NOTES TO FINANCIAL STATEMENTS

NOTE 1 Summary of Significant Accounting Policies and Going Concern
A. Accounting Practices

The financial statements of Thrivent Financial for Lutherans (Thrivent) are presented on the basis of accounting practices and procedures prescribed by the Office of the Commissioner of Insurance of the State of Wisconsin. The Office of the Commissioner of Insurance of the State of Wisconsin recognizes only statutory accounting practices prescribed by the State of Wisconsin for determining and reporting the financial condition and results of operations of an insurance company, for determining its solvency under the Wisconsin Insurance Law. The National Association of Insurance Commissioners' (NAIC) Statutory Accounting Practices and Procedures (SAP) manual has been adopted as a component of prescribed practices by the State of Wisconsin. The Office of the Commissioner of Insurance of the State of Wisconsin has the right to permit other specific practices that deviate from prescribed practices.

A reconciliation of Thrivent's net income and surplus between NAIC SAP and practices prescribed and permitted by the state of Wisconsin is shown below:

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with SAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and notes to the financial statements. The more significant estimates relate to fair values of investments, reserves for life, health and annuity contracts, pension and other retirement benefit liabilities. Actual results could differ from those estimates.

C. Accounting Policy

Traditional life premiums are recognized as income over the premium paying period of the related policies. Variable life, universal life, annuity premiums and considerations of supplemental contracts with life contingencies are recognized as revenue when received. Deposits on deposit-type contracts are entered directly as a liability when received. Health premiums are earned pro rata over the terms of the policies. Expenses incurred in connection with acquiring new insurance business, including acquisition costs such as sales commissions, are charged to operations as incurred.

The amount of dividends to be paid to policyholders is determined annually by Thrivent's Board of Directors. The aggregate amount of policyholders' dividends is related to actual interest, mortality, morbidity, and expense experience for the year and judgment as to the appropriate level of statutory surplus to be retained by Thrivent.

In addition, Thrivent uses the following accounting policies:

(1) Basis for Short-Term Investments

Cash and cash equivalents include demand deposits, highly liquid investments purchased with an original maturity of three months or less and investments in money market mutual funds. Demand deposits and highly liquid investments are carried at amortized cost while investments in money market mutual funds are carried at fair value. Short-term investments have contractual maturities of one year or less at the time of acquisition. Included in short-term investments are commercial paper and agency notes, which are carried at amortized cost.

(2) Basis for Bonds and Amortization Schedule

Bonds and mandatory convertible securities are valued and reported in accordance with the Purposes & Procedures Manual of the NAIC Investment Analysis Office (P&P Manual). Bonds and mandatory convertible securities, excluding loan-backed securities and structured securities, are stated at amortized cost, except for those with a NAIC designation of 6 that are reported at lower of amortized cost or fair market value. Bonds eligible for amortization are amortized using the modified scientific method. Mandatory convertible bonds that are held in a period prior to mandatory conversion, are reported at the lower of amortized cost or fair value.

(3) Basis for Common Stocks

Common stocks of unaffiliated companies are stated at fair value. Common stocks of unconsolidated subsidiaries and affiliates are carried at the stock's prescribed equity basis. Investments in mutual funds are carried at net asset value ("NAV").

(4) Basis for Preferred Stocks

Preferred stocks are carried at market value or amortized cost depending on the preferred stock's convertible characteristics and NAIC subgroup. Issues rated not in good standing are reported at lower of amortized cost or fair market value. Preferred stock that is perpetual or redeemable, has a conversion date, is a mandatory convertible or does not have a mandatory conversion date is reported at fair market value. Preferred stock that is redeemable and has a mandatory conversion date is reported at amortized cost.

(5) Basis for Mortgage Loans

Mortgage loans are generally carried at unpaid principal balances, less valuation adjustments. Interest income is accrued on the unpaid principal balance using the loan's contractual interest rate. Discounts or premiums are amortized over the term of the loans using the effective interest method. Interest income and amortization of premiums and discounts are recorded as a component of net investment income along with prepayment fees and mortgage loan fees.

(6) Basis for Loan-Backed Securities and Adjustment Methodology

Loan-backed and structured securities are valued and reported in accordance with the P&P Manual and stated at amortized cost using the modified scientific method adjusted to reflect anticipated prepayment patterns. See Note 5D for more information about loan-backed securities.

(7) Accounting Policies for Investments in Subsidiaries, Controlled and Affiliated Entities

The common stock of Thrivent's wholly-owned subsidiary, Thrivent Financial Holdings Inc., is carried under the statutory equity method.

(8) Accounting Policies for Investments in Joint Ventures, Partnerships and Limited Liability Companies

Thrivent has ownership interests in joint ventures, partnerships and limited liability companies. Thrivent carries these interests based on the underlying audited equity of the investee as reported under U.S. generally accepted accounting principles (GAAP).

(9) Accounting Policies for Derivatives

Derivative financial instruments that hedge specific assets or liabilities are valued and reported in a manner consistent with the hedged item. See Note 8 for more information about derivative investments.

NOTES TO FINANCIAL STATEMENTS

(10) Anticipated Investment Income Used in Premium Deficiency Calculation

Thrivent anticipates investment income as a factor in the premium deficiency calculation for disability income and long-term care products, in accordance with Statement of Statutory Accounting Principles (SSAP) No. 54, Individual and Group Accident and Health Contracts.

(11) Management's Policies and Methodologies for Estimating Liabilities for Losses and Loss/Claim Adjustment Expenses

Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability is periodically reviewed and any adjustments are reflected in the period determined.

(12) Changes in the Capitalization Policy and Predefined Thresholds from Prior Period

Thrivent has not modified its capitalization policy from the prior period.

(13) Method Used to Estimate Pharmaceutical Rebate Receivables

Thrivent is not a participant in any pharmaceutical rebate program.

D. Loan-Backed Securities

(1) Description of Sources Used to Determine Prepayment Assumptions

Prepayment assumptions for mortgage-backed/asset-backed and structured securities were obtained from Bloomberg.

(2) Securities with Recognized Other-Than-Temporary Impairment

For all securities within the scope of SSAP No. 43R, Loan-Backed and Structured Securities, no other-than-temporary impairment (OTTI) was recognized by Thrivent on the basis of either 'intent to sell' or 'inability or lack of intent to retain the investment in the security for a period of time sufficient to recover the amortized cost basis.'

(3) Recognized OTTI Securities

Thrivent recognized other-than-temporary impairments during 2023 on the following loan-backed securities where the present value of cash flows expected to be collected was less than the amortized cost basis of the security: NONE

(4) All impaired securities (fair value is less than cost or amortized cost) for which an other-than-temporary impairment has not been recognized in earnings as a realized loss (including securities with a recognized other-than-temporary impairment for non-interest related declines when a non-recognized interest related impairment remains):

a) The aggregate amount of unrealized losses:

| | |
|------------------------|----------------|
| 1. Less than 12 Months | \$ 6,544,031 |
| 2. 12 Months or Longer | \$ 368,826,902 |

b) The aggregate related fair value of securities with unrealized losses:

| | |
|------------------------|------------------|
| 1. Less than 12 Months | \$ 175,621,654 |
| 2. 12 Months or Longer | \$ 2,106,898,624 |

(5) Information Investor Considered in Reaching Conclusion that Impairments are Not Other-Than-Temporary

All loan-backed securities in an unrealized loss position were reviewed to determine whether an other-than-temporary impairment should be recorded. Thrivent has evaluated projected cash flows and impaired those securities where cash flows expected to be collected was less than the amortized cost basis. Detailed analysis of underlying credit and cash flows are reviewed for each security. It is possible that Thrivent could recognize other-than-temporary impairments in the future on some of the securities held at September 30, 2023, as additional information regarding these securities becomes known.

E. Dollar Repurchase Agreements and/or Securities Lending Transactions

(1) Policy for Requiring Collateral or Other Security

For securities lending agreements, Thrivent follows statutory guidance for minimum collateral required on loaned securities at the outset of the contract. Cash collateral received is invested in bonds, cash equivalents and short-term investments and the offsetting collateral liability is included in payable for securities lending. The fair value of the collateral as of September 30, 2023 was \$642 million. Thrivent held \$30 million of reverse repurchase agreements as of September 30, 2023.

(2) Disclose the Carrying Amount and Classification of Both Assets and Liabilities

Thrivent did not pledge any of its assets as collateral for security lending arrangements as of September 30, 2023.

B. Transactions

During the first nine months of 2023, Thrivent received cash distributions of \$419 million and \$110 million from majority-owned limited partnerships Thrivent White Rose Funds Limited ("WRF") and Pacific Street Fund Limited ("PSF"), respectively. During this period, Thrivent made cash contributions as contributed capital to WRF, PSF and Thrivent Financial Holdings, Inc. (Holdings) in the amounts of \$1,056 million, \$339 million and \$7 million respectively.

During the first nine months of 2023, Thrivent received cash distributions of \$43 million treated as dividends from Holdings.

During the first nine months of 2023, Thrivent received \$30 million from Thrivent Education Funding LLC ("TEF"), a wholly owned affiliate of Thrivent, and is treated as return of capital.

Thrivent owns a variable funding note (VFN) issued by TEF. The VFN is supported by an indenture and was last amended in December 2022 and allows for a maximum aggregate principal amount of \$2.0 billion and is collateralized by student loans. The VFN is reported as a bond in the accompanying Statutory-Basis Statement of Assets and had an outstanding balance of \$1.2 billion as of September 30, 2023. During the first nine months of 2023, Thrivent invested \$229 million into the VFN and \$88 million was received from TEF as repayment of principal.

In August 2021, TEF entered into an agreement, last amended August 2023, to provide a guarantee to purchase student loans originated and held by a third party in the event that College Ave Student Loans, a related party, fails their purchase obligation. TEF provided a guarantee up to the maximum backstop amount of \$500 million, which could create additional future exposure from the multiple disbursement student loans. TEF's funding will be through the VFN or a capital request from Thrivent. As of September 30, 2023, TEF was not required to purchase any student loans under the terms of the agreement.

In April 2022, Holdings sold Thrivent Trust Company of Tennessee, Inc. to a third party.

In May 2022, a separate VFN was acquired from TEF that is supported by an indenture agreement, last amended in December 2022, and allows for a maximum aggregate principal amount of \$750 million and is collateralized by point-of-sale unsecured consumer loans. The VFN is reported as a bond in the accompanying Statutory-Basis Statement of Assets and had an outstanding balance of \$623 million as of September 30, 2023. During the first nine months of 2023, Thrivent invested \$467 million into the VFN and \$438 million was received from TEF as repayment of principal.

In July 2022, Holdings purchased 69.4% of Blue Rock Holdco, LLC. ("Blue Rock"), for \$220 million. Blue Rock is a holding company operating as a marketing and servicing provider of student loans through various subsidiary entities. The admitted value of Holdings on Thrivent's balance sheet is valued in accordance with SSAP No. 97 (Investments in Subsidiary, Controlled and Affiliated Entities). As part of the purchase acquisition, Blue Rock purchased Castle Lending Enterprise LLC, the parent company of College Avenue Student Loans ("CASL") who is a private student loan originator and servicer.

In December 2022, Thrivent acquired an asset-backed security ("ABS") issued by CASL ("CASL 2022-CLUB"). The ABS, which is collateralized by student loans, is supported by an indenture that allows for a maximum aggregate principal amount of \$750 million. The ABS is reported as a bond in the accompanying Statutory-Basis Statement of Assets and had an outstanding book value of \$778 million as of September 30, 2023. During the first nine months of 2023, Thrivent invested \$383 million into the ABS and \$20 million was received from CASL as repayment of principal.

During 2023, Thrivent provided funds to CASL to support the issuance of future ABS deals. The funds are reported as Other Invested Assets (Non-collateral Loans) in the accompanying Statutory-Basis Statement of Assets and had an outstanding book value of \$120 million as of September 30, 2023.

(4) Description of Valuation Techniques and Inputs Used in Fair Value Measurement

The financial instruments of Thrivent have been classified, for disclosure purposes, into one of three categories based on the evaluation of the amount of observable and unobservable inputs used to determine fair value.

Fair Value Descriptions

Level 1 Financial Instruments

Level 1 financial instruments reported at fair value include certain bonds, certain unaffiliated common stocks and certain cash equivalents. Bonds and unaffiliated common stocks primarily are valued using quoted prices in active markets. Cash equivalents consist of money market mutual funds whose fair value is based on the quoted daily net asset values of the invested funds.

Level 1 financial instruments not reported at fair value include certain bonds, which are priced based on quoted market prices, and primarily include U.S. Treasury bonds.

NOTES TO FINANCIAL STATEMENTS

Level 2 Financial Instruments

Level 2 financial instruments reported at fair value include certain unaffiliated common stocks and other invested assets. Unaffiliated common stocks and other invested assets, primarily derivatives, are valued based on market quotes where the financial instruments are not considered actively traded. The fair values for separate account assets are based on published daily net asset values of the funds in which the separate accounts are invested.

Level 2 financial instruments not reported at fair value includes certain bonds, certain unaffiliated common stocks, unaffiliated preferred stocks, cash, cash equivalents and short-term investments, other invested assets, liabilities related to separate accounts and other liabilities.

Bonds not reported at fair value are priced using a third-party pricing vendor and include certain corporate debt securities and asset-backed securities. Pricing from a third-party pricing vendor varies by asset class but generally includes inputs such as estimated cash flows, benchmark yields, reported trades, issuer spreads, bids, offers, credit quality, industry events and economic events. If Thrivent is unable to obtain a price from a third-party pricing vendor, management may obtain broker quotes or utilize an internal pricing model specific to the asset. The internal pricing models apply practices that are standard among the industry and utilize observable market data.

Fair values of unaffiliated common stocks not reported at fair value primarily consist of FHLB activity-based stock and are based on direct quotes from FHLB.

Fair values of unaffiliated preferred stocks not reported at fair value are based on market quotes where these securities are not considered actively traded.

Cash and cash equivalents not reported at fair value consist of demand deposit and highly liquid investments purchased with an original maturity date of three months or less. Short-term investments not reported at fair value consist of investments in commercial paper and agency notes with contractual maturities of one year or less at the time of acquisition. The carrying amounts for cash, cash equivalents and short-term investments approximate their fair values.

Other invested assets not reported at fair value include investments in surplus notes in which the fair values are based on quoted market prices.

The carrying amounts of liabilities related to separate accounts reflect the amounts in the separate account assets and approximate their fair values.

Other liabilities include certain derivatives. Derivative fair values are derived from broker quotes.

Fair values on funding agreements from the FHLB is equal to unpaid principal balance, including accrued interest, net of unamortized discount or premium.

Level 3 Financial Instruments

Level 3 financial instruments reported at fair value include other invested assets, which consist of certain derivatives. The fair value is determined using independent broker quotes.

Level 3 financial instruments not reported at fair value include certain bonds, unaffiliated preferred stocks, mortgage loans, real estate, contract loans, limited partnerships, other invested assets, deferred annuities, other deposit contracts and other liabilities.

Level 3 bonds not reported at fair value include private placement debt securities and convertible bonds. Private placement debt securities are valued using internal pricing models specific to the assets using unobservable inputs such as issuer spreads, estimated cash flows, internal credit ratings and volatility adjustments. Market comparable discount rates ranging from 1% to 8% are used as the base rate in the discounted cash flows used to determine the fair value of certain assets. Increases or decreases in the credit spreads on the comparable assets could cause the fair value of assets to significantly decrease or increase, respectively. Additionally, Thrivent may adjust the base discount rate or the modeled price by applying an illiquidity premium of 25 basis points, given the highly structured nature of certain assets. Convertible bonds are valued using third party broker quotes to determine fair value.

Unaffiliated preferred stocks are valued using third-party broker quotes to determine fair value.

The fair values for mortgage loans are estimated using discounted cash flow analyses based on interest rates currently being offered for similar loans to borrowers with similar credit ratings. Loans with similar characteristics are aggregated for purposes of the calculations.

The fair value of real estate properties held-for-sale is based on current market price assessments, current purchase agreements or market appraisals.

Contract loans are generally carried at the loans' aggregate unpaid balance which approximate the fair values.

Limited partnerships include private equity investments. The fair values of private equity investments are estimated based on assumptions in the absence of observable market data.

Other invested assets primarily include real estate joint ventures, which the fair value is derived using GAAP audited financial statements.

Other liabilities primarily include deferred annuities, other deposit contracts and certain derivatives. The fair values for deferred annuities and other deposit contracts, which include supplementary contracts without life contingencies, deferred income settlement options and refunds on deposit are estimated to be the cash surrender value payable upon immediate withdrawal. Derivatives fair values are derived from broker quotes.

(5) Fair Value Disclosures

The fair value disclosures for derivative assets and liabilities held at fair value on a gross basis are included in paragraph 1 above. Certain derivative assets and liabilities have been classified as Level 3 and the disclosures required are incorporated into paragraphs 2-4 above.

B. Fair Value Reporting under SSAP No.100 and Other Accounting Pronouncements

Thrivent elects to disclose only fair value per SSAP No. 100R, Fair Value.
