Mr N J A Sloane
Mathematics Research Center
Bell Telephone Laboratories
Murry Hill NJ 07974

Dear Mr Sloane

I received today a copy of your book "A handbook of integer sequences" and found it to be fascinating.

The first thing I did was to look up a two-way table that I published in Biometrika in 1959, and which has always puzzled me. As you will note from the enclosed photocopy, it seems that you list the first column in each of two tables.

Very sincerely yours,

Frank A Haight
