

## Continuous Submission Update

The list of reviewers eligible for continuous submission is no longer being maintained. The most accurate information is available in your eRA Commons account. Instructions on how to check your CS eligibility can be found [here](#).

In addition, eRA Commons users with account administration roles (e.g., SO – Signing Official, AO – Administrative Official, AA – Account Administrator, BO – Business Official) can check an investigator’s eligibility using the [Advanced Search feature](#) in the Admin module.

Important note: CS-eligible applications received after the application receipt period end date are automatically assigned to the next council round. There are no “late” applications that can be considered – they are simply early for the next council round. Questions regarding continuous submission can be sent to: [CSR.cont.sub.comm@mail.nih.gov](mailto:CSR.cont.sub.comm@mail.nih.gov)
