FEATURES

-  Precision accuracy
-  Reliable and durable
-  Attaches to arrows or bolts
-  Compact and lightweight
-  Easy to pack and travel

INCLUDED ACCESSORIES

-  Battery pack
-  Carrying case

The **Sightmark Laser Boresight** provides the most convenient and accurate method for sighting in bows and crossbows. Simply screw on the boresight to the tip of an arrow or bolt and a laser dot will show exactly where the bow or crossbow is aiming. Next, sight in any optic at 30 yards and switch out the boresight for an arrow or bolt tip to begin hunting.

The Sightmark Laser Boresight is sure to take the frustration out of prolonged sighting, as it is easy to use and will save both time and money. A lightweight carrying pouch protects the laser for convenient use in the field. Sightmark-Make Your Mark!
