

TATIANA'S GREAT CONCERT

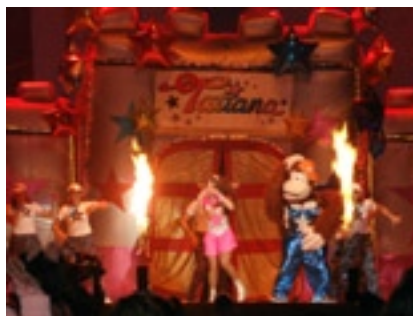

On January 28th Tatiana performed with great success in the arena Monterrey, her show was more than spectacular it started with an explosion of multicolor confetti at the same time as Tatiana came out of "Tatiland" castle singing a potpurri of her most known songs such as "el patio de mi casa, pimpon, estrellita, witzzy witzzy araña" etc..

She surprised the whole arena when Priscilla a famous country singer joined Tatiana to sing "mi burrito querendon" announcing that this song is going to be included in Tatiana's new cd that will be in stores on April.

Tatiana continued with the same energy and joy we all know, singing and dancing her great hits like "el baile de la ranita", "el chango marango", "los marcianos llegaron ya", "la thriller cumbia", "super pato", "en un bosque de la china", all this songs with a new production that surprised all who were there because she used fireworks in different ways, explosions of hundreds of multicolor confetti, and she turned into a mermaid

The show went on and of course the surprises too because at the moment of singing "Bibidi babidi boo" Tatiana flew through the air giving more realism and spectacularity to this famous Disney song

In addition of the positive messages Tatiana gave to the audience between song and

song, also received a deserved award for the success in sales of her concert DVD recorded in the auditorio nacional

In order to finalize she sang as last song "Tradi Dance II" in company of all her dancers and characters, with a "bye bye" and receiving a great ap-

plause of the more than **10,000** people that went to this magnificent show.
