Is reuse in the author's own new work?	Yes
Format	Print and electronic
Portion	Full article
Will you be translating?	No
Order reference number	
Title of your thesis/dissertation	Towards a Storage Stack for the Data Center
Expected completion date	Nov 2016
Estimated size (pages)	100
Requestor Location	Ioan A Stefanovici 100 Spadina Rd., #1907 Toronto, ON M5R2T7 Canada Attn: Ioan A Stefanovici
Billing Type	Credit Card
Credit card info	Visa ending in 5977
Credit card expiration	08/2018
Total	10.51 CAD

[Terms and Conditions](#)

Rightlink Terms and Conditions for ACM Material

1. The publisher of this copyrighted material is Association for Computing Machinery, Inc. (ACM). By clicking "accept" in connection with completing this licensing transaction, you agree that the following terms and conditions apply to this transaction (along with the Billing and Payment terms and conditions established by Copyright Clearance Center, Inc.

("CCC"), at the time that you opened your Rightslink account and that are available at any time at).

2. ACM reserves all rights not specifically granted in the combination of (i) the license details provided by you and accepted in the course of this licensing transaction, (ii) these terms and conditions and (iii) CCC's Billing and Payment terms and conditions.

3. ACM hereby grants to licensee a non-exclusive license to use or republish this ACM-copyrighted material* in secondary works (especially for commercial distribution) with the stipulation that consent of the lead author has been obtained independently. Unless otherwise stipulated in a license, grants are for one-time use in a single edition of the work, only with a maximum distribution equal to the number that you identified in the licensing process. Any additional form of republication must be specified according to the terms included at the time of licensing.

*Please note that ACM cannot grant republication or distribution licenses for embedded third-party material. You must confirm the ownership of figures, drawings and artwork prior to use.

4. Any form of republication or redistribution must be used within 180 days from the date stated on the license and any electronic posting is limited to a period of six months unless an extended term is selected during the licensing process. Separate subsidiary and subsequent republication licenses must be purchased to redistribute copyrighted material on an extranet. These licenses may be exercised anywhere in the world.

5. Licensee may not alter or modify the material in any manner (except that you may use, within the scope of the license granted, one or more excerpts from the copyrighted material, provided that the process of excerpting does not alter the meaning of the material or in any way reflect negatively on the publisher or any writer of the material).

6. Licensee must include the following copyright and permission notice in connection with any reproduction of the licensed material: "[Citation] © YEAR Association for Computing Machinery, Inc. Reprinted by permission." Include the article DOI as a link to the definitive version in the ACM Digital Library. Example: Charles, L. "How to Improve Digital Rights Management," Communications of the ACM, Vol. 51:12, © 2008 ACM, Inc. <http://doi.acm.org/10.1145/nnnnnn.nnnnnn> (where nnnnnn.nnnnnn is replaced by the actual number).

7. Translation of the material in any language requires an explicit license identified during the licensing process. Due to the error-prone nature of language translations, Licensee must include the following copyright and permission notice and disclaimer in connection with any reproduction of the licensed material in translation: "This translation is a derivative of ACM-copyrighted material. ACM did not prepare this translation and does not guarantee that it is an accurate copy of the originally published work. The original intellectual property contained in this work remains the property of ACM."

8. You may exercise the rights licensed immediately upon issuance of the license at the end of the licensing transaction, provided that you have disclosed complete and accurate details of your proposed use. No license is finally effective unless and until full payment is received from you (either by CCC or ACM) as provided in CCC's Billing and Payment terms and conditions.

9. If full payment is not received within 90 days from the grant of license transaction, then any license preliminarily granted shall be deemed automatically revoked and shall be void as if never granted. Further, in the event that you breach any of these terms and conditions or any of CCC's Billing and Payment terms and conditions, the license is automatically revoked and shall be void as if never granted.

10. Use of materials as described in a revoked license, as well as any use of the materials beyond the scope of an unrevoked license, may constitute copyright infringement and publisher reserves the right to take any and all action to protect its copyright in the materials.

11. ACM makes no representations or warranties with respect to the licensed material and adopts on its own behalf the limitations and disclaimers established by CCC on its behalf in its Billing and Payment terms and conditions for this licensing transaction.

12. You hereby indemnify and agree to hold harmless ACM and CCC, and their respective officers, directors, employees and agents, from and against any and all claims arising out of your use of the licensed material other than as specifically authorized pursuant to this license.

13. This license is personal to the requestor and may not be sublicensed, assigned, or transferred by you to any other person without publisher's written permission.

14. This license may not be amended except in a writing signed by both parties (or, in the case of ACM, by CCC on its behalf).

15. ACM hereby objects to any terms contained in any purchase order, acknowledgment, check endorsement or other writing prepared by you, which terms are inconsistent with these terms and conditions or CCC's Billing and Payment terms and conditions. These terms and conditions, together with CCC's Billing and Payment terms and conditions (which are incorporated herein), comprise the entire agreement between you and ACM (and CCC) concerning this licensing transaction. In the event of any conflict between your obligations established by these terms and conditions and those established by CCC's Billing and Payment terms and conditions, these terms and conditions shall control.

16. This license transaction shall be governed by and construed in accordance with the laws of New York State. You hereby agree to submit to the jurisdiction of the federal and state courts located in New York for purposes of resolving any disputes that may arise in connection with this licensing transaction.

17. There are additional terms and conditions, established by Copyright Clearance Center, Inc. ("CCC") as the administrator of this licensing service that relate to billing and payment for licenses provided through this service. Those terms and conditions apply to each transaction as if they were restated here. As a user of this service, you agreed to those terms and conditions at the time that you established your account, and you may see them again at any time at <http://myaccount.copyright.com>

18. Thesis/Dissertation: This type of use requires only the minimum administrative fee. It is not a fee for permission. Further reuse of ACM content, by ProQuest/UMI or other document delivery providers, or in republication requires a separate permission license and fee. Commercial resellers of your dissertation containing this article must acquire a separate license.
