### Sales Composition Ratio by Business

### Training Business (On-Site Training & Open Seminars)

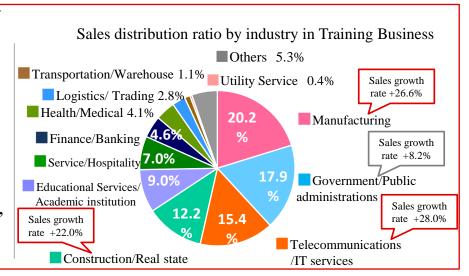

### Highlights

• Net Sales for On-Site Training increased by 16.0% due to increased number of business sites and personnel. Net sales for Open Seminars increased by 30.9% due to expansion of the classrooms during 1Q-2Q.

#### Clients

•Sales growth rate for 3 sectors of private industries which occupy top Net sales (Manufacturing, Telecommunications/ IT services, Construction/Real state) increased by more than 20% respectively.

•Full-year Net sales of Government/Public administrations, which occupies 17.9%, continue to grow.

#### Services

- Trainings for new employees (+19.1%) and OJT trainings (+23.8%) are highly demanded.
- Trainings for risk management/compliance/harassment prevention (+38.1%) and IT workshops (+58.1%) increased significantly.

#### Area

•Sales in Kanto area significantly increased thanks to opening new business sites such as Makuhari, Urawa (opened in September 2018), Tsuchiura (opened in May 2019), Akasaka (opened in July 2019).

<sup>\*</sup> The figures above show preliminary figures on our On-Site Training and Open Seminars.

<sup>\*</sup> Figures above in parentheses indicate changes from the previous fiscal year.

#### Highlights

- •Sales of Other Businesses increased by 47.9% YOY. Gross profit increased largely by 95.5% YOY.
- More and more organizations are subscribing to monthly-payment services (subscription model), such as "Leaf" and "STUDIO".

#### IT Services

- "Leaf" earns revenue from monthly subscription fees (subscription model) and customization fees (direct-selling model) and both increased.
- •The number of "Leaf" subscribers (organizations) substantially increased by 70 YOY to 162 (subscription model).

### e-Learning/ Video production

- •e-Learning and video production services are offered by Mitemo CO., Ltd., our group company. Their sales consist of monthly-payment (subscription model) and direct-selling model, and both models saw the sales increase.
- •The number of active subscription IDs for cloud-based e-Learning system "STUDIO" (monthly-payment (subscription model)) increased to 5,982 YOY.

## Consulting service

• Sales decreased because we are currently shifting to more profitable assessment services, while reducing unprofitable services such as support service for establishing personnel appraisal.

KPI's Point Business Sites	We achieved our goal to have 22 business sites by opening new offices in Okayama and Akasaka in July, 2019.
WEBinsource	The number changed steadily and we met our FY18 target to reach "11,000 organizations".
Contents	Serialized contents have been developed to aim for step-ups.
Web Sessions	Because there is no correlation between the number of webpages ranked No.1 on Google Search and sales figures, we set new KPI that shows the number of visits to our webpages.

### External Environment Analysis - We have large potential to grow

#### 1. Needs for career development education continue, and the market is also expected to grow

- The unemployment rate is 2.4% \*1 in FY18 (October 2018 to September 2019), and many companies are trying to solve organizational problems through educational trainings as measures to labor shortages
  - ex. Time management, IT skills (train employees to utilize AI/RPA)
- Needs to solve new social problems through educational trainings have increased ex. Compliance, harassment prevention, enhancing diversity, recurrent education

#### 2. Training industry market is huge, seen from our market share

It is estimated that we have about 1.4% market share in the training industry, which is relatively low.

Market Share
Total yearly expenses
organizations outsourced
training programs
(Off-JT programs):

About 391.9 billion yen\*2

#### 3. Some elements that may influence the FY19 performance

- There are some elements that may influence our job performance, such as a possibility of economic downturn and holding the Tokyo 2020 Olympic and Paralympic Games.
- •To deal with the market growth, we continue developing contents
- •To increase our market share, we will expand business sites and Seminar classrooms
- •Despite uncertain elements that may affect our job performance temporarily, we will continue increasing manpower and system investment.

#### Issues

### 1.Increase both the number of clients and unit price

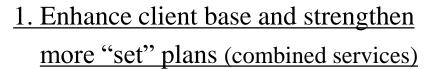

It is necessary to realize the followings simultaneously.

- To increase the number of corporate clients
- To boost unit price per organization and per attendee

#### 2. Accelerate growth cycle

In order to achieve our Mid-Term Management Plan, it is urgent to have sustainable growth in training businesses and expand the other businesses.

#### Actions

- (1) Keep increasing the number of WEBinsource subscribers.
- (2) Continue developing training contents.
- (3) Strengthen "set" sales in various services.
- (4) Offer suggestions tailored to every single attendee.

### 2. Enhance further investment and organizational structures

- (1) Invest in new businesses such as staffing and recruitment services.
- (2) Increase investment in promising IT services such as Leaf.
- (3) Establish the organizational structures which can deal with changes caused by external economic environments speedily and maintain its structures.

### 3 Internal Environment Analysis — Issues to address and Next actions 2

#### Issues

#### 3. Enhance recruitment

We are facing labor shortages in all job functions which are essential for growth, especially severe understaffing of sales personnel and system engineers (SE).

### 4. Enhance opening business sites

We are considering opening more business sites, but we lack of potential area managers and sales representatives.

#### Actions

### 3. Promote diverse recruitment and have employees learn IT skills

- (1) Enhance mid-career recruiting
  - make use of staffing services offered by our group company "Rashiku Corporation" and recruit employees with passion.
- (2) Have employees adopt IT skills and technologies
  - encourage to change job functions from others to SEs by in-house education.
  - make it compulsory to take IT education to improve productivity
- (3) Enhance recruits of "Area Sales Representatives" and seniors
  - recruit skilled employees who have time constraint such as parenting. By limiting their job function and where they work, they will become a substantial part of workforce.

#### 4. Strengthen personnel selection and our support towards business sites

- Promote motivated younger employees to be area managers
- Utilize "Area Sales Representatives" and strengthen marketing activities
- Strengthen system to support business sites by Head Office

<sup>\*</sup>Usually they are part-timers whose jobs are limited by job functions and where they work.

### 4 Management Policy for FY21

### 1. Developing with Speed and Concentration

- As for current businesses, we aim for steady growth by promoting sales increase and business improvement in parallel.
- We boost new businesses development with "speed and concentration" by adopting OODA model.

#### 2. Diverse Workforce

- Diversity accelerates business expansion and new business development
- Employees with various characteristics achieve high-quality results by working together.
- Additionally, using AI/IT technologies will lead to increasing business efficiency. We will develop contents and expand business by maintaining and enlarging diverse workforce in the organization.

### 3. Continuing ESG Management

- We contribute to society by expanding business and sales since our business itself is deeply related to solving social problems.
- We disclose non-financial information actively and ensure highly transparent management.

<sup>\*</sup> We reallocate our resources in the organization speedily and concentrate staff on divisions which contribute to sales and growth.

### 5 Speed and Concentration – Adopting OODA Model

- Promoting business by utilizing OODA Model
- (1) Share the information company-wide with IT system
- ②All employees break down performance targets into action levels and set KPIs
- (3) Brush up their own weekly action plans
- 4 Various employees in each section promote business projects for sales

#### **PLAN**

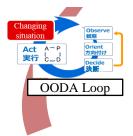

: Mid-Term Management Plan, "Road to Next 2022"

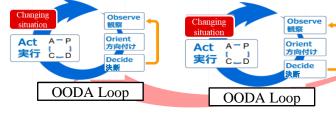

#### \*What is OODA Loop?

OODA Loop into its training programs.

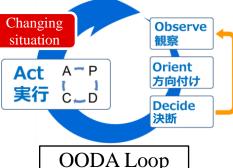

Insource is incorporating the essence of

OODA Loop is a simple practical framework inspired by US Marine Corps' decision-making process. By practicing OODA Loop, you can deal flexibly with changing situations at high speed.

DO: Practice OODA Loop

By flexibly changing the strategy depending on situations with "speed and concentration", we securely achieve our business goals.

## Chap. 03 Capital Policy & Shareholder Returns

### 1 Capital Policy

#### 1. Cash and deposit that Insource possess

- Utilize mainly as growth capital for new businesses.
  - We plan to utilize it as necessary investment funds over the medium-to-long term.

#### 2. Fund Raising

When fund raising is required due to major system investments or M&A, we will carry out the most suited financial strategy based on capital costs.

#### 3. Dividends

Dividend payout ratio is targeted at around 40%, and we make sure that our shareholders support us for many years to come.

### 2 Shareholder Return Policy

We will continue to achieve stable performance-linked payout ratio of 40 percent to make sure that our shareholders support us for many years to come.
