- Comment:
Change the first sentence as this is not the first joint project between IEEE SA and SAE (1609 series)
Change: “Being the first joint project between SAE and IEEE SA, coordination between the respective working groups took longer than expected causing a delay in the development of the draft standard.”
to “ Being a joint project between SAE and IEEE SA, coordination between the respective working groups took longer than expected causing a delay in the development of the draft standard.”
- Response:
The suggested change has been made.
