Our Mission

TICTI was founded in 2005, and since that time our mission remains the same:

- to promote the healing and healthy development of children, adolescents, and adults who have experienced trauma or loss.
- to develop, evaluate, and disseminate effective prevention, assessment and treatment methods.

"I'm so grateful for the work you do and helping people like me. Wish I had found your center sooner, but better late than never. My stress level is so manageable now. Truly amazing that I'm feeling so great. Sincere gratitude and thanks for what you do."
