6. EVALUATION OF USAGE BEHAVIOR

6.1. GOOGLE ANALYTICS

We use the services of Google Analytics, a web analysis service provided by Google Inc., 1600 Amphitheater Parkway, Mountain View, CA 94043, USA ("Google") on our website.

Google Analytics uses tracking code and "cookies", small text files that are stored on the device you are using and that enable your use of our website to be analyzed. The information generated by the cookie about your use of our website is usually transferred to a Google server in the USA and stored there. However, due to the activation of the IP anonymization "anonymizeIp", your IP address will be shortened beforehand by Google within member states of the European Union or in other contracting states of the Agreement on the European Economic Area. The IP address transmitted by your browser as part of Google Analytics will not be merged with other Google data.

The legal basis for processing your data with your consent is Article 6 (1) (a) GDPR.

We use the web analysis service from Google to design our website according to needs, to continuously improve and optimize it. On our behalf, Google uses the data and information obtained to evaluate your use of our website, to compile reports on website activity and to provide us with other services related to the use of our website and the Internet.

You can prevent the use of cookies through the cookie settings (see point 4.1.2) or through a corresponding setting in your browser software; however, we would like to point out that in this case you may not be able to use all the functions of our website to their full extent.

For more information on terms of use and data protection at Google, see:

6.2. GOOGLE ADS

We also use Google Ads, a web analysis service from Google Inc., 1600 Amphitheater Parkway, Mountain View, CA 94043, USA ("Google") on our website.

Google Ads uses tracking code and "cookies", small text files that are stored on the device you are using if you have reached our website via a Google ad. The cookie loses its validity after 30 days. If you visit our website again within these 30 days, Google can recognize that you clicked on a Google ad and were redirected to our website.

The legal basis for processing your data with your consent is Article 6 (1) (a) GDPR.

We use Google's web analysis service to statistically record the use of our website and to continuously improve and optimize our website. On our behalf, Google uses the data and information obtained to evaluate your use of our website and to create reports (so-called conversion statistics) for us. Based on the conversion statistics, we find out how many users clicked on our ad and were redirected to our website with a conversion tracking tag.

You can prevent the use of cookies through the cookie settings (see point 4.1.2) or through a corresponding setting in your browser software; however, we would like to point out that in this case you may not be able to use all the functions of our website to their full extent.

As a result, Facebook receives the information that you have accessed our website with your browser, even if you do not have a Facebook profile or are not currently logged in. This information (including your IP address) is transmitted directly from your browser to a Facebook server in the USA and stored there. If you are logged in to Facebook, Facebook can immediately assign your visit to our website to your profile

by UJAM Music Technology

The legal basis for processing your data with your consent is Article 6 (1) (a) GDPR.

You can prevent the use of cookies through the cookie settings (see point 4.1.2); however, we would like to point out that in this case you may not be able to use all the functions of our website to their full extent.

The purpose and scope of the data collection and the further processing and use of the data by Facebook as well as your related rights and setting options to protect your privacy can be found in Facebook's data protection information at:

This information (including your IP address) is transmitted directly from your browser to a YouTube server in the USA and stored there.

If you are logged in to YouTube, YouTube can directly assign your visit to our website to your YouTube account.

For more information on the collection and use of your data by YouTube, your rights in this regard and setting options to protect your privacy, see the YouTube data protection information at:

<https://www.google.de/intl/de/policies/privacy>

If you do not want YouTube to directly assign the information collected to your YouTube account, you must log out of YouTube before visiting our website.

8. LOCATION OF YOUR DATA / DATA SECURITY

Our servers and data centers are located at Amazon Web Services, Inc. in Frankfurt (Germany). The data processing is carried out by Amazon Web Services, Inc.

As a rule, we process your personal data within the European Union. However, we also use the services of some third-party providers. If these third-party providers are located in areas in which no data protection

level corresponding to the regulations applicable within the European Union is granted, we will take all necessary steps to ensure that your personal data is adequately protected. We achieve this either by entering into data protection agreements or by making sure that the third-party providers comply with suitable security standards (e.g. EU standard contractual clauses).

We take various physical, technical, organizational and administrative security measures to protect your data to the appropriate extent, depending on the sensitivity of the data.

For security reasons, in particular to protect your personal data, we use TLS encryption on our website. You can recognize the encrypted connection by the lock symbol in the address line of your browser, among other things.

9. YOUR RIGHTS

9.1. RIGHT TO ACCESS

You are entitled to request information from us free of charge at any time as to whether we are processing personal data relating to you. If this is the case, you have the right to information about this personal data and information on processing.

If the processing of your personal data has been restricted, this data - apart from its storage - may only be allowed with your consent or for the establishment, exercise or defense of legal claims or for the protection of the rights of another natural or legal person or for reasons of an important public interest of the Union or a Member State.

If you have obtained a restriction on the processing of your personal data, you will be informed by us before the restriction is lifted.

9.4. RIGHT TO DELETE ("RIGHT TO BE FORGOTTEN")

You have the right to request that we delete your personal data immediately under certain conditions. The right to delete your personal data does not exist if processing is necessary

9.5. RIGHT TO DATA PORTABILITY

You have the right to receive the personal data that you have provided to us in a structured, common and machine-readable format. You also have the right to transfer this data to another person responsible - without hindrance from us - if

- the processing is based on consent in accordance with Article 6 (1) (a) GDPR or Article 9 (2) (a) GDPR or on a contract in accordance with Article 6 (1) (b) GDPR and
- the processing is carried out using automated procedures.

In exercising your right to data portability, you also have the right to have your personal data transmitted directly from us to another person in charge - without hindrance from us - insofar as this is technically feasible. This must not affect the freedoms and rights of others.

The right to data portability does not apply to the processing of your personal data that is necessary for the performance of a task that is in the public interest or is carried out in the exercise of official authority that has been assigned to us.

9.6. RIGHT TO OBJECT

You have the right to object to the processing of your personal data at any time for reasons that arise from your particular situation, which is based on Article 6 (1) (e) or (f) GDPR; this also applies to profiling based on these provisions.

We will no longer process your personal data after your objection, unless we can prove compelling legitimate reasons for the further processing of your personal data, which outweigh your interests, rights

and freedoms, or the further processing of your personal data serves the assertion, exercise or defense of legal claims.

9.7. RIGHT TO WITHDRAW DATA PROTECTION CONSENT

You have the right to revoke your data protection consent at any time. Your revocation does not affect the legality of the processing of your personal data based on your consent up to the point of revocation.

9.8. RIGHT TO COMPLAIN

Without prejudice to any other administrative or judicial remedy, you have the right to lodge a complaint with a supervisory authority, in particular in the member state of your place of residence, your place of work or the place of the alleged infringement, if you are of the opinion that the processing of your personal data violates the provisions of the GDPR.
