Welcome to the 2024 AzLA Annual Conference!

Hello and welcome to the annual Arizona Library Association Conference!

As your outgoing president of AzLA, I'm thrilled to kick off what promises to be an informative and engaging experience for all attendees. We have an incredible lineup of presenters ready to inspire us and help us Rise to the Challenge of librarianship. I'm especially excited to welcome our exceptional keynote speakers, Mychal Threets and Secretary of State Fontes. Their shared passion for libraries will surely resonate with all of us.

We encourage you to visit our exhibit hall, where you can connect with exhibitors who can assist you with your needs and potential partnerships to enhance the services you offer. Also, be sure to engage with our committee chairs during lunch on Thursday; they can share how you can get involved with AzLA and support libraries and library staff throughout Arizona.

Most importantly, take the time to network with one another. Share your successes and soak up that Library Joy! Whether you're an experienced pro or just starting your journey in the library field, there's something here for everyone this year.

Let's make this conference memorable together! Enjoy!

2023-2024 President

PreConference Full Day Sessions

Creating Community Buy In on Climate Change

Wednesday, October 16, 2024, 9 am - 4 pm

Climate change is impacting everyone, whether the heat island effect in the cities or changes in weather patterns impacting rural and agricultural areas. Since Libraries are at the hub of community learning, this session will provide you with tools to strengthen your background knowledge, provide you with data developed over the last century, and interactives that can be used for climate programs or integrated into STEAM outreaches.

Hosted by Kal Mannis (Sr Director for Rural Engagement, Arizona Science Center) and Jeannie Colton (Arizona State University, Center of Innovation in Informal STEM Learning), you will leave with a greater understanding of the climate changes that we are experiencing and have data-based tools to help others understand as well.

The session will include material from NASA, NOAA, Underwriters Laboratory, and national environmental education curricula. You will leave with links, immediately implementable activities, a Frank Talk inspired game, and continued support.

PreConference Half Day Sessions

Make Memes! Have Fun! Library Social Media 101 Wednesday, October 16, 2024, 9 am - Noon

Want to learn more about how to make social media work better for your library? In this session we will discuss best practices and tools in marketing your library events, programs, collection, etc. using a variety of different avenues that are available through social media. We will dive deeper into how to grab people's attention, how to make social media posts more interesting, and how to engage more people. Break away from the same ole same ole and shake things up!

Jumpstart Your Advocacy Wednesday, October 16, 2024, 1 pm - 4 pm

Are you interested in being an advocate, or a better advocate for your library? Everyone can advocate. Join this essential training for librarians, library workers, and trustees across all types of libraries. This half-day workshop will provide you with practical guidance and skills to tell your library's story, engage with your community and stakeholders and get the support your library needs.

Learning outcomes:

- Develop skills to tell your library's story and lock in critical support to serve the community.
- Understand stakeholder dynamics and how to build constructive relationships with decision-makers.
- Learn to create an evergreen advocacy framework and consistent messaging.
- Build your confidence as a library advocate.

Thursday, October 17
Opening Keynote

Mychal Threets

Mychal Threets is a librarian. He grew up in Fairfield, CA- right between Sacramento and San Francisco. He grew up in libraries as a homeschool kid.

Mychal loves stories! He enjoys learning something new every day, and that includes learning why people love their local library. He utilizes social media to share the stories of library kids and library grown-ups that he encounters in library land.

He got his first library card at the age of 5 and was hooked on libraries from there. He got his first library job as a library shelver at the library he grew up in and worked his way up to become Supervising Librarian of that very same library.

He got his Bachelor's degree in Communications from the University of Phoenix and his Master's in Library and Information Science degree from San Jose State University. He is proud to be a 2023 recipient of the American Library Association's "I Love My Librarian" Award!

He is very open about his mental health. He talks about it in hopes that it'll help others in their mental health journey. He is adamant about encouraging people to believe him when he says he's happy they are here.

When Mychal isn't at the library or talking about libraries, he's often with his family, friends, or troublesome cats- Machine Gun Kitty and Kissin' Kat Barlow."

Friday, October 18

Closing Keynote

Arizona Secretary of State

Adrian Fontes

In 2022, Adrian Fontes was elected as Arizona's 21st Secretary of State. Secretary Fontes is a proud Arizona native, an honorable veteran of the United States Marine Corps, and the father of three daughters, who has spent a lifetime fighting for justice and defending our Democracy.

Secretary Fontes served on active duty from 1992 to 1996 and was nominated for a meritorious commission. His service to our country taught him the importance of dedication, discipline, and sacrifice to forcefully fight for the American dream.

After graduating from law school, Secretary Fontes spent his career advocating for justice and fighting for those who are disadvantaged — first as a prosecutor with the Denver District Attorney and then at the Maricopa County Attorney's office. He later led the International Prosecution Unit at the Arizona Attorney General's Office. He practiced law for 15 years before running for office in 2016 when he was elected Maricopa County Recorder.

As Recorder, Secretary Fontes revolutionized the election system by ensuring that every eligible Arizonan had the access they needed to vote. Adrian enhanced ballot tracking technology and increased process transparency, winning recognition and awards from election organizations across the country.

In 2020, at the height of the Covid-19 crisis and amidst violent protests, Maricopa County saw record voter turnout, as well as record numbers of new voters registered for both parties. Secretary Fontes later testified before Congress to inform them of threats facing election officials.

Secretary Fontes is committed to preserving integrity in our elections, making voting easier for registered voters, and ensuring that Arizona's business community has a non-partisan partner in the Secretary's office.

As Secretary of State, he serves as a member of the U.S. Election Assistance Commission Standards Board, and servers on its Standards & Practices and Voluntary Voting System Guidelines committees.
