## Front Matter

Foreword .....	vii
Preface .....	ix
Dedication .....	xv

## SPM

Summary for Policymakers .....	3
--------------------------------	---

## TS

Technical Summary .....	35
-------------------------	----

## Chapters

<b>Chapter 1</b> Framing, Context, and Methods .....	147
<b>Chapter 2</b> Changing State of the Climate System .....	287
<b>Chapter 3</b> Human Influence on the Climate System .....	423
<b>Chapter 4</b> Future Global Climate: Scenario-based Projections and Near-term Information .....	553
<b>Chapter 5</b> Global Carbon and Other Biogeochemical Cycles and Feedbacks .....	673
<b>Chapter 6</b> Short-lived Climate Forcers .....	817
<b>Chapter 7</b> The Earth's Energy Budget, Climate Feedbacks and Climate Sensitivity .....	923
<b>Chapter 8</b> Water Cycle Changes .....	1055
<b>Chapter 9</b> Ocean, Cryosphere and Sea Level Change .....	1211
<b>Chapter 10</b> Linking Global to Regional Climate Change .....	1363
<b>Chapter 11</b> Weather and Climate Extreme Events in a Changing Climate .....	1513
<b>Chapter 12</b> Climate Change Information for Regional Impact and for Risk Assessment .....	1767
<b>Atlas</b> .....	1927

## Annexes

<b>Annex I</b> Observational Products .....	2061
<b>Annex II</b> Models .....	2087
<b>Annex III</b> Tables of Historical and Projected Well-mixed Greenhouse Gas Mixing Ratios and Effective Radiative Forcing of All Climate Forcers .....	2139
<b>Annex IV</b> Modes of Variability .....	2153
<b>Annex V</b> Monsoons .....	2193
<b>Annex VI</b> Climatic Impact-driver and Extreme Indices .....	2205
<b>Annex VII</b> Glossary .....	2215
<b>Annex VIII</b> Acronyms .....	2257
<b>Annex IX</b> Contributors to the IPCC WGI Sixth Assessment Report .....	2267
<b>Annex X</b> Expert Reviewers of the IPCC Sixth Assessment Report .....	2287
<b>Index</b> .....	2339
