**Insource announces an investment in POLYGLOTS, Inc.  
that offers an application for learning English**

Insource Co., Ltd., which supports everyone to consider their work meaningful and feel fulfilled at work, is pleased to announce the investment in POLYGLOTS, Inc. (hereafter, POLYGLOTS).

By combining the strengths of AI and English teachers, POLYGLOTS develops and provides English learning applications such as "Recipe (Former name: POLYGLOTS)," which enables students to improve their English through an individually optimized curriculum.

Nowadays the regional boundaries are disappearing thanks to the spread of online education. We have more opportunities to communicate with people overseas, which lead to an increased need for learning English. We have decided to invest in POLYGLOTS because we believe that the inexpensive services offered by POLYGLOTS will be important in bringing effective English learning to as many people as possible, tailored to their individual levels.

By investing in POLYGLOTS, we aim to meet the diversified and high-leveled English learning demands.
