www.automationdirect.com

To Whom It May Concern:

AutomationDirect.com, Inc. is a certified partner in the US Customs-Trade Partnership Against Terrorism (C-TPAT). According to the C-TPAT Security Criteria, certified C-TPAT partners must verify the participation status of other eligible C-TPAT business partners. To assist with this process, and limit the amount of excess time spent on filling out multiple questionnaires, US Customs and Border Patrol (CBP) has created the Status Verification Interface (SVI), which allows consenting certified C-TPAT partners to verify the participation of other consenting certified C-TPAT partners via access to the CBP Security Link Portal.

As evidence of our certification, we submit the following Status Verification Interface Number for verification: 93e2fe3a-862e-4b66-a613-ee98f80da649. If you have any further questions regarding AutomationDirect.com, Inc.'s supply chain security program, please contact me at the number below.
