Studying at the Harz University of Applied Sciences

„I chose the Double Degree Programme because it is a very interesting experience and a fantastic opportunity to have a second degree in 3 years of education. Germany is a great place to study because of the high level of education. Speaking about Wernigerode, I like it because it is a small and beautiful city. It is nice that Wernigerode is situated in the middle of Europe and I am able to visit a lot of places within a year.

I like the Harz University because of the friendly people and great atmosphere here. Also, there are amazing lectures and the campus is beautiful. Next to uniwork I still have enough time to hang out with my friends.

I can say that it was an amazing experience and I will definitely recommend studying at Harz University of Applied Sciences for international students.“

Anastasia, exchange student from Russia, IBS 2018 - 2019
