onderwerp

Dear Professor Sloane,

My research on Fibonacci-like difference and differential equations gave rise to some sequences of natural numbers that I could not find in your 1973 edition of "Handbook of Integer Sequences". These sequences are mentioned in the three enclosed reports; INF-85-10 and INF-86-6 have been accepted for publication in The Fibonacci Quarterly, whereas INF-86-36 will be submitted elsewhere.

Now my questions are the following: Did there appear a new updated version of your Handbook? In case it did not, are recent supplements still available? And would you be so kind to send me a copy?

Sincerely yours,

Peter R.J. Asveld

Dear Dr. Asveld:

Thank you for your letter and the very nice sequences.

I enclose a copy of Supplement #1, the only one issued (so far).

I am collecting material for a second edition of the "Handbook", but it won't appear soon.

Thank you for writing.

Yours sincerely,

N. J. A. Sloane
