Q.1/13 would like to inform you that in this study period, 2009-2012, Q.1/13 will continue to work on maintaining the NGN database which can be found at: <http://www.itu.int/ngnproject/>. Q.1/13 believes it is useful for you as it is updated with the latest information about all standards document and/or specifications in ARIB, ATIS, ATSC, ETSI, IEEE, IETF, OMA and TIA.

To fulfil the mandate of Q.1/13, we recognize the need to strengthen the collaboration among SDOs. We would appreciate any comments you may have on our activities, in particular regarding references to relevant work in your organization. Furthermore we would also appreciate if you could identify NGN related subjects which will give us further opportunity of collaboration. Most importantly, however, update of the list of contacts for NGN collaboration is necessary for better communication with you.

Q.1/13 requests to be informed of the new contact points, if any, assigned by your organization. Q.1/13 expects your reply before the next Q.1/13 meeting planned from 02 September to 12 September 2009. The current contact points maintained in Q.1/13 are indicated in the following table for your information.
