

STRIKE EAGLE®

1-8x24 FFP RIFLESCOPE

KEY FEATURES:

- ▶ **FIRST FOCAL PLANE RETICLE**
Accurate holdovers through the entire magnification range.
- ▶ **EBR-8 RETICLE**
Lightning fast target acquisition on 1x and holdovers out to 600 yards.
- ▶ **THROW LEVER**
The included throw lever can be installed for quick and easy magnification adjustments.

LOW GLARE MATTE
BLACK ANNOXIDIZE

WHAT'S IN THE BOX:

- Flip Caps
- CR2032 Battery
- Throw Lever
- 2mm Hex Wrench
- Lens Cloth
- Sunshade

PREPARE FOR IMMEDIATE IMPACT.

The Strike Eagle® 1-8x24 FFP gives the accurate holdovers at any magnification you've been looking for in an LPVO, allowing you to dominate close-quarters and stretch your effective range. The EBR-8 reticle provides true red dot-like performance at 1x and holdovers out to 600 yards, and an included ranging feature lets you make quick decisions in the reticle. With 9 daylight and 2 night-vision settings, you can dial up illumination to perfectly match your shooting scenario. Put all that in a 30mm tube with capped turrets to keep your zero safe, plus a throw lever for rapid mag changes, and you have an LPVO born to ring steel.
