5	I think apps to learn music will become popular in the future. Using an app is usually less expensive than paying a lesson fee to a real music teacher. I have two questions. How long is one guitar lesson? What was the most difficult song you practiced during a lesson?
6	Yes. I think it is good for people to go to see fireworks in summer. I have two reasons. First, fireworks are very colorful and beautiful, so people can make good memories of summer. Second, they can enjoy eating delicious food at the events. Many kinds of delicious food are often sold at fireworks events.
