The contract is created upon the validation of the order of the Subscription(s) by the Company. Within the limits prescribed by applicable law, the validation of the order constitutes an electronic signature between the Parties - equivalent to a handwritten signature between the Parties.

## 3.4 Subscriptions

### 3.4.1 Delivery of Subscription

If the Client has chosen the **immediate single payment** purchase option when ordering, the Subscriptions will be available in the Supervisor Space (if applicable) or by e-mail to our support team once the payment has been received by the Company.

If the **single payment in 30 days** option is available (particularly, this option doesn't apply if there is an existing non-payment) and has been chosen by the Client, the Subscriptions will be available to the Client in their Supervisor Space immediately after the order is confirmed.

If the **monthly payments** purchase option is available and has been chosen by the Client, the Subscriptions will be available to the Client in their Supervisor Space

*In general, immediate single payment results in a discount.*

(if applicable) or by e-mail to our support team once the first payment has been received by the Company.

### **3.4.2 Activation of Subscriptions**

When the Client purchases one or more Subscriptions, they do not have to allocate the Subscription(s) at the time of ordering. They can name the User(s) later in the Supervisor Space (if applicable) or by e-mail to our support team.

Once made available then assigned to a User, the Subscription will be immediately activated if no other service is already in progress; otherwise, it will be activated upon the expiration of the service previously subscribed to.

Please note : the Client has a maximum period specified when placing the order, or by default a period of three (3) months, to activate the Service after ordering. If it is not activated within the period, the Company will automatically consider the whole Subscription activated the day after this period has expired.

### **3.4.3 Change of User during Subscription**

During the Subscription period, on the condition that this option is offered in the Supervisor Space - if applicable- (particularly this option doesn't apply when a nominative funding of professional training has been requested), substituting one User for another is permitted and possible.

### **3.4.4 End of Subscription**

This means that a possible User of the Subscription may not be able to use the Service for the full period stated in the purchase order if the Client did not activate the Subscription within the activation period previously stated.

In certain cases, the Fixed-Length subscriptions may be renewed automatically for a period equal to or less than the original period. In this case, an email or notification will be sent to the Client one month before the expiry date, and again one week before the expiry date, allowing them to refuse the renewal of their subscription. The Client may also deactivate the automatic renewal at any time in their Client space.

## 3.5 General features

Each Subscription allows the User to follow an individual training Course consisting of Lessons. Each User can use a maximum number of weekly Lessons depending on the chosen Product and offer (as displayed on our website).

### 3.5.1 Description of common features for Learning Series Products

All Gymglish, Frantastique, Frantastique Ortho, Hotel Borbollón, Wunderbla and Saga Baldoria Products are available via the Website or via a dedicated Application. As they are identified by their e-mail address, Users can choose either of these methods of access. The same Lessons are available on both platforms. Every Gymglish, Frantastique, Hotel Borbollón, Wunderbla and Saga Baldoria Product allows Users to receive and complete a maximum of seven Lessons per week, or a maximum of one lesson per day, except at the beginning of the Trial Period, where the frequency may be greater. Depending on the chosen offer (Basic, Premium or Gold), users may choose the days of the week when they wish to receive their Lessons with a minimum of one Lesson per week and within the limit of seven lessons per week maximum, or a maximum of one lesson per day, as previously indicated. By default, the Company sends the new Lesson on the first available day of reception depending on the User's response. Failing to receive a response from the User, the Company sends a reminder for the same Lesson on the first available day of reception seventy-two hours after the last mailing. Users can also set, in their Lesson or in their personal space, a period when Lessons may be paused (Manage my Absences in the Workbook), if this option is offered. This option affects neither the price nor the time period of the Gymglish, Frantastique, Hotel Borbollón, Wunderbla or Saga Baldoria Subscriptions bought.

Gymglish's, Frantastique's, Hotel Borbollón's, Wunderbla's, Saga Baldoria's content may offend certain users due to its tone, possible references to adultery, common cultural stereotypes in North America and in Europe, which may be perceived as immoral in other cultures or other parts of the world. Therefore, these Products are not recommended for underage individuals. The Company cannot be held responsible for any consequences related to the content of the Lessons.

The User can use the Aimigo Coach feature after each lesson. This feature, based on artificial intelligence models, allows the user to chat in oral or written form

*Depending on the chosen Product or offer (Basic, Premium or Gold) our subscriptions allow Users to receive and complete a maximum of seven Lessons per week.*

with a character from Gymglish, Frantastique, Hotel Borbollón, Wunderbla or Saga Baldoria products should they have the appropriate subscription.

Failing to receive a response from the User, the Company sends a reminder for the same Lesson on the first available day of reception seventy-two (72) hours after the last mailing.
