K12 Schools

Our online security platform specializes to help educators and the board meet their regulation rules to become CIPA Complaint.

Deploy safety policies easily within minutes

Protect devices on your network and the visitors on wifi guest accounts

Reduce costs compared to on-prem security

On-premise security costs more than us while offering less due to legacy technology

Maximize CIPA Compliance for your school

Meet CIPA Compliance Standards and Regulations Acts from the government

Get cyberbullying & self-harm alerts

Safeguard students in the classroom, on the campus and even off-site

Student & device safety + tracking

Protection to secure Chromebooks, Windows and Apple devices safe

Stop internet threats & risks

Create a more stable and safe environment for your K12 classes and school
