Photo policy at iWoRiD 2023

- 1. Consent Requirement:** Before taking a photograph that includes other attendees, ask for their verbal consent. If anyone expresses discomfort or denies permission, do not include them in the photograph.
- 2. Identification Protection:** Avoid capturing nametags, badges, or any other identifying information in photographs.
- 3. Sensitive Zones:** Photography is strictly prohibited in areas such as restrooms, nursing rooms, and any space that is being used for private conversations or sensitive activities.
- 4. Respect Privacy Requests:** If any attendee approaches you post-capture to request that a specific photograph not be shared or used due to privacy concerns, respect their wishes and delete or refrain from using the photograph.
- 5. Social Media Sharing Guidelines:** If sharing photographs on social media platforms, do not tag individuals without their explicit consent. Consider using a designated event hashtag so that attendees can choose whether or not to engage with the content.
- 6. Official Photography:** There will be official photographers/videographers capturing the event. These photographers will be clearly identifiable. If you do not wish to be photographed by official photographers, please inform them or event staff.
- 7. Use of Photographs:** Any photographs taken by official photographers may be used for promotional material or documentation of the event. [By attending this event, you agree to this use, unless you have informed the official photographers or event staff of your preference not to be photographed.](#)
