(a) In general

Subject to subsections (c) and (d), payment under this part may be made for inpatient hospital services or post-hospital extended care services furnished an individual in a religious nonmedical health care institution and for home health services furnished an individual by a religious nonmedical health care institution only if—

(b) Election

(1) In general

An individual may make an election under this subsection in a form and manner specified by the Secretary consistent with this subsection. Unless otherwise provided, such an election shall take effect immediately upon its execution. Such an election, once made, shall continue in effect until revoked.

**(2) Form**

The election form under this subsection shall include the following:

(A) A written statement, signed by the individual (or such individual's legal representative), that—

(i) the individual is conscientiously opposed to acceptance of nonexcepted medical treatment; and

(ii) the individual's acceptance of nonexcepted medical treatment would be inconsistent with the individual's sincere religious beliefs.

(B) A statement that the receipt of nonexcepted medical services shall constitute a revocation of the election and may limit further receipt of services described in subsection (a).

**(3) Revocation**

An election under this subsection by an individual may be revoked by voluntarily notifying the Secretary in writing of such revocation and shall be deemed to be revoked if the individual receives nonexcepted medical treatment for which reimbursement is made under this subchapter.

If the Secretary determines that the level estimated under paragraph (1) for a fiscal

year will exceed the trigger level (as defined in subparagraph (C)) for that fiscal year, the Secretary shall, subject to subparagraph (B), provide for such a proportional reduction in payment amounts under this part for services described in subsection (a) for the fiscal year involved as will assure that such level (taking into account any adjustment under subparagraph (B)) does not exceed the trigger level for that fiscal year.

**(B) Alternative adjustments**

The Secretary may, instead of making some or all of the reduction described in subparagraph (A), impose such other conditions or limitations with respect to the coverage of covered services (including limitations on new elections of coverage and new facilities) as may be appropriate to reduce the level of expenditures described in paragraph (1) to the trigger level.

**(C) Trigger level**

For purposes of this subsection—

Subject to adjustment under paragraph (3)(B), the "trigger level" for a year is the unadjusted trigger level described in clause (ii).

The Secretary shall monitor the expenditure level described in paragraph (2)(A) for each fiscal year (beginning with fiscal year 1999).

**(B) Adjustment in trigger level****(i) In general**

than, the trigger level for that fiscal year, then, subject to clause (ii), the trigger level for the succeeding fiscal year shall be reduced, or increased, respectively, by the amount of such excess or deficit.

**(ii) Limitation on carryforward**

In no case may the increase effected under clause (i) for a fiscal year exceed \$50,000,000.

**(d) Sunset**

If the Secretary determines that the level of expenditures described in subsection (c)(1) for 3 consecutive fiscal years (with the first such year being not earlier than fiscal year 2002) exceeds the trigger level for such expenditures for such years (as determined under subsection (c)(2)), benefits shall be paid under this part for services described in subsection (a) and furnished on or after the first January 1 that occurs after such 3 consecutive years only with respect to an individual who has an election in effect under subsection (b) as of such January 1 and only during the duration of such election.
