

# License Keys for SAP BusinessObjects Predictive Analytics

A step-by-step guide

SAP Global License Audit & Compliance

PUBLIC

## Where to request license keys?

**Option 1:** Open the license key request application from the SAP Support Launchpad via <u>https://launchpad.support.sap.com</u> Click on License Keys

## Where to request license keys?

#### Option 2: Logon to https://support.sap.com

Click on Request Keys OR select License Keys under 'My Support' and then launch the license key application from the link there

### Step 1: Select the Installation number on which the key(s) will be requested:

Nat applicable	0	
Not applicable	*	
Not applicable	~	
directly		
	2.1	
Please select, type, or paste	۲	
F	Not applicable Not applicable Not applicable directly Please select, type, or paste	Not applicable (*) Not applicable (*) Not applicable (*) directly

Step 2: Click '+' to add a new system and select SAP Business Objects Predictive Analytics as the Product and then select the version number for which the key is required:

		> Installation 20971360		r L		
Systems					+ •	
		Add New System				
	Product:	SAP BusinessObjects Predictive Analytics	۲			
	Version:	Please select	~			
		Please select		_		
		SAP BusinessObjects Predictive Analytics 3.0		Continue	Cancel	
		SAP Predictive Analytics 2.0				

### Step 3: Complete the System information: System ID = 3 digits, first must be alphabet letter (A-Z)

> Ir		Add New System				censes
Syste	Product:	SAP BusinessObjects Predictive Analytics	۲			ŤĻ
4	Version:	SAP BusinessObjects Predictive Analytics 3.0	~			
	System ID*:					
	System Name:					
	System Type*:	Please select	$\sim$			
	Operating System*:	Microsoft Windows	$\checkmark$			
				Continue	Cancel	

Step 4: Click '+' to add a new license and then select the license for which the key is required:

> Installation 00209	971360		📑 Licens
> System I		Create License Key Request	
Material No license ko	Material*: Version: Number of Licenses*:	Please select   Please select   7016791 SAP Predictive Analytics Modeler (Licensed = 1)   7017073 SAP PAS Full Use HANA, up to 10 units (Licensed = 10)   7018594 SAP Predictive Analytics Modeler (Licensed = 10)   7018842 SAP BusinessObjects Predictive Analytics (Licensed = 10)   7018862 LIC KEY ONLY-NOT FOR SALE Pred Fctry CS (Licensed = 2)	et Cance

#### **IMPORTANT:**

#### You may need to request more than one license key in respect of your deployment, for example:

SAP Predictive Analytics Modeler and SAP BusinessObjects Predictive Analytics Suite

or

SAP Predictive Analytics Modeler and SAP PAS Full-use HANA (PAS = Predictive Analytics Suite)

#### An additional key is required to activate SAP Predictive Factory 3x, a component of SAP Predictive Analytics Suite:

-Select license 7018862 LIC KEY ONLY-NOT FOR SALE Pred Fctry CS. -Ensure that license quantity <u>one</u> only is selected.

#### All required keys can be requested under the same system by clicking '+' to add each license to the request:

Step 5: Click 'Generate' and the license keys will then list on the screen and it is also possible to email the keys by using the mail icon

>	Installation 0020971360				🖆 License		
>	System RST						
Lice	nse Keys (3)					+	Ī
