

## Table of Contents

|   |     |
|---|-----|
| <b>Morphological Analysis of Nanostructured PVDF <math>\beta</math>-Phase Films Obtained by Solution Blow Spinning</b><br>G.C. Dias, L. Zadorosny, A.O. Sanches, M.C. Santos and L.F. Malmonge    | 1   |
| <b>Mechanical and Optical Properties of the Experimental and Commercial Dental Composites: A Systematic Review</b><br>E. Karlina, C. Panatarani, N. Djustiana and I.M. Joni                       | 11  |
| <b>Numerical Study on Buckling Resistance of Uniaxially Compressed Laminates Containing V-Shaped Edge Notch</b><br>N. Aditya and J. Vimal   | 27  |
| <b>Experimental Analysis of Hot Corrosion Behaviour of some Composite Coatings on Boiler Steel at Elevated Temperature</b><br>P. Puri, K. Goyal, R. Goyal and B. Krishan                          | 43  |
| <b>Acute Toxicity Investigation of Landfill Leachates Treated with Fine Bubbles</b><br>H. Kasmara, D. Pratiwi, S.Y. Azhary, E. Sulistyono, C. Panatarani and I.M. Joni                            | 55  |
| <b>Application of Fine Bubble Generator on the Hydroponic System of Nutrient Film Technique</b><br>L. Hasta Pratopo, A. Thoriq, R.M. Sampurno and I.M. Joni                                       | 67  |
| <b>Suggested Qualification Test Procedure to Secure Splitting Resistance in Pretensioned Concrete Members</b><br>A. Savić, R.J. Peterman and B.T. Beck  | 75  |
| <b>Probe Path Planning for Flatness Measurement on Coordinate Measuring Machine Using Ant Colony Optimization</b><br>G.N. Ambewadkar and S. Gajre   | 85  |
| <b>Systematic and Novel Approach to Modeling, Analysis and Control of Grid Tied PV Power Supply System Using Integral State Feedback Control and State Observer</b><br>A.B. Kebede and G.B. Worku | 93  |
| <b>Active and Reactive Power Droop Controller Design for Reliable and Optimal Control of Renewable-Based Micro-Grid</b><br>P.A. Gbadega and O.A. Balogun  | 111 |
