

R.O.C.S.

RAPID OFFENSE CHASSIS SYSTEM

EASY TO INSTALL
NO GUNSMITH NEEDED

trybedefense.com

GET STARTED IN 3 EASY STEPS

DANGER: Ensure that the firearm is safe and not loaded.
Follow all rifle manufacturer recommendations for operation.

1

Remove Your Rifle Action From the Manufacturer Stock

Do what you want with the old stock! And make sure the bolt is removed!

2

Drop Your Action Into Your New TRYBE Defense Chassis System

Hold the action firmly against the recoil lug - secure with included action screws - tighten to 60 in-lb or an extra 1/4 turn past snug!

3

Go Shoot! Put Back Your Bolt, Add a Scope On Top, Load Up a Mag And Enjoy!

CAUTION: Re-torque action screws after initial use. (Approx 100 rounds)
