

Crowdfunding and Sustainable Urban Development in Emerging Economies

Part of the Advances in E-Business Research Book Series

Umar G. Benna (Ahmadu Bello University, Nigeria) and Abubakar U. Benna (Durham University, UK)

Description:

Economic and societal systems continually evolve as the needs and demands of society change. With the development of new technologies, research, and discoveries, various opportunities emerge for venture development and developing economies.

Crowdfunding and Sustainable Urban Development in Emerging Economies provides innovative research on current issues in the rise of new platforms for digital activities, a collaborative economy, crowdsourcing, crowdfunding, and other activities that are shaping developing countries. Highlighting a range of pertinent topics, such as infrastructure finance, tertiary educational institutions, and urban sustainability, this book is an important resource for academicians, practitioners, researchers, and students.
