**HR Support System/LMS "Leaf"**  
**Urgently Responds to Corona Vaccine Vaccination at Workplace**  
**-A high-powered system used by 1.5 million people to speed up and simplify vaccination operations**

Insource Co., Ltd. (hereafter referred to the Company), which supports solving organizational issues by “education” and “IT” is pleased to announce the urgent release of a vaccination operations function for its HR support system/LMS “Leaf.”

Vaccination of more than 1,000 employees at companies and universities is expected to be implemented in a hurry. We have decided to provide “Leaf,” a HR support system/LMS designed for large-scale organizations, for vaccination operations on an emergency basis. Since many vaccine recipients are expected to access the system in a short period of time during a large-scale vaccination, a strong system that can operate stably under concentrated use is required. The company's "Leaf" can handle vaccination operations with its robust system, which currently provides e-learning and video streaming services to 1.5 million people.

In addition, using Leaf's functions, it is possible to distribute vaccination information, distribute and collect medical questionnaires, manage attendance, manage cancellations, manage the completion of vaccinations, issue vaccination reminders and collect vaccination numbers. This greatly simplifies complicated paperwork and adjustment work, making it possible to complete large-scale vaccination operations in a shorter period.

<Vaccination operations function>

Over view	<p>Image of vaccination operations functions (Japanese)</p> 
	<ol style="list-style-type: none"> <li>1. Select a date from the list of possible dates to apply (application closes at capacity, cancellation waiting function available)</li> <li>2. Submit medical questionnaire (can be submitted as an attached file)</li> <li>3. Automatic issuance of medical checkup sheet</li> <li>4. Automatic reminder e-mail before the checkup date</li> <li>5. Collect vaccination numbers</li> </ol>
Service	<p>Available from June 10, 2021 (Japan).</p> <p>Existing Leaf customers will be provided free of charge, and new customers will be provided with no initial cost and only a monthly fee based on the period of use.</p> <p>The service can be provided in as short as 3 business days after application.</p>

"Leaf" will continue to make efforts to further expand its functions, and we look forward to your continued support.

END
