## **A Quarterly Report of Full-Time Equivalent State Employees For the Quarter Ending November 30, 1994**

---

**February 1995**

### **Key Facts And Findings**

- There were 261,838 full-time equivalent state employees for the quarter ending November 30, 1994, according to reports filed by 210 state agencies. There were 240,303 full-time state employees and 62,633 part-time state employees.
- The number of full-time equivalent state employees increased by 7,773 (or 3.06 percent) over the quarter ending August 31, 1994.
- The majority of the increase (8,419 FTEs) was in higher education and reflects the normal increase in the academic school year between summer school and fall semester. The other large increase was in the Department of Criminal Justice (1,689 FTEs) which is the result of staffing for new prison units. A large decrease in employees at the Department of Transportation (1,453 FTEs) is caused mainly by seasonal employees that were hired only for summer months.

As of the last day of the quarter ending November 30, 1994, there were 261,838 full-time equivalent state employees. This represents an increase of 7,773 (or 3.06 percent) over the number of full-time equivalent state employees for the quarter ending August 31, 1994. There were 240,303 full-time state employees and 62,633 part-time state employees.

The State Classification Office in the State Auditor's Office prepared a quarterly summary report of:

- Full-time equivalent state employees
- Number of full-time and part-time state employees

- Number of consultants and contract individuals

This report contains data for the quarter ending November 30, 1994. See Tables I-V in Section 2 for current quarter data.

## Objective, Scope, and Methodology

This report is prepared from information contained in written reports filed with the State Auditor by 210 state agencies and institutions of higher education.

The written reports contain the following information:

- Number of Full-Time State Equivalent Employees paid from funds inside and outside the State Treasury
- Number of Full-Time and Part-Time State Employees paid from funds inside and outside the State Treasury
- Number of Full-Time and Part-Time Budgeted Positions paid from funds inside and outside the State Treasury
- Number of Full-Time and Part-Time Vacant Positions paid from funds inside and outside the State Treasury

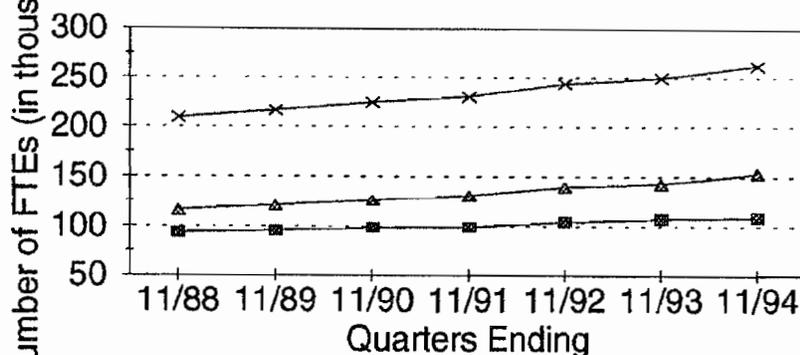

- Number of Consultants and Contract Individuals

The reports filed by some agencies and institutions of higher education are subject to certain constraints, including:

- The state institutions of higher education, in most cases, report that they do not budget for their part-time positions by individual position, but rather by a budgeted dollar amount. Therefore, the number of

## Overview

vacant part-time positions cannot be determined in such cases.

- The state institutions of higher education represent most of the agencies which have funds outside of the Treasury. One individual position in an institution may be appointed to and paid from two, three, four, or five different funds. For example, in the case of an individual with five appointments, two of these appointments may be paid from funds inside the Treasury and three may be paid from funds outside of the Treasury.

In order to give a full "head count" when reporting, these institutions have had to take all of these fractions into account. In some cases, they reported the fractions as part-time employees both inside and outside the Treasury and, in other cases, they reported the position either in or out of the Treasury based on the preponderance of the funding for the position.

- In the case of the House and Senate, only regular positions are budgeted.
- In the case of some agencies with hourly and seasonal employees, positions are not budgeted but a dollar amount is budgeted.
- In reporting consultants and contract individuals, an attempt has been made to follow the general guideline of reporting the number of such individuals who are performing work for the State that could conceivably be performed by state employees. The list of the types of

contract individuals includes, but is not limited to, the following:

- employees of accounting firms
- employees of temporary services
- doctors
- lawyers
- employees of contract food services companies
- employees of janitorial services companies

Board of Dental Examiners, Department 504 was abolished effective August 31, 1994.

Two new agencies, Health Professions Council, Department 364 and Interagency Council on Early Childhood Intervention Services, Department 532, are included in this report. The total number of reporting entities is now **210**.

This report was prepared in accordance with Texas Government Code, Chapter 2052, Subchapter B.
