Supplementary Table 1

Mean reaction times in ms to past vs. future related words (standard deviation in parentheses)
in the different experimental conditions

Avatar task-irrelevant		
	<i>Mapping incongruent</i>	
	future word; front-left avatar	812 (128)
	future word; front-right avatar	822 (139)
	future word; back-left avatar	815 (123)
	future word; back-right avatar	845 (162)
	past word; front-left avatar	843 (196)
	past word; front-right avatar	815 (155)
	past word; back-left avatar	833 (150)
	past word; back-right avatar	818 (162)
	<i>Mapping congruent</i>	
	future word; front-left avatar	798 (137)
	future word; front-right avatar	779 (135)
	future word; back-left avatar	789 (122)
	future word; back-right avatar	773 (140)
	past word; front-left avatar	728 (128)
	past word; front-right avatar	735 (121)
	past word; back-left avatar	734 (136)
	past word; back-right avatar	718 (114)
Avatar task-relevant		
	<i>Mapping incongruent</i>	
	future word; front-left avatar	1045 (211)
	future word; front-right avatar	1120 (270)
	future word; back-left avatar	1074 (261)
	future word; back-right avatar	1098 (216)
	past word; front-left avatar	1003 (207)
	past word; front-right avatar	1052 (253)
	past word; back-left avatar	1049 (206)
	past word; back-right avatar	992 (239)
	<i>Mapping congruent</i>	
	future word; front-left avatar	1034 (248)
	future word; front-right avatar	1029 (238)
	future word; back-left avatar	1019 (251)
	future word; back-right avatar	1008 (254)
	past word; front-left avatar	952 (261)
	past word; front-right avatar	1008 (266)
	past word; back-left avatar	989 (254)
	past word; back-right avatar	979 (209)
