deaf Culture, with a grade of C or better;
- EXCEDUC 301, EXCEDUC 302, EXCEDUC 303, EXCEDUC 304, EXCEDUC 305 and EXCEDUC 306, American Sign Language I-VI. ASL I-II with a grade of C or better; ASL III-VI with a grade of B- or better;
- EXCEDUC 320, Intro to Interpreting Skills: English to American Sign Language with a grade of B- or better;
- EXCEDUC 321, Intro to Interpreting Skills: American Sign Language to English with a grade of B- or better;
- 58 credits complete;
- Cumulative GPA of 2.5; and
- Completion of Screening Interview, which occurs after application is submitted.

## Undergraduate Advising

Our purpose is to provide collaborative, mentoring relationships which promote educational, career, and professional development. We value a student-centered, holistic, and ethical approach to advising based on strong partnerships with students, faculty and staff, and the larger campus community. We are committed to creating a respectful and supportive environment. We encourage students to be self-reliant through informed decisions and choices based upon dissemination of accurate information. We value our own continuous professional development to enhance the quality of the advising experience.

### *How to Prepare for an Advising Meeting*

- Review your Advisement Report in PAWS (<http://uwm.edu/registrar/academic-unit-services/paws-academic-advisement/>).
- Come prepared with questions or topics for discussion.
- Make a list of courses you think you should take.
- Investigate opportunities to prepare for the job you want.
- Keep a record of your academic progress.
- Understand you are ultimately responsible for creating your educational, life, and career plans.
- Maintain honest and open communication with your advisor.
- Take responsibility for choices you make as a student and member of the UW-Milwaukee community.

### *Scheduling an Appointment*

Office of Student Services  
Enderis Hall, Room 209  
(414) 229-4721  
[soeinfo@uwm.edu](mailto:soeinfo@uwm.edu)

## Graduate Advising

If you are a School of Education graduate student, you may schedule an appointment with your faculty advisor by contacting your faculty advisor directly. Faculty contact information can be found in the Directory (<https://uwm.edu/education/directory/>). Your faculty advisor will be listed in your PAWS account.

## College of Community Engagement and Professions Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Educational Policy and Community Studies

The Department of Educational Policy and Community Studies at UWM provides students with a deeper understanding of education and community contexts in urban areas. Our degree programs help those working in schools and the community address the social and political contexts of their jobs and provide a range of skills for better addressing challenges. The department offers:

- A Bachelor of Science in Community Engagement and Education (CEED),
- An MS in Cultural Foundations of Community Engagement and Education, and
- A PhD specialization in Social Foundations of Education in the Urban Education Doctoral Program.

Students often develop their own creative programs out of our range of course options, while others focus their coursework in one of the following areas:

- Alternative Education/Students Placed At Risk
- Child Care (Educator or Administrator Track)
- Community Engagement and Social Change
- Policy and Leadership in Community-Based Organizations
- Race Relations
- Urban Education
- Youth Work

## Program Highlights

- Available fully online or face-to-face, or in combination
- Courses offered in the evening, daytime, weekend, hybrid, and starting mid-semester
- BS in Community Engagement and Education:
  - Students can earn up to 42 lower-division credits for prior professional educational experience,
  - 90-credit major (120 credits in the degree), and

- Accepts many courses from associate's degree that might not otherwise transfer, as well as transcribed military credits and others
- MS in Cultural Foundations of Community Engagement and Education:
  - 30-credit MS program, and
  - MS students can transfer in up to 6 graduate credits from regionally accredited institutions

## Careers

Students and graduates from our programs are employed by schools, community-based organizations, charities, hospitals, and local government units in metropolitan Milwaukee and beyond. Graduates will encounter many alumni across Wisconsin who recognize and value the knowledge gained by students in the program. The Department does not offer licensure for teaching in K-12 public schools, but many graduates either seek post-baccalaureate certification or teach in private schools.

For more information about careers, go to the BS (<https://uwm.edu/education/academics/community-engagement-edu/>) and MS (<https://uwm.edu/education/academics/cultural-foundations-edu/>) program webpages, and click on the "Careers" tab for a list of actual jobs held by graduates, or click on the "Alumni" tab for stories and videos about our graduates' experiences in the program and after graduation.

## Specifics About the Different Degree Programs

In the CEED BS program, students can select one of three optional submajors: Child Care, Community-Based Organizations Policy and Leadership, or Child and Family Services. Students may also pursue certificates in Community Engagement Strategies, Community-Based Organizations & Leadership, and Youth Work. Visit the CEED BS program website (<https://uwm.edu/education/academics/community-engagement-edu/>) for additional information.

The department's MS program in Cultural Foundations of Community Engagement and Education engages students in sociological, historical, philosophical and other frames of reference for understanding urban community and school challenges. Students often select courses that focus their studies in a particular area, and many of the same focus areas

that are available in the CEED BS program can be pursued at a more advanced level in our MS program. Licensed teachers may seek an add-on state DPI certification in Alternative Education. Visit the master's degree program website (<https://uwm.edu/education/academics/cultural-foundations-edu/>) for additional information.

## A Highly Diverse Student Body

Students in the department come from a range of educational and community-based backgrounds. Our students and alumni include state and local elected officials; community organizers and developers; personnel in human resource institutions (including program planners, outreach workers, and administrators); teachers, directors, and owners of community day care programs; youth workers in community and group home care; teachers and directors of alternative schools; and directors of community-based organizations.

The Bachelor of Science degree in Community Engagement and Education is also available as a second degree option.

## Programs

- Community Engagement and Education, BS (p. 338)
- Community Engagement and Education, BS: Child and Family Services (p. 339)
- Community Engagement and Education, BS: Child Care (p. 341)
- Community Engagement and Education, BS: Community-Based Organizations: Policy and Leadership (p. 343)
- Community Engagement and Education, BS: Exceptional Education (Non-Licensure) (p. 345)
- Community Engagement Strategies, Undergraduate Certificate (p. 347)
- Community Engagement, Minor (p. 349)
- Community Leadership, Undergraduate Certificate (p. 350)
- Community-Based Organizations: Policy and Leadership, Undergraduate Certificate (p. 351)
- Cultural Foundations of Community Engagement and Education, MS (p. 351)
- Racial and Social Justice in Education, Graduate Certificate (p. 353)
- Youth Work, Undergraduate Certificate (p. 355)

## Community Engagement and Education, BS

The Community Engagement and Education Program is designed for students interested in changing their community, working in non-school educational roles or leadership in community-based organizations. Some students also pursue licensure for teaching in public schools after graduation or teach in private or charter schools.

Courses are offered during the day as well as online, in the evening and on weekends. We also give academic credit for prior professional experience. Areas of study include child care, youth work, urban education, alternative education, policy and leadership in community-based organizations, race relations, and community engagement and social action.

Our graduates work as youth leaders and educators, administrators in community-based organizations, teachers and directors of child care and head start centers, community organizers, and state and local elected officials. To learn more about careers, visit the CEED BS website (<https://uwm.edu/education/academics/community-engagement-edu/>) and click on the “Careers” tab to see a list of actual jobs held by alumni, or click on the “Alumni” tab to read stories about some of our alums.

### Program Highlights

- Can be completed fully online, face-to-face, or in combination. Courses offered in the evening, on weekends, online, and in hybrid format.
- Extremely diverse student body—learn with other students from a wide range of backgrounds.
- Up to 42 lower-division electives (free after the first 3) can be earned through our Prior Professional Educational Experience program.
- Accepts a wide range of transfer credits, from military transcribed credits to credits from Associates degrees that do not usually transfer. A number of articulation agreements allow additional credits from completed associates degrees in human services, early childhood education, business, and other programs from specific technical colleges. Visit the CEED BS website (<https://uwm.edu/education/academics/community-engagement-edu/>) for more detail.

## Requirements

### General Education Requirements (GERs)

UW-Milwaukee has General Education Requirements (p. 29) that must be met in order to earn a bachelor’s degree. Some of the requirements of your program may fulfill the campus GERs. Please review the requirements and consult with your academic advisor.

#### Program Core

Code	Title	Credits
<b>Advanced Expository Writing</b>		
Select one of the following: 3		
ENGLISH 201	Strategies for Academic Writing (OWC-B)	
ENGLISH 205	Business Writing (OWC-B)	

ENGLISH 206	Technical Writing (OWC-B)	
ENGLISH 207	Health Science Writing (OWC-B)	
ENGLISH 214	Writing in the Professions: (subtitle, OWC-B)	
<b>Lower Division Required Courses</b>		
ED POL 111	Introduction to Community Action and Change	3
ED POL 112	Introduction to Community Education, Engagement, and Development	3
ED POL 113 or ED POL 203	The Milwaukee Community (GER-SS) Communities and Neighborhoods in America	3
ED POL 114	Community Issues, Policies, and Solutions	3
<b>Lower Division Electives</b> <sup>1</sup>		
<b>Upper Division Required Courses</b>		
ED POL 375	Cultural Foundations of Education	3
ED POL 506	Research Techniques for Community Organizers and Community Educators	3
ED POL 534	Students Placed At Risk: Deconstructing Risk, Defining Promise	3
ED POL 601	Foundations of Community-Based Organizations	3
<i>Educational Policy Foundations</i>		
Select 15 credits of ED POL level 300 or higher courses <sup>2</sup>		15
<b>Upper Division Electives</b>		
Select 12 credits of 300-level or higher courses from any school/college <sup>3</sup>		12
<b>Total Credits</b>		<b>54</b>

<sup>1</sup> Students may earn elective units through upper- or lower-division Educational Policy and Community Studies courses, including Prior Professional Educational Experience (see below), transfer units, or other UWM courses.

<sup>2</sup> A maximum of 6 credits of fieldwork (ED POL 509, ED POL 688, or ED POL 698) may be used toward meeting this requirement; ED POL 499 cannot be used.

<sup>3</sup> Including upper-division transfer units. These courses should be chosen by the student in consultation with an advisor.

### Additional Requirements for Graduation

- 2.0 UWM cumulative GPA
- Satisfactory completion of a minimum of 120 credits

### Opportunities

#### Prior Professional Education Experience (PPEE)

A student who has been accepted as a major in Community Engagement and Education is eligible to earn credit for their professional/life experience by demonstrating their competency through essay examinations (PPEE). Credits earned, by passing individual exams with a grade of C or better, will be counted toward the Community Engagement and Education degree in 3-credit blocks. Students pay for one 3-credit course, and all additional credits they receive through the course are awarded without cost. In order to “pass” the course and receive at least

3 credits, a student must attempt 7 of the 14 competency area essay exams listed below.

### Competency Areas

Code	Title	Credits
	Community Perspectives on Human Resource Programs	3
	Resource Development	3
	Local Community Systems	3
	Political/Economic Analysis	3
	Personal Growth Competency	3
	Philosophies of Change	3
	Group Process Skills	3
	Leadership Issues	3
	Research Skills	3
	Change Strategies	3
	Educational Advocacy	3
	Administrative Skills	3
	Social Problem Analysis	3
	Conflict Resolution	3

Community Engagement and Education majors wishing to demonstrate their competencies for these credits are required to enroll in the competency examination course, ED POL 100 Community Education I, **during their first or second semester** of study. PPEE students have the opportunity to earn a maximum of 42 credits, which will *only* apply toward a Community Engagement and Education degree and *only* as lower-division electives. **Students who leave the CEED program will not be able to use these credits in other programs.**

## Undergraduate Advising

Our purpose is to provide collaborative, mentoring relationships which promote educational, career, and professional development. We value a student-centered, holistic, and ethical approach to advising based on strong partnerships with students, faculty and staff, and the larger campus community. We are committed to creating a respectful and supportive environment. We encourage students to be self-reliant through informed decisions and choices based upon dissemination of accurate information. We value our own continuous professional development to enhance the quality of the advising experience.

### How to Prepare for an Advising Meeting

- Review your Advisement Report in PAWS (<http://uwm.edu/registrar/academic-unit-services/paws-academic-advisement/>).
- Come prepared with questions or topics for discussion.
- Make a list of courses you think you should take.
- Investigate opportunities to prepare for the job you want.
- Keep a record of your academic progress.
- Understand you are ultimately responsible for creating your educational, life, and career plans.
- Maintain honest and open communication with your advisor.
- Take responsibility for choices you make as a student and member of the UW-Milwaukee community.

### Scheduling an Appointment

Office of Student Services  
Enderis Hall, Room 209  
(414) 229-4721

soeinfo@uwm.edu

## Graduate Advising

If you are a School of Education graduate student, you may schedule an appointment with your faculty advisor by contacting your faculty advisor directly. Faculty contact information can be found in the Directory (<https://uwm.edu/education/directory/>). Your faculty advisor will be listed in your PAWS account.

## Accelerated Program Option

This program is offered as part of an accelerated graduate program. For more information, see Accelerated Graduate Degrees (p. 37).

## College of Community Engagement and Professions Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Community Engagement and Education, BS: Child and Family Services

The Submajor in Child and Family Services within the Community Engagement and Education BS Program is designed for students interested in working in settings that serve families and children, including foster care, case management, and other related arenas. The program is a collaboration with the Department of Social Work, and is a good option for students who are unable, for a range of reasons, to complete the traditional Bachelor's in Social Work. The program provides a good base for students who wish to go on to a Master's in Social Work, and some of the courses may count as part of the MSW degree, reducing the number of graduate credits you will need to take (students should contact advisors in the School of Social Welfare to determine this).

## Requirements

### General Education Requirements (GERs)

UW-Milwaukee has General Education Requirements (p. 29) that must be met in order to earn a bachelor's degree. Some of the requirements of your program may fulfill the campus GERs. Please review the requirements and consult with your academic advisor.

## Community Engagement and Education, BS: Child Care

### A Bachelor of Science degree program for teachers, administrators, and owners of child care organizations

*Have you taken Wisconsin Child Care Registry courses? This program accepts these in the major, allowing students to graduate more quickly.*

In the child-care submajor in the BS in Community Engagement and Education you will:

- Advance your career with relevant content
- Inform your passion for the development of young children
- Develop skills in:
  - Leadership
  - Entrepreneurship
  - Program Development
- Learn strategies for working with diverse communities and families
- Thrive in a supportive environment with experienced faculty

The program is offered fully online or hybrid. The hybrid format generally consists of 4 face-to-face meetings for each course in a semester.

Students can earn up to 42 lower-division elective credits for prior professional experience (all credits free after the first 3 credits).

### Transfer your Wisconsin Registry credentials

- The child-care sub major is acknowledged by the Wisconsin Child Care Registry as a "related" degree for professionals.
- 18 credits of child care credentials courses are taken at or transferred from other institutions into UWM.

Students are eligible for the TEACH Scholarship (<https://wisconsinearlychildhood.org/programs/t-e-a-c-h/>) Administered by the Wisconsin Early Childhood Association (WECA).

## Requirements

### General Education Requirements (GERs)

UW-Milwaukee has General Education Requirements (p. 29) that must be met in order to earn a bachelor's degree. Some of the requirements of your program may fulfill the campus GERs. Please review the requirements and consult with your academic advisor.

### Program Core

Code	Title	Credits
<b>Advanced Expository Writing</b>		
Select one of the following:		
ENGLISH 201	Strategies for Academic Writing (OWC-B)	3

ENGLISH 205	Business Writing (OWC-B)
ENGLISH 206	Technical Writing (OWC-B)
ENGLISH 207	Health Science Writing (OWC-B)
ENGLISH 214	Writing in the Professions: (subtitle, OWC-B)

**Lower Division Required Courses**

ED POL 111	Introduction to Community Action and Change	3
ED POL 112	Introduction to Community Education, Engagement, and Development	3
ED POL 113 or ED POL 203	The Milwaukee Community (GER-SS) Communities and Neighborhoods in America	3
ED POL 114	Community Issues, Policies, and Solutions	3

**Lower-Division Electives**<sup>1</sup>**Lower Division Child Care Electives**<sup>2</sup>**Upper Division Required Courses**

ED POL 375	Cultural Foundations of Education	3
ED POL 534	Students Placed At Risk: Deconstructing Risk, Defining Promise	3
ED POL 506	Research Techniques for Community Organizers and Community Educators	3
ED POL 601	Foundations of Community-Based Organizations	3

**Race Relations/Antiracist Education**

ED POL 625 or ED POL 626	Race Relations in Education (GER-CD) Antiracist Education	3
-----------------------------	--	---

**Upper Division Child Care Credential Credits**<sup>3</sup> **12****Total Credits** **42**

<sup>1</sup> Students may earn elective units through upper- or lower-division Educational Policy and Community Studies courses, including Prior Professional Educational Experience (see below), transfer units, or other UWM courses.

<sup>2</sup> Students must complete one approved Wisconsin Registry credential (12-18 credits) and a total of 18 credits for the submajor. Six of these credits will count as Lower Division Electives. These lower-division credits may come from any of the Wisconsin Registry credentials.

<sup>3</sup> Students must complete the credits for one of the "Foundations" or "Administrative" credentials developed and overseen by the Wisconsin Registry at an institution that offers these to complete the submajor. ("Specialty" credentials cannot be used for this purpose.) Child-care Registry credits are completed at other institutions and transferred in - UWM does not offer these courses. Twelve credits from "Foundations" or "Administrative" credentials will count as upper-division credits in the major once the full credential is completed. Credentials do not need to be "commissioned." Eighteen *total* credits of child care credential courses must be completed for the submajor. All credits must be completed with a grade of C or better. (Child care registry courses completed by students at UWM when they were offered will also count.) The "Administrative" credentials are: Administrator, Leadership, Program Development. The "Foundations" credentials are: Preschool, Infant Toddler, Family, and Afterschool & Youth Development. Visit the Wisconsin Registry (<https://wiregistry.org/credentials-overview/>) for the list of all credentials offered under the auspices of the Registry, as well as the institutions that offer each of them.

**Additional Requirements for Graduation**

- Minimum 2.0 UWM cumulative GPA
- Satisfactory completion of a minimum of 120 credits

**Opportunities (p. 343)****Prior Professional Education Experience (PPEE)**

A student who has been accepted as a major in Community Engagement and Education is eligible to earn credit for their professional/life experience by demonstrating their competency through essay examinations (PPEE). Credits earned, by passing individual exams with a grade of C or better, will be counted toward the Community Engagement and Education degree in 3-credit blocks. Students pay for one 3-credit course, and all additional credits they receive through the course are awarded without cost. In order to "pass" the course and receive at least 3 credits, a student must attempt 7 of the 14 competency area essay exams listed below.

**Competency Areas**

Code	Title	Credits
	Community Perspectives on Human Resource Programs	3
	Resource Development	3
	Local Community Systems	3
	Political/Economic Analysis	3
	Personal Growth Competency	3
	Philosophies of Change	3
	Group Process Skills	3
	Leadership Issues	3
	Research Skills	3
	Change Strategies	3
	Educational Advocacy	3
	Administrative Skills	3
	Social Problem Analysis	3
	Conflict Resolution	3

Community Engagement and Education majors wishing to demonstrate their competencies for these credits are required to enroll in the competency examination course, ED POL 100 Community Education I, **during their first or second semester** of study. PPEE students have the opportunity to earn a maximum of 42 credits, which will *only* apply toward a Community Engagement and Education degree and *only* as lower-division electives. **Students who leave the CEED program will not be able to use these credits in other programs.**

**Undergraduate Advising**

Our purpose is to provide collaborative, mentoring relationships which promote educational, career, and professional development. We value a student-centered, holistic, and ethical approach to advising based on strong partnerships with students, faculty and staff, and the larger campus community. We are committed to creating a respectful and supportive environment. We encourage students to be self-reliant through informed decisions and choices based upon dissemination of accurate information. We value our own continuous professional development to enhance the quality of the advising experience.

## How to Prepare for an Advising Meeting

- Review your Advisement Report in PAWS (<http://uwm.edu/registrar/academic-unit-services/paws-academic-advisement/>).
- Come prepared with questions or topics for discussion.
- Make a list of courses you think you should take.
- Investigate opportunities to prepare for the job you want.
- Keep a record of your academic progress.
- Understand you are ultimately responsible for creating your educational, life, and career plans.
- Maintain honest and open communication with your advisor.
- Take responsibility for choices you make as a student and member of the UW-Milwaukee community.

## Scheduling an Appointment

Office of Student Services  
Enderis Hall, Room 209  
(414) 229-4721  
[soeinfo@uwm.edu](mailto:soeinfo@uwm.edu)

## Graduate Advising

If you are a School of Education graduate student, you may schedule an appointment with your faculty advisor by contacting your faculty advisor directly. Faculty contact information can be found in the Directory (<https://uwm.edu/education/directory/>). Your faculty advisor will be listed in your PAWS account.

## Transfer of Child-Care Registry Credits

Child-care Registry credits are completed at other institutions and transferred in - UWM does not offer these courses. Students must complete one of the "Foundations" or "Administrative" credentials developed and overseen by the Wisconsin Child Care Registry at an institution that offers these. Eighteen total credits of WI Registry credits are required to fulfill the Child Care submajor. Students who complete a 12-credit credential through the Registry must transfer in additional Registry credits. Visit the Wisconsin Registry (<https://wiregistry.org/credentials-overview/>) for the list of all credentials offered as well as the institutions that offer each of them.

## College of Community Engagement and Professions Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Community Engagement and Education, BS: Community-Based Organizations: Policy and Leadership

The Submajor in Community-Based Organizations in the Community Engagement and Education (CEED) Program is designed for students who already work or plan to work in community-based organizations working on a range of issues. The specific submajor courses will prepare you to work within and provide leadership in these organizations, understand budgeting and fundraising, and a range of other related issues. This CEED submajor is the only BS degree focused on community-based organizations in the State of Wisconsin. Courses focused on community-based organizations are combined with other CEED courses on collective action for social change, community development, and a range of related topics.

Courses in the CEED BS program are offered during the day as well as online, in the evening, and on weekends. We also give academic credit for prior professional experience.

Community-Based Organization submajor graduates work as youth leaders and educators, administrators in community-based organizations, community organizers, and state and local elected officials. To learn more about careers, go to [www.uwm.edu/ceed](http://www.uwm.edu/ceed) (<http://www.uwm.edu/ceed/>) and click on the "Careers" tab to see a list of actual jobs held by alumni, or click on the "Alumni" tab to read stories about some of our alums.

### Program Highlights:

- Can be completed fully online, face-to-face, or in combination. Courses offered in the evening, on weekends, online, and in hybrid format
- Extremely diverse student body—learn with other students from a wide range of backgrounds
- Up to 42 lower-division electives (free after the first 3) can be earned through our Prior Professional Educational Experience program
- Accepts a wide range of transfer credits, from military transcribed credits to credits from Associates degrees that do not usually transfer. A number of articulation agreements allow additional credits from completed associates degrees in human services, early childhood education, business, and other programs from specific technical colleges. Go to [www.uwm.edu/ceed](http://www.uwm.edu/ceed) (<http://www.uwm.edu/ceed/>) for more detail.

## Community Engagement and Education, BS: Exceptional Education (Non-Licensure)

The Exceptional Education (Non-Licensure) submajor in the Community Engagement and Education (CEED) BS program allows students to complete their degrees in a flexible format (online or hybrid) while also completing 12 credits that can be used in pursuing post-baccalaureate K4-12 Special Education licensure. The CEED BS program addresses issues of racial and social justice, strategies for supporting students placed at risk in the classroom, approaches for engaging with parents and the community, and much more. The submajor adds content on special education students, methods, teacher collaboration, and literacy. Students who choose not to pursue a subsequent teacher certification are well prepared by the CEED BS with the submajor to serve as paraprofessionals or in other roles in special education and education settings.

## Requirements

### General Education Requirements (GERs)

UW-Milwaukee has General Education Requirements (p. 29) that must be met in order to earn a bachelor's degree. Some of the requirements of your program may fulfill the campus GERs. Please review the requirements and consult with your academic advisor.

### Program Core

## College of Community Engagement and Professions Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

# Community Engagement Strategies, Undergraduate Certificate

This undergraduate certificate gives students an opportunity to gain a practical, historical and theoretical understanding of strategies for promoting social change through collective action. If you're seeking an undergraduate degree at UWM, you'll receive the certificate upon completion of your degree. If you already have an undergraduate degree, you'll receive the certificate once you complete the program requirements. Students without a bachelor's degree receive a certificate from the UWM School of Continuing Education after completing the program's required coursework.

Please contact the coordinator of the Certificate, Aaron Schutz ([schutz@uwm.edu](mailto:schutz@uwm.edu)) to discuss admission to and requirements for this program.

### Outcomes

- Understand power relations
- Build coalitions
- Hold government officials accountable
- Work with the media

### Careers

With a focus on urban issues, this certificate is excellent preparation for students who are interested in becoming community organizers, youth and social workers, politicians, community researchers, and nonprofit administrators. It's also useful for students interested in specializing in other areas, such as international, environmental or union organizing.

## Requirements

The certificate program consists of 21 credits.

### Foundation Requirements

Code	Title	Credits
<b>Introductory Course</b>		
ED POL 111	Introduction to Community Action and Change	3

**Total Credits** **9**

## Capstone Internship/Seminar in Community Organizing

Code	Title	Credits
ED POL 442	Intermediate Community Education Practice I <sup>3</sup>	3

**Total Credits** **3**

<sup>3</sup> A second internship in addition to ED POL 442 may be approved in some cases by a student's advisor. Internships must occur at the time credits are taken & written permission must be included in student's file prior to enrollment. The Program Committee is the final arbiter with regard to the relevance of internship opportunities to the mission of the certificate.

## Undergraduate Advising

Our purpose is to provide collaborative, mentoring relationships which promote educational, career, and professional development. We value a student-centered, holistic, and ethical approach to advising based on strong partnerships with students, faculty and staff, and the larger campus community. We are committed to creating a respectful and supportive environment. We encourage students to be self-reliant through informed decisions and choices based upon dissemination of accurate information. We value our own continuous professional development to enhance the quality of the advising experience.

### How to Prepare for an Advising Meeting

- Review your Advisement Report in PAWS (<http://uwm.edu/registrar/academic-unit-services/paws-academic-advisement/>).
- Come prepared with questions or topics for discussion.
- Make a list of courses you think you should take.
- Investigate opportunities to prepare for the job you want.
- Keep a record of your academic progress.
- Understand you are ultimately responsible for creating your educational, life, and career plans.
- Maintain honest and open communication with your advisor.
- Take responsibility for choices you make as a student and member of the UW-Milwaukee community.

### Scheduling an Appointment

Office of Student Services  
 Enderis Hall, Room 209  
 (414) 229-4721  
 soeinfo@uwm.edu

## Graduate Advising

If you are a School of Education graduate student, you may schedule an appointment with your faculty advisor by contacting your faculty advisor directly. Faculty contact information can be found in the Directory (<https://uwm.edu/education/directory/>). Your faculty advisor will be listed in your PAWS account.

## Student-Designed Issue Area Option

*May replace up to 6 credits of either Practical or Foundations focus areas.*

There are many courses at UWM not listed under the Practical and/or Foundations certificate focus areas that may be especially relevant to students with interest in a particular area of organizing. Therefore, with the written permission of the Program Coordinator, students with special interests may develop an issue area that may take the place of up to 6 credits of the Practical or Foundations areas.

Examples of possible student-designed issue areas might include:

- International Contexts and Organizing
- Organizing in Rural Settings

- Health Care Organizing
- Organizing around Issues of Sexuality and/or Sexual Orientation
- Contesting the Criminal Justice System
- Organizing around Disability Issues
- Pollution and Inequality

Courses for a student-designed focus area will only count towards the Community Engagement certificate if they are taken **after a student is officially admitted to the program, and must be officially approved prior to enrollment**. Students must show evidence that they cannot pursue their interest under the current constraints of the Practical and Foundations focus areas. A maximum of three credits of independent reading may be included in this student-designed focus if a relevant course or topic is not available at the University.

## Community Engagement, Minor

With this minor, students can learn about local urban communities and how to improve them. This practical knowledge can provide a foundation for building a career in a variety of human services and community-based careers. The Community Engagement and Education minor is open to all undergraduate students, but should be of particular interest to majors in:

- Africology
- Anthropology
- Business
- Communication
- Education
- Philosophy
- Political Science
- Psychology,
- Social Welfare
- Sociology

## Requirements

Students may declare the minor after completing at least 45 credits, but prior to completing 75 credits.

## Community Leadership, Undergraduate Certificate

*Effective Spring 2023, the Community Leadership certificate has suspended admission.*

The Community Leadership Certificate provides students from any major with a way to explore leadership theory and identity in the community (including the campus community) and community-based institutions. The program will be based on a social justice model of leadership development, but will expose students to additional philosophies such as servant leadership and authentic leadership. Students will also gain practical experience by attending teambuilding activities such as ROPES courses, participating in community service, and doing a practicum in a leadership position, among other experiential learning activities.

*Effective Spring 2023, the Community Leadership certificate has suspended admission.*

### Requirements

The certificate program consists of 16 credits, three of which will come from an experiential learning course, with activities specific to the student's major.

Code	Title	Credits
ED POL 315	Group Process and Civic Engagement:	3
AD LDSP 691	Leadership Ethics in Multicultural Organizations	1
<b>Leadership Practice</b>		
Select one of the following:		3

## Living Learning Communities (LLC)

Living Learning Communities are for those interested in being part of a “community within a community” by living in residence halls among students with similar interests. Members of Living Learning Communities (<http://uwm.edu/housing/communities/living-learning-communities/>) have access to special resources, programs and activities that will connect them with other students, instructors and life at the university. Among the many options is a Community Leadership LLC, which focuses on giving students the skills to succeed as active citizens and leaders in the community.

The Community Leadership option is open to freshmen and sophomores and requires enrollment in certain courses. Students who live in this LLC will only be 9 credits shy of **completing the Community Leadership Certificate Program**, making it a great add-on to one’s major or minor. Certificate completion is noted on University transcripts.

## Community-Based Organizations: Policy and Leadership, Undergraduate Certificate

This certificate program prepares students for mid-level positions in community-based organizations and provides a base for graduate work in non-profit management and other related areas. Students take coursework in foundations and policy, which provides an overview of the workings and role of CBOs, fundraising and marketing, and in leadership to provide knowledge in preparation for supervisory and management roles.

## Cultural Foundations of Community Engagement and Education, MS

The Department of Educational Policy and Community Studies offers a master’s program for educators, community leaders, and those working in community-based organizations. Students deepen their knowledge

about urban education and the contexts of urban communities. The program enhances participants' ability to critically analyze education and processes of community change, and courses focus on the causes of inequality and oppression and explore approaches for fostering change.

Our courses are offered in the evenings, online, hybrid, and on weekends to serve working students. All in-department courses required for the degree are offered online, and students are able to complete all of their departmental courses online over a two-year cycle as space permits.

A core of five courses provides a foundation in writing, sociology, history, philosophy and research.

Students are encouraged to develop and understand their own frameworks of values and theoretical perspectives as applied to the realities of urban education and urban communities. A faculty advisor will assist the student through the program, balancing flexibility and structure according to professional needs. Common focus areas include the following:

- Alternative Education/At-Risk Students
- Child Care
- Community Organizing for Social Change
- Community Engagement and Partnerships
- Educational Policy
- Race Relations
- Urban Education
- Youth Work

Because our program is very flexible, allowing 9 credits of electives within the department as well as 6 credits that can be chosen from across the university, students often create their own unique informal focus areas, which have included: Latino Studies, Working-Class Studies, Educating Hmong Students, Global Education, Comparative Education, Race and the Police, Education and the Homeless, and more.

A wide variety of professionals seeking to understand the urban context of education and community change have found this program useful. Graduates work in a range of fields: directors of non-profit and community-based agencies; teachers and principals in public, private, and alternative schools; administrators of child care centers; directors of social action organizations; managers of programs serving youth; administrators in health service facilities; community organizers; elected government officials; police officers; administrators of group homes; doctoral students; professors; and more. To discover more about what alumni do after graduation, visit the Cultural Foundations MS program website at [uwm.edu/culturalfoundations](http://uwm.edu/culturalfoundations). Click on the "Careers" tab to see a list of actual jobs taken by alumni, and click on the "Alumni" tab to watch some short videos of alumni talking about their experiences in the program.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements **plus**, submit a written statement of educational and professional goals with desired area of concentration to be considered for admission to the program.

## Credits and Courses

The program in Cultural Foundations of Community Engagement and Education requires a minimum of 30 graduate credits, divided among the following: required core courses (15); focus work (minimum 9 graduate credits), electives (minimum 6 graduate credits).

Code	Title	Credits
<b>Core Courses</b> <sup>1</sup>		
ED POL 702	Cultural Foundations of Education Graduate Seminar <sup>2</sup>	3
ED POL 705	Sociology of Education and Community Engagement	3
ED POL 710	Research Methods for Education and Community Engagement	3
ED POL 740	Modern Philosophies of Education and Community	3
ED POL 750	History of Education in American Communities	3
<b>Focus Work in Cultural Foundations</b>		
Select 9 credits in the Department of Educational Policy and Community Studies <sup>3</sup>		9
<b>Electives</b>		
Select a maximum of 6 graduate credits of electives <sup>4</sup>		6
<b>Total Credits</b>		<b>30</b>

<sup>1</sup> Each of these required courses has a set of major questions that guide the instructor and the students.

<sup>2</sup> ED POL 702 must be taken in the first two semesters after a student enrolls in the program.

<sup>3</sup> May be focused in the following areas:

- alternative education
- multicultural education
- peace education
- urban education
- educational policy

They will select this focus with the help of an advisor.

<sup>4</sup> In order to individualize the program, a maximum of 6 graduate credits of electives is selected in consultation with the advisor to enhance the specific professional goals of the student. These credits may be selected from courses within the Department, courses in other departments in the School of Education, or courses outside of the School of Education. A maximum of 3 credits of Independent Reading and 3 credits of fieldwork may be included in the program.

## Additional Requirements

### Major Professor as Advisor

The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. A student who is not assigned to an advisor at time of admission should immediately contact the Department Chair.

### Capstone Paper/Project or Thesis

All students in the Cultural Foundations of Community Engagement and Education program must complete either a final paper, final project, or thesis as part of their degree requirements. Each option is completed under the direction of a faculty supervisor, who may not be the student's initially assigned academic advisor.

### Final Paper Option

The final paper option generally begins with a research paper written in one of the student's classes. This paper is then brought to a more complete form with the support of a faculty supervisor. This option provides an opportunity to refine one's research and writing skills and to develop a fully thought-out analysis of a topic a student is especially interested in understanding. It also can serve as a writing sample for future graduate school applications. Students do not generally take extra credits to complete this option unless they are writing an entirely new paper. Note that this is NOT a thesis, which is a much more intensive and formalized research effort.

### Final Project Options

The final project option is generally for students who are interested in more practice-oriented work, and who may not be planning to go on for further graduate study. The final project often involves action research: collecting data on some change made on their job or on another effort, and concluding with a report and presentation about what was learned. However, final projects can take a range of forms depending on what is negotiated with a faculty supervisor and may require enrollment for credit. Final projects are less writing intensive than final papers.

### Thesis Option

A thesis represents a much more substantial research project that is submitted formally to the Graduate School. Students pursuing the thesis option may take up to 6 credits of ED POL 990 Research or Thesis.

### Exit Interview

Students completing any of the above options will also end with a final exit interview with two faculty members from the program.

### Time Limit

The student must complete all degree requirements within five years of initial enrollment.

## Accelerated Program Option

This program is offered as part of an accelerated graduate program. For more information, see Accelerated Graduate Degrees (p. 37).

## Racial and Social Justice in Education, Graduate Certificate

School and community leaders increasingly seek to address racial and social justice challenges in classrooms, organizations, schools and neighborhoods.

A wide range of organizations are looking for people with the knowledge to improve equity.

But many do not fully understand the histories of racial and other oppression in the U.S., or the ways social, economic, and other forces continue to harm people from different groups.

In the Certificate in Racial and Social Justice in Education, you will join a diverse group of students who are working together to make sense

of these challenges and develop strategies to address them. Our highly qualified faculty will guide you on this journey.

### Students Will Learn:

- The history and sources of racial and other oppression in the U.S.
- How these oppressive forces affect schools and communities today
- Strategies to confront and change structures, attitudes, and patterns

### Why Choose Our Program?

- Diverse faculty with deep understandings of racial and social justice
- Diverse student body from a wide range of educational and community backgrounds
- Unique focus combining education and community contexts
- Flexible program tailored to student interests
- Available fully online, partially face-to-face/hybrid, and on evenings and weekends

The Certificate can be completed:

- Fully online
- Mostly face-to-face/hybrid (evening and weekend classes)
- In combination

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

### Admission

Applicants must have a baccalaureate degree and a minimum 2.75 cumulative undergraduate grade point average. Students who do not meet the GPA minimum may provide additional evidence of admissibility, including passing two courses in the certificate program as a special student with a grade of B or better.

## Credits and Courses

ED POL 750	History of Education in American Communities
ED PSY 833	Social Psychology of Group Differences: Race and Ethnicity

**Total Credits** 15

A student's faculty advisor or the graduate representative can approve substitutions for Certificate program courses.

## Additional Requirements

### Capstone Final Portfolio

At the end of the program, students complete a capstone portfolio drawing from the work completed during the program that synthesizes and reflects upon what they have learned, particularly how this new knowledge might affect their practice. They will present their conclusions before a faculty member in the Department. For students in the Cultural Foundations MS program, this could be integrated with the final MS paper.

### Transfer Credit

Students may transfer in a maximum of 3 relevant credits, as determined by a student's advisor.

### Grade Point Average Requirement

Students must have a cumulative GPA of 2.75.

### Time Limit

Three years from initial enrollment.

### Articulation with Degree Programs

- Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
- Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
- A course may count toward no more than one certificate and one degree.
- Students may not earn a certificate subsequent to a concentration in the same area.

# Youth Work, Undergraduate Certificate

*Effective Spring 2023, the Youth Work certificate has suspended admission.*

The Youth Work Certificate is available to students in Social Work, Community Education and Engagement, Exceptional Education, and Educational Studies. It is ideal for students who want to learn more about adolescence and working with youth in a variety of settings, including large and small community based programs, group homes, foster care, and residential treatment centers. The focus is on youth who are troubled or at high risk, but much of the learning applies to youth in general and younger children as well.

*Effective Spring 2023, the Youth Work certificate has suspended admission.*

Select 6 credits of courses focused on Human Development or Family Work in consultation with advisor		6
<b>Total Credits</b>		<b>14-15</b>

<sup>1</sup> Fieldwork must relate to child and/or youth care.

## Undergraduate Advising

Our purpose is to provide collaborative, mentoring relationships which promote educational, career, and professional development. We value a student-centered, holistic, and ethical approach to advising based on strong partnerships with students, faculty and staff, and the larger campus community. We are committed to creating a respectful and supportive environment. We encourage students to be self-reliant through informed decisions and choices based upon dissemination of accurate information. We value our own continuous professional development to enhance the quality of the advising experience.

### How to Prepare for an Advising Meeting

- Review your Advisement Report in PAWS (<http://uwm.edu/registrar/academic-unit-services/paws-academic-advisement/>).
- Come prepared with questions or topics for discussion.
- Make a list of courses you think you should take.
- Investigate opportunities to prepare for the job you want.
- Keep a record of your academic progress.
- Understand you are ultimately responsible for creating your educational, life, and career plans.
- Maintain honest and open communication with your advisor.
- Take responsibility for choices you make as a student and member of the UW-Milwaukee community.

### Scheduling an Appointment

Office of Student Services  
Enderis Hall, Room 209  
(414) 229-4721

soeinfo@uwm.edu

## Graduate Advising

If you are a School of Education graduate student, you may schedule an appointment with your faculty advisor by contacting your faculty advisor directly. Faculty contact information can be found in the Directory (<https://uwm.edu/education/directory/>). Your faculty advisor will be listed in your PAWS account.

## Educational Psychology

The Department of Educational Psychology prepares psychologists, counselors, researchers and educational professionals to effectively promote educational research, learning and development, and mental health in urban environments. We aim to prepare counselors, psychologists, researchers, and educational professionals who 1) have a foundation of knowledge about the bio/psycho/social bases of behavior, 2) are culturally responsive to, and understand, the unique developmental, contextual, and systems approaches in urban settings and environments, 3) can become scholars with applied research skills in their area of specialization, and 4) demonstrate the knowledge, skills, and values of their chosen area of specialization.

Students may pursue a Master of Science or Doctor of Philosophy in Educational Psychology in one of four concentration areas: cognitive and developmental sciences, educational statistics and measurement, school psychology, and counseling psychology (school counseling and clinical mental health counseling). The Department also offers certification sequences to qualify students as school psychologists and school counselors.

Undergraduate students may take courses in Educational Psychology toward various certificates or toward the minor in Counseling. The minor is available to undergraduates from other majors, such as Psychology, Nursing, Criminal Justice, Communication, and other areas in which students are interested in developing counseling skills.

The Counseling Psychology and School Psychology specializations at the master's and doctoral level are accredited by the American Psychological Association (APA).

## Children's Mental Health for School Professionals, Graduate Certificate

*As of Spring 2017, the Children's Mental Health for School Professionals certificate has suspended admission. This means that unless you have been accepted into this certificate program prior to Spring 2017, you will not be able to earn the certificate. The following information is provided solely for the benefit of students accepted into the Children's Mental Health for School Professionals certificate prior to Spring 2017.*

### Admission Requirements

#### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found

by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

#### Admission

- Post baccalaureate: Minimum 2.75 undergraduate GPA, submit undergraduate transcripts and letter of intent.
- Current graduate students: minimum 3.0 cumulative GPA; submit current transcript and letter of intent.
- Post graduate: submit graduate transcript and letter of intent.

#### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).

- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

## Credits and Courses

15 graduate credits as follows:

Code	Title	Credits
ED PSY 710	Child and Adolescent Mental Health Issues in Schools	3
ED PSY 711	Cultural Context of Children’s Mental Health	3
ED PSY 712	Mentally Healthy Classroom and School Environments	3
ED PSY 713	Mental Health Needs in Urban Environments	3
COUNS 805	Consultation Strategies for Counselors and School Psychologists (or approved alternative)	3
<b>Total Credits</b>		<b>15</b>

The certificate is conferred on completion of all courses with a grade of B or better.

## Additional Requirements

### Transfer Credit

No credits may be taken at an institution other than UWM.

### Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

## Articulation with Degree Programs

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

## Time Limit

Certificate program time limits shall be established as follows:

## Counseling, Minor

Counseling is an essential component across disciplines in psychology, education, social work, and related health professions. The foundational body of knowledge and development of introductory skills in the field of counseling are applicable to students pursuing these professions. A counseling minor would enable individuals to empower diverse individuals, families, and groups to accomplish mental health, wellness, education, and career goals and overcome personal challenges and obstacles in a variety of settings.

## Requirements

### Minor Requirements

Code	Title	Credits
ED PSY 212	Career Planning and Development for the Multicultural Workplace	3
ED PSY 220	Positive Psychology Applied to Culture, Learning, & Development	3
COMMUN 350 or COMMUN 402	Intercultural Communication Gender and Communication	3
ED PSY 330 or ED PSY 640	Introduction to Learning and Development Human Development: Theory and Research	3
COUNS 403	Overview of Counseling Skills	3
COUNS 600	Introduction to Clinical Mental Health Counseling	3
<b>Total Credits</b>		<b>18</b>

### Completion

- 18 credits, at least 9 at the 300 level and above;
- Minimum GPA of 2.5 on all credits in the minor, including UWM and transfer credits.

## Undergraduate Advising

Our purpose is to provide collaborative, mentoring relationships which promote educational, career, and professional development. We value a student-centered, holistic, and ethical approach to advising based on strong partnerships with students, faculty and staff, and the larger campus community. We are committed to creating a respectful and supportive environment. We encourage students to be self-reliant through informed decisions and choices based upon dissemination of accurate information. We value our own continuous professional development to enhance the quality of the advising experience.

### How to Prepare for an Advising Meeting

- Review your Advisement Report in PAWS (<http://uwm.edu/registrar/academic-unit-services/paws-academic-advisement/>).
- Come prepared with questions or topics for discussion.
- Make a list of courses you think you should take.

- Investigate opportunities to prepare for the job you want.
- Keep a record of your academic progress.
- Understand you are ultimately responsible for creating your educational, life, and career plans.
- Maintain honest and open communication with your advisor.
- Take responsibility for choices you make as a student and member of the UW-Milwaukee community.

### ***Scheduling an Appointment***

Office of Student Services  
Enderis Hall, Room 209  
(414) 229-4721  
soeinfo@uwm.edu

### **Graduate Advising**

If you are a School of Education graduate student, you may schedule an appointment with your faculty advisor by contacting your faculty advisor directly. Faculty contact information can be found in the Directory (<https://uwm.edu/education/directory/>). Your faculty advisor will be listed in your PAWS account.

## **Educational Psychology, MS: Clinical Mental Health Counseling**

The counseling program in the Department of Educational Psychology offers two distinct concentration areas:

- Clinical Mental Health Counseling
- School Counseling

Given UWM's location in the largest urban area in Wisconsin, the counseling faculty is committed to training multiculturally competent community counselors and school counselors to serve clients in urban environments. Both concentrations share a core preparation in the areas of counseling and educational psychology. As students make progress in their program of studies, their focus will take on a more specialized training with content specific courses and field placements where they will refine their counseling skills in practical settings.

The concentrations train counselors to work with a diverse group of clients in urban settings and to deliver services in an ethical manner, as outlined by professional codes of conduct. They share in common courses comprising an Educational Psychology core of studies, a general Counseling core of studies, and a Concentration core. The Educational Psychology core provides knowledge for understanding research and professional scholarship, techniques of educational and psychological measurement, and typical human growth and development across the life-span. The Counseling core courses provide training in basic helping processes and relationships, career development, social and diversity issues in counseling, group work, appraisal of client issues, counseling theory, and the role of family systems. The Concentration core provides training in advanced strategies for helping clients change, and opportunities for increasing competency with specific populations through field placement. Pre-Practicum, Practicum I and Practicum II provide 700 hours of supervised clinical training which involves the refinement of more advanced and sophisticated counseling skills in placements in actual counseling settings.

The Clinical Mental Health Counseling concentration prepares students for work in a variety of community settings such as mental health clinics, community agencies, counseling centers, colleges and universities, and

business and industry. Students arrange their program of studies in consultation with their advisors so that the 60 credits earned toward a master's degree will meet selected state certification requirements.

## **Admission Requirements**

### **Application Deadlines**

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### **Application**

Before applying please see the Educational Psychology Website (<https://uwm.edu/education/academics/educational-psychology-department/>) for department-specific application requirements.

### **Admission**

An applicant must meet Graduate School requirements plus these departmental requirements to be considered for admission to the program:

1. An undergraduate GPA of 3.00.
2. Applicants may be admitted with specific program-defined course deficiencies provided that the deficiencies amount to no more than two courses. The student is expected to satisfy deficiency requirements within three enrolled semesters. No course credits earned in making up deficiencies may be counted as program credits required for the degree.
3. Initial advisor assignment will be made by the area chair of the concentration to which the applicant has applied.
4. For the concentrations in Clinical Mental Health Counseling, School Counseling, and School Psychology: a resume or curriculum vitae.
5. Completion of the reason statement in the application.

### **Admission - Clinical Mental Health Counseling Concentration**

Admission to the master's concentrations in counseling takes place in the fall. The Department of Educational Psychology deadline for receipt of completed applications is February 15.

If you are interested in applying to one of the master's concentrations in counseling, please see the Educational Psychology Website (<https://uwm.edu/education/academics/educational-psychology-department/>) for more information. A student handbook containing detailed information on each program is available online; it can be accessed by clicking on the specific program of interest in the left-hand navigation bar. For further questions not addressed on the website, contact the Department of Educational Psychology at [edpsydp@uwm.edu](mailto:edpsydp@uwm.edu).

Students who seek admission to the Clinical Mental Health or School Counseling concentrations within the counseling area must apply through the Graduate School (<https://graduateschool-apply.uwm.edu/>) for admission to the Department of Educational Psychology. Please note that Graduate School deadlines are earlier because they receive, evaluate, and send completed graduate school applications to the Department. Upon admission, the student is assigned to a faculty member of the Department of Educational Psychology-Counseling Area who shall serve as the student's advisor.

The Counseling Area follows the admissions requirements of the Graduate School and the Department of Educational Psychology.

- 48 credits are required for the School Counseling concentration.
- 60 credits are required for the Clinical Mental Health Counseling concentration.

## Credits and Courses

Code	Title	Credits
<b>Educational Psychology Core</b>		
ED PSY 624	Educational Statistical Methods I	3

<b>Electives</b>		
Select 3 elective credits		3
<b>Total Credits</b>		<b>60</b>

In addition to the courses listed above, students must complete a comprehensive examination, a master's paper, or a thesis (no more than three thesis credits to apply towards the degree).

## Additional Requirements

### Major Professor as Advisor

The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. A

student who is not assigned to an advisor at time of admission should immediately contact the Department Chair.

### Thesis

Optional. Up to 6 degree credits may be awarded for thesis research.

### Comprehensive Examination

The student who writes a thesis must pass a final oral examination in defense of that thesis. The student who does not write a thesis must pass a final oral or written comprehensive examination.

### Time Limit

The student must complete all degree requirements within five years of initial enrollment.

## Educational Psychology, MS: Cognitive and Developmental Sciences

The Cognitive and Developmental Sciences concentration provides students with the psychological foundations of education. The program emphasizes the perspective of the learner and concentrates on the following content areas: cognition, development, and social. The program focuses on research skills as they apply to education and training, throughout the lifespan, in a broad range of settings.

Graduates of the MS program go on to pursue a PhD (often in Educational Psychology or a related field) or find jobs in education and/or research settings in the private or public sectors. Many graduates of our PhD program pursue careers at research institutes and universities.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Application

Before applying please see the Educational Psychology Website (<https://uwm.edu/education/academics/educational-psychology-department/>) for department-specific application requirements.

### Admission

An applicant must meet Graduate School requirements plus these departmental requirements to be considered for admission to the program:

1. An undergraduate GPA of 3.00.
2. Applicants may be admitted with specific program-defined course deficiencies provided that the deficiencies amount to no more than two courses. The student is expected to satisfy deficiency requirements within three enrolled semesters. No course credits earned in making up deficiencies may be counted as program credits required for the degree.
3. Initial advisor assignment will be made by the area chair of the concentration to which the applicant has applied.

- For the concentrations in Clinical Mental Health Counseling, School Counseling, and School Psychology: a resume or curriculum vitae.
- Completion of the reason statement in the application.

## Credits and Courses

Students are required to complete 30 credits for the master's degree. Students complete 9 credits of core courses, 15 credits of a concentration, and 6 elective credits. Students' programs of studies are developed in consultation with their assigned advisor.

Code	Title	Credits
<b>Core Courses</b>		<b>9</b>
ED PSY 624	Educational Statistical Methods I

The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. A student who is not assigned to an advisor at time of admission should immediately contact the Department Chair.

### Thesis

Optional. Up to 6 degree credits may be awarded for thesis research.

### Comprehensive Examination

The student who writes a thesis must pass a final oral examination in defense of that thesis. The student who does not write a thesis must pass a final oral or written comprehensive examination.

### Time Limit

The student must complete all degree requirements within five years of initial enrollment.

## Accelerated Program Option

This program is offered as part of an accelerated graduate program. For more information, see Accelerated Graduate Degrees (p. 37).

## Educational Psychology, MS: Educational Statistics and Measurement

Many fields and employers need professionals who have expertise in statistics and measurement to make sense of data and use data to answer research questions.

UWM's Department of Educational Psychology offers a few options for students who are interested in specializing in educational statistics and measurement. The Master's program will provide students with the knowledge necessary to execute research and evaluate and critique existing research — a valuable asset whether you're planning to put your skills to use in the workforce right away or go on to doctoral studies.

### Why Choose Our MS Program?

**Ranked #22 in Best Master's in Assessment and Measurement degree programs of 2022 by Intelligent.com** (<https://www.intelligent.com/best-masters-in-assessment-and-measurement-degree-programs/>)

You'll be taught and mentored by faculty who specialize in this field, and after completing your master's studies you'll be ready to:

- Analyze and interpret data
- Design and build assessment instruments
- Design research projects and address research questions using quantitative data
- Conduct program evaluations

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Application

Before applying please see the Educational Psychology Website (<https://uwm.edu/education/academics/educational-psychology-department/>) for department-specific application requirements.

## Educational Psychology, MS: School Counseling

The counseling program in the Department of Educational Psychology offers two distinct concentration areas:

- Clinical Mental Health Counseling
- School Counseling

Given UWM's location in the largest urban area in Wisconsin, the counseling faculty is committed to training multiculturally competent community counselors and school counselors to serve clients in urban environments. Both concentrations share a core preparation in the areas of counseling and educational psychology. As students make progress in their program of studies, their focus will take on a more specialized training with content specific courses and field placements where they will refine their counseling skills in practical settings.

The concentrations train counselors to work with a diverse group of clients in urban settings and to deliver services in an ethical manner, as outlined by professional codes of conduct. They share in common courses comprising an Educational Psychology core of studies, a general Counseling core of studies, and a Concentration core. The Educational Psychology core provides knowledge for understanding research and professional scholarship, techniques of educational and psychological measurement, and typical human growth and development across the life-span. The Counseling core courses provide training in basic helping processes and relationships, career development, social and diversity issues in counseling, group work, appraisal of client issues, counseling theory, and the role of family systems. The Concentration core provides training in advanced strategies for helping clients change, and opportunities for increasing competency with specific populations through field placement. Supervised Practicum I and II in Counseling involve the refinement of more advanced and sophisticated counseling

skills in placements in actual counseling settings. Students are required to spend 20 hours each week during the semester at their placement site. This concentration requires 48 credits.

The School Counseling concentration prepares students to work as school counselors. The program is approved by the Wisconsin Department of Public Instruction. Students are trained to apply the principles of learning, human development, counseling, and research and measurement within the schools. Preparation is designed to enable students to deliver school counseling programs and services to schools and the community. Students arrange their program of studies in consultation with their advisors so that the 48 credits earned toward a master's degree also will satisfy Wisconsin State Certification requirements. Certification is available as a K-12 School Counselor.

The School Counseling Certification program is for students who already possess a master's degree. Certification students are admitted to the school counseling certification and enroll as non-degree candidates. They need to meet the requirements for school counselor certification, which are generally fewer than the credits required for the MS. Final selection of courses is determined by consultation with an advisor. Certification is available as a K-12 School Counselor. The requirements for this certification program meet the certification standards of the Wisconsin Department of Public Instruction.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Application

Before applying please see the Educational Psychology Website (<https://uwm.edu/education/academics/educational-psychology-department/>) for department-specific application requirements.

### Admission

An applicant must meet Graduate School requirements plus these departmental requirements to be considered for admission to the program:

1. An undergraduate GPA of 3.00.
2. Applicants may be admitted with specific program-defined course deficiencies provided that the deficiencies amount to no more than two courses. The student is expected to satisfy deficiency requirements within three enrolled semesters. ### Time Limit

The student must complete all degree requirements within five years of initial enrollment.

## Educational Psychology, MS: School Psychology

The master's degree in Educational Psychology (School Psychology concentration) is designed as part of the Educational Specialist degree. Students in the EdS track earn a master's degree along the way to their final degree upon completion of the master's degree requirements.

As such, the master's degree is not a terminal degree. Students must complete 31 graduate credits. Further, students in the EdS track must pass the master's exam.

The School Psychology concentration incorporates the scientist-practitioner model and provides a concrete link between theory, research, and practice. The program prepares students for employment in school and mental health settings. Students are prepared to provide psychological services to children, adolescents, and families; to conduct research; and to empirically evaluate the efficacy of their psychoeducational interventions and assessment procedures.

The following degree options are available: Master of Science Degree in Educational Psychology with a concentration in School Psychology; Education Specialist Degree in School Psychology; and, a PhD in Educational Psychology: Specialization in School Psychology. The PhD Program is accredited by the American Psychological Association (APA) and the National Association of School Psychologists (NASP).

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

## Application

Before applying please see the Educational Psychology Website (<https://uwm.edu/education/academics/educational-psychology-department/>) for department-specific application requirements.

## Admission

An applicant must meet Graduate School requirements plus these departmental requirements to be considered for admission to the program:

1. An undergraduate GPA of 3.00.
2. Applicants may be admitted with specific program-defined course deficiencies provided that the deficiencies amount to no more than two courses. The student is expected to satisfy deficiency requirements within three enrolled semesters. No course credits earned in making up deficiencies may be counted as program credits required for the degree.
3. Initial advisor assignment will be made by the area chair of the concentration to which the applicant has applied.
4. For the concentrations in Clinical Mental Health Counseling, School Counseling, and School Psychology: a resume or curriculum vitae.
5. Completion of the reason statement in the application.

## Credits and Courses

Students in the Educational Psychology MS - School Psychology concentration pursue the Education Specialist (EdS) as their terminal degree.

### Master's Degree Requirements - EdS Track (31 credits minimum)

Social Cognition in Educational Psychology

Total Credits

31

**Master's Examination**

Upon successful completion of 31 graduate credits, the student is eligible to become a candidate for the Master of Science in Educational Psychology. The master's degree is awarded pending successful completion of a master's comprehensive examination.

**Additional Requirements****Major Professor as Advisor**

The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. A student who is not assigned to an advisor at time of admission should immediately contact the Department Chair.

**Thesis**

Optional. Up to 6 degree credits may be awarded for thesis research.

**Comprehensive Examination**

The student who writes a thesis must pass a final oral examination in defense of that thesis. The student who does not write a thesis must pass a final oral or written comprehensive examination.

**Time Limit**

The student must complete all degree requirements within five years of initial enrollment.

**Educational Psychology, PhD: School Psychology**

The doctoral specialization in School Psychology adheres to a scientist-practitioner model of training and is designed to fully integrate psychological theory with rigorous research and professional practice skills. The program is committed to training multi-culturally competent school psychologists. The PhD program is accredited by the American Psychological Association and approved by the National Association of School Psychologists.

The School Psychology program has five major goals. It aims to prepare school psychologists to:

- Design and implement evidence-based therapeutic interventions that meet the mental health and educational needs of children, adolescents and families
- Engage in problem-solving consultation within and across schools and community settings with families and professionals to enhance the competencies and resilience of youth and to promote healthy home, school and community environments
- Conduct comprehensive assessments that are directly linked to interventions aimed at improving understanding and outcomes of youth, families and schools
- Provide service delivery and to conduct research that reflects APA and NASP ethical and professional standards
- Conduct, interpret, critique and disseminate high quality scientist-practitioner research that advances the field of school psychology

**Educational Psychology PhD**

The goal of the Doctor of Philosophy in Educational Psychology is to prepare psychologists, researchers and educational professionals to effectively work on the unique challenges of promoting education, learning, and mental health in urban environments. The four areas of emphasis in the doctoral program are:

- Counseling Psychology
- Cognitive and Developmental Sciences
- Educational Statistics and Measurement
- School Psychology

See the Educational Psychology Website (<https://uwm.edu/education/academics/educational-psychology-department/>) for more information on these areas.

The Counseling Psychology and School Psychology specializations at the master's and doctoral level are accredited by the American Psychological Association (APA).

Office of Program Consultation and Accreditation  
American Psychological Association  
750 1st Street, NE, Washington, DC 20002  
Phone: (202) 336-5979  
E-mail: [apaaccred@apa.org](mailto:apaaccred@apa.org)  
Website: American Psychological Association Website (<https://accreditation.apa.org/>)

**Admission Requirements****Application Deadlines**

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

**Admission**

To be considered for admission to the program applicants must complete the Graduate School online application, and satisfy all UWM Graduate School admission requirements in addition to the following program requirements:

- Undergraduate GPA of at least 3.0.
- A letter outlining the applicant's academic and professional background, declaration of School Psychology as the Area of Concentration, as well as specific research interests and goals for the PhD program.
- Three letters of recommendation from individuals familiar with the applicant's intellectual achievement and potential.
- Resume or curriculum vita.

In addition to the requirements listed below, please refer to the program handbook.

## Additional Requirements

### Advising and the Major Professor

Upon admission to the doctoral program in Educational Psychology, students are assigned a temporary advisor in their area of emphasis (e.g., Counseling Psychology, Cognitive and Developmental Sciences, Educational Statistics and Measurement, or School Psychology). This person is available to discuss initial course selection and provide general advice about the program. After beginning the program and before filing a Student Academic Plan, students should seek a Major Professor. The permanent Major Professor may—but does not have to be—the same person who is the temporary advisor. Students must select an advisor in their area of emphasis. Selection of a Major Professor is by mutual consent between the student and the faculty member. Students should notify the Training Director within their emphasis when the Major Professor has been selected.

### Residence

The student must meet minimum Graduate School residence requirements (<http://uwm.edu/graduateschool/doctoral-requirements/#residence>) of one continuous academic year of full-time graduate studies at UWM. This can be satisfied by completing at least 8 graduate credits in each of two consecutive semesters, or 6 or more graduate credits in each of three consecutive semesters.

## Practicum

Students are required to complete practicum requirements to become licensed.

## Internship

Following Practicum, students are required to complete a year-long internship in order to be licensed.

## Publishable Paper

Students are required to work with faculty to have a “publishable” paper within 30 credits after admission to the program. It may be a collaborative effort, such as publishing a chapter or article with a faculty advisor or other faculty collaborator.

## Minor

A minor is an option. Students interested in a minor should contact their Major Professor.

## Master's Degree

Students may apply to receive the master's degree upon completion of 30 credits.

## Doctoral Preliminary Examination

The Doctoral Preliminary Examination is taken at the end of a student's coursework. A description of the Preliminary Examination is provided in the doctoral handbook corresponding to the student's specialization area within Educational Psychology.

The Preliminary Examination consists of a written component and, in some specializations, an oral component. The purpose of the Preliminary Examination is to determine whether the student demonstrates understanding of coursework and related bodies of knowledge and is qualified to proceed with dissertation planning. A minimum of three faculty members in the specialization area shall participate on a student's Preliminary Examination.

## Proposal Hearing

A doctoral student qualifies as a “doctoral candidate” upon completion of the doctoral Student Academic Plan, successful completion of the Doctoral Preliminary Examination for the PhD degree, and successfully passing a dissertation proposal hearing. The hearing is open and the date, time and location must be announced by the Major Professor. Each member of the committee must sign the doctoral dissertation proposal hearing form, and indicate approval or disapproval. A simple majority of all committee members is required. No absentee ballots are acceptable.

## Dissertation Defense

The candidate must write a dissertation that demonstrates the ability to pursue independent research. The candidate must pass an oral exam in defense of the dissertation.

## Exit Requirements

Contingent upon satisfactory completion of program requirements, passage of the preliminary qualifying examination, and successful oral defense of the dissertation, the Chair of the Department of Educational Psychology will give final approval of the PhD in Educational Psychology.

## Time Limit

It is expected that most students will complete all degree requirements within six years of initial enrollment in the doctoral program. All

requirements MUST be completed within ten years from the date of initial enrollment.

# Educational Psychology, PhD: Cognitive and Developmental Sciences

This graduate-level program emphasizes the perspective of the learner in a broad range of learning contexts – from schools to museums to home – throughout the human lifespan. Students in our doctoral program work closely with faculty members (p. ) to conduct cutting-edge research in Human Development and/or Cognitive Science.

Graduates of the PhD program find jobs in education and/or research settings in the private or public sectors. Many graduates of our PhD program pursue careers at research institutes and universities.

## Educational Psychology PhD

The goal of the Doctor of Philosophy in Educational Psychology is to prepare psychologists, researchers and educational professionals to effectively work on the unique challenges of promoting education, learning, and mental health in urban environments. The four areas of emphasis in the doctoral program are:

- Counseling Psychology
- Cognitive and Developmental Sciences
- Educational Statistics and Measurement
- School Psychology

See the Educational Psychology Website (<https://uwm.edu/education/academics/educational-psychology-department/>) for more information on these areas.

The Counseling Psychology and School Psychology specializations at the master's and doctoral level are accredited by the American Psychological Association (APA).

Office of Program Consultation and Accreditation

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

To be considered for admission to the program applicants must complete the Graduate School online application, and satisfy all UWM Graduate School admission requirements in addition to the following program requirements:

- Optional: Submission of scores on the General Test portion of the Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>); test taken within last five years. GRE scores are not required for any program in educational psychology but may be submitted as supplemental material.
- Undergraduate GPA of at least 3.0; graduate GPA of at least 3.5 required.
- A letter outlining the applicant’s academic and professional background, declaration of Area of Concentration (Counseling Psychology, Cognitive and Developmental Sciences, Educational Statistics and Measurement, or School Psychology) as well as specific research interests and goals for the PhD program.
- Three letters of recommendation from individuals familiar with the applicant’s intellectual achievement and potential.
- Applicants to the Cognitive and Developmental Sciences, School Psychology, and Counseling Psychology concentrations must submit at least one sample of their academic writing. You may add additional materials that highlight your professional and/or academic skills.
- Applicants to the Educational Statistics and Measurement concentration must submit at least one sample of quantitative research/statistical analysis. You may add additional materials that highlight your professional and/or academic skills.
- For the concentrations in Counseling Psychology and School Psychology: a resume or curriculum vitae.
- Completion of the reason statement on the application.

## Credits and Courses

### Core Educational Psychology Requirements

All doctoral students are required to complete 27 core credits in the areas of Psychological Foundations and Research Methods. In many cases, students entering with a Master’s degree will have completed some of these courses. Courses taken during Master’s preparation may be counted in meeting the core requirements. Elective credits are taken in consultation with the major professor.

**Psychological Foundations Core:** Students must take 12 credits minimum of psychological foundations (social, cognitive, affective, or biological basis of behavior).

**Research Methods Core:** 15 credits minimum.

All doctoral students must show documentation that they have acquired research skills needed for dissertation work. To fulfill this requirement students must successfully complete at least 15 credits of coursework in the area of research methods. All students must complete ED PSY 624 and ED PSY 724. Students must fulfill the remaining requirements by choosing from courses offered at the 700-level or above. Students should consult the specific requirements for their area of specialization for additional requirements, as the requirements for each area of specialization may exceed those specified here.

**Urban Foundations:** EDUC 701, Critical Issues in Urban Education, is recommended for the Cognitive and Developmental Sciences and Educational Statistics and Measurement specializations.

## Additional Requirements

### Advising and the Major Professor

Upon admission to the doctoral program in Educational Psychology, students are assigned an advisor in their area of emphasis (e.g., Counseling Psychology, Cognitive and Developmental Sciences, Educational Statistics and Measurement, or School Psychology). This person is available to discuss course selection and provide general advice about the program. Selection of an advisor is by mutual consent between the student and faculty member; changes in advisor will follow Graduate School guidelines. Requests for a change in advisor can occur in consultation with the advisor, program chair, and/or graduate representative.

### Residence

The student must meet minimum Graduate School residence requirements (<http://uwm.edu/graduateschool/doctoral-requirements/#residence>) of one continuous academic year of full-time graduate studies at UWM. This can be satisfied by completing at least 8 graduate credits in each of two consecutive semesters, or 6 or more graduate credits in each of three consecutive semesters, exclusive of summer sessions. Residence credit cannot be earned at the master's level.

### Practicum

Students in the Counseling Psychology and School Psychology concentrations are required to complete practicum requirements to become licensed.

### Internship

Following Practicum, students in the Counseling Psychology and School Psychology concentrations are required to complete a year-long internship in order to be licensed.

### Minor

A minor is optional. Students should consult with their advisor.

### Doctoral Preliminary Examination

The Doctoral Preliminary Examination is taken at the end of a student's coursework. A description of the Preliminary Examination is provided in the doctoral handbook corresponding to the student's specialization area within Educational Psychology.

The Preliminary Examination consists of a written component and, in some specializations, an oral component. The purpose of the Preliminary Examination is to determine whether the student demonstrates understanding of coursework and related bodies of knowledge and is qualified to proceed with dissertation planning. A minimum of three faculty members in the specialization area shall participate on a student's Preliminary Examination.

### Proposal Hearing

A doctoral student qualifies as a "doctoral candidate" upon completion of the doctoral Student Academic Plan, successful completion of the Doctoral Preliminary Examination for the PhD degree, and successfully passing a dissertation proposal hearing. The hearing is open and the date, time and location must be announced by the Doctoral Coordinator. Each member of the committee must sign the doctoral dissertation proposal hearing form, and indicate approval or disapproval. A simple majority of all committee members is required. No absentee ballots are acceptable.

### Dissertation Defense

The candidate must write a dissertation that demonstrates the ability to pursue independent research. The candidate must pass an oral exam in defense of the dissertation.

### Exit Requirements

Contingent upon satisfactory completion of program requirements, passage of the preliminary qualifying examination, and successful oral defense of the dissertation, the Chair of the Department of Educational Psychology will give final approval of the PhD in Educational Psychology.

### Time Limit

It is expected that most students will complete all degree requirements within six years of initial enrollment in the doctoral program. All requirements MUST be completed within ten years from the date of initial enrollment.

## Educational Psychology, PhD: Counseling Psychology

UWM's PhD specialization in Counseling Psychology follows a scientist-practitioner model that integrates theory, practice and research to give you the scientific knowledge and skills needed to work with multicultural urban populations and in diverse settings.

Our PhD students are expected to conduct research and to advance the science of counseling psychology through scholarly inquiry. Our program, which is accredited by the American Psychological Association\*, will prepare you to work as a counseling psychologist in a variety of settings, including universities, hospitals, mental health clinics and private practice.

## Educational Psychology PhD

The goal of the Doctor of Philosophy in Educational Psychology is to prepare psychologists, researchers and educational professionals to effectively work on the unique challenges of promoting education, learning, and mental health in urban environments. The four areas of emphasis in the doctoral program are:

- Counseling Psychology
- Cognitive and Developmental Sciences
- Educational Statistics and Measurement
- School Psychology

See the Educational Psychology Website (<https://uwm.edu/education/academics/educational-psychology-department/>) for more information on these areas.

The Counseling Psychology and School Psychology specializations at the master's and doctoral level are accredited by the American Psychological Association (APA).

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

To be considered for admission to the program applicants must complete the Graduate School online application, and satisfy all UWM Graduate School admission requirements in addition to the following program requirements:

- Optional: Submission of scores on the General Test portion of the Graduate Record Examination (<http://uwm.edu/graduateschool/admission/#gre>); test taken within last five years. GRE scores are not required for any program in educational psychology but may be submitted as supplemental material.
- Undergraduate GPA of at least 3.0; graduate GPA of at least 3.5 required.
- A letter outlining the applicant's academic and professional background, declaration of Area of Concentration (Counseling Psychology, Cognitive and Developmental Sciences, Educational Statistics and Measurement, or School Psychology) as well as specific research interests and goals for the PhD program.

- Three letters of recommendation from individuals familiar with the applicant's intellectual achievement and potential.
- Applicants to the Cognitive and Developmental Sciences, School Psychology, and Counseling Psychology concentrations must submit at least one sample of their academic writing. You may add additional materials that highlight your professional and/or academic skills.
- Applicants to the Educational Statistics and Measurement concentration must submit at least one sample of quantitative research/statistical analysis. You may add additional materials that highlight your professional and/or academic skills.
- For the concentrations in Counseling Psychology and School Psychology: a resume or curriculum vitae.
- Completion of the reason statement on the application.

## Credits and Courses

### Core Educational Psychology Requirements

All doctoral students are required to complete 43-46 core credits in the areas of Discipline-Specific Knowledge and Research Methods. In many cases, students entering with a Master's degree will have completed some of these courses. Courses taken during Master's preparation may be counted in meeting the core requirements. Elective credits are taken in consultation with the major professor.

**Discipline-Specific Knowledge:** Students must take 18-21 credits minimum of discipline-specific knowledge (history and systems of psychology, foundations of science, integration).

**Research Methods Core:** Up to 25 credits; students can do an additional 9 credits for an Educational Statistics and Measurement minor.

All doctoral students must show documentation that they have acquired research skills needed for dissertation work. To fulfill this requirement students must successfully complete 13 credits of coursework in the area of research methods at the 700 level or above, including ED PSY 724, and six credits at the 800 level or above.

## Additional Requirements

### Advising and the Major Professor

Upon admission to the doctoral program in Educational Psychology, students are assigned an advisor in their area of emphasis (e.g., Counseling Psychology, Cognitive and Developmental Sciences, Educational Statistics and Measurement, or School Psychology). This person is available to discuss course selection and provide general advice about the program. Selection of an advisor is by mutual consent between the student and faculty member; changes in advisor will follow Graduate School guidelines. Requests for a change in advisor can occur in consultation with the advisor, program chair, and/or graduate representative.

### Residence

The student must meet minimum Graduate School residence requirements (<http://uwm.edu/graduateschool/doctoral-requirements/#residence>) of one continuous academic year of full-time graduate studies at UWM. This can be satisfied by completing at least 8 graduate credits in each of two consecutive semesters, or 6 or more graduate credits in each of three consecutive semesters, exclusive of summer sessions. Residence credit cannot be earned at the master's level.

### Practicum

Students in the Counseling Psychology and School Psychology concentrations are required to complete practicum requirements to become licensed.

### Internship

Following Practicum, students in the Counseling Psychology and School Psychology concentrations are required to complete a year-long internship in order to be licensed.

### Minor

A minor is optional. Students should consult with their advisor.

## Doctoral Preliminary Examination

The Doctoral Preliminary Examination is taken at the end of a student's coursework. A description of the Preliminary Examination is provided in the doctoral handbook corresponding to the student's specialization area within Educational Psychology.

The Preliminary Examination consists of a written component and, in some specializations, an oral component. The purpose of the Preliminary Examination is to determine whether the student demonstrates understanding of coursework and related bodies of knowledge and is qualified to proceed with dissertation planning. A minimum of three faculty members in the specialization area shall participate on a student's Preliminary Examination.

## Proposal Hearing

A doctoral student qualifies as a "doctoral candidate" upon completion of the doctoral Student Academic Plan, successful completion of the Doctoral Preliminary Examination for the PhD degree, and successfully passing a dissertation proposal hearing. The hearing is open and the date, time and location must be announced by the Doctoral Coordinator. Each member of the committee must sign the doctoral dissertation proposal hearing form, and indicate approval or disapproval. A simple majority of all committee members is required. No absentee ballots are acceptable.

## Dissertation Defense

The candidate must write a dissertation that demonstrates the ability to pursue independent research. The candidate must pass an oral exam in defense of the dissertation.

## Exit Requirements

Contingent upon satisfactory completion of program requirements, passage of the preliminary qualifying examination, and successful oral defense of the dissertation, the Chair of the Department of Educational Psychology will give final approval of the PhD in Educational Psychology.

## Time Limit

It is expected that most students will complete all degree requirements within six years of initial enrollment in the doctoral program. All requirements MUST be completed within ten years from the date of initial enrollment.

# Educational Psychology, PhD: Educational Statistics and Measurement

This program is designed to provide you with the knowledge and experience necessary to research existing analytical techniques, as well as to develop and apply new methodologies in educational measurement and statistics. After completing your doctoral studies, you'll be ready to independently conduct quantitative data analyses; construct measurement instruments; translate sophisticated research findings; replicate research studies; contribute to the theory of research methodology; and teach basic courses in measurement, statistics, and research design.

## Why Choose Our PhD Program?

You'll be taught and mentored by faculty who specialize in this field, and you'll learn about:

- Procedures to develop and/or apply psychometric methods including classical test theory, generalizability theory, item response theory, and computer adaptive testing.
- Procedures to develop and/or apply quantitative methods and statistical models, including traditional general linear models (regression, ANOVA, and their extensions) and more modern methods such as multivariate analyses, categorical data analysis, and multilevel data modeling.

## Doctoral Minor

Doctoral students in other areas can also add a minor in Educational Statistics and Measurement. If you take 9 credits of courses in the ESM area, in addition to any courses that are required by your degree program, then a minor in ESM will be noted on your transcript. A minor in ESM will strengthen your quantitative research skills, which are valued by many employers.

## Educational Psychology PhD

The goal of the Doctor of Philosophy in Educational Psychology is to prepare psychologists, researchers and educational professionals to effectively work on the unique challenges of promoting education, learning, and mental health in urban environments. The four areas of emphasis in the doctoral program are:

- Counseling Psychology
- Cognitive and Developmental Sciences
- Educational Statistics and Measurement
- School Psychology

See the Educational Psychology Website (<https://uwm.edu/education/academics/educational-psychology-department/>) for more information on these areas.

The Counseling Psychology and School Psychology specializations at the master's and doctoral level are accredited by the American Psychological Association (APA).

Office of Program Consultation and Accreditation  
American Psychological Association  
750 1st Street, NE, Washington, DC 20002  
Phone: (202) 336-5979  
E-mail: [apaaccred@apa.org](mailto:apaaccred@apa.org)  
Website: American Psychological Association Website (<https://accreditation.apa.org/>)

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

## Admission

To be considered for admission to the program applicants must complete the Graduate School online application, and satisfy all UWM Graduate School admission requirements in addition to the following program requirements:

- Optional: Submission of scores on the General Test portion of the Graduate Record Examination (<http://uwm.edu/graduateschool/>)

admission/#gre); test taken within last five years. GRE scores are not required for any program in educational psychology but may be submitted as supplemental material.

- Undergraduate GPA of at least 3.0; graduate GPA of at least 3.5 required.
- A letter outlining the applicant's academic and professional background, declaration of Area of Concentration (Counseling Psychology, Cognitive and Developmental Sciences, Educational Statistics and Measurement, or School Psychology) as well as specific research interests and goals for the PhD program.
- Three letters of recommendation from individuals familiar with the applicant's intellectual achievement and potential.
- Applicants to the Cognitive and Developmental Sciences, School Psychology, and Counseling Psychology concentrations must submit at least one sample of their academic writing. You may add additional materials that highlight your professional and/or academic skills.
- Applicants to the Educational Statistics and Measurement concentration must submit at least one sample of quantitative research/statistical analysis. You may add additional materials that highlight your professional and/or academic skills.
- For the concentrations in Counseling Psychology and School Psychology: a resume or curriculum vitae.
- Completion of the reason statement on the application.

## Credits and Courses

### Core Educational Psychology Requirements

All doctoral students are required to complete 27 core credits in the areas of Psychological Foundations and Research Methods. In many cases, students entering with a Master's degree will have completed some of these courses. Courses taken during Master's preparation may be counted in meeting the core requirements. Elective credits are taken in consultation with the major professor.

**Psychological Foundations Core:** Students must take 12 credits minimum of psychological foundations (social, cognitive, affective, or biological basis of behavior).

**Research Methods Core:** 15 credits minimum.

All doctoral students must show documentation that they have acquired research skills needed for dissertation work. To fulfill this requirement students must successfully complete at least 15 credits of coursework in the area of research methods. All students must complete ED PSY 624 and ED PSY 724. Students must fulfill the remaining requirements by choosing from courses offered at the 700-level or above. Students should consult the specific requirements for their area of specialization for additional requirements, as the requirements for each area of specialization may exceed those specified here.

**Urban Foundations:** EDUC 701, Critical Issues in Urban Education, is recommended for the Cognitive and Developmental Sciences and Educational Statistics and Measurement specializations.

Code	Title	Credits
<b>Psychological Foundations Core</b>		
ED PSY 631	Cognition: Learning, Problem Solving and Thinking	3
or ED PSY 831	Cognition: Theory and Research	
ED PSY 640	Human Development: Theory and Research	3

<b>Electives</b>		
Select two of the following: 6		
ED PSY 734	Contextual Determinants of Motivation	
ED PSY 735	Social Cognition in Educational Psychology	
ED PSY 741	Cognitive Development	
ED PSY 742	Personality Theories and the Educational Process	
ED PSY 743	Human Development: Study of Infancy and Early Childhood	
ED PSY 746	Human Development: Study of the Adolescent	
ED PSY 747	Human Development: Study of the Adult	
ED PSY 748	Oral Language, Cognition, and Literacy	
ED PSY 814	Cognition and Emotion: The Affective Components of Human Thought

ED PSY 929	Seminar in Statistics and Research Design	
AD LDSP 729	Qualitative Research and Field Studies in Education Settings	

**Total Credits** 27

## Core Concentration Requirements

All students must complete core courses in their area of concentration. Minimum credit requirements vary with the area of concentration due to accreditation and certification requirements.

## Other Requirements

In addition to the requirements listed below, please refer to the program handbook for each concentration.

### Educational Statistics and Measurement Concentration

Code	Title	Credits
Select 8 of the following:		24
ED PSY 720	Techniques of Educational and Psychological Measurement	
ED PSY 728	Techniques of Educational Research	
ED PSY 820	Multiple Regression	
ED PSY 821	Psychometric Theory and Practice	
ED PSY 822	Item Response Theory	
ED PSY 823	Structural Equation Modeling	
ED PSY 824	Advanced Experimental Design and Analysis	
ED PSY 825	Multivariate Methods	
ED PSY 826	Analysis of Cross-Classified Categorical Data	
ED PSY 827	Survey Research Methods	
ED PSY 829	Instrument Development	
ED PSY 922	Seminar in Measurement and Evaluation:	
ED PSY 929	Seminar in Statistics and Research Design	
<b>Total Credits</b>		<b>24</b>

## Additional Requirements

### Advising and the Major Professor

Upon admission to the doctoral program in Educational Psychology, students are assigned an advisor in their area of emphasis (e.g., Counseling Psychology, Cognitive and Developmental Sciences, Educational Statistics and Measurement, or School Psychology). This person is available to discuss course selection and provide general advice about the program. Selection of an advisor is by mutual consent between the student and faculty member; changes in advisor will follow Graduate School guidelines. Requests for a change in advisor can occur in consultation with the advisor, program chair, and/or graduate representative.

### Residence

The student must meet minimum Graduate School residence requirements (<http://uwm.edu/graduateschool/doctoral-requirements/#residence>) of one continuous academic year of full-time graduate studies at UWM. This can be satisfied by completing at least 8 graduate credits in each of two consecutive semesters, or 6 or more graduate credits in each of three consecutive semesters, exclusive of summer sessions. Residence credit cannot be earned at the master's level.

### Practicum

Students in the Counseling Psychology and School Psychology concentrations are required to complete practicum requirements to become licensed.

### Internship

Following Practicum, students in the Counseling Psychology and School Psychology concentrations are required to complete a year-long internship in order to be licensed.

### Minor

A minor is optional. Students should consult with their advisor.

### Doctoral Preliminary Examination

The Doctoral Preliminary Examination is taken at the end of a student's coursework. A description of the Preliminary Examination is provided in the doctoral handbook corresponding to the student's specialization area within Educational Psychology.

The Preliminary Examination consists of a written component and, in some specializations, an oral component. The purpose of the Preliminary Examination is to determine whether the student demonstrates understanding of coursework and related bodies of knowledge and is qualified to proceed with dissertation planning. A minimum of three faculty members in the specialization area shall participate on a student's Preliminary Examination.

### Proposal Hearing

A doctoral student qualifies as a "doctoral candidate" upon completion of the doctoral Student Academic Plan, successful completion of the Doctoral Preliminary Examination for the PhD degree, and successfully passing a dissertation proposal hearing. The hearing is open and the date, time and location must be announced by the Doctoral Coordinator. Each member of the committee must sign the doctoral dissertation proposal hearing form, and indicate approval or disapproval. A simple majority of all committee members is required. No absentee ballots are acceptable.

### Dissertation Defense

The candidate must write a dissertation that demonstrates the ability to pursue independent research. The candidate must pass an oral exam in defense of the dissertation.

### Exit Requirements

Contingent upon satisfactory completion of program requirements, passage of the preliminary qualifying examination, and successful oral defense of the dissertation, the Chair of the Department of Educational Psychology will give final approval of the PhD in Educational Psychology.

### Time Limit

It is expected that most students will complete all degree requirements within six years of initial enrollment in the doctoral program. All requirements MUST be completed within ten years from the date of initial enrollment.

## Multicultural Knowledge of Mental Health Practices, Graduate Certificate

*As of Spring 2017, the Multicultural Knowledge of Mental Health Practices certificate has suspended admission. This means that unless you have been accepted into this certificate program prior to Spring 2017, you will not be able to earn the certificate. The following information is provided solely for the benefit of students accepted into the Multicultural Knowledge of Mental Health Practices certificate prior to Spring 2017.*

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

A graduate GPA of at least 3.0 or concurrent enrollment in a graduate degree program with a GPA of at least 3.0 is required for admission.

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

## Credits and Courses

Code	Title	Credits
COUNS 704	Multicultural Mental Health Guidelines and Ethics Overview	3
COUNS 705	Multicultural Practice: Awareness and Knowledge of Others	3
Select three of the following:		9
COUNS 740	Multicultural Mental Health Guidelines for Working with Latinos	
COUNS 741	Multicultural Mental Health Guidelines for Working with LGBT Individuals	
COUNS 742	Multicultural Health Guidelines for Working with Asian Americans	
COUNS 743	Multicultural Mental Health Guidelines for Working with African Americans	
COUNS 744	Multicultural Mental Health Guidelines, Working with First Nations Persons	
COUNS 745	Multicultural Mental Health Guidelines for Working with Men	
<b>Total Credits</b>		<b>15</b>

## Additional Requirements

### Exit Requirements

To earn the certificate, students must complete all certificate courses with a grade of B or better. No Incomplete (I) grades will be given.

### Transfer Credit

No credits may be taken at an institution other than UWM.

## Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

## Articulation with Degree Programs

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

## Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

## School Counseling, Graduate Certificate

The School Counseling Certificate program is provided for students who already possess a master's degree and need to meet the course requirements for certification as a K-12 School Counselor, as listed below. Courses can be waived if equivalent courses have already been completed, as determined by consultation with an advisor. The requirements for this certification program meet the certification standards of the Wisconsin Department of Public Instruction. For more information on the School Counseling: Initial Educator: K-12, five-year license, please see the Wisconsin Department of Public Instruction Website (<http://www.dpi.state.wi.us/>).

In order to be eligible to receive an initial educator license as a school counselor, students will need to:

1. Complete the coursework and practica in the requirements
2. Pass the national Praxis II licensing examination

Other states have different licensing standards and if you are interested in being eligible for a different state you are strongly encouraged to contact that state's Department of Public Instruction to ascertain whether additional requirements are necessary.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

In order to successfully complete the certification sequence, a student must be accepted into the School Counseling Post-Master's Certificate Program. To be considered, applicants must have a graduate GPA of 3.0 or better and must complete the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>), including the reason statement.

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

## Credits and Courses

Students will need to complete the following sequence of courses from the Counseling Core and the School Core, or have equivalent previous coursework, as determined in consultation with an advisor.

Code	Title	Credits
<b>Counseling Core</b>		
COUNS 710	Counseling: Theory and Issues	3
COUNS 711	Foundations in Career Development	3

COUNS 810	Counseling in the Schools	3
COUNS 816	Counseling Children and Adolescents	3
COUNS 968	Supervised Practicum 2 in School Counseling	3
<b>Total Credits</b>		<b>36</b>

## Additional Requirements

### Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

### Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

### Articulation with Degree Programs

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

### Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

## School Psychology, EdS

This program will prepare you to work as a school psychologist and leads to certification from the Wisconsin Department of Public Instruction. As part of the EdS degree requirements, students will complete 600 hours of practicum and 1,200 hours of internship. Based on a scientist-practitioner model and coursework in educational psychology and complementary disciplines, our program emphasizes a concrete link between theory, research and practice through core applied courses and supervised practical and internships. The EdS program is approved by the National Association of School Psychologists.

Upon completion of the master's degree in Educational Psychology (School Psychology concentration), the student will be considered for the Education Specialist Degree program in School Psychology. The student must file an application for the EdS with the Graduate School. Admission to the EdS program is dependent upon successful completion of master's degree requirements. Students who are not admitted into

the Education Specialist Degree program are not eligible for school psychology certification.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

## Additional Requirements

### Education Specialist Final Project

Upon completion of all course work, including practicum, students will demonstrate their professional knowledge by completing a Education Specialist Final Project. The Final Project will demonstrate the student's knowledge and proficiency in a clinical area such as innovative assessment practices, consultation, psychosocial therapy, or behavioral/academic intervention planning. Students will demonstrate their knowledge and proficiency by successfully completing one of the following projects:

- Produce a video recording showing a consultation session with a consultee
- Produce a video recording of a therapy session with a child or adolescent
- Develop a treatment manual for reducing psychosocial, behavioral or academic problems in children or adolescents
- Develop a parenting program for families with difficult or at-risk children
- Develop materials for an in-service program for teachers or parents (i.e., power point presentation, overheads, or manual)
- Develop a school-wide prevention program for at-risk students
- Develop an innovative assessment program for reducing academic, behavioral and/or psychosocial problems
- Conduct and produce a comprehensive intervention (social-emotional, academic) report

The Education Specialist Final Projects are due at the end of the internship. Projects will be judged to be acceptable by the school psychology faculty in charge of the internship and the student's advisor. Recommendations for satisfactory completion of all of the Education Specialist degree requirements will be made by the student's advisor, and will be forwarded to the department chair.

### Certification as a School Psychologist

Students completing the MS concentration and the EdS in School Psychology are eligible for certification as a School Psychologist in the State of Wisconsin. School Psychologists are eligible and encouraged to obtain National Certification as a School Psychologist (NCSP) by taking the national certification examination.

## Trauma Informed Care, Graduate Certificate (School of Education, Department of Educational Psychology)

The Certificate in Trauma-Informed Care will expose graduate students in several helping professions to the theory and practice of trauma-related service delivery. This is a multidisciplinary program that integrates knowledge from the social, behavioral, and health sciences. The primary goal of the program is to train graduate students from the helping professions in specialized knowledge and skills related to psychological trauma.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for

specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

### Admission

Students in good standing currently in a graduate program or those who have already completed a graduate degree are eligible for the certificate.

### Credits and Courses

All students participating in the certificate program will complete 15 academic credits related to trauma theory and practice.

Code	Title	Credits
<b>Core</b>

## Additional Requirements

### Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

### Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

### Articulation with Degree Programs

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

### Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

## Teaching and Learning

The Department of Teaching and Learning offers programs for bachelor's, master's and doctoral degrees. We prepare teachers at the undergraduate and post-baccalaureate levels to work in settings serving culturally and linguistically diverse children. Our department features an American Sign Language Studies program, as well as training for interpreters of American Sign Language. We are committed to social justice, equity, and advocacy for children, youth, and families. We educate students to be effective, evidence-based practitioners and leaders, prepared to serve diverse communities situated locally, regionally, and globally.

At the undergraduate level, the department offers teacher education programs for Early Childhood (grades PK-3); Early Childhood Special Education (birth through grade 3); Elementary and Middle Education (grades K-9); English, Math, Science and Social Studies (grades 4-12); and Special Education, English as a Second Language, World Languages, and Bilingual Education Programs (K-12). The department offers American

Sign Language (ASL) Studies and an ASL interpreter training program at the undergraduate level. At the graduate level, the department offers Reading license programs; master's degrees in Curriculum and Instruction (with multiple, discipline-based specializations) and Exceptional Education (specializations include Autism Spectrum Disorders, Transition, and Assistive Technology/Accessible Design), and certificates in a wide variety of specialty areas. The Department also participates in the School-wide Urban Education Doctoral Program.

## Programs

- Advanced Study in Teaching and Learning, Graduate Certificate (p. 380)
- American Sign Language/English Interpreting, BS (p. 381)
- Applied Behavior Analysis (Online), Graduate Certificate (p. 383)
- Arts Integration and Learning, Undergraduate Certificate (School of Education, Department of Teaching and Learning) (p. 384)
- Assistive Technology and Accessible Design, Graduate Certificate (School of Education, Department of Teaching and Learning) (p. 385)
- Autism Spectrum Disorders, Graduate Certificate (p. 387)
- Autism Spectrum Disorders, Undergraduate Certificate (p. 388)
- Bilingual Education (Supplemental), Minor (p. 389)
- Curriculum and Instruction, MS (p. 390)
- Curriculum and Instruction, MS: Cultures and Communities Education (p. 390)
- Curriculum and Instruction, MS: Early Childhood Education (p. 391)
- Curriculum and Instruction, MS: English Education: Creative Writing (p. 392)
- Curriculum and Instruction, MS: English Education: Literature and Cultural Theory (p. 393)
- Curriculum and Instruction, MS: English Education: Media, Cinema, and Digital Studies (p. 394)
- Curriculum and Instruction, MS: English Education: Rhetoric and Professional Writing (p. 395)
- Curriculum and Instruction, MS: Mathematics Education (p. 396)
- Curriculum and Instruction, MS: Mathematics Teacher Leadership (p. 397)
- Curriculum and Instruction, MS: Reading Education (p. 398)
- Curriculum and Instruction, MS: Science Education (p. 399)
- Curriculum and Instruction, MS: Urban Social Studies (p. 400)
- Education, BS: Early Childhood (p. 401)
- Education, BS: Elementary and Middle Education, K-9 (p. 404)
- Education, BS: English and Language Arts, 4-12 Education (p. 407)
- Education, BS: English as a Second Language Education (p. 409)
- Education, BS: Inclusive Early Childhood Teacher Education (p. 412)
- Education, BS: Mathematics Education, Grades 4-12 (p. 414)
- Education, BS: Science Education, Grades 4-12 (p. 416)
- Education, BS: Social Studies Education (p. 419)
- Education, BS: World Language Education (p. 421)
- English as a Second Language Education, Minor (p. 427)
- Exceptional Education, BS: Early Adolescence - Adolescence (p. 428)
- Exceptional Education, BS: Early Childhood (p. 431)
- Exceptional Education, BS: K4-12 Special Education (p. 433)
- Exceptional Education, MS (p. 437)

- Global Educator, Graduate Certificate (p. 438)
- Global Educator, Undergraduate Certificate (p. 440)
- Interdisciplinary Language and Literacy Intervention (ILLI), Graduate Certificate (p. 440)
- Mathematics Teacher Leadership, Graduate Certificate (p. 442)
- Transition for Students with Disabilities, Graduate Certificate (p. 443)
- World Language Education, Minor (p. 444)

## Advanced Study in Teaching and Learning, Graduate Certificate

This certificate provides individual teachers with the knowledge, skills, and research tools to make evidence-based claims as to their effectiveness in the classroom. The set of five, 3-credit graduate courses prepares professionals with the knowledge base needed to engage in data-driven, action research that draws from the use of formative, benchmark, and summative assessments and leads to effective upgrades in instruction. Certificate completers will be positioned to become school and district leaders having an integrated set of instruction, assessment, and research skills needed to advance student achievement levels in their respective disciplines.

Certificates of Advanced Study in Teaching and Learning may be earned in the following areas:

- Science
- Mathematics
- Reading
- Social Studies
- Interdisciplinary Studies
- English
- Literary Studies
- Adolescent Literature
- Children’s Literature
- Writing
- Second Language Acquisition

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

Applicants must have a bachelor’s degree with an undergraduate GPA of 2.75 or a graduate degree with a minimum 3.0 GPA. Applicants must also complete the reason statement in the application.

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School

through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).

- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

## Credits and Courses

Five required, 3-credit, graduate-level courses. Total credits: 15.

Code	Title	Credits
<b>Course I</b>		
Select one of the following:		3
CURRINS 701	Curriculum Planning and Ideologies	
A curriculum elective in the disciplinary focus area		
<b>Course II</b>		
Select one graduate-level elective in the student’s disciplinary focus area		3
<b>Course III</b>		
Select one of the following discipline-specific advanced methods courses:		3
CURRINS 710	Curriculum for Early Adolescents	
CURRINS 721	Advanced Problems in the Teaching of Social Studies	
CURRINS 724	Advanced Problems in Science Education	
CURRINS 730	Mathematics in Elementary Education	
CURRINS 731	Mathematics in the Secondary School	
CURRINS 734	Advanced Problems in the Teaching of Foreign Languages	
CURRINS 746	Advanced Reading Education	
CURRINS 751	Language Arts in the Elementary School	
CURRINS 753	Teaching Language and Composition	
CURRINS 754	Teaching Literature	
Other courses as approved by the certificate program committee		
<b>Course IV</b>		
CURRINS/ED PSY 725	Improving Teaching and Learning with Classroom-Based Assessments	3
<b>Course V – Capstone</b>		
Select one of the following:		3

CURRINS 705 Research in Schools and Communities

A capstone elective in the disciplinary focus area

**Total Credits** 15

## Additional Requirements

### Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. Transfer credits will be considered only if the applicant can provide ample, acceptable evidence that the course taken is substantially the same as one of the first three courses that constitute the certificate program. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

### Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

### Articulation with Degree Programs

- Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
- Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
- A course may count toward no more than one certificate and one degree.
- Students may not earn a certificate subsequent to a concentration in the same area.

### Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

## American Sign Language/English Interpreting, BS

The American Sign Language/English Interpreting program goes beyond teaching students about language, culture and how to facilitate conversations. The program develops well-rounded interpreters who value and consider others' perspectives, and who are culturally sensitive and empathetic practitioners.

Interpreting is an exciting and in-demand career. In general, the interpreting and translation field is growing much faster than other occupations, and ASL interpreters are especially sought-after. Our Interpreting program is aligned with both state licenses, which offers graduates more options upon graduation in terms of employment.

## Requirements

### General Education Requirements (GERs)

UW-Milwaukee has General Education Requirements (p. 29) that must be met in order to earn a bachelor's degree. Some of the requirements of your program may fulfill the campus GERs. Please review the requirements and consult with your academic advisor.

### Program Core

American Sign Language I-VI courses in the Department of Exceptional Education satisfy University foreign language requirements. For all programs that require American Sign Language, students with previous experience in American Sign Language can take the American Sign Language Proficiency Interview (ASLPI) to determine appropriate placement level. If a B or better is received on the ASLPI, credit will be received for courses up through ASL 4. Any individual who would like to take the ASLPI will be responsible for the cost of the assessment. Please call (414) 229-5251 for more information.

Code	Title	Credits
<b>Prior to Admission</b>		
EXCEDUC 301	American Sign Language I (With a grade of C or better)	3

<i>Spring II</i>		
EXCEDUC 364	Fieldwork: Interacting in the Deaf Community IV (In one semester or split over two semesters)	12
<b>Total Credits</b>		<b>58</b>

### ASL/English Interpreting Major Completion Requirements

- Completion of all admission requirements, granted admission to the ITP, and completion of ITP professional course sequence;
- Completion of university GER requirements;

- At least 30 program credits must be earned in residence at the University of Wisconsin-Milwaukee, following admission to the program;
- Completion of a minimum 120 degree credits; and
- Professional coursework minimum GPA of 2.75.

### Interpreter License Requirements

- Individuals must hold a license from the Department of Public Instruction or the Department of Safety and Professional Services in order to enter the interpreting profession in Wisconsin. Successful completion of proficiency exams is required for these licenses. Consult with your advisor for details.

## Advance to Major

### Program Admission Requirements

- EXCEDUC 348, Introduction to the Profession of Interpreting, with a grade of C or better;
- EXCEDUC 330, Deaf History (GER-SS), with a grade of C or better;
- EXCEDUC 352, American Deaf Culture, with a grade of C or better;
- EXCEDUC 301, EXCEDUC 302, EXCEDUC 303, EXCEDUC 304, EXCEDUC 305, and EXCEDUC 306, American Sign Language I-VI. ASL I-II with a grade of C or better; ASL III-VI with a grade of B- or better;
- EXCEDUC 320, Intro to Interpreting Skills: English to American Sign Language with a grade of B- or better;
- EXCEDUC 321, Intro to Interpreting Skills: American Sign Language to English with a grade of B- or better;
- 58 credits complete;
- Cumulative GPA of 2.5; and
- Completion of Screening Interview, which occurs after application is submitted.

## Undergraduate Advising

Our purpose is to provide collaborative, mentoring relationships which promote educational, career, and professional development. We value a student-centered, holistic, and ethical approach to advising based on strong partnerships with students, faculty and staff, and the larger campus community. We are committed to creating a respectful and supportive environment. We encourage students to be self-reliant through informed decisions and choices based upon dissemination of accurate information. We value our own continuous professional development to enhance the quality of the advising experience.

### How to Prepare for an Advising Meeting

- Review your Advisement Report in PAWS (<http://uw-milwaukee.edu/registrar/academic-unit-services/paws-academic-advisement/>).
- Come prepared with questions or topics for discussion.
- Make a list of courses you think you should take.
- Investigate opportunities to prepare for the job you want.
- Keep a record of your academic progress.
- Understand you are ultimately responsible for creating your educational, life, and career plans.
- Maintain honest and open communication with your advisor.
- Take responsibility for choices you make as a student and member of the UW-Milwaukee community.

### Scheduling an Appointment

Office of Student Services

Enderis Hall, Room 209  
(414) 229-4721  
soeinfo@uwm.edu

## Graduate Advising

If you are a School of Education graduate student, you may schedule an appointment with your faculty advisor by contacting your faculty advisor directly. Faculty contact information can be found in the Directory (<https://uwm.edu/education/directory/>). Your faculty advisor will be listed in your PAWS account.

## Honors in the Department of Teaching and Learning

Departmental Honors are granted to students who have achieved a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester.

## College of Community Engagement and Professions Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Applied Behavior Analysis (Online), Graduate Certificate

The Applied Behavior Analysis (ABA) Graduate Certificate (online) program is an Association for Behavior Analysis International (ABAI)-approved Verified Course Sequence (VCS) that prepares candidates to use applied behavior analysis with cultural humility. The program emphasizes social justice while addressing issues and trends in service delivery.

The ABA Graduate Certificate program includes 22 credits and 8 required courses that are completed fully online in a sequence that spans four semesters. Students rotate through the course sequence in a cohort model. Students may complete the stand-alone ABA certificate program, or students may complete the ABA certificate as part of a graduate degree program.

## Becoming a Board Certified Behavior Analyst (BCBA)

Board Certified Behavior Analysts (BCBAs) are board approved, graduate-level practitioners who deliver behavior-analytic services in a variety of fields including education, psychology, social work, business, health care, and other human service industries. The process for becoming a behavior analyst requires the successful completion of required coursework, experience hours, and a culminating certification exam. The certification process is overseen by the Association for Behavior Analysis International (ABAI) and the Behavior Analysis Certification Board (BACB). For details about becoming a BCBA, please see the following websites:

- Behavior Analysis Certification Board (BACB) (<https://nam02.safelinks.protection.outlook.com/?url=https%3A%2F%2Fwww.bacb.com%2Fbcba%2F&data=05%7C01%7Ckorinek%40uwm.edu%7C9a4eccd95c8646a90d0408daf97271bc%7C0bca7ac3fcb64efd89eb6de97603cf21%7C0%7C0%7C638096567173726949%7CTWFpbGZsb3d8eyJWljojMC4wLjAwMDAiLCJQIjoiV2luMzliLCJBTiI6Ik1haWVl%7C3000%7C%7C%7C&sdata=AzGToeKPNzgwZqbHQIKLWHmwfkkP3DTkDd00sT0YMHl%3D&reserved=0>)

- UW Milwaukee VCS Information (<https://nam02.safelinks.protection.outlook.com/?url=https%3A%2F%2Fwww.abainternational.org%2Fvcs%2Fdirectory%2Fcourse-sequence-information.aspx%3Fcsid%3Dff06f5aa-9ba4-ec11-81cf-000c29a8e632%26pid%3Dcf123412-977e-e711-80d6-000c292131e8%26cl%3D51891e9c-9d7e-e711-80d6-000c292131e8%26moi%3D175550000&data=05%7C01%7Ckorinek%40uwm.edu%7C9a4eccd95c8646a90d0408daf97271bc%7C0bca7ac3fcb64efd89eb6de97603cf21%7C0%7C0%7C638096567173726949%7CTWFpbGZsb3d8eyJWljojMC4wLjAwMDAiLCJQIjoiV2luMzliLCJBTiI6Ik1haWVl%7C3000%7C%7C%7C&sdata=4Lgmsegl0A1oz61X8p1iaENejagVp1EDQtHSsDuSwY%3D&reserved=0>)

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

A graduate degree or concurrent enrollment in a graduate degree program is required for admission. Applicants must also complete the reason statement in the application.

## Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

## Credits and Courses

The Applied Behavior Analysis, Graduate Certificate (online) is a verified course sequence approved by the Association for Behavior Analysis International (ABAI). The ABA Certificate prepares professionals for careers as behavior analysts dedicated to supporting those with behavioral health needs. The program is designed to establish fundamental intervention skills. There are 22 credits required.

Code	Title	Credits
<b>Required Courses</b>		
EXCEDUC 716	Ethics in Applied Behavior Analysis	3
EXCEDUC 718	Behavioral Assessment	3
EXCEDUC 720	Behavior Change	4
EXCEDUC 722		3
EXCEDUC 724	Personnel and Supervision in Applied Behavior Analysis	2
EXCEDUC 726	Racial Equity in Behavior Analysis	1
PSYCH 702	Applied Behavior Analysis	3
PSYCH 714		3
<b>Total Credits</b>		<b>22</b>

Completion of the program does not mean the students are board certified behavior analysts. They must independently complete fieldwork hours and pass the BCBA exam to be certified. Fieldwork hours and the BCBA exam are completed independently outside of the UWM certificate program and completion of these requirements are verified by the Behavior Analysis Certification Board and the Association for Behavior Analysis International and not by UWM.

## Additional Requirements

### Transfer Credit

Transfer credits will be considered only if the applicant can provide ample, acceptable evidence that the course taken is substantively the same as the one it is being substituted for and was completed within the last five years with a grade of B or better. The VCS Coordinator will make determinations of transferability. All decisions are final. The core group of classes, which must be taken at UWM, allow for up to four credits to be transferred via syllabus review and subsequent approval. Credits used should follow the graduate school rule for transfer credits.

## Grade Point Average Requirement

A minimum cumulative 3.00 graduate grade point average in ABA Certificate courses taken at UWM is required.

## Time Limit

Students pursuing an ABA Certificate without concurrent enrollment in another graduate degree program will have four years from initial enrollment in a certificate course to complete the certificate requirements. Students pursuing an ABA Certificate as part of a degree program will have the same time limit to complete the certificate requirements as they have for completing the degree program.

## Articulation with Degree Programs

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

## Arts Integration and Learning, Undergraduate Certificate (School of Education, Department of Teaching and Learning)

The Certificate in Arts Integration and Learning is a 15 credit, multidisciplinary program offered jointly by the Department of Art and Design in the Peck School of the Arts and the Department of Curriculum & Instruction in the School of Education.

This program is designed to give undergraduate and post baccalaureate students an understanding of best practices in arts integration with an emphasis on project based learning through students' capstone experience. The Certificate is for students in any teacher certification program at the University of Wisconsin-Milwaukee, but especially for Early Childhood Education; Middle Childhood/Early Adolescence Education; Art, Music, Dance, or Theatre Education students who wish to complement their major with an additional concentration in Arts Integration.

The Certificate in Arts Integration and Learning is also open to all students seeking a Bachelor's degree or post baccalaureate certification from UWM and to students who previously received a Bachelor's degree with teacher certification from UWM or any other accredited college or university. Additionally, the Certificate is open to non-degree students who have a strong interest in this area. Students completing the Certificate not in conjunction with a degree must be admitted to the

university as non-degree students and meet regular university admission requirements. Students completing the Certificate not in conjunction with a degree are not eligible for financial aid.

## Requirements

The Arts Integration and Learning Certificate consists of 15 credits. Students must achieve a grade point average of 2.5 or above in all courses counting towards the Certificate. Courses counting for the Certificate may not be taken on a credit/no credit basis.

## Assistive Technology and Accessible Design, Graduate Certificate (School of Education, Department of Teaching and Learning)

The Certificate in Assistive Technology and Accessible Design is an interdisciplinary program designed to meet the demand for assistive technology and accessible design specialists. The School of Rehabilitation Sciences and Technology and the Communication Sciences and Disorders program in the College of Health Professions and Sciences, along with the Department of Teaching and Learning in the School of Education, collaborate on the course offerings and management. The certificate follows a model of prerequisite disability and technology basic knowledge, survey of the fields, assessment, intervention and leadership. Completion of the certificate will help prepare the students to sit for State and National certification examinations as Assistive Technology Specialists, Rehabilitation Engineering Technologist and Low Vision Specialist.

### Admission Requirements

#### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

#### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

#### Admission

Students interested in this certificate should contact one of the three sponsoring programs before enrolling in any certificate courses. Admission to the certificate requires evidence of a basic knowledge of disability and computer applications, evidence of an Undergraduate or Graduate course in anatomy and physiology equivalent to BIO SCI 201 with a grade of C or better (may be taken during first fall or spring semester enrolled depending when it is offered but will require special permission), an undergraduate GPA of at least 2.75 or a graduate GPA of at least 3.0.

### Credits and Courses

Generally, students in the health sciences and exceptional education will have sufficient coursework in disability related studies. Prerequisite evidence in disability related studies may be obtained at the

undergraduate level. One of the following is recommended to meet the computer applications requirement.

Code	Title	Credits
EXCEDUC 730	Assistive and Instructional Technology for Students with Disabilities	3
OCCTHPY 750	Computer Applications in Occupational Therapy Practice	3

The Certificate in Assistive Technology and Accessible Design requires completion of a minimum 15 credits as listed below. In special circumstances, the ATAD coordinator and advisory board may approve substitution of an equivalent Assessment or Intervention course relevant to assistive technology and adaptive design as appropriate.

Code	Title	Credits
<b>Introduction</b>		
OCCTHPY 620	Introduction to Assistive and Rehabilitation Technology (must be taken at graduate level) <sup>1</sup>	3
<b>Assessment</b>		
Select one of the following:		3
EXCEDUC 765	Assistive Technology Service Delivery in Schools	
COMSDIS 715	Assessment and Intervention in Augmentative and Alternative Communication	
OCCTHPY 770	Assessment in Assistive Technology and Accessible Design	
OCCTHPY 742	Single Case Experimental Design	
<b>Intervention<sup>2</sup></b>		
Select one of the following:		3
OCCTHPY 625	Design and Disability	
OCCTHPY 595	Vision I: Introduction to Low Vision & Visual Impairment	
OCCTHPY 596	Vision II: Practical Aspects of Visual Impairment & Low Vision Intervention	
OCCTHPY 593	Introduction to Biomedical and Rehabilitation Instrumentation	
OCCTHPY 999	Advanced Independent Study	
EXCEDUC 735	Technology & Instruction for Students with Disabilities	
EXCEDUC/OCCTHPY 777	Fieldwork in Assistive Technology	
EXCEDUC 799	Independent Reading	
COMSDIS 717	Special Populations in Communication Disorders	
COMSDIS 791	Research Experience in Communication Sciences and Disorders	
COMSDIS 799	Independent Studies	
<b>Elective</b>		
Select an additional 3 credits from either Assessment or Intervention list		3
<b>Capstone</b>		

OCCTHPY 760	Assistive and Rehabilitation Technology	3
<b>Total Credits</b>		<b>15</b>

<sup>1</sup> Alternate related graduate-level course can substitute if this course has been completed on an undergraduate level.

<sup>2</sup> Any U/G course must be taken at graduate level.

## Additional Requirements

### Minimum Grade Requirement

To be awarded the certificate, students must earn a minimum grade of B- in the certificate courses.

### Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

### Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

### Articulation with Degree Programs

- Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
- Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
- A course may count toward no more than one certificate and one degree.
- Students may not earn a certificate subsequent to a concentration in the same area.

### Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

# Autism Spectrum Disorders, Graduate Certificate

The Graduate Autism Spectrum Disorder Certificate program is an interdisciplinary certificate where the broad goal is to provide a foundation in the causes and characteristics of ASD, and interventions in various areas (e.g., communication, sensory needs, etc.). In addition, this certificate addresses challenges with assessment and early identification of children with ASD in diverse communities. The elective courses address areas related to addressing the unique needs of individuals on the spectrum, such as their language development needs and behavioral needs.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

- Applicants with a graduate degree must have a minimum 3.0 graduate grade point average.

### Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted into a certificate program.

## Credits and Courses

This certificate program requires a minimum of 15 credits. Students take two required courses and then, in consultation with the Program Coordinator, choose their remaining 9 elective credits from one or more disciplines.

Code	Title	Credits
<b>Required</b>		
EXCEDUC 760	Foundations of Autism Spectrum Disorders	3
EXCEDUC 761	Methods for Working with Individuals with Autism	3
<b>Electives</b>		
Courses may be taken in one discipline or across discipline areas. Select 9 credits from the list of options below.		9
<b>Exceptional Education</b>		
EXCEDUC 601G	Behavioral Supports	

or EXCEDUC 671G	Behavior Support & Intervention for Mid/High Students with Disabilities
EXCEDUC 679G	Critical Issues in Transition Planning for Students with Disabilities
EXCEDUC 762	Academic/Social Challenges of Individuals with ASD: Adv. Interventions
EXCEDUC 775	Field Work: Individuals with Autism Spectrum Disorders <sup>1</sup>

### Psychology

PSYCH 502G	Applied Behavior Analysis
PSYCH 812	Field Placement in Psychology

### Communication Sciences & Disorders

COMSDIS 706	Language Assessment and Intervention
COMSDIS 715	Assessment and Intervention in Augmentative and Alternative Communication
COMSDIS 717	Special Populations in Communication Disorders
COMSDIS 720	Advanced Clinical Practice in Speech-Language Pathology:
COMSDIS 799	Independent Studies (In conjunction with content elective)

### Social Work

SOC WRK 562G	Child and Family Services
SOC WRK 630G	Families and Poverty
SOC WRK 705	Individual Behavior and Social Welfare
SOC WRK 753	Adult Psychopathology
SOC WRK 754	Child and Adolescent Psychopathology
SOC WRK 765	Social Work Boundaries and Ethics in Professional Practice
SOC WRK 771	Development of the Family Over the Life Span
SOC WRK 774	Trauma Counseling I: Theory and Research
SOC WRK 775	Trauma Counseling II: Diagnosis and Treatment

### Occupational Therapy

OCCTHPY 590G	Topics in Occupational Therapy: (any open to non-OT students)
OCCTHPY 620G	Introduction to Assistive and Rehabilitation Technology
OCCTHPY 625G	Design and Disability
OCCTHPY 740	Occupational Therapy with Children and Families
OCCTHPY 760	Assistive and Rehabilitation Technology

**Total Credits** **15**

<sup>1</sup> Prerequisites EXCEDUC 760 & EXCEDUC 761; may be taken concurrently with EXCEDUC 761.

## Additional Requirements

### Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. Courses will be considered for transfer into the

certificate program only if the applicant can provide ample, acceptable evidence that the course taken is substantially the same as the course being substituted. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

### Grade Point Average Requirement

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

### Articulation with Degree Programs

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
  - Degree programs must approve the courses from certificates that can double count toward the degree.
  - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
  - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

### Time Limit

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

## Autism Spectrum Disorders, Undergraduate Certificate

The Autism Spectrum Certificate program will train students to help persons with an autism spectrum disorder (ASD) in numerous settings. Potential students include therapists and family members working with children at home, special and general education teachers working with children in school settings, and job coaches working with young adults and adults in the work place.

Through courses, field experiences, and other planned learning experiences, students will critically examine the characteristics, etiology, and prevalence of ASD and related disorders; understand assessment, diagnosis, and intervention; learn how to work with family members of individuals with ASD; understand the language, communication, and social needs of individuals with ASD; and learn to apply interventions.

## Undergraduate Advising

Our purpose is to provide collaborative, mentoring relationships which promote educational, career, and professional development. We value a student-centered, holistic, and ethical approach to advising based on strong partnerships with students, faculty and staff, and the larger

campus community. We are committed to creating a respectful and supportive environment. We encourage students to be self-reliant through informed decisions and choices based upon dissemination of accurate information. We value our own continuous professional development to enhance the quality of the advising experience.

### How to Prepare for an Advising Meeting

- Review your Advisement Report in PAWS (<http://uwm.edu/registrar/academic-unit-services/paws-academic-advisement/>).
- Come prepared with questions or topics for discussion.
- Make a list of courses you think you should take.
- Investigate opportunities to prepare for the job you want.
- Keep a record of your academic progress.
- Understand you are ultimately responsible for creating your educational, life, and career plans.
- Maintain honest and open communication with your advisor.
- Take responsibility for choices you make as a student and member of the UW-Milwaukee community.

### Scheduling an Appointment

Office of Student Services  
 Enderis Hall, Room 209  
 (414) 229-4721  
[soeinfo@uwm.edu](mailto:soeinfo@uwm.edu)

### Graduate Advising

If you are a School of Education graduate student, you may schedule an appointment with your faculty advisor by contacting your faculty advisor directly. Faculty contact information can be found in the Directory (<https://uwm.edu/education/directory/>). Your faculty advisor will be listed in your PAWS account.

## Bilingual Education (Supplemental), Minor

The University of Wisconsin-Milwaukee offers coursework for a supplemental certification in Bilingual Education. This program is designed for individuals who wish to teach in a classroom in which two languages (English and another language) are used for instruction. Students wishing to pursue this certification must be in process of or already have a certification.

## Requirements

### Professional Education Requirements

Code	Title	Credits
CURRINS 503	Assessment Issues in Language Education	3
CURRINS 541	Principles and Methods of Teaching ESL	3
CURRINS 542	History and Politics of Second Language Education	3
CURRINS 543	Developing Biliteracy	3
CURRINS 546	Language, Content, and Comprehensible Input	3
CURRINS 655	Applied Educational Linguistics	3
<b>Student Teaching</b> <sup>1</sup>		
CURRINS 442	Student Teaching in Bilingual Education	3

CURRINS 445	Seminar in Language Education <sup>2</sup>	3
<b>Total Credits</b>		<b>24</b>

<sup>1</sup> Students must complete paperwork in order to be assigned a student teaching placement. To be approved for placement, additional criteria must be met. See Benchmarks (p. 389) for details.

<sup>2</sup> Not required for students currently completing a portfolio in their major certification

### Additional Requirements for Certification

- Minimum cumulative grade point average of 2.75 in all professional education courses. This includes any transfer coursework that is counted towards certification at UWM, as well as grades earned in student teaching or field experiences.
- Undergraduate students must meet the graduation requirements for their primary certification.
- Program Portfolio - based on the 10 WI Teacher Standards.

## Benchmarks

### Student Teaching

Prior to requesting/being assigned a student teaching placement, students must:

- Demonstrate Foreign Language Proficiency - A minimum score of Intermediate-High on the ACTFL OPI or equivalent is required prior to student teaching placement. Submit scores from your language proficiency test to your academic advisor.
- Complete and submit an application. Deadlines for submission are posted by the Office of Clinical Experiences. (<http://uwm.edu/education/academics/clinical-experiences/>)

To be approved, students must **ALSO** meet the following criteria:

- Be admitted to the School of Education.
- Complete all required coursework. An exception to allow a student to take a course concurrently with student teaching requires approval by the student's faculty advisor.
- Have a minimum cumulative GPA of 2.5 on all undergraduate coursework, including transfer courses.
- Have a minimum 2.75 GPA in all content area and professional education courses.
- Removal of all F and/or I (incomplete) grades.
- TB test results submitted to the Office of Clinical Experiences (may take up to 6 weeks).
- Criminal Background Check submitted to the Office of Clinical Experience.

## Undergraduate Advising

Our purpose is to provide collaborative, mentoring relationships which promote educational, career, and professional development. We value a student-centered, holistic, and ethical approach to advising based on strong partnerships with students, faculty and staff, and the larger campus community. We are committed to creating a respectful and supportive environment. We encourage students to be self-reliant through informed decisions and choices based upon dissemination of accurate information. We value our own continuous professional development to enhance the quality of the advising experience.

## How to Prepare for an Advising Meeting

- Review your Advisement Report in PAWS (<http://uwm.edu/registrar/academic-unit-services/paws-academic-advisement/>).
- Come prepared with questions or topics for discussion.
- Make a list of courses you think you should take.
- Investigate opportunities to prepare for the job you want.
- Keep a record of your academic progress.
- Understand you are ultimately responsible for creating your educational, life, and career plans.
- Maintain honest and open communication with your advisor.
- Take responsibility for choices you make as a student and member of the UW-Milwaukee community.

## Graduate Advising

If you are a School of Education graduate student, you may schedule an appointment with your faculty advisor by contacting your faculty advisor directly. Faculty contact information can be found in the Directory (<https://uwm.edu/education/directory/>). Your faculty advisor will be listed in your PAWS account.

# Curriculum and Instruction, MS

The Department of Teaching and Learning offers a graduate program of study in curriculum and instruction, including choices of concentration in three Focus Areas: Subject Area, Instructional Level Area and Cross-Curricular Area.

The Department also cooperates with the Department of Administrative Leadership in the Specialist Certificate Program with an emphasis in reading. Under the auspices of the PhD program in Urban Education, the Department offers doctoral specializations in Curriculum and Instruction and in Mathematics Education.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements to be considered for admission to the program. Applicants must also complete the reason statement in the application.

Applicants may be admitted with specific program-defined course deficiencies provided that the deficiencies amount to no more than 6 credits.

The student is expected to satisfy deficiency requirements within three enrolled semesters. The deficiencies are monitored by the Graduate School and the individual graduate program unit. No course credits

earned in making up deficiencies may be counted as program credits required for the degree.

## Credits and Courses

The minimum degree requirement is 30 credits, including:

Code	Title	Credits
<b>Select 12 credits in Curriculum and Instruction core areas</b>		
CURRINS 701	Curriculum Planning and Ideologies	3
CURRINS 705	Research in Schools and Communities	3
CURRINS 716	Teaching in Urban & Diverse Communities	1-4
CURRINS 714	Analysis of Instruction to Improve Teaching and Learning	3
or CURRINS 774	College Teaching	
<b>Select 12 to 15 credits in a focus area approved by the student's major professor</b>		<b>12-15</b>
<b>Select one of the following:</b>		<b>3-6</b>
CURRINS 800	Master's Seminar in Curriculum and Instruction (3 credits)	
CURRINS 890	Master's Research or Thesis (3-6 credits)	
<b>Total Credits</b>		<b>30</b>

## Additional Requirements

### Major Professor as Advisor

The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. A student who is not assigned to an advisor at time of admission should immediately contact the department chair. Students who have not completed a Proposed Program of Study form with their advisor and filed it with the Department by the end of the semester in which they are admitted may not be allowed to register for the next term.

### Certifications

Graduate students seeking initial teacher certification or added certification(s) can arrange their master's degree program so that a portion of the credits earned towards the master's degree can also serve as partial fulfillment of teacher certification requirements.

## Curriculum and Instruction, MS: Cultures and Communities Education

The Department of Teaching and Learning offers a graduate program of study in curriculum and instruction, including choices of concentration in three Focus Areas: Subject Area, Instructional Level Area and Cross-Curricular Area.

The Department also cooperates with the Department of Administrative Leadership in the Specialist Certificate Program with an emphasis in reading. Under the auspices of the PhD program in Urban Education, the Department offers doctoral specializations in Curriculum and Instruction and in Mathematics Education.

ENGLISH 716	Poetic Craft and Theory:	
ENGLISH 752	Essay as Genre	
ENGLISH 813	Special Topics in Creative Writing:	
ENGLISH 815	Seminar in Fiction Writing:	
ENGLISH 816	Seminar in Poetry Writing:	

### Additional Requirements

#### Major Professor as Advisor

The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. A student who is not assigned to an advisor at time of admission should immediately contact the department chair. Students who have not completed a Proposed Program of Study form with their advisor and filed it with the Department by the end of the semester in which they are admitted may not be allowed to register for the next term.

#### Certifications

Graduate students seeking initial teacher certification or added certification(s) can arrange their master's degree program so that a portion of the credits earned towards the master's degree can also serve as partial fulfillment of teacher certification requirements.

## Curriculum and Instruction, MS: English Education: Literature and Cultural Theory

The Department of Teaching and Learning offers a graduate program of study in curriculum and instruction, including choices of concentration in three Focus Areas: Subject Area, Instructional Level Area and Cross-Curricular Area.

The Department also cooperates with the Department of Administrative Leadership in the Specialist Certificate Program with an emphasis in reading. Under the auspices of the PhD program in Urban Education, the

Department offers doctoral specializations in Curriculum and Instruction and in Mathematics Education.

## Admission Requirements

### Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

### Admission

An applicant must meet Graduate School requirements to be considered for admission to the program. Applicants must also complete the reason statement in the application.

Applicants may be admitted with specific program-defined course deficiencies provided that the deficiencies amount to no more than 6 credits.

The student is expected to satisfy deficiency requirements within three enrolled semesters. The deficiencies are monitored by the Graduate School and the individual graduate program unit. No course credits earned in making up deficiencies may be counted as program credits required for the degree.

## Credits and Courses

The minimum degree requirement is 30 credits, including:

CURRINS 890	Master's Research or Thesis (3-6 credits)	
<b>Total Credits</b>		<b>30</b>

### Urban Social Studies Concentration

Code	Title	Credits
<b>Required Course (3 graduate credits)</b>		
CURRINS 721	Advanced Problems in the Teaching of Social Studies	3
<b>Minimum of 12 graduate credits required from the list below</b>		
URB STD 971	Seminar on the History of American Urban Problems	3
URB STD 983	Contemporary Urban Social Structure and Change	3
POL SCI 913	Seminar in Urban Political Process	3
GEOG 905	Seminar: Selected Topics in Geography:	3
HIST 900	Seminar on U.S. History:	3
HIST 980	Growth of Urban Society	3
SOCIOL 901	Urban Social Structure	3

## Additional Requirements

### Major Professor as Advisor

The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. A student who is not assigned to an advisor at time of admission should immediately contact the department chair. Students who have not completed a Proposed Program of Study form with their advisor and filed it with the Department by the end of the semester in which they are admitted may not be allowed to register for the next term.

### Certifications

Graduate students seeking initial teacher certification or added certification(s) can arrange their master's degree program so that a portion of the credits earned towards the master's degree can also serve as partial fulfillment of teacher certification requirements.

## Education, BS: Early Childhood

The Early Childhood Education (ECE) program is available for those interested in teaching young children from birth to age 8 (through third grade) in a variety of early care/education and school programs. Students are admitted to the major immediately in the first year or upon transfer to UWM, and it is possible to complete the program in four years. Students who satisfactorily complete the program requirements will be highly-qualified to teach in early childhood settings. Those who wish to acquire a State of Wisconsin ECE teaching license can complete the state-mandated assessments through the program. Additionally program students can elect to attain add-on certification in ECE and English as a Second Language (ESL) or Bilingual Education. All program students will be prepared to teach culturally and linguistically diverse children. The program provides real-world experiences in a cross-section of sites where future employment opportunities exist, including public and charter primary schools; Head Start; and preschools and other community-based educational settings.

### Requirements

#### General Education Requirements (GERs)

UW-Milwaukee has General Education Requirements (p. 29) that must be met in order to earn a bachelor's degree. Some of the requirements of your program may fulfill the campus GERs. Please review the requirements and consult with your academic advisor.

#### Program Core

A grade of C or better must be earned in all professional education courses and sequenced CURRINS courses.

Code	Title	Credits
<i>Choose one:</i> 3		
ENGLISH 201	Strategies for Academic Writing (GER-OWCB)	3

### Program Benchmarks (p. 402)

#### Additional Requirements for Graduation:

- Minimum cumulative GPA of 2.75 on all UWM and transfer courses
- Minimum cumulative GPA of 2.75 on professional education courses
- Satisfactory completion of a minimum of 120 credits
- Completion of the last year of coursework (30 credits) in residence at UWM
- Successful completion of a pedagogical knowledge assessment is required for certification

## Benchmarks

Students must meet benchmarks at several points during the program and prior to student teaching. Benchmarks are monitored through tracking systems and advising. A student will be restricted from moving forward in the program if the benchmarks are not completed.

### 30 Credit Benchmarks

Reviewed with your advisor the semester after completion of 30 credits:

- Mandatory meeting with your advisor
- Completion of ENGLISH 102 with a C or better or achieve appropriate score on the English Placement Test
- Completion of MATH 175 with a C or better
- Minimum cumulative GPA of 2.25 on all UWM and transfer courses

### Admission to Certification Benchmarks

Note: Students who are not pursuing certification should continue meeting with their advisors but do not submit the Admission to Certification form.

Reviewed with your advisor the semester after completion of CURRINS 240 and CURRINS 501:

- Mandatory meeting with your advisor
- Completion of 30 Credit Benchmarks
- Completion of CURRINS 240 and CURRINS 501 with a C or better
- Minimum cumulative GPA of 2.5 on all UWM and transfer courses
- Submit Admission for Certification form
  - If also pursuing ESL certification, take the Praxis Subject Assessment: Teaching English to Speakers of Other Languages #5362. Passing score is 149.

### CURRINS 540 Benchmarks

Reviewed with your advisor the semester after completion of CURRINS 340 and CURRINS 502:

**Non-certification track:**

- Mandatory meeting with your advisor
- Mandatory meeting with program director to discuss final field options

**Certification track:**

- Mandatory meeting with your advisor
- Request student teaching placement: <https://uwm.edu/education/academics/clinical-experiences/>

**For ESL Certification:**

- Successfully complete the PRAXIS Subject Assessment Exam #5362: Teaching of English to Speakers of Other Languages, with a passing score of 149 or higher.

**For Bilingual Certification:**

- Successfully complete the Language Proficiency Requirement: A minimum score of Advanced-Low on the ACTFL OPI. See your advisor for details.

**Content Knowledge Requirement Benchmarks (for certification only)**

Reviewed with your advisor the semester after completion of CURRINS 440 and CURRINS 504

- Mandatory meeting with your advisor
- Completion of CURRINS 440 and CURRINS 504 with a C or better
- Minimum cumulative grade point average of 2.75 on all UWM and transfer courses
- Elementary Education Content Knowledge Exam #5018 with a passing score of 157 or higher –OR– minimum GPA of 3.0 in Early Childhood Education Content Concentration Courses. See ECE Content Concentration Courses below:

Code	Title	Credits
ENGLISH 102	College Writing and Research	3
MATH 175	Mathematical Explorations for Elementary Teachers I	3
MATH 176	Mathematical Explorations for Elementary Teachers II	3
CURRINS 234 or ENGLISH 201	Teachers as Writers Strategies for Academic Writing	3
CURRINS 323	Teaching of Social Studies:	3
CURRINS 338	Teaching of Science in Early Childhood	3
CURRINS 502	Emergent Literacy and Biliteracy in the Early Childhood Classroom	3
CURRINS 504	Methods for Biliteracy and Language Arts in Primary Grades	3
CURRINS 520	Developing Mathematical Thinking in Young Children	3

**Student Teaching Benchmarks (for certification only)**

Prior to student teaching you must complete a midpoint eportfolio and attend a pre-student teaching orientation.

Reviewed with your advisor the semester prior to student teaching:

- Minimum cumulative GPA of 2.75 on all UWM and transfer courses
- Removal of all F grades in ECE program courses
- Removal of all I (Incomplete) grades in courses
- C or better in professional education and CurrIns sequenced courses
- Attempt the Wisconsin Foundations of Reading Test (WIFoRT)
- Successfully complete:
  - Content Knowledge Requirement Benchmarks
  - For ESL: PRAXIS Subject Assessment Exam #5362: Teaching of English to Speakers of Other Languages, with a passing score of 149 or higher
  - For Bilingual: Language Proficiency Requirement: A minimum score of Advanced-Low on the ACTFL OPI. See your advisor for details.

**Graduation Benchmarks (must be met to be approved for graduation)**

Reviewed during the student teaching semester:

- Minimum cumulative GPA of 2.75 on all UWM and transfer courses
- Minimum cumulative GPA of 2.75 on all professional education courses
- Satisfactory completion of a minimum of 120 credits
- Completion of the last year of coursework (30 credits) in residence at UWM

**Certification majors only:**

- Successfully pass the Wisconsin Foundations of Reading Test (WIFoRT) with a score of 240 or higher
- Successful completion of a pedagogical knowledge assessment is required for certification.

**Undergraduate Advising**

Our purpose is to provide collaborative, mentoring relationships which promote educational, career, and professional development. We value a student-centered, holistic, and ethical approach to advising based on strong partnerships with students, faculty and staff, and the larger campus community. We are committed to creating a respectful and supportive environment. We encourage students to be self-reliant through informed decisions and choices based upon dissemination of accurate information. We value our own continuous professional development to enhance the quality of the advising experience.

**How to Prepare for an Advising Meeting**

- Review your Advisement Report in PAWS (<http://uwm.edu/registrar/academic-unit-services/paws-academic-advisement/>).
- Come prepared with questions or topics for discussion.
- Make a list of courses you think you should take.
- Investigate opportunities to prepare for the job you want.
- Keep a record of your academic progress.
- Understand you are ultimately responsible for creating your educational, life, and career plans.
- Maintain honest and open communication with your advisor.
- Take responsibility for choices you make as a student and member of the UW-Milwaukee community.

**Scheduling an Appointment**

Office of Student Services  
Enderis Hall, Room 209

(414) 229-4721  
soeinfo@uwm.edu

## Graduate Advising

If you are a School of Education graduate student, you may schedule an appointment with your faculty advisor by contacting your faculty advisor directly. Faculty contact information can be found in the Directory (<https://uwm.edu/education/directory/>). Your faculty advisor will be listed in your PAWS account.

## Honors in the Department of Teaching and Learning

Departmental Honors are granted to students who have achieved a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester.

## College of Community Engagement and Professions Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Education, BS: Elementary and Middle Education, K-9

The Elementary and Middle Education Program prepares individuals to meet the needs of diverse populations in a regular education setting from kindergarten through ninth grade. Clinical and student teaching experiences occur mainly in urban settings and take place in close partnership with local school districts.

Candidates successfully completing the Elementary and Middle Education, K-9, program will receive a Bachelor of Science (BS) degree in Education and endorsement to be licensed to teach in the State of Wisconsin from four-year-kindergarten through ninth grade. Individuals are licensed to teach any subject, except world language, in a self-contained classroom, and may teach language arts, mathematics, science, and social studies in a departmentalized setting.

## Requirements

### General Education Requirements (GERs)

UW-Milwaukee has General Education Requirements (p. 29) that must be met in order to earn a bachelor's degree. Some of the requirements of your program may fulfill the campus GERs. Please review the requirements and consult with your academic advisor.

Below is a list of GER courses that are *highly recommended* for students interested in the Elementary and Middle Education program.

Code	Title	Credits
<b>The Arts</b>		
ART ED 130	Multicultural Art and Visual Learning in Elementary Education (GER-A, GER-CD)	3
THEATRE 260	Storytelling: (GER-A)	3
<b>The Humanities</b>		
CURRINS 233	Introduction to Children's and Young Adult Literature (GER-HU)	3
CURRINS 234	Teachers as Writers (GER-HU, OWC-B)	3
<b>The Natural Sciences</b>		
CHEM 185	Basic Chemistry for Teachers (GER-NS +)	3
ASTRON 185	Astronomy for Pre-Education Majors (GER-NS+)	3
<b>The Social Sciences</b> <sup>1</sup>		
ANTHRO 213	American Indian Peoples of Wisconsin (GER-CD, GER-SS)	3
AIS 203	Western Great Lakes American Indian Community Life of the Past (GER-CD, GER-SS)	3
HIST 263	North American Indian History Since 1887 (GER-CD, GER-SS)	3
<b>Cultural Diversity</b>		
See GER-CD designated courses above.		

<sup>1</sup> The ACT 31 legislation requirement of the Wisconsin Department of Public Instruction for Teacher Certification (licensure) is also met by completing one of these courses.

### Program Core

Program core is comprised of foundational courses and should be completed prior to beginning the professional education semesters.

Code	Title	Credits
CURRINS 300	Introduction to Teaching: Colloquium and Fieldwork	3
ED PSY 330	Introduction to Learning and Development	3
ED POL 375	Cultural Foundations of Education	3
MATH 175	Mathematical Explorations for Elementary Teachers I (GER-QLA)	3
MATH 176	Mathematical Explorations for Elementary Teachers II (GER-QLB)	3
<b>Total Credits</b>		<b>15</b>

## Program Admission Requirements (p. 405) Content Area Concentration Requirements

Code	Title	Credits
<b>Approved Content Area Coursework</b>		<b>15</b>
Satisfactory completion of a minimum of 15 credits of approved coursework described under one of the concentration areas below (English Language Arts, Mathematics, Natural Sciences, or Social Studies). Some requirements may be fulfilled by GERs. Consult with your academic advisor to select appropriate coursework.		
<b>English Language Arts</b>		
Composition		6
Literature		3
Electives		6
<b>Mathematics</b>		
MATH 175	Mathematical Explorations for Elementary Teachers I (completed in Program Core)	3
MATH 176	Mathematical Explorations for Elementary Teachers II (completed in Program Core)	3
MATH 275	Problem Solving/Critical Thinking for Elementary Education Majors	3
Electives		6
<b>Natural Sciences</b>		
Earth Science		3
Biological Science		3
Physical Science		3
Electives		6
<b>Social Studies</b>		
History		3
Political Science		3
Geography		3
Electives		6

### Professional Requirements

Second degree candidates begin the program with the Professional Requirements.

A grade of C or better is required in professional semester coursework to advance in the program. No courses may be taken for credit/no credit.

Code	Title	Credits
<i>Semester 1</i>		
CURRINS 306	Initial Clinical Experience in Elementary and Middle Education	2
CURRINS 330	Teaching of Mathematics 1	3
CURRINS 536	Literacy 1: Assessing and Teaching Early Literacy	3
CURRINS 541	Principles and Methods of Teaching ESL	3
CURRINS 556	Professional Linking Seminar 1	3
EXCEDUC 605	Child, Learner, Disabilities	3
<i>Semester 2</i>		
CURRINS 321	Introduction to the Teaching of Social Studies	2

CURRINS 307	Clinical Experience in Elementary and Middle Education	3
CURRINS 327	Teaching of Science in the Elementary School	3
CURRINS 331	Teaching of Mathematics 2	3
CURRINS 537	Literacy 2: Assessing and Teaching Literacy through Early Adolescence	3
CURRINS 557	Professional Linking Seminar 2	3
CURRINS 377	Wisconsin Foundations of Reading (Course is not required, but highly recommended.)	
<i>Semester 3</i>		
CURRINS 323	Teaching of Social Studies:	2
CURRINS 332	Teaching of Mathematics 3	3
CURRINS 406	Advanced Clinical Experience in Elementary and Middle Education	4
CURRINS 527	Science in the Elementary School	3
CURRINS 538	Literacy 3: Introduction to New Literacies	3
CURRINS 558	Professional Linking Seminar 3	3
<i>Semester 4</i> <sup>2</sup>		
CURRINS 407	Student Teaching in Elementary and Middle Education	9
CURRINS 471	Student Teaching Seminar: The Effective Urban Educator	3
<b>Total Credits</b>		<b>64</b>

<sup>2</sup> Students must complete paperwork in order to be assigned a student teaching placement. To be approved for placement, additional criteria must be met. See Benchmarks (p. 406) for details.

### Additional Requirements for Graduation

- Satisfactory completion of a minimum 120 credits;
- Completion of the last year of coursework (30 credits) in residence at UWM; and
- Satisfactory completion of required program coursework.

### Additional Requirements for Certification

- Minimum cumulative GPA of 2.75 in all UWM and transfer courses;
- A grade of C or better in all professional semester coursework;
- Satisfactory completion of approved program assessment;
- Completion of an approved course or workshop on the history, culture, and sovereignty rights of Wisconsin Indians to fulfill the ACT 31 legislation requirement of the Wisconsin Department of Public Instruction required for certification; and
- Passing score on the Wisconsin Foundations of Reading Test (WiFORT) is also required for endorsement to be licensed to teach in the State of Wisconsin.

## Advance to Major

### Program Admission Requirements

- Mandatory meeting with advisor in the semester prior to applying to the program.
- Minimum cumulative GPA of 2.5 in all UWM and transfer courses.
- Completion of CURRINS 300 with a grade of B or better.

- Completion of MATH 175 and Oral and Written Communication Part A/OWC-A (or score of 4 or higher on English placement test) requirements with a C or better.
- Pass a Criminal Background Check (CBC) as required by the Wisconsin Department of Public Instruction for all applicants to a professional education preparation program.
- Successful application.
- Final candidate selection completed by program committee, and is contingent upon available space in the program.
- Advisor approval to proceed into the professional education semesters.

## Program Admission Requirements--Second Degree

For individuals with a bachelor's degree.

- Bachelor's degree from an accredited college or university.
- Mandatory meeting with advisor prior to applying to the program.
- Minimum cumulative GPA of 2.5 in all UWM and transfer courses.
- Pass a Criminal Background Check (CBC) as required by the Wisconsin Department of Public Instruction for all applicants to a professional education preparation program.
- Successful application.
- Final candidate selection completed by program committee, and is contingent upon available space in the program.

## Benchmarks

### Student Teaching

Students must complete an application to request/be assigned a student teaching placement. Deadlines for submission are posted by the Office of Clinical Experiences. (<http://uwm.edu/education/academics/clinical-experiences/>)

To be approved, students must **ALSO** meet the following criteria:

- Be admitted to the School of Education.
- Satisfactory completion of field evaluation in CURRINS 406.
- A grade of C or better in required professional semesters 1, 2, and 3 coursework.
- Minimum cumulative GPA of 2.75 in all UWM and transfer courses.
- Removal of all F or I (incomplete) grades in required program courses.
- Passing score or evidence of attempt on the Wisconsin Foundations of Reading Test.
- Demonstration of content knowledge proficiency with a GPA of 3.0 or higher in required coursework **OR** Passing score on the Praxis Subject Assessment exam: Middle School: Content Knowledge #5146.
- Updated TB test **results** submitted to the Office of Clinical Experiences (may take up to 6 weeks).
- Updated Criminal Background Check submitted to the Office of Clinical Experiences.

## Undergraduate Advising

Our purpose is to provide collaborative, mentoring relationships which promote educational, career, and professional development. We value a student-centered, holistic, and ethical approach to advising based on strong partnerships with students, faculty and staff, and the larger campus community. We are committed to creating a respectful and supportive environment. We encourage students to be self-reliant through informed decisions and choices based upon dissemination of accurate

information. We value our own continuous professional development to enhance the quality of the advising experience.

**Total Credits** **40-44**

<sup>4</sup> Meets Reading Teacher Proficiency 1.<sup>5</sup> Meets Reading Teacher research requirement with an additional 1 credit of independent study.<sup>6</sup> Meets Reading Teacher Proficiency 4.<sup>7</sup> Meets Reading Teacher Proficiency 5.<sup>8</sup> Students must complete paperwork in order to be assigned a student teaching placement. To be approved for placement, additional criteria must be met. See Benchmarks (p. 409) for details.

## Additional Requirements for Graduation

- Completion of University GER;
- Completion of CURRINS 452 with a C+ or better;
- Minimum cumulative grade point average of 2.75 in all professional education courses. This includes any transfer coursework that is counted towards certification at UWM, as well as grades earned in student teaching or field experiences;
- Minimum Cumulative GPA of 2.75;
- Satisfactory completion of a minimum 120 credits; and
- Completion of the last year of coursework (30 credits) in residence at UW-Milwaukee.

## Advance to Major

### Program Admission Requirements

Application to the English Education program requires satisfactory completion of the requirements listed below. For more information about

the application process, visit our website (<https://uwm.edu/education/academics/english-language-arts/>).

- **English Composition:** Achieve a placement level of 4 or higher on the English Placement Test, or complete ENGLISH 102 or equivalent with a grade of C or better.
- **Completion of CURRINS 300** with a grade of C or better.
- **A 2.5 minimum cumulative GPA** in all UWM and transfer courses at the time of admission application.
- **A 2.75 cumulative GPA** in all English content courses.
- **A minimum of 58 credits** (UWM and transfer credits) at the time of admission application. It is not required to have all the Core Curriculum courses completed at the time of application.
- **Meeting with faculty advisor** to review admission application. Faculty signature required on application.

## Benchmarks Student Teaching

Students must complete paperwork in order to be assigned a student teaching placement. To determine your deadline (February or April), visit the Office of Clinical Experiences website (<https://uwm.edu/education/academics/clinical-experiences/>).

To be approved for placement, you must meet the following criteria:

- Be admitted to the School of Education.
- Completion of all required coursework.
- Minimum 2.5 cumulative GPA.
- Minimum of 2.75 GPA in all content area and professional education courses.
- Have a GPA of 3.0 or better in the major, **OR** Pass the Praxis Subject Assessment exam: English Language Art: Content Knowledge #5038, **OR** Have a Passing Score on content area Portfolio.
- Removal of all F or I (incomplete) grades.
- TB test results submitted to the Office of Clinical Experiences.
- Criminal Background Check submitted to the Office of Clinical Experiences.
- Completion of CURRINS 630, CURRINS 631, CURRINS 632, CURRINS 633, and CURRINS 650 with a C+ or better.

## Undergraduate Advising

Our purpose is to provide collaborative, mentoring relationships which promote educational, career, and professional development. We value a student-centered, holistic, and ethical approach to advising based on strong partnerships with students, faculty and staff, and the larger campus community. We are committed to creating a respectful and supportive environment. We encourage students to be self-reliant through informed decisions and choices based upon dissemination of accurate information. We value our own continuous professional development to enhance the quality of the advising experience.

### How to Prepare for an Advising Meeting

- Review your Advisement Report in PAWS (<http://uwm.edu/registrar/academic-unit-services/paws-academic-advisement/>).
- Come prepared with questions or topics for discussion.
- Make a list of courses you think you should take.
- Investigate opportunities to prepare for the job you want.
- Keep a record of your academic progress.

- Understand you are ultimately responsible for creating your educational, life, and career plans.
- Maintain honest and open communication with your advisor.
- Take responsibility for choices you make as a student and member of the UW-Milwaukee community.

### Scheduling an Appointment

Office of Student Services  
Enderis Hall, Room 209  
(414) 229-4721  
[soeinfo@uwm.edu](mailto:soeinfo@uwm.edu)

### Graduate Advising

If you are a School of Education graduate student, you may schedule an appointment with your faculty advisor by contacting your faculty advisor directly. Faculty contact information can be found in the Directory (<https://uwm.edu/education/directory/>). Your faculty advisor will be listed in your PAWS account.

## Honors in the Department of Teaching and Learning

Departmental Honors are granted to students who have achieved a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester.

## College of Community Engagement and Professions Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

## Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 819) section of this site.

## Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

## Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

## Education, BS: English as a Second Language Education

The English as a Second Language (ESL) Program is available as a major or a minor. An ESL major is for students who plan to teach English to non-native speakers from birth to age 21, in PK through 12th grade. Students must select the Early Childhood through Adolescence ESL

major for grades PK through 12th grade. The ESL minor will result in an additional certification at the same level as your initial license.

Students at this level of certification may also add the following licenses while pursuing or after obtaining their ESL licensure as their initial certification:

- World Languages

## Requirements

### General Education Requirements (GERs)

UW-Milwaukee has General Education Requirements (p. 29) that must be met in order to earn a bachelor's degree. Some of the requirements of your program may fulfill the campus GERs. Please review the requirements and consult with your academic advisor.

### Program Admission Requirements (p. 411)

#### Program Core

Code	Title	Credits

## Education, BS: Inclusive Early Childhood Teacher Education

The Inclusive Early Childhood Teacher Education (IECTE) Program is a signature dual licensure program for students interested in a Bachelor of Science in Education degree with licensure in both Early Childhood Education and Early Childhood Special Education. Program students also have the opportunity to add certifications in English as Second Language and/or Bilingual Education. This multi-licensure approach is grounded in the belief that a complex understanding of multiple knowledge frameworks is essential to providing meaningful educational experiences for all children birth through third grade. The IECTE Program seeks to educate future teachers with the knowledge and disposition to use equitable and effective practices that break down barriers and make learning accessible for all. It is a one-of-a-kind teacher education journey with the possibility of completing the dual licensure program in four years (including one summer) through real-world experiences and a supportive program structure. The program provides experiences in a cross-section of sites where future employment opportunities exist, including public and charter primary schools, Head Start, early intervention settings, and preschools and other community-based educational settings. The IECTE Program responds to the local needs of the Milwaukee Metropolitan school districts, as well as the national call for teachers who have the knowledge and disposition to effectively educate and celebrate the diversity of young children.

## Requirements

### General Education Requirements (GERs)

UW-Milwaukee has General Education Requirements (p. 29) that must be met in order to earn a bachelor's degree. Some of the requirements of your program may fulfill the campus GERs. Please review the requirements and consult with your academic advisor.

The following GER course is *highly recommended* for students in the Inclusive Early Childhood Teacher Education program.

Code	Title	Credits
CURRINS 234	Teachers as Writers	3
