### Senior Product Development Engineer / Product Development Engineer

**JSAB Technologies Limited** is a high-tech company specialized in the design, research and development, and sales of **power semiconductor devices**. JSAB is founded and led by a prestigious professor who is an IEEE Fellow in the field of silicon-based power semiconductor devices. JSAB possesses an outstanding technical team which includes PhD holders graduated from prestigious universities. The management team and technical leaders are from multinational semiconductor companies. The products are widely used in a variety of applications such as power management, motor control, etc. Join **JSAB**, be a **Power Semiconductors** expert in a fast-growing Group!

We actively look for professional, inspiring and collaborative teams in Product Engineering with major roles as follows:

- Manage power semiconductor device products;
- Define product specification with sales and customers;
- Provide technical advice to sales and customers; and
- Perform product characterization, qualification and failure analysis.

You are best equipped for this task if you have:

- University degree or above in Electronic Engineering or in related technical discipline i.e. Physics / Materials Science with background in microelectronics / semiconductor devices;
- Related working experience in the semiconductor industry (for the positions of Senior Engineer or Principal Engineer, fresh graduate will be considered as Engineer); and
- Knowledge in semiconductor devices (such as diodes, MOSFETs, IGBTs, etc.) and/or in electronic packaging, device characterization and PCB layout is definitely a plus.

We have offices in the Hong Kong Science Park (HKSP), Shatin, Hong Kong and Bao'an District, Shenzhen, PRC. We offer good career path, diversified work exposure and competitive remuneration package. Interested parties please send detailed resume with expected salary by email to [hr@jsab.com.hk](mailto:hr@jsab.com.hk).

Please visit <http://www.jsab-tech.com/> for more information of the company.
