Preliminary Interworking Agenda

- ## Very Preliminary
  - This agenda is *very* preliminary and subject to change. Some agenda items may take more time than anticipated. Some agenda items may take less time than anticipated, in which case subsequent items may be pulled forward in the agenda.
  - The general structure of the agenda is to give highest priority for projects nearest completion (e.g. comment resolution for sponsor ballots before working group ballots before task group ballots). Some exceptions are made to accommodate the schedules of editors who are also editors or chairman of other task groups. Individual requests to have a specific item agenda at a particular time can rarely be accommodated.

Interworking Task Group Agenda

	Mon 3/9/09	Tues 3/10/09	Wed 3/11/09	Thurs 3/12/09
Morning	**.1Qaw DDCFM** D4.0 Sponsor (Dunbar)	**.1Qay PBB-TE** D5.0 Sponsor (Saltsidis)	**. 1aq SPB** (Fedyk)	**Liaisons** **New Work** (Lemon, Porat, Kumar, Wei, Ting, Finn, Mack-Crane)
Afternoon	**802.1** Opening Plenary **Joint mtg: IW, Sec, DCB** Virtual Bridging	**.1AB-REV LLDP** D5.0 WG-recirc (Jeffree) **802-REV O&A** D0.0 TG (Jeffree) **.1AC-REV MS** D0.2 TG (Jeffree)	**.1H-REV Eth** D0.1 TG (Nolish)	**802.1** Closing Plenary

Interworking Task Group Projects

Project	Title	Editor	Draft	Ballot
802.1aj TPMR	Two Port MAC Relay	John Messenger	3.1	Working Recirc
802.1aq SPB	Shortest Path Bridging	Don Fedyk	1.5	Task
802.1Qaw DDCFM	Management of Data Dependent and Data Driven Connectivity Faults	Linda Dunbar	4.0	Sponsor
802.1Qay PBB-TE	Provider Backbone Bridge Traffic Engineering	Panagiotis Saltsidis	5.0	Sponsor
802.1AB-Rev LLDP	Link Layer Discovery Protocol	Tony Jeffree	5.0	Working Recirc
802.1AC-Rev MS	MAC Service Definition	Tony Jeffree	0.2	Task
802-Rev O&A	Overview and Architecture	Tony Jeffree	0.0	Task
802.1H-Rev Eth	Recommended Practice for MAC Bridging of Ethernet in LANs	Nolish, Wright	0.1	Task
802.1Q-Rev VLAN	Virtual Bridged LANs	Mick Seaman	--	--
