

# Application for Sales Tax Simplified Electronic Return Software Approval

This form is for the application of sales tax simplified electronic return (SER) software development ONLY.

Please email completed form to **SST@utah.gov** with the phrase "Security Request" in the subject line. You will be provided with a TESTING user ID and password either by phone or email.

The software used to create and transmit TEST submissions must pass all Utah State Tax Commission software application requirements.

Upon successful application, you will be provided with a PRODUCTION user ID and password. Software containing the credentials provided by the Utah State Tax Commission can then be used to transmit production SER submissions to the SST Web Service.
