Open Access Monograph and Book Chapter Deposit Form

All ERC grants under Horizon 2020 require beneficiaries to provide open access to peer-reviewed scientific publications related to results from the research funded under the grant. For ERC grants under FP7 from 2012 onwards, beneficiaries are required to immediately deposit and make their best effort to provide open access to these publications. Please consult the ERC OA requirements for full details.

The ERC Scientific Council mentions the OAPEN Library as the recommended repository for monographs and book chapters and other long-text publications.
If you are the author or publisher of a publication based on research funded by the ERC, please use this form to deposit the monograph or book chapter for inclusion in the OAPEN Library.

Please note that this form must be completed by the author or the publisher of the work, or their representative. To complete this form you will need the:

- ERC grant details
- Full text monograph or book chapter file(s), plus associated metadata files if available
- Embargo release date, if applicable (i.e. the date as of which open access can be provided to the publication through the OAPEN library)

If you have any questions about completing this form, please contact: deposit@oapen.org
