

Supporting business students on their path to academic and professional success

ProQuest One Business is designed to support the unique teaching & learning needs of business faculty and students.

- 1. A user experience designed for business studies
- 2. Prepares students for success
- 3. Meets today's challenges
- 4. A wealth of in-demand resources

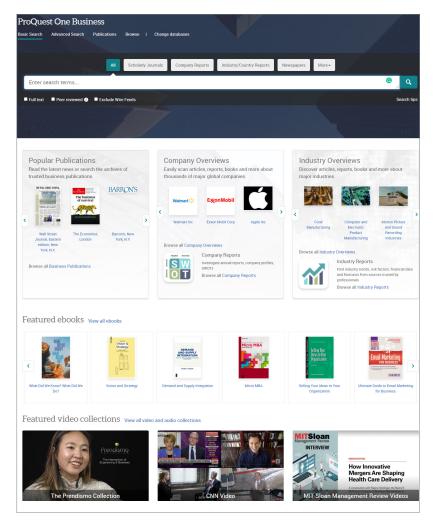

"The interface is sleek and intuitive...the variety of content users have access to in one product is remarkable."

 Kaci Resnau, Charleston Advisor, awarded 4.75 out of 5

"This outstanding one-stop business gateway enables users to find books, company reports, journals, videos, conference proceedings, and much more...exceptional searchability, navigability, functionality, and usability"

– Rob Tench, Library Journal

Why ProQuest One Business?

Developed in collaboration with faculty, students and business librarians, **ProQuest One Business** delivers a mix of practical and theoretical content in an interface that helps students build the research skills they'll need for success in their courses and careers.

A business-focused interface intuitively guides users to content like journal articles, books, and company, industry and country reports – the materials they need for their most common assignments.

A User Experience Designed for Business Studies

• Intuitively guides users to the content they need for common assignments like SWOT analyses, case studies and industry presentations.

"It's like having GPS" – Business Faculty

• Developed in collaboration with students, faculty, and librarians.

"Very clear...easy to use" - Reference Librarian

Prepares Students for Success

- Builds the research skills that students need today and that companies will look for tomorrow
- Presents a unique mix of practical and theoretical content in a business-specific interface.

"Like having a huge mind map" – Dissertations advisor

Meets Today's Challenges

• An intuitive user experience means distance learners can navigate with ease – and libraries can spend less time on training and support.

"Looks very helpful from a glance"- Undergraduate

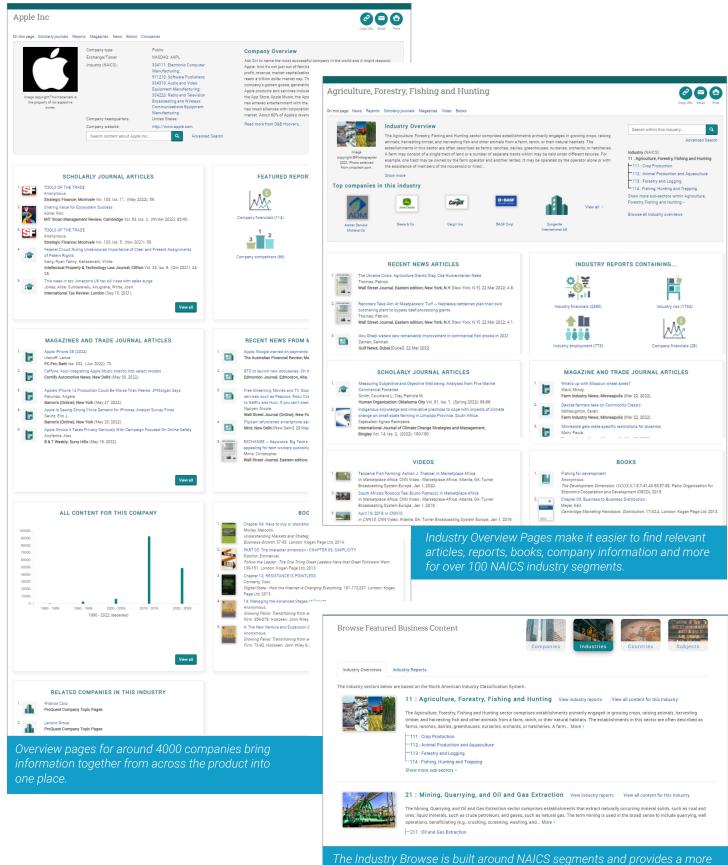

• Relieves students of the costly burdens of personal news subscriptions and case study purchases.

A Wealth of In-Demand Resources

- Includes more of the valuable information needed by business students and researchers than any other single resource, including journals, newspapers, market research reports, dissertations, books and streaming video.
- Relevant and easy-to-find content generates more usage and enables the library to deliver greater value.

A User Experience Designed for Business Studies

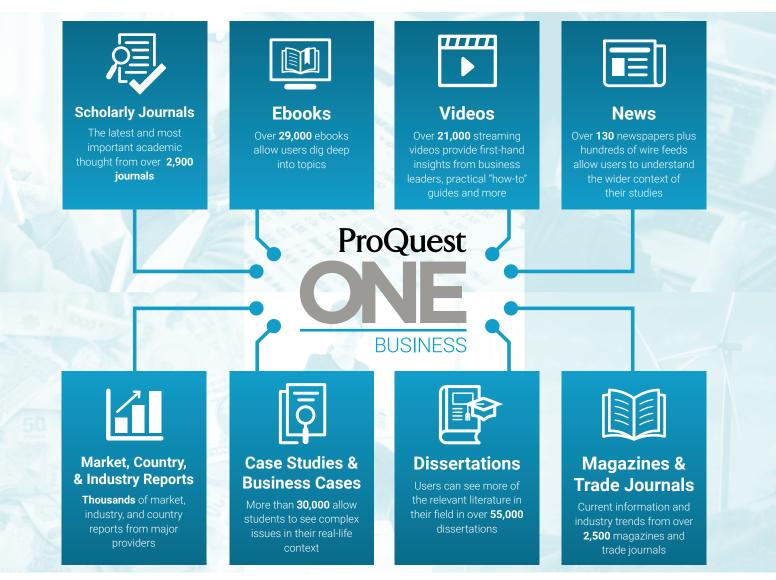

The Industry Browse is built around NAICS segments and provides a mo intuitive and transparent way to browse content by industry.

A Wealth of In-Demand Resources

- Company, industry and country reports from providers such Fitch Solutions and Economist Intelligence Unit; and in-depth analyst reports from J. P. Morgan
- · Scholarly journal and ebook coverage from hundreds of publishers
- Full text of the three major global business news sources: the Wall Street Journal, the Economist and the Financial Times
- A robust collection of video including interviews with business leaders, case studies and trainings
