Riverview School District: GOOD CITIZENSHIP PLEDGE

As a Riverview student, I recognize that the co-curricular activities are a privilege and not a right. I realize that I represent the Riverview School District in my role on a Riverview Team, Riverview Club, Council, or Riverview Performance Group. I have read the team, club, group, or activity rules of which I am a member.

I pledge to follow these rules and accept the consequences of their enforcement. I recognize that these rules exist for the common good of all members and the individual good and safety of each member. I pledge to respect my teachers, coaches, sponsors, and directors. I pledge to respect my teammates, competitors, fellow members, and participants in the activity of my choice. I pledge to respect all officials, judges, referees, and volunteers who provide a vital service to assist in conducting this co-curricular program. I pledge to obey all school policies, and local, county, state, and federal laws, including those related to alcohol and other drugs, safe driving, weapons, and violence.

AS A GOOD CITIZEN OF THE RIVERVIEW SCHOOL DISTRICT,

I REPRESENT MY FAMILY, TEAM, SCHOOL, AND COMMUNITY.

Please SIGN & complete this form and bring it to your audition – along with the Student Information Form on the next page.

Interview Dates/Times

INTERVIEW GUIDELINES:

In order to ensure that each position on the production's crew is filled with the student who is best suited for the role, our set designer, Thom Capone, will be conducting brief interviews of all interested students. These interviews will be an opportunity for students to speak to their interests, experience, and passion, and to enable the production team to get to know them and their abilities better before assigning roles. Interviews will be informal and will take place during set-construction on Saturdays.

Every interested student will have an opportunity to be interviewed for consideration for any of the available technical roles, and every effort will be made to place students in a technical role for which they are best suited.
