

# IEEE802.1Qay

## Project Status

# PBB-TE Current Status

- Draft P802.1Qay/D5.0 has been released on Jan 21<sup>st</sup>.
- This is the first draft to enter a Sponsor Ballot. The ballot closed on Feb 27<sup>th</sup>.

# P802.1Qay/D5.0 major changes

- The draft is practically the same as D4.6. The only difference being
  - No Editor's Foreword
  - No Editor's Notes
  - No Annex Z
- In the interests of progressing the work in a timely manner, all the comments and the resolutions suggested during the last recirculation working group have been submitted as comments (28) on the Sponsor ballot. The text of the changes has been appended to the P802.1Qay covering letter.

# Sponsor Ballot statistics

- 59 members have replied (68 registered for the Sponsor Ballot)
  - 53 members have sent approve ballots
  - 2 members have sent disapprove ballots
  - 4 members abstained
- The ballot has passed as there was
  - 96% approval rate (>75%)
  - 86% participation rate (>75%)
