

Open Access Statement

All content of the journal is published Open Access in accordance with the [Creative Commons Attribution License \(CC BY 4.0\)](#).

Within the meaning of CC BY 4.0, all articles are immediately, freely and with no prior additional permission available for reading, downloading, copying, distributing, printing, searching or linking to their full texts.

Everyone is allowed to use or share the content of the journal with no restrictions except for those relating to publicity, privacy or moral rights and subject to giving an appropriate credit to the original publication source, the authorship, providing a link to the license, and indicating if changes were made to the original text.

Permission to use the content does not contemplate the endorsement of author rights to the original publication.

The re-use, re-production or distribution of articles published in the journal is permitted to the extent allowed by applicable law and for the lawful purpose only.
